201.061 REGISTRATION. Subdivision 1. An eligible voter or any person who upon registration will have the qualifications of an eligible voter at the next election may register as a voter in the precinct in which he resides, at any time prior to the 20th day preceding any election by completing a registration card and submitting it to the county auditor of the county where he resides. Registration cards may be submitted to the county auditor in person or by U.S. mail addressed and postage paid. A registration card that is postmarked no later than 11:59 p.m. on the 20th day preceding any election or received on the next working day shall be deemed timely. Improperly addressed or delivered registration cards shall be forwarded within two working days from receipt by an official receiving one to the auditor of the county where the voter resides if the county can be determined.

Subd. 2. The provisions of subdivision 1 shall not apply to any political subdivision which does not on July 1, 1973 have a permanent system of voter registration provided that the governing body of any political subdivision may by ordinance or resolution elect to come under the provisions of subdivision 1. Once having so elected, the action may not be rescinded.

Subd. 3. An individual who on election day presents himself at the polling place for the precinct in which he resides and who is not registered but is otherwise eligible

to vote may nevertheless vote upon registering. An individual may register at this time by completing a registration card, making an oath in the form prescribed by the secretary of state and providing proof of his residence. An individual may prove his residence by:

(1) Showing his drivers license or Minnesota identification card issued pursuant to section 171.07;

(2) Providing any document approved by the secretary of state as proper identification; or

(3) Having an individual who is registered to vote in the precinct sign an oath in the presence of the election judge that he personally knows that the applicant is a resident of the precinct. No individual who registers to vote on election day by proving residence as provided in clause (3) shall provide proof of residence for any other individual on that election day.

The election judge responsible for election day registration shall attempt to keep a record of and forward to the county auditor the number of individuals who attempt to register on election day but who cannot provide proof of residence as required by this section.

Forms for the card and oaths shall be available at each polling place. When an individual signs an oath that he personally knows that an applicant is a resident of the precinct the oath shall be attached to the applicant's registration card until the address of the applicant is verified by the county auditor. Forms used pursuant to this section shall be forwarded to the auditor who shall, unless the information forwarded is substantially deficient, add the name of the voter to the registration system. If the auditor finds a registration pursuant to this subdivision substantially deficient he shall give written notice to the person whose registration is found deficient. A registration deficient only because the individual who provided proof of residence was ineligible to do so shall not be considered deficient, and the name of the voter shall be added to the registration system.

Subd. 4. Registration at the polls on election day shall be conducted by the election judges. The election judge who registers a person at the polls on election day shall not be the same judge who shall have charge of and hand to and receive from the voter his ballots.

Subd. 5. In case a voter is unable to write his name, he shall be required to make a cross, which shall be certified by signing the name of the applicant by the registration clerk taking the application. If the registration card is submitted by mail the cross shall be certified by having a voter registered in the precinct of the applicant sign the name of the applicant and sign his own name and give his own address.

Subd. 6. Each eligible voter is entitled to vote only in the one precinct in which he resides. The judges of election in any election precinct may not receive the vote at any election of any person whose name is not registered in accordance with the provisions of Laws 1973, Chapter 676. The auditor shall supply the judges in each precinct with an accurate map or precinct finder of the precinct to assist them in determining whether a newly registering voter is registering in the proper precinct.

Subd. 7. Voters registered under Minnesota Statutes 1971 shall not be required to reregister under Laws 1973, Chapter 676.

Subd. 8. Any political subdivision which did not on July 1, 1973 have a permanent system of voter registration shall provide prior to the date of the 1974 primary election for the transfer of names of persons who voted at the general election in 1972 and who are not permanently registered to permanent registration cards, together with such other information available from the election records as is required by section 201.071, subdivision 1. Such registration cards shall be alphabetized by precinct and the cards for each precinct shall be kept at the polling place on the 1974 primary and general election days. Persons whose registration cards have been so prepared and who have not changed residence shall be deemed registered by proving identity and signing the registration card.

Subd. 9. For the general election in 1974 only, each political subdivision which did not on July 1, 1973 have a permanent system of voter registration shall provide

Subd. 2. When made available for potential registrants the registration card shall be accompanied by instructions specifying the manner and method of registration and stating the qualifications for an eligible voter and specifying penalties for false registration.

Subd. 3. No registration is faulty or defective if the registration card contains the voter's name, address, prior registration if any and signature, as in items 1, 2, 5 and 6 of the registration card above. The absence of a zip code number does not cause the registration to be faulty or defective. The judges of election may request a voter to complete a registration card that is incomplete or illegible. No voter may be prevented from voting unless his registration is faulty or defective or he is duly and successfully challenged in accordance with provisions of this chapter.

Subd. 4. Any county auditor who receives a registration card indicating that a voter was previously registered in a different county in Minnesota shall notify the auditor of that county on a form prescribed by the secretary of state. A county auditor receiving a registration card indicating that a voter was previously registered in a different precinct in the same county or a notification form from the auditor of another county, as provided in this subdivision, shall delete that voter's name from the registration lists and remove the original and duplicate voter registration cards from the files. Any auditor who receives a registration card or notification requiring a change of registration records under this subdivision shall also check the duplicate registration card from the precinct of prior residence to determine whether the voter voted in that precinct in the most recent election.

(2) The duplicate registration file of the voters.

Subd. 2. The original registration file and the duplicate registration file shall be the record of voters. The original and duplicate registration files shall be kept in the office of the county auditor or in the office of a person to whom the county auditor has delegated the responsibility of keeping either file and shall not be removed except that the duplicate file shall be delivered to the duly authorized judges of election for use on election day.

This list shall be known as the precinct list and shall show the names and residence address of all voters registered within the precinct. The telephone number shall be included on the list when provided by the person registering.

Subd. 2. Within 90 days after each general election, the county auditor shall have available current registered voter lists by precinct for the county. The list shall be periodically corrected and updated by the auditor, and a final corrected list shall be available 15 days before each primary election. A corrected list may be either in the form of a complete corrected list or as a separate list of additions and deletions to the preceding list.

Subd. 2a. If the responsibility for maintaining the duplicate registration file has been delegated by the county auditor in accordance with section 201.081, subdivision 2, the official maintaining the duplicate registration file shall deliver the original voter registration cards to the county auditor within 30 days after the primary election and within 60 days after a general election. Within 60 days after he receives the original voter registration cards after a general election the county auditor shall send back the corrected list of registered voters to the official maintaining the duplicate registration file.

Subd. 2b. Subject to reasonable rules and regulations, the duplicate registration file shall be open to public inspection, but no public inspection shall be permitted or allowed that will disarrange the registration files. No person to whom a file of registered electors is made available under this subdivision and no person who acquires a list of registered electors prepared from the file may use any information contained therein for purposes which are not related to elections, political activities, or law enforcement.

Subd. 3. Paper copies of the latest registered voter lists as specified in subdivision 2 shall be available within ten days of a request to any voter registered within the county, upon written request therefor to the county auditor accompanied by payment of the cost of reproduction and a paper copy of the list shall be available for examination without cost. No person to whom a registered voter list is made available under this subdivision and no person who acquires a registered voter list may use any information contained therein for the purposes which are not related to elections, political activities, or law enforcement.

201.12 PROPER REGISTRATION, VERIFICATION BY MAIL, CHALLENGES.

For the purpose of preventing fraudulent voting and eliminating excess names, the county auditor, at any time he deems it necessary, may send by mail to any voter whose name appears in the original registration file a notice that his name and address appear therein as indicated; and, if there is any mistake in the name or the address, the voter shall so notify the office of the county auditor and have the same corrected. Failure to do so or the return of the notice by the post-office to the county auditor shall be sufficient evidence to justify a challenge of his vote at an election, which challenge shall be signed by the county auditor. Upon the return by the post-office of any such notice, the county auditor shall direct a deputy or clerk in his office to personally ascertain the name and address of any such voter; and, if such voter is found to have removed from the address recorded in the original registration file, the county auditor shall cause to be affixed to the duplicate registration file card of the voter the word "challenged." No person so challenged shall be permitted to vote except by complying with all provisions of law applicable to the proving of challenges.

Subd. 2. The county auditor shall mail to each registrant a notice indicating the voter's name, address, precinct and polling place. The notice shall require that it be returned if not deliverable to the voter at the named address. For any notice that is returned the county auditor shall cause to be affixed to the duplicate registration card of the voter the word "challenged". No individual so challenged shall be permitted to vote except by complying with all provisions of law applicable to the proving of challenges.

Subd. 3. In the case of election day registrations, the county auditor shall within ten days of the election send the notice prescribed in subdivision 2 to a random sampling of the election day registrants. The random sampling shall be determined in accordance with the rules of the secretary of state. The county auditor shall send the notice prescribed in subdivision 2 to all other election day registrants as soon as practicable after the election. If any notice is returned as not deliverable, the county auditor shall attempt to determine the reason for the return. If, upon inquiry, the county auditor does not receive or obtain satisfactory proof of the registrant's eligibility to vote, he shall immediately notify the county attorney and the secretary of state of the irregularity.

(h) The residence of a single person shall be considered to be where he usually sleeps;

(i) The mere intention to acquire a new residence, without the fact of removal, shall avail nothing, neither shall the fact of removal without the intention;
