235.04 OVERLOADING GRAIN CARS. Every railway company shall place painted lines inside of each of its cars used for the carriage of grain, indicating the height to which the various kinds of grain may be loaded therein, and no car shall be loaded with any kind of grain above its appropriate line. The person loading such car shall state in the bill of lading, prior to its being signed by the agent of the railway company, that the car is loaded to or below the line, and such agent, before signing the bill, shall verify the statement. The bill of lading, so signed, shall be prima facie evidence of the loading, and no charges for loading in excess of the quantity so limited shall lie against such car. No railway company that fails to equip any car as aforesaid shall collect any charges for the transportation of grain in the car above the regular tariff rates for carload lots. Every person who shall load any car above the appropriate line and every agent of any railway company who shall refuse to sign any such bill of lading shall be guilty of a misdemeanor and punished by a fine of not less than \$10 nor more than \$25.

Such carrier shall forfeit to the state for each refusal to give such receipt not less than \$10 nor more than \$50 and for each failure to deliver the proper quantity of grain not less than \$50 nor more than \$100.
