Subd. 2. **Teacher.** The word "teacher" includes any person who has rendered, is rendering, or shall hereafter render, service as a teacher, supervisor, principal, superintendent, or librarian in the public schools of the state, located outside of the corporate limits of the cities of the first class, in the state universities, or in any charitable or state institution including penal and corrective institutions supported, in whole or in part, by public funds, or who has been engaged, is engaged, or shall hereafter be engaged, in educational administration in connection with the state public school system, including the state university system and state community college system, but excluding the University of Minnesota, whether the position be a public office or an employment, not including members of any general governing or managing board or body connected with such systems, or the officers of common, independent, special, or associated school districts, or unorganized territory. The term shall also include an employee of the teachers retirement association employed subsequent to July 1, 1969, and any nurse, counselor, social worker or psychologist who has rendered, is rendering or shall hereafter render service in the public schools as

defined above or in state universities. The term shall also include any person who renders teaching service on a part time basis and who also renders other services for a school district. In such cases, the teachers retirement association shall have the authority to determine whether all or none of such combined employment will be covered by the teachers retirement association. The term does not mean any person who works for such school or institution as an independent contractor. The term shall not include any person employed in subsidized on-the-job training, work experience or public service employment as an enrollee under the federal comprehensive employment and training act from and after March 30, 1978, unless the person has as of the later of March 30, 1978 or the date of employment sufficient service credit in the retirement fund to meet the minimum vesting requirements for a deferred retirement annuity, or the employer agrees in writing on forms prescribed by the executive director to make the required employer contributions, including any employer additional contributions, on account of that person from revenue sources other than funds provided under the federal comprehensive training and employment act, or the person agrees in writing on forms prescribed by the executive director to make the required employer contribution in addition to the required employee contribution. The term shall not include any person holding a part time adult supplementary vocational-technical school license who renders part time teaching service in a vocational-technical school if (1) the service is incidental to the regular nonteaching occupation of the person; and (2) the applicable vocational-technical school stipulates annually in advance that the part time teaching service will not exceed 300 hours in a fiscal year; and (3) the part time teaching service actually does not exceed 300 hours in a fiscal year. Subd. 3. [Repealed, 1974 c 289 s 59]

Subd. 4. After July 1, 1969, payments made pursuant to subdivision 1, representing employee contributions, shall be accepted only if an equal additional amount, representing employer contributions, is received from the agency formerly employing such teacher. However, the teacher or the school district or institution which presently employs him, may pay such equal additional amount rep-

representing the employer contribution required by this subdivision. Interest shall be paid on both the employee and employer contribution at the rate of six percent per annum from the year on which such service was rendered to the first date of payment. For payments made prior to July 1, 1969, pursuant to subdivision 1 where the employer's contributions were not made, an additional amount representing employer's contributions may be paid together with interest at the rate of six percent per annum on this amount from the year such service was rendered to the first date of payment.

If the employee and employer contributions and interest thereon provided in this section are not paid in full the member's formula service credit shall be calculated by multiplying the number of years of out of state service by the ratio obtained by the total amount paid and the maximum amount payable provided herein.

The board may authorize the collection of these payments in the form of installments rather than a lump sum. Any school district or institution which desires to make the employer contribution herein provided, is hereby authorized to appropriate money for such purpose.

All payments into the fund pursuant to subdivision 1, shall be considered accumulations after July 1, 1957 for the purpose of computing any annuity provided in Extra Session Laws 1957, Chapter 16.

In no case shall the provisions of subdivision 1 apply to teachers who become members of the fund after June 30, 1957.

In no case shall the provisions of subdivisions 1 or 4 apply to members who have accepted refunds of their accumulated deductions and again resumed teaching in schools to which this chapter applies after July 1, 1957.

354.092 SABBATICAL LEAVE.

If a member is granted a sabbatical leave, he may receive allowable service credit not exceeding three years in any ten consecutive years toward a retirement annuity by paying into the fund employee contributions during the period of leave. The employee contribution shall be based upon the appropriate rate of contributions and the salary received during the year immediately preceding the leave. This payment must be made by the end of the fiscal year following the fiscal year in which the leave of absence terminated, and shall be without interest. A member shall not accrue more than three years allowable service by

reason of this section unless the allowable service credit was paid for by the member prior to July 1, 1962. A sabbatical leave for the purpose of this section must be compensated by a minimum of one-third of the salary the member received during the prior fiscal year. If the employee contributions during the period of the leave are less than the contributions based on the salary received during the year immediately preceding the leave, his formula service credit shall be prorated according to section 354.05, subdivision 25, clause (4).

354.093 MATERNITY LEAVE.

A member of the fund granted parental or maternity leave of absence by the employing authority shall be entitled to service credit not to exceed one year for the period of leave upon payment to the fund by the end of the fiscal year following the fiscal year in which the leave of absence terminated. The amount of such payment shall include the required employee, employer and amortization contributions for the period of leave prescribed in section 354.42. Such payment shall be based on the member's average monthly salary upon return to teaching service, and shall be without interest. 354.094 EXTENDED LEAVES OF ABSENCE.

Subdivision 1. If a member is granted an extended leave of absence pursuant to section 125.60 or 136.88, he may receive allowable service credit toward annuities and other benefits under this chapter, for each year of his leave by paying into the fund employee contributions during the period of the leave which shall not exceed five years. The state shall pay employer contributions into the fund for each year for which a member who is on extended leave pays employee contributions into the fund. The employee and employer contributions shall be based upon the rates of contribution prescribed by section 354.42 for the salary received during the year immediately preceding the extended leave. Payments for the years for which a member is receiving service credit while on extended leave shall be made on or before June 30 of each fiscal year for which service credit is received.

Subd. 2. Notwithstanding section 354.49, subdivision 4, clause (3), a member on extended leave who pays employee contributions into the fund pursuant to subdivision 1 shall retain membership in the association for as long as he continues to pay employee contributions, under the same terms and conditions as if he had continued to teach in the district, the community college system or the state university system.

Subd. 3. A member on extended leave of absence pursuant to section 125.60 or 136.88 who does not pay employee contributions into the fund in any year shall be deemed to cease to render teaching services beginning in that year for purposes of this chapter and may not pay employee contributions into the fund in any subsequent year of the leave. Nonpayment of employee contributions into the fund shall not affect the rights or obligations of the member or his employer under section 125.60 or 136.88.

Subd. 4. If a member who pays employee contributions into the fund for the agreed maximum duration of an extended leave does not resume teaching in the first school year after that maximum duration has elapsed, he shall be deemed to cease to render teaching services beginning in that year for purposes of this chapter.

Subd. 5. The provisions of this section shall not apply to a member who is discharged or placed on unrequested leave of absence or retrenchment or lay-off or whose contract is terminated while he is on an extended leave of absence pursuant to section 125.60 or 136.88.

Subd. 6. A member who pays employee contributions and receives allowable service credit in the fund pursuant to this section may not pay employee contributions or receive allowable service credit for the same fiscal year in any other Minnesota public employee pension plan, except a volunteer firefighters' relief association governed by sections 69.771 to 69.776. This subdivision shall not be construed to prohibit a member who pays employee contributions and receives allowable service credit in the fund pursuant to this section in any year from being employed as a substitute teacher by any school district during that year. Notwithstanding the provisions of sections 354.091 and 354.42, a teacher may not pay retirement contributions or receive allowable service credit in the fund for teaching service rendered for any part of any year for which he pays retirement contributions or receives allowable service credit pursuant to this section or section 354A.091 while on an extended leave of absence pursuant to section 125.60.

354.10 FUND NOT SUBJECT TO ASSIGNMENT OR PROCESS; BENEFICIARIES.

The right of a teacher to avail himself of the benefits provided by this chapter, is a personal right only and shall not be assignable. All moneys to the credit of a teacher's account in the fund or any moneys payable to him from the fund shall belong to the state of Minnesota until actually paid to the teacher or his beneficiary pursuant to the provisions of this chapter. Any power of attorney, assignment or attempted assignment of a teacher's interest in the fund, or of the beneficiary's interest therein, by a teacher or his beneficiary, including actions for divorce, legal separation, and child support, shall be null and void and the same shall be exempt from garnishment or levy under attachment or execution and from taxation under chapter 291. Provided however, the board may pay an annuity or benefit to a banking institution, qualified under chapter 48, that is a trustee for a person eligible to receive such annuity or benefit. Upon completion of the proper forms as provided by the board, the annuity or benefit check may be mailed to a banking institution, savings association or credit union for deposit to the recipient's individual account or joint account with his or her spouse. The board shall prescribe the conditions which shall govern these procedures. If in the judgment of the executive director conditions so warrant, payment may be made to a public body in behalf of an annuitant, disablitant, or survivor upon such terms as the executive director may prescribe. Any beneficiary designated by a teacher under the terms of this chapter, may be changed or revoked by the teacher at his pleasure, in such manner as the board may prescribe. In case a designated beneficiary dies before the teacher designating him dies, and a new beneficiary is not designated, the teacher's estate shall be the beneficiary.

354.146 RETIREMENT PROGRAMS.

Subdivision 1. Every member who has rendered teaching service or was on an authorized leave of absence after June 30, 1972 is covered by the full formula program except that those members who have contributed to the variable annuity fund are covered by the combined formula and variable annuity program. A former member who does not return to teaching service prior to retirement shall have his benefit determined under the program in effect at the time of termination.

Subd. 2. If a member had previously elected the total variable annuity program, a portion of his variable annuity account accumulations will be transferred to his formula account and become a part of his accumulated deductions. Such transfers shall be in an amount equal to four-sevenths of the value of the member's variable annuity account as of June 30, 1974, except that only one-half of the contributions made during the fiscal year ending June 30, 1974 shall be transferred.

Subd. 3. After June 30, 1974, every new teacher entering teaching service or resuming teaching service after previously accepting a refund shall be covered by the full formula program.

Subdivision 1. [Repealed, 1974 c 289 s 59]

Subd. 2. Every teacher after June 30, 1957, in the service or entering the service of the state or its governmental subdivision as a teacher, except persons specially excluded, shall become a member of the association by the acceptance of such employment.

Subd. 3. (1) Each annuitant, age 60 or over, who is drawing an annuity pursuant to Minnesota Statutes 1953, Section 135.10 and Minnesota Statutes 1965, Sections 354.44 and 354.33 shall have the right to have his membership in the fund restored upon resumption of teaching service, for the purpose of having deductions made in accordance with sections 354.42 and 355.48. Upon completion of five years of allowable service, under this subdivision the member shall

be entitled to a coordinated annuity provided in section 354.44, subdivision 6. This annuity is in addition to any annuity previously granted under this chapter.

(2) Any annuitant qualifying for membership in the fund under clause (1) may file a written notice with the executive director of the teachers retirement association requesting that deductions provided for in section 354.42 be made from compensation paid for subsequent teaching services. Such notice shall remain in effect until the annuitant requests in writing that this membership be revoked. After July 1, 1967, deductions pursuant to section 355.48 are required for any annuitant eligible for membership in the fund under clause (1). Teaching service rendered by an annuitant for which no deductions were made pursuant to section 354.42, shall not be included in any additional annuity granted pursuant to clause (1) of this subdivision.

(3) Teachers retirement deductions made prior to July 1, 1973 from the salary of any annuitant who was qualified for membership in the fund under clause (1) of this subdivision at the time such deductions were made, shall be applicable to the computation of an annuity as provided under clause (1) of this subdivision even if the written notice required in clause (2) of this subdivision has not been filed. The teaching service related to such retirement deductions shall be deemed to be allowable service credit which is applicable to the completion of the five years of allowable service required in clause (2) of this subdivision.

Subd. 4. Any person who is a former member and is presently employed by the Minnesota federation of teachers or its affiliated branches within the state, the Minnesota education association, the Minnesota association of school principals, the Minnesota association of secondary school principals or the Minnesota association of school administrators may elect to be a coordinated member in the fund based on such employment; provided, however, that no person shall also be entitled to such membership if he is also a member of a teachers retirement association in a city of the first class organized pursuant to chapter 354A for the same period of service. For such persons so employed on June 30, 1975, the election must be made prior to July 1, 1976. For such persons so employed after June 30, 1975, the election must be made upon commencing employment.

Subd. 5. For all members described in subdivision 4, the employee, employer and additional employer contributions shall be the obligation of the employee who elects coverage herein; provided, however, that the employer organization enumerated in subdivision 4 employing such member may pay the employer and additional employer contributions. The employer shall, in any event, deduct the necessary contributions from the employee's salary and remit all contributions to the teachers retirement association pursuant to section 354.42, except that if any such member is on leave of absence from a governmental employer unit, these contributions shall be forwarded by the employer organization to the governmental employer unit for remittance to the fund as described in this chapter.

Subd. 6. Any such former member who elects membership in the fund as authorized by subdivision 4 shall be eligible to make payment for service which was rendered prior to July 1, 1975 in any of the organizations enumerated in subdivision 4, provided the organization makes satisfactory certification of such service as prescribed in section 354.05, subdivision 28. This payment shall be limited to the most recent five years of allowable service credit and shall include all required employee and employer contributions as provided in section 354.42, subdivisions 2, 3 and 5 at the rates in effect when the service was rendered. Interest shall be paid on both the employee and employer contributions at the rate of six percent per annum compounded annually from the end of the fiscal year during which such service was rendered to the date of payment. The

employer may pay the required employer contributions as provided in section 354.42, subdivisions 3 and 5, plus interest at the specified rate. The payment described herein must be made in one lump sum prior to July 1, 1980 or prior to retirement, whichever is earlier. No allowable or formula service with respect to such payment shall be credited to the employee's account until payment is received by the executive director.

Subd. 7. Members of the fund as described in subdivision 4 shall not be eligible for election to the board of trustees.

Such certification shall also show the total amount of salaries paid from normal school operating funds and the total amount of salaries paid from sources other than normal school operating funds as defined in section 354.05, subdivision 27. Subdivision 1. **Requirements as to age and service.** Any member or former member who ceases or has ceased to render teaching services in any school or institution covered by the provisions of this chapter, and who has attained the age of at least 55 years with not less than ten years allowable service, or who has received credit for not less than 30 years allowable service regardless of age, is entitled upon written application to a retirement annuity.

Subd. 1a. **Mandatory retirement.** Notwithstanding the provisions of sections 43.30 or 197.45 to 197.48, a member shall terminate employment on August 31, 1976, or at the end of the academic year in which the member reaches the age of 65, whichever is later. For purposes of this subdivision, an academic year shall be deemed to end August 31. A member who terminates

employment at any time during the academic year at the end of which such person is age 65 or older shall, for the purpose of determining eligibility for a proportionate retirement annuity, be considered to have been required to terminate employment at age 65 or older pursuant to section 356.32. Nothing contained in this subdivision shall preclude an employer unit covered by this chapter from employing a retired teacher as a substitute or part time teacher; provided, no teacher required to terminate employment by this subdivision shall resume membership in the retirement association by virtue of employment as a substitute or part time teacher; provided further that upon having earned an amount equal to the annual maximum earnings allowable for that age for the continued receipt of full benefit amounts monthly under the federal old age, survivors and disability insurance program as set by the secretary of health, education and welfare pursuant to the provisions of 42 U.S.C., Section 403, in any academic year from employment as a substitute or part time teacher, any person over the age of 65 years shall terminate employment for the remainder of that academic year.

Subd. 2. Computation of money purchase annuity. The amount of retirement annuity is an amount equal to double the annuity which could be purchased by the member's accumulated deductions plus interest thereon. The annuity shall be determined by the member's age, his sex, double the amount of his accumulated deductions, double the interest earned on the accumulated deductions, and the appropriate mortality tables and interest rates. For the purpose of determining the amount of the annuity for a basic member, the accumulated deductions prior to July 1, 1957, and the accumulated deductions subsequent to July 1, 1957, shall be considered separately.

(1) For service rendered prior to July 1, 1957, the accumulated deductions for any member shall be carried forward at a fixed amount which is shown credited to his account as of that date. That fixed amount shall also include any payments in lieu of salary deductions which are to be made in the future and are actually so made pursuant to an agreement executed between the member and the board as authorized by section 354.50 or any other authorized payments made by the member to the fund. The annuity granted with respect to such period shall be determined by the following:

(a) The fixed amount of the accumulated deductions for such period including the interest credited thereon as earned up to July 1, 1957.

(b) Annuity purchase rates based on the mortality tables and interest assumption used by the board prior to July 1, 1957 in the case of basic members and an annuity purchase rate based on an appropriate annuity table of mortality with an interest assumption as provided in section 354.07, subdivision 1, in the case of coordinated members.

(2) For service rendered subsequent to July 1, 1957, the accumulated deductions for any member shall consist of the amounts actually credited to his account by reason of salary deductions. The annuity granted with respect to such period shall be determined by the following:

(a) accumulated deductions for such period;

(b) interest credited on these accumulated deductions from July 1, 1957, to the date of retirement;

(c) interest credited on accumulated deductions including prior credited interest provided in paragraph (1) from July 1, 1957, to the date of retirement;

(d) after the amount available for an annuity granted with respect to such person is determined in accordance with the provisions of this subdivision, an additional amount equal to 20 percent of the sum of clause (2) (a) plus interest credited to members account from July 1, 1957 to date of retirement is to be added. This added amount is not to be doubled as provided for other amounts determined in this subdivision;

(e) annuity purchase rate based on an appropriate annuity table of mortality with an interest assumption as provided in section 354.07, subdivision 1.

Subd. 3. **Application for retirement.** Retirement may be made upon application of the member or of someone acting in his behalf.

Subd. 4. **Time and manner of payments.** After January 1, 1974, a member may make application to the board for a retirement annuity any time after he has satisfied the age and service requirements of this chapter for retirement except that no application for retirement may be made more than 60 days before termination of teaching service. The annuity payment shall begin to accrue after the termination of teaching service, or after the application for retirement has been filed with the board, or after the member receives his final salary payment, whichever is later, as follows:

(a) on the sixteenth day of the month of termination, or filing or final salary receipt if such termination, or filing or final salary receipt occurs on or before the fifteenth day of such month or

(b) on the first day of the month following the month of termination, or filing or final salary receipt if such termination, or filing or final salary receipt occurs on or after the sixteenth day of the month.

This subdivision is effective January 1, 1976.

Subd. 5. **Resumption of teaching.** Any person who retired under any provision of any retirement law applicable to schools and institutions covered by the provisions of this chapter and has thereafter resumed teaching in any school or institution to which such sections apply shall continue to receive payments in accordance with such annuity except that during any quarter in which the person's income from the teaching service is in an amount equal to or greater than the quarterly maximum earnings allowable for that age for the continued receipt of full benefit amounts monthly under the federal old age, survivors and disability insurance program as set by the secretary of health, education and welfare pursuant to the provisions of 42 U.S.C., Section 403, the amount in excess of the applicable re-employment income maximum specified in this subdivision shall be deducted from the annuity payable for the quarter immediately following the quarter in which the excess amount was earned. After a person has reached the age of 72, the person shall receive the annuity in full regardless of the amount of income.

Subd. 6. **Computation of formula program retirement annuity.** (1) The formula retirement annuity hereunder shall be computed in accordance with the applicable provisions of the formula stated in clause (2) hereof on the basis of each member's average salary for the period of his formula service credit. For the purposes of computing the formula benefits under the formula and variable program, if a combination of these formulas is used, the formula percentages used will be those percentages in each formula as continued for the respective years of service from one formula to the next.

For all years of formula service credit "average salary" for the purpose of determining the member's retirement annuity means the average salary upon which contributions were made and upon which payments were made to increase the salary limitation provided in Minnesota Statutes 1971, Section 354.511 for the highest five successive years of formula service credit provided however that such "average salary" shall not include any more than the equivalent of 60 monthly salary payments.

(2) The average salary as defined in clause (1), multiplied by the following percentages per year of formula service credit shall determine the amount of the annuity to which the member qualifying therefor is entitled:

	Coordinated Member	Basic Member
Each year of service	1.0 percent	2.0 percent
during first ten	per year	per year

Each year of service thereafter	1.5 percent per year	2.5 percent per year
---------------------------------	----------------------	----------------------

(3) Where any member retires prior to age 65 under a formula annuity, he shall be paid a retirement annuity in an amount equal to the normal annuity provided in this subdivision and subdivision 7, reduced by one-half of one percent for each month that the member is under age 65 to and including age 60 and reduced by one-fourth of one percent for each month under age 60 at the time of retirement except that for any member who has 30 or more years of allowable service credit, such reduction shall be applied only for each month such member is under age 62.

This subdivision is effective June 1, 1975.

Subd. 7. Computation of formula and variable program retirement annuity. The benefits provided in this subdivision are the sum of the benefits provided by the following:

(1) The benefits provided in subdivision 6(2) for formula service credit prior to the effective date of the original election of this subdivision and subsequent to June 30, 1978 unless the member elects continued participation in the variable program pursuant to section 354.621, and

(2) The benefits for service credit subsequent to the effective date of the formula and variable program but prior to July 1, 1978 and the benefits for service credit subsequent to June 30, 1978 if the member elects continued participation in the variable program pursuant to section 354.621, shall be the average salary as defined in subdivision 6, clause (1) of any member multiplied by the following percentages per year of formula service credit,

	Coordinated Member	Basic Member
Each year of service during first ten	.5 percent per year	1.0 percent per year
Each year of service thereafter	.75 percent per year	1.25 percent per year, and

(3) the benefits provided in section 354.62, subdivision 5.

Subd. 8. Payment of annuity or benefit, evidence of receipt. Payment of an annuity or benefit for a given month shall be mailed during the first week of that month. Evidence of receipt of the check issued in payment of an annuity or benefit shall be submitted quarterly by the payee or a banking institution on a form prescribed by the executive director. In the event the required evidence of receipt form is not submitted, future annuities or benefits will be withheld until the form is submitted.

For purposes of this subdivision, an academic year shall be deemed to end August 31. Nothing contained in this subdivision shall preclude an employing unit covered by this chapter from employing a retired teacher as a substitute or part time teacher; provided, no teacher required to terminate employment by this subdivision shall resume membership in the retirement association by virtue of employment as a substitute or part time teacher; provided further that upon having earned \$3,600 in any academic year from employment as a substitute or part time teacher, any person over the age of 70 years shall terminate employment for the remainder of that academic year."

354.45 OPTIONAL RETIREMENT ANNUITIES; UNPAID ANNUITIES, DISPOSITION.

Subdivision 1. The retirement board shall establish optional annuities at retirement which shall take the form of an annuity payable for a period certain and for life thereafter; or as a joint and survivor annuity. The board shall also

establish an optional annuity which shall take the form of a guaranteed refund annuity paying the annuitant a fixed amount for life with the guarantee that in the event of death the balance of the accumulated deductions will be paid to the designated beneficiary. Such optional forms shall be actuarially equivalent to the normal forms provided in section 354.44. In establishing these optional forms the board shall obtain the written recommendation of an approved actuary and these recommendations shall be a part of the permanent records of the board.

Subd. 2. Upon the death of the member after retirement where no designated beneficiary shall survive the member, any remaining unpaid guaranteed annuity payments shall be commuted at the rate of interest currently being used in determining the amount of optional annuities and paid in one sum to the estate of the member. Upon the death of the last designated beneficiary after the death of the member, the value of any unpaid guaranteed annuity payments shall be commuted at the rate of interest currently being used in determining the amount of optional annuities and paid in one sum to the estate of such designated beneficiary.

The maximum monthly benefit shall not exceed \$450 for any one family, and the minimum benefit per family shall not be less than 30 percent of the basic member's average salary, subject to the foregoing maximum. The surviving dependent spouse benefit shall terminate upon remarriage, and the dependent children's benefit shall be reduced pro tanto when any child is no longer dependent.

If the basic member and the surviving dependent spouse are killed in a common disaster and if the total of all survivors benefits paid under this subdivision is less than the accumulated deductions plus interest payable, the surviving children shall receive the difference in a lump sum payment.

Any survivor of a basic member whose average salary was less than \$75 per month shall not be entitled to the benefits provided in this subdivision. If the survivor benefits provided in this subdivision exceed in total the monthly average salary of the deceased basic member, these benefits shall be reduced to an amount equal to the deceased basic member's monthly average salary.

Prior to payment of any survivor benefit herein described, the surviving dependent spouse's benefit provided herein may be waived but the benefits of a dependent child can only be waived by order of the district court. In the event all survivor benefits are waived, the member's accumulated deductions with interest shall be paid in a lump sum to the surviving spouse as provided in section 354.47, subdivision 1.

Subd. 2. Surviving spouse. If an election as provided in this subdivision has been made, upon the death of a member before retirement, his surviving spouse shall be paid a joint and survivor annuity as provided in section 354.45 and computed as in section 354.44, subdivision 2, or in subdivisions 6 or 7. The joint and survivor annuity provided herein shall be elected by the member after he has attained the age of at least 55 with not less than 20 years of allowable service or who has received credit for not less than 30 years of allowable service regardless of age. Except as otherwise provided in section 354.55, subdivision 2, the surviving spouse of a basic member shall receive the benefits provided in subdivision 1 or the annuity provided in subdivision 2 but not both. If any member has made an election pursuant to this subdivision and elects to be covered under section 354.62, the annuity based on his variable account accumulations shall be calculated in accordance with the provisions of section 354.62, subdivision 5.

Subd. 3. Payment after death of retiree. If a former member dies after his retirement, he or his designated beneficiary shall be entitled to the annuity payment due for the full month during which death occurs if no optional or reversionary annuity was designated by the member. (1) If a member dies before retirement and is covered under the provisions of section 354.44, subdivision 2, and neither an optional annuity, nor reversionary annuity, nor the benefit described in section 354.46, subdivision 1 is payable to the survivors of a basic member, there shall be paid to his surviving spouse or if there is no surviving spouse to his designated beneficiary an amount equal to his accumulated deductions with interest credited to his account to the date of death.

(2) If a member dies before retirement and is covered under the provisions of section 354.44, subdivisions 6 and 7, and neither an optional annuity nor reversionary annuity, nor the benefit described in section 354.46, subdivision 1 is payable to the survivors of a basic member, there shall be paid to his surviving spouse or if there is no surviving spouse to his designated beneficiary an amount equal to his accumulated deductions credited to his account as of June 30, 1957 and from July 1, 1957 to the date of death his accumulated deductions plus interest at the rate of 3-1/2 percent per annum compounded annually.

(3) The amounts payable in clause (1) or (2) are in addition to the amount payable in section 354.62, subdivision 5, for the member's variable annuity account.

Subd. 2. Benefits of \$500 or less. If a member or a former member dies without having designated a beneficiary, or if the beneficiary should die before making application for the refundment to the credit of such deceased member or former member, and the amount of the benefit is \$500 or less, the retirement board may 90 days after the date of death of the member or former member in

the absence of probate proceedings make payment to the surviving spouse of the deceased member or former members, or, if none to the next of kin under the laws of descent of the state of Minnesota and such payment shall be a bar to recovery by any other person or persons. 354.48 PERMANENT DISABILITY BENEFITS.

Subdivision 1. Age, service and salary requirements. Where any member became totally and permanently disabled after at least ten years of allowable service or after age 50 with five years of allowable service, whichever is sooner, he shall be entitled to a disability benefit in an amount provided in subdivision 3. If such disabled person's teaching service has terminated at any time, at least five of the required ten years of allowable service must have been rendered after last becoming a member. Any member whose average salary is less than \$75 per month shall not be entitled to disability benefits.

Subd. 2. Applications. This benefit shall begin to accrue 90 days following the commencement of disability or from the first day of the month following the date the written application for disability benefit has been filed with the board whichever is later. If salary is being received for either annual or sick leave during said period, payments shall accrue from the date salary ceases.

Subd. 3. Computation of benefits. (1) The amount of the disability benefit granted to members covered under section 354.44, subdivision 2, clause (1) and (2) or clause (3) is an amount equal to double the annuity which could be purchased by the member's accumulated deductions plus interest thereon computed as though the teacher were age 65 at the time the benefit begins to accrue and in accordance with the law in effect when the disability application is received. Any member who applies for a disability benefit after June 30, 1974 and who failed to make an election pursuant to Minnesota Statutes 1971, Section 354.145, shall have his disability benefit computed under the provisions of this clause or clause (2) of this subdivision, whichever is larger.

The benefit granted shall be determined by the following:

- (a) The amount of the accumulated deductions;
- (b) Interest actually earned on these accumulated deductions to the date the benefit begins to accrue;
- (c) Interest for the years from the date the benefit begins to accrue to the date such member attains age 65 at the rate which is the average rate credited for the five years prior to the date the benefit begins to accrue;
- (d) Annuity purchase rates based on an appropriate annuity table of mortality with interest assumption as provided in section 354.07, subdivision 1.

In addition a supplementary monthly benefit shall be paid to basic members only in accordance with the following table:

Age When Benefit Begins to Accrue	Supplementary Benefit
Under Age 56	\$50
56	45
57	40
58	35
59	30
60	25

61	20
62	15
63	10
64	5

(2) The disability benefit granted to members covered under section 354.44, subdivisions 6 or 7 shall be computed in the same manner as the annuity provided in subdivisions 6 or 7 of that section, whichever is applicable. The disability benefit shall be the formula annuity without the reduction for each month the member is under age 65 at the time the benefit begins to accrue.

(3) The optional annuity benefit provided in section 354.45 does not apply to this section.

(4) For the purposes of computing a retirement annuity when the member becomes eligible, the amounts paid for disability benefits shall not be deducted from the individual member's accumulated deductions. If the disability benefits provided in this subdivision exceed the monthly average salary of the disabled member, the disability benefits shall be reduced to an amount equal to the disabled member's average salary.

Subd. 4. Determination by the board. The board shall have the member examined by at least two licensed physicians selected by the board. These physicians shall make written reports to the board concerning the member's disability including medical opinions as to whether or not the member is permanently and totally disabled within the meaning of section 354.05, subdivision 14. The board shall also obtain written certification from the last employer stating whether or not the member was separated from service because of a disability which would reasonably prevent further service to the employer and as a consequence the member is not entitled to compensation from the employer. If upon the consideration of the reports of the physicians and such other evidence presented by the member or others interested therein, the board finds the member totally and permanently disabled, it shall grant him a disability benefit. The fact that an employee is placed on leave of absence without compensation because of disability shall not bar him from receiving a disability benefit.

Subd. 5. Benefits paid under other laws. The disability benefit shall be reduced by any amounts received or receivable by a member from the employer under applicable workers' compensation laws.

Subd. 6. Regular physical examinations. At least once each year during the first five years following the allowance of a disability benefit to any member, and at least once in every three-year period thereafter, the board shall require the disability beneficiary to undergo a medical examination to be made at the place of residence of such person, or at any other place mutually agreed upon, by a physician or physicians engaged by the board. If any examination indicates that he is no longer permanently and totally disabled or that he is engaged or is able to engage in a gainful occupation, payments of the disability benefit by the fund shall be discontinued. The payments shall discontinue as soon as he is reinstated to the payroll following sick leave, but in no case shall payment be made for more than 60 days after physicians engaged by the board find that such person is no longer permanently and totally disabled.

Subd. 7. Partial re-employment. Should the disabled person resume a gainful occupation and his earnings are less than his salary at the date of disability or the salary currently paid for similar positions, the board shall continue the disability benefit in an amount which when added to such earnings does not exceed his salary at the date of disability or the salary currently paid for similar positions, whichever is lower, provided the disability benefit in such case does not exceed the disability benefit originally allowed.

Subd. 8. **Refusal of examination.** Should any such disabled person refuse to submit to a medical examination as herein provided, payments by the fund shall be discontinued and all rights of the member in any disability benefit shall be revoked by the board.

Subd. 9. **Return to teaching service.** Any person receiving a disability benefit who is restored to active teaching service shall have deductions taken for the retirement fund.

Subd. 10. **Retirement status at age 65.** No person shall be entitled to receive both disability benefits and a retirement annuity provided by this chapter. The disability benefit paid to a person hereunder shall terminate when he reaches age 65 if he is still totally and permanently disabled. At that time he shall be deemed to be on retirement status and he may at his option be paid either a straight life retirement annuity as provided in section 354.44 or a straight life retirement annuity equal to the disability benefit paid to him before he reached age 65, whichever amount is greater. He may instead of taking the straight life annuity provided herein, however, select an optional retirement annuity as provided in section 354.45. Any disability benefit recipient who is age 65 after June 30, 1973 shall have his retirement annuity computed in accordance with Minnesota Statutes 1974, Section 354.44, Subdivision 6 or 7, if such annuity is larger than the annuity otherwise payable. Any increase in retirement annuities shall begin to accrue July 1, 1975.

354.49 REFUND.

Subdivision 1. Any person who ceases to render teaching service in any school or institution to which the provisions of this chapter apply shall be entitled to a refund provided in subdivision 2, or a deferred retirement annuity. Application for refund may be made no sooner than 30 days after termination of teaching service if the applicant has not again become a teacher. This payment will be made within 90 days after receipt of application for refund or upon completion of processing the report made pursuant to section 354.52, subdivision 2 whichever is later.

Subd. 2. Except as provided in section 354.44, subdivision 1, any person who ceases to be a member by reason of termination of teaching service, shall receive a refundment in an amount equal to his accumulated deductions without interest plus any variable annuity account accumulations payable pursuant to section 354.62, subdivision 5, clause (4).

Subd. 3. Any person who has attained the age of at least 65 with less than ten years of credited allowable service shall be entitled to receive a refund in an amount equal to his accumulated deductions plus interest in lieu of a proportionate annuity pursuant to section 356.32 except those covered under the provisions of section 354.44, subdivisions 6 or 7 in which case the refund shall be an amount equal to his accumulated deductions credited to his account as of June 30, 1957 and after July 1, 1957 his accumulated deductions plus interest at the rate of three and one-half percent compounded annually.

Subd. 4. Membership in the retirement association of any person shall terminate under the following conditions: (1) If a person takes a refundment pursuant to this section; (2) When a person's retirement annuity first begins to accrue as provided in section 354.44, subdivisions 1 and 4; (3) Upon his ceasing to be a "teacher" whether by resignation, dismissal, or termination of temporary or provisional employment for the purpose of determining eligibility for disability or survivorship benefits as provided in sections 354.48, subdivision 1 and 354.46, subdivision 1, respectively.

Subd. 5. If a person ceases to render teaching service in any school or institution to which the provisions of this chapter apply and does not make application for refund within five years after June 30th of the fiscal year in which the last deduction was taken from his salary for the retirement fund and if his accumulated deductions are \$500 or less, such deductions and interest shall be credited to and become a part of the retirement fund. In the event such person returns to render teaching service in any school or institution to which the provisions of this chapter apply and the deductions previously credited to the retirement fund are \$5 or more, such deductions and interest to date of restoration shall be restored to his individual account. If the deductions previously credited to the retirement fund are \$5 or more and such person applies for a refund pursuant to this section or an annuity pursuant to section 354.55, subdivision 3, such deductions credited to the retirement fund shall be restored to such person's individual account.

When any member accepts a refund provided in section 354.49, all existing service credits to which the member was entitled prior to the acceptance of such refund shall terminate and shall not again be restored until the former member acquires not less than two years allowable service credit subsequent to taking his last refund. In that event he may repay such refund. If more than one refund has been taken, all refunds must be repaid.

Subd. 2. If a member desires to repay his refunds, payment shall include six percent interest compounded annually from date of withdrawal to the date payment is made and be credited to the fund.

354.53 MILITARY SERVICE CREDIT.

Subdivision 1. Any employee given a leave of absence to enter military service and who returns to teaching service upon discharge from military service as provided in section 192.262, shall obtain credit for his period of military service but he shall not receive credit for any voluntary extension of military service at the instance of the member beyond the initial period of enlistment, induction or call to active duty. Such member shall obtain such credit by paying into the fund an employee contribution based upon his salary at the date of return from military service. For service rendered prior to July 1, 1957, the amount of his contri-

bution shall be an amount equal to six percent of his salary; not to exceed \$175 per year for any service rendered prior to July 1, 1953, \$216 per year for service rendered during the period July 1, 1953 through June 30, 1955, \$288 per year for service rendered during the period July 1, 1955 through June 30, 1957. For service rendered subsequent to July 1, 1957 the amount of this contribution shall be as follows:

Period	Basic Member	Coordinated Member
July 1, 1957 thru June 30, 1965	6 percent not to exceed \$288	3 percent not to exceed \$144
July 1, 1965 thru June 30, 1967	6 percent not to exceed \$432	3 percent not to exceed \$216
July 1, 1967 thru June 30, 1969	6 percent	3 percent
July 1, 1969 thru June 30, 1973	7 percent	3 1/2 percent
July 1, 1973 and thereafter	8 percent	4 percent

The contributions specified in this subdivision shall be multiplied by the number of years of such military service together with interest thereon at the rate of six percent compounded annually from the time such military service was rendered to the first date of payment. In such cases the employer contribution and additional contribution provided in section 354.42 shall be paid by the state in the manner provided in section 354.43. Payment for military service which is part of any agreement signed by a member in accordance with Minnesota Statutes 1971, Section 354.51, Subdivision 2, is not subject to the provisions of this section.

Subd. 2. All payments into the fund pursuant to this section shall be considered accumulations after July 1, 1957 for the purpose of computing any annuity in accordance with section 354.44, subdivision 2. If the contributions and interest thereon provided in this section are not paid in full, the member's formula service credit shall be calculated by multiplying the number of years of military service by the ratio obtained by the total amount paid and the maximum amount payable provided herein.

Subd. 3. Payments pursuant to this section must be made prior to July 1, 1974 or within five years from the date of discharge, whichever is later.

Subd. 3. Any person who ceased teaching service prior to July 1, 1957, who left his accumulated deductions in the fund for the purpose of receiving when eligible, a retirement annuity shall have his annuity computed in accord-

ance with the law in effect at the date he ceased teaching service, except that if such person has ten or more years of allowable service credit, his retirement annuity shall be determined under the law in effect on June 30, 1969.

Subd. 4. [Repealed, 1974 c 289 s 59]

Subd. 5. Subd. 9. [Repealed, 1974 c 289 s 59]

Subd. 10. Any benefit to which any person may be entitled under this chapter may be reduced in amount upon application of the person entitled thereto to the board of trustees, provided that such person shall first relinquish in writing all claim to that part of the full benefit which is the difference between the benefit which he would be otherwise entitled to receive and the benefit which he will receive. The reduced benefit shall be payment in full of all amounts due under this chapter for the month for which the payment is made and acceptance of the reduced benefit releases the retirement association from all obligation to pay to such person the difference between the amount of the reduced benefit and the full amount of the benefit which such person would otherwise have received. After July 1, 1971, any benefit reduced under the provisions of this subdivision may not again be restored.

Subd. 11. Any person covered under section 354.44, subdivisions 6 and 7, who ceases or has ceased to render teaching service may leave his accumulated deductions in the fund for the purpose of receiving a deferred annuity at retirement. Eligibility for such an annuity shall be determined by the provisions of section 354.44, subdivision 1, or section 354.60.

The amount of the deferred retirement annuity shall be determined by section 354.44, subdivisions 6 and 7, and augmented as provided herein. The required reserves related to that portion of the annuity which had accrued at the time the member ceased to render teaching service shall be augmented by interest compounded annually from the first day of the month following the month during which the member ceased to render teaching service to the effective date of retirement. There shall be no augmentation if this period is less than three months. The rates of interest used for this purpose shall be five percent commencing July 1, 1971, until January 1, 1981, and three percent thereafter. If a person has more than one period of uninterrupted service, the required reserves related to each period shall be augmented by interest pursuant to this subdivision. The sum of the augmented required reserves so determined shall be the basis for purchasing the deferred annuity. If a person does not render teaching service in any one or more consecutive fiscal years and then resumes teaching service, the formula percentages used from date of resumption will be those applicable to new members. The mortality table and interest assumption con-

tained therein used to compute such annuity will be determined by the law in effect at the time of the member's retirement. A period of uninterrupted service for the purposes of Laws 1971, Chapter 87 shall mean a period of covered teaching service during which the member has not been separated from such service for more than one fiscal year.

The provisions of this subdivision shall not apply to variable account accumulations as defined in section 354.05, subdivision 23.

In no case shall the annuity payable herein be less than the amount of annuity payable pursuant to section 354.44, subdivisions 6 and 7.

The requirements and provisions for retirement prior to age 65 contained in section 354.44, subdivision 6, clause (2) shall also apply to an employee fulfilling such requirements with a combination of service as provided in section 354.60.

Subd. 12. When any member retires under the law in effect prior to July 1, 1973 that portion of his annuity based on accumulations after June 30, 1957 under the provisions of Minnesota Statutes 1971, Section 354.44, Subdivision 2 and all accumulations under the provisions of Minnesota Statutes 1971, Section 354.33, Subdivision 1 shall be calculated using the same mortality table and interest assumption used to transfer the required reserves to the Minnesota post-retirement investment fund.

Subd. 13. Any person who ceased teaching service prior to July 1, 1968, who has ten years or more of allowable service and left his accumulated deductions in the fund for the purpose of receiving when eligible a retirement annuity, shall have his annuity computed in accordance with the law in effect on June 30, 1969, except that the portion of his annuity based on accumulations after June 30, 1957, under the provisions of Minnesota Statutes 1967, Section 354.44, Subdivision 2, and all accumulations under the provisions of Minnesota Statutes 1967, Section 354.33, Subdivision 1, shall be calculated using the same mortality table and interest assumption used to transfer the required reserves to the Minnesota post-retirement investment fund.

Subd. 14. All annuities payable from the Minnesota post-retirement investment fund which are in effect on June 30, 1973 shall be increased in the same ratio that the actuarially computed reserve for such annuities determined by using an interest assumption of three and one-half percent bears to the actuarially computed reserve for such annuities determined by using an interest assumption of five percent. The reserves upon which such increases shall be based shall be the actuarially determined reserves for all Minnesota post-retirement investment fund annuities which were in effect on June 30, 1972, in accordance with the mortality assumptions then in effect and at interest assumptions of three and one-half percent and five percent. Such ratio of increase computed to the last full 1/100 of one percent shall be applied to all annuities payable from the Minnesota post-retirement investment fund which are in effect on June 30, 1973. Notwithstanding the provisions of section 356.18, increases in annuity payments pursuant to this subdivision will be made automatically unless written notice is filed by the annuitant with the teachers retirement association board requesting that the increase shall not be made.

Subd. 15. Notwithstanding the maximum benefit provisions of section 354.46, subdivision 1, all benefits and annuities payable pursuant to sections 354.48; 354.46, subdivision 1 and Laws 1915, Chapter 199, as amended, which are in effect on June 30, 1973 shall be increased 25 percent. Such increase shall begin to accrue January 1, 1974. Notwithstanding the provisions of section 356.18, increases in benefit and annuity payments pursuant to this subdivision will be made automatically unless written notice is filed by the annuitant with the teachers retirement association board requesting that the increase shall not be made.

Subd. 16. Any member who ceased to render teaching service during the 1972-1973 fiscal year whose application for retirement becomes effective after June 30, 1973, shall be eligible to receive the new retirement benefits provided by the law in effect on July 1, 1973.

Subd. 17. Teachers who retire after June 30, 1973 and who failed to make an election pursuant to Minnesota Statutes 1971, Section 354.145, Subdivision 1, Clause (1) and Subdivision 2, Clause (1) shall have their annuity at retirement computed under section 354.44, subdivision 2 or subdivision 6, whichever is larger.

Subd. 18. (1) Teachers who retired after June 30, 1972 and before July 1, 1973 who failed to make an election pursuant to Minnesota Statutes 1971, Section 354.145, subdivision 1, clause (1) shall have their annuity recomputed under the law in effect on June 30, 1973 under the provisions of either Minnesota Statutes 1971, Section 354.33, subdivision 1 or subdivision 7, whichever is larger.

(2) Teachers who retired after June 30, 1972 and before July 1, 1973 and who failed to make an election pursuant to Minnesota Statutes 1971, Section 354.145, subdivision 2, clause (1) shall have their annuity recomputed under the law in effect on June 30, 1973 under the provisions of either section 354.44, subdivision 2 or subdivision 6, whichever is larger.

Subdivision 1. As used in this section, the term "teachers" shall have the meaning given it in section 125.03, subdivision 1, but shall not include superintendents. It shall also have the meaning given it in section 136.88, subdivision 1.

Subd. 1a. For purposes of this section, "board" means a school district board, the state board for community colleges and the state university board.

Subd. 1b. For purposes of this section, "district" means a school district, the community college system and the state university system.

Subd. 2. A teacher in the public elementary, secondary or area vocational-technical schools, in the community college system or the state university system of the state who has 20 years or more of allowable service or 20 years or more of full time teaching service in Minnesota public elementary, secondary or area vocational-technical schools, in the community college system or the state university system may, by agreement with the board of the employing district, be assigned to teaching service within the district in a part time teaching position.

Subd. 3. For purposes of this section, a part time teaching position shall mean a teaching position within the district in which the teacher is employed for at least 50 full days or a fractional equivalent thereof as prescribed in section 354.091, and for which the teacher is compensated in an amount not exceeding 60 percent of the compensation established by the board for a full time teacher of identical education and experience within the district.

Subd. 4. Notwithstanding any provision of this chapter relating to salary for contribution purposes or accrual of service credit to the contrary, employee and employer contributions to the fund, including the state's obligation therefor, and accrual of allowable service credit toward retirement pursuant to this chapter shall be continued during the period of part time employment pursuant to this section upon the same basis and in the same amounts as would be payable or accrued were the teacher to have been employed on a full time basis. A teacher's contributions to the fund and accrual of allowable service credit during part time employment may not be continued pursuant to this subdivision for a period longer than 10 years.

Subd. 5. A teacher who pays employee contributions and receives allowable service credit in the fund pursuant to this section may not pay employee contributions or receive allowable service credit for the same fiscal year in any other Minnesota public employee pension plan, except a volunteer firefighters' relief association governed by sections 69.771 to 69.776.

Subd. 6. A board entering into an agreement authorized by this section shall take all steps necessary to assure continuance of any insurance programs furnished or authorized a full time teacher on an identical basis and with identical sharing of costs for a part time teacher pursuant to this section. Notwithstanding the provisions of section 43.47, subdivision 16, a teacher as defined in section 136.88 employed on a less than 75 percent time basis pursuant to this section shall be eligible for state paid insurance benefits as if the teacher were employed full time.

Subd. 7. Only teachers who are public employees as defined in section 179.63, subdivision 7, during the school year preceding the period of part time employment pursuant to this section shall qualify for the continuation of contributions and accrual of service credit pursuant to subdivision 4. In cooperation with the boards of trustees of the appropriate retirement fund associations and within the limits of the amount appropriated for the purpose of this section, the commissioner of education shall approve or disapprove applications from school districts for authorization to assign teachers to part time teaching positions qualifying for the continuation of contributions and accrual for service credit pursuant to this section. The state board for community colleges and the state university board may within the limits appropriated to them for purposes of this section assign a teacher to a part time teaching position qualifying for the continuation of contributions and accrual of service credit pursuant to this section without applying for and receiving the authorization of the commissioner of education.

Subd. 10. Nothing within the provisions of this section shall be construed to limit the authority of a board to assign a teacher to a part time teaching position which does not qualify for the continuation of contributions and accrual of service credit pursuant to this section.

Subd. 11. Neither subdivision 5 nor 8 shall be construed to prohibit a teacher who qualifies for the continuation of contributions and accrual of service credit pursuant to this section in any year from being employed as a substitute teacher by any school district during that year. Notwithstanding the provisions of sections 354.091 and 354.42, a teacher may not pay retirement contributions or receive allowable service credit in the fund for other teaching service rendered for any part of any year for which he qualifies for continuation of contributions and accrual of service credit pursuant to this section or section 354A.22.
