As an aid to execution. 14 MLR 568.

**575.02 ORDER FOR EXAMINATION OF DEBTOR.**

Collection of taxes from receiver in supplementary proceedings. 23 MLR 857.

**575.05 PROPERTY APPLIED TO JUDGMENT; RECEIVER.**

The record discloses that the judgment creditor in this proceeding supplementary to execution reached no property of the judgment debtor other than a claim against the state highway department involved in a pending arbitration suit, and that the judgment creditor settled and released its claim against the state highway department upon being paid \$4,500, out of the amount derived from the settlement. Upon such payment and release, this proceeding supplementary to execution, as a matter of fact, ended. If there be priority of rights as between the creditors of the execution debtor to the money paid on the settlement, it should be adjudicated in some other way than in the proceeding.

The order is appealable under section 605.09 (6). Northern Nat'l Bank of Duluth v McLaughlin, 203 M 253, 280 NW 852.
