Subd. 2. (a) When any real or personal property which for any reason is exempt from ad valorem taxes, and taxes in lieu thereof, is leased, loaned, or otherwise made available and used by a private individual, association or corporation in connection with a business conducted for profit, there shall be imposed a tax, for the privilege of so using or possessing such real or personal property, in the same amount and to the same extent as though the lessee or user was the owner of such property.

(b) The tax imposed by this subdivision shall not apply to (1) property leased or used by way of a concession in or relative to the use in whole or part of a public park, market, fair grounds, port authority, municipal auditorium, municipal museum or municipal stadium or (2) property constituting or used as a public pedestrian ramp, concourse, passenger check-in area or ticket sale counter, boarding area or luggage claim area in connection with a public airport.

(c) Taxes imposed by this subdivision shall be due and payable as in the case of personal property taxes and such taxes shall be assessed to such lessees or users of real or personal property in the same manner as taxes assessed to owners of real or personal property, except that such taxes shall not become a lien against the property. When due, the taxes shall constitute a debt due from the lessee or user to the state, township, city, county and school district for which the taxes were assessed and shall be collected in the same manner as personal property taxes. If property subject to the tax imposed by this subdivision is leased or used jointly by two or more persons, each lessee or user shall be jointly and severally liable for payment of the tax.

Subd. 3. The provisions of subdivision 2 shall not apply to:

(a) Federal property for which payments are made in lieu of taxes in amounts equivalent to taxes which might otherwise be lawfully assessed;

time and transportation facilities or those directly related thereto, together with facilities for the handling of passengers and baggage and for the handling of freight and bulk liquids, and personal property owned by a seaway port authority used or usable in connection therewith, when said property is leased to a private individual, association or corporation, but only when such lease provides that the said facilities are available to the public for the loading and unloading of passengers and their baggage and the handling, storage, care, shipment and delivery of merchandise, freight and baggage and other maritime and transportation activities and functions directly related thereto, but not including property used for grain elevator facilities; it being the declared policy of this state that such property when so leased is public property used exclusively for a public purpose, notwithstanding the three year limitation in the provisions of section 273.19.

(i) Notwithstanding the provisions of clause (h), when the annual rental received by a seaway port authority in any calendar year for such leased property exceeds an amount reasonably required for administrative expense of the authority per year, plus promotional expense for the authority not to exceed the sum of \$100,000 per year, to be expended when and in the manner decided upon by the commissioners, plus an amount sufficient to pay all installments of principal and interest due, or to become due, during such calendar year and the next succeeding year on any revenue bonds issued by the authority, plus 25 percent of the gross annual rental to be retained by the authority for improvement, development or other contingencies, the authority shall make a payment in lieu of real and personal property taxes of a reasonable portion of the remaining annual rental to the county treasurer of the county in which such seaway port authority is principally located. Any such payments to the county treasurer shall be disbursed by him on the same basis as real estate taxes are divided among the various governmental units, but if such port authority shall have received funds from the state of Minnesota and funds from any city and county pursuant to Laws 1957, Chapters 648, 831 and 849 and acts amendatory thereof, then such disbursement by the county treasurer shall be on the same basis as real estate taxes are divided among the various governmental units, except that the portion of such payments which would otherwise go to other taxing units shall be divided equally among the state of Minnesota and said county and city.

The term "household" as used in this section is defined to be a domestic establishment maintained either (1) by two or more persons living together within the same house or place of abode, subsisting in common and constituting a domestic or family relationship, or (2) by one person.

(b) During the period of his active service and for six months after his discharge therefrom, no member of the armed forces of the United States shall lose status of a householder under paragraph (a) which he had immediately prior to becoming a member of the armed forces.

In case there is an assessment against more than one member of a household the \$100 exemption shall be divided among the members assessed in the proportion that the assessed value of the Class 2 property of each bears to the total assessed value of the Class 2 property of all the members assessed. The Class 2 property of each household claimed to be exempt shall be limited to property in one taxing district, except in those cases where a single domestic establishment is maintained in two or more adjoining districts.

"Wetlands" shall include adjacent land which is not suitable for agricultural purposes due to the presence of the wetlands. Exemption of wetlands from taxation pursuant to this section shall not grant the public any additional or greater right of access to the wetlands or diminish any right of ownership to the wetlands.

(17) Native prairie. The commissioner of the department of natural resources shall determine lands in the state which are native prairie and shall notify the county assessor of each county in which the lands are located. Upon receipt of an application for the exemption and credit provided in this clause and section 273.116 for lands for which the assessor has no determination from the commissioner of natural resources, the assessor shall refer the application to the commissioner of natural resources who shall determine within 30 days whether the land is native prairie and notify the county assessor of his decision. The valuation shall be determined with respect to its value on January 2 of such year. The classification shall be based upon the use to which the property was put by the purchaser, or in the event the purchaser has not utilized the property by October 1, the intended use of the property, determined by the county assessor, based upon all relevant facts.

Subd. 5. The holding of property by a political subdivision of the state for later resale for economic development purposes shall be considered a public purpose in accordance with subdivision 1, clause (7) for a period not to exceed three years. This subdivision shall not operate to create an exemption from sections 272.01, subdivision 2; 272.68; 273.19; or 462.575, subdivision 3; or other provision of law providing for the taxation of or for payments in lieu of taxes for publicly held property which is leased, loaned, or otherwise made available and used by a private person. 272.039 LEGISLATIVE FINDINGS AND CONCLUSIONS RELATED TO THE TAXATION OF MINERALS OWNED SEPARATELY FROM THE SURFACE.

The legislature finds, for the reasons stated below, that a class of real property has been created which, although not exempt from taxation, is not assessed for tax purposes and does not, therefore, contribute anything toward the cost of supporting the governments which protect and preserve the continued existence of the property. These reasons are as follows: (1) In the case of *Washburn v. Gregory*, 1914, 125 Minn. 491, 147 N.W. 706, the Minnesota Supreme Court determined that where mineral interests are owned separately from the surface interests in real estate, the mineral interest is a separate interest in land, separately taxable, and does not forfeit if the overlying surface interest forfeits for nonpayment of taxes due on the surface interest; (2) Since this 1914 decision, mineral interests owned separately from the surface have been valued and assessed for tax purposes, as a practical matter, only if the value of the minerals has been determined through drilling and drill core analysis; and (3) The absence of any taxation of mineral interests owned separately from the surface, except where drilling analysis is available, has encouraged the separation of ownership of surface and mineral estates and resulted in the creation of hundreds of thousands of acres of untaxed mineral estate lands which thus are immune from tax forfeiture. The legislature also finds that the province of Ontario in Canada, which has land ownership patterns and mineral characteristics similar to that of Minnesota, has imposed a tax of \$.50 an acre on minerals owned separately from the surface since 1968, and \$.10 an acre before that. The legislature further finds that the identification of separately owned mineral interests by taxing authorities requires title searches which are extremely burdensome and, where no public tract index is available, prohibitively expensive. This result

is caused in part by the decision in *Wichelman v. Messner*, 1957, 250 Minn. 88, 83 N.W. (2d) 800, where the so called "40 year law" was held inapplicable to mineral interests owned separately from surface interests. On the basis of the above findings, and for the purpose of requiring mineral interests owned separately from surface interests to contribute to the cost of government at a time when other interests in real property are heavily burdened with real property taxes, the legislature concludes that the taxation of severed mineral interests as provided in section 273.13, subdivision 2a is necessary and in the public interest, and provides fair taxation of a class of real property which has escaped taxation for many years. The legislature further concludes that such a tax is not prohibited by Minnesota Constitution, Article 10, Section 2. The legislature concludes finally that the amendments and repeals made by Laws 1973, Chapter 650 to sections 93.52 to 93.58, are necessary to provide adequate identification of mineral interests owned separately from the surface and to prevent the continued escape from taxation of obscure and fractionalized severed mineral interests.

272.04 MINERAL, GAS, COAL, AND OIL OWNED APART FROM LAND; SPACE ABOVE AND BELOW SURFACE.

Subdivision 1. When any mineral, gas, coal, oil, or other similar interests in real estate are owned separately and apart from and independently of the rights and interests owned in the surface of such real estate, such mineral, gas, coal, oil, or other similar interests may be assessed and taxed separately from such surface rights and interests in such real estate, including but not limited to the taxation provided in section 273.13, subdivision 2a, and may be sold for taxes in the same manner and with the same effect as other interests in real estate are sold for taxes.

Subd. 2. When the right to use the air space above or subsurface area below any real estate is conveyed by an owner to another person, partnership or corporation, such right shall constitute a separate interest in real estate which may be assessed and taxed separately from other rights in such real estate. All laws for the enforcement of taxes on real estate shall apply to such rights.

Subd. 3. When the right to use air space above or subsurface area below real estate is granted by a lease for a term of three or more years, by the state or an agency or subdivision thereof, by an institution whose property is exempt from taxation, or by a taxpayer whose property is not taxed in the same manner as other property, such right to use air space or subsurface area shall constitute an interest in real estate which may be assessed and taxed separately, notwithstanding any law to the contrary. All laws for the enforcement of taxes on real estate shall apply to such leased property.

272.05 RESERVED TIMBER OR MINERAL RIGHTS OR INTERESTS IN LANDS SUBJECT TO TAXATION; MAY BE SOLD FOR TAXES.

When lands are conveyed or transferred to the United States, to the state of Minnesota, or to any governmental subdivision of either, for any purpose and the owner reserves any right or interest in the timber upon or minerals in such land, such timber interest and any structure which the owner of such timber or mineral interest may erect on such land shall be assessed and taxed as real estate, and such mineral interest shall be assessed and taxed as minerals, separately from the surface of the land, and these interests may be sold for taxes in the same manner and with the same effect as other interests in real estate are sold for taxes.

272.06 LEGALITY PRESUMED.

No assessment of property for the purposes of taxation, and no general or special tax authorized by law, levied upon any property by any officer or board authorized to make and levy the same, shall be held invalid for want of any matter of form in any proceeding which does not affect the merits of the case, and which does not prejudice the rights of the party objecting thereto. All such assessments and levies shall be presumed to be legal until the contrary is affirmatively shown; and no sale of real estate for the non-payment of taxes thereon shall be rendered invalid by showing that any certificate, return, affidavit, or other paper required to be made and filed in any office is not found in such office, but, until the contrary is shown, the presumption shall be in all cases that such paper was properly made and filed.

272.08 INTEREST ON UNPAID TAXES.

When any sum becomes due to the state of Minnesota as a tax of any kind and remains unpaid for a period of 60 days, it shall draw interest at the rate of 12 percent per annum from the expiration of that period of 60 days, such interest to be paid and collected with, and in like manner as, the principal sum.

This section shall not apply to any sum due or to become due to the state as taxes upon which interest or penalties are imposed after they become due or delinquent by any law now in force in this state.

272.10 RIGHT TO ASSESS AND COLLECT; LIMITATION.

Except as hereinafter provided, the right to assess property omitted in any year, or to reassess taxes upon property prevented from being collected in any year, either as authorized and directed by this chapter or otherwise, shall not be defeated by reason of any limitation contained in any statute of this state, and, except as otherwise provided in this chapter, there shall be no limitation of time upon the right of the state to provide for and enforce the assessment and collection of taxes upon all property subject to taxation.

272.11 EXPENSES OF REASSESSMENT.

When a reassessment is made pursuant to law the expenses thereof shall be audited and allowed by the board by which such reassessment was ordered and paid out of the county treasury upon the warrant of the county auditor. If the aggregate valuation of taxable property as determined by such reassessment shall be ten percent or more in excess of the aggregate valuation thereof as fixed by the original assessment, the compensation so paid by the county to the officers by whom such reassessment is made shall be charged to the county, city, or town in which such reassessment is made and be deducted by the county auditor

from the next moneys coming into the county treasury apportionable to such county, city, or town.

272.115 CERTIFICATE OF VALUE; FILING.

Subdivision 1. Whenever any real estate is sold on or after January 1, 1978 for a consideration in excess of \$1,000, whether by warranty deed, quitclaim deed, contract for deed or any other method of sale, the grantor, grantee or his legal agent shall file a certificate of value with the county auditor in the county in which the property is located. Value shall, in the case of any deed not a gift, be the amount of the full actual consideration thereof, paid or to be paid, including the amount of any lien or liens assumed. The certificate of value shall include the classification to which the property belongs for the purpose of determining the fair market value of the property.

Subd. 2. The certificate of value shall require such facts and information as may be determined by the equalization aid review committee to be reasonably necessary in the administration of the state education aid formulas. The form of the certificate of value shall be prescribed by the department of revenue which shall provide an adequate supply of forms to each county auditor.

Subd. 3. The county auditor shall transmit two true copies of the certificate of value to the assessor who shall insert the most recent market value and when available, the year of original construction of each parcel of property on both copies and shall transmit one copy to the department of revenue. Upon the request of a city council located within the county, a copy of each certificate of value for property located in that city shall be made available to the governing body of the city.

Subd. 4. Beginning with taxes payable in 1979, no real estate sold on or after January 1, 1978 for which a certificate of value is required pursuant to subdivision 1 shall receive the homestead credit provided under section 273.13, subdivisions 6 and 7; the agricultural mill credit provided in section 273.132; or the taconite homestead credit provided in sections 273.134 to 273.136, unless a certificate of value has been filed with the county auditor in accordance with this section.

This subdivision shall apply to any real estate taxes that are payable the year or years following the sale of the property.

272.12 CONVEYANCES, TAXES PAID BEFORE RECORDING.

When a deed or other instrument conveying land, or a plat of any town site or addition thereto, or a survey required pursuant to section 508.47, is presented to the county auditor for transfer, he shall ascertain from his records if there be taxes delinquent upon the land described therein, or if it has been sold for taxes. If there are taxes delinquent, he shall certify to the same; and upon payment of such taxes, or in case no taxes are delinquent, he shall transfer the land upon the books of his office, and note upon the instrument, over his official signature, the words, "no delinquent taxes and transfer entered," or, if the land described has been sold or assigned to an actual purchaser for taxes, the words "paid by sale of land described within;" and, unless such statement is made upon such instrument, the county recorder or the registrar of titles shall refuse to receive or record the same; provided, that sheriff's or referees' certificates of sale on execution or foreclosure of a lien or mortgage, deeds of distribution made by a personal representative in probate proceedings, decrees and judgments, receivers receipts, patents, and copies of town or statutory city plats, in case the original plat filed in the office of the county recorder has been lost or

destroyed, and the instruments releasing, removing and discharging reversionary and forfeiture provisions affecting title to land and instruments releasing, removing or discharging easement rights in land or building or other restrictions, may be recorded without such certificate; and, provided that instruments conveying land and, as appurtenant thereto an easement over adjacent tract or tracts of land, may be recorded without such certificate as to the land covered by such easement; and provided further, that any instrument granting an easement made in favor of any public utility or pipe line for conveying gas, liquids or solids in suspension, in the nature of a right of way over, along, across or under a tract of land may be recorded without such certificate as to the land covered by such easement.

A deed of distribution made by a personal representative in a probate proceeding, a decree, or a judgment that conveys land shall be presented to the county auditor, who shall transfer the land upon the books of his office and note upon the instrument, over his official signature, the words, "transfer entered", and the instrument may then be recorded. A decree or judgment that affects title to land but does not convey land may be recorded without presentation to the auditor.

A violation of this section by the county recorder or the registrar of titles shall be a gross misdemeanor, and, in addition to the punishment therefor, he shall be liable to the grantee of any instrument so recorded for the amount of any damages sustained.

When, as a condition to permitting the recording of deed or other instrument affecting the title to real estate previously forfeited to the state under the provisions of sections 281.16 to 281.27, county officials, after such real estate has been purchased or repurchased, have required the payment of taxes erroneously assumed to have accrued against such real estate after forfeiture and before the date of purchase or repurchase, the sum required to be so paid shall be refunded to the persons entitled thereto out of moneys in the funds in which the sum so paid was placed. Delinquent taxes are those taxes deemed delinquent under section 279.02.

272.15 DEED TO CORRECT TITLE.

When a deed purporting to convey or quitclaim any parcel of land, the record title to which appears to be in two or more persons, is presented to the county attorney, accompanied by an abstract of title to such land, he shall examine such deed and abstract, upon tender of a fee of \$5 therefor. If he finds that such deed is given for the purpose of correcting a defect in the title, or on account of a technical error in a prior conveyance, he shall so certify upon the deed; and thereupon the county recorder shall record it, if otherwise entitled to record, notwithstanding that there are unpaid taxes or assessments upon such land.

272.16 TRANSFER OF SPECIFIC PART.

When any part less than the whole of any parcel of land, as charged in the tax lists, is conveyed, the county auditor shall transfer the same whenever the seller and purchaser agree, in a writing signed by them, or personally appear before the county auditor and agree, upon the amount of the assessed valuation to be transferred therewith; but, if the seller and purchaser do not so agree, the county auditor shall make such division of the assessed valuation as may appear to him just. If the county auditor is satisfied that the proportion of the valuation so agreed to be transferred is greater than the proportional value of the land to be transferred therewith, and that such agreement was made by collusion of the parties, and with a view fraudulently to evade payment of taxes assessed on the entire parcel, he may refuse to make such transfer; and, when any such transfer has already been procured by fraudulent agreement, he shall cancel the same, and the land so transferred shall be charged with taxes in the same manner as though the transfer had not been made.

272.161 DETERMINATION OF VALUE OF SPECIFIC PART OF LAND TRANSFERRED.

In the event the seller and the purchaser fail to file the agreement as prescribed by Minnesota Statutes 1945, Section 272.16, the county auditor of any county may, before making a transfer of a specific part of any tract assessed, request the county assessor to determine the amount of assessed valuation to be transferred therewith. The valuation so fixed shall be conclusive, except that either party to the division may appeal to the district court of the county in which the land is situated for a determination, made in the manner prescribed by Minnesota Statutes 1945, Chapter 278.

272.19 PLATTING OF IRREGULAR TRACTS.

Where any tract or lot of land is divided into parcels of irregular shape, which cannot be described except by metes and bounds, the owners thereof, upon notice thereof being given by the county auditor, which notice shall be served upon such owner personally or by certified mail, shall have such land platted into lots, a survey being made when necessary, and the plat recorded, and a duplicate filed with the county auditor. If the owner fails so to do within 30 days after such notice, the county surveyor, upon the request of the county auditor, shall make such plat. Where such lands proposed to be platted are wholly within the limits of any incorporated city or statutory city, adjacent to any city of the first class, and such city maintains a registered land surveyor, the county auditor shall direct such registered land surveyor to make such plat. Such plat shall be made from the records of the county recorder, if practicable; but, if

not practicable, the county surveyor, or if such lands are within the limits of any incorporated city or statutory city adjacent to a city of the first class, the registered land surveyor, if one is maintained by such city, shall make and certify the necessary survey and plat, which the county auditor shall file for record with the county recorder, and a duplicate thereof shall be filed in his office. The description of the property in accordance with such recorded plats shall be valid. When the owners fail to comply with this section the costs of surveying, platting, and recording shall be paid by the county upon allowance by the county board and the amount thereof added to the next tax upon such lots and when collected, shall be credited to the county revenue fund; provided, however, that whenever the county board shall determine that it is for the best interests of the county to have any particular tract of land platted into an auditor's plat, and shall adopt a resolution so stating, it may direct the county auditor to have such work done. The county auditor may then employ any registered land surveyor to make the necessary survey and prepare the plat. If there shall be any variation between the measurements of the tract as actually surveyed and the measurements stated in the instruments of conveyance with respect to any lot to be outlined upon such plat, the registered land surveyor shall note such variation on the lots affected on said plat and shall state in his certificate, endorsed upon the plat, the extent of such variation and the action taken by him to reconcile such difference for the purpose of outlining such lot or lots upon the plat. The county auditor shall file such plat for record with the county recorder and a duplicate thereof shall be filed in his office. After a tract of land has once been surveyed and platted into an auditor's plat and the owner of any lot situated therein shall thereafter convey a portion of lot, which is described by metes and bounds, the county auditor may have such plat revised or amended so as to currently show thereon each parcel of land contained within said tract, by lot or revised lot number. When a plat is thus revised it shall not be necessary to make a new survey, but the registered land surveyor employed for said purpose shall revise the existing plat, from the data contained in the instrument of conveyance, by outlining thereon a new lot, drawn according to the scale used for said plat, of the land conveyed by such instrument. The remaining portion of such lot shall retain its original number, and all new lots created by such revisions shall be progressively numbered and shall be known as "Revised Lot Number" If there shall be any variation between the measurements of said lot as shown on said plat and the measurements stated in the instrument of conveyance, the registered land surveyor shall note such variation on the plat and shall state in his certificate, endorsed upon the plat, the extent of such variation and the action taken by him to reconcile such difference for the purpose of outlining such revised lot upon the plat. The registered land surveyor shall make and endorse on said plat a certificate which shall read substantially as follows: "I,, a registered land surveyor, do hereby certify that I have this day revised this plat by outlining thereon Revised Lot Number, which covers that parcel of land conveyed on the day of, 19....., by, Grantor, to, Grantee, as recorded in book of deeds, on page thereof. It conforms to the measurements of said lot as shown on the plat, except as follows: In witness whereof I have hereunto subscribed my name this day of, 19.....

Signed.....

Registered Land Surveyor."

Such revision and certificate shall also be entered upon the duplicate plat on file in the office of the county auditor. Any parcel of land which is described by lot or revised lot number of an auditor's plat, made by a registered land surveyor under authority of a resolution by the county board, as herein provided, shall be a valid description of such parcel of land for taxation purposes. Immedi-

ately after the filing of a new auditor's plat or the revision of an existing plat, as herein provided, the county auditor shall give notice by certified mail to each property owner whose land has been affected by such platting or revision, if the address of such owner can be ascertained from the tax duplicates in the office of the county treasurer. Such notice shall describe the land as the same appeared upon the tax lists of the county prior to such platting or revision and shall also give the description of the land according to the new or revised plat, and shall state that such parcel of land will thereafter be described, for taxation purposes, according to the description shown on said plat. The county auditor shall make an affidavit of mailing such notices, stating therein the name and address of each owner to whom such notice was mailed as well as the description of the land owned by him according to said plat. Such affidavit shall be filed in the auditor's office. Whenever any plat is made pursuant to a resolution of the county board, all expenses incurred in connection with such plattings or revisions shall be paid by the county and not by the land owners.

272.191 IRREGULAR TRACTS OF LAND, CODE SYSTEM OF DESCRIBING.

In any county where there are a number of tracts or lots of land which are divided into parcels which cannot be described except by metes and bounds, the county auditor may install a code system to describe such lands for taxation purposes.

History: *1951 c 638 s 1; 1957 c 371 s 1*

272.192 RECORDS.

The county auditor shall keep a record of all parcels of land which have been coded under this system. In such record he shall enter the description of the land as described in the instrument of conveyance of record in the office of the county recorder or registrar of titles, or the description of the land as then carried on the assessment and tax rolls of the county, and immediately following such description he shall enter the code number assigned to said parcel of land.

272.193 NUMBERING TRACTS.

All parcels of land included in the code system of any county shall be numbered progressively or by a separate number series beginning with No. 1 in each forty, government lot, or platted tract. The code assigned to a parcel of land shall give the code number assigned to it, the name of the owner, the section, township and range numbers, and if unplatted the number of acres contained in said parcel, and if platted, or if situated within the incorporated limits of a city, the lot or lots and block numbers, the name of the addition or subdivision under which it was platted and the name of the city in which it is situated as well as the book and page of the record in which the instrument conveying title to such parcel of land is recorded in the office of the county recorder. If the owner of a parcel of land, which has theretofore been coded under the county code system, as hereinbefore provided, shall convey a portion of such parcel of land, which is described by metes and bounds, the county auditor shall cancel the original code number and assign a new number and code to the remaining portion. He shall assign a code number or numbers to the portion or portions conveyed in the same manner, as herein provided for assigning an original code number to a parcel. When a code is canceled the county auditor shall write opposite such code number the word "canceled" and shall note on the record the new code numbers subsequently assigned to said parcel of land.

The code to be used for any parcel of land, as provided herein, shall substantially conform to one of the following illustrations:

“Revised Description Number 1, John Doe, a specific part of Section 10, Township 128, Range 46, 31.40 Acres, as described in Book 12 of Deeds, at Page 46, in the office of the county recorder.”

“Revised Description Number 4, Richard Roe, a specific part of Section 12, City of Wheaton, 11.20 Acres, as described in Book 48 of Deeds, at Page 12, in the office of the county recorder.”

272.194 NOTICES.

Immediately after a parcel of land has been coded under the county code system, the county auditor shall give notice by certified mail, except in cases where the owner acknowledges in writing that he has been informed of the code number, to the owner of the land, if the address of the owner can be ascertained from the tax duplicates in the office of the county treasurer. Such notice shall describe the land according to the description used in the instrument of conveyance, of record in the office of the county recorder or registrar of titles, or the description of the land as then carried on the assessment and tax rolls of the county, and shall also give the code number assigned to such parcel of land under the county code system, and shall further state that such parcel of land will thereafter be described, for taxation purposes, by said code number. The county auditor shall make an affidavit of mailing such notice, stating therein the name and address of the owner to whom such notice was mailed. Such affidavit shall be filed in the office of the county auditor. When a deed or other instrument conveying land is presented to the county auditor for transfer, as provided by section 272.12, if such land has theretofore been coded under the county code system, or if the land conveyed in such instrument is described by metes and bounds and the county auditor determines that it should be coded under the county code system, the county auditor, instead of giving notice to the owner by certified mail, as hereinbefore provided, may note upon said instrument, over his official signature, the words “the land described within has been coded and is described for taxation purposes, as follows: (here enter the coded description assigned to said parcel of land in full.)”

272.195 LEGAL DESCRIPTION.

When a parcel of land has been coded under the county code system, as hereinbefore provided, and notice thereof has been given to the owner of such land, it shall be a legal and valid description of such land for taxation purposes, and such land shall thereafter be so described on the tax rolls of the county.

History: 1951 c 638 s 5; 1957 c 371 s 5

272.196 CERTIFIED COPIES, FILING, EXCEPTIONS.

When any parcel of land has been coded under the county code system the county auditor shall make a certified copy thereof and cause the same to be recorded in the office of the county recorder, except in cases where the county auditor has noted upon a deed or other instrument conveying land that the land described therein has been coded as provided in section 272.194 and that the instrument has been subsequently recorded in the office of the county recorder, in which case the auditor need not file another certified copy of the coded tract. In such cases reference to the place of recording shall be to the book and page wherein the instrument conveying the coded tract is recorded in the office of the county recorder.

272.20 GOVERNMENT AND RAILROAD LANDS BECOMING TAXABLE; LISTS OF LANDS REVERTING TO RAILROADS.

On December 1 in each year the commissioner of revenue shall obtain lists of all government and railroad lands becoming taxable, and he shall compile therefrom, and from the records of sales of state lands, complete lists of all such lands; and on or before December 15 in each year he shall certify the same for taxation to the auditors of the counties in which such lands lie. At the same time he shall obtain lists of lands reverting to the railroad companies each year by reason of the forfeiture of contracts, and certify the same to the county auditors, who shall thereupon remove such lands from the tax lists; but nothing herein shall be construed to relieve such forfeited lands from any lien for taxes or assessments accruing thereon during the life of such contract. The railroad companies shall report such sales and forfeitures to the commissioner of revenue December 1 in each year, and at other times when required by him. All forfeited lands not so reported shall be held for all taxes accruing thereon.

272.21 RAILROAD LANDS; SALE.

When any railroad company owning lands granted to it to aid in the building of its road and exempted by law from taxation until leased, contracted, or sold by such company, sells, assigns, transfers, or disposes of any estate, right, title, or interest therein or thereto, such right, title, estate, or interest shall become taxable, and be assessed and taxed, and such taxes shall be enforced, as in the case of other real property. In such assessment, and in the proceedings to collect and enforce such taxes, it shall be sufficient to refer to the owners of such estate, right, title, or interest as "unknown." The purchaser at any such tax sale, or from the state, if bid in for the state, or his successor in interest, shall acquire and be subrogated to all the right, title, estate, or interest of the person holding the same under or from such company, subject to the right of redemption, as in other cases, and may do every act or thing which such person might do in order to be entitled to a perfect title or deed of such lands from such company. Upon production to such company of the tax certificate, in case there has been no redemption from such tax sale, such purchaser, or his successor in interest, may make any payment of principal or interest due or to become due to such company as assignee of such person. If the person entitled to redeem from such tax sale fails so to do within the time allowed by law and at the same time fails to pay to the county treasurer, for the use of the holder of such tax certificate, the amount of all payments of principal and interest by him or any prior holder made to such company on account of such lands, with interest thereon

from the time of such payments at the rate of 12 percent per annum, then, upon filing with such company a certificate of the county auditor showing that no such redemption has been made, the holder of such tax certificate shall be entitled to receive from such company such deed or contract as the person whose right, title, estate, or interest was so sold at such tax sale originally received from such company, or would then be entitled to receive from it, with like effect, and in lieu thereof.

272.38 STRUCTURES, STANDING TIMBER, OR MINERALS NOT TO BE REMOVED.

Subdivision 1. **Taxes to be first paid.** No structures, standing timber, minerals, sand, gravel, peat, subsoil, or top-soil shall be removed from any tract of land until all the taxes assessed against such tract and due and payable shall have been fully paid and discharged. When the commissioner of finance or the county auditor has reason to believe that any such structure, timber, minerals, sand, gravel, peat, subsoil, or top-soil will be removed from such tract before such taxes shall have been paid, either may direct the county attorney to bring suit in the name of the state to enjoin any and all persons from removing such structure, timber, minerals, sand, gravel, peat, subsoil, or top-soil therefrom until such taxes are paid. No bond shall be required of plaintiff in such suit.

The contract between the county auditor and the taxpayer shall provide that the contract shall be fully completed prior to the time that the title to the property would otherwise forfeit to the state. The county auditor may, if in his opinion it is necessary to protect the state, demand that the taxpayer make, execute, and deliver a bond to the state in such an amount as may be necessary in the opinion of the county auditor to protect the state, to insure the payment to the county treasurer of the purchase price or the reasonable market value of the property removed from the land under the agreements. Nothing herein shall be construed as prohibiting the removal of such sand, gravel, peat, subsoil, or top-soil as may be incidental to the erection of structures on the land or the grading of the land when such removal or grading shall result in enhancing the value thereof; nor shall anything herein be construed as prohibiting the removal of the overburden on mine properties. The removal of any structures, standing timber, minerals, sand, gravel, peat, subsoil, or top-soil under such agreements with the county auditor shall not be construed to be in violation of this section.

The taxes assessed upon personal property, with lawful penalties, interest, and costs, shall be a first and perpetual lien, superior and paramount to all other liens or encumbrances thereon, except the vendor's interest in conditional sales contracts, whether prior or subsequent in point of time, upon all of the personal property then owned by the person assessed from and including January 2 in the year in which they are levied, until they are paid; provided, such lien shall not continue on items of personal property sold at wholesale or retail in the ordinary course of business.

Immediately after distraining any personal property for taxes, whether under section 277.03 or 272.51, the sheriff, in addition to all other notices now required by law, and before giving any such notices, shall give written notice of such distraint by certified mail to all persons holding a lien or encumbrance upon any of the property of the person assessed, owned by him at the time of the assessment, whose lien or encumbrance is filed with the county recorder as authorized by law, if such filed instrument or filed assignment thereof shall contain the post-office address of the holder or assignee of such lien or encumbrance. The notice shall state the name of the person assessed, a description of the personal property distrained, and the amount of the taxes, penalties, interest, and costs claimed against such property. Any person claiming a lien or encumbrance against any property of the person assessed, owned by him at the time of the assessment, may pay the amount so claimed to the sheriff within 15 days after the mailing of such notice, and no notice of the sale of such distrained property shall be given until after the expiration of such 15 days. Upon such payment being made, the sheriff shall issue his receipt therefor to the person making such payment, and shall state therein the fact of such payment, the name of the payor, the name of the person assessed, and a description of the personal property assessed, and shall return the property distrained to the person from whom it was taken, or to the person making such payment if the latter shall so require. Within five days after the issuance of such receipt the person making such payment shall file such receipt in the office wherein a chattel mortgage upon such property would be filed, and such person shall thereupon have a first and perpetual lien for the amount so paid, together with interest thereon at the rate of eight percent per annum from the date of such payment, superior and paramount to all other liens or encumbrances, except the vendor's interest in conditional sales contracts, upon all of the personal property of the person assessed, owned by him at the time of the assessment, whether all

of such property was distrained or not, and may foreclose such lien by action, with the same right of redemption in the person assessed or those lawfully claiming under him as is provided for mortgagors and those claiming under them in the case of foreclosure of chattel mortgages. Upon the trial of such action the receipt of the sheriff, or a certified copy thereof, shall be prima facie evidence of the amount and validity of the taxes, penalties, interest, and costs so paid, of the fact of such payment, and of the ownership of the property therein described by the person assessed at the time of the assessment.

The failure of any person to pay any tax assessed upon his personal property before any penalty, interest, or costs shall accrue for non-payment thereof, shall constitute a default in all liens or encumbrances upon any personal property owned by him at the time of such assessment, and shall authorize the holder of such lien or encumbrance to forthwith foreclose the same.

If the personal property assessed in any year is being, or about to be, sold in bulk, or at auction sale, or is being, or is about to be, removed from the county in which it is assessed before the taxes are paid, such taxes shall immediately become due and collectible. It shall be the duty of the assessor, when he has knowledge of such intended sale or removal, to notify the county auditor of such intention, and thereupon the county auditor shall proceed by distress to restrain such sale or removal of the property and to secure the payment or lien of the taxes due or to become due. If at the time of such distress the levy for the year is unknown the county auditor shall determine the amount of the taxes by applying the rate of levy of the preceding year to the assessment of the current year, and upon payment to the county treasurer of the amount so ascertained the county auditor shall make a certificate releasing the property from the lien of such taxes.

Upon determination of the date of any such sale, the clerk in charge thereof shall give written notice to the county auditor stating the date and place of sale, the name of the person or persons whose property is to be sold and the township or statutory city wherein the property is located.

272.67 DIVISION OF LAND IN CITIES INTO RURAL AND URBAN DISTRICTS.

Subdivision 1. Any city however organized, except in those counties situated in a metropolitan area as defined in Minnesota Statutes 1961, Section 473.02, Subdivision 5, which contain cities of the first class, may by ordinance adopted in the manner provided in this section divide its area into an urban service district and a rural service district, constituting separate taxing districts for the purpose of all municipal property taxes except those levied for the payment of bonds and judgments and interest thereon. In proceedings for annexation, incorporation, or consolidation being conducted pursuant to chapter 414, the Minnesota municipal board may by order divide a municipality into an urban service district and a rural service district, such districts to be designated by the board in accordance with the criteria set out in subdivision 2. Thereafter, said urban service district and rural service district may be changed in the same manner that an ordinance or amendment is changed in accordance with this section.

Subd. 2. The rural service district shall include only such unplatted lands as in the judgment of the governing body at the time of the adoption of the ordinance are rural in character, and are not developed for commercial, industrial, or urban residential purposes, and for these reasons are not benefited to the same degree as other lands by municipal services financed by general taxation. The rural service district may include lands which are not contiguous to one another. The ordinance may designate lands outside the city which, if annexed, shall be included within the rural service district. The urban service district shall include all lands within the boundaries of the city which are not included in the rural service district. The ordinance shall determine the approximate ratio which in the judgment of the governing body exists between the benefits resulting from tax supported municipal service to parcels of land of like market value, situated in the rural service district and in the urban service district, respectively. By amendment of the ordinance this benefit ratio may be changed, and lands may be added to or removed from the rural service district; but no amendment shall be required to remove lands by the procedure provided in subdivision 5.

Subd. 3. Every ordinance and amendment introduced under subdivision 2, before final adoption, shall be published in the official newspaper of the city, with notice of the time and place of a hearing thereon which shall be held by the governing body not less than 30 days after the publication. At the hearing, which may be adjourned from time to time by public announcement to those present, the governing body shall give reasonable hearing and consideration to all objections to and comments on the ordinance or amendment, made by or on behalf of any resident or taxpayer of the city or of any outside area described in the ordinance or amendment, whether presented orally or by written communication to the municipal clerk. Objections may be addressed to the establishment or extension of the rural service district as a whole, or to the inclusion or exclusion of any specified lands, or to the benefit ratio proposed to be established by the ordinance. They may be based on the character of the lands included or excluded or on the relative nature and extent of tax supported municipal service and benefit to lands of rural and urban character.

Subd. 4. At or after the hearing the governing body shall modify the ordinance in any respect and to any extent which it considers equitable, and shall cause it to be published in the form in which it is finally adopted, and a copy mailed to each person entitled to appear at the hearing who has requested a copy at the hearing or by written notice to the clerk. Within 30 days after the publication of the ordinance or amendment, any person entitled to appear at the hearing may appeal to the district court by serving a notice upon the clerk of the city, stating the grounds for such appeal, specifying the provisions of the ordinance or amendment which are claimed to be unreasonable, and alleging the facts on the basis of which such claim is made. The notice shall be filed with the clerk of the district court within ten days after its service. It may be filed by the appellant not only for himself but also on behalf of all others of the class to which the appellant belongs, as described in the notice of appeal. The clerk of the city shall furnish the appellant certified copies of all proceedings and records in his custody which are reasonably required to present the appeal. The appeal shall be placed upon the calendar of the next general term commencing more than ten days after the date of serving the notice and shall be tried in accordance with the provisions of the district court rules of civil procedure. If the appellant does not prevail upon the appeal, the costs incurred shall be taxed by the court and judgment entered therefor. All objections to the ordinance or amendment shall be deemed waived unless presented on such appeal; except that any person having any estate, right, title, or interest in or lien upon any parcel of land, who claims that any provision of the ordinance is unreasonable and that, by reason of such provision, any tax upon such parcel exceeds the amount which would be taxable thereon but for such provision, may have the validity of his claim determined by the district court in the manner provided in chapter 278, if he alleges and proves to the satisfaction of the court that he had no actual notice of the hearing held thereon pursuant to this section, and his rights were not adequately protected as a member of any class of persons for whom an appeal was taken pursuant to this section.

Subd. 5. Whenever any parcel of land, owned by one person or by two or more persons jointly or in common at the time of its inclusion in the rural service district, is platted, in whole or in part, and whenever application is made for a permit for the construction of a commercial, industrial, or urban residential development or improvement to be situated on such parcel or any part thereof, the board or officer approving such plat or building permit shall report this to the governing body, which shall make and enter an order transferring such parcel from the rural service district to the urban service district.

Subd. 6. A certified copy of every ordinance, amendment, and order adopted or entered pursuant to this section shall be filed with the county auditor

before it becomes effective. The amount of taxes levied each year by each city shall be certified to the county auditor in the manner now or hereafter provided by law. Taxes levied for payment of bonds and judgments and interest thereon shall continue to be spread upon all taxable property within the boundaries of the city in proportion to the assessed valuation thereof. The remaining amount of the taxes levied each year shall be allocated by the county auditor to the urban service district and the rural service district in amounts proportionate to the current benefit ratio times the current ratio between the market values of all taxable property within the urban service district and all taxable property within the rural service district. Within each district, the amount so allocated shall be spread upon all taxable property in proportion to the assessed valuation thereof.

Subd. 7. This section does not affect the classification of individual parcels of land for purposes of taxation under the provisions of section 273.13. No law or charter limiting the incurring of indebtedness or the levy of taxes by any city by reference to its population or the valuations of taxable property therein is amended by this section in its application to any city whose area is divided into urban and rural service districts.

Subd. 8. Notwithstanding the provisions of subdivisions 2 and 5, a rural service district established by any city may include platted parcels of land which the governing body determines to be rural in character and not developed for urban residential, commercial, or industrial purposes. Whenever any lot or portion of a platted parcel which is included in the rural service district is developed for commercial, industrial or urban residential purposes, or basic urban services such as sewer, water, or street improvements are extended to any such lot or portion, the governing body shall transfer the entire platted parcel to the urban service district. The governing body of such city shall annually review the tax ratio applicable to such platted parcels as determined under subdivision 2, and shall annually review the status of all such platted parcels to determine whether such parcels continue to qualify for inclusion in the rural service district.

When the state or a political subdivision of the state, except the state transportation department, acquires a fee interest in property before forfeiture, by any means, provision must be made to pay all taxes, including all unpaid special assessments and future installments thereof, unpaid on the property at the date of acquisition. For the purpose of this section, the date of acquisition shall be the date on which the acquiring authority shall be entitled under law to take possession of the property except in cases of condemnation, the date of acquisition shall be the date of the filing of the petition in condemnation. Taxes which become a lien on such property after the date of acquisition and before the condemning authority is by law entitled to actually take possession thereof shall, if paid by the owner, be added to the award, and if not so paid, shall be paid by the condemning authority. Taxes lawfully levied shall not be abated. This subdivision shall not be construed to require the payment of accrued taxes and unpaid assessments on the acquired property which exceed the fair market value thereof. The state or a subdivision acquiring property may make provisions for the apportionment of the taxes and unpaid assessments if less than a complete parcel is acquired.

If such accrued taxes and unpaid assessments are not paid as hereinabove required, then the county auditor of the county in which the acquired property is located shall notify the commissioner of finance of the pertinent facts, and the commissioner of finance shall divert an amount equal to such accrued taxes and

unpaid assessments from any funds which are thereafter to be distributed by the commissioner of finance or the state treasurer to the acquiring authority, and shall pay over such diverted funds to the county treasurer of the county in which the acquired property is located in payment of such accrued taxes and unpaid assessments.

Subd. 2. Property otherwise taxable, which is acquired by subdivisions of government shall remain taxable until the acquiring authority is by law or by the terms of a purchase agreement entitled to actually take possession thereof.

Subd. 3. If the acquiring authority permits a person to occupy the property after the acquiring authority has become entitled to actual possession, the authority shall charge a reasonable rental therefor and shall pay to the county treasurer to be distributed in the same manner as property taxes 30 percent of the rental received, or such percentage as may be otherwise provided by law.

Subd. 4. When the political subdivision is a housing and redevelopment authority which has obtained the right to take possession of a property in a redevelopment project area, it may lease the property to the previous occupant for temporary use pending the relocation of the former occupant's residence or business or may relocate such former occupant in any other property owned by it in such project area. The authority may agree with the municipality to the payment of certain sums in lieu of taxes on said property during such temporary occupancy in which event the payment of the sum agreed upon shall be in lieu of taxes as provided in section 462.575 and the provisions of section 272.01, subdivision 2, and section 273.19 shall not apply to such property or to the use thereof.

Any such agreement may, however, be construed as an agreement by the lessee to indemnify the lessor for the amount of personal property taxes paid. The listing required by this section shall be in lieu of any other property tax listing required by law for property required to be listed.

Subd. 4. Any person, firm, or corporation, or agent, officer, or employee thereof required by this section to file a listing of personal property who shall willfully fail to file such listing or who shall willfully or knowingly omit there-
