- (3) On all over \$79,120, 8.5 percent.

Married individuals filing separate returns, estates, and trusts must compute their income tax by applying the above rates to their taxable income, except that the income brackets will be one-half of the above amounts.

(b) The income taxes imposed by this chapter upon unmarried individuals must be computed by applying to taxable net income the following schedule of rates:

- (1) On the first \$13,620, 6 percent;
- (2) On all over \$13,620, but not over \$44,750, 8 percent;
- (3) On all over \$44,750, 8.5 percent.

(c) The income taxes imposed by this chapter upon unmarried individuals qualifying as a head of household as defined in section 2(b) of the Internal Revenue Code of 1986, as amended through December 31, 1989, must be computed by applying to taxable net income the following schedule of rates:

- (1) On the first \$16,770, 6 percent;
- (2) On all over \$16,770, but not over \$67,390, 8 percent;
- (3) On all over \$67,390, 8.5 percent.

(d) In lieu of a tax computed according to the rates set forth in this subdivision, the tax of any individual taxpayer whose taxable net income for the taxable year is less than an amount determined by the commissioner must be computed in accordance with tables prepared and issued by the commissioner of revenue based on income brackets of not more than \$100. The amount of tax for each bracket shall be computed at the rates set forth in this subdivision, provided that the commissioner may disregard a fractional part of a dollar unless it amounts to 50 cents or more, in which case it may be increased to \$1.

(e) An individual who is not a Minnesota resident for the entire year must compute the individual's Minnesota income tax as provided in this subdivision. After the application of the nonrefundable credits provided in this chapter, the tax liability must then be multiplied by a fraction in which:

(1) The numerator is the individual's Minnesota source federal adjusted gross income as defined in section 62 of the Internal Revenue Code of 1986, as amended through December 31, 1989, less the deduction allowed by section 217 of the Internal Revenue Code of 1986, as amended through December 31, 1990, after applying the allocation and assignability provisions of section 290.081, clause (a), or 290.17; and

(2) the denominator is the individual's federal adjusted gross income as defined in section 62 of the Internal Revenue Code of 1986, as amended through December 31, 1990, increased by the addition required for interest income from non-Minnesota state and municipal bonds under section 290.01, subdivision 19a, clause (1).

**Subd. 2d. Inflation adjustment of brackets.** (a) For taxable years beginning after December 31, 1991, the minimum and maximum dollar amounts for each rate bracket for which a tax is imposed in subdivision 2c shall be adjusted for inflation by the percentage determined under paragraph (b). For the purpose of making the adjustment as provided in this subdivision all of the rate brackets provided in subdivision 2c shall be the rate brackets as they existed for taxable years beginning after December 31, 1990, and before January 1, 1992. The rate applicable to any rate bracket must not be changed. The dollar amounts setting forth the tax shall be adjusted to reflect the changes in the rate brackets. The rate brackets as adjusted must be rounded to the nearest \$10 amount. If the rate bracket ends in \$5, it must be rounded up to the nearest \$10 amount.

(b) The commissioner shall adjust the rate brackets and by the percentage determined pursuant to the provisions of section 1(f) of the Internal Revenue Code of 1986, as amended through December 31, 1990, except that in section 1(f)(3)(B) the word "1990" shall be substituted for the word "1987." For 1991, the commissioner shall then determine the percent change from the 12 months ending on August 31, 1990, to the 12 months ending on August 31, 1991, and in each subsequent year, from the 12 months ending on August 31, 1990, to the 12 months ending on August 31 of the year preceding the taxable year. The determination of the commissioner pursuant to this subdivision shall not be considered a "rule" and shall not be subject to the administrative procedure act contained in chapter 14.

No later than December 15 of each year, the commissioner shall announce the specific percentage that will be used to adjust the tax rate brackets.

Subd. 21. **Alternative minimum tax; factors tax.** (a) A corporation is allowed a credit for alternative minimum tax previously paid for any taxable year in which the corporation has no tax liability under section 290.092, subdivision 1, and has an alternative minimum tax credit carryover from a previous year. The credit allowable in any taxable year equals the lesser of (1) the excess of the tax under subdivision 1 for the taxable year over the amount computed under section 290.092, subdivision 1, clause (1), for the taxable year, or (2) the alternative minimum tax credit carryover to the taxable year.

(b) The tax imposed under section 290.092, subdivision 1, for the taxable year is an alternative minimum tax credit carryover to each of the five taxable years succeeding the taxable year. The entire amount of the alternative minimum tax credit must be carried to the earliest taxable year to which the amount may be carried. The unused portion of the credit must be carried to the following taxable year. No credit may be carried to a taxable year more than five years after the taxable year in which the alternative minimum tax under section 290.092, subdivision 1, was incurred.

(c) For taxable years beginning after December 31, 1989, qualification for a credit and computation of the amount of the credit for alternative minimum tax under paragraph (a) must be determined by computing the alternative minimum tax that would apply if section 290.092 were in effect for the taxable year.

(d) An acquiring corporation may carry over this credit from a transferor or distributor corporation in a corporate acquisition. The provisions of section 381 of the Internal Revenue Code apply in determining the amount of the carryover, if any.

Subd. 22. **Credit for taxes paid to another state.** (a) A taxpayer who is liable for taxes on or measured by net income to another state or province or territory of Canada, as provided in paragraphs (b) through (f), upon income allocated or apportioned to Minnesota, is entitled to a credit for the tax paid to another state or province or territory of Canada if the tax is actually paid in the taxable year or a subsequent taxable year. A taxpayer who is a resident of this state pursuant to section 290.01, subdivision 7, clause (2), and who is subject to income tax as a resident in the state of the individual's domicile is not allowed this credit unless the state of domicile does not allow a similar credit.

(b) For an individual, estate, or trust, the credit is determined by multiplying the tax payable under this chapter by the ratio derived by dividing the income subject to tax in the other state or province or territory of Canada that is also subject to tax in Minnesota while a resident of Minnesota by the taxpayer's federal adjusted gross income, as defined in section 62 of the Internal Revenue Code of 1986, as amended through December 31, 1989, modified by the addition required by section 290.01, subdivision 19a, clause (1), and the subtraction allowed by section 290.01, subdivision 19b, clause (1), to the extent the income is allocated or assigned to Minnesota under sections 290.081 and 290.17.

(c) If the taxpayer is an athletic team that apportions all of its income under section 290.17, subdivision 5, paragraph (c), the credit is determined by multiplying the tax payable under this chapter by the ratio derived from dividing the total net income subject to tax in the other state or province or territory of Canada by the taxpayer's Minnesota taxable income.

(d) The credit determined under paragraph (b) or (c) shall not exceed the amount of tax so paid to the other state or province or territory of Canada on the gross income earned within the other state or province or territory of Canada subject to tax under this chapter, nor shall the allowance of the credit reduce the taxes paid under this chapter to an amount less than what would be assessed if such income amount was excluded from taxable net income.

(e) In the case of the tax assessed on a lump sum distribution under section 290.032, the credit allowed under paragraph (a) is the tax assessed by the other state or province or territory of Canada on the lump sum distribution that is also subject to

tax under section 290.032, and shall not exceed the tax assessed under section 290.032. To the extent the total lump sum distribution defined in section 290.032, subdivision 1, includes lump sum distributions received in prior years or is all or in part an annuity contract, the reduction to the tax on the lump sum distribution allowed under section 290.032, subdivision 2, includes tax paid to another state that is properly apportioned to that distribution.

(f) If a Minnesota resident reported an item of income to Minnesota and is assessed tax in such other state or province or territory of Canada on that same income after the Minnesota statute of limitations has expired, the taxpayer shall receive a credit for that year under paragraph (a), notwithstanding any statute of limitations to the contrary. The claim for the credit must be submitted within one year from the date the taxes were paid to the other state or province or territory of Canada. The taxpayer must submit sufficient proof to show entitlement to a credit.

(g) For the purposes of this subdivision, a resident shareholder of a corporation having a valid election in effect under section 1362 of the Internal Revenue Code of 1986, as amended through December 31, 1990, must be considered to have paid a tax imposed on the shareholder in an amount equal to the shareholder's pro rata share of any net income tax paid by the S corporation to a state that does not measure the income of the shareholder of the S corporation by reference to the income of the S corporation. For the purposes of the preceding sentence, the term "net income tax" means any tax imposed on or measured by a corporation's net income.

**Subd. 23. Refund of contributions to political parties and candidates.** (a) A taxpayer may claim a refund equal to the amount of the taxpayer's contributions made in the calendar year to candidates and to any political party. The maximum refund for an individual must not exceed \$50 and, for a married couple filing jointly, must not exceed \$100. A refund of a contribution is allowed only if the taxpayer files a form required by the commissioner and attaches to the form a copy of an official refund receipt form issued by the candidate or party and signed by the candidate, the treasurer of the candidate's principal campaign committee, or the party chair. A claim must be filed with the commissioner not sooner than September 1 of the calendar year in which the contribution is made and no later than April 15 of the calendar year following the calendar year in which the contribution is made. A taxpayer may file only one claim per calendar year. Amounts paid by the commissioner after June 15 of the calendar year following the calendar year in which the contribution is made must include interest at the rate specified in section 270.76.

(b) No refund is allowed under this subdivision for a contribution to any candidate unless the candidate:

(1) has signed an agreement to limit campaign expenditures as provided in section 10A.322 or 10A.43;

(2) is seeking an office for which voluntary spending limits are specified in section 10A.25 or 10A.43; and

(3) has designated a principal campaign committee.

This subdivision does not limit the campaign expenditure of a candidate who does not sign an agreement but accepts a contribution for which the contributor improperly claims a refund.

(c) For purposes of this subdivision, "political party" means a major political party as defined in section 200.02, subdivision 7, or a minor political party qualifying for inclusion on the income tax or property tax refund form under section 10A.31, subdivision 3a. A "major or minor party" includes the aggregate of the party organization within each house of the legislature, the state party organization, and the party organization within congressional districts, counties, legislative districts, municipalities, and precincts. "Candidate" means a congressional candidate as defined in section 10A.41, subdivision 4, or a candidate as defined in section 10A.01, subdivision 5, except a candidate for judicial office. "Contribution" means a gift of money.

(d) The commissioner shall make copies of the form available to the public and candidates upon request.

(e) The following data collected or maintained by the commissioner under this subdivision are private: the identities of individuals claiming a refund, the identities of candidates to whom those individuals have made contributions, and the amount of each contribution.

(f) The amount necessary to pay claims for the refund provided in this section is appropriated from the general fund to the commissioner of revenue.

**Subd. 24. Credit for job creation.** (a) A corporation that leases and operates a heavy maintenance base for aircraft that is owned by the state of Minnesota or one of its political subdivisions, or an engine repair facility described in section 116R.02, subdivision 6, or both, may take a credit against the tax due under this chapter.

(b) For the first taxable year when the facility has been in operation for at least three consecutive months, the credit is equal to \$5,000 multiplied by the number of persons employed by the corporation on a full-time basis at the facility on the last day of the taxable year, not to exceed the number of persons employed by the corporation on a full-time basis at the facility on the date 90 days before the last day of the taxable year. For each of the succeeding four taxable years, the credit is equal to \$5,000 multiplied by the number of persons employed by the corporation on a full-time basis at the facility on the last day of the taxable year, not to exceed the number of persons employed by the corporation on a full-time basis at the facility on the date 90 days before the last day of the taxable year.

(c) For the first taxable year in which the credit is allowed for the facility, the credit must not exceed 80 percent of the wages paid to or incurred for persons employed by the taxpayer at the facility during the taxable year. For the succeeding four taxable years, the credit must not exceed 20 percent of the wages paid to or incurred for persons employed by the taxpayer at the facility during the taxable year. For purposes of this section, "wages" has the meaning given under section 3121(b) of the Internal Revenue Code of 1986, as amended through December 31, 1990, except the limitation to the contribution and benefit base does not apply.

(d) If the credit provided under this subdivision exceeds the tax liability of the corporation for the taxable year, the excess amount of the credit may be carried over to each of the ten taxable years succeeding the taxable year. The entire amount of the credit must be carried to the earliest taxable year to which the amount may be carried. The unused portion of the credit must be carried to the following taxable year. No credit may be carried to a taxable year more than ten years after the taxable year in which the credit was earned.

#### **290.067 DEPENDENT CARE CREDIT.**

**Subdivision 1. Amount of credit.** A taxpayer may take as a credit against the tax due from the taxpayer and a spouse, if any, under this chapter an amount equal to the dependent care credit for which the taxpayer is eligible pursuant to the provisions of section 21 of the Internal Revenue Code subject to the limitations provided in subdivision 2 except that in determining whether the child qualified as a dependent, income received as an aid to families with dependent children grant or allowance to or on behalf of the child must not be taken into account in determining whether the child received more than half of the child's support from the taxpayer, and the provisions of section 32(b)(1)(D) of the Internal Revenue Code of 1986, as amended through December 31, 1990, do not apply.

If a child who is six years of age or less at the close of the taxable year is cared for at a licensed family day care home operated by the child's parent, the taxpayer is deemed to have paid employment-related expenses. If the child is 16 months old or younger at the close of the taxable year, the amount of expenses deemed to have been paid equals the maximum limit for one qualified individual under section 21(c) and (d) of the Internal Revenue Code. If the child is older than 16 months of age but not older than six years of age at the close of the taxable year, the amount of expenses deemed

to have been paid equals the amount the licensee would charge for the care of a child of the same age for the same number of hours of care. These deemed amounts apply regardless of whether any employment-related expenses have been paid.

If the taxpayer is not required and does not file a federal individual income tax return for the tax year, no credit is allowed for any amount paid to any person unless:

(1) the name, address, and taxpayer identification number of the person are included on the return claiming the credit; or

(2) if the person is an organization described in section 501(c)(3) of the Internal Revenue Code and exempt from tax under section 501(a) of the Internal Revenue Code, the name and address of the person are included on the return claiming the credit.

In the case of a failure to provide the information required under the preceding sentence, the preceding sentence does not apply if it is shown that the taxpayer exercised due diligence in attempting to provide the information required.

In the case of a nonresident, part-year resident, or a person who has earned income not subject to tax under this chapter, the credit determined under section 21 of the Internal Revenue Code must be allocated based on the ratio by which the earned income of the claimant and the claimant's spouse from Minnesota sources bears to the total earned income of the claimant and the claimant's spouse.

*[For text of subd 2, see M.S.1990]*

**Subd. 2a. Income.** (a) For purposes of this section, "income" means the sum of the following:

(1) federal adjusted gross income as defined in section 62 of the Internal Revenue Code; and

(2) the sum of the following amounts to the extent not included in clause (1):

(i) all nontaxable income;

(ii) the amount of a passive activity loss that is not disallowed as a result of section 469, paragraph (i) or (m) of the Internal Revenue Code and the amount of passive activity loss carryover allowed under section 469(b) of the Internal Revenue Code;

(iii) an amount equal to the total of any discharge of qualified farm indebtedness of a solvent individual excluded from gross income under section 108(g) of the Internal Revenue Code;

(iv) cash public assistance and relief;

(v) any pension or annuity (including railroad retirement benefits, all payments received under the federal Social Security Act, supplemental security income, and veterans benefits), which was not exclusively funded by the claimant or spouse, or which was funded exclusively by the claimant or spouse and which funding payments were excluded from federal adjusted gross income in the years when the payments were made;

(vi) interest received from the federal or a state government or any instrumentality or political subdivision thereof;

(vii) workers' compensation;

(viii) nontaxable strike benefits;

(ix) the gross amounts of payments received in the nature of disability income or sick pay as a result of accident, sickness, or other disability, whether funded through insurance or otherwise;

(x) a lump sum distribution under section 402(e)(3) of the Internal Revenue Code;

(xi) contributions made by the claimant to an individual retirement account, including a qualified voluntary employee contribution; simplified employee pension plan; self-employed retirement plan; cash or deferred arrangement plan under section 401(k) of the Internal Revenue Code; or deferred compensation plan under section 457 of the Internal Revenue Code; and

(xii) nontaxable scholarship or fellowship grants.

In the case of an individual who files an income tax return on a fiscal year basis, the term "federal adjusted gross income" means federal adjusted gross income reflected in the fiscal year ending in the next calendar year. Federal adjusted gross income may not be reduced by the amount of a net operating loss carryback or carryforward or a capital loss carryback or carryforward allowed for the year.

(b) "Income" does not include:

(1) amounts excluded pursuant to the Internal Revenue Code, sections 101(a), 102, and 121;

(2) amounts of any pension or annuity that were exclusively funded by the claimant or spouse if the funding payments were not excluded from federal adjusted gross income in the years when the payments were made;

(3) surplus food or other relief in kind supplied by a governmental agency;

(4) relief granted under chapter 290A; and

(5) child support payments received under a temporary or final decree of dissolution or legal separation.

Subd. 5. **Calculation assistance.** Upon request of the individual and submission of the necessary information, in the form prescribed by the commissioner, the department of revenue shall calculate the credit on behalf of the individual.

Subd. 6. **Appropriation.** An amount sufficient to pay the refunds required by this section is appropriated to the commissioner from the general fund.

Subd. 8. **Carryover credit.** (a) A corporation is allowed a credit against qualified regular tax for qualified alternative minimum tax previously paid. The credit is allowable only if the corporation has no tax liability under this section for the taxable year and if the corporation has an alternative minimum tax credit carryover from a previous year. The credit allowable in a taxable year equals the lesser of

(1) the excess of the qualified regular tax for the taxable year over the amount computed under subdivision 1, paragraph (a), clause (1), for the taxable year or

## 290.17 GROSS INCOME, ALLOCATION TO STATE.

**Subdivision 1. Scope of allocation rules.** (a) The income of resident individuals is not subject to allocation outside this state. The allocation rules apply to nonresident individuals, estates, trusts, nonresident partners of partnerships, nonresident shareholders of corporations having a valid election in effect under section 1362 of the Internal Revenue Code of 1986, as amended through December 31, 1989, and all corporations not having such an election in effect. If a partnership or corporation would not otherwise be subject to the allocation rules, but conducts a trade or business that is part of a unitary business involving another legal entity that is subject to the allocation rules, the partnership or corporation is subject to the allocation rules.

(b) Expenses, losses, and other deductions (referred to collectively in this paragraph as "deductions") must be allocated along with the item or class of gross income to which they are definitely related for purposes of assignment under this section or apportionment under section 290.191, 290.20, 290.35, or 290.36. Deductions not definitely related to any item or class of gross income are assigned to the taxpayer's domicile.

(c) In the case of an individual who is a resident for only part of a taxable year, the individual's income, gains, losses, and deductions from the distributive share of a partnership, S corporation, trust, or estate are not subject to allocation outside this state to the extent of the distributive share multiplied by a ratio, the numerator of which is the number of days the individual was a resident of this state during the tax year of the partnership, S corporation, trust, or estate, and the denominator of which is the number of days in the taxable year of the partnership, S corporation, trust, or estate.

**Subd. 2. Income not derived from conduct of a trade or business.** The income of a taxpayer subject to the allocation rules that is not derived from the conduct of a trade or business must be assigned in accordance with paragraphs (a) to (f):

(a)(1) Subject to paragraphs (a)(2) and (a)(3), income from labor or personal or professional services is assigned to this state if, and to the extent that, the labor or services are performed within it; all other income from such sources is treated as income from sources without this state.

Severance pay shall be considered income from labor or personal or professional services.

(2) In the case of an individual who is a nonresident of Minnesota and who is an athlete or entertainer, income from compensation for labor or personal services performed within this state shall be determined in the following manner:

(i) The amount of income to be assigned to Minnesota for an individual who is a nonresident salaried athletic team employee shall be determined by using a fraction in which the denominator contains the total number of days in which the individual is under a duty to perform for the employer, and the numerator is the total number of those days spent in Minnesota; and

(ii) The amount of income to be assigned to Minnesota for an individual who is a nonresident, and who is an athlete or entertainer not listed in clause (i), for that person's athletic or entertainment performance in Minnesota shall be determined by assigning to this state all income from performances or athletic contests in this state.

(3) For purposes of this section, amounts received by a nonresident from the United States, its agencies or instrumentalities, the Federal Reserve Bank, the state of Minnesota or any of its political or governmental subdivisions, or a Minnesota volunteer firefighters' relief association, by way of payment as a pension, public employee retirement benefit, or any combination of these, or as a retirement or survivor's benefit made from a plan qualifying under section 401, 403, 408, or 409, or as defined in section 403(b) or 457 of the Internal Revenue Code of 1986, as amended through December 31, 1989, are not considered income derived from carrying on a trade or business or from performing personal or professional services in Minnesota, and are not taxable under this chapter.

(b) Income or gains from tangible property located in this state that is not employed in the business of the recipient of the income or gains must be assigned to this state.

(c) Except upon the sale of a partnership interest or the sale of stock of an S corporation, income or gains from intangible personal property not employed in the business of the recipient of the income or gains must be assigned to this state if the recipient of the income or gains is a resident of this state or is a resident trust or estate.

Gain on the sale of a partnership interest is allocable to this state in the ratio of the original cost of partnership tangible property in this state to the original cost of partnership tangible property everywhere, determined at the time of the sale. If more than 50 percent of the value of the partnership's assets consists of intangibles, gain or loss from the sale of the partnership interest is allocated to this state in accordance with the sales factor of the partnership for its first full tax period immediately preceding the tax period of the partnership during which the partnership interest was sold.

Gain on the sale of goodwill or income from a covenant not to compete that is connected with a business operating all or partially in Minnesota is allocated to this state to the extent that the income from the business in the year preceding the year of sale was assignable to Minnesota under subdivision 3.

(d) Income from the operation of a farm shall be assigned to this state if the farm is located within this state and to other states only if the farm is not located in this state.

(e) Income from winnings on Minnesota pari-mutuel betting tickets, the Minnesota state lottery, and lawful gambling as defined in section 349.12, subdivision 24, conducted within the boundaries of the state of Minnesota shall be assigned to this state.

(f) All items of gross income not covered in paragraphs (a) to (e) and not part of the taxpayer's income from a trade or business shall be assigned to the taxpayer's domicile.

Subd. 5. **Special rule.** Notwithstanding subdivisions 3 and 4, all income from the operation of an athletic team when the visiting team does not share in the gate receipts is assigned to the state in which the team's operation is based.

## 290.191 APPORTIONMENT OF NET INCOME.

*[For text of subs 1 to 5, see M.S.1990]*

Subd. 6. **Determination of receipts factor for financial institutions.** (a) For purposes

of this section, the rules in this subdivision and subdivisions 7 and 8 apply in determining the receipts factor for financial institutions.

(b) "Receipts" for this purpose means gross income, including net taxable gain on disposition of assets, including securities and money market instruments, when derived from transactions and activities in the regular course of the taxpayer's trade or business.

(c) "Money market instruments" means federal funds sold and securities purchased under agreements to resell, commercial paper, banker's acceptances, and purchased certificates of deposit and similar instruments to the extent that the instruments are reflected as assets under generally accepted accounting principles.

(d) "Securities" means United States Treasury securities, obligations of United States government agencies and corporations, obligations of state and political subdivisions, corporate stock and other securities, participations in securities backed by mortgages held by United States or state government agencies, loan-backed securities and similar investments to the extent the investments are reflected as assets under generally accepted accounting principles.

(e) Receipts from the lease or rental of real or tangible personal property, including both finance leases and true leases, must be attributed to this state if the property is located in this state. Tangible personal property that is characteristically moving property, such as motor vehicles, rolling stock, aircraft, vessels, mobile equipment, and the like, is considered to be located in a state if:

(1) the operation of the property is entirely within the state; or

(2) the operation of the property is in two or more states, but the principal base of operations from which the property is sent out is in the state.

(f) Interest income and other receipts from assets in the nature of loans that are secured primarily by real estate or tangible personal property must be attributed to this state if the security property is located in this state under the principles stated in paragraph (e).

(g) Interest income and other receipts from consumer loans not secured by real or tangible personal property that are made to residents of this state, whether at a place of business, by traveling loan officer, by mail, by telephone or other electronic means, must be attributed to this state.

(h) Interest income and other receipts from commercial loans and installment obligations that are unsecured by real or tangible personal property or secured by intangible property must be attributed to this state if the proceeds of the loan are to be applied in this state. If it cannot be determined where the funds are to be applied, the income and receipts are attributed to the state in which the office of the borrower from which the application would be made in the regular course of business is located. If this cannot be determined, the transaction is disregarded in the apportionment formula.

(i) Interest income and other receipts from a participating financial institution's portion of participation and syndication loans must be attributed under paragraphs (e) to (h). A participation loan is an arrangement in which a lender makes a loan to a borrower and then sells, assigns, or otherwise transfers all or a part of the loan to a purchasing financial institution. A syndication loan is a loan transaction involving multiple financial institutions in which all the lenders are named as parties to the loan documentation, are known to the borrower, and have privity of contract with the borrower.

(j) Interest income and other receipts including service charges from financial institution credit card and travel and entertainment credit card receivables and credit card holders' fees must be attributed to the state to which the card charges and fees are regularly billed.

(k) Merchant discount income derived from financial institution credit card holder transactions with a merchant must be attributed to the state in which the merchant is located. In the case of merchants located within and outside the state, only receipts from merchant discounts attributable to sales made from locations within the state are attributed to this state. It is presumed, subject to rebuttal, that the location of a merchant is the address shown on the invoice submitted by the merchant to the taxpayer.

(l) Receipts from the performance of fiduciary and other services must be attributed to the state in which the benefits of the services are consumed. If the benefits are consumed in more than one state, the receipts from those benefits must be apportioned to this state pro rata according to the portion of the benefits consumed in this state. If the extent to which the benefits of services are consumed in this state is not readily determinable, the benefits of the services shall be deemed to be consumed at the location of the office of the customer from which the services were ordered in the regular course of the customer's trade or business. If the ordering office cannot be determined, the benefits of the services shall be deemed to be consumed at the office of the customer to which the services are billed.

(m) Receipts from the issuance of travelers checks and money orders must be attributed to the state in which the checks and money orders are purchased.

(n) Receipts from investments of a financial institution in securities and from money market instruments must be apportioned to this state based on the ratio that total deposits from this state, its residents, including any business with an office or other place of business in this state, its political subdivisions, agencies, and instrumentalities bear to the total deposits from all states, their residents, their political subdivisions, agencies, and instrumentalities. In the case of an unregulated financial institution subject to this section, these receipts are apportioned to this state based on the ratio that its gross business income, excluding such receipts, earned from sources within this state bears to gross business income, excluding such receipts, earned from sources within all states. For purposes of this subdivision, deposits made by this state, its residents, its political subdivisions, agencies, and instrumentalities must be attributed to this state, whether or not the deposits are accepted or maintained by the taxpayer at locations within this state.

(o) A financial institution's interest in property described in section 290.015, subdivision 3, paragraph (b), is included in the receipts factor in the same manner as assets in the nature of securities or money market instruments are included in paragraph (n).

Subd. 7. [Repealed, 1991 c 291 art 7 s 26]

Subd. 8. **Deposit; definition.** (a) "Deposit," as used in subdivision 7, has the meanings in this subdivision.

(b) "Deposit" means the unpaid balance of money or its equivalent received or held by a financial institution in the usual course of business and for which it has given or is obligated to give credit, either conditionally or unconditionally, to a commercial, checking, savings, time, or thrift account whether or not advance notice is required to withdraw the credited funds, or which is evidenced by its certificate of deposit, thrift certificate, investment certificate, or certificate of indebtedness, or other similar name, or a check or draft drawn against a deposit account and certified by the financial institution, or a letter of credit or a traveler's check on which the financial institution is primarily liable. However, without limiting the generality of the term "money or its equivalent," any such account or instrument must be regarded as evidencing the receipt of the equivalent of money when credited or issued in exchange for checks or drafts or for a promissory note upon which the person obtaining the credit or instrument is primarily or secondarily liable, or for a charge against a deposit account, or in settlement of checks, drafts, or other instruments forwarded to the bank for collection.

(c) "Deposit" means trust funds received or held by the financial institution, whether held in the trust department or held or deposited in any other department of the financial institution.

(d) "Deposit" means money received or held by a financial institution, or the credit given for money or its equivalent received or held by a financial institution, in the usual course of business for a special or specific purpose, regardless of the legal relationship so established. Under this paragraph, "deposit" includes, but is not limited to, escrow funds, funds held as security for an obligation due to the financial institution or others, including funds held as dealers reserves, or for securities loaned by the financial institution, funds deposited by a debtor to meet maturing obligations, funds deposited as advance payment on subscriptions to United States government securities,

funds held for distribution or purchase of securities, funds held to meet its acceptances or letters of credit, and withheld taxes. It does not include funds received by the financial institution for immediate application to the reduction of an indebtedness to the receiving financial institution, or under condition that the receipt of the funds immediately reduces or extinguishes the indebtedness.

(e) "Deposit" means outstanding drafts, including advice or another such institution, cashier's checks, money orders, or other officer's checks issued in the usual course of business for any purpose, but not including those issued in payment for services, dividends, or purchases or other costs or expenses of the financial institution itself.

(f) "Deposit" means money or its equivalent held as a credit balance by a financial institution on behalf of its customer if the entity is engaged in soliciting and holding such balances in the regular course of its business.

(g) Interinstitution fund transfers are not deposits.

*[For text of subs 9 and 10, see M.S.1990]*

**Subd. 11. Financial institutions; property factor.** (a) For financial institutions, the property factor includes, as well as tangible property, intangible property as set forth in this subdivision.

(b) Intangible personal property must be included at its tax basis for federal income tax purposes.

(c) Goodwill must not be included in the property factor.

(d) Coin and currency located in this state must be attributed to this state.

(e) Lease financing receivables must be attributed to this state if and to the extent that the property is located within this state.

(f) Assets in the nature of loans that are secured by real or tangible personal property must be attributed to this state if and to the extent that the security property is located within this state.

(g) Assets in the nature of consumer loans and installment obligations that are unsecured or secured by intangible property must be attributed to this state if the loan was made to a resident of this state.

(h) Assets in the nature of commercial loan and installment obligations that are unsecured by real or tangible personal property or secured by intangible property must be attributed to this state if the proceeds of the loan are to be applied in this state. If it cannot be determined where the funds are to be applied, the assets must be attributed to the state in which there is located the office of the borrower from which the application would be made in the regular course of business. If this cannot be determined, the transaction is disregarded in the apportionment formula.

(i) A participating financial institution's portion of participation and syndication loans must be attributed under paragraphs (e) to (h).

(j) Financial institution credit card and travel and entertainment credit card receivables must be attributed to the state to which the credit card charges and fees are regularly billed.

(k) Receivables arising from merchant discount income derived from financial institution credit card holder transactions with a merchant are attributed to the state in which the merchant is located. In the case of merchants located within and without the state, only receivables from merchant discounts attributable to sales made from locations within the state are attributed to this state. It is presumed, subject to rebuttal, that the location of a merchant is the address shown on the invoice submitted by the merchant to the taxpayer.

(l) Assets in the nature of securities and money market instruments are apportioned to this state based upon the ratio that total deposits from this state, its residents, its political subdivisions, agencies and instrumentalities bear to the total deposits from all states, their residents, their political subdivisions, agencies and instrumentalities. In the case of an unregulated financial institution, the assets are apportioned to this

state based upon the ratio that its gross business income earned from sources within this state bears to gross business income earned from sources within all states. For purposes of this paragraph, deposits made by this state, its residents, its political subdivisions, agencies, and instrumentalities are attributed to this state, whether or not the deposits are accepted or maintained by the taxpayer at locations within this state.

(m) A financial institution's interest in any property described in section 290.015, subdivision 3, paragraph (b), is included in the property factor in the same manner as assets in the nature of securities or money market instruments are included under paragraph (1).

**290.92 TAX WITHHELD AT SOURCE UPON WAGES.**

**Subdivision 1. Definitions.** (1) **Wages.** For purposes of this section, the term "wages" means the same as that term is defined in section 3401(a) and (f) of the Internal Revenue Code of 1986, as amended through December 31, 1990, except wages shall not include agricultural labor as defined in section 3121(g) of the Internal Revenue Code of 1986, as amended through December 31, 1990.

(2) **Payroll period.** For purposes of this section the term "payroll period" means a period for which a payment of wages is ordinarily made to the employee by the employee's employer, and the term "miscellaneous payroll period" means a payroll period other than a daily, weekly, biweekly, semimonthly, monthly, quarterly, semianual, or annual payroll period.

(3) **Employee.** For purposes of this section the term "employee" means any resident individual performing services for an employer, either within or without, or both within and without the state of Minnesota, and every nonresident individual performing services within the state of Minnesota, the performance of which services constitute, establish, and determine the relationship between the parties as that of employer and employee. As used in the preceding sentence, the term "employee" includes an officer of a corporation, and an officer, employee, or elected official of the United States, a state, or any political subdivision thereof, or the District of Columbia, or any agency or instrumentality of any one or more of the foregoing.

(4) **Employer.** For purposes of this section the term "employer" means any person, including individuals, fiduciaries, estates, trusts, partnerships, and corporations transacting business in or deriving any income from sources within the state of Minnesota for whom an individual performs or performed any service, of whatever nature, as the employee of such person, except that if the person for whom the individual performs or performed the services does not have legal control of the payment of the wages for such services, the term "employer," except for purposes of paragraph (1), means the person having legal control of the payment of such wages. As used in the preceding sentence, the term "employer" includes any corporation, individual, estate, trust, or organization which is exempt from taxation under section 290.05 and further includes, but is not limited to, officers of corporations who have legal control, either individually or jointly with another or others, of the payment of the wages.

(5) **Number of withholding exemptions claimed.** For purposes of this section, the term "number of withholding exemptions claimed" means the number of withholding exemptions claimed in a withholding exemption certificate in effect under subdivision 5, except that if no such certificate is in effect, the number of withholding exemptions claimed shall be considered to be zero.

*[For text of subds 2a to 4a, see M.S.1990]*

**Subd. 4b. Withholding by partnerships.** (a) A partnership shall deduct and withhold a tax as provided in paragraph (b) for nonresident individual partners based on their distributive shares of partnership income for a taxable year of the partnership.

(b) The amount of tax withheld is determined by multiplying the partner's distributive share allocable to Minnesota under section 290.17, paid or credited during the taxable year by the highest rate used to determine the income tax liability for an individual under section 290.06, subdivision 2c, except that the amount of tax withheld may be determined by the commissioner if the partner submits a withholding exemption certificate under subdivision 5.

(c) The commissioner may reduce or abate the tax withheld under this subdivision if the partnership had reasonable cause to believe that no tax was due under this section.

(d) Notwithstanding paragraph (a), a partnership is not required to deduct and withhold tax for a nonresident partner if:

(1) the partner elects to have the tax due paid as part of the partnership's composite return under section 290.39, subdivision 5;

(2) the partner has Minnesota assignable federal adjusted gross income from the partnership of less than \$1,000; or

(3) the partnership is liquidated or terminated, the income was generated by a transaction related to the termination or liquidation, and no cash or other property was distributed in the current or prior taxable year; or

(4) the distributive shares of partnership income are attributable to:

(i) income required to be recognized because of discharge of indebtedness;

(ii) income recognized because of a sale, exchange, or other disposition of real estate, depreciable property, or property described in section 179 of the Internal Revenue Code of 1986, as amended through December 31, 1989; or

(iii) income recognized on the sale, exchange, or other disposition of any property that has been the subject of a basis reduction pursuant to section 108, 734, 743, 754, or 1017 of the Internal Revenue Code of 1986, as amended through December 31, 1989,

to the extent that the income does not include cash received or receivable or, if there is cash received or receivable, to the extent that the cash is required to be used to pay indebtedness by the partnership or a secured debt on partnership property.

(e) For purposes of subdivision 6a, and sections 289A.09, subdivision 2, 289A.20, subdivision 2, paragraph (c), 289A.50, 289A.56, 289A.60, and 289A.63, a partnership is considered an employer.

(f) To the extent that income is exempt from withholding under paragraph (d), clause (4), the commissioner has a lien in an amount up to the amount that would be required to be withheld with respect to the income of the partner attributable to the partnership interest, but for the application of paragraph (d), clause (4). The lien arises under section 270.69 from the date of assessment of the tax against the partner, and attaches to that partner's share of the profits and any other money due or to become due to that partner in respect of the partnership. Notice of the lien may be sent by mail to the partnership, without the necessity for recording the lien. The notice has the force and effect of a levy under section 270.70, and is enforceable against the partnership in the manner provided by that section. Upon payment in full of the liability subsequent to the notice of lien, the partnership must be notified that the lien has been satisfied.

**Subd. 4c. Withholding by s corporations.** (a) A corporation having a valid election in effect under section 290.9725 shall deduct and withhold a tax as provided in paragraph (b) for nonresident individual shareholders their share of the corporation's income for the taxable year.

(b) The amount of tax withheld is determined by multiplying the amount of income allocable to Minnesota under section 290.17 by the highest rate used to determine the income tax liability of an individual under section 290.06, subdivision 2c, except that the amount of tax withheld may be determined by the commissioner if the shareholder submits a withholding exemption certificate under subdivision 5.

(c) Notwithstanding paragraph (a), a corporation is not required to deduct and withhold tax for a nonresident shareholder, if:

(1) the shareholder elects to have the tax due paid as part of the corporation's composite return under section 290.39, subdivision 5;

(2) the shareholder has Minnesota assignable federal adjusted gross income from the corporation of less than \$1,000; or

(3) the corporation is liquidated or terminated, the income was generated by a transaction related to the termination or liquidation, and no cash or other property was distributed in the current or prior taxable year.

(d) For purposes of subdivision 6a, and sections 289A.09, subdivision 2, 289A.20, subdivision 2, paragraph (c), 289A.50, 289A.56, 289A.60, and 289A.63, a corporation is considered an employer.

*[For text of subs 5 to 6a, see M.S.1990]*

Subd. 6b. **Jeopardy assessments.** The commissioner, on having reason to believe that the collection of the tax under this section, section 290.923, or chapter 289A will be jeopardized by delay, may immediately assess the tax, whether or not the time prescribed by law for making and filing the return and paying the tax has expired.

*[For text of subs 9 and 10, see M.S.1990]*

Subd. 12. **Withheld amount, credit against tax.** (a) The amount deducted and withheld as tax under subdivision 2a or 3 during a calendar year upon wages shall be allowed as a credit to the recipient of the income against the taxes imposed by this chapter, for a taxable year beginning in such calendar year. If more than one taxable year begins in such calendar year, such amount shall be allowed as a credit against the taxes for the last taxable year so beginning.

(b) The amount deducted and withheld under subdivisions 4b and 4c and under section 290.923, subdivision 2, for partnership, S corporation, or royalty income must be allowed as a credit to the recipient of the income against the taxes imposed by this chapter for the tax year the income is subject to tax under this chapter.

*[For text of subs 16 to 22, see M.S.1990]*

Subd. 23. **Withholding by employer of delinquent taxes.** (1) The commissioner may, within five years after the date of assessment of the tax, or if a lien has been filed under section 270.69, within the statutory period for enforcement of the lien, give notice to any employer deriving income which has a taxable situs in this state regardless of whether the income is exempt from taxation, that an employee of that employer is delinquent in a certain amount with respect to any state taxes, including penalties, interest, and costs. The commissioner can proceed under this subdivision only if the tax is uncontested or if the time for appeal of the tax has expired. The commissioner shall not proceed under this subdivision until the expiration of 30 days after mailing to the taxpayer, at the taxpayer's last known address, a written notice of (a) the amount of taxes, interest, and penalties due from the taxpayer and demand for their payment, and (b) the commissioner's intention to require additional withholding by the taxpayer's employer pursuant to this subdivision. The effect of the notice shall expire 180 days after it has been mailed to the taxpayer provided that the notice may be renewed by mailing a new notice which is in accordance with this subdivision. The renewed notice shall have the effect of reinstating the priority of the original claim. The notice to the taxpayer shall be in substantially the same form as that provided in section 571.41. The notice shall further inform the taxpayer of the wage exemptions contained in section 550.37, subdivision 14. If no statement of exemption is received by the commissioner within 30 days from the mailing of the notice, the commissioner may proceed under this subdivision. The notice to the taxpayer's employer may be served by mail or by delivery by an employee of the department of revenue and shall be in substantially the same form as provided in section 571.495. Upon receipt of notice, the employer shall withhold from compensation due or to become due to the employee, the total amount shown by the notice, subject to the provisions of section 571.55. The employer shall continue to withhold each pay period until the notice is released by the commissioner under section 270.709. Upon receipt of notice by the employer, the claim of the state of Minnesota shall have priority over any subsequent garnishments or wage assignments. The commissioner may arrange between the employer and the employee for withholding a portion of the total amount due the employee each pay period, until the total amount shown by the notice plus accrued interest has been withheld.

The "compensation due" any employee is defined in accordance with the provisions of section 571.55. The maximum withholding allowed under this subdivision for any one pay period shall be decreased by any amounts payable pursuant to a garnishment action with respect to which the employer was served prior to being served with the notice of delinquency and any amounts covered by any irrevocable and previously effective assignment of wages; the employer shall give notice to the department of the amounts and the facts relating to such assignments within ten days after the service of

the notice of delinquency on the form provided by the department of revenue as noted in this subdivision.

(2) If the employee ceases to be employed by the employer before the full amount set forth in a notice of delinquency plus accrued interest has been withheld, the employer shall immediately notify the commissioner in writing of the termination date of the employee and the total amount withheld. No employer may discharge any employee by reason of the fact that the commissioner has proceeded under this subdivision. If an employer discharges an employee in violation of this provision, the employee shall have the same remedy as provided in section 571.61, subdivision 2.

(3) Within ten days after the expiration of such pay period, the employer shall remit to the commissioner, on a form and in the manner prescribed by the commissioner, the amount withheld during each pay period under this subdivision. Should any employer, after notice, willfully fail to withhold in accordance with the notice and this subdivision, or willfully fail to remit any amount withheld as required by this subdivision, the employer shall be liable for the total amount set forth in the notice together with accrued interest which may be collected by any means provided by law relating to taxation. Any amount collected from the employer for failure to withhold or for failure to remit under this subdivision shall be credited to the employee's account in the following manner: penalties, interest, tax, and costs.

(4) Clauses (1), (2), and (3), except provisions imposing a liability on the employer for failure to withhold or remit, shall apply to cases in which the employer is the United States or any instrumentality thereof or this state or any municipality or other subordinate unit thereof.

(5) The commissioner shall refund to the employee excess amounts withheld from the employee under this subdivision. If any excess results from payments by the employer because of willful failure to withhold or remit as prescribed in clause (3), the excess attributable to the employer's payment shall be refunded to the employer.

(6) Employers required to withhold delinquent taxes, penalties, interest, and costs under this subdivision shall not be required to compute any additional interest, costs or other charges to be withheld.

(7) The collection remedy provided to the commissioner by this subdivision shall have the same legal effect as if it were a levy made pursuant to section 270.70.

**Subd. 26. Extension of withholding to certain payments where identifying number not furnished or inaccurate.** (a) If, in the case of any reportable payment, (1) the payee fails to furnish the payee's social security account number to the payor, or (2) the commissioner notifies the payor that the social security account number furnished by the payee is incorrect, then the payor shall deduct and withhold from the payment a tax equal to the amount of the payment multiplied by the highest rate used in determining the income tax liability of an individual under section 290.06, subdivision 2c.

(b)(1) In the case of any failure described in clause (a)(1), clause (a) shall apply to any reportable payment made by the payor during the period during which the social security account number has not been furnished.

(2) In any case where there is a notification described in clause (a)(2), clause (a) shall apply to any reportable payment made by the payor (i) after the close of the 30th day after the day on which the payor received the notification, and (ii) before the payee furnishes another social security account number.

(3)(i) Unless the payor elects not to have this subparagraph apply with respect to the payee, clause (a) shall also apply to any reportable payment made after the close of the period described in paragraph (1) or (2) (as the case may be) and before the 30th day after the close of the period.

(ii) If the payor elects the application of this subparagraph with respect to the payee, clause (a) shall also apply to any reportable payment made during the 30-day period described in paragraph (2).

(iii) The payor may elect a period shorter than the grace period set forth in subparagraph (i) or (ii) as the case may be.

(c) The provisions of section 3406 of the Internal Revenue Code of 1986, as amended through December 31, 1989, shall apply and shall govern when withholding shall be required and the definition of terms. The term "reportable payment" shall include only those payments for personal services. No tax shall be deducted or withheld under this subdivision with respect to any amount for which withholding is otherwise required under this section. For purposes of this section, payments which are subject to withholding under this subdivision shall be treated as if they were wages paid by an employer to an employee and amounts deducted and withheld under this subdivision shall be treated as if deducted and withheld under subdivision 2a.

(d) Whenever the commissioner notifies a payor under this subdivision that the social security account number furnished by any payee is incorrect, the commissioner shall at the same time furnish a copy of the notice to the payor, and the payor shall promptly furnish the copy to the payee. If the commissioner notifies a payor under this subdivision that the social security account number furnished by any payee is incorrect and the payee subsequently furnishes another social security account number to the payor, the payor shall promptly notify the commissioner of the other social security account number furnished.

**Subd. 27. Pari-mutuel winnings.** Any holder of a class A, B, or D license issued by the Minnesota racing commission shall deduct and withhold an amount equal to the winnings multiplied by the highest rate used in determining the income tax liability of an individual under section 290.06, subdivision 2c, as Minnesota withholding tax. For purposes of this subdivision, the term "winnings which are subject to withholding" has the meaning given in section 3402(q)(3) of the Internal Revenue Code of 1986, as amended through December 31, 1989. For purposes of the provisions of this section, a payment to any person of winnings which are subject to withholding must be treated as if the payment was a wage paid by an employer to an employee. Every individual who is to receive a payment of winnings which are subject to withholding shall furnish the license holder with a statement, made under the penalties of perjury, containing the name, address, and social security account number of the person receiving the payment and of each person entitled to any portion of such payment. The license holder is liable for the payment of the tax required to be withheld under this subdivision and subdivision 28 but is not liable to any person for the amount of the payment.
