**574.26 CONTRACTORS' BONDS FOR PUBLIC WORK.**

Subdivision 1. **Citation.** (a) Sections 574.26 to 574.32 are the "public contractors' performance and payment bond act," within those sections referred to as "the act."

(b) For the purposes of the act:

(1) "public body" means the state, municipal corporation, school district, or other public board or body; and

(2) "labor and materials" means work, skill, tools, machinery, materials, insurance premiums, equipment or supplies, or taxes incurred under section 290.92, chapter 268, or 297A; and

(3) "contract" means a contract with a public body for the doing of public work.

Subd. 1a. **Exemption; certain manufacturers.** Sections 574.26 to 574.32 do not apply to a manufacturer of public transit buses that manufactures at least 100 public transit buses in a calendar year. For purposes of this section, "public transit bus" means a motor vehicle designed to transport people, with a design capacity for carrying more than 40 passengers, including the driver. The term "public transit bus" does not include a school bus, as defined in section 169.01, subdivision 6.

**574.28 APPROVAL AND FILING OF BOND.**

Before beginning work on the contract for the public work, the contractor on whose behalf the payment and performance bonds were issued must file both bonds with the treasurer, board, or officer having financial management of the public body named in the bonds. The payment and performance bonds must list the address of the contractor on whose behalf the bonds were issued and of the surety providing the bonds. The payment and performance bonds, if acceptable in form and content, must be approved by the board or officer having financial management of the public body, or by the public body's treasurer. The public body must make the payment and performance bonds available for inspection and copying upon request. An assignment, modification, or change of the contract, or change in the work covered by the contract, or an extension of time to complete the contract, does not release the sureties on the bonds.

**History:** 1995 c 31 s 3

**574.30 INSOLVENT OR INSUFFICIENT SURETIES.**

When, in the public body's judgment, a surety on a bond required by the act is insolvent, or for any cause is no longer a proper or sufficient surety, the public body may require the contractor to furnish a new or additional bond within ten days; and thereupon, if so ordered by the public body, all work on the contract must cease until the new or additional bonds are furnished. If the bonds are not furnished within the ten days, the public body may, at its option, terminate the contract and complete the same as the agent, and at the expense of the contractor and its sureties.

**History:** 1995 c 31 s 4

**574.31 LIMIT OF TIME TO BRING ACTION.**

Subdivision 1. **Claims on performance bonds.** In the event of a claim by the public body on a performance bond, no action shall be maintained later than permitted under the

statute of limitations applicable to the claim. Nothing in this subdivision may be construed to otherwise affect the common law or equitable rights of performance bond sureties, principals, or public bodies that are obligees.

Subd. 2. **Claims on payment bonds.** (a) In the event of a claim on a payment bond by a person furnishing labor and materials, no action shall be maintained on the payment bond unless, within 120 days after completion, delivery, or provision by the person of its last item of labor and materials, for the public work, the person serves written notice of claim under the payment bond personally or by certified mail upon the surety that issued the bond and the contractor on whose behalf the bond was issued at their addresses as stated in the bond specifying the nature and amount of the claim and the date the claimant furnished its last item of labor and materials for the public work. For the purpose of this section, notice is sufficient if served personally or via certified mail to the addresses of the contractor and surety listed on the bond. The form of notice is sufficient if it is substantially as follows:

(b) If the contractor providing the payment bond fails to comply with the filing requirements of section 574.28 by failing to state its address or the address of the surety providing the bond, then a claimant under the bond need not provide the surety or the contractor written notice of its claim under paragraph (a).

(c) An action to enforce a claim against the surety under the bond must be commenced within one year from the date of completion, delivery, or provision by the claimant of its last item of labor and materials for the public work stated in its notice of claim. If no notice of claim was required because the contractor providing the bond failed to comply with the requirements of section 574.28, then any action under the bond must be commenced within one year from the actual date of completion, delivery, or provision by the claimant of its last item of labor and materials for the public work. Any other person having a cause of action on a payment bond may be admitted, on motion, as a party to the action, and the court shall determine the rights of all parties. If the amount realized on the bond is insufficient to discharge all the claims in full, the amount must be prorated among the parties.

(d) The claimant can extend the time within which to bring an action to enforce a claim under the bond to beyond that specified in paragraph (c) either by: (1) written stipulation between the claimant and surety stating the extended deadline and executed by both parties before the expiration of one year from the actual date of completion, delivery, or provision by the claimant of its last item of labor and materials for the public work; or (2) written notice extending by one year the deadline specified in paragraph (c) sent by the claimant to the surety via certified mail 90 days before the expiration of the deadline specified in paragraph (c), which notice is not objected to in a return written notice sent by the surety to the claimant via certified mail within 30 days after the surety's receipt of claimant's notice. If a claimant's payment is not yet contractually due within one year from the actual date of completion, delivery, or provision by the claimant of its last item of labor and materials, the court shall continue and not dismiss the action until the payment is due.
