LINSEED OIL, PAINT, WOOD ALCOHOL

24.12 LINSEED OIL. Subdivision 1. **Definitions.** Pure linseed oil shall be defined as the oil obtained wholly from the seeds of the flax plant and containing no added ingredient. Boiled linseed oil shall be defined as pure linseed oil with so-called dryers added thereto, to an amount not exceeding three per cent of the total product. Pure linseed oil, as distinguished from boiled linseed oil, shall be known as raw linseed oil. Linseed replacement oil shall be defined as oil complying with the specifications for linseed replacement oil as provided by specifications of the United States dated May 1, 1943, approved for use of all departments and establishments of the Federal Government, and as the same may be written from time to time hereafter. If designed or offered for sale or use as either pure linseed oil, boiled linseed oil or linseed replacement oil, or as a substitute for any of them, or in imitation or any of them, any substance or preparation which is not included in the respective definitions thereof shall be deemed adulterated, and the manufacture thereof for sale within the state or the sale thereof within the state is prohibited. No person shall sell pure linseed oil, boiled linseed oil or linseed replacement oil unless each receptacle in which the same is kept for sale or sold shall have distinctly, legibly and durably painted, stamped, stenciled, or labeled thereon the true name of such oil, setting forth, in bold-faced capital letters not smaller than one inch in length, whether it be pure linseed oil, boiled linseed oil, or linseed replacement oil; and there shall also appear upon the receptacle the name and address of the manufacturer of the oil.

Subd. 2. **Limitation on sale of replacement oil.** No person shall sell in this state after October 1, 1947, linseed replacement oil as defined in this section.

Subd. 3. "Varnish" means any liquid or semi-liquid substance or mixture of substances, or any liquid or semi-liquid solution or suspension of substances intended for use as a protective or decorative or impregnating coating when spread upon a surface. The term "varnish" does not include artist's varnishes, waxes, polishes, and stains.

Subd. 10. "Adulterated" means any paint, varnish, paint oil or solvent if its strength or purity falls below the professed standards of composition under which it is sold, if any substance has been substituted wholly or in part for the article, or if any valuable constituent of the article has been wholly or in part abstracted.

Subd. 11. "Misbranded" means any paint, varnish, paint oil or solvent if: (1) its labeling bears any statement, design, or graphic representation relative to the article or its ingredients, which is false or misleading in any particular; or (2) if the label accompanying the article does not contain adequate instructions for use; or (3) if it be an imitation or offered for sale under the name of another article; or (4) if its label fails to bear the ingredient statement plainly and correctly. 24.14 [Repealed, 1961 c 231 s 11]

24.141 ILLEGAL ACTS; LABELING REQUIREMENTS. (a) It is unlawful for any person to sell, offer or expose for sale or to have in his possession with intent to sell within this state any paint, varnish, paint oil or solvent, of whatever nature, that is adulterated, misbranded, insufficiently or improperly labeled within the meaning of sections 24.135 to 24.175 or the rules or regulations adopted by the commissioner. The label shall contain the following information: (1) the name, brand or trademark of the product; (2) the name and address of the manufacturer, distributor, or the person for whom the product was manufactured; (3) the net weight or measure, as the case may be, which is contained in the package; (4) a complete ingredient statement. Whenever it is not possible or practical to use the chemical name, the commissioner may approve the use of other names or terms in the ingredient statement. Tinting colors not exceeding five percent by weight need not be declared on the label.

[1961 c 231 s 3]

24.145 INSPECTION; TESTS. For obtaining information regarding the suspected violations of law, the commissioner, his assistants, appointees, agents and employees shall have access to all places where any paint, varnish, paint oil, solvent, or other article is manufactured, sold or stored for sale, the manufacture, sale or transportation of which is restricted, regulated or prohibited by sections 24.135 to 24.175 or by any law of this state. They may inspect any package, receptacle or container found therein apparently containing any paint, varnish, paint oil, solvent, or ingredients thereof, or any other article, the manufacture, sale or transportation of which is restricted, regulated or forbidden by sections 24.135 to 24.175 or by any law of this state

and may take samples therefrom for analysis. Any person obstructing such entry or inspection or who fails upon request to furnish information requested by the commissioner, is guilty of a misdemeanor.

[1961 c 231 s 4]

24.15 [Repealed, 1961 c 231 s 11]

24.151 STOP-SALE ORDER. The commissioner shall issue and enforce a written or printed "stop-sale use or removal" order to the owner or custodian of any lot of paint, varnish, paint oil or solvent when the commissioner finds that the product is being offered or exposed for sale in violation of any of the provisions of sections 24.135 to 24.175, and his order shall direct that the product shall be held at a designated place until the provisions of sections 24.135 to 24.175 have been complied with and the product is released in writing by the commissioner. However, the owner or custodian of such paint, varnish, paint oil or solvent has the right to appeal from such order to a court of competent jurisdiction in the county or city where the product is found, praying for a judgment as to the justification of the order, and for the discharge of the product from the order prohibiting the sale in accordance with the findings of the court. The provisions of this section shall not be construed as limiting the right of the enforcement officer to proceed as authorized by other provisions of sections 24.135 to 24.175. The commissioner shall release the paint, varnish, paint oil or solvent held under any stop-sale use or removal order when the requirements of sections 24.135 to 24.175 have been complied with and upon payment of all reasonable costs and expenses incurred in connection with such order. When the commissioner issues and enforces a "stop-sale, use or removal" order against any paint, varnish, paint oil or solvent declared in violation of sections 24.135 to 24.175, in possession of any dealer or distributor, such dealer or distributor may return to the person from whom such paint, varnish, paint oil or solvent was purchased all unbroken retail containers affected by such order and such person shall reimburse the dealer or distributor for the full purchase price, including all delivery costs.

[1961 c 231 s 5]

24.155 SEIZURES. Any lot of paint, varnish, paint oil or solvent found not to be in compliance with the provisions of sections 24.135 to 24.175 shall be subject to seizure on complaint of the commissioner to a court of competent jurisdiction in the area in which said paint, varnish, paint oil or solvent is located. In the event the court finds that the paint, varnish, paint oil or solvent is in violation of the provisions of sections 24.135 to 24.175 and orders the condemnation of the product, it shall be disposed of in any manner consistent with the quality of the paint, varnish, paint oil or solvent and the laws of the state. In no instance shall the disposition of paint, varnish, paint oil or solvent be ordered by the court without first giving the claimant an opportunity to apply to the court for the release of the product or for permission to process or relabel the product to bring it into compliance with sections 24.135 to 24.175.

[1961 c 231 s 6]

24.16 [Repealed, 1961 c 231 s 11]

24.161 COMMISSIONER'S DUTIES; RULES. The commissioner shall enforce all of the provisions of sections 24.135 to 24.175, and may prescribe such rules and regulations relating to the sale and distribution of paint, varnish, paint oil or solvent as he may find necessary and proper in his judgment to best carry out the purpose of sections 24.135 to 24.175. Such rules and regulations shall be promulgated in the manner provided by law.

[1961 c 231 s 7]

24.165 CONSTITUTIONALITY; SEVERABILITY. If any section, subdivision, clause or phrase of sections 24.135 to 24.175 is for any reason held to be unconstitutional, such decision shall not affect the validity of the remaining portions of sections 24.135 to 24.175. The legislature hereby declares that it would have passed sections 24.135 to 24.175 and each section, subdivision, sentence, clause and phrase thereof, irrespective of the fact that any one or more sections, subdivisions, sentences, clauses or phrases be declared unconstitutional.

[1961 c 231 s 8]

However, evidence concerning such sale shall be furnished the commissioner upon request.

[1961 c 231 s 9]

24.175 PENALTIES. Any person convicted of violating any of the provisions of sections 24.135 to 24.175 or any regulations made thereunder is guilty of a misdemeanor.

24.25 REGISTRATION. Subdivision 1. Any person, before selling or offering for sale any antifreeze for use within this state, shall file with the commissioner an application for registration of such antifreeze, giving the following information, to-wit: (1) the name and address of the manufacturer or distributor; (2) the name and brand of each product for which registration is requested; and (3) the ingredients or component parts of antifreeze sought to be registered, excluding inhibitors when present to an extent of one per cent by weight or less.

If the application is denied, the product shall not be offered for sale in this state.

Subd. 3. Nothing contained in this section shall be construed so as to apply to any person selling or handling antifreeze which has been registered and the registration fee paid as provided for in sections 24.24 to 24.31.

Subd. 4. Each registration for which a fee of \$30 has been paid shall expire on the thirtieth day of June following its issue, and no certificate of registration shall be issued for a term longer than one year, and shall not be transferable from one person to another, or from the ownership to whom issued to another ownership. A penalty of 50 percent of the registration fee shall be imposed if certificate of registration is not applied for on or before July 1 of each year or within the same month such antifreeze is first manufactured or sold or offered for sale within this state, provided, however, that the commissioner shall have the authority to permit a retailer to sell antifreeze he has on hand which has been previously registered.

[1949 c 194 s 2; 1957 c 282 s 1,2; 1969 c 399 s 1; 1969 c 1148 s 5; 1973 c 35 s 8]

(c) The term "person" includes an individual, partnership, corporation, and association;

(d) The term "hazardous substance" means any substance except drugs and medicines or mixture of substances except drugs and medicines which is (1) toxic, (2) corrosive, (3) an irritant, (4) strong sensitizer, (5) flammable, or which (6) generates pressure through decomposition, heat, or other means, if such hazardous substance or mixture of hazardous substances may cause substantial personal injury or illness during any customary or reasonably anticipated handling or use; provided, however, the term "hazardous substance" shall not include substances stored and intended for use as fuel in a heating, cooking, or refrigeration system;

(e) The term "toxic" shall apply to any hazardous substance which has the inherent capacity to produce bodily injury to man through ingestion, inhalation, or absorption through any body surface;

(f) (1) The term "highly toxic" means any hazardous substance which falls within any of the following categories: (a) Produces death within 14 days in half or more than half of a group of ten or more laboratory white rats each weighing between 200 and 300 grams, at a single dose of 50 milligrams or less per kilogram of body weight, when orally administered; or (b) produces death within 14 days in half or more than half of a group of ten or more laboratory white rats each weighing between 200 and 300 grams, when inhaled continuously for a period of one hour or less at an atmospheric concentration of 200 parts per million by volume or less of gas, vapor, mist, or dust, provided such concentration is likely to be encountered by man when the substance is used in any reasonably foreseeable manner; or (c) produces death within 14 days in half or more than half of a group of ten or more rabbits tested in a dosage of 200 milligrams or less per kilogram of body weight, when administered by continuous contact with the bare skin for 24 hours or less.
