Subd. 1a. (a) An eligible voter for a school district election shall be a person who at the time of the election:

- (1) Is 18 or more years of age;
 - (2) Is a citizen of the United States;
 - (3) Is a resident of the school district; and
 - (4) Has resided in Minnesota for 20 days.
- (b) The following persons are not eligible voters:

- (2) Any person who is under guardianship over his person;

- (4) Any person who is not properly registered, if a voter registration system has been adopted for such school district.

Subd. 2. At least 15 days before the election, the board shall, by resolution, determine precinct boundaries, if more than one is desired, and establish polling places for each precinct and appoint three or more election judges for each polling place and determine the hours the polls shall be open. The board may provide by resolution, for additional judges to count the votes after the polls close, the new judges to replace the previously acting judges. If no action is taken by the board, the precinct boundaries and polling places shall be the same as those of the preceding election in the district.

Subd. 3. The clerk of the district shall give ten days' posted notice of the election and also if there be a newspaper published in the district, one week's published notice shall be given. The notice shall specify the time, place and purpose of the election, and shall contain information concerning the precincts, polling places and hours the polls shall be open.

Subd. 4. At the annual election board members shall be elected to fill vacancies on the board caused by expiration of term on July 1 next following the election. Any person desiring to be a candidate for a district office at the election shall file with the clerk of the district a written application to be placed on the ballot for such office, or any five voters of the district may file such written application for or on behalf of any qualified voter in the district that they desire shall be such candidate. The application shall be filed not more than 45 nor less than 21 days before the election.

Subd. 5. The clerk shall prepare, at the expense of the district, necessary ballots for the election of officers, placing thereon the names of the proposed candidates with the same number of blank spaces for the insertion of names of other candidates as

MINNESOTA STATUTES 1978

1991

SCHOOL DISTRICTS; ELECTION, POWERS AND DUTIES 123.32

there are members to be elected. The name of each candidate for office shall be rotated with the names of the other candidates for the same office so that the name of each candidate appears substantially an equal number of times at the top, at the bottom, and at each intermediate place in the group of candidates for that office. The ballots shall be marked and initialed by at least two judges as official ballots and shall be used exclusively at the election. Any proposition to be voted upon shall be stated on a separate ballot. Voting shall be by secret ballot. The facsimile signature of the clerk shall appear on the backs of the ballots.

Subd. 6. Election judges may be paid by the district at a rate determined by the board. The election judges shall act as clerks of election, count the ballots cast, and submit them to the board for canvass.

Subd. 7. The board of any independent school district, at any regular meeting, or special meeting called for that purpose, may provide for the use of voting machines at all elections to be held therein. Said board and any municipal corporation, owning or using voting machines, may enter into an agreement for the rental and use of said voting machines by said district for school elections in said district. The provisions of sections 204A.17, subdivision 4 and 206.02 to 206.23, shall apply to the use of voting machines in school elections insofar as applicable.

Subd. 8. After canvassing the election, the board shall issue a certificate of election to the candidate for each office who received the largest number of votes cast for the office. If any candidates receive an equal number of votes for an office, the board shall resolve the tie by lot. The clerk shall deliver such certificate to the person entitled thereto by certified mail, and each person so certified shall file an acceptance and oath of office in writing with the school district clerk within 30 days of the date of mailing of the certificate. A person who fails to qualify prior to the time specified shall be deemed to have refused to serve, but such filing may be made at any time before action to fill the vacancy has been taken.

Subd. 9. Any independent district may for the purpose of the election of board members alter its organization into separate election districts by the following procedure.

Subd. 10. Except in an independent school district located wholly or partly within a city of the first class upon resolution of the board which resolution may be made on its own motion or shall be made upon presentation of a petition therefor signed by at least the greater of 50 electors of the district or ten percent of the number of votes cast in the most recent regular school board election, the board shall divide the district into as many separate election districts as there are members of the board, which proposal shall be submitted to an election as hereinafter provided. Only one election within any two year period may be held pursuant to this subdivision.

Subd. 11. The election district lines drawn in cities shall follow the lines of streets or highways, and in areas outside of cities the lines drawn shall follow the lines of sections or quarter sections or highways.

Subd. 12. No one election district shall contain more than 20 percent of the total population of the district according to the most recent state or federal decennial census; or the district may conduct a special census for the purpose.

Subd. 13. The board shall designate each election district by number and by a metes and bounds description sufficient and adequate to permit identification of the geographical limits of the area.

Subd. 14. The board shall make its determination by a resolution within six months after the resolution of the board authorizing the establishment of election districts.

Subd. 15. Boundaries of separate election districts once established under provisions of this section or boundaries of election districts in independent districts which have converted from special districts may be changed or altered by the electorate of a district voting upon a question presented in the manner required by this section for initial establishment of such separate election districts, except that the initiating petition for change of boundaries must be signed by at least the greater of 250 voters of the school district or ten percent of the number of votes cast in the most recent regular school board election. Within any two year period only one election may be held pursuant to this subdivision, and no election may be held within two years of an election held pursuant to subdivision 10.

Subd. 16. Upon adoption of such division of the district by resolution the board shall cause its decision to be voted upon by the electorate at a special election called for the purpose.

Subd. 17. Such election shall be held on the notice and in the manner provided by law for the conduct of special elections.

Subd. 18. The question presented at the special election shall be: "Shall the school district be reorganized into election districts with boundaries as established in Resolution No. of the school board, dated"?

Yes

No"

Subd. 19. If the resolution is approved by a majority of those voting at the election the board shall forthwith meet, and by resolution establish a separate polling place for each election district. Polling places for two or more election districts may be located in the same building. Adequate precautions for proper division of the vote among election districts shall be taken by the board.

Subd. 20. Any qualified voter may file with the clerk of the district an application to be placed on the ballot in his particular election district as a candidate for office as a member of the school board from such district.

Subd. 21. At the next election of board members, and at each election thereafter held to elect members of the board, one and only one member of the board shall be elected from each election district established under the provisions of this section.

The board shall specify the election districts from which vacancies shall be filled as they occur until such time as the representation specified in this section is attained.

Subd. 22. The board of an independent district may and upon petition of 50 or more voters of the district or five percent of the number of votes cast at the preceding regular election, which ever is the greater, shall by resolution call a special election to vote on any matter requiring approval of the voters of the district. The clerk of the district shall give ten days' posted notice and one week's published notice of election, if there be a newspaper published in such district. The notice shall specify the time and place of election, and the questions to be submitted to the voters at the election. The procedure for a special election shall be the same as for a regular election.

Subd. 23. (1) Unless action is taken by the board under subparagraphs (2) and (3) of this subdivision, in a district which is reclassified to an independent district from a county district or a common district containing ten or more townships, by provisions of this code, the board of such district shall continue to govern the district until July 1 following the next annual election as provided for independent districts, at which election six members shall be elected at large from the district, two members for a one-year term from July 1 next following the election, two members for a two-year term from said July 1, and two members for a three-year term from said July 1, to serve until a successor is elected and qualifies; if such district is reclassified to an independent district from a common district of ten or more townships containing less than ten schools, the board of such district shall continue to govern the district, and the members presently serving shall continue to the end of their term. At the next annual election of school board members following July 1 following the adoption of the code, two members shall be elected for a three-year term and one member for a two-year term each commencing on July 1 next following the election. Thereafter, members shall be elected as in independent districts.

(2) In any district which is reclassified from a common district of ten or more townships to an independent district by the provisions of this code, the election of the board members may be held biennially concurrently with the general elections in the areas by resolution of the board made within 90 days of the adoption of this code. Board members presently serving shall continue in office until the expiration of the term to which they were elected. At the next general election following the adoption of the code, board members shall be elected to fill all vacancies then occurring and any vacancies caused by reclassification to an independent district. Provided that three board members shall be elected for a term of four years each and any necessary additional board members shall be elected for a term of two years each, to serve until a successor is elected and qualifies. The term of members shall commence on the first Monday in January following the general election. Thereafter, three members shall be elected at each general election for a term of four years from the first Monday in January following the general election.

The resolution, if adopted, shall divide the district into five election districts coterminous with the county commissioner districts, and shall specify the terms to which members from each election district shall be elected so as to provide for a continuation of the present organizational structure of the board. The chairman shall preside at all meetings of the center board except in his absence the vice chairman shall preside. The clerk shall keep a complete record of the minutes of each meeting and the treasurer shall be the custodian of the funds of the center. Insofar as applicable, sections 123.33 and 123.34, shall apply to the board and officers of the center.

(e) Each participating school district shall have equal voting power with at least one vote. A majority of the center board shall be a quorum. Any motion other than adjournment shall pass only upon receiving a majority of the votes of the entire center board.

Subd. 4. Powers and duties. (a) The center board shall have the general charge of the business of the center and the ownership of facilities. Where applicable, section 123.36, shall apply. The center board may not issue bonds in its behalf. Each participating district may issue its bonds for the purpose of acquisition and betterment of center facilities in the amount certified by the center board to such participating district in accordance with chapter 475.

(b) The center board (1) may furnish vocational offerings to any eligible person residing in any participating district; (2) may provide special education for the handicapped and disadvantaged; and (3) may provide any other educational programs or services agreed upon by the participating districts. Academic offerings shall be provided only under the direction of properly licensed academic supervisory personnel.

(c) In accordance with subdivision 5, clause (b), the center board shall certify to each participating district the amount of funds assessed to the district as its proportionate share required for the conduct of the educational programs, payment of indebtedness, and all other proper expenses of the center.

(d) The center board shall employ and contract with necessary qualified teachers and administrators and may discharge the same for cause pursuant to section 125.12. The board may employ and discharge other necessary employees and may contract for other services deemed necessary.

(e) The center board may provide an educational program for secondary and adult vocational phases of instruction. The high school phase of its educational program shall be offered as a component of the comprehensive curriculum offered by each of the participating school districts. Graduation shall be from the student's resident high school district. Insofar as applicable, sections 123.35 to 123.40, shall apply.

(f) The center board may prescribe rates of tuition for attendance in its programs by adults and nonmember district secondary students.

Subd. 5. Financing. (a) Any center board established pursuant to this section is a public corporation and agency and may receive and disburse federal, state, and local funds made available to it. No participating school district shall have any additional individual liability for the debts or obligations of the center except that assessment which has been certified as its proportionate share in accordance with subdivision 5, clause (b) and subdivision 4, clauses (a) and (c). A member of the center board shall have such liability as is applicable to a member of an independent school district board. Any property, real or personal, acquired or owned by the center board for its purposes shall be exempt from taxation by the state or any of its political subdivisions.

(b) The center board may, in each year, for the purpose of paying any administrative, planning, operating, or capital expenses incurred or to be incurred, assess and certify to each participating school district its proportionate share of any and all expenses. This share shall be based upon an equitable distribution formula agreed upon by the participating districts. Each participating district shall remit its assessment to the center board within 30 days after receipt. The assessments shall be paid within the maximum levy limitations of each participating district.

Subd. 6. State board approval. Prior to the commencement of the operation of any center the agreement entered into by participating districts shall be approved by the state board of education.

Subd. 7. Laws governing independent school districts applicable. As of the effective date of the creation of any center as contained in the agreement establishing the center, the organization, operation, maintenance, and conduct of the affairs of the center shall be governed by the general laws relating to independent school districts of the state unless provided otherwise herein or by statute passed hereafter.

Subd. 8. Addition and withdrawal of districts. Upon approval by majority vote of a school board, of the center board, and of the state board of education, an adjoining school district may become a member in the center and be governed by the provisions of this section and the agreement in effect.

Any participating district may withdraw from the center and from the agreement in effect by a majority vote of the full board membership of the participating school district desiring withdrawal and upon compliance with provisions in the agreement establishing the center. Upon receipt of the withdrawal resolution reciting the necessary facts, the center board shall file a certified copy with the county auditors of the counties affected. The withdrawal shall become effective at the end of the next following school year but the withdrawal shall not affect the continued liability of the withdrawing district for bonded indebtedness it incurred prior to the effective withdrawal date.

Subd. 9. Existing centers. Centers operating pursuant to section 471.59 which have been approved by the state board of education prior to August 1, 1974 shall be subject to its provisions except subdivision 1. Any changes in center agreements necessary to comply with this section shall be completed within twelve months after August 1, 1974 and filed with the state board by the administrator of each center. Centers operating pursuant to Laws 1967, Chapter 822, as amended, Laws 1969, Chapter 775, as amended, and Laws 1969, Chapter 1060, as amended shall not be subject to the provisions of this section.

123.352 TRAFFIC AND PARKING REGULATION. Subdivision 1. **Board power.** A school board may make, adopt and enforce rules for the regulation of traffic and parking on property owned, leased, occupied or operated by the board. Not-

withstanding the provisions of section 169.71, subdivision 1, a board may require that an identification sticker not more than two inches square be placed in the lower right corner of the windshield of any vehicle parking on such property.

Subd. 2. **Hearing on rules, adoption.** Before the adoption of any rule authorized by subdivision 1, the board shall hold a public hearing. Notice of the hearing shall be published at least once in a legal newspaper in a county in which the school district is located. Publication shall be no more than 45 days and no less than 15 days prior to the date of the hearing.

After a public hearing, a majority of the members of the board must approve the rule for it to take effect. The rule shall have an effective date. A copy of the rule shall be signed by the clerk of the school district and filed in the official minute book of the district and a copy shall be mailed to the chief police officer of each municipality, county or town where the school district property is located.

Subd. 3. **Enforcement.** Every sheriff, constable, police officer, peace officer, or designated employee of the board shall have authority to enforce rules adopted pursuant to this section after the posting of signs substantially in conformity with the standards and specifications of the manual of the commissioner adopted pursuant to section 169.06.

Subd. 4. **Notice.** Judicial notice shall be given rules adopted pursuant to this section.

Subd. 5. **Penalty.** Any person violating rules adopted pursuant to this section shall be guilty of a petty misdemeanor. Any violation of this section shall be deemed a violation of chapter 169 for the purposes of sections 169.891 and 169.90, subdivision 1. [1976 c 278 s 1]

123.36 SCHOOLHOUSES AND SITES, INDEPENDENT SCHOOL DISTRICTS.

Subdivision 1. When funds are available therefor, the board may locate and acquire necessary sites of school houses or enlargements, or additions to existing schoolhouse sites by lease, purchase or condemnation under the right of eminent domain; it may erect schoolhouses thereon; it may erect or purchase garages for district owned school buses. In any city, the school sites, when practicable, shall contain at least one block and if outside of any city, two acres; and when any schoolhouse sites shall contain less than such amount, the board may acquire other land adjacent to or near such site to make, with such site, all or part of such amount. When property is taken by eminent domain by authority of this subdivision when needed by the school district for such purposes, the fact that the property so needed has been acquired by the owner under the power of eminent domain or is already devoted to public use, shall not prevent its acquisition by the school district. The board may sell or exchange schoolhouses or sites, and execute deeds of conveyance thereof.

Subd. 2. The board shall purchase, sell, and exchange school apparatus, furniture, stoves, buses, and other equipment as may be deemed necessary by the board for school purposes.

Subd. 3. The board may make rules and regulations respecting the protection of the property of the district.

Subd. 4. The board shall provide proper sanitary facilities for the schools, plant shade trees and shrubbery and otherwise improve school sites, procure insurance on school property, and make proper ordinary repairs thereon.

Subd. 5. The board may authorize the use of any schoolhouses in the district for divine worship, Sunday schools, public meetings, elections, and such other community purposes as, in its judgment, will not interfere with their use for school purposes; but before permitting such use, the board may require a cash or corporate surety bond in a reasonable amount conditioned for the proper use of such schoolhouse, the payment of all rent and the repair of all damage occasioned by such use, and it may charge and collect for the use of the district from the persons using such schoolhouse such reasonable compensation as it may fix.

It may authorize the use of any schoolhouses or buildings in and of the district for the holding of primaries, elections, registrations, and all action in connection therewith in such manner as in its judgment, will not interfere with their use for school purposes. It may impose such reasonable regulations and conditions upon such use as may seem necessary and proper.

Subd. 6. The board may build or assist in building sidewalks for the use of pupils and the general public connecting with sidewalks in municipalities and leading to the schoolhouse. The governing body of any municipality may likewise appropriate money for the same purpose or to assist the district.

Subd. 7. When necessary, the board may lease rooms or buildings for school purposes.

Subd. 8. The board shall provide for the heating and care of schoolhouses and rooms and may provide for the heating and care of garages which house school buses.

Subd. 9. The board may contract for the furnishing of heat for its building for such terms as it may deem for the best interest of the district, not exceeding ten years. Where it is necessary to lay mains or pipes to connect these buildings with a heating system, the district is authorized to advance all, or any part of the cost thereof upon such terms and conditions as shall be agreed upon.

Subd. 10. The board may lease a schoolhouse which is not needed for school purposes to any person or organization. The board may charge and collect reasonable consideration for the lease and may determine the terms and conditions of the lease. In districts with outstanding bonds, the net proceeds of the lease shall be used first pursuant to section 475.61, subdivision 3, to reduce the levy authorized for payments for bonds issued and for interest thereon pursuant to section 275.125, subdivision 4. Any remaining net proceeds in these districts and all net proceeds of the lease in districts without outstanding bonds shall be used to reduce the levy authorized for general and special school purposes by section 275.125, subdivision 2a.

Subd. 11. The board may close a schoolhouse only after a public hearing on the question of the necessity and practicability of the proposed closing. Published notice of the hearing shall be given for two weeks in the official newspaper of the district. The time and place of the meeting, the description and location of the schoolhouse, and a statement of the reasons for the closing shall be specified in the notice. Parties requesting to give testimony for and against the proposal shall be heard by the board before it makes a final decision to close or not to close the schoolhouse.

123.37 INDEPENDENT SCHOOL DISTRICTS, CONTRACTS. Subdivision 1. No contract for work or labor, or for the purchase of furniture, fixtures, or other property, except books registered under the copyright laws, or for the construction or repair of school houses, the estimated cost or value of which shall exceed that specified in section 471.345, subdivision 3, shall be made by the school board without first advertising for bids or proposals by two weeks' published notice in the official newspaper. This notice shall state the time and place of receiving bids and contain a brief description of the subject matter.

Additional publication in the official newspaper or elsewhere may be made as the board shall deem necessary.

After taking into consideration conformity with the specifications, terms of delivery, and other conditions imposed in the call for bids, every such contract shall be awarded to the lowest responsible bidder, be duly executed in writing, and be otherwise conditioned as required by law. The person to whom the contract is awarded shall give a sufficient bond to the board for its faithful performance. A record shall be kept of all bids, with names of bidders and amount of bids, and with the successful bid indicated thereon. A bid containing an alteration or erasure of any price contained in the bid which is used in determining the lowest responsible bid shall be rejected unless the alteration or erasure is corrected as herein provided. An alteration or erasure may be crossed out and the correction thereof printed in ink or typewritten adjacent thereto and initialed in ink by the person signing the bid. In the case of identical low bids from two or more bidders, the board may, at its discretion, utilize negotiated procurement methods with the tied low bidders for that particular transaction, so long as the price paid does not exceed the low tied bid price. In the case where only a single bid is received, the board may, at its discretion, negotiate a mutually agreeable contract with the bidder so long as the price paid does not exceed the original bid. If no satisfactory bid is received, the board may readvertise. Standard requirement price contracts established for supplies or services to be purchased by the district shall be established by competitive bids. Such standard requirement price contracts may con-

tain escalation clauses and may provide for a negotiated price increase or decrease based upon a demonstrable industrywide or regional increase or decrease in the vendor's costs. Either party to the contract may request that the other party demonstrate such increase or decrease. The term of such contracts shall not exceed two years with an option on the part of the district to renew for an additional two years. Provided that in the case of purchase of perishable food items except milk for school lunches and vocational training programs a contract of any amount may be made by direct negotiation by obtaining two or more written quotations for the purchase or sale, when possible, without advertising for bids or otherwise complying with the requirements of this section or section 471.345, subdivision 3. All quotations obtained shall be kept on file for a period of at least one year after receipt thereof.

Every contract made without compliance with the provisions of this section shall be void. Provided, that in case of the destruction of buildings or injury thereto, where the public interest would suffer by delay, contracts for repairs may be made without advertising for bids.

NOTE: See section 471.345.

Subd. 1a. The board may authorize its superintendent or business manager to lease, purchase, and contract for goods and services within the budget as approved by the board, provided that any transaction in an amount exceeding the minimum amount for which bids are required must first be specifically authorized by the board and must fulfill all other applicable requirements in subdivision 1.

Subd. 1b. Notwithstanding the provisions of subdivision 1 or section 471.345, a contract for the transportation of school children may be made by direct negotiation, by obtaining two or more written quotations for the service when possible, or upon sealed bids. At least 30 days before awarding a directly negotiated contract, the school district shall, by published notice, request quotations for the service to be provided. All quotations obtained shall be kept on file for a period of at least one year after receipt thereof. If a contract is made by direct negotiation, negotiations shall be open to the public. If a contract is made upon sealed bids, the procedure for advertising and awarding bids shall conform to the provisions of subdivision 1 except as otherwise provided in this subdivision.

Notwithstanding the provisions of subdivision 1 or section 574.26, a performance bond shall be required of a contractor on a contract for the transportation of school children only when and in the amount deemed necessary by and at the discretion of the school board.

Subd. 2. Members of the board are authorized to contract with, to work for, and furnish supplies to the district subject to the provisions of section 471.87.

Subd. 3. Any contract made by the board for the rental of rooms or buildings for school purposes or for the rental of any facility or facilities owned or operated by or under the direction of any private organization, shall be effective until disapproved by the commissioner, and all such contracts shall be submitted to him for approval immediately after being signed by the parties.

Subd. 4. The commissioner shall approve each such contract unless it appears from the information available to him that:

(a) The amount to be paid by the district concerned for the rooms or facilities rented under such contract substantially exceeds the reasonable value thereof; or

(b) The rooms or facilities to be furnished are not reasonably required for or suitable to the operation of the schools of the district or the contract does not provide adequately against any encroachment on or interference with the conduct of a public school; or

(c) The contract does not conform to law or a duly promulgated regulation of general application of the state board of education.

Subd. 5. If the commissioner determines that one or more of such circumstances (a), (b), and (c) exists, he shall notify the district board, giving it a reasonable stated time in which to meet the objections specified in the notice. If the contract is not so changed within that time, it shall be disapproved by the commissioner. If the contract is approved the commissioner shall so notify the district board. The commissioner's action together with a statement as to whether or not a petition to review such action has been filed as hereinafter provided, shall appear in the proceedings of the next

2005

SCHOOL DISTRICTS; ELECTION, POWERS AND DUTIES 123.37

meeting of the district board, held after receipt of notice from the commissioner, and the proceedings shall briefly identify the contract approved or disapproved.

Subd. 6. The determination of the commissioner disapproving a contract shall be subject to the review of the state board of education, on the petition of the district board, made pursuant to its resolution.

Subd. 7. The determination of the commissioner approving a contract shall be subject to the review of the state board of education, on the petition of voters of such school district equal in number of five percent of those who voted at the last annual election or annual meeting of the district, except that there shall be at least five petitioners and that no more than 25 petitioners shall be required. Such petition must be filed in duplicate with the commissioner on or before the tenth day after the publication of the proceedings of the meeting of the district board which show the determination of the commissioner, the review of which is asked, or the thirtieth day after such determination, whichever date is earlier.

Subd. 8. Such petition shall:

(a) Identify the determination of the commissioner sought to be reviewed and the contract in question by the names of the parties to it, and

(b) Allege the grounds upon which the determination of the commissioner is claimed to have been erroneous, but such allegation may be on information and belief of the petitioners, and

(c) State the names, post office addresses, and voting residences of the petitioners, and

(d) State the person or persons, not more than three, and their respective post office addresses, who are authorized to receive for all of the petitioners any notices with respect to the review or any subsequent proceeding. A person, not a resident of the district, may be so named.

Subd. 9. Upon the filing of a proper petition, the commissioner shall set a time and place for hearing thereof, which shall not be less than ten nor more than 30 days after such filing. He shall cause notice of such hearing to be given by mail to the parties to the contract affected and to the person or persons named in the petition as authorized to receive notice, and in addition shall cause a notice thereof to be published in a newspaper qualified to publish proceedings of the district board concerned.

Subd. 10. The state board shall adopt rules governing the proceedings for review not inconsistent with the requirements hereof. Such rules shall be designed to give a full and fair hearing and to permit interested parties an opportunity to produce evidence relating to the issues involved. Such rules may provide that any question of fact to be determined upon such review may be referred to one or more members of the board or to an employee of the state board of education acting as a referee to hear evidence and report to the state board the testimony taken.

Subd. 11. The state board, or the parties to the proceedings, or any person designated to receive evidence upon a review shall have the same right to issue and procure subpoenas and administer oaths as are granted in proceedings before the department of labor and industry. There shall be a stenographic record made of all testimony given and other proceedings during such hearing, and as far as practicable, rules governing reception of evidence in courts shall obtain.

Subd. 12. The decision of the state board shall be in writing and the controlling facts found upon which the decision is made shall be stated in sufficient detail to appraise the parties and the reviewing court of the basis and reason of the decision. If it is the decision of the state board that none of the grounds of disapproval specified herein exist, the contract in question shall be approved; if it is the decision of the state board that one or more of those grounds exist, the contract shall be disapproved.

Subd. 13. The decision of the state board may be reviewed on certiorari by the district court of the county in which the school district or any part thereof is located, and the reasonableness of the state board's decision under all the circumstances of the case shown by the record will be a judicial question of fact.

Subd. 14. The fact of approval or disapproval of a contract shall not be evidence in any civil or criminal proceeding growing out of the making or performance of the contract or related to the official conduct of the members of the district board. Proceedings or failure to proceed shall not preclude any civil or criminal act otherwise proper. Necessary costs and disbursements, exclusive of those incurred in the admin-

istrative proceedings, on review by certiorari shall be taxed against the losing party and in the event taxed against the state shall be paid from the appropriations made to the state department of education for the payment of special state aids.

123.38 CO-CURRICULAR AND EXTRACURRICULAR ACTIVITIES OF INDEPENDENT SCHOOL DISTRICTS; INSURANCE. Subdivision 1. Whenever it shall appear to be beneficial and for the best interest of the district and the pupils of the district to carry on any school sport activities or educational activities connected with their studies outside of the territorial limits of the school district, the board may authorize such activities to be conducted under such rules and regulations as the board deems sufficient. The district may pay all necessary costs therefor including transportation from the school district funds available.

Subd. 2. The board shall take charge of and control all co-curricular school activities of the teachers and children of the public schools in that district held in the school building or school grounds or under the supervision or direction of the school board and to that end adopt rules and regulations for the conduct of these activities in which the schools of the district or any class or pupils therein may participate. All money received on account of such activities shall be turned over to the school district treasurer, who shall keep the same in the general fund or the area vocational technical institutes fund, if applicable, to be disbursed for expenses and salaries connected with the activities, or otherwise, by the board upon properly allowed itemized claims.

No co-curricular activity shall be participated in by the teachers or pupils in the public schools of such district, nor shall the school name or any allied name be used in connection therewith, except by consent and direction of the board.

Subd. 2a. Co-curricular activities shall mean school sponsored and directed activities designed to provide opportunities for pupils to participate, on an individual or group basis, in school and public events for the improvement of skills. Co-curricular activities are not offered for school credit, cannot be counted toward graduation and have one or more of the following characteristics:

(a) They are conducted at regular and uniform times during school hours, or at times established by school authorities;

(b) Although not offered for credit, they are directed or supervised by instructional staff in a learning environment similar to that found in courses offered for credit;

(c) They are partially funded by public moneys for general instructional purposes under direction and control of the board.

Subd. 2b. The board may take charge of and control all extra curricular activities of the teachers and children of the public schools in the district. Extra curricular activities shall mean all direct and personal services for public school pupils for their enjoyment that are managed and operated under the guidance of an adult or staff member. Extra curricular activities have all of the following characteristics:

(a) They are not offered for school credit nor required for graduation;

(b) They are generally conducted outside school hours, or if partly during school hours, at times agreed by the participants, and approved by school authorities;

(c) The content of the activities is determined primarily by the pupil participants under the guidance of a staff member or other adult.

If the board does not take charge of and control extra curricular activities, these activities shall be self-sustaining with all expenses, except direct salary costs and indirect costs of the use of school facilities, met by dues, admissions or other student fund-raising events; moreover, the general fund or the area vocational technical institutes fund, if applicable, shall reflect only those salaries directly related to and readily identified with the activity and paid by public funds and other revenues and expenditures for extra curricular activities shall be recorded pursuant to the "Manual of Instructions for Uniform Student Activities Accounting for Minnesota School Districts". If the board takes charge of and controls extra curricular activities, any or all costs of these activities may be provided from school revenues and all revenues and expendi-

tures for these activities shall be recorded in the same manner as other revenues and expenditures of the district. If the board takes charge of and controls extra curricular activities, no such activity shall be participated in by the teachers or pupils in the district, nor shall the school name or any allied name be used in connection therewith, except by consent and direction of the board.

Subd. 3. The board may enter into a contract providing for the payment of cash benefits or the rendering or payment of hospital and medical benefits, or both to school children injured while participating in activities of the school, such contract to make the payment of such benefits or the rendering thereof the direct and sole obligation of the association or company entering into such contract with the district.

If the board deems it advisable, it may authorize employees to collect fees from the pupils enrolled in said school who are to be or are covered by such contract, and to make payment of the premium or other charge for such contract or protection. The payment of such premium or other charge may be made from funds received from the federal government or from the state or any governmental subdivision thereof, or from funds derived by a tax levy or the issuance of bonds.

The payment of any fees, premium or other charge by such child shall not thereby make the district liable for any injuries incurred from such school activities.

Subd. 4. The insurance laws of this state shall not apply to non-profit benefit and relief associations formed by public schools or officers of public schools or the Minnesota state high school league, the privileges of which and applications for membership in which are confined to pupils of the schools, and the benefits and relief to be derived therefrom are limited to pupils injured or disabled from participation in school athletics or any supervised school activity.

123.39 INDEPENDENT SCHOOL DISTRICTS, TRANSPORTATION. Subdivision 1. The board may provide for the free transportation of pupils to and from school, and to schools, in other districts for grades and departments not maintained in the district, including high school, at the expense of the district, when funds are available therefor and if agreeable to the district to which it is proposed to transport the pupils, for the whole or a part of the school year as it may deem advisable, and subject to its rules. Every driver shall possess all the qualifications required by the rules of the state board of education. In any special or independent district, the board shall arrange for the attendance of all pupils living two miles or more from the school, through suitable provision for transportation or for the boarding and rooming of such pupils as may be more economically and conveniently provided for by such means. The district is authorized to provide for the transportation of pupils or expend a reasonable amount for room and board of pupils whose attendance at school can more economically and conveniently be provided for by such means or who attend school in a building rented or leased by a district within the confines of an adjacent district.

Subd. 2. The board may contract for the furnishing of authorized transportation under rules established by the commissioner of education, and may purchase gasoline and furnish same to a contract carrier for use in the performance of a contract with the school district for transportation of school children to and from school.

Subd. 3. The board may purchase buses on the installment plan, the installments to be all paid within a period of not to exceed three years from the date of purchase and the deferred payments to bear a rate of interest of not to exceed six percent per annum.

Subd. 4. The board may provide for the instruction of any resident pupil in another district when inadequate room, distance to school, unfavorable road conditions, or other facts or conditions make attendance in his own district unreasonably difficult or impractical, in which case such district shall pay to the district so attended the tuition agreed upon or charged, and may provide transportation; provided, that such pupil shall continue to be a pupil of the district of his residence for the payment of apportionment and other state aids.

Subd. 5. The board may provide for the admission to the schools of the district, of non-resident pupils, and those above school age, and fix the rates of tuition for such pupils.

Subd. 5a. [Repealed, 1978 c 764 s 143]

Subd. 6. The board may transport pupils residing outside of the district but attending school therein if these pupils present themselves within the district on one of the regular routes traveled in the transportation of the pupils of the district.

Subd. 7. If high school pupils from a district within this state are being transported to a school in another state, the board of the district from which the pupils are being transported may provide free transportation and tuition for any or all of its elementary pupils to such school in another state and be entitled to state aid as provided by law.

Subd. 8. The board may rent to any person, for any lawful purpose, any bus owned by the school district. The use and operation of such bus by such person shall not interfere with the use and operation of such bus by the district for the transportation of children to and from school. Any such lessee so leasing or renting buses may use and operate the same as provided in this section without the payment of a motor vehicle tax thereon as provided by law. Any such lessee shall be liable for any and all claims for injuries and damages arising out of the use and operation of any bus so leased or rented; and the leasing or renting of any such bus shall be conditioned upon said lessee or renter procuring, at his own expense, insurance protecting said board and said district against any and all claims for injuries and damages arising out of the use and operation of said bus.

Subd. 8a. Notwithstanding the provisions of section 221.021, any public school district or school bus contractor providing transportation services to a school district on a regular basis in this state may operate school buses, excluding motor coach buses, for the purpose of providing transportation to nonpupils of the school district attending school events, as defined in section 123.38, subdivision 2a or 2b, provided that no person having a charter carrier permit has his principal office and place of business or bus garage within 12 miles of the principal office of the school district. School district owned buses and the operators thereof shall otherwise comply with the provisions of this section and the rules of the state board of education and shall be insured in at least the amounts stated in section 466.04, subdivision 1. In all cases the total cost of providing such services, as determined by sound accounting procedures, shall be paid by charges made against those using the buses.

Subd. 8b. School districts may use school district owned or contractor operated school buses to provide transportation along regular school bus routes on a space available basis for senior citizens who are 62 years of age or older, provided that this use of a bus does not interfere with the transportation of pupils to and from school or other authorized transportation of pupils. In all cases, the total additional cost of providing these services, as determined by sound accounting procedures, shall be paid by charges made against those using these services or some third party payor. In no case shall the additional cost of this transportation be paid by the school district.

The provisions of section 65B.47, subdivision 4, shall be applicable to senior citizens being transported pursuant to this subdivision.

Subd. 9. The board may provide for the protection of school children in the district being transported for all school purposes or activities in district owned, operated, leased, or controlled motor vehicles against injuries or damages arising out of the operation thereof. If the board deems it advisable, insurance may be procured and paid for from any funds available. Any insurance contract covering such risk shall contain as a condition precedent, a clause or provision expressly waiving the defense, by the insurer, that the district is engaged in a governmental function. The payment of any insurance premiums by such district shall not hereby make the district liable for any injuries or damages incurred by such transportation.

Subd. 10. The board may provide and pay the premiums for the protection for school children, instructors and automobile owners, and any other agency cooperating in providing cars for districts where driver training courses are being offered, against public liability, property damage, collision, fire and theft, arising out of the operation of any vehicle used in the courses. Nothing herein shall make the district liable for injuries resulting from the actions of such persons.

Subd. 11. The board may provide and pay the premiums for insurance against injuries resulting to its pupils while assigned to and acting on a school safety patrol, which insurance may provide for the payment of either cash benefits to such injured pupil or for the payment of hospital and medical benefits to or for such injured pupil,

Subd. 13. The board shall contract with any licensed developmental achievement center attended by a resident handicapped person who fulfills the eligibility requirements of section 252.23, subdivision 1, to transport the resident handicapped person to the developmental achievement center in return for payment by the center of the cost of the transportation, if transportation by the board is in the best interest of the handicapped person and is not unreasonably burdensome to the district and if a less expensive, reasonable, alternative means of transporting the handicapped person does not exist. If the board and the developmental achievement center are unable to agree to a contract, either the board or the center may appeal to the commissioner of education to resolve the conflict. All decisions of the commissioner shall be final and binding upon the board and the center.

EDUCATIONAL COOPERATIVE

SERVICE UNITS

123.58 EDUCATIONAL COOPERATIVE SERVICE UNITS. Subdivision 1. **Declaration of policy.** It is declared to be a policy of the state to make general and uniform educational opportunities available to all school children in the state. In striving toward this equalizing of educational opportunity, the policy of the state shall be

MINNESOTA STATUTES 1978

2011

SCHOOL DISTRICTS; ELECTION, POWERS AND DUTIES 123.58

to encourage cooperation in making available to all students those educational programs and services which may most efficiently and economically be provided by a consortium effort of several school districts.

Subd. 2. Establishment of educational cooperative service units. (a) In furtherance of this policy, ten educational cooperative service units are designated. Each unit, should it become operational, shall be termed an educational cooperative service unit, hereafter designated as an ECSU. Geographical boundaries for each ECSU shall coincide with those identified in governor's executive orders 8, dated September 1, 1971, and 59, dated May 29, 1973, issued pursuant to the regional development act of 1969, Minnesota Statutes, Sections 462.381 to 462.397, with the following exceptions:

(i) Development regions one and two shall be combined to form a single ECSU;

(ii) Development regions six east and six west shall be combined to form a single ECSU;

(iii) Development regions seven east and seven west shall be combined to form a single ECSU.

The ECSU shall cooperate with the regional development commission for the region with which its boundaries coincide but shall not be responsible to nor governed by that regional development commission.

(b) The geographic location of the central administrative office of a school district shall determine the membership of the total school district in a particular ECSU. Existing school district boundaries shall not be altered as a result of this section.

(c) Two or more identified ECSU units may, upon approval by a majority of school boards of participating school districts in each affected ECSU, be combined and administered as a single ECSU unit but state assistance shall be allocated on the basis of two or more ECSU units.

(d) The initial organization of each ECSU may occur only upon petition to the state board of education by a majority of all school districts in an ECSU. The state board of education shall, upon receipt of this petition, invite representation from all public school districts in an ECSU at a regional meeting. The state board of education shall then assist in the necessary organizational activities for establishment of an ECSU pursuant to the requirements of this section.

Subd. 3. Purpose of ECSU. The primary purposes of designation as an ECSU shall be to perform educational planning on a regional basis and to assist in meeting specific educational needs of children in participating school districts which could be better provided by an ECSU than by the districts themselves. The ECSU shall provide those educational programs and services which are determined, pursuant to subdivision 8, to be priority needs of the particular region and shall assist in meeting special needs which arise from fundamental constraints upon individual school districts.

Subd. 4. Membership and participation. Full membership in an ECSU shall be limited to public school districts of the state but non-voting associate memberships shall be available to non-public school administrative units within the ECSU. Participation in programs and services provided by the ECSU shall be discretionary and no school district shall be compelled to participate in these services under authority of this section, except that all school districts whose central administrative offices are within that ECSU whose boundaries coincide with those of development region 11 shall participate in the planning and planning research functions of that ECSU. No planning or planning research decision of that ECSU shall be binding on these region 11 districts. Non-public school students and personnel may participate in programs and services to the extent allowed by law.

Subd. 5. Governing board. (a) The care, management, and control of an ECSU shall be vested in a board of directors composed of not less than six nor more than 15 members. Members of the ECSU board of directors shall be current members of school boards of participating public school districts. Election to the ECSU board of directors shall be by vote of all current school board members of participating public school districts with each school board member having one vote.

(b) At the initial election, not less than six nor more than 15 members shall be elected at large from the ECSU, one-third of the members for a one year term from July 1 next following the election, one-third of the members for a two year term, and one-third of the members for a three year term, to serve until a successor is elected and qualifies; provided that if the number of members is not evenly divisible by three,

MINNESOTA STATUTES 1978

123.58 SCHOOL DISTRICTS; ELECTION, POWERS AND DUTIES

the membership will be as evenly distributed as possible among one, two, and three year terms with the remaining members serving the three year term. Elections shall occur after the third Tuesday in May but not later than June 15, or within 90 days following the filing of the initial petition with the state board of education. Thereafter, members shall be elected to serve a term of three years beginning on July 1 next following the election.

(c) Notwithstanding any contrary provisions in (a) and (b), the school boards of districts within that ECSU whose boundaries coincide with those of development region 11 may form a representative assembly composed of one current school board member from each district. The care, management, and control of that ECSU shall be vested in the representative assembly if one is formed. The representative assembly shall elect an executive committee of not less than six nor more than 15 members to terms as provided in clause (b) to have those powers and to carry out those duties delegated to it by the representative assembly. In the election of its executive committee, the representative assembly shall establish such electoral districts as necessary to ensure proportional representation based on school enrollments within the ECSU. The provisions of clauses (d), (e), (f) and (g) of this subdivision shall apply to the executive committee of this ECSU.

(d) A vacancy on the board which results in an unexpired term shall be filled by appointment by the board of directors until such vacancy can be filled at the next annual election.

(e) The first meeting of the ECSU board shall be at a time mutually agreed upon by board members. At this meeting, the ECSU board shall choose its officers and conduct any other necessary organizational business. The ECSU board may, in its discretion, appoint up to three superintendents of school districts within the ECSU as *ex officio*, non-voting members of the board.

(f) The officers of the ECSU board shall be a chairman, vice chairman, clerk and treasurer, no two of whom when possible shall be from the same school district.

(g) A member of the ECSU board shall have the same liability applicable to a member of an independent school board.

Subd. 6. Duties and powers of ECSU board of directors. The board of directors shall have authority to maintain and operate an ECSU. Subject to the availability of necessary resources, the powers and duties of this board shall include the following:

(a) The board of directors shall submit within 90 days after the filing of the initial petition with the state board of education and by June 1 of each year thereafter to the state board of education and to each participating school district an annual plan which describes the objectives and procedures to be implemented in assisting in resolution of the educational needs of the ECSU.

(b) The ECSU board of directors may provide adequate office, service center, and administrative facilities by lease, purchase, gift, or otherwise, subject to the review of the state board of education as to the adequacy of the facilities proposed.

(c) The ECSU board of directors may employ a central administrative staff and other personnel as necessary to provide and support the agreed upon programs and services. The board may discharge staff and personnel pursuant to provisions of law applicable to independent school districts. ECSU staff and personnel may participate in retirement programs and any other programs available to public school staff and personnel.

(d) The ECSU board of directors may appoint special advisory committees composed of superintendents, central office personnel, building principals, teachers, parents and lay persons.

(e) The ECSU board of directors may employ service area personnel pursuant to licensure standards developed by the state board of education and the board of teaching.

(f) The ECSU board of directors may enter into contracts with school boards of local districts including school districts outside the ECSU area.

(g) The ECSU board of directors may enter into contracts with other public and private agencies and institutions which may include, but are not limited to, contracts with Minnesota institutions of higher education to provide administrative staff and other personnel as necessary to furnish and support the agreed upon programs and services.

(i) The ECSU board of directors shall submit an annual evaluation report of the effectiveness of programs and services to the school districts within the ECSU and the state board of education by September 1 of each year following the school year in which the program and services were provided.

(j) The ECSU board is encouraged to establish cooperative, working relationships with post-secondary educational institutions in the state.

Subd. 7. Appointment of an advisory council. There shall be an advisory council selected to give advice and counsel to the ECSU board of directors. This council shall be composed of superintendents, central office personnel, principals, teachers, parents, and lay persons. A plan detailing procedures for selection of membership in this council shall be submitted by the ECSU board of directors to the state board of education.

Pursuant to subdivision 6, and rules and regulations of the state board of education, the board of directors of each operational ECSU shall submit annually a plan to the school districts within the ECSU and the state board of education. The plan shall identify the programs and services which are suggested for implementation by the ECSU during the following school year and shall contain components of long range planning determined by the ECSU in cooperation with the state board of education and other appropriate agencies. The ECSU board of directors may, in each year, for the purpose of paying any administrative, planning, operating, or capital expenses incurred or to be incurred, assess and certify to each participating school district and non-public school administrative unit its proportionate share of any and all expenses. This share shall be based upon the extent of participation by each district or non-public school administrative unit and shall be in the form of a service fee. Each participating district and non-public school administrative unit shall remit its assessment to the ECSU board as provided in the ECSU bylaws. The assessments

shall be paid within the maximum levy limitations of each participating district. No participating school district or non-public school administrative unit shall have any additional liability for the debts or obligations of the ECSU except that assessment which has been certified as its proportionate share or any other liability the school district or non-public school administrative unit agrees to assume.

(b) Any property acquired by the ECSU board is public property to be used for essential public and governmental purposes which shall be exempt from all taxes and special assessments levied by a city, county, state or political subdivision thereof.

The loan or provision of the instructional materials shall be subject to rules promulgated by the state board of education.

The commissioner shall allot to the school districts or intermediary service areas the total cost for each school year of providing or loaning the instructional materials for the pupils in each nonsectarian nonpublic school which shall not exceed the product of the statewide average expenditure per pupil multiplied by the number of nonsectarian nonpublic school pupils who make requests pursuant to this subdivision and who are enrolled as of September 15 of the current school year.
