REGULATION

62A.01 POLICY OF ACCIDENT AND SICKNESS INSURANCE.

Subdivision 1. **Definition.** The term "policy of accident and sickness insurance" as used herein includes any policy covering the kind of insurance described in section 60A.06, subdivision 1, clause (5)(a).

Subd. 2. **Equal protection.** A certificate of insurance or similar evidence of coverage issued to a Minnesota resident shall provide coverage for all benefits required to be covered in group policies in Minnesota by this chapter and chapter 62E.

This subdivision supersedes any inconsistent provision of this chapter and chapter 62E.

A policy of accident and sickness insurance that is issued or delivered in this state and that covers a person residing in another state may provide coverage or contain provisions that are less favorable to that person than required by this chapter and chapter 62E. Less favorable coverages or provisions must meet the requirements that the state in which the person resides would have required had the policy been issued or delivered in that state.

Subd. 3. **Exclusions.** Subdivision 2 does not apply to certificates issued in regard to a master policy issued outside the state of Minnesota if all of the following are true:

- (1) the policyholder or certificate holder exists primarily for purposes other than to obtain insurance;
- (2) the policyholder or certificate holder is not a Minnesota corporation and does not have its principal office in Minnesota;
- (3) the policy or certificate covers fewer than 25 employees who are residents of Minnesota and the Minnesota employees represent less than 25 percent of all covered employees; and
- (4) on request of the commissioner, the issuer files with the commissioner a copy of the policy and a copy of each form of certificate.

This subdivision applies to employers who are not corporations if they are policyholders or certificate holders providing coverage to employees through the certificate or policy.

Subd. 4. **Application of other laws.** Section 60A.08, subdivision 4, shall not be construed as requiring a certificate of insurance or similar evidence of insurance that meets the conditions of subdivision 3 to comply with this chapter or chapter 62E.

62A.011 DEFINITIONS.

Subdivision 1. **Applicability.** For purposes of this chapter, the terms defined in this section have the meanings given.

Subd. 2. **Health carrier.** "Health carrier" means an insurance company licensed under chapter 60A to offer, sell, or issue a policy of accident and sickness insurance as defined in section 62A.01; a nonprofit health service plan corporation operating under chapter 62C; a health maintenance organization operating under chapter 62D; a fraternal benefit society operating under chapter 64B; or a joint self-insurance employee health plan operating under chapter 62H.

Subd. 3. **Health plan.** "Health plan" means a policy or certificate of accident and sickness insurance as defined in section 62A.01 offered by an insurance company licensed under chapter 60A; a subscriber contract or certificate offered by a nonprofit health service plan corporation operating under chapter 62C; a health maintenance contract or certificate offered by a health maintenance organization operating under

chapter 62D; a health benefit certificate offered by a fraternal benefit society operating under chapter 64B; or health coverage offered by a joint self-insurance employee health plan operating under chapter 62H. Health plan means individual and group coverage, unless otherwise specified. Health plan does not include coverage that is:

- (1) limited to disability or income protection coverage;
- (2) automobile medical payment coverage;
- (3) supplemental to liability insurance;
- (4) designed solely to provide payments on a per diem, fixed indemnity, or non-expense-incurred basis;
- (5) credit accident and health insurance as defined in section 62B.02;
- (6) designed solely to provide dental or vision care;
- (7) blanket accident and sickness insurance as defined in section 62A.11;
- (8) accident-only coverage;
- (9) a long-term care policy as defined in section 62A.46;
- (10) issued as a supplement to Medicare, as defined in sections 62A.31 to 62A.44, or policies, contracts, or certificates that supplement Medicare issued by health maintenance organizations or those policies, contracts, or certificates governed by section 1833 or 1876 of the federal Social Security Act, United States Code, title 42, section 1395, et seq., as amended;
- (11) workers' compensation insurance; or
- (12) issued solely as a companion to a health maintenance contract as described in section 62D.12, subdivision 1a, so long as the health maintenance contract meets the definition of a health plan.

62A.02 POLICY FORMS.

Subdivision 1. Filing. For purposes of this section, "health plan" means a health plan as defined in section 62A.011 or a policy of accident and sickness insurance as defined in section 62A.01. No health plan shall be issued or delivered to any person in this state, nor shall any application, rider, or endorsement be used in connection with the health plan, until a copy of its form and of the classification of risks and the premium rates pertaining to the form have been filed with the commissioner. The filing for nongroup health plan forms shall include a statement of actuarial reasons and data to support the rate. For health benefit plans as defined in section 62L.02, and for health plans to be issued to individuals, the health carrier shall file with the commissioner the information required in section 62L.08, subdivision 8. For group health plans for which approval is sought for sales only outside of the small employer market as defined in section 62L.02, this section applies only to policies or contracts of accident and sickness insurance. All forms intended for issuance in the individual or small employer market must be accompanied by a statement as to the expected loss ratio for the form. Premium rates and forms relating to specific insureds or proposed insureds, whether individuals or groups, need not be filed, unless requested by the commissioner.

Subd. 2. Approval. The health plan form shall not be issued, nor shall any application, rider, endorsement, or rate be used in connection with it, until the expiration of 60 days after it has been filed unless the commissioner approves it before that time.

Subd. 3. Standards for disapproval. The commissioner shall, within 60 days after the filing of any form or rate, disapprove the form or rate:

- (1) if the benefits provided are not reasonable in relation to the premium charged;
- (2) if it contains a provision or provisions which are unjust, unfair, inequitable, misleading, deceptive or encourage misrepresentation of the health plan form, or otherwise does not comply with this chapter, chapter 62L, or chapter 72A;
- (3) if the proposed premium rate is excessive or not adequate; or
- (4) the actuarial reasons and data submitted do not justify the rate.

The party proposing a rate has the burden of proving by a preponderance of the evidence that it does not violate this subdivision.

In determining the reasonableness of a rate, the commissioner shall also review all administrative contracts, service contracts, and other agreements to determine the reasonableness of the cost of the contracts or agreement and effect of the contracts on the rate. If the commissioner determines that a contract or agreement is not reasonable, the commissioner shall disapprove any rate that reflects any unreasonable cost arising out of the contract or agreement. The commissioner may require any information that the commissioner deems necessary to determine the reasonableness of the cost.

For the purposes of this subdivision, the commissioner shall establish by rule a schedule of minimum anticipated loss ratios which shall be based on (i) the type or types of coverage provided, (ii) whether the policy is for group or individual coverage, and (iii) the size of the group for group policies. Except for individual policies of disability or income protection insurance, the minimum anticipated loss ratio shall not be less than 50 percent after the first year that a policy is in force. All applicants for a policy shall be informed in writing at the time of application of the anticipated loss ratio of the policy. "Anticipated loss ratio" means the ratio at the time of filing, at the time of notice of withdrawal under subdivision 4a, or at the time of subsequent rate revision of the present value of all expected future benefits, excluding dividends, to the present value of all expected future premiums.

If the commissioner notifies a health carrier that has filed any form or rate that it does not comply with this chapter, chapter 62L, or chapter 72A, it shall be unlawful for the health carrier to issue or use the form or rate. In the notice the commissioner shall specify the reasons for disapproval and state that a hearing will be granted within 20 days after request in writing by the health carrier.

The 60-day period within which the commissioner is to approve or disapprove the form or rate does not begin to run until a complete filing of all data and materials required by statute or requested by the commissioner has been submitted.

However, if the supporting data is not filed within 30 days after a request by the commissioner, the rate is not effective and is presumed to be an excessive rate.

Subd. 4. Hearing. The commissioner shall hear the party or parties within 20 days after receipt of the request and shall give not less than ten days written notice of the time and place of the hearing. Within 15 days after the hearing the commissioner shall affirm, reverse or modify any previous action, specifying the reasons therefor. Pending the hearing and decision thereon, the commissioner may suspend or postpone the effective date of the previous action.

Subd. 4a. Withdrawal of approval. The commissioner may, at any time after a 20-day written notice has been given to the insurer, withdraw approval of any form or rate that has previously been approved on any of the grounds stated in this section. It is unlawful for the health carrier to issue a form or rate or use it in connection with any health plan after the effective date of the withdrawal of approval. The notice of withdrawal of approval must advise the health carrier of the right to a hearing under the contested case procedures of chapter 14, and must specify the matters to be considered at the hearing.

The commissioner may request a health carrier to provide actuarial reasons and data, as well as other information, needed to determine if a previously approved rate continues to satisfy the requirements of this section. If the requested information is not provided within 30 days after request by the commissioner, the rate is presumed to be an excessive rate.

Subd. 5. [Repealed, 1994 c 625 art 10 s 49]

Subd. 5a. Hearing. The health carrier must request a hearing before the 20-day notice period has ended, or the commissioner's order is final. A request for hearing stays the commissioner's order until the commissioner notifies the health carrier of the result of the hearing. The commissioner's order may require the modification of any rate or form and may require continued coverage to persons covered under a health plan to which the disapproved form or rate applies.

Subd. 6. **Appeal.** Any order or decision of the commissioner under this section shall be subject to appeal in accordance with chapter 14.

62A.021 HEALTH CARE POLICY RATES.

Subdivision 1. **Loss ratio standards.** Notwithstanding section 62A.02, subdivision 3, relating to loss ratios, health care policies or certificates shall not be delivered or issued for delivery to an individual or to a small employer as defined in section 62L.02, unless the policies or certificates can be expected, as estimated for the entire period for which rates are computed to provide coverage, to return to Minnesota policyholders and certificate holders in the form of aggregate benefits not including anticipated refunds or credits, provided under the policies or certificates, (1) at least 75 percent of the aggregate amount of premiums earned in the case of policies issued in the small employer market, as defined in section 62L.02, subdivision 27, calculated on an aggregate basis; and (2) at least 65 percent of the aggregate amount of premiums earned in the case of each policy form or certificate form issued in the individual market; calculated on the basis of incurred claims experience or incurred health care expenses where coverage is provided by a health maintenance organization on a service rather than reimbursement basis and earned premiums for the period and according to accepted actuarial principles and practices. Assessments by the reinsurance association created in chapter 62L and any types of taxes, surcharges, or assessments created by Laws 1992, chapter 549, or created on or after April 23, 1992, are included in the calculation of incurred claims experience or incurred health care expenses. The applicable percentage for policies and certificates issued in the small employer market, as defined in section 62L.02, increases by one percentage point on July 1 of each year, beginning on July 1, 1994, until an 82 percent loss ratio is reached on July 1, 2000. The applicable percentage for policy forms and certificate forms issued in the individual market increases by one percentage point on July 1 of each year, beginning on July 1, 1994, until a 72 percent loss ratio is reached on July 1, 2000. A health carrier that enters a market after July 1, 1993, does not start at the beginning of the phase-in schedule and must instead comply with the loss ratio requirements applicable to other health carriers in that market for each time period. Premiums earned and claims incurred in markets other than the small employer and individual markets are not relevant for purposes of this section.

Notwithstanding section 645.26, any act enacted at the 1992 regular legislative session that amends or repeals section 62A.135 or that otherwise changes the loss ratios provided in that section is void.

All filings of rates and rating schedules shall demonstrate that actual expected claims in relation to premiums comply with the requirements of this section when combined with actual experience to date. Filings of rate revisions shall also demonstrate that the anticipated loss ratio over the entire future period for which the revised rates are computed to provide coverage can be expected to meet the appropriate loss ratio standards, and aggregate loss ratio from inception of the policy form or certificate form shall equal or exceed the appropriate loss ratio standards.

A health carrier that issues health care policies and certificates to individuals or to small employers, as defined in section 62L.02, in this state shall file annually its rates, rating schedule, and supporting documentation including ratios of incurred losses to earned premiums by policy form or certificate form duration for approval by the commissioner according to the filing requirements and procedures prescribed by the commissioner. The supporting documentation shall also demonstrate in accordance with actuarial standards of practice using reasonable assumptions that the appropriate loss ratio standards can be expected to be met over the entire period for which rates are computed. The demonstration shall exclude active life reserves. If the data submitted does not confirm that the health carrier has satisfied the loss ratio requirements of this section, the commissioner shall notify the health carrier in writing of the deficiency.

The health carrier shall have 30 days from the date of the commissioner's notice to file amended rates that comply with this section. If the health carrier fails to file amended rates within the prescribed time, the commissioner shall order that the health carrier's filed rates for the nonconforming policy form or certificate form be reduced to an amount that would have resulted in a loss ratio that complied with this section had it been in effect for the reporting period of the supplement. The health carrier's failure to file amended rates within the specified time or the issuance of the commissioner's order amending the rates does not preclude the health carrier from filing an amendment of its rates at a later time. The commissioner shall annually make the submitted data available to the public at a cost not to exceed the cost of copying. The data must be compiled in a form useful for consumers who wish to compare premium charges and loss ratios.

Each sale of a policy or certificate that does not comply with the loss ratio requirements of this section is an unfair or deceptive act or practice in the business of insurance and is subject to the penalties in sections 72A.17 to 72A.32.

For purposes of this section, health care policies issued as a result of solicitations of individuals through the mail or mass media advertising, including both print and broadcast advertising, shall be treated as individual policies.

For purposes of this section, (1) "health care policy" or "health care certificate" is a health plan as defined in section 62A.011; and (2) "health carrier" has the meaning given in section 62A.011 and includes all health carriers delivering or issuing for delivery health care policies or certificates in this state or offering these policies or certificates to residents of this state.

Subd. 2. Compliance audit. The commissioner has the authority to audit any health carrier to assure compliance with this section. Health carriers shall retain at their principal place of business information necessary for the commissioner to perform compliance audits.

62A.024 RATE DISCLOSURE.

If any health carrier, as defined in section 62A.011, informs a policyholder or contract holder that a rate increase is due to a statutory change, the health carrier must disclose the specific amount of the rate increase directly due to the statutory change and must identify the specific statutory change. This disclosure must also separate any rate increase due to medical inflation or other reasons from the rate increase directly due to statutory changes in this chapter, chapter 62C, 62D, 62E, 62H, 62J, 62L, or 64B.

62A.025 [Repealed, 1Sp1985 c 10 s 123]

62A.03 GENERAL PROVISIONS OF POLICY.

Subdivision 1. Conditions. No policy of individual accident and sickness insurance may be delivered or issued for delivery to a person in this state unless:

- (1) **Premium.** The entire money and other considerations therefor are expressed therein.
- (2) **Time effective.** The time at which the insurance takes effect and terminates is expressed therein.
- (3) **One person.** It purports to insure only one person, except that a policy may insure, originally or by subsequent amendment, upon the application of an adult member of a family deemed the policyholder, any two or more eligible members of that family, including:
 - (a) husband,
 - (b) wife,
 - (c) dependent children,

(d) any children under a specified age of 19 years or less, or

(e) any other person dependent upon the policyholder.

(4) **Appearance.** The style, arrangement, and overall appearance of the policy give no undue prominence to any portion of the text and every printed portion of the text of the policy and of any endorsements or attached papers is plainly printed in light-face type of a style in general use. The type size must be uniform and not less than ten point with a lower case unspaced alphabet length not less than 120 point. The "text" includes all printed matter except the name and address of the insurer, name or title of the policy, the brief description, if any, the reference to renewal or cancellation by a separate statement, if any, and the captions and subcaptions.

(5) **Description of policy.** The policy, on the first page, indicates or refers to its provisions for renewal or cancellation either in the brief description, if any, or by a separate statement printed in type not smaller than the type used for captions or a separate provision bearing a caption which accurately describes the renewability or cancelability of the policy.

(6) **Exceptions in policy.** The exceptions and reductions of indemnity are set forth in the policy and, except those which are set forth in section 62A.04, printed, at the insurer's option, either with the benefit provision to which they apply, or under an appropriate caption such as "EXCEPTIONS" or "EXCEPTIONS AND REDUCTIONS." However, if an exception or reduction specifically applies only to a particular benefit of the policy, a statement of the exception or reduction must be included with the benefit provision to which it applies.

(7) **Form number.** Each form, including riders and endorsements, is identified by a form number in the lower left hand corner of the first page thereof.

(8) **No incorporation by reference.** It contains no provision purporting to make any portion of the charter, rules, constitution, or bylaws of the insurer a part of the policy unless the portion is set forth in full in the policy, except in the case of the incorporation of, or reference to, a statement of rates, classification of risks, or short rate table filed with the commissioner.

(9) **Medical benefits.** If the policy contains a provision for medical expense benefits, the term "medical benefits" or similar terms as used therein includes treatments by all licensed practitioners of the healing arts unless, subject to the qualifications contained in clause (10), the policy specifically states the practitioners whose services are covered.

(10) **Osteopath, optometrist, chiropractor, or registered nurse services.** With respect to any policy of individual accident and sickness insurance issued or entered into subsequent to August 1, 1974, notwithstanding the provisions of the policy, if it contains a provision providing for reimbursement for any service which is in the lawful scope of practice of a duly licensed osteopath, optometrist, chiropractor, or registered nurse meeting the requirements of section 62A.15, subdivision 3a, the person entitled to benefits or person performing services under the policy is entitled to reimbursement on an equal basis for the service, whether the service is performed by a physician, osteopath, optometrist, chiropractor, or registered nurse meeting the requirements of section 62A.15, subdivision 3a, licensed under the laws of this state.

Subd. 2. Delivery of policy to nonresident. If any policy is issued by an insurer domiciled in this state for delivery to a person residing in another state, and if the official having responsibility for the administration of the insurance laws of such other state shall have advised the commissioner that any such policy is not subject to approval or disapproval by such official, the commissioner may by ruling require that such policy meet the standards set forth in subdivision 1 and in section 62A.04.

62A.04 STANDARD PROVISIONS.

Subdivision 1. Reference. Any reference to "standard provisions" which may appear in other sections and which refer to accident and sickness or accident and health

insurance shall hereinafter be construed as referring to accident and sickness policy provisions.

Subd. 2. **Required provisions.** Except as provided in subdivision 4 each such policy delivered or issued for delivery to any person in this state shall contain the provisions specified in this subdivision in the words in which the same appear in this section. The insurer may, at its option, substitute for one or more of such provisions corresponding provisions of different wording approved by the commissioner which are in each instance not less favorable in any respect to the insured or the beneficiary. Such provisions shall be preceded individually by the caption appearing in this subdivision or, at the option of the insurer, by such appropriate individual or group captions or subcaptions as the commissioner may approve.

(1) A provision as follows:

ENTIRE CONTRACT; CHANGES: This policy, including the endorsements and the attached papers, if any, constitutes the entire contract of insurance. No change in this policy shall be valid until approved by an executive officer of the insurer and unless such approval be endorsed hereon or attached hereto. No agent has authority to change this policy or to waive any of its provisions.

(2) A provision as follows:

TIME LIMIT ON CERTAIN DEFENSES: (a) After two years from the date of issue of this policy no misstatements, except fraudulent misstatements, made by the applicant in the application for such policy shall be used to void the policy or to deny a claim for loss incurred or disability (as defined in the policy) commencing after the expiration of such two year period.

The foregoing policy provision shall not be so construed as to affect any legal requirement for avoidance of a policy or denial of a claim during such initial two year period, nor to limit the application of clauses (1), (2), (3), (4) and (5), in the event of misstatement with respect to age or occupation or other insurance. A policy which the insured has the right to continue in force subject to its terms by the timely payment of premium (1) until at least age 50 or, (2) in the case of a policy issued after age 44, for at least five years from its date of issue, may contain in lieu of the foregoing the following provisions (from which the clause in parentheses may be omitted at the insurer's option) under the caption "INCONTESTABLE":

After this policy has been in force for a period of two years during the lifetime of the insured (excluding any period during which the insured is disabled), it shall become incontestable as to the statements contained in the application.

(b) No claim for loss incurred or disability (as defined in the policy) commencing after two years from the date of issue of this policy shall be reduced or denied on the ground that a disease or physical condition not excluded from coverage by name or specific description effective on the date of loss had existed prior to the effective date of coverage of this policy.

(3) A provision as follows:

GRACE PERIOD: A grace period of (insert a number not less than "7" for weekly premium policies, "10" for monthly premium policies and "31" for all other policies) days will be granted for the payment of each premium falling due after the first premium, during which grace period the policy shall continue in force.

A policy which contains a cancellation provision may add, at the end of the above provision,

subject to the right of the insurer to cancel in accordance with the cancellation provision hereof.

A policy in which the insurer reserves the right to refuse any renewal shall have, at the beginning of the above provision,

Unless not less than five days prior to the premium due date the insurer has delivered to the insured or has mailed to the insured's last address as shown by the records of the insurer written notice of its intention not to renew this policy beyond the period for which the premium has been accepted.

(4) A provision as follows:

REINSTATEMENT: If any renewal premium be not paid within the time granted the insured for payment, a subsequent acceptance of premium by the insurer or by any agent duly authorized by the insurer to accept such premium, without requiring in connection therewith an application for reinstatement, shall reinstate the policy. If the insurer or such agent requires an application for reinstatement and issues a conditional receipt for the premium tendered, the policy will be reinstated upon approval of such application by the insurer or, lacking such approval, upon the forty-fifth day following the date of such conditional receipt unless the insurer has previously notified the insured in writing of its disapproval of such application. The reinstated policy shall cover only loss resulting from such accidental injury as may be sustained after the date of reinstatement and loss due to such sickness as may begin more than ten days after such date. In all other respects the insured and insurer shall have the same rights thereunder as they had under the policy immediately before the due date of the defaulted premium, subject to any provisions endorsed hereon or attached hereto in connection with the reinstatement. Any premium accepted in connection with a reinstatement shall be applied to a period for which premium has not been previously paid, but not to any period more than 60 days prior to the date of reinstatement. The last sentence of the above provision may be omitted from any policy which the insured has the right to continue in force subject to its terms by the timely payment of premiums (1) until at least age 50, or, (2) in the case of a policy issued after age 44, for at least five years from its date of issue.

(5) A provision as follows:

NOTICE OF CLAIM: Written notice of claim must be given to the insurer within 20 days after the occurrence or commencement of any loss covered by the policy, or as soon thereafter as is reasonably possible. Notice given by or on behalf of the insured or the beneficiary to the insurer at (insert the location of such office as the insurer may designate for the purpose), or to any authorized agent of the insurer, with information sufficient to identify the insured, shall be deemed notice to the insurer.

In a policy providing a loss-of-time benefit which may be payable for at least two years, an insurer may at its option insert the following between the first and second sentences of the above provision:

Subject to the qualifications set forth below, if the insured suffers loss of time on account of disability for which indemnity may be payable for at least two years, the insured shall, at least once in every six months after having given notice of claim, give to the insurer notice of continuance of said disability, except in the event of legal incapacity. The period of six months following any filing of proof by the insured or any payment by the insurer on account of such claim or any denial or liability in whole or in part by the insurer shall be excluded in applying this provision. Delay in the giving of such notice shall not impair the insured's right to any indemnity which would otherwise have accrued during the period of six months preceding the date on which such notice is actually given.

(6) A provision as follows:

CLAIM FORMS: The insurer, upon receipt of a notice of claim, will furnish to the claimant such forms as are usually furnished by it for filing proofs of loss. If such forms are not furnished within 15 days after the giving of such notice the claimant shall be deemed to have complied with the requirements of this policy as to proof of loss upon submitting, within the time fixed in the policy for filing proofs of loss, written proof covering the occurrence, the character and the extent of the loss for which claim is made.

(7) A provision as follows:

PROOFS OF LOSS: Written proof of loss must be furnished to the insurer at its said office in case of claim for loss for which this policy provides any periodic payment contingent upon continuing loss within 90 days after the termination of the period for which the insurer is liable and in case of claim for any other loss within 90 days after the date of such loss. Failure to furnish such proof within the time required shall not

invalidate nor reduce any claim if it was not reasonably possible to give proof within such time, provided such proof is furnished as soon as reasonably possible and in no event, except in the absence of legal capacity, later than one year from the time proof is otherwise required.

(8) A provision as follows:

TIME OF PAYMENT OF CLAIMS: Indemnities payable under this policy for any loss other than loss for which this policy provides periodic payment will be paid immediately upon receipt of due written proof of such loss. Subject to due written proof of loss, all accrued indemnities for loss for which this policy provides periodic payment will be paid (insert period for payment which must not be less frequently than monthly) and any balance remaining unpaid upon the termination of liability will be paid immediately upon receipt of due written proof.

(9) A provision as follows:

PAYMENT OF CLAIMS: Indemnity for loss of life will be payable in accordance with the beneficiary designation and the provisions respecting such payment which may be prescribed herein and effective at the time of payment. If no such designation or provision is then effective, such indemnity shall be payable to the estate of the insured. Any other accrued indemnities unpaid at the insured's death may, at the option of the insurer, be paid either to such beneficiary or to such estate. All other indemnities will be payable to the insured.

The following provisions, or either of them, may be included with the foregoing provision at the option of the insurer:

If any indemnity of this policy shall be payable to the estate of the insured, or to an insured or beneficiary who is a minor or otherwise not competent to give a valid release, the insurer may pay such indemnity, up to an amount not exceeding \$..... (insert an amount which shall not exceed \$1,000), to any relative by blood or connection by marriage of the insured or beneficiary who is deemed by the insurer to be equitably entitled thereto. Any payment made by the insurer in good faith pursuant to this provision shall fully discharge the insurer to the extent of such payment.

Subject to any written direction of the insured in the application or otherwise all or a portion of any indemnities provided by this policy on account of hospital, nursing, medical, or surgical services may, at the insurer's option and unless the insured requests otherwise in writing not later than the time of filing proofs of such loss, be paid directly to the hospital or person rendering such services; but it is not required that the service be rendered by a particular hospital or person.

(10) A provision as follows:

PHYSICAL EXAMINATIONS AND AUTOPSY: The insurer at its own expense shall have the right and opportunity to examine the person of the insured when and as often as it may reasonably require during the pendency of a claim hereunder and to make an autopsy in case of death where it is not forbidden by law.

(11) A provision as follows:

LEGAL ACTIONS: No action at law or in equity shall be brought to recover on this policy prior to the expiration of 60 days after written proof of loss has been furnished in accordance with the requirements of this policy. No such action shall be brought after the expiration of three years after the time written proof of loss is required to be furnished.

(12) A provision as follows:

CHANGE OF BENEFICIARY: Unless the insured makes an irrevocable designation of beneficiary, the right to change of beneficiary is reserved to the insured and the consent of the beneficiary or beneficiaries shall not be requisite to surrender or assignment of this policy or to any change of beneficiary or beneficiaries, or to any other changes in this policy. The first clause of this provision, relating to the irrevocable designation of beneficiary, may be omitted at the insurer's option.

Subd. 3. Optional provisions. Except as provided in subdivision 4, no such policy

delivered or issued for delivery to any person in this state shall contain provisions respecting the matters set forth below unless such provisions are in the words in which the same appear in this section. The insurer may, at its option, use in lieu of any such provision a corresponding provision of different wording approved by the commissioner which is not less favorable in any respect to the insured or the beneficiary. Any such provision contained in the policy shall be preceded individually by the appropriate caption appearing in this subdivision or, at the option of the insurer, by such appropriate individual or group captions or subcaptions as the commissioner may approve.

(1) A provision as follows:

CHANGE OF OCCUPATION: If the insured be injured or contract sickness after having changed occupations to one classified by the insurer as more hazardous than that stated in this policy or while doing for compensation anything pertaining to an occupation so classified, the insurer will pay only such portion of the indemnities provided in this policy as the premiums paid would have purchased at the rates and within the limits fixed by the insurer for such more hazardous occupation. If the insured changes occupations to one classified by the insurer as less hazardous than that stated in this policy, the insurer, upon receipt of proof of such change of occupation will reduce the premium rate accordingly, and will return the excess pro rata unearned premium from the date of change of occupation or from the policy anniversary date immediately preceding receipt of such proof, whichever is the more recent. In applying this provision, the classification of occupational risk and the premium rates shall be such as have been last filed by the insurer prior to the occurrence of the loss for which the insurer is liable or prior to date of proof of change in occupation with the state official having supervision of insurance in the state where the insured resided at the time this policy was issued; but if such filing was not required, then the classification of occupational risk and the premium rates shall be those last made effective by the insurer in such state prior to the occurrence of the loss or prior to the date of proof of change of occupation.

(2) A provision as follows:

MISSTATEMENT OF AGE: If the age of the insured has been misstated, all amounts payable under this policy shall be such as the premium paid would have purchased at the correct age.

(3) A provision as follows:

OTHER INSURANCE IN THIS INSURER: If an accident or sickness or accident and sickness policy or policies previously issued by the insurer to the insured be in force concurrently herewith, making the aggregate indemnity for (insert type of coverage or coverages) in excess of \$..... (insert maximum limit of indemnity or indemnities) the excess insurance shall be void and all premiums paid for such excess shall be returned to the insured or to the insured's estate, or, in lieu thereof:

Insurance effective at any one time on the insured under a like policy or policies in this insurer is limited to the one such policy elected by the insured, or the insured's beneficiary or estate, as the case may be, and the insurer will return all premiums paid for all other such policies.

(4) A provision as follows:

INSURANCE WITH OTHER INSURERS: If there be other valid coverage, not with this insurer, providing benefits for the same loss on a provision of service basis or on an expense incurred basis and of which this insurer has not been given written notice prior to the occurrence or commencement of loss, the only liability under any expense incurred coverage of this policy shall be for such proportion of the loss as the amount which would otherwise have been payable hereunder plus the total of the like amounts under all such other valid coverages for the same loss of which this insurer had notice bears to the total like amounts under all valid coverages for such loss, and for the return of such portion of the premiums paid as shall exceed the pro rata portion for the amount so determined. For the purpose of applying this provision when other coverage is on a provision of service basis, the "like amount" of such other coverage

shall be taken as the amount which the services rendered would have cost in the absence of such coverage.

If the foregoing policy provision is included in a policy which also contains the next following policy provision there shall be added to the caption of the foregoing provision the phrase "EXPENSE INCURRED BENEFITS." The insurer may, at its option, include in this provision a definition of "other valid coverage," approved as to form by the commissioner, which definition shall be limited in subject matter to coverage provided by organizations subject to regulation by insurance law or by insurance authorities of this or any other state of the United States or any province of Canada, and by hospital or medical service organizations, and to any other coverage the inclusion of which may be approved by the commissioner. In the absence of such definition such term shall not include group insurance, automobile medical payments insurance, or coverage provided by hospital or medical service organizations or by union welfare plans or employer or employee benefit organizations. For the purpose of applying the foregoing policy provision with respect to any insured, any amount of benefit provided for such insured pursuant to any compulsory benefit statute (including any workers' compensation or employer's liability statute) whether provided by a governmental agency or otherwise shall in all cases be deemed to be "other valid coverage" of which the insurer has had notice. In applying the foregoing policy provision no third party liability coverage shall be included as "other valid coverage."

(5) A provision as follows:

INSURANCE WITH OTHER INSURERS: If there be other valid coverage, not with this insurer, providing benefits for the same loss on other than an expense incurred basis and of which this insurer has not been given written notice prior to the occurrence or commencement of loss, the only liability for such benefits under this policy shall be for such proportion of the indemnities otherwise provided hereunder for such loss as the like indemnities of which the insurer had notice (including the indemnities under this policy) bear to the total amount of all like indemnities for such loss, and for the return of such portion of the premium paid as shall exceed the pro rata portion for the indemnities thus determined.

If the foregoing policy provision is included in a policy which also contains the next preceding policy provision there shall be added to the caption of the foregoing provision the phrase — "OTHER BENEFITS." The insurer may, at its option, include in this provision a definition of "other valid coverage," approved as to form by the commissioner, which definition shall be limited in subject matter to coverage provided by organizations subject to regulation by insurance law or by insurance authorities of this or any other state of the United States or any province of Canada, and to any other coverage the inclusion of which may be approved by the commissioner. In the absence of such definition such term shall not include group insurance, or benefits provided by union welfare plans or by employer or employee benefit organizations. For the purpose of applying the foregoing policy provision with respect to any insured, any amount of benefit provided for such insured pursuant to any compulsory benefit statute (including any workers' compensation or employer's liability statute) whether provided by a governmental agency or otherwise shall in all cases be deemed to be "other valid coverage" of which the insurer has had notice. In applying the foregoing policy provision no third party liability coverage shall be included as "other valid coverage."

(6) A provision as follows:

RELATION OF EARNINGS TO INSURANCE: If the total monthly amount of loss of time benefits promised for the same loss under all valid loss of time coverage upon the insured, whether payable on a weekly or monthly basis, shall exceed the monthly earnings of the insured at the time disability commenced or the insured's average monthly earnings for the period of two years immediately preceding a disability for which claim is made, whichever is the greater, the insurer will be liable only for such proportionate amount of such benefits under this policy as the amount of such monthly earnings or such average monthly earnings of the insured bears to the total amount of monthly benefits for the same loss under all such coverage upon the insured at the time

such disability commences and for the return of such part of the premiums paid during such two years as shall exceed the pro rata amount of the premiums for the benefits actually paid hereunder; but this shall not operate to reduce the total monthly amount of benefits payable under all such coverage upon the insured below the sum of \$200 or the sum of the monthly benefits specified in such coverages, whichever is the lesser, not shall it operate to reduce benefits other than those payable for loss of time.

The foregoing policy provision may be inserted only in a policy which the insured has the right to continue in force subject to its terms by the timely payment of premiums (1) until at least age 50, or, (2) in the case of a policy issued after age 44, for at least five years from its date of issue. The insurer may, at its option, include in this provision a definition of "valid loss of time coverage," approved as to form by the commissioner, which definition shall be limited in subject matter to coverage provided by governmental agencies or by organizations subject to regulation by insurance law or by insurance authorities of this or any other state of the United States or any province of Canada, or to any other coverage the inclusion of which may be approved by the commissioner or any combination of such coverages. In the absence of such definition such term shall not include any coverage provided for such insured pursuant to any compulsory benefit statute (including any workers' compensation or employer's liability statute), or benefits provided by union welfare plans or by employer or employee benefit organizations.

(7) A provision as follows:

UNPAID PREMIUM: Upon the payment of a claim under this policy, any premium then due and unpaid or covered by any note or written order may be deducted therefrom.

(8) A provision as follows:

CANCELLATION: The insurer may cancel this policy at any time by written notice delivered to the insured or mailed to the insured's last address as shown by the records of the insurer, stating when, not less than five days thereafter, such cancellation shall be effective; and after the policy has been continued beyond its original term the insured may cancel this policy at any time by written notice delivered or mailed to the insurer, effective upon receipt or on such later date as may be specified in such notice. In the event of cancellation, the insurer will return promptly the unearned portion of any premium paid. If the insured cancels, the earned premium shall be computed by the use of the short-rate table last filed with the state official having supervision of insurance in the state where the insured resided when the policy was issued. If the insurer cancels, the earned premium shall be computed pro rata. Cancellation shall be without prejudice to any claim originating prior to the effective date of cancellation.

(9) A provision as follows:

CONFORMITY WITH STATE STATUTES: Any provision of this policy which, on its effective date, is in conflict with the statutes of the state in which the insured resides on such date is hereby amended to conform to the minimum requirements of such statutes.

(10) A provision as follows:

ILLEGAL OCCUPATION: The insurer shall not be liable for any loss to which a contributing cause was the insured's commission of or attempt to commit a felony or to which a contributing cause was the insured's being engaged in an illegal occupation.

(11) A provision as follows:

NARCOTICS: The insurer shall not be liable for any loss sustained or contracted in consequence of the insured's being under the influence of any narcotic unless administered on the advice of a physician.

Subd. 4. Coverage inconsistent. If any provision of this section is in whole or in part inapplicable to or inconsistent with the coverage provided by a particular form of policy the insurer, with the approval of the commissioner, shall omit from such policy any inapplicable provision or part of a provision, and shall modify any inconsistent

provision or part of the provision in such manner as to make the provision as contained in the policy consistent with the coverage provided by the policy.

Subd. 5. **Order of provisions.** The provisions which are the subject of subdivisions 2 and 3, or any corresponding provisions which are used in lieu thereof in accordance with subdivisions 2 and 3, shall be printed in the consecutive order of the provisions in subdivisions 2 and 3 or, at the option of the insurer, any such provision may appear as a unit in any part of the policy, with other provisions to which it may be logically related, provided the resulting policy shall not be in whole or in part unintelligible, uncertain, ambiguous, abstruse, or likely to mislead a person to whom the policy is offered, delivered or issued.

Subd. 6. **Applicant other than insured.** The word "insured," as used in sections 62A.01 to 62A.09, shall not be construed as preventing a person other than the insured with a proper insurable interest from making application for and owning a policy covering the insured or from being entitled under such a policy to any indemnities, benefits and rights provided therein.

Subd. 7. **Reciprocal provisions; foreign insurer.** Any policy of a foreign or alien insurer, when delivered or issued for delivery to any person in this state, may contain any provision which is not less favorable to the insured or the beneficiary than the provisions of sections 62A.01 to 62A.09 hereof, and which is prescribed or required by the law of the state under which the insurer is organized.

Subd. 8. **Reciprocal provisions; domestic insurer.** Any policy of a domestic insurer may, when issued for delivery in any other state or country, contain any provision permitted or required by the laws of such other state or country.

Subd. 9. **Rules.** The commissioner may make such reasonable rules concerning the procedure for the filing or submission of policies subject to sections 62A.01 to 62A.09, as are necessary, proper or advisable to the administration of sections 62A.01 to 62A.09. This provision shall not abridge any other authority granted the commissioner by law.

Subd. 10. **Return of premium.** A policy of accident and sickness insurance as defined in section 62A.01 may contain or may be amended by rider to provide for a return of premium benefit so long as:

(1) the return of premium benefit is not applicable until the policy has been in force for five years;

(2) the return of premium benefit is not reduced by an amount greater than the aggregate of any claims paid under the policy;

(3) the return of premium benefit is not included in or used with a policy with benefits that are reduced based on an insured's age;

(4) the return of premium benefit is not payable in lieu of benefits at the option of the insurer;

(5) the insurer demonstrates that the reserve basis for such benefit is adequate; and

(6) the cost of the benefit is disclosed to the insured and the insured is given the option of the coverage.

62A.041 MATERNITY BENEFITS.

Subdivision 1. **Discrimination prohibited against unmarried women.** Each group policy of accident and health insurance and each group health maintenance contract shall provide the same coverage for maternity benefits to unmarried women and minor female dependents that it provides to married women including the wives of employees choosing dependent family coverage. If an unmarried insured or an unmarried enrollee is a parent of a dependent child, each group policy and each group contract shall provide the same coverage for that child as that provided for the child of a married employee choosing dependent family coverage if the insured or the enrollee elects dependent family coverage.

Each individual policy of accident and health insurance and each individual health maintenance contract shall provide the same coverage for maternity benefits to unmarried women and minor female dependents as that provided for married women. If an unmarried insured or an unmarried enrollee is a parent of a dependent child, each individual policy and each individual contract shall also provide the same coverage for that child as that provided for the child of a married insured or a married enrollee choosing dependent family coverage if the insured or the enrollee elects dependent family coverage.

Subd. 2. Limitation on coverage prohibited. Each group policy of accident and health insurance, except for policies which only provide coverage for specified diseases, or each group subscriber contract of accident and health insurance or health maintenance contract, issued or renewed after August 1, 1987, shall include maternity benefits in the same manner as any other illness covered under the policy or contract.

Subd. 3. Abortion. For the purposes of this section, the term "maternity benefits" shall not include elective, induced abortion whether performed in a hospital, other abortion facility, or the office of a physician.

This section applies to policies and contracts issued, delivered, or renewed after August 1, 1985, that cover Minnesota residents.

62A.042 FAMILY COVERAGE; COVERAGE OF NEWBORN INFANTS.

Subdivision 1. Individual family policies; renewals. (a) No policy of individual accident and sickness insurance which provides for insurance for more than one person under section 62A.03, subdivision 1, clause (3), and no individual health maintenance contract which provides for coverage for more than one person under chapter 62D, shall be renewed to insure or cover any person in this state or be delivered or issued for delivery to any person in this state unless the policy or contract includes as insured or covered members of the family any newborn infants immediately from the moment of birth and thereafter which insurance or contract shall provide coverage for illness, injury, congenital malformation, or premature birth.

(b) The coverage under paragraph (a) includes benefits for inpatient or outpatient expenses arising from medical and dental treatment up to age 18, including orthodontic and oral surgery treatment, involved in the management of birth defects known as cleft lip and cleft palate. If orthodontic services are eligible for coverage under a dental insurance plan and another policy or contract, the dental plan shall be primary and the other policy or contract shall be secondary in regard to the coverage required under paragraph (a). Payment for dental or orthodontic treatment not related to the management of the congenital condition of cleft lip and cleft palate shall not be covered under this provision.

Subd. 2. Group policies; renewals. (a) No group accident and sickness insurance policy and no group health maintenance contract which provide for coverage of family members or other dependents of an employee or other member of the covered group shall be renewed to cover members of a group located in this state or delivered or issued for delivery to any person in this state unless the policy or contract includes as insured or covered family members or dependents any newborn infants immediately from the moment of birth and thereafter which insurance or contract shall provide coverage for illness, injury, congenital malformation, or premature birth.

(b) The coverage under paragraph (a) includes benefits for inpatient or outpatient expenses arising from medical and dental treatment up to age 18, including orthodontic and oral surgery treatment, involved in the management of birth defects known as cleft lip and cleft palate. If orthodontic services are eligible for coverage under a dental insurance plan and another policy or contract, the dental plan shall be primary and the other policy or contract shall be secondary in regard to the coverage required under paragraph (a). of the congenital condition of cleft lip and cleft palate shall not be covered under this provision.

62A.043 DENTAL PROCEDURES.

Subdivision 1. The provisions of this section shall apply to all individual or group policies or subscriber contracts providing payment for care in this state, which policies or contracts are issued or renewed after August 1, 1976 by an accident and health insurance company regulated under this chapter, or a nonprofit health service plan corporation regulated under chapter 62C.

Subd. 2. Any policy or contract referred to in subdivision 1 which provides coverage for services which can be lawfully performed within the scope of the license of a duly licensed dentist or podiatrist, shall provide benefits for such services whether performed by a duly licensed physician, dentist or podiatrist.

62A.044 PAYMENTS TO GOVERNMENTAL INSTITUTIONS.

No group or individual policy of accident and sickness insurance issued or renewed after May 22, 1973, pursuant to this chapter, no group or individual service plan or subscriber contract issued or renewed after May 22, 1973, pursuant to chapter 62C, and no group or individual health maintenance contract issued or renewed after August 1, 1984, pursuant to chapter 62D, shall contain any provision excluding, denying, or prohibiting payments for covered and authorized services rendered or paid by a hospital or medical institution owned or operated by the federal, state, or local government, including correctional facilities, or practitioners therein in any instance wherein charges for such services are imposed against the policy holder, subscriber, or enrollee. The unit of government operating the institution may maintain an action for recovery of such charges.

62A.045 PAYMENTS ON BEHALF OF WELFARE RECIPIENTS.

No policy of accident and sickness insurance regulated under this chapter; vendor of risk management services regulated under section 60A.23; nonprofit health service plan corporation regulated under chapter 62C; health maintenance organization regulated under chapter 62D; or self-insured plan regulated under chapter 62E shall contain any provision denying or reducing benefits because services are rendered to a person who is eligible for or receiving medical benefits pursuant to chapter 256; 256B; or 256D or services pursuant to section 252.27; 256.9351 to 256.9361; 260.251, subdivision 1a; or 393.07, subdivision 1 or 2. No insurer providing benefits under policies covered by this section shall use eligibility for medical programs named in this section as an underwriting guideline or reason for nonacceptance of the risk.

Notwithstanding any law to the contrary, when a person covered under a policy of accident and sickness insurance, risk management plan, nonprofit health service plan, health maintenance organization, or self-insured plan receives medical benefits according to any statute listed in this section, payment for covered services or notice

of denial for services billed by the provider must be issued directly to the provider. If a person was receiving medical benefits through the department of human services at the time a service was provided, the provider must indicate this benefit coverage on any claim forms submitted by the provider to the insurer for those services. If the commissioner of human services notifies the insurer that the commissioner has made payments to the provider, payment for benefits or notices of denials issued by the insurer must be issued directly to the commissioner. Submission by the department to the insurer of the claim on a department of human services claim form is proper notice and shall be considered proof of payment of the claim to the provider and supersedes any contract requirements of the insurer relating to the form of submission. Liability to the insured for coverage is satisfied to the extent that payments for those benefits are made by the insurer to the provider or the commissioner.

62A.046 COORDINATION OF BENEFITS.

(1) No group contract providing coverage for hospital and medical treatment or expenses issued or renewed after August 1, 1984, which is responsible for secondary coverage for services provided, may deny coverage or payment of the amount it owes as a secondary payor solely on the basis of the failure of another group contract, which is responsible for primary coverage, to pay for those services.

(2) A group contract which provides coverage of a claimant as a dependent of a parent who has legal responsibility for the dependent's medical care pursuant to a court order under section 518.171 must make payments directly to the provider of care. In such cases, liability to the insured is satisfied to the extent of benefit payments made to the provider.

(3) This section applies to an insurer, a vendor of risk management services regulated under section 60A.23, a nonprofit health service plan corporation regulated under chapter 62C and a health maintenance organization regulated under chapter 62D. Nothing in this section shall require a secondary payor to pay the obligations of the primary payor nor shall it prevent the secondary payor from recovering from the primary payor the amount of any obligation of the primary payor that the secondary payor elects to pay.

(4) Payments made by an enrollee or by the commissioner on behalf of an enrollee in the children's health plan under sections 256.9351 to 256.9361, or a person receiving benefits under chapter 256B or 256D, for services that are covered by the policy or plan of health insurance shall, for purposes of the deductible, be treated as if made by the insured.

(5) The commissioner of human services shall recover payments made by the children's health plan from the responsible insurer, for services provided by the children's health plan and covered by the policy or plan of health insurance.

(6) Insurers, vendors of risk management services, nonprofit health service plan corporations, fraternal, and health maintenance organizations may coordinate benefits to prohibit greater than 100 percent coverage when an insured, subscriber, or enrollee is covered by both an individual and a group contract providing coverage for hospital and medical treatment or expenses. Benefits coordinated under this paragraph must provide for 100 percent coverage of an insured, subscriber, or enrollee. To the extent appropriate, all coordination of benefits provisions currently applicable by law or rule to insurers, vendors of risk management services, nonprofit health service plan corporations, fraternal, and health maintenance organizations, shall apply to coordination of benefits between individual and group contracts, except that the group contract shall always be the primary plan. This paragraph does not apply to specified accident, hospital indemnity, specified disease, or other limited benefit insurance policies.

62A.047 CHILDREN'S HEALTH SUPERVISION SERVICES AND PRENATAL CARE SERVICES.

A policy of individual or group health and accident insurance regulated under this chapter, or individual or group subscriber contract regulated under chapter 62C, health maintenance contract regulated under chapter 62D, or health benefit certificate regulated under chapter 64B, issued, renewed, or continued to provide coverage to a Minnesota resident, must provide coverage for child health supervision services and prenatal care services. The policy, contract, or certificate must specifically exempt reasonable and customary charges for child health supervision services and prenatal care services from a deductible, copayment, or other coinsurance or dollar limitation requirement. This section does not prohibit the use of policy waiting periods or preexisting condition limitations for these services. Minimum benefits may be limited to one visit payable to one provider for all of the services provided at each visit cited in this section subject to the schedule set forth in this section. Nothing in this section applies to a commercial health insurance policy issued as a companion to a health maintenance organization contract, a policy designed primarily to provide coverage payable on a per diem, fixed indemnity, or nonexpense incurred basis, or a policy that provides only accident coverage.

62A.048 DEPENDENT COVERAGE.

A policy of accident and sickness insurance that covers an employee who is a Minnesota resident must, if it provides dependent coverage, allow dependent children who do not reside with the covered employee to be covered on the same basis as if they reside with the covered employee. Neither the amount of support provided by the employee to the dependent child nor the residency of the child may be used as an excluding or limiting factor for coverage or payment for health care.

62A.049 LIMITATION ON PREAUTHORIZATIONS.

No policy of accident and sickness insurance or group subscriber contract regulated under chapter 62C issued or renewed in this state may contain a provision that makes an insured person ineligible to receive full benefits because of the insured's failure to obtain preauthorization, if that failure occurs because of the need for emergency confinement or emergency treatment. The insured or an authorized representative of the insured shall notify the insurer as soon after the beginning of emergency confinement or emergency treatment as reasonably possible. However, to the extent that the insurer suffers actual prejudice caused by the failure to obtain preauthorization, the insured may be denied all or part of the insured's benefits. This provision does not apply to admissions for treatment of chemical dependency and nervous and mental disorders.

62A.05 CONSTRUCTION OF PROVISIONS.

Subdivision 1. No policy provision which is not subject to section 62A.04 shall make a policy, or any portion thereof, less favorable in any respect to the insured or the beneficiary than the provisions thereof which are subject to sections 62A.01 to 62A.09 hereof.

Subd. 2. A policy delivered or issued for delivery to any person in this state in violation of sections 62A.01 to 62A.09 hereof, shall be held valid but shall be construed as provided in sections 62A.01 to 62A.09 hereof. When any provision in a policy subject to sections 62A.01 to 62A.09 hereof, is in conflict with any provision of sections 62A.01 to 62A.09 hereof, the rights, duties and obligations of the insurer, the insured and the beneficiary shall be governed by the provisions of sections 62A.01 to 62A.09 hereof.

62A.06 STATEMENTS IN APPLICATION.

Subdivision 1. **Inclusion in policy.** The insured shall not be bound by any statement made in an application for a policy unless a copy of such application is attached to or endorsed on the policy when issued as a part thereof. If any such policy delivered or issued for delivery to any person in this state shall be reinstated or renewed, and the insured or the beneficiary or assignee of such policy shall make written request to the insurer for a copy of the application, if any, for such reinstatement or renewal, the insurer shall within 15 days after the receipt of such request at its home office or any branch office of the insurer, deliver or mail to the person making such request, a copy of such application. If such copy shall not be so delivered or mailed, the insurer shall be precluded from introducing such application as evidence in any action or proceeding based upon or involving such policy or its reinstatement or renewal.

Subd. 2. **Alterations.** No alteration of any written application for any such policy shall be made by any person other than the applicant without written consent, except that insertions may be made by the insurer, for administrative purposes only, in such manner as to indicate clearly that such insertions are not to be ascribed to the applicant.

Subd. 3. **Effect of applicant's statement.** The falsity of any statement in the application for any policy covered by sections 62A.01 to 62A.09 hereof, may not bar the right to recovery thereunder unless such false statement materially affected either the acceptance of the risk or the hazard assumed by the insurer.

62A.07 RIGHTS OF INSURER, WHEN NOT WAIVED.

The acknowledgment by an insurer of the receipt of notice given under any policy covered by sections 62A.01 to 62A.09 hereof, or the furnishing of forms for filing proofs of loss, or the acceptance of such proofs, or the investigation of any claim thereunder shall not operate as a waiver of any of the rights of the insurer in defense of any claim arising under such policy.

History: 1967 c 395 art 3 s 7

62A.08 COVERAGE OF POLICY, CONTINUANCE IN FORCE.

If any such policy contains a provision establishing, as an age limit or otherwise, a date after which the coverage provided by the policy will not be effective, and if such date falls within a period for which premium is accepted by the insurer or if the insurer accepts a premium after such date, the coverage provided by the policy will continue in force subject to any right of cancellation until the end of the period for which premium has been accepted. In the event the age of the insured has been misstated and if, according to the correct age of the insured, the policy would not have been issued, the insurer may, within 90 days of discovering the misstatement, limit its liability to a refund of all premiums paid. In all other instances the insurer may either adjust the premium to reflect the actual age of the insured or adjust the benefits to reflect the actual age and the premium.

Payment so made shall discharge the insurer's obligation with respect to the amount of insurance so paid.

Subd. 6. **Legal liability.** Nothing contained in this section shall be deemed to affect the legal liability of policyholders for the death of, or injury to, any such member of such group.

62A.146 CONTINUATION OF BENEFITS TO SURVIVORS.

No policy, contract, or plan of accident and health protection issued by an insurer, nonprofit health service plan corporation, or health maintenance organization, providing coverage of hospital or medical expense on either an expense incurred basis or other than an expense incurred basis which in addition to coverage of the insured, subscriber, or enrollee, also provides coverage to dependents, shall, except upon the written consent of the survivor or survivors of the deceased insured, subscriber, or enrollee, terminate, suspend, or otherwise restrict the participation in or the receipt of benefits otherwise payable under the policy, contract, or plan to the survivor or survivors until the earlier of the following dates:

- (a) the date the surviving spouse becomes covered under another group health plan; or
- (b) the date coverage would have terminated under the policy, contract, or plan had the insured, subscriber, or enrollee lived.

The survivor or survivors, in order to have the coverage and benefits extended, may be required to pay the entire cost of the protection on a monthly basis. The policy, contract, or plan must require the group policyholder or contract holder to, upon request, provide the insured, subscriber, or enrollee with written verification from the insurer of the cost of this coverage promptly at the time of eligibility for this coverage and at any time during the continuation period. In no event shall the amount of premium or fee contributions charged exceed 102 percent of the cost to the plan for such period of coverage for other similarly situated spouses and dependent children who are not the survivors of a deceased insured, without regard to whether such cost is paid by the employer or employee. Failure of the survivor to make premium or fee payments within 90 days after notice of the requirement to pay the premiums or fees shall be a basis for the termination of the coverage without written consent. In event of termination by reason of the survivor's failure to make required premium or fee contributions, written notice of cancellation must be mailed to the survivor's last known address at least 30 days before the cancellation. If the coverage is provided under a group policy, contract, or plan, any required premium or fee contributions for the coverage shall be

62A.149 BENEFITS FOR ALCOHOLICS AND DRUG DEPENDENTS.

Subdivision 1. The provisions of this section apply to all group policies of accident and health insurance and group subscriber contracts offered by nonprofit health service plan corporations regulated under chapter 62C, and to a plan or policy that is individually underwritten or provided for a specific individual and family members as a nongroup policy unless the individual elects in writing to refuse benefits under this subdivision in exchange for an appropriate reduction in premiums or subscriber charges under the policy or plan, when the policies or subscriber contracts are issued or delivered in Minnesota or provide benefits to Minnesota residents enrolled thereunder.

This section does not apply to policies designed primarily to provide coverage payable on a per diem, fixed indemnity or nonexpense incurred basis or policies that provide accident only coverage.

Every insurance policy or subscriber contract included within the provisions of this subdivision, upon issuance or renewal, shall provide for payment of benefits for the treatment of alcoholism, chemical dependency or drug addiction to any Minnesota resident entitled to coverage thereunder on the same basis as coverage for other benefits when treatment is rendered in

This subdivision is intended to provide payment of benefits for treatment and services by a licensed registered nurse certified in advanced nursing practice as defined in this subdivision and is not intended to add to the benefits provided for in these policies or contracts.

Subd. 4. Denial of benefits. For purposes of this section "emotionally handicapped child" shall have the meaning set forth by the commissioner of human services in the rules relating to residential treatment facilities. The restrictions and requirements of this section shall not apply to any plan or policy which is individually underwritten or provided for a specific individual and family members as a nongroup policy. The mandatory coverage under this section shall be on the same basis as inpatient hospital medical coverage provided under the policy or plan.

62A.152 BENEFITS FOR AMBULATORY MENTAL HEALTH SERVICES.

Subdivision 1. Scope. The provisions of this section apply (a) to all group policies or subscriber contracts which provide benefits for at least 100 certificate holders who are residents of this state or groups of which more than 90 percent are residents of this state and are issued, delivered, or renewed by accident and health insurance companies regulated under this chapter, or by nonprofit health service plan corporations regulated under chapter 62C and (b), unless waived by the commissioner to the extent applicable to holders who are both nonresidents and employed outside this state, to all group policies or subscriber contracts which are issued, delivered, or renewed within this state by accident and health insurance companies regulated under this chapter, or by nonprofit health service plan corporations regulated under chapter 62C.

Subd. 2. Minimum benefits. (a) All group policies and all group subscriber contracts providing benefits for mental or nervous disorder treatments in a hospital shall also provide coverage on the same basis as coverage for other benefits for at least 80

percent of the cost of the usual and customary charges of the first ten hours of treatment incurred over a 12-month benefit period, for mental or nervous disorder consultation, diagnosis and treatment services delivered while the insured person is not a bed patient in a hospital, and at least 75 percent of the cost of the usual and customary charges for any additional hours of treatment during the same 12-month benefit period for serious or persistent mental or nervous disorders, if the services are furnished by (1) a licensed or accredited hospital, (2) a community mental health center or mental health clinic approved or licensed by the commissioner of human services or other authorized state agency, or (3) a mental health professional, as defined in sections 245.462, subdivision 18, clauses (1) to (5); and 245.4871, subdivision 27, clauses (1) to (5). Prior authorization from an accident and health insurance company, or a nonprofit health service corporation, shall be required for an extension of coverage beyond ten hours of treatment. This prior authorization must be based upon the severity of the disorder, the patient's risk of deterioration without ongoing treatment and maintenance, degree of functional impairment, and a concise treatment plan. Authorization for extended treatment may be limited to a maximum of 30 visit hours during any 12-month benefit period.

(b) For purposes of this section, covered treatment for a minor includes treatment for the family if family therapy is recommended by a provider listed in paragraph (a). For purposes of determining benefits under this section, "hours of treatment" means treatment rendered on an individual or single-family basis. If treatment is rendered on a group basis, the hours of covered group treatment must be provided at a ratio of no less than two group treatment sessions to one individual treatment hour.

Subd. 3. Provider discrimination prohibited. All group policies and group subscriber contracts that provide benefits for mental or nervous disorder treatments in a hospital must provide direct reimbursement for those services if performed by a mental health professional, as defined in sections 245.462, subdivision 18, clauses (1) to (5); and 245.4871, subdivision 27, clauses (1) to (5), to the extent that the services and treatment are within the scope of mental health professional licensure.

This subdivision is intended to provide payment of benefits for mental or nervous disorder treatments performed by a licensed mental health professional in a hospital and is not intended to change or add benefits for those services provided in policies or contracts to which this subdivision applies.

62A.154 BENEFITS FOR DES RELATED CONDITIONS.

Subdivision 1. Definitions. For the purposes of this section, the terms defined in this section have the meanings given them.

- (a) "Covered person" means a natural person who is covered under a policy.
- (b) "Insurer" means an insurer providing health, medical, hospitalization, or acci-

dent and sickness insurance regulated under this chapter, a nonprofit health services plan corporation regulated under chapter 62C, a health maintenance organization regulated under chapter 62D or a fraternal benefit society regulated under chapter 64B.

(c) "Policy" means a policy or plan of health, medical, hospitalization or accident and sickness insurance, a health maintenance contract, or a health benefit certificate provided by an insurer which provides coverage of, or reimbursement for, hospital, medical, or surgical expenses on a group or individual basis, but does not include a policy designed primarily to provide coverage payable on a per diem, fixed indemnity or nonexpense incurred basis, or a policy that provides only accident coverage.

Subd. 2. **Required coverage.** No policy shall be issued or renewed in this state after August 1, 1981 if it provides an exclusion, reduction, or other limitation as to coverage, deductible, coinsurance or copayment applicable solely to conditions attributable to diethylstilbestrol or exposure to diethylstilbestrol, unless the covered person has been diagnosed as having diethylstilbestrol-related cancer prior to the date on which coverage for that person begins. In the absence of credible evidence of a higher morbidity rate due to exposure to diethylstilbestrol, no insurer shall surcharge or in any other manner increase the premium. If there is credible evidence of a higher morbidity rate due to exposure to diethylstilbestrol, no insurer shall surcharge or in any other manner increase the premium without the prior approval of the commissioner.

Subd. 3. **Refusal to issue or renew.** No insurer shall refuse to issue or renew a policy, or to provide coverage under a policy, in this state after August 1, 1981 solely because of conditions attributable to diethylstilbestrol or exposure to diethylstilbestrol, unless the covered person has been diagnosed as having diethylstilbestrol-related cancer prior to the date on which an initial premium payment is received by the insurer.

62A.155 COVERAGE FOR SERVICES PROVIDED TO A VENTILATOR-DEPENDENT PERSON.

Subdivision 1. **Scope of coverage.** This section applies to all policies of accident and health insurance, group subscriber contracts offered by nonprofit health service plan corporations regulated under chapter 62C, health maintenance contracts regulated under chapter 62D, and health benefit certificates offered through a fraternal benefit society regulated under chapter 64B. This section does not apply to policies designed primarily to provide coverage payable on a per diem, fixed indemnity or nonexpense incurred basis, or policies that provide only accident coverage.

Subd. 2. **Required coverage.** If a policy, plan, certificate, or contract referred to in subdivision 1 issued or renewed after August 1, 1988, provides coverage for services provided by a private duty nurse or personal care assistant to a ventilator-dependent person in the person's home, it must provide coverage for up to 120 hours of services provided by a private duty nurse or personal care assistant to the ventilator-dependent person during the time the ventilator-dependent person is in a hospital licensed under chapter 144. The personal care assistant or private duty nurse shall perform only the services of communicator or interpreter for the ventilator-dependent patient during a transition period of up to 120 hours to assure adequate training of the hospital staff to communicate with the patient and to understand the unique comfort, safety, and personal care needs of the patient.

62A.16 GROUP HOSPITAL AND MEDICAL COVERAGE AND HEALTH CARE PLANS, APPLICABILITY.

The provisions of this section and section 62A.17 shall apply to all group insurance policies or group subscriber contracts providing coverage for hospital or medical expenses incurred by a Minnesota resident employed within this state. This section and section 62A.17 shall also apply to health care plans established by employers in this state through health maintenance organizations certified under chapter 62D.

History: 1974 c 101 s 1; 1976 c 142 s 1

62A.17 TERMINATION OF OR LAYOFF FROM EMPLOYMENT.

Subdivision 1. Continuation of coverage. Every group insurance policy, group subscriber contract, and health care plan included within the provisions of section 62A.16, except policies, contracts, or health care plans covering employees of an agency of the federal government, shall contain a provision which permits every covered employee who is voluntarily or involuntarily terminated or laid off from employment, if the policy, contract, or health care plan remains in force for active employees of the employer, to elect to continue the coverage for the employee and dependents.

An employee shall be considered to be laid off from employment if there is a reduction in hours to the point where the employee is no longer eligible under the policy, contract, or health care plan. Termination shall not include discharge for gross misconduct.

Subd. 2. Responsibility of employee. Every covered employee electing to continue coverage shall pay the former employer, on a monthly basis, the cost of the continued coverage. The policy, contract, or plan must require the group policyholder or contract holder to, upon request, provide the employee with written verification from the insurer of the cost of this coverage promptly at the time of eligibility for this coverage and at any time during the continuation period. If the policy, contract, or health care plan is administered by a trust, every covered employee electing to continue coverage shall pay the trust the cost of continued coverage according to the eligibility rules established by the trust. In no event shall the amount of premium charged exceed 102 percent of the cost to the plan for such period of coverage for similarly situated employees with respect to whom neither termination nor layoff has occurred, without regard to whether such cost is paid by the employer or employee. The employee shall be eligible to continue the coverage until the employee becomes covered under another group health plan, or for a period of 18 months after the termination of or lay off from employment, whichever is shorter. If the employee becomes covered under another group policy, contract, or health plan and the new group policy, contract, or health plan contains any preexisting condition limitations, the employee may, subject to the 18-month maximum continuation limit, continue coverage with the former employer until the preexisting condition limitations have been satisfied. The new policy, contract, or health plan is primary except as to the preexisting condition. In the case of a newborn child who is a dependent of the employee, the new policy, contract, or health plan is primary upon the date of birth of the child, regardless of which policy, contract, or health plan coverage is deemed primary for the mother of the child.

Subd. 3. [Repealed by amendment, 1987 c 337 s 50]

Subd. 4. Responsibility of employer. After timely receipt of the monthly payment from a covered employee, if the employer, or the trustee, if the policy, contract, or health care plan is administered by a trust, fails to make the payment to the insurer, nonprofit health service plan corporation, or health maintenance organization, with the result that the employee's coverage is terminated, the employer or trust shall become liable for the employee's coverage to the same extent as the insurer, nonprofit health service plan corporation, or health maintenance organization would be if the coverage were still in effect.

In the case of a policy, contract or plan administered by a trust, the employer must notify the trustee within 30 days of the termination or layoff of a covered employee of the name and last known address of the employee.

If the employer or trust fails to notify a covered employee, the employer or trust shall continue to remain liable for the employee's coverage to the same extent as the insurer would be if the coverage were still in effect.

Subd. 5. Notice of options. Upon the termination of or lay off from employment of an eligible employee, the employer shall inform the employee within ten days after termination or lay off of:

- (a) the right to elect to continue the coverage;
- (b) the amount the employee must pay monthly to the employer to retain the coverage;

MINNESOTA STATUTES 1994

(c) the manner in which and the office of the employer to which the payment to the employer must be made; and

(d) the time by which the payments to the employer must be made to retain coverage.

If the policy, contract, or health care plan is administered by a trust, the employer is relieved of the obligation imposed by clauses (a) to (d). The trust shall inform the employee of the information required by clauses (a) to (d).

The employee shall have 60 days within which to elect coverage. The 60-day period shall begin to run on the date plan coverage would otherwise terminate or on the date upon which notice of the right to coverage is received, whichever is later.

Notice must be in writing and sent by first class mail to the employee's last known address which the employee has provided the employer or trust.

A notice in substantially the following form shall be sufficient: "As a terminated or laid off employee, the law authorizes you to maintain your group medical insurance for a period of up to 18 months. To do so you must notify your former employer within 60 days of your receipt of this notice that you intend to retain this coverage and must make a monthly payment of \$..... to at by the of each month."

Subd. 6. Conversion to individual policy. A group insurance policy that provides posttermination or layoff coverage as required by this section shall also include a provision allowing a covered employee, surviving spouse, or dependent at the expiration of the posttermination or layoff coverage provided by subdivision 2 to obtain from the insurer offering the group policy or group subscriber contract, at the employee's, spouse's, or dependent's option and expense, without further evidence of insurability and without interruption of coverage, an individual policy of insurance or an individual subscriber contract providing at least the minimum benefits of a qualified plan as prescribed by section 62E.06 and the option of a number three qualified plan, a number two qualified plan, and a number one qualified plan as provided by section 62E.06, subdivisions 1 to 3, provided application is made to the insurer within 30 days following notice of the expiration of the continued coverage and upon payment of the appropriate premium. The required conversion contract must treat pregnancy the same as any other covered illness under the conversion contract. A health maintenance contract issued by a health maintenance organization that provides posttermination or layoff coverage as required by this section shall also include a provision allowing a former employee, surviving spouse, or dependent at the expiration of the posttermination or layoff coverage provided in subdivision 2 to obtain from the health maintenance organization, at the former employee's, spouse's, or dependent's option and expense, without further evidence of insurability and without interruption of coverage, an individual health maintenance contract. Effective January 1, 1985, enrollees who have become nonresidents of the health maintenance organization's service area shall be given the option, to be arranged by the health maintenance organization, of a number three qualified plan, a number two qualified plan, or a number one qualified plan as provided by section 62E.06, subdivisions 1 to 3. This option shall be made available at the enrollee's expense, without further evidence of insurability and without interruption of coverage.

A policy providing reduced benefits at a reduced premium rate may be accepted by the employee, the spouse, or a dependent in lieu of the optional coverage otherwise required by this subdivision.

The individual policy or contract shall be renewable at the option of the individual as long as the individual is not covered under another qualified plan as defined in section 62E.02, subdivision 4. Any revisions in the table of rate for the individual policy shall apply to the covered person's original age at entry and shall apply equally to all similar policies issued by the insurer.

62A.18 PROHIBITION AGAINST DISABILITY OFFSETS.

No individual or group policy of accident and health insurance issued, amended, renewed, or delivered in this state on or after January 1, 1976 shall contain any provision offsetting, or in any other manner reducing, any benefit under the policy by the amount of, or in proportion to, any increase in disability benefits received or receivable under the federal Social Security Act, the Railroad Retirement Act, any Veteran's Disability Compensation and Survivor Benefits Act, Workers' Compensation, or any similar federal or state law, as amended subsequent to the date of commencement of such benefit.

62A.19 PROHIBITION AGAINST NONDIAGNOSTIC X-RAYS.

No individual or group policy of dental insurance offered for sale to a Minnesota resident by an insurer regulated under this chapter, individual or group service plan or subscriber contract regulated under chapter 62C, health maintenance contract regulated under chapter 62D, or fraternal contract benefit regulated under chapter 64B, shall subject any policyholder, subscriber, or enrollee to undue exposure to radiation by requiring a health care provider to take or obtain X-rays that are not directly related to patient care.

Any health care provider receiving such a request may refuse to provide X-rays not necessary to the diagnosis and treatment of the patient. An insurer, nonprofit health service plan corporation, health maintenance organization, fraternal benefit society, or dental plan may not deny or withhold benefits based solely upon the refusal to provide X-rays. Nothing in this section prohibits requests for X-rays or other diagnostic aids routinely taken in conjunction with the diagnosis and treatment of injury or disease, or routinely required by the insurer for preapproval or predetermination of treatment. An insurer may not retroactively request new X-rays not taken in conjunction with the diagnosis or treatment of injury or disease.

Subdivision 1. **Requirement.** Every policy of accident and health insurance providing coverage of hospital or medical expense on either an expense-incurred basis or other than an expense-incurred basis, which in addition to covering the insured also provides coverage to the spouse and dependent children of the insured shall contain:

(1) a provision which permits the spouse and dependent children to elect to continue coverage when the insured becomes enrolled for benefits under Title XVIII of the Social Security Act (Medicare); and

If coverage is provided under a group policy, any required premium contributions for the coverage shall be paid by the insured on a monthly basis to the group policyholder for remittance to the insurer. In no event shall the amount of premium charged exceed 102 percent of the cost to the plan for such period of coverage for other similarly situated spouse and dependent children to whom subdivision 1 is not applicable, without regard to whether such cost is paid by the employer or employee.

The coverage shall be continued until the earlier of the following dates:

(a) the date the insured's former spouse becomes covered under any other group health plan; or

(b) the date coverage would otherwise terminate under the policy.

If the coverage is provided under a group policy, any required premium contributions for the coverage shall be paid by the insured on a monthly basis to the group policyholder for remittance to the insurer. The policy must require the group policyholder to, upon request, provide the insured with written verification from the insurer of the cost of this coverage promptly at the time of eligibility for this coverage and at any time during the continuation period. In no event shall the amount of premium charged exceed 102 percent of the cost to the plan for such period of coverage for other similarly situated spouses and dependent children with respect to whom the marital relationship has not dissolved, without regard to whether such cost is paid by the employer or employee.

Subd. 2b. **Conversion privilege.** Every policy described in subdivision 1 shall contain a provision allowing a former spouse and dependent children of an insured, without providing evidence of insurability, to obtain from the insurer at the expiration of any continuation of coverage required under subdivision 2a or sections 62A.146 and 62A.20, conversion coverage providing at least the minimum benefits of a qualified plan as prescribed by section 62E.06 and the option of a number three qualified plan, a number two qualified plan, a number one qualified plan as provided by section 62E.06, subdivisions 1 to 3, provided application is made to the insurer within 30 days following notice of the expiration of the continued coverage and upon payment of the appropriate premium. Any revisions in the table of rate for the individual policy shall apply to the covered person's original age at entry and shall apply equally to all similar policies issued by the insurer.

A policy providing reduced benefits at a reduced premium rate may be accepted by the covered person in lieu of the optional coverage otherwise required by this subdivision.

and its political subdivisions as defined in section 65B.43, subdivision 20, who provides a health benefit plan to its Minnesota employees, which is to some extent self-insured by the employer, and who purchases stop-loss insurance coverage, or any other insurance coverage, in connection with the health benefit plan, shall annually file with the commissioner, within 60 days of the end of the employer's fiscal year, security acceptable to the commissioner in an amount specified under subdivision 2, or a surety bond in the form and amount prescribed by subdivisions 2 and 3. An acceptable surety bond is one issued by a corporate surety authorized by the commissioner to transact this business in the state of Minnesota for the purposes of this section. The term "Minnesota employees" includes any Minnesota resident who is employed by the employer.

Subd. 2. Amount of surety bond or security. The amount of surety bond or acceptable security required by subdivision 1 shall be equal to one-fourth of the projected annual medical and hospital expenses to be incurred by the employer or \$1,000, whichever is greater, with respect to its Minnesota employees by reason of the portion of the employer's health benefit plan which is self-insured by the employer.

Subd. 3. Form of the surety bond. The surety bond shall provide as follows:

NOW, THEREFORE, the condition of this obligation is such that if the said principal shall, according to the terms, provisions, and limitations of principals' health benefit program for its Minnesota employees, pay all of its liabilities and obligations, including all benefits as provided in the attached plan, then, this obligation shall be null and void, otherwise to remain in full force and effect, subject, however, to the following terms and conditions:

1. The liability of the surety is limited to the payment of the benefits of the employee benefit plan which are payable by the principal and within the amount of the bond. The surety shall be bound to payments owed by the principal for obligations arising from a default of the principal or any loss incurred during the period to which the bond applies.

2. In the event of any default on the part of the principal to abide by the terms and provision of the attached plan, the commissioner of commerce may, upon ten-days notice to the surety and opportunity to be heard, require the surety to pay all of the principal's past and future obligations under the attached plan with respect to the principal's Minnesota employees.

Subd. 4. Penalty for failure to comply. The commissioner of revenue shall deny any business tax deduction to an employer for the employer's contribution to a health plan for the period which the employer fails to comply with this section. This section does not apply to trusts established under chapter 62H which have been approved by the commissioner.

Subd. 5. Petition to reduce bond or security amount. An employer subject to this section may petition the commissioner to, and the commissioner may, allow the use of a surety bond not in the form specified in subdivision 3, or grant a reduction in the amount of the surety bond or security required.

In reviewing a petition submitted under this subdivision, the commissioner must consider, in addition to any other factors, information provided by the petitioner in regard to the following:

- (2) the number of employees;
- (3) the cost of providing the bond or security and the effect the cost will have on the petitioner's financial condition;

MEDICARE SUPPLEMENT INSURANCE

62A.31 MEDICARE SUPPLEMENT BENEFITS; MINIMUM STANDARDS.

Subdivision 1. **Policy requirements.** No individual or group policy, certificate, subscriber contract issued by a health service plan corporation regulated under chapter 62C, or other evidence of accident and health insurance the effect or purpose of which is to supplement Medicare coverage issued or delivered in this state or offered to a resident of this state shall be sold or issued to an individual covered by Medicare unless the requirements in subdivisions 1a to 1s are met.

Subd. 1a. **Minimum coverage.** The policy must provide a minimum of the coverage set out in subdivision 2 and section 62E.07.

Subd. 1b. **Preexisting condition coverage.** The policy must cover preexisting conditions during the first six months of coverage if the insured was not diagnosed or treated for the particular condition during the 90 days immediately preceding the effective date of coverage.

Subd. 1c. **Limitation on cancellation or nonrenewal.** The policy must contain a provision that the plan will not be canceled or nonrenewed on the grounds of the deterioration of health of the insured.

Subd. 1d. **Mandatory offer.** Before the policy is sold or issued, an offer of both categories of Medicare supplement insurance must be made to the individual, together with an explanation of both coverages.

Subd. 1e. **Delivery of outline of coverage.** An outline of coverage as provided in section 62A.39 must be delivered at the time of application and prior to payment of any premium and, except for direct response policies, an acknowledgment of receipt of this outline must be obtained from the applicant.

Subd. 1f. **Suspension based on entitlement to medical assistance.** (a) The policy must provide that benefits and premiums under the policy shall be suspended at the request of the policyholder for the period, not to exceed 24 months, in which the policyholder has applied for and is determined to be entitled to medical assistance under title XIX of the Social Security Act, but only if the policyholder notifies the issuer of the policy within 90 days after the date the individual becomes entitled to this assistance.

(b) If suspension occurs and if the policyholder or certificate holder loses entitlement to this medical assistance, the policy shall be automatically reinstated, effective as of the date of termination of this entitlement, if the policyholder provides notice of loss of the entitlement within 90 days after the date of the loss.

(c) The policy must provide that upon reinstatement (1) there is no additional waiting period with respect to treatment of preexisting conditions, (2) coverage is provided which is substantially equivalent to coverage in effect before the date of the suspension, and (3) premiums are classified on terms that are at least as favorable to the policyholder or certificate holder as the premium classification terms that would have applied to the policyholder or certificate holder had coverage not been suspended.

Subd. 1g. **Notification of counseling services.** The written statement required by an application for Medicare supplement insurance pursuant to section 62A.43, subdivision 1, shall be made on a form, approved by the commissioner, that states that counseling services may be available in the state to provide advice concerning the purchase of Medicare supplement policies and enrollment under the Medicaid program.

Subd. 1h. **Limitations on denials, conditions, and pricing of coverage.** No issuer of Medicare supplement policies, including policies that supplement Medicare issued by health maintenance organizations or those policies governed by section 1833 or 1876 of the federal Social Security Act, United States Code, title 42, section 1395, et seq., in this state may impose preexisting condition limitations or otherwise deny or condition the issuance or effectiveness of any Medicare supplement insurance policy form available for sale in this state, nor may it discriminate in the pricing of such a policy, because of the health status, claims experience, receipt of health care, or medical condition of an applicant where an application for such insurance is submitted during the

six-month period beginning with the first month in which an individual first enrolled for benefits under Medicare Part B. This paragraph applies regardless of whether the individual has attained the age of 65 years. If an individual who is enrolled in Medicare Part B due to disability status is involuntarily disenrolled due to loss of disability status, the individual is eligible for the six-month enrollment period provided under this subdivision if the individual later becomes eligible for and enrolls again in Medicare Part B.

Subd. 1i. Replacement coverage. If a Medicare supplement policy replaces another Medicare supplement policy, the issuer of the replacing policy shall waive any time periods applicable to preexisting conditions, waiting periods, elimination periods, and probationary periods in the new Medicare supplement policy for benefits to the extent the time was spent under the original policy.

Subd. 1j. Filing and approval. The policy must have been filed with and approved by the department as meeting all the requirements of sections 62A.31 to 62A.44.

Subd. 1k. Guaranteed renewability. The policy must guarantee renewability.

Only the following standards for renewability may be used in Medicare supplement insurance policy forms.

No issuer of Medicare supplement insurance policies may cancel or nonrenew a Medicare supplement policy or certificate for any reason other than nonpayment of premium or material misrepresentation.

If a group Medicare supplement insurance policy is terminated by the group policyholder and is not replaced as provided in this clause, the issuer shall offer certificate holders an individual Medicare supplement policy which, at the option of the certificate holder, provides for continuation of the benefits contained in the group policy; or provides for such benefits and benefit packages as otherwise meet the requirements of this clause.

If an individual is a certificate holder in a group Medicare supplement insurance policy and the individual terminates membership in the group, the issuer of the policy shall offer the certificate holder the conversion opportunities described in this clause; or offer the certificate holder continuation of coverage under the group policy.

Subd. 1l. Treatment of sickness and accident losses. A Medicare supplement policy or certificate shall not indemnify against losses resulting from sickness on a different basis than losses resulting from accidents.

Subd. 1m. Medicare cost sharing coverage changes. A Medicare supplement policy or certificate shall provide that benefits designed to cover cost sharing amounts under Medicare will be changed automatically to coincide with any changes in the applicable Medicare deductible amount and copayment percentage factors. Premiums may be modified to correspond with the changes.

As soon as practicable, but no later than 30 days prior to the annual effective date of any Medicare benefit changes, an issuer shall notify its policyholders and certificate holders of modifications it has made to Medicare supplement insurance policies or certificates in a format acceptable to the commissioner. Such notice shall:

(1) include a description of revisions to the Medicare program and a description of each modification made to the coverage provided under the Medicare supplement policy or certificate; and

(2) inform each policyholder or certificate holder as to when any premium adjustment is to be made, due to changes in Medicare.

The notice of benefit modifications and any premium adjustments must be in outline form and in clear and simple terms so as to facilitate comprehension.

The notices must not contain or be accompanied by any solicitation.

Subd. 1n. Termination of coverage. Termination by an issuer of a Medicare supplement policy or certificate shall be without prejudice to any continuous loss that began while the policy or certificate was in force, but the extension of benefits beyond the period during which the policy or certificate was in force may be conditioned on the

continuous total disability of the insured, limited to the duration of the policy or certificate benefit period, if any, or payment of the maximum benefits. The extension of benefits does not apply when the termination is based on fraud, misrepresentation, or nonpayment of premium. An issuer may discontinue the availability of a policy form or certificate form if the issuer provides to the commissioner in writing its decision at least 30 days before discontinuing the availability of the form of the policy or certificate. An issuer that discontinues the availability of a policy form or certificate form shall not file for approval a new policy form or certificate form of the same type for the same Medicare supplement benefit plan as the discontinued form for five years after the issuer provides notice to the commissioner of the discontinuance. The period of discontinuance may be reduced if the commissioner determines that a shorter period is appropriate. The sale or other transfer of Medicare supplement business to another issuer shall be considered a discontinuance for the purposes of this section. A change in the rating structure or methodology shall be considered a discontinuance under this section unless the issuer complies with the following requirements:

(1) the issuer provides an actuarial memorandum, in a form and manner prescribed by the commissioner, describing the manner in which the revised rating methodology and resulting rates differ from the existing rating methodology and resulting rates; and

(2) the issuer does not subsequently put into effect a change of rates or rating factors that would cause the percentage differential between the discontinued and subsequent rates as described in the actuarial memorandum to change. The commissioner may approve a change to the differential that is in the public interest.

Subd. 1o. **Refund or credit calculation.** (a) Except as provided in paragraph (b), the Minnesota experience of all policy forms or certificate forms of the same type in a standard Medicare supplement benefit plan shall be combined for purposes of the refund or credit calculation prescribed in section 62A.36.

(b) Forms assumed under an assumption reinsurance agreement shall not be combined with the Minnesota experience of other forms for purposes of the refund or credit calculation.

Subd. 1p. **Renewal or continuation provisions.** Medicare supplement policies and certificates shall include a renewal or continuation provision. The language or specifications of the provision shall be consistent with the type of contract issued. The provision shall be appropriately captioned and shall appear on the first page of the policy or certificate, and shall include any reservation by the issuer of the right to change premiums. Except for riders or endorsements by which the issuer effectuates a request made in writing by the insured, exercises a specifically reserved right under a Medicare supplement policy or certificate, or is required to reduce or eliminate benefits to avoid duplication of Medicare benefits, all riders or endorsements added to a Medicare supplement policy or certificate after the date of issue or at reinstatement or renewal that reduce or eliminate benefits or coverage in the policy or certificate shall require a signed acceptance by the insured. After the date of policy or certificate issue, a rider or endorsement that increases benefits or coverage with a concomitant increase in premium during the policy or certificate term shall be agreed to in writing and signed by the insured, unless the benefits are required by the minimum standards for Medicare supplement policies or if the increased benefits or coverage is required by law. Where a separate additional premium is charged for benefits provided in connection with riders or endorsements, the premium charge shall be set forth in the policy, declaration page, or certificate. If a Medicare supplement policy or certificate contains limitations with respect to preexisting conditions, the limitations shall appear as a separate paragraph of the policy or certificate and be labeled as "preexisting condition limitations."

Issuers of accident and sickness policies or certificates that provide hospital or medical expense coverage on an expense incurred or indemnity basis, other than incidentally, to a person eligible for Medicare by reason of age shall provide to such applicants a Medicare Supplement Buyer's Guide in the form developed by the Health Care Financing Administration and in a type size no smaller than 12-point type. Delivery

of the Buyer's Guide must be made whether or not such policies or certificates are advertised, solicited, or issued as Medicare supplement policies or certificates as defined in this section. Except in the case of direct response issuers, delivery of the Buyer's Guide must be made to the applicant at the time of application, and acknowledgment of receipt of the Buyer's Guide must be obtained by the issuer. Direct response issuers shall deliver the Buyer's Guide to the applicant upon request, but no later than the time at which the policy is delivered.

Subd. 1q. Marketing procedures. (1) An issuer, directly or through its producers, shall:

(i) establish marketing procedures to assure that a comparison of policies by its agents or other producers will be fair and accurate;

(ii) establish marketing procedures to ensure that excessive insurance is not sold or issued;

(iii) establish marketing procedures that set forth a mechanism or formula for determining whether a replacement policy or certificate contains benefits clearly and substantially greater than the benefits under the replaced policy or certificate;

(iv) display prominently by type or other appropriate means, on the first page of the policy or certificate, the following:

"Notice to buyer: This policy or certificate may not cover all of your medical expenses";

(v) inquire and otherwise make every reasonable effort to identify whether a prospective applicant or enrollee for Medicare supplement insurance already has accident and sickness insurance and the types and amounts of the insurance;

(vi) establish auditable procedures for verifying compliance with this subdivision;

(2) in addition to the practices prohibited in chapter 72A, the following acts and practices are prohibited:

(i) knowingly making any misleading representation or incomplete or fraudulent comparison of any insurance policies or issuers for the purpose of inducing, or tending to induce, any person to lapse, forfeit, surrender, terminate, retain, pledge, assign, borrow on, or convert any insurance policy or to take out a policy of insurance with another insurer;

(ii) employing any method of marketing having the effect of or tending to induce the purchase of insurance through force, fright, threat, whether explicit or implied, or undue pressure to purchase or recommend the purchase of insurance;

(iii) making use directly or indirectly of any method of marketing which fails to disclose in a conspicuous manner that a purpose of the method of marketing is solicitation of insurance and that contact will be made by an insurance agent or insurance company;

(3) the terms "Medicare supplement," "medigap," and words of similar import shall not be used unless the policy or certificate is issued in compliance with this subdivision.

Subd. 1r. Community rate. Each health maintenance organization, health service plan corporation, insurer, or fraternal benefit society that sells coverage that supplements Medicare coverage shall establish a separate community rate for that coverage. Beginning January 1, 1993, no coverage that supplements Medicare or that is governed by section 1833 or 1876 of the federal Social Security Act, United States Code, title 42, section 1395, et seq., may be offered, issued, sold, or renewed to a Minnesota resident, except at the community rate required by this subdivision. The same community rate must apply to newly issued coverage and to renewal coverage.

For coverage that supplements Medicare and for the Part A rate calculation for plans governed by section 1833 of the federal Social Security Act, United States Code, title 42, section 1395, et seq., the community rate may take into account only the following factors:

(1) actuarially valid differences in benefit designs or provider networks;

(2) geographic variations in rates if preapproved by the commissioner of commerce; and

(3) premium reductions in recognition of healthy lifestyle behaviors, including but not limited to, refraining from the use of tobacco. Premium reductions must be actuarially valid and must relate only to those healthy lifestyle behaviors that have a proven positive impact on health. Factors used by the health carrier making this premium reduction must be filed with and approved by the commissioner of commerce.

For insureds not residing in Anoka, Carver, Chisago, Dakota, Hennepin, Ramsey, Scott, or Washington county, a health plan may, at the option of the health carrier, phase in compliance under the following timetable:

(i) a premium adjustment as of March 1, 1993, that consists of one-half of the difference between the community rate that would be applicable to the person as of March 1, 1993, and the premium rate that would be applicable to the person as of March 1, 1993, under the rate schedule permitted on December 31, 1992. A health plan may, at the option of the health carrier, implement the entire premium difference described in this clause for any person as of March 1, 1993, if the premium difference would be 15 percent or less of the premium rate that would be applicable to the person as of March 1, 1993, under the rate schedule permitted on December 31, 1992, if the health plan does so uniformly regardless of whether the premium difference causes premiums to rise or to fall. The premium difference described in this clause is in addition to any premium adjustment attributable to medical cost inflation or any other lawful factor and is intended to describe only the premium difference attributable to the transition to the community rate; and

(ii) with respect to any person whose premium adjustment was constrained under clause (i), a premium adjustment as of January 1, 1994, that consists of the remaining one-half of the premium difference attributable to the transition to the community rate, as described in clause (i).

A health plan that initially follows the phase-in timetable may at any subsequent time comply on a more rapid timetable. A health plan that is in full compliance as of January 1, 1993, may not use the phase-in timetable and must remain in full compliance. Health plans that follow the phase-in timetable must charge the same premium rate for newly issued coverage that they charge for renewal coverage. A health plan whose premiums are constrained by clause (i) may take the constraint into account in establishing its community rate.

From January 1, 1993 to February 28, 1993, a health plan may, at the health carrier's option, charge the community rate under this paragraph or may instead charge premiums permitted as of December 31, 1992.

Subd. 1s. Prescription drug coverage. Beginning January 1, 1993, a health maintenance organization that issues coverage that supplements Medicare or that issues coverage governed by section 1833 or 1876 of the federal Social Security Act, United States Code, title 42, section 1395 et seq., must offer, to each person to whom it offers any contract described in this subdivision, at least one contract that either:

(1) covers 80 percent of the reasonable and customary charge for prescription drugs or the copayment equivalency; or

(2) offers the coverage described in clause (1) as an optional rider that may be purchased separately from other optional coverages.

Subd. 1t. Notice of lack of drug coverage. Each policy or contract issued without prescription drug coverage by any insurer, health service plan corporation, health maintenance organization, or fraternal benefit society must contain, displayed prominently by type or other appropriate means, on the first page of the contract, the following:

"Notice to buyer: This contract does not cover prescription drugs. Prescription drugs can be a very high percentage of your medical expenses. Coverage for prescription drugs may be available to you. Please ask for further details."

From January 1, 1993 to February 28, 1993, compliance with this paragraph is

optional. If a health maintenance organization does not comply with this paragraph during that period, the health maintenance organization must extend any person's six-month eligibility period provided under subdivision 1h that began prior to or during that period and ends during or after that period. The length of the extension must be no less than that portion of the person's six-month eligibility period during which the health carrier did not comply with this paragraph. The extended eligibility period applies only to contracts that provide the prescription drug coverage required by this paragraph.

Subd. 2. General coverage. For a policy to meet the requirements of this section it must contain (1) a designation specifying whether the policy is an extended basic Medicare supplement plan or a basic Medicare supplement plan, (2) a caption stating that the commissioner has established two categories of Medicare supplement insurance and minimum standards for each, with the extended basic Medicare supplement being the most comprehensive and the basic Medicare supplement being the least comprehensive, and (3) the policy must provide the coverage prescribed in sections 62A.315 and 62A.316.

Subd. 3. Definitions. (a) "Accident," "accidental injury," or "accidental means" means to employ "result" language and does not include words that establish an accidental means test or use words such as "external," "violent," "visible wounds," or similar words of description or characterization.

(1) The definition shall not be more restrictive than the following: "Injury or injuries for which benefits are provided means accidental bodily injury sustained by the insured person which is the direct result of an accident, independent of disease or bodily infirmity or any other cause, and occurs while insurance coverage is in force."

(2) The definition may provide that injuries shall not include injuries for which benefits are provided or available under a workers' compensation, employer's liability or similar law, or motor vehicle no-fault plan, unless prohibited by law.

(b) "Applicant" means:

(1) in the case of an individual Medicare supplement policy or certificate, the person who seeks to contract for insurance benefits; and

(2) in the case of a group Medicare supplement policy or certificate, the proposed certificate holder.

(c) "Benefit period" or "Medicare benefit period" shall not be defined more restrictively than as defined in the Medicare program.

(d) "Certificate" means a certificate delivered or issued for delivery in this state or offered to a resident of this state under a group Medicare supplement policy or certificate.

(e) "Certificate form" means the form on which the certificate is delivered or issued for delivery by the issuer.

(f) "Convalescent nursing home," "extended care facility," or "skilled nursing facility" shall not be defined more restrictively than as defined in the Medicare program.

(g) "Health care expenses" means expenses of health maintenance organizations associated with the delivery of health care services which are analogous to incurred losses of insurers. The expenses shall not include:

(1) home office and overhead costs;

(2) advertising costs;

(3) commissions and other acquisition costs;

(4) taxes;

(5) capital costs;

(6) administrative costs; and

(7) claims processing costs.

(h) "Hospital" may be defined in relation to its status, facilities, and available ser-

vices or to reflect its accreditation by the joint commission on accreditation of hospitals, but not more restrictively than as defined in the Medicare program.

(i) "Issuer" includes insurance companies, fraternal benefit societies, health care service plans, health maintenance organizations, and any other entity delivering or issuing for delivery Medicare supplement policies or certificates in this state or offering these policies or certificates to residents of this state.

(j) "Medicare" shall be defined in the policy and certificate. Medicare may be defined as the Health Insurance for the Aged Act, title XVIII of the Social Security Amendments of 1965, as amended, or title I, part I, of Public Law Number 89-97, as enacted by the 89th Congress of the United States of America and popularly known as the Health Insurance for the Aged Act, as amended.

(k) "Medicare eligible expenses" means health care expenses covered by Medicare, to the extent recognized as reasonable and medically necessary by Medicare.

(l) "Medicare supplement policy or certificate" means a group or individual policy of accident and sickness insurance or a subscriber contract of hospital and medical service associations or health maintenance organizations, other than a policy or certificate issued under a contract under section 1833 or 1876 of the federal Social Security Act, United States Code, title 42, section 1395, et seq., or an issued policy under a demonstration project authorized under amendments to the federal Social Security Act, which is advertised, marketed, or designed primarily as a supplement to reimbursements under Medicare for the hospital, medical, or surgical expenses of persons eligible for Medicare.

(m) "Physician" shall not be defined more restrictively than as defined in the Medicare program or section 62A.04, subdivision 1, or 62A.15, subdivision 3a.

(n) "Policy form" means the form on which the policy is delivered or issued for delivery by the issuer.

(o) "Sickness" shall not be defined more restrictively than the following:

"Sickness means illness or disease of an insured person which first manifests itself after the effective date of insurance and while the insurance is in force."

The definition may be further modified to exclude sicknesses or diseases for which benefits are provided under a workers' compensation, occupational disease, employer's liability, or similar law.

Subd. 4. Prohibited policy provisions. A Medicare supplement policy or certificate in force in the state shall not contain benefits that duplicate benefits provided by Medicare or contain exclusions on coverage that are more restrictive than those of Medicare.

No Medicare supplement policy or certificate may use waivers to exclude, limit, or reduce coverage or benefits for specifically named or described preexisting diseases or physical conditions, except as permitted under subdivision 1b.

Subd. 5. Advertising. An issuer shall provide a copy of any Medicare supplement advertisement intended for use in this state whether through printed or electronic medium to the commissioner for review or approval to the extent it may be required.

Subd. 6. Application to certain policies. The requirements of sections 62A.31 to 62A.44 shall not apply to disability income protection insurance policies, long-term care policies issued pursuant to sections 62A.46 to 62A.56, or group policies of accident and health insurance which do not purport to supplement Medicare issued to any of the following groups:

(a) A policy issued to an employer or employers or to the trustee of a fund established by an employer where only employees or retirees, and dependents of employees or retirees, are eligible for coverage.

An updated list of network providers shall be filed with the commissioner at least quarterly.

(g) A Medicare select policy or certificate shall not restrict payment for covered services provided by nonnetwork providers if:

For the purposes of this paragraph, a significant benefit means coverage for the Medicare part A deductible, coverage for prescription drugs, coverage for at-home recovery services, or coverage for part B excess charges.

(n) Medicare select policies and certificates shall provide for continuation of coverage if the secretary of health and human services determines that Medicare select policies and certificates issued pursuant to this section should be discontinued due to either the failure of the Medicare select program to be reauthorized under law or its substantial amendment.

(1) Each Medicare select issuer shall make available to each individual insured under a Medicare select policy or certificate the opportunity to purchase a Medicare supplement policy or certificate offered by the issuer that has comparable or lesser benefits and that does not contain a restricted network provision. The issuer shall make the policies and certificates available without requiring evidence of insurability.

(2) For the purposes of this paragraph, a Medicare supplement policy or certificate will be considered to have comparable or lesser benefits unless it contains one or more significant benefits not included in the Medicare select policy or certificate being replaced. 62A.36 LOSS RATIO STANDARDS.

Subdivision 1. **Loss ratio standards.** (a) For purposes of this section, "Medicare supplement policy or certificate" has the meaning given in section 62A.31, subdivision 3, but also includes a policy, contract, or certificate issued under a contract under section 1833 or 1876 of the federal Social Security Act, United States Code, title 42, section 1395 et seq. A Medicare supplement policy form or certificate form shall not be delivered or issued for delivery unless the policy form or certificate form can be expected, as estimated for the entire period for which rates are computed to provide coverage, to return to policyholders and certificate holders in the form of aggregate benefits, not including anticipated refunds or credits, provided under the policy form or certificate form:

(1) at least 75 percent of the aggregate amount of premiums earned in the case of group policies, and

(2) at least 65 percent of the aggregate amount of premiums earned in the case of individual policies, calculated on the basis of incurred claims experience or incurred health care expenses where coverage is provided by a health maintenance organization on a service rather than reimbursement basis and earned premiums for the period and according to accepted actuarial principles and practices. An insurer shall demonstrate that the third year loss ratio is greater than or equal to the applicable percentage.

All filings of rates and rating schedules shall demonstrate that expected claims in relation to premiums comply with the requirements of this section when combined with actual experience to date. Filings of rate revisions shall also demonstrate that the anticipated loss ratio over the entire future period for which the revised rates are computed to provide coverage can be expected to meet the appropriate loss ratio standards,

and aggregate loss ratio from inception of the policy or certificate shall equal or exceed the appropriate loss ratio standards.

An application form for a Medicare supplement policy or certificate, as defined in this section, must prominently disclose the anticipated loss ratio and explain what it means.

(b) An issuer shall collect and file with the commissioner by May 31 of each year the data contained in the National Association of Insurance Commissioners Medicare Supplement Refund Calculating form, for each type of Medicare supplement benefit plan.

If, on the basis of the experience as reported, the benchmark ratio since inception (ratio 1) exceeds the adjusted experience ratio since inception (ratio 3), then a refund or credit calculation is required. The refund calculation must be done on a statewide basis for each type in a standard Medicare supplement benefit plan. For purposes of the refund or credit calculation, experience on policies issued within the reporting year shall be excluded.

A refund or credit shall be made only when the benchmark loss ratio exceeds the adjusted experience loss ratio and the amount to be refunded or credited exceeds a de minimis level. The refund shall include interest from the end of the calendar year to the date of the refund or credit at a rate specified by the secretary of health and human services, but in no event shall it be less than the average rate of interest for 13-week treasury bills. A refund or credit against premiums due shall be made by September 30 following the experience year on which the refund or credit is based.

(c) An issuer of Medicare supplement policies and certificates in this state shall file annually its rates, rating schedule, and supporting documentation including ratios of incurred losses to earned premiums by policy or certificate duration for approval by the commissioner according to the filing requirements and procedures prescribed by the commissioner. The supporting documentation shall also demonstrate in accordance with actuarial standards of practice using reasonable assumptions that the appropriate loss ratio standards can be expected to be met over the entire period for which rates are computed. The demonstration shall exclude active life reserves. An expected third-year loss ratio which is greater than or equal to the applicable percentage shall be demonstrated for policies or certificates in force less than three years.

As soon as practicable, but before the effective date of enhancements in Medicare benefits, every issuer of Medicare supplement policies or certificates in this state shall file with the commissioner, in accordance with the applicable filing procedures of this state:

(1) a premium adjustment that is necessary to produce an expected loss ratio under the policy or certificate that will conform with minimum loss ratio standards for Medicare supplement policies or certificates. No premium adjustment that would modify the loss ratio experience under the policy or certificate other than the adjustments described herein shall be made with respect to a policy or certificate at any time other than on its renewal date or anniversary date;

(2) if an issuer fails to make premium adjustments acceptable to the commissioner, the commissioner may order premium adjustments, refunds, or premium credits considered necessary to achieve the loss ratio required by this section;

(3) any appropriate riders, endorsements, or policy or certificate forms needed to accomplish the Medicare supplement insurance policy or certificate modifications necessary to eliminate benefit duplications with Medicare. The riders, endorsements, or policy or certificate forms shall provide a clear description of the Medicare supplement benefits provided by the policy or certificate.

(d) The commissioner may conduct a public hearing to gather information concerning a request by an issuer for an increase in a rate for a policy form or certificate form if the experience of the form for the previous reporting period is not in compliance with the applicable loss ratio standard. The determination of compliance is made without consideration of a refund or credit for the reporting period. Public notice of the hearing shall be furnished in a manner considered appropriate by the commissioner.

(e) An issuer shall not use or change premium rates for a Medicare supplement policy or certificate unless the rates, rating schedule, and supporting documentation have been filed with, and approved by, the commissioner according to the filing requirements and procedures prescribed by the commissioner.

Subd. 1a. Supplement to annual statements. Each insurer that has Medicare supplement policies in force in this state shall, as a supplement to the annual statement required by section 60A.13, submit, in a form prescribed by the commissioner, data showing its incurred claims experience, its earned premiums, and the aggregate amount of premiums collected and losses incurred for each Medicare policy form in force. If the data submitted does not confirm that the insurer has satisfied the loss ratio requirements of this section, the commissioner shall notify the insurer in writing of the deficiency. The insurer shall have 30 days from the date of the commissioner's notice to file amended rates that comply with this section. If the insurer fails to file amended rates within the prescribed time, the commissioner shall order that the insurer's filed rates for the nonconforming policy be reduced to an amount that would have resulted in a loss ratio that complied with this section had it been in effect for the reporting period of the supplement. The insurer's failure to file amended rates within the specified time or the issuance of the commissioner's order amending the rates does not preclude the insurer from filing an amendment of its rates at a later time. The commissioner shall annually make the submitted data as to premiums and loss ratios for the preceding three years available to the public at a cost not to exceed the cost of copying. The commissioner shall also provide the public with copies of the policies to which the loss ratios and premiums apply. The data must be compiled in a form useful for consumers who wish to compare premium charges and loss ratios.

Subd. 1b. Penalties. Each sale of a policy that does not comply with the loss ratio requirements of this section is an unfair or deceptive act or practice in the business of insurance and is subject to the penalties in sections 72A.17 to 72A.32.

Subd. 2. Solicitations by mail or media advertisement. For purposes of this section, Medicare supplement policies issued as a result of solicitations of individuals through the mail or mass media advertising, including both print and broadcast advertising, shall be treated as individual policies.

62A.37 SEALS AND EMBLEM PROHIBITED.

Subdivision 1. No graphic seal or emblem shall be displayed on any policy or promotional literature to indicate or give the impression that there is any connection, certification, approval or endorsement from medicare or any governmental body of this state or any agency thereof or of the United States of America or any agency thereof.

Subd. 2. Any false statement or representation printed on the policy or on promotional literature that indicates the policy has a connection with, is certified by, or has the approval or endorsement of any agency of this state or of the United States of America shall be unlawful.

62A.40 REPLACEMENT.

No insurer or agent shall replace a medicare supplement plan with another medicare supplement plan of the same category unless there is a substantial difference in cost favorable to the policyholder, or the insured has previously demonstrated a dissatisfaction with the service presently being received from the current insurer. An insurer or agent may replace a medicare supplement plan with a less comprehensive plan only if the prospective insured signs an acknowledgment that it is understood that the prospective insured will receive less benefits under the new policy than under the policy presently in force.

62A.41 PENALTIES.

Subdivision 1. **Generally.** Any insurer, general agent, agent, or other person who knowingly or willfully, either directly or indirectly, makes or causes to be made or induces or seeks to induce the making of any false statement or representation of a material fact with respect to compliance of any policy with the standards and requirements set forth in this section; falsely assumes or pretends to be acting, or misrepresents in any way, including a violation of section 62A.37, that the person is acting, under the authority or in association with Medicare, or any federal agency, for the purpose of selling or attempting to sell insurance, or in such pretended character demands, or obtains money, paper, documents, or anything of value; or knowingly sells a health insurance

policy to an individual entitled to benefits under part A or part B of Medicare with the knowledge that such policy substantially duplicates health benefits to which such individual is otherwise entitled under a requirement of state or federal law other than under Medicare shall be guilty of a felony and subject to a civil penalty of not more than \$5,000 per violation, and the commissioner may revoke or suspend the license of any company, association, society, other insurer, or agent thereof.

Subd. 2. Sales of replacement policies. An insurer or general agent, agent, manager's general agent, or other representative, who knowingly or willfully violates section 62A.40 is guilty of a felony and is subject to a civil penalty of not more than \$5,000 per violation.

Subd. 3. Sales of duplicate policies. An agent who knowingly or willfully violates section 62A.43, subdivision 1, is guilty of a felony and is subject to a civil penalty of not more than \$5,000 per violation.

62A.42 RULEMAKING AUTHORITY.

To carry out the purposes of sections 62A.31 to 62A.44, the commissioner may promulgate rules pursuant to chapter 14. These rules may:

(a) prescribe additional disclosure requirements for Medicare supplement plans, designed to adequately inform the prospective insured of the need and extent of coverage offered;

(b) prescribe uniform policy forms in order to give the insurance purchaser a reasonable opportunity to compare the cost of insuring with various insurers and may prescribe reasonable measures as necessary to conform Medicare supplement policies and certificates to the requirements of federal law and regulations; and

(c) establish other reasonable standards to further the purpose of sections 62A.31 to 62A.44.

History: 1981 c 318 s 12; 1982 c 424 s 130; 1983 c 263 s 12; 1992 c 554 art 1 s 11

62A.43 LIMITATIONS ON SALES.

Subdivision 1. Duplicate coverage prohibited. No agent shall sell a Medicare supplement plan, as defined in section 62A.31, to a person who currently has one plan in effect; however, an agent may sell a replacement plan in accordance with section 62A.40, provided that the second plan is not made effective any sooner than necessary to provide continuous benefits for preexisting conditions. Every application for Medicare supplement insurance shall require a written statement signed by the applicant listing all health and accident insurance maintained by the applicant as of the date the application is taken and stating whether the applicant is entitled to any medical assistance. The written statement must be accompanied by a written acknowledgment, signed by the seller of the policy, of the request for and receipt of the statement.

Subd. 2. Refunds. Notwithstanding the provisions of section 62A.38, an insurer which issues a Medicare supplement plan to any person who has one plan then in effect, except as permitted in subdivision 1, shall, at the request of the insured, either refund the premiums or pay any claims on the policy, whichever is greater. Any refund of premium pursuant to this section or section 62A.38 shall be sent by the insurer directly to the insured within 15 days of the request by the insured.

Subd. 3. Action by commissioner. If the commissioner determines after an investigation that an insurer has issued a Medicare supplement plan to a person who already has one plan, except as permitted in subdivision 1, the commissioner shall notify the insurer in writing of the determination. If the insurer thereafter fails to take reasonable

action to prevent overselling, the commissioner may, in the manner prescribed in chapter 14, revoke or suspend the insurer's authority to sell accident and health insurance in this state or impose a civil penalty not to exceed \$10,000, or both.

Subd. 4. **Other policies not prohibited.** The prohibition in this section or the requirements of section 62A.31, subdivision 1, against the sale of duplicate Medicare supplement coverage do not preclude the sale of insurance coverage, such as travel, accident and sickness coverage, the effect or purpose of which is not to supplement Medicare coverage. Notwithstanding this provision, if the commissioner determines that the coverage being sold is in fact Medicare supplement insurance, the commissioner shall notify the insurer in writing of the determination. If the insurer does not thereafter comply with sections 62A.31 to 62A.44, the commissioner may, pursuant to chapter 14, revoke or suspend the insurer's authority to sell accident and health insurance in this state or impose a civil penalty not to exceed \$10,000, or both.

62A.436 COMMISSIONS.

The commission, sales allowance, service fee, or compensation to an agent for the sale of a Medicare supplement plan must be the same for each of the first four years of the policy.

In no event may the rate of commission, sales allowance, service fee, or compensation for the sale of a basic Medicare supplement plan exceed that which applies to the sale of an extended basic Medicare supplement plan.

For purposes of this section, "compensation" includes pecuniary or nonpecuniary remuneration of any kind relating to the sale or renewal of the policy or certificate, including but not limited to bonuses, gifts, prizes, awards, and finder's fees.

This section also applies to sales of replacement policies.

62A.44 APPLICATIONS.

Subdivision 1. **Applicant copy.** No individual Medicare supplement plan shall be issued or delivered in this state unless a signed and completed copy of the application for insurance is left with the applicant at the time application is made.

Subd. 2. **Questions.** (a) Application forms shall include the following questions designed to elicit information as to whether, as of the date of the application, the applicant has another Medicare supplement or other health insurance policy or certificate in force or whether a Medicare supplement policy or certificate is intended to replace any other accident and sickness policy or certificate presently in force. A supplementary application or other form to be signed by the applicant and agent containing the questions and statements may be used.

"(1) You do not need more than one Medicare supplement policy or certificate.

(2) If you are 65 or older, you may be eligible for benefits under Medicaid and may not need a Medicare supplement policy or certificate.

(3) The benefits and premiums under your Medicare supplement policy or certificate will be suspended during your entitlement to benefits under Medicaid for 24 months. You must request this suspension within 90 days of becoming eligible for Medicaid. If you are no longer entitled to Medicaid, your policy or certificate will be reinstated if requested within 90 days of losing Medicaid eligibility.

To the best of your knowledge:

(1) Do you have another Medicare supplement policy or certificate in force, including health care service contract or health maintenance organization contract? If so, with which company?

(2) Do you have any other health insurance policies that provide benefits that this Medicare supplement policy or certificate would duplicate? If you do, please name the company and the kind of policy.

(3) If the answer to question 1 or 2 is yes, do you intend to replace these medical or health policies with this policy or certificate?

(4) Are you covered by Medicaid?"

(b) Agents shall list any other health insurance policies they have sold to the applicant.

(1) List policies sold that are still in force.

(2) List policies sold in the past five years that are no longer in force.

(c) In the case of a direct response issuer, a copy of the application or supplemental form, signed by the applicant, and acknowledged by the insurer, shall be returned to the applicant by the insurer on delivery of the policy or certificate.

(d) Upon determining that a sale will involve replacement of Medicare supplement coverage, any issuer, other than a direct response issuer, or its agent, shall furnish the applicant, before issuance or delivery of the Medicare supplement policy or certificate, a notice regarding replacement of Medicare supplement coverage. One copy of the notice signed by the applicant and the agent, except where the coverage is sold without an agent, shall be provided to the applicant and an additional signed copy shall be retained by the issuer. A direct response issuer shall deliver to the applicant at the time of the issuance of the policy or certificate the notice regarding replacement of Medicare supplement coverage.

(e) The notice required by paragraph (d) for an issuer shall be provided in substantially the following form in no less than 12-point type:

**“NOTICE TO APPLICANT REGARDING REPLACEMENT
OF MEDICARE SUPPLEMENT INSURANCE
(Insurance company’s name and address)**

SAVE THIS NOTICE! IT MAY BE IMPORTANT TO YOU IN THE FUTURE.

According to (your application) (information you have furnished), you intend to terminate existing Medicare supplement insurance and replace it with a policy or certificate to be issued by (Company Name) Insurance Company. Your new policy or certificate will provide 30 days within which you may decide without cost whether you desire to keep the policy or certificate.

You should review this new coverage carefully. Compare it with all accident and sickness coverage you now have. Terminate your present policy only if, after due consideration, you find that purchase of this Medicare supplement coverage is a wise decision.

STATEMENT TO APPLICANT BY ISSUER, AGENT, (BROKER OR OTHER REPRESENTATIVE): I have reviewed your current medical or health insurance coverage. The replacement of insurance involved in this transaction does not duplicate coverage, to the best of my knowledge. The replacement policy or certificate is being purchased for the following reason(s) (check one):

- _____ Additional benefits
- _____ No change in benefits, but lower premiums
- _____ Fewer benefits and lower premiums
- _____ Other (please specify)

(1) Health conditions which you may presently have (preexisting conditions) may not be immediately or fully covered under the new policy or

certificate. This could result in denial or delay of a claim for benefits under the new policy or certificate, whereas a similar claim might have been payable under your present policy or certificate.

(2) State law provides that your replacement policy or certificate may not contain new preexisting conditions, waiting periods, elimination periods, or probationary periods. The insurer will waive any time periods applicable to preexisting conditions, waiting periods, elimination periods, or probationary periods in the new policy (or coverage) for similar benefits to the extent the time was spent (depleted) under the original policy or certificate.

(3) If you still wish to terminate your present policy or certificate and replace it with new coverage, be certain to truthfully and completely answer all questions on the application concerning your medical and health history. Failure to include all material medical information on an application may provide a basis for the company to deny any future claims and to refund your premium as though your policy or certificate had never been in force. After the application has been completed and before you sign it, review it carefully to be certain that all information has been properly recorded. (If the policy or certificate is guaranteed issue, this paragraph need not appear.)

Do not cancel your present policy or certificate until you have received your new policy or certificate and you are sure that you want to keep it.

(f) Paragraph (e), clauses (1) and (2), of the replacement notice (applicable to preexisting conditions) may be deleted by an issuer if the replacement does not involve application of a new preexisting condition limitation.

Coverage must include persons with gestational, type I or type II diabetes. LONG-TERM CARE POLICIES

62A.46 DEFINITIONS.

A long-term care policy must contain a designation specifying whether the policy is a long-term care policy AA or A and a caption stating that the commissioner has established two categories of long-term care insurance and the minimum standards for each.

Sections 62A.46, 62A.48, and 62A.52 to 62A.56 do not apply to a long-term care policy issued to (a) an employer or employers or to the trustee of a fund established by an employer where only employees or retirees, and dependents of employees or retirees, are eligible for coverage or (b) to a labor union or similar employee organization. The associations exempted from the requirements of sections 62A.31 to 62A.44 under 62A.31, subdivision 1, clause (c) shall not be subject to the provisions of sections 62A.46 to 62A.56 until July 1, 1988.

Subd. 3. **Nursing facility.** "Nursing facility" means (1) a facility that is licensed as a nursing home under chapter 144A; (2) a facility that is both licensed as a boarding care home under sections 144.50 to 144.56 and certified as an intermediate care facility for purposes of the medical assistance program; and (3) in states other than Minnesota, a facility that meets licensing and certification standards comparable to those that apply to the facilities described in clauses (1) and (2).

Subd. 4. **Home care services.** "Home care services" means one or more of the following prescribed services for the long-term care and treatment of an insured that are provided by a home health agency in a noninstitutional setting according to a written diagnosis or assessment and plan of care:

(1) nursing and related personal care services under the direction of a registered nurse, including the services of a home health aide;

(2) physical therapy;

(3) speech therapy;

(4) respiratory therapy;

(5) occupational therapy;

(6) nutritional services provided by a licensed dietitian;

(7) homemaker services, meal preparation, and similar nonmedical services;

(8) medical social services; and

(9) other similar medical services and health-related support services.

Subd. 5. **Prescribed long-term care.** "Prescribed long-term care" means a service, type of care, or procedure that could not be omitted without adversely affecting the patient's illness or condition and is specified in a plan of care prepared by either: (1) a physician and a registered nurse and is appropriate and consistent with the diagnosis; or (2) a registered nurse or licensed social worker based on an assessment of the insured's ability to perform the activities of daily living and to perform basic cognitive functions appropriately.

Subd. 6. **Qualified insurer.** "Qualified insurer" means an entity licensed under chapter 62A or 62C.

Subd. 7. **Physician.** "Physician" means a medical practitioner licensed or holding a temporary permit under sections 147.02, 147.03, 147.031, 147.037, or holding a residency permit under section 147.0391.

Subd. 8. **Plan of care.** "Plan of care" means a written document prepared and signed by either: (1) a physician and registered nurse that specifies medically prescribed long-term care services or treatment that are consistent with the diagnosis; or (2) by a

registered nurse or licensed social worker that specifies prescribed long-term care services or treatment that are consistent with an assessment of the insured's ability to perform the activities of daily living and to perform basic cognitive functions appropriately. The plan of care must be prepared in accordance with accepted standards of practice and must contain services or treatment that could not be omitted without adversely affecting the patient's illness or condition.

Subd. 9. **Insured.** "Insured" means a person covered under a long-term care policy.

Subd. 10. **Home health agency.** "Home health agency" means an entity that provides home care services and is (1) certified for participation in the medicare program; or (2) licensed as a home health agency where a state licensing statute exists, or is otherwise acceptable to the insurer if licensing is not required.

Subd. 11. **Benefit period.** "Benefit period" means one or more separate or combined periods of confinement covered by a long-term care policy in a nursing facility or at home while receiving home care services. Subd. 12. **Homebound or house confined.** "Homebound or house confined" means that a person is physically unable to leave the home without another person's aid because the person has lost the capacity of independent transportation or is disoriented.

62A.48 LONG-TERM CARE POLICIES.

Subdivision 1. **Policy requirements.** No individual or group policy, certificate, subscriber contract, or other evidence of coverage of nursing home care or other long-term care services shall be offered, issued, delivered, or renewed in this state, whether or not the policy is issued in this state, unless the policy is offered, issued, delivered, or renewed by a qualified insurer and the policy satisfies the requirements of sections 62A.46 to 62A.56. A long-term care policy must cover prescribed long-term care in nursing facilities and at least the prescribed long-term home care services in section 62A.46, subdivision 4, clauses (1) to (5), provided by a home health agency. Coverage under a long-term care policy AA must include: a maximum lifetime benefit limit of at least \$100,000 for services, and nursing facility and home care coverages must not be subject to separate lifetime maximums. Coverage under a long-term care policy A must include: a maximum lifetime benefit limit of at least \$50,000 for services, and nursing facility and home care coverages must not be subject to separate lifetime maximums. Prior hospitalization may not be required under a long-term care policy.

Coverage under either policy designation must cover preexisting conditions during the first six months of coverage if the insured was not diagnosed or treated for the particular condition during the 90 days immediately preceding the effective date of coverage. Coverage under either policy designation may include a waiting period of up to 90 days before benefits are paid, but there must be no more than one waiting period per benefit period; for purposes of this sentence, "days" means calendar days. No policy may exclude coverage for mental or nervous disorders which have a demonstrable organic cause, such as Alzheimer's and related dementias. No policy may require the insured to be homebound or house confined to receive home care services. The policy must include a provision that the plan will not be canceled or renewal refused except on the grounds of nonpayment of the premium, provided that the insurer may change the premium rate on a class basis on any policy anniversary date. A provision that the policyholder may elect to have the premium paid in full at age 65 by payment of a higher premium up to age 65 may be offered. A provision that the premium would be waived during any period in which benefits are being paid to the insured during confinement in a nursing facility must be included. A nongroup policyholder may return a policy within 30 days of its delivery and have the premium refunded in full, less any benefits paid under the policy, if the policyholder is not satisfied for any reason.

No individual long-term care policy shall be offered or delivered in this state until the insurer has received from the insured a written designation of at least one person, in addition to the insured, who is to receive notice of cancellation of the policy for non-payment of premium. The insured has the right to designate up to a total of three persons who are to receive the notice of cancellation, in addition to the insured. The form used for the written designation must inform the insured that designation of one person is required and that designation of up to two additional persons is optional and must provide space clearly designated for listing between one and three persons. The designation shall include each person's full name, home address, and telephone number. Each time an individual policy is renewed or continued, the insurer shall notify the insured of the right to change this written designation.

The insurer may file a policy form that utilizes a plan of care prepared as provided under section 62A.46, subdivision 5, clause (1) or (2).

Subd. 2. Per diem coverage. If benefits are provided on a per diem basis, the minimum daily benefit for care in a nursing facility must be the lesser of \$60 or actual charges under a long-term care policy AA or the lesser of \$40 or actual charges under a long-term care policy A and the minimum benefit per visit for home care under a long-term care policy AA or A must be the lesser of \$25 or actual charges. The home care services benefit must cover at least seven paid visits per week.

Subd. 3. Expense-incurred coverage. If benefits are provided on an expense-incurred basis, a benefit of not less than 80 percent of covered charges for prescribed long-term care must be provided.

Subd. 4. Loss ratio. The anticipated loss ratio for long-term care policies must not be less than 65 percent for policies issued on a group basis or 60 percent for policies issued on an individual or mass-market basis.

Subd. 5. Solicitations by mail or media advertisement. For purposes of this section, long-term care policies issued as a result of solicitations of individuals through mail or mass media advertising, including both print and broadcast advertising, shall be treated as individual policies.

Subd. 6. Coordination of benefits. A long-term care policy may be secondary coverage for services provided under sections 62A.46 to 62A.56. Nothing in sections 62A.46 to 62A.56 shall require the secondary payor to pay the obligations of the primary payor nor shall it prevent the secondary payor from recovering from the primary payor the amount of any obligation of the primary payor that the secondary payor elects to pay.

There shall be no coordination of benefits between a long-term care policy and a policy designed primarily to provide coverage payable on a per diem, fixed indemnity or non-expense-incurred basis, or a policy that provides only accident coverage.

Subd. 7. Existing policies. Nothing in sections 62A.46 to 62A.56 prohibits the renewal of the following long-term care policies:

- (1) policies sold outside the state of Minnesota to persons who at the time of sale were not residents of the state of Minnesota;
- (2) policies sold before August 1, 1986; and
- (3) policies sold before July 1, 1988, by associations exempted from sections 62A.31 to 62A.44 under section 62A.31, subdivision 6.

Subd. 8. Cancellation for nonpayment of premium. No individual long-term care policy shall be canceled for nonpayment of premium unless the insurer, at least 30 days before the effective date of the cancellation, has given notice to the insured and to those persons designated pursuant to section 62A.48, subdivision 1, at the address provided by the insured for purposes of receiving notice of cancellation.

62A.49 HOME CARE SERVICES COVERAGE.

Subdivision 1. Generally. Section 62A.48 does not prohibit the sale of policies, cer-

tificates, subscriber contracts, or other evidences of coverage that provide home care services only. This does not, however, remove the requirement that home care service benefits must be provided as part of a long-term care policy pursuant to that section. Home care services only policies may be sold, provided that they meet the requirements set forth in sections 62A.46 to 62A.56, except that they do not have to meet those conditions that relate to long-term care in nursing facilities. Disclosures and representations regarding these policies must be adjusted accordingly to remove references to coverage for nursing home care.

Subd. 2. Provider networks and managed care. Home health care services issued pursuant to this section may be provided through a limited provider network and may employ managed care practices. If these methods are used, they must be adequately disclosed within the policy and any advertisements or representations regarding coverage. Policies may not be sold in areas where there are not sufficient providers to meet the needs of the policyholders located in that area.

62A.50 DISCLOSURES AND REPRESENTATIONS.

Subdivision 1. Seal or emblems. No graphic seal or emblem shall be displayed on any policy, or in connection with promotional materials on policy solicitations, that may reasonably be expected to convey to the purchaser that the policy form is approved, endorsed, or certified by a state or local unit of government or agency, the federal government, or a federal agency.

Subd. 2. Cancellation notice. Long-term care policies issued on a nongroup basis must have a notice prominently printed on the first page of the policy stating that the policyholder may return the policy within 30 days of its delivery and have the premium refunded in full if the policyholder is not satisfied for any reason. A solicitation for a long-term care policy to be issued on a nongroup basis pursuant to a direct-response solicitation must state in substance that the policyholder may return the policy within 30 days of its delivery and have the premium refunded in full if the policyholder is not satisfied for any reason.

Subd. 3. Disclosures. No long-term care policy shall be offered or delivered in this state, whether or not the policy is issued in this state, and no certificate of coverage under a group long-term care policy shall be offered or delivered in this state, unless a statement containing at least the following information is delivered to the applicant at the time the application is made:

(1) a description of the benefits and coverage provided by the policy and the differences between this policy, a supplemental Medicare policy and the benefits to which an individual is entitled under parts A and B of Medicare and the differences between policy designations A and AA;

(2) a statement of the exceptions and limitations in the policy including the following language, as applicable, in bold print: "THIS POLICY DOES NOT COVER ALL NURSING CARE FACILITIES OR NURSING HOME, HOME CARE, OR ADULT DAY CARE EXPENSES AND DOES NOT COVER RESIDENTIAL CARE. READ YOUR POLICY CAREFULLY TO DETERMINE WHICH FACILITIES AND EXPENSES ARE COVERED BY YOUR POLICY.";

(3) a statement of the renewal provisions including any reservation by the insurer of the right to change premiums;

(4) a statement that the outline of coverage is a summary of the policy issued or applied for and that the policy should be consulted to determine governing contractual provisions;

(5) an explanation of the policy's loss ratio including at least the following language: "This means that, on the average, policyholders may expect that \$..... of every \$100 in premium will be returned as benefits to policyholders over the life of the contract.";

(6) a statement of the out-of-pocket expenses, including deductibles and copay-

ments for which the insured is responsible, and an explanation of the specific out-of-pocket expenses that may be accumulated toward any out-of-pocket maximum as specified in the policy;

(7) the following language, in bold print: "YOUR PREMIUMS CAN BE INCREASED IN THE FUTURE. THE RATE SCHEDULE THAT LISTS YOUR PREMIUM NOW CAN CHANGE.";

(8) the following language, if applicable, in bold print: "IF YOU ARE NOT HOSPITALIZED PRIOR TO ENTERING A NURSING HOME OR NEEDING HOME CARE, YOU WILL NOT BE ABLE TO COLLECT ANY BENEFITS UNDER THIS PARTICULAR POLICY."; and

(9) a signed and completed copy of the application for insurance is left with the applicant at the time the application is made.

62A.54 PROHIBITED PRACTICES.

Unless otherwise provided for in sections 62A.46 to 62A.56, the solicitation or sale of long-term care policies is subject to the requirements and penalties applicable to the sale of Medicare supplement insurance policies as set forth in sections 62A.31 to 62A.44.

It is misconduct for any agent or company to make any misstatements concerning eligibility or coverage under the medical assistance program, or about how long-term care costs will or will not be financed if a person does not have long-term care insurance. Any agent or company providing information on the medical assistance program shall also provide information about how to contact the county human services department or the state department of human services.

62A.56 RULEMAKING.

Subdivision 1. **Permissive.** The commissioner may adopt rules pursuant to chapter 14 to carry out the purposes of sections 62A.46 to 62A.56. The rules may:

(1) establish additional disclosure requirements for long-term care policies designed to adequately inform the prospective insured of the need and extent of coverage offered;

(2) prescribe uniform policy forms in order to give the purchaser of long-term care policies a reasonable opportunity to compare the cost of insuring with various insurers; and

(3) establish other reasonable minimum standards as needed to further the purposes of sections 62A.46 to 62A.56.

Subd. 2. **Mandatory.** The commissioner shall adopt rules under chapter 14 establishing general standards to ensure that assessments used in the prescribing of long-term care are reliable, valid, and clinically appropriate.

62A.60 RETROACTIVE DENIAL OF EXPENSES.

In cases where the subscriber or insured is liable for costs beyond applicable copayments or deductibles, no insurer may retroactively deny payment to a person who is covered when the services are provided for health care services that are otherwise covered, if the insurer or its representative failed to provide prior or concurrent review or

authorization for the expenses when required to do so under the policy, plan, or certificate. If prior or concurrent review or authorization was provided by the insurer or its representative, the insurer may not deny payment for the authorized service or time period except in cases where fraud or substantive misrepresentation occurred.

62A.61 DISCLOSURE OF METHODS USED BY HEALTH CARRIERS TO DETERMINE USUAL AND CUSTOMARY FEES.

(a) A health carrier that bases reimbursement to health care providers upon a usual and customary fee must maintain in its office a copy of a description of the methodology used to calculate fees including at least the following:

- (1) the frequency of the determination of usual and customary fees;
- (2) a general description of the methodology used to determine usual and customary fees; and
- (3) the percentile of usual and customary fees that determines the maximum allowable reimbursement.

(b) A health carrier must provide a copy of the information described in paragraph (a) to the Minnesota health care commission, the commissioner of health, or the commissioner of commerce, upon request.

(c) The commissioner of health or the commissioner of commerce, as appropriate, may use to enforce this section any enforcement powers otherwise available to the commissioner with respect to the health carrier. The appropriate commissioner shall enforce compliance with a request made under this section by the Minnesota health care commission, at the request of the commissioner. The commissioner of health or commerce, as appropriate, may require health carriers to provide the information required under this section and may use any powers granted under other laws relating to the regulation of health carriers to enforce compliance.

(d) For purposes of this section, "health carrier" has the meaning given in section 62A.011.

62A.615 PREEXISTING CONDITIONS; LIMITATIONS ON CANCELLATIONS, RESCISSIONS, OR RESTRICTIONS ON COVERAGE.

No insurer may cancel or rescind a health insurance policy for a preexisting condition of which the application or other information provided by the insured reasonably gave the insurer notice. No insurer may restrict coverage for a preexisting condition of which the application or other information provided by the insured reasonably gave the insurer notice unless the coverage is restricted at the time the policy is issued and the restriction is disclosed in writing to the insured at the time the policy is issued.

**PROJECT TO EXPAND HEALTH
INSURANCE COVERAGE**

62A.62 DEMONSTRATION PROJECT.

Subdivision 1. **Establishment.** The commissioner shall establish demonstration projects to allow health insurers regulated under this chapter and nonprofit health service plan corporations regulated under chapter 62C to extend coverage for health and services to individuals or groups currently unable to afford such coverage. For purposes of this section, the commissioner may recommend legislation granting an exemption from minimum benefits required under chapter 62A, and any applicable rules if there is reasonable evidence that the rules prohibit the operation of the demonstration project. The commissioner shall provide for public comment before recommending an exemption from any statute or rule.

Subd. 2. **Application and approval.** An insurer or health service plan corporation electing to participate in a demonstration project shall apply to the commissioner for approval on a form developed by the commissioner. The application shall include at least the following:

- (1) a statement identifying the population that the project is designed to serve;
- (2) a description of the proposed project including a statement projecting a schedule of costs and benefits for the enrollee;
- (3) reference to the sections of Minnesota Statutes and department of commerce rules for which waiver is requested;
- (4) evidence that application of the requirements of applicable Minnesota Statutes and department of commerce rules would, unless waived, prohibit the operation of the demonstration project;
- (5) an estimate of the number of years needed to adequately demonstrate the project's effects; and
- (6) other information the commissioner may reasonably require.

Subd. 3. **Commissioner's review of application for demonstration project.** The commissioner shall approve, deny, or refer back to the insurer or health service plan corporation for modification, the application for a demonstration project within 60 days of receipt from the insurer or health service plan corporation. If the commissioner approves a project that requires legislation exempting the project from minimum benefit requirements, the commissioner shall make the approval contingent on enactment of the required legislation.

Subd. 4. **Length of project.** The commissioner may approve an application for a demonstration project for a maximum of six years, with an option to renew.

Subd. 5. **Report required.** Each insurer or health service plan corporation for which a demonstration project is approved shall annually file a report with the commissioner summarizing the project's experience at the same time it files its annual report. The report shall be on a form developed by the commissioner and shall be separate from the annual report.

Subd. 6. **Approval may be rescinded.** The commissioner may rescind approval of a demonstration project if the commissioner finds that the project's operation is contrary to the information contained in the approved application.

Subd. 7. **Applicability.** This section does not apply to the demonstration project established under section 256B.73.

Subd. 2. **Health care provider.** "Health care provider" means a person, hospital, or health care facility, organization, or corporation that is licensed, certified, or otherwise authorized by the laws of this state to provide health care.

- (1) prohibit, or grant the insurer an option to prohibit, the provider from contracting with other insurers or payors to provide services at a lower price than the payment specified in the contract;

(2) require, or grant the insurer an option to require, the provider to accept a lower payment in the event the provider agrees to provide services to any other insurer or payor at a lower price; or

(3) require, or grant the insurer an option of, termination or renegotiation of the existing contract in the event the provider agrees to provide services to any other insurer or payor at a lower price.

INDIVIDUAL MARKET REGULATION

62A.65 INDIVIDUAL MARKET REGULATION.

Subdivision 1. Applicability. No health carrier, as defined in section 62A.011, shall offer, sell, issue, or renew any individual health plan, as defined in section 62A.011, to a Minnesota resident except in compliance with this section. This section does not apply to the comprehensive health association established in section 62E.10.

Subd. 2. Guaranteed renewal. No individual health plan may be offered, sold, issued, or renewed to a Minnesota resident unless the health plan provides that the plan is guaranteed renewable at a premium rate that does not take into account the claims experience or any change in the health status of any covered person that occurred after the initial issuance of the health plan to the person. The premium rate upon renewal must also otherwise comply with this section. A health carrier must not refuse to renew an individual health plan prior to enrollment in Medicare Parts A and B, except for nonpayment of premiums, fraud, or misrepresentation.

Subd. 3. Premium rate restrictions. No individual health plan may be offered, sold, issued, or renewed to a Minnesota resident unless the premium rate charged is determined in accordance with the following requirements:

(a) Premium rates must be no more than 25 percent above and no more than 25 percent below the index rate charged to individuals for the same or similar coverage, adjusted pro rata for rating periods of less than one year. The premium variations permitted by this paragraph must be based only upon health status, claims experience, and occupation. For purposes of this paragraph, health status includes refraining from tobacco use or other actuarially valid lifestyle factors associated with good health, provided that the lifestyle factor and its effect upon premium rates have been determined by the commissioner to be actuarially valid and have been approved by the commissioner. Variations permitted under this paragraph must not be based upon age or applied differently at different ages. This paragraph does not prohibit use of a constant percentage adjustment for factors permitted to be used under this paragraph.

(b) Premium rates may vary based upon the ages of covered persons only as provided in this paragraph. In addition to the variation permitted under paragraph (a), each health carrier may use an additional premium variation based upon age of up to plus or minus 50 percent of the index rate.

(c) A health carrier may request approval by the commissioner to establish no more than three geographic regions and to establish separate index rates for each region, provided that the index rates do not vary between any two regions by more than 20 percent. Health carriers that do not do business in the Minneapolis/St. Paul metropolitan area may request approval for no more than two geographic regions, and clauses (2) and (3) do not apply to approval of requests made by those health carriers. The commissioner may grant approval if the following conditions are met:

- (1) the geographic regions must be applied uniformly by the health carrier;
- (2) one geographic region must be based on the Minneapolis/St. Paul metropolitan area;
- (3) for each geographic region that is rural, the index rate for that region must not exceed the index rate for the Minneapolis/St. Paul metropolitan area; and
- (4) the health carrier provides actuarial justification acceptable to the commis-

sioner for the proposed geographic variations in index rates, establishing that the variations are based upon differences in the cost to the health carrier of providing coverage.

(d) Health carriers may use rate cells and must file with the commissioner the rate cells they use. Rate cells must be based upon the number of adults or children covered under the policy and may reflect the availability of Medicare coverage. The rates for different rate cells must not in any way reflect generalized differences in expected costs between principal insureds and their spouses.

(e) In developing its index rates and premiums for a health plan, a health carrier shall take into account only the following factors:

(1) actuarially valid differences in rating factors permitted under paragraphs (a) and (b); and

(2) actuarially valid geographic variations if approved by the commissioner as provided in paragraph (c).

(f) All premium variations must be justified in initial rate filings and upon request of the commissioner in rate revision filings. All rate variations are subject to approval by the commissioner.

(g) The loss ratio must comply with the section 62A.021 requirements for individual health plans.

(h) The rates must not be approved, unless the commissioner has determined that the rates are reasonable. In determining reasonableness, the commissioner shall consider the growth rates applied under section 62J.04, subdivision 1, paragraph (b), to the calendar year or years that the proposed premium rate would be in effect, actuarially valid changes in risks associated with the enrollee populations, and actuarially valid changes as a result of statutory changes in Laws 1992, chapter 549.

Subd. 4. Gender rating prohibited. No individual health plan offered, sold, issued, or renewed to a Minnesota resident may determine the premium rate or any other underwriting decision, including initial issuance, through a method that is in any way based upon the gender of any person covered or to be covered under the health plan. This subdivision prohibits the use of marital status or generalized differences in expected costs between principal insureds and their spouses.

Subd. 5. Portability of coverage. (a) No individual health plan may be offered, sold, issued, or with respect to children age 18 or under renewed, to a Minnesota resident that contains a preexisting condition limitation or exclusion or exclusionary rider, unless the limitation or exclusion is permitted under this subdivision, provided that, except for children age 18 or under, underwriting restrictions may be retained on individual contracts that are issued without evidence of insurability as a replacement for prior individual coverage that was sold before May 17, 1993. The individual may be subjected to an 18-month preexisting condition limitation, unless the individual has maintained continuous coverage as defined in section 62L.02. The individual must not be subjected to an exclusionary rider. An individual who has maintained continuous coverage may be subjected to a one-time preexisting condition limitation of up to 12 months, with credit for time covered under qualifying coverage as defined in section 62L.02, at the time that the individual first is covered under an individual health plan by any health carrier. The individual must not be subjected to an exclusionary rider. Thereafter, the individual must not be subject to any preexisting condition limitation or exclusion or exclusionary rider under an individual health plan by any health carrier, except an unexpired portion of a limitation under prior coverage, so long as the individual maintains continuous coverage.

(b) A health carrier must offer an individual health plan to any individual previously covered under a group health plan issued by that health carrier, regardless of the size of the group, so long as the individual maintained continuous coverage as defined in section 62L.02. The offer must not be subject to underwriting, except as permitted under this paragraph. A health plan issued under this paragraph must be a qualified plan and must not contain any preexisting condition limitation or exclusion or exclusionary rider, except for any unexpired limitation or exclusion under the previous cov-

erage. The individual health plan must cover pregnancy on the same basis as any other covered illness under the individual health plan. The initial premium rate for the individual health plan must comply with subdivision 3. The premium rate upon renewal must comply with subdivision 2. In no event shall the premium rate exceed 90 percent of the premium charged for comparable individual coverage by the Minnesota comprehensive health association, and the premium rate must be less than that amount if necessary to otherwise comply with this section. An individual health plan offered under this paragraph to a person satisfies the health carrier's obligation to offer conversion coverage under section 62E.16, with respect to that person. Section 72A.20, subdivision 28, applies to this paragraph.

Subd. 6. Guaranteed issue not required. Nothing in this section requires a health carrier to initially issue a health plan to a Minnesota resident, except as otherwise expressly provided in subdivision 4 or 5.

Subd. 7. Short-term coverage. (a) For purposes of this section, "short-term coverage" means an individual health plan that:

(1) is issued to provide coverage for a period of 185 days or less, except that the health plan may permit coverage to continue until the end of a period of hospitalization for a condition for which the covered person was hospitalized on the day that coverage would otherwise have ended;

(2) is nonrenewable, provided that the health carrier may provide coverage for one or more subsequent periods that satisfy clause (1), if the total of the periods of coverage do not exceed a total of 185 days out of any 365-day period, plus any additional days covered as a result of hospitalization on the day that a period of coverage would otherwise have ended;

(3) does not cover any preexisting conditions, including ones that originated during a previous identical policy or contract with the same health carrier where coverage was continuous between the previous and the current policy or contract; and

(4) is available with an immediate effective date without underwriting upon receipt of a completed application indicating eligibility under the health carrier's eligibility requirements, provided that coverage that includes optional benefits may be offered on a basis that does not meet this requirement.

(b) Short-term coverage is not subject to subdivisions 2 and 5. Short-term coverage may exclude as a preexisting condition any injury, illness, or condition for which the covered person had medical treatment, symptoms, or any manifestations before the effective date of the coverage, but dependent children born or placed for adoption during the policy period must not be subject to this provision.

(c) Notwithstanding subdivision 3, and section 62A.021, a health carrier may combine short-term coverage with its most commonly sold individual qualified plan, as defined in section 62E.02, other than short-term coverage, for purposes of complying with the loss ratio requirement.

(d) The 185 day coverage limitation provided in paragraph (a) applies to the total number of days of short-term coverage that covers a person, regardless of the number of policies, contracts, or health carriers that provide the coverage. A written application for short-term coverage must ask the applicant whether the applicant has been covered by short-term coverage by any health carrier within the 365 days immediately preceding the effective date of the coverage being applied for. Short-term coverage issued in violation of the 185-day limitation is valid until the end of its term and does not lose its status as short-term coverage, in spite of the violation. A health carrier that knowingly issues short-term coverage in violation of the 185-day limitation is subject to the administrative penalties otherwise available to the commissioner of commerce or the commissioner of health, as appropriate.

(e) Time spent under short-term coverage counts as time spent under a preexisting condition limitation for purposes of group or individual health plans, other than short-term coverage, subsequently issued to that person, or to cover that person, by any health carrier, if the person maintains continuous coverage as defined in section

62L.02. Short-term coverage is a health plan and is qualifying coverage as defined in section 62L.02. Notwithstanding any other law to the contrary, a health carrier is not required under any circumstances to provide a person covered by short-term coverage the right to obtain coverage on a guaranteed issue basis under another health plan offered by the health carrier, as a result of the person's enrollment in short-term coverage.

Subd. 8. Cessation of individual business. Notwithstanding the provisions of subdivisions 1 to 7, a health carrier may elect to cease doing business in the individual market if it complies with the requirements of this subdivision. A health carrier electing to cease doing business in the individual market shall notify the commissioner 180 days prior to the effective date of the cessation. The cessation of business does not include the failure of a health carrier to offer or issue new business in the individual market or continue an existing product line, provided that a health carrier does not terminate, cancel, or fail to renew its current individual business or other product lines. A health carrier electing to cease doing business in the individual market shall provide 120 days' written notice to each policyholder covered by a health plan issued by the health carrier. A health carrier that ceases to write new business in the individual market shall continue to be governed by this section with respect to continuing individual business conducted by the carrier. A health carrier that ceases to do business in the individual market after July 1, 1994, is prohibited from writing new business in the individual market in this state for a period of five years from the date of notice to the commissioner. This subdivision applies to any health maintenance organization that ceases to do business in the individual market in one service area with respect to that service area only. Nothing in this subdivision prohibits an affiliated health maintenance organization from continuing to do business in the individual market in that same service area. The right to cancel or refuse to renew an individual health plan under this subdivision does not apply to individual health plans originally issued prior to July 1, 1993, on a guaranteed renewable basis.

62A.651 PHASE-IN.

Subdivision 1. Compliance. No health carrier, as defined in section 62A.011, shall renew any individual health plan, as defined in section 62A.011, except in compliance with this section.

Subd. 2. Premium adjustments. Any increase or decrease in premiums by a health carrier that is caused by section 62A.65, is subject to the premium adjustments in this subdivision. A health carrier shall determine renewal premiums for any coverage under subdivision 1 as follows:

(1) one-half of the premium increase or decrease may be charged upon the first renewal of the coverage on or after July 1, 1993; and

(2) the remaining half of the premium increase or decrease may be charged upon the first renewal of the coverage one year after the date of the renewal under clause (1).
