[1937 c 233 s 5] (1933-9e)

471.191 ACQUISITION OF FACILITIES. Subdivision 1. Any city operating a program of public recreation and playgrounds pursuant to sections 471.15 to 471.19 may acquire or lease, equip, and maintain land, buildings, and other recreational facilities, including, but without limitation, outdoor or indoor swimming pools, skating rinks and arenas, athletic fields, golf courses, marinas, concert halls, and facilities for other kinds of athletic or cultural participation, contests, and exhibitions, together with related automobile parking facilities as defined in section 459.14, and may expend funds for the operation of such program and borrow and expend funds for capital costs thereof pursuant to the provisions of this section. Any facilities to be operated by a nonprofit corporation, as contemplated in section 471.16, may be leased to the corporation upon such rentals and for such term, not exceeding 30 years, and subject to such other provisions as may be agreed; including but not limited to provisions (a) permitting the lessee, subject to whatever conditions are stated, to provide for the construction and equipment of the facilities by any means available to it and in the manner determined by it, without advertisement for bids as required for other municipal facilities, and (b) granting the lessee the option to renew the lease upon such conditions and rentals, or to purchase the facilities at such price, as may be agreed; provided that (c) any such lease shall require the lessee to pay net rentals sufficient to pay the principal, interest, redemption premiums, and other expenses when due with respect to all bonds issued for the acquisition or betterment of the facilities, less such amount of taxes and special assessments, if any, as may become payable in any year of the term of the lease, on the land, building, or other facilities leased, and (d) no option shall be granted to purchase the facilities at any time at a price less than the amount required to pay all principal and interest to become due on such bonds to the earliest date or dates on which they may be paid and redeemed, and all redemption premiums and other expenses of such payment and redemption.

Subd. 2. Any such city may issue bonds pursuant to chapter 475, for the acquisition and betterment of land, buildings, and facilities for the purpose of carrying out the powers granted by this section. Such bonds, unless authorized as general obligations of the issuer pursuant to approval of the electors or pursuant to another law or charter provision permitting such issuance without an election, shall be payable solely from the income of land, buildings, and facilities used or useful for the operation of the program, but may be secured by a pledge to the bondholders, or to a trustee, of all income and revenues of whatsoever nature derived from any such land, buildings, and facilities, as a first charge on the gross revenues thereof to the extent necessary to pay the bonds and interest thereon when due and to accumulate and maintain an additional reserve for that purpose in an amount equal to the total amount of such payments to become due in any fiscal year. In this event the governing body of the issuer may by resolution or trust indenture define the land, buildings, or facilities, the revenues of which are pledged, and establish covenants and agreements to be made by the issuer for the security of the bonds, including a covenant that the issuer will establish, maintain, revise when necessary, and collect charges for all services, products, use, and occupancy of the land, buildings, and facilities, in the amounts and at the times required to produce the revenues pledged, and also sufficient, with any other funds appropriated by the governing body from time to time, to provide adequately for the operation and maintenance of the land, buildings, and facilities. From and after the issuance of any bonds for which revenues are so pledged, the governing body of the issuer shall provide in its budget each year for any anticipated deficiency in the reve-

nues available for such operation and maintenance. For this purpose any issuer other than a city of the first class may levy a tax of not more than two-thirds of one mill on the assessed valuation of all taxable property within its corporate limits, in excess of taxes which may otherwise be levied within legal and charter limitations, provided such excess levy is approved by a majority of its electors voting on such question at a regular or special election. The authority to levy additional taxes granted herein shall not apply to cities or towns in which the assessed valuation consists in part of iron ore or lands containing taconite or semi-taconite.

Subd. 3. Any such city may acquire land, buildings, and facilities for the purpose of carrying out the powers granted by this section under a lease agreement for a term not exceeding 30 years, vesting title in the lessee upon the payment of all amounts due and the performance of all covenants thereunder, provided that the rentals under any such lease agreement shall be payable solely from the revenues of the leased property. The terms and conditions of the lease agreement shall be established by resolution of the governing body of the lessee, and may include a pledge to the lessor of all income and revenues of whatsoever nature derived from the leased property, as a first charge on the gross revenues thereof to the extent necessary to pay the rentals when due, and a covenant that the lessee will establish, maintain, revise when necessary, and collect charges for all service, products, use, and occupancy of the leased property in the amounts and at the times required to produce the revenues pledged, and also sufficient, with any other funds appropriated by the governing body from time to time, to provide adequately for the operation and maintenance of the property. From and after the execution of any such lease agreement, the governing body of the lessee shall provide for any deficiencies in the revenues available for operation and maintenance, to the same extent and in the same manner as provided in subdivision 2. If such lease agreement is entered into with a nonprofit corporation as owner and lessor, organized and existing under chapter 317 for the sole purpose of providing and leasing such land, buildings, and facilities for public use and of conveying the same to the lessee when all sums borrowed therefor have been repaid, such corporation shall be deemed to be a public corporation, agency, and instrumentality of the city, and obligations incurred by it for this purpose, together with the interest on such obligations, shall be exempt from taxation to the same extent as obligations of the city. Any mortgage or trust indenture executed by such corporation for the security of its obligations may provide for the segregation and payment of rentals and revenues of land, buildings, and facilities directly by the lessee to the mortgagee or trustee, whether or not such mortgagee or trustee is in possession under foreclosure proceedings or otherwise, and the mortgage or trust indenture may be enforced by foreclosure and sale and by any other remedy at law or in equity which is available in the event of default in payment of amounts due and performance of covenants under any mortgage of real or personal property; provided that no such mortgage or trust indenture shall impair the continued right of the lessee to the use and enjoyment of the land, buildings, and facilities so long as the lessee is not in default in the payment of rentals due and in the performance of covenants under the lease agreement.

Subd. 4. Any and all properties acquired and used, whether under lease or otherwise, by a city for the purposes authorized and contemplated in this section shall be deemed and are declared to be public property exclusively used for a public purpose and as such exempt from taxation, so long as and to the extent that such property is devoted to said purposes and is not subleased to any private individual, association, or corporation in connection with a business conducted for profit, for a term of three or more years. An agreement whereby a city, as owner or lessee, employs a private individual, association, or corporation to operate facilities for use of the public, for the purposes herein contemplated and subject to regulation by the public owner or lessee, is not a sublease for the purpose of this subdivision.

Subd. 5. All obligations issued by any city pursuant to this section are issued for the acquisition or betterment of revenue producing public conveniences and are payable wholly from the income thereof, within the meaning of all provisions of chapter 475. The rentals payable under a lease and the securities issued by the lessor pursuant to subdivision 3 are not obligations within the meaning of chapter 475.

Subd. 2. Powers of a commission shall be exercised only in the manner prescribed by ordinance and no action of a commission shall contravene any provision of a municipal zoning or planning ordinance unless expressly authorized by ordinance.

Subd. 4. If a commission is established by the city of St. Paul, it shall for the purpose of this section exclude any jurisdiction over the capitol area as defined in section 15.50, subdivision 2.

471.371 CONTRACTS FOR CONSTRUCTION OF TREATMENT WORKS. Subdivision 1. **Policy.** The United States Environmental Protection Agency is in the process of promulgating rules and regulations under the Federal Water Pollution Control Act which authorize the award of grants for treatment works to be constructed under a contract providing for single source responsibility for the design and construction of the facilities. The legislature determines that such contracts should help prevent pollution, thereby protecting the public health and the environment, should encourage more effective use of existing technology and the development of new technology for waste treatment, should better assure that treatment works will be designed and built to meet applicable treatment standards, and should reduce the time interval between the initial application for a grant and the commencement of operation of the facilities.

Subd. 2. **Authorization of design and construct contracts.** Notwithstanding the provisions of any law or charter to the contrary, any municipality authorized by law to enter into a contract for the design and/or construction of treatment works facilities may advertise for sealed bids for the design and construction thereof under a single contract. Prior to such advertisement the municipality shall prepare contract documents which shall serve as a basis for the comparison of bids and any contract to be entered into. These documents shall be prepared by a professional engineer in sufficient detail for the bidder to describe the probable cost, scope of work, equipment and materials of construction, and the documents shall include performance standards for

MINNESOTA STATUTES 1978

5939 RIGHTS, POWERS, DUTIES; SEVERAL POLITICAL SUBDIVISIONS 471.38

the construction and supervisory operation of the facilities which must be met for specified conditions and time periods, prior to final acceptance of the facilities by the municipality and by the Minnesota pollution control agency. The contract documents shall require the bidder to furnish estimates of the annual operation and maintenance costs of the facility, conceptual plans and specifications and any other information deemed relevant for contract award.

In awarding the contract, the municipality shall take into consideration the performance guarantee, completion date, construction cost, capacity of the facility, estimated annual operation and maintenance cost, and other relevant factors.

The provisions of any law which require the Minnesota pollution control agency to approve all plans and specifications on a municipal or regional waste treatment facility prior to calling for construction bids shall not be applicable to contracts authorized by this section. However, after bids have been received and evaluated by the governing body and the best bid determined, a municipality shall not award a contract until the award is approved by the Minnesota pollution control agency. Nothing in this section shall prohibit the Minnesota pollution control agency from giving consideration to any or all bids prior to the determination by the governing body of the best bid, provided that the Minnesota pollution control agency or the municipality request that such consideration be given.

Upon award of the contract the municipality shall require the bidder to furnish detailed plans and specifications and shall provide for termination of the contract and may provide for penalties if such plans and specifications are insufficient to permit the municipality to satisfy the requirements of any federal or state grant.

Subd. 3. Limitations. The provisions of subdivision 2 shall not in any way limit the application and effect of laws governing the practice of architecture, professional engineering, or land surveying in this state, including sections 326.02 to 326.16, and 541.051.

Subd. 4. Definitions. As used in this section, "municipality" has the meaning given to it in section 471.345; "contract" includes not only construction work but also all necessary design services, including process and mechanical equipment, provisions for the start-up of the new facility, performance guarantee, and the other necessary and related items to make an operable plant; and "treatment works" has the meaning given to it in Section 212, Title II, of the Federal Water Pollution Control Act Amendments of 1972.

Subd. 5. Bid security and insurance. Each design construct bid submitted shall include a bid bond, labor and materials bond and shall conform with appropriate executive orders related to requirements for the construction of wastewater treatment facilities under the construction grant program of the Federal Water Pollution Control Act and insurance as specified to provide for uniform and equitable bid review procedures.

Subd. 6. Bid bonds. A bid bond shall not be less than ten percent of bid price for all services including cost for start-up and an operational period guarantee. Bids of the three best bidders shall be retained by the municipality until the award has been approved in accordance with the provisions of this section.

471.38 CLAIMS. Subdivision 1. **Itemization; declaration.** Except as provided in subdivision 2, where an account, claim or demand against any county, county welfare board, county board of education for unorganized territory, school district, town or home rule charter city of the second, third or fourth class, or any park district, for any property or services can be itemized in the ordinary course of business, the board or officer authorized by law to audit and allow claims shall not audit or allow the claim until the person claiming payment, or his agent, reduces it to writing, in items and signs a declaration to the effect that such account, claim, or demand is just and correct and that no part of it has been paid. The board or officer may in its discretion allow a claim prepared by the clerk or secretary of such board or officer prior to such declaration by the claimant if the declaration is made on the check or order-check by which the claim is paid, as provided in section 471.391, subdivision 2.

Subd. 2. Application. Such duplicate shall correspond in number, date, and amount with the original order or warrant and shall have endorsed on its face by the officers issuing the same the word "duplicate," together with the date of its issuance.

[1941 c 480 s 2]

471.51 AGREEMENTS MUST STATE TIME FOR WHICH PAYMENTS ARE TO BE MADE. Every such agreement shall state the year or years for which the payments are to be made in lieu of the taxes that would have been levied upon the premises concerned for such year or years if the same has been subject to taxation. The proceeds of taxes levied for its support shall be paid into the public works reserve fund. There may be paid into such fund any other revenue not required by statute or charter to be paid into some other fund or used for purposes other than those provided in this section for the use of the public works reserve fund.

Subd. 2. **Purposes.** Except as provided in subdivision 3, the public works reserve fund shall be used only for the specific capital improvement or type of capital improvement designated by the ordinance establishing the fund. If not so designated, it shall be used only for capital improvements of a type for which the municipality establishing the fund is authorized to issue bonds. The term "capital improvement" does not include the construction or acquisition of any steam heat, telephone, gas or electric plant or system. No expenditures shall be made from the public works reserve fund before the first fiscal year following cessation of hostilities in the present war as declared by proper federal authority.

Subd. 3. **May use fund for other purposes upon vote.** The council of any municipality which has established a public works reserve fund by an ordinance designating the specific improvement or type of capital improvement for which the fund may be used may submit to the voters of the municipality at any regular or special election the question of using the fund for some other purpose. If a majority of the votes cast on the question are in favor of such diversion from the original purpose of the fund, it may be used for any purpose so approved by the voters.

471.74 BONDS TO RETIRE UNFUNDED INDEBTEDNESS. Subdivision 1. If any such municipality, prior to January 1, 1943, (or, in the case of municipalities referred to in section 471.73, prior to January 1 of the year preceding the adoption of the resolution referred to in section 471.73) has incurred by proper authority a valid unfunded indebtedness in excess of its cash on hand not specifically set aside for the retirement of bonds and interest thereon, it may, for the purpose only of paying and discharging such indebtedness and interest thereon, issue its bonds in the manner now provided by law, except that such bonds may be issued by vote of the governing body without a vote of the electors. The purchasers of such bonds shall not be charged with notice of the invalidity of any indebtedness, and bonds issued under sections 471.71 to

471.83, in the total amount of such indebtedness as determined by resolution of the governing body, in the hands of any purchaser, shall be valid obligations of the municipality notwithstanding any claim of invalidity of any indebtedness funded thereby. If any money received from taxes payable, or local income received, in 1943 (or, in the case of municipalities referred to in section 471.73, in the year of the adoption of the resolution referred to in section 471.73) have been used prior to the issuance of bonds authorized by sections 471.71 to 471.83 for the retirement of indebtedness which could have been funded under sections 471.71 to 471.83, the bonds issued under such sections may include the amount of such payments for the purpose of reimbursing the funds from which such moneys were paid.

Subd. 2. The governing body of any municipality issuing bonds under sections 471.71 to 471.83 shall, at the time of the issuance thereof, by resolution, provide for a levy of taxes for the payment thereof, such levy to be in accordance with the provisions of chapter 475. Levies for the payment of these bonds shall be within the limitations upon tax levies for the payment of funding bonds in the particular municipality issuing the bonds. Such levies shall be subject to the provisions of sections 275.10, 275.11, 275.125, 275.31, and 275.35, to the extent that these sections are applicable to the municipality issuing such bonds. In all cases the levies for these bonds shall be spread by the county auditor in full and the levy of the municipality for other purposes shall be reduced, if necessary, so that the total amount levied for the municipality does not exceed said limitations.

Subd. 3. Such bonds may be issued and sold to the state of Minnesota pursuant to existing laws at the time of the issuance thereof, except as herein modified, or to private purchasers, or to both.

471.741 [Repealed, 1975 c 162 s 42]

471.75 ORDERS, SUFFICIENT FUNDS; CERTIFICATES OF INDEBTEDNESS.

Subdivision 1. From and after January 1, 1944 (or in the case of municipalities referred to in section 471.73, from and after January 1 of the year following the adoption of the resolution referred to in section 471.73) no municipality subject to sections 471.71 to 471.83 shall draw or issue any order or warrant on any fund (except as authorized by subdivision 6) until there is sufficient money in the fund to pay the same, together with all warrants and orders previously issued against the fund.

Subd. 2. Whenever, from and after the date provided by subdivision 1, the expenses and obligations incurred chargeable to any particular fund of a municipality subject to sections 471.71 to 471.83 in any year are sufficient to absorb such available cash as may remain in the fund from prior years or may have been received from other sources, plus (in the case of school districts) such amounts as have been certified by the State Department of Education as due for state aids of any kind, or income tax distributions for said district for such year, plus the percentage of the entire amount of the tax levy for such fund payable in that year indicated in subdivision 3, neither the governing body nor any officer, board, or employee of such taxing district shall have power, and no power shall exist, to create any additional indebtedness (save as the remainder of such tax levy is collected or available money is received from other sources) which shall be a charge against that particular fund or shall be in any manner a valid claim against such municipality; but such additional indebtedness attempted to be created shall be a personal claim against the officer or member of the governing body voting for or attempting to create the same. Whenever the county auditor shall have certified to the municipality the portion of the remainder of the tax levy which has been collected by the county treasurer, such portion shall be deemed to have been collected within the meaning of this section.

Subd. 3. The percentage of the entire amount of the tax levy which may be expended or against which obligations may be incurred under subdivision 2 shall be 95 percent in the case of any municipality in which the average tax delinquency in the three preceding years shall not exceed 5 percent, and shall be 90 percent in the case of any municipality in which the average tax delinquency in the three preceding years shall exceed five but shall not exceed 10 percent, and shall be 85 percent in the case of any municipality in which the average tax delinquency in the three preceding years shall exceed 10 percent. Taxes involved in litigation as to the amount thereof shall not be considered delinquent within the meaning of this section.

Subd. 4. At any time after the first day of the year following the making of an annual tax levy, the governing body of any municipality may, for the purpose of meeting the obligations of the current year, by resolution, with or without advertisement for bids, issue and sell as many certificates of indebtedness as may be needed in anticipation of the collection of taxes so levied for any fund named in the tax levy, for the purpose of raising money for such fund. All certificates of indebtedness issued under the provisions of sections 471.71 to 471.83 shall be negotiable and shall be payable to the order of the payee and shall have a definite due date, but may be made payable on or before such date. No certificate shall be issued to become due and payable later than the last day of the year of issuance. Such certificates shall not be sold for less than par and accrued interest and shall not bear a greater rate of interest than six percent per annum, which interest shall be payable at maturity or at such earlier times as the governing body may determine. Each certificate shall state upon its face for which funds the proceeds of the certificate shall be used, the total amount of the certificates so issued against such fund, and the total amount embraced in said tax levy for that fund. They shall be numbered consecutively and be in denominations of \$25 or any multiple thereof and shall otherwise be in such form and be made payable at such place as will best aid in their negotiation.

Subd. 5. The total amount of certificates of indebtedness issued against any fund for any year, with interest thereon to maturity, shall not exceed in any municipality that percent of the tax levy for the fund for such year which is prescribed by subdivisions 2 and 3 as the maximum percentage of the tax levy against which obligations may be incurred in the municipality, and the aggregate of outstanding certificates against any fund at no time shall exceed the uncollected portion of such percentage of the tax levy for the fund, and prior to the beginning of the seventh month of the year shall not exceed 50 percent of the uncollected portion of such percentage of the levy. Any such municipality may renew any outstanding certificates of indebtedness from any prior year or issue new certificates, notwithstanding the fact that prior certificates may be unpaid, whenever inability to pay such outstanding prior certificates is due solely to failure to collect sufficient moneys upon the tax levy against which they were issued to discharge such certificates; in the event such certificates are renewed, the municipality may pay accrued interest thereon at the time of renewal. Except as authorized in this subdivision, no certificate for any year shall be issued until all certificates for prior years have been paid, nor shall any certificate be extended.

Subd. 6. If any such municipality is unable to sell certificates of indebtedness in the manner prescribed hereby, it may issue such certificates, within the limitations herein provided, to the treasurer of the municipality, or his order, and deposit the same with him. Certificates so issued shall be held by the treasurer until they may be sold and shall bear interest at not to exceed six percent per annum. The municipality may thereupon, as long as such certificates are on deposit with the treasurer, issue warrants on funds against which such certificates were issued, the principal amount of such warrants not to exceed the total principal amount of the certificates so held by the treasurer. Such warrants shall bear interest at the rate specified by the governing body but not to exceed six percent per annum from and after the day they are presented to the treasurer and stamped "Not paid for want of funds, but protected by certificates of indebtedness now held by me." Such certificates may be sold by the governing body of the municipality for not less than par and accrued interest, and the proceeds of such sale shall be used to take up such warrants in the order of which they were presented to the treasurer, registered by him, and stamped as aforesaid. Interest upon such warrants shall stop upon the date they are called by the treasurer for payment. Such certificates of indebtedness so held by the treasurer shall be paid at the same time and the same manner as if they had been issued to a purchaser thereof. All warrants attempted to be issued and all obligations of indebtedness attempted to be incurred under authority of this subdivision in excess of the principal amount of the certificates of indebtedness so held by such treasurer shall be void.

Subd. 7. The proceeds of the taxes assessed as aforesaid on account of said fund and the faith and credit of the municipality shall be irrevocably pledged for the redemption of the certificates issued hereunder in the order of issuance against each respective fund.

Subd. 8. From and after the date specified in subdivision 1, any such municipality shall be deemed for all purposes to be on a cash basis. All taxes shall be levied as now provided by law, but shall be considered as tax revenues for the year in which such taxes are payable. Any balance remaining in any fund at the end of any such

year may be used in later years in addition to the taxes levied for such year or years.

Subd. 9. During the first month of each year the governing body of each municipality subject to this section, on the basis of the tax levy made, with allowance for probable delinquencies, if any, and on the basis of probable receipts from other sources, shall determine the moneys which will be available for each fund and department during each quarter of the ensuing year, and, by resolution, shall fix the maximum amount of money which shall be expended by each department and from each fund in each quarter of said year. When it appears that money budgeted for any fund is not needed therefor, the governing body, by resolution, may transfer the excess to any other fund unless such transfer is prohibited by any law governing such municipality. If under the law the governing body has no control over the expenditures of a particular department or board, such resolution shall, as to such department or board, set forth the amount of tax moneys or other funds, if any, which will be made available for such department or board by action of the governing body.

[1943 c 526 s 3; 1951 c 63 s 5]

471.76 EXPENDITURES, OBLIGATIONS; CLERK'S STATEMENT. The clerk or recording officer of each municipality subject to sections 471.71 to 471.83 shall prepare and present to the governing body, at its first meeting in each month, a statement showing expenditures made and estimated obligations or indebtedness incurred for the preceding month and for the preceding portion of the year; the amount allotted by the resolution referred to in section 471.75, for such month and quarter and the preceding quarters of the year; the amount allotted by such resolution and the probable expenditures for the remaining quarters of the year. If at any time it appears from such statement or from other evidence that the municipality is incurring obligations at a rate or upon a scale which would make it probable, if such rate or scale of expenditures be continued, that the total attempted expenditures for that year would exceed the available revenues, after allowance for probable tax delinquencies, the district court, in an action by any taxpayer, may enjoin expenditures during the remainder of the year in excess of probable available revenues.

[1943 c 526 s 4; 1951 c 63 s 6]

471.77 INDEBTEDNESS CONTRACTED IN EXCESS OF REVENUE. Whenever any department, board, or commission of such municipality has power under the law to expend money, such department, board, or commission shall not contract any indebtedness or incur any obligations which, when added to other indebtedness, obligations, or liabilities, previously incurred during the year, would be in excess of the sum that may be allotted to the department, board, or commission for that year by the governing body of the municipality, plus available actual receipts from such other sources as are under its control.

[1943 c 526 s 5; 1951 c 63 s 7]

471.78 INDEBTEDNESS IN EXCESS OF REVENUE, CONTRACTS VOID. Each contract attempted to be entered into or indebtedness or pecuniary liability attempted to be incurred in violation of the provisions of sections 471.71 to 471.83 shall be null and void in regard to any obligation thereby sought to be imposed upon the municipality or any department thereof, and no claim therefor shall be allowed by the governing body or any officer, board, or commission; nor shall the clerk or any other officer issue or execute, nor shall the treasurer or other disbursing officer thereof pay, any check, warrant, or certificate of indebtedness issued on account thereof. Each member of the governing body, board, or commission, and each other officer of the municipality participating in or authorizing any violation of sections 471.71 to 471.83 shall be individually liable to the municipality for any damage that is caused thereby, and shall be liable to any person furnishing any labor, services, or materials on any contract entered into or obligations assumed in violation thereof. Each member of the governing body or of a board or commission who is present at any meeting thereof when any action is taken with reference to paying money or incurring indebtedness or entering into any contract in violation of the provisions of this section shall be deemed to have participated in and to have authorized the same unless he shall have caused his dissent therefrom to be entered upon the minutes of the meeting.

471.79 ENFORCEMENT. The district court may, at the suit of any taxpayer, enforce the performance by any governing body, board, commission, officer, or agent

471.82 REPEALER, EXCEPTIONS. 471.83 SEVERABLE, EFFECT. The provisions of sections 471.71 to 471.83 are severable, and the unconstitutionality of any provision or the unconstitutionality of these sections as applied to any municipality shall not invalidate other provisions or prevent the application of these sections to other municipalities; provided, that if for any reason these sections be held to be inapplicable to any municipality which is now governed by any of the laws specifically repealed by section 471.82, such law shall not be repealed as to such municipality.
