Subdivision 1. Establishment. The bureau shall administer and maintain a computerized criminal gang investigative data system for the purpose of assisting criminal justice agencies in the investigation and prosecution of criminal activity by gang members. The system consists of data on individuals whom law enforcement agencies determine are or may be engaged in criminal gang activity. Notwithstanding section 260.161, subdivision 3, data on adults and juveniles in the system and data documenting an entry in the system may be maintained together. Data in the system must be submitted and maintained as provided in this section.

Subd. 2. Entry of data into system. (a) A law enforcement agency may submit data on an individual to the criminal gang investigative data system only if the agency obtains and maintains the documentation required under this subdivision. Documentation may include data obtained from other criminal justice agencies, provided that a record of all of the documentation required under paragraph (b) is maintained by the agency that submits the data to the bureau. Data maintained by a law enforcement agency to document an entry in the system are confidential data on individuals as defined in section 13.02, subdivision 3, but may be released to criminal justice agencies.

(b) A law enforcement agency may submit data on an individual to the bureau for inclusion in the system if the individual is 14 years of age or older and the agency has documented that:

(1) the individual has met at least three of the criteria or identifying characteristics of gang membership developed by the criminal gang oversight council under section 299A.65 as required by the council; and

(2) the individual has been convicted of a gross misdemeanor or felony or has been adjudicated or has a stayed adjudication as a juvenile for an offense that would be a gross misdemeanor or felony if committed by an adult.

Subd. 3. Classification of data in system. Data in the criminal gang investigative data system are confidential data on individuals as defined in section 13.02, subdivision 3, but are accessible to law enforcement agencies and may be released to the criminal justice agencies.

Subd. 4. Audit of data submitted to system. The bureau shall conduct periodic random audits of data under subdivision 2 that documents inclusion of an individual in the criminal gang investigative data system for the purpose of determining the validity, completeness, and accuracy of data submitted to the system. Notwithstanding section 138.17, the bureau shall destroy data entered into the system when three years have elapsed since the data were entered into the system, except as otherwise provided in this subdivision. If the bureau has information that the individual has been convicted as an adult, or has been adjudicated or has a stayed adjudication as a juvenile for an offense that would be a crime if committed by an adult, since entry of the data into the system, the data must be maintained until three years have elapsed since the last record of a conviction or adjudication or stayed adjudication of the individual. Upon request of the law enforcement agency that submitted data to the system, the bureau shall destroy the data regardless of whether three years have elapsed since the data were entered into the system.

(b) Except for access authorized under paragraph (a), the bureau shall only disseminate a juvenile adjudication history record in connection with a background check required by

If, before data are destroyed under this subdivision, the subject of the data is convicted of a felony as an adult, the individual's juvenile history record must be retained for the same time period as an adult criminal history record.

(b) Juvenile history data on a child who was arrested must be destroyed six months after the arrest if the child has not been referred to a diversion program and no petition has been filed against the child by that time.

(d) Juvenile history data on a child who was referred to a diversion program or against whom a delinquency petition has been filed and continued for dismissal must be destroyed when the child reaches age 21.

(e) Juvenile history data on a child against whom a delinquency petition was filed and continued without adjudication, or a child who was found to have committed a felony or gross misdemeanor-level offense, must be destroyed when the child reaches age 28. If the offender commits a felony violation as an adult, the bureau shall retain the data for as long as the data would have been retained if the offender had been an adult at the time of the juvenile offense.

(f) The bureau shall retain extended jurisdiction juvenile data on an individual received under section 260.161, subdivision 1a, paragraph (c), for as long as the data would have been retained if the offender had been an adult at the time of the offense.

(g) Data retained on individuals under this subdivision are private data under section 13.02, except that extended jurisdiction juvenile data become public data under section 13.87, subdivision 2, when the juvenile court notifies the bureau that the individual's adult sentence has been executed under section 260.126, subdivision 5.

(h) A person who receives data on a juvenile under paragraphs (b) to (e) from the bureau shall destroy the data according to the schedule in this subdivision, unless the person has access to the data under other law. The bureau shall include a notice of the destruction schedule with all data it disseminates on juveniles.

The superintendent shall perform the background check by retrieving and reviewing data on background check crimes maintained in the CJIS computers. The superintendent shall notify the owner in writing of the results of the background check. If the manager has resided in Minnesota for less than five years or upon request of the owner, the superintendent shall also either: (1) conduct a search of the national criminal records repository, including the criminal justice data communications network; or (2) conduct a search of the criminal justice data communications network records in the state or states where the manager has resided for the preceding five years. Local law enforcement agencies may access the criminal justice data network to perform the background check.

(b) A private business or local law enforcement agency providing a background check under this section must use a notification form similar to the form described in subdivision 3, except that the notification form must indicate that the background check will be performed by the private business or local law enforcement agency using records of the superintendent and other data sources.
