239.011 DIVISION RESPONSIBILITIES AND POWERS.

[For text of subd 1, see M.S.1994]

Subd. 2. Duties and powers. To carry out the responsibilities in section 239.01 and subdivision 1, the director:

(1) shall take charge of, keep, and maintain in good order the standard of weights and measures of the state and keep a seal so formed as to impress, when appropriate, the letters "MINN" and the date of sealing upon the weights and measures that are sealed;

(2) shall have general supervision of the weights, measures, and weighing and measuring devices offered for sale, sold, or in use in the state;

(3) shall maintain traceability of the state standards to the national standards of the National Institute of Standards and Technology;

(4) shall enforce this chapter;

(5) shall grant variances from department rules, within the limits set by rule, when appropriate to maintain good commercial practices or when enforcement of the rules would cause undue hardship;

(6) shall conduct investigations to ensure compliance with this chapter;

(7) may delegate to division personnel the responsibilities, duties, and powers contained in this section;

(8) shall test annually, and approve when found to be correct, the standards of weights and measures used by the division, by a town, statutory or home rule charter city, or county within the state, or by a person using standards to repair, adjust, or calibrate commercial weights and measures;

(9) shall inspect and test weights and measures kept, offered, or exposed for sale;

(10) shall inspect and test, to ascertain if they are correct, weights and measures commercially used to:

(i) determine the weight, measure, or count of commodities or things sold, offered, or exposed for sale, on the basis of weight, measure, or count; and

(ii) compute the basic charge or payment for services rendered on the basis of weight, measure, or count;

(11) shall approve for use and mark weights and measures that are found to be correct;

(12) shall reject, and mark as rejected, weights and measures that are found to be incorrect and may seize them if those weights and measures:

(i) are not corrected within the time specified by the director;

(ii) are used or disposed of in a manner not specifically authorized by the director; or

(iii) are found to be both incorrect and not capable of being made correct, in which case the director shall condemn those weights and measures;

(13) shall weigh, measure, or inspect packaged commodities kept, offered, or exposed for sale, sold, or in the process of delivery, to determine whether they contain the amount

represented and whether they are kept, offered, or exposed for sale in accordance with this chapter and department rules. In carrying out this section, the director must employ recognized sampling procedures, such as those contained in National Institute of Standards and Technology Handbook 133, "Checking the Net Contents of Packaged Goods";

(14) shall prescribe the appropriate term or unit of weight or measure to be used for a specific commodity when an existing term or declaration of quantity does not facilitate value comparisons by consumers, or creates an opportunity for consumer confusion;

(15) shall allow reasonable variations from the stated quantity of contents, including variations caused by loss or gain of moisture during the course of good distribution practice or by unavoidable deviations in good manufacturing practice, only after the commodity has entered commerce within the state;

(16) shall inspect and test petroleum products in accordance with this chapter and chapter 296;

(17) shall distribute and post notices for used motor oil and used motor oil filters and lead acid battery recycling in accordance with sections 239.54, 325E.11, and 325E.115;

(18) shall collect inspection fees in accordance with sections 239.10 and 239.101; and

(19) shall provide metrological services and support to businesses and individuals in the United States who wish to market products and services in the member nations of the European Economic Community, and other nations outside of the United States by:

(i) meeting, to the extent practicable, the measurement quality assurance standards described in the International Standards Organization ISO 9000, Guide 25;

(ii) maintaining, to the extent practicable, certification of the metrology laboratory by a governing body appointed by the European Economic Community; and

(iii) providing calibration and consultation services to metrology laboratories in government and private industry in the United States.

239.54 INSPECTION OF MOTOR OIL AND AUTOMOTIVE BATTERY RETAILERS.

The division shall produce, print, and distribute the notices required by sections 325E.11 and 325E.115 and shall inspect all places where motor oil and motor oil filters are offered for sale by persons subject to section 325E.11 and where lead acid batteries are offered for sale at retail subject to section 325E.115 at least once every two years to determine compliance with those sections. In performing its duties under this section the division may inspect any place, building, or premises governed by sections 325E.11 and 325E.115. Authorized employees of the division may issue warnings and citations to persons who fail to comply with the requirements of those sections.

Subd. 8. **Disclosure.** A refinery or terminal, shall provide, at the time gasoline is sold or transferred from the refinery or terminal, a bill of lading or shipping manifest to the person who receives the gasoline. For oxygenated gasoline, the bill of lading or shipping manifest must include the identity and the volume percentage or gallons of oxygenate included in the gasoline, and it must state: "This fuel contains an oxygenate. Do not blend this fuel with ethanol or with any other oxygenate." For nonoxygenated gasoline sold or transferred before October 1, 1997, the bill or manifest must state: "This fuel must not be sold at retail in a car-

bon monoxide control area." For nonoxygenated gasoline sold or transferred after September 30, 1997, the bill or manifest must state: "This fuel is not oxygenated. It must not be sold at retail in Minnesota." This subdivision does not apply to sales or transfers of gasoline between refineries, between terminals, or between a refinery and a terminal.
