453.51 INTENT.

Sections 453.51 to 453.62 are intended to provide a means for those Minnesota cities which now or hereafter own and operate a utility pursuant to law for the local distribution of electric energy to secure, by individual or joint action among themselves or by contract with other public or private entities within or outside the state, an adequate, economical, and reliable supply of energy. To accomplish this

purpose it is necessary for such cities to have power, by agreement between or among two or more of their number, to create a separate municipal corporation with the power and authority to finance and acquire facilities for the generation or transmission of electric energy, or interests in such facilities or rights to part of all of the capacity thereof. It is determined that an adequate, economical, and reliable supply of electric energy is essential to the orderly growth and prosperity of these communities, and a shortage of such energy is inimical to the safety, health, morale, and welfare of residents of the state and to the sound growth and developments of its communities. Such a shortage exists and is expected to continue or increase because of the difficulty, among others, in the operation of municipal generating plants, of achieving economies of size, limiting environmental impacts, and providing for peak loads. Accordingly it is determined that the exercise of the powers granted herein will benefit the people of the state and serve a valid public purpose in improving and otherwise promoting their health, welfare, and prosperity.

"City" also includes a city organized and existing under the laws of another state or a city charter adopted pursuant thereto which participates in a municipal power agency with Minnesota cities and pays a full pro rata share of the expenses of the agency.

Subd. 4. "City council" means the city council or other similar board, commission, or body within a city which is charged by law or its charter with the general control of the city's governmental affairs.

"Governing body", with respect to a city, means the city council or, if another board, commission, or body is empowered by law or its charter or by resolution of the city council to establish and regulate rates and charges for the distribution of electric energy within the city, such board, commission, or body shall be deemed to be the "governing body"; provided, however, that when the levy of a tax or the incurring of an obligation payable from taxes or any other action of such board, commission, or body requires the concurrence, approval, or independent action of the city council or another body under the city's charter or any other law, such action shall not be exercised under sections 453.51 to 453.62

until such concurrence or approval is received or such independent action is taken; and provided further, that the concurrence of the city council or other elected body charged with the general management of a city shall be required, prior to the adoption by the city of any resolution approving an agency agreement or any amendment thereto.

Subd. 13. 453.53 MUNICIPAL POWER AGENCIES; INCORPORATION.

Subdivision 1. Any two or more cities may form a municipal power agency by the execution of an agency agreement authorized by a resolution of the governing body of each city. The agency agreement shall state:

(1) That the municipal power agency is created and incorporated under the provisions of sections 453.51 to 453.62 as a municipal corporation and a political subdivision of the state, to exercise thereunder a part of the sovereign powers of the state;

(2) The name of the agency, which shall include the words "municipal power agency";

(3) The names of the cities which have approved the agency agreement and are the initial members of the municipal power agency;

(4) The names and addresses of the persons initially appointed by the resolutions approving the agreement to act as the representatives of the cities, respectively, in the exercise of their powers as members;

(5) Limitations, if any, upon the terms of representatives of the respective member cities, provided that such representatives shall always be selected and vacancies in their offices declared and filled by resolutions of the governing bodies of the respective cities;

(6) The names of the initial board of directors of the municipal power agency, who shall be not less than five persons who are representatives of the respective member cities, selected by the vote of a majority of such representatives; or the agreement may provide that the representatives of the member cities from time to time shall be and constitute the board of directors;

(7) The location by city, town, or other community in the state, of the registered office of the municipal power agency;

(8) That the cities which are members of the municipal power agency are not liable for its obligations; and

(9) Any other provision for regulating the business of the municipal power agency or the conduct of its affairs which may be agreed by the member cities, consistent with sections 453.51 to 453.62.

Subd. 2. The agency agreement and a certified copy of the resolution of the governing body of each city shall be filed for record with the secretary of state. If the agency agreement conforms to the requirements of this section, the secretary of state shall record it and issue and record a certificate of incorporation. The certificate shall state the name of the municipal power agency and the fact and date of incorporation. Upon the issuance of the certificate of incorporation, the existence of the municipal power agency as a political subdivision of the state and a municipal corporation shall begin. The certificate of incorporation shall be conclusive evidence of the fact of incorporation.

Subd. 3. The initial board of directors of the municipal power agency, unless otherwise provided by the agency agreement, shall be elected prior to the filing of the agreement by a majority vote of the persons acting as representatives of the member cities, from among their member. After commencement of existence, the first meeting of the board of directors shall be held at the call of the directors, after notice, for the purpose of adopting the initial bylaws, electing officers, and for any other business that comes before the meeting.

Subd. 4. The bylaws of the municipal power agency, and any amendments thereto, shall be proposed by the board of directors and shall be adopted by a majority vote of the representatives of the member cities, unless the agency agreement requires a greater vote, at a meeting held after notice. Subject to the provisions of the agency agreement, the bylaws shall state:

(a) The qualifications of member cities, and limitations, if any, upon their number;

(b) Conditions of membership, if any;

(c) Manner and time of calling regular meetings of representatives of member cities;

(d) Manner and conditions of termination of membership; and

(e) Such other provisions for regulating the affairs of the municipal power agency as the representatives of the member cities shall determine to be necessary.

Subd. 5. Every municipal power agency shall maintain an office in this state to be known as its registered office. When a municipal power agency desires to

change the location of its registered office, it shall file with the secretary of state a certificate of change of location of registered office, stating the new location by city, town, or other community and effective date of change. When the certificate of change of location has been duly filed, the board of directors may make the change without any further action.

Subd. 6. Each of the directors shall hold office for the term for which he has been selected and until a successor has been selected and has qualified. Directors shall discharge their duties in good faith, and with that diligence and care which an ordinary prudent person in a like position would exercise under similar circumstances. The agency agreement or the bylaws may prescribe the number, term of office, powers, authority, and duties of directors, the time and place of their meetings, and other regulations concerning directors. Except where the agency agreement or bylaws prescribe otherwise, the term of office of a director shall be for one year. Except where the agency agreement or bylaws prescribe otherwise, a meeting of the board of directors may be held at any place, within or without the state, designated by the board, after notice, and an act of the majority of the directors present at a meeting at which a quorum is present is the act of the board. Except where the agency agreement or bylaws prescribe otherwise, any vacancy occurring on the board shall be filled by a person nominated by the remaining members of the board and elected by a majority of representatives of the member cities.

Subd. 7. Except where the agency agreement or bylaws prescribe otherwise, the board of directors shall appoint a president from its membership, and a secretary and treasurer, and any other officers or agents deemed to be necessary, who may but need not be city representatives or directors. An officer may be removed with or without cause by the board of directors. Officers of the municipal power agency shall have the authority and duties in the management of the business of the municipal power agency that the agency agreement or bylaws prescribe, or, in the absence of such prescription, as the board of directors determines.

Subd. 8. Except as otherwise provided in the agency agreement or the bylaws, the duly authorized representatives of each member city shall act as, and vote on behalf of, such city. Except where the agency agreement or bylaws provide otherwise, representatives of the member cities shall hold at least one meeting each year for the election of directors and for the transaction of any other business. Except where the agency agreement or bylaws prescribe otherwise, special meetings of the representatives may be called for any purpose upon written request to the president or secretary to call the meeting. Such officer shall give notice of the meeting to be held between 10 and 60 days after receipt of such request. Unless the agency agreement or bylaws provide for a different percentage, a quorum for a meeting of the representatives of the member cities is a majority of the total members and a quorum for meetings of the board of directors is a majority of the membership of such board.

Subd. 9. The agency agreement may be amended as proposed at any meeting of the representatives of the members for which notice, stating the purpose, shall be given to each representative and, unless the agency agreement or bylaws require otherwise, shall become effective when ratified by resolutions of a majority of the governing bodies of the member cities. Each amendment and the resolutions approving it shall be filed for record with the secretary of state.

Subd. 10. Each member city shall have full power and authority, within budgetary limits applicable to it, to appropriate money for the payment of expenses of the formation of the municipal power agency and of its representative in exercising its functions as a member of the agency.

Subd. 2. It may plan, acquire, construct, reconstruct, operate, maintain, repair, extend, or improve one or more projects within or outside the state; or acquire any interest in or any right to capacity of a project and may act as agent, or designate one or more of the other persons participating in a project to act as its agent, in connection with the planning, acquisition, construction, reconstruction, operation, maintenance, repair, extension, or improvement of the project.

Subd. 11. It may borrow money and issue negotiable bonds or notes, secured or unsecured, in accordance with section 453.55.

Subd. 12. Subject to any agreement with bondholders or note holders, it may invest money of the municipal power agency not required for immediate use, including proceeds from the sale of any bonds or notes, in such obligations, securities, and other investments as the municipal power agency shall deem prudent, notwithstanding the provisions of any other law relating to the investment of public funds.

Subd. 16. It may purchase, sell, exchange, or transmit electric energy within and outside the state in such amounts as it shall determine to be necessary and appropriate to make the most effective use of its powers and to meet its responsibilities, and may enter into agreements with any person with respect to that purchase, sale, exchange, or transmission, on such terms and for such period of time as its board of directors determines.

Subd. 17. It may procure insurance against any losses in connection with its property, operations, or assets in such amounts and from such insurers as it deems desirable.

Subd. 18. It may contract for and accept any gifts or grants or loans of funds or property or financial or other aid in any form from any public agency or other person, and may comply, subject to the provisions of sections 453.51 to 453.62, with the terms and conditions thereof.

Subd. 21. It may exercise all other powers not inconsistent with the Constitution of the state of Minnesota or the United States Constitution, which powers may be reasonably necessary or appropriate for or incidental to the effectuation of its authorized purposes or to the exercise of any of the powers enumerated in this section, and generally may exercise in connection with its property and affairs, and in connection with property within its control, any and all powers which might be exercised by a natural person or a private corporation in connection with similar property and affairs.

453.55 BONDS AND NOTES.

Subdivision 1. A municipal power agency may from time to time issue its bonds or notes in such principal amounts as the municipal power agency shall deem necessary to provide sufficient funds to carry out any of its corporate purposes and powers, including but not limited to the acquisition or construction of any project to be owned or leased, as lessor or lessee, by the municipal power agency, or the acquisition of any interest therein or any right to capacity thereof, the funding or refunding of the principal of, or interest or redemption premiums on, any bonds or notes issued by it whether or not such bonds or notes or interest to be funded or refunded have or have not become due, the establishment or increase of reserves to secure or to pay such bonds or notes or interest thereon, and the payment of all other costs or expenses of the municipal power agency incident to and necessary or convenient to carry out its corporate purposes and powers.

Subd. 2. Except as may be otherwise expressly provided by sections 453.51 to 453.62 or by the municipal power agency, every issue of bonds or notes of the agency shall be payable out of any revenues or funds of the agency, subject only to any agreements with the holders of particular bonds or notes pledging any particular revenues or funds. A municipal power agency may issue such types of bonds or notes as it may determine, including bonds or notes as to which the principal and interest are payable exclusively from the revenues from one or more projects, or from an interest therein or a right to capacity thereof, or from one or

more revenue producing contracts made by the municipal power agency with any person, or from its revenues generally. Any such bonds or notes may be additionally secured by a pledge of any grant, subsidy, or contribution from any public agency or other person, or a pledge of any income or revenues, funds, or moneys of the municipal power agency from any source whatsoever.

Subd. 3. All bonds and notes of a municipal power agency shall be negotiable within the meaning and for all the purposes of the uniform commercial code, subject only to any registration requirement.

Subd. 4. Bonds or notes of a municipal power agency shall be authorized by resolution of its board of directors and may be issued under such resolution or under a trust indenture or other security agreement, in one or more series, and shall bear such date or dates, mature at such time or times, bear interest at such rate or rates, be in such denominations, be in such form, either coupon or registered, carry such conversion, registration, and exchange privileges, have such rank or priority, be executed in such manner, be payable in such medium of payment at such place or places within or outside the state, be subject to such terms of redemption with or without premium, and contain or be subject to such other terms as the resolution, trust indenture, or other security agreement may provide, and shall not be restricted by the provisions of any other law limiting the amounts, maturities, interest rates, or other terms of obligations of public agencies or private persons.

Subd. 5. Any bonds or notes may be issued and delivered, notwithstanding that one or more of the officers executing them shall have ceased to hold office at the time when the bonds or notes are actually delivered.

Subd. 6. Pending preparation of definitive bonds, a municipal power agency may issue temporary bonds which shall be exchanged for the definitive bonds.

Subd. 7. Bonds or notes of a municipal power agency may be sold at public or private sale for such price or prices and in such manner as the agency determines.

Subd. 8. Bonds or notes of a municipal power agency may be issued under the provisions of sections 453.51 to 453.62, and rents, rates, and charges may be established pursuant to section 453.57 and pledged for the security of bonds or notes and interest and redemption premiums thereon, without obtaining the consent of any department, division, commission, board, bureau, or agency of the state of Minnesota and without any other proceeding or the happening of any other condition or occurrence except as specifically required by sections 453.51 to 453.62.

Subd. 9. The resolution, trust indenture, or other security agreement under which any bonds or notes are issued shall constitute a contract with the holders of the bonds or notes, and may contain provisions, among others, prescribing:

(a) The terms and provisions of the bonds or notes;

(b) The mortgage or pledge of and the grant of a security interest in any real or personal property and all or any part of the revenue from any project or any revenue producing contract made by the municipal power agency with any person to secure the payment of bonds or notes, subject to any agreements with the holders of bonds or notes which might then exist;

(c) The custody, collection, securing, investment, and payment of any revenues, assets, money, funds, or property with respect to which the municipal power agency may have any rights or interest;

(e) The creation of reserves or sinking funds and the regulation and disposition thereof;

MINNESOTA STATUTES 1982

(f) The purposes to which the proceeds from the sale of any bonds or notes then or thereafter to be issued may be applied, and the pledge of the proceeds to secure the payment of the bonds or notes;

(g) Limitations on the issuance of any additional bonds or notes, the terms upon which additional bonds or notes may be issued and secured, and the refunding of outstanding bonds or notes;

(h) The rank or priority of any bonds or notes with respect to any lien or security;

(i) The creation of special funds or moneys to be held in trust or otherwise for operating expenses, payment, or redemption of bonds or notes, reserves or other purposes, and the use and disposition of moneys held in these funds;

(j) The procedure by which the terms of any contract with or for the benefit of the holders of bonds or notes may be amended or abrogated, the amount of bonds or notes the holders of which must consent thereto, and the manner in which consent may be given;

(k) The definition of the acts or omissions to act which shall constitute a default in the duties of the municipal power agency to holders of its bonds or notes, and the rights and remedies of the holders in the event of default including, if the municipal power agency so determines, the right to accelerate the due date of the bonds or notes or the right to appoint a receiver or receivers of the property or revenues subject to the lien of the resolution, trust indenture, or other security agreement;

(o) The appointment of and the establishment of the duties and obligations of any paying agent or other fiduciary within or outside the state.

Subd. 10. For the security of bonds or notes issued or to be issued by a municipal power agency, the municipal power agency may mortgage or execute deeds of trust of the whole or any part of its property and franchises in the same manner and with the same effect as provided for public service corporations in section 300.10. Any mortgage or deed of trust covering the whole or any part of easements or other interests in real estate less than fee simple used in the generation or transmission of electric power, and covering fixtures annexed thereto, may be filed in the office of the secretary of state with or as a part of the financing statement covering the fixtures, with the same force and effect as provided in the case of public utilities under the provisions of section 300.114. All filings required under the uniform commercial code to perfect a security interest against the personal property or fixtures of a municipal power agency shall be made and maintained in the office of the secretary of state, with the same force and effect as provided in the case of a debtor public utility under the provisions of sections 300.111 to 300.113.

Subd. 11. Neither the officials, the directors, nor the members of a municipal power agency nor any person executing bonds or notes shall be liable personally on the bonds or notes or be subject to any personal liability or

accountability by reason of the issuance thereof. A municipal power agency shall have power to indemnify and to purchase and maintain insurance on behalf of any director, officer, employee, or agent of the municipal power agency, in connection with any threatened, pending, or completed action, suit, or proceeding, to the same extent and in the same manner and with the same force and effect as provided in the case of a private corporation under the provisions of section 300.082.

Subd. 12. A municipal power agency shall have power to purchase, out of any funds available therefor, bonds or notes, and to hold, pledge, cancel, or resell the bonds or notes, subject to and in accordance with any agreements with the holders.

Subd. 13. The principal of and interest upon any bonds or notes issued by a municipal power agency shall be payable solely from the revenues or funds pledged or available for their payment as authorized in sections 453.51 to 453.62. Each bond and note shall contain a statement that the principal thereof or interest thereon is payable solely from revenues or funds of the municipal power agency and that neither the state nor any political subdivision thereof, other than the municipal power agency, nor any city which is a member of the municipal power agency is obligated to pay the principal or interest and that neither the faith and credit nor the taxing power of the state or any political subdivision thereof or of any such city is pledged to the payment of the principal of or the interest on the bonds or notes. Nothing herein, however, precludes the use of tax or other revenue by a city for payment of amounts due and performance of covenants under any contract of the city as provided in section 453.58, subdivision 3.

History: 1976 c 313 s 5

453.56 EMINENT DOMAIN.

Except as otherwise provided by this section, a municipal power agency may acquire all real or personal property that it deems necessary for carrying out the purposes of sections 453.51 to 453.62, whether in fee simple absolute or a lesser interest, by condemnation and the exercise of the power of eminent domain in accordance with chapter 117. A municipal power agency shall have no power of eminent domain with respect to any real or personal property owned by any person as part of a system, whether existing, under construction, or being planned, of facilities for the generation, transmission, or distribution of electric power. The authority of a municipal power agency to acquire real or personal property by condemnation or the exercise of the power of eminent domain shall be a continuing power, and no exercise thereof shall exhaust it.

A city may appropriate and use tax and other revenues received in any year to make payments due or to comply with covenants to be performed during that year under any contract made by the city when acting as a municipal power agency, or any contract made by the city with a municipal power agency, as contemplated by sections 453.51 to 453.62, subject to the provisions of its charter and the laws of this state regarding budget and payment procedures and annual tax levy limitations.
