The commissioner shall be appointed by the governor under the provisions of section 15.06.

(a) To accept persons committed to him by the courts of this state for care, custody, and rehabilitation.

(b) To determine the place of confinement of committed persons in a correctional facility or other facility of the department of corrections and to prescribe

MINNESOTA STATUTES 1984

reasonable conditions and rules for their employment, conduct, instruction, and discipline within or outside the facility. Inmates shall not exercise custodial functions or have authority over other inmates. Inmates may serve on the board of directors or hold an executive position subordinate to correctional staff in any corporation, private industry or educational program located on the grounds of, or conducted within, a state correctional facility with written permission from the chief executive officer of the facility.

(c) To administer the money and property of the department.

(d) To administer, maintain, and inspect all state correctional facilities.

(e) To transfer authorized positions and personnel between state correctional facilities as necessary to properly staff facilities and programs.

(f) To utilize state correctional facilities in the manner deemed to be most efficient and beneficial to accomplish the purposes of this section, but not to close the Minnesota correctional facility-Stillwater or the Minnesota correctional facility-St. Cloud without legislative approval. The commissioner may place juveniles and adults at the same state minimum security correctional facilities, if there is total separation of and no regular contact between juveniles and adults, except contact incidental to admission, classification, and mental and physical health care.

(g) To organize the department and employ personnel he deems necessary to discharge the functions of the department, including a chief executive officer for each facility under his control who shall serve in the unclassified civil service and may, under the provisions of section 43A.33, be removed only for cause, and two internal affairs officers for security who shall be in the unclassified civil service.

(h) To define the duties of these employees and to delegate to them any of his powers, duties and responsibilities, subject to his control and the conditions he prescribes.

(i) To annually develop a comprehensive set of goals and objectives designed to clearly establish the priorities of the department of corrections. This report shall be submitted to the governor and the state legislature commencing January 1, 1976. The commissioner may establish ad hoc advisory committees.

Subd. 4. Bond and oath of commissioner. Before entering upon the duties of his office, the commissioner of corrections shall take and subscribe an oath and give his bond to the state of Minnesota, to be approved by the governor and filed with the secretary of state, in the sum of \$25,000, conditioned for the faithful performance of his duties.

Subd. 5. Training program. For the maintenance of adequate standards of operation in discharging the functions of the department, obtaining suitable candidates for positions for which there is a scarcity of qualified applicants, and the development of more effective treatment programs directed toward the correction and rehabilitation of persons found delinquent or guilty of crimes, and of more effective delinquency prevention the commissioner of corrections shall establish a training program including but not limited to in-service, pre-service, internship and scholarship programs, and an operational research program. Within the limits of appropriations available, the commissioner may provide educational stipends or tuition reimbursement in such amounts and upon such terms and conditions as may be determined jointly by the commissioner of employee relations. Within the limits of appropriations therefor the commissioner shall establish and provide personnel, facilities and equipment for research and study to evaluate the effectiveness of correctional treatment in camps, facilities, probation and parole investigation and supervision and delinquency prevention.

Subd. 5a. Acceptance of gifts, grants and subsidies; purposes. For the purposes of subdivision 5 and to discharge the functions of the department through

the establishment of additional facilities and services to persons committed to his care the commissioner may, subject to the provisions of section 15.43, accept and expend on behalf of the state, gifts, grants and subsidies from any lawful source; all moneys and securities so received shall be deposited in the state treasury subject to the order of the commissioner. From the fund to which such receipts are credited there is hereby appropriated annually to the commissioner of corrections such gifts, grants and subsidies as are received under the provisions of this subdivision.

Subd. 6. Corrections; uncompensated and voluntary services; expenses. To assist in the discharge of the functions of his department the commissioner of corrections shall have authority to accept uncompensated and voluntary services and to enter into contracts or agreements with private or public agencies or persons for such uncompensated and voluntary services as he may deem practicable. Persons rendering voluntary uncompensated services as herein authorized may be reimbursed for travel expenses paid or incurred in the performance of such official duties as may be assigned them at the same rate per mile as state employees. It is the purpose of this subdivision to provide travel expenses only to those volunteers who would otherwise be unable to afford to perform volunteer services.

Subd. 7. Use of facilities by outside agencies. The commissioner of corrections may authorize and permit public or private social service, educational or rehabilitation agencies or organizations and their clients to use the facilities, staff and other resources of correctional facilities under his control and may require the participating agencies or organizations to pay all or part of the costs thereof. All sums of money received pursuant to the agreements herein authorized shall not cancel until the end of the fiscal year immediately following the fiscal year in which the funds were received. The funds are available for use by the commissioner during that period, and are hereby appropriated annually to the commissioner of corrections for the purposes of this subdivision.

241.021 LICENSING AND SUPERVISION OF INSTITUTIONS AND FACILITIES.

Subdivision 1. **Supervision over correctional institutions.** (1) The commissioner of corrections shall inspect and license all correctional facilities throughout the state, whether public or private, established and operated for the detention and confinement of persons detained or confined therein according to law except to the extent that they are inspected or licensed by other state regulating agencies. He shall promulgate pursuant to chapter 14, rules establishing minimum standards for these facilities with respect to their management, operation, physical condition, and the security, safety, health, treatment and discipline of persons detained or confined therein. Commencing September 1, 1980, no individual, corporation, partnership, voluntary association or other private organization legally responsible for the operation of a correctional facility may operate the facility unless licensed by the commissioner of corrections. The commissioner shall annually review the correctional facilities described in this subdivision, except as otherwise provided herein, to determine compliance with the minimum standards established pursuant to this subdivision. The commissioner shall grant a license to any facility found to conform to minimum standards or to any facility which, in his judgment, is making satisfactory progress toward substantial conformity and the interests and well-being of the persons detained or confined therein are protected. The commissioner shall have access to the buildings, grounds, books, records, staff and to persons detained or confined in these facilities. He may require the officers in charge of these facilities to furnish all information and statistics he deems necessary, upon forms furnished by him.

(2) Any state agency which regulates, inspects, or licenses certain aspects of correctional facilities shall, insofar as is possible, ensure that the minimum standards it requires are substantially the same as those required by other state agencies which regulate, inspect, or license the same aspects of similar types of correctional facilities, although at different correctional facilities.

(3) Nothing in this section shall be construed to limit the commissioner of corrections' authority to promulgate rules establishing standards of eligibility for counties to receive funds under sections 401.01 to 401.16, or to require counties to comply with operating standards the commissioner establishes as a condition precedent for counties to receive that funding.

(4) When the commissioner finds that any facility described in clause (1) of this subdivision, except foster care facilities for delinquent children and youth as provided in subdivision 2, does not substantially conform to the minimum standards established by the commissioner and is not making satisfactory progress toward substantial conformance, he shall promptly notify the chief executive officer and the governing board of the facility of the deficiencies and order that they be remedied within a reasonable period of time. The commissioner may by written order restrict the use of any facility which does not substantially conform to minimum standards to prohibit the detention of any person therein for more than 72 hours at one time. When, after due notice and hearing, the commissioner finds that any facility described in this subdivision, except county jails and lockups as provided in sections 641.26, 642.10, and 642.11, does not conform to minimum standards, or is not making satisfactory progress toward substantial compliance therewith, he may issue his order revoking the license of that facility. After revocation of its license, that facility shall not be used until its license is renewed. When the commissioner is satisfied that satisfactory progress towards substantial compliance with minimum standard is being made, he may, at the request of the appropriate officials of the affected facility supported by a written schedule for compliance, grant an extension of time for a period not to exceed one year.

MINNESOTA STATUTES 1984

DEPARTMENT OF CORRECTIONS 241.021

(5) As used in this subdivision, "correctional facility" means any facility, including a group home, having a residential component, the primary purpose of which is to serve persons placed therein by a court, court services department, parole authority, or other correctional agency having dispositional power over persons charged with, convicted or adjudicated to be guilty or delinquent.

Subd. 2. Foster care facilities for delinquent children and youth; licenses; supervision. Notwithstanding any provisions in sections 256.01, subdivision 2, clause (2), and 245.783 to 245.791 to the contrary, the commissioner of corrections shall pass annually on the adequacy and suitability of all county, municipal or other publicly established and operated facilities for the detention, care and training of delinquent children and youth, if such facility conforms to reasonable standards established by the commissioner or in his judgment is making satisfactory progress toward substantial conformity therewith, and he is satisfied that the interests and well-being of children and youth received therein are protected, he shall grant a license to the county, municipality or agency thereof operating such facility. This license shall remain in force one year unless sooner revoked. Each such facility shall cooperate with the commissioner to make available all facts regarding its operation and services as he requires to determine its conformance to standards and its competence to give the services needed and which purports to give. Every such facility as herein described is subject to visitation and supervision by the commissioner and shall receive from him consultation as needed to strengthen services to the children and youth received therein.

Subd. 3. Revocation of license. When after due notice and hearing the commissioner of corrections determines that any facility described in subdivision 2 does not substantially conform to the reasonable standards therein provided or is not making satisfactory progress toward substantial compliance therewith, he may, with the consent of the judge of the district court, issue his order revoking the license of that facility. After revocation of its license, that facility shall not be used for the care and training of delinquent children, or for their detention until its license is renewed.

Subd. 4. Health care. The commissioner of corrections shall provide professional health care to persons confined in institutions under the control of the commissioner of corrections and pay the costs of their care in hospitals and other medical facilities not under the control of the commissioner of corrections, including the secure treatment unit operated by the St. Paul - Ramsey Hospital. All reimbursements for these health care services shall be deposited in the general fund.

Subd. 5. Sales to department of administration. July 1 of each year and quarterly thereafter, the commissioner of corrections shall notify the commissioner of administration of the articles, supplies, and services available from industrial activities conducted at state correctional institutions, and the commissioner of administration shall purchase from the state correctional institutions those articles, supplies, and services needed by state departments and agencies, unless the commissioner of corrections certifies that the correctional institutions cannot provide them at a price within five percent of the fair market price for comparable level of quality and within a reasonable delivery time. In determining the fair market price the commissioner of administration shall use competitive bidding or consider open market bid prices in previous years for similar products and services, plus inflationary increases.

Subdivision 1. **Authorization to make grants.** For the purpose of assisting counties to construct or rehabilitate local detention facilities and to assist groups of counties in the construction or rehabilitation of regional jails and lockups, work houses, or work farms, and detention and treatment facilities for adult offenders, youthful offenders, and delinquent children, and to aid such counties in developing and maintaining adequate programs and personnel for the education, training, treatment and rehabilitation of persons admitted to such institutions, the commissioner of corrections is hereby authorized and empowered, out of any money appropriated for the purposes of this section, to make grants to such counties. The commissioner may also receive grants of funds from the federal government or any other lawful source for the purpose of this section, and such funds are hereby appropriated annually to the commissioner.

Subd. 2. **Minimum standards.** The commissioner shall establish minimum standards for the construction, rehabilitation, size, area to be served, training and treatment programs, staff qualifications, and projected annual operating costs of facilities to be rehabilitated or constructed. Compliance with these standards shall constitute a minimum requirement for the granting of assistance as provided by this section.

Subd. 3. **Application for grants.** Any county or group of counties operating any of the facilities described in subdivision 1 or desiring to construct and operate or to rehabilitate existing facilities may apply for assistance under this section by submitting to the commissioner of corrections for his approval its plans, specifications, budget, program for training and treatment, and staffing pattern, including personnel qualifications. The commissioner may recommend such changes or modifications as he deems necessary to effect substantial compliance with the standards provided in subdivision 2. When the commissioner has determined that any county or group of counties has substantially complied with the minimum standards, or is making satisfactory progress toward such compliance he may pay to such counties an amount not to exceed 50 percent of the cost of construction or rehabilitation of the facilities described in this section, and, in the case of improvement of program and continued operation of any program in a regional facility as described in subdivision 1, he may pay to the governing board of such facility a sum not to exceed \$1,800 per year for each adult bed and \$3,200 per year for each juvenile bed as approved in the submitted plans and specifications.

Subd. 4. **Inspection.** The commissioner shall inspect at least annually each facility covered by this section and review its projected annual operating costs to insure continued compliance with minimum standards, and may withhold funds for noncompliance.

Subd. 5. **Limitation of grants to future projects.** Completion and acceptance of new construction or rehabilitation of existing facilities must occur after June 5, 1971, to enable a county or group of counties to receive any sums provided by this section.

This section shall apply only for those projects where a specific appropriation has been made.

The net earnings of each inmate participating in a work release program provided by this section shall be collected by or forwarded to the commissioner of corrections under rules established by him and deposited by the commissioner in the state treasury, to be credited to the "work release account," to the account of the inmate. Where a work placement inmate is housed in a jail or workhouse, such board and room revenue shall be paid over to such city or county official as provided for in subdivision 2, provided however, that when payment of board and room has been waived, the commissioner shall make such payments from funds appropriated for that purpose.

The industrial and commercial activities authorized by this section shall be for the primary purpose of providing vocational training, meaningful employment and the teaching of proper work habits to the inmates of correctional facilities under the control of the commissioner of corrections, and not as competitive business ventures. Prior to the establishment of any industrial and commercial activity, the commissioner of corrections may consult with representatives of business, industry, organized labor, the state department of education, the state apprenticeship council, the state department of labor and industry, the department of employment security, the department of administration, and such other persons and bodies as he may feel are qualified to determine the quantity and nature of the goods, wares, merchandise and services to be made or provided, and the types of processes to be used in their manufacture, processing, repair, and production consistent with the greatest opportunity for the reform and vocational training of the inmates, and with the best interests of the state, business, industry and labor.

The commissioner of corrections shall, at all times in the conduct of any industrial or commercial activity authorized by this section, utilize inmate labor to the greatest extent feasible, provided, however, that the commissioner may employ all administrative, supervisory and other skilled craftsmen necessary to the proper instruction of the inmates and the profitable and efficient operation of the industrial and commercial activities authorized by this section.

Additionally, the commissioner of corrections may authorize the director of any correctional facility under his control to accept work projects from outside sources for processing, fabrication or repair, provided that preference shall be given to the performance of such work projects for state departments and agencies.

The revolving fund established shall be used for the conduct of the industrial and commercial activities now or hereafter established at any state correctional facility, including but not limited to the purchase of equipment, raw materials, the payment of salaries, wages and other expenses necessary and incident thereto. Additionally, the expenses of inmate vocational training and the inmate release fund may be financed from the correctional industries revolving fund in an amount to be determined by the commissioner. The proceeds and income from all industrial and commercial activities conducted at state correctional facilities shall be deposited in the correctional industries revolving fund subject to disbursement as hereinabove provided. The commissioner of corrections may request that money in the fund be invested pursuant to section 11.10; the proceeds from the investment not currently needed shall be accounted for separately and credited to the fund.

Subd. 3. **Disbursement from fund.** The correctional industries revolving fund shall be deposited in the state treasury and paid out only on proper vouchers as may

be authorized and approved by the commissioner of corrections, and in the same manner and under the same restrictions as are now provided by law for the disbursement of funds by the commissioner. The commissioner of corrections is authorized to keep and maintain at any correctional facility under his control a contingent fund, as provided in section 241.13; but the contingent fund shall at all times be covered and protected by a proper and sufficient bond to be duly approved as by law now provided.

Subd. 4. Revolving fund; borrowing. The commissioner of corrections is authorized, when in his judgment it becomes necessary in order to meet current demands on the correctional industries revolving fund, to borrow sums of money as may be necessary. The sums so borrowed shall not exceed, in any one year, 50 percent of the total of the net worth of correctional industries.

When the commissioner of corrections shall certify to the commissioner of finance and the state treasurer that, in his judgment, it is necessary to borrow a specified sum of money in order to meet the current demands on the correctional industries revolving fund, the state treasurer and the commissioner of finance may, in their discretion, transfer and credit to the correctional industries revolving fund, from any moneys in the state treasury not required for immediate disbursement, the whole or such part of the amount so certified as they deem advisable, which sum so transferred shall be repaid by the commissioner from the revolving fund to the fund from which transferred, at such time as shall be specified by the state treasurer and the commissioner of finance, together with interest thereon at such rate as shall be specified by the commissioner of finance and the state treasurer, not exceeding four percent per annum. When any transfer shall so have been made to the correctional industries revolving fund, the state treasurer and the commissioner of finance shall notify the commissioner of corrections of the amount so transferred to the credit of the correctional industries revolving fund, the date when the same is to be repaid, and the rate of interest so to be paid.

Subd. 5. Federal grant fund transfers. Grants received from the federal government for any vocational training program or for administration under the jurisdiction of the commissioner of corrections shall, in the first instance, be credited to a federal grant fund and shall be transferred therefrom to the credit of the commissioner of corrections in the appropriate account upon certification of the commissioner of corrections that the amounts so requested to be transferred have been earned or are required for the purposes and program intended. Moneys received by the federal grant fund need not be budgeted as such provided transfers from the fund are budgeted for allotment purposes in the appropriate appropriation.

The party states, desiring by common action to fully utilize and improve their institutional facilities and provide adequate programs for the confinement, treatment and rehabilitation of various types of offenders, declare that it is the policy of each of the party states to provide such facilities and programs on a basis of cooperation with one another, thereby serving the best interests of such offenders and of society and effecting economies in capital expenditures and operational costs. The purpose of this compact is to provide for the mutual development and execution of such programs of cooperation for the confinement, treatment and rehabilitation of offenders with the most economical use of human and material resources.

ARTICLE II

Definitions

As used in this compact, unless the context clearly requires otherwise:

(a) "State" means a state of the United States; the United States of America; a territory or possession of the United States; the District of Columbia; the Commonwealth of Puerto Rico.

(b) "Sending state" means a state party to this compact in which conviction or court commitment was had.

(c) "Receiving state" means a state party to this compact to which an inmate is sent for confinement other than a state in which conviction or court commitment was had.

(a) Each party state may make one or more contracts with any one or more of the other party states for the confinement of inmates on behalf of a sending state in institutions situated within receiving states. Any such contract shall provide for:

1. Its duration.
2. Payments to be made to the receiving state by the sending state for inmate maintenance, extraordinary medical and dental expenses, and any participation in or receipt by inmates of rehabilitative or correctional services, facilities, programs, or treatment not reasonably included as part of normal maintenance.
3. Participation in programs of inmate employment, if any; the disposition or crediting of any payments received by inmates on account thereof; and the crediting of proceeds from or disposal of any products resulting therefrom.

 - (b) The terms and provisions of this compact shall be a part of any contract entered into by the authority of or pursuant thereto, and nothing in any such contract shall be inconsistent therewith.

ARTICLE IV

Procedures and Rights

(a) Whenever the duly constituted authorities in a state party to this compact, and which has entered into a contract pursuant to article III, shall decide that confinement in, or transfer of an inmate to, an institution within the territory of another party state is necessary or desirable in order to provide adequate quarters and care or an appropriate program of rehabilitation or treatment, said officials may direct that the confinement be within an institution within the territory of said other party state, the receiving state to act in that regard solely as agent for the sending state.

(b) The appropriate officials of any state party to this compact shall have access, at all reasonable times, to any institution in which it has a contractual right to confine inmates for the purpose of inspecting the facilities thereof and visiting such of its inmates as may be confined in the institution.

(c) Inmates confined in an institution pursuant to the terms of this compact shall at all times be subject to the jurisdiction of the sending state and may at any time be removed therefrom for transfer to a prison or other institution within the sending state, for transfer to another institution in which the sending state may have a contractual or other right to confine inmates, for release on probation or parole, for discharge, or for any other purpose permitted by the laws of the sending state; provided that the sending state shall continue to be obligated to such payments as may be required pursuant to the terms of any contract entered into under the terms of article III.

(e) All inmates who may be confined in an institution pursuant to the provisions of this compact shall be treated in a reasonable and humane manner and shall be treated equally with such similar inmates of the receiving state as may be confined in the same institution. In any and all proceedings had pursuant to the provisions of this subdivision, the officials of the receiving state shall act solely as agents of the sending state and no final determination shall be made in any matter except by the appropriate officials of the sending state.

(g) Any inmate confined pursuant to this compact shall be released within the territory of the sending state unless the inmate, and the sending and receiving states, shall agree upon release in some other place. The sending state shall bear the cost of such return to its territory.

(a) Any decision of the sending state in respect of any matter over which it retains jurisdiction pursuant to this compact shall be conclusive upon and not reviewable within the receiving state, but if at the time the sending state seeks to remove an inmate from an institution in the receiving state there is pending against the inmate within such state any criminal charge or if the inmate is formally accused of having committed within such state a criminal offense, the inmate shall not be returned without the consent of the receiving state until discharged from prosecution or other form of proceeding, imprisonment or detention for such offense. The duly accredited officers of the sending state shall be permitted to transport inmates pursuant to this compact through any and all states party to this compact without interference.

(b) An inmate who escapes from an institution in which he is confined pursuant to this compact shall be deemed a fugitive from the sending state and from the state in which the institution is situated. In the case of an escape to a jurisdiction other than the sending or receiving state, the responsibility for institution of extradition or rendition proceedings shall be that of the sending state, but nothing contained herein shall be construed to prevent or affect the activities of officers and agencies of any jurisdiction directed toward the apprehension and return of an escapee.

Before the effective date of withdrawal, a withdrawing state shall remove to its territory, at its own expense, such inmates as it may have confined pursuant to the provisions of this compact.

ARTICLE IX

Other Arrangements Unaffected

Nothing contained in this compact shall be construed to abrogate or impair any agreement or other arrangement which a party state may have with a non-party state for the confinement, rehabilitation or treatment of inmates nor to repeal any other laws of a party state authorizing the making of cooperative institutional arrangements.

ARTICLE X

Construction and Severability

The provisions of this compact shall be liberally construed and shall be severable. If any phrase, clause, sentence or provision of this compact is declared to be contrary to the constitution of any participating state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state participating therein, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.
