574.02 STATE MAY TAKE FIDELITY INSURANCE.

The legislative auditor, from time to time, shall make surveys of each department or agency of the state government to determine the employees in the department or agency whose fidelity should be assured by individual bond or fidelity insurance policy, and the amount of such bond or insurance necessary for each such employee, and shall submit a list thereof to the commissioner of administration for action thereon. The commissioner may approve in whole or in part and shall certify the action taken thereon to the directing head of each such department or agency, who shall require each of the employees so listed to give bond to the state in the amount indicated in such certificate. The commissioner in such certificate may direct that, in lieu of individual bonds so required, the directing head of any such department or agency shall procure and keep in effect a schedule or position insurance policy, in such aggregate amount as the commissioner shall direct, insuring the fidelity of such department employees in the respective amounts so required, upon a form to be prescribed by the legislative auditor. Such policy may cover also the subordinate officers of such department required by law to give bond to the state, and in the amount which the commissioner shall require. The surety upon the bonds of all state officers and state employees required under any law of the state shall be a corporation authorized to act as sole surety upon such official bonds, and all such bonds shall be approved by the attorney general

If schedule or position insurance is provided covering the personnel of any department or agency all individual fidelity bonds covering such officers or employees theretofore bonded shall be canceled and a proportionate part of the premiums paid therefor refunded.

No judgment shall be entered within 30 days after the giving of such notice and the state or other corporation or department with which such bonds are pledged and any other person entitled to the protection of such pledge may be admitted on its motion as a party to the action, and the court shall determine the rights of all parties in the premises. In such suit or other appropriate action in which the corporation or department holding the bonds is a party, the court may order the bonds, or a part of them sufficient to pay the unpaid claims, sold at public auction or private sale or on the New York stock exchange and from the proceeds, after deducting the costs of sale, make payments among the parties to the suit entitled thereto; if the proceeds are insufficient to pay the claims in full, they may be paid pro rata. If the state or other corporation or department does not appear and defend, it may, after entry of judgment in favor of such claimants, enforce the pledge and sell the securities at public or private sale or upon the New York stock exchange, and it shall have in addition any and all rights and remedies given pledgees by law for the enforcement of their securities, but it shall not be required to sell such security until 90 days after completion of contract and acceptance of the work done, as provided in section 574.09, or until the work is completed at the instance of the corporation if abandoned by the contractor.

Upon the execution issued on a judgment recovered upon the official security of a public officer, against the officer and a surety, there shall be endorsed a direction to the officer to whom the same is delivered to collect the same out of the property of the principal, if sufficient can be found, and, if not, out of the property of the surety.

574.26 CONTRACTORS' BONDS FOR PUBLIC WORK.

Subdivision 1. **Citation.** (a) Sections 574.26 to 574.32 are the "public contractors' performance and payment bond act," within those sections referred to as "the act."

(b) For the purposes of the act:

(1) "public body" means the state, municipal corporation, school district, or other public board or body; and

(2) "labor and materials" means work, skill, tools, machinery, materials, insurance premiums, equipment or supplies, or taxes incurred under section 290.92 or chapter 297A; and

(3) "contract" means a contract with a public body for the doing of public work.

Subd. 2. **Terms.** Except as provided in sections 574.263 and 574.264 or if the amount of the contract is \$10,000 or less, a contract with a public body for the doing of any public work is not valid unless the contractor gives (1) a performance bond to the public body with whom the contractor entered into the contract, for the use and benefit of the public body to complete the contract according to its terms, and conditioned on saving the public body harmless from all costs and charges that may accrue on account of completing the specified work, and (2) a payment bond for the use and benefit of all persons furnishing labor and materials engaged under, or to perform the contract, conditioned for the payment, as they become due, of all just claims for the labor and materials. Reasonable attorneys' fees, costs, and disbursements may be awarded in an action to enforce claims under the act if the action is successfully maintained or successfully appealed.

Subd. 3. **Penalty.** The penalty of each bond must not be less than the contract price, and if after the giving of the bond the contract price is increased, for any reason, the public body may require additional bonds, the penalties of which shall be not less than the amount of the increase, and if the additional bonds are not furnished within ten days after demand, the work on the contract shall cease until the additional bonds are furnished. In contracts made by the commissioner of administration or the department of transportation of the state, the commissioner of administration or the commissioner of transportation, respectively, may fix the amount of the bond penalty, but at not less than three-quarters of the contract price.

574.261 SECURITY IN PLACE OF BOND.

Subdivision 1. Certified or cashier's check. With the approval of the commissioner of administration and if the amount of the contract is not more than \$5,000 a person may make a contract with the state to do public work and in place of giving the bonds required by section 574.26, submit to the commissioner of administration for deposit with the state treasurer (1) a certified check or cashier's check in the same amount as is required for a performance bond as security to protect the state, and (2) a certified or cashier's check in the same amount as is required for a payment bond for all persons furnishing labor and materials under or to perform the contract. The deposits are security for the payment, as they become due, of all just claims for labor and materials and for the performance and completion of the contract according to its terms.

Subd. 1a. Letters of credit. Whenever Laws 1994, chapter 419, or other law or home rule charter requires a performance bond from a contractor doing a public work project of under \$50,000 for a public body, the public body may permit the contractor to provide, in place of the performance bond, an irrevocable bank letter of credit in the same amount as required for the bond and subject to the same conditions as the bond.

Subd. 2. Claims. A person entitled to the protection of the deposit in place of a payment bond and wishing to take advantage of its benefits shall, no later than 120 days after the person's last contribution of labor and materials was furnished to the public work that is the subject of the contract, notify in writing the commissioner of administration and the state treasurer of the person's claim, giving the names of the parties involved and the amount and nature of the claim. If an action is commenced to obtain the benefit of the deposit in place of a payment bond, a judgment must not be entered within 30 days after giving the notice of the claim and the state or any person entitled to the protection of the deposit may be admitted on its motion as a party to the action and the court shall determine the rights of all parties in the premises. In such suit in which the state treasurer is a party, the court may order the treasurer to make payment among the parties to the suit entitled to payment. If the amount of the deposit is insufficient to pay the claims in full, the court may direct that they be paid on a prorated basis. The deposit in place of a payment bond made with the treasurer under this section shall be held by the treasurer for 120 days after the last item of labor and materials was furnished to the public work that is the subject of the contract. If a claim is not filed within the 120-day period, the deposit shall be returned to the person making it. If a claim is filed within the 120-day period, the deposit shall be disbursed by the state treasurer under an order of the court.

Subd. 3. Appropriation. Money deposited with the state treasurer under this section is annually appropriated to the state treasurer to carry out this section.

574.262 SMALL BUSINESS.

Subdivision 1. Bonds. To carry out the programs, established elsewhere by law, for awarding certain portions of state construction and procurement contracts and subcontracts to small businesses and small businesses owned by economically and socially disadvantaged persons, the commissioners of administration and transportation may, when deemed appropriate, arrange, through competitive bidding or negotiation, to partially indemnify bonding companies which provide bid, performance, and payment bonds covering all or any part of the construction and procurement contracts or subcontracts which are designated for award to small businesses and small businesses owned by economically and socially disadvantaged persons. The amount of the indemnity for all the bonds on each contract shall not exceed \$100,000. Bonds which are subject to indemnity shall be provided to contractors at a cost which shall not exceed the cost of bid, performance, and payment bonds if purchased in the usual manner by other businesses for similar contract work or procurement.

Subd. 2. **Participation limit.** No small business or small business owned and operated by economically and socially disadvantaged persons shall be eligible for bonding pursuant to this section for a period of more than five years from the date that the small business or small business owned and operated by economically and socially disadvantaged persons received its first bond pursuant to this section.

Subd. 3. [Repealed, 1989 c 155 s 5]

Subd. 4. **Encumbrance not applicable.** Agreements of indemnity entered into pursuant to subdivision 1 shall not be subject to encumbrance requirements imposed by other provisions of law.

574.263 FORESTRY DEVELOPMENT PROJECTS.

Subdivision 1. **Definition.** For the purposes of this section and section 574.264, "forestry development project" includes site preparation by discing, shearing, rock raking or piling, patch scarification, or furrowing; tree planting; tree seeding; tree pruning; timber stand improvement by thinning or clearing existing forest trees by manual, mechanical, or chemical techniques; or forest road and bridge construction, reconstruction, and maintenance.

Subd. 2. **Contractor's bond.** A contract with the state for a forestry development project may require a performance bond at the discretion of the commissioner of natural resources. If the commissioner determines that a performance bond is required, it shall not be less than five percent of the contract price.

Subd. 3. **Bid deposit in place of performance bond.**

For a contract made by the commissioner for a forestry development project, the commissioner may require a bid deposit in place of a performance bond for charges that may accrue because of doing the specified work and to enforce the terms of the contract. The commissioner may set the amount of the bid deposit, but it may not be less than five percent of the contract price.

Subd. 4. **Payment bond.** A contract with the state for a forestry development project may require a payment bond at the discretion of the commissioner of natural resources. If the commissioner determines that a payment bond is required, the commissioner also has the discretion to decide whether the bond may be in the form of securities in place of a bond as provided in section 574.264. If so, the securities cannot have less value than five percent of the contract price.

574.264 SECURITY IN PLACE OF BOND.

Subdivision 1. **Forest development projects.** In place of a performance or payment bond or bid deposit for a state contract for a forestry development project less than \$50,000, the person required to file the bond or bid deposit may deposit in a local designated state depository or with the state treasurer a certified check, a cashier's check, a postal, bank, or express money order, assignable bonds or notes of the United States, or an assignment of a bank savings account or investment certificate or an irrevocable bank letter of credit, in the same amount that would be required for the bond or bid deposit. If securities listed in this section are deposited, their value shall not be less than the amount required for the bond or bid deposit and the person required to file the bond or bid deposit shall submit an agreement authorizing the commissioner to sell or otherwise take possession of the securities in the event of default under the contract or non-payment of any persons furnishing labor and materials under, or to perform, the contract.

Subd. 2. **Claims against securities in place of bid deposits.** Securities in place of payment bonds are subject to claims as provided for other deposits in section 574.261, subdivision 2.

574.27 BIDDERS TO HAVE RIGHT OF ACTION IN CERTAIN CASES.

A public body may require that a bidder provide a bid bond or other security as a proposal guaranty that the bidder will enter into a contract if its bid is accepted. Any bidder upon any public work or public improvement of any kind in this state where bids are received and where, in connection with such bids, a deposit of money, or a certified check, or bid bond or other security must be provided with the bid, the public body causing such public work or other public improvement to be made or done shall be liable to such bidder for a return of the money, certified check, or other thing of value so deposited if the bidder's bid on such public work or improvement is not accepted, or if the bidder's bid is accepted before the bid expires, after the bidder enters into a contract for the work and provides acceptable security in connection with it. This liability exists even though the failure to return the money, certified check, or other thing of value is due to the defalcation or unlawful conversion of the thing of value by the officer of the public body charged with the custody of it.

574.28 APPROVAL AND FILING OF BOND.

Before beginning work on the contract for the public work, the contractor on whose behalf the payment and performance bonds were issued must file both bonds with the treasurer, board, or officer having financial management of the obligee named in the bonds. The payment and performance bonds must list the address of the contractor on whose behalf the bonds were issued and of the surety providing the bonds. The payment and performance bonds, if acceptable in form and content, must be approved by the board or officer having financial management of the obligee, or by the obligee's treasurer. An assignment, modification, or change of the contract, or change in the work covered by the contract, or an extension of time to complete the contract, does not release the sureties on the bonds.

574.29 FAILURE TO GET PAYMENT BOND.

If the state or other public body fails to get and approve a valid payment bond or securities in place of a payment bond as required by the act, the public body for which work is done under the contract is liable to all persons furnishing labor and materials under or to perform the contract for any loss resulting to them from the failure. The public body is not liable if the bond does not list the proper address of the contractor on whose behalf the bond was issued or of the surety providing the bond.

History: (9703) RL s 4537; 1986 c 444; 1994 c 419 s 9

574.30 INSOLVENT OR INSUFFICIENT SURETIES.

When, in the obligee's judgment, a surety on a bond required by the act is insolvent, or for any cause is no longer a proper or sufficient surety, the obligee may require the contractor to furnish a new or additional bond within ten days; and thereupon, if so ordered by the obligee, all work on the contract must cease until the new or additional bonds are furnished. If the bonds are not furnished within the ten days, the obligee may, at its option, terminate the contract and complete the same as the agent, and at the expense of the contractor and its sureties.

574.31 LIMIT OF TIME TO BRING ACTION.

Subdivision 1. **Claims on performance bonds.** In the event of a claim by the public body on a performance bond, no action shall be maintained later than permitted under the statute of limitations applicable to the claim. As a condition precedent to bringing an action upon a performance bond, the public body must first serve written notice of claim under the contractor's bond personally or by certified mail upon the surety who issued the bond and upon the contractor on whose behalf the bond was

(c) An action to enforce a claim against the surety under the bond must be commenced within one year from the date of completion, delivery, or provision by the claimant of its last item of labor and materials for the public work stated in its notice of claim. If no notice of claim was required because the contractor providing the bond failed to comply with the requirements of section 574.28, then any action under the bond must be commenced within one year from the actual date of completion, delivery, or provision by the claimant of its last item of labor and materials for the public work. Any other person having a cause of action on a payment bond may be admitted, on motion, as a party to the action, and the court shall determine the rights of all parties. 574.32 APPLICATION OF PAYMENTS.

If a claimant on a payment bond had actual knowledge or should have known that a payment it received was for labor and materials supplied under, or to perform, public work under which a payment bond was provided, then the claimant must prove that it applied the payment to its account for that public work. Its claim must be reduced to the extent it cannot so prove.

574.33 ACTIONS FOR FINES, FORFEITURES, AND PENALTIES; COLLUSION.

Actions for fines and forfeitures may be prosecuted by the officers or persons to whom they are by law given, or who by special provisions of law are authorized to recover them; and, whether prosecuted by public officers or by private persons, shall be governed by the same rules as other civil actions, except as herein otherwise prescribed. When an action is brought for a penalty, the amount of which is limited by law, it may be brought for the amount so limited, and upon trial the amount recovered shall be in proportion to the offense. Recovery of a judgment for a penalty or forfeiture, by collusion between the parties and with intent to save the defendant from the consequences contemplated by law, where the same is given wholly or partly to the prosecutor, shall not prevent a recovery of the same by another person.

The county shall pay for any costs associated with incarceration.

In all cases of the imposition of a fine pursuant to statute, as punishment for any offense, the offender may be committed until it is paid or the offender is otherwise discharged according to law.
