Subd. 2. The term "wages" means all remuneration for employment as defined herein, including the cash value of all remuneration paid in any medium other than cash, except that such term shall not include that part of such remuneration which, even if it were for "employment" within the meaning of the Federal Insurance Contributions Act, would not constitute "wages" within the meaning of that act.

Subd. 3. The term "employment" means any service performed by an employee in the employ of the state, or any political subdivision thereof, for such employer, except (1) service which in the absence of an agreement entered into under this chapter, as amended, would constitute "employment" as defined in the social security act; or (2) service which under the social security act may not be included in an agreement between the state and the secretary of health, education, and welfare entered into under this chapter, as amended. Service which under the social security act may be included in an agreement only upon certification by the governor in accordance with section 218(d) (3) of that act shall be included in the term "employment" if and when the governor issues, with respect to such service, a certificate to the secretary of health, education, and welfare.

Subd. 5. The term "state agency" means the commissioner of personnel.

Subd. 7. [Repealed, 1967 c 687 s 24]

Subd. 8. The term "Social Security Act" means the Act of Congress approved August 14, 1935, Chapter 531, 49 Stat. 620, officially cited as the "Social Security Act," as such act has been and may from time to time be amended (including regulations and requirements issued pursuant thereto).

Subd. 10. "Political subdivision" means any political subdivision as defined in section 218(b) of the social security act, and includes any instrumentality of the state, any instrumentality of one or more of its political subdivisions including the League of Minnesota Municipalities, any instrumentality of the state and one or more of its political subdivisions, and an instrumentality established under an agreement pursuant to section 471.59 wherein the instrumentality is responsible for the employment and payment of the salaries of employees of the instrumentality.

355.02 MS 1957 [Renumbered 3.29, subd 2]

355.02 AGREEMENTS. Subdivision 1. The state agency, with the approval of the governor, is hereby authorized to enter into an agreement on behalf of the state with the secretary of health, education, and welfare, consistent with the terms and provisions of this chapter, as amended, for the purpose of extending the benefits of the federal old age and survivors insurance system to employees of the state or any political subdivision thereof with respect to services specified in such agreement which constitute "employment," whenever so specifically authorized by the statutory provisions of this state pertaining to any coverage group of such employees to which the agreement may become applicable under the social security act. Pursuant to such specific authorization the agreement may contain such provisions relating to coverage, benefits, contributions, effective date, modification and termination of the agreement, administration, and other appropriate provisions as the state agency and the secretary of health, education, and welfare shall agree upon, but, except as may be otherwise required by or under the social security act as to the services to be covered, such agreement shall provide in effect that

(1) Benefits will be provided for employees whose services are covered by the agreement (and their dependents and survivors) on the same basis as though such services constituted employment within the meaning of Title II of the social security act;

(2) The state will pay to the secretary of the treasury, at such time or times as may be prescribed under the social security act, contributions with respect to wages, equal to the sum of taxes which would be imposed by the federal insurance contributions act if the services covered by the agreement constituted employment within the meaning of that act;

(3) Such agreement shall be effective with respect to services in employment covered by the agreement performed after a date specified therein but in no event may it be effective with respect to any such services performed prior to the first day of the calendar year in which such agreement is entered into or in which the modification of the agreement making it applicable to such services, is entered into except that an agreement or modification entered into prior to January 1, 1960, may be effective with respect to services performed after December 31, 1955, or after a later date specified in such agreement or modification;

(4) All services which constitute employment and are performed in the employ of the state or any of its political subdivisions by employees thereof, may be covered by such agreement whenever so specifically authorized by the statutory provisions of this state pertaining to any coverage group of such employees to which the agreement may become applicable under the social security act.

Subd. 2. Any instrumentality jointly created by this state and any other state or states is hereby authorized, upon the granting of like authority by such other state or states, (1) to enter into an agreement with the secretary of health, education, and welfare whereby the benefits of the federal old age and survivors insurance system shall be extended to employees of such instrumentality, (2) to require its employees to pay (and for that purpose to deduct from their wages) contributions equal to the amounts which they would be required to pay under section 355.03, subdivision 1, if they were covered by an agreement made pursuant to subdivision 1, and (3) to make payments to the secretary of the treasury in accordance with such agreement, including payments from its own funds, and otherwise to comply with such agreements. Such agreements shall, to the extent practicable, be consistent with the terms and provisions of subdivision 1 and other provisions of this chapter, as amended.

Every employee of the state, or any of its political subdivisions, whose services are covered by the agreement entered into under section 355.02 shall be required to pay for the period of such coverage, into the contribution fund established by section 355.04, contributions, with respect to wages, equal to the amount of the employee's tax which would be imposed by the federal insurance contributions act if such services constituted employment within the meaning of that act. Such liability shall arise in consideration of the employee's retention in the service of the state, or any of its political subdivisions, or his entry upon such service, after the enactment of this chapter, as amended.

Subd. 2. The contribution imposed by this section shall be collected by deducting the amount of the contribution from wages as and when paid, but failure to make such deduction shall not relieve the employee from liability for such contribution.

Subd. 3. If more or less than the correct amount of the contribution imposed by this section is paid or deducted with respect to any remuneration, proper adjustments, or refund if adjustment is impracticable, shall be made, without interest, in such manner and at such times as the state agency shall prescribe.

Such fund shall consist of and there shall be deposited in such fund: (1) all contributions, interest, and penalties collected; (2) all moneys appropriated thereto; (3) any property or securities and earnings thereof acquired through the use of moneys belonging to the fund; (4) interest earned upon any moneys in the fund; and (5) all sums recovered upon the bond of the custodian or otherwise for losses sustained by the fund and all other moneys received for the fund from any other source. All moneys in the fund shall be mingled and undivided. Subject to the provisions of this chapter, as amended, the state agency is vested with full power, authority and jurisdiction over the fund, including all moneys and property or securities belonging thereto, and may perform any and all acts whether or not specifically designated, which are necessary to the administration thereof and are consistent with the provisions of this chapter, as amended.

Subd. 2. The contribution fund shall be established and held separate and apart from any other funds or moneys of the state and shall be used and administered ex-

clusively for the purpose of this chapter, as amended. Withdrawals from such fund shall be made for, and solely for (A) payment of amounts required to be paid to the secretary of the treasury pursuant to an agreement entered into under section 355.02; (B) payment of refunds provided for in section 355.03, subdivision 3, (C) refunds or overpayments, not otherwise adjustable, made by the state or any political subdivision or instrumentality thereof, and (D) for investment as provided in subdivision 4.

Subd. 3. From the contribution fund the custodian of the fund shall pay to the secretary of the treasury such amounts and at such time or times as may be directed by the state agency in accordance with any agreement entered into under section 355.02 and the Social Security Act, which amounts are hereby appropriated from the contribution fund for the purpose of making such payments.

Subd. 4. The state agency shall, from time to time, certify to the state board of investment for investment such portions of the contribution fund as in its judgment may not be required for such immediate use. The state board of investment shall thereupon invest the sum so certified in such securities as are duly authorized legal investments for savings banks and trust companies, and shall sell any such securities upon request of the state agency.

Subd. 5. The treasurer of the state shall be ex-officio treasurer and custodian of the contribution fund and shall administer such fund in accordance with the provisions of this chapter, as amended, and the directions of the state agency and shall pay all warrants drawn upon it in accordance with the provisions of this section and with such regulations as the state agency may prescribe pursuant thereto.

355.07 DECLARATION OF POLICY. In order to extend to employees of the state and its political subdivisions and to the dependents and survivors of such employees, the basic protection accorded to others by the old age and survivors insurance system embodied in the social security act, it is hereby declared to be the policy of the legislature, subject to the limitations of this chapter, as amended, that such steps be taken as to provide such protection to employees of the state and its political subdivisions on as broad a basis as is authorized by the legislature in the future and is permitted under the social security act. It is also the policy of the legislature that the protection afforded employees in positions covered by a retirement system on the date an agreement under this chapter, as amended, is made applicable to service performed in such positions, or receiving periodic benefits under such retirement system at such time, will not be impaired as a result of making the agreement so applicable or as a result of legislative enactment in anticipation thereof when combined with the benefits accorded such employee by the social security act. To this end the agreement referred to in section 355.02 shall not be made applicable to any service performed in any position covered by a retirement system unless a referendum is first held by secret ballot in which a majority of "eligible employees," as defined in section 218(d) (3) of the social security act vote in favor thereof, or unless a retirement system is divided in two divisions or parts, one of which is composed of positions of members of such system who desire coverage under section 218(d) (3) of the social security act, in accordance with subsections (6) and (7) thereof. Nothing in any provision of this chapter, as

amended, shall authorize the extension of the insurance system established by this chapter, as amended, to service in any policeman's or fireman's position or in any position covered by a retirement system applicable exclusively to positions in one or more law enforcement or fire fighting units, agencies or departments. Nothing in this section shall authorize the public employees retirement association to be divided.

Effective retroactively with respect to employment after the date of retroactive coverage by public employees who are employed on the date of the agreement or modification and who are included within such agreement or modification, the board of trustees of the public employees retirement association shall pay out of its fund an amount for each public employee so included which is equal to the amount of employee tax which would have been imposed by the federal insurance contribution act, if such service constituted employment within the meaning of that act. This payment shall be computed from the date of retroactive coverage to the date that deductions are taken from the wages of each such public employee as provided hereafter. The amount so paid by the trustees shall be deducted from the accumulated deductions, if any, from the salary of the public employee which have been paid to the public employees retirement association. If the accumulated deductions of any public employee are not sufficient to pay for his retroactive contribution, such employee shall pay the difference to the fund. To the extent that the difference is not paid by the employee, it shall constitute a liability of his employer. An employer shall be subrogated to the rights of the association in respect of any amount paid by the employer on account of its liability in behalf of the employee.

Subd. 2. Effective retroactively with respect to employment after the date of retroactive coverage by public employees who are employed on the date of the agreement or modification and who are included within such agreement or modification, the board of trustees of the public employees retirement association shall pay out of the fund an amount for each member which is equal to the amount of employer tax which would have been imposed by the federal insurance contribution act if such service constituted employment within the meaning of the act. This amount shall be computed from the date of retroactive coverage to the date deductions are taken from the wages of such public employees. If this amount exceeds the contribution made to the association by the employer in respect of the employee, the difference shall be paid by the employer to the fund of the association.

Subd. 3. The amounts herein required by this section are hereby appropriated from the public employees retirement fund and the trustees are hereby authorized to make the necessary disbursements and transfers thereof. The amounts so required shall be paid to the contribution fund provided for in the enabling act.

Subd. 4. Any member who elects social security coverage from and after January 1, 1969 and thereby transfers to the coordinated fund and from whose account retroactive social security employee taxes are paid by the board of trustees of the public employees retirement association, shall be required to reimburse the said association in an amount equal to the difference between employee contributions at the rate of six percent of his total salary and the aggregate of three percent of said salary plus the rate of retroactive social security employee taxes paid on said salary restricted to earnings limitations imposed by the federal insurance contribution act covering public service rendered from and after said date of January 1, 1969. In the event any such member does not reimburse the association within 30 days following notification by the public employees retirement association of the amount so due, interest shall accrue thereon at the rate of six percent per annum compounded annually from the date first payable. The governmental subdivision in which any such member rendered public service from and after January 1, 1969 covering which service retroactive social security employer taxes are paid by the board of trustees of the public employees retirement association shall be required to reimburse the said association in an amount equal to the aforementioned difference, such amount to be paid from the proceeds of a tax levy made pursuant to section 353.28, or from other funds available to the employer.

With respect to services performed after the effective date of the agreement or modification, each political subdivision shall be obligated to pay employer contributions with respect to wages earned by public employees included in the agreement or modification in an amount equal to the employer tax which would be imposed by the federal contributions act if the services covered by the agreement or modification constituted employment within the meaning of the act. This amount shall be paid directly by the political subdivision. Contributions so made shall be paid into the contribution fund provided for in the enabling act.

Subd. 2. With respect to services performed after the effective date of the agreement or modification, each public employee included in the agreement or modification shall pay contributions with respect to wages and the same will be deducted from his wages as and when paid in an amount equal to the employee tax which would be imposed by the federal insurance contributions act if the services covered by the agreement or modification constituted employment within the meaning of that act. Contributions so made shall be paid into the contributions fund provided for in the enabling act in partial discharge of the liability of the state and each political subdivision in respect thereto. Failure to deduct such contribution shall not relieve the political subdivision from liability therefor.

[1967 c 687 s 17]

355.298 ADMINISTRATIVE COST OF STATE AGENCY. 355.33 PAYMENTS INTO CONTRIBUTION FUND. Subdivision 1. Effective retroactively with respect to services rendered after December 31, 1955, by noncoverage employees as herein defined who are such on the date the modification is entered into or thereafter, each state department, college, and institution, and each political subdivision affected by the modification, is hereby authorized, required and directed to pay into the contribution fund contributions with respect to wages equal to the sum of the employer taxes which would be imposed by the Federal Insurance Contributions Act if the services covered by such modification constituted employment within the meaning of that act. With respect to wages for services performed after December 31, 1955, but prior to the date of such modification, the payments shall be made on account of all services performed in positions covered by the State Employees Retirement Fund (Association), Public Employees Retirement Fund (Association), and the Teachers Retirement Fund, as the case may be, by the employer who is such on the date of the modification, irrespective of for whom the services were performed during such prior period. The state department, college, institution or political subdivision in which the noncoverage employee is currently employed shall pay such tax to the contribution fund and shall then be reimbursed by the state department, college, institution, or political subdivision in which such noncoverage employee was formerly employed for any amounts attributable to such former employment.

Subd. 2. Effective retroactively with respect to services performed after December 31, 1955, by noncoverage employees as herein defined who are such on the date the modification is entered into or thereafter, each state department, college, and institution, and each and every political subdivision affected by the modification is hereby authorized, required, and directed, in consideration of the noncoverage employee's retention in, or entry upon, employment after enactment of sections 355.31 to 355.39, to impose upon each such noncoverage employee a contribution with respect to his wages not exceeding the amount of the employee tax which would be imposed by the Federal Insurance Contributions Act if such services constituted employment within the meaning of that act, and to deduct the amount of such contribution from his wages as and when paid. With respect to deductions from wages for services performed in positions covered by the State Employees Retirement Fund (Association), Public Employees Retirement Fund (Association), and the Teachers Retirement Fund, the deductions as to each noncoverage employee shall be made by the employer who is such on the date of the modification, irrespective of for whom the services were performed during such prior period. Contributions so collected shall be paid into the contribution fund in partial discharge of the liability of each and every political subdivision in respect thereto. Failure to deduct such contribution shall not relieve the noncoverage employee or the state or political subdivision of liability therefor. In lieu of deductions from wages received for such service during the period prior to the date of modification, the noncoverage employee may elect to make the payments into the contribution fund in cash. Any noncoverage employee who is a member of the State Employees Retirement Fund (Association), Public Employees Retirement Fund (Association), or the Teachers Retirement Fund, may authorize the governing board of said fund to pay the contribution fund from his retirement account maintained in accordance with state law applicable thereto, the amount of such payment. Each political subdivision may include in its tax levy the amount necessary to pay such obligations. If the taxes authorized to be levied under this section cause the total amount of taxes levied to exceed any limitation whatsoever over the power of a political subdivision to levy taxes, such political subdivision may levy taxes in excess of the limitation in such amount as is necessary to meet the obligations under sections 355.31 to 355.39. The governing body of a political subdivision, for the purpose of meeting its liabilities under sections 355.31 to 355.39 in the event of a deficit, may issue its obligations payable in not more than two years, in an amount which may cause its indebtedness to exceed any limitation without an election and may levy taxes to pay therefor.

To the extent that the difference is not paid by the employee, it shall constitute a liability of his employer. An employer shall be subrogated to the rights of the association in respect of any amount paid by the employer on account of its liability in behalf of the employee.

Subd. 3. The amounts herein required by this section are hereby appropriated from the public employees retirement fund and the trustees are hereby authorized to make the necessary disbursements and transfers therefor.
