94.09 SALE AND DISPOSITION OF SURPLUS STATE OWNED LAND. Subdivision 1. All tracts or lots of real property belonging to the state of Minnesota or that may hereafter accrue to the state, including tracts or lots which have escheated to the state, may be disposed of in accordance with sections 94.09 to 94.16; provided, sections 94.09 to 94.16 shall not apply to school or other trust fund lands, belonging to the state, or that may hereafter accrue to the state, under and by virtue of any act of Congress or to any other state owned lands the sale or disposition of which is otherwise provided for by law.

Subd. 2. On or before July 1 of each year the head of each department or agency having under his control and supervision any state owned land the sale or disposition of which is not otherwise provided for by law shall certify in writing to the commissioner of administration whether or not he has such state owned land under his control and supervision which is no longer needed for his department or agency. If the certification discloses lands no longer needed for a department or agency, the head thereof shall include in such certification a description of the lands, and the reasons why such lands are no longer needed.

Subd. 3. On or before October 1 of each year, the commissioner of administration shall review the certifications of heads of each department or agency provided for in this section. He shall send written notice to all state departments, agencies and the university of Minnesota describing any lands or tracts which may be declared surplus. If a department or agency or the university of Minnesota desires custody of the lands or tracts, it shall submit a written request to the commissioner, no later than four calendar weeks after mailing of the notice, setting forth in detail its reasons for desiring to acquire, and its intended use of, the land or tract. The commissioner of administration shall then determine whether any of the lands described in the certifications of the heads of the departments or agencies should be declared surplus and offered for sale or otherwise disposed of by transferring custodial control to other requesting state departments or agencies or to the board of regents of the university of Minne-

sota for educational purposes, provided however that transfer to the board of regents shall not be determinative of tax exemption or immunity. If he determines that any of such lands are no longer needed for state purposes, he shall make findings of fact, describe the lands, declare such lands to be surplus state land, state the reasons for the sale or disposition thereof, and notify the state executive council of such determination.

Subd. 4. Within 60 days after the receipt of the notification from the commissioner of administration, the executive council shall approve or disapprove the commissioner's determinations. If the determinations are approved, the lands shall be offered for sale or otherwise disposed of as provided for in sections 94.09 to 94.16. If the executive council disapproves the determinations, the same determinations in regard thereto may not be resubmitted to the executive council until at least six months from the date of the disapproval have elapsed.

Subd. 5. On or before November 15 of each even numbered year the commissioner of administration shall report to the governor and the legislature for the two year period immediately preceding the following:

(a) The lands which state departments and agencies have certified to him as no longer needed.

(b) The lands which he has determined are no longer needed for state purposes, regarding which he has formally notified the executive council.

(c) The lands which have been publicly sold.

Subd. 6. The state department or agency holding custodial control shall maintain such state owned lands until the land is sold or otherwise disposed of as provided for in sections 94.09 to 94.16.

94.10 SURVEYS, APPRAISALS AND SALE. Subdivision 1. Before offering any surplus state owned lands for sale, the commissioner of administration may survey such lands, and if the value thereof is estimated to be \$5,000 or less, may have such lands appraised. He shall have the lands appraised if the estimated value is in excess of \$5,000. The appraisal shall be made by not less than three appraisers, at least two of whom shall be residents of the county in which the lands are situated. Each appraiser shall before entering upon the duties of his office take and subscribe an oath that he will faithfully and impartially discharge his duties as appraiser according to the best of his ability and that he is not interested directly or indirectly in any of the lands to be appraised or the timber or improvements thereon or in the purchase thereof and has entered into no agreement or combination to purchase the same or any part thereof, which oath shall be attached to the report of such appraisal. Before offering such surplus state owned lands for public sale, such lands shall first be offered to the city, county, town, school district, or other public body corporate or politic in which the lands are situated for public purposes and they may be sold for such public purposes for not less than the appraised value thereof. To determine whether a public body desires to purchase the surplus land, the commissioner of administration shall publish notice describing the land on the same day of at least two successive weeks in a newspaper of general circulation in the county in which the land is located; however, the commissioner shall give a written notice to the governing body of each political subdivision whose jurisdictional boundaries include or are adjacent to the surplus land. If a public body desires to purchase the surplus land it shall submit a written offer to the commissioner not later than two weeks after the last published notice setting forth in detail its reasons for desiring to acquire and its intended use of the land. In the event that more than one public body tenders an offer, the commissioner shall determine which party shall receive the property, and he shall submit written findings regarding his decision. If lands are offered for sale for such public purposes, and if a public body notifies the commissioner of administration of its desire to acquire such lands, the public body may have not to exceed two years from the date of the accepted offer to commence payment for the lands in the manner provided by law.

Subd. 2. After complying with subdivision 1 and before any public sale of surplus state owned land is made, the commissioner of administration shall publish a notice thereof at least once in each week for four successive weeks in a legal newspaper and also in a newspaper of general distribution in the city or county in which the real

property to be sold is situated, which notice shall specify the time and place in the county at which the sale will commence, a description of the lots or tracts to be offered, and a general statement of the terms of sale. Each tract or lot shall be sold separately and shall be sold for not less than the appraised value thereof. The cost of any survey or appraisal as provided in subdivision 1 shall be added to and made a part of the appraised value of the lands to be sold, whether to any political subdivision of the state or to a private purchaser as provided in this subdivision.

94.11 TERMS OF PAYMENT. The terms of payment for all lots or tracts so sold shall be not less than ten percent of the purchase price thereof at the time of sale with the balance payable as hereinafter provided. If the purchase price of any lot or parcel is \$5,000 or less the balance shall be paid within 90 days of the date of sale. If the purchase price of any lot or parcel is in excess of \$5,000 the balance shall be paid in not less than equal annual installments for not to exceed five years, at the option of the purchaser, with principal and interest payable annually in advance at the rate of not less than six percent per annum on the unpaid balance, payable to the state treasury on or before June first each year.

[1909 c 452 s 3; 1969 c 897 s 3] (6444)

94.12 CONTRACT FOR DEED AND QUITCLAIM DEED. In the event a purchaser elects to purchase surplus real property on an installment basis, the commissioner of administration shall enter into a contract for deed with the purchaser thereof in which shall be set forth the description of the real property sold and the price thereof, the consideration paid and to be paid therefor, the rate of interest, and time and terms of payment. This contract for deed shall be made assignable and shall further set forth that in case of the nonpayment of the annual principal or interest payment due by the purchaser, or any person claiming under him, then the contract for deed, from the time of such failure, will be entirely void and of no effect and the state may be repossessed of the lot or tract and may resell the same as provided in sections 94.09 to 94.16. In the event the terms and conditions of a contract for deed are completely fulfilled or if a purchaser makes a lump sum payment for the subject property in lieu of entering into a contract for deed, the governor, upon the recommendation of the commissioner of administration, shall sign and cause to be issued a quitclaim deed on behalf of the state. Said quitclaim deed shall be in a form prescribed by the attorney general and shall vest in purchaser all of the state's interest in the subject property except as provided in section 94.14.

94.13 RECORD OF CONTRACTS FOR DEED AND ASSIGNMENTS; EFFECT. A contract for deed issued pursuant to sections 94.09 to 94.16, or any assignment thereof, executed and acknowledged as provided by law for the execution and acknowledgment of deeds may be recorded in the office of the county recorder of any county in the state in the same manner and with like effect as deeds are therein recorded. This contract for deed shall entitle the purchaser thereof, his heirs and assigns, to the exclusive possession of the land therein described, provided its terms have been in all respects complied with, and the contract for deed and the record thereof shall be conclusive evidence of title in the purchaser, his heirs and assigns, for all purposes and against all persons, except the state of Minnesota in case of forfeiture.

94.14 RESERVATION OF MINERALS. The state hereby reserves for its own use all the iron, coal, copper, and other valuable minerals in or upon all lands which may be sold under the provisions of sections 94.09 to 94.16 and any contract for deed or quitclaim deed shall contain a clause reserving all such minerals for the use of the state.

94.17 GIFTS TO STATE FOR CAPITOL OR INSTITUTION; ACCEPTANCE.

When any real property or rights or estates therein may be or may have been granted or conveyed or assigned or turned over as a gift by any person or municipality to the state of Minnesota to be owned, held, occupied, or used by the state in connection with the capitol, or any state institution, or the grounds of the same or any of them, the governor shall issue in duplicate under the great seal of the state a certificate of acceptance and cause all the conditions of the gift to be performed and the property so given to be improved, maintained, and ornamented in the method and so far as the legislature may appropriate money therefor.

[1909 c 464 s 1] (6450)

94.18 LANDS OBTAINED BY CONDEMNATION. When any corporation, municipal or otherwise, shall convey, assign, or turn over to the state any rights it may have obtained by condemnation, the use of the land in which these rights were obtained by the state in any of the ways or for any of the purposes mentioned in section 94.17 shall not be deemed an abandonment of nor work a forfeiture of the rights obtained by condemnation, but shall be considered a use incidental to and within the purposes of the condemnation.

[1909 c 464 s 2] (6451)

94.19 CERTIFICATE OF ACCEPTANCE; RECORD. The certificate of acceptance shall be executed in duplicate and one filed in the office of the secretary of state and the other filed for record in the office of the county recorder of the county in which the land is situated; and, after being recorded, kept with the records of the institution in connection with which the land is used. [1909 c 464 s 3; 1976 c 181 s 2] (6452)

94.31 COUNTIES MAY ASSUME BONDS OF TOWNS OR SCHOOL DISTRICTS IN REFORESTATION AREA. Any county wherein a state reforestation or flood control project or other public state purposes, as created by sections 84A.20 to 84A.30, is located may voluntarily assume the obligation to pay the same ratio or proportion of the principal and interest of bonds now outstanding issued before the approval and acceptance of the project by any school district or town situated in the county lying wholly or partly within the project as the last assessed valuation prior to the acceptance of the project of lands acquired by the state pursuant to sections 84A.20 to 84A.30 on July 1, 1936, bears to the total assessed valuation for the same year of the school district or town, this assumption to be evidenced by the adoption of a resolution by the county board of the county authorizing the issuance of bonds for such purpose or otherwise providing for the payment of the principal and interest of the school or town bonds assumed.

[Ex1936 c 47 s 1] (6452-14)

94.32 ISSUANCE OF COUNTY BONDS; ADJUSTMENT OF DEBT. The county board of any such county may by resolution provide for the issuance of bonds for the purpose of assuming the principal and interest of the school district or town bonds, whether matured or not matured, in the manner provided by Laws 1935, Chapter 119, and the county board is authorized to effect agreements for the adjustment of the debt so assumed and the exchange of such county bonds for the bonds so assumed. Prior to July 1, 1936, such bonds may be issued in an amount not in excess of 50 percent of the estimated amount of the principal and interest of the school district or town bonds which are to be assumed by the county, the balance of such bonds to be issued after July 1, 1936.

[Ex1936 c 47 s 2] (6452-15)

94.33 FAILURE TO ASSUME AND PAY; WITHHOLDING FUNDS. In the event any such county shall fail or neglect to assume that portion of the school district or town bonds as provided in sections 94.31 and 94.32 and any such bonds remain unpaid at maturity, upon demand of the governing body of the school district or town or the holder of any such bonds, the commissioner of finance shall withhold from the payments to be made to the county under the provisions of section 84A.23 the sum necessary to pay such portion and pay the same to the treasurer of the school district or town. All moneys received by any school district or town pursuant

The term "board" as used in sections 94.341 to 94.347 refers to such board. The governor shall be chairman of the board. Subdivision 1. **Class A.** All land owned by the state and controlled or administered by the commissioner or by any division or agency of the department of natural resources shall be known as Class A land for the purposes of sections 94.341 to 94.347. Class A land shall include school, swamp, internal improvement, and other land granted to the state by acts of congress, state forest land, tax-forfeited land held by the state free from any trust in favor of taxing districts, and other land acquired by the state in any manner and controlled or administered as aforesaid; but this enumeration shall not be deemed exclusive.

Subd. 2. **Class B.** All lands heretofore or hereafter acquired by the state through tax-forfeiture, held subject to a trust in favor of taxing districts, and under the control of county authorities for classification, appraisal, and sale shall be known as Class B land for the purposes of sections 94.341 to 94.347.

94.343 CLASS A LAND EXCHANGED; CONDITIONS. Subdivision 1. Except as otherwise herein provided, any Class A land may, with the unanimous approval of the board, be exchanged for land of the United States or privately owned land in the manner and subject to the conditions herein prescribed. The commissioner, with the approval of the board, shall formulate general programs of exchange of Class A land designed to serve the best interests of the state in the acquisition, development, and use of lands for purposes within the province of the department of natural resources.

Subd. 2. Except as herein expressly prohibited, Class A land may be exchanged, though devoted to a specific public use, if the use is discretionary and the authority in charge thereof shall approve the exchange, or if the commissioner, with the approval of the board, shall determine that the exchange will not materially curtail the activity or project for which the land is used; provided, that exchanges of land belonging to any state forest, game preserve, conservation area, or other territory designated by law for particular purposes shall be made so as to consolidate or fill out the state's holdings of land therein, and not materially to reduce the same.

MINNESOTA STATUTES 1976

1461

LANDS, STATE FORESTS 94.343

Subd. 3. Except as otherwise herein provided, Class A land shall be exchanged only for land of at least substantially equal value to the state, as determined by the commissioner, with the approval of the board. For the purposes of such determination, the commissioner shall cause the state land and the land proposed to be exchanged therefor to be examined and appraised by qualified state appraisers in like manner as state land to be offered for sale; provided, that in exchanges with the United States or any agency thereof the examination and appraisal may be made in such manner as the land exchange board may direct. The appraisers shall determine the fair market value of the lands involved, disregarding any minimum value fixed for state land by the state constitution or by law, and shall make a report thereof, together with such other pertinent information respecting the use and value of the lands to the state as they deem pertinent or as the commissioner or the board may require. Such reports shall be filed and preserved in the same manner as other reports of appraisal of state lands. The appraised values shall not be conclusive, but shall be taken into consideration by the commissioner and the board, together with such other matters as they deem material, in determining the values for the purposes of exchange.

Subd. 4. There shall be reserved to the state in all Class A land conveyed in exchange all mineral and water power rights and such other rights and easements as the commissioner, with the approval of the board, shall direct. All Class A land which at the time of exchange is subject to the provisions of section 110.13 shall remain subject thereto as a condition of the exchange, and all land received by the state in exchange for Class A land within the area to which those provisions apply shall become subject thereto. Land may be received in exchange subject to any mineral reservations or other reservations thereon. All such reservations and conditions shall be taken into consideration in determining the value of the lands exchanged.

Subd. 5. Class A land may be exchanged for land of greater value if the other party to the exchange shall waive payment for the difference or if there is an appropriation available for the acquisition of such land from which the difference may be paid.

Subd. 6. Class A land may be exchanged for land of less value in any case where disposal of the state land is not limited by the state constitution to public sale, provided the other party to the exchange shall pay to the state the amount of the difference in value either upon consummation of the exchange or by deferred payment, as the commissioner, with the approval of the board, may direct. In case of deferred payment, a certificate of sale of the state land shall be issued to the other party as in case of sale of state public land, crediting the value of the land received by the state in exchange as an initial payment, and providing for payment of the balance upon like terms and subject to like conditions as in case of such sale; provided, that the commissioner, with the approval of the board, may require a further initial cash payment and may shorten the time for payment of the balance. Money received in such cases shall be credited to the same fund as in case of sale of the land, if such fund exists, otherwise to the special fund, if any, from which the cost of the land was paid, otherwise to the general fund.

Subd. 7. Before giving final approval to any exchange of Class A land, the board shall hold a public hearing thereon at the capital city or at some place which it may designate in the general area where the lands involved are situated; provided, that the board may direct such hearing to be held in its behalf by any of its members or by the commissioner or by a referee appointed by the board. The commissioner shall furnish to the auditor of each county affected a notice of the hearing signed by the state auditor as secretary of the board, together with a list of all the lands proposed to be exchanged and situated in the county, and the county auditor shall post the same in his office at least two weeks before the hearing. The county auditor shall also cause a copy of the notice, referring to the list of lands posted in his office, to be published at least two weeks before the hearing in a legal newspaper published in the county. The cost of publication of the notice shall be paid by the state out of any moneys appropriated for the expenses of the board.

Subd. 8. The commissioner, with the approval of the board, may submit a proposal for exchange of Class A land to any land owner concerned. Any land owner may submit to the commissioner and the board a proposal for exchange in such form as the commissioner, with the approval of the board, may prescribe.

Subd. 9. No exchange of Class A land shall be consummated unless the attorney general shall have given his opinion in writing that the title to the land proposed to be

conveyed to the state is good and marketable, free from all liens and encumbrances except reservations herein authorized. If required by the attorney general, the land owner shall submit an abstract of title and make and file with the commissioner an affidavit as to possession of the land, improvements, liens, and encumbrances thereon, and other matters affecting the title.

Subd. 10. Conveyance of Class A land given in exchange shall be made by deed executed by the commissioner in the name of the state, with a certificate of unanimous approval by the board appended. All such deeds received by the state shall be recorded or registered in the county in which the lands lie, and all recorded deeds and certificates of registered title shall be filed in the office having custody of the state public land records in the department of natural resources.

Subd. 11. Land received in exchange for Class A land shall be subject to the same trust, if any, and shall otherwise have the same status as the state land given in exchange. The commissioner, with the approval of the board, shall determine accordingly the status of each tract of such land received in exchange, and shall make and file a certificate thereof in the office having custody of the state public land records in the department of natural resources.

Subd. 12. When an exchange of Class A tax-forfeited land, which is subject to sale by county authorities is under consideration, the commissioner may notify the county auditor to withdraw the land from sale. Thereupon the land shall be withdrawn from sale until the proposed exchange is consummated or rejected, of which the commissioner shall notify the county auditor.

94.344 CLASS B LAND EXCHANGED; CONDITIONS. Subdivision 1. Except as otherwise herein provided, any Class B land may, by resolution of the county board of the county in which the land is situated and with the unanimous approval of the land exchange board, be exchanged for land of the United States or privately owned land in the same county in the manner and subject to the conditions herein prescribed.

Subd. 2. No Class B land which is not classified for sale, and no Class B land, however classified, lying within any zone or district which is restricted against any use for which the land may be suitable shall be given in exchange for any privately owned land.

Subd. 3. Except as otherwise herein provided, Class B land shall be exchanged only for land of at least substantially equal value to the state, as determined by the county board, with the approval of the commissioner and the board. For the purposes of such determination the county board shall appraise the state land and the land proposed to be exchanged therefor in like manner as tax-forfeited land to be offered for sale. The appraised values shall not be conclusive, but shall be taken into consideration, together with such other matters as may be deemed material, in determining the values for the purposes of exchange.

Subd. 4. There shall be reserved to the state in all Class B land conveyed in exchange the same rights and easements as may be required by law in case of sale of tax-forfeited land and such other rights and easements as the county board, with the approval of the commissioner and the board, shall direct. Land may be received in exchange subject to any mineral reservations or other reservations thereon. All such reservations and conditions shall be taken into consideration in determining the value of the lands exchanged.

Subd. 5. Class B land may be exchanged for land of greater value only in case the other party to the exchange shall waive payment for the difference.

Subd. 6. Class B land may be exchanged for land of less value, provided the other party to the exchange shall pay the amount of the difference to the county treasurer either upon consummation of the exchange or by deferred payment, as the county board may direct. In case of deferred payment, a certificate of sale of the state land shall be issued to the other party in like manner as in the case of sale of tax-forfeited land, crediting the value of the land received by the state in exchange as an initial payment, and providing for payment of the balance upon like terms and subject to like conditions as in case of such sale; provided, that the county board may require a further initial cash payment and may shorten the time for payment of the balance. Money received in such cases shall be disposed of in like manner as the proceeds of sale of tax-forfeited land.

Subd. 7. Before giving final approval to any exchange of Class B land, the county board shall hold a public hearing thereon. At least two weeks before the hearing the county auditor shall post in his office a notice thereof, containing a description of the lands affected, and shall cause a copy of the notice to be published in the newspaper designated for publication of the official proceedings of the county board.

Subd. 8. By direction of the county board the county auditor may submit a proposal for exchange of Class B land to any land owner concerned. Any land owner may file with the county auditor a proposal for exchange for consideration by the county board. Forms for such proposals shall be prescribed by the commissioner.

Subd. 9. No exchange of Class B land shall be consummated unless the title to the land proposed to be exchanged therefor shall first be approved by the county attorney in like manner as provided for approval by the attorney general in case of Class A land. The county attorney's opinion on the title shall be subject to approval by the attorney general.

Subd. 10. After approval by the county board, every proposal for the exchange of Class B land shall be transmitted to the commissioner in such form and with such information as he may prescribe, for consideration by him and by the board. The county attorney's opinion on the title, with the abstract and other evidence of title, if any, shall accompany the proposal. If the proposal be approved by the commissioner and the board and the title be approved by the attorney general, the same shall be certified to the commissioner of revenue, who shall execute a deed in the name of the state conveying the land given in exchange, with a certificate of unanimous approval by the board appended, and transmit the deed to the county auditor to be delivered upon receipt of a deed conveying to the state the land received in exchange, approved by the county attorney; provided, that if any amount is due the state under the terms of the exchange, the deed from the state shall not be executed or delivered until such amount is paid in full and a certificate thereof by the county auditor is filed with the commissioner of revenue. The county auditor shall cause all deeds received by the state in such exchanges to be recorded or registered, and thereafter shall file the deeds or the certificates of registered title in his office.

Subd. 11. Forthwith after the consummation of any land exchange the county board shall determine the amount to be paid, if any, to the governmental subdivision wherein the Class B lands were located as full compensation for the trusts said governmental subdivision held in such land, and the amount so determined shall be transferred by the county auditor from the tax-forfeited funds accruing to the governmental subdivision wherein the privately owned lands were situated to the governmental subdivision wherein the Class B lands lay. The lands received shall thereupon become subject to trust in favor of the governmental subdivision wherein they lie and to all laws relating to tax-forfeited lands.

The county board may also make a determination of payment to be made as to land exchanges heretofore made and direct the county auditor to make such transfer; and when such transfer has been made, such lands shall become subject to trust in favor of the governmental subdivision in which they lie.

The maximum which may be fixed as payment for the equity held by any governmental subdivision shall in no case exceed the amount said governmental subdivision would have received if the lands had been sold for the appraised value as determined for the purpose of the exchange.
