149.02 EXAMINATION; LICENSING.

The state commissioner of health is hereby authorized and empowered to examine, upon submission of an application therefor and fee as prescribed by the

commissioner pursuant to section 144.122, all applicants for license to practice mortuary science or funeral directing and to determine whether or not the applicants possess the necessary qualifications to practice mortuary science or funeral directing. If upon examination the commissioner shall determine that an applicant is properly qualified to practice mortuary science or funeral directing, he shall grant a license to the person to practice mortuary science or funeral directing. Licenses shall expire and be renewed as prescribed by the commissioner pursuant to section 144.122.

On or after the thirty-first day of December, 1955, separate licenses as embalmer or funeral director shall not be issued, except that a license as funeral director shall be issued to those apprentices who have been registered under regulations of the commissioner as apprentice funeral directors on the first day of July, 1955, qualify by examination for licensure under such regulations as funeral directors before the first day of August, 1957. Such applicants shall file an application for license as a funeral director in the manner as is required in section 149.03 for a license in mortuary science. It shall be accompanied by a fee in an amount prescribed by the commissioner pursuant to section 144.122. However, a single license as a funeral director shall be issued to those persons whose custom, rites, or religious beliefs forbid the practice of embalming. An applicant for a single license as a funeral director under this exception shall submit to the commissioner of health two affidavits substantiating the beliefs and convictions of the applicant and shall meet any other standards for licensure as are required by law or by regulation of the commissioner. Such a funeral director shall only direct funerals for persons of his customs, rites or religious beliefs. In the case of a funeral conducted for persons of such customs, rites or religious beliefs where embalming and funeral directing is necessary according to law, such embalming and funeral directing shall be performed only by a person licensed to do so in this state.

All licensees who on the thirty-first day of December, 1955, hold licenses as embalmers only shall be granted licenses to practice mortuary science and may renew their licenses at the times and in the manner specified by the commissioner pursuant to section 144.122.

All licensees who on the thirty-first day of December, 1955, hold licenses as funeral director only may continue to renew their licenses at the times and in the manner specified by the commissioner pursuant to section 144.122. If a licensee fails to renew, as in this chapter required, his license as a funeral director shall not thereafter be reinstated.

To assist in the holding of the examination and enforcement of the provisions of this chapter, the commissioner shall establish a committee of examiners in the mortuary sciences to which he shall appoint four examiners. Two examiners shall be licensed in mortuary science and shall have had at least five years experience immediately preceding their appointment in the preparation and disposition of dead human bodies and in the practice of mortuary science. A third examiner shall be a representative of the commissioner, and the fourth examiner shall be a full-time academic staff member of the course in mortuary science of the university of Minnesota. The committee shall expire and the terms, compensation and removal of members shall be as provided in section 15.059.

149.03 APPLICANTS, QUALIFICATIONS; LICENSEES FROM OTHER STATES; APPRENTICES AND TRAINEES.

Subdivision 1. The applicant for an examination for license in mortuary science shall make application therefor in writing verified on a form prescribed as

to details and furnished by the state commissioner of health. Each application shall be accompanied by a fee in an amount prescribed by the commissioner pursuant to section 144.122 and be supported by affidavits from at least two reputable residents of the county in which the applicant resides or proposes to carry on the practice of mortuary science certifying that the applicant is of good moral character. No person shall be granted a license in mortuary science unless he shall be at least 18 years of age and of good moral character and temperate habits. Before the study of embalming or funeral directing in mortuary science was commenced, he shall have satisfactorily completed at least two scholastic years at an accredited college or university in any subjects the commissioner may prescribe by regulation as suitable and desirable preparation for the study of mortuary science. The applicant for license in mortuary science, after having secured a certificate of graduation from the course in mortuary science conducted by the University of Minnesota or from a school or college of mortuary science duly accredited, shall serve at least one year of apprenticeship experience in mortuary science. Previous registered apprenticeship experience in Minnesota may be accepted by the commissioner for a period not exceeding three months in partial fulfillment of this apprenticeship requirement. The applicant shall have sufficient knowledge, experience, and training as the commissioner may determine to properly qualify for a license in mortuary science.

When the applicant has successfully completed the examination and requirements for his original license, he shall submit to the commissioner a license application and a fee in an amount prescribed by the commissioner pursuant to section 144.122, upon receipt of which the commissioner may issue a license. The license shall expire and be renewed as prescribed by the commissioner pursuant to section 144.122.

Subd. 2. Any holder of a license issued by state authority in any other state maintaining a system and standard of examination for license to engage in the business or practice of mortuary science, which, in the judgment of the commissioner, shall be substantially the equivalent to that required in this state for the issuance of a license therefor, may obtain a license from the commissioner without examination in the discretion of the commissioner upon payment of an application fee in an amount prescribed by the commissioner pursuant to section 144.122 and upon proof of good moral character, temperate habits, and practical experience. The license shall expire and be renewed as prescribed by the state commissioner of health pursuant to section 144.122.

A licensee of any bordering state or province, the proximity of whose establishment makes possible the provision of service to Minnesota, may upon application be granted a mortuary science courtesy card at the discretion of the commissioner. An application shall be made upon forms provided by the commissioner, shall contain proof of good moral character, temperate habits, and practice, and shall bear the endorsement of the applicant's licensing authority. A fee in an amount prescribed by the commissioner pursuant to section 144.122 shall accompany the application. The mortuary science courtesy card will permit the licensee to exercise the privileges granted by the license in mortuary science except that he may not operate a funeral establishment in Minnesota. The courtesy card shall expire and be renewed as prescribed by the commissioner pursuant to section 144.122. The commissioner may cancel a mortuary science courtesy card for abuse of the privileges it confers.

Subd. 3. Every apprentice and trainee shall register with the commissioner at such times and in such manner as may be provided by the commissioner and pay a registration fee in an amount prescribed by the commissioner pursuant to section 144.122. The commissioner shall keep a separate register of such trainees and apprentices, stating their names, ages, residences, where they attended school,

the morticians with whom they were associated, and such other information as the commissioner may require.

(6) Upon satisfactory proof that the licensee directly or indirectly has paid or caused to be paid any sum of money or other valuable consideration for the securing of business or for obtaining authority to dispose of any dead human body;

(7) Upon satisfactory proof that a licensee has employed any person not registered or licensed under the provisions of this chapter to perform the duties of a mortician or funeral director.

Subd. 2. The state commissioner of health may, pursuant to chapter 14, adopt rules and regulations defining or interpreting the above grounds for refusing to grant, refusing to renew, or suspension or revocation of a license.

Subd. 3. Any action of the commissioner in refusing to grant or renew a license or in suspending or revoking a license may be subject to review by a writ of certiorari issued by the district court of any county.
