Subd. 3. On or before October 1 of each year, the commissioner of administration shall review the certifications of heads of each department or agency provided for in this section. He shall send written notice to all state departments, agencies and the university of Minnesota describing any lands or tracts which may be declared surplus. If a department or agency or the university of Minnesota desires custody of the lands or tracts, it shall submit a written request to the commissioner, no later than four calendar weeks after mailing of the notice, setting forth in detail its reasons for desiring to acquire, and its intended use of, the land or tract. The commissioner of administration shall then determine whether any of the lands described in the certifications of the heads of the departments or agencies should be declared surplus and offered for sale or otherwise disposed of by transferring custodial control to other requesting state departments or agencies or to the board of regents of the university of Minnesota for educational purposes, provided however that transfer to the board of regents shall not be determinative of tax exemption or immunity. If he determines that any of such lands are no longer needed for state purposes, he shall make findings of fact, describe the lands, declare such lands to be surplus state land, state the reasons for the sale or disposition thereof, and notify the state executive council of such determination.
