*[For text of subd 1, see M.S.1996]*

**Subd. 1a. Severe impairment to employment; definition.** For the purpose of this section, "severe impairment to employment" means profound limitations that dramatically restrict an individual's ability to seek, secure, and maintain employment due to an extended history of little or no employment, limited education, training, or job skills, and physical, intellectual, or emotional characteristics seriously impairing future ability to obtain and retain permanent employment.

**Subd. 2. Program purpose.** The extended employment program shall have two categories of clients consisting of those with severe disabilities and those with severe impairment to employment. The purpose of the extended employment program for persons with severe disabilities is to provide the ongoing services necessary to maintain and advance the employment of persons with severe disabilities. The purpose of the extended employment program for persons with severe impairment to employment is to provide the ongoing support services necessary to secure, maintain, and advance in employment. Employment must encompass the broad range of employment choices available to all persons and promote an individual's self-sufficiency and financial independence.

*[For text of subd 3, see M.S.1996]*

**Subd. 3a. Severe impairment to employment; separate program.** The allocation of funds, eligibility criteria, and funding criteria for extended employment program funds for persons with severe disabilities shall be separate from the allocation of funds, eligibility criteria, and funding criteria for extended employment program funds for persons with severe impairment to employment. Extended employment program services for persons with severe disabilities shall be modified to the extent necessary to provide services to persons with severe impairment to employment.

The county agency must consider placing an individual who is on welfare and who has a severe impairment to employment, as defined in subdivision 1a, into an extended employment program under this section for job skills training or a job, or both, as part of the effort to move people from welfare to work as required under federal welfare reform.

*[For text of subs 4 and 5, see M.S.1996]*

**Subd. 6. Grants.** The commissioner may provide innovation and expansion grants to rehabilitation facilities to encourage the development, demonstration, or dissemination of innovative business practices, training programs, and service delivery methods that:

(1) expand and improve employment opportunities for persons with severe disabilities or severe impairment to employment who are unserved or underserved by the extended employment program; and

(2) increase the ability of persons with severe disabilities or severe impairment to employment to use new and emerging technologies in employment settings, and foster the capacity of rehabilitation facilities and employers to promote the integration of individuals with severe disabilities and severe impairment to employment into the workplace and the mainstream of community life.

The grants must require collaboration at the local level among vocational rehabilitation field offices, county social service and planning agencies, rehabilitation facilities, and employers.
