354.05 DEFINITIONS.

Subdivision 1. **Terms.** Unless the language or context clearly indicates that a different meaning is intended, the following terms, for the purposes of this chapter, shall be given the meanings subjoined to them.

Subd. 2. **Teacher.** "Teacher" includes any person who renders service as a teacher, supervisor, principal, superintendent, or librarian in the public schools of the state located outside of the corporate limits of the cities of the first class as those cities were so classified on January 1, 1979, or in the state universities, or in any charitable or state institution including penal and corrective institutions supported, in whole or in part, by public funds, or who is engaged in educational administration in connection with the state public school system, including the state university system and state community college system, but excluding the University of Minnesota, whether the position be a public office or an employment, not including members of any general governing or managing board or body connected with the systems, or the officers of common, independent, special, or associated school districts, or unorganized territory. The term shall also include an employee of the teachers retirement association unless the employee is covered by the Minnesota state retirement system by virtue of prior employment by the association, and any nurse, counselor, social worker, therapist or psychologist who renders service in the public schools as defined above or in state universities. The term shall also include any person who renders teaching service on a part-

time basis and who also renders other services for a school district. In such cases, the teachers retirement association shall have the authority to determine whether all or none of the combined employment shall be covered by the teachers retirement association. The term does not include an employee described in section 352D.02, subdivision 1a, who is hired after the effective date of Laws 1986, chapter 458. The term does not mean any person who works for a school or institution as an independent contractor. The term shall not include any person employed in subsidized on-the-job training, work experience or public service employment as an enrollee under the federal Comprehensive Employment and Training Act from and after March 30, 1978, unless the person has as of the later of March 30, 1978 or the date of employment sufficient service credit in the retirement fund to meet the minimum vesting requirements for a deferred retirement annuity, or the employer agrees in writing on forms prescribed by the executive director to make the required employer contributions, including any employer additional contributions, on account of that person from revenue sources other than funds provided under the federal Comprehensive Training and Employment Act, or the person agrees in writing on forms prescribed by the executive director to make the required employer contribution in addition to the required employee contribution. The term shall not include any person holding a part-time adult supplementary technical college license who renders part-time teaching service in a technical college if (1) the service is incidental to the regular nonteaching occupation of the person; and (2) the applicable technical college stipulates annually in advance that the part-time teaching service will not exceed 300 hours in a fiscal year; and (3) the part-time teaching service actually does not exceed 300 hours in a fiscal year. The term also shall not include a person exempt from licensure pursuant to section 125.031 or any person who was excluded from membership prior to January 1, 1981, pursuant to Laws 1978, chapter 556, section 1, and Laws 1980, chapter 342, section 8, if the person annually certifies on a form prescribed by the executive director that the person has established and is contributing to an individual retirement account which is based on nonteaching employment.

Subd. 2a. Exceptions. Notwithstanding subdivision 2, a person who is first employed as a teacher in the state university system or the state community college system after June 30, 1989, is not a member of the fund except for purposes of social security coverage unless the person is covered by section 354B.02, subdivision 2, and remains a member of the fund for all purposes.

Subd. 3. Teaching. The word "teaching" includes the service performed by any person coming within the definition of "teacher" as set forth in subdivision 2.

Subd. 6. Board. The term "board" means the board of trustees of the teachers retirement fund.

Subd. 7. Actuarial equivalent. "Actuarial equivalent" means the condition of one annuity or benefit having an equal actuarial present value as another annuity or benefit, determined as of a given date with each actuarial present value based on the appropriate mortality table adopted by the board of trustees based on the experience of the fund as recommended by the actuary retained by the legislative commission on pensions and retirement and using the applicable preretirement or postretirement interest rate assumption specified in section 356.215, subdivision 4d.

Subd. 8. Dependent child. "Dependent child" means any natural or adopted child of a deceased member who has not reached the age of 18, or who is under age 22 and is a full time student throughout the normal school year, unmarried and dependent for more than one-half of support upon such member and for a period of at least 90 days

Subd. 22. **Designated beneficiary.** "Designated beneficiary" means the person designated by a retiree or member to receive the benefits to which a beneficiary is entitled under this chapter. A beneficiary designation is valid only if it is made on an appropriate form provided by the executive director and the properly completed form is received by the fund postmarked on or before the date of death of the retiree or member. Subdivision 1. **General powers of the board.** The board has the power to frame bylaws for its own government and for the management of the fund not inconsistent with the laws of the state and to modify them at its pleasure; to adopt, alter, and enforce reasonable rules not inconsistent with the laws of the state for the administration and management of the fund, for the payment and collection of payments from members, and for the payment of withdrawals and benefits; to pass upon and allow or disallow applications for membership in the fund and for credit for teaching service; to pass upon and allow or disallow claims for withdrawals, pensions, or benefits payable from the fund; to adopt an appropriate mortality table based on experience of the fund as

recommended by the commission-retained actuary and using the applicable postretirement interest assumption specified in section 356.215, subdivision 4d; to provide for the payment out of the fund of necessary expenses for the administration of the fund and of claims for withdrawals, pensions, or benefits allowed.

Subd. 2. In passing upon all applications and claims, the board may summon, swear, hear, and examine witnesses and, in the case of claims for disability benefits, may require the claimant to submit to a medical examination by a physician of the board's choice, at the expense of the claimant, as a condition precedent to the passing on the claim, and, in the case of all applications and claims, may conduct investigations necessary to determine the validity and merit of the same.

Subd. 3. The attorney general shall be legal advisor to the board and the executive director. The board may sue or be sued or petitioned under section 354.071 in the name of the board of trustees of the teachers retirement fund. In all actions brought by or against it the board shall be represented by the attorney general. Except as provided in section 354.071, subdivision 9, venue of all actions is in the Ramsey county district court.

Subd. 4. It shall be the duty of the board from time to time to certify to the state board of investment for investment as much of the funds in its hands as shall not be needed for current purposes. Such funds that are certified as to investment in the postretirement investment fund shall include the amount as required for the total reserves needed for the purposes described in section 354.63. The state board of investment shall thereupon transfer such assets to the appropriate fund provided herein, in accordance with the procedure set forth in section 354.63, or invest and reinvest an amount equal to the sum so certified in such securities as are now or may hereafter be duly authorized legal investments for state employees retirement fund and all such securities so transferred or purchased shall be deposited with the state treasurer. All interest from these investments shall be credited to the appropriate funds and used for current purposes or investments, except as hereinafter provided. The state board of investment shall have authority to sell, convey, and exchange such securities and invest and reinvest the funds when it deems it desirable to do so, and shall sell securities upon request of the officers of the association when such officers determine funds are needed for its purposes. All of the provisions regarding accounting procedures and restrictions and conditions for the purchase and sale of securities for the state employees retirement fund shall apply to the accounting, purchase and sale of securities for the teachers' retirement fund.

Subd. 5. The board shall keep a record of the receipts and disbursements of the fund and a separate account with each member of the fund. The board shall also keep separate accounts for annuity payments, for employer contributions and all other necessary accounts and reserves. It shall determine annually the annual interest earnings of the fund which shall include realized capital gains and losses. Any amount in the capital reserve account on July 1, 1973 shall be transferred to the employer contribution's account. The annual interest earnings shall be apportioned and credited to the separate members' accounts except those covered under the provisions of section 354.44, subdivision 6 or 7. The rate to be used in this distribution computed to the last full quarter percent shall be determined by dividing the interest earnings by the total invested assets of the fund. The excess of the annual interest earnings in the excess earnings reserve which was not credited to the various accounts shall be credited to the gross interest earnings for the next succeeding year.

Subd. 6. [Repealed, 1969 c 485 s 40]

Subd. 7. Notwithstanding chapter 16, or any law to the contrary, the board may use the services of the department of administration, information services division, for electronic data processing and related services or may contract for all or a portion of such services.

Subd. 8. [Repealed, 1984 c 564 s 51]

Subd. 9. All school districts, state universities, community colleges and other employers of members of the fund are obligated to distribute to their employees ballots

354.071 APPEALS PROCEDURE.

Subdivision 1. **Definitions.** Unless the language or context clearly indicates that a different meaning is intended, for the purpose of this section, the following terms have the meanings given.

(a) "Documentation" includes but is not limited to:

- (1) sworn and notarized affidavits made on the personal knowledge of any person;
- (2) official letters or documents;
- (3) documents from the file of the petitioner; and
- (4) other relevant documents that are admissible as evidence in a court of law.

(b) "Executive director" means the executive director of the teachers retirement association.

(c) "Person" includes any state institution, school district, or other governmental unit that employs persons covered under statutes listed in subdivision 2.

(d) "Record" means the petition and the documentation that the petitioners submit with the petition, the executive director's answer to the petition and documentation submitted with it, and any documentation the board allows to be submitted at or after the meeting at which the petition is considered.

Subd. 2. **Notice of termination or denial.** If the executive director terminates a benefit or denies an application or a written request of any person claiming a right under this chapter or the applicable sections of chapters 136, 354B, 355, and 356, the executive director must serve upon that person a written notice. The notice must contain:

- (1) the reasons for the termination or denial;
- (2) notice that the person may petition the board for a review of the termination or denial and that the petition for review must be filed within 60 days of the receipt of the written notice;
- (3) a statement that relevant documentation submitted by the petitioner to the executive director must be received in the office of the teachers retirement association at least 30 days before the meeting prescribed in subdivision 4;
- (4) a statement that failure to petition the board within 60 days will preclude the person from contesting in any other court procedure or administrative hearing, the issues determined by the executive director; and

(5) a copy of this section.

Subd. 3. **Petition for review.** A person who claims a right under subdivision 2 and whose benefit has been terminated or whose application or written request has been denied may petition for a review of that decision by the board. A petition under this section must be served upon the executive director personally, or by mail postmarked no later than 60 days after the petitioner received the notice required by subdivision 2. The petition must include the sworn, notarized statement of the reasons the petitioner believes the decision of the executive director should be reversed or modified and may include relevant documentation. Relevant documentation submitted by the petitioner to the executive director must be received in the office of the teachers retirement association at least 30 days before the meeting prescribed in subdivision 4.

Subd. 4. **Answer; record for hearing.** Within a reasonable time after receiving a petition, the executive director must serve the petitioner with an answer to the petition with all relevant documentation and with notice of the time and place of the regular

or special board meeting at which the board will consider the petition. The documentation need not duplicate the documentation submitted by the petitioner. Not later than ten days before the board meeting at which the petition will be heard and at the time the petition is considered by the board, the executive director must, personally or by mail, deliver a copy of the relevant documentation to each board member. Each board member who participates in the decision on the petition must be familiar with all relevant documentation.

Subd. 5. Hearing. The board shall hold a timely hearing on a petition for review. The board shall make its decision on a petition solely on the relevant documentation as submitted and the proceedings of the hearing. At the hearing the petitioner, the petitioner's attorney, and the executive director may state and discuss with the board their positions with respect to the petition. The board may allow further documentation to be placed in the record at or subsequent to the board meeting at which the petition is considered. If the board allows additional documentation into the record at or subsequent to the board meeting, it may make a final determination on the petition at that board meeting only upon the agreement of both the petitioner and the executive director.

Subd. 5a. Executive director's determination. Notwithstanding subdivisions 4 and 5, if the executive director determines with respect to a petition that no relevant facts are in dispute, the executive director shall inform the board of that determination, and the board may issue findings of fact, a decision, reasons for the decision, and a final order and serve it upon the petitioner as provided in subdivision 8. If a petitioner receives an adverse decision, the petitioner may appeal the board's final order under subdivision 9.

Subd. 6. Termination of benefits. If the executive director proposes to terminate a benefit that is being paid to any person, before terminating the benefit the executive director must, in addition to the other procedures prescribed herein, give the person written or oral notice of the proposed termination. The notice must explain the reason for the proposed termination. The person must be given an opportunity, verbally or in writing, to explain why the benefit should not be terminated. If the executive director is unable to contact the person and the executive director determines that a failure to terminate the benefit might result in unauthorized payment by the association, the executive director may terminate the benefit with only a written notice containing the information required by subdivision 2, mailed to the address to which the benefit was last sent and, if that address is a financial institution, to the last known address of the person.

Subd. 7. Medical adviser action. If a person petitions the board to reverse or modify a determination by the executive director finding that the petitioner, for medical reasons, does not or has ceased to qualify for a disability benefit, the board may resubmit the matter to the medical adviser for reconsideration, with or without instructions to obtain further medical examinations. The board may make a determination contrary to the recommendation of the medical adviser only if there is expert medical evidence in the record to support its contrary decision. If there is no medical opinion contrary to the opinion of the medical adviser in the record and the medical adviser asserts that the decision was made in accordance with the disability standard in section 354.05, subdivision 14, the board must follow the determination of the medical adviser. The board may make a determination different from the recommendation of the medical adviser on issues that do not involve a medical opinion.

Subd. 8. Board findings. After the board has made a decision on a petition, the executive director must prepare findings of fact, the board's reasons for its conclusions, and the board's final order for the signature of the chair or other board member as the board, by resolution, may designate. The executive director must serve the findings, conclusions, and order on the petitioner by certified mail.

Subd. 9. Appeals. Within 30 days of receipt of the findings, conclusions, and final order, the petitioner may appeal the board's decision by writ of certiorari to the court of appeals. Failure to appeal to that court within the 30 days precludes the petitioner

from later raising, in any court procedure or administrative hearing, those substantive and procedural issues that reasonably should have been raised upon appeal.

Subd. 10. **Referral for administrative hearing.** Notwithstanding sections 14.03, 14.06, and 14.57 to 14.69, a challenge to a determination of the executive director must be conducted exclusively under the procedures in this section. The board in its sole discretion may refer a petition brought under this section to the office of administrative hearings for a contested case hearing under sections 14.57 to 14.69.

Subd. 11. **Petition without notice.** A person who is not entitled to notice of a right of review under this section may nevertheless receive review of a decision of the executive director which affects the person's rights by petitioning the board under this section within 60 days of the time the person knew or should have known of the disputed decision.

354.091 SERVICE CREDIT.

In computing the time of service of a teacher, the length of a legal school year in the district or institution where such service was rendered shall constitute a year under sections 354.05 to 354.10, provided such year is not less than the legal minimum school year of this state. No person shall be allowed credit for more than one year of teaching service for any fiscal year. Commencing July 1, 1961, (1) if a teacher teaches only a fractional part of a day, credit shall be given for a day of teaching service for each five hours taught, and (2) if a teacher teaches at least 170 full days in any fiscal year, credit shall be given for a full year of teaching service, and (3) if a teacher teaches for only a fractional part of the year, credit shall be given for such fractional part of the year as the term of service rendered bears to 170 days. Teaching service performed prior to July 1, 1961, shall be computed pursuant to the law in effect at the time it was rendered.

In no event shall any teacher lose or gain retirement service credit as a result of the employer converting to a four-day work week. If the employer does convert to a four-day work week, the forms for reporting and procedures for determining service credit shall be determined by the executive director with the approval of the board of trustees.

354.092 SABBATICAL LEAVE.

Subdivision 1. **Definition.** A sabbatical leave for the purpose of this section means a sabbatical leave as defined in section 125.18 or the applicable personnel policy of the state university and community college boards.

Subd. 2. **Pay rate; certification.** A sabbatical leave must be compensated by a minimum of one-third of the salary the member received for a comparable period during the prior fiscal year. Before the end of the fiscal year during which any sabbatical leave is granted, the employing unit granting the leave must certify the leave to the association on a form specified by the executive director.

Subd. 3. **Employer and employee contributions.** Deductions for employee contributions at the applicable rate specified in section 354.42 must be made by the employing unit from salary paid to the member for a sabbatical leave. The member may also make direct payment of employee contributions at the appropriate rates specified in section 354.42 based upon the difference between the salary received for the sabbatical leave

and the salary received for a comparable period during the year immediately preceding the leave. This direct payment must be made by the end of the fiscal year following the fiscal year in which the leave of absence terminated and must be without interest.

Subd. 4. Service credit. If the employee contributions made under this section are less than the employee contributions made for a comparable period during the year immediately preceding the leave, the allowable and formula service credit of the member shall be prorated according to section 354.05, subdivision 25, clause (3), except that if the member is paid full salary for any sabbatical leave of absence, either past or prospective, the allowable and formula service credit shall not be prorated. A member may not receive more than three years of allowable service credit in any ten consecutive years under this section unless the allowable service credit was paid for by the member before July 1, 1962. For sabbatical leaves that begin after June 30, 1986, the required employer contributions specified in section 354.42 must be paid by the employing unit within 30 days after the association's written notification to the employing unit of the amount due. Notwithstanding the provisions of any agreements to the contrary, employee and employer contributions may not be made to receive allowable service credit under this section if the member does not retain the right to full reinstatement both during and at the end of the sabbatical leave.

354.093 PARENTAL OR MATERNITY LEAVE.

Before the end of the fiscal year during which any parental or maternity leave is granted, the employing unit granting the leave must certify the leave to the association on a form specified by the executive director. A member of the fund granted parental or maternity leave of absence by the employing unit is entitled to service credit not to exceed one year for the period of leave upon payment to the fund by the end of the fiscal year following the fiscal year in which the leave of absence terminated. This payment must include the required employee, employer and amortization contributions for the period of leave prescribed in section 354.42. The payment must be based on the member's average full-time monthly salary rate on the date the leave of absence commenced, and must be without interest. Notwithstanding the provisions of any agreements to the contrary, employee and employer contributions may not be made to receive allowable service credit under this section if the member does not retain the right to full reinstatement at the end of the leave.

354.094 EXTENDED LEAVES OF ABSENCE.

Subdivision 1. Service credit contributions. Before the end of the fiscal year during which any extended leave of absence is granted pursuant to section 125.60 or 136.88, the employing unit granting the leave must certify the leave to the association on a form specified by the executive director. A member granted an extended leave of absence pursuant to section 125.60 or 136.88 may pay employee contributions and receive allowable service credit toward annuities and other benefits under this chapter, for each year of the leave provided the member and the employing board make the required employer contribution in any proportion they may agree upon, during the period of the leave which shall not exceed five years. A member may not receive more than five years of allowable service credit under this section. The employee and employer contributions must be based upon the rates of contribution prescribed by section 354.42 for the salary received during the year immediately preceding the extended leave. Payments for the years for which a member is receiving service credit while on extended leave must be made on or before the later of June 30 of each fiscal year for which service credit is received or within 30 days after first notification of the amount due, if requested by the member, is given by the association. No payment is permitted after the following September 30. Payments received after June 30 must include interest at an annual rate of 8.5 percent from June 30 through the end of the month in which pay-

ment is received. Notwithstanding the provisions of any agreements to the contrary, employee and employer contributions may not be made to receive allowable service credit if the member does not have full reinstatement rights as provided in section 125.60 or 136.88, both during and at the end of the extended leave.

Subd. 1b. [Repealed, 1991 c 130 s 38; 1991 c 340 s 34]

Subd. 2. **Membership; retention.** Notwithstanding section 354.49, subdivision 4, clause (3), a member on extended leave whose employee and employer contributions are paid into the fund pursuant to subdivision 1 shall retain membership in the association for as long as the contributions are paid, under the same terms and conditions as if the member had continued to teach in the district, the community college system, or the state university system.

Subd. 3. **Effect of nonpayment.** A member on extended leave of absence pursuant to section 125.60 or 136.88 who does not pay employee contributions or whose employer contribution is not paid into the fund in any year shall be deemed to cease to render teaching services beginning in that year for purposes of this chapter and may not pay employee or employer contributions into the fund in any subsequent year of the leave. Nonpayment of contributions into the fund shall not affect the rights or obligations of the member or the member's employer under section 125.60 or 136.88.

Subd. 4. A member who pays employee contributions into the fund for the agreed maximum duration of an extended leave and who does not resume teaching in the first school year after that maximum duration has elapsed shall be deemed to cease to render teaching services beginning in that year for purposes of this chapter.

Subd. 5. The provisions of this section shall not apply to a member who is discharged or placed on unrequested leave of absence or retrenchment or layoff or whose contract is terminated while the member is on an extended leave of absence pursuant to section 125.60 or 136.88.

Subd. 6. A member who pays employee contributions and receives allowable service credit in the fund pursuant to this section may not pay employee contributions or receive allowable service credit for the same fiscal year in any other Minnesota public employee pension plan, except a volunteer firefighters' relief association governed by sections 69.771 to 69.776. This subdivision shall not be construed to prohibit a member who pays employee contributions and receives allowable service credit in the fund pursuant to this section in any year from being employed as a substitute teacher by any school district during that year. Notwithstanding the provisions of sections 354.091 and 354.42, a teacher may not pay retirement contributions or receive allowable service credit in the fund for teaching service rendered for any part of any year for which the teacher pays retirement contributions or receives allowable service credit pursuant to this section or section 354A.091 while on an extended leave of absence pursuant to section 125.60.

354.095 MEDICAL LEAVE; PAYMENT PROCEDURES.

Upon granting a medical leave, an employing unit must certify the leave to the association on a form specified by the executive director. A member of the fund who is on an authorized medical leave of absence is entitled to receive allowable service credit, not to exceed one year, for the period of leave, upon making the prescribed payment to the fund. This payment must include the required employee and employer contributions at the rates specified in section 354.42, subdivisions 2, 3, and 5, as applied to the member's average full-time monthly salary rate on the date the leave of absence

commenced plus compound annual interest at the rate of 8.5 percent from the end of the fiscal year during which the leave terminates to the end of the month during which payment is made. The member must pay the total amount required unless the employing unit, at its option, pays the employer contributions. The total amount required must be paid before the effective date of retirement or by the end of the fiscal year following the fiscal year in which the leave of absence terminated, whichever is earlier. A member may not receive more than one year of allowable service credit during any fiscal year by making payment under this section. A member may not receive disability benefits under section 354.48 and receive allowable service credit under this section for the same period of time. Notwithstanding the provisions of any agreement to the contrary, employee and employer contributions may not be made to receive allowable service credit under this section if the member does not retain the right to full reinstatement both during and at the end of the medical leave.

354.10 FUND NOT SUBJECT TO ASSIGNMENT OR PROCESS; BENEFICIARIES.

Subdivision 1. Exemption; exceptions. The right of a teacher to take advantage of the benefits provided by this chapter, is a personal right only and is not assignable. All money to the credit of a teacher's account in the fund or any money payable to the teacher from the fund belongs to the state of Minnesota until actually paid to the teacher or a beneficiary pursuant to the provisions of this chapter. Any power of attorney, assignment or attempted assignment of a teacher's interest in the fund, or of the beneficiary's interest therein, by a teacher or a beneficiary is void and is exempt from taxation under chapter 291 and from garnishment or levy under attachment or execution, except as provided in subdivision 2 or 3, or section 518.58, 518.581, or 518.611.

Subd. 2. Automatic deposits. The board may pay an annuity or benefit to a banking institution, qualified under chapter 48, that is a trustee for a person eligible to receive the annuity or benefit. Upon completion of the proper forms as provided by the executive director, the annuity or benefit amount may be electronically transferred or the annuity or benefit check may be mailed to a banking institution, savings association, or credit union for deposit to the recipient's individual account or joint account with the recipient's spouse or any other person designated by the recipient. Any overpayment to a joint account after the death of the annuity or benefit recipient must be repaid to the fund by the joint tenant if the overpayment is not repaid to the fund by the banking institution, savings association, or credit union. The board may prescribe the conditions which govern these procedures.

Subd. 3. Payment to public bodies. If in the judgment of the executive director conditions so warrant, payment may be made to a public body in behalf of an annuitant, disabilitant, or survivor upon such terms as the executive director may prescribe.

Subd. 4. Changes in designated beneficiaries. Any beneficiary designated by a retiree or member under section 354.05, subdivision 22, may be changed or revoked by the retiree or member on a form provided by the executive director. A change or revocation made under this subdivision is valid only if the properly completed form is received by the fund postmarked on or before the date of death of the retiree or the member. If a designated beneficiary dies before the retiree or member designating the beneficiary, and a new beneficiary is not designated, the retiree's or member's estate is the beneficiary.

Subd. 6. **Combinations of basic and coordinated service.** A person's annuity must be computed as a basic member for any service previously accrued as a basic member if the person retires with the status of a coordinated member as a result of one or both of the following events: (1) transferring from public school teaching to state university teaching, and/or (2) not performing teaching service within a fiscal year. A person's annuity must be computed as a coordinated member for any service previously accrued as a coordinated member if the person retires with the status of a basic member as a result of transferring from public school teaching to community college teaching.

354.35 OPTIONAL ACCELERATED RETIREMENT ANNUITY BEFORE AGE 65.

Any coordinated member who retires before age 65 may elect to receive an optional accelerated retirement annuity from the association which provides for different annuity amounts over different periods of retirement. The election of this optional accelerated retirement annuity is exercised by making an application to the board on a form provided by the board. The optional accelerated retirement annuity must take the form of an annuity payable for the period before the member attains age 65 in a greater amount than the amount of the annuity calculated under section 354.44 on the basis of the age of the member at retirement, but the optional accelerated retirement annuity must be the actuarial equivalent of the member's annuity computed on the basis of the member's age at retirement. The greater amount must be paid until the retiree reaches age 65 and at that time the payment from the association must be reduced. For each year the retiree is under age 65, up to five percent of the total life annuity required reserves may be used to accelerate the optional retirement annuity under this section. The method of computing the optional accelerated retirement annuity provided in this section is established by the board of trustees. In establishing the method of computing the optional accelerated retirement annuity, the board of trustees must obtain the written approval of the commission-retained actuary. The written approval must be a part of the permanent records of the board of trustees.

sota association of secondary school principals or the Minnesota association of school administrators may elect to be a coordinated member in the fund based on such employment; provided, however, that no person shall also be entitled to such membership if also a member of a teachers retirement association in a city of the first class organized pursuant to chapter 354A for the same period of service. For such persons so employed on June 30, 1975, the election must be made prior to July 1, 1976. For such persons so employed after June 30, 1975, the election must be made upon commencing employment.

Subd. 5. For all members described in subdivision 4, the employee, employer and additional employer contributions shall be the obligation of the employee who elects coverage herein; provided, however, that the employer organization enumerated in subdivision 4 employing such member may pay the employer and additional employer contributions. The employer shall, in any event, deduct the necessary contributions from the employee's salary and remit all contributions to the teachers retirement association pursuant to section 354.42, except that if any such member is on leave of absence from a governmental employer unit, these contributions shall be forwarded by the employer organization to the governmental employer unit for remittance to the fund as described in this chapter.

Subd. 6. [Repealed, 1981 c 224 s 276]

Subd. 7. **Exceptions.** Members of the fund as described in subdivision 4 or 9 and employees of the teachers retirement association are not eligible for election to the board of trustees.

Subd. 9. Any member who has been granted a leave of absence to serve as an elected officer of a professional teachers organization shall be entitled to acquire allowable service credit for the period of leave. To acquire the allowable service credit, the member shall make any required employee contributions currently during the period of the leave, which shall be based upon the contract salary for which the member would have been eligible if the member had not been granted the leave of absence and shall be consistent with the contract in force for the year occurring immediately prior to the commencement of the leave of absence. Any shortage which occurs in the amount of required employee contributions for any year may be paid directly to the fund with interest at an annual rate of 8.5 percent compounded annually on or prior to the last day of the fiscal year next following the occurrence of the shortage.

NOTE: Subdivision 3, was also amended by Laws 1989, chapter 319, article 13, section 55, to read as follows:

"Subd. 3. (1) Each annuitant, age 60 or over, who is drawing an annuity pursuant to Minnesota Statutes 1953, section 135.10 and Minnesota Statutes 1965, sections 354.44 and 354.33 shall have the right to have membership in the fund restored upon resumption of teaching service, for the purpose of having deductions made in accordance with sections 354.42 and 355.48. Upon completion of three years of allowable service, under this subdivision the member shall be entitled to a coordinated annuity provided in section 354.44, subdivision 6. This annuity is in addition to any annuity previously granted under this chapter.

(2) Any annuitant qualifying for membership in the fund under clause (1) may file a written notice with the executive director of the teachers retirement association requesting that deductions provided for in section 354.42 be made from compensation paid for subsequent teaching services. Such notice shall remain in effect until the annuitant requests in writing that this membership be revoked. After July 1, 1967, deductions pursuant to section 355.48 are required for any annuitant eligible for membership in the fund under clause (1). Teaching service rendered by an annuitant for which no deductions were made pursuant to section 354.42, shall not be included in any additional annuity granted pursuant to clause (1).

(3) Teachers retirement deductions made prior to July 1, 1973, from the salary of any annuitant who was qualified for membership in the fund under clause (1) at the time such deductions were made, shall be applicable to the computation of an annuity as provided under clause (1) even if the written notice required in clause (2) has not been filed. The teaching service related to such retirement deductions shall be deemed to be allowable service credit which is applicable to the completion of the three years of allowable service required in clause (2)."

NOTE: Subdivision 9, as amended by Laws 1992, chapter 598, article 3, section 2, is effective May 1, 1994. See Laws 1992, chapter 598, article 3, section 8.

354.42 CONTRIBUTIONS BY EMPLOYER AND EMPLOYEE.

Subdivision 1. [Repealed, 1974 c 289 s 59]

Subd. 2. The employee contribution to the fund shall be an amount equal to 4-1/2 percent of the salary of every coordinated member and 8-1/2 percent of the salary of every basic member. This contribution shall be made by deduction from salary. Where any portion of a member's salary is paid from other than public funds, such member's employee contribution shall be based on the entire salary received.

Subd. 3. The employer contribution to the fund shall be an amount equal to 4-1/2 percent of the salary of each coordinated member and 8-1/2 percent of the salary of each basic member. This contribution shall be made in the manner provided in section 354.43.

Subd. 5. **Additional employer contribution.** To amortize the unfunded actuarial accrued liability computed under the entry age actuarial cost method and disclosed under the annual actuarial valuations prepared by the commission-retained actuary under section 356.215, an additional employer contribution shall be made in the amount of 3.64 percent of the salary of each member.

This contribution must be made in the manner provided in section 354.43.

By January 1 of each year, the board of directors shall report to the legislative commission on pensions and retirement, the chair of the committee on appropriations of the house of representatives, and the chair of the committee on finance of the senate on the amount raised by the additional employer contribution rate in effect and whether that amount is less than, the same as, or more than the required amortization contribution determined under section 356.215.

Subd. 6. [Repealed, 1974 c 289 s 59]

Subd. 7. **Erroneous salary deductions or direct payments.** (a) Any deductions taken from the salary of an employee for the retirement fund in error shall be refunded to the employee upon discovery and verification by the employing unit making the deduction, and the corresponding employer contribution and additional employer contribution amounts attributable to the erroneous salary deduction must be refunded to the employing unit.

(b) If salary deductions and employer contributions were erroneously transmitted to the retirement fund and should have been transmitted to another public pension fund enumerated in section 356.30, subdivision 3, the retirement fund must transfer these salary deductions and employer contributions to the appropriate public pension fund without interest.

(c) If a salary warrant or check from which a deduction for the retirement fund was taken has been canceled or the amount of the warrant or check has been returned to the funds of the employing unit making the payment, a refund of the amount deducted, or any portion of it that is required to adjust the salary deductions, shall be made to the employing unit.

(d) Any erroneous direct payments of member paid contributions or erroneous salary deductions that were not refunded in the regular processing of an employing unit's annual summary report shall be refunded to the member with interest computed using the rate and method specified in section 354.49, subdivision 2.

354.44 RETIREMENT BENEFITS.

Subdivision 1. **Requirements as to age and service.** Any member or former member who ceases or has ceased to render teaching services in any school or institution covered by the provisions of this chapter, and who has attained the age of at least 55 years with not less than three years allowable service, or who has received credit for not less than 30 years allowable service regardless of age, is entitled upon written application to a retirement annuity.

Subd. 1a. **Mandatory retirement.** Notwithstanding the provisions of sections 43A.11 or 197.455 to 197.48, a member who is serving as a faculty member or administrator under a contract of unlimited tenure or similar arrangement providing for unlimited tenure at an institution of higher education, as defined in section 1201(a) of the federal Higher Education Act of 1965, as amended through January 1, 1987, shall terminate employment at the end of the academic year in which the member reaches the age of 70. For purposes of this subdivision, an academic year shall be deemed to end August 31. No other member shall be subject to a mandatory retirement age provision. A member who terminates employment at any time during the academic year at the end of which the person is at the normal retirement age or older shall, for the purpose of determining eligibility for a proportionate retirement annuity, be considered to have been required to terminate employment at normal retirement age or older pursuant to section 356.32. Nothing contained in this subdivision shall preclude an employing unit covered by this chapter from employing a retired teacher as a substitute or part-time teacher. Any person who has attained normal retirement age, who is employed as a substitute or part-time teacher, and who earns an amount equal to the annual maximum earnings allowable for that age for the continued receipt of full benefit amounts monthly under the federal old age, survivors and disability insurance program as set by the secretary of health and human services pursuant to the provisions of United States Code, title 42, section 403, in any academic year from employment as a substitute or part-time teacher, shall terminate employment for the remainder of that academic year. No person who has attained normal retirement age and who has retired under this chapter may resume membership in the retirement association as a result of subsequent employment as a substitute or part-time teacher.

Subd. 2. **Computation of money purchase annuity.** The amount of retirement annuity is an amount equal to double the annuity which could be purchased by the member's accumulated deductions plus interest thereon. The annuity shall be determined by the

member's age, sex, double the amount of accumulated deductions, double the interest earned on the accumulated deductions, and the appropriate mortality tables and interest rates. To determine the amount of the annuity for a basic member, the accumulated deductions prior to July 1, 1957, and the accumulated deductions subsequent to July 1, 1957, shall be considered separately.

(1) For service rendered prior to July 1, 1957, the accumulated deductions for any member shall be carried forward at a fixed amount which is shown credited to the member's account as of that date. That fixed amount shall also include any payments in lieu of salary deductions which are to be made in the future and are actually so made pursuant to an agreement executed between the member and the board as authorized by section 354.50 or any other authorized payments made by the member to the fund. The annuity granted with respect to the period shall be determined as follows:

(a) The fixed amount of the accumulated deductions for the period including the interest credited on the amount as earned up to July 1, 1957.

(b) Annuity purchase rates based on the applicable mortality table established by the board and the interest rate assumption in effect prior to July 1, 1957, in the case of basic members and an annuity purchase rate based on an appropriate annuity table of mortality established by the board as provided in section 354.07, subdivision 1, and using the applicable postretirement interest rate assumption specified in section 356.215, subdivision 4d in the case of coordinated members.

(2) For service rendered subsequent to July 1, 1957, the accumulated deductions for any member shall consist of the amounts actually credited to the member's account by reason of salary deductions. The annuity granted with respect to the period shall be determined by the following:

(a) accumulated deductions for the period;

(b) interest credited on these accumulated deductions from July 1, 1957, to the date of retirement;

(c) interest credited on accumulated deductions including prior credited interest provided in paragraph (1) from July 1, 1957, to the date of retirement;

(d) after the amount available for an annuity granted with respect to the person is determined in accordance with the provisions of this subdivision, an additional amount equal to 20 percent of the sum of clause (2)(a) plus interest credited to members account from July 1, 1957, to date of retirement is to be added. This added amount is not to be doubled as provided for other amounts determined in this subdivision;

(e) annuity purchase rate based on an appropriate annuity table of mortality established by the board as provided in section 354.07, subdivision 1, and using the applicable postretirement interest rate assumption specified in section 356.215, subdivision 4d.

Subd. 3. Application for retirement. Application for retirement must be made by the member or by someone authorized to act in the member's behalf. Application must be made on a form prescribed by the executive director.

Subd. 4. Time and manner of payments. A member may make application to the board for a retirement annuity any time after the member has satisfied the age and service requirements of this chapter for retirement except that no application for retirement may be made more than 60 days before termination of teaching service. The annuity payment shall begin to accrue after the termination of teaching service, or after the application for retirement has been filed with the board, whichever is later, as follows:

(a) on the 16th day of the month of termination or filing if the termination or filing occurs on or before the 15th day of the month or

(b) on the first day of the month following the month of termination or filing if the termination or filing occurs on or after the 16th day of the month.

If an application for retirement is filed with the board during the 90-day period immediately following the termination of teaching service, the annuity may begin to

accrue as if the application for retirement had been filed with the board on the date teaching service terminated. In no event may an annuity begin to accrue more than one month before the date of final salary receipt.

Subd. 5. Resumption of teaching service after retirement. Any person who retired under the provisions of this chapter and has thereafter resumed teaching in any employer unit to which this chapter applies is eligible to continue to receive payments in accordance with the annuity except that annuity payments must be reduced during the calendar year immediately following any calendar year in which the person's income from the teaching service is in an amount greater than the annual maximum earnings allowable for that age for the continued receipt of full benefit amounts monthly under the federal old age, survivors and disability insurance program as set by the secretary of health and human services under United States Code, title 42, section 403. The amount of the reduction must be one-half of the amount in excess of the applicable reemployment income maximum specified in this subdivision and must be deducted from the annuity payable for the calendar year immediately following the calendar year in which the excess amount was earned. If the person has not yet reached the minimum age for the receipt of social security benefits, the maximum earnings for the person must be equal to the annual maximum earnings allowable for the minimum age for the receipt of social security benefits.

If the person is retired for only a fractional part of the calendar year during the initial year of retirement, the maximum reemployment income specified in this subdivision must be prorated for that calendar year.

After a person has reached the age of 70, no reemployment income maximum is applicable regardless of the amount of income. For the purpose of this subdivision, income from teaching service includes, but is not limited to:

(a) all income for services performed as a consultant or an independent contractor for an employer unit covered by the provisions of this chapter; and

(b) the greater of either the income received or an amount based on the rate paid with respect to an administrative position, consultant, or independent contractor in an employer unit with approximately the same number of pupils and at the same level as the position occupied by the person who resumes teaching service.

Subd. 5a. Exemption for interim superintendent. A person who performs services as an interim superintendent because of the death, disability, termination, or resignation of the previous superintendent is exempt from the earnings limitations and reductions in annuity payments in subdivision 5 for up to 90 working days of service as an interim superintendent. During this period of up to 90 working days, the school board may pay the interim superintendent at any rate, up to the rate paid to the previous superintendent. This exemption applies only if the school board hiring the interim superintendent submits an application for the exemption to the executive director, and the executive director approves the application before the services as interim superintendent begin. The application must certify that the school board has unanimously approved the exemption from the earnings limitations and reductions. The executive director may prescribe a form for the application. A school board may not apply for more than one exemption in a fiscal year. No more than three exemptions may be approved for any person. Only one exemption may be approved for any person in a fiscal year.

Subd. 6. Computation of formula program retirement annuity. (1) The formula retirement annuity hereunder shall be computed in accordance with the applicable provisions of the formulas stated in clause (2) or (4) on the basis of each member's average salary for the period of the member's formula service credit.

For all years of formula service credit, "average salary," for the purpose of determining the member's retirement annuity, means the average salary upon which contributions were made and upon which payments were made to increase the salary limitation provided in Minnesota Statutes 1971, section 354.511, for the highest five successive years of formula service credit provided, however, that such "average salary" shall not include any more than the equivalent of 60 monthly salary payments. Average

MINNESOTA STATUTES 1992

salary must be based upon all years of formula service credit if this service credit is less than five years.

(2) This clause, in conjunction with clause (3), applies to a person who first became a member of the fund or a member of a pension fund listed in section 356.30, subdivision 3, before July 1, 1989, unless clause (4), in conjunction with clause (5), produces a higher annuity amount, in which case clause (4) applies. The average salary as defined in clause (1), multiplied by the following percentages per year of formula service credit shall determine the amount of the annuity to which the member qualifying therefor is entitled:

	Coordinated Member	Basic Member
Each year of service during first ten	1.0 percent per year	2.0 percent per year
Each year of service thereafter	1.5 percent per year	2.5 percent per year

(3)(i) This clause applies only to a person who first became a member of the fund or a member of a pension fund listed in section 356.30, subdivision 3, before July 1, 1989, and whose annuity is higher when calculated under clause (2), in conjunction with this clause than when calculated under clause (4), in conjunction with clause (5).

(ii) Where any member retires prior to normal retirement age under a formula annuity, the member shall be paid a retirement annuity in an amount equal to the normal annuity provided in clause (2) reduced by one-quarter of one percent for each month that the member is under normal retirement age at the time of retirement except that for any member who has 30 or more years of allowable service credit, the reduction shall be applied only for each month that the member is under age 62.

(iii) Any member whose attained age plus credited allowable service totals 90 years is entitled, upon application, to a retirement annuity in an amount equal to the normal annuity provided in clause (2), without any reduction by reason of early retirement.

(4) This clause applies to a member who has become at least 55 years old and first became a member of the fund after June 30, 1989, and to any other member who has become at least 55 years old and whose annuity amount when calculated under this clause and in conjunction with clause (5), is higher than it is when calculated under clause (2), in conjunction with clause (3). The average salary, as defined in clause (1) multiplied by 2.5 percent for each year of service for a basic member and by 1.5 percent for each year of service for a coordinated member shall determine the amount of the retirement annuity to which the member is entitled.

(5) This clause applies to a person who has become at least 55 years old and first becomes a member of the fund after June 30, 1989, and to any other member who has become at least 55 years old and whose annuity is higher when calculated under clause (4) in conjunction with this clause than when calculated under clause (2), in conjunction with clause (3). An employee who retires under the formula annuity before the normal retirement age shall be paid the normal annuity provided in clause (4) reduced so that the reduced annuity is the actuarial equivalent of the annuity that would be payable to the employee if the employee deferred receipt of the annuity and the annuity amount were augmented at an annual rate of three percent compounded annually from the day the annuity begins to accrue until the normal retirement age.

Subd. 7. [Repealed, 1990 c 570 art 12 s 64]

Subd. 8. **Annuity payment; evidence of receipt.** An annuity or benefit for a given month must be paid during the first week of that month. 354.45 OPTIONAL RETIREMENT ANNUITIES; UNPAID ANNUITIES, DISPOSITION.

Subdivision 1. Optional annuity forms. The retirement board shall establish optional annuities at retirement which shall take the form of an annuity payable for a period certain and for life thereafter or the form of a joint and survivor annuity. The board shall also establish an optional annuity which shall take the form of a guaranteed refund annuity paying the annuitant a fixed amount for life with the guarantee that in the event of death the balance of the accumulated deductions and interest accrued to the date of retirement will be paid to the designated beneficiary. Except as provided in subdivision 1a, any optional annuity forms shall be actuarially equivalent to the normal forms provided in section 354.44. In establishing these optional annuity forms, the board shall obtain the written recommendation of the commission-retained actuary. The recommendations shall be a part of the permanent records of the board.

Subd. 1a. Bounce-back annuity. (a) If a former member or disabilitant selects a joint and survivor annuity option under subdivision 1, the former member or disabilitant must receive a normal single life annuity if the designated optional annuity beneficiary dies before the former member or disabilitant. Under this option, no reduction may be made in the person's annuity to provide for restoration of the normal single life annuity in the event of the death of the designated optional annuity beneficiary.

(b) A former member or disabilitant who selected an optional joint and survivor annuity before July 1, 1989, but did not choose an option that provides that the normal single life annuity is payable to the former member or the disabilitant if the designated optional annuity beneficiary dies first, is eligible for restoration of the normal single life annuity if the designated optional annuity beneficiary dies first, without further actuarial reduction of the person's annuity. A former member or disabilitant who selected an optional joint and survivor annuity, but whose designated optional annuity beneficiary died before July 1, 1989, shall receive a normal single life annuity after that date, but shall not receive retroactive payments for periods before that date.

(c) The restoration of the normal single life annuity under this subdivision will take effect on the first of the month following the date of death of the designated optional annuity beneficiary or on the first of the month following one year before the date on which a certified copy of the death certificate of the designated optional annuity beneficiary is received in the office of the teachers retirement association, whichever date is later.

Subd. 2. Refund upon death of retired member. Upon the death of the member after retirement where no designated beneficiary shall survive the member, any remaining unpaid guaranteed annuity payments shall be commuted at the applicable postretirement interest rate specified in section 356.215, subdivision 4d, and paid in one sum to the estate of the member. Upon the death of the last designated beneficiary after the death of the member, the value of any unpaid guaranteed annuity payments shall be commuted at the applicable postretirement interest rate specified in section 356.215, subdivision 4d, and paid in one sum to the estate of the designated beneficiary.

354.46 PAYMENTS AFTER DEATH.

Subdivision 1. Basic program; benefits for spouse and children of teacher. If a basic member who has at least 18 months of allowable service credit and who has an average salary as defined in section 354.44, subdivision 6, equal to or greater than \$75 dies prior

to retirement or if a former basic member who, at the time of death, was totally and permanently disabled and receiving disability benefits pursuant to section 354.48 dies prior to attaining the age of 65 years, the surviving dependent spouse and dependent children of the basic member or former basic member shall be entitled to receive a monthly benefit as follows:

- (a) Surviving dependent spouse 50 percent of the basic member's monthly average salary paid in the last full fiscal year preceding death
- (b) Each dependent child ten percent of the basic member's monthly average salary paid in the last full fiscal year preceding death

Payments for the benefit of any dependent child under the age of 22 years shall be made to the surviving parent, or if there be none, to the legal guardian of the child. The maximum monthly benefit shall not exceed \$1,000 for any one family, and the minimum benefit per family shall not be less than 50 percent of the basic member's average salary, subject to the foregoing maximum. The surviving dependent children's benefit shall be reduced pro tanto when any surviving child is no longer dependent.

If the basic member and the surviving dependent spouse are killed in a common disaster and if the total of all survivors benefits payable pursuant to this subdivision is less than the accumulated deductions plus interest payable, the surviving dependent children shall receive the difference in a lump sum payment.

If the survivor benefits provided in this subdivision exceed in total the monthly average salary of the deceased basic member, these benefits shall be reduced to an amount equal to the deceased basic member's monthly average salary.

Prior to payment of any survivor benefit pursuant to this subdivision, in lieu of that benefit, the surviving dependent spouse may elect to receive the joint and survivor annuity provided pursuant to subdivision 2, or may elect to receive a refund of accumulated deductions with interest in a lump sum as provided pursuant to section 354.47, subdivision 1. If there are any surviving dependent children, the surviving dependent spouse may elect to receive the refund of accumulated deductions only with the consent of the district court of the district in which the surviving dependent child or children reside.

Subd. 2. Death while eligible designated beneficiary benefit. The surviving spouse of any member or former member who has attained the age of at least 50 years and has credit for at least three years of allowable service or who has credit for at least 30 years of allowable service irrespective of age is entitled to joint and survivor annuity coverage in the event of death of the member prior to retirement. If the surviving spouse does not elect to receive a surviving spouse benefit provided pursuant to subdivision 1, if applicable, or does not elect to receive a refund of accumulated member contributions provided pursuant to section 354.47, subdivision 1, the surviving spouse is entitled to receive, upon written application on a form prescribed by the executive director, a benefit equal to the second portion of a 100 percent joint and survivor annuity as provided pursuant to section 354.45 and computed pursuant to section 354.44, subdivision 2, 6, or 7, whichever is applicable. The surviving spouse may apply for the annuity at any time after the date on which the deceased employee would have attained the required age for retirement based on the employee's allowable service. This benefit accrues from the day following the date of death but may not begin to accrue more than six months before the date the application is filed with the executive director. Sections 354.44, subdivision 6 and 354.60 apply to a deferred annuity payable under this section. The benefit is payable for life.

Subd. 3. Payment after death of retiree. If a former member dies after retirement,

the former member or a designated beneficiary shall be entitled to the annuity payment due for the full month during which death occurs if no optional or reversionary annuity was designated by the member. If an optional or reversionary annuity has been designated by the member, a death benefit shall be paid in accordance with the provisions of such annuity as described in section 354.45.

Subd. 4. [Repealed, 1974 c 289 s 59]

Subd. 5. **Payment to designated beneficiary.** Any member and the spouse of the member may make a joint specification in writing on a form prescribed by the executive director that the benefits provided in subdivision 2, or in section 354.47, subdivision 1, shall be paid only to a designated beneficiary. For purposes of this subdivision, a designated beneficiary may only be either a former spouse or a child, either natural or adopted, of the member, but more than one beneficiary may be designated for the benefit provided in section 354.47, subdivision 1.

Authority for any person and the spouse of the person to modify the prior election shall expire on the date of the retirement of the person who elected the coverage or the date of death of the person who elected the coverage whichever occurs first.

354.47 REFUND AFTER DEATH.

Subdivision 1. **Death before retirement.** (1) If a member dies before retirement and is covered pursuant to the provisions of section 354.44, subdivision 2, and neither an optional annuity, nor a reversionary annuity, nor a benefit pursuant to section 354.46, subdivision 1, is payable to the survivors if the member was a basic member, the surviving spouse, or if there is no surviving spouse, the designated beneficiary shall be entitled to an amount equal to the member's accumulated deductions with interest credited to the account of the member to the date of death.

(2) If a member dies before retirement and is covered pursuant to the provisions of section 354.44, subdivision 6, and neither an optional annuity, nor reversionary annuity, nor the benefit described in section 354.46, subdivision 1, is payable to the survivors if the member was a basic member, the surviving spouse, or if there is no surviving spouse, the designated beneficiary shall be entitled to an amount equal to the member's accumulated deductions credited to the account of the member as of June 30, 1957, and from July 1, 1957, to the date of death the member's accumulated deductions plus interest at the rate of six percent per annum compounded annually.

Subd. 2. **Benefits of \$1,500 or less.** If a member or a former member dies without having a surviving designated beneficiary and the amount to the credit of the decedent is \$1,500 or less, the board of trustees may 90 days after the date of death, in the absence of probate proceedings, make payment to the surviving spouse of the decedent. This payment shall be a bar to recovery of this payment from the association by any other person or persons. Any accrued retirement annuity, disability, or survivor benefit may be paid in the same manner.

354.48 PERMANENT DISABILITY BENEFITS.

Subdivision 1. Age, service and salary requirements. A member who is totally and permanently disabled and has at least three years of credited allowable service at the time that the total and permanent disability begins is entitled to a disability benefit based on this allowable service in an amount provided in subdivision 3. If the disabled member's teaching service has terminated at any time, at least two of the required three years of allowable service must have been rendered after last becoming a member. Any member whose average salary is less than \$75 per month is not entitled to disability benefits.

Subd. 2. Applications. Any person described in subdivision 1, or another person authorized to act on behalf of the person, may make application for a total and permanent disability benefit only within the 18-month period following the termination of teaching service. This benefit accrues from the day following the commencement of disability or the day following the last day for which salary is paid, whichever is later, but may not begin to accrue more than 90 days before the date the application is filed with the executive director. If salary is being received for either annual or sick leave during the period, payments accrue from the day following the last day for which this salary is paid.

Subd. 3. Computation of benefits. (1) The amount of the disability benefit granted to members covered under section 354.44, subdivision 2, clauses (1) and (2), is an amount equal to double the annuity which could be purchased by the member's accumulated deductions plus interest on the amount computed as though the teacher were at normal retirement age at the time the benefit begins to accrue and in accordance with the law in effect when the disability application is received. Any member who applies for a disability benefit after June 30, 1974, and who failed to make an election pursuant to Minnesota Statutes 1971, section 354.145, shall have the disability benefit computed under this clause or clause (2), whichever is larger.

The benefit granted shall be determined by the following:

- (a) the amount of the accumulated deductions;
- (b) interest actually earned on these accumulated deductions to the date the benefit begins to accrue;
- (c) interest for the years from the date the benefit begins to accrue to the date the member attains normal retirement age at the rate of three percent;
- (d) annuity purchase rates based on an appropriate annuity table of mortality established by the board as provided in section 354.07, subdivision 1, and using the applicable postretirement interest rate assumption specified in section 356.215, subdivision 4d.

In addition, a supplementary monthly benefit shall be paid to basic members only in accordance with the following table:

Age When Benefit Begins to Accrue	Supplementary Benefit
Under Age 56	\$50
56	45
57	40
58	35
59	30
60	25
61	20

MINNESOTA STATUTES 1992

62	15
63	10
64	5

(2) The disability benefit granted to members covered under section 354.44, subdivision 6, shall be computed in the same manner as the annuity provided in section 354.44, subdivision 6. The disability benefit shall be the formula annuity without the reduction for each month the member is under normal retirement age when the benefit begins to accrue.

(3) For the purposes of computing a retirement annuity when the member becomes eligible, the amounts paid for disability benefits shall not be deducted from the individual member's accumulated deductions. If the disability benefits provided in this subdivision exceed the monthly average salary of the disabled member, the disability benefits shall be reduced to an amount equal to the disabled member's average salary.

Subd. 3a. Optional annuity election. A disabled member may elect to receive the normal disability benefit or an optional annuity as provided in section 354.45, subdivision 1. The election of an optional annuity shall be made prior to commencement of payment of the disability benefit and shall be effective and shall begin to accrue on the same date the disability benefit begins to accrue.

Subd. 4. Determination by the executive director. The executive director shall have the member examined by at least two licensed physicians selected by the medical adviser. These physicians shall make written reports to the executive director concerning the member's disability including medical opinions as to whether or not the member is permanently and totally disabled within the meaning of section 354.05, subdivision 14. The executive director shall also obtain written certification from the last employer stating whether or not the member was separated from service because of a disability which would reasonably prevent further service to the employer and as a consequence the member is not entitled to compensation from the employer. If upon the consideration of the reports of the physicians and any other evidence presented by the member or others interested therein, the executive director finds the member totally and permanently disabled, the executive director shall grant the member a disability benefit. The fact that an employee is placed on leave of absence without compensation because of disability shall not bar the member from receiving a disability benefit.

Subd. 5. [Repealed, 1991 c 340 s 34]

Subd. 6. Regular physical examinations. At least once each year during the first five years following the allowance of a disability benefit to any member, and at least once in every three-year period thereafter, the executive director shall require the disability beneficiary to undergo a medical examination to be made at the place of residence of such person, or at any other place mutually agreed upon, by a physician or physicians engaged by the executive director. If any examination indicates that the member is no longer permanently and totally disabled or that the member is engaged or is able to engage in a substantial gainful occupation, payments of the disability benefit by the fund shall be discontinued. The payments shall discontinue as soon as the member is reinstated to the payroll following sick leave, but payment may not be made for more than 60 days after physicians engaged by the executive director find that the person is no longer permanently and totally disabled.

Subd. 6a. Medical adviser; duties. The state commissioner of health or a licensed physician on the staff of the department of health designated by the commissioner shall be the medical adviser of the executive director. The medical adviser shall designate licensed physicians who shall examine applicants for disability benefits. The medical adviser shall pass upon all medical reports based on any examinations performed in order to determine whether a teacher is totally and permanently disabled as defined in section 354.05, subdivision 14. The medical adviser shall also investigate all health and medical statements and certificates by or on behalf of a teacher in connection with a disability benefit, and shall report in writing to the director setting forth any conclusions and recommendations on all matters referred to the medical adviser.

Subd. 7. **Partial reemployment.** If the disabled person resumes a gainful occupation in which earnings are less than the person's salary at the date of disability, the amount of earnings plus the disability benefit originally granted may not exceed the salary at the date of disability. If the sum of earnings plus the disability benefit originally granted exceeds the salary at the date of disability, the amount of excess earnings must be deducted from the disability benefit payable during the following calendar year. The provisions of this subdivision shall not prohibit the executive director from making a determination that a member is no longer totally and permanently disabled or that the member is engaged or is able to engage in a substantial gainful occupation based on the results of the regular physical examinations required by subdivision 6 or any other physical examinations required by the board. Payment of the disability benefit provided in this subdivision during a period of partial reemployment shall be discontinued if the executive director finds that the member is no longer totally and permanently disabled.

Subd. 8. **Refusal of examination.** If any disabled person refuses to submit to a medical examination as required under this section, payments by the fund must be discontinued and all rights of the member in any disability benefit must be revoked by the executive director.

Subd. 9. **Return to teaching service.** Any person receiving a disability benefit who is restored to active teaching service shall have deductions taken for the retirement fund.

Subd. 10. **Retirement status at normal retirement age.** No person shall be entitled to receive both a disability benefit and a retirement annuity provided by this chapter. The disability benefit paid to a person hereunder shall terminate at the end of the month in which the person attains normal retirement age. If the person is still totally and permanently disabled at the beginning of the month next following the month in which the person attains the normal retirement age, the person shall be deemed to be on retirement status and, if the person had elected an optional annuity pursuant to subdivision 3a, shall receive an annuity in accordance with the terms of the optional annuity previously elected, or, if the person had not elected an optional annuity pursuant to subdivision 3a, may at the option of the person elect to receive either a straight life retirement annuity computed pursuant to section 354.44 or a straight life retirement annuity equal to the disability benefit paid prior to the date on which the person attained the age of 65 years, whichever amount is greater, or elect to receive an optional annuity as provided in section 354.45, subdivision 1. Election of an optional annuity shall be made prior to the person attaining the normal retirement age. If an optional annuity is elected, the election shall be effective on the date on which the person attains the normal retirement age and the optional annuity shall begin to accrue on the first day of the month next following the month in which the person attains that age.

354.49 REFUND.

Subdivision 1. Any person who ceases to render teaching service in any school or institution to which the provisions of this chapter apply shall be entitled to a refund provided in subdivision 2, or a deferred retirement annuity. Application for refund may be made no sooner than 30 days after termination of teaching service if the applicant has not again become a teacher. This payment will be made within 90 days after receipt of application for refund or upon completion of processing the report made pursuant to section 354.52, subdivision 2 whichever is later.

Subd. 2. Except as provided in section 354.44, subdivision 1, any person who ceases to be a member by reason of termination of teaching service, shall receive a

refund in an amount equal to the accumulated deductions credited to the account as of June 30, 1957, and after July 1, 1957, the accumulated deductions with interest at the rate of six percent per annum compounded annually. For the purpose of this subdivision, interest shall be computed on fiscal year end balances to the first day of the month in which the refund is issued.

Subd. 3. Refund in certain instances. Any person not covered by the formula program who has attained normal retirement age with less than the minimum service required for an annuity and who ceases to be a member because of termination of teaching service is entitled upon application to a refund in an amount equal to the person's accumulated deductions plus interest at the rates used to compute annuities under section 354.44, subdivision 2 in lieu of a proportionate annuity pursuant to section 356.32. If a person who has attained normal retirement age is eligible for an annuity or is covered by the formula program, the refund is an amount equal to the accumulated deductions credited to the person's account as of June 30, 1957, and after July 1, 1957, the accumulated deductions plus interest at the rate of six percent compounded annually. For the purpose of this subdivision, interest must be computed on fiscal year end balances to the first day of the month in which the refund is issued.

Subd. 4. Membership in the retirement association of any person shall terminate under the following conditions: (1) If a person takes a refund pursuant to this section; (2) When a person's retirement annuity first begins to accrue as provided in section 354.44, subdivisions 1 and 4; (3) Upon the person's ceasing to be a "teacher" whether by resignation, dismissal, or termination of temporary or provisional employment for the purpose of determining eligibility for disability or survivorship benefits as provided in sections 354.48, subdivision 1 and 354.46, subdivision 1, respectively.

Subd. 5. If a person ceases to render teaching service in any school or institution to which the provisions of this chapter apply and does not make application for refund within five years after June 30th of the fiscal year in which the last deduction was taken from salary for the retirement fund and if the accumulated deductions are \$500 or less, such deductions and interest shall be credited to and become a part of the retirement fund. In the event such person returns to render teaching service in any school or institution to which the provisions of this chapter apply and the deductions previously credited to the retirement fund are \$5 or more, such deductions and interest to date of restoration shall be restored to the person's individual account. If the deductions previously credited to the retirement fund are \$5 or more and such person applies for a refund pursuant to this section or an annuity pursuant to section 354.55, subdivision 3, such deductions credited to the retirement fund shall be restored to such person's individual account.

354.50 TERMINATION OF SERVICE CREDITS.

Subdivision 1. Repayment of refund. When any member accepts a refund provided in section 354.49, all existing service credits to which the member was entitled before accepting the refund terminate and are not restored until the former member acquires not less than two years allowable service credit after taking the last refund. In that event the former member may repay the refund. If more than one refund has been taken, all refunds must be repaid. Teaching service covered under the provisions of chapter 354B may be used to fulfill the two-year requirement of this subdivision.

Subd. 2. Interest charge. If a member desires to repay the refunds, payment shall include interest at an annual rate of 8.5 percent compounded annually from date of withdrawal to the date payment is made and shall be credited to the fund.

Subd. 3. [Repealed, 1974 c 289 s 59]

Subd. 4. Any person who has received a refund from the teachers retirement asso-

ciation and who is a member of any public retirement fund referred to in section 354.60 may repay such refund with interest to the teachers retirement association. Repayment of the refunds under the provisions of this subdivision will be in accordance with all the provisions of this section.

Subd. 5. A member who received a refund of variable account accumulations may repay this refund to the member's formula account under this section.

No member shall be entitled to make payments in lieu of salary deductions to the retirement board to receive credit for any period of service prior to that date for which employee contributions were not deducted from the member's salary, except as provided in subdivision 4, or section 354.50 or 354.53.

Subd. 2. [Repealed, 1974 c 289 s 59]

Subd. 3. [Repealed, 1974 c 289 s 59]

Subd. 4. **Other state or school teaching service; purchase of credit.** Any teacher who has rendered teaching service prior to June 30, 1953, in another state, or in a state public school which is not an employing unit with employees for whom retirement coverage is provided pursuant to this chapter, or for the University of Minnesota, who was a member of the fund prior to or after the uncredited teaching service, who is not entitled to any benefits from any other retirement system based on the uncredited teaching service, who has credit for at least 15 years of service as a member of the retirement fund with at least five years of service occurring subsequent to the period of uncredited teaching service, who became a member of the retirement fund prior to June 30, 1957, and who has not accepted a refund of accumulated member contributions or deductions and resumed teaching service covered by the retirement fund after July 1, 1957, shall be entitled to obtain service credit for the period of uncredited teaching service. To obtain service credit, a teacher shall make a payment equal to six percent of the average annual salary of the teacher for the five year period occurring immediately prior to the completion of the minimum service requirement or July 1, 1951, whichever is later, multiplied for the number of years of the period of uncredited teaching service, but not to exceed \$175 annually for any period of uncredited teaching service occurring prior to July 1, 1953, or \$216 annually for any period of uncredited teaching service occurring subsequent to June 30, 1953. The payment made by the teacher shall be accompanied by a matching payment representing the employer contribution. This matching employer contribution payment is to be made by the agency which formerly employed the teacher, except that, at its discretion, the payment may be made by the current employer of the teacher. The payments shall include interest at an annual rate of 8.5 percent compounded annually from the end of the year of uncredited service to the date on which payment is first made. Payment shall be made in a single payment unless the executive director authorizes installment payments. If the payment made is less than the full required payment, including interest, the formula service credit granted shall be adjusted in accordance with section 354.05, subdivision 25, clause (3). Any school district or institution which employs a teacher who makes a payment pursuant to this subdivision is authorized to make any required payments representing employer contributions and interest and the required amounts are hereby appropriated from any funds available to the school district or institution. Any payments made pursuant to this subdivision shall be considered accumulations made after July 1, 1957 for purposes of computing an annuity pursuant to section 354.44, subdivision 2. All payments shall be made to the executive director prior to July 1, 1973 or within one year after the completion of the minimum state teaching service requirements whichever is later.

Subd. 5. In the event that full required member contributions are not deducted from the salary of a teacher, payment shall be made as follows:

(a) Payment of shortages in member deductions on salary earned after June 30, 1957, and prior to July 1, 1981, may be made any time prior to retirement. Payment shall include interest at an annual rate of 8.5 percent compounded annually from the end of the fiscal year in which the shortage occurred to the end of the month in which payment is made and the interest shall be credited to the fund. If payment of a shortage in deductions is not made, the formula service credit of the member shall be prorated pursuant to section 354.05, subdivision 25, clause (3).

(b) Payment of shortages in member deductions on salary earned after June 30, 1981, shall be the sole obligation of the employing unit and shall be payable by the employing unit upon notification by the executive director of the shortage with interest at an annual rate of 8.5 percent compounded annually from the end of the fiscal year in which the shortage occurred to the end of the month in which payment is made and the interest shall be credited to the fund. Effective July 1, 1986, the employing unit shall also pay the employer contributions as specified in section 354.42, subdivisions 3 and 5 for such shortages. If the shortage payment is not paid by the employing unit within 60 days of notification, the executive director shall certify the amount of the shortage payment to the applicable county auditor, who shall spread a levy in the amount of the shortage payment over the taxable property of the taxing district of the employing unit if the employing unit is supported by property taxes, or to the commissioner of finance, who shall deduct the amount from any state aid or appropriation amount applicable to the employing unit if the employing unit is not supported by property taxes.

(c) Payment may not be made for shortages in member deductions on salary earned prior to July 1, 1957.

354.52 REPORTS.

Subdivision 1. [Repealed, 1974 c 289 s 59]

Subd. 2. **Annual summary reports.** On or before August 1 each year, each school board or managing body must report to the executive director giving an itemized summary of the total amount withheld from the salaries of teachers for teachers retirement deductions and all other information the executive director requires. If the itemized summary is received after August 1 in any year, there is a penalty not to exceed \$50 for each month or portion thereof which the summary is delinquent, as determined by the executive director. The penalty must be paid by the school board or the managing body.

Subd. 2a. **Annual postretirement income reports.** Before each February 15, each school board or managing body must report to the executive director the amount of income earned during the previous calendar year by each retiree for teaching service performed after retirement. This annual report must be based on reemployment income as defined in section 354.44, subdivision 5, and it must be made on a form provided by the executive director. Signing the report has the force and effect of an oath as to the correctness of the amount of postretirement reemployment income earned. If the required report is received after February 15 in any year there is a penalty not to exceed \$50 for each month or portion thereof which the report is late, as determined by the executive director. The penalty must be paid by the school board or managing body.

Subd. 3. It is the duty of each person, officer, school board, or managing body required by law to draw the warrants or orders for payment of salaries to teachers to

deduct and withhold from all salary paid each pay period to every teacher who is a member of the fund the amount which the teacher is required to pay into the fund and, at the time of each deduction, to furnish to each teacher a statement showing the amount.

Subd. 4. Reporting and remittance requirements. At least once each month, the chief administrative officer of each employing school district or managing body of schools and institutions to which the provisions of this chapter apply shall transmit all amounts due and furnish a signed statement indicating the amount due and transmitted, and shall transmit a statement containing such other information as the executive director shall require. Signing the statement shall have the force and effect of an oath as to the correctness of the amount due and transmitted. Any amount thus due and not transmitted shall accrue interest at an annual rate of 8.5 percent compounded annually commencing 15 days after the date first due until the amount is transmitted and shall be paid by the employing school district or other managing body. The state treasurer shall credit all money received or withheld pursuant to the provisions of this chapter to the fund and the reports and date received by the state treasurer from each reporting agency shall be available for the board. Any person willfully failing to perform any of the duties imposed by this section shall be guilty of a misdemeanor.

Subd. 5. The state treasurer, the several county treasurers, and the treasurers of the various school districts and institutions to which the provisions of this chapter apply shall be officially liable for the receipt, handling, and disbursement of all moneys coming into their hands belonging to the fund and the sureties on the official bonds of each of these treasurers shall be liable for such moneys the same as for all other moneys belonging to the school funds of this state.

354.53 MILITARY SERVICE CREDIT.

Subdivision 1. Employee and employer contributions. Any employee given a leave of absence to enter military service and who returns to teaching service upon discharge from military service as provided in section 192.262, shall obtain credit for the period of military service but shall not receive credit for any voluntary extension of military service at the instance of the member beyond the initial period of enlistment, induction or call to active duty. The member shall obtain credit by paying into the fund an employee contribution based upon the salary of the member at the date of return from military service. The amount of this contribution shall be as follows:

Period	Basic Member	Coordinated Member
July 1, 1973 thru June 30, 1979	8 percent	4 percent
July 1, 1979 and thereafter	8.5 percent	4.5 percent

The contributions specified in this subdivision shall be multiplied by the number of years of military service together with interest thereon at an annual rate of 8.5 percent compounded annually from the time the military service was rendered to the first date of payment. The employer contribution and additional contribution provided in section 354.42 shall be paid by the unit in the manner provided in section 354.43.

Subd. 2. Calculation of credit. All payments into the fund pursuant to this section shall be considered accumulations after July 1, 1957 for the purpose of computing any annuity in accordance with section 354.44, subdivision 2. If the contributions and interest thereon provided in this section are not paid in full, the member's formula ser-

vice credit shall be calculated by multiplying the number of years of military service by the ratio obtained by the total amount paid and the maximum amount payable provided herein.

Subd. 3. Payments. Payments pursuant to this section shall be made within five years from the date of discharge.

354.55 OPTIONS TO CERTAIN MEMBERS.

Subdivision 1. [Repealed, 1974 c 289 s 59]

Subd. 2. Any election made by a teacher pursuant to Minnesota Statutes 1953, section 135.10, subdivision 3, prior to July 1, 1957, shall continue in effect at such amount and subject to such conditions as the law then in effect permitted.

Subd. 3. Any person who ceased teaching service prior to July 1, 1957, who left accumulated deductions in the fund for the purpose of receiving when eligible, a retirement annuity shall have the annuity computed in accordance with the law in effect at the date the person ceased teaching service, except that if such person has ten or more years of allowable service credit, the retirement annuity shall be determined under the law in effect on June 30, 1969.

Subd. 4. [Repealed, 1974 c 289 s 59]

Subd. 5. [Repealed, 1989 c 319 art 2 s 28]

Subd. 6. Each annuitant who as a member of the fund commenced drawing the annuity between August 1, 1931 and June 30, 1965, but not including the annuitant's beneficiaries, shall be paid ten percent of the present monthly annuity if such annuitant retired pursuant to Minnesota Statutes 1965, sections 354.33 and 354.34 and 15 percent of the present monthly annuity if such annuitant retired pursuant to Minnesota Statutes 1953, section 135.10 and Minnesota Statutes 1965, sections 354.44 and 354.45, in addition to the amounts such annuitant is otherwise entitled to receive under the provisions of Minnesota Statutes 1965, chapter 354.

Subd. 7. [Repealed, 1974 c 289 s 59]

Subd. 8. [Repealed, 1974 c 289 s 59]

Subd. 9. [Repealed, 1974 c 289 s 59]

Subd. 10. Any benefit to which any person may be entitled under this chapter may be reduced in amount upon application of the person entitled thereto to the board of trustees, provided that such person shall first relinquish in writing all claim to that part of the full benefit which is the difference between the benefit which the person would be otherwise entitled to receive and the benefit which the person will receive. The reduced benefit shall be payment in full of all amounts due under this chapter for the month for which the payment is made and acceptance of the reduced benefit releases the retirement association from all obligation to pay to such person the difference between the amount of the reduced benefit and the full amount of the benefit which such person would otherwise have received. After July 1, 1971, any benefit reduced under the provisions of this subdivision may not again be restored.

Subd. 11. Deferred annuity; augmentation. Any person covered under section 354.44, subdivision 6, who ceases to render teaching service, may leave the person's accumulated deductions in the fund for the purpose of receiving a deferred annuity at retirement. Eligibility for an annuity under this subdivision shall be governed pursuant to section 354.44, subdivision 1, or 354.60.

The amount of the deferred retirement annuity shall be determined by section 354.44, subdivision 6, and augmented as provided in this subdivision. The required reserves related to that portion of the annuity which had accrued when the member ceased to render teaching service shall be augmented by interest compounded annually from the first day of the month following the month during which the member ceased to render teaching service to the effective date of retirement. There shall be no augmentation if this period is less than three months or if this period commences prior to July 1, 1971. The rates of interest used for this purpose shall be five percent compounded annually commencing July 1, 1971, until January 1, 1981, and three percent compounded annually thereafter until January 1 of the year following the year in which the former member attains age 55. From that date to the effective date of retirement, the rate is five percent compounded annually. If a person has more than one period of uninterrupted service, a separate average salary determined under section 354.44, subdivision 6, must be used for each period and the required reserves related to each period shall be augmented by interest pursuant to this subdivision. The sum of the augmented required reserves so determined shall be the basis for purchasing the deferred annuity. If a person repays a refund, the service restored by the repayment must be considered as continuous with the next period of service for which the person has credit with this fund. If a person does not render teaching service in any one fiscal year or more consecutive fiscal years and then resumes teaching service, the formula percentages used from the date of the resumption of teaching service shall be those applicable to new members. The mortality table and interest assumption used to compute the annuity shall be the applicable mortality table established by the board under section 354.07, subdivision 1, and the interest rate assumption under section 356.215 in effect when the member retires. A period of uninterrupted service for the purposes of this subdivision means a period of covered teaching service during which the member has not been separated from active service for more than one fiscal year.

In no case shall the annuity payable under this subdivision be less than the amount of annuity payable pursuant to section 354.44, subdivision 6.

The requirements and provisions for retirement before normal retirement age contained in section 354.44, subdivision 6, clause (3) or (5), shall also apply to an employee fulfilling the requirements with a combination of service as provided in section 354.60.

The augmentation provided by this subdivision applies to the benefit provided in section 354.46, subdivision 2.

The augmentation provided by this subdivision shall not apply to any period in which a person is on an approved leave of absence from an employer unit covered by the provisions of this chapter.

Subd. 12. Pre-1973 law retirements. Any member who retires under the law in effect prior to July 1, 1973, shall have that portion of the member's annuity based on accumulations after June 30, 1957, under Minnesota Statutes 1971, section 354.44, subdivision 2, and all accumulations under Minnesota Statutes 1971, section 354.33, subdivision 1, calculated using the mortality table established by the board under section 354.07, subdivision 1, and the interest rate assumption specified in section 356.215 used at the time of that retirement to transfer the required reserves to the Minnesota postretirement investment fund.

Subd. 13. Pre-1969 law retirements. Any person who ceased teaching service prior to July 1, 1968, who has ten years or more of allowable service and left accumulated deductions in the fund for the purpose of receiving when eligible a retirement annuity, and retires shall have the annuity computed in accordance with the law in effect on June 30, 1969, except that the portion of the annuity based on accumulations after June 30, 1957, under Minnesota Statutes 1967, section 354.44, subdivision 2, and accumulations under Minnesota Statutes 1967, section 354.33, subdivision 1, shall be calculated using the mortality table established by the board under section 354.07, subdivision 1, and the interest rate assumption specified in section 356.215, to transfer the required reserves to the Minnesota postretirement investment fund.

Subd. 14. All annuities payable from the Minnesota postretirement investment

MINNESOTA STATUTES 1992

fund which are in effect on June 30, 1973 shall be increased in the same ratio that the actuarially computed reserve for such annuities determined by using an interest assumption of 3-1/2 percent bears to the actuarially computed reserve for such annuities determined by using an interest assumption of five percent. The reserves upon which such increases shall be based shall be the actuarially determined reserves for all Minnesota postretirement investment fund annuities which were in effect on June 30, 1972, in accordance with the mortality assumptions then in effect and at interest assumptions of 3-1/2 percent and five percent. Such ratio of increase computed to the last full 1/100 of one percent shall be applied to all annuities payable from the Minnesota postretirement investment fund which are in effect on June 30, 1973. Notwithstanding the provisions of section 356.18, increases in annuity payments pursuant to this subdivision will be made automatically unless written notice is filed by the annuitant with the teachers retirement association board requesting that the increase shall not be made.

Subd. 15. Notwithstanding the maximum benefit provisions of section 354.46, subdivision 1, all benefits and annuities payable pursuant to sections 354.48; 354.46, subdivision 1 and Laws 1915, chapter 199, as amended, which are in effect on June 30, 1973 shall be increased 25 percent. Such increase shall begin to accrue January 1, 1974. Notwithstanding the provisions of section 356.18, increases in benefit and annuity payments pursuant to this subdivision will be made automatically unless written notice is filed by the annuitant with the teachers retirement association board requesting that the increase shall not be made.

Subd. 16. Any member who ceased to render teaching service during the 1972-1973 fiscal year whose application for retirement becomes effective after June 30, 1973, shall be eligible to receive the new retirement benefits provided by the law in effect on July 1, 1973.

Subd. 17. Teachers who retire after June 30, 1973 and who failed to make an election pursuant to Minnesota Statutes 1971, section 354.145, subdivision 1, clause (1) and subdivision 2, clause (1) shall have their annuity at retirement computed under section 354.44, subdivision 2 or 6, whichever is larger.

Subd. 18. (1) Teachers who retired after June 30, 1972 and before July 1, 1973 who failed to make an election pursuant to Minnesota Statutes 1971, section 354.145, subdivision 1, clause (1) shall have their annuity recomputed under the law in effect on June 30, 1973 under the provisions of either Minnesota Statutes 1971, section 354.33, subdivision 1 or 7, whichever is larger.

(2) Teachers who retired after June 30, 1972 and before July 1, 1973 and who failed to make an election pursuant to Minnesota Statutes 1971, section 354.145, subdivision 2, clause (1) shall have their annuity recomputed under the law in effect on June 30, 1973 under the provisions of either section 354.44, subdivision 2 or 6, whichever is larger.

Subd. 19. Any member or retired former member who is covered by the formula in effect after June 30, 1973, and who made payments to the fund pursuant to Minnesota Statutes 1965, section 354.511, shall upon request receive a refund of such payments.

354.66 QUALIFIED PART-TIME TEACHERS; PARTICIPATION IN FUND.

Subdivision 1. As used in this section, the term "teachers" shall have the meaning given it in section 125.03, subdivision 1, except that the term shall not include superintendents. The term shall also have the meaning given it in section 136.88, subdivision 1.

Subd. 1a. For purposes of this section, the term "board" means a school district board, the state board for community colleges and the state university board.

Subd. 1b. For purposes of this section, the term "district" means a school district, the community college system and the state university system.

Subd. 2. A teacher in the public elementary schools, secondary schools, or technical colleges or in the community college system or the state university system of the state who has 20 years or more of allowable service in the fund or 20 years or more of full-time teaching service in Minnesota public elementary schools, secondary schools, or technical colleges or in the community college system or the state university system, or a teacher in the community college system or state university system who has attained at least age 55 and has ten years or more of allowable service in the fund or ten years or more of full-time teaching service as described in this subdivision, may, by agreement with the board of the employing district, be assigned to teaching service within the district in a part-time teaching position.

Subd. 3. For purposes of this section, the term "part-time teaching position" shall mean a teaching position within the district in which the teacher is employed for at least 50 full days or a fractional equivalent thereof as prescribed in section 354.091, and for which the teacher is compensated in an amount not exceeding 67 percent of the compensation established by the board for a full-time teacher with identical education and experience within the district.

Subd. 4. **Retirement contributions.** Notwithstanding any provision to the contrary in this chapter relating to the salary figure to be used for the determination of contributions or the accrual of service credit, a teacher assigned to a part-time position pursuant to this section shall continue to make employee contributions to and to accrue allowable service credit in the retirement fund during the period of part-time employment on the same basis and in the same amounts as would have been paid and accrued if the teacher had been employed on a full-time basis provided that, prior to June 30 each year, or within 30 days after notification by the association of the amount due, whichever is later, the member and the employing board make that portion of the required employer contribution to the retirement fund, in any proportion which they may agree upon, that is based on the difference between the amount of compensation that would have been paid if the teacher had been employed on a full-time basis and the amount of compensation actually received by the teacher for the services rendered in the part-time assignment. The employing unit shall make that portion of the required employer contributions to the retirement fund on behalf of the teacher that is based on the amount of compensation actually received by the teacher for the services rendered in the part-time assignment in the manner described in section 354.43, subdivision 3. The employee and employer contributions shall be based upon the rates of contribution prescribed by section 354.42. Full accrual of allowable service credit and employee contributions for part-time teaching service pursuant to this section and section 354A.094 shall not continue for a period longer than ten years.

Subd. 4a. [Repealed, 1987 c 398 art 7 s 43]

Subd. 5. A teacher entitled to full accrual of allowable service credit and employee contributions for part time teaching service pursuant to this section shall not be entitled during the same period of time to be a member of, accrue allowable service credit in or make employee contributions to any other Minnesota public employee pension plan, except a volunteer firefighters' relief association governed by sections 69.771 to 69.776.

Subd. 6. **Insurance.** A board of an employing district entering into an agreement authorized by this section shall take all steps necessary to assure continuance of any insurance programs furnished or authorized a full time teacher on an identical basis and with identical sharing of costs for a part time teacher pursuant to this section, provided, however, that the requirements of this sentence may be modified by a collective bargaining agreement between a board and an exclusive representative pursuant to chapter 179. Notwithstanding the provisions of section 43A.25, teachers as defined in section 136.88 employed on a less than 75 percent time basis pursuant to this section shall be eligible for state paid insurance benefits as if the teachers were employed full time.

Subd. 7. Only teachers who are public employees as defined in section 179A.03, subdivision 14, during the school year preceding the period of part-time employment pursuant to this section shall qualify for full accrual of service credit from, and

Notwithstanding the provisions of section 179A.03, subdivision 14, clauses (e) and (f), teachers who are employed on a part-time basis for purposes of this section and who would therefore be disqualified from the bargaining unit by one or both of those provisions, shall continue to be in the bargaining unit during the period of part-time employment pursuant to this section for purposes of compensation, fringe benefits and the grievance procedure.

Subd. 8. No teacher shall qualify for full accrual of service credit from and employee contributions to the retirement association or a teachers retirement fund association for part time teaching service pursuant to subdivision 4 or section 354A.094, subdivision 4, in more than one district at the same time. No teacher shall qualify for full accrual of service credit from and employee contributions to the retirement association or a teachers retirement fund association for part time teaching service during part time employment in a district pursuant to this section in any year when the teacher also takes a full time or part time teaching position in another Minnesota school district.

Subd. 9. [Repealed, 1987 c 398 art 7 s 43]

Subd. 10. Nothing in this section shall be construed to limit the authority of a board to assign a teacher to a part time teaching position which does not qualify for full accrual of service credit from and employee contributions to the retirement fund pursuant to this section.

Subd. 11. Neither subdivision 5 nor 8 shall be construed to prohibit a teacher who qualifies for full accrual of service credit from and employee contributions to the retirement fund pursuant to this section in any year from being employed as a substitute teacher by any school district during that year. Notwithstanding the provisions of sections 354.091 and 354.42, a teacher may not qualify for full accrual of service credit from and employee contributions to the retirement fund for other teaching service rendered for any part of any year for which the teacher qualifies for full accrual of service credit from and employee contributions to the retirement fund pursuant to this section or section 354A.094.
