462.01 MUNICIPALITIES MAY PASS ZONING ORDINANCE. For the purpose of promoting health, safety, order, convenience, prosperity, and general welfare, any city of the third or fourth class or any village in this state, acting by or through its governing body, may by ordinance regulate the location, size, use, and height of buildings, the arrangement of buildings on lots, and the density of population within such city or village; may make different regulations for different districts thereof; and may acquire or prepare and adopt a comprehensive plan for the future physical development and improvement of such city or village, in accordance with the regulations made as aforesaid, and may thereafter alter the regulations or plan, such alterations to be made only by a two-thirds vote of all the members of the governing body of such city or village. After the adoption of an ordinance hereunder and within ten days after its publication such ordinance may be suspended

in effect upon the filing of a petition signed by resident freeholders of the municipality in a number equal to not less than ten percent of the legal voters of the municipality requesting that the question of permitting the council to zone the city be submitted to the electors at a general or special election, and the ordinances shall not again become effective until a majority of the electors voting on the question approve the proposition permitting the governing body to zone the municipality.

The governing body of any such city or village is hereby authorized to pass ordinances for the enforcement of the provisions of sections 462.01 to 462.04 and of the regulations of the governing body thereunder, and to provide, in and by such ordinances, penalties for the violation thereof. 462.03 POWERS ADDITIONAL TO EXISTING LAWS. In any such city or village having a planning commission, the provisions of sections 462.01 to 462.04 shall be construed as an addition to existing powers and not as an amendment to or a repeal thereof, and the governing body may adopt a plan or plans prepared by such planning commission.

[1929 c 176 s 3] (1933-44)

462.04 APPLICATION. Sections 462.01 to 462.04 shall apply to cities operating under home rule charters adopted pursuant to the Constitution of the State of Minnesota, Article 4, Section 36, but shall not modify, limit, or affect in any way the power to enact planning and zoning regulations contained in any such charter in the manner prescribed therein.

[1929 c 176 s 4; 1931 c 163] (1933-45)

462.05 BUILDING AND ZONING REGULATIONS. For the purpose of promoting health, safety, order, convenience, prosperity and general welfare, any city of the second class, including those operating under a home rule charter, may by ordinance regulate the location, size, use, and height of buildings, the arrangement of buildings on lots, and the density of population within such city; may make different regulations for different districts thereof; and may acquire or prepare and adopt a comprehensive plan for the future physical development and improvement of such city, in accordance with such regulations, and thereafter, by ordinance adopted by a two-thirds vote of all the members of its governing body, may alter the regulations or plan.

[Ex1936 c 35 s 3] (1664-93)

462.08 RESIDENCE DISTRICTS DESIGNATED. Any city of the first class in this state may, in the exercise of the police power, by ordinance duly adopted by its council or other governing body, upon petition of 50 percent of the property owners of the district sought to be affected, designate residence districts in such cities wherein only buildings for residences may be erected and maintained including duplex houses and double houses and prohibiting the erection and maintenance of hotels, stores, factories, warehouses, dry cleaning plants, public garages or stables, tenement and apartment houses.

[1913 c 98 s 1] (1569)

462.09 RESIDENCE DISTRICTS IN CITIES NOT UNDER HOME RULE CHARTERS. Any city of the first class in this state may, in the exercise of the

police power, by ordinance duly adopted by its council or other governing body, by a two-thirds vote, upon petition of 50 percent of the property owners of the district sought to be affected, designate residence districts in such cities and prohibit the erection and maintenance of hotels, stores, factories, warehouses, dry cleaning plants, public garages or stables, or any industrial establishment or business whatsoever, tenement and apartment houses.

[1913 c 420 s 1] (1571)

Any such city by a like vote of its governing body may also classify industries and industrial establishments, and may designate, define and limit industrial districts within said city where such classes of industries and industrial establishments may be erected, operated and maintained, and may prohibit the erection, operation and maintenance of others within such districts.

[1913 c 420 s 2] (1572)

462.11 CHANGE OF DISTRICTS. The council or other governing body of the city may, at any time thereafter and when it shall find that the character of any residence or industrial district shall have changed materially, and on petition of 50 percent of the property owners of the district, set aside its former determination and establish a residence district out of an industrial district, or an industrial district out of a residence district, by resolution or ordinance, duly passed; provided, that any industry which may have been heretofore established in such district, shall not be disturbed unless the same shall become a public nuisance.

[1913 c 420 s 3] (1573)

462.12 RESTRICTED RESIDENCE DISTRICTS. Any city of the first class may, through its council, upon petition of 50 percent of the owners of the real estate in the district sought to be affected, by resolution, designate and establish by proceedings hereunder restricted residence districts and in and by such resolution and proceedings prohibit the erection, alteration, or repair of any building or structure for any one or more of the purposes hereinafter named, and thereafter no building or other structure shall be erected, altered or repaired for any of the purposes prohibited by such resolution and proceedings, which may prohibit the following: hotels, restaurants, eating houses, mercantile business, stores, factories, warehouses, printing establishments, tailor shops, coal yards, ice houses, blacksmith shops, repair shops, paint shops, bakeries, dyeing, cleaning and laundering establishments, billboards and other advertising devices, public garages, public stables, apartment houses, tenement houses, flat buildings, any other building or structure for purposes similar to the foregoing. Public garages and public stables shall include those, and only those, operated for gain.

Nothing herein contained shall be construed to exclude double residences or duplex houses, so-called schools, churches, or signs advertising for rent or sale the property only on which they are placed, and nothing herein contained shall be construed so as to prohibit the council of any such city of the first class from permitting the remodeling or reconstruction of the interior of any structure in any such restricted residence district which possesses a gross ground area delineated by its foundation walls of at least 1,000 square feet, so that the same shall contain separate accommodations for several, not in excess of four, families; provided that the substantial alteration of the exterior of any such structure shall not be authorized in any such case; and provided further, that such city council shall expressly find in each such case that such remodeling or alteration shall be consistent with the public health and safety.

No building or structure erected after the creation of such district shall be used for any purpose for which its erection shall be prohibited hereunder.

The term "council" in sections 462.12 to 462.17 means the chief governing body of the city by whatever name called.

Any district or any portion thereof created under the provisions of sections 462.12 to 462.17 may be vacated and the restrictions thereon removed by the council upon petition of 50 percent of the owners of the real estate in the original district. A portion of a restricted residence district may be vacated and relieved of the restrictions imposed thereon pursuant to sections 462.12 to 462.17 by the council upon petition of the owners of the portion of the district sought to be relieved if such portion or lot sought to be relieved does not in any part lie between other portions of such restricted district, or if the portion sought to be relieved abuts upon a public street or alley along one border of such district and extends along

said public street or alley the entire distance between cross streets, or if the portion or lot sought to be relieved is contiguous to, along one or both sides, or across a public street along its entire front from a parcel of land which shall be duly zoned under a valid municipal zoning ordinance for commercial, multiple dwelling or industrial purposes. The vacation of such district or portion thereof and the removal of the restrictions therefrom shall be accomplished in the same manner herein provided for the creation of any such district, and in the vacation of any such district or any portion thereof and the removal of such restrictions each and all of the provisions of sections 462.12 to 462.17 as to allowance of damages and benefits to property affected and as to the appointment of commissioners to appraise such damages and benefits and the duties of such commissioners, of the city clerk, and of each and all of the other officers upon whom duties are herein imposed shall be complied with, and when such proceedings for the vacation of any such district or portion thereof shall have been completed, the property included within such district or portion thereof so vacated shall be deemed relieved of each and all of the restrictions imposed in the proceeding creating such district. In the allowance of damages and benefits to property affected by any proposed vacation, no evidence shall be received, or consideration given to the existence of any other restriction or any restrictive or zoning ordinance, law, or regulation.

462.13 COUNCIL GIVEN RIGHT OF EMINENT DOMAIN. The council shall first, after causing the probable costs of the proceedings, if abandoned, to be deposited or secured by the petitioners, designate the restricted residence district and shall have power to acquire by eminent domain the right to exercise the powers granted by sections 462.12 to 462.17 by proceedings hereinafter defined, and when such proceedings shall have been completed, the right to exercise such powers shall be vested in the city.

[1915 c 128 s 2; 1931 c 290 s 2] (1619)

462.14 APPRAISAL OF DAMAGE. Subdivision 1. **Appraisers.** The council shall appoint five appraisers who shall be disinterested qualified voters of the city, and none of whom shall be a resident of the ward or wards in which any part of the district so designated is situate, to view the premises and appraise the damages which may be occasioned by the establishment of such restricted residence district and by the exercise by the city of the powers herein granted.

The appraisers shall be notified as soon as practicable by the city clerk, as the case may be, to attend at a time fixed by him, for the purpose of qualifying and entering upon their duties. When a vacancy may occur among the appraisers by neglect or refusal of any of them to act or otherwise, such vacancy shall be filled by the council.

Subd. 2. **Oath of appraisers.** The appraisers shall be sworn to discharge their duty as appraisers in the matter with impartiality and fidelity; and to make due return of their acts to the council.

Subd. 3. **Notice of hearing by publication.** The appraisers shall give notice, by publication in the official newspaper of the city, once a week for two consecutive weeks, which last publication shall be at least ten days before the day of such meeting, which notice shall contain a general description of the lands designated by the council, and give notice that a plat of the same has been filed in the office of the city clerk, and that the appraisers will meet at a place and time designated in the notice, and thence proceed to view the premises and appraise the damages which may be occasioned by the establishment of such restricted residence district and by the exercise by the city of the powers herein granted, and to assess benefits in the manner hereinafter specified.

Subd. 4. **Appraisal of damages.** The city clerk shall, after the first publication of such notice, and at least six days (Sunday excluded) prior to the meeting specified in said notice, serve upon each person having an interest as owner or mortgagee in each parcel of land in said district as shown by the records in the office of the register of deeds a copy of the notice by depositing the same in the post-office of the city, with first class postage prepaid, in an envelope bearing on its front in type no smaller than ten point the words "Notice of Restricted Residence District Proceedings Affecting Your Property" or "Notice of Proceedings to Vacate Restricted Residence Districts Affecting Your Property," as the case may be, directed to such person at his last known place of residence, if known to the city

clerk, but if not known, then to his place of residence as given in the last published city directory of the city, if his name appears therein, or obtained from the records of such owner's address last given on tax receipts in the office of the county treasurer or auditor, or, in the case of mortgagees, to the address, if any, appearing in the mortgage.

After the first publication of the notice, and at least six days (Sunday excluded) prior to the meeting specified in the notice, a copy of the same shall also be served upon the person in possession of each of the tracts or parcels of land, or some part thereof, if the same be actually occupied, in the same manner as provided for the service of summons in a civil action in the district court. A copy of all subsequent notices relating to said proceedings which are required to be published, shall be mailed by said clerk in the manner above specified, immediately after the first publication thereof, to owners and mortgagees in the manner and to the address above provided and to such persons as shall have appeared in said proceedings and requested in writing that such notice be mailed to them.

Subd. 5. Hearing and assessment. At the time and place mentioned in the notice, the appraisers shall meet and thence proceed to view the premises, and may hear the evidence or proof offered by the parties interested, and may adjourn from time to time for the purposes aforesaid. When their view and hearing shall be concluded they shall determine the amount of damages, if any, suffered by each piece or parcel of land of which each piece or parcel of land in the district is a part. They shall also determine the amount of benefits, if any, to each such piece or parcel of land. If the damages exceed the benefits to any particular piece, the excess shall be awarded as damages. If the benefits exceed the damages to any particular piece, the difference shall be assessed as benefits, but the costs of the proceedings, including printers' fees, appraisers' fees, cost of serving notices and other expenses, shall be added to the amount to be assessed. The total assessments for benefits, however, shall not be greater than the aggregate net award of damages, including the costs of the proceedings as above provided; and in every case the benefits assessed upon the several parcels shall be in proportion to the actual benefits received, and no assessment upon any particular piece shall exceed the amount of actual benefits after deducting the damages, if any.

Subd. 6. Separate assessment. If the land and buildings belong to different persons, or if the land be subject to lease, mortgage or judgment, or if there be any estate less than an estate in fee, the injury or damage done to such persons or interests respectively may be awarded to them separately by the appraisers. Neither such award of the appraisers, nor the confirmation thereof by the council shall be deemed to require the payment of such damages to the person or persons named in such award in case it shall transpire that such person or persons are not entitled to receive the same.

Subd. 7. Report of appraisers. The appraisers having ascertained and appraised the damages and benefits as aforesaid, shall make and file with the city clerk a written report of their action in the premises, embracing a schedule and appraisal of the damages awarded and benefits assessed, with descriptions of the lands, and the names of the owners, if known to them and also a statement of the costs of the proceedings.

Subd. 8. Council action. Upon such report being filed, the city clerk shall give notice that such appraisal has been returned, and that the same will be considered by the council at a meeting thereof to be named in the notice, which notice shall be published in the official newspaper of the city, once a week for two consecutive weeks, and the last publication shall be at least ten days before such meeting. The council upon the day fixed for the consideration of such report, or at any subsequent meeting to which the same may stand over or be referred, shall have power in their discretion to confirm, revise or annul the appraisal and assessment, giving due consideration to any objections interposed by parties interested in the manner hereinafter specified, provided that the council shall not have the power to reduce the amount of any award, nor increase any assessment. In case the appraisal and assessment is annulled, the council may thereupon appoint new appraisers, who shall proceed, in like manner, as in case of the first appraisal, and upon the coming in of their report, the council shall proceed in a like manner and with the same powers as in the case of the first appraisal.

Subd. 9. Awards. If not annulled or set aside, such awards shall be final, and shall be a charge upon the city, for the payment of which the credit of the city

shall be pledged. Such assessments shall be and remain a lien and charge upon the respective lands until paid. The awards shall be paid to the persons entitled thereto, or shall be deposited and set apart in the treasury of the city for the use of the parties entitled thereto, within six months after the confirmation of the appraisal and award. In case any appeal or appeals shall be taken from the order confirming the appraisal and assessment, as hereinafter provided, then the time for payment of the awards shall be extended until and including 60 days after the final determination of all appeals taken in the proceeding, and in case of any change in the awards or assessments upon appeal, the council may, by resolution duly adopted, at any time within 60 days after the determination of all appeals, set aside the entire proceeding. Any awards so set aside shall not be paid, and the proceedings as to the tracts for which the awards are so set aside shall be deemed abandoned. Any awards not so set aside shall be a charge upon the city, for the payment of which the credit of the city shall be pledged. All awards shall bear interest at the rate of six percent per annum from the time of the filing of the original appraisers' report and all subsequent awards and awards upon appeal shall be made as of the day and date of filing of such original reports.

Subd. 10. Deposit of damages. Upon the conclusion of the proceedings and the payment of the awards, the several tracts of lands shall be deemed to be taken and appropriated for the purpose of sections 462.12 to 462.17, and the right above specified shall vest absolutely in the city in which the lands are situate. In case the council shall in any case be unable to determine to whom the damages should in any particular case be paid, or in case of adverse claim in relation thereto, or in case of the legal disability of any person interested, the council shall, and in any and every case, the council may in its discretion deposit the amount of damages with the district court of the county in which such lands are situate, for the use of the parties entitled thereto, and the court shall, upon the application of any person interested and upon such notice as the court shall prescribe, determine who is entitled to the award, and shall order the same paid accordingly. Any such deposit shall have the same effect as the payment to the proper persons.

Subd. 11. Objections; appeal to district court. Any owner of land within the district who deems that there is any irregularity in the proceedings of the council, or action of the appraisers, by reason of which the award of the appraisers ought not to be confirmed, or who is dissatisfied with the amount of damages awarded, to him or the assessment thereon, may at any time before the time specified for the consideration of the award and assessment by the council, file with the city clerk, in writing, his objections to such confirmation, setting forth therein specifically the particular irregularities complained of, and the particular objection to the award or assessment, and containing a description of the property in which he is interested, affected by such proceedings and his interest therein, and if, notwithstanding such objections the council shall confirm the award, or assessment, such person so objecting shall have the right to appeal from such order of confirmation of the council to the district court of the county where such land is situate, within 20 days after such order. Such appeals shall be made by serving a written notice of appeal upon the city clerk which shall specify the property of the appellant affected by such award and refer to the objection filed as aforesaid, thereupon the city clerk, at the expense of the appellant, shall make out and transmit to the clerk of the district court a copy of the record of the entire proceedings, and of the award of the appraisers as confirmed by the council and of the order of the council confirming the same, and of the objections filed by the appellant, as aforesaid, and of the notice of appeal, all certified by the city clerk to be true copies, within ten days after the taking of such appeal. If more than one appeal be taken from any award, it shall not be necessary that the city clerk in appeals subsequent to the first, shall send up anything but a certified copy of the appellant's objections. There shall be no pleading on any appeal, but the court shall determine in the first instance whether there was in the proceedings any such irregularity or omission of duty prejudicial to the appellant and specified in his written objection that as to him the award or assessment of the appraisers ought not to stand, and whether the appraisers had jurisdiction to take action in the premises.

Subd. 12. Court proceedings. The case may be brought on for hearing on eight days' notice, at any general or special term of the court, and the judgment of the court shall be to confirm or annul the proceedings, only so far as the proceedings affect the property of the appellant proposed to be included in the district

or damaged or assessed, and described in the written objection. In case the amount of damages or benefits assessed is complained of by such appellant, the court shall, if the proceedings be confirmed in other respects, appoint three disinterested qualified voters, appraisers to reappraise the damages, and reassess benefits as to the property of appellant. The parties to such appeal shall be heard by the court upon the appointment of such appraisers, and the court shall fix the time and place of meeting of such appraisers, they shall be sworn to the faithful discharge of their duties as such appraisers, and shall proceed to view the premises and to hear the parties interested, with their allegations and proofs pertinent to the question of the amount of damages or benefits; such appraisers shall be governed by the same provisions in respect to the method of arriving at the amount of damages or benefits and in all other material respects as are in sections 462.12 to 462.17 made for the government of appraisers appointed by the council. They shall, after the hearing and view of the premises, make a report to the court of their award of damages and assessment of benefits in respect to the property of such appellant. The award shall be final unless set aside by the court. The motion to set aside shall be made within 15 days. In case such report is set aside, the court may, in its discretion, recommit the same to the same appraisers, or appoint new appraisers as it shall deem best; the court shall allow to the appraisers a reasonable compensation for their services, and make such award of costs on such appeal, including the compensation of such appraisers as it shall deem just in the premises, and enforce the same by execution. In case the court shall be of the opinion that such appeal was frivolous or vexatious, it may adjudge double costs against such appellant. An appeal may be taken to the supreme court of the state from any final decision of the district court in the proceedings.

Subd. 13. Bonds. The city council, for the purpose of realizing the funds for making such improvements and paying such damages and the costs of such proceeding may issue and sell special certificates of indebtedness, or special restricted residence district bonds, as it may decide, which shall entitle the holder thereof to all sums realized upon any such assessment, or if deemed advisable, a series of two or more certificates or bonds against any one assessment, the principal and interest being payable at fixed dates out of the fund collected from such assessments, including interest and penalties, and the whole of such fund is hereby pledged for the pro rata payment of such certificates or bonds and the interest thereon, as they severally become due. Such certificates or bonds may be made payable to the bearer, with interest coupons attached, and the city council may bind the city to make good deficiencies in the collection up to, but not exceeding, the principal and interest at the rate fixed as hereinafter provided and for the time specified in section 462.15. If the city, because of any such guaranty, shall redeem any certificate or bond, it shall thereupon be subrogated to the holder's rights. For the purpose of such guaranty, penalties collected shall be credited upon deficiencies of principal and interest before the city shall be liable. Such certificates or bonds shall be sold at public sale or by sealed proposals at a meeting of which at least two weeks' published notice shall be given to the purchaser who will pay the par value thereof at the lowest interest rate, and the certificates or bonds shall be drawn accordingly, but the rate of interest shall in no case exceed five percent per annum payable annually or semiannually. The city clerk shall certify to the county auditor the rate of interest to be determined, and interest shall be computed upon the assessments at such annual rate, in accordance with the terms of section 462.15.

462.15 MAPS, PLATS, AND LISTS OF DISTRICTS MADE AND FILED; ASSESSMENT OF TAXES ON PROPERTY. As soon as such condemnation proceedings have been completed, it shall be the duty of such council to cause maps or plats of such restricted residence district to be made, with a list of the parcels of land within such district, and to file one of such maps and list duly certified by the president of the council and the city clerk, in each of the following offices: the office of the city engineer, the office of the register of deeds of the county and the office of the city clerk, and the same shall be prima facie evidence of the full and complete condemnation and establishment of the restricted residence district. As soon as the assessments are confirmed, the city clerk, or the clerk of the district court, as the case may be, shall transmit a copy thereof duly certified, to the auditor of the county in which the lands lie. The county auditor shall include the same in the next general tax list for the collection of state, county, and city taxes against

the several tracts or parcels of land and the assessments shall be collected with and as a part of, and subject to the same penalties, costs, and interest, as, the general taxes. Such assessments shall be set down in the tax books in an appropriate column to be headed "Restricted Residence District Assessments" and when collected a separate account thereof shall be kept by the county auditor and the same transmitted to the treasurer of the city and placed to the credit of the proper fund. The city council may by resolution determine that the amount of such assessments shall be collected in from one to five equal annual instalments and in such case the county auditor shall include one of the equal annual instalments of assessments with and as a part of the taxes upon each parcel of land therein described for each year for the number of years into which the assessment is by the city council divided, together with annual interest as hereinafter provided. With the first instalment the auditor shall include interest upon the entire assessment from the date of the assessment to the time when the tax books including the first instalment are delivered by the county auditor to the county treasurer and thereafter the auditor shall include in the taxes for each year one of such instalments, together with one year's interest upon such instalment and all subsequent instalments at the same rate, each of which, together with such interest, shall be collected with the annual taxes upon such land, together with like penalties and interest in case of default, all of which shall be collected with and enforced as the annual taxes and credited to the proper city fund. Any parcel assessed may be discharged from the assessment at any time after the receipt of the assessment by the county auditor by paying all instalments that have gone into the hands of the county treasurer, as aforesaid, with accrued interest, penalties, and costs, as above provided, and by paying all subsequent instalments; or any parcel assessed may be discharged from the assessment by presenting certificates or bonds sold against such assessments as herein provided sufficient in amount to cover all instalments due on such parcel and accrued interest, penalties, and costs, and all instalments yet to accrue, by surrendering such certificates or bonds to the county treasurer for cancelation or having endorsed thereon such instalments, interest, penalties, and costs. The assessment shall be a lien on the land from the time of the making thereof as against the owner and every person in any way interested in the land. The owner of the land and any person interested therein may defend against such assessment at the time of application for judgment in the regular proceedings for the enforcement of delinquent taxes, but such assessment shall not be deemed invalid because of any irregularity provided the notices have been published substantially as required, and no defense shall be allowed except upon the ground that the cost of the improvement is substantially less than the amount of the assessment, and then only to the extent of the difference between the assessment and the actual cost. Assessments made under sections 462.12 to 462.17 shall be called Restricted Residence District Assessments of the city of and numbered consecutively. When an assessment is certified, as aforesaid, by the city clerk to the county auditor a duplicate thereof shall be sent to the city comptroller and all such assessments shall be sufficiently identified by the name and number, as aforesaid.

462.16 POWER TO ENACT ORDINANCES FOR ENFORCEMENT OF RIGHTS GIVEN TO COUNCIL. The council shall have the power to enact ordinances for the enforcement of the rights which shall be acquired under sections 462.12 to 462.17, and to fix penalties for their violation, including a fine not exceeding \$100 or confinement in the city workhouse not exceeding 90 days. Violations of the ordinances may be prosecuted in the municipal court of the city.

[1915 c 128 s 5] (1622)

462.17 BUILDINGS DECLARED A NUISANCE. Any building or structure erected, altered, repaired, or used in violation of sections 462.12 to 462.17 or any ordinance passed thereunder, shall be deemed a nuisance and may be abated at the suit of the city in a civil action. The city may maintain actions for injunction to prevent violation of sections 462.12 to 462.17 and of the ordinances passed in pursuance thereof. Owners of land and others interested in land within the district may also maintain similar actions of abatement and for injunction.

462.18 CITIES FIRST CLASS; AUTHORIZATION OF ZONING ORDINANCES. For the purpose of promoting the public health, safety, order, convenience, pros-

perity and general welfare, any city of the first class in the state acting by and through its governing body, may by ordinance regulate the location, size, and use of buildings, the height of buildings, the arrangement of buildings on lots, and the density of population therein, may make different regulations for different districts thereof, and may acquire or prepare and adopt a comprehensive city plan for such city or any portion thereof for the future physical development and improvement of the city, in accordance with the regulations made as aforesaid, and may thereafter alter the regulations or plan, such alterations, however, to be made only after there shall be filed in the office of the city clerk a written consent of the owners of two-thirds of the several descriptions of real estate situate within 100 feet of the real estate affected, and after the affirmative vote in favor thereof by a majority of the members of the governing body of any such city; provided, however, that notwithstanding any resolution, ordinance or law conflicting herewith, the governing body of any such city, by an affirmative two-thirds vote in favor thereof, may by resolution grant a permit for the construction of additions, extensions or improvements to any hospital which is being actually operated and maintained on the premises which it occupies on the date of the passage of this section; provided, further, that whenever the city planning commission or board shall make recommendation in writing to the governing body of any such city for altering the regulation or plan, with respect to a more restricted use of any real estate within 1,000 feet of a public park, which park contains not less than 50 acres, located near or adjacent to the waters of a navigable lake, covering an area of not less than 1,000 square miles, the governing body, by a two-thirds vote of all its members, may alter the regulation or plan in accordance with the recommendation of the city planning commission or board.

Provided, further, that the governing body of any city of the first class, by a two-thirds vote of all its members in favor thereof, may, after hearing, adopt a new zoning ordinance or plan or amend or alter any existing zoning ordinance or plan without such written consent whenever the planning commission or planning board of such city shall have made a survey of the whole area of the city or of an area of not less than 40 acres, within which the new ordinance or plan or the amendments or alterations of the existing ordinance or plan would take effect when adopted, and shall have considered whether the number of descriptions of real estate affected by such changes and alterations renders the obtaining of such written consent impractical, and such planning commission or planning board shall report in writing as to whether in its opinion the proposals of the governing body in any case are reasonably related to the overall needs of the community, to existing land use, or to a plan for future land use, and shall have conducted a public hearing on such proposed ordinance, changes or alterations, of which hearing published notice shall have been given in a daily newspaper of general circulation at least once each week for three successive weeks prior to such hearing, which notice shall state the time, place and purpose of such hearing, and shall have reported to the governing body of the city its findings and recommendations in writing.

In any such city in which the governing body shall have heretofore adopted or shall hereafter adopt such a zoning ordinance or plan, the governing body may also provide thereby for the regulation of the use of lands or buildings, for the classification of dwellings, for the regulation of the minimum proximity of future buildings or uses in commercial or industrial districts or zones to adjoining multiple dwelling or residence districts or zones, and may prohibit the extension or improvement of or conversion of existing structures into any or all classes of dwellings, in areas included in heavy industrial districts, when in the judgment of such governing body industrial development so warrants.

In any such city in which by any local rule or ordinance the use of any land, or the construction or use of any building located within a zoned district, shall have been made conditional upon the applying for and obtaining the governing body's consent thereto, no such application shall be denied except by action of the city council in writing adopted by the governing body after a public hearing on such application, which denial shall state the reasons for such denial.

462.19 MAY PASS ORDINANCES FOR ENFORCEMENT. The governing body of any such city is hereby authorized to pass ordinances for the enforcement of

the provisions of sections 462.18 to 462.20 and of the regulations of such governing body under sections 462.18 to 462.20, and to provide, in, and by such ordinances, penalties for violation thereof. Such governing body is also hereby authorized to enforce its regulations thereunder by mandamus, injunction, or any other appropriate remedy in any court having jurisdiction thereof.

[1921 c 217 s 2] (1615)

462.20 IN ADDITION TO EXISTING POWERS. In any such city having a city planning commission, the provisions of sections 462.18 to 462.20 shall be construed as an addition to existing powers and not as an amendment to or repeal thereof, and the governing body may adopt a plan or plans prepared by such city planning commission.

[1921 c 217 s 3] (1616)

462.21 GRANT OF POWER. In order to provide for the proper and reasonable enforcement of regulations adopted pursuant to sections 462.18 to 462.20 governing the location, size, and use of buildings, and to provide for such reasonable determinations of such regulations as will eliminate practical difficulties in the enforcement of such regulations and to provide for such reasonable variations in the terms of such regulations as will eliminate unnecessary hardship in the way of carrying out the strict letter of such regulations, the local governing body is hereby empowered to appoint a board of adjustment.

[1929 c 340 s 1] (1617-1)

462.22 BOARD OF ADJUSTMENT. Such a local governing body may provide for the appointment of a board of adjustment, and in conformity with the provisions of sections 462.21 to 462.23 may provide that the board of adjustment may determine and vary the application of regulations adopted pursuant to the provisions of sections 462.18 to 462.20 in harmony with their general purpose and intent, and the local governing body may provide by ordinance for the enactment of general or specific rules governing the determination and variation of such regulations.

Where an officially established city planning commission already exists under the city charter it shall be the board of adjustment, otherwise the powers of the board of adjustment shall vest in the governing body who may delegate all or part of such powers to a committee of the governing body. The terms of the members of the board of adjustment shall be concurrent with their terms as members of the governing body or city planning commission. The board shall adopt rules in accordance with the provisions of any ordinances adopted pursuant to sections 462.21 to 462.23.

Appeals to the board of adjustment may be taken by any person aggrieved.

The board of adjustment shall fix a reasonable time for the hearing of the appeal, giving public notice thereof, as well as due notice to the parties in interest, and decide the same within a reasonable time. Upon the hearing any party may appear in person, or by agent, or by attorney.

The board of adjustment shall have the following powers:

(1) To hear and decide appeals where it is alleged there is an error in any order, requirement, decision or determination made by an administrative official in the enforcement of sections 462.21 to 462.23 or of any ordinance adopted pursuant thereto;

(2) To hear and decide all matters referred to it or upon which it is required to pass under such ordinance; and

(3) In passing upon appeals, where there are practical difficulties or unnecessary hardship in the way of carrying out the strict letter of such ordinance to vary or modify the application of any of the regulations or provisions of such ordinance relating to the use, construction, or alteration of buildings or structures or the use of land so that the spirit of the ordinance shall be observed, public safety and welfare secured and substantial justice done.

In exercising the above mentioned powers such board may, in conformity with the provisions of sections 462.21 to 462.23, reverse or affirm wholly or partly, or may modify the order, requirement, decision, or determination appealed from and may make such order, requirement, decision, or determination as ought to be made, and to that end shall have all the powers of the officer from whom the appeal is taken.

The majority vote of the members of the board shall be sufficient to reverse any order, requirement, decision, or determination of any such administrative official, or to decide in favor of the applicant on any matter upon which it is required to pass under any such ordinance, or to effect any variation in such ordinance.

[1929 c 340 s 2] (1617-2)

462.23 APPLICATION. The provisions of sections 462.21 and 462.22 shall not apply to any city now or hereafter having provided for the establishment of a board of adjustment in conformity with the provisions of the city charter of such city.

HOUSING, REDEVELOPMENT

462.411 CITATION, MUNICIPAL AND HOUSING REDEVELOPMENT ACT.

Laws 1947, Chapter 487, may be cited as the municipal housing and redevelopment act.

[1947 c 487 s 1]

462.415 PURPOSE; PUBLIC INTEREST; DECLARATION OF POLICY. Subdivision 1. It is hereby declared that there is not in this state a sufficient supply of adequate, safe, and sanitary dwelling accommodations and that in certain urban and rural areas thereof there exist substandard conditions, unsafe and unsanitary housing and buildings and structures used or intended to be used for living, commercial, industrial or other purposes or any combination of such uses which, by reason of sociological and technological changes, dilapidation, obsolescence, overcrowding, and faulty arrangement or design of building and improvements, lack of public facilities, ventilation, light and sanitary facilities, excessive land coverage, or deleterious land use, or obsolete layout, or any combination of these and other factors, are injurious to the health, safety, morals and welfare of the citizens of this state, cause an increase and spread of crime, juvenile delinquency, and disease, inflict blight upon the economic value of large areas, and, by impairing the value of private investments, threaten the source of public revenues while decentralizing communities to areas improperly planned and not related to public facilities, and require many persons of low income to occupy unsafe, unsanitary, and overcrowded dwellings.

Subd. 2. It is found that the public interest requires the clearance, replanning, reconstruction, and neighborhood rehabilitation of such substandard and unsanitary areas, and the provision of decent, safe, and sanitary housing for persons of low income and their families; that such redevelopment and the provision of such housing for persons of low income and their families are essential to protect the sources of public revenues; that, in order to protect the financial stability of communities, it is necessary to redevelop substandard and blighted areas according to a comprehensive community plan for development and by encouraging the production of housing properly planned and related to public facilities; that these conditions cannot be remedied by the ordinary operations of private enterprise or by regulation alone; that provision must be made to encourage private enterprise to engage in redevelopment or to provide housing facilities in substandard areas, to be constructed in accordance with such comprehensive plan; that provision must also be made to encourage investment of funds in, and for the acquisition by private enterprise at fair prices of, real property required for such purposes in substandard areas, and for public assistance thereto, and to encourage immediate development by the granting of partial tax exemptions where justified as herein after determined; that local public bodies must be created and authorized to undertake redevelopment and to provide decent, safe, and sanitary low-rent housing for persons of low income and their families where a supply of low-rent housing for families of low income and adequate redevelopment of substandard areas cannot be accomplished at a cost which would warrant private initiative to provide such housing or to undertake such redevelopment, subject to the policy of this state that before public participation is authorized or undertaken it shall be locally determined as hereinafter provided that the fulfillment of these needs cannot be met through reliance solely upon private initiative.

Subd. 3. It is hereby declared to be the policy to protect and promote the welfare of the citizens of this state by employing all means necessary and appropriate to satisfy the foregoing needs; that the cooperation of the state and its subdivisions is necessary to accomplish such purposes; that (1) the clearance, replanning, and

reconstruction, rehabilitation, and modernization of substandard areas and the provision of decent, safe, and sanitary housing for persons of low income and their families by local public bodies and (2) the participation in such redevelopment projects and the provision of adequate housing properly planned and related to public facilities in such substandard areas, according to a redevelopment plan as herein provided, by private enterprise, with or without partial tax exemptions, are public uses and purposes for which private property may be acquired and public money may be spent; that these conditions require the creation of the authorities, instrumentalities, and corporations hereafter prescribed to expedite the provision of adequate housing and for the purpose of attaining the ends herein recited, and the necessity in the public interest for the provisions hereinafter enacted is hereby declared as a matter of legislative determination.

Subd. 4. It is hereby declared that certain slum, blighted, or deteriorated areas, or portions thereof, require acquisition and clearance, as provided in sections 462.411 to 462.711, since the prevailing condition of decay may make impracticable reclamation of the area by conservation or rehabilitation, but other areas or portions thereof are, through the means provided in sections 462.411 to 462.711 susceptible of conservation or rehabilitation in such a manner that the conditions and evils herebefore enumerated may be eliminated, remedied or prevented; salvable slum and blighted areas should be conserved and rehabilitated to the extent feasible through voluntary action and the regulatory process; and all powers conferred by sections 462.411 to 462.711, are for public uses and purposes for which public money may be expended and such other powers exercised; and the necessity in the public interest for the provisions of sections 462.411 to 462.711 is hereby declared as a matter of legislative determination. The municipality, to the greatest extent it determines to be feasible in carrying out the provisions of sections 462.411 to 462.711, shall afford maximum opportunity, consistent with the sound needs of the municipality as a whole, to the rehabilitation or redevelopment of areas by private enterprise.

462.425 MUNICIPAL HOUSING AND REDEVELOPMENT AUTHORITY.

Subdivision 1. Preliminary municipal findings and declaration. There is hereby created in each municipality in this state a public body corporate and politic, to be known as the housing and redevelopment authority in and for that municipality; provided, however, that no such authority shall transact any business or exercise any powers until the governing body of the municipality shall, by proper resolution, find that in such municipality (1) substandard, slum, or blighted areas exist which cannot be redeveloped without government assistance, (2) adequate housing accommodations are not available to veterans and servicemen and their families, or (3) there is a shortage of decent, safe, and sanitary dwelling accommodations available to persons of low income and their families at rentals they can afford, and shall declare that there is need for a housing and redevelopment authority to function in that municipality. In determining whether dwelling accommodations are unsafe or unsanitary, or whether substandard, slum, or blighted areas exist, the governing body may take into consideration the degree of deterioration, obsolescence, or overcrowding, the percentage of land coverage, the light, air, space, and access available to inhabitants of such dwelling accommodations, the size and arrangement of rooms, the sanitary facilities, the extent to which conditions exist in such buildings which endanger life or property by fire or other causes, and the original land planning, lot layout, and conditions of title in the area.

Subd. 2. Public hearing; notice; publication; resolution. The governing body of a municipality shall consider such a resolution only after a public hearing thereon after published notice in a newspaper of general circulation in the municipality at least once not less than ten days nor more than 30 days prior to the date of the hearing. Opportunity to be heard shall be granted to all residents of the municipality and its environs and to all other interested persons. The resolution shall be published in the same manner in which ordinances are published in the municipality.

Subd. 3. Sufficiency and conclusiveness of resolution. When the resolution becomes finally effective, it shall be deemed sufficient and conclusive for all purposes, including the policy requirements of section 462.415, if it declares that there is need locally for an authority and finds in substantially the terms provided in subdivision 1 that the conditions therein described exist.

Subd. 4. Certified copy filed with state housing commission. When the resolution becomes finally effective, the clerk of the municipality shall file a certified copy thereof with the state housing commission. In any suit, action, or proceeding involving the validity or enforcement of or relating to any contract of an authority, the authority shall be conclusively deemed to have become established and authorized to transact business and exercise its powers upon the filing of that certified copy of the resolution with the state housing commission, and proof of the resolution and of that filing may be made in any such suit, action, or proceeding by a certificate of the director of housing under the seal of the state housing commission.

Subd. 5. Authority consists of five commissioners. An authority shall consist of five commissioners, who shall be residents of the area of operation of the authority, who shall be appointed after the resolution provided for in this section becomes finally effective. No public officer or employee shall be eligible to serve as a commissioner, but a commissioner may be a notary public.

Subd. 6. Appointment; approval; term; vacancy. The commissioners constituting an authority shall be appointed by the mayor, with the approval of the governing body. Those initially appointed shall be appointed for terms of one, two, three, four, and five years, respectively. Thereafter all commissioners shall be appointed for five-year terms. Each vacancy in an unexpired term shall be filled in the same manner in which the original appointment was made.

Subd. 7. Certificate of appointment; filing. Commissioners shall hold office until their successors have been appointed and qualified. A certificate of appointment of each commissioner shall be filed with the clerk and a certified copy thereof shall be transmitted to the state housing commission. Whenever the membership of an authority is changed by reason of a new appointment, a certificate of that appointment and a certified copy thereof shall be promptly so filed. A certificate so filed shall be conclusive evidence of appointment or change in membership. Commissioners are likewise referred to in sections 462.411 to 462.711 as "members" of an authority.

462.43 [Repealed, 1947 c 487 s 61]

462.431 INTEREST IN PROJECT FORBIDDEN. No commissioner or employee of an authority shall acquire any interest, direct or indirect, in any project or in any property included or planned to be included in any project, nor shall he have any interest, direct or indirect, in any contract or proposed contract for materials or services to be furnished or used in connection with any project. This section shall not apply to the deposit of any funds of an authority in any bank in which a member of an authority shall have an interest if such funds are deposited and protected in accordance with Minnesota Statutes 1949, Chapter 118. If any commissioner or employee of an authority previously owned or controlled an interest, direct or indirect, in any property included or planned to be included in any project, or presently has such interest, he immediately shall disclose such interest in writing to the authority, and such disclosure shall be entered upon the minutes of the authority. Whoever violates any provision of this section shall be punished by a fine of not less than \$50 nor more than \$1,000, or by imprisonment for not more than three months, or both.

When charges in writing have been preferred against a commissioner, pending final action thereon the governing body may temporarily suspend him, but, if it is found that those charges have not been substantiated, he shall immediately be reinstated in his office. In the event of the removal of any commissioner, a record of the proceedings, together with the charges and findings thereon, shall be filed in the office of the clerk.

[1947 c 487 s 7; 1949 c 505 s 3]

462.445 POWERS, DUTIES. Subdivision 1. **Schedule of powers.** An authority shall be a public body corporate and politic and shall have all the powers necessary or convenient to carry out the purposes of sections 462.415 to 462.711 (but not the power to levy and collect taxes or special assessments except as provided in sections 462.515 to 462.545 with respect to redevelopment projects only) including the following powers in addition to others granted in these sections:

(1) To sue and be sued; to have a seal, which shall be judicially noticed, and to alter the same at pleasure; to have perpetual succession; and to make, and from time to time to amend and repeal, rules and regulations not inconsistent with these sections;

(2) To employ an executive director, technical experts, and such officers, agents, and employees, permanent and temporary, as it may require, and determine their qualifications, duties, and compensation; for such legal services as it may require, to call upon the chief law officer of the municipality or to employ its own counsel and legal staff; so far as practicable, to use the services of local public bodies, in its area of operation, such local public bodies, if requested, to make such services available;

(3) To delegate to one or more of its agents or employees such powers or duties as it may deem proper;

(4) Within its area of operation to undertake, prepare, carry out, and operate projects and to provide for the construction, reconstruction, improvement, extension, alteration, or repair of any project or part thereof;

(5) Subject to the provisions of section 462.511, to give, sell, transfer, convey,

or otherwise dispose of real or personal property or any interest therein and to execute such leases, deeds, conveyances, negotiable instruments, purchase agreements, and other contracts or instruments, and take such action, as may be necessary or convenient to carry out the purposes of these sections;

(6) Within its area of operation to acquire real or personal property or any interest therein by gifts, grant, purchase, exchange, lease, transfer, bequest, devise, or otherwise, and by the exercise of the power of eminent domain, in the manner provided by Minnesota Statutes 1945, Chapter 117, and any amendments thereof or supplements thereto, to acquire real property which it may deem necessary for its purposes under these sections, after the adoption by it of a resolution declaring that the acquisition of the real property is necessary to eliminate one or more of the conditions found to exist in the resolution adopted pursuant to section 462.425.

Subd. 2. Eminent domain proceedings, deposit, title. Should an authority deem it necessary it may, in its discretion, after having filed in court an application to assess compensation for the property to be appropriated pursuant to the eminent domain proceedings, forthwith pay into court a sum of money to secure compensation to the owner of the appropriated property, which amount shall be fixed by the court in a sum not less than the true and full valuation of the property appropriated as fixed by the assessor and as finally equalized. The title to the property appropriated shall pass to the authority upon the payment of that sum of money into court, and thereupon the authority shall have the right to enter immediately upon the property appropriated and demolish any structure thereon or therein and proceed with the construction of the project proposed by it. It shall then proceed with the prosecution of its suit to assess compensation with due diligence. The deposit shall be applied, so far as may be necessary for that purpose, to the payment of any award that may be made, with interest thereon, and the residue, if any, shall be returned to the authority.

Subd. 3. Superior public use. Real property in an area, needed or convenient for a project, which is to be acquired by condemnation pursuant to this section, may be acquired by the authority for the project, including any property devoted to a public use, whether or not held in trust, notwithstanding that such property may have been previously acquired by condemnation or is owned by a public utility corporation, it being hereby expressly determined that the public use in conformity with the provisions of this act shall be deemed a superior public use; provided, however, that property devoted to a public use may be so acquired only if the governing body of the municipality has approved its acquisition by the authority. An award of compensation shall not be increased by reason of any increase in the value of the real property caused by the assembly, clearance or reconstruction, or proposed assembly, clearance or reconstruction for the purposes of this act of the real property in an area.

Subd. 4. Additional powers. An authority shall further have power:

(1) To make, or agree to make, such payments in lieu of taxes to the city or the county, the state or any political subdivision thereof, as it finds consistent with the purposes of sections 462.415 to 462.711;

(2) To cooperate with or act as agent for the federal government, the state or any state public body, or any agency or instrumentality of the foregoing, in carrying out any of the provisions of sections 462.415 to 462.711 or of any other related federal, state or local legislation; and upon the consent of the governing body of the municipality purchase, lease, manage, or otherwise take over any housing project already owned and operated by the government of the United States or any agency thereof;

(4) To borrow money or other property and accept contributions, grants, gifts, services, or other assistance from the federal government, the state government, state public bodies, or from any other public or private sources;

(5) To include in any contract for financial assistance with the federal government any conditions which the federal government may attach to its financial aid of a project, not inconsistent with purposes of sections 462.415 to 462.711, including obligating itself (which obligation shall be specifically enforceable and not constitute a mortgage, notwithstanding any other laws) to convey to the federal government the project to which such contract relates upon the occurrence of a substantial default with respect to the covenants or conditions to which such authority is subject; to provide in such contract that, in case of such conveyance, the federal government may complete, operate, manage, lease, convey or otherwise deal with the project until such defaults are cured if the federal government agrees in such contract to re-convey to the authority the project as then constituted when such defaults have been cured;

(6) To issue bonds, notes, or other evidences of indebtedness, as hereinafter provided, for any of its corporate purposes and to secure the same by mortgages upon property held or to be held by it or by pledge of its revenues, including grants or contributions;

(7) To invest any funds held in reserves or sinking funds, or any funds not required for immediate disbursement, in property or securities in which savings banks may legally invest funds subject to their control;

(8) Within its area of operation to determine where substandard, slum, or blighted areas exist or where there is unsafe, unsanitary, or overcrowded housing;

(10) To undertake and carry out studies and analyses of the housing and redevelopment needs within its area of operation and of the meeting of those needs (including data with respect to population and family groups and the distribution thereof according to income groups, the amount and quality of available housing and its distribution according to rentals and sales prices, employment, wages, desirable patterns for land use and community growth, and other factors affecting the local housing and redevelopment needs and the meeting thereof) and to make the results of those studies and analyses available to the public and building, housing and supply industries; and to engage in research and disseminate information on housing and redevelopment;

(11) When a local public body does not have a planning agency or when a comprehensive or general community development plan or plans is or are not already available by the planning agency, to make or cause to be made such plans as a guide in the more detailed planning of housing and redevelopment areas;

(13) To own, hold, and improve real or personal property and to sell, lease, exchange, transfer, assign, pledge, or dispose of any real or personal property or any interest therein;

(14) To insure or provide for the insurance of any real or personal property or operations of the authority against any risks or hazards;

(15) To procure or agree to the procurement of government insurance or guaranties of the payment of any bonds or parts thereof issued by an authority, including the powers to pay premiums on such insurance;

(17) To enter into an agreement or agreements with any state public body to provide informational service and relocation assistance to families displaced or to be displaced by the activities of any state public body or bodies.

Subd. 6. Subject to laws of locality. All projects of an authority shall be subject to the planning, zoning, sanitary, and building laws, ordinances, and regulations applicable to the locality in which the project is situated.

preferences, servicemen's preferences and other preferences with respect to veterans and servicemen as may be required by any federal law or regulation as a condition of federal financial assistance for a project.

Subd. 8. **Certain papers sent to commission.** Each authority shall transmit to the commission certified copies of (1) any application to the federal government for financial assistance; (2) any proposed contract with the federal government; (3) the urban redevelopment plan and the urban redevelopment project documents specified in sections 462.515, 462.521 and 462.525, and the annual urban redevelopment budget; (4) the low-rent public housing development program and the plans and layout, specifications and drawings therefor including estimated cost, proposed method of financing, and detailed estimates of expenses and revenues thereof; (5) the low-rent public housing management program and the annual or periodical management budget therefor, and amendments of said documents, together with such supporting data as may be requested by the commission.

Upon examination of the documents the commission may make suggestions to the authority upon the matters to which the documents relate, and the commission may make public such suggestions. The commission shall act in an advisory capacity and nothing done by the commission under the provisions of this subdivision shall affect the validity of any action of the authority.

462.451 ACCOUNTING. Subdivision 1. **Annual reports, duties of public examiner.** Each authority shall keep an accurate account of all its activities and of all its receipts and expenditures and shall annually in the month of January make a report thereof to the state housing commission, to the state public examiner, and to the governing body of the municipality, such reports to be in a form prescribed by the state housing commission. All powers conferred and duties imposed upon the public examiner with respect to state and county officers, institutions, property and improvements, are hereby extended to authorities, except the authority to prescribe the form of reports or accounts provided in this act. The public examiner shall make such audits of the low rent public housing funds of the authorities as he shall deem in the public interest, and he shall file a written report covering his audits with the authority, the city clerk of the municipality, and the state housing commission. The first report of the public examiner shall include all expenditures and activities of the local authority from the creation of the authority. Each authority shall be liable to the state and shall pay all costs and expenses of such examination, solely from funds lawfully available for such purposes.

It shall have the power to examine into the properties and records of authorities and to prescribe methods of accounting and the rendering of periodical reports in relation to projects undertaken by authorities, but in prescribing the form of accounts the commission shall take into consideration any requirements of the federal government under any contract with an authority. The commission may from time to time make, amend, and repeal rules and regulations prescribing standards and stating principles governing the planning, construction, maintenance, and operation of projects by authorities. Compliance with sections 462.415 to 462.711 and the rules and regulations adopted by the commission may be enforced by the commission by a proceeding in equity.

462.455 LIABLE IN CONTRACT OR TORT. An authority shall be liable in contract or in tort in the same manner as a private corporation. The members of an authority shall not be personally liable as such on its contracts, or for torts not committed or directly authorized by them. The property or funds of an authority shall not be subject to attachment, or to levy and sale on execution, but, if an authority refuses to pay a judgment entered against it in any court of competent jurisdiction, the district court for the county in which the authority is situated may, by writ of mandamus, direct the treasurer of the authority to pay the judgment.

462.46 [Repealed, 1947 c 487 s 61]

462.461 LETTING OF CONTRACTS; BONDS. Subdivision 1. All construction work, and work of demolition or clearing, and every purchase of equipment,

MINNESOTA STATUTES 1961

supplies, or materials, necessary in carrying out the purposes of sections 462.415 to 462.711, that shall involve the expenditure of \$1,000 or more shall be awarded by contract as hereinafter provided. Before receiving bids under the provisions of these sections the authority shall publish, once a week for two consecutive weeks in an official newspaper of general circulation in the community a notice that bids will be received for that construction work, or that purchase of equipment, supplies, or materials, stating the nature of the work and the terms and conditions upon which the contract is to be let, naming therein a time and place where bids will be received, opened and read publicly, which time shall be not less than seven days after the date of the last publication. After the bids have been duly received, opened and read publicly and recorded, the authority shall award the contract to the lowest responsible bidder, the authority reserving the right, however, to reject any or all bids, each such contract to be duly executed in writing, and the person to whom the contract is awarded shall give sufficient bond to the authority for its faithful performance. If no satisfactory bid is received, the authority may readvertise. The authority shall have the right to set up reasonable qualifications to determine the fitness and responsibility of bidders and to require bidders to meet such qualifications before bids are accepted.

Subd. 2. If the authority by an affirmative vote of four-fifths of its members shall declare that an emergency exists requiring the immediate purchase of any equipment or material or supplies at a cost in excess of \$1,000, but not exceeding \$5,000 in amount, or making of emergency repairs, it shall not be necessary to advertise for bids, but the material, equipment, or supplies may be purchased in the open market at the lowest price obtainable, or the emergency repairs may be contracted for or performed without securing formal competitive bids. An emergency, as considered in sections 462.415 to 462.711, shall be understood to be unforeseen circumstances or conditions which result in the placing in jeopardy of human life or property.

Subd. 3. Bonds shall be required from contractors for any works of construction as provided in and subject to all the provisions of Minnesota Statutes 1945, Sections 574.26 to 574.31.

[1947 c 487 s 11]

462.465 LOW RENT HOUSING. Subdivision 1. **Preliminary research; approval by municipality.** An authority shall not initiate any low rent housing project, and shall not enter into any contract with respect thereto, until it has made findings, after an analysis of the local housing market, (1) that there is need for such low rent housing which cannot be met by private enterprise and (2) that a gap of at least 20 percent has been left between the upper shelter rental limits for admission to the proposed low rent housing and the lowest shelter rents at which private enterprise is providing (through new construction and existing structures) a substantial supply of decent, safe and sanitary housing; and unless the governing body of the municipality has by resolution affirmed those findings of the authority and approved the provision of that low rent housing project, and unless the provision of public low rent housing projects has been approved by the voters of the municipality as provided in subdivision 2; provided however that this subdivision shall not be applicable to any public low rent housing projects for which financial assistance is provided by the federal government or any agency or instrumentality thereof, and which does not require any direct loan or grant of money from the municipality as a condition of a federal financial assistance. An authority shall not make any contract with the federal government or any agency thereof for a low rent housing project unless the governing body of the municipality has by resolution approved the provision of that low rent housing project.

Subd. 2. **Submission to electorate; special elections.** No public low rent housing projects shall be undertaken by any authority until the governing body of the municipality shall have submitted to the qualified voters of the municipality at a special election, or at the next general election, the question in substantially the following form:

- ~ Shall public low rent housing projects be initiated, and constructed and carried on by the housing and redevelopment authority in and for the(city, village, or borough) of(naming the municipality)?
- Yes
- No

If a majority of the qualified voters of the municipality voting upon the question shall vote in the affirmative, the housing and redevelopment authority of that municipality shall thereupon be empowered to initiate, construct, and carry on public low rent housing projects, but it may, under this authorization, construct not to exceed 1,000 family dwelling units and thereafter must again submit the question as to the initiation of further low rent housing projects in the manner first provided. If a majority of the qualified voters of the municipality voting upon the question shall vote in the negative, then the housing and redevelopment authority shall not initiate any low rent housing projects in the municipality until authorized by the qualified voters of the municipality in the manner herein provided, and the question shall not again be submitted to those qualified voters for at least one year after the date of such election. Special elections held pursuant to this subdivision shall be held and conducted in the same manner and upon the same notice, and the returns thereon made in the same form and manner, as other special elections in that municipality. In the case of a city operating under a home rule charter, the provisions of law relating to the mechanics of the conduct of elections, time of holding, notice, and returns made applicable in the case of the submission of proposed amendments to the home rule charter shall govern.

This subdivision shall not be applicable to any public low rent housing projects for which financial assistance is provided by the federal government or any agency or instrumentality thereof, and which does not require any direct loan or grant of money from the municipality as a condition of federal financial assistance.

Subd. 3. **Referendum.** Nothing in this section shall prohibit the initiation of a referendum in any municipality on any resolution or ordinance of the governing body pursuant to the provisions of the home rule charter of that municipality. Before any unconditional obligation for the acquisition of a site for any low rent housing project may be incurred or the first notice of a call for bids for the construction of such project may be published, such project shall be approved by the governing body of the municipality by resolution, provided, however, that upon a vote of the majority of the members of the governing body of the municipality at the time of the adoption of said resolution, the question of approval may be submitted to the voters for approval or rejection at a special election or at the next general election, provided further that said special election shall be held not more than 60 days after the determination by the governing body of the municipality to submit said question to the voters, said election to be held in accordance with laws applicable within the municipality to the holding of municipal elections. This subdivision shall not be applicable to a project where any unconditional obligation for the acquisition of a site or any portion thereof has heretofore been incurred by the local authority or where the project location has heretofore been approved by the governing body of the municipality.

[1947 c 487 s 12; 1949 c 505 s 5; 1951 c 568 s 4]

462.47 [Repealed, 1947 c 487 s 61]

462.471 RENTALS. Subdivision 1. **Basis of charge.** Each authority shall manage and operate its housing projects in an efficient manner to enable it to fix the rentals or payments for dwelling accommodations at rates consistent with its providing decent, safe, and sanitary dwelling accommodations for persons of low income, and no authority shall construct or operate any housing project for profit, or as a source of revenue to the municipality. To this end an authority shall fix the rentals or payments for dwellings in its projects at no higher rates than it shall find to be necessary in order to produce revenues which (together with all other available moneys, revenues, income, and receipts of the authority from whatever sources derived) will be sufficient (1) to pay, as the same become due, the principal and interest on the bonds of the authority; (2) to create and maintain such reserves as may be required to assure the payment of principal and interest as they become due on its bonds; (3) to meet the cost of, and to provide for, maintaining and operating the projects (including necessary reserves therefor and the cost of any insurance) and the administrative expenses of the authority; and (4) to make such payments in lieu of taxes as it determines are consistent with the maintenance of the low rent character of projects.

Subd. 2. **Realtors.** With respect to the management and operation of a housing project the authority may, in its discretion, employ reliable real estate operators or firms or brokers or the municipality to perform those services for it, but

no such real estate operators or firms or brokers or the municipality shall have any authority in the matter of tenant selection or the fixing of rentals. Each authority employing any such real estate operators or firms or brokers or the municipality shall require the execution of a contract of employment stating the terms and conditions under which the services are to be performed, which shall be subject to the approval of the state housing commission.

[1947 c 487 s 13; 1951 c 568 s 5]

462.475 RENTALS, TENANT ADMISSIONS. Subdivision 1. **Authority, powers, duties.** In the operation or management of housing projects an authority shall at all times observe the following duties with respect to rentals and tenant admissions.

(1) It may rent or lease the dwelling accommodations therein only to persons of low income and at rentals within the financial reach of such persons of low income;

(2) It may rent or lease to a tenant dwelling accommodations consisting of the number of rooms (but no greater number) which it deems necessary to provide safe and sanitary accommodations to the proposed occupants thereof, without overcrowding; and

(3) An authority in its operations within a municipality shall not accept any families as tenants in any housing project if the families who occupy the dwelling accommodations have an aggregate annual net income at the time of admission, less an exemption of \$100 for each minor and adult dependent member other than the head of the family and his spouse or in the discretion of the authority an exemption of \$600 of income of each such minor or adult member other than the principal income recipient, in excess of five times the annual rental of the quarters to be furnished such family, and, in computing the rental for this [the] purpose of this section, there shall be included in the rental the average annual cost (as determined by the authority) to occupants of heat, water, electricity, gas, cooking fuel, and other necessary services or facilities, whether or not the charge for such services and facilities is included in the rental.

Subd. 2. [Repealed, 1957 c 810 s 8]

[1947 c 487 s 14; 1951 c 568 s 6; 1959 c 545 s 5]

462.48 [Repealed, 1947 c 487 s 61]

462.481 DISCRIMINATION PROHIBITED, DISPLACED FAMILIES. There shall be no discrimination in the selection of tenants because of race or religious, political, or other affiliations, but, if the number of qualified applicants for dwelling accommodations exceeds the dwelling units available, preference shall be given to inhabitants of the municipality in which the project is located, and to the families who occupied the dwellings eliminated by demolition, condemnation, and effective closing as part of the project, as far as is reasonably practicable without discrimination against families living in other substandard areas within the same municipality.

[1947 c 487 s 15; 1955 c 565 s 10]

462.485 VETERANS PREFERENCE. As between applicants equally in need and eligible for occupancy of a dwelling and at the rent involved, preference shall be given to families of servicemen (including families of servicemen who died in service) and to families of veterans. In admitting families of low income to dwelling accommodations in any housing project an authority shall, as far as is reasonably practicable, give due consideration to families making application for dwelling accommodations to which families aid for dependent children is payable, and to resident families making such application to whom public relief, old age assistance, or aid to the blind shall be payable, when such families are otherwise eligible under the terms of sections 462.411 to 462.711.

[1947 c 487 s 16]

462.49 [Repealed, 1947 c 487 s 61]

462.491 AVAILABILITY, LOW INCOME FAMILIES. The dwellings in public low-rent housing shall be available solely for families of low income whose net family income does not exceed the maximum net family income falling within the lowest 20 percent by number of all family incomes in the area of operation as such maximum net family income shall have been determined, or from time to time redetermined, by the authority; provided that at the end of one year after the effective date of Laws 1947, Chapter 487, and each year thereafter, this restriction shall be re-examined by the state housing commission, and a public hearing shall

be held by the commission to determine whether administrative or interpretive difficulties or unsatisfactory progress in the provision of low-rent housing or redevelopment require a modification thereof. Upon the conclusion of that hearing, the commission is authorized to and shall forthwith modify the restriction first set out in this section to the extent, if any, that may be required to make satisfactory progress in the provision of low-rent housing or redevelopment.

[1947 c 487 s 17; 1955 c 565 s 4]

462.495 PERIODIC INVESTIGATION OF TENANT; VETERANS PREFERENCE. An authority shall make periodic investigations of each family admitted to a low-rent housing project and, on the basis of said investigations, shall determine whether that family at the time of its admission (1) lived in an unsafe, unsanitary, or overcrowded dwelling or had been displaced by a project or by off-site elimination in compliance with the equivalent elimination requirement hereof, or actually was without housing, or was about to be without housing as a result of a court order of eviction, due to causes other than the fault of the tenant, and (2) had a net family income not exceeding the income limits theretofore fixed by the authority for admission of families of low income to such housing; provided that the requirement in (1) shall not be applicable in the case of the family of any serviceman or the family of any veteran who has been discharged (other than dishonorably) from, or the family of any serviceman who died in, the armed forces of the United States, where application for admission to the project is made within any time limit specified by federal law applicable to federal financial assistance for the project. If it is found upon any such investigation that the net income of any families have increased beyond the maximum income limits fixed pursuant to this act for continued occupancy in such housing, those families shall be required to move from the project.

[1947 c 487 s 18; 1949 c 505 s 6]

462.50 [Repealed, 1947 c 487 s 61]

462.501 LIMIT ON PERIOD OF OCCUPANCY. Subdivision 1. **Four years.** The occupancy of any dwelling unit in a housing project under the jurisdiction of the authority shall not exceed four years and that at the end of a four-year term the right of the tenant to occupy a housing project shall cease and he shall be required to move; except that, upon a resolution of the authority based upon findings of fact justifying continued occupancy, a tenant may be permitted to remain for an additional period or periods.

Subd. 2. **Power of authority not limited.** Nothing contained in sections 462.465 to 462.501 shall be construed as limiting the power of an authority (1) with respect to a housing project to vest in an obligee the right, in the event of a default by the authority, to take possession thereof or cause the appointment of a receiver thereof, free from all the restrictions imposed by this or the preceding section; or (2) with respect to a redevelopment project, in the event of a default by a purchaser or lessee of land, to acquire property and operate it free from such restrictions.

[1947 c 487 s 19; 1955 c 565 s 5]

462.505 DEMOLITION OF UNSAFE OR UNSANITARY BUILDINGS. No project for low-rent housing or the clearance of a blighted area involving the construction of new dwellings shall be undertaken by a housing authority unless, subsequent to the initiation of the project, there has been or will be elimination by demolition, condemnation and effective closing, or compulsory repair, of unsafe or unsanitary buildings situated in the area of operation substantially equal in number to the number of dwelling units provided by the project; provided that such elimination may, upon approval by the state housing commission by resolution, be deferred for such period as the commission may determine, if the shortage of decent, safe, or sanitary housing available to families of low income is so acute as to force dangerous overcrowding of such families.

[1947 c 487 s 20; 1949 c 505 s 7]

462.51 [Repealed, 1947 c 487 s 61]

462.511 EXISTING BUILDINGS; ACQUISITION, REPAIR. In order to conserve the existing housing supply, an authority is authorized to purchase or lease or otherwise acquire existing buildings for low-rent housing whenever this is feasible, in lieu of new construction. All the provisions of sections 462.415 to 462.711 relating to other low-rent housing projects shall be applicable to such projects. Before proceeding with such project, an authority shall make an analysis demonstrating:

(1) The buildings to be acquired or leased shall be in such condition that it is feasible to remodel, repair, or reconstruct them and that the buildings, when rehabilitated will provide decent, safe, and sanitary housing;

(2) The rehabilitation of the buildings comprising the project will prevent or arrest the spread of blight so as to protect the neighborhood in which the buildings are located;

(3) The rehabilitated buildings will provide low-rent housing and will otherwise accomplish the purposes of sections 462.415 to 462.711.

Nothing in this section contained shall be a limitation upon the powers of an authority with respect to a redevelopment project.

462.515 REDEVELOPMENT PLAN. Any redevelopment company, or any other person, may submit a redevelopment plan to an authority, or an authority may consider a redevelopment plan on its own initiative. An authority shall immediately transmit the plan to the planning agency, of the municipality in which the area to be redeveloped is situated, for its study, if such a planning agency is in existence, or, if no such planning agency is in existence, to such agency as the governing body of the municipality shall indicate. An authority shall request the written opinion of the planning or other agency on all redevelopment plans submitted to it prior to approving those redevelopment plans, and the planning or other agency shall submit its written opinion within 30 days.

462.52 [Repealed, 1947 c 487 s 61]

462.521 MUNICIPAL GOVERNING BODY. Subdivision 1. **Findings, notice, determination.** Whenever an authority determines that a redevelopment project should be undertaken, it shall apply to the governing body of the municipality in which the project is located for approval thereof. The application shall be accompanied by a redevelopment plan, a statement of the method proposed for financing the project, and the written opinion of the planning agency, if there is one. Before approving any redevelopment plan, the governing body shall hold a public hearing thereon after published notice in a newspaper of general circulation in the municipality at least once not less than ten days nor more than 30 days prior to the date of hearing.

Subd. 2. **Findings, notice, determination; governing body.** The authority shall not proceed with the project unless the governing body finds by resolution that (1) the land in the project area would not be made available for redevelopment without the financial aid to be sought; (2) the redevelopment plans for the redevelopment areas in the locality will afford maximum opportunity, consistent with the sound needs of the locality as a whole, for the redevelopment of such areas by private enterprise; and (3) the redevelopment plan conforms to a general plan for the development of the locality as a whole. The governing body shall within 30 days after submission of the application, or resubmission as hereinafter provided, give written notice to the authority of its decision with respect to the project. When an authority has determined the location of a proposed redevelopment project, it may, without awaiting the approval of the governing body, proceed, by option or otherwise, to obtain control of the real property within the area, but it shall not, without the prior approval by the governing body of the redevelopment plan, unconditionally obligate itself to purchase any such property. A plan which has not been approved by the governing body when submitted to it may be again submitted to it with such modifications as are necessary to meet its objections. Once approved, the determination of the authority to undertake such project and the resolution of the governing body shall be conclusive, in any condemnation proceeding, of the public need for such project.

[1947 c 487 s 23; 1951 c 568 s 8; 1959 c 545 s 6]

462.525 DISPOSAL OF PROPERTY. Subdivision 1. **Sale, lease or development.** In accordance with a redevelopment plan, an authority may make any of its land in a redevelopment project available for use by private individuals, firms, corporations, partnerships, insurance companies, or other private interests, or by public agencies, by sale, lease, or otherwise, or the authority itself may retain property for redevelopment by it. Such land shall be made available at a price which shall take into consideration the estimated fair market or rental value of the cleared land as determined pursuant to Minnesota Statutes, Section 462.541, for proposed uses in accordance with the redevelopment plan.

Subd. 2. **Notice; public hearing; determination; terms and conditions.** Any such lease or sale may be made without public bidding but only after a public hearing, after published notice, by the authority at least once not less than ten days nor more than 30 days prior to the date of the hearing upon the proposed lease or sale and the provisions thereof. The terms of any such lease shall be fixed by the authority, and the instrument of lease may provide for renewals upon reappraisals and with rentals and other provisions adjusted to such reappraisals. Every such lease or sale shall provide that the lessee or purchaser shall carry out or cause to be carried out the approved project area redevelopment plan or approved modifications thereof and that no use shall be made of any land or real property included in the lease or sale nor any building or structure erected thereon which does not conform to such approved plan or approved modifications thereof. In the instrument, or instruments, of lease or sale the authority may include such other terms, conditions, and provisions as in its judgment will provide reasonable assurance of the priority of the obligations of the lease or sale and of conformance to the plan over any other obligations of the lessee or purchaser, and also assurance of the financial and legal ability of the lessee or purchaser to carry out and conform to the plan and the terms and conditions of the lease or sale, to begin the building of any improvements within a period of time which the authority fixes as reasonable; also, such terms, conditions and specifications concerning buildings, improvements, sub-leases, or tenancies, maintenance and management, and any other related matters as the authority may reasonably impose or approve, including provisions whereby the obligations to carry out and conform to the project area plan shall run with the land. In the event that maximum rentals to be charged to tenants of housing be specified, provision may be made for periodic reconsideration of such rental bases, with a view to proposing modification of the project area plan with respect to such rentals.

Subd. 3. **Property devoted to public uses; transfer.** After the property in a project area shall have been assembled by an authority, the authority shall have the power to transfer by deed to local public bodies those pieces of property which, in accordance with the redevelopment plan, are to be devoted to public uses, other than public housing or redevelopment purposes. Except for such property as may be transferred by dedication, gift, or exchange, the transferee body shall pay to the authority such sum as may be agreed upon, and, in the absence of agreement, as may be determined by arbitration. The authority shall reimburse the redevelopment project fund the fair use value of any property in a redevelopment project transferred to a public low-rent housing project.

Subd. 4. **Disposition in parts.** In lieu of the lease or sale of a project area as an entirety, the authority may lease or sell parts of that area separately to redevelopment companies, or other persons. Any such sale or lease of a part or parts of a project area shall be fully subject to the provisions of this section, excluding property required for public low-rent housing projects.

Subd. 5. **Limitation upon disposal by purchaser.** Until the authority certifies that all building constructions and other physical improvements specified to be done and made by the purchaser of the area have been completed, the purchaser shall have no power to convey the area, or any part thereof, without the consent of the authority, and no such consent shall be given unless the grantee or mortgagee of the purchaser obligates itself or himself by written instrument to the authority to carry out that portion of the redevelopment plan which falls within the boundaries of the conveyed property, and also that the grantee, his or its heirs, representatives, successors, and assigns, shall have no right or power to convey, lease, or let the conveyed property or any part thereof, or erect or use any building or structure erected thereon, free from the obligation and requirement to conform to the approved project area redevelopment plan or approved modifications thereof.

Subd. 6. **Modification of plan.** A redevelopment plan may be modified at any time before or after the lease or sale of the project area or parts thereof, provided the modification shall be adopted by the authority and the governing body of the political subdivision in which the project is located, upon such notice and after such public hearing as is required for the original adoption of the redevelopment plan: Provided, however, that where the authority determines the necessity of changes in an approved redevelopment plan or approved modification thereof, which changes do not alter or affect the exterior boundaries, or do not substantially alter or affect

the general land uses established in such plan, such changes shall not constitute a modification of the redevelopment plan nor require approval by the governing body of the political subdivision in which the project is located.

Subd. 7. Purchaser or lessee to furnish performance bond. As security for its fulfillment of the agreement with the authority, a purchaser or lessee shall furnish a performance bond, with such surety and in such form and amount as the authority may approve, or make such other guaranty as the authority may deem necessary in the public interest. If the authority finds that the redevelopment is not being carried out or maintained in accordance with the contract terms and conditions, or there is a failure to prosecute the work with such diligence, or to assume its completion on time, it shall notify the purchaser or lessee and the surety in writing of the noncompliance. Unless the purchaser or lessee complies with the terms of agreement within 20 days from the date of such notice, the authority may take over the work and may cause such work to be done, and the cost of the work shall be paid by the surety. The authority may take possession of and utilize in completion of the work such materials, appliances, and plant as may be on the site of the work and necessary therefor.

Subd. 8. Discrimination forbidden. There shall be no discrimination in the use of any land in a redevelopment project because of race or religious, political, or other affiliations.

462.53 [Repealed, 1947 c 487 s 61]

462.531 TEMPORARY RELOCATION OF DISPLACED FAMILIES. Prior to approval by the authority of any redevelopment plan, it shall be satisfied that there is a feasible method for the temporary relocation of families to be displaced from the project area, and that there are available or will be provided, in the project area or in other areas not less desirable in regard to public utilities and public and commercial facilities and at rents or prices within the financial means of the families displaced from the project area, decent, safe, and sanitary dwellings equal in number to the number of such displaced families.

[1947 c 487 s 25]

462.535 PROVISIONAL ACCEPTANCE BY AUTHORITY OF FUND OR PROPERTY. As an aid in the acquisition of the real property of a project area, the authority may accept a fund, or, at an agreed value, any parcel or property within such area, from any redevelopment company or partnership or individual, subject to a provision that, in the event the supplier of any such fund or the conveyor of such property shall become the purchaser of the project area or any part thereof, such fund or the agreed value of such property shall be credited on the purchase price of such area or part thereof, and, if there be an excess above the cost of acquisition of the area, such excess shall be returned, and that, in the event that such supplier or conveyor does not become the purchaser of such area or any part thereof, the amount of the fund or the agreed value of such property, as the case may be, shall be paid to such supplier or conveyor.

[1947 c 487 s 26]

462.54 [Repealed, 1947 c 487 s 61]

462.541 USE VALUE. Subdivision 1. **Determination.** The authority prior to lease or sale of land in a project area, shall, as an aid to it in determining the rentals and other terms upon which it will lease or the price at which it will sell the area or parts thereof, place an estimated fair market or rental value upon each piece or tract of land within the area which, in accordance with the plan, is to be used for private uses or for low-rent housing, such value to be based on the planned use; and, for the purpose of this valuation, it may in its discretion cause a fair market appraisal to be made by two or more land value experts employed by it for the purpose, or it may use the land appraisal services of the municipality; but nothing contained in this section shall be construed as requiring the authority to base its rentals or selling prices upon any such appraisal. The authority may from time to time redetermine its estimated values both prior to and after receipt by it of any proposal or proposals to purchase or lease property.

Subd. 2. Use value. The aggregate use value placed for purposes of lease or sale upon all land within a particular project area leased or sold by an authority

pursuant to sections 462.415 to 462.711 shall exclude the cost of old buildings destroyed and the demolition and clearance thereof.

[1947 c 487 s 27; 1949 c 505 s 9; 1959 c 545 s 10]

462.545 PUBLIC REDEVELOPMENT COST; PROCEEDS; FINANCING.

Subdivision 1. Financing plans authorized. The cost of a redevelopment project, including administrative expense of the authority allocable to the project and debt charges, shall be known as the public redevelopment cost. The proceeds from the sale or lease of property in a redevelopment area shall be known as the capital proceeds. Since it is the purpose of this act that authorities will sell or lease or retain the land in the redevelopment area, in whole or in part, for a variety of purposes, including private housing for upper or middle-income groups, public housing for low-income groups, commercial and other purposes, at its fair use value, which may be less than the public redevelopment cost, the capital proceeds from land sold may pay back only a portion of the public redevelopment cost. For the purpose of carrying out the provisions of sections 462.515 to 462.545, including the defrayment of the differences between the public redevelopment cost and the capital proceeds, which includes the difference between any annual debt service and the annual administrative expenses of the authority allocable to the project and any annual capital proceeds, an authority may, in its discretion, finance such redevelopment projects in any one, or by any combination of, the following methods, which are also dealt with in sections 462.415 to 462.711.

Subd. 2. Federal grants. The authority may accept grants or other financial assistance from the federal government as provided in sections 462.415 to 462.711. Before resorting to other financial methods authorized by this section the authority shall make full utilization of all such federal funds for which the project qualifies.

Subd. 3. Bond issue. An authority may issue its bonds or other obligations as provided in sections 462.415 to 462.711; provided, however, that none of the proceeds of such bonds for redevelopment projects and no proceeds or revenues from any redevelopment project shall be used to pay the bonds or costs of or make contributions or loans to any low-rent housing project.

Subd. 4. Revenue pool; use. The authority may in its discretion provide that all revenues received from its redevelopment areas be placed in a pool for the payment of interest and principal on all bonds issued for any redevelopment project, and the revenue from all such areas shall be paid into the pool until all outstanding bonds have been fully paid.

Subd. 5. Special benefit tax fund. In the event the authority shall issue bonds or other obligations to finance a redevelopment project, the authority may, in its discretion, with the consent of the governing body obtained at the time of the approval of the redevelopment plan as required in section 462.521, notify the county treasurer to set aside in a special fund, for the retirement of such bonds and interest thereon, all or part of the real estate tax revenues derived from the real property in the redevelopment area which is in excess of the tax revenue derived therefrom in the tax year immediately preceding the acquisition of such property by the authority, and it shall be the duty of the county treasurer so to do. Such setting aside of funds shall continue until the bonds or other obligations have been retired.

Subd. 6. Operation area as taxing district, special tax. All of the territory included within the area of operation of any authority shall constitute a taxing district for the purpose of levying and collecting special benefit taxes for redevelopment purposes as provided in this subdivision. All of the taxable property, both real and personal, within that taxing district shall be deemed to be benefited by redevelopment projects to the extent of the special taxes levied under the provisions hereof. Subject to the consent by resolution, of the governing body of the municipality in and for which it was created, an authority is authorized to levy in each year a special tax upon all property, both real and personal, within that taxing district. The authority shall cause the tax so levied each year to be certified to the auditor of the county in which the taxing district is located on or before October 10 in each year. Such tax so levied and certified shall be extended, spread, and included with and as a part of the general taxes for state, county, and municipal purposes, by the county auditor, to be collected and enforced therewith, together with the penalty, interest, and costs, and as such tax (including any penalties, interest, and costs) is collected by the county treasurer it shall be accumulated and kept in a separate fund to be known as the "Redevelopment Project Fund" and

shall be turned over to the authority at the same time and in the same manner that the tax collections for the municipality are turned over to the municipality, and shall be expended and applied for the purpose of the redevelopment provisions of sections 462.411 to 462.711, and for no other purpose whatsoever. It shall be paid out upon vouchers signed by the chairman of the authority or his duly authorized representative. The amount of such special tax levy shall be an amount approved by the governing body of the municipality, but shall not exceed ten cents on each \$100 of taxable valuation in the area of operation, except in cities of the first class having a population of less than 200,000, the special tax levy shall not exceed five cents on each \$100 of taxable valuation in the area of operation. The authority is authorized to levy in the manner specified in this subdivision 6 an additional levy, not to exceed one cent on each \$100 of taxable valuation in the area of operation, said levy to be used to defray costs of providing informational service and relocation assistance as set forth in section 462.445, subdivision 4. The authority shall each year formulate and file a budget in accordance with the budget procedure of the municipality in the same manner as required of executive departments of the municipality or, if no budgets are required to be filed, on or before August first, and the amount of the tax levy for the following year shall be based on that budget and shall be approved by the governing body.

Subd. 7. Inactive authorities; transfer of funds; dissolution. The authority is hereby authorized to transfer to the municipality in and for which it was created all property, assets, cash or other funds held or used by the authority which were derived from the special benefit tax for redevelopment levied pursuant to subdivision 6 and levied prior to March 6, 1953, whenever collected, provided, however, that upon any such transfer an authority shall not thereafter levy said tax or exercise the redevelopment powers of this subdivision. All cash or other funds transferred to the municipality shall be used exclusively for permanent improvements in the municipality or the retirement of debts or bonds incurred for permanent improvements in the municipality. An authority heretofore established which transfers its property, assets, cash or other funds derived from said special benefit tax for redevelopment and which has not entered into a contract with the federal government or any agency or instrumentality thereof with respect to any low rent public housing project prior to March 6, 1953, shall be dissolved as herein provided. After a public hearing after ten days published notice thereof in a newspaper of general circulation in the municipality, the governing body of a municipality in and for which an authority has been created may dissolve the authority if the authority has not entered into any contract with the federal government or any agency or instrumentality thereof for a loan or a grant with respect to any urban redevelopment or low rent public housing project. The resolution or ordinance dissolving the authority shall be published in the same manner in which ordinances are published in the municipality and the authority shall be dissolved when the resolution or ordinance becomes finally effective. The clerk of the governing body of the municipality shall furnish to the state housing commission a certified copy of the resolution or ordinance of the governing body dissolving the authority. All property, records, assets, cash or other funds held or used by an authority shall be transferred to and become the property of the municipality and cash or other funds shall be used as herein provided. Upon dissolution of an authority all rights of an authority against any person, firm or corporation shall accrue to and be enforced by the municipality.

462.55 [Repealed, 1947 c 487 s 61]

462.551 BOND ISSUE FOR CORPORATE PURPOSES. An authority shall have power to issue bonds for any of its corporate purposes. Such bonds may be such type as it determines, including, but not limited to, bonds on which the principal and interest are payable exclusively from the income and revenues of the project financed with the proceeds of such bonds, or exclusively from the income and revenues of certain designated projects, whether or not they are financed in whole or in part with the proceeds of such bonds. Any such bonds may be additionally secured by a pledge of any grant or contributions from the federal government or other source, or a pledge of any income or revenues of the authority, from the project for which the proceeds of the bonds are to be used, or a mortgage of any project, projects, or other property of the authority. No proceeds of bonds

issued for or revenue authorized for or derived from any redevelopment project or area shall be used to pay the bonds or costs of, or make contributions or loans to, any public housing project. Further, the proceeds of bonds issued for or revenues authorized for or derived from any one public housing project shall not be used to pay the bonds or costs of, or make contributions or loans to any other public housing project until the bonds and costs of the public housing project for which those bonds were issued or from which those revenues were derived or for which they were authorized shall be fully paid. Neither the commissioners of an authority nor any person executing the bonds shall be liable personally on the bonds by reason of the issuance thereof. The bonds and other obligations of an authority (and such bonds and obligations shall so state on their face) shall not be a debt of the municipality, the state or any political subdivision thereof, and neither the municipality nor the state or any political subdivision thereof shall be liable thereon, nor in any event shall such bonds or obligations be payable out of any funds or properties other than those of said authority. The bonds shall not constitute an indebtedness within the meaning of any constitutional or statutory debt limitation or restriction. Bonds of an authority are declared to be issued for an essential public and governmental purpose and to be public instrumentalities and, together with interest thereon and income therefrom, shall be exempt from taxes. The provisions of this act exempting from taxation authorities, their properties and their bonds and interest thereon and income therefrom, shall be considered additional security for the repayment of bonds and shall constitute, by virtue of this act and without the necessity of the same being restated in said bonds, a contract between the bondholders and each and every one thereof, including all transferees of said bonds from time to time on the one hand and the respective authorities issuing said bonds and the state on the other. An authority may by covenant confer upon the holder of such bonds such rights and remedies as it deems necessary or advisable, including but not limited to the right in the event of default to have a receiver appointed to take possession of and operate the project; provided, however, that when the obligations issued by an authority to assist in financing the development of a project have been retired and federal contributions have been discontinued, then the exemptions from taxes and special assessments for that project shall terminate.

[1947 c 487 s 29]

462.555 MANNER OF BOND ISSUANCE; SALE. Bonds of an authority shall be authorized by its resolution and may be issued in one or more series and shall bear such date or dates, mature at such time or times, bear interest at such rate or rates, not exceeding six percent per annum, be in such denomination or denominations, be in such form either coupon or registered, carry such conversion or registration privileges, have such rank or priority, be executed in such manner, be payable in such medium of payment at such place or places, and be subject to such terms of redemption (with or without premium) as such resolution, its trust indenture or mortgage may provide. The bonds may be sold at public or private sale at not less than par. Any provision of any law to the contrary notwithstanding, any bonds issued pursuant to sections 462.415 to 462.711 shall be fully negotiable. In any suit, action, or proceedings involving the validity or enforceability of any bonds of an authority or the security therefor, any such bond reciting in substance that it has been issued by the authority to aid in financing a project, as herein defined, shall be conclusively deemed to have been issued for such purpose, and such project shall be conclusively deemed to have been planned, located, and carried out in accordance with the purposes and provisions of sections 462.415 to 462.711.

[1947 c 487 s 30]

462.56 [Repealed, 1947 c 487 s 61]

462.561 ENFORCEMENT BY OBLIGEE OF PROVISIONS AND COVENANTS IN CONTRACTS. An obligee of an authority shall have the right, in addition to all other rights which may be conferred on such obligee, subject only to any contractual restrictions binding upon such obligee; (1) by mandamus, suit, action, or proceeding at law or in equity to compel said authority and the commissioners, officers, agents, or employees thereof to perform each and every term, provision, and covenant contained in any contract of said authority with or for the benefit of such obligee and to require the carrying out of any or all such covenants and agreements of said authority and the fulfillment of all duties imposed upon said authority by sections 462.415 to 462.711; and (b) by suit, action, or proceeding in

equity to enjoin any acts or things which may be unlawful or the violation of any of the rights of such obligee of said authority.

[1947 c 487 s 31]

462.565 BONDS, A LEGAL INVESTMENT. When bonds issued by an authority or bonds issued by any public housing authority or agency in the United States are secured by a pledge of annual contributions to be paid by the United States government or any agency thereof, all banks, bankers, trust companies, savings banks and institutions, investment companies, savings, building and loan associations, insurance companies, insurance associations, and other persons carrying on a banking or insurance business may legally invest any sinking funds, moneys, or other funds belonging to them or within their control in such bonds, and such bonds shall be authorized security for all public deposits.

[1947 c 487 s 32]

462.57 [Repealed, 1947 c 487 s 61]

462.571 EXEMPTION FROM PROCESS. All real property of an authority shall be exempt from levy and sale under execution, and no execution or other judicial process shall issue against such property, nor shall any judgment against an authority be a charge or lien against its real property, but judgments may be enforced as provided in section 462.455. The provisions of this section shall not apply to or limit the right of obligees to foreclose or otherwise enforce any mortgage of an authority or the right of obligees to pursue any remedies for the enforcement of any pledge or lien given by an authority on its rents, fees, or revenues, or the right of the federal government to pursue any remedies conferred upon it pursuant to the provisions of sections 462.415 to 462.711.

[1947 c 487 s 33]

462.575 TAX STATUS. Subdivision 1. **Declaration, essential public and governmental purposes.** The property of an authority is declared to be public property used for essential public and governmental purposes, and such property and the authority shall be exempt from all taxes and special assessments of the city, the county, the state or any political subdivision thereof. "Taxes" does not include charges for utilities and special services, such as heat, water, electricity, gas, sewage disposal, or garbage removal, provided, however, that, when the obligations issued by an authority to assist in financing the development of a project have been retired and federal contributions have been discontinued, then the exemptions from taxes and special assessments for that project shall terminate.

Subd. 2. **Leased property, exception.** Notwithstanding the provisions of subdivision 1, any property which the authority leases to private individuals or corporations for development in connection with a redevelopment project shall have the same tax status as if such leased property were owned by such private individuals or corporations.

Subd. 3. **Statement filed with assessor; percentage tax on rentals.** Further, notwithstanding the provisions of subdivision 1, with respect to any housing project of the authority carried on pursuant to the provisions of Article IV, the authority shall, after that project has become occupied, either in whole or in part, file with the proper assessor, on or before May 1 of each year, a statement of the aggregate shelter rentals of that project collected during the preceding calendar year; and, unless a greater amount has been agreed upon between the authority and the municipality in and for which the authority was created, five percent of such aggregate shelter rentals shall be charged to the authority and collected from it as a service charge for the services and facilities to be furnished with respect to that project, in the manner provided by law for the assessment and collection of taxes, and the amount so collected shall be distributed to the several taxing bodies in such proportions that each will receive therefrom the same proportion as the tax rate of each bears to the total rate of those taxing bodies that would be levied against the project if it were not exempt from taxation. A municipality in and for which an authority has been created may agree with the authority, with respect to any housing projects, either separately or jointly or one or more of them, for the payment of a service charge in an amount greater than five percent of the aggregate annual shelter rentals of any project, upon the basis of shelter rentals or upon such other basis as may be agreed upon, but not exceeding the amount which would be payable in taxes thereon were the property not exempt, and, if such an agreement is made the amount so agreed upon shall be collected and distributed in the manner above provided. If such project or projects have become

occupied, or if the land upon which such project or projects are to be constructed has been acquired, the agreement shall specify definitely the location of the project or projects for which the agreement is made. Shelter rental means the total rentals of a housing project exclusive of any charge for utilities and special services such as heat, water, electricity, gas, sewage disposal, or garbage removal. The records of each housing project shall be open to inspection by the proper assessing officer. [1947 c 487 s 34; 1951 c 568 s 9]

462.58 [Repealed, 1947 c 487 s 61]

462.581 MUNICIPALITY, POWERS AS TO PROJECTS. For the purpose of aiding and cooperating in the planning, undertaking, construction, or operation of housing and redevelopment projects of housing authorities located within the area in which an authority is authorized to act, any state public body may upon such terms, with or without consideration, as it may determine:

(1) Dedicate, sell, convey, or lease any of its interests in any property, or grant easements, licenses, or any other rights or privileges therein to an authority. Except in cities of the first class having a population of less than 200,000, the public body may pay the bonds of or make loans or contributions for redevelopment projects, and the receipt or expenditure of any moneys expended hereunder by such state public body shall not be included within the definition of any limitation imposed on per capita taxing or spending in the charter of such state public body; provided that no state public body may use any revenues or money of that state public body to pay the bonds of or make any loans or contributions to any public housing project; except that,

(i) This proviso shall not be applicable to any public low-rent housing project for which financial assistance is provided by the federal government or any agency or instrumentality thereof which requires a municipality or other local public body to use its revenues or money for a direct loan or grant to such project as a condition for federal financial assistance where such local financial assistance for such project is authorized by a vote of the people on a referendum on the question conducted in accordance with referendum requirements of section 462.465, subdivision 2.

(2) Cause parks, playgrounds, recreational, community, education, water, sewer or drainage facilities, or any other works which it is otherwise empowered to undertake, to be furnished adjacent to or in connection with such projects;

(3) Approve (through its governing body or through an agency designated by it for the purpose) redevelopment plans, plan or replan, zone or rezone its parks; in the case of a city or town, make changes in its map; the governing body of any municipality may waive any building code requirements in connection with the development of projects;

(4) Cause services to be furnished to the authority of the character which it is otherwise empowered to furnish;

(5) Enter into agreements with respect to the exercise by it of its powers relating to the repair, closing, or demolition of unsafe, unsanitary or unfit buildings;

(6) Do any and all things necessary or convenient to aid and cooperate in the planning, undertaking, construction, or operation of such projects;

(7) Incur the entire expense of any public improvements made by it in exercising the powers granted in sections 462.415 to 462.711; and

(8) Enter into agreements (which may extend over any period, notwithstanding any provision or rule of law to the contrary) with an authority respecting action to be taken by the state public body pursuant to any of the powers granted by sections 462.415 to 462.711.

The bonds so issued and secured and the mortgage or trust indenture relating thereto may create a first or senior lien and a second or junior lien upon the real property embraced in any project; provided, however, that the total mortgage liens shall not exceed 80 percent of the estimated cost prior to the completion of the project, or 80 percent of the appraised value or actual cost, but in no event in excess of 80 percent of the actual cost after that completion, as certified by the state housing commission; and provided further that, where there are first and second mortgage liens upon the property embraced in a project, only the first or senior lien thereon shall be deemed a security in which such officers, bodies, corporations, associations, and fiduciaries may invest the funds within their control. The total actual final cost shall be deemed to be an amount equal to the actual cost plus an allowance for working capital. Such an allowance for working capital shall not exceed an amount equal to five percent of the estimated cost, or of the total actual final cost of the project if that shall be greater than the estimated cost;

(3) Enter into contracts for the payment of salaries to officers or employees, except subject to the approval of the state housing commission, or for the construction or for the substantial repair, improvement, or operation of a project, except subject to the approval of the authority within the area of operation of which the project is located.

(1) Height and bulk of structures, density of population and percentage of land coverage by structures as to their conformity with the purposes of this act and with the master plan, if any; and the relationship of the density of population contemplated by the plan, or plan of the project, to the distribution of the population of the municipality in other areas or parts thereof; and

(2) Provision, if any, for business or commercial facilities appurtenant to the plan or project, relationship to existing and planned public facilities, adequacy and planned rearrangement of street facilities and provisions for light, air, cultural and recreational facilities as to their conformity with the purposes of sections 462.415 to 462.711 and their adequacy for accommodation of the density of population contemplated by the plan, or plan of the project.

Subd. 2. **Approval of plans.** Every such plan shall be submitted to the authority in the area of operation of which the proposed project is to be located, and that authority shall then proceed as provided by section 462.515, subdivision 1.

Subd. 3. **Contract between authority and company.** Upon approval thereof by the authority, the plan, or plan of a project, with a proposed form of contract between the authority and the company or, when all stock, debentures, and mortgage bonds of the company are owned or are to be owned by one or more insurance companies, between the authority, redevelopment company, and the insurance company or companies, shall be submitted by the authority, with a certificate of its

approval, to the local governing body of the municipality in which the project is to be located, for its approval as to conformity with the provisions and purposes of this act, the amount and nature of the property to be acquired for the redevelopment company by the authority, and the terms and conditions of payment therefor by the redevelopment company, the amount of publicly owned land or facilities to be sold to the redevelopment company or exchanged for redevelopment company owned lands, and the availability of other suitable dwelling accommodations for families living in the area or part thereof to be affected by the plan, or plan of the project, and for a determination of the extent of the tax exemption to be granted pursuant to section 462.651, if any. The governing body may not grant its approval unless it makes the findings required by section 462.521, subdivision 2.

Subd. 4. Dedication for public purposes. As part of an approved project, the local governing body may require a redevelopment company to dedicate to the municipality, or any agency thereof, in the manner provided by law, specified portions of the land in a project for parks, streets, public recreational and other public purposes.

Subd. 5. Rent regulations. The contract shall regulate the rents to be charged for any property in the project during the period of any tax exemption and may contain such other provisions, not inconsistent with sections 462.415 to 462.711, as may be deemed necessary or desirable for the financing, construction, operation, and supervision of the project.

Subd. 6. Approval of plan; resolution. Subdivision 1. **General taxes.** The governing body of a municipality in which any project of a redevelopment company is located may, by ordinance or resolution, exempt from all local taxes so much of the value of the property included in that project as represents an increase over the assessed valuation of the property, both land and improvements, acquired for the project at the time of its original acquisition for redevelopment purposes. Should such a governing body grant such a tax exemption, the project shall, to the extent of the municipal exemption and during the period thereof, be exempt from any and all state, county, and school district taxes. The tax exemption specified herein shall not operate for a period of more than 25 years, commencing in each instance from the date on which the benefits of such exemption first become available and effective. There shall be no exemption from payment of special assessments or from the payment of inspection, supervision, and auditing fees of the state housing commission or the authority.

Bonds and mortgages and the income debenture certificates of all redevelopment companies are declared to be instrumentalities of the state, issued for public purposes, and shall, together with interest thereon, be exempt from taxation. The dividends on the stock of those companies shall be exempt from taxation by the state.

Subd. 4. Payment to municipality; termination of tax exemption. A redevelopment company which has been granted and has received tax exemption pursuant to subdivision 1 may at any time elect to pay to the municipality in which any project is located the total of all accrued taxes referred to in subdivision 1 for which exemption was granted and received, together with interest at the rate of five percent per annum. 462.713 BOND PENDING LITIGATION. When any action or proceeding at law or in equity shall hereafter be commenced, drawing in question the right, power, or authority of a public corporation created and operating under Minnesota Statutes 1957, Sections 462.415 to 462.711 and Laws 1959, Chapter 545, Sections 1 to 19, to do any act or to make or perform any contract or agreement or to undertake or enter upon the discharge of any obligations or commitments under such statutes, the corporation may, if it deems that the pendency of such litigation might directly or indirectly impair its borrowing power, increase the cost of its projects, or be otherwise injurious to the public interest, move the court in which such litigation is pending, to require the party or parties who instituted the suit to give a surety bond as provided in sections 462.714 to 462.716.

[1959 c 545 s 16]

462.714 APPEARANCE OF PUBLIC CORPORATION; BOND. If the public corporation is not a party to the litigation described in section 462.713 it may appear specially for the purpose of making and being heard on such a motion. Three days' notice of hearing on the motion shall be given. If the court determines that loss or damage to the public or taxpayers may result from the pendency of the action or proceeding, the court may require the party or parties who instituted the same to give a surety bond, approved by the court or judge, in a penal sum to be determined by the court to protect against such loss or damage, whether or not a temporary injunction or restraining order against the corporation shall have been demanded or ordered. If the bond so ordered be not filed within the reasonable time allowed therefor by the court, the action or proceeding shall be dismissed with prejudice. Such bond shall be executed by the party or parties who instituted the litigation or some person for him or them as principal and conditioned for the payment to the corporation of such damage as the public and taxpayers shall sustain by reason of the litigation, if the court finally determines that the party or parties were not entitled to the relief sought. The amount of damages may be ascertained by a reference or otherwise as the court shall direct, in which case the sureties shall be concluded as to the amount but the damages shall be recoverable only in an action on the bond. If the party or parties by or for whom such bond is furnished prevails in the litigation, the premium paid on the bond shall be repaid by or taxed against the corporation. During the pendency of the litigation, the court, on motion, may require additional security if found necessary, and upon failure to furnish

the same shall dismiss the action or proceeding with prejudice. The court may likewise, on motion, reduce the amount of a bond theretofore required or release the bond upon a showing that the amount is excessive or the bond no longer required.

[1959 c 545 s 17]

462.715 ADVANCE OF LITIGATION ON CALENDAR. In any litigation as described in sections 462.713 to 462.714, wherein a bond has been required and given or the court has denied a motion to require such bond, the court shall advance the case on its calendar for trial at the earliest feasible date; and in such litigation an appeal to the supreme court from an appealable order made, or from a judgment entered in a district court may be taken after 30 days from entry of such judgment or after written notice of such order from the adverse party.

[1959 c 545 s 18]
