**373.01 POWERS.**

Subdivision 1. Each county is a body politic and corporate and may:

- (1) Sue and be sued.
- (2) Acquire and hold real and personal property for the use of the county, and lands sold for taxes as provided by law.
- (3) Purchase and hold for the benefit of the county real estate sold by virtue of judicial proceedings, to which the county is a party.
- (4) Sell, lease, and convey real or personal estate owned by the county, and give contracts or options to sell, lease, or convey it, and make orders respecting it as deemed conducive to the interests of the county's inhabitants.

No sale, lease, or conveyance of real estate owned by the county, except the lease of a residence acquired for the furtherance of an approved capital improvement project, nor any contract or option for it, shall be valid, without first advertising for bids or proposals in the official newspaper of the county for three consecutive weeks and once in a newspaper of general circulation in the area where the property is located. The notice shall state the time and place of considering the proposals, contain a legal description of any real estate, and a brief description of any personal property. Leases that do not exceed \$15,000 for any one year may be negotiated and are not subject to the competitive bid procedures of this section. All proposals estimated to exceed \$15,000 in any one year shall be considered at the time set for the bid opening, and the one most favorable to the county accepted, but the county board may, in the interest of the county, reject any or all proposals. Sales of personal property the value of which is estimated to be \$15,000 or more shall be made only after advertising for bids or proposals as provided for real estate. Sales of personal property the value of which is estimated to be less than \$15,000 may be made either on competitive bids or in the open market, in the discretion of the county board. Notwithstanding anything to the contrary herein, the county may, when acquiring real property for county highway right-of-way, exchange parcels of real property of substantially similar or equal value without advertising for bids. The estimated values for these parcels shall be determined by the county assessor.

If real estate or personal property remains unsold after advertising for and consideration of bids or proposals the county may employ a broker to sell the property. The broker may sell the property for not less than 90 percent of its appraised market value as determined by the county. The broker's fee shall be set by agreement with the county

but may not exceed ten percent of the sale price and must be paid from the proceeds of the sale.

A county or its agent may rent a county-owned residence acquired for the furtherance of an approved capital improvement project subject to the conditions set by the county board and not subject to the conditions for lease otherwise provided by this clause.

In no case shall lands be disposed of without there being reserved to the county all iron ore and other valuable minerals in and upon the lands, with right to explore for, mine and remove the iron ore and other valuable minerals, nor shall the minerals and mineral rights be disposed of, either before or after disposition of the surface rights, otherwise than by mining lease, in similar general form to that provided by section 93.20 for mining leases affecting state lands. The lease shall be for a term not exceeding 50 years, and be issued on a royalty basis, the royalty to be not less than 25 cents per ton of 2,240 pounds, and fix a minimum amount of royalty payable during each year, whether mineral is removed or not. Prospecting options for mining leases may be granted for periods not exceeding one year. The options shall require, among other things, periodical showings to the county board of the results of exploration work done.

(5) Make all contracts and do all other acts in relation to the property and concerns of the county necessary to the exercise of its corporate powers.

Subd. 2. Notwithstanding any other contrary law, a county may enter into a rental purchase agreement or conditional sales agreement to acquire road equipment but the seller shall be limited to the remedy of recovery of the property in case of nonpayment of all or part of the purchase price. The purchase price shall be payable over not more than five years.

Subd. 3. A county board may, by resolution and without referendum, issue capital notes subject to the county debt limit to purchase capital equipment useful for county purposes that has an expected useful life at least equal to the term of the notes. The notes shall be payable in not more than five years and shall be issued on terms and in a manner the board determines. A tax levy shall be made for payment of the principal and interest on the notes, in accordance with section 475.61, as in the case of bonds. For purposes of this subdivision, "capital equipment" means public safety, ambulance, road construction or maintenance, medical, and data processing equipment.

**373.40 CAPITAL IMPROVEMENT BONDS.**

- (b) "Capital improvement" means acquisition or betterment of public lands, buildings, or other improvements within the county for the purpose of a county courthouse, administrative building, health or social service facility, correctional facility, jail, law enforcement center, hospital, morgue, library, park, and roads and bridges. An improvement must have an expected useful life of five years or more to qualify. "Capital improvement" does not include light rail transit or any activity related to it or a recreation or sports facility building (such as, but not limited to, a gymnasium, ice arena, racquet sports facility, swimming pool, exercise room or health spa), unless the building is part of an outdoor park facility and is incidental to the primary purpose of outdoor recreation.
- (c) "Commissioner" means the commissioner of trade and economic development.
- (d) "Metropolitan county" means a county located in the seven-county metropolitan area as defined in section 473.121 or a county with a population of 90,000 or more.
- (e) "Population" means the population established by the most recent of the following (determined as of the date the resolution authorizing the bonds was adopted):
  - (1) the federal decennial census,
  - (2) a special census conducted under contract by the United States Bureau of the Census, or
  - (3) a population estimate made either by the metropolitan council or by the state demographer under section 116K.04, subdivision 4, clause (10).
- (f) "Tax capacity" means total taxable market value, but does not include captured market value.

**Subd. 2. Application of election requirement.** (a) Bonds issued by a county to finance capital improvements under an approved capital improvement plan are not subject to the election requirements of section 375.18 or 475.58. The bonds must be approved by vote of at least three-fifths of the members of the county board. In the case of a metropolitan county, the bonds must be approved by vote of at least two-thirds of the members of the county board.

(b) Before issuance of bonds qualifying under this section, the county must publish a notice of its intention to issue the bonds and the date and time of a hearing to obtain public comment on the matter. The notice must be published in the official newspaper of the county or in a newspaper of general circulation in the county. The notice must be published at least 14, but not more than 28, days before the date of the hearing.

(c) A county may issue the bonds only upon obtaining the approval of a majority of the voters voting on the question of issuing the obligations, if a petition requesting a vote on the issuance is signed by voters equal to five percent of the votes cast in the county in the last general election and is filed with the county auditor within 30 days after the public hearing. The commissioner of revenue shall prepare a suggested form of the question to be presented at the election.

**Subd. 3. Capital improvement plan.** (a) A county may adopt a capital improvement plan. The plan must cover at least the five-year period beginning with the date of its adoption. The plan must set forth the estimated schedule, timing, and details of specific capital improvements by year, together with the estimated cost, the need for the improvement, and sources of revenues to pay for the improvement. In preparing the capital improvement plan, the county board must consider for each project and for the overall plan:

- (1) the condition of the county's existing infrastructure, including the projected need for repair or replacement;
- (2) the likely demand for the improvement;
- (3) the estimated cost of the improvement;
- (4) the available public resources;
- (5) the level of overlapping debt in the county;
- (6) the relative benefits and costs of alternative uses of the funds;
- (7) operating costs of the proposed improvements; and
- (8) alternatives for providing services more efficiently through shared facilities with other counties or local government units.

(b) The capital improvement plan and annual amendments to it must be approved by the county board after public hearing. The county must submit the capital improvement plan to the community development division of the department of trade and economic development. The plan is not effective if the commissioner disapproves the plan within 90 days after it was submitted. If the commissioner has not disapproved the plan within 90 days after its submission, the plan is deemed approved and effective. The commissioner shall disapprove a capital improvement plan only if the commissioner determines (1) that the planned improvements cannot be financed within the limits specified in subdivision 4, or (2) the county in preparing the plan did not consider the factors listed in this subdivision or failed to gather the information necessary to evaluate the plan under the factors, or (3) the proposed improvements will result in unnecessary duplication of public facilities provided by other units of government in the region or there is insufficient demand for the facility. If the plan is disapproved by the commissioner and the county board does not withdraw the plan, the capital improvement plan must be submitted to the voters for approval. If a majority of the voters approve, the plan is approved and effective.

**Subd. 4. Limitations on amount.** A county, other than Ramsey, may not issue bonds under this section if the maximum amount of principal and interest to become due in any year on all the outstanding bonds issued pursuant to this section (including the bonds to be issued) will equal or exceed 0.05367 percent of taxable market value of property in the county. Ramsey county may not issue bonds under this section if the maximum amount of principal and interest to become due in any year on all the outstanding bonds issued pursuant to this section (including the bonds to be issued) will equal or exceed 0.06455 percent of taxable market value of property in the county. Calculation of the limit must be made using the taxable market value for the taxes payable year in which the obligations are issued and sold. This section does not limit the authority to issue bonds under any other special or general law.

**Subd. 5. Application of bond code.** Bonds to finance capital improvements qualifying under this section must be issued under the issuance authority in chapter 475 and the provisions of chapter 475 apply, except as otherwise specifically provided in this section.

**Subd. 6. Building fund levy.** (a) If a county other than Ramsey has an approved capital improvement plan, the county board may annually levy 0.05367 percent of taxable market value, less the amount levied to pay principal and interest on bonds issued under this section. If the Ramsey county board has an approved capital improvement plan, the county board may annually levy 0.06455 percent of taxable market value, less the amount levied to pay principal and interest on bonds issued under this section. The proceeds of this levy must be deposited in the county building fund under section

373.25 and may only be expended for capital improvements as provided in the approved capital improvement plan.

(b) The maximum amount of the levy, when added to the unexpended balance in the building fund, must not exceed the projected cost of the remaining improvements in the capital improvement plan. A levy made under this section is not subject to any other levy limitation, nor may the levy be included in the computation of any other levy limitation.

(c) This subdivision and the exercise of levy authority under it does not supersede or preempt the authority to levy under section 373.25 or any other law.

Subd. 7. **Repealer.** This section is repealed effective for bonds issued after July 1, 1993, but continues to apply to bonds issued before that date.
