History: 1995 c 171 s 33

50.01 EXPEDIENCY ASCERTAINED.

To enable the commissioner of commerce to determine the expediency of the organization of a savings bank, as in this chapter prescribed, the commissioner shall investigate and ascertain:

- (1) Whether greater convenience of access to a savings bank will be afforded to any considerable number of depositors by opening the proposed bank;
- (2) Whether the population in the vicinity of the location of the bank affords reasonable promise of adequate support therefor; and
- (3) Whether the responsibility, character, and general fitness of the persons named as directors in the certificate are such as to command the confidence of the community in the proposed bank.

50.04 BONDS OF TRUSTEES OR DIRECTORS.

Every director, before entering upon any duties, shall give bond to the state in a penal sum of not less than \$5,000, with sureties approved by the commissioner of commerce, conditioned for the faithful discharge of those duties, and file the same with the commissioner of commerce. An action may be maintained on this bond by any person aggrieved by breach of any of its conditions, upon leave granted by any judge of the district court, for such damages as the plaintiff may be entitled to, not exceeding its amount; and like successive actions may be maintained until such amount is exhausted.

History: 1995 c 171 s 35

50.05 BONDS OF OFFICERS AND EMPLOYEES.

A savings bank shall be protected against loss by reason of the unlawful act of its officers or employees by a surety bond in an amount approved by the board of directors and is-

sued by a solvent corporate surety in good standing authorized to do business in this state, or by a fidelity insurance policy written by a solvent insurance company in good standing authorized to do business in this state. The commissioner of commerce or the board of directors of the savings bank may require an increase of the amount of the bond whenever either deems it necessary. This section shall not require the bonding or insuring of officers or directors of a savings bank not having active management or control of the savings bank or of employees of a savings bank not holding positions of trust. Any bond given or contract of insurance secured shall be in favor of the savings bank.

History: 1995 c 171 s 36

50.06 DIRECTORS; FIRST BOARD.

The business of every such stock savings bank shall be managed by a board of not less than seven directors. The persons named in the certificate of authorization shall constitute the first board. Each vacancy shall be filled by the board as soon as practicable, at a regular meeting thereof, except when a resolution reducing the number of directors named in its charter to a number not less than seven shall have been incorporated into its bylaws, and a copy thereof filed with the commissioner of commerce, in which case vacancies shall not be filled until the number has been reduced to that specified in this resolution. The number may be increased to any number specified in a like resolution, consented to, in writing, by the commissioner of commerce.

50.14 AUTHORIZED SECURITIES.

Subdivision 1. Except as it relates to the investment of trust funds by corporate trustees or by individual trustees, the term "authorized securities" whenever used in the statutes and laws of this state shall be understood as referring to the following described securities in which the directors of any savings bank shall invest the money deposited therein and which at the time of the purchase thereof are included in one or more of the following classes.

[For text of subs 2 to 4, see M.S.1994]

Subd. 5. (1) Class four shall be:

(a) Notes or bonds secured by mortgages or trust deeds on unencumbered real estate, whether in fee or in a leasehold of a duration not less than ten years beyond the maturity of the loan, in any state of the United States, worth at least the amount loaned thereon;

(b) Notes or bonds secured by mortgages or trust deeds on unencumbered real estate in clause (1)(a) where the notes or bonds do not exceed 80 percent of the appraised value of the security for the same, provided that the notes or bonds are payable in installments aggregating not less than five percent of the original principal a year in addition to the interest; or, are payable on a regular amortization basis in equal installments, including principal and interest, these installments to be payable monthly in amounts that the debt will be fully paid in not to exceed 30 years if the security is nonagricultural real estate, and these installments to be payable annually or semiannually in amounts that the debt will be fully paid in not to exceed 25 years if the security is agricultural real estate. A construction loan is deemed amortized as required by this clause if the first installment thereon is payable not later than 18 months after the date of the first advance in the case of residential construction or not later than 36 months after the date of the first advance in the case of nonresidential construction; and

(c) Notes or bonds secured by mortgages or trust deeds on unencumbered real estate in clause (1)(a) which are in an original principal amount of \$100,000 or more and which do not exceed 95 percent of the appraised value of the security for the same which may be payable in the manner as the directors of the savings bank prescribe, provided that construction loans made by a savings bank pursuant to this clause (1)(c) do not exceed in the aggregate five percent of the assets of the savings bank.

(2) Class four investments shall be made only on report of a committee directed to investigate the same and report its value, according to the judgment of its members, and its report shall be preserved among the bank's records.

(3) Notwithstanding anything to the contrary in clause (1)(b), a savings bank organized under the laws of this state may invest in notes or bonds secured by mortgages or trust deed

where the notes or bonds do not exceed 95 percent of the appraised value of the security for the same. Except as modified herein, the other provisions of clause (1)(b) apply.

(4) For purposes of this subdivision, real estate is deemed unencumbered if the only existing mortgage or lien against the real estate is a first mortgage lien in favor of the savings bank making a second mortgage loan or if the total unpaid aggregate of all outstanding liens against the same real estate does not exceed 80 percent of its appraised value.

(5) Renegotiable rate notes or bonds secured by mortgages or trust deeds where the notes or bonds do not exceed 95 percent of the appraised value of the security for the same.

For the purposes of this clause, a renegotiable rate mortgage loan is a loan issued for a term of three years to five years, secured by a mortgage maturing in not to exceed 30 years, and automatically renewable at equal intervals after the original loan term which may be up to six months shorter or longer than subsequent terms. The loan must be repayable in equal monthly installments of principal and interest during the loan term, in an amount at least sufficient to amortize a loan with the same principal and at the same interest rate over the remaining life of the mortgage.

In the mortgage documents, the savings bank must grant to the borrower an option to renew the loan for a new term, but not beyond the maturity date of the mortgage, at a new interest rate which shall be the savings bank's current market rate of interest on similar loans determined 60 days before the due date of the loan: provided, that the maximum interest rate increase shall be equal to one-half of one percent per year multiplied by the number of years in the loan term with a maximum net increase of five percent over the life of the mortgage. Interest rate increases are optional with the savings bank; net decreases from the previous loan term are mandatory.

The borrower may not be charged costs connected with the renewal of the loan.

Sixty days before the due date of the loan, the savings bank shall send a written notification to the borrower containing the following information: (i) The date on which the entire balance of borrower's loan is due and payable; (ii) a statement that the loan will be renewed automatically by the savings bank at the rate specified in the notice unless the borrower pays the loan by the due date; (iii) the amount of the monthly payment, calculated according to the new rate determined at the time of notice; (iv) a statement that the borrower may prepay the loan without penalty at any time after the original loan becomes due and payable; and (v) the name and phone number of a savings bank employee who will answer the borrowers' questions concerning the information in the notice.

An applicant for a renegotiable rate mortgage loan must be given, at the time an application is requested, written disclosure materials prepared in reasonably simple terms that contain at least the following information: (i) An explanation of how a renegotiable rate mortgage differs from a standard fixed rate mortgage; (ii) an example of a renegotiable rate mortgage indicating the maximum possible interest rate increase and monthly payment calculated on that rate at the time of the first renewal; and (iii) an explanation of how the savings bank determines what the rate will be at the end of each loan term.

(6) An investment in notes or bonds secured by mortgages or trust deeds on real estate in fee or in a leasehold may exceed the 80 percent requirement in paragraph (1), clause (b), and the 95 percent requirement in paragraph (2), if the amount of the loan in excess of those limits is insured or guaranteed by a private mortgage insurer that the Federal Home Loan Mortgage Corporation or the Federal National Mortgage Association has determined to be a qualified private insurer.

[For text of subd 6, see M.S.1994]

Subd. 7. Class six shall be the "eligible obligations" of "qualifying railroad corporations," both as hereinafter defined.

As used herein "net earnings" shall be defined as gross operating and nonoperating income of a railroad corporation or its predecessor corporation, minus traffic and transportation expenses, maintenance, depreciation, rent of equipment and joint facilities, and other operating expenses, and taxes excluding income and profits taxes. As used herein "fixed charges" shall be defined as interest on debt on which there is an unqualified obligation to pay interests, leased line rentals and amortization of debt discount and expense, except that if a corporation has been reorganized in receivership or bankruptcy within five years prior to time of purchase "fixed charges" shall be the fixed charges of the reorganized company.

50.1485 LENDING AUTHORITY.

Subdivision 1. **Generally.** In addition to other investments authorized by law, a savings bank may make, purchase, or invest in:

- (a) loans secured by the pledge of policies of life insurance, the assignment of which is properly acknowledged by the insurer;
- (b) consumer loans, which may be unsecured or secured by personal or real property. Consumer loans include, but are not limited to, closed-end installment loans, single payment loans, nonamortizing loans, open-end revolving line of credit loans, credit card loans and extensions of credit, and overdraft protection loans. For the purpose of this paragraph, "consumer loan" means a loan made by the savings bank in which: (1) the debtor is a person other than an organization; (2) the debt is incurred primarily for personal, family, or household purpose; and (3) the debt is payable in installments or a finance charge is made;

(c) secured and unsecured loans to organizations and natural persons for business or commercial purposes. For the purpose of this paragraph, "organization" means a corporation, government or governmental subdivision, or agency, trust, estate, partnership, limited liability partnership, limited liability company, joint venture, cooperative, or association. "Business or commercial purpose" means a purpose other than personal, family, household, or agricultural purpose;

(d) secured and unsecured loans for agricultural purposes. For the purpose of this paragraph, "agricultural purpose" means a purpose relating to the production, harvest, exhibition, marketing, transportation, processing, or manufacture of agricultural products. "Agricultural products" includes agricultural, horticultural, viticultural, and dairy products, live-stock, wildlife, poultry, bees, and forest products, and products raised or produced on farms, including processed or manufactured products;

(e) credit sale contracts, which means a sale of goods, services, or an interest in land in which credit is granted by a seller who regularly engages as a seller in credit transactions of the same kind, and the debt is payable in installments or a finance charge is made;

(f) loans on the security of deposit accounts;

(g) real estate loans, subject to the conditions applicable to savings associations under section 51A.38 and Minnesota Statutes 1994, section 51A.385. "Real estate loans" include a loan or other obligation secured by a first lien on real estate in fee or in a leasehold extending or renewable automatically for a period of at least ten years beyond the date scheduled for the final principal payment of the loan or obligation, or a transaction out of which a first lien or claim is created against the real estate, including the purchase of the real estate in fee by a savings bank and the concurrent or immediate sale of it on installment contract;

(h) secured or unsecured loans for the purpose of repair, improvement, rehabilitation, or furnishing of real estate;

(i) loans for the purpose of financing or refinancing an ownership interest in certificates of stock, certificates of beneficial interest, or other evidence of an ownership interest in, or a proprietary lease from, a corporation, limited liability company, trust, limited liability partnership, or partnership formed for the purpose of the cooperative ownership of real estate, secured by the assignment or transfer of certificates or other evidence of ownership of the borrower;

(j) loans guaranteed or insured, in whole or in part, by the United States or any of its instrumentalities;

(k) issuance of letters of credit or other similar arrangements; and

(l) any other type of loan authorized by rules adopted by the commissioner.

Subd. 2. Loans and extensions of credit. (a) A savings bank may extend credit and make loans under section 47.59 on the same terms and subject to the same conditions as apply to other lenders under that chapter. A person may enter into a credit sale or service contract for sale to a savings bank, and a savings bank may purchase and enforce the contract, under the terms and conditions set forth in section 47.59, subdivisions 1 and 4 to 14.

(b) A savings bank may make or purchase extensions of credit authorized by sections 47.20, subdivision 1, 3, or 4a; 47.204; 47.21; 47.60; 48.153 to 48.155; 48.185; 48.195; 59A.15; 168.66 to 168.77; 334.01; 334.011; 334.012, and any other applicable law. The extensions of credit or purchases of extensions of credit may, but need not, be made under those sections in lieu of the authority set forth in this subdivision, and if so, are subject to those sections, and not this subdivision. A savings bank may also charge an organization any rate of interest and any charges agreed to by the organization and may calculate and collect finance and other charges in any manner agreed to by that organization. Except for extensions of credit the savings bank elects to make under section 334.01, subdivision 2, 334.011, or 334.012, chapter 334 does not apply to extensions of credit made pursuant to this section or the sections mentioned in this subdivision.

Subd. 3. Limit on total liabilities. The total liabilities to a savings bank, as principal, guarantor, or endorser of an individual, including the liabilities of a corporation which the individual owns or controls a majority interest in, a partnership, limited liability partnership, limited liability company, or unincorporated association, and in case of a corporation, of all subsidiaries of it in which the corporation owns or controls a majority interest, shall never exceed the limit provided for state banks under section 48.24.

Subd. 4. Real estate loans. In the case of any investment made by a savings bank in a loan secured by a mortgage on real property, including a real estate loan, in the event the ownership of the real estate security or any part of it becomes vested in a person other than the party or parties originally executing the security instruments, and provided there is not an agreement in writing to the contrary, a savings bank may, without notice to the other party or

parties, deal with the successor or successors in interest with reference to the mortgage and the debt secured in the same manner as with the party or parties, and may forbear to sue or may extend time for payment of or otherwise modify the terms of the debt secured, without discharging or in any way affecting the original liability of the party or parties upon the debt secured.

Subd. 5. Leases of personal property. A savings bank may acquire and lease or participate in the acquisition and leasing of personal property to customers, and may incur additional obligations incidental to becoming an owner and lessor of the property to the same extent, and subject to the same conditions, as state banks under section 48.152.

50.17 DEPOSITS, DIVIDENDS, INTEREST, BONUS, BENEFITS.

Subdivision 1. Deposit accounts. A deposit account with a savings bank is subject to a lien for the payment of charges that may accrue on the account under this chapter. A deposit account is subject to a debt offset for the debts of the deposit account holder to the savings bank. Deposit accounts may not be assessed for any debts or losses of the savings bank.

Subd. 2. Interest. The savings bank shall determine the rate and amount of interest, if any, to be paid on or credited to deposit accounts. The savings bank may establish reasonable classifications of accounts based on the types of accounts, the length of time accounts are continued in effect, the size of initial deposits into accounts, the minimum balances of accounts required for payment of interest, the frequency and extent of the activity on accounts, or location of the account, or on other classifications the savings bank considers appropriate.

Subd. 3. Deposit accounts. Deposit accounts must be represented only by the account of each deposit account holder on the books of the savings bank, and the accounts or any interest is transferable only on the books of the savings bank and upon proper written application by the transferee. The savings bank may treat the holder of record of a deposit account as the owner of it for all purposes without being affected by any notice to the contrary unless the savings bank has acknowledged in writing notice of a pledge of the deposit account. A savings bank may also offer negotiable time deposits.

Subd. 4. Deposit accounts for minors. A savings bank may issue deposit accounts to or in the name of a minor, which shall be held for the exclusive right and benefit of the minor, free from the control or lien of all other persons, except creditors, and, together with interest or dividends, shall be paid to the minor. The minor's receipt, draft, negotiable order of withdrawal, or acquittance in any form, is sufficient release and discharge of the savings bank for withdrawal, until a guardian appointed in this state for the minor has delivered a certificate of appointment to the savings bank.

Subd. 5. School or institution thrift savings plan. A savings bank may contract with the proper authorities of any public or nonpublic elementary or secondary school or institution of higher learning, or any public or charitable institution caring for minors, for the participation and implementation by the savings bank in any school or institution thrift or savings plan, and it may accept savings accounts at the school or institution, either by its own collector or by any representative of the school or institution which becomes the agent of the association for this purpose.

Subd. 6. P.O.D. deposits. When a deposit is made in the names of two or more persons jointly, or by a person payable on death (P.O.D.) to another, or by a person in trust for another,

the rights of the parties and the savings bank are determined by sections 524.6–201 to 524.6–214.

Subd. 7. Deposit accounts in joint tenancy. The pledge or hypothecation to a savings bank of all or part of a deposit account in joint tenancy signed by a tenant or tenants whether minor or adult, upon whose signature or signatures withdrawals may be made from the account must, unless the terms of the deposit account provide specifically to the contrary, be a valid pledge and transfer to the savings bank of that part of the account pledged or hypothecated, and must not operate to sever or terminate the joint and survivorship ownership of all or any part of the account.

Subd. 8. Fiduciary deposits. A savings bank may accept deposits in the name of any administrator, executor, custodian, conservator, guardian, trustee, or other fiduciary for a named beneficiary or beneficiaries. The fiduciary may open, make additions to, and withdraw the account in whole or in part. The withdrawal value of the account, and interest, or other rights relating to it may be paid or delivered, in whole or in part, to the fiduciary without regard to any notice to the contrary as long as the fiduciary is living. The payment or delivery to the fiduciary or a receipt or acquittance signed by the fiduciary to whom the payment or any delivery of rights is made is a valid and sufficient release and discharge of a savings bank for the payment or delivery so made. Whenever a person holding an account in a fiduciary capacity dies and no written notice of the revocation or termination of the fiduciary relationship has been given to a savings bank and the savings bank has no written notice of any other disposition of the beneficial estate, the withdrawal value of the account, and interest or dividends, or other rights relating to it may, at the option of a savings bank, be paid or delivered, in whole or in part, to the beneficiary or beneficiaries. The payment or delivery to the beneficiary, beneficiaries, or designated person, or a receipt or acquittance signed by the beneficiary, beneficiaries, or designated person, for the payment or delivery is a valid and sufficient release and discharge of a savings bank for the payment or delivery. This section does not apply to P.O.D. accounts under sections 524.6–201 to 524.6–214.

Subd. 9. Payments to guardian. When a deposit account is held in a savings bank by a person who becomes incompetent and an adjudication of incompetency has been made by a court of competent jurisdiction, the savings bank may pay or deliver the withdrawal value of the deposit account and any earnings that may have accrued on it to the guardian for the person upon proof of appointment and qualification. If the savings bank has received no written notice and is not on actual notice that the deposit account holder has been adjudicated incompetent, it may pay or deliver the funds to the holder in accordance with the provisions of the deposit account contract, and the receipt or acquittance of the holder is a valid and sufficient release and discharge of the savings bank for the payment or delivery so made.

Subd. 10. Investment by certain entities. Administrators, executors, custodians, conservators, guardians, trustees, and other fiduciaries of every kind and nature, insurance companies, business and manufacturing companies, banks, trust companies, credit unions, and other types of similar financial organizations, charitable, educational, eleemosynary, and public corporations authorized by law, funds, and organizations, are specifically authorized and empowered to invest funds held by them, without any order of any court, in deposit accounts of a savings bank, and the investments are considered legal investments for the funds.

Subd. 11. Service charges. A savings bank may contract with depositors for service charges in connection with the opening and maintaining of deposit accounts and for providing services ancillary to the opening and maintaining of deposit accounts. The service charges are a matter of contract between the savings bank and the depositor, and the contract will be fully enforceable in accordance with its stated terms.

History: 1995 c 171 s 51

50.175 NEGOTIABLE ORDER OF WITHDRAWAL ACCOUNT.

Subdivision 1. Authorization. Any savings bank organized and operating pursuant to this chapter, may establish negotiable order of withdrawal accounts on which it may or may not pay interest or dividends. Withdrawals from the accounts are subject to the right of the savings bank to require the depositor or account holder to give notice of an intended withdrawal not less than 14 days before the withdrawal is made, even though in practice the notice is not regularly required and the depositor or account holder is allowed to make withdrawals

by negotiable or transferable instruments for the purpose of making payments to third persons or otherwise.
