LOCAL PEST CONTROL

18.02 [Repealed, 1959 c 35 s 19]

18.021 **DEFINITIONS.** Subdivision 1. **Terms.** Unless the language or context clearly indicates that a different meaning is intended, the following terms shall, for the purposes of section 18.022, be given the meanings subjoined to them.

Subd. 2. **Insect pest.** "Insect pest" includes grasshoppers, cutworms, army worms, European corn borers, Japanese beetles, European elm bark beetles, native elm bark beetles, forest tent caterpillars, bee diseases, and any other insects which the commissioner may designate as dangerous to crops or the welfare of the people.

Subd. 3. **Destructive or nuisance animals.** "Destructive or nuisance animals" includes such animals as rats, gophers, mice, and other unprotected wild animals as defined in Minnesota Statutes 1961, Section 100.26, and acts amendatory thereof, which the commissioner may designate as dangerous to the welfare of the people.

Subd. 4. Diseases. The term "Diseases" refers to such dangerous plant diseases and bee diseases as the commissioner may designate as dangerous to agriculture, horticulture, and forestry.

[1935 c 29 s 9-11; 1953 c 641 s 2; 1957 c 552 s 14; 1965 c 768 s 1; 1967 c 799 s 1] (6145-24, 6145-25, 6145-26)

18.022 INSECT PESTS, PLANT DISEASES, BEE DISEASES, AND DESTRUCTIVE OR NUISANCE ANIMALS. Subdivision 1. **Control.** When recommended so to do by the commissioner of agriculture, the governing body of any county, city, village, borough, or town of this state is hereby authorized and empowered to appropriate money for the control of insect pests, plant diseases, bee diseases, or destructive or nuisance animals. Such money shall be expended according to technical and expert opinions and plans as shall be designated by the commissioner and the work shall be carried on under the direction of the commissioner.

Subd. 2. Cost. (a) In order to defray the cost of such activities, the governing body of any such political subdivision may levy a special tax of not to exceed two mills in any year in excess of charter or statutory millage limitations, but not in any event more than 50 cents per capita, and may make such a levy, where necessary, separate from the general levy and at any time of the year. (b) If, because of the prevalence of Dutch elm disease, the governing body of such a political subdivision is unable to defray the cost of control activities authorized by this section within the limits set by this subdivision, the limits set by this subdivision are increased to four mills, but not in any event more than one dollar per capita.

Subd. 3. Certificates of indebtedness. To provide funds for such activities in advance of collection of the tax levies under subdivision 2, the governing body may, at any time after the tax has been levied and certified to the county auditor for collection, issue certificates of indebtedness in anticipation of the collection and payment of such tax. The total amount of such certificates, including principal and interest, shall not exceed 90 percent of the amount of such levy and shall be payable from the proceeds of such levy and not later than two years from the date of issuance. They shall be issued on such terms and conditions as the governing body may determine and shall be sold as provided in Minnesota Statutes, Section 475.60. If the governing body determines that an emergency exists, it may make appropriations from the proceeds of such certificates for authorized purposes without complying with statutory or charter provisions requiring that expenditures be based on a prior budget authorization or other budgeting requirement.

Subd. 4. Deposit of proceeds in separate fund. The proceeds of any tax levied under subdivision 2 or of any issue of certificates of indebtedness under subdivision 3 shall be deposited in the municipal treasury in a separate fund and expended only for purposes authorized by this section. If no disbursement is made from the fund for a period of five years, any moneys remaining therein may be transferred to the general fund.

Subd. 5. Penalty. Any person who shall prevent, obstruct, or in any manner interfere with the county authorities or their agents in carrying out the provisions of subdivisions 1 to 4, or neglects to comply with the rules and regulations of the county commissioners promulgated under authority thereof, shall be guilty of a misdemeanor.

Subd. 6. Regulations, scope. The council of any city, village, or borough by ordinance and the board of county commissioners of any county and the town board of any town by resolution may adopt and enforce regulations to control and prevent the spread of plant pests and diseases. Such regulations may authorize appropriate officers and employees to enter and inspect any public or private place which might harbor plant pests, as defined in section 18.46, subdivision 13, may provide for the summary removal of diseased trees from public or private places where deemed necessary to prevent the spread of the disease, may require the owner to destroy or treat plant pests, diseased plants or other disease bearing material and in default thereof to provide for such work at the expense of the owner, which expense shall be a lien upon the property and may be collected as a special assessment as provided by section 429.101 or by charter. In this subdivision, the term private place means every place except a private home.

Subd. 7. Failure of political subdivision to act; commissioner's duties. If the governing body of a political subdivision does not appropriate money for the control of Dutch elm disease pursuant to subdivision 1, or does not adopt and enforce regulations to control and prevent the spread of Dutch elm disease pursuant to

subdivision 6, and if the commissioner determines that economic, recreational, or esthetic losses will result, the commissioner shall proceed as provided in section 18.48, subdivisions 1 and 4, to control the spread of Dutch elm disease. However, the expense of these control activities performed on land owned by a county, city, village, borough, or town is a charge upon the county, city, village, borough, or town owning the land and shall be paid by the governing body from money which it shall appropriate pursuant to subdivision 1 and, if necessary, for which it shall levy taxes pursuant to subdivision 2. The purpose of this subdivision and of the increased maximum tax levies authorized by subdivision 2, clause (b), is to protect elm trees from Dutch elm disease and thus prevent the economic, recreational, and esthetic losses which occur when elm trees are killed by Dutch elm disease.

However, such a person shall not be held liable for the actions of the chemical when applied in accordance with the recommendations of the manufacturer or commissioner.

Such appointment shall be for full time employment, or for a period of time mutually agreeable to the board of county commissioners and the commissioner of agriculture. The resolution appointing such inspectors shall fix the compensation to be paid to the person or persons so appointed. The resolution shall also provide for manner of reimbursement for necessary traveling expenses in addition thereto.

Subd. 2. **Board members as inspectors, assistants, compensation.** The members of the several town boards of the county shall act as local weed inspectors within their respective towns, throughout the year, in accordance with the provisions of sections 18.181 to 18.271, 18.281 to 18.311, and 18.321 to 18.322 relative to local weed inspectors.

Such appointment may be for full time or part time. Notice of such appointment, together with a statement of the time for which appointment is made, shall be delivered to the commissioner within ten days after the date the appointment was made.

Subd. 4. **Expense, how paid.** Failure on the part of any municipality or town to include the item of weed inspection in the annual budget is no excuse and shall

not justify the non-payment of any charges or expenses incurred by inspectors, as provided in sections 18.181 to 18.271, 18.281 to 18.311, and 18.321 to 18.322, which charges or expenses shall be audited and paid as other obligations of such municipality or town are paid. Subdivision 1. **Examination of land; notice to eradicate.** It shall be the duty of each local weed inspector to examine all lands, highways, roads, alleys, and public ground in the territory over which his jurisdiction extends, for the purpose of ascertaining if the provisions of sections 18.181 to 18.271, 18.281 to 18.311, and 18.321 to 18.322 and the regulations of the commissioner have been complied with, and if he finds that such is not the case he shall cause to be given forthwith a notice, in writing, on a form to be prescribed by the commissioner, to the proper public officer or to the owner or occupant, or to the agent of any owner of nonresident lands within the municipality whereon noxious weeds are standing, being, or growing and in danger of going to seed or otherwise spreading, requiring him to cause the same to be cut down, otherwise destroyed or eradicated on the lands, in such manner and within the time or times specified in the notice. He shall also attend, when required, such conferences called by the commissioner for the purpose of receiving instructions and for a full and free discussion of sections 18.181 to 18.271, 18.281 to 18.311, and 18.321 to 18.322 and their administration.

Subd. 2. **Regulations regarding transportation.** Except as provided in section 21.74, when any person desires to transport along a public highway materials containing seeds or other propagating parts of leafy spurge, horse nettle, Austrian field cress, field bindweed, perennial pepper grass, wild radish, sow thistle, Canada thistle, hoary alyssum, or any other noxious weed designated by the commissioner, he shall secure from a local or state weed inspector, or county agricultural inspector, a written permit for the transportation of such material. All duly constituted weed inspectors may issue such permits to persons residing or operating within their respective weed jurisdictions to regulate the transportation of such material and to require proper treatment, cleaning, sterilization or destruction of any such material which has been or is about to be transported or deposited to prevent the growing or scattering of any weed seeds or other propagating parts contained therein. Copies of all permits issued under this section shall be immediately sent to the commissioner.

Except as provided in section 21.74, no grain seed, screenings, hay forage, straw, soil, gravel, sand, or refuse and other materials containing seeds and other propagating parts of leafy spurge, horse nettle, Austrian field cress, field bindweed, perennial pepper grass, wild radish, sow thistle, Canada thistle, hoary alyssum or any other noxious weeds designated by the commissioner shall be transported upon any public highway unless it be in sacks, bales, boxes or other containers sufficiently tight and closed or covered with canvas or otherwise to prevent seeds and other propagating parts of such weeds from blowing or scattering along the highway or on other lands or water.

Scattering and dumping on land or in water of grain, seed, and screenings containing seeds and other propagating parts of noxious weeds in excess of legal limits of weed seeds per pound in agricultural seed, and of soil, gravel, rubbish, trash, and other materials containing seeds or other propagating parts of noxious weeds in harmful amounts as determined by regulation of the commissioner is prohibited unless such material is processed, treated, or buried sufficiently deep to destroy viable seeds and other propagating parts which they contain down to the limits provided by this section.

Subd. 3. **Tax-forfeited, tax exempt or Indian reservation lands.** If the officials

or persons in charge of tax exempt, tax forfeited lands or Indian reservation lands fail to cut down, otherwise destroy or eradicate these noxious weeds in the manner prescribed in sections 18.181 to 18.271, 18.281 to 18.311, and 18.321 to 18.322 or in any notice served, within the designated number of days after service thereof, the commissioner shall forthwith proceed to cause them to be cut down, otherwise destroyed or eradicated, as directed or approved by the commissioner, and the expense thus incurred shall be a just charge against funds provided for this purpose and upon presentation of an itemized account of the same, payment shall be made by the public officials in charge of such funds.

County commissioners boards shall provide funds and adequate equipment and materials and labor necessary for adequate control and eradication of weeds on county highways and property and to assist and facilitate county agricultural inspectors and local weed inspectors in the county in weed inspection and control and enforcement of the weed laws. They may cooperate with the state, towns, municipalities, and private property owners and provide such county funds, equipment, materials, labor and facilities for weed inspection, control and eradication with or without reimbursement from the public agency or private property benefited. Towns and municipalities may by vote of their electors or governing boards provide for weed control necessary funds, equipment, materials and labor and arrange for their use on public or private property within their limits with or without reimbursement from the property benefited.

18.251 WEEDS; CUTTING IN GROWING CROPS. When any local weed inspector or county agricultural inspector deems it necessary, to prevent the spread of noxious weeds within his jurisdiction, to cut down, otherwise destroy or eradicate a growing crop, or any part thereof, before proceeding to do so, he shall notify, in writing, on a form prescribed by the commissioner, the mayor or the president of the village or borough council or a county commissioner, as the case may be, to inspect the crop. If on the inspection it is the opinion of the officer making the same that the weeds, together with the crop or portion thereof, should be cut down, otherwise destroyed or eradicated, such cutting or destroying shall be immediately performed under the direction of the local weed inspector or by his authority or under the direction of the county agricultural inspector. If the officer making the inspection is of the opinion that these weeds, together with the crop or portion thereof, should not be cut down, otherwise destroyed or eradicated, the matter in issue shall be reported to and determined by the commissioner or by his agents, whose decision thereon shall be final, except insofar as the same may be reviewed under the existing laws in courts, and thereupon if so determined the local weed inspector or county agricultural inspector shall immediately cause the weeds together with the crop or a portion thereof, to be cut down, otherwise destroyed or eradicated. No action or claim for damages shall be allowed or shall be sustainable against anyone in respect thereto. Notwithstanding anything contained herein, the local weed inspector or county agricultural inspector may cut down, otherwise destroy or eradicate these weeds, together with the crop, on areas not exceeding three acres in the aggregate in any one field or crop of 40 acres or less, other than permanent pasture or meadow, without any notification or application to the mayor, village or borough president or county commissioner. After being notified by the local weed inspector or the county agricultural inspector to inspect a crop, if the mayor, the county commissioner, the village or borough president, fails to make such inspection and to report to the local weed inspector within seven days after the receipt of a notice to inspect the crop, the local weed inspector or county agricultural inspector may thereupon proceed to cut down, otherwise destroy or eradicate such weeds, together with the crop, to the same extent as though the officer notified had made an inspection and reported in the affirmative.

18.271 DESTROYING WEEDS; NOTICES; EXPENSES. Subdivision 1. **Notice to eradicate.** Notices for control and eradication of noxious weeds shall consist of two kinds: general notices and individual notices, of a form prescribed by the commissioner. General notice shall be published by each local weed and seed inspector of township, municipality or county, in one or more legal newspapers of general circulation throughout the area over which the weed inspector has jurisdiction, on or before June 15th of each year, and at such other time as the commissioner may direct or the local weed inspectors may determine. Failure of weed inspectors to publish general weed notices or to serve individual notices herein provided does not relieve any person from the necessity of full compliance with any or all provisions of this chapter and regulations thereunder. In all cases said published notice shall be deemed legal and sufficient notice.

Subd. 2. **Service.** Whenever a local weed inspector finds it necessary to secure more prompt or definite control or eradication of noxious weeds in certain special or individual instances, involving one or a limited number of persons than is accomplished by the general published notices, he shall cause to be served individual notices in writing upon the owner or occupant, giving specific instructions and methods when and how certain named weeds are to be controlled or eradicated. Such methods of control may include definite systems of tillage, cropping, management and use of livestock. All individual notices provided for herein shall be served in the same manner as a summons in a civil action in the district court or by certified mail. Service on persons living temporarily or permanently outside of the local weed inspectors' jurisdiction whose property is vacant or unoccupied may be made by sending the notice by certified mail to the last known address of such person, to be ascertained, if necessary, from the last tax list in the county treasurer's office.

Subd. 3. **Destruction by inspector, expense, payment.** When any person, in compliance with a notice served on him, or with the provisions of this chapter, fails to cut down, otherwise destroy or eradicate any noxious weeds or any crop in which such weeds are intermingled or growing, within the time and in such manner as the weed inspector may designate, or as otherwise provided herein, the local weed inspector having jurisdiction, or if there is no local weed inspector, the county agricultural inspector or the commissioner, shall cause the same to be cut down, otherwise destroyed or eradicated at the expense of the county in which the land affected is situated, and claim for such expense of serving of notices, together with the cost of cutting down, otherwise destroying or eradicating the noxious weeds, is hereby made a legal charge against the county in which the lands are located. After such cutting down, otherwise destroying or eradicating of noxious weeds, the officer causing the same to be done shall file verified and itemized statements of the costs of all services rendered in connection with serving of notices and cutting down, otherwise destroying or eradicating the noxious weeds on each separate tract or lot of land, with the county auditor in which such lands are located, who shall immediately issue proper warrants to the persons named therein for the amount specified. The amount of such expenses is a lien in favor of the county against the land involved and shall be certified to by the county auditor, and entered by him on his tax books as a tax upon such land, and shall be collected as other real estate taxes are collected. The amount of such expenses, when collected shall be used to reimburse the county for its expenditure in this regard.

[1959 c 35 s 4]

18.48 AUTHORITY. Subdivision 1. **Entry and inspection.** The commissioner or his employees may enter and inspect any public and private place which might harbor plant pests and may require that the owner destroy or treat plant pests, plants or other material. Should the owner fail to properly comply with a directive of the commissioner or his employee within a given period of time, the commissioner may have any necessary work done at the owner's expense. If the owner does not reimburse the commissioner for such expense within a time period to be specified by the commissioner, the expense is a charge upon the county as provided in subdivision 4 of this section. If a dangerous plant pest infestation or infection threatens plants of any area within the state, the commissioner or his employees shall have the power to take any measures necessary to eliminate or

alleviate the danger. The commissioner has the authority to collect fees as may be required by the plant pest act. The commissioner may issue and enforce a written or printed "stop-sale" order to the owner or custodian of any nursery stock if fees required by the plant pest act are not paid. The commissioner's order shall direct that the nursery stock shall be held at a designated place until the required fees have been paid and the nursery stock is released in writing by the commissioner. However, the owner or custodian has the right to appeal from such order to a court of competent jurisdiction in the county or city where the nursery stock is found, praying for a judgment as to the justification of the order, and for the discharge of the nursery stock from the order prohibiting the sale in accordance with the findings of the court. The provisions of this section shall not be construed as limiting the right of the enforcement officer to proceed as authorized by other provisions of the plant pest act. The commissioner shall release the nursery stock held under any stop-sale order when the required fees have been paid and upon payment of all reasonable costs and expenses incurred in connection with such order. The commissioner or his employees may not be held liable for the deterioration of nursery stock during the period for which it is held pursuant to a stop-sale order.

Subd. 2. Rules and regulations. The commissioner may make reasonable rules and regulations, after a public hearing, in the manner provided by law, to properly carry out purposes of sections 18.44 to 18.61 and acts amendatory thereof, including but not limited to rules and regulations in regard to labeling and the maintenance of viability and vigor of nursery stock.

Subd. 3. Quarantines. The commissioner may promulgate a quarantine to restrict or prohibit the transportation of plants or other materials capable of carrying plant pests into or through any part of the state.

Subd. 4. Collection of charges for work done for owner. Should the commissioner be caused any expense in conjunction with carrying out any of the provisions of subdivision 1 for which he is not reimbursed by the owner of the land, such expense is hereby made a legal charge against the county in which the land is located. After such expense is incurred, the commissioner shall file verified and itemized statements of the cost of all service rendered with the county auditor of the county in which the land is located, who shall immediately issue proper warrants to the persons named therein, for the amount specified. The amount of such expense is a lien in favor of the county against the land involved and shall be certified to by the county auditor and entered by him on his tax books as a tax upon such lands and shall be collected as other real estate taxes are collected. The amount of such expenses, when collected, shall be used to reimburse the county in this regard.

[1959 c 35 s 5; Ex1961 c 63 s 1; 1963 c 114 s 1, 2]

18.50 THE SALE OF VIABLE NURSERY STOCK. All nursery stock and related plant products sold or offered for sale shall be in a sound, healthy condition and shall be stored and displayed under conditions which will maintain their vigor. Said stock which is dead or so seriously weakened by drying, excessive heat or cold, or any other condition that, in the judgment of the nursery inspector, it will be unable to grow with normal vigor when given reasonable care, shall not be sold or offered for sale.

[1959 c 35 s 7]

18.51 CERTIFICATE OF INSPECTION. Subdivision 1. **Certificate required.** Each person who operates as a nurseryman shall obtain a certificate of inspection from the commissioner. Said certificate shall be obtained before he offers nursery stock for sale or distribution. Each certificate shall expire on November 15 of each year.

[1959 c 35 s 8]

18.52 DEALERS' AND AGENTS' CERTIFICATES.
