(3) If in package form the quantity of the contents be not plainly and conspicuously marked on the outside of the package in terms of net weight, measure, or numerical count; provided, that reasonable variations may be permitted, and

tolerances, and also exceptions as to small packages may be established, by rules and regulations made in accordance with the provisions of sections 31.10 to 31.12; and, provided, further, that the commissioner shall have full authority to determine when food is in package form;

If it shall appear that any such food is adulterated, misbranded, insufficiently labeled, unwholesome, poisonous, or deleterious, the commissioner shall have the same rights and remedies and shall enforce the same in the same manner as in the case of food manufactured, sold, transported, offered for sale, use, or transportation, or had in possession with intent to sell, use, or transport within this state. 31.10 STANDARDS, DEFINITIONS; PROMULGATION. For the purpose of securing uniformity, so far as practicable, between the laws of this state and those of the federal government now enacted to prevent fraud and deception in the manufacture, use, sale, and transportation of food, frozen food, milk products, ice cream mix and ice cream mix base, and to protect and preserve the public health, it shall be the duty of the commissioner to fix, adopt, and publish, from time to time, by rulings or regulations, in writing, definitions and standards of quality, purity, identity, composition, analysis, content and strength of articles of food, frozen food, milk products, ice cream mix, or ice cream mix base, for which no definitions and standards are prescribed by law, and such definitions and standards so fixed, adopted, and published by the commissioner shall be the lawful definitions and standards thereof before all courts; provided that when definitions and standards have been or may be fixed by the secretary of the department of agriculture of the United States, except in cases where definitions or standards otherwise are prescribed by law, they may be accepted by the commissioner and if accepted, published as definitions or standards for Minnesota. All definitions and standards promulgated and adopted by the commissioner shall be done in accordance with sections 15.041 to 15.049. "Frozen Food Locker Plant" means a place in which space in individual lockers is rented to individuals for the storage of food and which is artificially cooled for the purpose of preserving such food.

"Sharp frozen" means freezing of food in a room in which the temperature is zero degrees Fahrenheit or below.

The term "Department" as used herein means the department of agriculture, dairy, and food.

Subd. 2. **Operators to be licensed.** Every person engaged in the business of operating a frozen food locker plant shall apply for a license therefor to the commissioner in such form and shall furnish such information as he may require. Each application shall be accompanied by a fee of \$3.00 for the first 100 lockers or any fraction thereof, and \$1.00 for each additional 100 lockers or any fraction thereof and such sum shall be paid into the state treasury and credited to the frozen food locker plant fund, hereby created. This sum shall constitute the license fee in case license is granted. If the commissioner shall find that the applicant maintains a proper place for the storage of frozen foods, the commissioner shall issue to the applicant a license therefor. Such license shall expire on the 31st day of December, following its issue and no license shall be issued for a longer term than one year, and shall not be transferable from one person to another or from the ownership to whom issued to another ownership or from one place to another place or location.

Subd. 3. **Fees and fines to be paid into State Treasury.** All fees collected hereunder by the Commissioner, together with all fines paid for the violation of this section, shall be paid into the state treasury and credited to the general revenue fund of the state.

Subd. 4. **Commissioner may withhold licenses.** The commissioner may withhold a license from any applicant therefor under any provisions of this section whom he may deem unworthy and may revoke any license issued by him to any

licensee who has violated the terms thereof, or who has failed to comply with any requirement of this section, or refused or failed to obey his lawful request or direction, and every conviction of the licensee for an offense punishable under this section shall be a sufficient ground for such revocation.

Subd. 5. Enforcement. The commissioner, his inspectors, assistants and employes, shall enforce the provisions of this section, and in so doing shall have all the powers and authority with relation thereto that is conferred upon them and each of them by Mason's Minnesota Statutes of 1927, Sections 3788 to 3873, as amended.

Subd. 6. Must meet requirements of rules and regulations. No article of food except fruits, berries, or vegetables in containers or jars, shall be stored in any refrigerated locker unless it is in a proper condition for storage and meets all the requirements of the Minnesota Dairy and Food Laws and such rules and regulations as may be established by the department of agriculture, dairy, and food, with the exception of the labelling requirements.

The date of entry of each package of food into such locker shall be stamped on each package.

Subd. 9. Not warehousemen. Persons who own or operate frozen food locker plants shall not be construed to be warehousemen, nor shall receipts or other instruments issued by such persons in the ordinary conduct of their business be construed to be negotiable warehouse receipts.

Subd. 11. Enforcement of lien. Such lien may be enforced by any remedy allowed by law for the enforcement of a lien against personal property, and such remedy shall not bar the right to recover so much of the frozen food locker plant's claim as shall not be paid by the proceeds of the sale of the property.

Subd. 12. Violations, prosecutions. It shall be the duty of every prosecuting officer to whom the commissioner shall report any violation of this section, to cause appropriate proceedings to be commenced and prosecuted in the proper courts without delay for the enforcement of the penalties as in such case herein provided.

The commissioner may, when he deems it advisable, graduate and reduce the assessment to such sum as is required to furnish the inspection and laboratory services rendered. The assessment made and the sums so collected shall be deposited in the state treasury, as other departmental receipts are deposited, but shall constitute a separate account to be known as the commercial canneries inspection account, which is hereby created, and

together with moneys now remaining in said account, set aside, and appropriated as a revolving fund, to meet the expense of special inspection, laboratory and other services rendered, as provided in sections 31.02 to 31.17 and 31.28 to 31.43.
