375.025 COMMISSIONER DISTRICTS.

Subdivision 1. **Standards.** The redistricting plan in use in a county shall be used until a new plan is adopted in accordance with this section. Each county shall be divided into as many districts numbered consecutively as it has members of the county board. Commissioner districts shall be bounded by town, municipal, ward, or precinct lines. Each district shall be composed of contiguous territory as regular and compact in form as practicable, depending upon the geography of the county involved and shall be as nearly equal in population as possible. No district shall vary in population more than ten percent from the average for all districts in the county, unless the result forces a voting precinct to be split. A majority of the least populous districts shall contain not less than a majority of the population of the county. A county may be redistricted by the county board after each federal census. When it appears after a federal census that the districts of the county are not in accord with the standards set forth in this subdivision, the county shall be redistricted by the county board within 180 days of the date on which certified copies of the latest federal census are filed with the secretary of state in accordance with section 600.18. Before acting to redistrict, the county board, or a redistricting commission if one is appointed, shall publish three weeks notice of its purpose, stating the time and place of the meeting where the matter will be considered, in the newspaper having the contract to publish the commissioners' proceedings for the county year for the current year.

Subd. 2. **Voters rights.** Any qualified voter may apply to the district court of the county for a writ of mandamus (a) requiring the county to be redistricted if the county board has not redistricted the county within the time specified in subdivision 1, or (b) to revise any arbitrary action or abuse of discretion by the county board in redistricting the county. Any application for revision of a redistricting plan shall be filed with the district court within 30 days after the filing of the redistricting plan with the county auditor. The district court may direct the county board to show cause why it has not redistricted the county or why the redistricting plan prepared by it should not be revised. On hearing the matter it may allow the county board additional time in which to redistrict the county or to correct errors in the redistricting plan. If it appears to the court that the county board has not been sufficiently diligent in performing its redistricting duties, the court may appoint a redistricting commission to redistrict the county in accordance with the standards set forth in subdivision 1 and any other conditions the court shall deem advisable and appropriate. If a redistricting commission is appointed, the county board shall be without authority to redistrict the county.

Subd. 3. **Redistricting commission.** The redistricting commission shall be composed of not less than five nor more than nine residents of the county. No officer or employee of county or local government except notaries public shall be eligible for membership. Members of the commission shall not be eligible for election to the county board until two years after the redistricting in which they participated becomes effective. Members shall serve without pay but may be

reimbursed their necessary expenses in the conduct of the business of the commission. The county board shall provide for the necessary expenses of the commission.

Subd. 4. **Redistricting plan; election following redistricting.** A redistricting plan whether prepared by the county board or the redistricting commission shall be filed in the office of the county auditor. A redistricting plan shall be effective on the 31st day after filing unless a later effective date is specified but no plan shall be effective for the next election of county commissioners unless the plan is filed with the county auditor not less than 30 days before the first date candidates may file for the office of county commissioner. One commissioner shall be elected in each district who, at the time of the election, is a resident of the district. A person elected may hold the office only while he remains a resident of the commissioner district. The county board or the redistricting commission shall determine the number of members of the county board who shall be elected for two-year terms and for four-year terms to provide staggered terms on the county board. Thereafter, all commissioners shall be elected for four years. When a county is redistricted, there shall be a new election of commissioners in all the districts at the next general election except that if the change made in the boundaries of a district is less than ten percent of the average of all districts of the county, the commissioner in office at the time of the redistricting shall serve for the full period for which he was elected.

375.03 TERM OF COMMISSIONERS.

In each new county, and in each county that has an increase of the number of commissioners, a commissioner shall be elected from each odd-numbered district for a term of two years, and from each even-numbered district for a term of four years. Thereafter all commissioners shall be elected for a term of four years, except that elections to fill vacancies shall be for the unexpired term only. In counties having a population of more than 150,000, every commissioner, before he begins his duties, shall give bond to the state in the sum of \$10,000, with a legally authorized surety company as surety, conditioned for the faithful performance of his official duties. The bond shall be approved by a judge of the district court, and together with the oath of office and certificate of election, be filed with the county recorder. The premium on the bond shall not exceed that prescribed by law for county treasurers, and shall be paid by the county.

rendered by them for their respective counties, annual salaries and in addition may receive per diem payments and reimbursement for necessary expenses in performing the duties of the office as set by resolution of the county board. The salary and schedule of per diem payments shall not be effective until January 1 of the next year. The resolution shall contain a statement of the new salary on an annual basis. The board may establish a schedule of per diem payments for service by individual county commissioners on any board, committee, or commission of county government including committees of the board, or for the performance of services by individual county commissioners when required by law. In addition to its publication in the official newspaper of the county as part of the proceedings of the meeting of the county board, the resolution setting the salary and schedule of per diem payments shall be published in one other newspaper of the county, if there is one located in a different municipality in the county than the official newspaper. The salary of a county commissioner or the schedule of per diem payments shall not change except in accordance with this subdivision.

Subd. 5. **Other benefits.** Except as provided herein nothing in this section shall limit the right of a county commissioner to collect and retain any fees, per diem payment made pursuant to subdivision 1, or any mileage or expense allowance, or reimbursement of expenses in attending meetings or in the conduct of the business of a board, commission or committee of county government on which he serves, which he is now authorized by any other law to collect and retain in addition to the stated amount of his annual salary; or to participate in any group insurance program instituted by the county board for county officers and employees. Members of the county board shall not receive a per diem for service on the board of auditors, the board of equalization, or the canvassing board.

Subd. 6. **Validation.** The salary heretofore paid any county commissioner under any existing law insofar as it is inconsistent with this section, which may be found to be unconstitutional or invalid for any reason by a court, is legalized and made valid.

Subd. 2. If a county commissioner is authorized to be reimbursed for traveling expenses while performing official duties as a county commissioner or while serving on a board, commission or committee, the reimbursement shall be limited to expenses actually paid or incurred by him. If authorized to be paid mileage or receive reimbursement for expenses in performing a duty and the commissioner uses his private automobile, he may be reimbursed for its use at not more than the rate specified for reimbursement in section 471.665 for each mile actually traveled.
