

INDEX USER'S GUIDE

The index to Minnesota Rules 2014 Supplement includes references to rules adopted from October 21, 2013, to November 10, 2014. References are to rule part numbers.

For newly adopted rule parts, the index coverage is complete. For amended parts, a reference is included only if the existing references in the main volume index do not cover the amendments. Therefore, it is suggested that the user always begin an index search with the volume 11 index of Minnesota Rules 2013.

See the User's Guide on pages 207 to 210 of volume 11 of Minnesota Rules 2013 for more information about the use of this index.
