462A.01 CITATION.

Sections 462A.01 to 462A.24 shall be known as and may be cited as the "Minnesota housing finance agency law of 1971."

History: 1971 c 702 s 1

462A.02 POLICY.

Subdivision 1. It is hereby found and declared that as a result of public actions involving highways, public facilities and urban renewal activities, and as a result of the spread of deteriorated housing and blight to formerly sound urban and rural neighborhoods, and as a result of the inability of private enterprise and investment to produce without public assistance a sufficient supply of decent, safe and sanitary residential dwellings at prices and rentals which persons and families of low and moderate income can afford, there exists within the state of Minnesota a serious shortage of decent, safe and sanitary housing at prices or rentals within the means of persons and families of low and moderate income.

Subd. 2. It is further declared that this shortage of housing for low and moderate income families is inimical to the safety, health, morals and welfare of the residents of the state and to the sound growth and development of its communities. An adequate supply of housing of a variety of housing types serving persons and families of all income levels and properly planned and related to public transportation, public facilities, public utilities and sources of employment and service is essential to the orderly growth and prosperity of the state and its communities. Present patterns of providing housing unduly limit the housing options for many people in the state's urban centers, smaller communities and nonmetropolitan areas.

Subd. 3. It is further declared that continuing present patterns of providing housing in the state will limit the ability of the private building industry and the investment industry to produce, without assistance, the needed construction of sanitary, decent and safe residential dwellings at prices or rentals which persons and families of low and moderate income can afford, will result in a failure to provide sufficient long term mortgage financing for housing for low and moderate income families, and will not assure that additional housing will be provided in sufficient quantity in the areas of need and demand.

Subd. 4. It is further declared that housing assistance programs provided by the federal government are inadequate both in the amount of housing given assistance and the number of dollars available for assistance and that it will not be possible to meet the housing needs of low and moderate income families in Minnesota without state action to supplement federal programs. The legislature also finds that the provision of additional federal resources to assist in the reduction of housing costs for low and moderate income families is dependent upon the state of Minnesota providing administrative capability and a state housing finance program to add to and more effectively utilize federal funds. It is further declared that the provision of an adequate supply of housing for low and moderate income families has been greatly restricted by the rapidly increasing costs of financing housing and that providing an adequate supply of housing to meet the needs of low and moderate income families will not be possible until and unless the cost of mortgage financing for housing for low and moderate income families is reduced by state action.

Subd. 5. It is further declared that in establishing a Minnesota housing finance agency, the legislature is acting in all respects for the benefit of the people of the state of Minnesota to serve a public purpose in improving and otherwise promoting their health, welfare and prosperity and that the Minnesota housing finance agency, as created and established, is empowered to act on the behalf of the people of the state of Minnesota in serving this public purpose for the benefit of the general public.

Subd. 6. It is further declared that it is a valid public purpose to construct housing for low and moderate income families who would otherwise be unable to obtain adequate housing at prices or rentals they could afford, to encourage such construction in the areas of need and demand with a reasonable balance between nonmetropolitan and metropolitan areas of the state, and to assist in the elimination of substandard housing conditions and to prevent the recurrence of such conditions by housing persons of varied economic means and a wide range of incomes in the same developments and neighborhoods properly planned and related to public facilities and sources of employment and services and to provide the necessary powers to accomplish these public purposes.

Subd. 7. It is further declared that housing assistance programs provided by the federal government frequently require cooperation by or coordination with an agency of state government and that the availability of particular housing assistance programs of the federal government may depend upon the existence of an agency in state government with the authority and capacity to coordinate and administer such federal housing assistance programs.

Subd. 8. It is further found and declared that many residential dwellings occupied by persons and families of low and moderate income do not conform to building, housing maintenance, fire, health or other state, county and city codes and standards applicable to housing; that many have a market value substantially below the market value that they would have if rehabilitated; that many are substantially less desirable to live in than they would be if rehabilitated; that many are substantially defective or are inadequate for the number of persons occupying them; that many are uninsurable because of fire risks; that many owners of such dwellings cannot afford to make the needed repairs and improvements without expending more than a reasonable portion of their income for housing, and some are unable to afford any additional amount for housing; and that existing private and public means of enterprise and investment cannot provide financing or assistance on terms and conditions within the means of many such owners. These conditions are adverse to the safety, health, and welfare of the citizens of the

state, and contrary to the public policy of preventing and eliminating blight in urban and rural areas. The rehabilitation of such housing is more economical and less disruptive than replacement and the relocation of the occupants. It is therefore a valid public purpose for the state to preserve and promote the safety, health, and welfare of its citizens by exercise of the powers granted to the Minnesota housing finance agency in this chapter.

Subd. 9. It is further declared that the health, welfare, and personal interests of the mentally ill, mentally retarded, physically handicapped, and drug dependent citizens of Minnesota who are and who may be in need of residential care are better served through the development of a comprehensive, community based system of treatment and care which requires the availability of adequate financing for the construction, renovation, or rehabilitation of residential care facilities as well as sufficient funds for their operational start-up costs.

Subd. 10. It is further declared that supplies of conventional energy resources are rapidly depleting in quantity and rising in price and that the burden of these occurrences falls heavily upon the citizens of Minnesota generally and persons of low and moderate income in particular. These conditions are adverse to the health, welfare, and safety of all of the citizens of this state. It is further declared that it is a public purpose to ensure the availability of financing to be used by all citizens of the state, while giving preference to low and moderate income people, to assist in the installation in their dwellings of reasonably priced energy conserving systems including the use of alternative energy resources and equipment so that by the improvement of the energy efficiency of all housing, the adequacy of the total energy supply may be preserved for the benefit of all citizens.

Subd. 11. It is further declared that it is in the best interests of the citizens of the state of Minnesota that public money used for the purposes of this chapter be used in a manner that best assures the long-term affordability of housing to low- and moderate-income citizens. To achieve that public purpose, the agency shall consider, in the making of grants and loans and other uses of agency resources, the degree to which such grants, loans, and other uses will assure the long-term affordability of the housing, by use of the neighborhood land trust model or other techniques.

462A.05 SPECIFIC POWERS OF THE AGENCY.

Subdivision 1. **Application.** The agency shall have the specific powers and duties set forth in this section.

Subd. 2. **Residential construction loans.** It may make or participate in the making of eligible construction loans to sponsors or builders of residential housing for occupancy by persons or families of low and moderate income. Such loans shall be made only upon determination by the agency that construction loans are not otherwise available, wholly or in part, from private lenders upon equivalent terms and conditions.

Subd. 2a. **Multiunit residential housing grants.** It may make grants to sponsors or builders of multiunit residential housing for occupancy by persons and families of low and moderate income. The grants shall only be made for the construction or rehabilitation of three bedroom apartment units or townhouse units of four bedrooms or more for large low and moderate income families. No grant shall exceed the amount of \$5,000 per unit. In making grants, the agency shall determine the circumstances under which and the terms and conditions under which all or any portion thereof will be repaid and shall determine the appropriate security should repayment be required.

Subd. 3. **Long-term residential housing mortgage loans.** It may agree to purchase, make, or otherwise participate in the making and enter into commitments for the purchase, making, or participation in the making of long-term eligible mortgage loans to sponsors of residential housing for occupancy by persons and families of low and moderate income, or to persons and families of low and moderate income who may purchase residential housing. The loans shall be made only upon determination by the agency that long-term mortgage loans are not otherwise available, wholly or in part, from private lenders upon equivalent terms and conditions. In establishing maximum mortgage amounts and maximum purchase prices for single family dwellings, the agency shall take into account housing cost differences in the regions of the state.

Subd. 3a. **Refinancing nonprofits; residential housing.** It may refinance the existing indebtedness of nonprofit entities, as defined by the agency, secured by residential housing for occupancy by persons and families of low and moderate income, if refinancing is determined by the agency to be necessary to reduce housing costs to an affordable level or to maintain the supply of affordable low-income housing. The authority granted in this subdivision is in addition to and not in limitation of the authority granted in section 462A.05, subdivision 14.

Subd. 4. **Purchase of financial instruments.** It may purchase and enter into commitments for the purchase of eligible securities, certificates of deposit, time deposits, or existing mortgage loans from banks, savings and loan associations, insurance companies, or other financial intermediaries, provided that the agency shall first determine that all or a portion of the proceeds of such instruments will be utilized to make loans for residential housing as defined in section 462A.03, subdivision 7, or all or a portion of the instruments are backed by or otherwise evidence an interest in existing mortgages securing mortgage loans to finance residential housing. In the case of eligible securities backed by existing mortgages, the proceeds must be used in whole or in part either for making loans for residential housing or for preserving the use of existing residential housing by persons and families of low and moderate income.

Subd. 5. **Temporary loans from housing development fund.** It may make temporary loans solely to "nonprofit" or "cooperative housing" sponsors as defined by the agency, with or without interest, and with such security for repayment, if any, as the agency determines reasonably necessary and practicable, solely from the housing development fund, in accordance with the provisions of section 462A.21, to defray development costs to sponsors of residential housing construction for occupancy by persons and families of low and moderate income which development costs are eligible or potentially eligible for construction loans or mortgages.

Subd. 6. **Accepting funds.** It may accept appropriations, gifts, grants, bequests and devises, and utilize or dispose of the same to carry out its corporate purpose.

Subd. 7. **Contractual instruments.** It may make and execute contracts, releases, compromises, compositions and other instruments necessary or convenient for the exercise of its powers, or to carry out its corporate purpose.

Subd. 8. **Service charges.** It may collect reasonable interest, fees, and charges in connection with making and servicing its loans, notes, bonds, obligations, commitments and other evidences of indebtedness, and in connection with providing technical, consultative and project assistance services. Such interest, fees and charges shall be limited to the amounts required to pay the costs of the agency, including operating and administrative expenses, and reasonable allowances for losses which may be incurred.

Subd. 9. **Investment of funds.** It may invest any funds not required for immediate disbursement in accordance with the provisions of section 462A.18, subdivision 2.

Subd. 10. **Sale to federal agencies.** It may sell eligible loans or eligible securities to the Federal National Mortgage Association or any other agency or instrumentality of the United States, and may invest in the capital stock issued by said association or other agency or instrumentality to the extent, if any, required as a condition of such sale.

Subd. 11. **Federal housing assistance supplements.** It may receive federal housing assistance supplements; may administer and distribute said supplements in accordance with the applicable provisions of federal law or regulations governing the administration and distribution of said supplements; and may make and publish such rules as are necessary to enable it to receive, administer, and distribute said supplements in accordance with said federal laws and regulations.

Subd. 12. **Establishment of funds.** It may, from time to time, establish such funds as may be needed in order to receive, administer, and distribute federal housing assistance supplements. All federal housing assistance supplement funds received by the agency are hereby appropriated to the agency.

Subd. 12a. **Mortgage certificate programs.** It may participate in qualified mortgage certificate programs as provided by section 25 of the Internal Revenue Code of 1954, as amended through December 31, 1984.

Subd. 13. **Preference.** In carrying out the policies and purposes declared in section 462A.02, the agency shall prefer those housing projects which are federally subsidized and those loans which are federally insured or guaranteed, to the extent that the agency finds such projects and loans to be available at the times and in the amounts needed to meet the shortage of residential housing for persons and families of low and moderate income.

Subd. 14. **Rehabilitation loans.** It may agree to purchase, make, or otherwise participate in the making, and may enter into commitments for the purchase, making, or participation in the making, of eligible loans for rehabilitation to persons and families of low and moderate income, and to owners of existing residential housing for occupancy by such persons and families, for the rehabilitation of existing residential housing owned by them. The loans may be insured or uninsured and may be made with security, or may be unsecured, as the agency deems advisable. The loans may be in addition to or in combination with long-term eligible mortgage loans under subdivision 3. They may be made in amounts sufficient to refinance existing indebtedness secured by the property, if refinancing is determined by the agency to be necessary to permit the owner to meet the owner's housing cost without expending an unreasonable portion of the owner's income thereon. No loan for rehabilitation shall be made unless the agency determines that the loan will be used primarily to make the housing more desirable to live in, to increase the market value of the housing, for compliance with state, county or municipal building, housing maintenance, fire, health or similar codes and standards applicable to housing, or to accomplish energy conservation related improvements. In unincorporated areas and municipalities not having codes and standards, the agency may, solely for the purpose of administering the provisions of this chapter, establish codes and standards. Except for accessibility improvements under subdivision 14d, no loan for rehabilitation of any property shall be made in an amount which, with all other

existing indebtedness secured by the property, would exceed its market value, as determined by the agency. No loan under this subdivision shall be denied solely because the loan will not be used for placing the residential housing in full compliance with all state, county, or municipal building, housing maintenance, fire, health, or similar codes and standards applicable to housing. Rehabilitation loans shall be made only when the agency determines that financing is not otherwise available, in whole or in part, from private lenders upon equivalent terms and conditions.

Subd. 14a. Rehabilitation loans; existing owner occupied residential housing. It may make loans to persons and families of low and moderate income to rehabilitate or to assist in rehabilitating existing residential housing owned and occupied by those persons or families. No loan shall be made unless the agency determines that the loan will be used primarily for rehabilitation work necessary for health or safety, essential accessibility improvements, or to improve the energy efficiency of the dwelling. No loan for rehabilitation of owner occupied residential housing shall be denied solely because the loan will not be used for placing the residential housing in full compliance with all state, county or municipal building, housing maintenance, fire, health or similar codes and standards applicable to housing. The amount of any loan shall not exceed the lesser of (a) \$10,000, or (b) the actual cost of the work performed, or (c) that portion of the cost of rehabilitation which the agency determines cannot otherwise be paid by the person or family without the expenditure of an unreasonable portion of the income of the person or family. Loans made in whole or in part with federal funds may exceed the maximum loan amount to the extent necessary to comply with federal lead abatement requirements prescribed by the funding source. In making loans, the agency shall determine the circumstances under which and the terms and conditions under which all or any portion of the loan will be repaid and shall determine the appropriate security for the repayment of the loan. Loans pursuant to this subdivision may be made with or without interest or periodic payments. Loans made without interest or periodic payments need not be repaid by the borrower if the property for which the loan is made has not been sold, transferred, or otherwise conveyed nor has it ceased to be the principal place of residence of the borrower, within ten years after the date of the loan.

Subd. 14b. Energy conservation loans. It may agree to purchase, make, or otherwise participate in the making, and may enter into commitments for the purchase, making, or participating in the making, of loans to persons and families, without limitations relating to the maximum incomes of the borrowers, to assist in energy conservation rehabilitation measures for existing housing owned by those persons or families including, but not limited to: weatherstripping and caulking, chimney construction or improvement, furnace or space heater repair, cleaning or replacement, insulation, storm windows and doors, and structural or other directly related repairs essential for energy conservation. Loans shall be made only when the agency determines that financing is not otherwise available, in whole or in part, from private lenders upon equivalent terms and conditions.

Subd. 14c. Neighborhood preservation. It may agree or enter commitments to purchase, make, or participate in making loans described in subdivision 14 for programs approved by the agency for the preservation of designated neighborhoods. To achieve the policy of economic integration stated in section 462A.02, subdivision 6, the programs may authorize loans to borrowers having ownership interests in properties in the neighborhood who are not eligible mortgagors as defined in section 462A.03, subdivision 13. The aggregate original principal balances of noneligible mortgagor loans in a neighborhood benefiting from financing under this subdivision must not exceed 25 percent of the total amount of neighborhood preservation loan funds allocated to the neighborhood under the program.

Subd. 14d. Accessibility loan program. Rehabilitation loans authorized under subdivision 14 may be made to eligible persons and families without limitations relating to the maximum incomes of the borrowers.

A person or family is eligible to receive an accessibility loan under the following conditions:

(1) the borrower or a member of the borrower's family requires a level of care provided in a hospital, skilled nursing facility, or intermediate care facility for persons with mental retardation or related conditions;

(2) home care is appropriate; and

(3) the improvement will enable the borrower or a member of the borrower's family to reside in the housing.

Subd. 14e. Purchase-rehabilitation loans. The agency may agree and enter into commitments to purchase, make, or otherwise participate in making loans to persons or families, without limitations relating to the maximum incomes of the borrowers, for the purchase and rehabilitation of existing owner-occupied residential housing, as provided under subdivision 14.

Subd. 15. Rehabilitation grants. It may make grants to persons and families of low and moderate income to pay or to assist in paying a loan made pursuant to subdivision 14, or to rehabilitate or to assist in rehabilitating existing residential housing owned or occupied by such persons or families. For the purposes of this section, persons of low and moderate income include administrators appointed pursuant to section 566.25, clause (c). No grant shall be made unless the agency determines that the grant will be used primarily to make the housing more desirable to live in, to increase the market value of the housing or for compliance with state, county or municipal building, housing maintenance, fire, health or similar codes and standards applicable to housing, or to accomplish energy conservation related improvements. In unincorporated areas and municipalities not having codes and standards, the agency may, solely for the purpose of administering this provision, establish codes and standards. No grant for rehabilitation of owner occupied residential housing shall be denied solely because the grant will not be used for placing the residential housing in full compliance with all state, county or municipal building, housing maintenance, fire, health or similar codes and standards applicable to housing. The amount of any grant shall not exceed the lesser of (a) \$6,000, or (b) the actual cost of the work performed, or (c) that portion of the cost of rehabilitation which the agency determines cannot otherwise be paid by the person or family without spending an unreasonable portion of the income of the person or family thereon. In making grants, the agency shall determine the circumstances under which and the terms and conditions under which all or any portion thereof will be repaid and shall determine the appropriate security should repayment be required.

The agency may also make grants to rehabilitate or to assist in rehabilitating housing under this subdivision to persons of low and moderate income for the purpose of qualifying as foster parents.

Subd. 15a. Accessibility grants. It may make grants or loans to persons and families of low and moderate income to improve the accessibility of existing residential housing for handicapped occupants, or to assist in paying a loan made pursuant to subdivision 14 to improve the accessibility of existing residential housing for handicapped occupants. The amount of an accessibility grant or loan must not exceed the lesser of the actual cost of the work performed or the part of the cost of rehabilitation the agency determines cannot otherwise be paid by the person or family without spending an unreasonable portion of the income of the person or family on it, based upon the cost of the improvements and other appropriate factors including extraordinary medical expenses. Grants or loans made pursuant to this section may include the payment of money for technical assistance for the design and construction of accessibility improvements. In making grants or loans under this subdivision, the agency shall determine the circumstances under which and the terms and conditions under which all or any portion thereof will be repaid and shall determine the appropriate security should repayment be required. The agency may gather data on available accessible housing financed under this program and make the information available to interested individuals and groups.

Subd. 15b. Energy conservation grants. It may make grants to assist in energy conservation rehabilitation measures for existing owner occupied housing including, but not limited to: insulation, storm windows and doors, furnace or space heater repair,

cleaning or replacement, chimney construction or improvement, weatherstripping and caulking, and structural or other directly related repairs essential for energy conservation. The grant to any household shall not exceed \$2,000.

To be eligible for an emergency energy conservation grant, a household must be certified as eligible to receive emergency residential heating assistance under either the federal or the state program, and either (1) have had a heating cost for the preceding heating season that exceeded 120 percent of the regional average for the preceding heating season for that energy source as determined by the commissioner of trade and economic development, or (2) be eligible to receive a federal energy conservation grant, but be precluded from receiving the grant because of a need for directly related repairs that cannot be paid for under the federal program. The housing finance agency shall make a reasonable effort to determine whether other state or federal loan and grant programs are available and adequate to finance the intended improvements. An emergency energy conservation grant may be made in conjunction with grants or loans from other state or federal programs that finance other needed rehabilitation work. The receipt of a grant pursuant to this section shall not affect the applicant's eligibility for other housing finance agency loan or grant programs.

Subd. 15c. Residential lead abatement. It may make or purchase loans or grants for the abatement of hazardous levels of lead paint in residential buildings and lead contaminated soil on the property of residential buildings occupied by low- and moderate-income persons. Hazardous levels are as determined by the department of health or the pollution control agency. The agency must establish grant criteria for a residential lead paint and lead contaminated soil abatement program, including the terms of loans and grants under this section, a maximum amount for loans or grants, eligible owners, eligible contractors, and eligible buildings. The agency may make grants to cities, local units of government, registered lead abatement contractors, and nonprofit organizations for the purpose of administering a residential lead paint and contaminated lead soil abatement program. No loan or grant may be made for lead paint abatement for a multifamily building which contains substantial housing maintenance code violations unless the violations are being corrected in conjunction with receipt of the loan or grant under this section. The agency must establish standards for the relocation of families where necessary and the payment of relocation expenses. To the extent possible, the agency must coordinate loans and grants under this section with existing housing programs.

The agency, in consultation with the department of health, shall report to the legislature by January 1993 on the costs and benefits of subsidized lead abatement and the extent of the childhood lead exposure problem. The agency shall review the effectiveness of its existing loan and grant programs in providing funds for residential lead abatement and report to the legislature with examples, case studies and recommendations.

Subd. 16. Payments for structural defects. (a) It may make payments or expenditures from the housing development fund to persons of low or moderate income, who are recipients of an eligible loan as defined in section 462A.03, subdivision 11, or who have purchased residential housing from a recipient of such eligible loan, and who are owners and occupants of residential housing constructed or rehabilitated under sections 462A.01 to 462A.24, when, in the agency's determination, such residential housing contains defects or omissions which affect the structural soundness, or the use and the livability of such housing, including but not limited to defects or omissions in materials, hardware, fixtures, design, workmanship and landscaping of whatever kind and nature incorporated in said housing and which are covered by an agency approved warranty, for the purposes of (i) correcting such defects, or (ii) paying the claims of the owner arising from such defects, provided, that this authority shall exist only if the owner has requested assistance from the agency not later than four years after the issuance of the eligible loan, or where such residential housing was rehabilitated under sections 462A.01 to 462A.24 only if the owner has requested assistance from the agency not later than two years after the issuance of the eligible loan.

(b) If such owner elects to receive payments or expenditures pursuant to this section, the agency is subrogated to the right of such owner to recover damages against any party or persons reasonably calculated to be responsible for such damages.

(c) The agency may require from the seller of such residential housing, or the contractor responsible for the construction or rehabilitation of such housing, an agreement to reimburse the agency for any payments and expenditures made pursuant to this subdivision with respect to such residential housing.

Subd. 17. Conventional loans. The agency may make conventional loans, as defined in and in accordance with the conditions and limitations prescribed in section 47.20. Notwithstanding section 47.20, conventional loans owned by the agency on May 30, 1981 or thereafter made or purchased may contain provisions which limit, condition, or prohibit assumption of the loans.

Subd. 18. Loans to nonprofit sponsors. It may make loans to "nonprofit" sponsors as defined by the agency, with or without interest, and with such security for repayment, if any, as the agency determines reasonably necessary and practicable, solely from the housing development fund in accordance with the provisions of section 462A.21, subdivision 9, to encourage innovations in the development or rehabilitation of single and multifamily residential housing including the demonstration of new techniques for energy efficient construction. It may make loans to for-profit sponsors pursuant to this subdivision, provided that the agency shall make the loan with interest at a rate determined by the agency.

It shall promulgate rules, in accordance with chapter 14, relating to the administration of the loans authorized by this subdivision. The rules may define types of projects eligible for loans, criteria for selecting between eligible loans, terms of the loans including interest rates and loan periods, and other characteristics that the agency deems necessary to administer the program.

Subd. 18a. Innovative housing loans. The agency may make loans, with or without interest, and with security for repayment, if any, the agency determines reasonably necessary and practicable, for the financing of innovative housing as described in this section.

(a) The housing shall be cooperative or rental multifamily housing which is designed to provide long-term affordability and which is either owned and operated on a nonprofit cooperative basis by the residents, or owned by a limited-dividend entity and operated by a residents association.

(b) Occupancy shall be restricted to persons and families of low and moderate income as defined in section 462A.03, subdivision 10; provided that the agency shall give priority to proposals that will provide housing to persons and families whose income is 50 percent or less of the statewide median family income, as estimated by the United States department of housing and urban development.

(c) A democratic residents association shall have substantial control over the operation and management of the housing and over the filling of housing unit vacancies.

(d) A training and education program shall be developed by the loan recipient and made available to residents to help them organize and operate the residents association, understand their legal rights and financial interests regarding the property, and manage and maintain the property. The agency shall ensure that a training and education program has been developed prior to approving any loan under this section.

Subd. 19. Loans to veterans. It may make no interest loans of up to \$4,000 to persons and families of low and moderate income who are veterans or veterans' dependents to assist in making down payments to enable them to purchase new or existing housing to be used as their principal place of residence. To be eligible, the veterans or veteran's dependent must be a first time home owner, and must enter into an agreement with the agency, with appropriate security as determined by the agency, to repay the loan amount in full when the property is sold, transferred, or otherwise conveyed, or ceases to be the recipient's principal place of residence. For the purpose of this subdivision, "veteran" means a person residing in Minnesota who has been separated under

honorable conditions from any branch of the armed forces of the United States after having served on active duty for 181 consecutive days or by reason of disability incurred while serving on active duty, and who served at any time during the period from August 5, 1964 to May 7, 1975; and "veteran's dependent" means a person residing in Minnesota who is the unmarried surviving spouse of a veteran.

(1) temporary or transitional housing for low-income persons and families having an immediate need for temporary or transitional housing as a result of natural disaster, resettlement, condemnation, displacement, lack of habitable housing, or other cause as defined by the agency. Loans or grants for residential housing for migrant farmworkers may be made under this paragraph. Residential housing for migrant farmworkers must contain cooking, sleeping, bathroom facilities, and hot and cold running water in the same structure;

(2) housing to be used by low-income persons living alone; and

(3) housing for homeless individuals and families.

(b) Housing under this subdivision must be for low-income families and individuals.

(c) The agency may make planning grants to nonprofit organizations to develop coordinated training and housing programs for homeless adults.

(e) Loans or grants under this subdivision must not exceed 50 percent of the development costs. Donated property may be used to satisfy the match requirement.

(f) All occupants of permanent housing financed under this subdivision must be offered a written lease that complies with section 325G.31, offers the occupants the option to renew, and prohibits eviction of an occupant without good cause.

(g) Priority must be given to viable proposals with the total lowest cost per person served.

(h) The selection criteria for the program must include the following: the extent to which proposals use donated, leased, abandoned, or empty dwellings owned by a public entity or property being sold by the Resolution Trust Corporation or the Department of Housing and Urban Development; and the extent to which applicants consulted with advocates for the homeless, representatives from neighborhood groups, and representatives from labor organizations in preparing the proposal.

Subd. 20a. **Special needs housing for chemically dependent adults.** (a) The agency may make loans or grants to for-profit, limited-dividend, or nonprofit sponsors, as defined by the agency, for residential housing to be used to provide housing to low- and moderate-income persons who are chronic chemically dependent adults.

(6) operate with the guidance of a neighborhood-based board.

Priority for loans and grants made under this paragraph must be given to proposals that address the needs of the Native American population and veterans of military services for this type of housing.

(c) Loans or grants pursuant to this subdivision must not be used for facilities that provide housing available for occupancy on less than a 24-hour continuous basis. To the extent possible, a sponsor shall combine the loan or grant with other funds obtained from public and private sources. In making loans or grants, the agency shall determine the circumstances, terms, and conditions under which all or any portion of the loan or grant will be repaid and the appropriate security should repayment be required.

Subd. 21. Rental property loans. The agency may make or purchase loans to owners of rental property that is occupied or intended for occupancy primarily by low- and moderate-income tenants and which does not comply with the standards established in section 216C.27, subdivision 3, for the purpose of energy improvements necessary to bring the property into full or partial compliance with these standards. For property which meets the other requirements of this subdivision, a loan may also be used for moderate rehabilitation of the property. The authority granted in this subdivision is in addition to and not in limitation of any other authority granted to the agency in this chapter. The limitations on eligible mortgagors contained in section 462A.03, subdivision 13, do not apply to loans under this subdivision. Loans for the improvement of rental property pursuant to this subdivision may contain provisions that repayment is not required in whole or in part subject to terms and conditions determined by the agency to be necessary and desirable to encourage owners to maximize rehabilitation of properties.

Subd. 22. Loans to financial institutions. It may make or participate in the making and enter into commitments for the making of loans to any banking institution, savings and loan association, or other lender approved by the members, organized under the laws of this or any other state or of the United States having an office in this state, notwithstanding the provisions of section 462A.03, subdivision 13, if it first determines that the proceeds of such loans will be utilized for the purpose of making loans to or for the benefit of eligible persons and families as provided and in accordance with sections 462A.01 to 462A.24. Loans pursuant to this subdivision shall be secured, repaid and bear interest at the rate as determined by the members.

Subd. 23. Insuring financial institution loans. The agency may participate in loans or establish a fund to insure loans, or portions of loans, that are made by any banking institution, savings and loan association, or other lender approved by the agency, organized under the laws of this or any other state or of the United States having an office in this state, to owners of renter occupied homes or apartments that do not comply with standards set forth in section 216C.27, subdivision 3, without limitations relating to the maximum incomes of the owners or tenants. The proceeds of the insured portion of the loan must be used to pay the costs of improvements, including all related structural and other improvements, that will reduce energy consumption.

Subd. 24. Housing for elderly, persons with physical or developmental disabilities, and single parent families. It may engage in housing programs for low- and moderate-income elderly, persons with physical or developmental disabilities, or single parent families in the case of home sharing programs, as defined by the agency, to provide grants or loans, with or without interest, for:

- (1) accessibility improvements to residences occupied by elderly persons;

In making the grants or loans, the agency shall determine the terms and conditions of repayment and the appropriate security, if any, should repayment be required. The agency may provide technical assistance to sponsors of home sharing programs or may contract or delegate the provision of the technical assistance in accordance with section 462A.07, subdivision 12.

Housing sponsors who receive funding through these programs shall provide homeowners and tenants participating in a home sharing program with information regarding their rights and obligations as they relate to federal and state tax law including, but not limited to, taxable rental income, homestead credit under chapter 273, and the property tax refund act under chapter 290A.

Subd. 25. Property acquisition, rehabilitation, or lease by agency. The agency, in its own name or in conjunction with other housing sponsors as a joint venturer, partner, shareholder, or member, may, subject to the provisions of subdivision 27, clause (1) acquire, rehabilitate, or lease from private or public parties, housing designed and planned to be sold or rented at prices that low- and moderate-income persons and families can afford, and (2) rent or otherwise dispose of that housing to persons and families of low and moderate income or to housing sponsors to rent or sell the property to those persons and families. The agency may charge rents for the use of the residential housing facilities acquired, rehabilitated, or leased under this subdivision in amounts sufficient to comply with any agreements of the agency, whether in connection with the issuance of bonds or otherwise, including rent in amounts sufficient for reimbursement of all costs of financing by the agency and the payment of those service charges and insurance premiums that the agency determines to be reasonable.

Subd. 26. Formation of nonprofit corporations. It may, when the agency determines it is necessary or desirable to carry out its purposes and to exercise any or all of the powers conferred upon it under sections 462A.01 to 462A.24, and subject to the provisions of subdivision 27, form or consent to the formation of one or more corporations under the Minnesota nonprofit corporation act, as amended, or under other laws of this state. The agency may be a member of the corporations, and the members and employees of the agency from time to time may be members of the board of directors or officers of the corporations. The agency may enter into agreements with them providing for the agency to approve various aspects of their operations. The agency may capitalize the corporations and may acquire all or a part of the corporations' share or member certificates. The agency may require that it approve aspects of the operation of the corporations including the corporations' articles of incorporation or bylaws, directors, projects and expenditures, and the sale or conveyance of projects, and the issuance of obligations. The agency may agree to and may take title to property of the corporations upon their dissolution.

Subd. 27. Conditions of property acquisition by agency. The agency, or the corporations referred to in subdivision 26, may acquire property or property interests under subdivisions 25 and 26 and section 462A.06, subdivision 7, for the following purposes: (1) to protect a loan or grant in which the agency or corporation has an interest; or (2) to preserve for the use of low- and moderate-income persons or families multifamily housing which was (i) previously financed by the agency, or (ii) not financed by the agency but is benefited by federal housing assistance payments or other rental subsidy or interest reduction contracts. Property or property interests acquired for the purpose specified in clause (1) may be acquired by foreclosure, deed in lieu of foreclosure, or otherwise.

Multifamily property acquired as provided in clause (2) must be managed on a fee basis by an entity other than the agency or corporation. The agency or corporation may manage the property on a temporary basis until an agreement is entered into with another entity to manage the property. The agency or corporation shall make the property available for sale at a purchase price and on terms that are mutually agreeable to

the parties. In the sale of property benefited by federal housing assistance, priority must be given to a buyer who agrees to maintain the federal housing assistance.

Subd. 31. **Loans to obtain low-income housing credits.** It may agree to purchase, make, or otherwise participate in the making and enter into commitments for the purchase, making, or participation in the making of loans to provide financing for residential housing for occupancy by persons and families of low and moderate income that qualifies for and will be utilized so as to obtain the benefits of low-income housing credits under section 42 of the Internal Revenue Code of 1986, as amended through December 31, 1988. The limitations on eligible mortgagors contained in section 462A.03, subdivision 13, do not apply to loans under this subdivision, and the loans may be insured or uninsured and may be made with security, or may be unsecured, as the agency deems advisable.

Subd. 32. **Appointment of receivers.** The agency may obtain the appointment of receivers or assignments of rents and profits under sections 559.17 and 576.01 except that the limitation relating to the minimum amounts of the original principal balances of mortgages contained in sections 576.01, subdivision 2, and 559.17, subdivision 2, clause (2), shall be inapplicable to it.

Subd. 33. **Loan coinsurance.** The agency may establish a fund to coinsure loans, with a division of risk as determined by the agency, that are made by any banking institution, savings and loan association, or other lender approved by the agency, organized under the laws of this or any other state or of the United States having an office in this state, to low- and moderate-income purchasers of residential housing to be occupied by them, or to low- and moderate-income persons or families for improvements to residential property that they occupy as their principal place of residence, provided that loan insurance on comparable terms and conditions is not otherwise available in the areas where the borrowers' properties are situated.

Subd. 34. **Home equity conversion loans.** (a) The agency may make, purchase, or make a forward commitment to purchase home equity conversion loans for low or moderate income elderly homeowners. Loan recipients must be at least 62 years of age, have substantial equity in their home, and have an income at or below 50 percent of the greater of statewide or area median income. The agency must inform a program participant of available home equity conversion loan counseling services before making a loan.

The lease agreement must provide for a portion of the lease payment to be escrowed as a down payment on the housing. A property containing two or fewer dwelling units is eligible for financing under the lease-purchase housing program. A loan made under this subdivision must be repaid to the agency upon sale of the housing.

Subd. 37. [Repealed, 1993 c 236 s 19]

Subd. 38. Neighborhood land trusts. The agency may make loans with or without interest for the purpose of funding neighborhood land trusts under sections 462A.30 and 462A.31 from monies other than state general obligation bond proceeds. To assure the long-term affordability of housing provided by the neighborhood land trust, the neighborhood land trust must own the land acquired in whole or in part with a loan from the agency under this section under terms and conditions determined by the agency. The agency may convert the loan to a grant under circumstances approved by the agency.

Subd. 39. Equity take-out loans. The agency may make equity take-out loans to owners of section 8 project-based rental property upon which the agency holds a first mortgage. The agreements may include the United States department of housing and urban development when desirable and appropriate.

Subd. 8. State building code. It may assist the commissioner of administration in the development, implementation and revision of a uniform state building code.

It may delegate, use or employ any federal, state, regional or local public or private agency or organization, including organizations of physically handicapped persons, upon terms it deems necessary or desirable, to assist in the exercise of any of the powers granted in sections 462A.01 to 462A.24 and to carry out the objectives of sections 462A.01 to 462A.24 and may pay for the services from the housing development fund.

Subd. 13. Federal assistance. It may engage or assist in the development and operation of low income housing if the federal government provides assistance in connection with the housing and the development and operation is in conformity with the applicable provisions of federal laws and regulations. The agency shall determine whether the applicable federal laws governing use of such funds permit a portion thereof to be used for residential housing for American Indians within the state.

Subd. 14. American Indians. (a) It may engage in housing programs for low- and moderate-income American Indians developed and administered separately or in combination by the Minnesota Chippewa tribe, the Red Lake band of Chippewa Indians, and the Sioux communities as determined by such tribe, band, or communities. In furtherance of the policy of economic integration stated in section 462A.02, subdivision 6, it may engage in housing programs for American Indians who intend to reside on reservations and who are not persons of low and moderate income, provided that the aggregate dollar amount of the loans for each lender's fiscal year shall not exceed an amount equal to 25 percent of the total dollar amount of all loans made by that lender during the lender's fiscal year at the time of loan application. In developing such housing programs, the tribe, band, or communities shall take into account the housing needs of all American Indians residing both on and off reservations within the state. A plan

for each such program, which specifically describes the program content, utilization of funds, administration, operation, implementation and other matter, as determined by the agency, must be submitted to the agency for its review and approval prior to the making of eligible loans pursuant to section 462A.21. All such programs must conform to rules promulgated by the agency concerning program administration, including but not limited to rules concerning costs of administration; the quality of housing; interest rates, fees, and charges in connection with making eligible loans; and other matters determined by the agency to be necessary in order to effectuate the purposes of this subdivision and section 462A.21, subdivisions 4b and 4c. All such programs must provide for a reasonable balance in the distribution of funds appropriated for the purpose of this section between American Indians residing on and off reservations within the state. Nothing in this section shall preclude such tribe, band, or communities from requesting and receiving cooperation, advice, and assistance from the agency as regards program development, operation, delivery, financing, or administration. As a condition to the making of such eligible loans, the Minnesota Chippewa tribe, the Red Lake band of Chippewa Indians, and the Sioux communities shall:

(1) enter into a loan agreement and other contractual arrangements with the agency for the purpose of transferring the allocated portion of loan funds as set forth in section 462A.26 and to insure compliance with the provisions of this section and this chapter; and

(2) agree that all of their official books and records related to such housing programs shall be subjected to audit by the legislative auditor in the manner prescribed for agencies of state government.

The agency shall submit a biennial report concerning the various housing programs for American Indians, and related receipts and expenditures as provided in section 462A.22, subdivision 9, and such tribe, band, or communities to the extent that they administer such programs, shall be responsible for any costs and expenses related to such administration provided, however, they shall be eligible for payment for costs, expenses, and services pursuant to subdivision 12 and section 462A.21. The agency may provide or cause to be provided essential general technical services as set forth in subdivision 2, and general consultative project assistance services, including, but not limited to, management training, and home ownership counseling as set forth in subdivision 3. Members of boards, committees, or other governing bodies of the tribe, band, and communities administering the programs authorized by this subdivision must be compensated for those services as provided in section 15.0575. Rules promulgated under this subdivision may be promulgated as emergency rules under chapter 14.

(b) The agency may engage in demonstration projects to encourage the participation of financial institutions or other leveraging sources in providing housing opportunities for American Indians. The agency shall consult with the Minnesota Chippewa tribe, the Red Lake band of Chippewa Indians, and the Sioux communities in developing the demonstration projects. The income limits specified in paragraph (a) do not apply to the demonstration projects.

(c) The agency may make home improvement loans under this subdivision without regard to household income.

Subd. 15. Urban Indian housing program. It may engage in housing programs for low and moderate income American Indians residing in the metropolitan area defined in section 473.121, subdivision 2, cities with a population greater than 50,000 persons, and cities with an American Indian population greater than 1,000 persons. The programs shall demonstrate innovative methods of providing housing for urban Indians, may involve the construction, purchase, and rehabilitation of residential housing, and may be administered through any other provision of this chapter. To the extent possible, the programs shall combine appropriated money with other money from both public and private sources, except that interest earned on the portion of an appropriation to be expended for Indian housing programs in the city of Duluth does not have to be combined with money from other sources. Effective June 30, 1985, all money allocated by the agency under this subdivision to programs for urban Indian housing that are not

subject to active contracts shall be reallocated by the agency to programs to fulfill the purposes of this subdivision. Members of boards, committees, or other governing bodies of organizations administering the urban Indian programs authorized by this subdivision must be compensated for those services as provided in section 15.0575. The agency shall consult with the advisory council on urban Indians created pursuant to section 3.922, subdivision 8, in the development of programs pursuant to this subdivision.

Subd. 16. Cooperation with municipal programs. It may establish cooperative relationships with municipal housing and redevelopment authorities and municipalities to develop priorities for the use of agency resources and assistance within municipalities, and to consider municipal housing plans and programs in the process of setting the priorities.

462A.073 SINGLE-FAMILY MORTGAGE BONDS; LIMITATIONS.

Subdivision 1. Definitions. (a) For purposes of this section, the following terms have the meanings given them.

(b) "Existing housing" means single-family housing that (i) has been previously occupied prior to the first day of the origination period; or (ii) has been available for occupancy for at least 12 months but has not been previously occupied.

(c) "Metropolitan area" means the metropolitan area as defined in section 473.121, subdivision 2.

(d) "New housing" means single-family housing that has not been previously occupied.

(e) "Origination period" means the period that loans financed with the proceeds of qualified mortgage revenue bonds are available for the purchase of single-family housing. The origination period begins when financing actually becomes available to the borrowers for loans.

(f) "Redevelopment area" means a compact and contiguous area within which the city finds by resolution that 70 percent of the parcels are occupied by buildings, streets, utilities, or other improvements and more than 25 percent of the buildings, not including outbuildings, are structurally substandard to a degree requiring substantial renovation or clearance.

(g) "Single-family housing" means dwelling units eligible to be financed from the proceeds of qualified mortgage revenue bonds under federal law.

(h) "Structurally substandard" means containing defects in structural elements or a combination of deficiencies in essential utilities and facilities, light, ventilation, fire protection including adequate egress, layout and condition of interior partitions, or similar factors, which defects or deficiencies are of sufficient total significance to justify substantial renovation or clearance.

Subd. 2. Limitation; origination period. During the first ten months of an origination period, the agency may make loans financed with proceeds of mortgage bonds for the purchase of existing housing. Loans financed with the proceeds of mortgage bonds

for new housing in the metropolitan area may be made during the first ten months of an origination period only if at least one of the following conditions is met:

- (1) the new housing is located in a redevelopment area;
- (2) the new housing is replacing a structurally substandard structure or structures;
- (3) the new housing is part of a housing affordability initiative, other than those financed with the proceeds from the sale of bonds, in which federal, state, or local assistance is used to substantially improve the terms of the financing or to substantially write down the purchase price of the new housing; or
- (4) the new housing is accessible housing and the borrower or a member of the borrower's family is a person with a disability. For the purposes of this clause, "accessible housing" means a dwelling unit with the modifications necessary to enable a person with a disability to function in a residential setting. "A person with a disability" means a person who has a permanent physical condition which is not correctable and which substantially reduces the person's ability to function in a residential setting. A person with a physical condition which does not require the use of a device to increase mobility must be deemed a person with a disability upon written certification of a licensed physician that the physical condition substantially limits the person's ability to function in a residential setting.

Upon expiration of the first ten-month period, the agency may make loans financed with the proceeds of mortgage bonds for the purchase of new and existing housing.

Subd. 3. Nonmetropolitan area. The agency shall initiate steps in the non-metropolitan areas of the state similar to those required for the metropolitan area under subdivision 2 to encourage loans for existing housing or for new housing under the conditions specified in subdivision 2.

Subd. 4. Limitation; commitments and loans to builders and developers. The agency may not make available, provide set-asides, or commit to make available proceeds of mortgage bonds for the exclusive use of builders or developers for loans to eligible purchasers for new housing except for new housing described in subdivision 2, clauses (1) and (2). This prohibition is in effect for the total origination period.

Subd. 5. Reporting requirement. The agency shall report to the chairs of the appropriate housing-related standing committees or divisions of the state senate and house of representatives by January 1 of each year detailing new housing activity financed with the proceeds of mortgage bonds, including a description of affordable housing initiatives, the number of loans, the average purchase price, average borrower income, and steps taken to encourage loan activity as required in subdivision 3.

462A.08 BONDS AND NOTES; PURPOSES, TERMS, APPROVAL.

Subdivision 1. The agency from time to time may issue its bonds and notes in such principal amount as, in the opinion of the agency, shall be necessary to provide sufficient funds for achieving its purposes, including the making of eligible loans and the purchase of eligible securities, the payment of interest on bonds and notes of the agency, the establishment of reserves to secure such bonds and notes, and the payment of all other expenditures of the agency incident to and necessary or convenient to carry out its corporate purposes and powers.

Subd. 2. The agency from time to time may issue bonds or notes for the purpose of refunding any bonds or notes of the agency then outstanding, or, with the consent of the original issuer, any bonds or notes then outstanding issued by an issuer other than the agency for the purpose of making or purchasing loans for single family housing or multifamily housing developments, including the payment of any redemption premiums thereon and any interest accrued or to accrue to the redemption date next succeeding the date of delivery of such refunding bonds or notes. The proceeds of any such refunding bonds or notes may, in the discretion of the agency, be applied to the purchase or payment at maturity of the bonds or notes to be refunded, or to the redemption

of such outstanding bonds or notes on the redemption date next succeeding the date of delivery of such refunding bonds or notes and may, pending such application, be placed in escrow to be applied to such purchase, retirement, or redemption. Any such escrowed proceeds, pending such use, may be invested and reinvested in obligations issued or guaranteed by the state or the United States or by any agency or instrumentality thereof, or in certificates of deposit or time deposits secured in such manner as the agency shall determine, maturing at such time or times as shall be appropriate to assure the prompt payment of the principal of and interest and redemption premiums, if any, on the bonds or notes to be refunded. The income earned or realized on any such investment may also be applied to the payment of the bonds or notes to be refunded. After the terms of the escrow have been fully satisfied, any balance of such proceeds and investment income may be returned to the agency for use by it in any lawful manner. All refunding bonds or notes issued under the provisions of this subdivision shall be issued and secured in the manner provided by resolution of the agency. If bonds or notes are issued by the agency to refund bonds or notes issued by an issuer other than the agency, as authorized by this subdivision, the agency and said issuer may enter into such agreements as they may deem appropriate to facilitate such transaction.

Subd. 3. All notes or bonds issued under this section are securities as defined in section 336.8-102 and may be issued as certificated securities or as uncertificated securities. Certificated securities may be issued in bearer or registered form. The agency may perform all actions that are permitted or required of issuers of securities under sections 336.8-101 to 336.8-408. If notes or bonds are issued as uncertificated securities, and this chapter or other law requires or permits the notes or bonds to contain a statement or recital, whether on their face or otherwise, it is sufficient compliance with the law that the statement or recital is contained in the transaction statement or in a resolution or other instrument that is made a part of the note or bond by reference in the transaction statement as provided in section 336.8-202. All notes and bonds so issued may be either general obligations of the agency, secured by its full faith and credit, and payable out of any money, assets, or revenues of the agency, subject to the provisions of resolutions or indentures pledging and appropriating particular money, assets, or revenues to particular notes or bonds, or limited obligations of the agency not secured by its full faith and credit, and payable solely from those moneys, assets, or revenues of the agency as may be authorized by resolution or indenture.

462A.09 BONDS AND NOTES; RESOLUTIONS AUTHORIZING, ADDITIONAL TERMS, SALE.

The notes and bonds of the agency shall be authorized by a resolution or resolutions adopted by the agency, shall bear such date or dates, shall mature at such time or times, shall bear interest at such rate or rates, be in such denominations, be in such form, carry such registration privileges, be executed in such manner, be payable in lawful money of the United States of America, at such place or places within or without the state, and be subject to such terms of redemption prior to maturity as such resolutions or certificates may provide. If, for any reason, whether existing at the date of issue of any bonds or notes or at the date of making or purchasing any loan or securities from the proceeds or thereafter, the interest on any bonds or notes shall be or become subject to federal income taxation, this shall not impair or affect the validity or the provisions made for the security of the bonds or notes. The agency may make such covenants and take or cause to be taken such actions as are in its judgment necessary or desirable to comply with conditions established by federal law or regulations for the exemption of interest on its obligations. The agency may refrain from compliance with such conditions if in its judgment this would serve the purposes and policies set forth in this chapter with respect to any particular issue of bonds or notes, unless this would violate covenants made by the agency. No note shall mature more than ten years from its date or from the date of any note refunded thereby. The maximum maturity of any bond,

whether or not issued for the purpose of refunding, shall be 50 years from its date. The notes and bonds of the agency may be sold at public or private sale, at such price or prices as the agency shall determine; provided that (i) the aggregate price at which an issue of notes or bonds is initially offered by underwriters to investors, as set forth in the agency's official statement with respect to the offering, shall not exceed by more than three percent the aggregate price paid by the underwriters to the agency at the time of delivery; (ii) the commission paid by the agency to an underwriter or agent for placing an issue of notes or bonds with investors shall not exceed three percent of the aggregate price at which the issue is offered to investors as set forth in the agency's offering statement; and (iii) the spread or commission shall be an amount determined by the agency to be reasonable in the light of the risk assumed and the expenses of issuance, if any, required to be paid by the underwriters or agent.

Subd. 9. It may define the acts or omissions to act which shall constitute a default in the obligations and duties of the agency and may provide for the rights and remedies of the holders of bonds or notes in the event of such default, and provide any other matters of like or different character, consistent with the general laws of the state and other provisions of this chapter, which in any way affect the security or protection of the notes or bonds and the rights of the holders thereof.

Subd. 10. **Deferral of issuance and delivery.** It may provide that the agency may defer the issuance and delivery of the bonds to the underwriters to a designated future date when the proceeds of the bonds are required for one or more of the purposes specified in section 462A.08.

The agency shall award grants to counties with a significant number or significant growth in the number of homeless families and that agree to focus their emergency response systems on homeless prevention and the securing of permanent or transitional housing for homeless families. The agency shall take into consideration the extent to which the proposed project activities demonstrate ways in which existing resources in an area may be more effectively coordinated to meet the program objectives specified under this section in awarding grants.

Subd. 3. Set aside. At least one grant must be awarded in an area located outside of the metropolitan area as defined in section 473.121, subdivision 2. Subd. 4. Project requirements. Each project must be designed to stabilize families in their existing homes, shorten the amount of time that families stay in emergency shelters, and assist families with securing transitional or permanent affordable housing throughout the grantee's area of operation. Each project must include plans for the following:

- (1) use of existing housing stock, including the maintenance of current housing for those at risk;
- (2) leveraging of private and public money to maximize the project impact;
- (3) coordination and use of existing public and private providers of rental assistance, emergency shelters, transitional housing, and affordable permanent housing;
- (4) targeting of direct financial assistance including assistance for rent, utility payments or other housing costs, and support services, where appropriate, to prevent homelessness and repeated episodes of homelessness;
- (5) efforts to address the needs of specific homeless populations;
- (6) identification of outcomes expected from the use of the grant award; and
- (7) description of how the organization will use other resources to address the needs of homeless individuals.

Subd. 5. Authorized uses of grant. A grant may be used to prevent or decrease the period of homelessness of families and to decrease the time period that families stay in emergency shelters. Grants may not be used to acquire, rehabilitate, or construct emergency shelters or transitional or permanent housing. Grants may not be used to pay more than 24 months of rental assistance for a family.

Subd. 6. Advisory committee. Each grantee shall establish an advisory committee consisting of a homeless advocate, a homeless person or formerly homeless person, a member of the state interagency task force on homelessness, local representatives, if any, of public and private providers of emergency shelter, transitional housing, and permanent affordable housing, and other members of the public not representatives of those specifically described in this sentence. The grantee shall consult on a regular basis with the advisory committee in preparing the project proposal and in the design, implementation, and evaluation of the project. The advisory committee shall assist the grantee as follows:

The purpose of the project is to provide rental assistance to families who, at the time of initial eligibility for rental assistance under this section, were receiving public assistance, and had a caretaker parent participating in a self-sufficiency program and at least one minor child. The demonstration project is limited to counties with high average housing costs. The program must offer two options: a voucher option and a project-based voucher option. (b) Within the limits of available appropriations, eligible families may receive monthly rent assistance for a 36-month period starting with the month the family first receives rent assistance under this section. The amount of the family's portion of the rental payment is equal to at least 30 percent of gross income.

(c) The rent assistance must be paid by the local housing organization to the property owner.

(d) Subject to the limitations in paragraph (e), the amount of rent assistance is the difference between the rent and the family's portion of the rental payment.

(e) In no case:

(1) may the amount of monthly rent assistance be more than \$200;

(2) may the owner receive more rent for assisted units than for comparable unassisted units; nor

Gap financing is financing for the difference between the cost of the improvement of the blighted property, including acquisition, demolition, rehabilitation, and construction, and the market value of the property upon sale. The agency shall take into account the amount of money that the city leverages from other sources in awarding grants and loans. Cities may use the grants and loans to establish revolving loan funds and to provide grants and loans to eligible mortgagors. The city may determine the terms and conditions of the grants and loans. An agency loan may only be used by a city to make loans.

Subd. 3. Requirements. The agency may require an organization to match program money with other money or resources.

Subd. 3. Organization eligibility. A nonprofit organization must be able to demonstrate that it is qualified to deliver program services, has relevant expertise in mortgage foreclosure prevention or landlord and tenant procedures, and is able to perform the duties required under the program. An organization must provide the agency with a detailed description of how the proposed program would be administered, including the qualifications of staff. An organization may not be part of, nor affiliated with, a mortgage lender nor provide assistance to a household which occupies a housing unit owned or managed by the organization.

Subd. 4. Selection criteria. The agency shall take the following criteria into consideration when determining whether an organization is qualified to administer the program:

- (1) the prior experience of the nonprofit organization in establishing, administering, and maintaining a mortgage foreclosure prevention or a rental assistance program;

- (3) the reasonableness of the proposed budget in meeting the program objectives;

(c) Financial assistance consists of:

(1) payments for delinquent mortgage or contract for deed payments, future mortgage or contract for deed payments for a period of up to six months, property taxes, assessments, utilities, insurance, home improvement repairs, or other costs necessary to prevent foreclosure; or

(2) delinquent rent payments, utility bills, any fees or costs necessary to redeem the property, future rent payments for a period of up to six months, and relocation costs if necessary.

(d) An individual or family may receive the lesser of six months or \$4,500 of financial assistance.

The repayment agreement for mortgages or contract for deed buyers must provide that in the event the property is sold, transferred, or otherwise conveyed, or ceases to be the recipient's principal place of residence, the recipient shall repay all or a portion of the financial assistance. The agency may take into consideration financial hardship in determining repayment requirements. The repayment agreement may be secured by a lien on the property for the benefit of the agency.

Subd. 8. Report. By January 10 of every year, each nonprofit organization that delivers services under this section must submit a report to the agency that summarizes the number of people served, the number of applicants who were not served, sources and amounts of nonstate money used to fund the services, and the number and type of referrals to other service providers. The agency shall annually submit a report to the legislature by February 15 that summarizes the service provider reports, and provide an assessment of the effectiveness of the program in preventing mortgage foreclosure and homelessness.

Each such loan shall be repaid in full by the borrower to the agency concurrent with the initial endorsement of such borrower's eligible construction loan, unless the authority extends the period for the repayment of the advances. In no event shall the time of repayment be extended later than the date of the final endorsement of the eligible mortgage loan. If no permanent financing is obtained the loan shall be repaid in accordance with such terms and conditions as the agency has prescribed by rule.

Subd. 3. Planning grants. It may make planning grants to local communities, pursuant to rules promulgated by the agency, in such amounts as the agency determines, not to exceed the net costs, exclusive of any federal or other aid or assistance, as are incurred by the local community in planning for land and building acquisition, improvements, renewal, relocation or conservation. Such grants shall be limited to planning for specific sites upon which housing is, or is to be, situated and sites designated for other uses that are reasonably related to such housing.

The agency shall adopt rules specifying the eligible uses of grant money. Funding priority must be given to those applicants that include low-income persons in their membership, have provided housing-related services to low-income people, and demonstrate a local commitment of local resources, which may include in-kind contributions. Subd. 4b. Establishment of loan funds. It may establish loan funds and may make eligible loans from them, at rates of interest and with security as the agency deems advisable, if each loan is determined by the agency to be necessary to permit the occupant of residential housing financed wholly or in part by the loan to meet the occupant's housing costs without expending an unreasonable portion of the occupant's income on them. It may combine loan funds established pursuant to legislative appropriations with loan funds established for the same or similar purposes pursuant to the sale of its notes or bonds, and such combined funds may be deposited with a trustee. Portions of these funds derived from appropriations or the sale of its notes or bonds may be set aside as reserves against losses on loans to be made from the combined funds. The improvements shall not be inconsistent with the energy standards as promulgated as part of the state building code; provided that the improvements need not bring the housing into full compliance with the energy standards. Any loan for such purpose shall be made only upon determination by the agency that such loan is not otherwise available, wholly or in part, from private lenders upon equivalent terms and conditions. A city or county is eligible to receive a reserved portion of the state ceiling under this subdivision if it submits a written request to the agency within 45 days after June 2, 1987, to act as a designated housing credit agency as provided in section 42 of the Internal Revenue Code of 1986. The greater Minnesota pool must be allotted the amount remaining after the metropolitan pool's percentage has been allotted.

The set-aside for qualified nonprofit organizations must be divided between the two regional pools in the same percentage as determined for the credit amounts above.

Subd. 2. **Credit formula.** The agency shall reserve to each eligible city and county a percentage amount from the appropriate regional pool equal to the city's or county's percentage share of the total population of the counties comprising the pool and multiplied, in 1990 by 1.25. 462A.30 DEFINITIONS.

Subdivision 1. **Applicability.** The definitions in this section apply to sections 462A.02, subdivision 11, 462A.30, and 462A.31.

Subd. 2. **Agency.** "Agency" means the Minnesota housing finance agency.

Subd. 3. **First option to purchase.** "First option to purchase" means a right of a neighborhood land trust or the agency to purchase all or any portion of the improvements and leasehold interest of a lessee, sublessee, or other resident of property subject to a ground lease, prior to the rights of any other party and at a limited equity price.

Subd. 4. **Ground lease.** "Ground lease" means a lease of real property in which the lease does not include buildings or other improvements.

Subd. 5. **Leasehold interest.** "Leasehold interest" means the real property interest of a lessee in a ground lease in which the neighborhood land trust is the lessor.

Subd. 6. **Limited equity formula.** "Limited equity formula" means a method, approved by the agency, for calculation of the limited equity price, designed to maintain the affordability of the housing and the public subsidy.

Subd. 7. **Limited equity price.** "Limited equity price" means a price for the sale of any building or other improvement located on land owned by a neighborhood land trust determined by means of the limited equity formula.

Subd. 8. **Neighborhood land trust.** "Neighborhood land trust" means a city or a nonprofit corporation organized under chapter 317A that complies with section 462A.31 and that qualifies for tax exempt status under United States Code, title 26, section 501(c)(3), and that meets all other criteria for neighborhood land trusts set by the agency.

462A.31 NEIGHBORHOOD LAND TRUSTS.

Subdivision 1. **Purposes.** A neighborhood land trust must have as one of its purposes the holding of land and the leasing of land for the purpose of preserving the affordability of housing on that land for persons and families of low and moderate income.

Subd. 2. **Powers.** A neighborhood land trust may have any or all of the powers permitted to a nonprofit corporation under chapter 317A, except that a neighborhood land trust must have the power to buy and sell land, to mortgage and otherwise encumber land, and to negotiate and enter into ground leases with an initial term of up to 99 years.

Subd. 3. **Restrictions.** A ground lease in which a neighborhood land trust is the lessor must contain provisions designed to preserve the affordability of housing on the land. Each ground lease must reserve to the neighborhood land trust the first option to purchase any building or improvement on the land, or any condominium or cooperative unit located in a building on the land, at a limited equity price specified in the ground lease. Each ground lease must grant to the Minnesota housing finance agency the right to exercise that first option to purchase if the neighborhood land trust does not, for any reason, exercise the first option. Each ground lease must exempt sales to persons and families of low and moderate income from the provisions granting the first option to purchase to the neighborhood land trust and to the Minnesota housing finance agency. Sales to persons and families of low and moderate income are not exempt from the limited equity price. A ground lease may also contain appropriate restrictions on:

- (1) subletting or assigning the ground lease;
- (2) construction and renovation of buildings and other improvements; and
- (3) sale of buildings and improvements.

Subd. 4. **Mortgages.** (a) A ground lease with a neighborhood land trust must prohibit the lessee from mortgaging the lessee's interest in the lease or in buildings or other improvements without the consent of the neighborhood land trust. A ground lease may obligate a neighborhood land trust as lessor and fee title holder to consent to, join in, or subordinate its interest to, a mortgage entered into by a lessee as mortgagor for the purpose of obtaining financing for acquisition, construction, or renovation of housing on the land. A lease provision so obligating a neighborhood land trust must specify that the mortgage must provide to the neighborhood land trust the right to receive from the mortgagee prompt notice of default in the mortgage and the right to cure the default or to purchase the mortgagee's interest in the mortgage. The limited equity price and provisions in subdivision 3 do not apply if the lessee or the neighborhood land trust fails to cure the default or purchase the mortgagee's interest in the mortgage.

(b) A ground lease with a neighborhood land trust must provide that the neighborhood land trust will not, during the term of the lease, mortgage or otherwise encumber

its interest in the property or permit any liens on its interest in the property to exist. This prohibition does not apply to mortgages that require the mortgagee to subordinate the lien of its mortgage to a mortgage entered into by a lessee as mortgagor for the purpose of obtaining financing for acquisition, construction, or renovation of housing on the land.

Subd. 5. Rights of heirs. A ground lease with a neighborhood land trust must provide that the heirs of the lessee may assume the lease, if the heirs agree to occupy the lease property as their homestead. For purposes of this subdivision, "the heirs" means the heirs at law of a lessee who dies intestate or the devisees of a lessee who dies testate.

Subd. 6. City land trust. A city may by resolution determine to act as a neighborhood land trust with the powers and duties described in subdivisions 1 to 5.

Subd. 7. Recording of ground lease. Any ground lease held by a neighborhood land trust shall include the legal description of the real property subject to the ground lease and shall be recorded with the county recorder or filed with the registrar of titles in the county in which the real property subject to the ground lease is located.
