327.16 APPLICATION.

Subdivision 1. **Made to state department of health.** The application for license to operate and maintain a manufactured home park or recreational camping area shall be made to the state department of health, at such office and in such manner as may be prescribed by that department.

Subd. 2. **Contents.** The applicant for a primary license or annual license shall make application in writing upon a form provided by the state department of health setting forth:

(1) The full name and address of the applicant or applicants, or names and addresses of the partners if the applicant is a partnership, or the names and addresses of the officers if the applicant is a corporation.

(2) A legal description of the site, lot, field, or tract of land upon which the applicant proposes to operate and maintain a manufactured home park or recreational camping area.

(3) The proposed and existing facilities on and about the site, lot, field, or tract of land for the proposed construction or alteration and maintaining of a sanitary community building for toilets, urinals, sinks, wash basins, slop-sinks, showers, drains, laundry facilities, source of water supply, sewage, garbage and waste disposal; except that no toilet facilities shall be required in any manufactured home park which permits only manufactured homes equipped with toilet facilities discharging to water carried sewage disposal systems; and method of fire and storm protection.

(4) The proposed method of lighting the structures and site, lot, field, or tract of land upon which the manufactured home park or recreational camping area is to be located.

(5) The calendar months of the year which the applicant will operate the manufactured home park or recreational camping area.

(6) Plans and drawings for new construction or alteration, including buildings, wells, plumbing and sewage disposal systems.

Subd. 3. **Fees; approval.** The application for the primary license shall be submitted with all plans and specifications enumerated in subdivision 2, and payment of a fee in an amount prescribed by the state commissioner of health pursuant to section 144.122 and shall be accompanied by an approved zoning permit from the municipality or county wherein the park is to be located, or a statement from the municipality or county that it does not require an approved zoning permit. The fee for the annual license shall be in an amount prescribed by the state commissioner of health pursuant to section 144.122. All license fees paid to the commissioner of health shall be turned over to the state treasury. The fee submitted for the primary license shall be retained by the state even though the proposed project is not approved and a license is denied.

When construction has been completed in accordance with approved plans and specifications the state commissioner of health shall promptly cause the manufactured home park or recreational camping area and appurtenances thereto to be inspected. When the inspection and report has been made and the state commissioner of health finds that all requirements of sections 327.10, 327.11, 327.14 to 327.28, and such conditions of health and safety as the state commissioner of health may require, have been met by the applicant, the state commissioner of health shall forthwith issue the primary license in the name of the state.

Subd. 4. **Sanitary facilities.** During the pendency of the application for such primary license any change in the sanitary or safety facilities of the intended manufactured home park or recreational camping area shall be immediately reported in writing to the state department of health through the office through which the application was made. If no objection is made by the state department of health to such change in such sanitary or safety facilities within 60 days of the date such change is reported, it shall be deemed to have the approval of the state department of health.

Subd. 5. **Permit.** When the plans and specifications have been approved, the state department of health shall issue an approval report permitting the applicant to construct or make alterations pertaining to water and sewage disposal upon a manufactured home park or recreational camping area and the appurtenances thereto according to the plans and specifications presented.

Such approval does not relieve the applicant from securing building permits in municipalities having a building code; or from complying with any other municipal ordinance or ordinances, applicable thereto, not in conflict with this statute.

Subd. 6. **Denial of construction.** If the application to construct or make alterations upon a manufactured home park or recreational camping area and the appurtenances thereto or a primary license to operate and maintain the same is denied by the state commissioner of health, he shall so state in writing giving the reason or reasons for denying the application. If the objections can be corrected the applicant may amend his application and resubmit it for approval, and if denied the applicant may appeal from the decision of the state commissioner of health as provided in section 327.18.

327.18 LICENSES; REVOCATION, SUSPENSION.

Subdivision 1. **Procedure for revocation or suspension.** Any license granted hereunder shall be subject to revocation or suspension by the state department of health; provided, however, that the state department of health shall first serve or cause to be served upon the licensee a written notice specifying the way or ways in which such licensee has failed to comply with this statute, or any special rules or regulations promulgated by the state department of health. Said notice shall direct the licensee to remove or abate such nuisance, insanitary or objectionable condition, specified in such notice, within five days, or within such extended period of time as may be reasonably allowed by the complaining official. If the licensee fails to comply with the terms and conditions of said notice, within the time specified or such extended period of time, the department of health shall require the licensee to appear for a hearing before the state commissioner of health or the duly authorized employees of the department of health. The state commissioner of health shall review the facts and make such determination as he deems necessary in the matter. If the licensee fails to comply with such determination, the commissioner shall direct the department of health to suspend or revoke the license.

Subd. 2. **Summary proceeding.** Notwithstanding any other provision of this section, the department of health upon finding that there is a clear and present danger to the public health may order the immediate removal of one or more manufactured homes or recreational camping vehicles, and may also order closing of the central building for the purpose of reducing the amount of liquid waste being discharged to the sewerage system. The order shall be complied with

immediately. The licensee may appeal such order to the district court and shall be entitled to immediate trial de novo on the validity of said order. Failure of the licensee to comply with such order, or failure of a manufactured home or recreational camping vehicle occupant to vacate under such order, shall be a misdemeanor.

Subd. 3. **Procedure for hearing and appeal.** The procedure for hearings or for appeals from the orders of the department or of the commissioner where provided in sections 327.14 to 327.29 shall be in accordance with Minnesota Statutes 1961, Chapter 15 as amended.

327.20 RULES.

Subdivision 1. **Regulations.** No domestic animals or house pets of occupants of manufactured home parks or recreational camping areas shall be allowed to run at large, or commit any nuisances within the limits of a manufactured home park or recreational camping area. Each manufactured home park or recreational camping area licensed under the provisions of sections 327.10, 327.11, 327.14 to 327.28 shall, among other things, provide for the following, in the manner hereinafter specified:

(1) A responsible attendant or caretaker shall be in charge of every manufactured home park or recreational camping area at all times, who shall maintain the park or area, and its facilities and equipment in a clean, orderly and sanitary condition. In any manufactured home park containing more than 50 lots, the attendant, caretaker, or other responsible park employee, shall be readily available at all times in case of emergency.

(2) All manufactured home parks shall be well drained and be located so that the drainage of the park area will not endanger any water supply. No waste water from manufactured homes or recreational camping vehicles shall be deposited on the surface of the ground. All sewage and other water carried wastes shall be discharged into a municipal sewage system whenever available. When a municipal sewage system is not available, a sewage disposal system acceptable to the state commissioner of health shall be provided.

(3) No manufactured home shall be located closer than three feet to the side lot lines of a manufactured home park, if the abutting property is improved property, or closer than ten feet to a public street or alley. Each individual site shall abut or face on a driveway or clear unoccupied space of not less than 16 feet in width, which space shall have unobstructed access to a public highway or alley. There shall be an open space of at least ten feet between the sides of adjacent manufactured homes including their attachments and at least three feet between manufactured homes when parked end to end. The space between manufactured homes may be used for the parking of motor vehicles and other property, if the vehicle or other property is parked at least ten feet from the nearest adjacent manufactured home position. The requirements of this paragraph shall not apply to recreational camping areas and variances may be granted by the state commissioner of health in manufactured home parks when the variance is applied for in writing and in the opinion of the commissioner the variance will not endanger the health, safety and welfare of manufactured home park occupants.

(4) An adequate supply of water of safe, sanitary quality shall be furnished at each manufactured home park or recreational camping area. The source of the water supply shall first be approved by the state department of health. At least one water supply outlet shall be provided at convenient locations throughout the manufactured home park or recreational camping area.

(5) All plumbing shall be installed in accordance with the rules of the state commissioner of health and the provisions of the Minnesota plumbing code.

(6) In the case of a manufactured home park, a plan for the sheltering or the safe evacuation to a safe place of shelter of the residents of the park in times of severe weather conditions, such as tornadoes, high winds and floods. The shelter or evacuation plan shall be developed with the assistance and approval of the municipality where the park is located and shall be posted at conspicuous locations throughout the park. Nothing in this paragraph requires the department of health to review or approve any shelter or evacuation plan developed by a park. Failure of a municipality to approve a plan submitted by a park shall not be grounds for action against the park by the department of health if the park has made a good faith effort to develop the plan and obtain municipal approval.

Subd. 2. **Health and safety.** The state department of health may prescribe such regulations for the operation and maintenance of manufactured home parks or recreational camping areas and for safe-guarding the health and safety of persons occupying licensed manufactured home parks and recreational camping areas as the department shall deem to be necessary and expedient. Such regulations pertaining to health and safety shall have the force and effect of law, and any violation thereof shall constitute a misdemeanor; and upon conviction therefor the offender may be punished as otherwise provided by law.

Subd. 3. **Streets and roadways.** A manufactured home park owner shall maintain streets and roadways in the park so as to permit passage of emergency vehicles and normal resident travel.

Subd. 2. **Manufactured home park.** The term "manufactured home park" shall not be construed to include manufactured homes, buildings, tents or other structures temporarily maintained by any individual or company on premises associated with a work project and used exclusively to house labor or other personnel occupied in such work project. The state department of health may by regulation prescribe such sanitary facilities as it may deem necessary to provide for the sanitation of such structures and the safety of the occupants thereof.

327.32 CODE COMPLIANCE.

Subdivision 1. **Requirement.** No person shall sell, or offer for sale, in this state, any manufactured home manufactured after July 1, 1972, manufacture any manufactured home in this state or park any manufactured home manufactured

after July 1, 1972, in any manufactured home park in this state unless the manufactured home complies with the manufactured home building code and:

(a) Bears a seal issued by the commissioner, and is, whenever possible, accompanied by a certificate by the manufacturer or dealer, both evidencing that it complies with the manufactured home building code; or

(b) If manufactured after June 14, 1976, bears a label as required by the secretary.

Subd. 2. Seals. The commissioner shall issue seals for any manufactured home manufactured after July 1, 1972, and prior to June 15, 1976, to any person upon application supported by evidence the commissioner deems necessary to establish that the seals will be affixed only to manufactured homes which comply with the manufactured home building code.

Subd. 3. Alterations. No person shall alter any manufactured home to which a seal or label has been affixed if the alteration causes the manufactured home to be in violation of the manufactured home building code. The commissioner may make rules regarding alterations and permits therefor.

Subd. 4. Exception. Notwithstanding the provisions of subdivision 1, a manufactured home dwelling unit bearing a label issued by the secretary shall not be required to bear a seal of this state. Upon a showing that another state provides for the sealing of manufactured homes manufactured after July 1, 1972, and prior to June 15, 1976, upon compliance with standards which are at least equal to those provided in the manufactured home building code, the commissioner shall, by rule, provide that a seal affixed under the authority of that state has the same effect as a seal affixed under authority of this state, and thereafter any manufactured home which bears the seal of that state shall not be required to bear the seal of this state as provided in subdivision 1. The commissioner may make any rule contingent upon the other state granting reciprocal effect to seals affixed under authority of this state.

Subd. 5. Effect of compliance. No manufactured home which bears a seal or label as provided in this section shall be required by any agency or political subdivision of this state to comply with any other building, plumbing, heating, or electrical code or any construction standards other than the manufactured home building code nor be subject to any other state or local building inspection, except as the commissioner shall, by rule, provide in the case of alterations, manufactured home accessory structures and installations, or except as otherwise provided by federal or state law. No manufactured home installation or manufactured home accessory structure shall be required by any agency or political subdivision of this state to comply with any installation standards other than those adopted and promulgated by the commissioner. Nothing in this section shall be construed to inhibit the application of zoning, subdivision, architectural, or esthetic requirements pursuant to chapter 462.

Subd. 6. Prohibition. No person shall install any manufactured home or manufactured home accessory structure in violation of any rule promulgated by the commissioner. The commissioner shall issue installation seals to any manufactured home installer upon application supported by evidence the commissioner deems necessary to establish that the seals will be affixed only to those manufactured homes where the installation complies with the commissioner's rules. No person shall install a manufactured home in a manufactured home park as defined in section 327.14, subdivision 3, which is located within a governmental subdivision which has enacted an ordinance requiring that manufactured homes within its jurisdiction be secured by an anchoring system, unless the manufactured home is secured by an anchoring system which complies with the commissioner's rules.

Subd. 7. Enforcement. All jurisdictions enforcing the state building code, in accordance with sections 16.83 to 16.867, shall undertake or provide for the

administration and enforcement of the manufactured home installation rules promulgated by the commissioner.

Subd. 8. Evidence of compliance. Each manufacturer, distributor, and dealer shall establish and maintain records, make reports, and provide information as the commissioner or the secretary may reasonably require to be able to determine whether the manufacturer, distributor, or dealer has acted or is acting in compliance with sections 327.31 to 327.34, Laws 1981, Chapter 365, Section 5, and sections 327.51 to 327.55, and shall, upon request of a person duly designated by the commissioner or the secretary, permit that person to inspect appropriate books, papers, records, and documents relevant to determining whether that manufacturer, distributor, or dealer has acted or is acting in compliance with sections 327.31 to 327.34, Laws 1981, Chapter 365, Section 5, sections 327.51 to 327.55, and the National Manufactured Home Construction and Safety Standards Act of 1974, 42 U.S.C., Section 5401, et seq., as amended, or other applicable federal or state law.

327.33 ADMINISTRATION.

Subdivision 1. Inspections. The commissioner shall, through his own inspectors or through a designated recognized inspection service acting as his authorized representative perform sufficient inspections of manufacturing premises and manufactured homes to insure compliance with sections 327.31 to 327.34 and Laws 1981, Chapter 365, Section 5. The commissioner shall have the exclusive right to conduct inspections, except for the inspections conducted or authorized by the secretary.

Subd. 2. Fees. The commissioner shall by rule establish reasonable fees for seals, installation seals and inspections which are sufficient to cover all costs incurred in the administration of sections 327.31 to 327.34, Laws 1981, Chapter 365, Section 5, and sections 327.51 to 327.55. The commissioner shall also establish by rule a monitoring inspection fee in an amount that will comply with the secretary's fee distribution program. This monitoring inspection fee shall be an amount paid by the manufacturer for each manufactured home produced in Minnesota. The monitoring inspection fee shall be paid by the manufacturer to the secretary. The rules of the fee distribution program require the secretary to distribute the fees collected from all manufactured home manufacturers among states approved and conditionally approved based on the number of new manufactured homes whose first location after leaving the manufacturer is on the premises of a distributor, dealer or purchaser in that state. All fees received by the commissioner shall be deposited in the state treasury and credited to the general fund.

Subd. 3. Administration and enforcement rules. The commissioner may adopt other rules as may be necessary to administer and enforce sections 327.31 to 327.34 and Laws 1981, Chapter 365, Section 5. The rules shall, to the extent practicable, be uniform with those adopted by other states. All rules shall be adopted in the manner prescribed by sections 14.01 to 14.70.

Subd. 4. Installation rules. The commissioner shall adopt rules governing the installation of manufactured homes, and shall include them in the state building code. The rules may include a list of specific safety items to be inspected at the time of installation.

Subd. 5. Accessory structures rules. The commissioner shall adopt rules governing the construction and installation of manufactured home accessory structures including, but not limited to, rules relating to the certification of prefabricated manufactured home accessory structures. Upon showing that another state provides for certification of prefabricated manufactured home accesso-

ry structures manufactured in compliance with standards at least equal to those established by the commissioner, the commissioner may by rule provide that any structure bearing certification affixed under the authority of that state shall not be required to bear the certification of this state.

Subd. 6. **Authorization as agency.** The commissioner shall apply to the secretary for approval of the commissioner as the administrative agency for the regulation of manufactured homes under the rules of the secretary. The commissioner may make rules for the administration and enforcement of his responsibilities as a state administrative agency including, but not limited to, rules for the handling of citizen's complaints. All moneys received for services provided by the commissioner or his authorized agents as a state administrative agency shall be deposited in the general fund. The commissioner is charged with the adoption, administration, and enforcement of the Manufactured Home Construction and Safety Standards, consistent with rules and regulations promulgated by the U.S. Department of Housing and Urban Development. The commissioner may adopt the rules, regulations, codes, and standards necessary to enforce the standards promulgated under this section. The commissioner is authorized to conduct hearings and presentations of views consistent with regulations adopted by the U.S. Department of Housing and Urban Development and to adopt rules and regulations in order to carry out this function.

Subd. 7. **Employees.** The commissioner may appoint such employees within the department of administration as he may deem necessary for the administration of sections 327.31 to 327.34, Laws 1981, Chapter 365, Section 5, and sections 327.51 to 327.55.

327.61 CITATION.

Sections 327.61 to 327.67 may be cited as the manufactured home repossession security act of 1975.

History: 1976 c 250 s 1; 1981 c 365 s 9

327.62 DEFINITIONS.

Subdivision 1. For the purposes of sections 327.61 to 327.67, unless the context clearly indicates otherwise, the terms defined in the uniform commercial code, as adopted in this state, and the terms defined in this section have the meanings given them.

Subd. 2. "Manufactured home" means a manufactured home, as defined in section 327.31, subdivision 6, which is located in this state, which is subject to a security interest or other valid encumbrance, and which is the principal residence of the manufactured home's occupant; provided, that when used in section 327.63, subdivision 2, the term also includes a manufactured home which is not the principal residence of the occupant.

History: 1976 c 250 s 2; 1982 c 526 art 3 s 10

327.63 APPLICABILITY.

Subdivision 1. **U.C.C. and chapter 565.** To the extent that the procedures established by sections 327.61 to 327.67 differ from the procedures established or authorized for repossession of a manufactured home under the uniform commercial code of this state, the provisions of sections 327.61 to 327.67 shall supersede the code and shall govern the repossession of the manufactured home. The procedures established by sections 327.61 to 327.64 and sections 327.66 to 327.67 must be satisfied before a secured party may take any action pursuant to chapter 565.

Subd. 2. **Improvements to real property.** Affixing a manufactured home to real estate does not extinguish an otherwise valid security interest in the home. A manufactured home which is affixed to real estate while not encumbered by a valid security interest shall be treated as an improvement to real estate and sections 327.61 to 327.67 shall not apply to it. If real estate to which an unencumbered manufactured home has been affixed as an improvement is subject to proceedings under section 559.21 or chapters 580 or 581, the presence of the home on the real estate does not necessitate any changed or additional procedures.

327.64 NOTICE OF DEFAULT; SERVICE AND RETURN.

Subdivision 1. When a default occurs under the terms of a security agreement covering a manufactured home as collateral, and the secured party desires to repossess the manufactured home, the secured party shall commence the repossession in a manner authorized by this section.

Subd. 2. A secured party may commence repossession of a manufactured home by personally serving upon the occupant of the mobile home a notice or by sending a registered or certified letter to the last known address of the debtor under the security agreement, both setting forth the circumstances constituting the default under the security agreement and stating that the secured party will at the expiration of a 30 day period following receipt of the notice seek a court order removing the occupant from the manufactured home and repossessing the manu-

factured home, unless the debtor or the occupant acting on behalf of the debtor cures the default prior to that time and in the manner provided by section 327.66. If notice is mailed to a debtor in accordance with this subdivision, the secured party by affidavit shall set forth the circumstances causing the secured party to believe that the debtor could be reached at the address to which the notice was mailed. The affidavit shall state that the secured party has no reason to believe that the debtor might receive mailed notice at another address.

327.65 COURT ORDER.

Upon expiration of the 30 day period specified in the notices required by section 327.64, a secured party may apply to a competent court of any jurisdiction within this state for an order pursuant to chapter 565 directing the seizure and delivery of the manufactured home. The application shall be accompanied by a copy of the security agreement entitling the secured party to repossession of the manufactured home and by the affidavit required by section 327.64 if notice is mailed to the debtor. The notices required by section 327.64 shall not be considered as satisfying any of the notice requirements under chapter 565.

History: 1976 c 250 s 5; 1982 c 526 art 3 s 12

327.66 CURE OF DEFAULT.

A debtor, or an occupant of a manufactured home acting on behalf of a debtor, may within the 30 day period specified in the notices required by section 327.64, cure a default by tendering full payment of the sums then in arrears under the terms of the security agreement, or by otherwise remedying the default, and by paying the reasonable costs, not to exceed the sum of \$15, incurred by the secured party to enforce the security agreement. Cure of a default in accordance with the provisions of this section shall suspend the secured party's right to seek repossession of the manufactured home under the provisions of sections 327.61 to 327.67.

History: 1976 c 250 s 6; 1982 c 526 art 3 s 13
