119A.05 FUNDING CONSOLIDATION.

Subdivision 1. **Authority for funding consolidation.** Notwithstanding existing law governing allocation of funds by local grantees, mode of service delivery, grantee planning and reporting requirements, and other procedural requirements for the grant programs identified in this section, a local grantee may elect to consolidate all or a portion of funding received from the programs under subdivision 5 in a collaboration funding plan, if all condi-

MINNESOTA STATUTES 1998

tions specified in this section are satisfied. County boards, school boards, or governing boards of other grantees may elect not to consolidate funding for a program.

For grantees electing consolidation, the commissioner may, with the approval of the board of government innovation and cooperation, waive all provisions of rules inconsistent with the intent of this section. This waiver authority does not apply to rules governing client protections, due process, or inclusion of clients, parents, cultures, and ethnicities in decision making. Funding to a local grantee must be determined according to the funding formulas or allocation rules governing the individual programs listed in section 119A.04.

Subd. 2. Account. A consolidated funding account is established under the control of the commissioner of children, families, and learning. The purpose of this account is to clearly identify and provide accountability for funds previously distributed to local grantees through the individual categorical grant programs in subdivision 5. By direction of the commissioner, after consultation with the partnership planning team and, upon a finding that the conditions specified in this section have been satisfied, funds must be transmitted to this account and allocated to local grantees by the commissioner.

Subd. 3. Eligibility; accountability. To be eligible to receive funding for local consolidation, as provided for in this section, a grantee must meet the following requirements:

(1) demonstrate participation by counties and schools in a local collaborative process as defined in section 124D.23 or in a similar process of collaboration with other local governments and community organizations which satisfies the governance and planning guidelines published by the commissioner as provided for in this section;

(2) document consultation by counties and schools with community action agencies and other community groups;

(3) complete and document, according to guidelines published by the commissioner, a collaborative planning process which clearly identifies:

(i) allocation of resources in the collaboration annual funding plan;

(ii) a description of the governance structure for the execution of the funding plan;

(iii) outcomes consistent with the statewide goals identified in this chapter and in statutes governing previous categorical funding included in the collaboration funding plan; and

(iv) indicators sufficient to measure improvement or decline in specified outcomes compared to baseline performance;

(4) conduct a public hearing on the funding consolidation plan under section 471.705;

(5) agree to periodically report information concerning progress in addressing outcomes, as provided for in guidelines to be published by the commissioner; and

(6) execute a written agreement between the commissioner and the local grantees setting forth responsibilities, obligations, and conditions consistent with this section. The agreement must state that the funds that are being locally consolidated will be used collectively only to achieve the objectives of the separate programs being locally consolidated.

Subd. 4. Geographic area. The geographic area for a local consolidated funding process must be an entire county, a multicounty area, or, with the approval of the county board and commissioner, a subcounty area, if county funds are used. The process may provide for coordination of service delivery in jurisdictions that extend across county boundaries.

Subd. 5. Programs included. Grant programs transferred to the department of children, families, and learning in section 119A.04 and programs transferred from the abolished department of education are eligible for local funding consolidation. Eligibility of any federally funded programs for local funding consolidation is conditioned upon obtaining necessary federal waivers or changes in federal law.

Subd. 6. Entry into program. Grantees who meet all requirements of this section may elect to begin using funding for a local consolidated funding process beginning January 1, 1996, or at each six-month interval. Other local grantees that meet all requirements of this section may elect to begin using funding for a local consolidation funding process beginning July 1, 1996, or at each six-month interval.

Subd. 7. **Sanctions.** If the commissioner finds that a grantee has failed to comply with this section, the grantee becomes subject to all requirements of individual grant programs as specified in statutes and rules.

The selected collaborative must implement the program through family service centers and eligible community groups that have strong ties to a local neighborhood and represent the diversity of residents and that have a history of providing services in the neighborhood.

(b) An eligible organization must submit an application to the sponsoring family services collaborative with a description of areas to be served, a neighborhood presence, the needs of the area, the services to be provided with associated costs and resources, the intended outcomes, and the proposed methods of delivering service through volunteers, including any reimbursement or incentive not to exceed \$200 for any service. Proposed services and amounts must be listed in an outcomes-based format.

Subd. 3 **Eligible activities.** A participating center or group may deliver, or arrange for the delivery of, needed services listed in the application including assisting family members to achieve the GED requirements; assisting with English as a second language or citizenship classes and tests; assisting with access to early childhood programs, childhood immunizations, suitable child care, and home visits; and assisting in crime prevention through after-school enrichment activities, truancy prevention, and tutoring for academically under-achieving children

NOTE See section 15 059, subdivision 5a, for expiration of the child abuse prevention advisory council

119A.14 LOCAL CHILD ABUSE PREVENTION COUNCILS.

Subdivision 1. Establishment of council. A child abuse prevention council may be established in any county or group of counties that was eligible to receive funds under Minnesota Statutes 1986, section 145.917 as of January 1, 1986. A council organized in such a county or group of counties shall be authorized by the commissioner to review programs seeking trust fund money on finding that the council meets the criteria in this subdivision.

(a) The council has submitted a plan for the prevention of child abuse that includes a rank ordering of needed programs and services, assesses the need for additional programs or services, and demonstrates that standards and procedures have been established to ensure that funds will be distributed and used according to Laws 1986, chapter 423.

(b) A single-county council shall consist of:

(1) a minimum of nine members with the majority consisting of members from the community-at-large who do not represent service-providing agencies. These members shall represent the demographic and geographic composition of the county and, to the extent possible, represent the following groups: parents, businesses, racial and ethnic minority communities, and the faith communities; and

All money shall be distributed for programs and services involving primary or secondary prevention, and no money shall be distributed for programs and services involving tertiary prevention.

Subd. 2. **Matching and other requirements.** Trust fund money shall only be distributed to applicants that demonstrate an ability to match at least 40 percent of the amount of trust fund money requested and whose proposals meet the other criteria. The matching requirement may be met through in-kind donations. In awarding grants, the commissioner shall consider the extent to which the applicant has demonstrated a willingness and ability to:

- (1) continue the prevention program or service if trust fund money is eliminated or reduced; and
- (2) provide prevention program models and consultation to other organizations and communities.

Subd. 3. **Use of funds.** Priority must be given to applicants whose matching funds do not consist, in whole or in part, of state or federal funds. Subd. 4. **Statewide or regional programs.** The commissioner may fund programs that intend to serve the entire state or a region larger than the area served by any local council even if the program has not been reviewed by any local council. The commissioner may, however, solicit comments or recommendations about the applicant or the program from a local council covering any area to be served by the applicant's proposed program.

Subd. 5. **Local council as recipient of funds.** The commissioner may disburse funds to a local council for community education purposes, or for administrative costs in carrying out Laws 1986, chapter 423, if all criteria and standards are met.

Subd. 5a. **Excluded programs.** Programs transferred to the department of children, families, and learning from the department of economic security may not be included in the consolidated funding account and are ineligible for local consolidation. The commissioner may not apply for federal waivers to include these programs in funding consolidation initiatives. The programs include the following:

- (1) programs for the homeless under sections 119A.43 and 268.365;

Subd. 7. **Rules.** The commissioner may adopt rules to carry out Laws 1986, chapter 423.

119A.16 ACCEPTANCE OF FEDERAL FUNDS AND OTHER DONATIONS.

The commissioner may accept federal money and gifts, donations, and bequests for the purposes of Laws 1986, chapter 423. Money so received and proceeds from the sale of

FAMILY VISITATION CENTERS

119A.37 GRANTS FOR FAMILY VISITATION CENTERS.

Subdivision 1. **Purpose.** The commissioner shall issue a request for proposals from existing local nonprofit, nongovernmental, or governmental organizations, to use existing local facilities as family visitation centers which may also be used for visitation exchanges. The commissioner shall award grants in amounts up to \$50,000 for the purpose of creating or maintaining family visitation centers in an effort to reduce children's vulnerability to violence and trauma related to family visitation, where there has been a history of domestic violence or abuse within the family. The commissioner shall award the grants to provide the greatest possible number of family visitation centers and to locate them to provide for the broadest possible geographic distribution of the centers throughout the state.

Each children's family visitation center must use existing local facilities to provide a healthy interactive environment for parents who are separated or divorced and for parents with children in foster homes to visit with their children. The centers must be available for use by district courts who may order visitation to occur at a family visitation center. The centers may also be used as drop-off sites, so that parents who are under court order to have no contact with each other can exchange children for visitation at a neutral site. Each center must provide sufficient security to ensure a safe visitation environment for children and their parents. A grantee must demonstrate the ability to provide a 25 percent local match, which may include in-kind contributions.

Subd. 2. **County involvement.** Each county or group of counties is encouraged to provide supervised visitation services in an effort to fill the gap in the court system that orders supervised visitation but does not provide a center to accomplish the supervised visitation as ordered. Each county or group of counties is encouraged to either financially contribute to an existing family visitation center in the area, or establish a new center if there is not one in the area, possibly through county social services. In creating a new center, the county may collaborate with other counties, other family visitation centers, family services collaboratives, court services, and any other entity or organization. The goal is to provide family visitation centers statewide. The county shall apply for funding that may be available through the federal government, specifically for family preservation or family reunification purposes, or any other source of funding that will aid in developing and maintaining this vital service.

Subd. 3. **Funding.** The commissioner may award grants to create or maintain family visitation centers.

In awarding grants to maintain a family visitation center, the commissioner may award a grant to a center that can demonstrate a 35 percent local match, provided the center is diligently exploring and pursuing all available funding options in an effort to become self-sustaining, and those efforts are reported to the commissioner.

In awarding grants to create a family visitation center, the commissioner shall give priority to:

- (1) areas of the state where no other family visitation center or similar facility exists;
- (2) applicants who demonstrate that private funding for the center is available and will continue; and
- (3) facilities that are adapted for use to care for children, such as day care centers, religious institutions, community centers, schools, technical colleges, parenting resource centers, and child care referral services.

In awarding grants to create or maintain a family visitation center, the commissioner shall require the proposed center to meet standards developed by the commissioner to ensure the safety of the custodial parent and children.

Subd. 4. **Additional services.** Each family visitation center may provide parenting and child development classes, and offer support groups to participating custodial parents and hold regular classes designed to assist children who have experienced domestic violence and abuse. Each family visitation center must have available an individual knowledgeable about or experienced in the provision of services to battered women on its staff, its board of directors, or otherwise available to it for consultation.

Subd. 5. **Administration.** In administering the grants authorized by this section, the commissioner shall ensure that the term "family visitation center" is used in all future applications, publicity releases, requests for proposals, and other materials of like nature. Materials published prior to the enactment of this legislation which use different terms may be distributed by the commissioner until supplies are gone.

119A.375 COMMUNITY ACTION AGENCIES.

Subdivision 1. **In general.** A community action agency is a political subdivision of the state, a combination of political subdivisions, a public agency, or a private nonprofit agency which has the authority under its applicable charter or laws to receive funds under section 119A.374 to support community action programs as described in section 119A.376 and which was designated as an eligible entity under the Community Services Block Grant Act, Public Law Number 97-35, section 673(1), 95 Stat. 357, 512 (1981), as amended by, Act of October 30, 1984, Public Law Number 98-558, section 202, 98 Stat. 2878, 2884 (1984). For purposes of this subdivision, "eligible entity" also means any community action agency which qualified under all federal and state regulations applicable during the period from 1981 to September 30, 1984.

Subd. 2. **Designation and recognition.** To obtain recognition by the governor a community action agency must be designated by a political subdivision having jurisdiction over the entire area to be served by the agency. To designate a community action agency, the political subdivision must hold a public hearing, pass a resolution to designate, and file a "notice of intent to designate" and eligibility documents with the state office of economic opportunity for final review and authorization for a new community action agency.

Subd. 3. **Administering board.** Each community action agency shall administer its community action programs through a community action board consisting of 15 to 51 members.

(a) One-third of the members of the board shall be elected public officials, currently holding office, or their representatives.

(b) At least one-third of the members shall be persons chosen in accordance with democratic selection procedures adequate to assure that they are representative of the poor in the area served.

(c) The other members shall be officials or members of business, industry, labor, religious, welfare, education, or other major groups and interests in the community. Each member of the board selected to represent a specific geographic area within a community must reside in the area represented.

(d) The public community action agency shall have an administering board which meets the requirements of this subdivision.

(e) The statewide migrant seasonal farmworker organization known as the Minnesota migrant council and Indian reservations carrying out community action programs are exempt from the board composition requirements of this subdivision.

Subd. 4. **Delegation of powers.** If a community action agency places responsibility for major policy determinations with respect to the character, funding, extent, and administration of and budgeting for programs to be carried on in a particular geographic area within the community in a subsidiary board, council, or similar agency, that board, council, or agency shall be broadly representative of the area.

Subd. 5. **Local participation.** Each community action agency shall consult neighborhood based organizations composed of residents of the area or members of the groups served to assist the agency in the planning, conduct, and evaluation of components of the community action program.

Subd. 6. **Functions; powers.** A community action agency shall:

(a) Plan systematically for an effective community action program; develop information as to the problems and causes of poverty in the community; determine how much and how effectively assistance is being provided to deal with those problems and causes; and establish priorities among projects, activities and areas as needed for the best and most efficient use of resources;

(b) Encourage agencies engaged in activities related to the community action program to plan for, secure, and administer assistance available under section 119A.374 or from other sources on a common or cooperative basis; provide planning or technical assistance to those agencies; and generally, in cooperation with community agencies and officials, undertake actions to improve existing efforts to reduce poverty, such as improving day-to-day communications, closing service gaps, focusing resources on the most needy, and providing additional opportunities to low-income individuals for regular employment or participation in the programs or activities for which those community agencies and officials are responsible;

(c) Initiate and sponsor projects responsive to needs of the poor which are not otherwise being met, with particular emphasis on providing central or common services that can be drawn upon by a variety of related programs, developing new approaches or new types of services that can be incorporated into other programs, and filling gaps pending the expansion or modification of those programs;

(d) Establish effective procedures by which the poor and area residents concerned will be enabled to influence the character of programs affecting their interests, provide for their regular participation in the implementation of those programs, and provide technical and other support needed to enable the poor and neighborhood groups to secure on their own behalf available assistance from public and private sources;

(e) Join with and encourage business, labor and other private groups and organizations to undertake, together with public officials and agencies, activities in support of the community action program which will result in the additional use of private resources and capabilities, with a view to developing new employment opportunities, stimulating investment that will have a measurable impact on reducing poverty among residents of areas of concentrated poverty, and providing methods by which residents of those areas can work with private groups, firms, and institutions in seeking solutions to problems of common concern.

Community action agencies, migrant and seasonal farmworker organizations, and the Indian reservations, may enter into cooperative purchasing agreements and self-insurance programs with local units of government. Nothing in this section expands or limits the current private or public nature of a local community action agency.

(f) Adopt policies that require the agencies to refer area residents and community action program constituents to education programs that increase literacy, improve parenting skills, and address the needs of children from families in poverty. These programs include, but are not limited to, early childhood family education programs, adult basic education programs, and other lifelong learning opportunities. The agencies and agency programs, including Head Start, shall collaborate with child care and other early childhood education programs to ensure smooth transitions to work for parents

Subd. 7. **Agencies as local providers.** Agencies defined by this section shall be considered among local providers of outreach services and activities for all antipoverty efforts.

Subd. 8. **Categorical funds.** Federal antipoverty categorical funds consolidated into block grants to the state of Minnesota shall be designated by the state for antipoverty purposes.

119A.376 COMMUNITY ACTION PROGRAMS.

Subdivision 1. **In general.** A community action program is a community based and operated program which:

(a) Includes or is designed to include a sufficient number of projects or components to provide, in sum, a range of services and activities having a measurable and potentially major impact on causes of poverty in the community or those areas of the community where poverty is a particularly acute problem;

(b) Has been developed, and which organizes and combines its component projects and activities, in a manner appropriate to carry out all the purposes of sections 119A.374 to 119A.376; and

(c) Conforms to any other supplementary criteria as the governor may prescribe consistent with the purposes and provisions of sections 119A.374 to 119A.376.

Subd. 2. **Components.** The components of a community action program shall be designed to assist participants, including homeless individuals and families, migrant and seasonal farmworkers, and the elderly poor to achieve increased self-sufficiency and greater participation in the affairs of the community by providing services and programs not sufficiently provided in the community by any governmental unit, any public institution, or any other publicly funded agency or corporation. Community action agencies, governmental units, public institutions or other publicly funded agencies or corporations shall consult on whether or not a program or service is sufficiently provided in the community.

Subd. 3. **Administration.** Components of a community action program may be administered by the community action agency when consistent with sound and efficient management and applicable law, or by other agencies. They may be projects eligible for assistance under section 119A.374, or projects assisted from other public or private sources; and they may be either specially designed to meet local needs, or designed pursuant to the eligibility standards of a state or federal program providing assistance to a particular kind of activity which will help in meeting those needs.

119A.41 COORDINATION OF FEDERAL AND STATE RESIDENTIAL WEATHERIZATION PROGRAMS.

Subdivision 1. **Agency designation.** The department is the state agency to apply for, receive, and disburse money made available to the state by federal law for the purpose of weatherizing the residences of low-income persons. The commissioner must coordinate available federal money with state money appropriated for this purpose.

Subd. 2. **Grants.** The commissioner must make grants of federal and state money to community action agencies and other public or private nonprofit agencies for the purpose of weatherizing the residences of low-income persons. Grant applications must be submitted in accordance with rules promulgated by the commissioner.

Subd. 3. **Benefits of weatherization.** In the case of any grant made to an owner of a rental dwelling unit for weatherization, the commissioner must require that (1) the benefits of weatherization assistance in connection with the dwelling unit accrue primarily to the low-income family that resides in the unit; (2) the rents on the dwelling unit will not be raised because of any increase in value due solely to the weatherization assistance; and (3) no undue or excessive enhancement will occur to the value of the dwelling unit.

Subd. 4. **Rules.** The commissioner must promulgate rules that describe procedures for the administration of grants, data to be reported by grant recipients, and compliance with relevant federal regulations. The commissioner must require that a rental unit weatherized under this section be rented to a household meeting the income limits of the program for 24 of the 36 months after weatherization is complete. In applying this restriction to multiunit buildings weatherized under this section, the commissioner must require that occupancy continue to reflect the proportion of eligible households in the building at the time of weatherization.

Subd. 5. **Grant allocation.** The commissioner must distribute supplementary state grants in a manner consistent with the goal of producing the maximum number of weatherized units. Supplementary state grants are provided primarily for the payment of additional labor costs for the federal weatherization program, and as an incentive for the increased production of weatherized units.

Criteria for the allocation of state grants to local agencies include existing local agency production levels, emergency needs, and the potential for maintaining or increasing acceptable levels of production in the area.

An eligible local agency may receive advance funding for 90 days' production, but thereafter must receive grants solely on the basis of program criteria.

Subd. 6. **Eligibility criteria.** To the extent allowed by federal regulations, the commissioner must ensure that the same income eligibility criteria apply to both the weatherization program and the energy assistance program.

Solicitation of contributions from customers may be made at least annually and may provide each customer an opportunity to contribute as part of payment of bills for provision of service or provide an alternate convenient way for customers to contribute.

Subd 3 Statewide fuel account, appropriation The commissioner must establish a statewide fuel account. The commissioner may develop and implement a program to solicit contributions, manage the receipts and distribute emergency energy assistance to low-income households as defined in the federal Low-Income Home Energy Assistance Program, on a statewide basis. All money remitted to the commissioner for deposit in the statewide fuel account is appropriated to the commissioner for the purpose of developing and implementing the program. No more than ten percent of the money received in the first two years of the program may be used for the administrative expenses of the commissioner to implement the program and no more than five percent of the money received in any subsequent year may be used for administration of the program.

Subd 4 Emergency energy assistance advisory council The commissioner must appoint an advisory council to advise the commissioner on implementation of this section. At least one-third of the advisory council must be composed of persons from households that are eligible for emergency energy assistance under the federal Low-Income Home Energy Assistance Program. The remaining two-thirds of the advisory council must be composed of persons representing energy providers, customers, local energy assistance providers, existing fuel fund delivery agencies, and community action agencies. Members of the advisory council may receive expenses, but no other compensation, as provided in section 15 059, subdivision 3. Appointment and removal of members is governed by section 15 059.

The commissioner may fund programs designed primarily to serve families with children, single persons, and persons leaving a shelter for family abuse.

Subd. 7 Funding coordination. Grant recipients must combine funds awarded under this section with other funds from public and private sources.

Subd. 8. Program information. In order to collect uniform data to better measure the nature and extent of the need for transitional housing, grant recipients must collect and make available to the commissioner the following information:

(8) source of income on entering the program, prior residence, race, and sex of persons assisted.

Subd. 9. Private data. Personal history information and other information collected, used, or maintained by a grant recipient from which the identity of any individual receiving services may be determined is private data on individuals, as defined in section 13.02, subdivision 12, and the grant recipient must maintain the data in accordance with the provisions of chapter 13.

Subd. 10. Licensing requirements not applicable. The requirements of sections 245A.01 to 245A.16 do not apply to transitional housing and support services funded under this section unless the commissioner of human services determines that the program is primarily a residential program within the meaning of section 245A.02, subdivision 14.

Applications must be filed at the times and for the periods determined by the commissioner.

Subd. 3. Distribution formula. The Minnesota Foodshelf Association must distribute money distributed to it by the department to foodshelf programs in proportion to the number of individuals served by each foodshelf program. The commissioner must gather data from the Minnesota Foodshelf Association or other appropriate sources to determine the proportionate amount each qualifying foodshelf program is entitled to receive. The commissioner may increase or decrease the qualifying foodshelf program's proportionate amount if the commissioner determines the increase or decrease is necessary or appropriate to meet changing needs or demands.

Subd. 4. Use of money. At least 96 percent of the money distributed to the Minnesota Foodshelf Association under this section must be distributed to foodshelf programs to purchase, transport, and coordinate the distribution of nutritious food to needy individuals and families. No more than four percent of the money may be expended for other expenses, such as rent, salaries, and other administrative expenses of the Minnesota Foodshelf Association.

(b) Swab team workers must receive monetary compensation equal to the prevailing wage as defined in section 177.42, subdivision 6, for comparable jobs in the licensed contractor's principal business.

Subd. 7. **Removal and replacement component.** (a) Within the limits of the available appropriation and if a need is identified by a lead inspector, the commissioner may establish a component for removal and replacement of deteriorated paint in residential properties according to the following criteria:

(1) components within a residence must have both deteriorated lead-based paint and substrate damage beyond repair or rotting wooden framework to be eligible for removal and replacement;

(2) all removal and replacement must be done using least-cost methods and following lead-safe directives;

(3) whenever windows and doors or other components covered with deteriorated lead-based paint have sound substrate or are not rotting, those components should be repaired, sent out for stripping, planed down to remove deteriorated lead-based paint, or covered with protective guards instead of being replaced, provided that such an activity is the least-cost method of providing the swab team service;

(4) removal and replacement or repair must be done by lead contractors using skilled craft workers or trained swab team members; and

(5) all craft work that requires a state license must be supervised by a person with a state license in the craft work being supervised. The grant recipient may contract for this supervision.

(b) The program design must:

(1) identify the need for on-the-job training of swab team workers to be removal and replacement workers; and

(2) describe plans to involve appropriate groups in designing methods to meet the need for training swab team workers

Subd. 8. **Testing and evaluation.** (a) Testing of the environment is not necessary by swab teams whose work is assigned by the commissioner of health or a designated board of

health under section 144.9504. The commissioner of health or designated board of health must share the analytical testing data collected on each residence for purposes of secondary prevention under section 144.9504 with the swab team workers in order to provide constructive feedback on their work and to the commissioner for the purposes set forth in paragraph (c).

(b) For purposes of primary prevention evaluation, the following samples must be collected: pretesting and posttesting of one noncarpeted floor dust lead sample and a notation of the extent and location of bare soil and of deteriorated lead-based paint. The analytical testing data collected on each residence for purposes of primary prevention under section 144.9503 must be shared with the swab team workers in order to provide constructive feedback on their work and to the commissioner for the purposes set forth in paragraph (c).

(c) The commissioner of health must establish a program in cooperation with the commissioner to collect appropriate data as required under paragraphs (a) and (b), in order to conduct an ongoing evaluation of swab team services for primary and secondary prevention. Within the limits of available appropriations, the commissioner of health must conduct or contract with the commissioner, on up to 1,000 residences which have received primary or secondary prevention swab team services, a postremediation evaluation, on at least a quarterly basis for a period of at least two years for each residence. The evaluation must note the condition of the paint within the residence, the extent of bare soil on the grounds, and collect and analyze one noncarpeted floor dust lead sample. The data collected must be evaluated to determine the efficacy of providing swab team services as a method of reducing lead exposure in young children. In evaluating this data, the commissioner of health must consider city size, community location, historic traffic flow, soil lead level of the property by area or census tract, distance to industrial point sources that emit lead, season of the year, age of the housing, age and number of children living at the residence, the presence of pets that move in and out of the residence, and other relevant factors as the commissioner of health may determine. This evaluation of the swab team program may be paid from amounts appropriated to the department of economic security for providing swab team services.

Subd. 9. Program benefits. As a condition of providing swab team services under this section, an organization may require a property owner to not increase rents on a property solely as a result of a substantial improvement made with public funds under the programs in this section.

Subd. 10. Requirements of organizations receiving grants. An eligible organization that is awarded a training and demonstration grant under this section must prepare and submit a quarterly progress report to the commissioner beginning three months after receipt of the grant.

119A.52 DISTRIBUTION OF APPROPRIATION.

(a) The commissioner of children, families, and learning must distribute money appropriated for that purpose to Head Start program grantees to expand services and to serve additional low-income children. Money must be allocated to each project Head Start grantee in existence on the effective date of Laws 1989, chapter 282. Migrant and Indian reservation grantees must be initially allocated money based on the grantees' share of federal funds. The remaining money must be initially allocated to the remaining local agencies based equally on the agencies' share of federal funds and on the proportion of eligible children in the agencies' service area who are not currently being served. A Head Start grantee must be funded at a per child rate equal to its contracted, federally funded base level for program accounts 20, 22, and 25 at the start of the fiscal year. In allocating funds under this paragraph, the commissioner of children, families, and learning must assure that each Head Start grantee is allocated no less funding in any fiscal year than was allocated to that grantee in fiscal year 1993. The commissioner may provide additional funding to grantees for start-up costs incurred by grantees due to the increased number of children to be served. Before paying money to the grantees, the commissioner must notify each grantee of its initial allocation, how the money must be used, and the number of low-income children that must be served with the allocation. Each grantee must notify the commissioner of the number of low-income children it will be able to serve. For any grantee that cannot utilize its full allocation, the commissioner must reduce the allocation proportionately. Money available after the initial allocations are reduced must be redistributed to eligible grantees.

(b) Up to 11 percent of the funds appropriated annually may be used to provide grants to local Head Start agencies to provide funds for innovative programs designed either to target Head Start resources to particular at-risk groups of children or to provide services in addition to those currently allowable under federal Head Start regulations. The commissioner must award funds for innovative programs under this paragraph on a competitive basis.

119A.53 FEDERAL REQUIREMENTS.

Grantees and the commissioner of children, families, and learning shall comply with federal regulations governing the federal head start program, except for innovative programs funded under section 119A.52, paragraph (b), which may operate differently than federal head start regulations, and except that when a state statute or regulation conflicts with a federal statute or regulation, the state statute or regulation prevails.
