provisions of law relating to occupation taxes on the business of mining and producing iron ore; provided, the amount so appropriated shall in no event exceed five cents per ton of taconite concentrates produced by reason of which such taxes were paid. The amounts so appropriated shall be distributed among and paid to the various governmental subdivisions in which the taconite operations, by reason of which such taxes were paid, were conducted in the following proportion: 25 percent thereof to the city or town; 50 percent thereof to the school district; 25 percent thereof to the county. The amounts so appropriated shall be paid annually on or before July 15 by the commissioner of revenue, who shall make such apportionment. Any adjustments to prior years apportionments shall be reflected by the commissioner in the July 15 apportionment. If the mining and concentration of such taconite and taconite concentrates or different steps in either thereof are carried on in more than one such taxing district, the commissioner shall apportion equitably the proceeds of the part of the tax going to cities or towns among such subdivisions, and the part going to school districts among such districts, and the part going to counties among such counties, upon the basis of attributing 40 percent of the proceeds of the tax to the operation of mining or quarrying the taconite, and the remainder to the concentrating plant and to the processes of concentration, and with respect to each thereof giving due consideration to the relative extent of such operations performed in each taxing district. His order making such apportionment shall be subject to review by the tax court at the instance of any of the interested taxing districts, in the same manner as other orders of the commissioner. The amount so distributed shall be divided among the various funds of the taxing districts in the same proportion as the general ad valorem tax levy thereof. The amount distributed to any city and one-third in 1971 and that portion not deducted from state aids in section 124.212, subdivision 8, thereafter of the amount distributed to any school district under the provisions hereof shall not be included in computing the permissible levies of such city or school district under sections 275.11 or 275.125, as amended, so long as such levies are based upon a population not exceeding the population used as the basis for spreading the tax levy in the year 1956. In the event that as a result of taking any census the population basis for computing the limit of levies under such sections is increased above the population used as a basis for spreading the tax levy in the year 1956, or in the event that the basis of sections 275.11 or 275.125 is changed to a basis other than population, the amount of the tax distributed pursuant hereto shall be included in computing the permissible levies under either of said sections.")
