**251.011 RELOCATION OF FACILITIES.** Subdivision 1. **Lease of Glen Lake Sanatorium.** At the request of the commissioner of public welfare and with the approval of the governor, the commissioner of administration, on behalf of the state, may lease at a nominal consideration of \$1 per year for a period not less than thirty-five years, the facility situated in Hennepin county known as the Glen Lake Sanatorium and all or part of the land used in connection therewith.

Subd. 2. **Discontinuance of Ah-Gwah-Ching as sanatorium; re-establishment at Glen Lake.** Upon execution of such lease the commissioner of public welfare shall discontinue the Minnesota State Sanatorium at Ah-Gwah-Ching as a tuberculosis sanatorium and re-establish the state tuberculosis program at the Glen Lake Sanatorium.

Subd. 3. **Ah-Gwah-Ching Nursing Home.** When tuberculosis treatment is discontinued at Ah-Gwah-Ching that facility may be used by the commissioner of public welfare for the care of geriatric patients, and shall be known as the Ah-Gwah-Ching Nursing Home.

Subd. 4. **Oak Terrace Nursing Home.** Any portion or unit of Glen Lake Sanatorium not used for the treatment of tuberculosis patients may be used by the commissioner of public welfare for the care of geriatric patients, under the name of Oak Terrace Nursing Home.

Subd. 5. **Glen Lake State Sanatorium.** The state tuberculosis facility established at the Glen Lake Sanatorium shall be known as the Glen Lake State Sanatorium, and the statutes presently effective as to Minnesota State Sanatorium shall be effective as to it.

Subd. 6. **Rules and regulations.** The commissioner of public welfare shall have the power to make rules and regulations for the operation of the state nursing homes at Ah-Gwah-Ching and Oak Terrace and for the admission of patients thereto, and to fix the charges to be made for care therein.

Subd. 7. **Status of employees.** Upon execution of the lease referred to herein, the employees of the Glen Lake Sanatorium shall become employees of the state sanatorium or nursing home and blanketed into the classified service of the state, and shall be placed in the proper classifications by the commissioner of civil service with such compensation as such classifications carry. The seniority rights of such employees which exist at the time of transfer shall be retained. Upon as-

suming state employment each such employee shall be credited with whatever sick leave he still has to his credit as an employee of Glen Lake Sanatorium after application of the severance pay plan of the Hennepin county Sanatorium Commission but not to exceed thirty days.

Subd. 8. **Employees' retirement fund.** The employees of the Glen Lake Sanatorium at the time of transfer may remain under the public employees retirement association and the state shall pay the employer contribution to the public employees retirement association.

**251.02 PERSONS ADMITTED.** Application for admission to the state sanatorium shall be made to the superintendent by or on behalf of any person desiring admission who has or is suspected of having tuberculosis. The commissioner of public welfare shall fix the amounts to be charged for maintenance and treatment. A person unable to pay such charges and without kindred legally liable therefor and able to pay may be admitted on request of his county board, and the charges shall be paid by the county.

In all counties in this state now or hereafter having a population of over 200,000 and maintaining a county tuberculosis sanatorium, the county sanatorium commission shall have the same powers with reference to tuberculous persons as county boards under this section, and the charges for their care shall be paid by the county sanatorium commission out of its funds.

The commissioner of public welfare may transfer to the state sanatorium such persons committed to the state hospitals for the mentally ill and afflicted with chronic mental illness who, in his opinion, can be properly cared for at the sanatorium. Reimbursement to the state for cost of care of such transferred persons shall be computed and paid in the same manner and amount as if they had not been transferred.

Subd. 2. When, after an investigation, the commissioner of public welfare finds that a person is afflicted with tuberculosis and is in need of treatment in a sanatorium and that such person is in necessitous or indigent circumstances and unable to secure admission in any existing county sanatorium by reason of the fact that such person has not resided a sufficient length of time in any one county of the state, then and in such case, the commissioner shall apply for the admission of such person either to the Minnesota State Sanatorium, or to some county sanatorium in the state and the commissioner shall determine the county legally responsible for the cost of such care and treatment on the basis of the longest time the patient resided in any one county during the year immediately preceding the date on which it was determined that he was afflicted with tuberculosis and any dispute involving this determination shall be resolved in accordance with the provisions of Minnesota Statutes, Section 376.18. Time spent in a hospital or sanatorium within the state shall not be considered in determining residence.

Copies of such report shall be sent to the commissioner of public welfare if a state institution; to the head of the department if a department of the state; to the county board if a county institution or department; or to the governing body of the city, village or other subdivision of the state which employs the afflicted person. **251.043 FINDINGS, PAYMENT OF MEDICAL CARE AND COMPENSATION.**

Subdivision 1. If upon the evidence mentioned in the preceding section, the industrial commission finds that such employee is suffering from tuberculosis contracted in the institution or department by contact with inmates or patients therein or by contact with tuberculosis contaminated material therein, it shall order the superintendent of such institution or head of such department to apply for the admission of the employee to the Minnesota State Sanatorium or any county tuberculosis sanatorium. There shall be paid to the institution where such employee may be received, the same fee for the maintenance and care of such person as is received by such institution for the maintenance and care of a non-resident patient. If the employee worked in a state tuberculosis sanatorium or in a county tuberculosis sanatorium, payment for such care shall be made by the department of social security out of funds heretofore or hereafter appropriated for aid to or maintenance of county tuberculosis sanatoria. If employed in any other institution or department such payment shall be made from funds allocated or appropriated for the operation of such institution or department, or in such other manner as the appropriate county board or city or village or other governing body may determine. Such employee shall receive full hospital care and medical care, without cost, for the duration of his illness, or any recurrence thereof or any disability resulting therefrom. The industrial commission shall order payment to such employee of two-thirds of his salary during the period of disability and until the employee is able to resume his previous position or until the medical board of the institution where the employee is or has been hospitalized shall certify that such employee is able to pursue, without injury, some other normal work or occupation. If such employee dies leaving dependents, as defined by the workmen's compensation law of the state, there shall be paid to such dependents the sum of \$7,500, if tuberculosis was the authentic cause of death. Such compensation for death shall be paid to such dependents in installments of two-thirds of the employee's wage at intervals when the wage was payable, as nearly as may be. The industrial commission shall certify and supervise the payment of such compensation.

Subd. 2. Whenever it appears that any employee subject to the provisions of sections 251.041 to 251.045 has come into contact with persons who are afflicted with tuberculosis or with tuberculosis contaminated material in connection with his employment and has subsequently contracted tuberculosis it shall be presumed that such employee contracted tuberculosis by such contact and while working within the scope of his employment.

Subd. 3. When an employee has contracted tuberculosis within the meaning of subdivision 1 of this section, the limitations of time specified in section 176.66 and 176.664 shall not apply, and the periods of time specified in section 176.141 shall be computed from the date that a confirmed diagnosis of tuberculosis is first communicated to the employee.

"Contracts tuberculosis" shall be construed to mean the development of demonstrable tuberculosis in the police officer.

[1955 c 340 s 1]

**251.052 REPORT OF ILLNESS.** Whenever the head of any state, county, city, or village police department learns that any police officer employed by such department whose duties bring or did bring him in contact with any person suffering from tuberculosis while said police officer was in discharge of his duties within the scope of his employment, has contracted or become ill from tuberculosis while employed in such department, such head of the police department shall report such illness to the industrial commission. Copies of such report shall be sent to the commissioner of the department of public welfare if a state police officer, to the county board if a county police officer, and to the governing body of the city or village if a municipal or village officer. The industrial commission, upon receiving such report shall mail to the head of the department blank forms to be filled out by such employee claiming the medical and sanatorium treatment and compensation hereinafter provided for. The industrial commission shall thereupon set the claim on for hearing and determination in the same manner as claims of other public employees under the workmen's compensation law are heard and determined.

[1953 c 593 s 2; 1955 c 340 s 2]

**251.053 OFFICERS ADMITTED TO SANATORIUM; PAYMENTS.** If upon the evidence mentioned in section 251.052, the industrial commission finds that such police officer is suffering from tuberculosis contracted by contact with persons suffering from tuberculosis while said police officer was working within the scope of his employment, it shall order the head of the police department in which said police officer is engaged, to apply for the admission of the said police officer to the Minnesota State Sanatorium or some county tuberculosis sanatorium. There shall be paid to the institution where such employee may be received the same fee for the maintenance and care of such persons as is received by such institution for the maintenance and care of a nonresident patient, and such fees shall be paid by the state, county, city or village in whose employment the said police officer was hired and working at the time said police officer contracted the tuberculosis. Such police officer shall receive full hospital care and medical care without cost for the duration of the infection of tuberculosis or any recurrence thereof or any disability resulting therefrom. Further, the industrial commission shall order payment to such police officer by the state, county, city, or village concerned, of the compensation provided for under the general provisions of the workmen's compensation law, including benefits to dependents as defined by the workmen's compensation law, if said police officer dies from the effects of the disease of tuberculosis and if the tuberculosis was the primary infection and the authentic cause of death.

[1955 c 340 s 3; 1957 c 287 s 3]

**251.06 HOSPITALS BUILT AND MAINTAINED.** Subdivision 1. **Group of counties may build.** In addition to the authority to erect and maintain and assist hospitals conferred upon individual counties by sections 376.01 to 376.06 and 376.09, the boards of county commissioners in any group of counties shall have and are hereby given power to acquire lands, to purchase or erect buildings, and to equip and maintain the same for general hospital purposes.

Subd. 2. **Procedure.** The procedure for the cooperation of a group of counties in building and maintaining such a hospital shall be as stated in subdivisions 3 to 8.

Subd. 3. **Action of county boards.** The preliminary step shall be a majority vote of the county commissioners of each county of the cooperating group of counties in favor of the establishment of such hospital, the place of its location, the approximate amount (hereinafter to be known as the "cost") to be expended for the purchase of a site and erection of buildings and the apportionment of such costs among the several counties of the group.

Subd. 4. **Share of cost raised by tax levy.** If the share of the cost to be paid by any county shall not exceed the sum that may be raised by a tax levy of not to exceed one mill on the dollar of the taxable property of such county, it shall be lawful for the county commissioners of the county to order a tax to pay its share of the cost of such hospital; and the tax shall be levied, extended, and collected in the same manner as other county taxes are levied, extended, and collected, and shall be used for no other purpose than that for which it was authorized and collected.

Subd. 5. **Share of cost raised by bonds.** When such share of the cost to be paid by any county shall exceed the sum indicated in subdivision 4 or when it is necessary to issue bonds of any county to defray its share of the cost of such hospital, or when in any case the county commissioners shall deem it desirable, then the question of (1) whether such hospital shall be established and (when necessary) (2) whether bonds shall be issued to defray such county's proportion of the cost thereof shall be submitted to the voters of such county; and the hospital shall not be established nor bonds issued therefor unless a majority of the voters of such county vote in favor of each question submitted to them. The manner of voting shall be as indicated in the existing statutes governing the establishment of tuberculosis sanatoria in counties or groups of counties. The board of county commissioners of a county is authorized to levy a tax to pay interest and principal of any bonds authorized hereunder by the voters of the county as the same shall become due and payable. The tax shall be levied, extended, and collected in the same manner as other county taxes are levied, extended, and collected and used for no other purpose than that for which it was authorized and collected.

Subd. 6. **County hospital building fund.** The sums collected by taxation or sale of bonds under subdivisions 4 or 5 shall be paid into the county treasuries of the respective counties of the cooperating group of counties and, in each case, kept in a separate fund to be known as the county hospital building fund.

This commission shall consist of three residents of the county in which the hospital is to be located, chosen by the county commissioners of the county for a term of three years from the first of July next succeeding such choice or until their successors are chosen, one commissioner shall be chosen annually, and of two residents from each other county of the cooperating group of counties, chosen likewise by their respective county commissioners for a term of two years from the first of July next succeeding such choice or until their successors are chosen, one commissioner shall be chosen annually in each county. These commissioners shall serve without compensation but may be reimbursed for actual expenses incurred by them in connection with their official duties.

This commission shall have power to purchase real estate, to erect and equip buildings for hospital purposes; and shall have full charge and control of the operation and management of such county hospital. It may, when deemed necessary, employ a competent superintendent who shall be the executive officer of the hospital and act as secretary of the county hospital commission. One member of the commission shall be elected annually by the commission as its president. The treasurer of the county in which the hospital is located shall be the treasurer of the county hospital commission. He shall pay out of the funds of the hospital commission on

properly authenticated vouchers of the hospital commission signed by its president and secretary.

The county hospital commission is empowered to accept as a trust any gift, donation, or endowment from any source, whether subject to special provisions of the donors or not; and such gifts, donations, or endowments shall be placed to the credit of the county hospital fund in the treasury of the county in which the hospital is located and disbursed; as to principal or income as the donors may have indicated, by the county hospital commissioners.

**Subd. 8. Funds paid to treasurer of county hospital commission.** When the county hospital commission is satisfied that each county in the cooperating group of counties has collected its share of the cost of the hospital it shall so certify to the county commissioners of each county, who shall thereupon order the county treasurer to pay over to the treasurer of the county hospital commission the county hospital building fund in the possession of such county treasurer. The county hospital commission shall thereupon proceed to erect such hospital and to carry it on.

[1921 c. 411 s. 12] (4588)

**251.08 AFTER-CARE OF TUBERCULOUS PATIENTS.** The medical and other supplemental care of tuberculous persons discharged from county or state sanatoria who are in need and whose physical or other conditions or disabilities associated with their disease make inadvisable their return immediately to their former activities of regular employment, is hereby declared to be a special matter of the state's concern and a necessity in promoting the public welfare. To provide medical and other supplemental care to such persons in order to prevent their further breakdown after sanatorium care, a state-wide program of after-care for tuberculous patients discharged from county and state sanatoria is hereby established.

[1941 c. 499 s. 1]

**251.09 MEDICAL AND SUPPLEMENTAL CARE.** When used in sections 251.08 to 251.14 the term "medical and supplemental care" means the services rendered to such discharged tuberculous patients, as defined in section 251.08. The sum herein appropriated shall be used only for the expenses incurred in travel to and from the sanatoria. This type of medical care shall be determined in accordance with rules and regulations established by the state agency, which shall require an examination at the sanatoria at such times as the superintendent of such sanatoria shall determine. In event a doctor of medicine selected by the patient certifies that preliminary examination indicates need for emergency examination, not otherwise ordered by the medical officer in charge of the sanatoria, such examination shall be ordered as prescribed by the rules and regulations established.

[1941 c. 499 s. 2]

**251.10 DUTIES OF STATE AGENCY.** The state agency shall:

(6) Reimburse to each county agency making expenditures under and pursuant to the provisions of sections 251.08 to 251.14 such sums, quarterly, as the county agencies may have expended pursuant to the rules and procedures established hereunder by the state agency. (2) Prepare and submit promptly to the state agency all applications, forms, and fiscal reports established and required by the state agency pursuant to the provisions of these sections;

(3) Pay in the first instance such sums for medical and supplemental care as are found necessary under the provisions of these sections, and it is specifically provided hereby that such payments of medical and supplemental care are no part of such grants of relief or assistance as are found necessary for the usual care of the patient, all payments provided for herein being over and above and in addition to such regular grants of relief and assistance;

(4) Report to the state agency such expenditures for medical and supplemental care as are made by the county agency pursuant to the provisions of these sections and receive reimbursement therefor quarterly from the state agency; and

(1) Has a tuberculous condition within the definitions established by the state agency pursuant to the provisions of these sections; and

(2) Has resided in the state and in the county one year prior to the time of entrance into the tuberculosis sanatorium.

[1941 c. 499 s. 6]
