192.261 LEAVE OF ABSENCE.

Subdivision 1. **Leave of absence without pay.** Subject to the conditions hereinafter prescribed, any officer or employee of the state or of any political subdivision, municipal corporation, or other public agency of the state who engages in active service in time of war or other emergency declared by proper authority in any of the military or naval forces of the state or of the United States for which leave is not otherwise allowed by law shall be entitled to leave of absence from the officer's or employee's public office or employment without pay during such service, with right of reinstatement as hereinafter provided. Such leave of absence without pay, whether heretofore or hereafter, shall not extend beyond four years plus such additional time in each case as such an officer or employee may be required to serve pursuant to law. This shall not be construed to preclude the allowance of leave with pay for such service to any person entitled thereto under section 192.26. Nothing in this section contained shall affect any of the provisions or application of section 352.27 nor of section 192.26 to 192.264, or any laws amendatory thereof, insofar as such sections pertain to the state employees retirement association or its members.

Subd. 2. **Reinstatement.** Except as otherwise hereinafter provided, upon the completion of such service such officer or employee shall be reinstated in the public position, which was held at the time of entry into such service, or a public position of like seniority, status, and pay if such is available at the same salary which the officer or employee would have received if the leave had not been taken, upon the following conditions: (1) that the position has not been abolished or that the term thereof, if limited, has not expired; (2) that the officer or employee is not physically or mentally disabled from performing the duties of such position; (3) that the officer or employee makes written application for reinstatement to the appointing authority within 90 days after termination of such service, or 90 days after discharge from hospitalization or medical treatment which immediately follows the termination of, and results from, such service; provided such application shall be made within one year and 90 days after termination of such service notwithstanding such hospitalization or medical treatment; (4) that the officer or employee submits an honorable discharge or other form of release by proper authority indicating that the officer's or employee's military or naval service was satisfactory. Upon such reinstatement the officer or employee shall have the same rights with respect to accrued and future seniority status, efficiency rating, vacation, sick leave, and other benefits as if that officer or employee had been actually employed during the time of such leave. No officer or employee so reinstated shall be removed or discharged within one year thereafter except for cause, after notice and hearing; but this shall not operate to extend a term of service limited by law.

Subd. 3. **Shall file certificate.** Any public officer elected or appointed for a definite term who, before the expiration of such term, returns from military or naval service under leave of absence without pay under chapters 190 to 193, in lieu of making written application for reinstatement as hereinbefore provided, shall file in the same office where the public officer's oath is filed within 45 days after termination of such military or naval service a verified certificate that the public officer has complied with the conditions for reinstatement hereinbefore prescribed, and that public officer shall thereupon be deemed to have resumed that office, with all the rights and privileges granted by chapters 190 to 193; provided, that any false statement in such certificate shall be ground for removal.

Subd. 4. **Persons engaged in active service not disqualified for being candidate for public office.** No person who is engaged in active service in any of the military or naval forces of the state or of the United States within or without the state shall thereby be disqualified from being a candidate for or from being elected or appointed to any public office within the state if that person is otherwise eligible therefor. A person who is elected or appointed to any such office who at the commencement of the term thereof is engaged in any such active military or naval service shall not thereby be disqualified from assuming and holding such office if otherwise eligible therefor and if that person's military or naval service is not constitutionally or legally incompatible therewith. Such person, if prevented by military or naval duties from taking office in person, may file an oath of office, and a bond, if required, by mail or other means of transmittal, and shall thereupon be deemed to have assumed office, subject to all the provisions of sections 192.26 to 192.264, so far as applicable.

Subd. 5. **Active duty for training, inactive duty training; reemployment rights.** (a) Any public officer or employee who is a member of the military forces who is ordered to an initial period of active duty for training of not less than three consecutive months shall, upon application for reemployment within 31 days after that member's (1) release from that active duty for training after satisfactory service, or (2) discharge from hospitalization incident to that active duty for training, or one year after a scheduled release from that training, whichever is earlier, be entitled to all reemployment rights and benefits provided by this section. Any person restored to a position in accordance with the provisions of this clause shall not be discharged from the position without cause within six months after that restoration.

(b) Any public officer or employee not covered by section 192.26, or by clause (a) shall, upon request, be granted a leave of absence from public employment for the

period required to perform active duty for training or inactive duty training in the military forces. Upon release from a period of active duty for training or inactive duty training, or upon discharge from hospitalization incident to that training, the officer or employee shall be permitted to return to the previously held position with the same seniority, status, rate of pay, and vacation as if the officer or employee had not been absent for those purposes. The officer or employee shall report for work at the beginning of the next regularly scheduled working period after expiration of the last calendar day necessary to travel from the place of training to the place of employment following release from active duty, or within a reasonable time thereafter if delayed return is due to factors beyond the employee's control. Failure to report for work at the next regularly scheduled working period shall make the employee subject to the conduct rules of the employer pertaining to explanations and discipline with respect to absence from scheduled work. If that employee is hospitalized incident to active duty for training or inactive duty training, that employee shall be required to report for work (1) at the beginning of the next regularly scheduled work period after expiration of the time necessary to travel from the place of discharge from hospitalization to the place of employment, (2) within a reasonable time thereafter if delayed return is due to factors beyond the employee's control, or (3) within one year after the release from active duty for training or inactive duty training, whichever is earlier. If an employee covered by this clause is not qualified to perform the position's duties by reason of disability sustained during active duty for training or inactive duty training, but is qualified to perform the duties of any other position in the employ of the employer or a successor in interest, that employee shall be restored by that employer or a successor in interest to another position, the duties of which that employee is qualified to perform and which will provide like seniority, status, and pay, or the nearest approximation thereof consistent with the circumstances in the particular case. For the purpose of this paragraph, the terms "active duty for training" and "inactive duty for training" shall have the meanings subscribed to them by the United States Code Annotated, title 38, part III, chapter 43, sections 2021 to 2026.

(c) Any employee not covered by clause (a) shall be considered as having been on leave of absence during the period required to report for the purpose of being inducted into, entering or determining by a preinduction or other examination the employee's physical fitness to enter the military forces. If rejected, upon completion of the preinduction or other examination, or upon discharge from hospitalization incident to that rejection or examination, the employee shall be permitted to return to the employee's position in accordance with the provisions of clause (b).

Subd. 6. **State emergencies; reemployment rights of nonpublic employees.** A person who engages in active service in the military forces in time of emergency declared by the proper authority of the state who is not an officer or employee of the state or of any political subdivision, municipal corporation, or other public agency of the state is entitled to leave and reinstatement in the same manner and to the same extent as granted to officers and employees of the state or of any political subdivision, municipal corporation, or other public agency of the state by subdivisions 1 to 4. The provisions of this subdivision shall not entitle a person given leave and reinstatement rights by this subdivision to any pay during such service as provided by section 192.26. The provisions of this subdivision do not apply to situations in which the person's reemployment rights are protected by United States Code Annotated, appendix 50, section 459(g) of the Selective Service Act of 1967.

employed during the time of such leave; provided, that so far as any increase in the amount of money benefits accruing with respect to the time of such leave is dependent upon the payment of any contributions or assessments, the right to such increase shall be conditioned upon the payment of such contributions or assessments within such reasonable time after the termination of such leave and upon such terms as the authorities in charge of such system may prescribe.

ARTICLE 4 RESPONSIBILITIES

A. Nothing in this compact shall be construed as a waiver of any benefits, privileges, immunities, or rights otherwise provided for National Guard personnel performing duty pursuant to United States Code, title 32, nor shall anything in this compact be construed as a waiver of coverage provided for under the Federal Tort Claims Act. In the event that National Guard personnel performing counterdrug activities do not receive rights, benefits, privileges, and immunities otherwise provided for National Guard personnel as stated above, the following provisions shall apply:

1. Whenever National Guard forces of any responding state are engaged in another state in carrying out the purposes of this compact, the members thereof so engaged shall have the same powers, duties, rights, privileges, and immunities as members of National Guard forces of the requesting state. The requesting state shall save and hold members of the National Guard forces of responding states harmless from civil liability, except as otherwise provided herein, for acts or omissions which occurred in the performance of their duty while engaged in carrying out the purposes of this compact, whether responding forces are serving the requesting state within the

borders of the responding state or are attached to the requesting state for purposes of operational control.

2. Subject to the provisions of paragraphs 3, 4, and 5 of this article, all liability that may arise under the laws of the requesting state or the responding states, on account of or in connection with a request for assistance or support, shall be assumed and borne by the requesting state.

3. Any responding state rendering aid or assistance pursuant to this compact shall be reimbursed by the requesting state for any loss or damage to, or expense incurred in the operation of, any equipment answering a request for aid, and for the cost of the materials, transportation, and maintenance of National Guard personnel and equipment incurred in connection with such request, provided that nothing herein contained shall prevent any responding state from assuming such loss, damage, expense, or other cost.

4. Unless there is a written agreement to the contrary, each party shall provide, in the same amounts and manner as if they were on duty within their state, for pay and allowances of the personnel of its National Guard units while engaged without the state pursuant to this compact and while going to and returning from such duty pursuant to this compact.

5. Each party state providing for the payment of compensation and death benefits to injured members and the representatives of deceased members of its National Guard forces in case such members sustain injuries or are killed within their own state shall provide for the payment of compensation and death benefits in the same manner and on the same terms in the event such members sustain injury or are killed while rendering assistance or support pursuant to this compact. Such benefits and compensation shall be deemed items of expense reimbursable pursuant to paragraph 3 of this article.

B. Officers and enlisted personnel of the National Guard performing duties subject to proper orders pursuant to this compact shall be subject to and governed by the provisions of their home state Code of Military Justice whether they are performing duties within or without their home state. In the event that any National Guard member commits, or is suspected of committing, a criminal offense while performing duties pursuant to this compact without his or her home state, he or she may be returned immediately to his or her home state and said home state shall be responsible for any disciplinary action to be taken. However, nothing in this paragraph shall abrogate the general criminal jurisdiction of the state in which the offense occurred.

ARTICLE 5 DELEGATION

Nothing in this compact shall be construed to prevent the governor of a party state from delegating any of his or her responsibilities or authority respecting the National Guard, provided that such delegation is otherwise in accordance with law. For purposes of this compact, however, the governor shall not delegate the power to request assistance from another state.

ARTICLE 6 LIMITATIONS

Nothing in this compact shall:

1. authorize or permit National Guard units or personnel to be placed under the operational control of any person not having the National Guard rank or status required by law for the command in question; or

2. deprive a properly convened court of jurisdiction over an offense or a defendant merely because of the fact that the National Guard, while performing duties pursuant to this compact, was utilized in achieving an arrest or indictment.

ARTICLE 7
CONSTRUCTION AND SEVERABILITY

This compact shall be liberally construed so as to effectuate the purposes thereof. The provisions of this compact shall be severable and if any phrase, clause, sentence, or provision of this compact is declared to be contrary to the Constitution of the United States or of any state or the applicability thereof to any government, agency, person, or circumstance is held invalid, the validity of the remainder of this compact and the applicability thereof to any government, agency, person, or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state participating herein, the compact shall remain in full force and effect as to the remaining party states and in full force and effect as to the state affected as to all severable matters.

INTERSTATE EMERGENCY MANAGEMENT ASSISTANCE COMPACT

192.89 INTERSTATE EMERGENCY MANAGEMENT ASSISTANCE COMPACT.

Subdivision 1. **Article I - purpose and authorities.** This compact is made and entered into by and between the participating member states which enact this compact, hereinafter called party states. For the purposes of this agreement, the term "states" is taken to mean the several states, the Commonwealth of Puerto Rico, the District of Columbia, and all United States territorial possessions.

The purpose of this compact is to provide for mutual assistance between the states entering into this compact in managing any emergency or disaster that is duly declared by the governor of an affected state, whether arising from natural disaster, technological hazard, artificially created disaster, civil emergency aspects of resources shortages, community disorders, insurgency, or enemy attack.

This compact shall also provide for mutual cooperation in emergency-related exercises, testing, or other training activities using equipment and personnel simulating performance of any aspect of the giving and receiving of aid by party states or subdivisions of party states during emergencies, such actions occurring outside actual declared emergency periods. Mutual assistance in this compact may include the use of the states' national guard forces, either in accordance with the National Guard Mutual Assistance Compact or by mutual agreement between states.

Subd. 2. **Article II - general implementation.** Each party state entering into this compact recognizes many emergencies transcend political jurisdictional boundaries and that intergovernmental coordination is essential in managing these and other emergencies under this compact. Each state further recognizes that there will be emergencies which require immediate access and present procedures to apply outside resources to make a prompt and effective response to such an emergency. This is because few, if any, individual states have all the resources they may need in all types of emergencies or the capability of delivering resources they may need in all types of emergencies or the capability of delivering resources to areas where emergencies exist.

The prompt, full, and effective utilization of resources of the participating states, including any resources on hand or available from the federal government or any other source, that are essential to the safety, care, and welfare of the people in the event of any emergency or disaster declared by a party state, shall be the underlying principle on which all articles of this compact shall be understood.

On behalf of the governor of each state participating in the compact, the legally designated state official who is assigned responsibility for emergency management will be responsible for formulation of the appropriate interstate mutual aid plans and procedures necessary to implement this compact.

Subd. 3. **Article III - party state responsibilities.** (a) It shall be the responsibility of each party state to formulate procedural plans and programs for interstate cooperation

in the performance of the responsibilities listed in this subdivision. In formulating such plans, and in carrying them out, the party states, insofar as practical, shall:

(1) review individual state hazards analyses and, to the extent reasonably possible, determine all those potential emergencies the party states might jointly suffer, whether due to natural disaster, technological hazard, artificially created disaster, emergency aspects of resource shortages, civil disorders, insurgency, or enemy attack;

(2) review party states' individual emergency plans and develop a plan which will determine the mechanism for the interstate management and provision of assistance concerning any potential emergency;

(3) develop interstate procedures to fill any identified gaps and to resolve any identified inconsistencies or overlaps in existing or developed plans;

(4) assist in warning communities adjacent or crossing the state boundaries;

(5) protect and assure uninterrupted delivery of services, medicines, water, food, energy and fuel, search and rescue, and critical lifeline equipment, services, and resources, both human and material;

(6) inventory and set procedures for the interstate loan and delivery of human and material resources, together with procedures for reimbursement or forgiveness; and

(7) provide, to the extent authorized by law, for temporary suspension of any statutes or ordinances that restrict the implementation of the above responsibilities.

(b) The authorized representative of a party state may request assistance of another party state by contacting the authorized representative of that state. The provisions of this agreement shall only apply to requests for assistance made by and to authorized representatives. Requests may be verbal or in writing. If verbal, the request shall be confirmed in writing within 30 days of the verbal request. Requests shall provide the following information:

(1) a description of the emergency service function for which assistance is needed, such as, but not limited to, fire services, law enforcement, emergency medical, transportation, communications, public works and engineering, building inspection, planning and information assistance, mass care, resource support, health and medical services, and search and rescue;

(2) the amount and type of personnel equipment, materials, and supplies needed, and a reasonable estimate of the length of time they will be needed; and

(3) the specific place and time for staging of the assisting party's response and a point of contact at that location.

(c) There shall be frequent consultation between state officials who have assigned emergency management responsibilities and other appropriate representatives of the party states with affected jurisdictions and the United States government, with free exchange of information, plans, and resource records relating to emergency capabilities.

Subd. 4. Article IV - limitations. Any party state requested to render mutual aid or conduct exercises and training for mutual aid shall take such action as is necessary to provide and make available the resources covered by this compact in accordance with the terms hereof; provided that it is understood that the state rendering aid may withhold resources to the extent necessary to provide reasonable protection for such state.

Each party state shall afford to the emergency forces of any party state, while operating within its state limits under the terms and conditions of this compact, the same powers (except that of arrest unless specifically authorized by the receiving state), duties, rights, and privileges as are afforded forces of the state in which they are performing emergency services. Emergency forces will continue under the command and control of their regular leaders, but the organizational units will come under the operational control of the emergency services authorities of the state receiving assistance. These conditions may be activated, as needed, only subsequent to a declaration of a state of emergency or disaster by the governor of the party state that is to receive assistance or commencement of exercises or training for mutual aid and shall continue

so long as the exercises or training for mutual aid are in progress, the state of emergency or disaster remains in effect, or loaned resources remain in the receiving state, whichever is longer.

Subd. 5. Article V - licenses and permits. Whenever any person holds a license, certificate, or other permit issued by any state party to the compact evidencing the meeting of qualifications for professional, mechanical, or other skills, and when such assistance is requested by the receiving party state, such person shall be deemed licensed, certified, or permitted by the state requesting assistance to render aid involving such skill to meet a declared emergency or disaster, subject to such limitations and conditions as the governor of the requesting state may prescribe by executive order or otherwise.

Subd. 6. Article VI - liability. Officers or employees of a party state rendering aid in another state pursuant to this compact shall be considered agents of the requesting state for tort liability and immunity purposes; and no party state or its officers or employees rendering aid in another state pursuant to this compact shall be liable on account of any act or omission in good faith on the part of such forces while so engaged or on account of the maintenance or use of any equipment or supplies in connection therewith. "Good faith" in this subdivision does not include willful misconduct, gross negligence, or recklessness.

Subd. 7. Article VII - supplementary agreements. Inasmuch as it is probable that the pattern and detail of the machinery for mutual aid among two or more states may differ from that among the states that are party hereto, this instrument contains elements of a broad base common to all states, and nothing herein contained shall preclude any state from entering into supplementary agreements with another state or affect any other agreements already in force between states. Supplementary agreements may comprehend, but shall not be limited to, provisions for evacuation and reception of injured and other persons and the exchange of medical, fire, police, public utility, reconnaissance, welfare, transportation and communications personnel, and equipment and supplies.

Subd. 8. Article VIII - compensation. Each party state shall provide for the payment of compensation and death benefits to injured members of the emergency forces of that state and representatives of deceased members of such forces in case such members sustain injuries or are killed while rendering aid pursuant to this compact, in the same manner and on the same terms as if the injury or death were sustained within their own state.

Subd. 9. Article IX - reimbursement. Any party state rendering aid in another state pursuant to this compact shall be reimbursed by the party state receiving such aid for any loss or damage to or expense incurred in the operation of any equipment and the provision of any service in answering a request for aid and for the costs incurred in connection with such requests; provided, that any aiding party state may assume in whole or in part such loss, damage, expense, or other cost, or may loan such equipment or donate such services to the receiving party state without charge or cost; and provided further, that any two or more party states may enter into supplementary agreements establishing a different allocation of costs among those states. Article VIII expenses shall not be reimbursable under this provision.

Subd. 10. Article X - evacuation. Plans for the orderly evacuation and interstate reception of portions of the civilian population as the result of any emergency or disaster of sufficient proportions to so warrant, shall be worked out and maintained between the party states and the emergency management/services directors of the various jurisdictions where any type of incident requiring evacuations might occur. Such plans shall be put into effect by request of the state from which evacuees come and shall include the manner of transporting such evacuees; the number of evacuees to be received in different areas; the manner in which food, clothing, housing, and medical care will be provided; the registration of the evacuees; the providing of facilities for the notification of relatives or friends; and the forwarding of such evacuees to other areas or the bringing in of additional materials, supplies, and all other relevant factors. Such

plans shall provide that the party state receiving evacuees and the party state from which the evacuees come shall mutually agree as to reimbursement of out-of-pocket expenses incurred in receiving and caring for such evacuees; for expenditures for transportation, food, clothing, medicine, and medical care; and like items. Such expenditures shall be reimbursed as agreed by the party state from which the evacuees come. After the termination of the emergency or disaster, the party state from which the evacuees come shall assume the responsibility for the ultimate support of repatriation of such evacuees.

Subd. 11. **Article XI - implementation.** (a) This compact shall become operative immediately upon its enactment into law by any two states; thereafter, this compact shall become effective as to any other state upon its enactment by such state.

(b) Any party state may withdraw from this compact by enacting a statute repealing the same, but no such withdrawal shall take effect until 30 days after the governor of the withdrawing state has given notice in writing of such withdrawal to the governors of all other party states. Such action shall not relieve the withdrawing state from obligations assumed hereunder prior to the effective date of withdrawal.

(c) Duly authenticated copies of this compact and of such supplementary agreements as may be entered into shall, at the time of their approval, be deposited with each of the party states and with the Federal Emergency Management Agency and other appropriate agencies of the United States government.

Subd. 12. **Article XII - validity.** This section shall be construed to effectuate the purposes stated in Article I hereof. If any provision of this compact is declared unconstitutional, or the applicability thereof to any person or circumstances is held invalid, the constitutionality of the remainder of this compact and the applicability thereof to other persons and circumstances shall not be affected thereby.

Subd. 13. **Article XIII - additional provisions.** Nothing in this compact shall authorize or permit the use of military force by the national guard of a state at any place outside that state in any emergency for which the president of the United States is authorized by law to call into federal service the militia, or for any purpose for which the use of the army or the air force would, in the absence of express statutory authorization, be prohibited under United States Code, title 18, section 1385.
