453A.01 Intent.

Sections 453A.01 to 453A.12 are intended to provide a means for those Minnesota cities which now or hereafter own and operate a utility pursuant to law for the local distribution of gas to secure, by individual action or joint action among themselves or by contract with other public or private entities within or outside the state, an adequate, economical, and reliable supply of gas. To accomplish this purpose it is necessary for such cities to have power, by agreement between or among two or more of their number, to create a separate municipal corporation with the power and authority to finance, acquire, operate and dispose of, either as owner or agent, projects, located within or outside the state, for the production, exploration, transmission or storage of gas resources

and to enter into contracts relating to the acquisition, operation, disposal or leasing of related projects or sale of related services. It is not the purpose of sections 453A.01 to 453A.12 to authorize said municipal corporation to engage in the distribution of gas to the end users. It is determined that an adequate, economical, and reliable supply of gas is essential to the orderly growth and prosperity of these communities, and a supply of such gas is necessary for the safety, health, morale and welfare of residents of the state and to the sound growth and development of its communities. The formation of municipal gas agencies will provide a means for Minnesota cities to provide an adequate, economic and reliable supply of gas by, among other things, achieving economies of size, limiting environmental impacts, and providing for peak and supplemental loads. Accordingly it is determined that the exercise of the powers granted herein will benefit the people of the state and serve a valid public purpose in improving and otherwise promoting their health, welfare, and prosperity.

453A.03 Municipal gas agencies; incorporation.

Subdivision 1. Any two or more cities may form a municipal gas agency by the execution of an agency agreement authorized by a resolution of the governing body of each city. The agency agreement shall state:

(a) That the municipal gas agency is created and incorporated under the provisions of sections 453A.01 to 453A.12 as a municipal corporation and a political subdivision of the state, to exercise thereunder a part of the sovereign powers of the state;

(b) The name of the agency, which shall include the words "municipal gas agency";

(c) The names of the cities which have approved the agency agreement and are the initial members of the municipal gas agency;

(d) The names and addresses of the persons initially appointed by the resolutions approving the agreement to act as the representatives of the cities, respectively, in the exercise of their powers as members;

(f) The names of the initial board of directors of the municipal gas agency, who shall be not less than five persons who are representatives of the respective member cities, selected by the vote of a majority of such representatives; or the agreement may provide that the representatives of the member cities from time to time shall be and constitute the board of directors;

(g) The location by city, town, or other community in the state, of the registered office of the municipal gas agency;

MINNESOTA STATUTES 1979 SUPPLEMENT

453A.03 MUNICIPAL GAS DISTRIBUTION

(h) That the state of Minnesota, any political subdivision thereof, other than the municipal gas agency, and the cities which are members of the municipal gas agency are not liable for its obligations; and

(i) Any other provision for regulating the business of the municipal gas agency or the conduct of its affairs which may be agreed by the member cities, consistent with sections 453A.01 to 453A.12.

Subd. 2. The agency agreement and a certified copy of the resolution of the governing body of each city shall be filed for record with the secretary of state. If the agency agreement conforms to the requirements of this section, the secretary of state shall record it and issue and record a certificate of incorporation. The certificate shall state the name of the municipal gas agency and the fact and date of incorporation. Upon the issuance of the certificate of incorporation, the existence of the municipal gas agency as a political subdivision of the state and a municipal corporation shall begin. The certificate of incorporation shall be conclusive evidence of the fact of incorporation.

Subd. 3. The initial board of directors of the municipal gas agency, unless otherwise provided by the agency agreement, shall be elected prior to the filing of the agreement by a majority vote of the persons acting as representatives of the member cities, from among their members. After commencement of existence, the first meeting of the board of directors shall be held at the call of the directors, after notice, for the purpose of adopting the initial bylaws, electing officers, and for any other business that comes before the meeting.

Subd. 4. The bylaws of the municipal gas agency, and any amendments thereto, shall be proposed by the board of directors and shall be adopted by a majority vote of the representatives of the member cities, unless the agency agreement requires a greater vote, at a meeting held after notice. Subject to the provisions of the agency agreement, the bylaws shall state:

- (a) The qualifications of member cities, and limitations, if any, upon their number;
- (b) Conditions of membership, if any;
- (c) Manner and time of calling regular meetings of representatives of member cities;
- (d) Manner and conditions of termination of membership;
- (e) Manner and conditions of agency dissolution; and
- (f) Such other provisions for regulating the affairs of the municipal gas agency as the representatives of the member cities shall determine to be necessary.

Subd. 5. Every municipal gas agency shall maintain an office in this state to be known as its registered office. When a municipal gas agency desires to change the location of its registered office, it shall file with the secretary of state a certificate of change of location of registered office, stating the new location by city, town, or other community and effective date of change. When the certificate of change of location has been duly filed, the board of directors may make the change without any further action.

Subd. 6. Each of the directors shall hold office for the term for which he has been selected and until a successor has been selected and has qualified. Directors shall discharge their duties in good faith, and with that diligence and care which an ordinary prudent person in a like position would exercise under similar circumstances. The agency agreement or the bylaws may prescribe the number, term of office, powers, authority, and duties of directors, the time and place of their meetings, and other regulations concerning directors. Except where the agency agreement or bylaws prescribe otherwise, the term of office of a director shall be for one year. Except where the agency agreement or bylaws prescribe otherwise, a meeting of the board of directors may be held at any place, within or without the state, designated by the board, after notice, and an act of the majority of the directors present at a meeting at which a quorum is present is the act of the board. Except where the agency agreement or bylaws prescribe otherwise, any vacancy occurring on the board shall be filled by a person nominated by the remaining members of the board and elected by a majority of representatives of the member cities.

Subd. 7. Except where the agency agreement or bylaws prescribe otherwise, the board of directors shall appoint a president from its membership, and a secretary and

treasurer, and any other officers or agents deemed to be necessary, who may but need not be city representatives or directors. An officer may be removed with or without cause by the board of directors. Officers of the municipal gas agency shall have the authority and duties in the management of the business of the municipal gas agency that the agency agreement or bylaws prescribe, or, in the absence of such prescription, as the board of directors determines.

Subd. 8. Except as otherwise provided in the agency agreement or the bylaws, the duly authorized representatives of each member city shall act as, and vote on behalf of, such city. Except where the agency agreement or bylaws provide otherwise, representatives of the member cities shall hold at least one meeting each year for the election of directors and for the transaction of any other business. Except where the agency agreement or bylaws prescribe otherwise, special meetings of the representatives may be called for any purpose upon written request to the president or secretary to call the meeting. Such officer shall give notice of the meeting to be held between ten and 60 days after receipt of such request. Unless the agency agreement or bylaws provide for a different percentage, a quorum for a meeting of the representatives of the member cities is a majority of the total members and a quorum for meetings of the board of directors is a majority of the membership of such board.

Subd. 9. The agency agreement may be amended as proposed at any meeting of the representatives of the members for which notice, stating the purpose, shall be given to each representative and, unless the agency agreement or bylaws require otherwise, shall become effective when ratified by resolutions of a majority of the governing bodies of the member cities. Each amendment and the resolutions approving it shall be filed for record with the secretary of state.

Subd. 10. Each member city shall have full power and authority, within budgetary limits applicable to it, to appropriate money for the payment of expenses of the formation of the municipal gas agency and of its representative in exercising its functions as a member of the agency.

Subd. 11. It may borrow money and issue negotiable bonds or notes, secured or unsecured, in accordance with section 453A.05.

Subd. 12. Subject to any agreement with bondholders or note holders, it may invest money of the municipal gas agency not required for immediate use, including proceeds from the sale of any bonds or notes, in such obligations, securities, and other investments as the municipal gas agency shall deem prudent, notwithstanding the provisions of any other law relating to the investment of public funds.

Subd. 13. It may exercise the power of eminent domain in accordance with section 453A.06.

Subd. 14. It may determine the location and character of, and all other matters in connection with, any and all projects it is authorized to acquire, hold, establish, effectuate, operate, or control.

Subd. 15. It may contract with any person, within or outside the state, for the undertaking of any project or for the sale or transportation of gas produced or gathered by or stored in any project, or for any interest therein or any right to capacity or use thereof, on such terms and for such period of time as its board of directors determines.

Subd. 16. It may purchase, sell, exchange, store or transport gas within and outside the state in such amounts as it shall determine to be necessary and appropriate to make the most effective use of its powers and to meet its responsibilities, and may enter into agreements with any person with respect to that purchase, sale, exchange, storage or transportation, on such terms and for such period of time as its board of directors determines.

For this purpose the property of a municipal gas agency shall be valued in the same manner and by the same procedure as the property of private persons.

Subd. 21. It may exercise all other powers not inconsistent with the constitution of the state of Minnesota or the United States Constitution, which powers may be reasonably necessary or appropriate for or incidental to the effectuation of its authorized purposes or to the exercise of any of the powers enumerated in this section, and generally may exercise in connection with its property and affairs, and in connection with property within its control, any and all powers which might be exercised by a natural person or a private corporation in connection with similar property and affairs.

Subd. 10. For the security of bonds or notes issued or to be issued by a municipal gas agency, the municipal gas agency may mortgage or execute deeds of trust of the whole or any part of its property and franchises in the same manner and with the same effect as provided for public service corporations in section 300.10. Any mortgage or deed of trust covering the whole or any part of easements or other interests in real estate less than fee simple used in the exploration, production, and storage, transmission, or distribution of gas, and covering fixtures annexed thereto, may be filed in the office of the secretary of state with or as a part of the financing statement covering the fixtures, with the same force and effect as provided in the case of public utilities under the provisions of section 300.114. All filings required under the Uniform Commercial Code to perfect a security interest against the personal property or fixtures of a municipal gas agency shall be made and maintained in the office of the secretary of state, with the same force and effect as provided in the case of a debtor public utility under the provisions of sections 300.111 to 300.113.

Subd. 11. Neither the officials, the directors, nor the members of a municipal gas agency nor any person executing bonds or notes shall be liable personally on the bonds or notes or be subject to any personal liability or accountability by reason of the issuance thereof. A municipal gas agency shall have power to indemnify and to purchase and maintain insurance on behalf of any director, officer, employee, or agent of the municipal gas agency, in connection with any threatened, pending, or completed action, suit, or proceeding, to the same extent and in the same manner and with the same force

and effect as provided in the case of a private corporation under the provisions of section 300.082.

Subd. 12. A municipal gas agency shall have the power to purchase, out of any funds available therefor, bonds or notes, and to hold, pledge, cancel, or resell the bonds or notes, subject to and in accordance with any agreements with the holders.

Subd. 13. The principal of and interest upon any bonds or notes issued by a municipal gas agency shall be payable solely from the revenues or funds pledged or available for their payment as authorized in sections 453A.01 to 453A.12. Each bond and note shall contain a statement that the principal thereof or interest thereon is payable solely from revenues or funds of the municipal gas agency and that neither the state nor any political subdivision thereof, other than the municipal gas agency, nor any city which is a member of the municipal gas agency is obligated to pay the principal or interest and that neither the faith and credit nor the taxing power of the state or any political subdivision thereof or of any such city is pledged to the payment of the principal of or the interest on the bonds or notes. Nothing herein, however, precludes the use of tax or other revenue by a city for payment of amounts due and performance of covenants under any contract of the city as provided in section 453A.08, subdivision 3.

[1979 c 140 s 5]

453A.06 Eminent domain.

Except as otherwise provided by this section, a municipal gas agency may acquire all real or personal property that it deems necessary for carrying out the purposes of sections 453A.01 to 453A.12, whether in fee simple absolute or a lesser interest, by condemnation and the exercise of the power of eminent domain in accordance with chapter 117. A municipal gas agency shall have no power of eminent domain with respect to any real or personal property owned by any person as part of a system, whether existing or under construction, or being planned, of facilities for the exploration, production, storage, distribution or transmission of gas. The authority of a municipal gas agency to acquire real or personal property by condemnation or the exercise of the power of eminent domain shall be a continuing power, and no exercise thereof shall exhaust it.

[1979 c 140 s 6]

453A.07 Rules and rates.

A municipal gas agency may make and enforce bylaws or rules which it deems necessary or desirable, and may establish, levy, and collect or may authorize, by contract, franchise, lease, or otherwise, the establishment, levying, and collection of, rents, rates, and other charges for the services afforded by the municipal gas agency or by or in connection with any project or properties which it may construct, erect, acquire, own, operate, or control, or with respect to which it may have any interest or any right to capacity thereof, and for the sale of gas or of storage or distribution and transportation capacity or service as it may deem necessary, proper, desirable, and reasonable. Rents, rates, and other charges shall be at least sufficient to meet the expenses thereof, including reasonable reserves, interest, and principal payments, including payments into one or more sinking funds for the retirement of principal. A municipal gas agency may pledge its rates, rents, and other revenues, or any part thereof, as security for the repayment, with interest and redemption premiums, if any, of any moneys borrowed by it or advanced to it for any of its authorized purposes and as security for the payment of amounts due and owing by it under any contract.

[1979 c 140 s 7]

453A.08 City powers.

Subdivision 1. A city may, by resolution of its governing body, elect to join a municipal agency, provided that it shall give written notice by mail to all its gas consumers 20 days prior to the meeting at which the resolution is to be considered, and one week's prior notice by publication in the official newspaper.

Subd. 2. A city may, by resolution of its governing body, exercise any of the powers granted in sections 453A.01 to 453A.12 to a municipal gas agency, upon fulfillment

453A.08 MUNICIPAL GAS DISTRIBUTION

of the conditions provided in sections 453A.01 to 453A.12 for the exercise of any such power, but without complying with the terms of section 453A.03 relating to incorporation, and notwithstanding any provision of any city charter or any other law denying, limiting, or placing conditions upon the exercise of any such power. Nothing in this section shall be construed to repeal any charter provision or law requiring an election or other condition precedent to the establishment after January 1, 1979, of a city gas distribution system.

Subd. 3. Every resolution adopted in accordance with subdivision 1 shall be published in the official newspaper of the city. No action may be brought and no defense may be interposed in an action brought more than 30 days after publication of the resolution, placing at issue the validity of any provision of the resolution or the power of the city to make any contract or to issue any bond, note, or other obligation authorized thereby.

Subd. 4. Nothing in sections 453A.01 to 453A.12 authorizes any city to issue general obligation bonds for any purpose specified in sections 453A.01 to 453A.12, without approval of its electors or performance of such other procedural conditions as may be required by its charter or the laws of this state. A city may, however, by resolution of its governing body and without approval of the electors or performance of other conditions provided in any charter or other law, enter into contracts with a municipal gas agency for the purchase, sale, exchange, exploration, storage, production, transmission or distribution of gas and other services, on such terms and for such period of time as the resolution may provide. A city may appropriate and use tax and other revenues received in any year to make payments due or to comply with covenants to be performed during that year under any contract made by the city when acting as a municipal gas agency, or any contract made by the city with a municipal gas agency, as contemplated by sections 453A.01 to 453A.12, subject to the provisions of its charter and the laws of this state regarding budget and payment procedures and annual tax levy limitations.

[1979 c 140 s 8]

453A.09 Construction contracts.

A city or municipal gas agency may contract for the planning, acquisition, construction, reconstruction, operation, maintenance, repair, extension, and improvement of exploration, production, storage, transmission or distribution facilities within or without its corporate limits or those of its members, or may contract with other public or private owners of these facilities to perform these functions, without advertising for bids, preparing final plans and specifications in advance of construction, or securing performance and payment bonds, except to the extent that its governing body determines that these actions are desirable in furtherance of the purposes of sections 453A.01 to 453A.12. Except as otherwise provided by this section, no contract shall be invalid or unenforceable by reason of nonperformance of the conditions required by any other law relating to public contracts. If a payment bond is secured as provided in section 574.26, it shall be enforceable as provided in sections 574.28 to 574.31, and no lien may be filed under chapter 514 for the furnishing of labor, skill, material, or machinery for the improvement covered thereby.

[1979 c 140 s 9]

453A.10 Authorized investments; security for public deposits.

Notwithstanding any other law to the contrary, the state of Minnesota and all its public officers, governmental units, agencies and instrumentalities, all banks, trust companies, savings banks and institutions, building and loan associations, savings and loan associations, investment companies, and other persons carrying on a banking business, all insurance companies, insurance associations and other persons carrying on an insurance business, and all executors, administrators, guardians, trustees and other fiduciaries, may legally invest any sinking funds, money, or other funds belonging to them or within their control in any bonds or notes issued pursuant to sections 453A.01 to 453A.12, and the bonds or notes shall be authorized security for any and all public deposits.

Sec.
458.192 Additional powers.

458.192 Additional powers.

[For text of subs 1 to 10, see M.S.1978]

Subd. 11. Upon or after the creation of an industrial development district under section 458.191 which is not subject to the provisions of sections 273.71 to 273.78, the auditor of the county in which it is situated shall upon request of the port authority certify the then most recently determined assessed valuation of all or so much of the taxable real property within the district as is identified by legal description in the request, other than that portion of the valuation which is contributed to an area-wide tax base under chapter 473F. The auditor shall certify to the authority in each year thereafter the amounts and percentages of subsequent increases or decreases in such valuation other than that portion of such increases or decreases which is contributed to an area-wide tax base under chapter 473F. The auditor shall compute the mill rates of taxes against such original valuation but shall extend such rates also against any incremental value and remit the resulting tax increment to the port authority in the same manner as that provided for the computation and remittance of tax increments under section 462.585, subdivisions 2 and 3. The port authority shall segregate tax increments received with respect to any such property district in a special account on its official books and records. Such tax increments shall be remitted to the port authority until the cost of redevelopment of the marginal land within the district, including interest thereon, has been fully reimbursed from the tax increments. When such full reimbursement has been made, it shall be reported by the port authority to the county auditor, who shall thereafter include the entire assessed valuation of the property in the assessed valuations upon which tax mill rates are computed and extended and taxes are remitted to all taxing districts. Any part or all of such tax, if so directed by the city council, shall be pledged and appropriated for the payment of any general obligation bonds of the port authority. Increases in the value of such property, subsequent to certification of the base for computing the tax increment therefrom, shall not be included in the assessed valuation of any taxing district for the purpose of computing any debt or levy limitation or the amount of any state or federal aid to the taxing district, so long as the tax increment therefrom is segregated under the provisions of this section. The provisions of this subdivision shall not apply with respect to any project, certification of which is requested subsequent to August 1, 1979.
