1110. Surrender of charter—Reincorporation—Any village or borough organized under general or special charter may relinquish the same, and thenceforth be governed as herein provided. VILLAGES

1111. What territory may be incorporated—Any district, section or parts of section not in any incorporated village, and in the state of Minnesota, which has been platted into lots and blocks, also the lands adjacent thereto, when said plat has been duly and legally certified according to the laws of this state, and filed in the office of the register of deeds for the county in which said lands or the larger portion thereof lie, said territory containing a resident population of not more than three thousand nor less than one hundred, may become incorporated as a village in the manner hereinafter prescribed. But the unplatted part of such terri-

tory must adjoin the platted portion and be so conditioned as properly to be subjected to village government. Provided, that any village, whose incorporation shall hereafter be declared void by judgment of court, may reincorporate under this act, notwithstanding the fact that such village does not contain one hundred inhabitants, and in such reincorporation may include all or part of the territory embraced in the original incorporation; provided, however, that any district, section or parts of sections which has been platted into lots and blocks, as herein provided, and which is contiguous to the state line and having a population of not less than fifty (50) inhabitants, may upon a petition of not less than ten (10) voters, residents therein, become incorporated as a village in the manner hereinafter prescribed. (R. L. '05 § 700, amended '07 c. 235 § 1; '07 c. 270; '19 c. 324) [1204]

Prior laws relating to villages—The general village law of 1885 (Laws 1885, c. 145) was repealed by R. L. '05, § 5536 (§ 10970 herein). This repeal did not affect villages incorporated and operating thereunder, and, as to such villages, is still in force. As amended said Laws 1885, c. 145 reads as follows:

"Section 1. Every village which has heretofore been incorporated under a special act of the legislature therefor, shall continue to exist under such act and amendments thereto; and the provisions of this chapter shall in no manner affect or apply to the same except as hereinafter in this chapter specially provided, unless adopted as provided in this section. The trustees thereof may, by resolution, submit at a special village election the question whether such village will so continue, or will become reincorporated under the general statutes. They shall give notice thereof in the manner required in this chapter for notifying special elections. Ballots shall be written or printed "For re-incorporation," and "Against re-incorporation," and the election shall be conducted and result canvassed as provided for an annual village election by such village. If a majority vote for re-incorporation, the trustees shall make a certificate setting forth the fact of such submission, and the vote thereon in detail, and the result thereof, and cause the same to be recorded in the office of the register of deeds, and thereupon the special act of incorporation shall be deemed surrendered, and such village shall become incorporated under the general statutes, but shall, until the next annual village election herein provided to be held in January following, be governed by the officers then in office. (Amended '93, c. 187, § 1.)

"Sec. 2. Every village which has been or shall be organized or incorporated under the general statutes, shall be hereafter governed according to the provisions of this chapter, to the end that uniformity of village government and equal privileges to all may be secured.

"Sec. 3. Any district, sections or parts of sections not in any incorporated village, and in the State of Minnesota, which has been platted into lots and blocks, also the lands adjacent thereto, when said plat has been duly and legally certified according to the laws of this

state, and filed in the office of the register of deeds for the county in which said lands or the larger portion thereof lie, said territory containing a resident population of not less than one hundred forty, may become incorporated as a village under this act in the following manner: (Amended '87, c. 62; '03, c. 208.)

"Sec. 4. Twenty-five or more of the electors then residents upon the lands so to be incorporated, may petition the county commissioners of the county in which the whole or larger part of said lands are situated to appoint a time and place when and where the electors actually residing upon said lands may vote for or against such incorporation, and such petition shall set forth the boundaries of such territory, with their courses and distance, the quantity of land therein embraced, the name of such proposed village, and the number of persons actually residing in said territory, which shall have been duly ascertained by said petitioners, or under their direction, by a census taken of the resident population as it may be on some day not more than eight weeks previous to the time when said petition is presented to said commissioners, and said petition shall be verified by at least three of said petitioners, to the effect that such census has been accurately taken, and that all the facts in said petition contained are true. (Amended '03, c. 208, § 2.)

"Sec. 5. On delivery of said petition to the county commissioners or to any one of them, it shall be their duty, within ten days therefrom, to post or cause to be posted in five of the most public places within said territory, three copies of such petition together with notices attached thereto, stating the time and place within the limits of said proposed village when and where the electors thereof will vote for or against such incorporation; which time shall be at least thirty days from the posting of said notices; and said commissioners shall appoint by resolution three inspectors, residents of said proposed village who shall preside and act as inspectors at such meetings, and all the law of this state relating to the election of town officers, shall apply to said meeting so far as the same are applicable and not inconsistent with this act.

"Sec. 6. If there be a newspaper printed within said territory, the said petition, verification thereof and the notice, as hereinbefore provided, shall be printed in full therein for three successive weeks previous to the day specified in said notice for voting on the proposed incorporation.

"Sec. 7. Every elector residing in such territory and qualified to vote for town officers in the town in which such lands, or some part thereof lie, may vote at such meeting by a ballot having thereon the word 'For incorporation, yes;' or 'For incorporation, no.'

"Sec. 8. At the time and place fixed for such hearing, the application, accompanied by a copy of such resolution and such survey, and by proof of service of the notice, as provided in the last section, shall be filed with the justice, who shall thereupon make a list of twenty-four competent jurors, not interested, but residents of the village shall not be disqualified. He shall hear and decide any challenges for cause or favor, made to any one, and, if sustained, shall replace his name with an unobjectionable juror, until the list shall be perfected. Thereupon, under direction of such magistrate, each party,—the village council by its representative on one side, and owners of land or their agents present, or if none be present, or if they disagree, a disinterested person appointed by the justice, on the other—shall challenge six names, one at a time, alternately, the village council beginning. To the twelve jurors remaining, the said justice shall issue a venire, requiring them at an hour on a day named, not more than ten nor less than three days thereafter, to appear before him to be sworn and serve as a jury to view lands and appraise damages, and at the same time shall publicly adjourn the proceedings to the time and place so named; such venire shall be served by any constable, at least one day before such appointed time, by reading the same to each such juror, or by leaving a copy at his usual place of abode, in the presence of a member of his family. The jurors summoned shall appear at the time

and place named; and if any be excused by the justice, or fail to attend, he shall direct other disinterested persons to be forthwith summoned in their stead until twelve be obtained. The magistrate shall then administer to them an oath that they shall well and truly inquire into and determine the necessity for taking the lands mentioned in the resolution, and if found necessary, the damages occasioned thereby, and faithfully discharge their duties as jurors according to law.

"Sec. 25. Under the direction of such magistrate the jury shall view the lands to be taken, and shall then sit before him, to hear such competent evidence as shall be produced by any party; and for such purposes such magistrate shall possess the same powers as a court in session with a jury, and if there be a necessity, may adjourn the sitting from day to day. The jury shall render a separate verdict in writing, signed by them, in which they shall find whether it be necessary to take such lands or any part thereof for such purposes, describing such as they find necessary to be taken; and if any be found necessary to be taken, then a verdict or appraisal for damages, specifying therein the damages of each owner, and separately the value of the land taken for each, and the damage otherwise sustained by each by reason of the taking thereof, in estimating which they shall deduct therefrom any special benefit, if any, to be enjoyed by each from such improvements; and a majority of such jury may render such verdict or appraisal of damages and shall sign the same. Any technical error in such verdict may be immediately corrected, with the assent of the jury, and they shall be thereupon discharged, and their verdict filed by the magistrate. In case the jury shall fail to find a verdict, another jury shall be selected, summoned, sworn and proceed in the same manner.

"Sec. 26. Within ten days after verdict any land owner whose land it has been found necessary to take may appeal from the action of the common council in determining to condemn any such land and from the award of damages to him, in such verdict, to the district court, and the village may likewise appeal from the award of damages to any owner, by filing with such magistrate a notice of appeal, specifying whether the appeal is from the whole award to him or a part, and if a part, what part and therewith an undertaking with two sufficient sureties to be approved by the magistrate, to pay all costs that may be awarded against such appellant on the appeal, and paying the magistrate for his return thereof. Any party not so appealing shall be forever concluded by such verdict or appraisal. Upon an appeal being taken, the magistrate shall transmit to the clerk of the district court within ten days the notice of appeal and undertaking, and thereto annexed a copy of all papers and proceedings before him, with his certificate thereof. He shall, after the time for appealing has expired, file with the village recorder, annexed together, all the original papers, including the verdict, with a certificate by him thereof, and that no appeal has been taken from such verdict, except as the facts are, which he shall briefly specify; and the clerk shall record all such proceedings. Upon filing such transcript in the district court, the appeal shall be considered an action pending in such court, and be so entered, the land owner as plaintiff, the village as defendant, and be subject to trial and appeal to the supreme court. The case shall be tried by a jury, unless waived, and the costs shall be awarded against the appellant, if more favorable verdict be not obtained; otherwise against the respondent. Upon entry of judgment, the clerk of the district court shall transmit a certified copy thereof to the village recorder.

"Sec. 27. If the verdict of the jury first called find it necessary to take such land or any part thereof, the village board may, upon return thereof to the recorder, enact an ordinance in accordance therewith, for erecting or constructing any such pumps, water mains, reservoirs, engine houses, or other waterworks, or for laying out, changing, widening or extending and opening any such street, lane, alley, public ground, square or other public place, or constructing and opening, altering, enlarging or extending any such drains, canals, or sewers, or altering, widening or straightening any such water course, or for the use or improvement of a harbor, but shall not enter upon any such land therefor, until the owner be paid in full or the damages be set apart for him in the hands of the treasurer, and an order therefor lawfully executed to him be deposited with the clerk to permanently remain subject to his order. At any time before causing any such land to be actually taken or put to public use, and before the rendition of a judgment in the district court for damages, the village board may discontinue all proceedings theretofore taken, and the village shall in such event be liable for the costs only. All the costs of every such proceedings shall be paid by the village, except when it recover costs in the district court. (Amended '03, c. 28, § 2.)

"Sec. 28. For the purpose of payment of the expenses, including all damages and costs incurred for the taking of private property, and of making any improvement mentioned in the last preceding section, the village

council may, by resolution, levy and assess the whole, or any part not less than half of such expenses as a tax upon such property as they shall determine is specially benefited thereby, making therein a list thereof, in which shall be described every lot or parcel of land so assessed, with the name of the owner thereof if known, and the amount levied thereon set opposite. Such resolution, signed by the president and recorder, shall be published once in each week for two weeks in a newspaper printed regularly in such village, or if there be no such newspaper, three copies thereof shall be posted by the recorder in three of the most public places in such village, and a notice therewith that at a certain time, therein stated, the said council will meet at their usual place of meeting and hear all objections which may be made to such assessment, or to any part thereof. At the time so fixed the said council shall meet and hear all such objections, and for that purpose may adjourn from day to day not more than three days, and may by resolution modify such assessment in whole or in part. At any time before the first day of September thereafter any party liable may pay any such tax to the village treasurer. On such first day of September, if any such tax remains unpaid, the recorder shall certify a copy of such resolution to the county auditor, showing what taxes thereby levied remain unpaid; and the county auditor shall put the same upon the tax roll, in addition to and as a part of all other village taxes therein levied on such land, to be collected therewith.

"Sec. 29. The village council or board of trustees of any village shall have power to vacate or discontinue streets, avenues, alleys and highways within such village. No such vacation or discontinuance shall be granted or ordered by the village council or board of trustees except upon a petition of the majority of the owners of the property on the line of such street, avenue, alley or highway. Such petition shall set forth the facts and reasons for such application, accompanied by a plat of such street, avenue or highway proposed to be vacated, and shall be verified by the oath of at least two petitioners. The village council shall thereafter order the petition to be filed on record with the village recorder who shall cause the same to be published in some paper of general circulation in the village, or a paper published in some adjacent village or city which shall have a general circulation in the village, and also cause a written or printed notice to be posted in three public places in said village at least one week before acting on such petition, stating when the petition will be acted upon, and what street, avenue, alley or highway is to be vacated. The village council or board of trustees, or such committee as may be appointed by them for the purpose, at the time and place appointed, shall investigate and consider the said matter and shall hear the testimony and evidence on the part of the parties interested. (Amended '02 Ex. Ses., c. 57.)

"Sec. 30. The village council may cause any street or any part of any street, not less than sixteen rods in length, to be graded, paved, macadamized or otherwise improved, or any sidewalk, sewer or gutter to be built, upon a petition therefor in writing, signed by three-fourths of all the owners of real estate bounding both sides, or of the owners of at least one-half the frontage of such street or part of street to be improved; or order any sidewalk, sewer or gutter on one side of a street to be built, on the petition of three-fourths of such owners, or of the owners of at least one-half of the frontage on such side; and may order any sidewalk, sewer or gutter previously built to be put in repair when necessary without petition. For the purpose of so improving any street or building or repairing any sidewalk, sewer or gutter, the village council may levy and cause to be collected upon the lots, tracts, or parcels of ground on such street or part of street improved, or on the side thereof, where only such sidewalk, sewer or gutter is to be built, and upon the owners thereof, a tax sufficient to pay the expense of constructing such improvement as ordered opposite such property to the center of the street, or such proportion thereof, not less than one-half as they shall deem justly assessable to such property, if they shall think the whole ought not to be so assessed, in which case the remainder shall be paid from the village treasury.

"Every such tax for repair shall be for the entire cost of repairs in front of the property so assessed. If any tax levied under this section shall prove insufficient to pay the cost or proportion thereof assessed to such property, the village council may levy an additional tax thereon to make good such deficiency. Provided, that if the petitioners for any such local improvement so request in said petition, the village council may and they are hereby authorized to make such assessment payable in five annual installments, and to issue local improvement bonds in payment for such local improvements as provided for in chapter 146 of the general laws of 1891 for villages of over three thousand inhabitants; and all such proceedings for the assessment and collection of such local improvement tax and the issue of bonds thereon shall in such case be in accordance

If they have not sufficiency of funds to pay the debts of the village, they may levy a tax to cover such deficiency, which shall be collected as other taxes and shall be paid out by the town treasurer in payment of the outstanding village orders or bonds.

"Whenever the electors of any incorporated village shall vote to dissolve the same, nothing in this act shall

be construed to prevent the requisite number of electors of any district, section or parts of sections contained in said village, from taking the steps provided in sections four, five, six, and seven of this act to incorporate a new village prior to the expiration of six months from such voting, but the county commissioners shall fix a date for the voting for or against incorporation of such new village, to occur subsequent to the expiration of said six months. (Amended '93, c. 186.)

"Sec. 58. All acts or parts of acts inconsistent with this act are hereby repealed.

"Sec. 59. This act shall take effect and be in force from and after its passage."

Laws 1919, c. 376 reads as follows:

"In all villages organized under and governed by chapter 145, General Laws of Minnesota 1885, and the amendments thereto, at the annual election held in March 1920, three trustees shall be elected, one for a term of one year, one for a term of two years, and one for a term of three years, the term for which each is elected to be designated on the ballot, and thereafter one trustee shall be elected annually for the term of three years.

"Sec. 2. All acts and parts of acts inconsistent with this act are hereby repealed.

"Sec. 3. This act shall take effect and be in force from and after its passage."

Laws 1891, c. 146, sub-chapter 9 was repealed by R. L. '05, § 55401, § 10973, herein; but is set forth below for the reason that it relates to villages incorporated under Laws 1885, c. 145. Said subchapter 9 reads as follows:

"Section 1. Every such village is authorized to levy assessments for local improvements upon the property fronting upon such improvements, or upon the property to be benefited by such improvements, without regard to cash valuation.

"Sec. 2. Such assessments may be made by such village for filling, grading, leveling, paving, curbing, railing, bridging, graveling, macadamizing, planking, opening, extending, widening, contracting, altering or straightening any street, avenue, lane, alley or highway, and for keeping the same in repair; also for filling, grading, protecting, improving or ornamenting any public park, square or grounds now or hereafter laid out; also for planting and protecting shade and ornamental trees in its public parks and along its streets and avenues; and also for constructing, laying and repairing crosswalks and sidewalks, retaining walls, gutters, sewers and private drains: Provided, That the village council may, when any contract is let for paving, include therein the expense of laying sewer pipe to the lot line and cause the expense of same to be assessed against the lot to which the sewer pipes are supplied, as a part of the cost of such paving.

"Sec. 3. The expense of any improvement mentioned in the foregoing section may be defrayed, save as herein otherwise provided, by an assessment upon the real estate benefited thereby, or by an assessment upon the real estate fronting thereon, in the discretion of the village council, to be levied in the manner hereinafter provided.

"No assessment, however, to defray the cost of any improvement mentioned in section two (2) of this chapter shall be levied upon the property abutting upon such improvement or upon the property to be benefited thereby, unless a petition for such improvement, in writing, shall have been presented to said village council, signed by at least one-half ($\frac{1}{2}$) of the owners of property that would be liable to such assessment, or by the owners of at least one-half ($\frac{1}{2}$) of the property which would be so liable, except by an affirmative vote of at least three-fourths ($\frac{3}{4}$) of the village council elect, by yeas and nays, to be entered on the minutes.

"Sec. 4. Before ordering any improvement mentioned in section two (2) of this chapter, the village council shall cause plans and specifications and an estimate of the cost of the proposed improvement to be made and filed in the office of the village recorder, and, when the same is to be done by contract, shall give at least ten (10) days' notice, in the official newspaper of the village, that at a time stated the village council will meet at its usual place of meeting and receive sealed bids for the performance of such work. Such sealed bids shall be accompanied by a certified check to the amount of ten (10) per cent of the estimated cost of such improvement, or by a bond with two (2) sufficient sureties to the like amount, conditioned that he will, within ten (10) days after notice that his bid has been accepted, enter into the contract, if awarded to him, to be provided by the village council, and furnish a bond with sufficient sureties in a penal sum of at least thirty (30) per cent of the estimated cost of the improvement, conditioned to fulfill the terms of the contract; and if the contract shall be awarded to him, and he shall fail to enter into the said contract within the time limited and furnish the bond aforesaid, then the said bidder shall be liable to such village for all damages and costs that the said village may sustain by reason thereof; and the measure of damages shall be the difference between the bid made, which was accepted, and the amount the village may

nally be compelled to pay for making the improvement, and the same may be retained from the amount of the certified check, if said check shall be deposited as aforesaid, or recover by action on the bond, in the name of such village, in any court having jurisdiction of the amount.

Whenever the village council shall award to any person upon his bid the contract for making any of the improvements herein mentioned, he shall at the time of the execution of said contract furnish to such village a bond, with sufficient sureties, to be approved by said council, for an amount at least thirty (30) per cent of the estimated cost of such improvement, conditioned that he will execute the work for the price mentioned in his bid and according to the plans and specifications; and said bond shall contain a further condition that he will pay for all labor done and material furnished for or on account of said improvement, and the contract to be executed shall also contain a covenant or agreement to pay for all labor done and materials furnished for or on account of said improvement. In case of default on his part to execute and fulfill the terms of the contract and perform the work, said bond may be sued upon and judgment recovered therein by the said village for all damages sustained in the premises, in any court having jurisdiction of the amount. No extension of the time for fulfilling any contract by the village council shall have the effect to release the sureties upon said bond. Said bids shall be opened by the council at the meeting specified in the published notice calling for bids, or such other time thereafter as said council may appoint. All contracts shall be let to the lowest responsible bidders who shall have complied with the above requisitions and who shall guarantee to the satisfaction of the council the performance of said work, except in case of paving streets with patent pavement or pavements; in such case notice for bids may call for wood, stone or other kinds of pavements, and when all the proposals therefor are in, the council may select the one which is relatively the lowest or most satisfactory, all things considered. If the pavement selected is patented, the council shall require a license from the patentee to lay and relay the same for all time thereafter free from all claims of royalty. A copy of said contract shall be filed in the office of the village recorder and registered by him in a book kept for that purpose. The said council shall reserve the right in their said contract, in case of improper construction, to suspend the work at any time and relet the same, or to order the entire reconstruction of said work, if improperly done. In cases where the contractor shall proceed to properly perform and complete the said contract, said council may from time to time, in their discretion, as the work progresses, grant to said contractor an estimate of the amount already earned, reserving fifteen (15) per cent therefrom, which shall entitle said contractor to receive the amount due thereon. When the whole work has been done by said contractor to the satisfaction of the village council, the amount or balance due him shall be audited and allowed by said council and shall be payable out of the moneys applicable to the payment of such work, except upon paving and sewer contracts, when five (5) per cent may be retained for six (6) months to provide for the expense of back-filling and repairing streets.

"Sec. 5. After the work shall have been placed under contract as herein provided, the council shall assess upon the property fronting upon such improvement, or upon the property to be benefited thereby, seventy-five (75) per cent of the estimated cost of such improvement, and in addition thereto ten (10) per cent of such estimated cost, which shall be added to the assessment to defray necessary expense of making surveys, plans, specifications and superintendence, in proportion to the frontage on such improvement, or in proportion to the benefits to be derived therefrom, as they shall decide. If the amount so assessed shall be insufficient to complete the work, the village council shall, after the completion of the work, make a final assessment in the manner to pay the same.

"Sec. 6. When in any case any portion of the improvements mentioned in this chapter shall, by virtue of any law or ordinance, or by virtue of any valid contract, be chargeable upon any railroad company, the amount so chargeable may be assessed upon such railroad company and collected by distress and sale of personal property in the manner provided for by the general laws of the state in the cases of taxes levied upon personal property or by suit brought for that purpose; Provided, That any real estate belonging to said railroad company and being benefited by said improvement shall be assessed as in other cases.

"Sec. 7. Upon making any assessment the village council shall direct the village assessor to make an assessment roll describing each lot or parcel of land with reasonable certainty liable to such assessment, the amount for which each lot or parcel is liable, and the names of the supposed owners thereof. Such assessment roll, with a notice in substantially the following form, shall be published in the official paper at least three (3) times before the same is confirmed, the first of which

publications shall be at least ten (10) days before such confirmation. Such notice and assessment roll shall be substantially as follows:

It is proposed to issue bonds, chargeable to the abutting real estate (or the real estate to be benefited by such improvement), to pay such assessment, and such bonds will be issued covering all such assessments, except in cases where the owners of the property shall pay to the village treasurer, within thirty (30) days after the confirmation of such assessment, the amount thereof assessed against their property.

"At the time and place mentioned in such notice, or at such time and place as they may adjourn to, said village council shall meet and review and confirm such assessment, which confirmation shall be final, except as hereinafter provided.

"Sec. 8. After the expiration of said thirty (30) days the council shall issue improvement bonds covering all the assessments except such as the owners shall have already paid, as provided in the preceding section. Such bonds shall be signed by the president and recorder, be sealed with the corporate seal of the village, and contain such recitals as may be necessary to show for the payment of which improvement they were issued, and the number and amounts of such bonds. Said bonds shall be semi-annual interest coupon bonds, divided into five (5) equal series, payable respectively in one (1), two (2), three (3), four (4) and five (5) years from date, and shall draw interest at a rate not exceeding seven (7) per cent per annum, payable semi-annually. Said bonds shall be semi-annual interest coupon bonds, payable at the option of the village after five (5) years, and absolutely at the expiration of seven (7) years from their date, and shall draw interest at a rate not exceeding seven (7) per cent per annum.

"The village recorder shall carefully prepare a statement of the special assessments on which the bonds are issued, and record the same, together with a copy of said bonds, in his office.

"Sec. 9. In each year after the issuing of said bonds the village recorder shall certify to the county auditor, in the same manner and at the same time that other village taxes are certified to such auditor, one-fifth (1/5) of the special assessment on each parcel of property covered by said bonds, with eight (8) per cent interest on the amount of such special assessment then unpaid, as a special tax on said property; and the said auditor on receipt thereof shall enter and carry out the same upon the proper tax lists, and they shall be collected the same as other taxes are collected, and when collected paid over to the village treasurer.

"Provided, That the owner or any party interested in any piece or parcel of land against which said assessment is levied may pay the full amount or any part thereof, with interest thereon at the rate of eight (8) per cent per annum to the date of payment, to the village treasurer at any time before the roll is delivered to the county treasurer; and the village treasurer shall thereupon give his receipt in duplicate for the same, which shall be sufficient authority, upon presentation to the village recorder or to the county auditor, for the cancellation of said assessment, or of so much thereof as has been paid, upon the said assessment roll and upon the certified copy of the roll filed with the county auditor. Upon the presentation of such receipt the village recorder and county auditor shall cancel the same on the said roll and copy respectively, and from and after that time the lien on said land shall cease to the amount of such payment. After the said assessment roll has been delivered to the county treasurer, the assessment, or such part as has been certified to the county auditor, must be paid to said county treasurer with interest and subject to all the penalties allowed by law, and the county treasurer shall report all such payment to the county auditor and village treasurer, giving items of assessment, interest and penalty thereon.

"The county auditor shall not issue his certificate that taxes are paid on any piece of land upon which any such assessment has been certified to him until such assessment, interest and penalties thereon, as aforesaid, have been paid and canceled as aforesaid or paid to the county treasurer.

"Sec. 10. No action shall be maintained to avoid any of the special assessments of taxes levied pursuant to this chapter after bonds have been issued covering such special assessments, and said bonds shall be conclusive proof of all the proceedings on which the same are based.

"Sec. 11. Any person paying his assessment within thirty (30) days of the date of the confirmation of the same, shall be entitled to a deduction of ten (10) per cent added for survey, plans, specifications and superintendence, and the village treasurer is authorized to allow such deduction. Upon presentation to the village recorder of the treasurer's receipt, it shall be his duty to mark 'Canceled' the assessment on his books, opposite the description in said receipt.

"Sec. 12. All deeds of conveyance of the land affected by any assessment mentioned in this chapter shall be subject to the lien of such assessment from and after the time such assessment has been confirmed by the village council and certified to the county auditor.

"Sec. 13. The village council may require the payment of all assessments within thirty (30) days after the date of the confirmation of the same, when the estimated cost of the improvement for which the assessment is levied does not exceed fifty (50) cents per front foot of the property to be assessed therefor; and may require the payment within such time of all assessments for the construction of sidewalks. In such cases the notice published with the assessment roll shall state that payment must be paid within such time.

"Sec. 14. Any person feeling himself aggrieved by such assessment may, by notice in writing served on the president or recorder of said village, a copy whereof with proof of service shall be filed in the office of the clerk of the district court of the proper county within twenty (20) days of the confirmation of such assessment, appeal from such assessment to the district court aforesaid, when such appeal shall be tried by the court as in ordinary cases; but no pleadings shall be required, and the party appealing shall specify in the notice of appeal the grounds of objection to such assessment, and shall not be entitled to have any other grounds than those specified considered; and a copy of the assessment roll in question and of the resolution of the village council confirming the same, certified by the village recorder, or the originals thereof, shall be prima facie evidence of the facts therein stated, and that such assessment was regular and just and made in conformity to law, and the judgment of such court therein shall be final. Such appeal shall be entered and brought on for trial and be governed by the same rules as appeals from justices of the peace in civil actions, and like bonds shall be given to such village by the person appealing as are required of appellants in such actions.

"Sec. 15. The said council may at any time authorize the sale and assignment of said bonds at a price not less than their par value, and may apply the proceeds thereof to the payment of the cost of the improvement for which they are respectively issued, and the village recorder shall keep a record of all such assignments.

"Sec. 16. Said bonds shall be substantially in the following form:

But no such ordinance shall take effect until a certified copy thereof is filed with the secretary of state. (R. L. '05, § 707; amended '13, c. 119, § 1; '27, c. 150) [1226]

1120-1. Annexation of territory to certain villages—Any territory in counties having not less than seventy-six nor more than eighty congressional townships, containing a population of not less than two hundred (200) persons, such territory, not included in any incorporated village having a population, according to the last census of not more than four hundred (400) persons with an area of not to exceed two hundred (200) acres and with an assessed valuation of less than seventy-five thousand dollars (\$75,000), but which said territory proposed to be annexed adjoins any such village now existing under the laws of the State of Minnesota, and no part of which territory proposed to be annexed is more than one and one-half miles from the present limits of the village which it adjoins, may be annexed to such village and become a part thereof, upon petition of a majority of the aggregate number of the legal voters residing within the territory included within the limits of said village and the territory proposed to be annexed. Such petition may be presented to the village council of any such village, and thereupon the council, by ordinance, may so extend the village boundaries so as to include the same,

provided, however, that the area of said village, including the territory proposed to be annexed, shall, in no case, exceed four sections of land. No such ordinance, so extending the limits of said village, shall take effect until a certified copy thereof is filed with the secretary of state. ('15, c. 121)

1120½. Detachment of territory from certain villages—The owner of any unplatted tract of land containing not less than forty acres occupied and used solely for agricultural purposes, situated within the corporate limits of any village in this state and not within twenty rods of the platted portion of said village, may petition the board of county commissioners of the county in which said tract of land is situated, for an order detaching said tract from said village. Upon the filing of said petition in the office of the county auditor of said county the board of county commissioners thereof shall, at their next meeting thereafter, fix a time and place for the hearing of such petition, which time shall not be less than 30 days thereafter, and shall direct a notice of such hearing to be issued and signed by the county auditor of said county on behalf of such board, which said notice shall state the name of such petitioner, describe the tract of land sought to be detached and the time and place of such hearing, which said notice said petitioner shall cause to be served upon the president of the village council of said village, or the recorder thereof, at least twenty days before the day of hearing, and by posting three copies of such notice on three of the most public places in said village, or in lieu of such posting, said notice shall be published in the official paper of such village for two successive weeks, once in each week, in case there shall be a legal newspaper printed and published in said village. Upon the hearing of said petition at the time and place so fixed, if the board of county commissioners shall find that said land is owned by the petitioner and is used solely for agricultural purposes and that the same may be so detached from said village without unreasonably affecting the symmetry of the settled portion thereof, and that the same is so conditioned as not properly to be subjected to village government or is not necessary for the reasonable exercise of the police powers or other powers or functions of such village, such board of county commissioners shall make an order detaching such land from said village and thereupon said tract of land shall become detached therefrom, and shall thereafter form a part of the township in which it was originally situated, if such village were organized prior to the time when the territory of Minnesota became a state and before the organization of the township in which such land was originally situated, the land so detached shall become a part of the township adjoining thereto, and if such land adjoin two or more townships the county board shall decide to which of such adjoining town or townships such detached tract or tracts shall be attached and shall in all things be subject to the town government of such township, and not in any manner under their jurisdiction of such village, and such order shall be filed in the office of the county auditor of such county and a duplicate thereof shall be filed in the office of the village recorder of such village within five days after the same shall have been made.

This act shall apply only to the following villages, namely:

1. Villages having a population of 350 or less persons and containing more than 160 acres of land.
2. Villages having a population of more than 350 and less than 700 persons and containing more than 320 acres of land.

3. Villages having a population of more than 700 persons and containing more than 640 acres of land.

Any person or party aggrieved may appeal from such order to the district court of the county upon the following grounds:

1. That the county board had no jurisdiction to act.
2. That it has exceeded its jurisdiction.
3. That its action is against the best interests of the territory affected.

Such appeal shall be taken by serving upon the county auditor within thirty days from the making of the order a notice of appeal, specifying the grounds thereof. The appellant shall also execute and deliver to the auditor a bond to the county in the sum of one hundred dollars, to be approved by the county auditor, conditioned for the payment of all costs, taxed against the appellant on such appeal. Such further proceedings shall be had upon such appeal as upon other appeals from the county board.

The provisions of this act relating to appeals shall not apply to any action or proceeding now pending involving the separation of land from any village. ('09 c. 138 § 1, amended '17 c. 477; '19 c. 421; '21 c. 451; '23 c. 177) [1231]

Explanatory note—Laws 1909, c. 254, reads as follows: "Section 1. "Provided, further, that the detaching of any territory from any incorporated village under the provisions of this act shall not relieve such territory of its share of its indebtedness existing against such corporation, but the said territory shall be deemed a part of such village for the purpose of taxation imposed to discharge the principal and interest of such pre-existing indebtedness until the same shall have been fully discharged."

Committee to prepare plans and specifications—The committee shall prepare and adopt plans and specifications for such bridge and file duplicate copies thereof in the office of the city engineer of each such city. Such plans shall be deemed approved by the council of each such city unless disapproved within thirty days after such filing. If such plans and specifications are disapproved by either of such cities, the committee shall prepare and file amended plans and specifications until they meet with the approval of the council of each of such cities; provided that either city council, after disapproving the plans and specifications within the meaning of this act, may review its action and if upon review it approves such plans and specifications, that shall be a sufficient compliance with this act. ('23 c. 136 § 3)

1276. Committee shall advertise for bids—As soon as the plans and specifications are approved by the council of each of such cities, the committee shall cause

advertisements to be published once in each week for three successive weeks in a daily newspaper of each of such cities for public bids for the construction of the bridge, specifying the time and place for opening the bids, the amount and character of deposit required with the bids, together with any reasonable requirements or conditions, and reserving the right to reject any and all bids. ('23 c. 136 § 8)

1281. Bond issues authorized—Each of such cities constructing such bridge is hereby authorized and empowered to issue and sell certificates of indebtedness or bonds of the city to defray its portion of the cost of such bridge in an amount not to exceed \$800,000.00 without submission to a vote of the people, and the full faith and credit of such city so issuing such bonds shall be pledged to the payment of the principal and interest of such certificates of indebtedness or bonds. Such bonds shall be in the form of serial bonds, a portion of which shall be payable each year after issuance, but none of said bonds shall run for a longer period than 30 years, and the council of the city issuing such bonds shall fix the denominations thereof and fix the dates of maturity thereof so that the amounts necessary to pay the principal of the portion of bonds maturing in such year and the interest on the bonds issued, shall be approximately the same in each of the years during which such bonds shall run. Such certificates of indebtedness or bonds shall be sold in the manner provided by Section 1856 of the General Statutes of 1913. 1310. Annexation of territory legalized—That the annexation of any additional territory or enlargement of boundaries by any city or village in this state heretofore made, between Jan. 1st, 1903, and April 15th, 1903, in framing and adopting its charter, under and pursuant to the provisions of section 36, article 4, of the constitution of the state of Minnesota, and chapter 351 of the Laws of Minnesota for the year 1899, be and the same are hereby in all things legalized and confirmed: Provided, that the provisions of this act shall not extend or apply to any action or proceeding now pending. ('05 c. 3 § 1) [1374]

L. 1899, c. 351, repealed. See R. L. 1905, § 5543 (§ 245nw 373, 10977 herein).

PROVISIONS RELATING TO ALL CITIES

1311. Public utilities—Definition—For the purposes of this act public utilities shall include street railways, telephones, water works, gas works, and electric light, heat or power works. ('07 c. 452 § 1) [1375]

1312. Cities may own and operate or lease—Every city of this state shall have the power to own, construct, acquire, purchase, maintain and operate any public utility within its corporate limits, and to lease the same, or

any part of the same, to any company incorporated under the laws of this state, for the purpose of operating such public utility for any period not longer than twenty years, on such terms and conditions as the city council shall deem for the best interests of the public. But no city shall proceed to operate any such public utility unless the proposition to operate shall first have been submitted to the electors of such city as a separate proposition and approved by three-fifths of those voting at such election. But any city now owning and operating its own water works, or other public utilities, may continue to own and operate the same in the same manner as is now authorized by law to own and operate the same, without submitting any proposition so to do to the electors thereof, and no lease thereof for any term shall be made until confirmed by the voters of such city, as herein provided. It shall be lawful for any such city to incorporate in any grant of the right to construct or operate any such public utility, a reservation of the right on the part of such city to take over all or part of such public utility, at or before the expiration of such grant upon such terms and conditions as may be provided in the grant; it shall also be lawful to provide in any such grant, that in case such reserved right be not exercised by the city and it shall grant a right to another company to operate such public utility in the streets and parts of streets occupied by its grantee under the former grant, the new grantee shall purchase and take over such public utility of the former grantee, upon the terms that the city might have taken it over, and it shall be lawful for the city council of any city to make the grant containing such a reservation for either the construction or operation, or both the construction and operation of such public utility, in, upon, and along any of the public streets, alleys or ways therein, or portions thereof, in which such public utility is already located at the time of making such grant, without the petition or consent of any of the owners of the land abutting or fronting upon any street, public alley or way, or portion thereof, covered by such grant. No ordinance authorizing the lease for a longer period than five years, nor any ordinance renewing this lease, shall go into effect until the expiration of sixty days from and after its passage. And if, within said sixty days, there is filed with the clerk of such city a petition signed by ten per cent of the voters voting at the last preceding election for mayor, in such city, asking that such ordinance be submitted to a popular vote, then such ordinance shall not go into effect unless the question of the adoption of such ordinance shall first be submitted to the electors of such city and approved by a majority of those voting thereon. The signatures of such petition need not all be appended to one paper, but each signer shall add to his signature, which shall be in his own handwriting, his place of residence, giving the street and number. One of the signers of each such paper shall make oath before an officer, competent to administer oaths, that each signature to the paper appended is the signature of the person whose name purports to be thereto subscribed. The city council of any city [which] shall decide by popular vote, as in this act provided, to operate any public utility, shall have the power to make all needful rules and regulations respecting the operation of same, including the power to fix and prescribe rates and charges, but such rates and charges shall be high enough to produce a revenue sufficient to bear all the costs of maintenance and operation, and to meet interest charges on all bonds or certificates issued on account of such public utility, and to permit the accumu-

lation of a surplus or sinking fund that should be sufficient to meet all such outstanding bonds or certificates at maturity. For the purpose of acquiring any such public utility either by purchase or construction, as provided for in this act, or for the equipment of any such public utility, any city may borrow money and issue its negotiable bonds therefor, pledging the faith and credit of the city; but no such bonds shall be issued, unless the proposition to issue the same shall first have been submitted to the electors of such city, and approved by three-fifths of those voting thereon, nor in any amount in excess of the cost to the city of the property for which said bonds were issued, as ascertained as elsewhere provided in this act, and ten per cent of such cost in addition thereto. In exercise of the powers, or any of them, granted by this act, any such city shall have power to acquire, take and hold any and all franchise or franchises, and necessary property, real, personal or mixed, for the purposes specified in this act, either by purchase or condemnation in the manner provided by law for the taking and condemning of private property for public use, but in no valuation of public utility property for the purpose of any such acquisition, except of such public utilities now operating under such existing franchises shall any sum be included as the value of any earning power of such utility, or of the unexpired portion of any franchise granted by said city. In case of the leasing by any city of any public utility owned by it, the rental reserved shall be based on both the actual value of the tangible property and of the franchise contained in such lease, and such rental shall not be less than a sufficient sum to meet the annual interest upon all outstanding bonds or certificates issued by said city on account of any such public utility. ('07 c. 452 § 2) [1376]

122-34, 141+833; 123-48, 142+1042; 124-73, 144+453; 129-383, 152+777.

A municipal corporation maintaining an electric distributing plant owes to the public the duty of so inspecting and maintaining the same as to prevent change and deterioration from natural causes resulting in a dangerous condition. Where injury occurs because of a defect which could have been prevented by inspection, and there is a total failure to inspect for 17 months, the municipal corporation is negligent, and liable accordingly. 157-228, 196+171.

1313. Certificates in lieu of bonds—In lieu of issuing bonds pledging the faith and credit of the city, as provided for in section 2 of this act, any city may issue and dispose of interest-bearing certificates, to be known as the "street railway certificates," "telephone certificates," "water works certificates," "gas works certificates," "electric light, heat or power works certificates," as the case may be, which shall, under no circumstances, be and become an obligation or liability of the same, or payable out of the general fund thereof, but shall be payable solely out of the specified portion of the revenues or income to be derived from such public utility property, for the acquisition of which they were issued. Such certificates shall not be issued and secured on any such public utility property in an amount in excess of the cost to the city of such property as hereinbefore provided, and ten per centum of such cost in addition thereto. In order to secure the payment of such public utility certificates, and the interest thereon, the city may convey by way of mortgage, or deed of trust, any or all of the property thus acquired or to be acquired through the issue thereof; which mortgage or deed of trust shall be executed in such a manner as directed by the city council and acknowledged and recorded in the manner provided by law for the acknowledgment and recording of mortgages of real estate, and may contain such conditions and provisions not in conflict with the

provisions of this act, as may be deemed necessary to fully secure the payment of the certificates described therein. Any such mortgage or deed of trust may carry the grant of a privilege or right to maintain and operate the property covered thereby, for a period not exceeding twenty years from and after the date such property may come in the possession of any person or corporation as a result of foreclosure proceedings; which privilege or right may fix the rates which the person or corporation securing the same as a result of the foreclosure proceedings shall be entitled to charge in the operation of said property, for a period not exceeding twenty years. Whenever, and as often as default shall be made in the payment of such certificate issued or secured by mortgage or deed of trust, as aforesaid, or in the payment of the interest thereon when due, and any such default shall have continued for the space of twelve months after notice thereof has been given to the mayor and financial officer of the city issuing such certificates, it shall be lawful for any such mortgagee or trustee, upon the request of the holder or holders of a majority in amount of the certificates issued and outstanding under such mortgage or deed of trust, to declare the whole of the principal of all such certificates as may be outstanding, to be at once due and payable, and to proceed to foreclose such mortgage or deed of trust in any court of competent jurisdiction. At a foreclosure sale, the mortgagee or the holders of such certificates may become the purchaser or purchasers and the rights and privileges sold, if he or they be the highest bidders. Any public utility acquired under any such foreclosure shall be subject to regulation by the corporate authorities of the city to the same extent as if the right to construct, maintain and operate such property had been acquired through a direct grant without the intervention of foreclosure proceedings; provided, however, that no such public utility certificates or mortgage shall ever be issued by any city under the provisions of this act, unless and until the question of the adoption of the ordinance of the city council making provision of the issue thereof shall have first been submitted to a popular vote and approved by a majority of the qualified voters of the city voting upon such question. ('07 c. 452 § 3) [1377]

Section 2, referred to, is § 1312. herein.

1314. Accounts, how kept—Every such city owning or owning and operating any such public utility shall keep the books of account for such public utility distinct from other city accounts, and in such manner as to show the true and complete financial results of such city ownership, or ownership and operation, as the case may be. Such accounts shall be so kept as to show the actual cost to such city of such public utilities owned; all cost of maintenance, extension and improvement; all operating expenses of every description, in case of such city operation; the amount set aside for sinking fund purposes. The city council shall cause to be printed annually, for public distribution, a report showing the financial results of such city ownership, or ownership and operation. ('07 c. 452 § 4) [1378]

1315. Adoption of act—This act shall not be in force in any city until the question of its adoption in such city shall first have been submitted to the electors of such city, at the general or city election or at a special election called for that purpose, and is approved by the affirmative vote of three-fifths of those voting at such election. The city council of any such city named, by ordinance, direct that the question of the adoption of this act in such city be submitted to popular vote at any general or city election called for that purpose in and for the entire city, coming not sooner than thirty

1314

days from and after the passage of the ordinance. If the city council in any city shall incorporate in any grant to a private company of the right to construct or operate any public utility, a provision reserving to such city the right to take over such property at or before the expiration of the grant, in case the people of such city shall later adopt this act, as herein provided, such provision shall be as valid and effective for all purposes, in case such city shall later adopt this act as herein provided, as if the said provision were made a part of this grant after the adoption of this act by said city. ('07 c. 452 § 5) [1379]

1316. Ordinance for submission—In all cases provided in this act for the submission of questions or propositions to popular vote the city council shall pass an ordinance stating the substance of the proposition or question to be voted upon and designating the election at which such question or proposition is to be submitted, which may be at any general or city election or special election called for that purpose; provided, that such election shall not be held sooner than thirty days from and after the passage of said ordinance. Notice of special election which shall be held in any city under this act and all proceedings respecting the same shall conform as nearly as may be to the law governing other special elections therein. And all ballots as to any proposition or question submitted pursuant to the terms of this act shall be delivered to the election judges, shall be deposited in a separate box and shall be counted, canvassed and returned, as is provided by law in case of other ballots, and the tally sheets and return blanks shall contain suitable columns and spaces therefor. ('07 c. 452 § 6) [1380]

1317. Time limit of grant or lease—Nothing in this act contained shall be construed to authorize any city to make any grants or to lease any public utility for a period exceeding twenty years from the making of such grant or lease; provided, that when a right to maintain and operate a public utility for a period not exceeding twenty years is contained in a mortgage or deed of trust to secure any of the certificates hereinbefore mentioned, (and no such right shall be implied), such period shall commence as provided in section 3 of this act. ('07 c. 452 § 7) [1381]

1318. Observance of Memorial Day—The city council or common council of each and every city in the state of Minnesota, in addition to all other powers now possessed by it, is hereby empowered and authorized to set apart, appropriate and expend, or cause to be expended, in such manner as it may deem best, from any funds in the city treasury available therefor, an amount not to exceed the sum of three hundred dollars annually for each 75,000 of population of such city for the purpose of aiding in the appropriate observance of Memorial Day on the 30th of May of each year and in the annual commemoration of the noble and valiant deeds of the nation's soldier dead. ('09 c. 365 § 1, amended '23 c. 375) [1382]

1319. Purchase of electric light and water plant legalized—In any case where the city council of any city in the state, whether organized under a home rule charter or under the general law, shall have heretofore by resolution or ordinance submitted to the legal voters of such city, at any general or special election, the proposition of the acquisition by such city by condemnation or purchase of an electric light and water plant then privately owned therein, and of said city supplying the city and individuals with light and water, provided such plant could be acquired at a reasonable price, and at such election more than a majority of the legal voters of such city voting thereat shall have voted in favor of

such bond proposition; and thereafter the city council of such city, by resolution or ordinance, shall have submitted to the legal voters of such city at any general or special election the proposition of the issuance of the bonds of such city to a specified amount for the purpose of providing the funds necessary for the purchase of such electric light and water plant, and at such election more than a majority of the legal voters of such city voting thereat shall have voted in favor of such bond proposition; then and in every such case all of the acts and proceedings of said city, and of the corporate authority and officials thereof, in and about the calling and holding of said elections and declaring the result thereof, and all of said election proceedings, are hereby in all respects fully legalized, and are hereby declared to constitute full and legal authority for the purchase by said city of said electric light and water plant and for the issuance by said city of its bonds to the amount so voted for the purpose of providing funds for such purchase. ('13 c. 89 § 1) [1383]

123-48, 142+1042.

1320. City authorized to complete work—That any city coming within the provisions of section one of this act is hereby authorized to do and perform any and all acts necessary, desirable or appropriate in and about the completion of the purchase by it of any such electric light and water plant as in said section one mentioned; and all such acts and performances done or to be done, and any and all contracts heretofore or hereafter entered into by said city for such purchase, are hereby declared fully authorized, ratified and confirmed. ('13 c. 89 § 2) [1384]

1321. Bonds authorized and legalized—Term—That the bonds and interest coupons thereto attached of any city coming within the provisions of section one of this act and which have been voted as stated in said section one, may be executed and issued by such city in such forms and manner, and payable, at such time or times and at such place, and such provision made for the payment thereof, and sold, as the city council by resolution or ordinance may have authorized and directed, or may hereafter authorize and direct; and all acts and proceedings of the city council, and of the officers of such city pursuant to the authority thereof, done or had or to be done or had as herein provided in and about the sale, award and issuance of said bonds are hereby legalized, approved and confirmed; and said bonds when so issued are hereby declared to constitute and be the legal, valid and binding obligations of said city.

Provided, however, that none of said bonds shall run for a period longer than thirty years from their date, nor shall be sold or issued at less than their par value and the interest accrued thereon to date of delivery. ('13 c. 89 § 3) [1385]

1321-1. Building lines and building line easements—Establishment—Existing structures—The common council of any city, including any city of this state operating under a home rule charter adopted pursuant to Chapter 36, Article 4, of the state constitution, may establish along any street or highway within such city a building line upon the land adjoining such street or highway, or any portion thereof, and distant not more than fifty feet from the margin of such street or highway, and may, in behalf of the city, acquire an easement in the land between such line and exterior street line, such that no buildings or structure shall be erected or maintained upon said land. Such easement shall be known as a building line easement. Provided that the governing body may, at the time they designate the

easement to be acquired and define the line by which it is bounded, provide in the resolution designating such easement that buildings or structures or any portions of buildings or structures existing within the boundaries of the easement at that time may remain thereon for stated periods of time or remain thereon during the life of such buildings or structures or portions thereof, but no alteration of any such buildings or structures or portions thereof upon such easement shall be permitted after the designation of such easements, and when such buildings are removed no other buildings or structures shall be erected thereon. Such permission to maintain existing structures upon such easement shall be clearly defined as to time in such resolution and shall confer the right upon the owner of such buildings or structures or portions thereof to maintain the same as defined in such resolution. ('03, c. 194, § 1; amended '23, c. 193, § 1)

Explanatory note—This section, and sections 1321-2 to 1321-7, consist of Laws 1903, c. 194, as amended by Laws 1919, c. 504 and Laws 1923, c. 193. Said Laws 1903 was omitted from R. L. '05, and also from G. S. '13. It was not expressly repealed by the repealing sections of R. L. '05. This section, as amended by Laws 1923, c. 193, was contained in G. S. '23 as section 1570; but since these sections relate to all cities they are inserted here in this compilation.

1321-2. Same—Grant, condemnation or dedication—Such easement may be acquired by the city council by purchase, or by grant, or by condemnation. It may also be created by dedication by indicating such building line upon any plat hereafter recorded in the office of the register of deeds of the county where the land lies; and city council shall have power to refuse to accept or approve plats of lands unless building lines are shown thereon. ('03, c. 194, § 2; amended '19, c. 504, § 1)

1321-3. Same—Along parks and parkways—Any board of park commissioners having control of any park or parkway may in like manner acquire building line easements along the same, or any portion thereof. ('03, c. 194, § 3)

1321-4. Same—Condemnation proceedings—By whom instituted—The easement above specified may be acquired by proceedings to be conducted in the following manner by the board of park commissioners, in case of parks and parkways controlled by a board of park commissioners, and by the city council in other cases.

The term "governing body" is used in this and the following sections to designate the appropriate body in any given case, whether the city council, or board of park commissioners. The governing body shall first designate the easement to be acquired and define the lines by which it is bounded, and shall have power to condemn for the use of the public a building line easement as defined above, and when such condemnation shall have been completed, as in this section provided, the title to such easement shall pass to and be vested in the city for the public use. For the purpose of making said condemnation all the tracts of land required for any improvement may be included in the same proceeding.

Provided, that no such easement shall include or take in any portion of a private residence existing at the time of the passage of this act excepting by purchase or grant.

After making the designation the governing body shall proceed in manner following: ('03, c. 194, § 4)

1321-5. Same—Condemnation proceedings—Plats—Appraisers—Proceedings by—Oath—Notice of meetings—View of premises—Service of notices—Assessment of

benefits and damages—Report—Reappraisal—Payment of awards—Appeals to district court—First; It shall be the duty of the city engineer or engineer of the board of park commissioners as the case may be, to make and present to the governing body a plat showing the location, course and extent of the easement proposed to be acquired, and the lands and property necessary to be taken or damaged thereby, with the name of the owner of each parcel of such property so far as the engineer can readily ascertain the same. When such plat shall have been adopted by the governing body it shall be filed with the clerk or secretary of the governing body, and shall be held to show correctly the location, course and extent of the easement agreed upon and ordered to be acquired by the governing body. Said plat shall also show the land or part thereof contiguous to the lands upon which the buildings line easement is to be acquired.

The governing body shall then, or afterwards appoint five freeholders of said city, no two of whom shall reside in the same ward, as appraisers to view the premises and to ascertain and award the amount of damages and compensation to be paid to the owners of property which is to be taken or injured by the acquisition of such building line easement, and to assess the amount of such damages and compensation and the cost and expense of the proceedings upon the lands and property to be benefited by such improvement, and in proportion to the benefits to be received by each parcel and without regard to a cash valuation. Three or more commissioners shall constitute a quorum and be competent to perform any duty required of such commissioners. Said appraisers shall be notified as soon as practicable by the secretary of the board or the city clerk as the case may be, to attend at a time fixed by him for the purpose of qualifying and entering upon their duties. Whenever a vacancy may occur among said appraisers by neglect or refusal of any of them to act, or otherwise, such vacancy shall be filled by the governing body.

Second. The appraisers shall be sworn to discharge their duty as appraisers in the matter with impartiality and fidelity; and to make due return of their acts to the governing body.

Third. The appraisers shall give notice by publication in the official newspaper of the city for two consecutive days, which first publication shall be at least ten days before the day of such meeting, which notice shall contain a general description of the lands designated by the governing body, and give notice that a plat of the same has been filed in the office of the city clerk or secretary as the case may be, and that said appraisers will meet at a place and time designated in the notice, and thence proceed to view the premises, and appraise the damages for property to be taken, or which may be damaged by such improvement, and to view the premises to be benefited by such improvement and assess thereon in proportion to benefits the amount necessary to pay such damages and the cost and expense of the proceedings, in the manner herein-after specified; and that they will then hear such evidence and proofs as interested persons may offer, adjourning from time to time for that purpose.

Fourth. The secretary or city clerk, as the case may be, shall, after the first publication of such notice and at least six days (Sundays excluded) prior to the meeting specified in said notice, serve upon each person, in whose name each tract or parcel of said land upon which such easement is to be acquired is then assessed, a copy of said notice by depositing the same in the

postoffice of said city with postage prepaid, directed to such person at his place of residence, if known to the secretary, or city clerk, as the case may be, but if not known, then to his place of residence as given in the last published city directory of said city, if his name appears therein.

A copy of all subsequent notices relating to said proceedings, which are required to be published, shall be mailed by said clerk or secretary in the manner above specified after the first publication thereof, to such persons as shall have appeared in said proceedings and requested in writing that such notice be mailed to them. Any failure of the secretary or city clerk to mail any notice as required by this act, or failure of the owner or any person to receive any such notice, shall not invalidate any proceedings hereunder.

Fifth. At the time and place mentioned in the notice, the said appraisers shall meet and thence proceed to view the premises, and may hear any evidence or proof offered by the parties interested, and may adjourn from time to time for the purposes aforesaid. When their view and hearing shall be concluded they shall determine the amount of damages, if any, suffered by each piece or parcel of land of which that taken is a part. They shall also determine the amounts of benefits, if any, to each piece or parcel of land of which that taken is a part, and assess the amount of such damages so awarded upon the land and property benefited by such proposed improvement, together with the expenses and cost of the proceedings, and in proportion to such benefits. If the damages exceed the benefits to any particular piece, the excess shall be awarded as damages. If the benefits exceed the damages to any particular piece, the difference shall be assessed as benefits; but the total assessment for benefits shall not be greater than the aggregate net award of damages, and the cost of the proceedings; and in every case the benefits assessed upon the several parcels shall be in proportion to the actual benefits received, and no assessment upon any particular piece shall exceed the amount of actual benefits after deducting the damages, if any.

Sixth. If there be any buildings standing, in whole or in part, upon any parcel of the land to be taken, the said appraisers shall, in such case, determine the amount of damages which should be paid to the owner or owners thereof, in case such building, or so much as may be necessary, should be taken, and shall also appraise and determine the amount of damages to be paid such owner or owners in case he, or they, shall elect to remove such buildings.

Seventh. If the land and buildings belong to different persons, or if the land be subject to lease, mortgage or judgment, or if there be any estate less than an estate in fee, the injury or damage done to such person or interests respectively may be awarded to them separately by the appraisers. Provided, that neither such award of the appraisers, nor the confirmation thereof by the governing body, shall be deemed to require the payment of such damages to the person or persons named in such award in case it shall transpire that such persons or persons are not entitled to receive the same.

Eighth. The said appraisers having ascertained and appraised the damages and benefits as aforesaid, shall make and file with the secretary or city clerk, as the case may be, a written report of their action in the premises, embracing a schedule and appraisal of the damages awarded and benefits assessed, with descriptions of the lands, and the names of the owners, if

known to them, and also a statement of the costs of the proceeding.

Ninth. Upon such report being filed, the secretary of the board or city clerk shall give notice that such appraisal has been returned, and that the same will be considered by the governing body at a meeting thereof, to be named in the notice, which notice shall be published in the official newspaper of said city, once a week for two consecutive weeks, and the last publication shall be at least 10 days before such meeting. Any person interested in any building standing in whole or in part upon any land required to be taken by such improvement, shall on or before the time specified for said meeting in such notice, notify the governing body in writing of his election to remove such building, if he so elect. The governing body upon the day fixed for the consideration of such report, or at any subsequent meeting to which the same may stand over or be referred, shall have power in their discretion to confirm, revise or annul the appraisal and assessment, giving due consideration to any objections interposed by parties interested in the manner hereinafter specified, provided that said governing body shall not have the power to reduce the amount of any award, nor increase any assessment. In case the appraisal and assessment is annulled, the governing body may thereupon appoint new appraisers, who shall proceed, in like manner, as in case of the first appraisal, and upon the coming in of their report, the governing body shall proceed in a like manner and with the same powers as in the case of the first appraisal. In case any owner or owners shall elect to remove any building or buildings, and thereby reduce the amount of damages to be paid, the amount of reduction shall be deducted from the benefits assessed to each parcel proportionately before confirmation thereof.

Tenth. If not annulled or set aside, such awards shall be final, and shall be a charge upon the city, for the payment of which the credit of the city shall be pledged. Such assessments shall be and remain a lien and charge upon the respective lands until paid. The awards shall be paid to the persons entitled thereto, or shall be deposited and set apart in the treasury of the city for the use of the parties entitled thereto, within six months after the confirmation of the appraisal and award. But in case any appeal or appeals shall be taken from the order confirming said appraisal and assessment, as hereinafter provided, then the time for payment of said awards shall be extended until and including sixty days after the final determination of all appeals taken in the proceeding, and in case of any change in the awards or assessment upon appeal, the governing body may, by resolution duly adopted, at any time within sixty days after the determination of all appeals, set aside the entire proceeding. Any awards so set aside shall not be paid, and the proceedings as to the tracts for which the awards are so set aside shall be deemed abandoned. Any awards not so set aside shall be a charge upon the city, for the payment of which the credit of the city shall be pledged. All awards shall bear interest at the rate of six per centum per annum from the time of the filing of the original appraisers' report, and all subsequent awards and awards upon appeals shall be made as of the day and date of filing of such original reports.

Eleventh. Upon the conclusion of the proceedings and the payment of the awards, the several tracts of land shall be deemed to be taken and appropriated for the purpose of this act, and the easement above

specified shall vest absolutely in the city in which the lands are situate. In case the governing body shall in any case be unable to determine to whom the damages should in any particular case be paid, or in case of adverse claim in relation thereto, or in case of the legal disability of any person interested, the governing body shall, and in any and every case, the governing body may in its discretion deposit the amount of damages with the district court of the county in which such lands are situate, for the use of the parties entitled thereto, and the court shall, upon the application of any person interested and upon such notice as the court shall prescribe, determine who is entitled to the award, and shall order the same paid accordingly. Any such deposit shall have the same effect as the payment to the proper persons.

Twelfth. In case any owner or owners of buildings, as aforesaid, shall have elected to remove his or their buildings, he or they shall remove them within thirty days from the confirmation of said report, or within such further time as the governing body may allow for the purpose, and shall be entitled to the payment of the amount of damages awarded in such case, in case of removal. When such person or persons shall not have elected to remove such buildings, or shall have neglected (after having elected) to remove the same within the time above specified, such buildings, or so much thereof as may be necessary, upon paying or depositing the damages awarded for such taking in manner aforesaid, may be taken and appropriated, sold or disposed of as the said governing body shall direct.

Thirteenth. Any person whose property is proposed to be taken or interfered with or assessed under any provision of this chapter and who deems that there is any irregularity in the proceedings of said governing body, or action of the appraisers, by reason of which the award of the appraisers ought not to be confirmed, or who is dissatisfied with the amount of damages awarded to him for the taking of, or interference with his property, or the assessment thereon, may at any time before the time specified for the consideration of the award and assessment by the governing body, file with the secretary of the board or the city clerk, as the case may be, in writing, his objections to such confirmation, setting forth therein specifically the particular irregularities complained of, and the particular objection to the award or assessment, and containing a description of the property in which he is interested, or which is affected by such proceedings and his interest therein, and if, notwithstanding such objections the said governing body shall confirm the award, or assessment, such person so objecting shall have the right to appeal from such order of confirmation of the governing body to the district court of the county where such land is situated, within ten days after such order. Such appeal shall be made by serving a written notice of appeal upon the secretary of the board, or the city clerk, as the case may be, which shall specify the property of the appellant affected by such award and refer to the objection filed as aforesaid, and by also delivering to said city clerk or secretary, as the case may be, a bond in the sum of \$50.00 executed by the appellant or by some one on his behalf with two sureties, who shall each justify in the penal sum of fifty dollars, conditioned to pay all costs that may be awarded against the appellant. Thereupon said secretary or city clerk, at the expense of the appellant, shall make out and transmit to the clerk of the district court a copy of the record of the entire proceedings, and of the award of the appraisers as confirmed by the gov-

erning body and of the order of the governing body confirming the same, and of the objections filed by the appellant, as aforesaid, and of the notice of appeal, all certified by said secretary of city clerk to be true copies, within ten days after the taking of such appeal. But if more than one appeal be taken from any award, it shall not be necessary that the secretary or city clerk, in appeals subsequent to the first shall send up anything but a certified copy of the appellant's objections. There shall be no pleading on any appeal, but the court shall determine in the first instance whether there was in the proceedings any such irregularity or omission of duty prejudicial to the appellant and specified in his written objection that as to him the award or assessment of the appraisers ought not to stand, and whether said appraisers had jurisdiction to take action in the premises.

Fourteenth. The case may be brought on for hearing on eight days' notice, at any general or special term of the court, and the judgment of the court shall be to affirm or annul the proceedings, only so far as the said proceedings affect the property of the appellant proposed to be taken or damaged or assessed, and described in said written objection. From such determination no appeal or writ of error shall lie. In case the amount of damages or benefits assessed is complained of by such appellant, the court shall, if the proceedings be confirmed in other respects, upon such confirmation, appoint three disinterested freeholders, residents of said city, appraisers, to reappraise said damages, and reassess benefits as to the property of appellant. The parties to such appeal shall be heard by said court upon the appointment of such appraisers, and the court shall fix the time and place of meeting of such appraisers, they shall be sworn to the faithful discharge of their duties as such appraisers, and shall proceed to view the premises and to hear the parties interested, with their allegations and proofs pertinent to the question of the amount of damages or benefits; such appraisers shall be governed by the same provisions in respect to the method of arriving at the amount of damages or benefits and in all other material respects as are in this chapter made for the government of appraisers appointed by said governing body. They shall, after the hearing and view of the premises, make a report to said court of their award of damages and assessment of benefits in respect to the property of such appellant. The appellant shall within five days of the notice of filing the award file his written election to remove the building if he so elect. Such election shall not affect his right to a review. The award shall be final unless set aside by the court for good cause shown. The motion to set aside shall be made within fifteen days. In case such report is set aside, the court may, in its discretion, recommit the same to the same appraisers, or appoint new appraisers, as it shall deem best; said court shall allow to said appraisers a reasonable compensation for their services, and make such award of costs on such appeal, including the compensation of such appraisers as it shall deem just in the premises, and enforce the same by execution. In case the court shall be of the opinion that such appeal was frivolous or vexatious, it may adjudge double costs against such appellant. An appeal may be taken to the supreme court of the state from any final decision of the district court in said proceedings. ('03, c. 194, § 5; amended '19, c. 504, §§ 2 to 7)

1321-6. Same—Plats of improvements—Copy of assessments for county auditor—Building line assess-

ments—Collection—Payment to city treasurer—As soon as such condemnation proceedings have been completed, it shall be the duty of such governing body to cause plats of such improvement to be made, which shall be copies of the original plat on file, with a list of the parcels of land taken and the amount paid on account of each parcel, and to file one of such plats and list duly certified by the president of the governing body and the clerk or secretary, as the case may be, in each of the following offices, to-wit: The office of the city engineer, the office of the register of deeds of the county, and the office of the city clerk or secretary of the park board, as the case may be; and the same shall be prima facie evidence of the full and complete condemnation and appropriation of such easement for the public use. As soon as the assessments are confirmed, the secretary of the board of park commissioners or the city clerk, or the clerk of the district court, as the case may be, shall transmit a copy thereof duly certified, to the county auditor of the county in which the lands lie. The county auditor shall include the same in the next general tax list for the collection of state, county and city taxes, against the several tracts or parcels of land, and said assessments shall be collected with and as a part of, and shall be subject to the same penalties, costs and interest, as the general taxes. Such assessments shall be set down in the tax books in an appropriate column to be headed, "Building-Line Assessments," and when collected a separate account thereof shall be kept by the county auditor, and the same shall be transmitted to the treasurer of the city, and placed to the credit of the proper fund. ('03, c. 194, § 6; amended '19, c. 504, § 8)

1321-7. Same—Vacation of easement—The governing body shall have power at any time to vacate such building line easement or any portion thereof. ('03, c. 194, § 7)

At the times so set said judge shall hear the statements of the respective parties, and shall use his best endeavor to have said parties settle said controversy then and there by agreement.

The judge may also hear any witnesses produced by either party. If the parties agree on a settlement of the controversy, the judge shall reduce such settlement to writing in his docket. Said written agreement shall provide that all the parties shall abide the judgment to be entered thereon without removal or appeal or further litigation, and may be signed by all the parties thereto, but whether or not so signed said settlement when so agreed upon and so entered and countersigned by the judge shall have all the force of a judgment of a court of record, and if so ordered by said judge shall be docketed by the clerk of said municipal court in the same manner and enforced as the judgment of said municipal court, but said judge, in case of a money judgment, may by its terms provide for the satisfaction of the same by the payment of the same into said municipal court, either in a lump sum or in installments in such amounts, and at such times, as to said judge, under all circumstances of the case, may seem just and reasonable, or said judge may retain jurisdiction for the collection and satisfaction of the judgment, without execution.

In case the controversy is as to the ownership or possession, or as to both the ownership and possession, of personal property where the value of same does not exceed the sum of fifty dollars (\$50.00) and the action is commenced by the plaintiff filing (as herein provided) with the clerk, a sworn statement as to his ownership, or right of possession, or both, of such property, the court in its discretion may, by order, direct the officer of said court to take possession of such property, immediately, and to hold same subject to the further order of the court, without the giving of any bond whatever. ('21 c. 317 § 3)

1380. Jurisdiction—Judgment—(a) In case the parties brought before the conciliation court, in the manner provided in this act, do not agree upon the judgment to be entered, then in case the amount in controversy, whether the claim of the plaintiff or a counterclaim on the part of the defendant exceeds the sum of \$50.00, and the judge is satisfied said counterclaim is

in good faith, said case shall be forthwith dismissed and dropped from the docket, without prejudice, but if the amount involved in controversy be \$50.00 or less, or if said judge is of the opinion that the counterclaim, if any, therein in excess of \$50.00 is not in good faith, he shall retain jurisdiction and shall proceed summarily to hear and determine the cause and to enter judgment on his docket. The conclusion of the judge as to the good faith of any counterclaim shall be final and conclusive on all parties for the purposes of the jurisdiction of said court. In case such judgment is not removed, by demand of either party, to said municipal court within five days after the entry thereof, as provided in this act, and said judgment remains unsatisfied, said judgment, on order of said judge shall be docketed in the said municipal court by the clerk and shall thereupon be, and be enforced as the judgment of said municipal court, or said judge may retain jurisdiction for the collection and satisfaction of said judgment by payment to him, but no execution shall issue from said conciliation court.

(b) By its terms, said judgment may provide for its satisfaction by payment into court, either in a lump sum or in installments and in such amounts and at such times as to said judge may under the circumstances of the case seem just and reasonable.

(c) The conciliation court shall be subject to the direction of the judge thereof, but the judges of said municipal court may prescribe rules as to procedure, methods of producing evidences and general conduct of the case, and the trial thereof, under the provisions of this section, and for carrying out all the provisions of this act. Defaults—Vacation—In case the defendant duly summoned as provided in Section 3 of this act, shall fail to appear at the times set for hearing, the conciliation judge may hear the plaintiff and enter a judgment by default, or he may fix a later date for such hearing in accordance with what seems reasonable and just to said judge under the circumstances. Due notice shall be served on defendant, by mail, or telephone, or written notice, as provided in this act, for the purpose of this hearing of the time of said postponed hearing, or that judgment has been entered against him by default. If judgment by default is entered, the judgment debtor may appear before said judge, within ten days after the date of such notice of judgment, and upon showing to said judge good cause therefor and paying to said judge for the benefit of plaintiff the sum of two (\$2.00) dollars shall have said judgment set aside. The judge shall then hear said cause at once, if plaintiff is also present, or set same for hearing as soon as possible, after notice is given to both parties in the manner provided in this act. If the judgment debtor fails to appear within ten days after notice of such default judgment or fails to appear at such second date set for hearing in either case judgment by default shall stand or be entered as the case may be, and shall be as to its terms and method of enforcement as provided in Section 4 of this act. If the plaintiff fails to appear at the time set for any hearing the action may be dismissed, or continued at the discretion of the judge. Nothing in this act shall be construed to limit the power of the court at its discretion to relieve against mistake, inadvertence, surprise or excusable neglect as now provided by law. ('21 c. 317 § 5)

Payment of any disability allowance shall continue throughout the full period of the disability but shall terminate with the removal of the disability or the death of the beneficiary, provided that whenever a disability beneficiary shall have attained the minimum

age for retirement on a service allowance said disability allowance shall be discontinued only upon the death of such disability beneficiary.

(c) Should any disability beneficiary while under the established age for retirement refuse to submit to at least one medical examination in any year by a physician or physicians designated by the medical board, his or her allowance shall be discontinued until the withdrawal of such refusal, and should such refusal continue for one year, all his or her rights in and to any retirement or disability allowance constituted by this act shall be forfeited.

(d) Upon application of any beneficiary under the established age for retirement drawing a pension or a retirement allowance under the provisions of this act, approved by the retirement board, said beneficiary may be restored to active service by the head of the department in which said beneficiary was employed at the time of his retirement. Upon the restoration of a beneficiary to active service his or her retirement allowance shall cease.

(e) The medical board shall consist of the city physician, a physician to be selected by the retirement board, and a physician to be selected by the employe. ('19, c. 522, § 8; amended '25, c. 335, § 1)

1470. Positions without examination—In case of a vacancy in a position requiring peculiar and exceptional qualifications of a scientific, professional or expert character, the commission, upon satisfactory evidence that competition is impracticable, and that the position can best be filled by the selection of some person of recognized attainments, without examination, and after hearing in an open, regular meeting of the commission and by the affirmative vote of all three members, may suspend competition; but no such suspension shall be general in its application to such posi-

Restrictions on city comptroller—After the receipt by the city comptroller of the pay roll, he shall not approve the payment of any salary, wages or compensation for any office or employment in the classified service, nor countersign any warrant therefor, unless the name of the person claiming the same appears upon the service register for the time for which such salary, wages or compensation is claimed, nor at any higher rate than shown on such register; and if the city comptroller shall wilfully or negligently approve any payment or countersign any warrant in violation of this section, he and the sureties on his bond shall be liable to the city for the amount thereof and action may be brought therefor by any taxpayer for the use of the city without making previous request to the city to sue. ('13 c. 105 § 17; amended '17 c. 63 § 17) [1485]

The commission shall furnish a suitable number of copies of such report to the mayor, the city council and each board and commission and each employing officer of the city. ('13 c. 105 § 18; amended '17 c. 63 § 18) [1486]

In the course of such investigations each commissioner shall have power to issue subpoenas and to administer oaths and to compel the attendance and testimony of witnesses and the production of books and papers relevant to the investigation. Any member of the commission shall have power of his own motion to file written charges against any employe in the classified service, and thereupon the commission shall try the charges, after not less than ten days' written notice to the person accused, in the manner and with the powers prescribed in this section; but in such case the complaining commissioner shall not sit. If found guilty of breach of duty, such employe may be removed by the commission and his name be stricken from the service register. The commission may make complaint to the district court of disobedience of its subpoenas or orders under this section, and the court shall prescribe notice to the person accused and require him to obey the commission's subpoena and order, if found within the lawful powers of the commission, and punish disobedience as a contempt of the court. Witnesses shall be entitled to the same fees and mileage as for

attendance upon the district court, except that any officer, agent or employe of the city who receives compensation for his services, shall not be entitled to fees or mileage. ('13 c. 105 § 19; amended '17 c. 63 § 19) [1487]

1474. **Effect of false statements**—Any applicant for an office or employment in the classified service, who shall knowingly make any false answer or statement upon any examination in regard to any material matter upon which he is examined, shall thereby forfeit his right to be entered upon the eligible register, and, in case he has been appointed to any office or employment, shall forfeit the same and shall not within three years thereafter be eligible to any office or employment in the unclassified service of the city, nor shall he during such time be entitled to any of the examinations of the commission. ('13 c. 105 § 21; amended '17 c. 63 § 21) [1489]

1476. **Assessments prohibited**—Any officer or employe in the classified service of the city, who shall in any manner directly or indirectly solicit or receive or pay or be in any manner concerned in soliciting, receiving or paying any assessment, subscription or contribution for any party or political purpose, shall be guilty of a misdemeanor. Provided that sections 22 and 23 hereof shall not apply to the solicitation, payment or receipt of regular and fixed dues by or from a member of an established organization, but the solicitation, payment or receipt of additional dues or assessments during a political campaign shall be construed to be a violation of this act. ('13 c. 105 § 23; amended '17 c. 63 § 23) [1491]

('13 c. 105 § 24; amended '17 c. 63 § 24) [1492]

1479. **Contracts for lighting streets**—That in all cities of the first class, the common council may award, enter into and let contracts for lighting the city streets,

parcs and other public places, or either, or any of the same for any term not exceeding two years under any one contract. It shall not be necessary before awarding or entering into such contracts that provision by budget appropriations or otherwise, shall first have been made to meet the indebtedness incurred by such contracts, but provision for meeting such obligation or indebtedness may be made after the letting of such contracts. ('11 c. 179 § 1) [1493]

1480. **To what cities applicable**—This act shall be applicable to cities of the first class, governed by a charter adopted under, and pursuant to article 4, section 36, of the constitution of this state. ('11 c. 179 § 2) [1494]

('13 c. 37 § 1) [1495]

1482. **To what cities applicable**—This act shall apply to cities existing under a charter framed pursuant to section 36 of article 4, of the constitution. ('13 c. 37 § 3) [1496]

1482-1. **Extension of waterworks systems**—Any city in this State now or hereafter having a population of 50,000 inhabitants or more, and owning or operating a water department for the purpose of supplying water to its inhabitants, may extend the waterworks so owned and operated so as to draw water from any river in this State, notwithstanding any provisions or limitations contained in the charter of any such city. ('23, c. 285, § 1)

1482-2. **Same—Cities to which law applies**—This act shall apply to cities governed by a charter adopted pursuant to Section 36, Article IV of the Constitution of this State. ('23, c. 285, § 2)

1483. **Disposal of electrical energy to private consumers**—Any city of the first class now or hereafter operating a plant for the production and distribution of electrical energy for municipal purposes may dispose of any surplus thereof so produced, to private consumers within the city desiring the same, at such rates and upon such terms as the city council or other governing body of the city may deem proper. ('13 c. 127 § 1) [1497]

122-348, 142+319.

1484. **"Public utilities" defined**—For the purposes of this act, public utilities shall include street railways, telephones, water works, gas works, electric light, heat or power works, public docks, union depots and terminal systems, ice plants, stone quarries, creosoting works, and public markets. ('13 c. 310 § 1) [1498]

189+429.

1485. **Acquisition and operation**—Every city of this state shall have the power to own, construct, acquire, purchase, maintain and operate any public utility within its corporate limits, and to lease the same, or any part of the same, to any company incorporated under the laws of this state, for the purpose of operating such public utility for any period not longer than twenty years, on such terms and conditions as the city council shall deem for the best interests of the public.

Any city now owning and operating its own water works, or other public utilities, may continue to own and operate the same in the same manner as if now

authorized by law to own and operate the same, without submitting any proposition so to do to the electors thereof, and it may by a three-fifths vote of the city council, or other governing body, and without submission to the electors thereof, as herein provided, issue bonds and certificates of indebtedness in the manner and proportions herein provided for the purpose of refunding all bonds issued for the construction and creation of such utility, and the remainder of the proceeds thereof, if any, shall be covered into the treasury of said city as a sinking fund for the redemption of any existing bonds, or for the purchase and acquisition of any new bonds of said city offered by said city.

It shall be lawful for any city to incorporate in any grant of the right to construct or operate any public utility, a reservation of the right on the part of such city to take over all or part of such public utility, at or before the expiration of such grant upon such terms and conditions as may be provided in the grant; it shall also be lawful to provide in any such grant, that in case such reserved right be not exercised by the city and it shall grant a right to another company to operate such public utility in the streets and parts of streets occupied by its grantee under the former grant, the new grantee shall purchase and take over such public utility of the former grantee, upon the terms that the city might have taken it over, and it shall be lawful for the city council of any city to make the grant containing such a reservation for either the construction or operation or both the construction and operation of such public utility, in, upon, and along any of the public streets, alleys or ways therein, or portions thereof, in which such public utility is already located at the time of making such grant, without the petition or consent of any of the owners of the land abutting or fronting upon any street, public alley or way, or portion thereof, covered by such grant.

No ordinance authorizing the lease of any public utility for any period, nor any ordinance renewing any lease, shall go into effect until the expiration of sixty days from and after its passage. And if, within said sixty days, there is filed with the clerk of such city a petition signed by ten per cent of the voters voting at the last preceding election for mayor, in such city, asking that such ordinance be submitted to a popular vote, then such ordinance shall not go into effect unless the question of the adoption of such ordinance shall first be submitted to the electors of such city and are approved by a majority of those voting thereon.

The signatures of such petition need not all be appended to one paper, but each signer shall add to his signature, which shall be in his own handwriting, his place of residence, giving the street number. One of the signers of each such paper shall make oath before an officer, competent to administer oaths, that each signature to the paper appended is the signature of the person whose name purports to be thereto subscribed. The city council of any city which shall decide by vote of its electors, as herein provided, to acquire or construct any public utility, shall have the power unless otherwise provided by law to make all needful rules and regulations respecting the operation of the same, including the power to fix and prescribe rates and charges. For the purpose of acquiring any such public utility either by purchase or construction, as provided for in this act, or for the equipment of any such public utility, and in addition to the certificates of indebtedness provided for in section 3 [1486] hereof, any city may borrow money and issue its negotiable bonds to an amount not exceeding one-fifth the cost thereof,

pledging the faith and credit of the city therefor; but no such bonds shall be issued until the question of the issuance of certificates of indebtedness shall have been approved by a majority of the electors voting thereon as provided for in section 3 [1486] hereof, and then only upon a three-fifths vote of the city council or other governing body. In the exercise of the powers, or any of them, granted by this act, any such city shall have power to acquire, take and hold any and all franchise or franchises, and necessary property, real, personal or mixed, for the purposes specified in this act, either by purchase or condemnation in the manner provided by law for the taking and condemning of private property for public use, but in no valuation of public utility property for the purpose of any such acquisition, except of such public utilities now operating under such existing franchises shall any sum be included as the value of any earning power of such utility, or of the unexpired portion of any franchise granted by said city.

In case of the leasing by any city of any public utility owned by it, the rental reserved shall be based on both the actual value of the tangible property and of the franchise contained in such lease, and such rental shall not be less than a sufficient sum to meet the annual interest upon all outstanding bonds or certificates issued by said city on account of any such public utility. ('13 c. 310 § 2) [1499]

Section 3 [1500], referred to, is § 1486 herein.

1486. Limit of bonds and certificates.—In addition to the bonds pledging the faith and credit of the city, as provided for in section 2 of this act, any city may issue and dispose of interest-bearing certificates, which shall be a lien or charge against the public utility property for the acquisition or construction of which they were issued and shall be payable out of the specified portion of the revenues or income to be derived therefrom, but which shall under no circumstances be or become an obligation or liability of said city or payable out of the general funds thereof, nor shall such certificates be deemed a part of the indebtedness of said city for any purpose. Such certificates, together with the bonds hereinbefore provided for, shall not be issued on any such public utility property in an amount in excess of the cost to the city of such property as hereinbefore provided, and ten per centum of such cost in addition thereto. In order to secure the payment of such public utility certificates, and the interest thereon, the city may convey by way of mortgage, or deed of trust, any or all of the property thus acquired or to be acquired through the issue thereof; which mortgage or deed of trust shall be executed in such a manner as directed by the city council and acknowledged and recorded in the manner provided by law for the acknowledgment and recording of mortgages of real estate, and may contain such conditions and provisions not in conflict with the provisions of this act, as may be deemed necessary to fully secure the payment of the certificates described therein. Any such mortgage or deed of trust may carry the grant of a privilege or right to maintain and operate the property covered thereby, for a period not exceeding twenty (20) years from and after the date such property may come in the possession of any person or corporation as a result of foreclosure proceedings; which privilege or right may fix the rates which the person or corporation securing the same as a result of the foreclosure proceedings shall be entitled to charge in the operation of said property, for a period not exceeding twenty years. Whenever, and as often as default shall be made in the payment of such certificate issued or secured by mortgage or

deed of trust, as aforesaid, or in the payment of the interest thereon when due, and any such default shall have continued for the space of twelve months after notice thereof has been given to the mayor and financial officer of the city issuing such certificates, it shall be lawful for any such mortgagee or trustee, upon the request of the holder or holders of a majority in amount of the certificates issued and outstanding under such mortgage or deed of trust, to declare the whole of the principal of all such certificates as may be outstanding, to be at once due and payable, and to proceed to foreclose such mortgage or deed of trust in any court of competent jurisdiction. At a foreclosure sale, the mortgagee or the holders of such certificates may become the purchaser or purchasers and the rights and privileges sold, if he or they be the highest bidders. Any public utility acquired under any such foreclosure shall be subject to regulation by the corporate authorities of the city to the same extent as if the right to construct, maintain and operate such property had been acquired through a direct grant without the intervention of foreclosure proceedings; provided, however, that no such public utility certificates or mortgage shall ever be issued by any city under the provisions of this act, unless and until the question of the adoption of the ordinance of the city council making provision of the issue thereof shall have first been submitted to a popular vote and approved by a majority of the qualified voters of the city voting upon such question. ('13 c. 310 § 3) [1500]

1487. **Books—Report**—Every such city owning and operating any such public utility shall keep the books of account for such public utility distinct from other city accounts, and in such manner as to show the true and complete financial results of such city ownership, or ownership and operation as the case may be. Such accounts shall be so kept as to show the actual cost to such city of such public utilities owned; all cost of maintenance, depreciation, extension and improvement; all operating expenses of every description, in case of such city operation; the amount set aside for sinking fund purposes. The city council shall cause to be printed annually, for public distribution, a report showing the financial results of such city ownership, or ownership and operation. ('13 c. 310 § 4) [1501]

1488. **Submission to voters**—No city shall acquire or construct any public utility under the terms of this act unless the proposition to acquire or construct same has first been submitted to the qualified electors of said city at a general city election or at a special election called for that purpose, and been approved by a majority vote of all electors voting upon such proposition.

The question of issuing public utility certificates as provided in section 3 hereof may at the option of the city council be submitted at the same election as the question of the acquisition or construction of such public utility. ('13 c. 310 § 5) [1502]

Section 3, referred to, is § 1486, herein.

1499. **Submission—Election**—In all cases provided in this act for the submission of questions or propositions to popular vote the city council shall pass an ordinance stating the substance of the propositions or question to be voted upon and designating the election at which such question or proposition is to be submitted, which may be at any general or city election or special election called for that purpose; provided, that such election shall not be held sooner than thirty days from and after the passage of said ordinance.

Notice of special election which shall be held in any city under this act and all proceedings respecting the same shall conform as nearly as may be to the law governing other special elections therein.

And all ballots as to any proposition or question submitted pursuant to the terms of this act shall be delivered to the election judges, shall be deposited in a separate box and shall be counted, canvassed and returned, as is provided by law in case of other ballots, and the tally sheets and return blanks shall contain suitable columns and spaces therefor.

No defect or omission in the calling, giving notice or holding of any election under this act shall in any manner affect the validity of such election unless it shall affirmatively appear that such defect or omission changed the result of such election. ('13 c. 310 § 6) [1503]

1490. **Term of grant or lease**—Nothing in this act contained shall be construed to authorize any city to make any grants or to lease any public utility for a period exceeding twenty (20) years from the making of such grant or lease; provided, that when a right to maintain and operate a public utility for a period not exceeding twenty (20) years is contained in a mortgage or deed of trust to secure any of the certificates hereinbefore mentioned, (and no such right shall be implied), such period shall commence as provided in section 3 of this act. ('13 c. 310 § 7) [1504]

1491. **Union depot and terminal system—Bonds**—Whenever any city shall decide by a vote of the electors thereof in the manner herein provided, to acquire a union depot and terminal system, it may, upon a three-fifths vote of the city council or other governing body, issue such bonds as are provided for herein at such rate and for such period as the council may prescribe notwithstanding any provision in the charter of said city limiting the amount of the bonded indebtedness thereof; providing that such issue of bonds shall never be for an amount which together with all other net bonded indebtedness shall exceed ten per cent of the assessed valuation of said city as of the time of such issue. ('13 c. 310 § 8) [1505]

1491-1. **Issue of waterworks bonds**—That in all cases in which cities of the first class, including all such cities operating under charters adopted in accordance with Section 36 of Article IV of the Constitution of the State of Minnesota, have been authorized by ordinance approved by the people of such cities to issue bonds for the purpose of extending, enlarging and improving the public waterworks plants and waterworks systems owned and operated by such cities, and such ordinance authorizing such bond issue provides that only a specified portion of such authorized bonds shall be issued in any one year, such cities are hereby authorized to issue all, or any part of such bonds remaining unissued at any time, notwithstanding any provision in the ordinance authorizing such bond issue that only a specified portion of such bonds shall be issued in any one year. ('23, c. 36, § 1)

1491-2. **Extension of water mains into and furnishing of water to contiguous cities, towns or villages**—Any city of the first class, including such cities operating under a home-rule charter adopted pursuant to Section 36, Article 4 of the Constitution of the State of Minnesota, which maintains a municipally owned and operated water plant or department, whether such water plant is under the control of the city council or a board of water commissioners, is hereby authorized to furnish water to, and extend its mains into, any city, town or village whose territory is contiguous to

such city, and to assess the cost of extending said mains against the property abutting on the street in which said mains are laid. ('27, c. 134, § 1)

1491-3. Same—Cost of extension—Requests for extension—Whenever any such city extends its mains and furnishes water to contiguous cities, towns or villages, under the provisions of this act, and is operating under a home-rule charter adopted pursuant to Section 36, Article 4 of the Constitution of the State of Minnesota, the cost of such mains shall be assessed and the assessment collected in the manner prescribed by its charter, provided, however, that no such mains shall be extended or ordered furnished to any such contiguous city, town or village except upon the adoption of a resolution requesting such service by the council or town board of such city, town or village, which resolution shall designate the streets, alleys or other public places wherein such mains may be laid, and provided further that the total cost of constructing such mains extended into any city, town or village shall be assessed against the property abutting on the street where the mains are laid. ('27, c. 134, § 2)

1491-4. Gas companies may furnish gas to certain adjacent cities or inhabitants thereof—Receipts not subject to gross earnings tax—Regulations—That whenever in any city now or hereafter having a population of over 50,000 inhabitants (whether operating under a charter adopted pursuant to Section 36 of Article 4 of the State Constitution or otherwise) a franchise has heretofore been granted to any person, firm or corporation giving the right, privilege and authority to enter upon, use and occupy the streets, lanes, alleys, bridges, parks and public grounds of such city for the purpose of laying, maintaining, constructing, and operating pipes, tunnels and conduits for the purpose of supplying gas for any or all purposes to such city or its inhabitants, the grantee of such franchise is hereby given the right, privilege and authority during the life of such franchise to use the pipes, tunnels and conduits so constructed and maintained by it and to enlarge and extend the same for the purpose of supplying gas to any other city having a population of ten thousand inhabitants or less, or its inhabitants, which other city immediately adjoins the city which has granted such franchise, and the proceeds or earnings from gas so supplied to such adjoining city or its inhabitants shall not be subject to any gross earnings tax imposed, levied or collected by or in the city which has granted such franchise. This act shall apply and be effective, any provision of the charter or ordinance of said city notwithstanding.

Provided, however, that the provisions as to exemption from gross earnings tax shall not apply to gas supplied to any such adjoining city, where such gas has heretofore been supplied to such city and been subject to gross earnings tax by virtue of contract between the grantee and the city granting such franchise.

Provided further, that the exercise of the privileges provided for in this act by any grantee shall be subject to reasonable regulation by the city granting such franchise.

Provided further, that nothing herein contained shall be construed as granting to the grantee of such franchise any right or privilege within such adjoining city until and unless such grantee has first complied with all provisions of the charter and ordinances of such adjoining city in respect to obtaining a franchise therein. ('21, c. 93, § 1)

1492. Condemnation of land for public buildings—That hereafter any city in this state now or hereafter having a population of over fifty thousand inhabitants shall have the right, power and authority to condemn lands under the right of eminent domain for sites and grounds for public school buildings, and for all other municipal or public buildings for such cities, or for any of the departments of its government, and such power and authority shall be exercised under and pursuant to the terms and provisions of chapter 41 of the Revised Laws of Minnesota for the year 1905 and acts amendatory thereof; provided, however, that any such city shall have the right, upon the filing of the award of the commissioners provided for in said chapter 41, and upon giving the notice therein required of the filing of such award, to enter upon and appropriate the lands so condemned, without the giving of any bond, but in case of such entry and appropriation, such city shall be bound absolutely to pay all damages awarded, either by said commissioners or by the court upon appeal therefrom, together with all costs and expenses adjudged against it therein, within the time specified in said chapter 41. In case any such city shall appeal from the award of commissioners appointed pursuant to any such condemnation proceedings, such city shall not be required to give or file any appeal bond therein. ('07 c. 291 § 1) [1506]

Provision binding city absolutely to pay all damages when no bond is given not applicable where city charter contains provision that it may abandon condemnation proceedings at any time. (135-243, 160+775)

1493. Acquisition of lands for hospital—That any city in this state now or hereafter having a population of over fifty thousand inhabitants, in which there is a city and county public hospital, may acquire such additional lands as may be necessary therefor either by purchase or by condemnation thereof in the same manner as lands are condemned for the opening and widening of streets, and may pay the cost thereof either by public taxation or by issuing and selling the bonds of such city therefor; anything in the charter of said city or in any law of this state which may prohibit the issue of any bonds in excess of any specified percentage of taxable property in such city to the contrary notwithstanding; provided, however, that the aggregate amount of bonds issued for such purpose shall not be in excess of the sum of twenty-five thousand dollars, par value, and shall not bear a greater rate of interest than four per cent per annum. ('05 c. 139 § 1) [1507]

1493-1. Tax levy for operating and maintaining hospital—The governing body of any city of this state now or hereafter having a population of more than fifty thousand inhabitants, owning a hospital, is hereby authorized to annually levy and collect a tax not to exceed one mill on each dollar of the taxable property of such city for the purpose of operating and maintaining such hospital. ('19, c. 58, § 1)

1493-2. Same—Special fund—The proceeds of such tax shall be placed in the city treasury of the city levying the same and shall constitute a special fund and shall be kept distinct from all other funds of the city and shall be used only for the purpose of operating and maintaining such hospital. ('19, c. 58, § 2)

1493-3. Same—Cities to which law applies—This act shall apply only to such cities as are or may hereafter be governed by a charter adopted pursuant to section 36, article 4, of the Constitution of this state. ('19, c. 58, § 3)

1493-4. Same—Power granted additional to existing powers—The power of levying the tax in this act provided for shall be and is in addition to all existing

Provided that no such bonds shall be sold for a less amount than the par value thereof and accrued interest thereon.

('23 c. 223 § 2)

1496. Form of bonds—All bonds issued under authority of this act shall be sealed with the seal of the city issuing the same and signed by the mayor and attested by the city clerk and countersigned by the city comptroller or city auditor of such city, except that the signatures to the coupons attached to such bonds, if any, may be lithographed thereon. The sale of such bonds shall be made in such manner and in such proportions of the whole amount authorized by this act and at such times as may be determined by the said governing body of such city. Whenever a vacancy may occur among said appraisers by neglect or refusal of any of them to act or otherwise, such vacancy shall be filled by the city council. ('05 c. 18 § 5) [1527]

1514. **Oath**—The appraisers shall be sworn to discharge their duty as appraisers in the matter with impartiality and fidelity; and to make due return of their acts to the city council. ('05 c. 18 § 6) [1528]

They shall also determine the amount of special benefits, if any, occurring by reason of diversion of water, drainage, or otherwise, to each piece or parcel of land wherever situate and whether contiguous to the improvement or not. If the damages exceed the benefits to any particular piece, the excess shall be awarded as damages. If the benefits exceed the damages to any particular piece, the difference shall be assessed as benefits, but the total assessment for benefits shall not be greater than the aggregate net award of damages added to the estimated cost of construction; and in every case the benefits assessed upon the several parcels shall be in proportion to the actual benefits received, and no assessment upon any particular piece shall exceed the amount of actual special benefits after deducting the damages, if any. ('05 c. 18 § 9) [1531]

1518. **Buildings**—If there be any buildings standing, in whole or in part, upon any parcel of the land to be taken, the said appraisers shall, in such case, determine the amount of damages which should be paid to the owner or owners thereof, in case such building, or so much as may be necessary, should be taken, and shall also appraise and determine the amount of damages to be paid such owner or owners, in case he, or they, shall elect to remove such buildings. ('05 c. 18 § 10) [1532]

1519. **Different owners or interests**—If the land and buildings belong to different persons or if the land be subject to lease, mortgage or judgment, or if there be any estate less than an estate in fee, the injury or damage done to such person, or interests, respectively, may be awarded to them separately by the appraisers. Provided, that neither such award of the appraisers, nor the confirmation thereof by the city council, shall be deemed to require the payment of such damages to the person or persons named in such award, in case it shall transpire that such person or persons are not entitled to receive the same. ('05 c. 18 § 11) [1533]

1520. **Report**—The said appraisers having ascertained and appraised the damages and assessed the benefits as aforesaid, shall make and file with the city clerk, a written report of their action in the premises, embracing a schedule and appraisal of the damages awarded and benefits assessed, with descriptions of the lands, and the names of the owners, if known to them, and also a statement of the costs of the proceeding. ('05 c. 18 § 12) [1534]

1521. **Notice of appraisal—Confirmation or annulment**—Upon such report being filed, the city clerk shall give notice that such appraisal has been returned, and that the same will be considered by the city council at a meeting thereof to be named in the notice, which notice shall contain the schedule of damages awarded and benefits assessed, and shall be published in the official newspaper of said city, once a week for two consecutive weeks, and the last publication shall be at least ten days before such meeting. Any person interested in any building standing in whole or in part upon any land required to be taken by such improvement, shall on or before the time specified for said meeting in such notice, notify the city council

in writing of his election to remove such building, if he so elect. The city council, upon the day fixed for the consideration of such report, or at any subsequent meeting to which the same may stand over or be referred, shall have power in their discretion to confirm, revise or annul the appraisalment and assessment, giving due consideration to any objections interposed by parties interested in the manner hereinafter specified, provided that said city council shall not have the power to reduce the amount of any award, nor increase any assessment. In case the appraisalment and assessment is annulled, the city council may thereupon appoint new appraisers, who shall proceed in like manner as in case of the first appraisalment, and upon the coming in of their report, the city council shall proceed in a like manner and with the same powers as in the case of the first appraisalment. ('05 c. 18 § 13) [1535]

1522. **Award—Appeal**—If not annulled or set aside, such award shall be final, and shall be a charge upon the city, for the payment of which the credit of the city shall be pledged. Such assessments shall be and remain a lien and charge upon the respective lands until paid. The award shall be paid to the persons entitled thereto, or shall be deposited and set apart in the treasury of the city for the use of the persons entitled thereto, within six months after the confirmation of the appraisalment and award. But in case any appeal or appeals shall be taken from the order confirming said appraisalment and assessment as herein-after provided, then the time for payment of said awards shall be extended until and including sixty days after the final determination of all appeals taken in the proceedings, and in case of any change in the awards or assessment upon appeal, the city council may, by resolution duly adopted, at any time within sixty days after the determination of all appeals, set aside the entire proceeding. Any awards so set aside shall not be paid, and the proceedings as to the tracts for which the awards are so set aside shall be deemed abandoned. Any awards not so set aside shall be a charge upon the city, for the payment of which the credit of the city shall be pledged. All awards shall bear interest at the rate of six per centum per annum from the time of the filing of the original appraisers' report, and all subsequent awards and awards upon appeals shall be made as of the day and date of filing of such original reports. ('05 c. 18 § 14) [1536]

1523. **Title vests, when**—Upon the conclusion of the proceedings and the payment of the awards, the several tracts of land shall be deemed to be taken and appropriated for the purposes of this act, and the title thereto shall vest in the city. In case the city council shall in any case be unable to determine to whom the damages should in any particular case be paid, or in case of adverse claim in relation thereto, or in case of the legal disability of any person interested, the city council shall, and in any and every case the city council may in its discretion deposit the amount of damages with the district court of the county in which such city is situate, for the use of the parties entitled thereto, and the court shall, upon the application of any person interested, and upon such notice as the court shall prescribe, determine who is entitled to the award, and shall order the same paid accordingly. Any such deposit shall have the same effect as the payment to the proper persons. ('05 c. 18 § 15) [1537]

1524. **Removal of buildings**—In case any owner or owners of buildings, as aforesaid, shall have elected to remove his or their buildings, he or they, shall remove them within thirty days from the confirmation of said

report, or within such further time as the city council may allow for the purpose, and shall be entitled to the payment of the amount of damages awarded in such case, in case of removal. When such person or persons shall not have elected to remove such buildings, or shall have neglected (after having elected) to remove the same within the time above specified, such buildings, or so much thereof as may be necessary, upon paying or depositing the damages awarded for such taking in manner aforesaid, may be taken and appropriated, sold or disposed of as the said city council shall elect. ('05 c. 18 § 16) [1538]

1525. **Appeal — Objections — Notice — Record** — Any person whose property is proposed to be taken or interfered with or assessed under any provision of this act, or who claims to be damaged by the improvement, and who deems that there is any irregularity in the proceedings of said city council, or action of the appraisers, by reason of which the award of the appraisers ought not to be confirmed, or who is dissatisfied with the amount of damages awarded to him for the taking of, or interference with his property, or the assessment thereon, may at any time before the time specified for the consideration of the award and assessment by the city council, file with the city clerk in writing, his objections to such confirmation, setting forth therein specifically the particular irregularities complained of, and the particular objection to the award or assessment, and containing a description of the property in which he is interested, affected by such proceedings and his interest therein, and if, notwithstanding such objections the said city council shall confirm the award or assessment, such persons so objecting shall have the right to appeal from such order of confirmation of the city council to the district court of the county in which said city is situate, within twenty days after such order. Such appeal shall be made by serving a written notice of appeal upon the city clerk, which shall specify the property of the appellant affected by such award or improvement, and refer to the objection filed as aforesaid, thereupon said city clerk at the expense of the appellant, shall make out and transmit to the clerk of the district court a copy of the record of the entire proceedings and of the award of the appraisers as confirmed by the city council, and of the order of the city council confirming the same, and of the objections filed by the appellant as aforesaid, and of the notice of appeal, all certified by said city clerk to be true copies, within ten days after the taking of such appeal. But if more than one appeal be taken in the same proceeding, it shall not be necessary that the city clerk in appeals subsequent to the first shall send up anything but a certified copy of the appellant's objections. There shall be no pleading on any appeal, but the court shall determine in the first instance whether there was in the proceedings any such irregularity or omission of duty prejudicial to the appellant and specified in his written objection that as to him the award or assessment of the appraisers ought not to stand, and whether said appraisers had jurisdiction to take action in the premises. ('05 c. 18 § 17) [1539]

1526. **Hearing—Appraisers—Award—Appeal to supreme court**—The case may be brought on for hearing on eight days' notice, at any general or special term of the court, and the judgment of the court shall be to confirm or annul the proceedings, only so far as the said proceedings affect the property of the appellant proposed to be taken or damaged or assessed, and described in said written objection. In

case the amount of damages or benefits assessed is complained of by such appellant, the court shall, if the proceedings be confirmed in other respects; appoint three disinterested freeholders, residents of said county, appraisers, to reappraise said damages, and reassess benefits as to the property of appellant. The parties to such appeal shall be heard by said court upon the appointment of such appraisers, and the court shall fix the time and place of meeting of such appraisers, they shall be sworn to the faithful discharge of their duties as such appraisers, and shall proceed to view the premises and to hear the parties interested, with their allegations and proofs pertinent to the question of the amount of damages or benefits, and proceed in all other material respects as are in this act provided for the government of appraisers appointed by said city council. They shall, after the hearing and view of the premises, make a report to the said court of their award of damages and assessments of benefits in respect to the property of such appellant. The appellant shall within five days of notice of filing the award file his written election to remove the buildings if he so elect. Such election shall not affect his right to a review. The award shall be final unless set aside by the court. The motion to set aside shall be made within fifteen days. In case such report is set aside, the court may, in its discretion, recommit the same to the same appraisers, or appoint new appraisers, as it shall deem best; said court shall allow to said appraisers a reasonable compensation for their services, and make such awards of costs on such appeal, including the compensation of such appraisers, as it shall deem just in the premises, and enforce the same by execution. In case the court shall be of the opinion that such appeal was frivolous or vexatious, it may adjudge double costs against such appellant. An appeal may be taken to the supreme court of the state from any final decision of the district court in said proceedings. ('05 c. 18 § 18) [1540]

1527. Time of payment—In case of any appeal the time for making payment of awards shall be extended as to all tracts embraced in the proceeding to sixty days after final determination of all appeals. ('05 c. 18 § 19) [1541]

1537. Condemnation, how conducted, etc.—Whenever the common council or other governing body of any such city shall by ordinance as aforesaid, declare that it is necessary or convenient or desirable to acquire any real property for any such public use, it shall describe such property as nearly as may be convenient in such ordinance, and state the use to which it is proposed to devote such property, and direct the city attorney to take the appropriate proceedings in the proper course for the condemnation of the same, and direct the city engineer to make and present to the common council, or other governing body, such plat and survey of said real estate as will show the property to be taken, and the owner of each parcel thereof according to the records in the office of the register of deeds of such county, and to accompany such plat and survey with such report as will fully explain the situation of such property, and such report may contain any other pertinent statement which the engineer deems best. The common council, or other governing body of such city may cause such plat and survey to be modified or amended as it may deem proper, and when satisfied with said plat and survey may adopt the same and direct a copy of such plat and such ordinance to be filed in the office of the register of deeds of the county in which such land is situate. Such copy of the plat and ordinance when so filed shall operate as notice of the pendency of an action by said city against each piece or parcel of land therein described for the condemnation thereof. The city attorney shall thereupon apply to the district court in and for such county for the appointment of three commissioners to appraise the property so to be taken and the damage for such taking. He shall give a notice of such application in which he shall specify the time and place of application, and in a general way describe the property proposed to be taken, and shall name the owners of such property so far as known to him, but failure to name all or any of the owners correctly shall in no wise affect the proceedings. Such notice shall be served by one publication of the same in the official paper of the city at least twenty days before the date fixed for such application, and a copy of such notice shall at least twenty days before the date fixed for such application be served upon any person or corporation in possession of any parcel therein described, and upon each person or corporation who appears by the records in the office of the register of deeds of the county in which such city is situated, to be interested in any of said parcels, and who can be

found in such county, in the same manner as a summons is served in a civil action. At the time and place named in said notice, or at a duly adjourned time and place, upon proof of the publication of said notice as aforesaid, the court shall appoint three commissioners, all of whom shall be freeholders and electors of the county in which said city is situate, who shall have cognizance of all cases named in such application, and shall have power to appraise the value of all property therein described, and the damages for the taking of the same. The city attorney shall forthwith by written notice, notify said commissioners personally of their appointment, and request them to attend at his office on or before a day fixed by him not less than two days after the service of such notice, to qualify and enter upon their duties, and if any commissioner shall refuse or neglect to attend as aforesaid, the mayor of the city shall in writing appoint one or more commissioners in the stead of the said absentees, and shall file such appointment with the clerk of the court which appointed such original commissioners. Said commissioners shall thereupon, and before entering upon the duties of their office, severally take and subscribe an oath to the effect that they are freeholders and electors of the county in question and in no wise interested in any property to be affected by said proceedings, and that they will faithfully perform their duty as such commissioners without partiality and to the best of their knowledge and ability, which oath shall be filed in the office of the clerk of said court. The commissioners shall thereupon give at least twenty days' notice, by one publication in the official paper of the city, of the time and place where they will attend to make an assessment of damages in said proceedings. Such meeting may be adjourned from time to time without further publication of notice. It shall be the duty of the city attorney to serve a copy of such notice at least four days before the date named in such notice upon all persons or corporation over whom the court shall acquire jurisdiction, and who shall serve notice upon the city attorney of their appearance in such proceedings. Such notice shall be served in the manner provided by statute for the service of notices and other papers in civil actions, and may be made upon the party or his attorney. At the time and place named in said notice, or at an adjourned time and place, the said commissioners, or a majority of them, after viewing the property involved and hearing the evidence offered, shall make through an impartial appraisement an award of compensation and damage to be paid for each tract or parcel of land to be taken or damaged, but if the remainder of any parcel or piece of property of which a part only is to be taken or damaged shall be benefited by such proposed improvement, then the commissioners in considering and awarding such compensation and damages, shall consider, determine and offset the proportionate benefits which will accrue to the remainder of such parcel not so taken and belonging to the same owner as does the part taken, and shall award only the excess, if any, of the compensation or damages over or above the benefits. Such report shall be in writing, signed by the commissioners, or a majority of them, and filed with the clerk of the court as soon as completed. Upon the filing of such report, the commissioners shall give notice thereof by one publication in the official paper of the city. Such published report shall contain a description of the several parcels of land taken or damaged for such public use and the respective awards therefor. A copy of such notice shall within ten days thereafter be served upon the city

attorney and upon all parties who have appeared in said proceedings, and such notice shall be served in the manner provided by statute for the service of notices and other papers in civil actions, and may be made upon the party or his attorney. Any person or corporation interested in any property described in said report or the city in question may appeal from any award therein at any time within thirty days after the publication of said notice by filing with the clerk of the district court which appointed said commissioners notice of appeal signed by the party or his attorney taking the same, and describing the party the property in which he is interested and the award to which he objects. An appeal made from any award shall in no wise affect an award not appealed from. The clerk shall enter the appeal as an action in said court; there shall be no pleadings therein and such appeal shall be tried as other causes originally commenced in said court are tried and judgment rendered therein. From such determination an appeal may be taken to the supreme court of the state. After said commissioners shall file said report and publish said notice thereof as aforesaid the court shall allow the commissioners such reasonable compensation for their services as it shall deem best, which shall be paid by the city seeking to condemn said property as aforesaid. Whenever an award of damages shall be made and filed as aforesaid, and not appealed from, in any proceedings for the taking of property, under this act, or whenever the court shall render final judgment in any appeal from any such award, the rights of all parties shall be finally fixed and determined thereby and the same shall constitute a lawful and sufficient condemnation and appropriation to the public use of the land for which damages are so awarded and every right, title and interest therein and thereto, and every other lien thereon shall be thereby directed and such city shall become vested with the title to, and become the owner of, the property taken or condemned absolutely for all the purposes for which said city may ever use the same; and such city shall be bound to, and shall within one year of the time of such final determination pay the amount of such award with interest thereon at the rate of five per cent. per annum from the date of the final award or judgment of the court, as the case may be, and if not so paid judgment therefor may be had against the city. In case there shall be any doubt as to who is entitled to such compensation or damages, or any part thereof as may be awarded, the amount so awarded, and in doubt or dispute shall be by the common council or other governing body of such city appropriated and set apart in the city treasury for whoever shall establish his right thereto by some judicial proceedings. Before payment of any such award the owner of such property, or the claimant of the award, shall furnish satisfactory evidence of his right to such award. Any such city may by ordinance passed by a three-fourths vote of all the members of its common council or other governing body, at any time within twenty days after any commissioners appointed by the court hereunder shall file their report with the clerk of said court, or in case of an appeal within twenty days after final determination thereof, abandon such proceedings and shall thereupon pay the costs thereof. Upon the completion of any proceedings under this act for the acquisition of any property by any such city, the mayor or other executive head of such city shall cause an accurate description of the property so taken to be prepared, together with a statement of the amount of damages, if any, awarded or paid, or to

be paid to each owner thereof and shall sign and acknowledge the same as such mayor or executive head, and cause the same to be recorded in the office of the register of deeds of the county in which such property is situated, and it is hereby made the duty of such register of deeds, upon being paid his statutory fees, to record such statement in some appropriate book in his office. Such record or duly certified copy thereof shall be prima facie evidence that the city in question is the owner of the property described therein by good and perfect title. ('09 c. 485 § 3) [1551]

Said plat shall also show the amount of land taken from each owner, so far as the owners may be known, and the lands contiguous to such improvements.

The city council shall then or afterwards appoint five freeholders of said city, no two of whom shall reside in the same ward, as commissioners, to view the premises and to ascertain and award the amount of damages and compensation to be paid to the owners of property which is to be taken or injured by such improvement, and to assess the amount of such damages and compensation and the expense of the improvement upon the lands and property to be benefited by such improvement, and in proportion to the benefits to be received by each parcel and without regard to a cash valuation.

Three or more commissioners shall constitute a quorum and be competent to perform any duty required of such commissioners; and they shall be notified of their appointment, and vacancies in their number shall be filled by the city council, and they shall be sworn to the faithful discharge of their duties. They shall give notice by two publications in the official paper of said city that such survey and plat is on file in the office of the city clerk, for the examination of all persons interested, and that they will on a day designated in such notice, which shall be at least ten days after the first publication of such notice, meet at a place designated in said notice on or near the proposed improvement, and view the property proposed to be taken or interfered with for the purposes of such improvements, and ascertain and award therefor compensation and damages, and view the premises to be benefited by such improvement, and assess thereon in proportion to benefits, amount necessary to pay such compensation and damage and the cost of making the improvement, and that they will then and there hear such allegations and proofs as interested persons may offer. Any such commissioners shall meet and view the premises pursuant to such notice, and may adjourn from time to time, and, after having viewed the premises, may, for the hearing of evidence and preparation of their award and assessment, adjourn or go to any other convenient place in said city, and may have the aid and advice of the city engineer and of any other officer of the city, and adjourn from time to time. After viewing the premises and hearing the evidence offered, such commissioners shall prepare and make a true and impartial appraisal and award of the compensation and damages to be paid to each person whose property is to be taken or injured by the making of such improvement; but if the remainder of the same property, a part of which only is to be taken or damaged by such improvement, shall be benefited by such improvement, then the commissioners, in considering and awarding compensation and damages, shall also consider, estimate and offset the benefits which will accrue to the same owner, in respect to the remainder of the same property, and award him only the excess of the compensation or damages over and above such benefits.

The said commissioners shall then assess the amount of such compensation and damages so awarded upon the land and property benefited by such proposed improvements, together with the expense and cost of making the improvements as fixed by the city council, and in proportion to such benefits, but in no case shall the amount of such assessment exceed the actual bene-

fit to the lot or parcel of land so assessed, deducting therefrom any damages or injuries to the same parcels which are less than such benefits, and assessing only the excess, and prepare and report to the city council their appraisal and award, and if in the judgment of said commissioners the whole amount of such compensation and damages, together with the cost of making such improvement, shall exceed the actual benefit to the specific property subject to assessment, they shall so indicate in their report and shall state the amount of such excess. Said commissioners shall also report to the city council an assessment list containing their assessment of such compensation, damages, and costs, or so much thereof as shall not exceed the actual benefits to the property so assessed, which list shall contain a brief description of each tract or parcel of property assessed, the name or names of the owners thereof, if known, and the amount assessed against each parcel of property and the amount of the excess of such compensation, damages and costs as aforesaid, which they shall return unassessed.

The commissioners may employ clerical assistance, and the cost thereof, as well as the commissioners' compensation, and the expenses of printing the notices required, including, among others, the notice of consideration by the city council, hereinafter referred to, estimated at the same rate per line as the cost of printing the prior notices, shall be added to the other amounts to be assessed and shall be assessed therewith. The city attorney shall represent the city before the commissioners and produce such evidence as the case may require.

The city council, may, however, provide by the resolution appointing such commissioners that a certain specified percentage, not exceeding thirty-three and one-third (33 1/3%) per cent, of the total damages and cost of improvements, shall in any case be payable out of the city's general funds, and in that case the city's share shall be added to the amount of the certificates to be issued and sold under Section 10, and the city council shall from year to year levy a sufficient tax upon the taxable property of the city to pay the same, with interest. In such case the amount provided to be paid out of the general funds shall not be assessed.

Said commissioners shall, upon the completion of their said report, file the same with the city clerk and thereupon it shall be the duty of said city clerk to give notice to all interested parties by publishing, as soon as possible, in the official paper of said city a notice containing descriptions of the several lots and parcels of land taken for such proposed improvements, the amount awarded for the taking of each such lot or parcel, the names of the owner or owners of the same, descriptions of the several lots or parcels of land upon which benefits have been assessed, the amount assessed against each such lot or parcel and the names of the owner or owners of the same; the names of all owners referred to herein to be obtained from said commissioners, and, so far as may be necessary, from the records in the office of the county treasurer. Said published notice shall also designate and fix a place and time, not earlier than three weeks from date of publication of the same, at which a committee therein designated of the board of park commissioners or of said council will meet to hear and consider, from or on the part of the owner or owners of the several lots or parcels of land taken for such proposed improvement and of the several lots or parcels of land upon which benefits have been assessed, any and all objec-

tions to the making of such improvement, to the amount of damages awarded for the taking of or interference with the property involved, to the amount of the assessment for benefits to any property affected by such proceeding, and any and all claims of irregularities in the proceedings of the city council, board of park commissioners, or the commissioners so appointed by either thereof.

Immediately after the publication of such notice and at least two weeks prior to the time designated for the meeting of the committee specifically designated in said notice, the city clerk shall serve upon each of the owners of the several lots or parcels of land taken for such proposed improvement and of the several lots or parcels of land upon which benefits have been assessed, a copy of said published notice, by depositing the same in the postoffice of said city, postage prepaid in an envelope plainly bearing on its front in type no smaller than ten point the words "Notice of Tax Assessments for improvements affecting your property" directed to each of said persons at his last known place of residence, if known, to said city clerk, otherwise as obtained from the records in the office of the county treasurer; provided that the failure of any of such owner or owners to receive such notice shall not in anywise operate to invalidate any of the proceedings covered by this act.

Any person whose property is proposed to be taken, interfered with, or assessed for benefits, under any of the provisions of this chapter, and who objects to the making of such improvement, or who deems that there is any irregularity in the proceedings of the city council, or on the part of the commissioners so appointed by it, by reason of which the award of said commissioners ought not to be confirmed, or who is dissatisfied with the amount of damages awarded to him for the taking of or interference with his property, or with the amount of the assessment for benefits to any property affected by such proceedings, shall file with said city clerk, at least one week before the hearing designated in such published notice, his written objection to the making of such improvement, or his objection to the damages awarded or benefits assessed, or his claim of said irregularities, specifically designating the same, and a description of the property affected by such proceedings.

At the time and place designated by such published notice for said hearing the city clerk shall present to said committee the report of the commissioner so appointed together with all written objections so filed with said city clerk and such committee shall then consider the same and hear said objectors, or their representatives, in person, and shall adjourn said hearing from time to time as may be necessary.

Within ten days from the conclusion of said hearing or hearings said committee shall file with said city clerk its report and recommendation on the matter so submitted, and upon such filing the city clerk shall give notice that such report and recommendation has been filed and that the same, together with said report of said commissioners, will be considered by said city council at a meeting thereof to be designated in said notice, which notice shall be published in the official newspaper of said city once a week for two consecutive weeks, the last publication thereof being at least two weeks before said meeting of said city council.

Said city council, upon the day fixed for the consideration of said reports and recommendation or at any subsequent meeting to which the same may stand over or be referred, may by resolution annul and abandon said proceeding, or may confirm such awards and as-

sessments, or any or either thereof, or annul the same, or send the same back to said commissioners for further consideration; and said commissioners may in such case again meet at a time and place to be designated in a notice which shall be published by said city clerk once in the official newspaper of said city and copies of which shall be similarly mailed by said city clerk to all interested persons, at least two weeks prior to said meeting, and hear any further evidence that may be adduced by interested persons, and may adjourn from time to time, and may correct any mistakes in such award and assessment and alter and revise the same as they may deem just, and again report the same to said city council, who may thereupon confirm or annul the same.

Whenever the city council shall confirm any such award and assessment such confirmation shall make such award and assessment final and conclusive upon all parties interested, except as hereinafter provided, and the city council shall proceed, at the same or at any subsequent meeting, to levy such assessment upon the several parcels of land described in the assessment list reported by the commissioners, in accordance with the assessment so confirmed, and cause to be made and adopted an assessment roll of the same, which may be in the following form, or any other form the council may adopt:

"The city council doth hereby assess and levy upon and against the several lots and parcels of land below described the respective sums of money set against each lot or parcel. This assessment is made to defray the compensation and damages awarded for the taking of an injury to private property, and estimated cost of improvement, and in and about the as shown on the plat and survey of the same on file in the office of the city clerk of said city. This levy is made conformably to the report and assessment of commissioners duly appointed to make such assessment and in proportion to benefits from such improvements to accrue to the parcels and not exceeding the benefits to the parcels so assessed.

1554. Same—Objections to confirmation of assessments, etc.—Appeal to district court—Reappraisal—Appeal to Supreme Court—Any person whose property is proposed to be taken, interfered with or assessed for benefits under any of the provisions of this chapter, and who deems that there is any irregularity in the proceedings of the council or action of the commissioners, by reason of which the award of the commissioners ought not to be confirmed, or who is dissatisfied with the amount of damages awarded to him for the taking of or interference with his property or with the amount

of the assessment for benefits to any property affected by such proceedings, specifically shall have the right to appeal from such order of confirmation of the city council, to the district court of the county at any time within twenty days after such order. Such appeal shall be made by serving a written notice of such appeal upon the city clerk of said city, which shall specify the property of the appellant affected by such award and assessment, and refer to the objection filed as aforesaid, and also by delivering to said city clerk a bond to the city, executed by the appellant, or by someone on his behalf, with two sureties, who shall justify in the penal sum of fifty dollars, conditioned to pay all costs that may be awarded against the appellant. Thereupon the city clerk shall make out and transmit to the clerk of said district court a copy of the award of said commissioners, as confirmed by the council, and of the order of the council confirming the same, and of the objection filed by the appellant as aforesaid, all certified by said clerk to be true copies, within ten days after the taking of such appeal. But if more than one appeal be taken from any award, it shall not be necessary that the clerk in appeals subsequent to the first, shall send up anything except a certified copy of the appellant's objections. There shall be no pleading on such appeal but the court shall determine in the first instance whether there was in the proceedings any such irregularity or omission of duty prejudicial to the appellant and specified in his said written objections, that as to him the award or assessment of the commissioners ought not to stand and whether said commissioners had jurisdiction to take action in the premises.

The case may be brought on for hearing on eight days' notice, at any general or special term of the court, and shall have precedence of other civil cases, and the judgment of the court shall be either to confirm or annul the proceedings only as the same affects the property of the appellant proposed to be taken, damaged or assessed for benefits and described in said written objection, from such determination no appeal or writ of error shall lie.

In case the amount of damages awarded or assessment made for benefits is complained of by such appellant, the court shall, if the proceedings be confirmed in other respects, upon such confirmation, appoint three disinterested freeholders, residents of said city, commissioners to re-appraise such damages or benefits. The parties to such appeal shall be heard by said court upon the appointment of such, and the court shall fix the time and place of the meeting of such commissioners. They shall be sworn to the faithful discharge of their duties as such commissioners, and shall proceed to view the premises and to hear the parties interested, with their allegations and proofs pertinent to the question of the amount of such damages or assessments. Such commissioners shall be governed by the same provisions in respect to the method of arriving at the amount of damages and the offset thereto of benefits to other property of the same owners, and in all other material respects, as are in this chapter made for the government of commissioners appointed by said city council. They shall, after such hearing and view of the premises make report to said court of their appraisal of damages or assessments of benefits in respect to such appellant. The award or assessment of such commissioners shall be final unless set aside by the court for good cause shown. In case such report is set aside, the court may, in its discretion, recommit the same to the same commissioners or ap-

point a new board as it shall deem best. Said court shall allow a reasonable compensation to such commissioners for their services, and make such award of costs on such appeal, including the compensation of such commissioners as it shall deem just in the premises.

In case the court shall be of opinion that such appeal was frivolous or vexatious, it may adjudge double costs against such appellant.

An appeal may be taken from the court's final order to the supreme court by the city or any party thereto.

In case of proceedings conducted by the city council all reports and other papers shall be filed in the office of the city clerk, and notices of appeal and other notices to the city shall be served upon the city clerk. In case of proceedings conducted by the board of park commissioners, all papers shall be filed in the office of the secretary or other recording officer of the board, and all notices of appeal and other notices to the city shall be served upon the secretary or other recording officer of the board. 1555. Same—Awards—How paid—Assessments—

Whenever any award or awards of damages made to appellants upon any such appeal or appeals to the district court shall exceed the amount of the award or awards appealed from, and when any assessment or assessments of benefits made in respect to any appellant or appellants upon such appeal or appeals shall be less than the amount of the assessment or assessments of benefits appealed from, the amount of such increase in the amount of said award or awards of damages and the amount of such decrease in such assessment or assessments of benefits may be paid by the city from the permanent improvement fund or any fund of the city available therefor, or the city council may cause the same to be assessed upon and against any property benefited by the proposed improvements in addition and without prejudice to prior assessments made thereon in said proceedings, and may refer the matter to the commissioners theretofore appointed by the council in such proceeding or to new commissioners to be appointed by the city council. Such commissioners, whether new or old, shall have the same qualifications as required of commissioners appointed by Section 1553 hereof and such commissioners shall take oath to faithfully discharge their duties as such commissioners and give notice of the time and place when and where they will meet to hear persons interested and assess the amounts of such increase of awards of damages and decrease of assessments of benefits upon the land and property, theretofore assessed for such benefits, or assess benefits on lots or parcels of land not theretofore assessed for benefits in said proceeding. Said notice, as to the owner or owners of the lots or parcels of land entitled to increase of awards upon any such appeal or appeals, and as to the owner or owners of any lots or parcels of land to be then assessed for benefits that were not so assessed in the original proceeding by said commissioners, shall be given by said commissioners by depositing the same in the postoffice of said city, postage prepaid, directed to each of said persons at his last known place of residence, if known to said commissioners, otherwise as obtained from the office of the county treasurer; provided that the failure of any such owner or owners to receive such notice shall not in anywise operate to invalidate any of the proceedings covered by this act. Such commissioners

shall meet at the time and place so designated in their notice and hear all persons interested and assess the amount of such increased awards of damages and decreased assessments of benefits, or new and original assessments of benefits, upon the property benefited by such proposed improvements, in proportion to such benefits, but in no case shall the amount of such assessment exceed the actual benefit to the lot or parcel of land so assessed, and said commissioners shall prepare and file with the city clerk an assessment list of the assessment so made by the commissioners, containing a brief description of each piece of property assessed, the name of the owners thereof if known, and the amount assessed against the same, and said city clerk shall present such list to the city council for consideration. A brief minute of the presentation of such assessment list to the city council shall be made and published in the record of the proceedings of the city council, which shall be held to be sufficient notice to all persons concerned. Such assessment list shall lie over without action thereon by the city council until the next regular meeting of the council which will occur at least one week thereafter, at which time or at any meeting thereafter the city council may confirm such assessments and assessment roll, or send the same back to the commissioners for further consideration and report thereon. Any person interested who is dissatisfied with the amount of any such assessment may appeal from the confirmation of such assessment by the city council to the district court, in like manner and with like proceedings as provided in Section 1554 hereof in respect to filing objections and taking appeals from original appeals made in such proceedings from such order of confirmation. Any decrease made in any such assessments upon any such appeals may be paid by the city from the permanent improvement fund or from any fund of the city available therefor, or said city council may cause the same to be reassessed as hereinabove provided. 164-226, 204+934.

1556. Right of council to abandon—Effect of award—Payment—The city council shall have the right at any time during the pendency of any proceedings for the improvements authorized in this act, or at any time within ninety (90) days after the final order of the court, on the last of all appeals from such proceedings, to set aside any or all awards and abandon all such proceedings as to any or all parcels whenever it shall deem it for the interest of the city to do so. Such awards, if not set aside as aforesaid, shall be a charge upon the city, for the payment of which the faith and credit of the city shall be pledged and shall entitle the city to immediate possession. The city council may in its discretion order such awards to be paid into the district court of the county for the use and benefit of the persons who shall be found entitled thereto, in which case the moneys so paid into court shall be paid out under order of the court upon application of parties interested and upon such notice as the court may prescribe. 1557. Spreading of assessment—Installments—The city clerk shall transmit a certified copy of such assessment roll to the county auditor of the county in which the land lies, and the county auditor shall include 5 per cent of the principal amount of such assessment with and as part of the taxes upon each parcel for each year

for twenty years, together with annual interest at the rate ascertained, as hereinafter provided. The city council and board of park commissioners may, however, by such concurrent resolution, determine that the amount of such assessment shall be collected in five or ten equal annual installments instead of twenty, and in such case the county auditor shall include a corresponding per cent of the principal amount of such assessment with and as part of the taxes of each year, together with such annual interest until the whole is collected. With the first installment the auditor shall include interest upon the entire assessment from the date of the assessment to the time when the tax books including the first installment are delivered by the county auditor to the county treasurer, and thereafter the auditor shall include in the taxes for each year one of such installments, together with one year's interest upon such installment, and all subsequent installments at the same rate, each of which, together with such interest, shall be collected with the annual taxes upon such land, together with like penalties and interest in case of default, all of which shall be collected with and enforced as the annual taxes and credited to the proper city fund. Any parcel assessed may be discharged from the assessment at any time after the receipt of the assessment by the county auditor by paying all installments that have gone into the hands of the county treasurer as aforesaid, with accrued interest, penalties and costs, as above provided, and by paying all subsequent installments; or any parcel assessed may be discharged from the assessment by presenting certificates or bonds sold against such assessments as herein provided sufficient in amount to cover all installments due on such parcel and accrued interest, penalties and costs, and all installments yet to accrue, by surrendering such certificates or bonds to the county treasurer for cancellation or having endorsed thereon such installments, interest, penalties and costs. Said assessment shall be a lien on the land from the time of the making thereof as against the owner and every person in any way interested in the land. The owner of the land and any person interested therein may defend against such assessment at the time of application for judgment in the regular proceedings for the enforcement of delinquent taxes, but such assessment shall not be deemed invalid because of any irregularity, provided the notices have been published substantially as required, and no defense shall be allowed except upon the ground that the cost of the improvement is substantially less than the amount of the assessment, and then only to the extent of the difference between the assessment and the actual cost. Assessments made under this act shall be called special street and parkway assessments of the city of..... and numbered consecutively. Whenever an assessment is certified as aforesaid by the city clerk to the county auditor, a duplicate thereof shall be sent to the city comptroller, and all such assessments shall be sufficient identified by the name and number as aforesaid. ('11 c. 185 § 5; amended '13 c. 345 § 4; '17 c. 103 § 3) [1570]

136-1, 161+231; 140-435, 168+189; 142-309, 172+135. 164-226, 205+640.

1558. Same—Method of improvements—Assessments—The City Council and park commissioners may by such concurrent resolution, or by separate resolution when acting separately specify the method of improving any such street, park or parkway, including grading, drainage, planting, paving, curb, gutter and sidewalk, as well as sewer and water mains where necessary, and in the case of parks, the necessary structures

and apparatus for playgrounds and general park uses. The city engineer shall estimate the cost of each item in such improvement separately and submit the estimate with the plat. Such estimates shall be for not to exceed six-inch water mains and not to exceed twenty-four inch sewers. The city council shall examine such estimates and after modifying, if necessary, find and adopt an estimate of such cost. The city council, in appointing commissioners, shall recite said estimate, and the commissioners shall assess the amount thereof or so much thereof as shall be directed by the city council, upon such lots and parcels of land in the city as they shall deem specifically benefited in proportion to such benefits, and not exceeding the actual benefit to any parcel, and add the same to the benefits assessed under section 1553 of this act and report the net result of damages or benefits as required by said section 1553, and with like proceedings thereafter. Provided that if in any proceedings under this act the actual cost of the improvement of any such street, park or parkway in the manner herein designated is less than the estimated cost thereof as found and adopted by the city council, the city council shall immediately cancel and annul the assessments made in any such proceedings to an amount which in the aggregate shall not exceed such fractional part of the total amount of such excess of estimated cost over actual cost as shall be equivalent to the fraction obtained by dividing the total amount of such assessments by the total amount of such estimated cost. In case the assessments in any such proceeding have not been entirely collected, or in case the city council deem that any such assessments can not be fully collected, the city council may direct the city comptroller to retain in the fund in such proceeding a sum sufficient, in the judgment of said city council, to cover the deficiencies in the collection of such assessments, and the city council shall direct that the balance of such excess of estimated cost shall be disposed of in the manner hereinafter provided. The city council shall direct the city comptroller to certify the amount of such balance to the county auditor. The county auditor shall thereupon deduct such amount from the first installment of the assessment to be collected after the receipt of such certificate. Such deduction shall be made from the assessment against each piece or parcel of property in the proportion that such excess as certified by the city comptroller bears to the total of such installment of the assessment. If such balance as certified exceeds one installment, it shall also be deducted in like manner from succeeding installments until the same is fully deducted. Provided further that if any portion of the damages and cost of such improvement has been paid by the city, the city council shall direct the city comptroller to certify to the county auditor only such percentage of such balance or excess of estimated cost as shall be equal to the percentage of the total estimated cost of the improvement and damages which has been or is assessed against benefited property. No such certificate shall be directed by the council or issued to the county auditor until after a report from the city engineer that the work under any such proceeding has been completed and each item of damage or cost in said proceeding has been paid, and such report by the city engineer shall be made to the city council immediately upon the completion of the work in any such proceeding. In any such proceeding where there is or may be such an excess of estimated cost, and there is or shall be a balance in the fund in such proceeding over and above the actual cost, the city council shall

be entitled to withdraw from such fund a percentage of such fund equal to the percentage of the cost of such improvement paid by the city, and cause such percentage to be deposited in the fund from which it was originally drawn or taken by such city council. Any existing street, park or parkway may be improved and the expense thereof assessed and raised in the manner provided by this act for acquiring and opening streets, parks and parkways and improving the same, including any or all of the following improvements, to-wit, widening, grading, drainage, planting, pavement, sidewalks, curb and gutter, sewers and water mains, and in the case of parks, the necessary structures and apparatus for playgrounds and general park uses. In case of streets or parkways exceeding eighty (80) feet in width, the resolution may, for the purpose of facilitating connections with private property, and obviating the necessity of cutting or breaking into the improvements, order a double water main or a double sewer, one on either side of the street or parkway, or adopt such other arrangement or device as may seem most feasible. ('11, c. 185, § 6; amended '13, c. 345, § 3; '17, c. 103, § 4; '23, c. 438, § 1; '25, c. 417, § 4) [1571]

136-1, 161+231; 140-435, 168+189; 142-309, 172+135; 188+54; 188+59.

164-226, 205+640.

Under chapter 281, Sp. Laws 1883, chapter 96, Sp. Laws 1885, and chapters 30 and 103, Sp. Laws 1889, the park board of the city of Minneapolis had power to exempt land from special assessments, provided the exemption was limited to the agreed price or reasonable value of the land acquired in consideration of the exemption of the remainder of the tract. 157-278, 195+1013.

The owner of a tract of land agreed to convey a portion of the tract to a city, to be used for public pleasure drives, parkways, and boulevards, and to be laid out, graded, and embellished according to certain plans. The contract provided that the remainder of the tract should not be subject to future assessments "for any part of the expense of such improvement or the maintenance thereof." Held that under the rule of strict construction applicable to such contracts the exemption did not extend to a special assessment for paving a boulevard after it had been laid out, graded and put in condition for public use. 157-278, 195+1013.

1559. Assessments in five installments—Where lands are acquired hereunder for streets, parks and parkways and the total cost thereof shall be less than three thousand dollars (\$3,000), the amount of the assessment therefor shall be collected in not more than five equal annual installments. ('11 c. 185; amended '17 c. 103 § 3; '19 c. 219)

1560. Title acquired—The title obtained to land designated for park purposes under this act shall be an absolute estate in fee simple unqualified in any way whatever, and shall vest in the city. In other lands an easement only shall be taken. ('11 c. 185 § 7) [1572]

136-1, 161+231; 142-309, 172+135

1561. Streets, parks and parkways, how governed, etc.—When the proceedings are completed, the streets, parks and parkways shall be governed as other streets, parks and parkways by the city council and board of park commissioners respectively; but such streets may be taken by the board of park commissioners for parkways with the consent of the city council and parkways may be taken by the city council for streets with the consent of the board of park commissioners. ('11 c. 185 § 8) [1573]

1562. Improvements, when and how made—The improvements so ordered shall be made as soon as possession after the land is secured, and shall be made by the body which conducts the proceedings for acquisition. ('11 c. 185 § 9) [1574]

1563. Same—Bonds for improvements—The city council, for the purpose of realizing the funds for making such improvement and paying such damages may, from time to time as may be needed, issue and sell special certificates of indebtedness, or special street or parkway improvement bonds, as they may decide, which shall entitle the holder thereof to all sums realized upon any such assessment, or if deemed advisable, a series of two or more certificates or bonds against any one assessment, or against the assessments in two or more different proceedings, the principal and interest being payable at fixed dates out of the funds collected from such assessments, including interest and penalties, and the whole of such fund or funds is hereby pledged for the pro-rata payment of such certificates or bonds and the interest thereon, as they severally become due. Such certificates or bonds may be made payable to the bearer, with interest coupons attached, and the city council may bind the city to make good deficiencies in the collection up to, but not exceeding, the principal and interest at the rate fixed as hereinafter provided and for the time specified in section 1557. If the city, because of any such guaranty, shall redeem any certificate or bond, it shall thereupon be subrogated to the holder's rights. For the purpose of such guaranty, penalties collected shall be credited upon deficiencies of principal and interest before the city shall be liable. Such certificates or bonds shall be sold at public sale or by sealed proposals at a meeting of which at least two weeks' published notice shall be given, to the purchaser who will pay the par value thereof at the lowest interest rate, and the certificates or bonds shall be drawn accordingly, but the rate of interest shall in no case exceed five per cent per annum, payable annually or semi-annually. The city clerk shall certify to the county auditor the rate of interest so determined at the first bond sale held for any such improvement, and interest shall be computed upon the assessments at such annual rate, in accordance with the terms of section 1557. In case the rate of interest so determined at any subsequent bond sale for the same improvement is greater than the rate so determined at the first bond sale therefor, the difference between such rates of interest shall be a general city charge.

In case the proceeds of any such special certificates of indebtedness or special street or parkway improvement bonds are in excess of the amount actually necessary to make the improvements for which the same were issued, or in case such proceeds are not immediately required for the prosecution or completion of such improvement, such proceeds may meanwhile be used by the City Council for the making of other improvements authorized under the provisions of this law, and the amount of such proceeds so used shall be replaced and made good so far as may be necessary from the proceeds of special certificates of indebtedness or special bonds issued for the purpose of making such other improvements. ('13 c. 295 § 2) [1603]

1583. Not, however, exceeding in the aggregate two hundred fifty thousand dollars (\$250,000) par value. Said bonds may be issued and sold by any such city notwithstanding any limitation contained in the charter of such city or in the laws of this state prescribing or fixing any limit upon the bonded indebtedness of such city, but the full faith and credit of any such city shall at all times be pledged for the payment of any bonds issued under this act and for the current interest thereof, and the common council or city council of such city shall each year include in the tax levy for such city a sufficient amount to provide for the payment of such interest and for the accumulation of a suitable sinking fund for the redemption of such bonds at their maturity, in case the revenues derived from the sale of ice prove insufficient for that purpose. No bonds shall be issued hereunder by any such city for the purpose herein authorized, to run for a longer period than thirty years or bearing a higher rate of interest than five per cent per annum, but the place of payment of the principal and interest thereon and the denominations in which the same shall be issued shall be such as may be prescribed by the common council or city council, and may be in the form of coupon bonds or registered certificates, so-called. All such bonds shall be signed by the mayor, attested by the city clerk, and countersigned by the comptroller, and shall be sealed with the seal of such city; provided, that the signatures to the coupons attached to such bonds, if any, may be lithographed thereon, and none of said bonds shall be sold at less than their par value and accrued interest, and then only to the highest responsible bidder therefor. ('13 c. 305 § 3) [1608]

The first board shall serve for one, two, three, four, and five years, respectively, as designated by the mayor, and thereafter the term of each shall be five years, and until his successor qualifies. The mayor or council may request such commission to pass upon the design of any municipal building, bridge, approach, gate, fence, lamp, or other structure to be erected upon any public ground of the city, and upon any proposed grading, platting, or laying out of public grounds or ways; and in such cases the decisions of the commission shall be binding, and shall be obeyed. If the commission shall fail to decide upon any matter within sixty days after such request, its decision may be dispensed with, and in cases of emergency the mayor or council may prescribe a shorter time. The term "work of art," as used herein, shall embrace all paintings, mural decorations, stained glass, statues, bas-reliefs or other sculptures, monuments, fountains, arches, gates, and other permanent structures for ornament or commemoration. of the property involved, acquired by condemnation proceedings subsequent to the making of the contract. 167-453, 209+323.

1619. Council given power of eminent domain—The council shall first designate the restricted residence district, and shall have power to acquire by eminent domain the right to exercise the powers granted by this act by proceedings hereinafter defined, and when such proceedings shall have been completed the right to exercise such powers shall be vested in the city. ('15 c. 128 § 2)

1620. Appraisal of damage—The council shall appoint five appraisers who shall be disinterested qualified voters of the city, and none of whom shall be a resident of the ward or wards in which any part of the district so designated is situate, to view the premises and appraise the damages which may be occasioned by the establishment of such restricted residence district and by the exercise by the city of the powers herein granted.

Said appraisers shall be notified as soon as practicable by the city clerk, as the case may be, to attend at a time fixed by him, for the purpose of qualifying and entering upon their duties. Whenever a vacancy may occur among said appraisers by neglect or refusal of any of them to act or otherwise, such vacancy shall be filled by the council.

Second. The appraisers shall be sworn to discharge their duty as appraisers in the matter with impartiality and fidelity; and to make due return of their acts to the council.

Third. The appraisers shall give notice, by publication in the official newspaper of the city, once a week for two consecutive weeks, which last publication shall be at least ten days before the day of such meeting, which notice shall contain a general description of the lands designated by the council, and give notice that a plat of the same has been filed in the office of the city clerk, and that said appraisers will meet at a place and time designated in the notice, and thence proceed to view the premises and appraise the damages which may be occasioned by the establishment of such restricted residence district and by the exercise by the city of the powers herein granted, and to assess benefits in the manner hereinafter specified.

Fourth. The city clerk shall, after the first publication of such notice, and at least six days (Sundays excluded) prior to the meeting specified in said notice, serve upon each person in whose name each tract or parcel of said land is then assessed, a copy of said notice by depositing the same in the postoffice of said city, with postage prepaid, directed to such person at his place of residence, if known to the city clerk, but if not known, then to his place of residence as given in the last published city directory of said city, if his name appears therein.

After the first publication of said notice, and at least six days (Sunday excluded) prior to the meeting specified in said notice, a copy of the same shall also be served upon the person in possession of each of said tracts or parcels of land, or some part thereof, if the same be actually occupied, in the same manner as provided for the service of summons in a civil action in the district court. A copy of all subsequent notices relating to said proceedings which are required to be published, shall be mailed by said clerk in the manner above specified, immediately after the first publication thereof, to such persons as shall have appeared in said proceedings and requested in writing that such notice be mailed to them.

Fifth. At the time and place mentioned in the notice, the said appraisers shall meet and thence proceed to view the premises, and may hear the evidence or proof offered by the parties interested, and may adjourn from time to time for the purposes aforesaid. When their view and hearing shall be concluded they shall determine the amount of damages, if any, suffered by each piece or parcel of land of which each piece or parcel of land in the district is a part. They shall also determine the amount of benefits, if any, to each such piece or parcel of land. If the damages exceed the benefits to any particular piece, the excess shall be awarded as damages. If the benefits exceed the damages to any particular piece, the difference shall be assessed as benefits, but the costs of the proceedings, including printers' fees, appraisers' fees, cost of serving notices and other expenses, shall be added to the amount to be assessed. The total assessments for benefits, however, shall not be greater than the aggregate net award of damages, including the costs of the proceedings as above provided; and in every case the benefits assessed upon the several parcels shall be in proportion to the actual benefits received, and no assessment upon any particular piece shall exceed the amount of actual benefits after deducting the damages, if any. (Amended '19 c. 297)

151-115, 186+292.

Sixth. If the land and buildings belong to different persons, or if the land be subject to lease, mortgage or judgment, or if there be any estate less than an estate in fee, the injury or damage done to such persons or interests respectively may be awarded to them separately by the appraisers. Provided, that neither such award of the appraisers, nor the confirmation thereof by the council shall be deemed to require the payment of such damages to the person or persons named in such award in case it shall transpire that such person or persons are not entitled to receive the same.

Seventh. The said appraisers having ascertained and appraised the damages and benefits as aforesaid, shall make and file with the city clerk a written report of their action in the premises, embracing a schedule and appraisal of the damages awarded and benefits assessed, with descriptions of the lands, and the names of the owners, if known to them and also a statement of the costs of the proceedings.

Eighth. Upon such report being filed, the city clerk shall give notice that such appraisal has been returned, and that the same will be considered by the council at a meeting thereof to be named in the notice, which notice shall be published in the official newspaper of said city, once a week for two consecutive weeks, and the last publication shall be at least 10 days before such meeting. The council upon the day fixed for the consideration of such report, or at any subsequent meeting to which the same may stand over or be referred, shall have power in their discretion to confirm, revise or annul the appraisal and assessment, giving due consideration to any objections interposed by parties interested in the manner hereinafter specified, provided that said council shall not have the power to reduce the amount of any award, nor increase any assessment. In case the appraisal and assessment is annulled, the council may thereupon appoint new appraisers, who shall proceed, in like manner, as in case of the first appraisal, and upon the coming in of their report, the council shall proceed in a like manner and with the same powers as in the case of the first appraisal.

Ninth. If not annulled or set aside, such awards shall be final, and shall be a charge upon the city, for

the payment of which the credit of the city shall be pledged. Such assessments shall be and remain a lien and charge upon the respective lands until paid. The awards shall be paid to the persons entitled thereto, or shall be deposited and set apart in the treasury of the city for the use of the parties entitled thereto, within six months after the confirmation of the appraisal and award. But in case any appeal or appeals shall be taken from the order confirming said appraisal and assessment, as hereinafter provided, then the time for payment of said awards shall be extended until and including sixty days after the final determination of all appeals taken in the proceeding, and in case of any change in the awards or assessments upon appeal, the council may, by resolution duly adopted, at any time within sixty days after the determination of all appeals, set aside the entire proceeding. Any awards so set aside shall not be paid, and the proceedings as to the tracts for which the awards are so set aside shall be deemed abandoned. Any awards not so set aside shall be a charge upon the city, for the payment of which the credit of the city shall be pledged. All awards shall bear interest at the rate of six percent per annum from the time of the filing of the original appraisers' report and all subsequent awards and awards upon appeal shall be made as of the day and date of filing of such original reports.

Tenth. Upon the conclusion of the proceedings and the payment of the awards, the several tracts of lands shall be deemed to be taken and appropriated for the purpose of this act, and the right above specified shall vest absolutely in the city in which the lands are situate. In case the council shall in any case be unable to determine to whom the damages should in any particular case be paid, or in case of adverse claim in relation thereto, or in case of the legal disability of any person interested, the council shall, and in any and every case, the council may in its discretion deposit the amount of damages with the district court of the county in which such lands are situate, for the use of the parties entitled thereto, and the court shall, upon the application of any person interested and upon such notice as the court shall prescribe, determine who is entitled to the award, and shall order the same paid accordingly. Any such deposit shall have the same effect as the payment to the proper persons.

Eleventh. Any owner of land within said district who deems that there is any irregularity in the proceedings of said council, or action of the appraisers, by reason of which the award of the appraisers ought not to be confirmed, or who is dissatisfied with the amount of damages awarded, to him or the assessment thereon, may at any time before the time specified for the consideration of the award and assessment by the council, file with the city clerk, in writing, his objections to such confirmation, setting forth therein specifically the particular irregularities complained of, and the particular objection to the award or assessment, and containing a description of the property in which he is interested, affected by such proceedings and his interest therein, and if, notwithstanding such objections the said council shall confirm the award, or assessment, such person so objecting shall have the right to appeal from such order of confirmation of the council to the district court of the county where such land is situate, within twenty days after such order. Such appeals shall be made by serving a written notice of appeal upon the city clerk which shall specify the property of the appellant affected by such award and refer to the objection filed as aforesaid, thereupon said city clerk, at the expense of the appellant, shall make

out and transmit to the clerk of the district court a copy of the record of the entire proceedings, and of the award of the appraisers as confirmed by the council and of the order of the council confirming the same, and of the objections filed by the appellant, as aforesaid, and of the notice of appeal, all certified by said city clerk to be true copies, within ten days after the taking of such appeal. But if more than one appeal be taken from any award, it shall not be necessary that the city clerk in appeals subsequent to the first, shall send up anything but a certified copy of the appellant's objections. There shall be no pleading on any appeal, but the court shall determine in the first instance whether there was in the proceedings any such irregularity or omission of duty prejudicial to the appellant and specified in his written objection that as to him the award or assessment of the appraisers ought not to stand, and whether said appraisers had jurisdiction to take action in the premises.

Twelfth. The case may be brought on for hearing on eight days' notice, at any general or special term of the court, and the judgment of the court shall be to confirm or annul the proceedings, only so far as the said proceedings affect the property of the appellant proposed to be included in said district or damaged or assessed, and described in said written objection. In case the amount of damages or benefits assessed is complained of by such appellant, the court shall, if the proceedings be confirmed in other respects, appoint three disinterested qualified voters, appraisers to re-appraise said damages, and reassess benefits as to the property of appellant. The parties to such appeal shall be heard by said court upon the appointment of such appraisers, and the court shall fix the time and place of meeting of such appraisers, they shall be sworn to the faithful discharge of their duties as such appraisers, and shall proceed to view the premises and to hear the parties interested, with their allegations and proofs pertinent to the question of the amount of damages or benefits; such appraisers shall be governed by the same provisions in respect to the method of arriving at the amount of damages or benefits and in all other material respects as are in this chapter made for the government of appraisers appointed by said council. They shall, after the hearing and view of the premises, make a report to said court of their award of damages and assessment of benefits in respect to the property of such appellant. The award shall be final unless set aside by the court. The motion to set aside shall be made within fifteen days. In case such report is set aside, the court may, in its discretion, recommit the same to the same appraisers, or appoint new appraisers as it shall deem best; said court shall allow to said appraisers a reasonable compensation for their services, and make such award of costs on such appeal, including the compensation of such appraisers as it shall deem just in the premises, and enforce the same by execution. In case the court shall be of the opinion that such appeal was frivolous or vexatious, it may adjudge double costs against such appellant. An appeal may be taken to the supreme court of the state from any final decision of the district court in said proceedings. ('15 c. 128 § 3; amendments indicated)

Thirteenth: The city council, for the purpose of realizing the funds for making such improvements and paying such damages and the costs of such proceeding may issue and sell special certificates of indebtedness, or special restricted residence district bonds, as it may decide, which shall entitle the holder thereof to all sums realized upon any such assessment, or if

deemed advisable, a series of two or more certificates or bonds against any one assessment, the principal and interest being payable at fixed dates out of the fund collected from such assessments, including interest and penalties, and the whole of such fund is hereby pledged for the pro rata payment of such certificates or bonds and the interest thereon, as they severally become due. Such certificates or bonds may be made payable to the bearer, with interest coupons attached, and the city council may bind the city to make good deficiencies in the collection up to, but not exceeding, the principal and interest at the rate fixed as hereinafter provided and for the time specified in section 4. If the city, because of any such guaranty, shall redeem any certificate or bond, it shall thereupon be subrogated to the holder's rights. For the purpose of such guaranty, penalties collected shall be credited upon deficiencies of principal and interest before the city shall be liable. Such certificates of bonds shall be sold at public sale or by sealed proposals at a meeting of which at least two weeks' published notice shall be given to the purchaser who will pay the par value thereof at the lowest interest rate, and the certificates or bonds shall be drawn accordingly, but the rate of interest shall in no case exceed five per cent per annum, payable annually or semi-annually. The city clerk shall certify to the county auditor the rate of interest to be determined, and interest shall be computed upon the assessments at such annual rate, in accordance with the terms of section 4. ('15, c. 128, § 3; amended '19, c. 297; '25, c. 122, § 2, by addition of par. 13)

1621. Same—Maps, plats and lists of districts made and filed—Assessment, etc., of taxes on property in—As soon as such condemnation proceedings have been completed, it shall be the duty of such council to cause maps or plats of such restricted residence district to be made, with a list of the parcels of land within such district, and to file one of such maps and list duly certified by the president of the council and the city clerk, in each of the following offices, to-wit, the office of the city engineer, the office of the register of deeds of the county and the office of the city clerk, and the same shall be prima facie evidence of the full and complete condemnation and establishment of said restricted residence district. As soon as the assessments are confirmed, the city clerk, or the clerk of the district court, as the case may be, shall transmit a copy thereof duly certified, to the county auditor of the county in which the lands lie. The county auditor shall include the same in the next general tax list for the collection of state, county and city taxes, against the several tracts or parcels of land, and said assessments shall be collected with and as a part of, and shall be subject to the same penalties, costs and interest, as the general taxes. Such assessments shall be set down in the tax books in an appropriate column to be headed "Restricted Residence District Assessments," and when collected a separate account thereof shall be kept by the county auditor, and the same shall be transmitted to the treasurer of the city and placed to the credit of the proper fund. Provided, however, that the city council may by resolution determine that the amount of such assessments shall be collected in from one to five equal annual installments, and in such case the county auditor shall include one of said equal annual installments of assessments with and as a part of the taxes upon each parcel of land therein described for each year for the number of years into which said

assessment is by the city council divided, together with annual interest as hereinafter provided. With the first installment the auditor shall include interest upon the entire assessment from the date of the assessment to the time when the tax books including the first installment are delivered by the county auditor to the county treasurer, and thereafter the auditor shall include in the taxes for each year one of such installments, together with one year's interest upon such installment, and all subsequent installments at the same rate, each of which, together with such interest, shall be collected with the annual taxes upon such land, together with like penalties and interest in case of default, all of which shall be collected with and enforced as the annual taxes and credited to the proper city fund. Any parcel assessed may be discharged from the assessment at any time after the receipt of the assessment by the county auditor by paying all installments that have gone into the hands of the county treasurer as aforesaid, with accrued interest, penalties and costs, as above provided, and by paying all subsequent installments; or any parcel assessed may be discharged from the assessment by presenting certificates or bonds sold against such assessments as herein provided sufficient in amount to cover all installments due on such parcel and accrued interest, penalties and costs, and all installments yet to accrue, by surrendering such certificates or bonds to the county treasurer for cancellation or having endorsed thereon such installments, interest, penalties and costs. Said assessment shall be a lien on the land from the time of the making thereof as against the owner and every person in any way interested in the land. The owner of the land and any person interested therein may defend against such assessment at the time of application for judgment in the regular proceedings for the enforcement of delinquent taxes, but such assessment shall not be deemed invalid because of any irregularity, provided the notices have been published substantially as required, and no defense shall be allowed except upon the ground that the cost of the improvement is substantially less than the amount of the assessment, and then only to the extent of the difference between the assessment and the actual cost. Assessments made under this act shall be called Restricted Residence District assessments of the city of _____ and numbered consecutively. Whenever an assessment is certified as aforesaid by the city clerk to the county auditor, a duplicate thereof shall be sent to the city comptroller, and all such assessments shall be sufficiently identified by the name and number as aforesaid. 157-200, 195+919, note under Const., Art. 4, § 33.

It was within the power of the electors of the city of Minneapolis to withdraw the city from the operation of chapter 338, Sp. Laws 1879, by the adoption of a home rule charter. Taxation for municipal purposes is purely a matter of municipal concern, and may be dealt with in a home rule charter. 157-222, 195+918.

Chapter 338, Sp. Laws 1879, creating a board of tax levy for Hennepin county, is not an indivisible act. The Legislature could repeal it in part, and did so by enacting chapter 252, Gen. Laws 1919. 157-200, 195+919.

Cemeteries—Conveyance and transfer to cities—Prior to January 1, 1929, it shall be lawful, and the owners, proprietors and or persons in charge and control of any cemetery heretofore established and existing under the laws of this State, shall have the right to sell, transfer and convey by proper deed or conveyance, any such cemetery, and all rights, interests and estates of the owners, proprietors and persons in control thereof and therein to any such city of this state in which such cemetery is located, subject to the existing rights, interests and estates of the several private lot owners therein; and thereupon any such city to which such cemetery has been transferred, shall proceed to possess and enjoy all the rights, interests and estate of such owners, proprietors and persons in control of any such cemetery, and shall have full power and authority to maintain, control, improve and operate for cemetery purposes, any such cemetery so transferred and conveyed as fully and to the same extent and purpose as if such city had originally established, owned and controlled such cemetery. ('27, c. 95, § 1)

Explanatory note—Laws 1925, c. 332, authorizing cities of the first class to condemn public or private cemeteries of 30 acres or less, which had been abandoned as burial places for five years or more, or in which burial had been prohibited by ordinance for five years or more, and which had or might become detrimental to the public welfare, was repealed by Laws 1927, c. 113.

1630-2. Same—Cities to which conveyance may be made—This Act shall apply to all cities of the first class including those organized and operating under a home rule charter adopted under the provisions of Section 36, Article 4 of the State Constitution and the State laws relating thereto. HOUSING ACT FOR CITIES OF FIRST CLASS NOT UNDER HOME RULE CHARTERS.

This act has been made a part of the home rule charters of certain first class cities, particularly Minneapolis.

ARTICLE I.

GENERAL PROVISIONS.

1630
29 — 282

1630-3. Citation of law—Cities to which law applies—This act shall be known and may be cited as The Housing Act for cities of the first class, and shall apply to every city of the first class of the state not organized under section 36 of article IV of the State Constitution. ('17, c. 137, § 1)

1630-4. Definitions—Certain words in this act are defined for the purpose thereof as follows. Words used in the present tense include the future; words in the masculine gender include the feminine and neuter; the singular number includes the plural and the plural the singular; the word "person" includes a corporation as well as a natural person.

(1) **Dwelling—**A "dwelling" is any house or building or portion thereof which is occupied in whole or in part as a home, residence, or sleeping place of one or more human beings, either permanently or transiently.

(2) **Class of dwellings—**For the purpose of this act dwellings are divided into the following classes: (a) "private-dwellings," (b) "two-family-dwellings," and (c) "multiple-dwellings."

(a) A "private-dwelling" is a dwelling occupied by but one family alone.

(b) A "two-family-dwelling" is a dwelling occupied by but two families alone.

(c) A "multiple-dwelling" is a dwelling occupied otherwise than as a private-dwelling or two-family-dwelling.

(3) **Classes of multiple-dwellings—**All multiple-dwellings are dwellings and for the purpose of this act are divided into two classes, viz. Class A and Class B.

Class A. Multiple-dwellings of Class A are dwellings which are occupied more or less permanently for residence purposes by several families and in which the rooms are occupied in apartments, suites or groups. This class includes tenement houses, flats, apartment houses, apartment hotels, bachelor apartments, studio apartments, kitchenette apartments, and all other dwellings similarly occupied whether specifically enumerated herein or not.

Class B. Multiple-dwellings of Class B are dwellings which are occupied, as a rule transiently, as the more or less temporary abiding place of individuals who are lodged, with or without meals, and in which as a rule the rooms are occupied singly. This class includes hotels, lodging houses, boarding houses, furnished-room houses, lodgings, club houses, convents, asylums, hospitals, jails, and all other dwellings sim-

ilarly occupied whether specifically enumerated herein or not, except fire houses.

(4) **Hotel**—A "hotel" is a multiple-dwelling of Class B in which persons are lodged for hire and in which there are more than fifty sleeping rooms, a public dining room for the accommodation of at least fifty guests, and a general kitchen. Provided that no facilities for cooking shall be provided in connection with any suite or guest room in such hotel. No electrical wiring or equipment of any kind shall be installed or used in any guest room for cooking purposes. Provided, however, that receptacles of a capacity not to exceed ten (10) amperes may be installed and used for other than cooking appliances. Whenever any equipment for cooking is to be installed or used in multiple-dwelling in connection with rooms to be occupied by the tenants or guests of such dwelling, such multiple-dwelling shall be classed, constructed and maintained as herein required for class A multiple-dwelling.

(5) **Mixed occupancy**—In cases of mixed occupancy where a building is occupied in part as a dwelling, the part so occupied shall be deemed a dwelling for the purposes of this act, and shall comply with the provisions thereof relative to multiple-dwellings.

(6) **Yards**—A "rear yard" is an open unoccupied space on the same lot with a dwelling, between the extreme rear line of the lot and extreme rear line of the house, or between the extreme front line of a building on the rear of the lot and the extreme rear line of the house. A yard between the front line of the house and the front line of the lot is a "front yard." A yard between the side line of the house and the side line of the lot and which extends from the front line of the lot or front yard to the rear line of the lot or rear yard is a "side yard."

(7) **Courts**—A "court" is an open unoccupied space, other than a yard, on the same lot with a dwelling. A court not extending to the street or front or rear yard is an "inner court." A court extending to the street or front or rear yard is an "outer court."

(8) **Corner and interior lots**—A "corner lot" is a lot of which at least two adjacent sides abut for their full length upon a street. A lot other than a corner lot is an "interior lot."

(9) **Front; rear and depth of lot**—The front of a lot is that boundary line which borders on the street. In the case of a corner lot the owner may elect by statement on his plans either street boundary line as the front. The rear of a lot is the side opposite to the front. In the case of a triangular or gore lot the rear is the boundary line not bordering on a street. The depth of a lot is the dimension measured from the front of the lot to the extreme rear line of the lot. In the case of irregular-shaped lots the mean depth shall be taken.

(10) **Public hall**—A "public hall" is a hall, corridor or passageway not within the exclusive control of one family.

(11) **Stair hall**—A "stair hall" is a public hall and includes the stairs, stair landings and those portions of the building through which it is necessary to pass in going between the entrance floor and the roof.

(12) **Basement; cellar, attic**—(a) A "basement" is a story partly under-ground but having at least one-half of its height above the curb level, and also one-half of its height above the highest level of the adjoining ground. A basement shall be counted as a story, except that a basement, the ceiling of which does not extend for more than five feet above the curb

level or above the highest level of the adjoining ground, shall not be counted as a story.

(b) A "cellar" is a story having more than one-half of its height below the curb level, or below the highest level of the adjoining ground. A cellar shall not be counted as a story for the purposes of height measurement. If any part of a story is in that part the equivalent of a basement or cellar, the provisions of this act relative to basements and cellars shall apply to such part of said story.

(c) In the case of private-dwellings and two-family-dwellings an attic or story in a sloping roof shall not be counted as a story, except that no such attic shall contain a kitchen or dining room or be occupied for living purposes as the domicile of a family; the use of such attic shall be confined strictly to the use of the two families occupying the first and second floors of such dwelling. In the case of multiple-dwellings an attic shall be counted as a story.

(13) **Height**—The "height" of a dwelling is the perpendicular distance measured in a straight line from the curb level to the highest point of the roof beams in the case of flat roofs, and to the average of the height of the gable in the case of pitched roofs, the measurements in all cases to be taken through the center of the front of the dwelling. Where a dwelling is situated on a terrace above the curb level such height shall be measured from the level of the adjoining ground. Where a dwelling is on a corner lot and there is more than one grade or level, the measurements shall be taken through the center of the front on the street having the lowest elevation.

(14) **Curb level**—The "curb level" is the level of the established curb in front of the building measured at the center of such front. Where no curb level has been established the city engineer shall establish such curb level or its equivalent for the purposes of this act.

(15) **Occupied spaces**—Outside stairways, fire escapes, fire towers, porches, platforms, balconies, chimneys and other projections shall be considered as part of the dwelling and not as part of the yards or courts or unoccupied area. When a cornice projects more than two feet into a side yard or court, that portion in excess of two feet shall be considered as a part of the dwelling.

(16) **Fire-proof dwelling**—A "fire-proof dwelling" is one the walls of which are constructed of brick, stone, cement, iron or other hard incombustible material and in which there are no wooden beams or lintels and in which the floors, roofs, stair halls and public halls are built entirely of brick, stone, cement, iron or other hard incombustible material and in which no woodwork or other inflammable material is used in any of the partitions, furrings or ceilings. But this definition shall not be construed as prohibiting elsewhere than in the public halls the use of wooden flooring on top of fire-proof floors or the use of wooden sleepers, doors, windows or trim, nor as prohibiting wooden hand rails or treads of hard wood not less than one and one-half inches thick.

(17) **Wooden building**—A wooden building is a building of which the exterior walls or a portion thereof are of wood. Court walls are exterior walls.

(18) **Nuisance**—The word "nuisance" shall be held to embrace public nuisance as known at common law or in equity jurisprudence; and whatever is dangerous to human life or detrimental to health; whatever dwelling is overcrowded with occupants or is not provided with adequate ingress and egress to or from the same, or is not sufficiently supported, ventilated, seweraged, drained, cleaned or lighted, in reference to its intended

or actual use; and whatever renders the air or human food or drink unwholesome, are also severally, in contemplation of this act, nuisances; and all such nuisances are hereby declared illegal.

(19) **Construction of certain words**—The word "shall" is always mandatory and not directory, and denotes that the dwelling shall be maintained in all respects according to the mandate as long as it continues to be a dwelling. Wherever the words "charter," "ordinances," "regulations," "inspector of buildings," "department of health," "building department," "commissioner of health," "department charged with the enforcement of this act," "city attorney," "mayor," "city treasurer," "city council," "fire marshal," or "fire limits," occur in this act they shall be construed as if followed by the words "of the city in which the dwelling is situated." The terms "department of health" and "commissioner of health" as used in this act shall embrace the department and the executive head thereof charged with the duty of enforcing the laws and ordinances relating to public health and sanitation. The terms "building department" and "inspector of buildings" shall embrace the department and the executive head thereof charged with the execution of laws and ordinances relating to the construction of buildings. Wherever the word "occupied" or "used" is employed in this act such word shall be construed as if followed by the words "or is intended, arranged, designed, built, altered, converted to, rented, leased, let or hired out, to be occupied or used." Wherever the words "dwelling," "two family-dwelling," "multiple-dwelling," "building," "house," "premises," or "lot," are used in this act, they shall be construed as if followed by the words, "or any part thereof." Wherever the word "street" is used in this act it shall be construed as including any public alley. "Approved" means approved by the inspector of buildings. All the provisions of this act relative to the size and the opening of windows shall apply equally to storm sash. ('17, c. 137, § 2; amended '19, c. 517, §§ 1, 2)

1630-5. Buildings converted or altered—A building not a dwelling if hereafter converted or altered to such use shall thereupon become subject to all the provisions of this act relative to dwellings hereafter erected. A dwelling of one class if hereafter altered or converted to another class shall thereupon become subject to all the provisions of this act relative to such class. ('17, c. 137, § 3)

1630-6. Alterations and change in occupancy—No dwelling hereafter erected shall at any time be altered so as to be in violation of any provision of this act, and no dwelling erected prior to the passage of this act shall at any time be altered so as to be in violation of those provisions of this act applicable to such dwelling. If any dwelling or any part thereof is occupied by more families than provided in this act, or is erected, altered or occupied contrary to law, such dwelling shall be deemed an unlawful structure, and the commissioner of health may cause such dwelling to be vacated. And such dwelling shall not again be occupied until it or its occupation, as the case may be, has been made to conform to the law. ('17, c. 137, § 4)

1630-7. Dwellings moved—If any dwelling be hereafter moved from one lot to another it shall thereupon be made to conform to all the provisions of this act relative to dwellings hereafter erected, except as to size and height of rooms and window area; provided, however, that no room in such dwelling shall be occupied for living purposes unless it shall have a window of an area of not less than eight square feet opening

directly upon the street or upon a yard or court of the dimensions specified in this act relative to dwellings hereafter erected. ('17, c. 137, § 5)

1630-8. Minimum requirements—Law not to be modified—The provisions of this act shall be held to be the minimum requirements adopted for the protection of the health, welfare and safety of the community. The local legislative body of each city is hereby empowered to enact from time to time supplementary ordinances imposing requirements higher than the minimum requirements laid down in this act, relative to light, ventilation, sanitation, fire prevention, egress, occupancy, maintenance and use, for all dwellings. And such local legislative body is hereby further empowered to prescribe for the enforcement of the aforesaid supplementary ordinances, remedies and penalties similar to those prescribed in this act. But no ordinance, regulation, ruling or decision of any municipal body, board, officer or authority shall repeal, amend, modify or dispense with any of the said minimum requirements laid down in this act. Wherever this act requires a greater width of size of yards or courts, or requires a lower height of building, or requires a greater percentage of lot to be left unoccupied, or imposes any other higher standard, than is required in any local ordinance or regulation, the provisions of this act shall govern. Wherever the provisions of any local ordinance or regulation require a greater width or size of yards or courts, or require a lower height of building, or require a greater percentage of lot to be left unoccupied, or impose any other higher standard than is required in this act, such local ordinance or regulation shall govern. ('17, c. 137, § 6)

1630-9. Dwellings damaged—If a dwelling be damaged by fire or other cause to the extent of not more than two-thirds of its value, exclusive of the value of the foundations, such dwelling in being repaired or rebuilt need not comply with the provisions of this act relative to dwellings hereafter erected. If damaged to the extent of more than two-thirds of such value, it shall not be repaired or rebuilt except in conformity with the provisions of this act relative to dwellings hereafter erected. Where an estimate of damage to buildings is given by the inspector of buildings, an appeal to arbitration shall be allowed to parties believing themselves injured or wronged by the estimate or decision of the inspector of buildings in any such case, as follows:

Any person desiring to make such appeal shall do so within fifteen days after written notice of the decision or order of the inspector of buildings shall have been given him. The request for arbitration shall be in writing, and shall state the object of the proposed arbitration and the name of the person who is to represent the appellant as arbitrator. The inspector of buildings shall thereupon state to the appellant the cost of such arbitration, and such appellant shall within twenty-four hours from the time of filing the original request for arbitration, deposit with the inspector of buildings the sum of money required for defraying the expenses of the same, which sum shall in each case be fixed by said inspector in proportion to the difficulty and importance of the case, but shall in no case be more than the cost of similar expert service in the course of ordinary business of private individuals or corporations.

As soon as such sum of money shall have been deposited with him, the inspector of buildings shall appoint an arbitrator to represent the city, who shall, together with the arbitrator appointed by the appel-

lant, if they cannot agree, select a third arbitrator, and the decision of any two of these arbitrators in writing shall, after investigation of the matter in question, be final and binding upon the appellant as well as upon the city.

The arbitrators themselves, before entering upon the discharge of their duties, shall be placed under oath to the effect that they are unprejudiced as to the matter in question and that they will faithfully discharge the duties of their position. They shall have the power to call witnesses who shall be placed under oath, and their decision or award shall be rendered in writing, both to the inspector of the buildings and to the appellant.

The fee deposited by the appellant with the inspector of buildings shall be paid by the inspector of buildings to the arbitrators upon the rendering of their report, and shall be in full of all costs incident to the arbitration; but should the decision of said board of arbitration be rendered against the inspector of buildings, then the money deposited by the aforesaid appellant shall be returned to him, and the entire cost of such arbitration shall be paid by the city. Provided, however, that whenever the decision of the inspector of buildings upon the safety of any building or part thereof or appurtenances connected therewith is made in a case so urgent, in his opinion, that failure at once properly to carry out his orders to demolish or strengthen such building or part thereof or to alter or change any of the appurtenances connected therewith may endanger life or limb, the decision of the inspector of buildings shall be absolute and final. ('17, c. 137, § 7)

1630-10. Sewer connection and water supply—The provisions of this act with reference to sewer connections and water supply shall be deemed to apply only where there is a sewer and water main in the street on which the dwelling is located, and which extend as far as the lot or plot of ground on which the dwelling is situated.

Wherever there is no sewer in the street on which a dwelling is situated but there is a water main, the required plumbing for the dwelling shall be connected to a cesspool at least twenty feet in depth and four feet by four feet in size, provided that the nature of the soil is such, in the opinion of the inspector of buildings, that such cesspool can be made properly to take care of the sewage from said plumbing system. Wherever it is found by said inspector to be impracticable owing to the nature of the soil adjacent to said dwelling to construct such cesspool, a waterproof privy vault or other approved sanitary privy or similar device may be used temporarily for such dwelling until such time as a sewer is provided in the street adjacent to such dwelling. Whenever a sewer is so provided the owner of the dwelling shall at once install a plumbing system in the dwelling and connect to the sewer. Cesspools shall be placed not less than twenty feet from the building whenever practicable. ('17, c. 137, § 8)

1630-11. Time for compliance—All improvements specifically required by this act upon dwellings erected prior to the date of its passage shall be made within one year from said date, or at such earlier period as may be fixed by the commissioner of health. ('17, c. 137, § 9)

1630-12. Scope of act—All the provisions of this act shall apply to all classes of dwellings, except that in sections where specific reference is made to one or more specific classes of dwellings such provisions shall apply only to those specific classes to which such refer-

ence is made. All provisions which relate to dwellings shall apply to all classes of dwellings. ('17, c. 137, § 10)

DWELLINGS HEREAFTER ERECTED

In this article will be found the provisions which must be observed when a person proposes to build a new dwelling or convert or alter to such purposes a building which is not a dwelling.

Title I.

Light and Ventilation.

1630-13. Percentage of lot occupied—No dwelling hereafter erected shall occupy, either alone or with other buildings, a greater percentage of the area of the lot than as follows:

- (a) In the case of corner lots with streets on three sides, not more than ninety per centum;
- (b) In the case of other corner lots, not more than eighty per centum;
- (c) In the case of interior lots, not more than sixty-five per centum.

The measurements shall be taken at the ground level except that in the case of multiple-dwellings where there are stores or shops on the entrance story, the measurements may be taken at the top of such entrance story. No measurements of lot area shall include any portion of any street. The measurements of lot area for the purposes of this section may be taken to the middle line of the alley where a public alley immediately abuts the lot at the rear or side and extends across its entire width or length, as the case may be. Any portion of a corner lot distant more than eighty feet from the outside side line of the lot, or from said side line extended in the same direction, shall be treated as an interior lot. The provisions of this section shall not apply to hotels. ('17, c. 137, § 20)

1630-14. Height of building—No dwelling hereafter erected shall exceed in height the width of the widest street upon which it abuts unless such dwelling be set back from the front lot line a distance equal to the excess of such height over the width of such street, nor in any case shall it exceed six stories and basement nor seventy-five feet in height. Such width of street shall be measured from front lot line. Where a street borders a public place, public park or navigable body of water, the width of the street is the mean width of such street plus the width, measured at right angles to the street line, of such public place, public park or body of water to opposite front lot line. No dwelling shall hereafter be erected upon any street or alley less than thirty feet in width. The provisions of this section shall not apply to hotels. ('17, c. 137, § 21; amended '19, c. 517, § 3)

1630-15. Rear yards—Immediately behind every dwelling hereafter erected there shall be a rear yard extending across the entire width of the lot. Such yard shall be at every point open and unobstructed from the ground to the sky, except as provided in section twenty-three of this act. Every part of such yard shall be directly accessible from every other part thereof. The depth of said yard shall be measured at right angles from the extreme rear part of the dwelling.

(a) To the middle line of the alley, where a public alley immediately abuts the lot and extends across its entire width;

(b) to the rear lot line where there is no such alley;

(c) to the nearest wall of the building where there is another building at the rear as permitted in section twenty-eight of this act.

The minimum depth of a yard in the rear of a two-story dwelling shall be twenty feet, of a three-story dwelling twenty-two and one-half feet, of a four-story dwelling twenty-six and one-half feet, of a five-story dwelling twenty-nine and one-half feet, of a six-story dwelling thirty-one and one-half feet. No yard in the rear of a multiple-dwelling shall ever be less than twenty feet in depth. No yard in the rear of a one-story private-dwelling or a one-story two-family-dwelling shall ever be less than fifteen feet in depth. Provided that when a private-dwelling or a two-family dwelling is located on the rear of a corner lot not less than fifty feet in width, and such dwelling faces upon the side street, the rear yard for such dwelling may be not less than five feet in depth. A front yard may be any depth. Any portion of a corner lot distant more than eighty feet from the outside line of the lot, or from said side line extended in the same direction, shall be treated as an interior lot. This section shall not apply to hotels. ('17, c. 137, § 22; amended '19, c. 517, § 4)

1630-16. Side yards—Distance between adjoining buildings—In order to ensure adequate light and ventilation and reduce the conflagration hazard and preserve the amenities of residential districts, no dwelling hereafter erected shall approach nearer to a side lot line than as prescribed in this section. The space between any such dwelling and the side lot line shall be deemed a side yard and shall be as follows:

(a) In the case of a dwelling hereafter erected one story in height such space shall not be less than four feet from the side wall of said dwelling to the side lot line.

(b) In the case of a dwelling hereafter erected two stories in height such space shall not be less than five feet to the side lot line; if said dwelling is three stories in height, such space shall be not less than seven feet to the side lot line; and such space shall increase two feet in width for each additional story.

(c) In the case of private-dwellings and of two-family-dwellings hereafter erected, such space shall be not less than three feet from the side wall of the dwelling to the side lot line. Provided, however, that in no case shall the combined width of side yards for any such dwelling be less than double the width as prescribed in sub-division (a) and (b) of this section for a building of like height.

(d) All of the above-mentioned side yards shall be at every point open and unobstructed from the ground to the sky, except as provided in sub-division fifteen of section two of this act. Provided, however, that in the case of multiple-dwellings where the entrance story is used exclusively for business purposes the measurements may be taken at the top of such entrance story.

The width of said side yard may be measured to the middle line of the street or public alley, where a street or public alley immediately abuts the lot and extends along its entire length. The above requirements for side yards shall not apply to hotels hereafter erected outside of residential districts. If, however, side yards are left for such hotels, they shall conform to the requirements of this section.

(e) Except that in the case of a single or two-family-dwelling a portion of the yard not exceeding five hundred square feet in area may be occupied by a one-story private garage, provided that the part of the garage nearest to the dwelling shall be not less than

twelve feet from any part of such dwelling and except in cases where no portion of such garage is above the bottom of the windows of the lowest story used for living purposes.

(f) Wherever a building is so constructed that one side of it, at any story, is to be used for dwelling purposes, and the adjoining side is to be used other than for a dwelling, such adjoining side need not at such story be provided with a side yard, nor the rear of such adjoining part with a rear yard.

(g) No dwelling shall be erected on a gore lot which requires side yards whose combined width exceeds the front width of the lot. ('17, c. 137, § 23; amended '19, c. 517, § 5)

Explanatory note—For section 2 see § 1630-4, herein.

1630-17. Courts—The sizes of all courts for dwellings hereafter erected shall be proportionate to the height of the dwelling. No court shall be less in any part than the minimum sizes prescribed in this section. The minimum width of a one-story court for a dwelling shall be ten feet, of a two-story court twelve feet, and of a three-story court fourteen feet, and shall increase two feet for each additional story above three stories. Except that in the case of hotels such increase shall be one foot for each additional story above three stories. The area of an inner court shall never be less than twice the square of the minimum width prescribed by this section. The length of an outer court except in the case of a side yard, shall never be greater than four times its width. The width of all courts adjoining the lot line shall be measured to the lot line and not to an opposite building. ('17, c. 37, § 24)

1630-18. Courts open at top—No court of a dwelling hereafter erected shall be covered by a roof or skylight. Every such court shall be at every point open and unobstructed from the ground to the sky. Except that in the case of multiple-dwellings where there are stores or shops on the entrance story, the courts may start at the top of such entrance story and such courts may be roofed over by a skylight provided the skylight completely covers the court and is equipped with ventilators having a minimum opening equivalent to forty-four square inches for each story in the height of said court and also with fixed louvres having a minimum opening equal to the superficial area of said court, and such openings into said court shall be kept open and unobstructed at all times. The provisions of this section as to courts starting from the ground shall not apply to hotels. ('17, c. 137, § 25)

1630-19. Air-intakes—In all dwellings hereafter erected every inner court shall be provided with one or more horizontal air-intakes at the bottom. One such air-intake shall always communicate directly with the street or front yard or rear yard, and each shall consist of a passage-way not less than three feet wide and seven feet high which shall be kept open, or be provided with an open-work gate at either end and such gate shall be so constructed as to be readily opened from the inside. ('17, c. 137, § 26)

1630-20. Angles in courts—Nothing contained in the foregoing sections concerning courts shall be construed as preventing the cutting off of the corners of said courts, provided that the running length of the wall across the angle of such corner does not exceed seven feet. ('17, c. 137, § 27)

1630-21. Buildings on same lot with a dwelling—If any building is hereafter placed upon the same lot with a dwelling there shall always be maintained between the said buildings an open unoccupied space extending upward from the ground. If such buildings

are placed at the side of each other the space between them shall conform to the provisions of section twenty-three of this act relating to side yards but such space shall be twice the minimum required in subdivision (a) and (b) of said section. If such buildings are placed one at the rear of the other the space between them shall be the same as that prescribed in section twenty-two for rear yards. In all cases the height of the highest building on the lot shall regulate the dimensions. No building of any kind shall be hereafter placed upon the same lot with a dwelling so as to decrease the minimum sizes of courts or yards as hereinbefore prescribed. No building shall hereafter be placed upon a lot so that there shall be a dwelling at the rear of another building on the same lot. Except that a private garage or private stable may be built at the rear of a lot on which there is a dwelling at the front. Such garage or stable shall not exceed two stories in height, and may have living rooms therein for the use solely of a household employe, or member of his family, of the occupant of the dwelling on the front of the lot. If so completed the garage or stable shall be fire-proof and the rooms so occupied in addition to complying with the provisions of this act shall have an entrance from the outside of the building without passing through the garage or stable. If any dwelling is hereafter erected upon any lot upon which there is already another building, it shall comply with the provisions of this act, and in addition the space between the said building and the said dwelling shall be of such size and arranged in such manner as is prescribed in this section, the height of the highest building on the lot to regulate the dimensions. In multiple-dwellings of Class A hereafter erected there shall be no apartment, suite or group of rooms which does not contain at least one room opening directly upon the street, or upon a rear yard, side yard or outer court of the dimensions specified in this article and located on the same lot. 1630-104. Privy vaults, school-sinks, cess-pools and water-closets—Whenever a connection with a sewer is possible, as provided in section eight of this act, all privy vaults, school-sinks, cess-pools or other similar receptacles used to receive fecal matter, urine or sewage, shall before July first, nineteen hundred and eighteen, with their contents, be completely removed and the place where they were located properly disinfected under the direction of the commissioner of health. Such appliances shall be replaced by individual

water-closets of durable non-absorbent material, properly sewer-connected, and with individual traps, and properly connected flush tanks providing an ample flush of water thoroughly to cleanse the bowl. Each such water-closet shall be located inside the dwelling or other building in connection with which it is to be used, in a compartment completely separated from every other water-closet, and such compartment shall contain a window of not less than four square feet in area opening directly to the street, or rear yard or on a side yard, or court of the minimum sizes prescribed in sections twenty-two, twenty-three and twenty-four of this act. 1630-107. Egress—Every multiple-dwelling exceeding one story in height shall have at least two independent ways of egress constructed and arranged as provided in section sixty-one of this act. In the case of multiple-dwellings erected prior to the passage of this act where it is not practicable to comply in all respects with the provisions of that section, the inspector of buildings shall make such requirements as may be appropriate to secure the proper means of egress from such multiple-dwellings for all the occupants thereof. No existing fire-escape shall be deemed a sufficient means of egress unless the following conditions are complied with:

(1) All parts of it shall be of iron or other incombustible material.

(2) The fire-escape shall consist of outside balconies which shall be properly connected with each other by adequate stairs or stationary ladders, with openings not less than twenty-four by twenty-eight inches.

(3) All fire-escapes shall have proper drop ladders or stairways from the lowest balcony of sufficient length to reach a safe landing place beneath.

(5) Prompt and ready access shall be had to all fire-escapes, which shall not be obstructed by bathtubs, water-closets, sinks or other fixtures, or in any other way.

All fire-escapes that are already erected which do not conform to the requirements of this section may be altered by the owner to make them so conform in lieu of providing new fire-escapes, but no existing fire-escape shall be extended or have its location changed except with the written approval of the inspector of buildings. All fire-escapes hereafter erected on any multiple-dwelling shall be located and constructed as prescribed in section sixty-two of this act. ('17, c. 137, § 132)

1630-108. Same—Additional—Whenever any multiple-dwelling is not provided with sufficient means of egress in case of fire, the inspector of buildings shall order such additional means of egress as may be necessary. ('17, c. 137, § 133)

ARTICLE VI.

REQUIREMENTS AND REMEDIES.

In this article will be found the legal requirements, penalties and violations of the law, procedure, et cetera.

1630-110. Permit to commence building—Before the construction or alteration of a dwelling, or the alteration or conversion of a building for use as a dwelling is commenced, and before the construction or alteration of any building or structure on the same lot with a dwelling, the owner or his agent shall have the lot or plot of ground on which such building is located, or is to be located, surveyed by a competent surveyor or civil engineer and the corners properly marked with iron stakes, and such owner or his agent or his architect shall submit to the inspector of buildings a detailed statement in writing, verified by the affidavit of the person making the same, of the specifications for such dwelling or building, upon blanks or forms to be furnished by such inspector of buildings, and also full and complete indelible copies of the plans of such work. With such statement there shall be submitted a plat of the lot or plot of ground on which any such dwelling or building is to be erected or placed, showing the location and outside dimensions of such proposed dwelling or building; also the location and outside dimensions of other existing buildings, if any, on such lot or plot of ground, together with the size of all

yards and courts in connection therewith. Each such plot so submitted shall bear the certificate of a competent surveyor or civil engineer, stating that he has surveyed said lot or plot of ground, and has set iron stakes, firmly driven, at each corner thereof, and that the dimensions marked on said plat are in accordance with a correct survey of the property. Provided, that if the owner or his agent can show substantial stakes at each corner of the lot or plot of ground on which such building is located, previously set by a competent surveyor, such certificate by a competent surveyor, as above required, need not be demanded by the inspector of buildings; and provided, that whenever alterations affect only the interior of a dwelling no such survey or plat need be filed unless required by the inspector of buildings.

Provided, further, that the plans and specifications for a private dwelling costing less than three thousand five hundred dollars need be only such as will advise the building department of the character of the proposed building, the sufficiency of such plans and specifications to be determined by such building department. Such statement shall give in full the name and residence, by street and number, of the owner or owners of such dwelling or building and the purposes for which such dwelling or building will be used. If such construction, alteration or conversion is proposed to be made by any other person than the owner of the land in fee, such statement shall contain the full name and residence, by street and number, not only of the owner of the land, but of every person interested in such dwelling, whether as owner, lessee or in any representative capacity. Such affidavit shall allege that said specifications and plans are true and contain a correct description of such dwelling, building, structure, lot and proposed work. The statements and affidavits herein provided for may be made by the owner or by the person who proposes to make the construction, alteration or conversion or by his agent or architect. No person, however, shall be recognized as the agent of the owner unless he shall file with the said inspector of buildings a written statement signed by such owner designating him as such agent. Any false swearing or affirming in a material point to any such affidavit shall be deemed perjury. Such specifications, plans and statements shall be filed in the said building department and be deemed public record, but no such specifications, plan or statements, shall be removed from said building department. The inspector of buildings shall cause all such plans and specifications to be examined. If such plans and specifications conform to the provisions of this act, they shall be approved by the inspector of buildings and certified to that effect. Such inspector of buildings, may, from time to time, approve changes in any plans and specifications previously approved by him, provided the plans and specifications when so changed shall be in conformity with law. The construction, alteration or conversion of such dwelling, building, or structure, or any part thereof, shall not be commenced until the filing of such specifications, plans and statements, and the approval thereof, as above provided. The construction, alteration or conversion of such dwelling, building or structure shall be in accordance with such approved specifications and plans. Any permit or approval which may be issued by the inspector of buildings but under which no work has been done above the foundation walls within six months from time of the issuance of such permit or approval, shall expire by limitation. Such inspector of buildings shall have power for just cause to revoke or cancel

any permit or approval in case of any failure or neglect to comply with any of the provisions of this act, or in case any false statement or representation is made in any specifications, plans or statements, submitted or filed for such permit or approval. Whenever improvements or alterations are ordered by the commissioner of health in a dwelling heretofore erected, the plans for such changes must, before a permit is issued by the inspector of buildings, be submitted to the commissioner of health and by said commissioner approved. ('17, c. 137, § 140; amended '19, c. 517, § 14)

1630-111. Certificate of compliance—No building hereafter constructed as or altered into a dwelling shall be occupied in whole or in part for human habitation until the issuance of a certificate by the inspector of buildings that said dwelling conforms in all respects to the requirements of this act relative to dwellings hereafter erected. Such certificate shall be issued within seven days after written application therefor if said dwelling at the date of such application shall be entitled thereto. Nothing in this section contained shall be construed so as to prohibit the inspector of buildings from issuing a certificate for the occupancy of any complete unit of a multiple-dwelling when such unit is entitled thereto. Upon request in writing by the owner of the dwelling, the inspector of buildings shall issue a certificate of compliance up to the stage of the dwelling's development at that time, but shall not be required to issue more than one such certificate. ('17, c. 137, § 141)

1630-112. Unlawful occupation—If any building hereafter constructed as or altered into a dwelling be occupied in whole or in part for human habitation in violation of section one hundred and forty-one of this act, said premises shall be deemed unfit for human habitation and the inspector of buildings may cause them to be vacated accordingly. ('17, c. 137, § 142)

1630-113. Penalties for violations—Every person who shall violate or assist in the violation of any provision of this act shall be punishable by a fine of not more than one hundred dollars or by confinement in the city workhouse for a period not to exceed ninety days, and upon failure to pay such fine, by confinement until such fine is paid. Each day's continuance of the violation of this act shall be deemed a separate offense. ('17, c. 137, § 143)

1630-114. Procedure—In addition to the punishments specified in this act, the city may enforce this act by any appropriate form of civil action and may enjoin violation of the act and compel obedience thereto by mandatory orders and writs, and cause the abatement of everything existing in violation thereof, and cause premises to be vacated, if occupied in violation thereof, and to remain vacant until the court shall find that violation has ceased, and for these purposes any court of competent jurisdiction may render, enter, make and issue any and every appropriate judgment, decree, writ and order and cause the same to be executed. For the purpose of this section violations of orders, regulations and ordinances made pursuant to this act shall be deemed violations of the act. Costs and disbursements shall be allowed in proceedings hereunder as in other civil actions. The acts, proceedings and authority of the commissioner of health and the inspector of buildings shall be treated as prima facie just and legal. ('17, c. 137, § 144)

1630-115. Tenant's responsibility—If the occupant of a dwelling shall fail to comply with the provisions of this act after due and proper notice from the commissioner of health, such failure to comply shall be deemed sufficient cause for the summary eviction of

The name of the owner or lessee may be filed as agent for this purpose. ('17, c. 137, § 146)

1630-117. Service of notice and orders—Every notice or order in relation to a dwelling shall be served five days before the time for doing the thing in relation to which it shall have been issued. The posting of a copy of such notice or order in a conspicuous place in the dwelling, together with the mailing of a copy thereof on the same day that it is posted, to each person, if any, whose name has been filed with the health department in accordance with the provision of section one hundred and forty-six of this act at his address as therewith filed, shall be sufficient service thereof. ('17, c. 137, § 147)

1630-118. Service of summons—In any action brought in relation to a dwelling for injunction, vacation of premises or abatement of nuisance, service of the summons shall be made as in civil actions, and the summons may be served by publication if other service cannot be had; but the court may by ex parte order limit the time for answer to ten days. ('17, c. 137, § 148)

1630-119. Indexing names—The names and addresses filed in accordance with section one hundred and forty-six of this act shall be indexed by the commissioner of health in such manner that all of those filed in relation to each dwelling shall be together and readily ascertainable. The proper city authorities shall provide the necessary books and clerical assistance for that purpose and the expense thereof shall be paid by the city. Said indexes shall be public record, open to public inspection during business hours. ('17, c. 137, § 149)

1630-120. The owner or his agent or representative and the lessee and occupant of every dwelling and every person having the care and management thereof shall at all reasonable times when required by any of such officers or persons give them free access to such dwellings and premises. The owner of a dwelling and his agents and employes shall have right of access to such dwelling at reasonable times for the purpose of bringing about a compliance with the provisions of this act or any order issued thereunder. ('17, c. 137, § 153)

1630-124. Laws repealed—All statutes of the state and all local ordinances or parts thereof so far as inconsistent with the provisions of this act are hereby repealed. Wherever this act requires a greater width or size of yards or courts, or requires a lower height of buildings or requires a greater percentage of lot to be left unoccupied, or imposes other higher standards than is required in any local ordinance or regulation, the provisions of this act shall govern. Said secretary shall cause such notice to be published for three successive weeks in the official newspaper of such city and a printed copy thereof to be posted in each of three public places in said city, provided that no defect or irregularity in any such notice or in the publication or posting thereof, shall in any way to any extent impair or invalidate any such assessment roll, or any assessment therein contained or any part thereof, or any penalty thereon hereinafter provided for. Every such installment of such tax or assessment, when collected, shall be paid over by the county treasurer to the secretary of said board, together with all costs, penalties and interest collected thereon at the time of making payment of city taxes to the treasurer of such city. At the time of making such payment said county treasurer shall transmit to the secretary of said board a detailed statement showing the several parcels of land upon which collections have been made by him and for which payments are so made and the amount collected on account of each such parcel. Provided, that said board may, prior to sale of any lot, piece or parcel of land for the enforcement of taxes pursuant to state law, by resolution direct its secretary or said county auditor to cancel on any record where the same appears any installment of said tax or assessment, whether because the same be irregular or erroneous or because the extension or improvement for which the same shall have

The apportionment of said smaller tracts of real estate and the payment in settlement, in whole or in part, of the amount of said assessment, as thus sub-divided and apportioned, shall be without prejudice to the lien of said city upon the balance of the tract or parcel of real estate as thus originally assessed. And said city, by and through its said City Council, City Commission, or other governing body, shall have further power, upon like petition signed and presented by property owners owning at least one-half of the lots, blocks or other parcels of land thus originally assessed, or re-assessed, as one tract, to sub-divide and apportion said original assessment, or assessments against said entire tract or governmental sub-division among each and all of the several lots or parcels of land into which said original tract was later sub-divided and platted, and to determine the proportionate part of said original assessment, or assessments applicable to and chargeable against each of said several lots or parcels of land, and upon payment thereof, to release, or cause to be released from the lien of said original assessment, or assessments, the tract, or tracts upon and against which said assessment, as thus sub-divided, is paid. Upon the filing of said County Auditor's certificate with the County Treasurer of said county, the said County Treasurer of said county is hereby specifically authorized and empowered to accept the amount of said sub-divided and apportioned assessment, and issue his receipt covering the full payment and discharge of such assessment or installment thereof against said lot, block, or other smaller tract of real estate, which receipt shall be in the form of the ordinary Treasurer's Tax Receipt for the payment of general taxes and assessments against city real estate. There shall be included in the collection to be made by said County Treasurer such lawful penalties as may have accrued, upon the basis of the assessment as thus sub-divided and apportioned to such smaller tract or area of said real estate. ('23 c. 40 § 3)

1714. Rates for gas or electric current to be prescribed—That in addition to all other powers now conferred upon any cities of the third and fourth classes in the state of Minnesota, whether existing under a general or special law or under a home rule charter, any such city is hereby authorized and empowered, through its city council or like governing body, by ordinance, to prescribe from time to time the rates which any public service corporation supplying gas or electric current for lighting or power purposes within said city may charge for such service. Provided, that nothing herein shall be construed to impair the obligation of any contract or franchise provision now existing between any such city and any such public service corporation. It shall be the right and duty of any such council or governing body to prescribe a rate which shall permit any such corporation to make a reasonable return on the capital investment in the business, under an economical and efficient management of the same; and for the purpose of making such determination it shall be the duty of any such corporation, upon request by said council or other governing body, to give to any such council or other governing body or any authorized agent of such council or other governing body access to the books of any such corporation for the obtaining of such information as may be necessary and proper in the making of such determination. Provided, that in any case where any such corporation supplies gas or current for lighting or power purposes to customers outside the limits of any such city, any such city council in fixing the rates to be charged shall take into consideration the effect of such rates, if any, upon the rates to be charged to such customers living outside the limits of such city, but said city council shall not have power to fix the rates of customers supplied outside of the city limits. ('19 c. 469 § 1)

Rates fixed by contract between city and gas companies could not be changed under this act. 265 U. S. 352.

1715. Fixing rates—Such rates shall be prescribed only after hearing and twenty days' notice of the time and place of such hearing shall have been given to such public service corporation, which notice shall be served in the manner prescribed by law for the service of summons in district court. Such proceedings may be instituted by the council or other governing body of said city or upon petition of any such public service corporation, or upon petition of twenty-five per cent of the customers served by such corporation within such city, and failure on the part of such council or other governing body to make a determination as to such rates within sixty days after such petition is filed with the clerk of said city shall be deemed a denial of such petition and a determination adverse to such petitioners, provided, however, that such council or other governing body of such city shall not be required to act upon the petition of any such public service corporation which shall refuse to give such council or other governing body access to the books of such corporation and other information relative to the operation of the business of such corporation necessary and proper to the determination of such rates. In case of the failure or refusal of any such public service corporation to give to such council or other governing body access to the books of such corporation or other information relative to the business of such corporation necessary and proper for such a determination, such council or other governing body may proceed to determine and prescribe such rates upon such information and evidence as may be adduced at such hearing. The words "public service corporation" as used in this act shall be construed to include any person, co-partnership or corporation supplying gas or electric current for lighting or power purposes to the public within any such city. ('19 c. 469 § 2)

1716. Appeal—Right of appeal—Any such city, public service corporation or person aggrieved by any such determination of rates shall have the right of appeal from such determination to the district court of the county in which such city, or any part thereof, is situate, at any time within twenty days after the filing of determination with the clerk of such city. Said appeal shall be made by filing with the clerk of such city a written notice of appeal specifying the determination of such council or other governing body from which the appeal is taken. Thereupon such city clerk shall make out and file with the clerk of such district court a copy of the determination of the council or other governing body from which such appeal is taken and of the notice of appeal, certified by such clerk to be true copies thereof, and shall transmit and file with the clerk of said court all papers in the case upon which such determination was made. There shall be no pleadings upon such appeal and the only question that shall be passed upon or considered shall be whether the rates prescribed by the determination of such council or other governing body of such city were fair and just to such public service corporation and the consumers and would permit such public service corporation a fair and reasonable return on the capital investment in the business under an economical and efficient management of the same. Such appeals shall have precedence over all other civil cases, except tax cases, and during the pendency of such appeal and until final determination of such appeal by the courts, the rates fixed and prescribed by such council or other governing body shall be and remain in force. ('19 c. 469 § 3)

Whether a city election, authorizing the council to issue and sell bonds, was legally called was an issue raised by the pleadings which in the opinion of the court below, might well warrant a full trial. 156-467, 195+145.

He shall, by and with the consent and approval of the public utilities board, appoint all assistants and deputies required by him in the discharge of his duties, and may remove them for cause, subject to appeal to the public utilities board, and shall hire and discharge, from time to time, such subordinate employes and laborers as may be provided for by the public utilities board; and all such subordinate employes of every character elected, appointed or employed in connection with the public utilities or public improvements of the city shall be under the direct supervision and control of the city manager. ('17 c. 358 § 7)

1793. Police and health departments—In all cities to which this act is made applicable the police, health, library and fire department shall continue to be governed in the same manner as before the taking effect of this act and all taxes and assessments of every kind shall be levied and collected in the same manner as before the taking effect of this act. All money derived from the operation and management of all public utilities shall be under the exclusive control of the public utilities board and all other money appropriated by the common council of this city, or in any other lawful manner, for any purpose or purposes connected with the public utilities or public improvements of any such city, shall after the same has been so appropriated or provided, be under the exclusive control of such public utilities board; but the same shall be expended only for the purpose for which the same was appropriated or provided. The common council of any such city shall not appropriate any money or levy any tax or assessment of any kind for the purpose of obtaining any money for the use of such public utilities board unless a recommendation therefor, setting out in detail the purposes for which such money is required, together with estimates of the cost of the various items thereof, shall first have been presented to the common council of such city by said public utilities board; but such board shall not be required to present any such recommendation or estimate for any such improvement in any case where the money for the same has already been provided, either from the earnings of the public utilities and improvements of such city or otherwise. ('17 c. 358 § 8)

1794. Rules—The commission shall, immediately after its election, and from time to time thereafter, make, amend and alter, rules to promote efficiency in the city service and to carry out the purposes of this act. All rules so adopted shall be published once in the official newspaper of the city and shall take effect three days after such publication. The public utilities board, city manager, or other appointing authority, shall be governed by such rules in the appointment and discharge of all subordinate officers and employes. Immediately after the adoption of any such rule, or any amendment or alteration thereof, the commission

shall cause to be delivered to the mayor and the city clerk or recorder copies thereof. ('17 c. 358 § 9)

1795. Removal and discharge of employees—Nothing in this act contained shall in any manner prohibit the mayor, the city council, or any other board or officer having the power to appoint or employ any city employee not under the control of the public utilities board or civil service commission, from removing or discharging such subordinate employee, but in case of any such removal or discharge the same shall be forthwith reported in writing, together with the cause thereof, to the civil service commission and the city clerk or recorder. ('17 c. 358 § 10)

1796. Investigations by commission—The civil service commission shall ascertain the duties of each office, position and employment under the management and control of the public utilities board, and shall designate by rule as well as may be practicable the grade of each office, employment or position; and shall prescribe standards of efficiency for each grade. The commission may by rule recommend the maximum and minimum to be paid for each office and employment, and for each grade and the title thereof, annually, or more frequently if deemed necessary. The commission shall make and keep a record of relative efficiency of each employee in the service under its jurisdiction other than unskilled laborers and shall provide by rule methods for ascertaining and verifying the facts from which such records of relative efficiency shall be made. ('17 c. 358 § 11)

1797. Commission, powers of—The commission shall from time to time investigate the enforcement of this act and of the rules made under it; the duties of all departments and of all employees of the city; the efficiency of the service, and such other matters as come within the scope of this act. In the course of such investigations each commissioner shall have power to issue subpoenas, to administer oaths, and to compel the attendance and testimony of witnesses and the production of books and papers relevant to the investigation. Any person who shall on any such hearing or investigation willfully testify falsely shall be guilty of perjury, and any person who shall refuse to obey the lawful subpoenas or directions of the commission in any such investigation shall be guilty of a misdemeanor. The commission may make complaint to the district court of disobedience of its subpoenas or orders under this section, and the court shall prescribe the notice to be given to the person accused and require him to obey the commission's subpoena or order, if found within the lawful powers of the commission, and punish disobedience as contempt of the court. Witnesses shall be entitled to the same fees and mileage as for attendance upon the district court, except that any officer, agent or employee of the city who receives compensation for his services shall not be entitled to fees or mileage. ('17 c. 358 § 12)

1798. Commission, findings of—To make written findings and deliver to certain officials—It shall be the duty of the commission, on the completion of any such investigation as provided for in the foregoing section, to make written findings of facts and recommendations or orders with reference to the matters so investigated; and copies thereof shall be forthwith delivered to the city manager, mayor, and city recorder or clerk, by each of whom the same shall be kept open to public inspection, and the same may also be published in the official newspaper of said city by the commission. All recommendations and orders so made by the commission shall be carried out by the proper officers and employees under the jurisdiction of the commis-

sion, and a failure so to do shall be cause for removal or discharge of the offending officer or employee by the commission; but no such removal or discharge shall be made without reasonable notice to and an opportunity to be heard by the accused official or employee. ('17 c. 358 § 13)

1799. Adoption of act—This act shall not be in force in any city until the question of its adoption in such city shall first have been submitted to the electors at a general election or at a special election called for that purpose, and it is approved by a majority of those voting on that question at such election. The common council of any such city on its own motion may, and on petition of a number of electors of said city equal to twenty per cent of those voting at the last preceding election shall, by ordinance or resolution, direct that the question of the adoption of this act by such city be submitted to a vote of the electors of such city at a general city election, or special city election called for that purpose to be held in such city on a day specified, not less than ten days nor more than thirty days after the last publication of such ordinance or resolution. The signatures to such petition need not be all appended to one paper, but one of the signers on each such paper shall make oath, before any officer competent to administer oaths, that each signature to the paper appended is the signature of the person whose name purports to be thereto subscribed and that all the subscribers thereto are legal voters of said city. Such petition shall be filed with the city recorder or clerk, and it shall be his duty then to forthwith give written notice to the mayor and each alderman of said city, by mail, of the filing of such petition, and in such notice to fix a time and place, not less than three nor more than ten days thereafter, for the common council to meet and act on such petition. Such ordinance or resolution shall be published and posted, as soon after its adoption as conveniently may be, in manner now provided, or as may be hereafter provided, by law for such cities. ('17 c. 358 § 14)

('27, c. 85, § 5)

1799-6. Same—Powers granted are additional—The powers granted in this act are in addition to all existing powers of such cities. ('27, c. 85, § 6)

1801. Dairy inspector — Appointment — Fees—The council may appoint a competent licensed veterinarian as city dairy inspector for such city, and said dairy inspector shall once a year inspect all dairies and dairy herds kept for the production of milk sold within the limits of such city. For each inspection he shall be entitled to a fee of 25 cents for each animal inspected, to be paid by the owner of such animal. There shall be no primary election but the filing of such affidavit shall be a prerequisite to having the name of the candidate placed on the official ballot for the city election. ('23 c. 317 § 2)

1807. Ballots—The city clerk shall prepare and cause to be printed at the expense of the city necessary poll lists, tally sheets and ballots for such election. The ballots shall be printed on yellow tinted paper but need not bear the facsimile of the signature of any officer. Each ballot shall be headed, "City Election Ballot," and shall state the name of such city and the date of the election, and, except as herein otherwise provided, shall conform to the state ballot used at general elections. Names of candidates shall be arranged thereon alphabetically according to surnames without any party designation. ('23 c. 317 § 3)

1808. Polling places—Not less than ten days before the day of the city election, the city council shall select and designate one polling place for each voting district into which the city may be divided and shall appoint three judges and two clerks for each such polling place, who shall be paid by the city the same compensation as judges and clerks at general elections, and not less than five days before such election the city clerk shall post in three conspicuous places in said city, and publish once in a qualified newspaper in such city if there is one, otherwise in a qualified newspaper in the county, a notice of the election, stating the time and place thereof, the location of each polling place, the names of the candidates, the offices to which they desire to be chosen and also any question or proposal which may be voted on at such election, and the city clerk shall also post and publish in the same manner samples of the official ballot. ('23 c. 317 § 4)

1809. Australian ballot system to be used—The election shall be held and conducted under the Australian ballot system as provided by law for general elections. The polls shall be open from six o'clock A. M. to eight o'clock P. M. The name and residence of each person voting at such election shall be entered by the judges and clerks on a poll list. The ballots shall be counted, tallied and preserved as at general elections, except that the clerk shall be the final custodian thereof. After the ballots have been counted, the board shall publicly announce the result and certify the same, together with the ballots, to the city council. The results of the election shall be canvassed by the council and the candidate for each office who receives the highest number of votes therefor shall be declared elected thereto and shall be given a certificate of election by the city clerk. ('23 c. 317 § 5)

1810. Challengers—Not to adjourn until polls are closed—The election board shall allow one voter selected by each candidate or group of candidates and having a written statement from the candidate or group he represents, stating that he has been appointed by the signers as a challenger, to remain within the railing in the room where the election is being held in each voting district until the votes are counted and the results announced, and such person shall exercise all the powers and duties of challengers at general elections. No adjournment shall be had until the polls are closed and the results announced and at least two judges and one clerk shall be present and in session at all times while the polls are open. ('23 c. 317 § 6)

1811. ('23 c. 317 § 7)

1812 to 1814. [Omitted here.]

These sections relate to cities of the third class only. See supra, §§ 1713-1 to 1713-3.

1815. Street and alley improvements in cities of fourth class or villages—Definitions—In any city of the fourth class or village of this state, whether said city or village is acting under general or special law or home rule charter, the council shall have power to improve any street, streets, alley or alleys, or parts thereof, by laying and maintaining pavements, gutters and curbs thereon of any material which it may deem suitable or by grading or graveling the same, when petitioned for by the owners of not less than thirty-five per cent (35%) in frontage of the real property abutting on such street, streets, alley or alleys, or parts thereof, as may be named in the petition as the location for such improvement. By the word "council" as used in this act is meant the governing body; by the word "mayor," the chief executive officer, and by the word "clerk," the officer who performs the functions thereof, of such municipality, by whatever title they may be respectively denominated. ('19, c. 65, § 1; amended '21, c. 419, § 1; '27, c. 185, § 1)

146-181, 178+741.

In a proceeding for the paving of streets in a city of the fourth class, it will be presumed, in the absence of proof to the contrary, that the city council did its duty and satisfied itself of the qualifications of the petitioners. 158-433, 197+970.

It is common knowledge that paving necessarily requires drainage, the cost of which may be properly included in the general expense for the improvement. 158-433, 197+970.

Engineer's expenses held to be a matter for the council and the trial court, and, in the absence of a showing of some irregularity, the same will not be disturbed by this court. 158-433, 197+970.

The proceeding for the improvement of a street was based upon a petition not signed by the requisite percentage of abutting owners. The improvement should be enjoined. 161-299, 201+604.

Villages organized under chapter 145, Laws 1885, may at their option proceed with a street-paving improvement in one of three methods: (a) Under chapter 145, Laws 1885; (b) under chapter 65, Laws 1919; (c) under chapter 382, Laws 1925. 166-202, 207+309.

These laws are cumulative in their application. They are not repugnant, but are reconcilable.

Neither of these laws creates any repeal by implication. 166-202, 207+309.

Chapter 65, Laws 1919 and chapter 382, Laws 1925, grant powers, and are not construed as imposing conditions or limitations on the municipalities therein mentioned to make public improvements. 166-202, 207+309.

1816. Same—Assessment of abutting property—The cost of any such improvement may be assessed upon the abutting property based upon the number of feet fronting upon said street or alley proposed to be so improved, or the cost of any such improvement may be assessed upon all the property within any block abutting on said street or alley and located not more than one-half block from the said street or alley to be so improved, whether such property abut on such improvement or not, based upon the benefits received, but the council may pay the cost of a pavement across intersecting streets and alleys and one-half the cost of a pavement opposite any public park or municipal property, and the entire cost of gutters out of the general road fund, if any there be, or out of the general fund of such municipality. The improvement of two or more connecting streets may be included in one proceeding and conducted as one improvement. ('19, c. 65, § 2; amended '25, c. 210)

1817. Resolution for improvement—No action shall be taken for the making of any such improvement except upon the adoption of a resolution to that effect by a majority vote of the council after a meeting at which all property owners whose property is liable to be assessed therefor, have been notified to be present by a notice of such meeting published for two weeks in the official newspaper. ('19 c. 65 § 3)

Where the statute requires notice of process to be served by publication for a stated number of weeks, the service becomes complete a week after the last publication. 158-433, 197+970.

When it appeared that the city council was without jurisdiction to order the improvement because of failure to publish the notice of hearing called for by this section, the assessment could not be confirmed, unless there was proof and finding of waiver of notice or of estoppel. 158-433, 199+746.

No waiver or estoppel is to be found in the fact that appellant, while the appeal from the confirmation was pending in the district court, paid his general taxes which included an installment of the assessment for the improvement. 158-433, 199+746.

Failure to publish for two weeks. 161-299, 201+604.

1818. Branch sewers and water pipes—Before making any such improvement the council may by resolution require the owners of the abutting property to lay branch sewers and water pipes from the mains to the curb or lot line of each lot, and in case any property owner neglects to lay such sewer or water pipe, within sixty (60) days after being served with a copy of said resolution, the council may cause the same to be put in and may assess the cost of the same against the property and collect the same as taxes are collected. All such water pipe connections shall be of such material as the council may prescribe. ('19 c. 65 § 4)

1819. Plans, specifications, and advertisements—Whenever the council of any such municipality shall determine to make any such improvements, it may cause plans and specifications thereof to be made and filed with the clerk of such municipality and may advertise for bids for such improvement in the official paper and such other paper or papers and for such

length of time as it may deem advisable. Such advertisement shall specify the work to be done, shall call for such bids on the basis of cash payment for such work and shall state the time when the bids will be opened and considered by the council, and that no bids will be considered unless sealed and filed with the clerk and accompanied by a cash deposit or certified check payable to the clerk, for such percentage of the amount of such bid as the council may specify.

In letting contracts for any such work, it shall be the duty of the council to require the execution of a written contract and a bond in such sum as it may require, conditioned for the faithful performance of the contract, and for saving the municipality harmless from any and all liability in the prosecution and completing of the work, and conditioned further for the payment for all material used and labor performed thereon. The council, if a contract is awarded, may award the same to the lowest responsible bidder. If any bidder to whom such contract is awarded shall fail to enter promptly into such written contract and to furnish such bond, then such defaulting bidder shall forfeit to the municipality the amount of his cash deposit or certified check, and the council may thereupon award the contract to the next lowest responsible bidder; provided, the council shall have the right to reject all bids; and provided further, that whenever it shall appear to the council that the cost of the entire work projected shall be less than five hundred dollars, then the council may directly purchase the materials therefor and cause the work to be done by day labor. The council may have the work supervised by the municipality's engineer or other person, and in case of improper construction or unreasonable delay in the prosecution of the work by the contractor, it may order and cause the suspension of the work at any time and relet the contract therefor, or order a reconstruction of any portion of the work improperly done, and where the work to be done shall call for an expenditure of less than five hundred dollars to complete the work or the reconstruction necessary, the council may do it by the employment of day labor. ('19 c. 65 § 5)

1820. Payments—In case the contractor shall properly perform the work, the council may, from time to time, before the completion of the work, in its discretion, pay to such contractor seventy-five (75) per cent of the amount already earned thereunder, upon the estimate of the engineer or other competent person selected by the council. ('19 c. 65 § 6)

1821. Assessment—After a contract is let, or after the work is ordered done by day labor as hereinbefore provided, the clerk, with the assistance of the engineer or other person selected by the council to perform the duties of engineer, shall forthwith calculate the proper amount to be specially assessed for such improvement against every assessable lot, piece or parcel of land within the district affected, without regard to cash valuation, in accordance with the provisions of section 2 of this act, and the proposed assessment so made up shall be filed with the clerk and be open to public inspection. The clerk shall thereupon under the council's direction cause notice of the time and place when and where the council will meet to pass upon such proposed assessment, to be published in the official paper at least one week prior to such meeting of the council.

At such meeting the council shall hear and pass upon all objections thereto, if any, and may, if it deems it just, amend such proposed assessment as to any lot or lots, and upon the adoption by resolution of such assessment, the same shall constitute the special assessments against the lands named therein. Such assess-

ment, with the accruing interest thereon, shall be a lien upon the property included therein, concurrent with general taxes, and shall be payable in equal annual installments extending over such period not exceeding twenty (20) years as the council may by resolution determine the first of said installments to be payable on or before the first day of June following the adoption of the assessment, and any deferred payments to bear interest at the rate of six per cent per annum from the first day of June following the adoption of the assessment.

It shall then be the duty of the clerk immediately thereafter to transmit a certified duplicate of such assessment to the county auditor of the county, to be extended on the proper tax lists of the county, and such assessments shall be collected and paid over in the same manner as other municipal taxes; provided, that the owner of any property, so assessed, may, at any time, pay the whole of such assessment, or any annual installment thereof with interest, as to any lot, piece or parcel of land affected thereby. ('19 c. 65 § 7)

158-433, 197+970.

1822. County boards and school districts to pay assessments—It shall be the duty of county boards and proper school district officials to pay assessments levied under the provisions of this act against property owned respectively by counties or school districts, and in the event of failure so to do, the amount of such unpaid assessments so levied may be recovered in a civil action brought by such cities or villages against the municipal corporation owning the property so assessed. ('19 c. 65 § 7a)

1823. Supplemental assessments—In case of omission, errors or mistakes, in making such assessment, in respect to the total cost of such improvement, or otherwise, it shall be competent for the council to provide for and make supplemental assessments to correct such omissions, errors or mistakes. ('19 c. 65 § 8)

1824. Certificates of indebtedness authorized—After a contract or contracts for the making of any such improvement shall have been entered into by any city of the fourth class or any village, it may, acting through its council, issue its certificates of indebtedness in such amount as may be necessary to defray in whole or in part the expense incurred or to be incurred in making any such improvement. The word "expense" shall be construed to mean and cover every item of cost of such improvement from its inception to its completion, and all fees and expenses incurred or to be incurred in pursuance thereof. Such certificates shall be payable in annual installments as near equal in amount as conveniently may be, over a period not exceeding twenty (20) years from their date, shall bear interest at a rate not to exceed six (6) per cent, payable annually, or semi-annually, which interest may be evidenced by appropriate coupons and shall be in such form and denominations, all as the council shall by resolution determine, and shall be signed by the mayor and countersigned by the clerk. A separate special assessment fund shall be provided for each improvement and the proceeds from the sale of any certificates issued on its account shall be placed in such fund. The council shall provide moneys for the payment of the principal and interest of said certificates, as they severally mature, which moneys shall be placed in such fund and into such fund shall also be paid all moneys received from the payment of any liens created under the provisions of this act. And the council shall pay the principal and interest of any such certificates out of any funds in the treasury when the moneys on hand in the appropriate special assess-

ment fund are insufficient to meet the payment of the principal or interest when the same matures, but the fund from which such moneys have been taken or used for the payment of such principal or interest shall be replenished with interest at the rate of six per cent per annum from the collection of unpaid assessments on account of such improvements.

The amount of any such certificates at any time outstanding shall not be included in determining any such municipality's net indebtedness under the provisions of any applicable law. ('19 c. 65 § 9)

1825. Reassessment—In all cases where any assessment or any part thereof as to any lot, lots or parcels of land assessed under any of the provisions of this act, for any reason whatever, is set aside, the council may cause a reassessment or a new assessment to defray the expenses of such improvement to be made. ('19 c. 65 § 10)

Invalid assessment must be set aside before proceeding under this section. 160-38, 199+748.

1826. Objection to assessment—The party desiring to object to the assessment, or his duly authorized agent or attorney, shall on or before the date of hearing upon such assessment file with the clerk a written statement of the objections and all objections not specified therein shall be deemed waived. ('19 c. 65 § 11)

Where the act authorizing a special assessment provides when and in what manner a property owner may contest the validity and amount of the assessment and gives him a proper opportunity to do so, he must make his defense at the time and in the manner provided and cannot attack the assessment in proceedings subsequently brought to enforce its collection. 157-296, 196+178.

Record examined, and held, that appellant waived the shortage of time between the last publication and the day of hearing upon the petition. 158-433, 197+970.

1827. GENERAL INCORPORATION ACT FOR CITIES OF FOURTH CLASS.

1828-17. Incorporation—Petition to probate judge—First election—The inhabitants of contiguous territory not organized as a city and having not less than one thousand (1,000) inhabitants and not more than ten thousand (10,000) inhabitants may become incorporated as a city of the Fourth Class as hereinafter provided:

Whenever two thirds (2/3) of the legal voters residing within the limits of such territory, whether all or part of such territory had been theretofore organized into a borough or village, or not, and which territory they desire to have incorporated as a city shall sign and have presented to the Judge of Probate of the county in which such territory is situated a petition setting forth the metes and bounds of said city and of the several wards thereof, and praying that said city may be incorporated under such name as may therein be designated, the Judge of Probate shall issue an order declaring such territory duly incorporated as a city and shall designate the metes, bounds, wards and name thereof as in said petition described. And the said Judge of Probate shall in said order designate the time and place of holding the first election of officers for said city, which shall not be less than thirty (30) nor more than sixty (60) days from the presenting of such petition, and shall specify therein that the polls will be open from nine o'clock in the forenoon to five o'clock in the afternoon and shall cause said order to be posted in five (5) public places in said city, at least twenty (20) days prior to the date of such election, and also cause same to be published in some newspaper published in said city at least once in each week for two (2) consecutive weeks prior thereto, and if there be no newspaper published in said city, then in a newspaper published in the county in which said city is situated. ('21, c. 462, § 1)

A city organized under this act, may include an existing village or borough, but not a part only of such village or borough. 161-171, 201+139.

So much of this act as imposes upon the probate judge non-judicial duties is unconstitutional and void; but the invalid portion is separable from the rest of the act, and the main portion of the act is valid. The act is not a delegation of power, since its application is simply conditional on local action. 186+694.

The act authorizes the incorporation only of territory urban in character. That the act applies only to cities of from 1,000 to 10,000 inhabitants, does not render it void. 186+694.

If the act contains provisions void because they grant unconstitutional privileges to a certain class of cities, the whole act does not therefore fall. 186+694.

The territory incorporated must be so conditioned as to be properly subject to Municipal government.

While the question of incorporation is legislative in character, primarily for the voters, they do not have unlimited legislative discretion. The question whether the territory is so conditioned as to be properly subject to municipal government is a fundamental condition to incorporation, and will be considered by the court, and if it appears that it is not, and that the limits of the territory have been fixed so as to reach taxable property rather than lands and people properly subject to a single municipal government, the incorporation will not be sustained. 189+592.

Certain territory sought to be incorporated held improperly incorporated, and the incorporation held invalid. 182+592.

City incorporated under this act may include an existing village or borough, but not a part only of such village or borough. 201+139.

1828-18. Corporate powers in general—Villages or boroughs included—Upon presenting the petition aforesaid, the inhabitants within the metes and bounds therein described shall thenceforth be a body politic and corporate subject to and with the power to act under the authority of all of the provisions of this act. They shall have power to sue and be sued, complain and defend in any court; make and use a common seal and alter it at pleasure; and take, hold and purchase, lease and convey such real and personal or mixed estate as the purpose of the Corporation may require, within or without the limits aforesaid; shall be capable of contracting and being contracted with; and shall have the general powers possessed by municipal corporations at common law, and in addition thereto shall possess the powers hereinafter specifically granted and shall have and possess all the powers granted and applicable to cities of the fourth class not existing or operating under a Charter adopted in pursuance of Section 36, Article 4 of the Constitution of the State of Minnesota, or a special Charter, and the authorities thereof shall have perpetual succession.

And in case the territory included in any city which shall be hereafter formed and established under the provisions of this act shall include the territory embraced in any village or borough corporation, such village or borough corporation shall, upon the establishment of such city corporation cease; and such city corporation shall thereupon succeed to and become vested with the ownership of all the property, real, personal and mixed which belonged to or was owned by such village or borough corporation at the time when the same ceased to exist; and such city corporation shall also thereupon become and be liable and responsible for all debts, obligations and liabilities then existing against such village or borough corporation for any cause or consideration whatever, in the same manner and to the same extent as if such debts, obligations and liabilities had been originally contracted or incurred by such city corporation. By the words "establishment of such city corporation" is meant the incorporation of said city and the organization of the city government of the same; and the officers elected or appointed in any village or borough embraced in the territory included in such city shall continue to exercise the powers conferred upon like officers in this state until the officers for the said city shall be elected and qualified. ('21, c. 462, § 2)

1828-19. First election—Conduct of—That the said Judge of Probate in his order designating the time and place of holding the first election of officers of any city incorporated under this act shall name three electors of each ward who shall conduct the said first election for their respective wards and who shall be the inspectors thereof, and shall take the usual oath or affirmation as prescribed in the general laws of the State to be taken by the judges and inspectors of elections, and shall have the power to appoint clerks of

such elections and to administer the necessary oaths; and the persons so named as inspectors of the election shall hold and conduct the same in the manner and under the same penalties as provided by the laws of this State regarding elections and shall have power to fill vacancies in the board of inspectors.

When the said city election is closed and the number of votes for each person voted for shall have been counted and ascertained, the judge and clerks of election shall make return thereof stating the number of votes for each person for each and every office and shall deliver or cause to be delivered such returns to one of the said inspectors within two (2) days after such election, and the said inspectors, (or a majority thereof) shall meet and canvass said returns and declare the result within one (1) day thereafter. The inspectors canvassing said returns and declaring the result shall forthwith notify the officers elected of their election by written notice served upon such officers in person or left at their usual place of abode with some person of suitable age and discretion. ('21, c. 462, § 7)

1828-24. Elective and appointive officers—The elective officers of each city shall be Mayor, Treasurer, Recorder, one alderman at large, and one Justice of the Peace, who shall be styled City Justice, all of whom shall be qualified voters of the city and two aldermen in each ward who shall be qualified voters therein. All officers for said city shall be appointed by the Common Council unless otherwise provided and all said officers shall hold their offices for two years and until their successors are elected and qualified. ('21, c. 462, § 8)

Such vacancy shall be filled by a new election, which shall be ordered by the common council within ten days after said vacancy is declared, and held within twenty days after such declaration, and reasonable notice of such election shall be given. Any vacancy happening in any other office shall be filled by the common council unless otherwise provided for. A person elected or appointed to fill a vacancy shall hold his office and discharge the duties thereof, for the unexpired term and with the same rights and subject to the same liabilities as the person whose office he may be elected or appointed to fill. ('21, c. 462, § 10)

1828-27. Elections—Ballots—Tie votes—All elections by the people shall be by ballot and each ballot shall contain the names of the persons voted for with a proper designation of the office written or printed thereon and a plurality of votes shall constitute an election. When two or more candidates for an elective office shall receive an equal number of votes for the same office, the election shall be determined by the casting of lots in the presence of the common council at such time and in such manner as they shall direct. Said commissioners shall be notified as soon as practicable by the city clerk of said city, to attend at his office, at a time to be fixed by him for the purpose of qualifying and entering upon their duties; and in case any such commissioner, upon being so notified, shall neglect or refuse to attend as aforesaid, he shall forfeit and pay a fine to said city, not exceeding fifty dollars, and shall be liable to be prosecuted therefor before the city justice of said city, as in the case of fines imposed for a violation of an ordinance of said city; and the commissioners in attendance shall be authorized to appoint another commissioner or commissioners in place of any absentee or absentees aforesaid, selected from the ward in each case not represented, and possessing the qualifications aforesaid. Any persons interested in buildings standing in whole or in part upon any land required to be taken by such improvement, shall, on or before the time specified in said notice, notify the common council in writing of their election to remove such buildings, according to the award of the commissioners. The common council, upon the day fixed for the consideration of such report, or at such subsequent meeting to which the same may stand over or be referred, shall have power, in their discretion, to confirm, revise or annul the assessment, giving due consideration to any objections interposed by parties interested.

Ninth—The damages assessed shall be paid out of the general funds of said city, and shall be paid or

tendered, or deposited and set apart in the treasury of said city, to and for the use of the parties entitled thereto, within six months from the confirmation of such assessment and report; and the land or property required to be taken for the purposes aforesaid shall not be appropriated until the damages awarded therefor to the owner thereof, shall be paid or tendered to the owner or his agent, or deposited and set apart for his use as aforesaid; and in case the said city should be unable to determine to whom the damages in any particular case so awarded should be paid, or in case of disputed claims in relation thereto, the damages in such case may be deposited, by order of the common council, in the district court of the county, in the same manner as moneys are paid into court, until the parties entitled thereto shall substantiate their claim to the same.

Tenth—In case any owner or owners of buildings as aforesaid shall have elected in manner aforesaid to remove his or their buildings, he or they shall so remove them within thirty days from the confirmation of said report, or within such further time as the common council may allow for the purpose, and shall thereupon be entitled to payment from said city of the amount of damages awarded in such case, in case of removal. When such person or persons shall not have elected to remove such buildings, or shall have neglected (after having elected to remove) to remove the same, within the time prescribed, such buildings, or so much thereof as may be necessary, upon payment or depositing the damages awarded for such taking, in manner aforesaid, may be then taken and appropriated, sold or disposed of, as the common council shall direct, and the same or the proceeds thereof shall belong to the said city.

The judgment of such court therein shall be final. Such appeal shall be entered and brought on for trial, and be governed by the same rules in all other respects, as appeals from justices of the peace in civil suits. ('21, c. 462, § 58)

The common council shall thereupon, if they deem it expedient that the matter should be proceeded with, order the petition to be filed of record with the city clerk, who shall give notice by publication in the official paper of said city, for four weeks, at least once a week, to the effect that such petition has been filed as aforesaid, and stating in brief its object, and that said petition will be heard and considered by the common council, or a committee appointed by them, on a certain day and place therein specified, not less than ten days from the expiration of such publication. The common council, or such committee as may be appointed by them for the purpose, at the time and place appointed, shall investigate and consider the said matter, and shall hear the testimony and evidence on the part of parties interested. The common council, thereupon, after hearing the same, or upon the report of such committee in favor of granting such petition, may, by resolution passed by a two-thirds vote of all the members elect, declare such public grounds, streets, alleys or highways, vacated; which said resolution, after the same shall go into effect, shall be published as in the case of ordinances, and thereupon a transcript of such resolution, duly certified by the city clerk, shall be filed for record and duly recorded in the office of the register of deeds of the county. Plaintiff, while lawfully on private property, was injured by being struck by a piece of rock hurled by blasting, in a negligent manner by defendant in one of its streets. Held, within the statute (116-323, 133+804).

In 1897 c. 248, the clause "or by reason of the negligence of its officers, agents or servants" was not germane to the title, and no effect was given to it (82-127, 84+788; 97-23, 106+89). The clause, as it appears in the revision is valid (116-323, 133+804).

Notice of injury from electrical burns, describing them and claiming that they were caused "as the natural consequence of * * * some defect in the wiring system and equipment" of the electric plant belonging to defendant village, and that the injuries were the result of the negligence of the village, its officers, and employees held a sufficient compliance with the statute. 157-228, 196+171.

Action for personal injuries resulting from a fall on a defective sidewalk. The evidence justified the jury in finding that the defect had existed a sufficient length of time to charge the city with notice. 158-104, 196+932.

Liable for injury caused by smooth ice on walk caused by artificial conditions. 160-398, 200+354.

The evidence warranted the jury in finding that there were ridges of ice on a sidewalk on which plaintiff slipped and fell. 163-198, 203+776.

The notice of injury described the place where plaintiff fell with sufficient definiteness and certainty. 163-198, 203+776.

The evidence warranted the jury in finding that a sidewalk at the place where the plaintiff fell and was injured was defective, in that it was rough, and had ridges of ice from 2 to 4 inches in height. 164-19, 204+562.

Defective description of place in husband's notice of wife's injury was cured by wife's notice. 164-63, 204+562.

Not applicable to action for damages from flooding. 166-336, 207+721.

The claim that the icy condition of the sidewalk upon which plaintiff fell was caused by the negligence of defendant's janitor is not sustained by the evidence. 166-411, 208+134.

Evidence examined and found to sustain the direction of a verdict for defendant, on account of a lack of proof of negligence on its part. 209+902.

The evidence was insufficient to prove that the defendant was negligent in permitting ice and snow to accumulate upon its sidewalk. 211+819.

Negligence of the village was not shown in failing to have its streets sufficiently lighted. 211+819.

Where a carbon duplicate of a typewritten notice is signed at the same time as the original (the paper receiving the first impression), and the one who prepared the instruments testified that he presented the original to the village council, in open meeting, and retained the carbon duplicate, such duplicate is properly admissible in evidence without first showing a demand on the village to produce the original; the statute not requiring the notice to be filed or kept by the village recorder. 211+952.

The notice was sufficient to permit testimony as to conditions immediately adjacent to the defect described. 211+952.

Notice of accident and claim for damages sufficient to designate place where accident occurred. The service of notice is sufficient. 212+186.

The charter of Minneapolis requires that notice of an injury be given to the city within 30 days after its occurrence as a condition to the maintenance of a suit for negligence. The cause of action is given directly or indirectly or impliedly by statute, and the giving of the notice is an essential part of the cause of action. 213+557.

The giving of notice is not excused by the fact that the person injured is a minor. 213+557.

Legalizing notice of claims filed against cities of first class—Laws 1925, c. 376 reads as follows: "That all notices of claims pursuant to Section 1 of Chapter 391, General Laws, 1913, or pursuant to any charter provision filed against cities of the first class or the Board of Water Commissioners thereof during the month of January or February, 1925, for damages claimed to have been suffered within five months prior to the time of serving said notice and subsequent to the thirty-day period fixed by said act, or any other period fixed by said charter if otherwise regular, shall be and hereby are declared valid and sufficient for all purposes, notwithstanding such notices were not filed within thirty days specified in said act or within any other period fixed by said charter and shall not be affected in any manner by reason of such fact, provided such notices were in fact filed with the proper body during such month of January or February, 1925, and provided further that said city or said Board of Water Commissioners shall have had actual knowledge of said claim or injury and the circumstances thereof within thirty days after the happening of the same." Laws 1925, ch. 376, is invalid. 213+557.

1832. Claims for death—Notice—The provisions of section 1 shall also apply when the claim is one for death by wrongful act or omission, and in that case, the notice may be presented by the personal representative, surviving spouse or next of kin, or the consular officer of the foreign country of which the deceased was a citizen, within one year after the alleged injury or loss resulting in such death; provided, however, that if the person for whose death the claim is made, shall have duly presented within thirty days, a notice which would have been sufficient had he lived, the same shall be deemed sufficient within the terms of this act. ('13 c. 391 § 3) [1788]

1833. To what cities and villages applicable—This act shall also apply to cities and villages existing under a charter framed pursuant to section 36, article 4 of the constitution. ('13 c. 391 § 5) [1789]

Cities of the first class authorized to compensate for injuries sustained not more than six months prior to passage of act, '23 c. 306.

1834. Judgment against municipality—Payment—No execution shall issue on a judgment for the recovery of money against a city, village, or borough, except as hereinafter provided. Upon delivery of a certified copy of the judgment, the treasurer of such municipality shall pay it out of any moneys in or coming into his hands not otherwise appropriated, unless collection thereof be stayed on appeal, always retaining a sufficient sum to pay necessary current expenses; and, if he fails so to do, he and his bondsmen shall be liable for the amount. In case there be no such treasurer, then, upon delivery of such certified copy and an affidavit of the judgment creditor, his agent or attorney, showing the amount due, and that the judgment has not been stayed on appeal, the county treasurer shall pay such judgment out of the funds of the municipality in or coming into his hands, taking receipt therefor. (769) [1790]

1835. Claims based on relation of master and servant—The provisions of section 1 shall also apply when the claim is based on the failure of the city, village or borough in one of the duties assumed by or imposed upon it as a master or employer. ('13 c. 391 § 2) [1787]

133-405. 158+616; 124-257, 144+955.

1836. Tax levy—Execution—When a judgment against a city, village, or borough is unpaid at the

time of the annual tax levy, unless the proper officers thereof have otherwise provided sufficient funds to pay the same before the time for collection of such tax levy, they shall levy a tax to pay such judgment, and certify the same, and the purpose thereof, to the county auditor. If the judgment be not paid within twenty days after the time fixed by law for the county treasurer to pay over to the treasurer of the municipality the moneys in his hands belonging to it on account of such annual tax levy, execution may issue on such judgment, but only the property of such municipality shall be liable thereon. If there be no officers of the municipality to levy such tax, the judgment creditor may apply to the county auditor, who, upon being satisfied that the judgment has not been paid or stayed, shall levy and extend the tax. (770) [1791]

1837. Codification of charter, etc.—Evidence—Any city or village may cause its charter, and all general and special laws, ordinances, resolutions, rules, and by-laws in force therein, to be codified, printed, and published, and may declare, by ordinance, such codification to be prima facie evidence of the law of such municipality. It shall thereupon be received in evidence by the courts. (771) [1792]

1838. Assessment abandoned or excessive—Limitation—Whenever any special assessment shall have been levied upon real estate to defray the cost of a proposed local improvement, and the improvement shall be abandoned, or the total amount of the assessment shall exceed the cost of the improvement, the municipality shall be liable to the owner in the first case for the amount of the assessment paid by him, and in the second case for such proportion of the excess as the amount of the assessment paid by him bears to the total assessment, and it is hereby made the duty of the proper authorities to make refundment. Provided application therefor is made by or on behalf of the party entitled thereto, or any action to recover the same is brought within six years after funds to pay the same have been appropriated and made available by the proper officers to fully pay the same. (R. L. § 772; amended '13 c. 306 § 1) [1793]

1839. Transient dealers—No person, without permission granted by vote of the council, shall engage temporarily in the business of selling goods in any city or village, unless such goods have been duly assessed for taxation within the state for the current year. No such permission shall be granted by the council until the applicant shall have paid to the treasurer such sum as it may require, not exceeding fifty dollars per week, for the period for which permission is sought, which sum shall be fixed upon consideration of the kind, amount, and value of the goods offered. A transient dealer violating any provision of this section shall be guilty of a misdemeanor, and the fact that such goods are not listed for taxation in the county shall be prima facie proof that they are not assessed for taxation in the state. (773) [1794]

1840. Power to regulate transient merchants—That every city or village of the state of Minnesota, whether incorporated under a home rule charter or a general or special law of this state, in addition to all other powers given such city or village by any law of this state, shall have power by ordinance to regulate, control and license transient merchants, and to provide for the punishment of persons violating such ordinances. ('09 c. 84 § 1) [1795]

1841. Deposit of public funds—The council of any village, or of any city of the fourth class, may designate as a depository of city or village funds such national, state, or private banks as it may deem proper.

Each shall give bond to the municipality, in at least double the amount authorized to be deposited therein, to be approved by the council, conditioned to repay all sums deposited therein upon proper demand therefor, and for the performance of such other duties as the council may require. And such council from time to time may require the city or village treasurer to deposit all or any part of the public funds in his hands in such banks, and to withdraw the same when so directed. No such deposit shall be made for a time extending beyond the term of the council then in office, and all the terms and conditions of deposit shall be set forth in the resolution designating the several depositaries, which resolution shall be filed with the clerk or recorder. The treasurer shall not be liable on his bond for any money so deposited by direction of the council, and lost through the failure, bankruptcy, or other default of such bank. All interest accruing upon such deposits shall belong to the city or village. (774) [1796]

1842. Roads, bridges and ferries outside city or village—The council of any village or of any city of the fourth class may appropriate and expend such reasonable sums as it may deem proper to assist in the improvement and maintenance of roads lying beyond its boundaries and leading into it and to improve and maintain bridges and ferries thereon whether they are within or without the county in which it is situated. (R. L. § 775, amended '13 c. 111 § 1) [1797]
135-384, 160+1026.

1843. Annexation of territory to certain cities and villages having 10,000 inhabitants or less—Ordinance—That whenever the majority of the owners of any property which has been platted into lots and blocks or outlots, or the owner of any tract, piece or parcel of land abutting upon any incorporated city or village having ten thousand inhabitants or less, whether such city or village is incorporated under general or special laws, shall petition the city or village council to have such property annexed to the city or village, the city or village council may by ordinance declare the same to be an addition to such city or village and thereupon such territory shall become a part of such city or village, as effectually as if it had been originally a part thereof. ('05 c. 220 § 1; amended '09 c. 383 § 1) [1798]

Where territory wholly unsuitable for the purpose and, therefore, not within the statute on the subject, was attempted to be annexed by a village, and the supposed annexation was immediately and successfully attacked by the state in quo warranto proceedings, the attempted annexation never acquired a de facto character so as to entitle the annexing village to retain any of the tax moneys derived from the territory attempted to be annexed. 158-271, 197+266.

The action of a city council in annexing territory to the municipality, being legislative and not judicial in character, cannot be reviewed by writ of certiorari. 167-307, 209+3.

1844. Duty of council—Act supplementary—It shall be the duty of the council of any city or village adding territory under this act to cause a certified copy of the ordinance aforesaid to be recorded and filed in the office of the register of deeds of the county in which such city or village is located in the same manner as city or village charters are filed and recorded under the general laws of this state. Provided, that this act shall be construed to be supplementary to any other law providing for the annexation of territory to villages and cities of less than 10,000 population, and not as repealing such law. ('05 c. 220 § 2; amended '09 c. 383 § 2) [1799]

At the time and place named in said resolution said village council, or the common council of said city, shall hear any and all testimony offered by or on behalf of all parties interested or affected by the construction of said boulevard and for said purpose the president of the council or other presiding officer is hereby authorized to administer oaths to witness. Thereupon by resolution, the village council, or common council of said city, shall determine the amount of benefits caused by said construction, to each lot, part of lot, or parcel of ground fronting the street or streets where such boulevard shall have been constructed or rebuilt as aforesaid; and a full and complete record thereof shall be made and kept by the village or city recorder in a separate book kept for that purpose, which record shall contain a description of the property benefited and charged with the construction of such boulevard, the amount of benefit determined in each case as aforesaid, and when so determined the amount of each annual installment thereof; when transmitted to the county auditor of the county for assessment; the amount paid hereon and when paid. Such record to be used in making each annual levy and assessment, as in this act provided. The amount of (the) benefits to each lot, part of lot, or parcel of ground so determined as aforesaid, shall be and become a charge against the same and shall be assessed thereon, as (in) the case of county, city or state taxes in three annual installments. ('05 c. 330 § 3) [1828]

1877. Issue and sale of treasury orders—If such assessments for either or any of the purposes aforesaid be not fully paid to the street commissioner, village or city treasurer, or other officer authorized by law to collect the same, within twenty days after said boulevard has been fully constructed or rebuilt, as aforesaid, the village council, or common council of said city, may issue, or cause to be issued, the orders of said village or city, on the treasurer thereof for the aggregate amount of the unpaid balance of each of said assessments, payable in three annual installments, each of which installments shall be represented by a separate order, bearing interest at a rate to be determined by said village or city council, not exceeding 6 per cent per annum, from their date until maturity, and payable as follows: One payable on or before the first day of June, of the year next following the issuing thereof;

one payable on the first day of June of the second year next following; and one payable on the first day of June on the third year next following. Said orders shall be made payable to bearer, and the same may be issued, negotiated and sold by said village or city for not less than their par or face value. All said orders shall be in substantially the following form:

D. 19...., with interest thereon at the rate of per cent per annum from date hereof until maturity. This order represents one-third of the amount expended in the construction of a boulevard in said (village or city) in the year 19....

A record of all said orders shall be made and kept by said village or city recorder, which record shall show the date same was issued, amount of order, date when due, to whom sold, amount sold for, and for what purpose the same was issued, when the same was paid, and the amount paid as shown by the treasurer's books. Books shall be provided for said purpose. ('05 c. 330 § 4) [1829]

1878. Tax levy—After the completion of said boulevard as aforesaid by said village council or common council of said city, said village council or common council of said city, shall annually, on or before the first day of October of each year, until the whole of said assessments have been levied as herein provided, cause a statement of the amount of one of the said three annual installments, with six per cent annual interest thereon computed from the time of completion of said work to the first day of June following the making of said levy added thereto, to be transmitted, with the village or city taxes for that year, to the auditor of the county, and the said auditor shall insert the same with the other taxes in the duplicate statement of taxes annually transmitted by him to the county treasurer for collection and payment thereof, and the same shall be enforced with, and in like manner, as city, county and state taxes are collected and payment thereof enforced. After the completion of said boulevard the owner or owners of said land adjoining the same, or interested therein, shall have the privilege of paying all or any portion of the cost of construction thereof to said village or city at any time within twenty days thereafter, and before said levy has been made, and the amount so paid shall be deducted from the amount of said assessment. ('05 c. 330 § 5) [1830]

1879. Application—Chapter forty-nine of the General Laws of Minnesota for the year 1899, and all other acts and parts of acts inconsistent with the provisions of this act are hereby repealed. Provided, however, that this act shall not apply to any city or village of this state having a population of less than ten thousand operating under a special law or special charter. Provided, further, that this act shall not in any way affect any assessments heretofore made by any city or village or any assessments hereafter to be made by any city or village upon any contract made prior to the time when this act shall take effect. ('03 c. 312; amended '07 c. 141; '09 c. 364; '09 c. 385; '13 c. 396; '15 c. 35 § 2; '21 c. 295 § 1)

1881. Classification of sewer systems—The city, village or borough council may at any time establish a general sewer system, and may classify sewers as general, district, joint-district and lateral. General sewers shall be the designation of such large sewers as shall be common to the entire city, village or borough or used as outlets for district or joint-district sewers, and shall not include those which may or shall be constructed for the immediate draining of any particular district. District sewers shall be the designation of all main sewers laid for the immediate draining of a particular sewer district. Joint-district sewers shall be the designation of such large sewers as may be laid through or be used jointly by two or more sewer districts between a district sewer and a general sewer or independently of general sewers, and for all purposes of construction, maintenance, repairing and taxation or providing for the cost therefor, shall be treated as though in a single district. Lateral sewers shall be the designation of all sewers of whatever size, capacity or length, which may be constructed to drain any portion of a sewer district directly into any district, joint-district or general sewer. Sewer districts shall be wherever practicable laid out to include any particular portion of the city, village or borough, which may be drained entirely by itself, or which may be first drained by itself and then through connection with a general sewer. ('03 c. 312; amended '07 c. 141; '09 c. 364; '09 c. 385; '13 c. 396; '15 c. 35 § 3)

1882. Location of sewers—All general, district and joint-district sewers shall be laid when practicable, in public grounds, streets or alleys. Whenever it shall be necessary in the judgment of the city, village or borough council to lay and maintain any general, district, joint district, or lateral sewer in or through other than public lands, the city, village or borough, may acquire the right thereto by purchase, or by condemnation under the right of eminent domain. ('03 c. 312; amended '07 c. 141; '09 c. 364; '09 c. 385; '13 c. 396; '15 c. 35 § 4)

1883. Ordinance for improvement—No action shall be taken for the extension of any existing sewer nor for the construction of an entire or partial system, except upon the adoption of an ordinance or resolution by a majority vote of all the members of the city, village or borough council. The creation of sewer districts and the alteration of the boundaries thereof shall be by ordinance, and the council may at all times cause inspections, surveys, plans and profiles to be made by the city, village or borough engineer, or other competent engineer to be selected by the city, village or borough council, and reported to the city, village or borough council for its guidance in determining the form and extent of any sewer district to be created, enlarged or diminished; and such sewer districts shall be consecutively numbered. ('03 c. 312, amended '07 c. 141; '09 c. 364; '09 c. 385; '13 c. 396; '15 c. 35 § 5)

1884. Cost of system—The cost of constructing a general sewer, plant or plants for treating the sewage therein or the securing an outlet therefor shall be paid out of the sewer fund, if any, or if there is no sufficient sewer fund, then out of the general revenue fund of the city, village or borough. ('03 c. 312;

amended '07 c. 141; '09 c. 364; '09 c. 385; '13 c. 396; '15 c. 35 § 6; '21 c. 295 § 2)

1885. Spreading of assessments—The cost of constructing any district sewer, plant or plants for treating the sewage therein and the securing of an outlet for such district sewer or treatment plant into any county or judicial ditch, may be assessed against all the land in the sewer district subject to assessments for local improvements, according to special benefits to each lot, piece or parcel of land in the district without regard to cash valuation. ('03 c. 312; amended '07 c. 141; '09 c. 364; '09 c. 385; '13 c. 396; '15 c. 35 § 7; '21 c. 295 § 3)

1886. Assessments in more than one district—The cost of constructing every joint district sewer, plant or plants for treating the sewage therein and the securing of an outlet for such joint district sewer or treatment plant, into any county or judicial ditch, may be assessed against all the land in the two or more sewer districts which it drains, and for that purpose all of the districts so drained by any joint district sewer shall be treated as one district, and the same plant, method and means employed as in assessing for the cost of a district sewer, treatment plant for same or outlet therefor. ('03 c. 312; amended '07 c. 141; '09 c. 364; '09 c. 385; '13 c. 396; '15 c. 35 § 8; '21 c. 295 § 4)

1887. Cost of lateral sewers—The entire cost of constructing all lateral sewers may be assessed against every lot, piece or parcel of land abutting thereon, subject to assessment for local improvement at an equal sum per front foot without regard to cash valuation. ('03 c. 312; amended '07 c. 141; '09 c. 364; '09 c. 385; '13 c. 396; '15 c. 35 § 9)

1887-1. Cost of sewer serving as lateral and as district or joint district sewer—In case a sewer shall be so constructed that it serves both as a lateral and as a district or joint district sewer, or as a relief for either, the council shall first determine what the cost of constructing such sewer would be if used solely as a lateral, and that amount shall be assessed against the abutting property in the manner provided for assessing for lateral sewers; and, second, determine the amount over and above the cost of such lateral sewer which is caused by reason of constructing said sewer so as to be used as a district or joint district sewer or relief for either, and such excess cost shall be paid in the same manner as provided for the payment of joint or joint district sewers as the case may be. ('15, c. 35, § 9a, added '25, c. 144, § 1)

1888. Estimate of cost—Whenever the city, village or borough council shall determine by ordinance or resolution to alter, repair, relay or extend any existing sewer, or to construct any new sewer, the cost thereof shall be estimated by the city, village or borough engineer or some other competent engineer to be selected by the city, village or borough council, who shall draw plans and specifications and tabulate the results of his estimate of the cost, and report the same to the city, village or borough council; and such plans and specifications shall be filed with the clerk or recorder of such city, village or borough before any proposals for bids for work thereunder shall be advertised, and shall remain on file, open to the inspection of all persons until after the contract for such work shall be let and copies of such plans and specifications shall be furnished by the engineer who shall prepare the originals, to any person applying therefor, at a cost of seventy-five cents per hour for the time necessarily employed in making such copies. ('03 c. 312; amended '07 c. 141; '09 c. 364; '09 c. 385; '13 c. 396; '15 c. 35 § 10)

1889. Advertisements for bids—The city, village or borough council shall then cause proposals for bids for such work to be advertised in the official paper of the city, village or borough, and in a newspaper or trade paper published in a city of the first class in the state, at least once in each week for three successive weeks, which advertisement shall specify the work to be done and shall call for bids upon a basis of cash payment for the work, and shall state the time within which bids will be received and the exact time at which the same will be opened for consideration by the city, village or borough council. For the purposes of this act, a trade paper in order to be qualified as a medium of such proposals for bids shall have all the qualifications prescribed for a legal newspaper in Section 9413 of General Statutes of Minnesota for 1913 and the amendments thereto except that instead of the requirement that it shall contain general and local news as provided by sub-division 3 of said Section, such trade paper may and shall contain in lieu thereof, building and construction news of interest to contractors in this state among whom it shall have a general circulation. No bid shall be considered unless the same shall be accompanied by a cash deposit or duly certified check payable to the order of the treasurer of the city, village or borough or a bidder's bond executed by the bidder as principal, and such corporate surety or personal sureties as shall be approved by the council of such city, village or borough, for at least fifteen per cent of the amount bid, and be directed to the clerk or recorder of the city, village or borough, securely sealed, so as to prevent its being opened without detection, and be indorsed upon the outside wrapper with a brief statement or summary as to the work for which the bid is made. In letting contracts for any such work it shall be the duty of the city, village or borough council to require the execution of a written contract and a bond in such sum as the city, village or borough council may require, conditioned for the faithful performance of the contract and for saving the city, village or borough harmless from any and all liability in the prosecution and completing of the work. The city, village or borough council, if a contract is awarded, shall award the same to the lowest responsible bidder. If any bidder to whom such contract is awarded shall fail to enter promptly into such written contract and to furnish such bond, then such defaulting bidder shall forfeit to the city, village or borough the amount of his cash deposit or certified check, and the city, village or borough council may thereupon award the contract to the next lowest responsible bidder; provided the city, village or borough council shall have the right to reject all bids, and provided further, that whenever the estimates made for the city, village or borough council for the entire work projected shall be less than five hundred dollars, then the city, village or borough council, may directly purchase the materials therefor and cause the work to be done by day labor. Every contract awarded under this act shall be made between the city, village or borough as one party, in the name of the city, village or borough, and the successful bidder as the other party, and such contract shall be executed on the part of the city, village or borough by the mayor or executive officer thereof and countersigned by the clerk or recorder of said city, village or borough, with the corporate seal of the city, village or borough affixed, and an attested copy thereof shall be filed and remain in the office of the clerk or recorder of the city, village or borough.

In every contract executed under this act, whether or not so stated therein, there shall be reserved the right

of the city, village or borough council to have the work supervised by the city, village or borough engineer or other person, and in case of improper construction or unreasonable delay in the prosecution of the work by the contractor, to order and cause suspension of the work at any time and to re-let the contract therefor or to order a reconstruction of any portion of the work improperly done, or where the remaining work to be done or the work of reconstruction to be made shall call for an expenditure of less than five hundred dollars to complete the work of reconstruction by the employment of day labor. ('03 c. 312; amended '07 c. 141; '09 c. 364; '09 c. 385; '13 c. 396; '15 c. 35 § 11; '21 c. 443 § 1)

Explanatory note—For G. S. 1913, § 9413, see § 10935, herein.

1890. Allowance of estimates—In case the contractor to whom any such contract may be let shall properly perform the work therein designated, the city, village or borough council may, from time to time, before the completion of the work, in its discretion, pay to such contractor eighty (80) per cent of the amount already earned thereunder upon the estimate of the city, village or borough engineer or other competent engineer selected by the city, village or borough council. ('03 c. 312; amended '07 c. 141; '09 c. 364; '09 c. 385; '13 c. 396; '15 c. 35 § 12)

1891. Amount of special assessment—Whenever any work or improvement provided for by this act shall have been determined upon and a contract let therefor, or outlet secured, the city, village, or borough engineer, or other competent engineer selected by the city, village or borough council, shall forthwith calculate the proper amount to be specially assessed for such district, joint district and later all sewers, treatment plants or outlet against every assessable lot, piece or parcel of land within sewer district affected, without regard to cash valuation, in accordance with the provisions of Sections 7, 8 and 9 of this act.

Provided that no property shall be especially assessed for the cost of a sewer in excess of the cost of a sewer twenty-four inches in diameter, and that whenever any district, joint district or lateral sewer of larger diameter than twenty-four inches shall be laid or re-laid, the cost thereof in excess of the estimated cost of a like sewer twenty-four inches in diameter shall be paid out of the sewer fund, if any, or in case there is no sufficient sewer fund, then out of the general revenue fund of the city, village or borough.

Provided further, that in calculating the special assessment for any district sewer or joint district sewer, the cost of laying or relaying such sewer in any public ground, street or alley; and all catch basins, manholes, lamp holes and flushing valves and tanks and treatment plants shall be taken as a part of such district sewer or joint district sewer and to be paid for by such special assessment.

And provided further, that private owners may lay, relay, or extend any lateral sewer through any public ground, street or alley and connect the same with any general, district or joint district sewer, upon permission granted by a majority of the city, village or borough council, and that any private owner alone, or two or more owners jointly, may lay, relay, or extend lateral sewers through private ground pursuant to rights acquired therefor by agreement or purchase from any private owner or owners. In the event that any private owner alone or jointly with others lay, relay or extend any such lateral sewer through public ground, the city, village or borough shall not be or

become in any manner or in any respect liable for any act or negligence involved therein.

When such engineer shall have finished his calculation of the amount to be specially assessed, as aforesaid against each lot, piece or parcel of land in the sewer district affected, he shall at once prepare and file with the clerk or recorder of the city, village or borough tabulated statements in duplicate, showing the proper description of each and every lot, piece or parcel of land to be specially assessed and the amount he has calculated against the same, and such statement shall be the basis of the assessment and be known as the proposed assessment to be made by the city, village or borough council, as hereinafter prescribed, and shall be laid before the city, village or borough council for its approval at its next regular meeting, to be held not less than ten (10) days thereafter. The clerk or recorder of the city, village or borough shall thereupon cause notice of the time and place when and where the city, village or borough council will meet in regular session to pass upon such proposed amendment, to be published in the official paper of the city, village or borough at least ten (10) days prior to such meeting of the city, village or borough council.

During all the time between the filing of such proposed assessment with the clerk or recorder of the city, village or borough and such meeting of the city, village or borough council such proposed assessment shall be open to inspection and copying by all persons interested.

At such meeting of the city, village or borough council all persons aggrieved by such proposed assessment may appear before the city, village or borough council and present their reasons why such proposed assessment or any particular item thereof should not be adopted, and the city, village or borough council shall hear and pass upon all objections thereto, if any, and may alter, or affirm and adopt such proposed assessment as may be deemed just in the premises, and upon the adoption by resolution of such proposed assessment the same shall be certified by the clerk or recorder of the city, village or borough and filed in his office and shall thereupon be and constitute the special assessment. The amount assessed against each lot, piece or parcel of land by such special assessment shall bear interest from the date of the adoption of such special assessment until the same have been paid, the rate of interest to be designated by a resolution of the city, village or borough council at the time of the adoption of such special assessment but not to exceed six per cent (6%) per annum, and such special assessment, with the accruing interest thereon, shall be paramount lien upon the property included therein from the time of the adoption of such assessment by the city, village or borough council and shall remain such lien until fully paid, and shall have precedence over all other liens, except general taxes and as to such shall be concurrent, and shall not be divested or impaired by any judicial sale and no mistake in the description of the property or in the name of the owner shall invalidate the lien.

The city, village or borough council may at any time by resolution direct the clerk or recorder of the city, village or borough to make up and file in the office of the county auditor a certified statement of the amount of all such unpaid assessments and the amount of interest which will be due thereon on the first day of January of the following year, and the clerk or recorder of said city, village or borough shall within twenty (20) days thereafter make up and file such certified state-

ment in the office of the auditor of the county, which statement shall also contain a description of the lands affected by the assessment. Such resolution may also direct that such special assessment shall be payable in equal annual installments not exceeding ten, and payable on the first day of January of each year, each of said installments to bear interest at the rate hereinbefore provided until fully paid, provided in case such assessments are made to cover the cost of securing an outlet for a district or joint district sewer into a county or judicial ditch and in the order granting such outlet, the charge therefor is made payable in installments, then the assessment levied to cover same may be made in like installments payable at the same time and with interest at the same rate as may be necessary to meet such obligation, and the certified statement of the clerk or recorder shall in this case show the amount of each of such installments, the date when each installment becomes due and the amount of interest to be paid on each installment in each year. After said statement is filed in the office of the County Auditor it shall be the duty of such Auditor to extend upon the tax roll of each year the amount of such assessment or installment thereof, as the case may be, and the amount of interest which will become due on the first day of January of the following year as shown by said certified statement against the different lots or parcels of land therein described, and such amounts when so extended each year shall be carried into the tax becoming due or payable in January of the following year, and enforced and collected in the manner provided for the enforcement and collection of the state and county taxes and the assessments and interest paid to the County Treasurer shall be paid over by him to the Treasurer of such city, village or borough upon the apportionment of general taxes, but in case such assessments or installments thereof are to cover payments due for a district or joint district sewer outlet as herein provided, then such payments shall be applied on same. Provided that any person named at any time before the transmission of the certified statement of the clerk or recorder of such city, village or borough to the County Auditor pay such special assessment as to any lot, piece or parcel of land affected thereby, together with the interest accrued thereon at the date of such payment, to the city, village or borough treasurer, and receive the proper receipt therefor, and the clerk or recorder of the said city, village or borough shall upon the presentation of such receipt from said city, village or borough treasurer, cancel upon the special assessment roll the special assessments so paid.

Provided further, that any person may pay any such assessment with accrued interest thereon after the same has been so certified to the County Auditor, provided the tax roll containing such assessment has not in due course been delivered to the county treasurer for collection and the receipt of such city, village or borough treasurer shall be sufficient authority upon presentation to the county auditor for him to mark such assessment "paid" upon his roll, but after the roll has been delivered to the county treasurer for collection, the said assessment must be paid to him, with the penalties allowed by law.

The same penalties and interest shall attach and be collected by the county treasurer on assessment as upon general taxes, which penalties and interest shall belong to the city, village or borough and to be turned over by the county treasurer to the city, village or borough with the assessments. ('03, c. 312; amended

'07, c. 141; '09, c. 364; '09, c. 385; '13, c. 396; '15, c. 35, § 13; '21, c. 295, § 5; '25, c. 145)

For sections 7, 8 and 9 of this act, see §§ 1885 to 1887, herein.

1892. Supplemental assessment—In case of omission, errors or mistakes, in making such assessments in respect of the total cost of such improvement, or otherwise, it shall be competent for such city, village or borough council to provide for and make supplemental assessments to correct such omission, errors or mistakes; and such supplemental assessments shall be a lien as in case of the original assessment, drawing interest at the same rate and be payable and enforceable in the same manner as is herein provided with respect to the original assessment. ('03 c. 312; amended '07 c. 141; '09 c. 364; '09 c. 385; '13 c. 396; '15 c. 35 § 14)

1893. Fund for each proposed sewer—All moneys collected on any such special assessments, other than to pay for sewer or treatment plant outlets, shall constitute a fund for the payment of the cost of the improvement in the district for which such assessment was made, and the same shall be credited to the proper sewer district fund under the designation: "Fund of Sewer District No." and in anticipation of the collection of such special assessment the city, village or borough may issue warrants on such fund, to be known as "sewer warrants" payable at such times and in such amounts as, in the judgment of the city, village or borough council, the collections of such special assessments will provide for, which warrants shall bear interest at a rate not to exceed six (6) per cent per annum, payable annually, and may have coupons attached representing each year's interest. Each warrant shall upon its face state for what purpose it is issued and specify the particular fund against which it is drawn, and shall be signed by the mayor or executive officer and countersigned by the clerk or recorder of the city, village or borough and be in denominations of not less than fifty dollars nor more than five hundred dollars. Such warrants may be used in making payments on contracts for the improvements or may be sold by the city, village or borough for not less than par and the proceeds thereof used in paying for such improvement. It shall be the duty of the city, village or borough treasurer on presentation to pay such warrants and interest coupons as they mature, out of the proper sewer district fund, and to cancel the same when paid. If any such warrants shall become due, or any interest shall become due on any such warrant, when there are no funds to pay the same, the city, village or borough council is hereby authorized to effect a temporary loan for the payment thereof. ('03 c. 312, amended '07 c. 141; '09 c. 364; '09 c. 385; '13 c. 396; '15 c. 35 § 15; '21 c. 295 § 6)

1894. Payment of warrant—Any matured sewer warrant or interest coupon may be used in payment of any such special assessment on any particular property situate within the district for which such warrant or coupon shall have been issued; and the warrants and coupons so used shall be cancelled and retired by the city, village or borough treasurer. ('03 c. 312; amended '07 c. 141; '09 c. 364; '09 c. 385; '13 c. 396; '15 c. 35 § 16)

1895. Conveyance not to be recorded until assessments are paid—No conveyance of any land upon which any such special assessment, or portion thereof, is due and unpaid, shall be recorded until such delinquent assessment, or portion thereof, shall have been paid. ('03 c. 312; amended '07 c. 141; '09 c. 364; '09 c. 385; '13 c. 396; '15 c. 35 § 17; '19 c. 261 § 1)

1896. Proceedings for denoting lots and parcels of land—In all proceedings and records prepared or used in the making, levy or collection of such special assessments, letters, figures and proper ditto marks may be used to denote lots, pieces and parcels of land, and blocks, sections, townships, ranges and parts thereof and dates. ('03 c. 312; amended '07 c. 141; '09 c. 364; '09 c. 385; '13 c. 396; '15 c. 35 § 18)

1897. Assessment not to be invalidated by errors or omissions—No error or omission which may be made in any of the proceedings of the city, village or borough council or any officer of such city, village or borough, in refusing to, reporting upon, ordering or otherwise acting, concerning any local improvement provided for in this act, or in making any such special assessment or in levying or collecting the same, shall invalidate such assessment; unless it shall appear that by reason of such error or omission substantial injury has been done to the party claiming to be aggrieved. ('03 c. 312; amended '07 c. 141; '09 c. 364; '09 c. 385; '13 c. 396; '15 c. 35 § 19)

1898. ('17 c. 364 § 2)

1909. ('17 c. 364 § 3)

1910. Branch sewers and water pipes—Owners may be required to lay branch sewers and water pipes—Before making any such improvement the common council may by resolution require the owners of the abutting property to lay branch sewers and water pipes from the mains to the curb or lot line of each lot, and in case any property owner neglects to lay such sewer or water pipe, within sixty days (60) after being served with a copy of said resolution, the council may cause the same to be put in and may assess the cost of the same against the property and collect the same as taxes are collected. All such water pipe connections shall be of lead or such material as the council may prescribe. ('17 c. 364 § 4)

1911. Plans, specifications—Bids—Whenever the common council of any such municipality shall determine by ordinance or resolution to lay any such macadam, pavement, gutter or curb it may cause plans and specifications thereof to be made and filed with the recorder or clerk of such municipality and may advertise for bids for such improvements in the official paper and such other paper or papers as the council may deem advisable, once in each week for three successive weeks, which advertisement shall specify the work to be done and shall call for such bids on the basis of cash payment for such work and shall state the time when the bids will be open and considered by the council; no bids shall be considered unless sealed and filed with the clerk or recorder, and accompanied by a cash deposit or certified check payable to the clerk or recorder, for at least ten per cent (10%) of the amount of such bid.

In letting contracts for any such work, it shall be the duty of the common council to require the execution of a written contract and a bond in such sum as the council may require, conditioned for the faithful performance of the contract and for saving the village harmless from any and all liability in the prosecution and completing of the work; and conditioned further for the payment of all material used and labor performed thereon. The common council, if a contract is awarded, may award the same to the lowest responsible bidder. If any bidder to whom such contract is awarded shall fail to enter promptly into such written

contract and to furnish such bond, then such defaulting bidder shall forfeit to the municipality the amount of his cash deposit or certified check, and the council may thereupon award the contract to the next lowest responsible bidder; provided the council shall have the right to reject all bids; and provided, further, that whenever the estimates made for the council for the entire work projected shall be less than five hundred dollars, then the council may directly purchase the materials therefor and cause the work to be done by day labor. The village council may have the work supervised by the village engineer or other person, and in case of improper construction or unreasonable delay in the prosecution of the work by a contractor, it may order and cause the suspension of the work at any time and relet the contract therefor, or order a reconstruction of any portion of the work improperly done, and where the work to be done shall call for an expenditure of less than five hundred dollars to complete the work, or the reconstruction necessary, the council may do it by the employment of day labor. ('17 c. 364 § 5)

1912. **Payments to contractor**—In case the contractor shall properly perform the work, the village council may, from time to time, before the completion of the work, in its discretion, pay to such contractor seventy-five (75) per cent of the amount already earned thereunder upon the estimate of the city engineer or other competent person selected by the village council. ('17 c. 364 § 6)

1913. **Spreading of assessment**—After a contract is let, or the work ordered done, if it will cost less than five hundred dollars, the city engineer or other person selected by the council may forthwith calculate the proper amount to be specially assessed for such improvement against every assessable lot, piece or parcel of land within the district affected, without regard to cash valuation, in accordance with the provisions of section 2 of this act. The clerk or recorder may thereupon cause notice of the time and place when and where the village council will meet, to pass upon such proposed assessment, to be published in the official paper of the village at least one week prior to such meeting of the village council.

At such meeting the council shall hear and pass upon all objections thereto, if any, and may if it deems just, alter such proposed assessment, and upon the adoption by resolution of such assessment, the same shall constitute the special assessment. And such assessment, with the accruing interest thereon, shall be a lien upon the property included therein, concurrent with general taxes.

It shall then be the duty of the clerk or the recorder immediately thereafter, to transmit a certified duplicate of such assessment to the county auditor of the county, to be extended on the proper tax lists of the county and such assessment shall be collected and paid over in the same manner as other municipal taxes. Such assessments shall be payable in equal annual installments extending over a period not exceeding ten years, and the interest thereon shall not exceed the rate of six (6) per centum per annum.

Provided, that the owner of any property, so assessed, may at any time pay the whole of such assessment, or any annual installment thereof with interest, as to any lot, piece or parcel of land affected thereby. ('17 c. 364 § 7)

1914. **Omissions and errors**—In case of omission, errors, or mistakes, in making such assessment in respect of the total cost of such improvement, or otherwise, it shall be competent for the council to provide

for and make supplemental assessments to correct such omission, errors or mistake. ('17 c. 364 § 8)

1915. **Warrants to pay cost**—In anticipation of the collections of such special assessment, the village may issue warrants on such fund, to be known as "pavement warrants" payable at such times and in such amounts as the collection of such special assessments will provide for, which warrants shall bear interest at a rate not to exceed six (6) per cent per annum, payable annually, and may have coupons attached representing each year's interest. The warrant shall specify the particular fund against which it is drawn, and shall be signed by the mayor and countersigned by the clerk or recorder, and be in denominations of not less than fifty dollars, nor more than five hundred dollars. Such warrants may be sold by the village for not less than par. If any such warrants shall become due, or any interest shall become due on any such warrant, when there are no funds to pay the same, the village council is hereby authorized to effect a temporary loan for the payment thereof. The municipality may call in and pay any warrants not due on any interest paying date. ('17 c. 364 § 9)

1916. **Reassessment**—In all cases where any assessment or any part thereof, as to any lot, lots or parcels of land assessed under any of the provisions of this act, for any cause whatever, is set aside, the council may cause a reassessment or new assessment to defray the expenses of such improvement to be made. ('17 c. 364 § 10)

1917. **Objections**—The party desiring to object to the assessment, or his duly authorized agent or attorney, shall, on or before the date of hearing upon such assessment, file with the clerk or recorder a written statement of the objections, and all objections not specified therein shall be deemed waived. ('17 c. 364 § 11)

1918. **Appeal to the district court**—Within ten days after the adoption of the assessment, any person, aggrieved, who appeared and filed objections thereto, may appeal to the district court by serving a notice upon the president of the village council, or other chief executive officer of the village, which notice shall be filed with the clerk of the district court within ten days after service thereof. The clerk or recorder shall furnish appellant a certified copy of his objections filed therein, and the assessment roll or part complained of, and all papers necessary to present the appeal. The appeal shall be placed upon the calendar of the next general term commencing more than five days after the date of serving the notice and shall be tried as other appeals in such cases. If appellant does not prevail upon the appeal, the costs incurred, if not paid, shall be included in the special assessment. ('17 c. 364 § 12)

1918-1. **Water mains and appurtenances in cities of fourth class, villages and boroughs—Definitions**—In any city of the fourth class, organized under the general laws or a special or home rule charter, or in any village or borough of this state, the Council shall have power to lay water mains and appurtenances required in connection therewith, such as valves and hydrants and also service connections, along any street or public alley in such city, village or borough for the purpose of supplying water to the inhabitants thereof. By the word "Council," as used in this Act, is meant the governing body, by the word "Mayor," the chief executive officer, and by the word "Clerk," the officer who performs the functions thereof, of such municipality, by whatever title they may be respectively denominated. ('21, c. 425, § 1)

Villages organized under chapter 145, Laws 1885, may at their option proceed with a street paving improvement in one of three methods; (a) Under Chapter 145, Laws 1885; (b) under chapter 65, Laws 1919; (c) under chapter 382, Laws 1925, 166-202, 207+309.

These laws are cumulative in their application. They are not repugnant, but are reconcilable. Neither of these laws creates any repeal by implication. 166-202, 207+309.

Chapter 65, Laws 1919, and chapter 382, Laws 1925, grant powers, and are not construed as imposing conditions or limitations on the municipalities therein mentioned to make public improvements. 166-202, 207+309.

1918-2. Same—Assessment of cost of improvements against abutting owners—The cost of any such improvement, including the cost of engineering, interest during construction and necessary incidental expenses, may be assessed against property abutting upon the street or public alley in which such water mains, appurtenances and service connections are laid, upon the basis of benefits to such property, but the Council may pay the cost of laying such mains across street and alley intersections and one-half of the cost of laying such mains in any street or public alley opposite any public park or municipal property and the cost of fire hydrants and their connections to the mains, and may also pay such portion of the cost of laying such mains between street intersections or between street and alley intersections, as the council may determine. ('21, c. 425, § 2)

1918-3. Same—Resolution for improvements—Publication—No action shall be taken for the making of any such improvement, except upon the adoption of a resolution to that effect and determining the necessity of the work in question by a majority vote of the Council after a meeting at which all property owners whose property may be assessed therefor have been notified to be present, by a notice of such meeting published for at least two weeks, in the official newspaper. The last of such publications shall be not less than three days before the meeting at which such resolution is adopted. ('21, c. 425, § 3)

1918-4. Same—Plans and specifications—Advertisement for bids—Whenever the Council of any such municipality shall determine to make any such improvements, it may cause plans and specifications thereof to be made and filed with the clerk of such municipality and may advertise for bids for the construction of such improvement in the official paper and such other paper or papers and for such length of time as it may deem advisable. Such advertisement shall specify the work to be done, shall call for such bids on the basis of cash payment for such work and shall state the time when the bids will be opened and considered by the Council, and that no bids will be considered unless sealed and filed with the clerk and accompanied by a cash deposit or certified check payable to the clerk, for such percentage of the amount of such bid as the Council may specify. ('21, c. 425, § 4)

1918-5. Same—Contracts—Letting—In letting contracts for any such work, it shall be the duty of the Council to require the execution of a written contract and a bond in such sum as it may require, conditioned for the faithful performance of the contract, and for saving the municipality harmless from any and all liability in the prosecution and completing of the work, and conditioned further for the payment for all material used and labor performed thereon. The Council, if a contract is awarded, may award the same to the lowest responsible bidder. If any bidder to whom such contract is awarded shall fail to enter promptly into such written contract and to furnish such bond, then

such defaulting bidder shall forfeit to the municipality the amount of his cash deposit or certified check, and the Council may thereupon award the contract to the next lowest responsible bidder; provided, the Council shall have the right to reject all bids; and provided further, that whenever it shall appear to the Council that the cost of the entire work projected shall be less than five hundred dollars, then the Council may directly purchase the materials therefor and cause the work to be done by day labor. The Council may have the work supervised by the municipality's engineer or other person, and in case of improper construction or unreasonable delay in the prosecution of the work by the contractor, it may order and cause the suspension of the work at any time and relet the contract therefor, or order a reconstruction of any portion of the work improperly done and where the work to be done shall call for an expenditure of less than five hundred dollars to complete the work or the reconstruction necessary, the Council may do it by the employment of day labor. ('21, c. 425, § 5)

1918-6. Same—Payments to contractor—In case the contractor shall properly perform his contract, the Council may, from time to time during the progress, and before the completion of the work, in its discretion, pay to such Contractor eighty-five per cent (85%) of the amount earned thereunder, which shall be determined by the estimate of the engineer or other competent person selected by the Council to supervise the work. ('21, c. 425, § 6)

1918-7. Same—Assessments against property—After a contract is let or work ordered done by day labor, as herein provided, the Clerk, with the assistance of the engineer or superintendent of the work, shall forthwith calculate the amount proper and necessary to be especially assessed for such improvement against every assessable lot, piece or parcel of land within the district affected, without regard to cash valuation, in accordance with the provisions of Section 2 hereof. The proposed assessment so made shall be filed with the Clerk, for public inspection. Thereupon the Clerk, under the direction of the Council, shall cause notice of the time and place when and where the Council will pass upon such proposed assessment. Such notice shall be published in the official paper at least one week prior to the hearing on such proposed assessment. Such hearing may be had at a regular or special, or adjourned regular or special, meeting of the Council. The Council shall hear and pass upon all objections, if any, and may amend the proposed assessment as to any lot or lots; and upon the adoption of such assessment by resolution of the Council, the same shall become and constitute the special assessments against the lots, pieces and parcels of land therein described. Such assessment, together with the interest accruing on the total amount thereof, at the rate of six per cent per annum, from the adoption of the same to the first day of June, following, shall be a lien upon the property described therein, and all thereof, which lien shall be concurrent with that of the general taxes assessed against such properties. The amount of such assessment and accrued interest shall be payable in equal annual installments, extending over such period, not exceeding twenty years, as the council may determine by resolution. The first of said installments shall be payable on or before the first day of June following the adoption of the assessment, and all deferred payments shall bear interest at the rate of six per cent per annum from the first day of June, following the adoption of the assessment. It shall be the duty of the Clerk,

immediately after the adoption of such assessment by the Council, to transmit a certified duplicate thereof to the County Auditor, by whom the same shall be extended on the proper tax lists, and such assessment shall be collected, accounted for, and paid over in the same manner as other municipal taxes, PROVIDED, that the owner of any lot, piece or parcel of land so assessed may, at any time, pay the whole of such assessment, or any installment thereof, with accrued interest. ('21, c. 425, § 7)

Explanatory note—For section 2 see § 1918-2, herein.

1918-8. Same—Counties and school districts liable for assessments—It shall be the duty of County Boards and the proper School District officials to pay any assessments levied hereunder against property owned by such Counties or School Districts. In default of such payment, the amount of such unpaid assessments may be recovered in a civil action, brought by the City, Village or Borough against the County or School District owning the property so assessed. ('21, c. 425, § 8)

1918-9. Same—Correction of errors in assessments—In case of errors or omissions in such assessment with respect to total cost of improvement or otherwise, the Council shall have power to, and shall, make supplemental assessments to provide for and correct such errors or omissions. ('21, c. 425, § 9)

1918-10. Same—Certificates of indebtedness—After a contract or contracts for the making of any such improvement shall have been entered into by any city of the fourth class, or any village or borough, it may, acting through its Council, issue its certificates of indebtedness in such amount as may be necessary to defray in whole or in part the expense incurred or to be incurred in making any such improvement. The word "expense" shall be construed to mean and cover every item of cost of such improvement from its inception to its completion, and all fees and expenses incurred or to be incurred in pursuance thereof. Such certificate shall be payable in annual installments as near equal in amount as conveniently may be, over a period not exceeding twenty (20) years from their date shall bear interest at a rate not to exceed six (6) per cent, payable annually, or semi-annually, which interest may be evidenced by appropriate coupons and shall be in such form and denominations, all as the Council shall by resolution determine, and shall be signed by the mayor and countersigned by the clerk. A separate special assessment fund shall be provided for each improvement and the proceeds from the sale of any certificate issued on its account shall be placed in such fund. The Council shall provide moneys for the payment of the principal and interest of said certificates, as they severally mature, which moneys shall be placed in such fund and into such fund shall also be paid all moneys received from the payment of any liens created under the provisions of this act. And the Council shall pay the principal and interest of any such certificates out of any funds in the treasury when the moneys on hand in the appropriate special assessment fund are in sufficient to meet the payment of the principal or interest when the same matures, but the fund from which such moneys have been taken or used for the payment of such principal or interest shall be replenished with interest at the rate of six per cent per annum from the collection of unpaid assessments on account of such improvements.

The amount of any such certificates at any time outstanding shall not be included in determining any such municipality's net indebtedness, under the provisions of any applicable law. ('21, c. 425, § 10)

1918-11. Same—Reassessments—In all cases where any assessment or any part thereof as to any lot, lots or parcels of land assessed under any of the provisions of this act, for any reason whatever, is set aside, the Council may cause a reassessment or a new assessment to defray the expenses of such improvement to be made. ('21, c. 425, § 11)

1918-12. Same—Assessments for existing mains—Whenever any such city, village or borough shall have heretofore caused water mains to be laid under a general bond issue and not by special assessment, to equalize the frontage assessments, the council may cause such existing mains, if they are of cast iron, to be examined by a competent engineer and if same are of suitable size and condition for continued use, such existing mains may be assessed against the property abutting thereon at an average cost of not to exceed eighty per cent. of the assessment spread against the abutting property for the extension of new mains and this assessment of not exceeding eighty per cent. shall be calculated by the engineers or other competent person, and such assessment shall be prepared and provision made for its collection as in the case of new mains.

A hearing shall be held on old main assessments at the same time as the hearing of the assessment of new mains and in all respects the action shall be the same as prescribed for the new mains. ('21, c. 425, § 11½, added by '23, c. 380, § 1)

1918-13. Same—Objections to assessments—The party desiring to object to the assessment, or his duly authorized agent or attorney, shall, on or before the date of hearing upon such assessment, file with the clerk a written statement of the objections and all objections not specified therein shall be deemed waived. ('21, c. 425, § 12)

1918-14. Same—Appeals from assessments—Within ten days after the adoption of the assessment, any person aggrieved who appeared and filed objections thereto, may appeal to the district court by serving a notice upon the chief executive officer of the municipality, which notice shall be filed with the clerk of the district court, within ten days after service thereof. The clerk shall furnish appellant a certified copy of his objections filed therein, and the assessment roll or part complained of, and all papers necessary to present the appeal. The appeal shall be placed upon the calendar of the next general term commencing more than five days after the date of serving the notice, and shall be tried as other appeals in such cases. If appellant does not prevail upon the appeal, the costs incurred, if not paid, shall be included in the special assessment. ('21, c. 425, § 13)

1918-15. Public improvements in villages, boroughs, and cities of fourth class—Definitions—By the word "municipality," as used herein, is meant a village, borough or city of the fourth class, however organized. By the word "council" as used herein, is meant a municipality's governing body; by the word "Mayor," its chief executive officer, and by the word "Clerk," its officer charged with the duty of performing clerical functions, irrespective of their actual titles. In the word "street" as used herein, are included alleys, boulevards, parkways and public roads of any sort within the limits of a municipality. In the term "public improvement" or "improvement" as used herein, are included (a) street paving, (b) the construction or extension of sanitary or storm sewers, and (c) the laying and re-laying of watermains and the extension of watermains, (d) the laying, re-laying and extension of steam heating mains and (e) the installation and

The words "construction or extension of sanitary or storm sewers" means the construction of a sewer system of either class, including outlets, tanks or disposal plants, and trunk district and lateral sewers of any of the foregoing. By the words "extension of water mains" as used herein, is meant the laying of water mains and appurtenances required in connection therewith, such as valves, hydrants and service connections in municipalities already having a water system. Any of the foregoing definitions may be modified in the act by appropriate words in the context in connection with which they may be used and the singular shall include the plural where the context so requires. ('25, c. 382, § 1)

1918-16. Same—Making of improvements and assessment of costs—A municipality may make any of said improvements and assess the cost thereof on the property abutting thereon, or on the property benefited thereby to the extent and in the manner hereinafter provided. Any two or more of the improvements aforesaid, may be made at the same time and as part of the same proceedings, and the assessment therefor likewise levied and collected. ('25, c. 382, § 2)

1918-17. Same—Petition for improvement—Before the council shall take any proceedings in reference to the making of any such improvement, a petition that an improvement be made shall be signed by the owners of at least 51% in frontage of the real property abutting on the parts of the street or streets named in the petition as the location of an improvement petitioned for. The petition may be in informal language and may pray that one or more than one improvement be made. It shall be filed with the clerk and he shall compare the signatures thereon with the records in the office of the Register of Deeds, and shall present the petition to the council and report to it his findings as to the percentage of necessary owners who have signed the same. The owner of a life estate in any property shall be deemed an owner as the word is used herein. The council shall thereupon determine by resolution whether or not the petition has been signed by the required percentage of owners, and its determination so made to the effect that the necessary percentage has signed said petition, shall be final and conclusive, unless reversed on appeal as hereinafter provided. ('25, c. 382, § 3)

166-202, 207+309.

1918-18. Same—Procedure by council on petition—Notices—On the presentation of such petition the council, if it shall determine that the required percentage of property owners has signed the same, shall refer the petition to a competent engineer of its selection, who shall report thereon to the council with all convenient speed. The report shall advise the council in a preliminary way as to whether in the opinion of the person selected the proposed improvement should best be made as expressly petitioned for, or in connection with some other improvement not petitioned for, and as to the probable cost of the improvement or improvements, if made as petitioned for, or otherwise, and such other information as may be pertinent to the matter under consideration. On the filing of such report with the clerk the council shall by resolution fix a time, hour and place when the petition will be considered, and action taken in reference to the

matter, and shall direct the clerk to give notice thereof. The time of such hearing shall be not less than fifteen days from the date of the first publication of the notice of hearing hereinafter provided for. The notice shall be published in a newspaper published in the municipality once in each week for at least two successive weeks, and the last publication shall be at least seven days prior to the date set for the hearing. The council may direct other and further notices to be given, but its failure so to do, or the failure to give any other and further notice which it may direct to be given, shall not affect the validity of the subsequent proceedings. The notice shall describe, in general language the improvement or improvements petitioned for and the estimated cost thereof, but it need not include a description of the properties liable to be assessed therefor or the names of their several owners. ('25, c. 382, § 4)

1918-19. Same—Hearings by council—At the time fixed in the notice or at some subsequent time or times to which the hearing may be adjourned, the council shall hear such persons as care to be heard in reference thereto. In case the hearing is not had or completed at the time named in the notice, no notice of subsequent hearings need be given except by entry in the minutes of the council proceedings of the subsequent dates to which the hearing may be from time to time adjourned. At the conclusion of the hearing the council shall determine by resolution whether the improvement or improvements shall be made. Such resolution shall describe the improvement or improvements, to be made and the limits thereof in general language. ('25, c. 382, § 5)

1918-20. Same—Orders and contracts for improvements—If after such hearing the council shall determine that any improvement or improvements shall be made, it shall cause plans and specifications therefor to be made by a competent person of its selection, and filed with the clerk, and may advertise for bids for such improvement or improvements in the official newspaper, and in such other newspaper or newspapers, and for such length of time as it may deem advisable. Such advertisement shall specify the work to be done and shall call for bids on the basis of cash for such work, and shall state the time when the bids will be opened and considered by the council, and that no bids will be considered unless sealed, and filed with the clerk, and accompanied by a cash deposit or certified cheque payable to the clerk for such percentage of the amount of such bid as the council may specify; such deposit or cheque to be forfeited to the municipality in the event that the successful bidder shall fail to enter into a contract awarded to him in accordance with the terms of his bid. The council also may call for alternative bids on the basis of the use of different materials for any improvement. After the receipt of bids the council may reject all of them and call for new bids on like notice, or it may award the contract for one improvement, and reject all bids for another, or it may determine to proceed with one improvement and not with another, or not to proceed with any improvement.

In letting contracts for any such work, it shall be the duty of the council to require the execution of a written contract and a bond in such sum as it may require, conditioned for the faithful performance of the contract as provided by law for public contractors' bonds, also for saving the municipality harmless from any and all liability in the prosecution and completing of the work and conditioned further for the payment of all materials used and labor performed thereon. The council, if a contract is awarded, may award the same to the

lowest responsible bidder. If any bidder to whom such contract is awarded shall fail to enter promptly into such written contract and to furnish such bond, then such defaulting bidder shall forfeit to the municipality the amount of his cash deposit, or certified check, and the council may thereupon award the contract to the next lowest responsible bidder; provided, the council shall have the right to reject any or all bids. The council may have the work supervised by the municipality's engineer or other person, and in case of improper construction or unreasonable delay in the prosecution of the work by the contractor, it may order and cause the suspension of the work at any time and relet the contract therefor, or order a reconstruction of any portion of the work improperly done. Improvements on two or more streets, whether connecting or segregated, may be made in one proceeding but if the streets are not connecting the contracts shall specify separately the cost or the proportion of the cost applicable to the work to be done on each street, or if a contract is let on a piece price basis the estimates issued from time to time to the contractor shall be issued separately for work done on each street, and shall specify the amount applicable thereto. ('25, c. 382, § 6)

1918-21. Same—Improvements by property owners—Before making any such improvement the council may by resolution require the owners of the abutting property to lay branch sewers and water pipes from the mains to the curb or lot line of each lot, and in case any property owner neglects to lay such sewer or water pipe, within sixty (60) days after being served with a copy of said resolution the council may cause the same to be put in and may assess the cost of the same against the property and collect the same as taxes are collected. All such sewer or water pipe connections shall be of such material as the council may prescribe. ('25, c. 382, § 7)

1918-22. Same—Proportionate share of costs of improvements paid by municipalities—The municipality shall contribute to the cost of any such improvement its proportionate share thereof on account of real property owned by it abutting on the improvement or benefited thereby in the same amount as would be the assessment against such property, if owned by an individual. A county or school district owning real property abutting on or found benefited by any improvement, shall contribute to such cost the amount which would be assessable against such property were it owned by an individual. A right of way of a railroad or of any other privately owned public utility abutting on or crossed by or found benefited by any improvement shall contribute to such cost the amount which would be assessable against it were it privately owned and privately used property. ('25, c. 382, § 8)

1918-23. Same—Cost of certain improvements paid by municipalities—The municipality also may if the council shall so determine, pay the cost of any such improvement applicable to intersecting streets and the cost of fire hydrants and their connections to the mains, and may also pay such portion of the cost of such improvements between street intersections and between street and alley intersections as the council may determine. In case of street paving, it may, if the council shall so determine, pay the cost of curbs and gutters or any part of such cost. In the case of storm sewers, it may include the cost of the construction of the same or a part of such cost in the cost of the paving, to which the storm sewer is in any measure pertinent, or

it may treat their construction as a separate improvement.

The cost of outlets and disposal plants for a sewer and the excess cost of a storm sewer, over the part assessed against property assessed for said paving under this act, may be paid by the municipality or may be assessed against other property found benefited thereby. In the case of a sanitary sewer, the assessment against abutting property shall not exceed in any case, the estimated cost of a sewer of an eighteen-inch diameter plus its proper proportion on the basis of benefits of the excess cost of trunk sewers over this sum and its proper proportion on such basis of the cost of outlets, tanks and treatment of disposal plants.

The cost of outlets, tanks and treatment or disposal plants and the excess cost of trunk sewers over the estimated cost of a sewer of an eighteen-inch diameter, or any part thereof, may be paid by the municipality or may be assessed against property found benefited thereby including the property abutting on such sewer. ('25, c. 382, § 9)

1918-24. Same—Assessments—Levy and confirmation—Payment in installments—After a contract for an improvement shall have been entered into, the expense incurred or to be incurred in its making shall be calculated under the direction of the council. The word "expense" shall mean and include every item of the cost of such improvement from its inception to its completion, and all charges, fees and outlays incurred or to be incurred in pursuance thereof. In the calculation of such expense there shall be taken into consideration the cost of such improvement as fixed by any contract or contracts or determinable therefrom, all other items of cost then determinable, and the estimated amount of items of cost not then exactly determinable. From the aggregate of these items shall be deducted the part of the cost which the municipality itself will pay under the terms hereof, other than the amount, if any, which the municipality will pay as a property owner, and the council shall thereupon by resolution declare the sum so calculated, as the assessable cost of such improvement. Thereupon the clerk with the assistance of a competent person selected by the council to perform the duty shall forthwith calculate the proper amount to be specially assessed for such improvement against every lot, piece or parcel of land without regard to cash valuation, and the amount which will be payable by the municipality on account of real property owned by it or by any county, school district or on account of any right of way. Such calculation is hereinafter called "proposed assessment." The proposed assessment so made shall be filed with the clerk and be open to public inspection. The clerk shall thereupon under the council's direction cause notice of the time and place when and where the council will meet to pass upon such proposed assessment, to be published in the official newspaper of the municipality at least one week prior to such meeting of the council. It shall not be necessary to include in any such published notice the description of the properties assessable under proposed assessment, or the names of their several owners, or the amount of the proposed assessment against the several tracts or the amount to be paid by the several owners, but it will be sufficient if the published notice refers to the proposed assessments as being on file with the clerk, and open for public inspection. No error in the description of any tract in any proceeding shall invalidate the proceedings as to such tract, unless the Court shall find that the objector has been misled or otherwise prejudiced by such error. At such meeting or some adjournment thereof the Council shall

hear and pass upon all objections, if any, and may, if it deems it just, amend such proposed assessment as to any property therein specified. Upon the confirmation of such assessment by the Council by resolution at said meeting or some adjournment thereof the same shall constitute the special assessments on account of such improvement against the lands and properties named therein and the amounts to be paid on account of such improvement by the municipality, or by any county or school district as property owner, and on account of any right of way. The assessments so confirmed and the resolution confirming them are hereinafter called the "assessment roll." The assessments shall be payable in annual installments as near equal as conveniently may be over such period not exceeding twenty (20) years as the Council may, by resolution, determine, with interest as hereinafter provided. But any installment may be paid at any time with such interest. ('25, c. 382, § 10)

1918-25. Same — Assessments — Installments — Payment—Interest—Spreading on tax lists—Collection of installments certified—Penalties—On the confirmation of such assessment the clerk shall deliver a certified copy of the assessment roll to the municipality's Treasurer. The Treasurer shall thereupon cause a brief notice to be published for two weeks in the municipality's official newspaper, to the effect that he has received as of a day named in such notice, a copy of the assessment roll for the improvement named. The whole or any installment of such assessment may be paid to the municipality's Treasurer, without interest, if paid within thirty days from a date named by him, which shall be the date of the first publication of said notice. This date is hereinafter called the "due date." The first installment of any such assessment shall be a lien concurrent with general taxes against the property upon which it is assessed from the due date and the lien of each subsequent installment shall attach on the first Monday of January of the year for which such installment is certified for collection to the County Auditor of the county in which such municipality is located, as hereinafter provided. Each installment of each such assessment shall bear interest at the rate of six (6) per cent per annum payable annually from the due date. Up to the first Monday of January in the year following the certification for collection to the County Auditor, any installment may be paid to the municipality's Treasurer with interest as aforesaid from the due date until date of payment. When any installment is paid to the municipality's Treasurer he shall make duplicate receipts therefor, one of which shall be delivered to the Clerk, who shall thereupon mark upon the assessment roll, opposite the appropriate parcel of land, word indicating the payment of the installment and the date of such payment.

Not later than the 15th day of October following the due date of any assessment the Clerk shall certify to the County Auditor a list of each and every lot, part or parcel of land against which there is a first installment unpaid and also the amount of such installment, together with interest on such installment, at the rate of six (6) per cent per annum, computed from the due date to the first day of June following such delinquency.

It is hereby made the duty of the County Auditor to spread and place on the tax lists of real property which are to be delivered to the county treasurer on the January following, the amount of such installment and the interest so certified. If a payment is made to the municipality's Treasurer after the delivery of such list

to the County Auditor the clerk, on receiving notice thereof from the municipality's Treasurer, shall forthwith certify to the County Auditor the fact of such payment and the County Auditor shall forthwith strike the assessments and the interest against such lots, parts or parcels of land from the tax list aforesaid.

Not later than the 15th day of October in each and every subsequent year the Clerk shall certify to the County Auditor a list of each and every lot, part or parcels of land against which there is assessed a second or subsequent installment, as the case may be, which is unpaid, and which has not been theretofore certified to said County Auditor, and the total amount of such installment, such total amount being the original amount of such installment, plus the interest thereon from the due date to the first day of June following and the interest on all other unpaid and uncertified installments from the due date to the first day of June following. The County Auditor shall place and spread such total amounts aforesaid as shown by said lists against each tract of land respectively, on the tax lists which are to be delivered to the County Treasurer for collection the following January. But in the event that after the delivery of such list and prior to the first Monday of January thereafter payment of any such installments shall have been to the municipality's Treasurer, the Auditor shall, on notice thereof, strike such assessment from the tax list as hereinbefore provided in reference to the first installment. Any and all installments so certified to the County Auditor shall be collected by the County Treasurer, in the same manner and as part of the collection of State and County taxes and any installments on account of any such assessments not paid or collected prior to June 1st shall be subject to like penalties, costs and interest charges as are County or State taxes and shall in all respects be treated and enforced as if the same were county or state taxes. Any penalties and interest which may be collected by the County Treasurer upon any such installment shall belong to the municipality and be turned over by the County Treasurer to the municipality's Treasurer, along with the assessment.

It is hereby made the duty of the County Auditor and the County Treasurer to carry out the foregoing provisions. ('25, c. 382, § 11)

1918-26. Same—Assessments—Confirmation notices—Amounts payable by county or school district—On the confirmation of any assessment the Clerk shall mail to the County Auditor a notice specifying the amount payable by any County and shall mail to the Clerk of any School District a notice specifying the amount payable by the school district, and shall mail to the owner of any right of way, at its principal office in the State of Minnesota, a notice specifying the amount payable on account of any right of way. The amounts payable by any county, school district or any account of any right of way shall be payable to the municipality's Treasurer and shall be paid in like installments and with like interest and penalties as herein provided for in reference to the installments payable on account of assessable real property.

It shall be the duty of the County Board and the school board, respectively, to provide for the payment of such amounts and to take appropriate action to that end. The municipality may collect the amount due on account of the right of way of any railroad or privately owned public utility by distress and sale of personal property in the manner provided by law in case of taxes levied upon personal property or by suit brought to enforce the collection of any such indebtedness. But

if a different method of collecting such amounts is provided for by any contract between the owner of any such right of way and the municipality it shall obtain. ('25, c. 382, § 12)

1918-27. Same—Errors or omissions in assessments—In the case of omission, errors or mistakes in making such assessments in respect to the total cost of such improvement or otherwise it shall be competent for the Council to provide for and make supplemental assessments to correct such omissions, errors or mistakes. In all cases where any assessment or any part thereof assessed or fixed under any of the provisions of this act for any reason whatsoever, is set aside, the council may cause a reassessment or a new assessment to be made as to any property assessed or charged under the provisions of this act for the expenses of such improvement. ('25, c. 382, § 13)

1918-28. Same—Publications required—Where provision is made in this act for publication in a newspaper, if there is no newspaper published in the municipality the notice may be given by posting the same in at least three public places in the municipality for at least the length of time herein provided for the publication thereof. ('25, c. 382, § 14)

1918-29. Same—Disposition of funds received from assessments—Improvement warrants—Tax levy—All moneys collected on any such special assessments shall constitute a fund for the payment of the cost of any such improvement for which such assessment was made and the same shall be credited to the proper improvement fund under the designation: "Fund of Improvement No." and in anticipation of the collection of such special assessments and the levy and collection of taxes to pay the portion of the expense and cost of such improvement payable by the municipality, the municipality may issue warrants on such fund, to be known as "Improvement Warrants," payable at such times and in such amounts as, in the judgment of the council, the collections of such special assessments and taxes will provide for, the earliest maturing warrants shall be payable not more than two years from their date and the latest maturing warrants not more than twenty years from their date. Each warrant shall upon its face state for what purpose it is issued and specify the particular fund against which it is drawn, and shall be signed by the mayor or executive officer and countersigned by the clerk or recorder of such municipality, shall bear interest at a rate not to exceed six (6) per cent per annum, payable annually, which interest may be evidenced by appropriate interest coupons, and shall be in denominations of not less than fifty dollars nor more than one thousand dollars. Such warrants may be used in making payments on contracts for the improvements or may be sold by the council for not less than the par value thereof together with the interest accrued thereon. The council of each municipality shall at or before the time of the issuance of any warrants levy a tax for the payment of that portion of the cost of such improvement chargeable to the municipality, which tax shall be spread in annual installments in the same proportion as assessments are spread against privately owned property. Such tax shall be a direct annual tax and when collected shall be credited to the proper improvement fund. It shall be the duty of the treasurer of the municipality on presentation to pay such warrants and interest coupons, as they mature, out of the proper improvement fund, and to cancel the same when paid. If any such warrant, or interest thereon, shall become due and there are not funds to pay the same, the council of such

municipality is hereby authorized to effect a temporary loan for the payment thereof. ('25, c. 382, § 15)

1918-30. Same—Appeals—Sale of certificates—Within thirty days after the publication of the treasurer's notice provided for in Section 11, hereof, any person, deeming himself aggrieved by an assessment, may appeal to the district court of the county in which is located the assessed property in which he is interested, by serving upon the clerk of the municipality a notice of appeal which shall briefly state the grounds upon which the appeal is taken, and a bond of \$250 in which the municipality shall be obligee, to be approved by the clerk, conditioned, that the appellant will duly prosecute the appeal, and pay all costs and disbursements which may be adjudged against him, and abide the order of the court. The clerk shall furnish the appellant with a certified copy of the assessment roll, or part complained of, and all papers necessary to present the appeal, on payment by the appellant of the clerk's proper charges therefor. The appeal shall be placed upon the calendar of the next general term commencing more than thirty days after the date of serving the notice and bond and shall be tried as are other appeals in such cases. Provided, however, that the taking of any such appeal shall not in any way hinder or delay any such improvement, and the Council may notwithstanding any such appeal or appeals proceed with the making of any such improvement in the manner set forth in this act. All such certificates shall be sold and negotiated as provided in Section 1943 of the General Statutes of Minnesota for 1923, and not otherwise. ('25, c. 382, § 16)

1918-31. Same—Powers granted are supplementary—The provisions of this act shall be supplementary and additional to the powers in reference to the making of any such improvement now conferred by law on any such municipality. ('25, c. 382, § 17)

1918-32. Same—Other powers not affected—Nothing herein contained shall operate to affect the rights of a municipality under Article 16, of the Constitution, or any legislation in pursuance thereof. ('25, c. 382, § 18)

1918-33. Improvements in villages, boroughs, or cities of fourth class for cost of which special assessments may be levied—Petition—When any petition for the making of any improvement in any village, borough or city of the fourth class, however organized, for the cost of which special assessments may be in whole or in part levied therefor, is presented to the governing body of such municipality, such body shall by resolution determine whether or not the petition has been signed by the required percentage of owners of property affected thereby. ('27, c. 311, § 1)

1918-34. Same—Appeals to district court from determination of legality of petition—Any person, being aggrieved by such determination, may appeal to the district court of the county in which said property is located by serving upon the clerk of the municipality within thirty days after the adoption and publication of such resolution a notice of appeal briefly stating the grounds of appeal and giving a bond in the penal sum of Two Hundred Fifty Dollars (\$250.00), in which the municipality shall be named as obligee, to be approved by the clerk of such municipality, conditioned, that the appellant will duly prosecute the appeal and pay all costs and disbursements which may be adjudged against him, and abide by the order of the court. The clerk shall furnish the appellant a certified copy of the petition, or any part thereof on being paid by appellant of the proper charges therefor. The appeal shall be placed upon the calendar of the next general

term commencing more than thirty days after the date of serving the notice and filing the bond as aforesaid and shall be tried as are other appeals in such cases. Unless reversed upon such appeal, the determination of the governing body as to the sufficiency of the petition shall be final and conclusive. ('27, c. 311, § 2)

1918-35. Sidewalks and sewers in villages and cities with 10,000 or less inhabitants—Construction or rebuilding—Petition of property owners—Resolution—Whenever the village council of any village, incorporated under the General Laws of this state, or the common council of any city having a population of ten thousand inhabitants or less, incorporated under the General Laws of this state, shall deem it necessary and expedient to construct or rebuild any sidewalk or sewer in said village or city, they may, acting on their own motion, and if a majority of the owners of the property fronting on the street or streets where it is proposed to construct or rebuild such walk or sewer shall petition the village council or common council of such city therefor, they shall adopt a resolution to that effect, which resolution shall specify the place or places where such sidewalk or sewer shall be constructed or rebuilt, the kind and quality of materials to be used therein, the width, the size and manner of construction thereof, and the time within which the same shall be completed, which shall not be less than forty days after the service of said resolution, as hereinafter provided.

Said resolution shall contain the names of the owners of all lots, parts of lots, and parcels of ground fronting the street or streets where such walk or sewer is to be constructed or rebuilt. ('01, c. 167, § 1)

Explanatory note—This act (Laws 1901, c. 167, §§ 1918-35 to 1918-40) seems to have been omitted from previous statutes. It has been amended and supplemented by Laws 1925, c. 383 (§§ 1918-41 to 1918-43. herein); and is therefore inserted here.

1918-36. Same—Service of resolution—Such resolution shall be served upon the persons named in said resolution at least forty days prior to the time therein named for the completion of said walk or sewer in the following manner:

First—By causing a copy thereof to be handed to, and left with, each of the persons therein named who are residents of and within said village or city, and are actually therein.

Second—If any of the persons so named in said resolution are not residents of said village or city, or cannot be found therein, then said resolution shall be published in one issue of a newspaper regularly published in said village or city, in the English language, and having a general circulation therein, or in the designated official paper of said village or city.

Any and all such services, when made in accordance with the provisions of this act, shall for the purposes thereof, be deemed personal

services of such resolution upon the person named therein. ('01, c. 167, § 2)

1918-37. Same—Work, how done—Assessment of benefits—If such work shall not be fully done, and said sidewalk or sewer shall not be fully constructed or rebuilt in the manner and within the time prescribed in said resolution, then the village council or common council of said city may order the same to be done by the street commissioner, or commissioner of public works, or cause the same to be done by contract let to the lowest responsible bidder, the entire expense thereof to be paid out of the general revenue funds of said village or city.

It reads as follows:

Said commissioners shall be notified as soon as practicable by the city clerk

of said city, to attend at his office, at a time to be fixed by him, for the purpose of qualifying and entering upon their duties; and in case any such commissioner, upon being so notified, shall neglect or refuse to attend as aforesaid, he shall forfeit and pay a fine to said city, not exceeding fifty dollars, and shall be liable to be prosecuted therefor before the city justice of said city, as in the case of fines imposed for a violation of an ordinance of said city; and the commissioners in attendance shall be authorized to appoint another commissioner or commissioners in place of any absentee or absentees aforesaid, selected from the ward in each case not represented, and possessing the qualifications aforesaid. "Sec. 60. Reconsideration.—Upon the return of any ordinance, order or resolution by the mayor, the vote by which the same was passed shall be deemed to have been reconsidered, and the question shall be again put upon the passage of the same, notwithstanding the objections of the mayor; and if upon such vote, the city council shall pass the same by a vote of three-fourths ($\frac{3}{4}$) of all its members, it shall have the same effect as if approved by the mayor, and in such case the vote shall be by yeas and nays, which shall be entered by the city clerk of record; provided, however, that in all cases where the original action of the council requires a three-fourths ($\frac{3}{4}$) vote, the veto of the mayor shall be effectual unless overruled by unanimous vote of all the members of such council; provided, upon the return by the mayor without his approval of any ordinance, order or resolution authorizing the issuance of bonds or certificates of indebtedness without the submission for ratification to the electors of the city, or granting a franchise, such ordinance, order or resolution shall not be passed over the veto of the mayor, and shall be of no more force and effect than if the same had failed of passage by the council in the first instance.

"Sec. 61. Time limited for approval by the mayor.—No ordinance, order or resolution shall be signed by the mayor within four (4) days after the same is presented to him, and if the same shall not be returned by him on the tenth (10) day (Sunday excepted) after it shall have been presented to him, it shall have the same force and effect as if approved by him.

The city council shall provide for the salaries of such assistants and clerical force as may be needed by the comptroller. All such assistants and clerical force shall be appointed by the comptroller. The city comptroller shall designate one of his assistants as deputy city comptroller, and such deputy shall have in the absence or disability of the city comptroller the same powers and duties as are herein prescribed for the city comptroller.

He shall keep a book, in which he shall enter all contracts, which shall be open to the inspection of all parties interested.

"Sec. 77. To audit all claims.—All claims and demands against the city before the same shall be allowed

When so audited and reported to the city council, the same may be passed upon and allowed by the city council at any meeting thereof, duly had and upon the approval of the same by the mayor, as provided by law, a warrant of said city, drawn upon the treasury thereof, signed by the mayor and countersigned by the city clerk or comptroller, shall be issued for such claim or account and delivered to the party entitled thereto. When such warrant is presented to the city treasurer, if there are no funds on hand applicable to the payment thereof, said warrant shall be endorsed "Presented but not paid for want of funds," and thereafter said warrant shall bear interest at six per cent per annum until paid. Provided, further, that all warrants heretofore issued by cities organized under the provisions of Chapter 8 of the General Laws for Minnesota for 1895, now outstanding and unpaid, at the time this act shall take effect, which warrants were issued in payment of legal claims against such city, are hereby declared to be the valid and subsisting indebtedness of each such city, respectively issuing the same. (Amended '13, c. 174)

He shall manage all moneys in the interest of the city, and shall endeavor to secure interest thereon consistent with their safekeeping, but shall not postpone or defer any payment after the same becomes due in order to secure interest. He shall, whenever he shall deem the public interest to so require and whenever notified so to do by the city council, withdraw all funds from any depository, and notify the city council thereof, and shall thenceforth deposit no more therein until directed so to do by the city council.

"Sec. 86. There shall be maintained in the city treasury such other funds, and the city treasurer shall perform such other duties as are prescribed by law or ordinances.

"Sec. 96. "Sec. 101. "Sec. 102. Action against commissioners.—In case the sinking fund commissioners, or other city officers, shall violate or neglect to perform any of the provisions of this section, any taxpayer of the city or any owner of any of its bonds shall have the right to maintain in any court of competent jurisdiction any proper action to enforce compliance therewith. The substantial maintenance of the provisions of this and the preceding section for the payment of the principal and interest of

A majority vote of said board shall decide all questions coming before said board. The said board shall consider, determine and fix a maximum rate of taxation for the various purposes for which the city council of said city is authorized to levy taxes for such year, and it shall be the duty of the said board to reduce the maximum rate of taxation for the various purposes to the lowest practical limit. The city comptroller shall on or before the first Tuesday of October in each year certify and transmit to the city council the maximum rate of taxation for the various purposes for which said council is authorized to levy taxes, as fixed and determined by said board of tax levy, and no taxes shall be levied for said year by said city council in excess of the maximum rate so fixed and determined by said board.

"Sec. 215. Improvements for which assessment is made for benefits; designation and plat of improvement.—When the city council shall vote to lay out, open, widen, extend, alter or straighten any street, avenue, alley, highway, levee, lane or public square, park or parkway, or boulevard, or to raise, lower, divert or change the course of any stream of water, ditch or drain, or to acquire an easement in the land over, across or under the property of corporations, for streets, bridges, approaches, culverts, depots, sewers, conduits or water mains, or to acquire an easement in any land for the construction of slopes or of retaining walls, for cuts and fills, upon real property abutting upon any street, levee, lane, alley or highway now ordered, or such as shall be hereafter ordered to be opened, altered, extended,

straightened or graded; or to acquire land to abate nuisances; or to drain swamps, marshes and ponds, or to fill the same, making it necessary to injure, take or interfere with private property, it shall determine in a general way, as nearly as may be convenient, the character and extent of the proposed improvement; and thereupon it shall be the duty of the city engineer to make and present to the city council a plat and survey of such proposed improvement, showing the character, course and extent of the same, and the property necessary to be taken, injured or interfered with therefor, together with the name of the owner of each parcel of such property, so far as the engineer can ascertain the same, with such statements as may be, in the opinion of the engineer, proper to explain the character of such survey and the character and extent of such proposed improvement. Such plat shall show approximately the amount of land to be taken from each owner, so far as the owners can be readily ascertained, and the lands contiguous to such improvement; and the city council may cause such plat and survey to be modified, amended or changed, as it may deem proper. When such plat and survey shall be finally adopted by the city council, it shall be filed with the city clerk and shall be held to show correctly the character and extent of the improvement actually agreed upon and ordered by the city council.

"Sec. 216. Appointment and qualification of commissioners.—The city council shall then or at a subsequent meeting appoint five (5) commissioners (all of whom shall be freeholders and electors of the city and not in any way interested in any property to be taken or affected by the proceedings) to view the premises and ascertain and award the amount of damages and compensation to be paid for the property which is to be taken or injured by such improvement, and to assess the amount of such damages and compensation and the expenses of the improvement so far as the same can be improved in proportion to the benefits to be received by each parcel, without regard to cash valuation. Three or more of the said commissioners shall constitute a quorum and be competent to perform any duties required of the whole number thereof.

"Sec. 217. Meeting and qualification.—Said commissioners shall be notified forthwith by the city clerk by a notice served personally or by mail, of their said appointment, and of a time not less than three (3) nor more than seven (7) days from the appointment, when they shall meet at the office of the city clerk. At the time specified in such notice said commissioners shall meet and shall take and subscribe an oath to discharge their duties as such commissioners with fidelity, and to make a just and impartial appraisal and award of damages and assessment of benefits, which oath shall be filed with the city clerk. In case of failure of any said commissioner to qualify, the city council may appoint others to fill the vacancy, who shall be notified and qualified as those appointed in the first instance.

"Sec. 218. Notice given by commissioners.—Said commissioners shall give notice by two publications in the official paper of said city that they will go on a day designated in such notice (which shall be at least ten [10] days after the first publication), meet at a place designated in such notice, and thence proceed to view the property proposed to be taken and appropriated, and ascertain and award therefor compensation and damages, and view the premises to be benefited by such improvement and assess thereon, in proportion to the benefits, the amount necessary to pay such compensation and damages and the expenses of the improvement or such part thereof as can be so assessed, and hear such allegations and proofs as any persons may offer.

"Sec. 219. Proceedings and award of damages.—At the time and place specified in such notice, and from day to day thereafter, and at such other places in said city as they may adjourn to, said commissioners shall attend and view the property to be taken and affected by such proceedings, and hear allegations and proofs that may be offered by persons interested herein, and for that purpose may administer oaths. After viewing the premises and taking the evidence offered, such commissioners shall prepare and make a true and impartial appraisal and award of the compensation and damages to be paid for each parcel or piece of property taken or injured by such improvement; but if the remainder of the same property, a part of which only is to be taken or damaged by such improvement, shall be benefited by such improvement, then the commissioners in considering and awarding such compensation or damage shall also consider, estimate and offset the benefits which shall accrue to the remainder of the same property belonging to the same person, and shall award only the excess, if any of the compensation or damages over and above the benefits; and, in case such benefits are in excess of the compensation or damages, the commissioner shall so state in their report of award, and shall assess such property for benefits in the proportion that such excess of benefits bears to the benefits accruing to other property. In case there are buildings or improvements upon

any land proposed to be taken in such proceedings, the awards shall be for the damage to land and improvements separately.

"Sec. 220. Assessments for benefits.—The said commissioners shall then assess the amount of such compensation and damages as awarded together with the expenses of the improvement, less such portion thereof as the city council shall order, upon the land and property benefited by such improvement, in proportion to such benefits, but in no case shall the amount of said assessments exceed the actual benefit to the lot or parcel of land so assessed. If in the judgment of said commissioners, the whole amount of such compensation and damages awarded, together with the expenses of the improvement, shall exceed the actual benefit to the property subject to assessment, they shall so indicate in their report, and shall state the amount of such excess.

"Sec. 221. Report of commissioners.—Said commissioners shall prepare and report to the city council their appraisal and award, and assessment list containing their assessment for benefits; which list shall contain a brief description of each tract or parcel of property taken or injured or assessed, the name or the names of the owners thereof, so far as known to said commissioners, and the amount of damages awarded to or assessed against each parcel of property; which report shall, upon completion thereof, be filed with the city clerk, by said commissioners, for presentation to the city council.

"Sec. 222. Notice of presentation to the city council.—Upon the filing of such report, the city clerk shall give notice to all interested parties, by one publication in the official paper of said city, of the filing of such report and that he will, at the meeting of the city council named in said notice, or as soon thereafter as practicable, present the same to the city council for consideration (5) days before such presentation. Such published notice shall contain description of the several lots and parcels of land taken for such proposed improvement and the amount of award for taking such lot or parcel, together with the names of the owner or owners of the same, as nearly as they may be readily ascertained; also description of the several lots and parcels of land upon which benefits have been assessed and the amount assessed against each such lot or parcel, together with the names of the owner or owners of the same as nearly as the same can be readily ascertained.

"Sec. 223. Presentation of report and objections thereto.—Such report shall be presented to the city council in accordance with such notice, and shall lie over until the next regular meeting thereof, occurring one week or more thereafter. Any person whose property is proposed to be taken or interfered with or affected, or to be assessed for benefits, may at any time within ten (10) days of the publication of such notice, file with the city clerk, who shall present same to the city council, his objections to such award or compensation or damages or assessment for benefits; which objections shall contain a description of the property affected and shall specify the particular irregularity of which he complains, as to amounts either awarded or assessed, or as to the proceedings of the city council or commissioners.

"Sec. 224. Action of city council on report.—At such subsequent meeting the city council may confirm such award or assessment or may annul the same, or may refer the same to a committee to consider the same and the objections thereto, and report thereon, or refer the same back to the same or new commissioners, or abandon the proceedings, and in case of abandonment may institute them anew. In case the same be referred back to the commissioners, notice of such fact and of the time and place of meeting shall be served by the city clerk upon the commissioners. In the same manner as the original notice of the appointment of commissioners was served, and thereupon the commissioners shall meet and proceed to act as though no report had been made and shall make a new report or amend the former report upon such proposed improvement, and all proceedings therein shall be had in like manner as in the first instance. In case the city council shall confirm any such award or assessment, such confirmation shall make such award or assessment final and conclusive upon all parties interested, unless an appeal be taken as hereinafter provided.

"Sec. 225. Condemnation without assessment for benefits, designation and plat.—Whenever the city council shall consider it necessary to acquire by condemnation any real property or easement therein for the purpose of erection or improvement of any public building, or any permanent improvement incident to the operation of any department, or to acquire any water power, or right to take or divert any lake, stream, dam, pond, reservoir or any public waters, whether the same be public or private property, or rights, any and all waters necessary or convenient for the use of said city and the inhabitants thereof, and thereto to construct and maintain dams and intake-pipes, or to acquire any

other property, real or personal, or rights in property situated within or without the city, it shall designate the same as nearly as may be convenient, and vote to acquire the same, and thereupon it shall be the duty of the city engineer to make and present to the city council such plat or survey or description as may be necessary to show or explain the same and the property necessary to be taken, or interfered with thereby. The city council may cause such plat or survey or description to be modified, amended or changed as it may deem proper, and may adopt the same, and thereupon shall direct the same to be filed in the office of the city clerk.

"Sec. 226. Appointment of commissioners.—The city council shall then or afterwards appoint five (5) commissioners having the qualifications prescribed for commissioners as hereinbefore provided in condemnation proceedings, to view the land, property or water power, or to investigate the rights to be acquired, taken or appropriated, and ascertain and award the amount of damages or compensation to be paid for the property or rights to be acquired, taken or appropriated.

"Sec. 227. Proceedings and report of commissioners.—Said commissioners shall be notified of their appointment and time of meeting, and shall meet and give like notice thereof, and shall qualify and be governed by the same rules and the same number may act as hereinbefore provided for commissioners in condemnation proceedings. After viewing the premises and hearing the evidence offered, said commissioners shall make a true and impartial appraisal and award of the compensation and damages to be paid for each tract or parcel of land, property or rights to be taken, acquired, appropriated or interfered with, and report the same to the city council. Upon the completion of said report, they shall file the same with the city clerk for presentation by him to the city council.

"Sec. 228. Notice by the city clerk of reception of report.—The city clerk shall give notice to all interested parties by one publication in the official paper of said city, of the filing of such report, and that he will, at its first meeting, or as soon thereafter as practicable, present the same to the city council for consideration and action, which publication shall occur at least five (5) days before such presentation; such published notice shall contain a description of the several lots and parcels of land, or the property taken for such proposed improvement, and the amount of award for taking each lot or parcel of property, together with the name of the owner or owners of the same, as nearly as they can be readily ascertained.

"Sec. 229. Presentation of report and objections thereto.—Such report shall be presented to the city council in accordance with such notice, and shall lie over until the next regular meeting of the city council occurring at least one week after the reception of such report. Any person whose property is proposed to be taken or interfered with, may at any time within ten (10) days of the publication of such notice, file with the city clerk, who shall present the same to the city council, his objections to such award of compensation of damages, which objection shall contain a description of the property affected, and shall specify the particular irregularity of which he complains, as to the amounts awarded or as to the proceedings of the council or of the commissioners.

"Sec. 230. Action of city council on the report.—At such subsequent meeting the city council may act upon such report and award, and may hear any objection thereto, or may refer the matter to a committee to hear such objections and report thereon. The city council may confirm such award or annul the same, or send the same back to the same or new commissioners for further consideration, in which case such commissioners shall give notice and proceed in like manner as herein prescribed in the case of a second reference to commissioners by the city council in condemnation proceedings. When any such report and award shall be confirmed by the city council, the same shall be final and conclusive upon all parties interested, unless an appeal be taken therefrom as hereinafter provided.

"Sec. 231. Appeals from confirmation of report.—Any person who shall have objected as aforesaid to the confirmation of any such award or assessment may appeal therefrom to the district court of the county in which the property affected is situated, by filing with the city clerk, within ten (10) days after such confirmation, a notice in writing of such appeal, specifying the grounds thereof and the irregularities in the proceedings complained of, and such appellant shall, within said time, enter into a bond or undertaking with the city in at least the sum of one hundred (100) dollars, conditioned to pay all costs that may be awarded against appellant, which bond shall be executed by two sureties and approved by the city attorney or by the judge of said court, and filed with the city clerk.

"Sec. 232. City clerk to transmit record to the district court.—Upon the filing of such notice and bond the city clerk shall within ten (10) days, make and transmit to the clerk of said district court, a certified copy of the report of the commissioners as confirmed by the

city council, and of the order of confirmation thereof, and the objections and notice of appeal by the appellant. In case more than one appeal be taken therefrom, upon such subsequent appeal copies of the appellant's objections and notice of appeal only shall be transmitted.

"Sec. 233. Proceedings in court of appeal.—There shall be no pleadings on such appeal, but the court shall determine in the first instance whether there were in the proceedings any such irregularities or omission of duty prejudicial to the appellant and specified in both his written objections and notice of appeal, that, as to him, the award or assessment of the commissioners ought not to stand, and whether the commissioners had jurisdiction to take action in the premises. The case may be brought on for a hearing on eight days' notice, at any general or special term of the court, and the judgment of the court shall be to either confirm or annul the proceedings only as the same shall affect the property of the appellant proposed to be taken, damaged or assessed for benefits and described in said written objection. From such determination no appeal nor writ of error shall be allowed.

"Sec. 234. Commissioners appointed by the court to determine award or assessment as to the appellant.—In case the amount of damages awarded or assessments made for benefits are complained of by such appellant, the court shall, if the proceedings shall be confirmed in other respects, appoint three disinterested freeholders, residents of said city, as commissioners to re-appraise such damages or re-assess such benefits.

"The parties to such appeal shall be heard by said court, upon the appointment of such commissioners, and the court shall fix the time and place for meeting of such commissioners. They shall be sworn to the faithful discharge of their duties as such commissioners, and shall proceed to view the premises and hear the parties interested, with their allegations and proofs pertaining to the question as to the amount of such damages or assessments. The commissioners shall be governed by the same provisions in respect to arriving at the amount of damages and the offset thereto of benefits to the remainder of the same property and in all material respects as are in this act made for the government of commissioners appointed by the city council.

"They shall, after such hearing and view of the premises, make a report to said court of their appraisal of damages or assessment of benefits in respect to such appellant.

"Sec. 235. Report of commissioners, if confirmed, to be final.—Upon the filing of such report, the court may, in its discretion, upon motion, set aside the same or re-commit the same to the same commissioners, or appoint a new commission, or it may confirm the same. Upon such confirmation by the court, the award or assessment of such commission shall be final, and no appeal nor writ of errors shall be allowed from any order of the court in the premises. Said court shall allow a reasonable compensation to such commissioners for their services, and make such award of costs on such appeal, including such compensation, as it shall deem just in the premises.

"Sec. 236. Right of abandonment.—The city council shall have the right at any time during the pendency of the proceedings for the improvements authorized in this act, or in case an appeal be taken as herein provided, at any time within sixty days after the final order of the court upon such appeal, to abandon all such proceedings whenever it shall deem it for the best interests of the city so to do.

"Sec. 237. Effect of final determination of proceedings.—Whenever an award of damages and compensations shall be confirmed by the city council, and not appealed from, and whenever the same, when appealed from, shall not be annulled by the court, and whenever commissioners are appointed on such appeal and the award of such commissioners in confirmed by the court, and the proceedings are not abandoned by the city council, within sixty (60) days thereafter, then the rights of all parties shall be finally determined and fixed thereby, and the same shall constitute a lawful and sufficient condemnation and appropriation to public use of the land, property and rights in property for which compensation and damages are so awarded or determined, and every right, title, interest or lien thereto, and the city shall become vested with the title to the property taken and condemned absolutely for all purposes to which the city may ever have the occasion to use the same, and may forthwith enter upon and use the same; and the city shall be bound to and shall within one year of such final determination, pay the amount of such award and compensation, with interest thereon at the rate of six (6) per cent per annum from the date of the confirmation of the commissioners' report by the city council.

"Sec. 238. City clerk to file plat and certificate.—Within twenty (20) days after such final determination of the condemnation proceedings the city clerk shall file in the office of the register of deeds of the county in which the property is situated an accurate plat, certified

to by the city engineer, showing the property condemned thereby, and the same shall be there recorded.

"Section 239. Payment of awards.—Before payment of any award the owner of such property, or the claimant of the award, shall furnish an abstract of title, showing himself entitled to all of the compensation and damages claimed. In case of neglect to furnish such abstract, or in case there shall be any doubt as to who is entitled to such compensation or damage, or any part of the same, the amount so awarded shall be by the city council appropriated and set apart in the city treasury for whomsoever shall show clear right to receive the same. The city council may, in its discretion, require of said claimant a bond, with good and sufficient sureties, conditioned to indemnify and save the city harmless against all other claims for such compensation or damages, or for the property for which the same was awarded, and all loss, costs or expenses on account of such claims; provided, that whenever the city attorney shall certify in writing to the city council that, in his opinion, he is in doubt to whom the said awards shall be paid, the city council may order a warrant to be drawn for the same, payable to the clerk of the district court of the county; and the city clerk shall deliver the same to said clerk of the court and take his receipt for the same, which deposit with said clerk of the court shall be deemed a full and sufficient payment of such award under the provisions hereof. The parties entitled to any award so deposited shall establish their right to the same by a petition to the said district court, setting up the facts entitling them thereto, and by proving the same to the satisfaction of the court; and, when so established, the court shall make an order directing to whom the same shall be made.

"Sec. 240. Proceedings in case award is annulled by court.—Whenever any portion of any award made by commissioners, and confirmed by the council, under the provisions of this act, shall be annulled by the court upon appeal, as hereinbefore provided for, the city council may again appoint commissioners to view the property which was affected by such appeal and appraise and award the compensation and damages to be paid for the taking or appropriation of the same, and the like proceedings shall be had, so far as practicable, as are prescribed herein to be had in the first instance, except that such commissioners shall make no new assessments of costs and expenses. They shall, however, in arriving at the compensation and damages to be awarded, take into consideration and offset any benefits, which, in their judgment, the contemplated improvement will be to the remainder of the property, part of which may be taken or appropriated, and report their award to the city council, whereupon the same proceedings may be had as far as practicable as upon an original award. If such award shall again, upon appeal, be annulled by the court, still another commission may be appointed and award made in the same manner, and so on, until a valid award shall be made, but no new assessment for benefits shall be made merely by reason of any change in the amount of the sum awarded for compensation and damages, and any sum which may be lacking to pay the award shall be paid from the permanent improvement fund.

"Sec. 241. Right of city to have condemnation instituted during pendency of suit.—Whenever the city council shall have made or cause to be made, erected, constructed or laid on, across, through, in or upon any land or real estate to which said city council has not the title or right to enter upon the same, for the purpose of so making, erecting, constructing or laying any water main, sewer, conduits, building, structure, in-take pipe, dam, improvement, pavement, sidewalk, curbstone, gutter or other public work, or street grade, the city council shall have the right at any time in any suit in which the title to said real estate or land, or the right of said city to so be thereon for said purposes, is called in question, may by answer admit and allege the taking of the claimant's land or other real estate for public purposes, and that no compensation has been made for such taking, and that the said city is ready and willing to pay such compensation on having the same assessed and ascertained in the manner in this act provided; provided, the claimant on the trial shall establish his right to recover the land or other real estate in question, and in such case the court shall first determine whether the claimant is entitled to recover the land or other real estate in controversy; and if the court shall first determine that such claimant is so entitled, the city council may, within such time as the court shall limit, appoint commissioners as herein provided in condemnation proceedings, and like proceedings shall be had therein as herein provided in condemnation proceedings; provided, that when it shall appear that the land or other real estate was so taken or appropriated by and with the consent or acquiescence of the owner, such owner shall not be entitled to recover any rents or profits which accrued prior to demand for compensation for such land or other real estate, and he shall be limited in such case to compensation for the land taken and damaged. And the court shall have power to make all the neces-

sary orders and render all the necessary judgments to carry out the provisions of this section.

"Sec. 242. City Council to adopt assessment roll.—Upon confirmation of any award or assessment by the city council or by the court upon appeal, as herein provided, the city council shall proceed at the same or any subsequent meeting to levy such assessments upon the several parcels of land described in the assessment list reported by the commissioners, in accordance with such assessment list as finally confirmed, and cause to be made and adopted an assessment roll of the same.

"DIVISION II.

"Sec. 243. Establishment and change of grade.—The city council shall have power to establish the grade of any street within the city limits. It shall cause accurate profiles of the grade of all streets, when so established, to be made and kept in the office of the city engineer. It may, by ordinance passed by the vote of two-thirds (2/3) of its members, change the grade of any street after such grades have been established; and the publication of such ordinance shall be deemed notice to all parties interested in the change of such grade. Upon the passage of such ordinance the city council may at once, or at any time thereafter, cause such street to be graded in accordance with such new grade so established.

"Sec. 244. Objection to change of grade.—The owner of property abutting upon a street, the grade of which has been once established, shall, within thirty (30) days after the publication of the ordinance changing the grade of such street, file in the office of the city clerk his objection thereto, and make claim for damages to the property caused by such change of street, or be barred from making any claim for damages. Such objection shall contain a description of the property claimed to be damaged and owned by such person, and the amount of damage claimed to be caused to such property by such change of grade, and shall be verified by the owner or his agent.

"Sec. 245. Appointment of commissioners.—Upon the filing of any such objection and claim for damages, the city council shall at any time after the expiration of said period limited for the filing of objections, appoint five (5) commissioners of like qualifications as herein prescribed for commissioners in condemnation proceedings, to appraise the damages caused to the property or properties described in such objections, and to award the same to owner or owners of such property or properties and to assess the amount of damages so awarded upon the property benefited by such change of grade, in proportion to the benefits received by each tract or parcel without regard to the cash valuation thereof, but no property shall be assessed in excess of the benefits accruing to such property; and to report such award and assessment to the city council.

"Sec. 246. Hearing of commissioners.—The said commissioners shall be notified of their appointment, shall meet, give notice, perform their duties and act in like manner and shall be governed by the same rules as herein prescribed for commissioners in condemnation proceedings. Said commissioners shall, in making their award of damages, appraise and award damages caused to each parcel or tract of property described in such objections and claim for damages made as herein prescribed by reason of such change of grade, not including in such damages any damage to or interruption of the use of such property caused by the work done or to be done in making such street conform to the grade as so establishing, and in estimating such damages to be awarded as aforesaid, said commissioners shall consider and offset any benefit accruing to the said property by reason of such change of grade, and shall award only the excess of damages over such benefits, if any.

"Sec. 247. Report of commissioners.—Said commissioners shall make a report of their award of damages and assessments for benefits, and in case the benefits accruing to the property from such change of grade are not as great as the damages so awarded, they shall so indicate in their report, stating the amount of such excess of damages.

"Sec. 248. Action of council on report.—Said report shall be filed and presented to the city council upon like notice, and the city council shall act thereon in like manner as herein prescribed in condemnation proceedings.

"Sec. 249. Right of appeal.—Any person aggrieved by such report shall have the same right of appeal upon the filing of objections in the manner prescribed herein in condemnation proceedings, and the proceedings on said appeal shall be the same as are herein prescribed in condemnation proceedings.

"Sec. 250. Abandonment.—In case the city council shall not have commenced the work of grading the street to conform to the grade changed, it shall have the right at any time during the pendency of the above proceedings, and until said proceedings are confirmed by it, and in case of any appeal from such confirmation, then within sixty (60) days after the final order of the court upon such appeal, to abandon such proposed change of grade by a resolution passed to that effect, and thereupon all proceedings had shall be abandoned

and annulled, and the city council shall thereupon repeal the ordinance changing such grade.

"Sec. 251. Confirmation and assessment.—In case said proceedings are confirmed by the city council or by the order of the court, and not abandoned as herein provided, the same shall be final and conclusive upon all parties interested, and the city council shall proceed to levy any assessment upon the several parcels described in the assessment list reported by the commissioners in accordance with the assessment as finally confirmed, and shall cause to be made, and shall adopt an assessment roll of the same, and shall pay or cause to be paid within one year from the time of the final determination of such proceedings to the owner or owners of the property damaged by such change of grade the amount awarded therefor, upon such owner furnishing an abstract of title to such property, and with the same right to require a bond, or pay the amount of the award to the clerk of the district court, for the party entitled thereto, as herein prescribed in condemnation proceedings.

"DIVISION III.

"Cost of Improvements Assessed in Proportion to Benefits.

"Sec. 252. Authority to assess cost of grading, etc.—Any city existing under this act is hereby authorized to fill, grade, level, pave, repave, curb, rail, bridge, gravel, macadamize, sprinkle, plank, clean pavements upon any street, avenue, lane, alley or highway, and to keep the same in repair; also to fill, grade, improve, protect and ornament any public park, square or ground; also to plant and protect shade or ornamental trees in its public parks and along its streets and avenues; also to construct, lay, relay and repair sidewalks, retaining walls, gutters, sewers, water mains, drains and pipes for surface water, and private drains in, over or under any street, lane, alley or highway; also to drain marshes or swamps and low grounds within the city; and the whole or any part of the expense of any such improvement may be defrayed by an assessment upon the real estate benefited thereby in proportion to such benefits without regard to cash valuation, to be determined and levied in the manner hereinafter provided; provided, if the system of sewerage known as "Shone Hydro-Pneumatic System" be adopted and established in and for any city, the city council, when it proposes to cause sewers to be constructed or laid for the drainage of any given portion of the city shall first determine and accurately describe by ordinance or resolution in writing the area of territory to be made tributary to an ejector station to be constructed for such district, and in each instance such territory so defined shall be known as a sewer district and shall be properly designated by number. The expense of material for and of constructing or laying all sewers and sewer pipes in each such district, the expense of material for and constructing all flush tanks, of machinery, ejectors, discharge pipes, compressed air connections, the ejector chamber and adjoining man-hole, and all other man-holes therein, and all other costs, except such portion thereof as shall be ordered paid out of the permanent improvement fund, shall be chargeable to and assessed upon the lots and parcels of land in said district benefited thereby in proportion to such benefits without regard to cash valuation.

"Sec. 253. Two or more upon one order.—Two (2) or more of said improvements, or either any of them, upon one or more streets may be done at the same time under one order and may be included in one contract. And the city council may, when any contract is let for paving, grading, graveling or macadamizing any street, lane, alley or highway within said city, include in such contract the laying of sewer pipes or water pipes to the curb, and the cost of the same may be assessed against the lots or parcels for which said sewer pipes or water pipes are laid as a part of, or in connection with the assessment of for such improvement; provided, if two or more improvements are included in one contract, the expense of each improvement shall be separately apportioned and assessed upon the lots and parcels of land benefited by such improvement in proportion to such benefits, but two or more improvements may be included in one assessment proceeding.

"Sec. 254. Plans and specifications.—Prior to the passage of any resolution ordering any such improvement the city council shall call for plans and specifications of such proposed work, with an estimate of the probable expenses thereof, to be made by the city engineer of said city and presented to the city council for its approval, and the same shall immediately and upon approval thereof by the city council be filed with the city engineer of said city for the inspection of all parties interested.

"Sec. 255. Notice of proposed improvement and invitation for proposals.—The city council shall then designate a time not less than twelve days distant, and a place at which it will meet and act in relation to the doing of the proposed work, and direct that a notice be given to the city clerk of such meeting and the time and

place thereof, and that in the meantime sealed proposals for the doing of such work and the furnishing of all materials therefor will be received by the city clerk. In such notice shall be stated the location of the proposed work and reference shall be made to the plans and specifications and estimates so filed with the city engineer. Said notice shall be given by two publications thereof in the official paper of said city, the last of which publication shall be at least one week prior to the time designated as aforesaid by the city council.

"Sec. 256. Ordering improvement and award of contract.—At the time and place designated in such notice opportunity shall be given to any and all parties interested to be heard for or against such proposed work, and the clerk shall, in the presence of the city council, open and read all sealed proposals which may have been received for doing such work and furnishing the material therefor, and the city council may then or thereafter by a two-thirds (2/3) vote of all its members, accept the most favorable proposal (such proposal to be that of the lowest responsible bidder) and by resolution authorize the doing of said work or any part thereof, and may direct that a written contract be made therefor with the person whose proposal shall have been accepted; or they may reject all proposals offered and refuse to authorize the doing of such work or any particular part thereof, or may readvertise for bids therefor; or, if it is deemed by said council to be for the best interests of the city, and the city engineer's estimate is less than the lowest bid aforesaid for work and material, that they may reject all proposals offered, and by resolution, passed by a two-thirds (2/3) vote of the council, authorize the doing of said work under the direction of the city engineer, or said council, in its discretion, from lack of quorum, or for other reason, may postpone the consideration and decision of the whole matter, or any branch thereof, to a future time, of which postponement all parties interested shall be required and deemed to take notice.

"At the time of the award of any such contract the city council shall appropriate from the proper fund, to the credit of such contract, a sufficient amount to defray the cost of such work; provided, however, that if at the time of awarding such contract, there shall not be sufficient funds applicable by law thereto in the treasury of such city for the payment of all liabilities arising under such contract, and a majority of the owners of property liable to be specially assessed therefor shall not prior to the time designated in such notice have filed with the city clerk a written protest against such improvement, a fund, specially designated for such contract, shall be created and maintained in such city treasury, to which the city council shall appropriate, at the time of the award of any such contract, from the proper fund the amount of the proportion, if any, of the entire cost of such improvement which the city council may determine, as hereinafter provided, shall be paid from the proper funds of said city and into such specially designated fund shall also be paid all moneys derived from special assessments for the payment of the cost of such improvement and they shall be diverted to no other purpose, and the city council may then or thereafter, authorize the doing of said work or any part thereof, and may direct that written contract be made therefor with the person whose proposals shall have been accepted, but such contract must state that the amount to be paid thereon by the city is to be paid only from such specially designated fund, and that the consideration of such contract is payable only in warrants drawn on such fund, and that the city incurs and assumes no general liability under such contract and the city comptroller, or city clerk, is thereupon expressly authorized to countersign any such contract; but in lieu of an appropriation from the proper fund to the credit of such contract of the amount of the proportion of the entire cost of such improvement which the city council may determine shall be defrayed by an assessment upon the property benefited, as hereinafter provided, when there shall not be sufficient funds, applicable by law thereto in the treasury of such city for such appropriation and in anticipation of the levy, and collection of such special assessments the city may, at any time after the making of such contract, but upon the filing with the city clerk of the commissioner's report of assessments, as hereinafter provided, shall issue warrants on such specially designated fund, payable at specified times, and in such amounts as, in the judgment of the city council, the taxes and assessments will provide for, which warrants shall bear interest at the rate of not to exceed six per cent per annum, payable annually, and may have coupons attached representing each year's interest. Such warrants shall state upon their face for what purpose they are issued, and the fund from which they are payable, and shall be signed by the mayor and countersigned by the city comptroller, or the city clerk, under the seal of the city, and be in denominations of not more than one thousand dollars each, and shall not be issued for a longer period than fifteen years. Such warrants may be used in making payments on contracts for making such improvements or may be sold for cash, at not less than the par value

thereof, and the proceeds thereof credited to such fund, and used for paying for such improvements. It shall be the duty of the city treasurer to pay such warrants and interest coupons as they mature and are presented for payment, out of the specially designated fund on which they are drawn, and to cancel the same when paid. Any indebtedness created by the making of any such contract and any indebtedness created by the issuance of any such warrants, shall not be deemed a part of the total indebtedness of said city, which said city is hereinbefore forbidden to make to exceed five per cent of the total value of the taxable property in such city according to the last preceding assessment for the purpose of taxation.

"The city engineer shall allow to the contractor, on the first day of each month an estimate of the amount already earned, which amount shall be due and payable on the tenth day of the month succeeding the month for which the estimate is allowed. (Amended '09, c. 98, § 1; '11, c. 92, § 1; '17, c. 165, § 1.)

"Sec. 257. Apportionment of costs.—At the time of the passing of the resolution for the doing of such work the city council may determine by separate resolution, what proportion of the entire cost of such improvement shall be defrayed by an assessment upon the property benefited, and what proportion, if any, shall be paid from the proper funds of said city, the amount of the bid accepted by the council to be taken as the entire cost; and in case no bid is accepted, and in case the city council has authorized the doing of such work under the direction of the city engineer, without contract, then the city engineer's estimate shall be taken as the entire cost of such work for the purpose of assessment. (Amended '17, c. 165, § 2.)

"Sec. 258. Commissioners to assess benefits.—The city council shall then, or thereafter, appoint commissioners in like manner and with the same qualifications as prescribed in this act for commissioners in condemnation proceedings, to view the property benefited by such proposed improvement, and to assess the cost of such proposed improvement (unless said council shall have determined that a portion only of the expense of such improvement shall be defrayed by assessments for benefits, and in such case they shall assess such portion) upon the property benefited by such improvement in proportion to the benefits actually received and without regard to cash valuation; provided, that in no case shall said commissioners assess upon any lot or parcel of land any greater amount than the amount of the benefit to such lot or parcel; provided, that if the city council shall have determined that such assessment shall be made on the basis of the foot frontage of the property bounding or abutting upon the improvement, then such commissioners shall make such assessment on that basis, without regard to the benefits or value of the property to be assessed. (Amended '17, c. 165, § 3.)

"Sec. 259. Proceedings of commissioners.—Said commissioners shall meet, give like notice, hear interested parties and proceed in like manner and make like report of their assessments for benefits to the city council, and the city council shall act thereon in like manner, and the proceedings shall be subject, as far as may be, to the provisions herein made for proceedings in condemnation, including the right of appeal from the confirmation thereof by the city council.

"Sec. 260. Levy of assessment.—Whenever the city council shall confirm any such assessment, such confirmation shall make the same final and conclusive upon all parties interested, who have not appealed therefrom, and the city council shall proceed at the same or any subsequent meeting, to levy such assessment upon the several parcels of land described in the assessment last reported by the commissioners, in accordance with the assessment so confirmed, and cause to be made and adopted an assessment roll of the same.

"DIVISION IV.

"Sec. 261. Collection of assessments.—When any special assessment shall have been confirmed and adopted it shall be the duty of the clerk to issue a warrant for the collection thereof, which shall be under the seal of said city and signed by the mayor and such clerk of said city, and shall contain a printed or written copy of the assessment roll as confirmed and adopted as aforesaid, or so much thereof as describes the real estate and the amount of the assessment in each case.

"Sec. 262. Assessment warrants.—In all cities having a city controller the city clerk shall deliver all warrants for collection of special assessments when issued to the city controller, taking his receipt therefor.

"Sec. 263. Notice by controller or clerk.—Upon the receipt of any warrant for the collection of any special assessment the city controller shall, or in cities where there is no city controller, upon the issue of the warrant the city clerk shall forthwith give notice by one publication in the official paper of the city that such warrant has been duly issued for the collection of the taxes

shown therein, briefly describing its nature and requesting all persons interested to make immediate payment at the office of the city treasurer, and that in default of payment thereof within sixty days after publication of such notice, a five per cent penalty will be added thereto, and the same will be collected at the cost and expense of the person liable for the payment of such assessment. Upon application the city controller, or the city clerk where there is no controller, shall issue a statement of the amount of such special assessment against any lot or parcel of land, and the city treasurer shall, on or before the time above specified, or the adding of a penalty, receive payment of the amount shown in such statement, and after said time and until the first Monday of October of that year shall receive payment of the amount shown in such statement, with five per cent added thereto, and give a receipt therefor, and shall keep a correct account of the same, and at the end of each business day shall report to the controller, or if there is no controller, to the city clerk, all assessments paid during the day, and the controller or clerk shall thereupon mark said assessments 'paid.'

"Sec. 264. Lien of assessment.—All assessments levied under the provisions of this act shall be a paramount lien on the real estate on which the same are imposed from the date the warrant issued for the collection thereof is received by the city treasurer for collection.

"Sec. 265. If the assessment charged in any special assessment warrant made for any improvement whatsoever, under the provisions of this act, shall not be paid prior to the time when a penalty will be added as specified in the notice of the city controller or clerk, a penalty of five per cent shall be added to and collected with such assessment and each and every item thereof remaining unpaid at such date.

"Sec. 266. Return by controller.—Within five days after the first Monday of October of each year the city controller, or if there is no controller, the city clerk, shall transmit to the county auditor of the county in which the property so assessed is situated, a list, duly certified by him, of all unpaid assessments included in any special assessment warrants upon which the notice hereinbefore provided to be given by the city controller shall have been published prior to the first of August of that year, with the penalty hereinbefore provided added thereto. Upon receipt of such list the said county auditor shall enter the several amounts of the said unpaid assessment on the tax list of said city for the ensuing year, and levy the same upon the several lots and parcels, as to which the same are respectively chargeable, and the same shall thereupon be collected and payment thereof enforced as other taxes on real estate are collected and enforced.

"Sec. 267. Division of assessments.—Whenever the amount of any special assessment upon any lot or parcel of land so transmitted to the county auditor shall exceed the sum of twenty-five (25) dollars the county auditor shall divide each such assessment in five equal parts, as nearly as the same can be divided, and shall, in proper books to be kept by him, extend the same in proper columns in such manner that said assessment shall extend over five (5) successive years; the first of such installments shall be entered by such auditor on the tax list for said city for the next ensuing year, and each successive installment shall be entered upon such tax list each succeeding year thereafter, respectively; said auditor shall at the time of so extending each year's installment of said special assessment on the tax list add to the amount of each installment after the first installment, interest for one (1) year on the entire amount remaining unpaid at the rate of six per cent per annum, which said interest on the whole amounts unpaid shall be paid each year at the same time and in the same manner as the installment for that year.

"Sec. 268. Whenever the amount of any special assessment on any lot or parcel of land so transmitted to the county auditor shall exceed the sum of twenty-five dollars (\$25.00), the city clerk shall, when transmitting to the county auditor the list of unpaid assessments included in any special assessment, accompany said list with a certified copy of the resolution of the city council determining the number of payments into which such assessment shall be divided, and the county auditor shall then divide each such assessment in as many equal parts as the city council shall have fixed by said resolution, as nearly as the same can be divided, and shall, in proper books to be kept by him, extend the same in proper columns in such manner that said assessments shall extend over the number of successive years so fixed by said council; the first of such installments shall be entered by such auditor on the tax lists of said city for the next ensuing year and each of the said installments shall be entered on such tax list each succeeding year thereafter respectively; said auditor shall at the time of so extending each year's installment of said special assessment on the tax list, add to the amount of each installment after the first installment, interest for one year on the entire amount remaining unpaid, at the rate of six per

cent per annum, which said interest in the whole amounts unpaid shall be paid each year at the same time and in the same manner as the installment for that year. (Amended '17, c. 165, § 4.)

"Sec. 269. Assessments paid over to city treasurer.—Such assessments, when collected, shall be paid over by the county treasurer to the city treasurer of said city, together with all costs, penalties and interest collected thereon at the time of making payment of city taxes to the city treasurer. Said county treasurer shall submit with such payment a statement showing the accurate distribution of the amount so collected to the several funds on account of which the assessment was made. The statement shall apply to the accurate distribution of costs, penalties and interest, as well as to the amount collected, on the original assessment.

"Sec. 270. Numerals used in advertisements.—In all proceedings and advertisements for the levy and collection of such assessments, letters and figures may be used to denote lots, parts of lots, lands and blocks, sections, townships, ranges and parts thereof, the year and the amounts.

"DIVISION V.

"General Provisions.

"Sec. 271. Informalities not to vitiate proceedings.—No error or omission which may be made in the order or in the proceedings of the city council, or of any officers of said city in referring, reporting upon, ordering or otherwise acting concerning any local improvement provided for in this act, or in making any assessment therefor, or in levying or collecting such assessment, shall vitiate or in any way affect any such assessment, unless it shall appear that by reason of such error or omission substantial injury has been done to the party or parties claiming to be aggrieved.

"Sec. 272. Reassessment.—In all cases where any assessment or any part thereof as to any lot, lots or parcels of lands assessed under any of the provisions of this act, or of any law of any city prior to this act, for any cause whatever, whether jurisdictional or otherwise, shall be set aside or declared void by any court; or in case the city council shall have failed to make any assessment before the doing or ordering of any work, the expense of which could, under the provisions hereof, have been assessed on property, the city council shall, without unnecessary delay, cause a reassessment or new assessment to defray the expense of such improvement to be made, whether such improvement was made under this act or any law of any city prior to this act, and such reassessment or new assessment shall be made as nearly as may be as herein provided for making the assessment therefor in the first instance; and when the same shall have been made and confirmed by the city council it shall be enforced and collected in the same manner that other assessments are enforced and collected under this act. And in all cases where judgments shall hereafter be refused or denied by any court, for collection or enforcement of any special assessment, or where any court shall hereafter set aside or declare void any assessment upon any lot or parcel of land for any cause, the said lots or parcels of land may be reassessed or newly assessed from time to time until each separate lot, piece or parcel of land has paid its proportionate part of the costs and expenses of said improvement as near as may be.

"Sec. 272½. "Sec. 320. It shall be the duty of the said commissioner, whenever by him it shall be deemed necessary, to keep at the quarantine station or stations a sufficient police force, whose duty it shall be to enforce all regulations by this chapter required, or by said commissioner to be established, and to arrest all persons violating said regulations or committing any breaches of the peace, and bring such person before any court having jurisdiction, for trial, and to arrest and hold for trial all persons disobeying or interfering with or resisting any physician, health officer or other persons in authority at such quarantine site, place or station.

"Sec. 324. All the salaries, wages and expenses in this chapter contemplated are to be audited and allowed by the said commissioner; provided, that when practicable the persons taken in such quarantine or stations and receiving the aid and care afforded thereby, shall each pay a sum of money sufficient to meet all expenses, labor and care incurred in his behalf, which said money shall be faithfully, kept, reported and accounted for by the physician, health officer or other person in charge of said quarantine or station, to the said commissioner.

"Sec. 336. That the department of health is authorized, and it shall be its duty, to make such rules and ordinances as to them may seem proper and necessary for the purpose of compelling all physicians practicing within the limits of the city to make report of all cases of contagious and infectious diseases upon which they
