462A.01 CITATION.

Sections 462A.01 to 462A.24 shall be known as and may be cited as the "Minnesota housing finance agency law of 1971."

History: 1971 c 702 s 1

462A.02 POLICY.

Subdivision 1. It is hereby found and declared that as a result of public actions involving highways, public facilities and urban renewal activities, and as a result of the spread of deteriorated housing and blight to formerly sound urban and rural neighborhoods, and as a result of the inability of private enterprise and investment to produce without public assistance a sufficient supply of decent, safe and sanitary residential dwellings at prices and rentals which persons and families of low and moderate income can afford, there exists within the state of Minnesota a serious shortage of decent, safe and sanitary housing at prices or rentals within the means of persons and families of low and moderate income.

Subd. 2. It is further declared that this shortage of housing for low and moderate income families is inimical to the safety, health, morals and welfare of the residents of the state and to the sound growth and development of its communities. An adequate supply of housing of a variety of housing types serving persons and families of all income levels and properly planned and related to public transportation, public facilities, public utilities and sources of employment and service is essential to the orderly growth and prosperity of the state and its communities. Present patterns of providing housing unduly limit the housing options for many people in the state's urban centers, smaller communities and non-metropolitan areas.

Subd. 3. It is further declared that continuing present patterns of providing housing in the state will limit the ability of the private building industry and the investment industry to produce, without assistance, the needed construction of sanitary, decent and safe residential dwellings at prices or rentals which persons and families of low and moderate income can afford, will result in a failure to provide sufficient long term mortgage financing for housing for low and moderate income families, and will not assure that additional housing will be provided in sufficient quantity in the areas of need and demand.

Subd. 4. It is further declared that housing assistance programs provided by the federal government are inadequate both in the amount of housing given

assistance and the number of dollars available for assistance and that it will not be possible to meet the housing needs of low and moderate income families in Minnesota without state action to supplement federal programs. The legislature also finds that the provision of additional federal resources to assist in the reduction of housing costs for low and moderate income families is dependent upon the state of Minnesota providing administrative capability and a state housing finance program to add to and more effectively utilize federal funds. It is further declared that the provision of an adequate supply of housing for low and moderate income families has been greatly restricted by the rapidly increasing costs of financing housing and that providing an adequate supply of housing to meet the needs of low and moderate income families will not be possible until and unless the cost of mortgage financing for housing for low and moderate income families is reduced by state action.

Subd. 5. It is further declared that in establishing a Minnesota housing finance agency, the legislature is acting in all respects for the benefit of the people of the state of Minnesota to serve a public purpose in improving and otherwise promoting their health, welfare and prosperity and that the Minnesota housing finance agency, as created and established, is empowered to act on the behalf of the people of the state of Minnesota in serving this public purpose for the benefit of the general public.

Subd. 6. It is further declared that it is a valid public purpose to construct housing for low and moderate income families who would otherwise be unable to obtain adequate housing at prices or rentals they could afford, to encourage such construction in the areas of need and demand with a reasonable balance between non-metropolitan and metropolitan areas of the state, and to assist in the elimination of substandard housing conditions and to prevent the recurrence of such conditions by housing persons of varied economic means and a wide range of incomes in the same developments and neighborhoods properly planned and related to public facilities and sources of employment and services and to provide the necessary powers to accomplish these public purposes.

Subd. 7. It is further declared that housing assistance programs provided by the federal government frequently require cooperation by or coordination with an agency of state government and that the availability of particular housing assistance programs of the federal government may depend upon the existence of an agency in state government with the authority and capacity to coordinate and administer such federal housing assistance programs.

Subd. 8. It is further found and declared that many residential dwellings occupied by persons and families of low and moderate income do not conform to building, housing maintenance, fire, health or other state, county and city codes and standards applicable to housing; that many have a market value substantially below the market value that they would have if rehabilitated; that many are substantially less desirable to live in than they would be if rehabilitated; that many are substantially defective or are inadequate for the number of persons occupying them; that many are uninsurable because of fire risks; that many owners of such dwellings cannot afford to make the needed repairs and improvements without expending more than a reasonable portion of their income for housing, and some are unable to afford any additional amount for housing; and that existing private and public means of enterprise and investment cannot provide financing or assistance on terms and conditions within the means of many such owners. These conditions are adverse to the safety, health, and welfare of the citizens of the state, and contrary to the public policy of preventing and eliminating blight in urban and rural areas. The rehabilitation of such housing is more economical and less disruptive than replacement and the relocation of the occupants. It is therefore a valid public purpose for the state to preserve and promote the safety, health, and welfare of its citizens by exercise of the powers granted to the Minnesota housing finance agency in this chapter.

Subd. 9. It is further declared that the health, welfare, and personal interests of the mentally ill, mentally deficient, physically handicapped, and drug dependent citizens of Minnesota who are and who may be in need of residential care are better served through the development of a comprehensive, community based system of treatment and care which requires the availability of adequate financing for the construction, renovation, or rehabilitation of residential care facilities as well as sufficient funds for their operational startup costs.

Subd. 10. It is further declared that supplies of conventional energy resources are rapidly depleting in quantity and rising in price and that the burden of these occurrences falls heavily upon persons of low and moderate income. These conditions are adverse to the health, welfare, and safety of the citizens of this state. It is further declared that it is a public purpose to ensure the availability of financing to be used by low and moderate income people to install in their dwellings reasonably priced energy conserving systems using alternative energy resources and equipment.

Subd. 2. "Development costs" means the costs approved by the agency as appropriate expenditures which may be incurred by sponsors of land development for residential housing or of residential housing, within this state, prior to commitment and initial advance of the proceeds of an eligible construction loan, or eligible mortgage, and for which temporary loans from the housing development fund may be made by the agency subject to the provisions of section 462A.05, subdivision 5, including but not limited to:

(a) Payments for options to purchase properties on the proposed residential housing site, deposits on contracts of purchase, or, with prior approval of the agency, payments for the purchase of such properties;

Subd. 3. "Federally insured construction loan" means a construction loan for residential housing which is insured by the United States or an instrumentality thereof, or by a commitment by the United States or an instrumentality thereof to insure such a loan or to make mortgage insurance available for a residential housing project upon the completion thereof in accordance with federal law and regulations.

Subd. 4. "Federally insured mortgage" means a mortgage loan for residential housing which is insured or guaranteed by the United States or an instrumentality thereof, or by a commitment by the United States or an instrumentality thereof to insure such a mortgage.

Subd. 5. "Federally insured security" means an evidence of indebtedness insured or guaranteed as to repayment of principal and interest by the United States or an instrumentality thereof.

Subd. 10. "Persons and families of low and moderate income" means persons and families, irrespective of race, creed, national origin or sex, determined by the agency to require such assistance as is made available by sections 462A.01 to 462A.24 on account of personal or family income not sufficient to afford adequate housing. In making such determination the agency shall take into account the following: (a) The amount of the total income of such persons and families available for housing needs, (b) the size of the family, (c) the cost and condition of housing facilities available, (d) the eligibility of such persons and families to compete successfully in the normal housing market and to pay the amounts at which private enterprise is providing sanitary, decent and safe housing. In the case of federally subsidized mortgages with respect to which income limits have been established by any agency of the federal government having jurisdiction thereover for the purpose of defining eligibility of low and moderate income families, the limits so established shall govern under the provision of sections 462A.01 to 462A.24. In all other cases income limits for the purpose of defining low or moderate income persons shall be established by the agency in its rules.

Owners of existing residential housing occupied by renters shall be eligible for rehabilitation loans, only if, as a condition to the issuance of the loan, the owner agrees to conditions established by the agency in its rules relating to rental or

other matters that will insure that the housing will be occupied by persons and families of low or moderate income. The agency shall require by rules that the owner give preference to those persons of low or moderate income who occupied the residential housing at the time of application for the loan.

Subd. 14. "Federal housing assistance supplements" means and refers to all funds made available to the state of Minnesota by the federal government or any agency or instrumentality thereof for the purpose of assisting in providing adequate and economic housing in the state of Minnesota.

The agency shall consist of the state planning director, state auditor, and five public members appointed by the governor with advice and consent of the senate. No more than two public members shall reside in the area of jurisdiction of the metropolitan council as provided in section 473.123, subdivision 1, and no more than one public member shall reside in any one of the development regions established under the provisions of sections 462.381 to 462.396. Each member shall hold office until his successor has been appointed and has qualified. A certificate of appointment or reappointment of any member shall be conclusive evidence of the due and proper appointment of the member.

Subd. 1a. The membership terms, compensation, removal of members, and filling of vacancies for the public members on the agency shall be as provided in section 15.0575.

Subd. 2. [Repealed, 1976 c 134 s 79]

Subd. 6. The management and control of the agency shall be vested solely in the members in accordance with the provisions of sections 462A.01 to 462A.24.

Subd. 7. The powers of the agency shall be vested in the members thereof in office from time to time and a majority of the members of the agency constitutes a quorum for the purpose of conducting its business and exercising its powers and for all other purposes, notwithstanding the existence of any vacancies. Action may be taken by the agency upon a vote of a majority of the members present.

Subd. 8. The agency shall be under the administrative control of an executive director which office is established. He shall be appointed by the governor under the provisions of section 15.06.

The executive director may appoint a deputy director. The executive director may further appoint such permanent and temporary employees as he deems necessary subject to the approval of the commissioner of employee relations. All permanent employees of the agency, except the executive director, deputy director, and five additional positions reporting directly to the director are in the classified civil service. The five additional unclassified positions permitted by this subdivision shall only be filled in the manner and pursuant to the procedures and conditions specified in section 43.09, subdivision 2a; provided, that no additional deputy commissioner positions may be created.

462A.05 SPECIFIC POWERS OF THE AGENCY.

Subdivision 1. The agency shall have the specific powers and duties set forth in this section.

Subd. 2. It may make or participate in the making of eligible construction loans to sponsors or builders of residential housing for occupancy by persons or families of low and moderate income. Such loans shall be made only upon determination by the agency that construction loans are not otherwise available, wholly or in part, from private lenders upon equivalent terms and conditions.

Subd. 2a. It may make grants to sponsors or builders of multi-unit residential housing for occupancy by persons and families of low and moderate income. The grants shall only be made for the construction or rehabilitation of three bedroom apartment units or townhouse units of four bedrooms or more for large low and moderate income families. No grant shall exceed the amount of \$5,000 per unit. In making grants, the agency shall determine the circumstances under which and the terms and conditions under which all or any portion thereof will be repaid and shall determine the appropriate security should repayment be required.

Subd. 3. It may agree to purchase, make, or otherwise participate in the making and enter into commitments for the purchase, making, or participation in the making of long term eligible mortgage loans to sponsors of residential housing for occupancy by persons and families of low and moderate income, or to persons and families of low and moderate income who may purchase residential housing. The loans shall be made only upon determination by the agency that long term mortgage loans are not otherwise available, wholly or in part, from private lenders upon equivalent terms and conditions. In establishing maximum mortgage amounts and maximum purchase prices for single family dwellings, the agency shall take into account housing cost differences in the regions of the state.

Subd. 4. It may purchase and enter into commitments for the purchase of eligible securities provided that the agency shall first determine that the proceeds of such securities will be utilized for the purpose of residential housing for occupancy by persons or families of low and moderate income.

Subd. 5. It may make temporary loans solely to "nonprofit" or "cooperative housing" sponsors as defined by the agency, with or without interest, and with such security for repayment, if any, as the agency determines reasonably necessary and practicable, solely from the housing development fund, in accordance with the provisions of section 462A.21, to defray development costs to sponsors of residential housing construction for occupancy by persons and families of low and moderate income which development costs are eligible or potentially eligible for construction loans or mortgages.

Subd. 6. It may accept appropriations, gifts, grants, bequests and devises, and utilize or dispose of the same to carry out its corporate purpose.

Subd. 7. It may make and execute contracts, releases, compromises, compositions and other instruments necessary or convenient for the exercise of its powers, or to carry out its corporate purpose.

Subd. 8. It may collect reasonable interest, fees, and charges in connection with making and servicing its loans, notes, bonds, obligations, commitments and other evidences of indebtedness, and in connection with providing technical, consultative and project assistance services. Such interest, fees and charges shall be limited to the amounts required to pay the costs of the agency, including operating and administrative expenses, and reasonable allowances for losses which may be incurred.

Subd. 9. It may invest any funds not required for immediate disbursement in direct obligations of the United States government or in obligations the principal of and interest on which are guaranteed by the United States government or an agency thereof.

Subd. 10. It may sell eligible loans or eligible securities to the federal national mortgage association or any other agency or instrumentality of the United States, and may invest in the capital stock issued by said association or other agency or instrumentality to the extent, if any, required as a condition of such sale.

Subd. 11. It may receive federal housing assistance supplements from the federal government, or from agencies or instrumentalities thereof; may administer and distribute said funds in accordance with the applicable provisions of federal law or regulations governing the administration and distribution of said supplements; and may make and publish such rules and regulations as are necessary to enable it to receive, administer, and distribute said supplements in accordance with said federal laws and regulations.

Subd. 12. It may, from time to time, establish such funds as may be needed in order to receive, administer, and distribute federal housing assistance supplements. All federal housing assistance supplements received by the agency are hereby appropriated to the agency.

Subd. 13. In carrying out the policies and purposes declared in section 462A.02, the agency shall prefer those housing projects which are federally subsidized and those loans which are federally insured or guaranteed, to the extent that the agency finds such projects and loans to be available at the times and in the amounts needed to meet the shortage of residential housing for persons and families of low and moderate income.

Subd. 14. It may agree to purchase, make, or otherwise participate in the making, and may enter into commitments for the purchase, making, or participation in the making, of eligible loans for rehabilitation to persons and families of low and moderate income, and to owners of existing residential housing for

occupancy by such persons and families, for the rehabilitation of existing residential housing owned by them. The loans may be insured or uninsured and may be made with security, or may be unsecured, as the agency deems advisable. The loans may be in addition to or in combination with long term eligible mortgage loans under subdivision 3. They may be made in amounts sufficient to refinance existing indebtedness secured by the property, if refinancing is determined by the agency to be necessary to permit the owner to meet his housing cost without expending an unreasonable portion of his income thereon. No loan for rehabilitation shall be made unless the agency determines that the loan will be used primarily to make the housing more desirable to live in, to increase the market value of the housing, for compliance with state, county or municipal building, housing maintenance, fire, health or similar codes and standards applicable to housing, or to accomplish energy conservation related improvements. In unincorporated areas and municipalities not having codes and standards, the agency may, solely for the purpose of administering the provisions of this chapter, establish codes and standards. No loan for rehabilitation of any property shall be made in an amount which, with all other existing indebtedness secured by the property, would exceed its market value, as determined by the agency. No loan for rehabilitation of owner occupied residential housing shall be denied solely because the loan will not be used for placing the residential housing in full compliance with all state, county or municipal building, housing maintenance, fire, health or similar codes and standards applicable to housing. Rehabilitation loans shall be made only when the agency determines that financing is not otherwise available, in whole or in part, from private lenders upon equivalent terms and conditions.

Subd. 15. It may make grants to persons and families of low and moderate income to pay or to assist in paying a loan made pursuant to subdivision 14, or to rehabilitate or to assist in rehabilitating existing residential housing owned or occupied by such persons or families. For the purposes of this section, persons of low and moderate income include administrators appointed pursuant to section 566.25, clause (c). No grant shall be made unless the agency determines that the grant will be used primarily to make the housing more desirable to live in, to increase the market value of the housing or for compliance with state, county or municipal building, housing maintenance, fire, health or similar codes and standards applicable to housing, or to accomplish energy conservation related improvements. In unincorporated areas and municipalities not having codes and standards, the agency may, solely for the purpose of administering this provision, establish codes and standards. No grant for rehabilitation of owner occupied residential housing shall be denied solely because the grant will not be used for placing the residential housing in full compliance with all state, county or municipal building, housing maintenance, fire, health or similar codes and standards applicable to housing. The amount of any grant shall not exceed the lesser of (a) \$6,000, or (b) the actual cost of the work performed, or (c) that portion of the cost of rehabilitation which the agency determines cannot otherwise be paid by the person or family without spending an unreasonable portion of the income of the person or family thereon. In making grants, the agency shall determine the circumstances under which and the terms and conditions under which all or any portion thereof will be repaid and shall determine the appropriate security should repayment be required.

The agency may also make grants to rehabilitate or to assist in rehabilitating housing under this subdivision to persons of low and moderate income for the purpose of qualifying as foster parents.

Subd. 15a. It may make grants to persons and families of low and moderate income to improve the accessibility of existing residential housing for handicapped occupants, or to assist in paying a loan made pursuant to subdivision 14

to improve the accessibility of existing residential housing for handicapped occupants. Grants may be in an amount up to \$10,000, based upon the cost of the improvements, the financial ability of the person or family receiving the grant, and other appropriate factors including extraordinary medical expenses. Grants may be made in connection with other agency loan or grant programs; provided that in no case may agency rehabilitation loans and any grants pursuant to this section total an amount exceeding \$15,000. Grants made pursuant to this section may include the payment of money for technical assistance for the design and construction of accessibility improvements. In making grants, the agency shall determine the circumstances under which and the terms and conditions under which all or any portion thereof will be repaid and shall determine the appropriate security should repayment be required. The agency may gather data on available accessible housing financed under this program and make the information available to interested individuals and groups.

Subd. 15b. It may make grants to assist in energy conservation rehabilitation measures for existing owner occupied housing including, but not limited to: insulation, storm windows and doors, furnace or space heater repair, cleaning or replacement, chimney construction or improvement, weatherstripping and caulking, and structural or other directly related repairs essential for energy conservation. The grant to any household shall not exceed \$2,000.

To be eligible for an emergency energy conservation grant, a household must be certified as eligible to receive emergency residential heating assistance under either the federal or the state program, and either (1) have had a heating cost for the preceding heating season that exceeded 120 percent of the regional average for the preceding heating season for that energy source as determined by the energy agency, or (2) be eligible to receive a federal energy conservation grant, but be precluded from receiving the grant because of a need for directly related repairs that cannot be paid for under the federal program. The housing finance agency shall make a reasonable effort to determine whether other state or federal loan and grant programs are available and adequate to finance the intended improvements. An emergency energy conservation grant may be made in conjunction with grants or loans from other state or federal programs that finance other needed rehabilitation work. The receipt of a grant pursuant to this section shall not affect the applicant's eligibility for other housing finance agency loan or grant programs.

Temporary rules to implement this subdivision may be promulgated and amended pursuant to chapter 15. The temporary rules may remain in effect until July 1, 1981.

Subd. 16. (a) It may make payments or expenditures from the housing development fund to persons of low or moderate income, who are recipients of an eligible loan as defined in section 462A.03, subdivision 11, or who have purchased residential housing from a recipient of such eligible loan, and who are owners and occupants of residential housing constructed or rehabilitated under sections 462A.01 to 462A.24, when, in the agency's determination, such residential housing contains defects or omissions which affect the structural soundness, or the use and the livability of such housing, including but not limited to defects or omissions in materials, hardware, fixtures, design, workmanship and landscaping of whatever kind and nature incorporated in said housing and which are covered by an agency approved warranty, for the purposes of (i) correcting such defects, or (ii) paying the claims of the owner arising from such defects, provided, that this authority shall exist only if the owner has requested assistance from the agency not later than four years after the issuance of the eligible loan, or where such residential housing was rehabilitated under sections 462A.01 to 462A.24 only if the owner has requested assistance from the agency not later than two years after the issuance of the eligible loan.

(b) If such owner elects to receive payments or expenditures pursuant to this section, the agency is subrogated to the right of such owner to recover damages against any party or persons reasonably calculated to be responsible for such damages.

(c) The agency may require from the seller of such residential housing, or the contractor responsible for the construction or rehabilitation of such housing, an agreement to reimburse the agency for any payments and expenditures made pursuant to this subdivision with respect to such residential housing.

Subd. 17. The agency may make conventional loans, as defined in and in accordance with the conditions and limitations prescribed in section 47.20. Notwithstanding section 47.20, the agency may make or purchase conventional loans which limit or prohibit assumption of the loans or which include any other terms inconsistent with section 47.20 when necessary to maintain the tax exempt status of agency notes or bonds pursuant to state or federal laws or regulations.

Subd. 18. It may make loans solely to "non-profit" sponsors as defined by the agency, with or without interest, and with such security for repayment, if any, as the agency determines reasonably necessary and practicable, solely from the housing development fund in accordance with the provisions of section 462A.21, subdivision 9, to encourage innovations in the development or rehabilitation of single and multifamily residential housing including the demonstration of new techniques for energy efficient construction.

It shall promulgate rules, in accordance with the provisions of sections 15.0411 to 15.052, relating to the administration of the loans authorized by this subdivision. The rules may define types of projects eligible for loans, criteria for selecting between eligible loans, terms of the loans including interest rates and loan periods, and other characteristics that the agency deems necessary to administer the program.

Subd. 19. It may make no interest loans of up to \$4,000 to persons and families of low and moderate income who are veterans or veterans' dependents to assist in making down payments to enable them to purchase new or existing housing to be used as their principal place of residence. To be eligible, the veterans or veteran's dependent must be a first time home owner, and must enter into an agreement with the agency, with appropriate security as determined by the agency, to repay the loan amount in full when the property is sold, transferred, or otherwise conveyed, or ceases to be the recipient's principal place of residence. For the purpose of this subdivision, "veteran" means a person residing in Minnesota who has been separated under honorable conditions from any branch of the armed forces of the United States after having served on active duty for 181 consecutive days or by reason of disability incurred while serving on active duty, and who is a citizen of the United States, and who served at any time during the period from August 5, 1964 to May 7, 1975; and "veteran's dependent" means a person residing in Minnesota who is the unmarried surviving spouse of a veteran.

Subd. 20. Subd. 4b. It may establish loan funds and may make eligible loans from them, at rates of interest and with security as the agency deems advisable, if each loan is determined by the agency to be necessary to permit the occupant of residential housing financed wholly or in part by the loan to meet his housing costs without expending an unreasonable portion of his income on them. It may combine loan funds established pursuant to legislative appropriations with loan funds established for the same or similar purposes pursuant to the sale of its notes or bonds, and such combined funds may be deposited with a trustee. Each combined fund, including loan and investment principal and income received therefrom, shall be administered, disbursed, and collected as provided in the appropriation act and the resolution or indenture securing the bonds or notes.

Subd. 4c. Subd. 6. Notwithstanding the provisions of subdivision 5, the agency shall not expend moneys in the fund for the purpose of making rehabilitation or accessibility grants except by specific appropriation by the legislature.

Subd. 7. The agency may make loans to low and moderate income persons who own existing residential housing for the purpose of improving the efficient energy utilization of the housing. Permitted improvements shall include installation or upgrading of ceiling, wall, floor and duct insulation, storm windows and doors, and caulking and weatherstripping. The improvements shall not be inconsistent with the energy standards as promulgated as part of the state building code; provided that the improvements need not bring the housing into full compliance with the energy standards. Any loan for such purpose shall be made only upon determination by the agency that such loan is not otherwise available, wholly or in part, from private lenders upon equivalent terms and conditions. The agency may promulgate rules as necessary to implement and make specific the provisions of this subdivision. The rules shall be designed to permit the state, to the extent not inconsistent with this chapter, to seek federal grants or loans for energy purposes.

Subd. 10. Notwithstanding the repeal of section 462A.26 and the provisions of section 16A.28 or any other law relating to lapse of an appropriation, the appropriations made to the agency by the legislature in 1976 and subsequent years are available until fully expended, and the allocations provided in the appropriations remain in effect. Earnings from investments of any of the amounts appropriated to the agency are appropriated to the agency to be used for the same purposes as the respective original appropriations.

(b) \$1,325,000,000 issued for other purposes specified in section 462A.08.

Subd. 1a. From the proceeds of bonds issued from time to time after June 6, 1979, the agency shall make in an aggregate principal amount at least \$10,000,000 in mortgage loans for the rehabilitation of existing buildings for multifamily residential housing.

Subd. 2. Subdivision 1 is not a contract with the holders of any bonds or notes excluding the issuance of bonds or notes in excess of said maximum amount, if such maximum shall be increased by law.

Subd. 3. The agency may create and establish a special fund or funds for the security of one or more or all series of its bonds or notes, which funds shall be known as debt service reserve funds. The agency may pay into each debt service reserve fund (a) any moneys appropriated by the state only for the purposes of such fund, (b) any proceeds of sale of bonds or notes to the extent provided in the resolution or indenture authorizing the issuance thereof, (c) any funds directed to be transferred by the agency to such debt service reserve fund, and (d) any other moneys made available to the agency only for the purpose of such fund from any other source or sources.

Subd. 4. The moneys held in or credited to each debt service reserve fund, except as provided in this section, shall be used solely for the payment of the principal of bonds or notes of the agency as the same mature, the purchase of such bonds or notes, the payment of interest thereon, or the payment of any premium required when such bonds or notes are redeemed before maturity; provided, that moneys in any such fund shall not be withdrawn therefrom at any time in such amount as would reduce the amount of the fund to less than the amount which the agency shall determine to be reasonably necessary for the purposes of the fund, except for the purpose of paying principal or interest due on bonds or notes secured by the fund, for the payment of which other moneys of the agency are not available.

Subd. 5. Moneys in any debt service reserve fund not required for immediate use or disbursement may be invested in obligations of the state or the United States of America, or obligations the principal and interest of which are guaranteed by the state or the United States of America. In computing the amount of any debt service reserve fund for the purpose of this section, securities in which all or a portion of the fund are invested shall be valued at par or, if purchased at less than par, at their cost to the agency.

Subd. 6. If the agency shall create and establish a debt service reserve fund for the security of any series of bonds or notes, it shall not issue any additional bonds or notes which are similarly secured if the amount of any of the debt service reserve funds at the time of such issuance does not equal or exceed the minimum amount, if any, required by the resolution creating such fund, unless the agency shall deposit in each such fund at the time of such issuance, from the proceeds of the bonds or notes or otherwise, an amount which, together with the amount then in the fund, will be not less than the minimum amount so required.

Subd. 7. To the extent consistent with the resolutions and indentures securing outstanding bonds and notes, the agency may at the close of any fiscal year transfer to any other fund or account from any debt service reserve fund, any excess in that fund over the amount deemed by the agency to be reasonably necessary for the purpose of the fund.

In order to assure the payment of the principal of and interest on bonds and notes of the agency and the continued maintenance of all debt service reserve funds created and established therefor, the agency shall annually determine and certify to the governor, on or before December 1, (a) the amount, if any, then needed to restore each debt service reserve fund to the minimum amount required by the resolution or indenture establishing the fund, not exceeding the maximum amount of principal and interest to become due and payable in any subsequent year on all bonds or notes which are then outstanding and secured by such fund; and (b) the amount, if any, determined by the agency to be needed in the then immediately ensuing fiscal year, with other funds pledged and estimated to be received during that year, for the payment of the principal and interest due and payable in that year on all then outstanding bonds and notes secured by a debt service reserve fund the amount of which is then less than the minimum amount agreed. The governor shall include and submit to the legislature, in the budget for the following fiscal year, or in a supplemental budget if the regular budget for that year has previously been approved, the amounts certified to him by the agency in accordance with this subdivision.

Subd. 9. The agency shall also submit a biennial report of its activities, projected activities, receipts, and expenditures for the next biennium, to the governor and the legislature on or before January 15 in each odd-numbered year. The report shall include the distribution of money under each agency program by county, except for counties containing a city of the first class, where the distribution shall be reported by municipality. Within cities of the first class, the distribution of agency money shall be reported by census tract.

In addition, the report shall include the cost to the agency of the issuance of its bonds for each issue in the biennium, along with comparable information for other state housing finance agencies.

Subd. 10. All of the official books and records of the agency shall be subject to audit by the legislative auditor in the manner prescribed for other agencies of state government. The agency is authorized also to employ and to contract in its resolutions and indentures for the employment of independent accountants for the audit of books and records pertaining to any fund or funds.
