ADMINISTRATION

360.011 DECLARATION OF PURPOSE.

It is hereby declared that the purpose of sections 360.011 to 360.076, is to further the public interest and aeronautical progress by providing for the protection and

promotion of safety in aeronautics; by cooperating in effecting a uniformity of the laws relating to the development and regulation of aeronautics in the several states; by revising existing statutes relative to the development and regulation of aeronautics so as to grant to a state agency such powers and impose upon it such duties that the state may properly perform its functions relative to aeronautics and effectively exercise its jurisdiction over persons and property within such jurisdiction, may assist in the promotion of a statewide system of airports, may cooperate with and assist the political subdivisions of this state and others engaged in aeronautics, and may encourage and develop aeronautics; by establishing uniform rules, consistent with federal regulations and those of other states, in order that those engaged in aeronautics of every character may so engage with the least possible restriction, consistent with the safety and the rights of others; and by providing for cooperation with the federal authorities in the development of a national system of civil aviation and for coordination of the aeronautical activities of those authorities and the authorities of this state by assisting in accomplishing the purposes of federal legislation and eliminating costly and unnecessary duplication of functions properly in the province of federal agencies.

360.012 SOVEREIGNTY.

Subdivision 1. **State.** Sovereignty in the space above the lands and waters of this state is declared to rest in the state, except where granted to and assumed by the United States pursuant to a constitutional grant from the people of this state.

Subd. 2. **Landowner.** The ownership of the space above the lands and waters of this state is declared to be vested in the several owners of the surface beneath, subject to the right of flight described in subdivision 3.

Subd. 3. **Lawful flight, generally.** Flight in aircraft over the lands and water of this state is lawful, unless at such low altitude as to interfere with the then-existing use to which the land or water, or the space above the land or water, is put by the owner, or unless so conducted as to be imminently dangerous or damaging to persons or property lawfully in the land or water beneath. The landing of an aircraft on the lands or waters of another, without the other's consent is unlawful, except in the case of a forced landing. For damages caused by the forced landing, however, the owner or lessee of the aircraft or the pilot shall be liable as provided in subdivision 4.

Subd. 4. **Liability for injury to person or property.** The owner of every aircraft which is operated over the lands or waters of this state is absolutely liable for injury or damage to persons or property on the land or water beneath, caused by the ascent, descent, or flight of the aircraft, or the dropping or falling of any object therefrom, whether such owner was negligent or not, unless the injury or damage is caused in whole or in part by the negligence of the person injured, or of the owner or bailee of the property damaged. If the aircraft is leased at the time of the injury or damage to person or property, both the owner and lessee shall be liable, and they may be sued jointly, or either or both of them may be sued separately. A pilot who is not the owner or lessee shall be liable only for the consequences of the pilot's own negligence. The injured person, or owner or bailee of the damaged property, shall have a lien on the aircraft causing the injury or damage to the extent of such injury or damage caused by the aircraft or objects falling from it.

Subd. 5. **Liability for collision.** The liability of the owner of one aircraft to the owner of another aircraft, or to pilots or passengers or other persons on either aircraft, for damages caused by collision on land or in the air shall be determined by the rules of law applicable to torts occurring on land.

Subd. 6. **Application of state laws.** All crimes, torts, and other wrongs committed by or against a pilot, passenger, or other person while in flight over this state shall be governed by the laws of this state; and the question whether damage occasioned by or to an aircraft while in flight over this state constitutes a tort, crime, or other wrong by or against the owner of such aircraft shall be determined by the laws of this state.

Subd. 7. **Legal effects.** All contractual and other legal relations entered into by pilots, passengers, or other persons while in flight over this state shall have the same effect as if entered into on the land or water beneath.

360.015 COMMISSIONER; POWERS AND DUTIES.

Subdivision 1. **General supervision.** The commissioner shall have general supervision over aeronautics within this state. The commissioner is empowered and directed to encourage, foster, and assist in the development of aeronautics in this state and to encourage the establishment of airports and other air navigation facilities.

Subd. 2. **Cooperation with federal and other agencies.** (a) The commissioner shall cooperate with and assist the federal government, the municipalities of this state, and others engaged in aeronautics or the promotion of aeronautics and shall seek to coordinate the aeronautical activities of these bodies. To this end, the commissioner is empowered to confer with or to hold joint hearings with any federal aeronautical agency in connection with any matter arising under sections 360.011 to 360.076, or relating to the sound development of aeronautics, and to take advantage of the cooperation, services, records, and facilities of such federal agencies, as fully as may be practicable, in the administration and enforcement of sections 360.011 to 360.076. The commissioner shall reciprocate by furnishing cooperation, services, records, and facilities, in so far as may be practicable, to the federal agencies. The commissioner may also contract for the presentation of educational and informational programs that promote safety and interest in aeronautics.

(b) The commissioner shall report to the appropriate federal agency all accidents in aeronautics in this state of which the commissioner is informed. The commissioner shall also preserve, protect, and prevent the removal of the component parts of any aircraft involved in an accident being investigated by the commissioner until a federal agency institutes an investigation. The commissioner shall report the following to the appropriate federal agency:

- (1) all refusals by the commissioner to register federal licenses, certificates, or permits;
- (2) all revocations of certificates of registration, and the reasons therefor; and
- (3) all penalties of which the commissioner has knowledge imposed upon airmen for violations of the laws of this state relating to aeronautics or violations of the rules or orders of the commissioner.

Subd. 3. **Rules.** The commissioner may perform such acts, issue and amend such orders, and make, promulgate, and amend such reasonable general or special rules and procedure and establish such minimum standards, consistent with the provisions of sections 360.011 to 360.076, as the commissioner shall deem necessary to carry out the provisions of sections 360.011 to 360.076, and to perform duties thereunder: all commensurate with and for the purpose of protecting and insuring the general public interest and safety, the safety of persons receiving instruction concerning, or operating, using, or traveling in, aircraft, and of persons and property on land or water, and to develop and promote aeronautics in this state. No rule of the commissioner shall apply to airports or other air navigation facilities owned or controlled by the federal government within this state.

Whenever valid rules of the commissioner and rules and regulations of a municipality are inconsistent, the rules of the commissioner shall control and the rules and regulations of the municipality are void in so far as they are inconsistent with the rules of the commissioner. Nothing herein contained shall be construed to limit the right of a metropolitan airports commission created under Laws 1943, chapter 500, as amended, to make its own rules and regulations governing the internal administrative operations of an airport owned or operated by it as distinguished from rules governing flight and flight operations promulgated by the commissioner in the interests of safety.

Subd. 4. **Conformity with federal regulations.** All rules adopted by the commissioner under the authority of sections 360.011 to 360.076, shall be kept in conformity, as nearly as may be, with the then-current federal legislation governing aeronautics and the regulations duly promulgated thereunder and the rules and standards issued from time to time pursuant thereto.

The commissioner may chart such airways system and arrange for publication and distribution of such maps and charts and notices and bulletins relating to such airways as may be required in the public interest. The commissioner may make a charge for these sufficient to cover the cost of printing or reproduction. The system shall be supplementary to and coordinated in design and operation with the federal airways system. It may include all types of air navigation facilities which conform to federal safety standards.

Subd. 7. **Technical services to municipality.** The commissioner may, in so far as is reasonably possible, offer the engineering or other technical services of the department, at mutually agreed terms, to any municipality desiring them in connection with the planning, acquisition, construction, maintenance, zoning or operation or proposed planning, acquisition, construction, maintenance, zoning or operation of an airport or restricted landing area.

Subd. 8. **Suggest legislation.** The commissioner may draft and recommend necessary legislation to advance the interests of the state in aeronautics and represent the state in aeronautical matters before federal agencies and other state agencies.

Subd. 9. **Participation in legal proceeding.** The commissioner may participate as party plaintiff or defendant, or as intervenor, on behalf of the state or any municipality, or resident thereof, in any controversy having to do with any claimed encroachment by the federal government or any foreign state upon any state or individual rights pertaining to aeronautics.

Subd. 10. **Enforcement; police power; deputize airport manager.** It shall be the duty of the commissioner, the commissioner's assistant, and all employees of the department of transportation and every state, county, and municipal officer charged with the enforcement of state and municipal laws to enforce and assist in the enforcement of sections 360.011 to 360.076, and of all rules issued pursuant thereto, and of all other laws of this state relating to aeronautics, and, in the aid of such enforcement, general police powers are hereby conferred upon the commissioner, the commissioner's assistant, and such of the employees of the department as may be designated by the commissioner to exercise such powers. The commissioner may also deputize airports managers to enforce on the airports managed by them all rules issued pursuant to the provisions of this section, and general police powers are hereby conferred upon such airport managers for the purposes of such enforcement. The commissioner is further authorized, in the name of this state, to enforce the provisions of sections 360.011 to 360.076, and the rules issued pursuant thereto by injunction in the courts of this state. Municipalities are authorized to cooperate with the commissioner in the development of aeronautics and aeronautics facilities in this state. The commissioner may use the facilities and services of other agencies of the state to the utmost extent possible, and such agencies are authorized and directed to make available such facilities and services.

Subd. 11. **Investigation and hearing.** The commissioner, the commissioner's assistant, or any employee of the department designated by the commissioner shall have the power to hold investigations, inquiries, and hearings concerning matters covered by the provisions of sections 360.011 to 360.076, and orders and rules of the commissioner and concerning accidents in aeronautics within this state. All hearings so conducted shall be open to the public. The commissioner, the commissioner's assistant, and every employee of the department designated by the commissioner to hold any inquiry, investigations, or hearing shall have power to administer oaths and affirmations, certify to all official acts, issue subpoenas, and compel the attendance and testimony of witnesses and the production of papers, books, and documents. In case of failure to comply with any subpoena or order issued under authority of sections 360.011 to 360.076, the

commissioner, or the commissioner's authorized representative, may invoke the aid of any court of this state of general jurisdiction. The court may thereupon order the witness to comply with the requirements of the subpoena or order or to give evidence touching the matter in question. Any failure to obey the order of the court may be punished by the court as a contempt thereof.

Subd. 11a. Aeronautical accident; blood test of accident victim; coroner to report death. Every coroner or other official performing like functions shall report in writing to the department of transportation the death of any person within that official's jurisdiction as a result of an accident involving an aircraft. Such report shall be made within five days after such death. In case an aircraft's pilot in command or the copilot are killed in an aeronautical accident, and if such death occurs within four hours after said accident, then and in such cases the coroner or other official performing like function shall examine the body and shall make such tests as are necessary to determine the presence and percentage concentration of alcohol, drugs and carbon monoxide, if feasible, in the blood of the victim. This information shall be included in a report submitted to the department of transportation and shall be tabulated on an annual basis by the department. This information transmitted to the department may be used only for statistical purposes by the department which do not reveal the identity of the deceased.

The provisions hereof shall not be construed to limit the authority otherwise conferred by law on the coroner.

Subd. 12. Report of investigation; limitations on use. In order to facilitate the making of investigations by the commissioner, in the interest of public safety and promotion of aeronautics, the public interest requires, and it is therefor provided, that the reports of investigations or hearings, or any part thereof, shall not be admitted in evidence or used for any purpose in any suit, action, or proceeding growing out of any matter referred to in said investigation, hearing, or report thereof, except in case of criminal or other proceedings instituted in behalf of the commissioner of this state under the provisions of sections 360.011 to 360.076, and other laws of this state relating to aeronautics, nor shall the commissioner, the commissioner's assistant, or any employee of the department be required to testify to any facts ascertained in, or information gained by reason of, official capacity, or be required to testify as an expert witness in any suit, action, or proceeding involving any aircraft. Subject to the foregoing provisions, the commissioner may make available to appropriate federal and state agencies information and material developed in the course of such hearings and investigations.

Subd. 13. Financial assistance to municipality. The commissioner may render assistance in the acquisition, construction, improvement, or maintenance of airports and other air navigation facilities owned, controlled, or operated, or to be owned, controlled, or operated, by municipalities in this state, the cost of such assistance to be paid out of the state airports fund provided for by sections 360.011 to 360.076, and from appropriations made by the legislature for that purpose. State funds appropriated or made available for the acquisition, construction, improvement, or maintenance of such airports and other air navigation facilities may be expended only upon projects which are included in the state airways system established by the commissioner. No such state funds shall be available for work upon any project that is not done upon the supervision of the commissioner.

Subd. 15. Exclusive rights forbidden; lease permitted. The commissioner shall grant no exclusive right for the use of any airway, airport, restricted landing area, or other air navigation facility under the commissioner's jurisdiction. This subdivision shall not prevent the making of leases in accordance with other provisions of sections 360.011 to 360.076.

Subd. 16. Distribution of rules. Rules adopted by the commissioner shall be distributed as follows:

(1) by mailing copies to all owners and operators or managers of airports and to all air schools licensed or registered in the state; and,

(2) by having a reasonable number of copies available at the offices of the department, to be furnished to interested persons upon request.

360.018 REGULATING AIRCRAFT, AIRMEN, AIRPORTS, INSTRUCTORS, VEHICLES.

Subdivision 1. **Aircraft registration; operating license; rules.** The general public interest and safety, the safety of persons receiving instruction concerning or operating, using, or traveling in aircraft and of persons and property on the ground, and the interest of aeronautical progress requiring that aircraft operated within this state should be airworthy, that airmen and those engaged in air instruction should be properly qualified, and that airports, restricted landing areas, and air navigation facilities should be suitable for the purposes for which they are designed; the purposes of sections 360.013 to 360.075, requiring that the commissioner should be enabled to exercise the powers of supervision therein granted; and the advantages of uniform regulation making it desirable that aircraft operated within this state should conform with respect to design, construction and airworthiness to the standards prescribed by the United States government with respect to civil aircraft subject to its jurisdiction and that persons engaging in aeronautics within this state should have the qualifications necessary for obtaining and holding appropriate airman certificates of the United States, the commissioner is authorized:

(1) To require the registration annually of federal licenses, permits, or certificates of civil aircraft engaged in air navigation within this state, and to issue certificates of such registration, which certificates may be the same as the certificates issued pursuant to section 360.59, subdivision 3. The application for registration made pursuant to sections 360.54 to 360.67 shall be considered as the application for registration required by this section. The certificates of registration of aircraft issued pursuant to this section shall constitute licenses of such aircraft for operations within this state to the extent permitted by the federal licenses, certificates, or permits so registered. The application for registration shall contain such information as the commissioner may by rule or order prescribe. The first application for registration made in this state shall be verified by the applicant. The second and succeeding applications for registration need not be verified. Each application for registration of aircraft shall be made as required by sections 360.54 to 360.67.

(2) To license any person engaged in commercial operations in accordance with rules to be adopted by the commissioner and to annually renew such a license. The rules adopted hereunder shall provide for:

The fee for an original license or renewal license is \$30.

(3) To approve airport and restricted landing area sites and to license airports, restricted landing areas, or other air navigation facilities, in accordance with rules to be adopted by the commissioner, and to renew such licenses. Licenses granted under this subdivision or under any prior law shall be renewed annually or every three years upon

payment of the fee therefor, and licenses shall be granted for airports and restricted landing areas which were being operated under a license on the 1st day of July 1943, without requirements of a certificate of approval, unless the commissioner shall reasonably determine, after a public hearing to be called by the commissioner and held in the same manner and upon the same notice as is provided for hearings upon certificates of approval or original licenses, that the operation of such airport or restricted landing area is hazardous to persons operating, using, or traveling in aircraft or to persons and property on the ground. The commissioner shall make no charge for approval certificates of proposed property acquisition for airport or restricted landing area purposes. The fee for the issuance of each original license for an airport or restricted landing area is \$15 per year and \$40 for three years.

(4) To suspend or revoke any license or certificate of registration of an aircraft or licensee of commercial operations issued by the commissioner, or to refuse to issue any such license or certificate of registration, on reasonably determining that any aircraft is not airworthy or that any licensee of commercial operations is not qualified has engaged in advertising by means of false or deceptive statements, has been found guilty of gross incompetency or gross negligence, has been found guilty of fraud, dishonesty, forgery, or theft, has willfully violated the provisions of sections 360.013 to 360.075, the rules prescribed pursuant thereto, or any other statute of this state relating to aeronautics, or any act of Congress or any rule or regulation promulgated pursuant thereto, is addicted to the use of narcotics or other habit forming drug or to the excessive use of intoxicating liquor, has made any false statement in any application for registration of a federal license, certificate or permit, or has been guilty of other conduct, acts, or practices dangerous to the public safety and the safety of those engaged in aeronautics.

Subd. 2. Unlawful operations. Except as hereinafter provided, it shall be unlawful for any person to operate or cause or authorize to be operated any civil aircraft within this state unless such aircraft has an appropriate effective license, certificate, or permit issued by the United States government which has been registered with the commissioner and such registration with the commissioner is in full force and effect, and it shall be unlawful for any person to engage in aeronautics as an airman in this state without an appropriate effective airman's license, certificate or permit issued by the United States government authorizing the person to engage in the particular class of aeronautics in which engaged.

Subd. 3. Exceptions to registration requirements. The provisions of subdivision 1, paragraphs (1) and (2), and subdivision 2 shall not apply to:

(1) an aircraft which has been licensed by a foreign country with which the United States has a reciprocal agreement covering the operations of such licensed aircraft;

(2) an aircraft which is owned by a nonresident of this state who is lawfully entitled to operate such aircraft in the state of residence;

(3) an aircraft engaged principally in commercial flying constituting an act of interstate or foreign commerce;

(4) an aircraft owned by, and used exclusively in the service of, any government or any political subdivision thereof, including the government of the United States, any state, territory, or possession of the United States, or the District of Columbia, which is not engaged in carrying persons or property for commercial purposes;

(5) an airman operating an aircraft owned by, and used exclusively in the service of, any government or any political subdivision thereof, including the government of the United States, any state, territory, or possession of the United States, or the District of Columbia, which is not engaged in carrying persons or property for commercial purposes;

(6) an airman operating any aircraft licensed by a foreign country with which the United States has a reciprocal agreement covering the operation of such licensed aircraft;

(7) persons operating model aircraft, nor to any person piloting an aircraft which is equipped with fully functioning dual controls when a licensed instructor is in full charge of one set of said controls and such flight is solely for instruction or for the demonstration of said aircraft to a bona fide prospective purchaser;

(8) a nonresident operating aircraft in this state who is lawfully entitled to operate aircraft in the state of residence;

(9) an airman while operating or taking part in the operation of an aircraft engaged principally in commercial flying constituting an act of interstate or foreign commerce.

Subd. 4. Exhibiting license, permit, or certificate. The federal license, certificate, or permit, and the evidence of registration in this or another state, if any, required for an airman shall be kept in the personal possession of the airman when operating within this state and must be presented for inspection upon the demand of any passenger, any peace officer of this state, or the commissioner, the commissioner's assistant, or any employee of the department, or any official, manager, or person in charge of any airport in this state upon which the airman shall land, or upon the reasonable request of any other person. The federal aircraft license, certificate, or permit, and the evidence of registration in this or another state, if any, required for aircraft must be carried in every aircraft operating in this state at all times and must be conspicuously posted therein where it may readily be seen by passengers or inspectors and must be presented for inspection upon the demand of any passenger, any peace officer of this state, the commissioner, the commissioner's assistant, or any employee of the department, or any official, manager, or person in charge of any airport in this state upon which it shall land, or upon the reasonable request of any person.

Subd. 5. Air instruction without license, permit, or certificate. It shall be unlawful for any person to engage in commercial operations or to act as an aeronautics instructor in this state without having all required licenses, certificates or permits of the commissioner and of the United States government.

Subd. 6. Licensing airport or other air navigation facility. All proposed airports, restricted landing areas, and other air navigation facilities shall be first licensed by the commissioner before they, or any of them, shall be used or operated. Any municipality or person acquiring property for the purpose of constructing or establishing an airport or restricted landing area shall, prior to such acquisition, make application to the commissioner for a certificate of approval of the site selected and the general purpose or purposes for which the property is to be acquired, to insure that the property and its use shall conform to minimum standards of safety and shall serve public interest. It shall be unlawful for any municipality or officer or employee thereof, or for any person, to operate an airport, restricted landing area, or other air navigation facility for which the required annual license has not been issued by the commissioner. Notwithstanding the foregoing, a personal use airport that is more than five miles from a public airport, whether publicly or privately owned, need not obtain a license from the commissioner.

Subd. 7. Hearing on certificate or license application. Whenever the commissioner makes an order granting or denying a certificate of approval of an airport or a restricted landing area, or an original license to use or operate an airport, restricted landing area, or other air navigation facility, and the applicant or any interested municipality, within 15 days after notice of such order has been sent the applicant by certified mail, demands a public hearing, or whenever the commissioner desires to hold a public hearing before making an order, such a public hearing in relation thereto shall be held in the municipality applying for the certificate of approval or license or, in case the application was made by anyone other than a municipality, at the county seat of the county in which the proposed airport, restricted landing area, or other air navigation facility is proposed to be situated, at which hearing parties in interest and other persons shall have an opportunity to be heard. Notice of the hearing shall be published by the commissioner in a legal newspaper of general circulation in the county in which the hearing is to be held, at least 15 days prior to the date of hearing. After a proper and timely demand has been made, the order shall be stayed until after the hearing, when

the commissioner may affirm, modify, or reverse it, or make a new order. If no hearing is demanded as herein provided, the order shall become effective upon the expiration of the time permitted for making a demand. Where a certificate of approval of an airport or restricted landing area has been issued by the commissioner, the commissioner may grant a license for operation and use, and no hearing may be demanded thereon; provided, however, and subject to the provisions of section 473.622, as amended, should the airport for which a license is applied lie within the area under the jurisdiction of any corporation organized and existing under sections 473.601 to 473.679, the commissioner, before issuing the first license for the operation of said airport, shall forthwith serve notice in writing of the application, together with a copy thereof to the said corporation. Within 15 days after service of such notice said corporation shall serve written notice upon the commissioner whether or not it regards the acquisition and/or operation of said airport as constituting a hazard to the safe operation of an airport or airports owned or operated by it. If in the opinion of the corporation it does not constitute such a hazard, the commissioner may thereafter proceed in the matter of granting or refusing to grant a license in accordance with and pursuant to the provisions of this chapter. If the corporation, however, be of the opinion that the acquisition and/or operation of such airport would create such a hazard, then the commissioner shall set a time and place for a joint hearing upon the application for license and for consent to or approval by the corporation of the acquisition and/or operation of said airport, which hearing shall be held within 45 days after the service of such notice upon the applicant, the corporation and other interested parties, unless such time shall be extended by consent of all interested parties. At said hearing the corporation shall offer such evidence as it deems material to sustain its contention that the acquisition and/or operation of said airport would create such a hazard. Thereafter other interested parties supporting the view of the corporation shall be heard; and thereafter the applicant and other interested parties supporting applicant's view or their independent views shall be heard, and shall offer such evidence as they deem material to sustain their respective views and contentions. Each party shall have an opportunity of offering rebuttal testimony or rebuttal evidence. Within ten days after the close of the hearing the corporation shall make its order in writing approving or refusing to approve the acquisition and/or operation of said airport, provided that if the order is one disapproving, it must be based solely upon the grounds that the acquisition and/or operation of said airport would constitute a hazard to the safe operation of an airport or airports owned or operated by it or presently to be constructed or being constructed to be operated by it, and its order shall set forth its findings of fact and its reasons for the conclusion reached.

The provisions of this proviso shall apply only to securing the first approval or disapproval of the establishment and operation of said airport or restricted landing area and once the same shall have been approved by the corporation renewal licenses may be issued therefor by the commissioner of transportation without notice to the corporation.

Subd. 8. Standards for issuing certificate or license. In determining whether to issue a certificate of approval or license for the use or operation of any proposed airport or restricted landing area, the commissioner shall take into consideration its proposed location, size, and layout, the relationship of the proposed airport or restricted landing area to a comprehensive plan for statewide and nationwide development, whether there are safe areas available for expansion purposes, whether the adjoining area is free from obstructions based on a proper glide ratio, the nature of the terrain, the nature of the uses to which the proposed airport or restricted landing area will be put, and the possibilities for future development.

Subd. 9. Exceptions; federal use. The provisions of subdivisions 6, 7, and 8 shall not apply to any airport, restricted landing area, or other air navigation facility owned or operated by the federal government within this state, or by any public corporation created in and for contiguous cities of the first class of this state. No airport, restricted landing area or other air navigation facility shall be acquired or operated within 25 miles of the city hall of either of two contiguous cities of the first class for which a

public corporation is organized and existing under sections 473.601 to 473.679, without the consent of such corporation, as provided in and limited by section 473.622.

Subd. 10. **Revoking certificate or license.** The commissioner is empowered to suspend or revoke any certificate of approval or license issued by the commissioner upon determining that an airport, restricted landing area, or other air navigation facility is not being maintained or used in accordance with the provisions of sections 360.011 to 360.076, and the rules lawfully promulgated pursuant thereto.

Subd. 11. **Examination of premises.** To carry out the provisions of sections 360.011 to 360.076, the commissioner, the commissioner's assistant, the employees of the department, and any officers, state or municipal, charged with the duty of enforcing sections 360.011 to 360.076, may inspect and examine at reasonable hours any premises, and the buildings and other structures thereon, where airports, restricted landing areas, air schools, flying clubs, or other air navigation facilities or aeronautical activities are operated or carried on.

Subd. 12. **Operating vehicle on airport property.** No person shall operate a motor vehicle off a designated roadway on airport property without the authorization of the airport owner, or operate a motor vehicle anywhere on airport property in a careless or reckless manner with willful disregard for the safety of persons or property. A violation of this subdivision is a misdemeanor.

360.019 ORDER OF COMMISSIONER; REVIEW.

Subdivision 1. **Refusal; findings of fact; requirements.** In any case where the commissioner refuses to issue a certificate of approval of or license (or renewal of license) for an airport, restricted landing area, or other air navigation facility, or refuses to permit the registration of any license, certificate, or permit, or refuses to grant a license to an air school or to an aeronautics instructor in ground subjects, or in any case issues any order requiring certain things to be done, or revokes any license or certificate, the commissioner shall set forth the reasons therefor and shall state the requirements to be met before such approval will be given, registration permitted, license granted, or order modified or changed. Any order made by the commissioner pursuant to the provisions of sections 360.011 to 360.076, shall be served upon the interested persons by certified mail or in person.

Subd. 2. **Hearing before commissioner; appeal.** Any person aggrieved by an order of the commissioner or by the granting or denial of any license, permit, certificate, or registration may request a hearing before the commissioner. The commissioner shall hold a public hearing and may stay the order until after the hearing. Orders of the commissioner reached after a public hearing may be reviewed by appeal in accordance with chapter 14.

360.021 STATE AIRPORT.

Subdivision 1. **Authority to establish.** The commissioner is authorized and empowered, on behalf of and in the name of this state, within the limitation of available appropriations, to acquire, by purchase, gift, devise, lease, condemnation proceedings, or otherwise, property, real or personal, for the purpose of establishing and constructing restricted landing areas and other air navigation facilities and to acquire in like manner, own, control, establish, construct, enlarge, improve, maintain, equip, operate, regulate, and police such restricted landing areas and other air navigation facilities, either within or without this state; and to make, prior to any such acquisition, investigations, surveys, and plans. The commissioner may maintain, equip, operate, regulate, and police airports, either within or without this state. The commissioner may

maintain at such airports facilities for the servicing of aircraft and for the comfort and accommodation of air travelers. The commissioner may dispose of any such property, airport, restricted landing area, or any other air navigation facility, by sale, lease, or otherwise, in accordance with the laws of this state governing the disposition of other like property of the state. The commissioner may not acquire or take over any restricted landing area, or other air navigation facility without the consent of the owner. The commissioner shall not acquire any additional state airports nor establish any additional state-owned airports. The commissioner may erect, equip, operate, and maintain on any airport buildings and equipment necessary and proper to maintain, and conduct such airport and air navigation facilities connected therewith. The commissioner shall not expend money for land acquisition, or for the construction, improvement, or maintenance of airports, or for air navigation facilities for an airport, unless the governmental unit involved has or is establishing a zoning authority for that airport, and the authority has made a good faith showing that it is in the process of and will complete with due diligence, an airport zoning ordinance in accordance with sections 360.061 to 360.074. Notwithstanding the foregoing prohibition, the commissioner may continue to maintain the state-owned airport at Pine Creek.

Subd. 2. Airport protection privileges. Where necessary in order to provide unobstructed air space for the landing and taking off of aircraft utilizing airports and restricted landing areas acquired or operated under the provisions of sections 360.011 to 360.076, the commissioner is hereby granted authority to acquire, in the same manner as is provided for the acquisition of property for airport purposes, easements through or other interests in air space over land or water, interests in airport hazards outside the boundaries of the airports or restricted landing areas, and such other airport protection privileges as are necessary to insure safe approaches to the landing areas of said airports and restricted landing areas, and the safe and efficient operation thereof. The commissioner is also hereby authorized to acquire, in the same manner, the right of easement, for a term of years or perpetually, to place or maintain suitable marks for the daytime marking and suitable lights for the nighttime marking of airport hazards, including the right of ingress and egress to or from such airport hazards for the purpose of maintaining and repairing such lights and marks. This authority shall not be so construed as to limit the right, power, or authority of the state or any municipality to zone property adjacent to any airport or restricted landing area pursuant to any law of this state. The commissioner shall make maximum use of zoning and easements to eliminate runway and other potential airport hazards rather than land acquisition in fee.

Subd. 3. Joint operation with other government. This state, acting through the commissioner, may engage in all such activities jointly with the United States, other states, and with municipalities or other agencies of this state and, subject to the approval of the United States government, jointly with the Dominion of Canada or its governmental subdivisions. Such joint operations may be conducted pursuant to an agreement as described in section 360.042 and other applicable law.

Subd. 4. Condemnation. The commissioner may exercise the right of eminent domain, in the name of the state, in the manner provided by the laws of this state for the acquisition of real property for public purposes, for the purpose of acquiring any property which the commissioner is herein authorized to acquire by condemnation. The fact that the property so needed has been acquired by the owner under power of eminent domain shall not prevent its acquisition by the exercise of the right of eminent domain herein conferred. For the purpose of making surveys and examinations relative to any condemnation proceedings, it shall be lawful to enter upon any land, doing no unnecessary damage. Notwithstanding the provisions of any other statute, or the charter of any municipality, the commissioner may take possession of any such property so to be acquired at any time after the filing of the petition describing the same in condemnation proceedings. The commissioner shall not be precluded from abandoning the condemnation of any such property in any case where possession thereof has not been taken.

ESTABLISHING AIRPORTS

360.031 DEFINITION OF MUNICIPALITY.

For the purposes of sections 360.031 to 360.045, inclusive (except section 360.042), only, "municipality" means any county, city or town of this state.

History: 1945 c 303 s 10; 1973 c 123 art 5 s 7

360.032 MUNICIPALITY MAY ACQUIRE AIRPORT.

Subdivision 1. **Acquisition.** Every municipality is hereby authorized, through its governing body, to acquire property, real or personal, for the purpose of establishing,

constructing, and enlarging airports and other air navigation facilities and to acquire, establish, construct, enlarge, improve, maintain, equip, operate, and regulate such airports and other air navigation facilities and structures and other property incidental to their operation, either within or without the territorial limits of such municipality and within or without this state; to make, prior to any such acquisition, investigations, surveys, and plans; to construct, install, and maintain airport facilities for the servicing and repair of aircraft and facilities authorized under section 116R.02, subdivision 6, and for the comfort and accommodation of air travelers; and to purchase and sell equipment and supplies as an incident to the operation of its airport properties. It may not acquire, or take over any airport or other air navigation facility owned or controlled by any other municipality of the state without the consent of such municipality. It may use for airport purposes any available property that is now or may at any time hereafter be owned or controlled by it. Such air navigation facilities as are established on airports shall be supplementary to and coordinated in design and operation with those established and operated by the federal and state governments. It may assist other municipalities in the construction of approach roads leading to any airport or restricted landing area owned or controlled by it. In financing the facilities authorized under section 116R.02, subdivision 6, it may borrow from the state or otherwise arrange for financing of the facilities and for that purpose may exercise any powers vested in a municipality under sections 469.152 to 469.165.

Subd. 1a. Municipality may acquire or move airport property; reimbursement. A municipality may exercise the powers set forth in this subdivision solely for the purpose of assisting the relocation of air navigation facilities, structures, and other property incidental to airport operations, which are located at an airport owned or formerly owned by the municipality.

A municipality may acquire air navigation facilities, structures and other property incidental to airport operations, which are located at an airport owned or formerly owned by the municipality. In lieu of such acquisition, the municipality may move and relocate such property to another public airport. The manner of acquisition of such property shall be in accordance with subdivision 2. The municipality may expend its funds to pay for the costs of such acquisition, moving and relocation. The commissioner may pay a portion of such acquisition, moving and relocation costs in accordance with the provisions of section 360.305, subdivision 4, paragraph (b) or (c).

Subd. 2. Manner of acquisition. Property needed by a municipality for an airport or restricted landing area, or for the enlargement of either, or for other airport purposes, may be acquired by purchase, gift, devise, lease, or other means if such municipality is able to agree with the owners of said property on the terms of such acquisition, and otherwise by condemnation in the manner provided by the law under which such municipality is authorized to acquire like property for public purposes, full power to exercise the right of eminent domain for such purposes being hereby granted every municipality both within and without its territorial limits. If but one municipality is involved and the charter of such municipality prescribes a method of acquiring property by condemnation, proceedings shall be had pursuant to the provisions of such charter and may be followed as to property within or without its territorial limits. The fact that the property needed has been acquired by the owner under power of eminent domain, or is already devoted to a public use, shall not prevent its acquisition by the municipality by the exercise of the right of eminent domain herein conferred. For the purpose of making surveys and examinations relative to any condemnation proceedings, it shall be lawful to enter upon any land, doing no unnecessary damage. Notwithstanding the provisions of this or any other statute or the provisions of any charter, the municipality may take possession of any such property so to be acquired at any time after the filing of the petition describing the same in condemnation proceedings. It shall not be precluded from abandoning the condemnation of any such property in any case where possession thereof has not been taken.

Subd. 3. Property and easements. Where necessary, in order to provide unobstructed air space for the landing and taking off of aircraft utilizing airports or

restricted landing areas acquired or operated under the provisions of this chapter, every municipality is authorized to acquire, in the same manner as is provided for the acquisition of property for airport purposes, easements through or other interests in air space over land or water, interests in airport hazards outside the boundaries of the airports or restricted landing areas, and such other airport protection privileges as are necessary to insure safe approaches to the landing areas of said airports or restricted landing areas and the safe and efficient operation thereof. It is also hereby authorized to acquire, in the same manner, the right or easement, for a term of years or perpetually, to place or maintain suitable marks for the daytime marking and suitable lights for the nighttime marking of airport hazards, including the right of ingress and egress to or from such airport hazards, for the purpose of maintaining and repairing such lights and marks. This authority shall not be so construed as to limit any right, power, or authority to zone property adjacent to airports and restricted landing areas under the provisions of any law of this state.

Subd. 4. Regulating buildings and trees on adjoining property. It shall be unlawful for anyone to build, rebuild, create, or cause to be built, rebuilt, or created, any object, or plant, cause to be planted, or permit to grow higher any tree or trees or other vegetation, which shall encroach upon any airport protection privileges acquired pursuant to the provisions of this section. Any such encroachment is declared to be a public nuisance and may be abated in the manner prescribed by law for the abatement of public nuisances, or the municipality in charge of the airport or restricted landing area for which airport protection privileges have been acquired as in this section provided may go upon the land of others and remove any such encroachment without being liable for damages in so doing.

Subdivision 1. **Municipalities may act jointly.** All powers, rights, and authority granted to any municipality in sections 360.011 to 360.076, may be exercised and enjoyed by two or more municipalities, or by this state and one or more municipalities therein, acting jointly, either within or without the territorial limits of either or any of said municipalities and within or without this state or any municipality therein acting jointly with any other state or municipality therein, either within or without this state, provided the laws of such other state permit such joint action. If the United States government approves, such joint action may be taken by this state and the Dominion of Canada or its governmental subdivisions.

Subd. 2. **State may act as municipality.** For the purposes of this section only, unless another intention clearly appears or the context otherwise requires, this state shall be included in the term "municipality," and all the powers conferred upon municipalities in sections 360.011 to 360.076, if not otherwise conferred by law, are hereby conferred upon this state when acting jointly with any municipality or municipalities. Where reference is made to the "governing body" of a municipality, that term shall mean, as to the state, the commissioner.

Subd. 3. **Concurrent action.** Any two or more municipalities may enter into agreements with each other, duly authorized by ordinance or resolution, as may be appropriate, for joint action pursuant to the provisions of this section. Concurrent action by the governing bodies of the municipalities involved shall constitute joint action.

Subd. 4. **Provisions of joint agreements.** Each such agreement shall specify its term; the proportionate interest which each municipality shall have in the property, facilities, and privileges involved; and the proportion of preliminary costs, costs of acquisition, establishment, construction, enlargement, improvement, and equipment, and of expenses of maintenance, operation, and regulation to be borne by each; and make such other provisions as may be necessary to carry out the provisions of this

section. It shall provide for amendments thereof and for conditions and methods of termination, for the disposition of all or any part of the property, facilities, and privileges jointly owned if said property, facilities, and privileges, or any part thereof, shall cease to be used for the purposes herein provided or if the agreement shall be terminated, and for the distribution of the proceeds received upon any such disposition, and of any funds or other property jointly owned and undisposed of, and the assumption or payment of any indebtedness arising from the joint venture which remains unpaid, upon any such disposition or upon a termination of the agreement.

Subd. 5. Establishment of board. Municipalities acting jointly as herein authorized shall create a board from the inhabitants of such municipalities for the purpose of acquiring property for establishing, constructing, enlarging, improving, maintaining, equipping, operating, and regulating the airports and other air navigation facilities and airport protection privileges to be jointly acquired, controlled, and operated. Such board shall consist of members to be appointed by the governing body of each municipality involved, the number to be appointed by each to be provided for by the agreement for the joint venture. Each member shall serve for such time and upon such terms as to compensation, if any, as may be provided for in the agreement.

Subd. 6. Organization of board. Each such board shall organize, select officers for terms to be fixed by the agreement, and adopt and from time to time amend rules of procedure.

Subd. 7. Powers of board. Such board may exercise, on behalf of the municipalities acting jointly by which it is appointed, all the powers of each of such municipalities granted by sections 360.011 to 360.076, except as herein provided. Real property, airports, restricted landing areas, air protection privileges, or personal property costing in excess of a sum to be fixed by the joint agreement may be acquired, and condemnation proceedings may be instituted, only by authority of the governing bodies of each of the municipalities involved. The total amount of expenditures to be made by the board for any purpose in any calendar year shall be determined by the municipalities involved by the approval by each on or before the preceding December 1st of a budget for the ensuing calendar year. Rules provided for by section 360.038, subdivision 3, shall become effective only upon approval of each of the appointing governing bodies. No real property and no airport, other air navigation facility, or air protection privilege, owned jointly, shall be disposed of by the board, by sale, lease, or otherwise, except by authority of all the appointing governing bodies, but the board may lease space, area, or improvements and grant concessions on airports for aeronautical purposes or purposes incidental thereto, subject to the provisions of section 360.038, subdivision 4.

Subd. 8. Enacting ordinances. Each municipality, acting jointly with another, pursuant to the provisions of this section, is authorized and empowered to enact, concurrently with the other municipalities involved, such ordinances as are provided for by section 360.038, subdivision 3, and to fix by such ordinances penalties for the violation thereof, which ordinances, when so concurrently adopted, shall have the same force and effect within the municipalities and on any property jointly controlled by them or adjacent thereto, whether within or without the territorial limits of either or any of them, as ordinances of each municipality involved, and may be enforced in any one of said municipalities in like manner as are its individual ordinances. The consent of the commissioner to any such ordinance, where the state is a party to the joint venture, shall be equivalent to the enactment of the ordinance by a municipality. The publication provided for in section 360.038, subdivision 3, shall be made in each municipality involved in the manner provided by law or charter for publication of its individual ordinances.

Subd. 9. Condemnation proceeding. Condemnation proceedings shall be instituted in the names of the municipalities jointly, and the property acquired shall be held by the municipalities as tenants in common. The provisions of section 360.032, subdivision 2, shall apply to such proceedings.

Subd. 10. **Joint fund.** For the purpose of providing funds for necessary expenditures in carrying out the provisions of this section, a joint fund shall be created and maintained, into which each of the municipalities involved shall deposit its proportionate share as provided by the joint agreement. Funds to be deposited shall be provided for by bond issues, tax levies, and appropriations made by each municipality in the same manner as though it were acting separately under the authority of sections 360.011 to 360.076. However, a municipality may issue bonds on behalf of other parties to the joint agreement, which shall be treated as being issued by each of the parties in proportion to their respective proportionate share as provided by the joint agreement. Each municipality shall also pay into the fund the revenues obtained from the ownership, control, and operation of the airports and other air navigation facilities jointly controlled, to be expended as provided in section 360.037, subdivision 3. Revenues in excess of cost of maintenance and operating expenses of the joint properties shall be divided as may be provided in the original agreement for the joint venture. When a county and a city are parties to a joint agreement as provided in subdivision 1 and the city is located in whole or in part within the geographic boundaries of the county, then the county's proportionate share shall be based on the net tax capacity of all property within the county, excepting the net tax capacity of that property located within the city, and any levy for airport purposes by the county shall not be levied against taxable property in the city, other than a levy under section 475.61 to pay debt service on general obligation bonds of the county.

Subd. 11. **Disbursements.** All disbursements from such fund shall be made by order of the board in accordance with such rules and regulations and for such purposes as the appointing governing bodies, acting jointly, shall prescribe.

Subd. 12. **Specific performance.** Specific performance of the provisions of any joint agreement entered into as provided for in this section may be enforced as against any party thereto by the other party or parties thereto.

Subd. 13. **Joint operation in Canada.** Subject to approval by the United States government, the powers set forth herein shall also apply to any joint airport agreement between the state of Minnesota and the Dominion of Canada or its governmental subdivisions.

Subd. 14. **Airports out of state; application of state law.** Any airport located outside this state shall be treated under this chapter as an airport located within this state if that airport is acquired, constructed, operated or maintained pursuant to a joint agreement between a municipality in this state and an adjoining state or municipality therein. The commissioner shall not expend state money to pay the cost of any project at any such airport except to assist a municipality in this state to pay its share of the costs of the project as set forth in a joint agreement.

360.043 ASSISTANCE TO OTHER MUNICIPALITY.

Whenever the governing body of any municipality determines that the public interest and the interests of the municipality will be served by assisting any other municipality in exercising the powers and authority granted by sections 360.011 to 360.076, such first mentioned municipality is expressly authorized and empowered to furnish such assistance by gift, or lease with or without rental, of real property, by the donation, lease with or without rental, or loan of personal property, and by the appropriation of money, which may be provided for by taxation or the issuance of bonds in the same manner as funds might be provided for the same purposes if the municipality were exercising the powers heretofore granted in its own behalf.

360.044 COUNTY AUTHORITY.

Subdivision 1. **Public purpose.** The purposes of sections 360.011 to 360.076 are specifically declared to be county purposes as well as generally public, governmental, and municipal.

Subd. 2. **County powers.** The powers therein granted to all municipalities are specifically declared to be granted to counties in this state, any other statute to the contrary notwithstanding.

360.045 JURISDICTION EXCLUSIVE.

Every airport and other air navigation facility controlled and operated by any municipality, or jointly controlled and operated pursuant to the provisions of sections 360.011 to 360.076, shall, subject to federal and state laws, rules, and regulations, be under the exclusive jurisdiction and control of the municipality or municipalities controlling and operating it, and no other municipality in which such airport or air navigation facility is situated shall have any police jurisdiction of the same or any authority to charge or exact any license fees or occupation taxes for the operations thereon. Such municipality or municipalities shall have concurrent jurisdiction over the adjacent territory described in section 360.038, subdivision 3.

AIRPORT ZONING

360.061 DEFINITIONS.

Subdivision 1. **Scope.** For the purposes of sections 360.061 to 360.074.

Subd. 2. **Airport.** The term "airport" includes restricted landing area.

Subd. 3. **Municipality.** "Municipality" does not include a county unless the county owns or controls an airport, in which case such county may exercise all the powers granted by said sections to other municipalities. It specifically includes a town, the metropolitan airports commission established and operated pursuant to chapter 473, and the state of Minnesota.

Subd. 4. **County.** "County" includes "counties."

360.062 HAZARD CONTRARY TO PUBLIC INTEREST; PROTECTING EXISTING NEIGHBORHOOD.

It is hereby found that an airport hazard endangers the lives and property of users of the airport and of occupants of land in its vicinity, and may reduce the size of the area available for the landing, taking-off, and maneuvering of aircraft, thereby impairing the utility of the airport and the public investment therein. It is also found that the social and financial costs of disrupting existing land uses around airports in built up urban areas, particularly established residential neighborhoods, often outweigh the benefits of a reduction in airport hazards that might result from the elimination or removal of those uses. Accordingly, it is hereby declared: (1) That the creation or establishment of an airport hazard is a public nuisance and an injury to the community served by the airport in question; (2) that it is therefor necessary in the interest of the public health, public safety, and general welfare that the creation or establishment of airport hazards be prevented and that this should be accomplished to the extent legally possible, by exercise of the police power, without compensation; and (3) that the elimination or removal of existing land uses, particularly established residential neighborhoods in built up urban areas, or their designation as nonconforming uses is not in the public interest and should be avoided whenever possible consistent with reasonable standards of safety. It is further declared that the prevention of the creation or establishment of airport hazards and the elimination, removal, alteration, mitigation, or marking and lighting of existing airport hazards are public purposes for which political subdivisions may raise and expend public funds and acquire land or property interests therein.

360.063 AIRPORT ZONING; AUTHORITY, PROCEDURE.

Subdivision 1. **Enforcement under police power.** (a) In order to prevent the creation or establishment of airport hazards, every municipality having an airport hazard area within its territorial limits may, unless a joint airport zoning board is permitted under subdivision 3, adopt, amend from time to time, administer, and enforce, under the police power and in the manner and upon the conditions hereinafter prescribed, airport zoning regulations for such airport hazard area, which regulations may divide such area into zones, and, within such zones, specify the land uses permitted and regulate and restrict the height to which structures and trees may be erected or allowed to grow.

(b) For the purpose of promoting health, safety, order, convenience, prosperity, general welfare and for conserving property values and encouraging the most appropriate use of land, the municipality may regulate the location, size and use of buildings and the density of population in that portion of an airport hazard area under approach zones for a distance not to exceed two miles from the airport boundary and in other portions of an airport hazard area may regulate by land use zoning for a distance not to exceed one mile from the airport boundary, and by height-restriction zoning for a distance not to exceed 1-1/2 miles from the airport boundary.

(c) The powers granted by this subdivision may be exercised by metropolitan airports commissions in contiguous cities of the first class in and for which they have been created.

(d) In the case of airports owned or operated by the state of Minnesota such powers shall be exercised by the state airport zoning boards or by the commissioner of transportation as authorized herein.

Subd. 2. [Repealed, 1976 c 255 s 6]

Subd. 3. **Joint airport zoning board.** (a) Where an airport is owned or controlled by a municipality and an airport hazard area appertaining to the airport is located within the territorial limits of another county or municipality, the municipality owning or controlling the airport may request a county or municipality in which an airport hazard area is located:

(1) to adopt and enforce airport zoning regulations for the area in question that conform to standards prescribed by the commissioner pursuant to subdivision 4; or

(2) to join in creating a joint airport zoning board pursuant to paragraph (b). The owning or controlling municipality shall determine which of these actions it shall request, except as provided in paragraph (e) for the metropolitan airports commission. The request shall be made by certified mail to the governing body of each county and municipality in which an airport hazard area is located.

(b) Where an airport is owned or controlled by a municipality and an airport hazard area appertaining to the airport is located within the territorial limits of another county or municipality, the municipality owning or controlling the airport and the county or other municipality within which the airport hazard area is located may, by ordinance or resolution duly adopted, create a joint airport zoning board, which board shall have the same power to adopt, administer, and enforce airport zoning regulations applicable to the airport hazard area in question as that vested by subdivision 1 in the municipality within which the area is located. A joint board shall have as members two representatives appointed by the municipality owning or controlling the airport and two from the county or municipality, or in case more than one county or municipality is involved two from each county or municipality, in which the airport hazard is located, and in addition a chair elected by a majority of the members so appointed. All members shall serve at the pleasure of their respective appointing authority. Notwithstanding any other provision of law to the contrary, if the owning and controlling municipality is a city of the first class it shall appoint four members to the board, and the chair of the board shall be elected from the membership of the board.

(c) If a county or municipality, within 60 days of receiving a request from an owning or controlling municipality pursuant to paragraph (a), fails to adopt, or

thereafter fails to enforce, the zoning regulations or fails to join in creating a joint airport zoning board, the owning or controlling municipality, or a joint airport zoning board created without participation by the subdivisions which fail to join the board, may itself adopt, administer, and enforce airport zoning regulations for the airport hazard area in question. In the event of conflict between the regulations and airport zoning regulations adopted by the county or municipality within which the airport hazard area is located, section 360.064, subdivision 2, applies.

(d) "Owning or controlling municipality," as used in this subdivision, includes:

(1) a joint airport operating board created pursuant to section 360.042 that has been granted all the powers of a municipality in zoning matters under the agreement creating the board;

(2) a joint airport operating board created pursuant to section 360.042 that has not been granted zoning powers under the agreement creating the board, provided that the board shall not itself adopt zoning regulations nor shall a joint airport zoning board created at its request adopt zoning regulations unless all municipalities that created the joint operating board join to create the joint zoning board; and

(3) the metropolitan airports commission established and operated pursuant to chapter 473.

(e) The metropolitan airports commission shall request creation of one joint airport zoning board for each airport operated under its authority.

Subd. 4. **Airport approach.** The commissioner may recommend an airport approach plan for each publicly owned airport in the state and for each privately owned airport of the publicly owned class and from time to time recommend revisions of the plan. A plan shall indicate the circumstances in which structures or trees are or would be airport hazards, the airport hazard area, and what measures should be taken to eliminate airport hazards. The commissioner shall prescribe airport approach and turning standards for airports of various classes, and airport zoning regulations adopted by a municipality, county, or joint airport zoning board shall conform to the standards, except as provided in sections 360.065 and 360.066.

Subd. 5. [Repealed, 1976 c 255 s 6]

Subd. 6. **Procedure when zoning board fails to act.** If a municipality, county, or joint airport zoning board fails to adopt within a reasonable time airport zoning regulations in accordance with the provisions of sections 360.011 to 360.076, or adopts regulations or amendments which do not conform to the standard prescribed by the commissioner, the commissioner may, for the protection of the public safety, adopt or supplement and from time to time as may be necessary amend, supplement, or repeal the regulations for the municipality or county until airport zoning rules provided for in sections 360.011 to 360.076, are adopted by the municipality, county, or joint airport zoning board. The commissioner shall have the same powers with reference to the airport zoning regulations as are granted in sections 360.011 to 360.076, to municipalities, administrative boards, and boards of adjustment. An action of the commissioner taken under this subdivision is subject to review by the courts as provided in section 360.072.

Subd. 6a. **Review of variance when board of adjustment fails to act.** On receiving notice that an airport zoning variance has been granted by reason of the failure of a board of adjustment to act on the variance as provided in section 360.067, subdivision 2, the commissioner shall review the application and may amend or rescind the variance on finding that this action is required to protect the public safety. No action of the commissioner pursuant to this subdivision shall be effective unless the commissioner notifies the applicant of that action within 60 days after receiving notice that the variance was granted. Any action taken by the commissioner pursuant to this subdivision shall be subject to review by the courts as provided in section 360.072.

Subd. 7. **Airport zoning board, each airport.** Where an airport is owned or operated by the state of Minnesota a state airport zoning board shall be created for each airport, which board shall have the same power to adopt, administer and enforce

airport zoning rules applicable to the airport hazard area of such airport as that vested by subdivision 1 in the municipality. Each board shall consist of the commissioner of transportation, or a member of staff appointed by the commissioner, who shall be chair, one member appointed by the county board who may be a member of the county board, of each county in which an airport hazard area is located and one member appointed by the governing body of each municipality located within the area to be zoned. If the area to be zoned is located entirely within one county and no municipality is located within the area to be zoned, then the duly designated members shall select a third member who shall be a resident of the county. The members of such board shall serve for a period of three years beginning January 1 following their appointment and until their successors are appointed and qualified. The zoning rules shall be adopted by an order of the board signed by a majority of its members. Such order shall be published once in a legal newspaper in the county in which the airport is located and shall become effective ten days following the date of its publication. A copy of such order shall be filed in the office of the commissioner of transportation and with the county recorder in each county in which a zoned area is located. Any person appointed to serve on a state airport zoning board shall be entitled to reimbursement for travel and other necessary expenses incurred in performance of duties on such board which shall be paid from the appropriations made to the department of transportation.

Subd. 8. Airport zoning board authority after failure to appoint member. If any county board or municipality fails to appoint the member to be appointed by it in the creation of a state airport zoning board within 30 days after requested to do so by the commissioner of transportation, the state airport zoning board, consisting of the remaining members in case more than one county is involved, or the commissioner of transportation in case no board is created, shall have the same power to adopt, administer and enforce airport zoning rules applicable to an airport hazard area in such county as that conferred upon the commissioner in subdivision 6.

360.064 AIRPORT ZONING; COMPREHENSIVE ORDINANCE, CONFLICT.

Subdivision 1. Comprehensive regulations. In the event that a municipality has adopted, or hereafter adopts, a comprehensive zoning ordinance regulating, among other things the height of buildings, any airport zoning regulations applicable to the same area or portion thereof may be incorporated in and made a part of such comprehensive zoning regulations and be administered and enforced in connection therewith.

Subd. 2. Effect when regulations conflict. In the event of conflict between any airport zoning regulations adopted under sections 360.011 to 360.076, and any other regulations applicable to the same area, whether the conflict be with respect to the height of structures or trees, the use of land, or any other matter, and whether such other regulations were adopted by the municipality which adopted the airport zoning regulations or by some other municipality, the more stringent limitation or requirement shall govern and prevail.

History: 1945 c 303 s 27; 1978 c 674 s 58

360.065 AIRPORT ZONING; ADOPTION, APPROVAL.

Subdivision 1. Notice, hearing. No airport zoning regulations shall be adopted, amended or changed under sections 360.011 to 360.076, except by action of the governing body of the municipality or county in question, or the boards provided for in section 360.063, subdivisions 3 and 7, or by the commissioner as provided in subdivisions 6 and 8, after public hearings, at which parties in interest and citizens shall have an opportunity to be heard. A public hearing shall be held on the proposed regulations before they are submitted for approval to the commissioner and after that approval but before final adoption by the local zoning authority. Notice of a hearing required

pursuant to this subdivision shall be published by the local zoning authority at least three times during the period between 15 days and five days before the hearing in an official newspaper and in a second newspaper designated by that authority which has a wide general circulation in the area affected by the proposed regulations. The notice shall not be published in the legal notice section of a newspaper. Notice of a hearing shall also be mailed to the governing body of each political subdivision in which property affected by the regulations is located. Notice shall be given by mail at least 15 days before each hearing to any persons in municipalities that own land proposed to be included in safety zone A or B as provided in the rules of the department of transportation and to persons or municipalities that have previously requested such notice from the authority. For the purpose of giving mailed notice, the authority may use any appropriate records to determine the names and addresses of owners. A copy of the notice and a list of the owners and addresses to which the notice was sent shall be attested to by the responsible person and shall be made a part of the records of the proceedings. The failure to give mailed notice to individual property owners, or defects in the notice shall not invalidate the proceedings, provided a bona fide attempt to comply with this subdivision has been made. A notice shall describe the property affected by the proposed regulations and the restrictions to be imposed on the property by the regulations and shall state the place and time at which the proposed regulations are available for public inspection.

Subd. 2. Regulations submitted to commissioner. Prior to adopting zoning regulations for an airport hazard area under sections 360.011 to 360.076, the municipality, county, or joint airport zoning board which is to adopt the regulations shall submit its proposed regulations to the commissioner in order that the commissioner may determine whether it conforms to the standards prescribed by the commissioner. The commissioner shall immediately examine the proposed regulations and report to the municipality, county, or joint airport zoning board the commissioner's approval, or objections, if any. If objections are made by the commissioner on the ground that the regulations do not conform to the standards prescribed by the commissioner for the class of airport involved, the municipality, county, or joint zoning board shall make amendments as are necessary to meet the objections unless it demonstrates that the social and economic costs of restricting land uses in accordance with the standards outweigh the benefits of a strict application of the standards. The governing body of the municipality or county or the joint airport zoning board shall not adopt the regulations or take other action until the proposed regulations are approved by the commissioner. The commissioner may approve local zoning ordinances that are more stringent than the standards. A copy of the regulations as adopted shall be filed with the county recorder in each county in which the zoned area is located.

Substantive rights existing prior to the passage of this subdivision and previously exercised are not affected by the filing of the regulations.

History: 1945 c 303 s 28; 1951 c 116 s 5; 1957 c 272 s 1,2; 1976 c 181 s 2; 1978 c 674 s 58; 1979 c 302 s 3; 1983 c 326 s 7; 1986 c 444

360.066 AIRPORT ZONING; REASONABLENESS, NEIGHBORHOOD, NONCONFORMING USE.

Subdivision 1. **Reasonableness.** Standards of the commissioner defining airport hazard areas and the categories of uses permitted and airport zoning regulations adopted under sections 360.011 to 360.076, shall be reasonable, and none shall impose a requirement or restriction which is not reasonably necessary to effectuate the purposes of sections 360.011 to 360.076. In determining what minimum airport zoning regulations may be adopted, the commissioner and a local airport zoning authority shall consider, among other things, the character of the flying operations expected to be conducted at the airport, the location of the airport, the nature of the terrain within the airport hazard area, the existing land uses and character of the neighborhood around the airport, the uses to which the property to be zoned are planned and adaptable, and the social and economic costs of restricting land uses versus the benefits derived from a strict application of the standards of the commissioner.

Subd. 1a. **Protection of existing neighborhood.** (a) In order to ensure the minimum disruption of existing land uses, particularly established residential neighborhoods in built up urban areas, the airport zoning standards of the commissioner and the local airport zoning ordinances or regulations adopted under sections 360.061 to 360.074 shall distinguish between the creation or establishment of a use and the elimination of an existing use, and shall avoid the elimination, removal, or reclassification of existing uses to the extent consistent with reasonable standards of safety. The standards of the commissioner shall include criteria for determining when an existing land use may constitute an airport hazard so severe that considerations of public safety outweigh the public interest in preventing disruption to that land use.

(b) No airport zoning standards or local airport zoning ordinances or regulations shall be adopted pursuant to sections 360.061 to 360.074 that classify as a nonconforming use or require such classification with respect to any low-density residential structure or isolated low-density residential building lots existing on January 1, 1978 in an established residential neighborhood.

(c) A local airport zoning authority may classify a land use described in paragraph (b) as an airport hazard if that authority finds that this classification is justified by considerations of public safety and is consistent with the airport zoning standards of the commissioner. Any land use described in paragraph (b) which is classified as an airport hazard shall be acquired, altered or removed at public expense.

(d) The provisions of this subdivision shall not be construed to affect the classification of any land use under any zoning ordinances or regulations not adopted pursuant to sections 360.061 to 360.074.

Subd. 1b. **Amendment of standards.** Within nine months after March 29, 1978, the commissioner shall amend the standards defining airport hazard areas and categories of uses permitted therein to conform with the requirements of Laws 1978, chapter 654. Until the commissioner adopts amended standards as required by this subdivision the unamended standards, insofar as they require classification of any residential property as a nonconforming use contrary to the provisions of subdivision 1a, paragraph (b), shall be without force or effect.

Subd. 2. **Nonconforming use.** No airport zoning regulations adopted under sections 360.011 to 360.076, shall require the removal, lowering, or other change or alteration of any structure or tree not conforming to the regulations when adopted or amended, or otherwise interfere with the continuance of any nonconforming use, except as provided in section 360.067.

History: 1945 c 303 s 29; 1978 c 654 s 2-4; 1978 c 674 s 58; 1983 c 326 s 8

360.067 AIRPORT ZONING; PERMIT, VARIANCE; ADMINISTRATIVE AGENT.

Subdivision 1. **Permits.** (a) Airport zoning regulations adopted under sections 360.011 to 360.076, may require that a permit be obtained before a new structure or use may be constructed or established and before an existing use or structure may be substantially changed or substantially altered or repaired. In any event, all regulations shall provide that before a nonconforming structure or tree may be replaced, substantially altered or repaired, rebuilt, allowed to grow higher, or replanted, a permit must be secured from the administrative agency authorized to administer and enforce the regulations, authorizing the replacement, change, or repair. No permit shall be granted that would allow the establishment or creation of an airport hazard or permit a nonconforming structure or tree or nonconforming use to be made or become higher or become a greater hazard to air navigation than it was when the applicable regulation was adopted or than it is when the application for a permit is made.

(b) Whenever the administrative agency determines that a nonconforming use or nonconforming structure or tree has been abandoned or more than 80 percent torn down, deteriorated, or decayed: (1) no permit shall be granted that would allow the structure or tree to exceed the applicable height limit or otherwise deviate from the zoning regulations; and (2), whether application is made for a permit under this

subdivision or not, the agency may by appropriate action compel the owner of the nonconforming structure or tree, at the owner's expense, to lower, remove, reconstruct, or equip the object as may be necessary to conform to the regulations. If the owner of the nonconforming structure or tree neglects or refuses to comply with the order for ten days after notice of the order, the agency may proceed to have the object lowered, removed, reconstructed, or equipped and assess the cost and expense upon the object of the land where it is or was located. Unless an assessment is paid within 90 days from the service of notice on the agent or owner of the object or land, the sum will bear interest at the rate of eight percent per annum until paid, and shall be collected in the same manner as are general taxes.

(c) Except as provided in this subdivision, all applications for permits shall be granted.

Subd. 2. Variance. Any person desiring to erect any structure, or increase the height of any structure, or permit the growth of any tree, or otherwise use the person's property in violation of airport zoning regulations adopted under this chapter, may apply to the board of adjustment, hereinafter provided for, for a variance from the zoning regulations in question. If a person submits an application for a variance by certified mail to the members of the board and the board fails to grant or deny the variance within four months after the last member receives the application, the variance shall be deemed to be granted by the board. When the variance is granted by reason of the failure of the board to act on the variance, the person receiving the variance shall notify the board and the commissioner of transportation by certified mail that the variance has been granted. The applicant shall include a copy of the original application for the variance with this notice to the commissioner. The variance shall be effective 60 days after this notice is received by the commissioner subject to any action taken by the commissioner pursuant to section 360.063, subdivision 6. Such variances shall be allowed where a literal application or enforcement of the regulations would result in practical difficulty or unnecessary hardship and the relief granted would not be contrary to the public interest but do substantial justice and be in accordance with the spirit of the regulations and this chapter; provided, any variance may be allowed subject to any reasonable conditions that the board of adjustment may deem necessary to effectuate the purposes of Laws 1945, chapter 303.

Subd. 3. Hazard marking and lighting. In granting any permit or variance under this section, the administrative agency or board of adjustment may, if it deems such action advisable to effectuate the purposes of sections 360.011 to 360.076, and reasonable in the circumstances, so condition such permit or variance as to require the owner of the structure or tree in question to permit the municipality, at its own expense, to install, operate, and maintain thereon such markers and lights as may be necessary to indicate to flyers the presence of an airport hazard.

Subd. 4. Administrative agent, appointment. In the case of an airport owned or operated by the state, the state airport zoning board adopting the zoning regulations for such airport, or the commissioner of transportation in case the zoning regulations are adopted by the commissioner as provided herein, shall appoint a local governmental official of a governmental unit in which the airport hazard area is located as the administrative agent. The governmental official so appointed is hereby authorized and directed as part of official duties to exercise the powers and duties of the administrative agency as described in sections 360.067 and 360.069.

360.068 APPEAL OF AIRPORT ZONING DECISION.

Subdivision 1. When granted. Any person aggrieved, or taxpayer affected, by any decision of an administrative agency made in its administration of airport zoning regulations adopted under sections 360.011 to 360.076, or any governing body of a municipality or county, or any joint airport zoning board, which is of the opinion that a decision of such an administrative agency is an improper application of airport zoning

regulations of concern to such governing body or board, may appeal to the board of adjustment authorized to hear and decide appeals from the decisions of such administrative agency.

Subd. 2. **Within reasonable time.** All appeals taken under this section must be taken within a reasonable time, as provided by the rules of the board, by filing with the agency from which the appeal is taken and with the board, a notice of appeal specifying the grounds thereof. The agency from which the appeal is taken shall forthwith transmit to the board all the papers constituting the record upon which the action appealed from was taken.

Subd. 3. **Stay.** An appeal shall stay all proceedings in furtherance of the action appealed from, unless the agency from which the appeal is taken certifies to the board, after the notice of appeal has been filed with it, that by reason of the facts stated in the certificate a stay would, in its opinion, cause imminent peril to life or property. In such cases proceedings shall not be stayed otherwise than by order of the board on notice to the agency from which the appeal is taken and on due cause shown.

Subd. 4. **Hearing; notice.** The board shall fix a reasonable time for the hearing of appeals, give public notice and due notice to the parties in interest, and decide the same within a reasonable time. Upon the hearing any party may appear in person or by agent or by attorney.

Subd. 5. **Decision and order.** The board may, in conformity with the provisions of sections 360.011 to 360.076, reverse or affirm wholly or partly, or modify, the order, requirement, decision, or determination appealed from and may make such order, requirement, decision, or determination as ought to be made, and to that end shall have all the powers of the administrative agency from which the appeal is taken.

360.069 AIRPORT ZONING ADMINISTRATION.

All airport zoning regulations adopted under sections 360.011 to 360.076 shall provide for the administration and enforcement of such regulations by an appropriate permit-issuing agency, which may be an agency created by such regulations or any official, board, or other existing agency of the municipality or county adopting the regulations, or of one of the municipalities or counties which participated in the creation of the joint airport zoning board adopting the regulations if satisfactory to the other municipalities and counties, or in case of a metropolitan airports commission a committee appointed by the commission with equal representation from each of the counties in and for which it is created; but in no case shall such agency be or include any member of the board of adjustment. The duties of any administrative agency designated pursuant to sections 360.011 to 360.076 shall include that of hearing and deciding all permits under section 360.067, subdivision 1, but such agency shall not have or exercise any of the powers herein delegated to the board of adjustment.

360.071 BOARD OF ADJUSTMENT.

Subdivision 1. **Powers.** All airport zoning regulations adopted under sections 360.011 to 360.076 shall provide for a board of adjustment to have and exercise the following powers:

(1) to hear and decide appeals from any order, requirement, decision, or determination made by the administrative agency in the enforcement of the airport zoning regulations, as provided in section 360.068;

(2) to hear and decide any special exceptions to the terms of the airport zoning regulations upon which such board may be required to pass under such regulations; and

(3) to hear and decide specific variances under section 360.067, subdivision 2.

Subd. 2. **Membership.** Where a zoning board of appeals or adjustment already exists, it may be appointed as the board of adjustment. Otherwise, the board of

adjustment shall consist of five members, each to be appointed for a term of three years by the authority adopting the regulations and to be removable by the appointing authority for cause, upon written charges and after public hearing. In the case of a metropolitan airports commission, five members shall be appointed by the commission from the area in and for which the commission was created, any of whom may be members of the commission. In the case of an airport owned or operated by the state of Minnesota, the board of commissioners of the county, or counties, in which the airport hazard area is located shall constitute the airport board of adjustment and shall exercise the powers and duties of such board as provided herein.

Subd. 3. Majority control. The concurring vote of a majority of the members of the board of adjustment shall be sufficient to reverse any order, requirement, decision, or determination of the administrative agency, or to decide in favor of the applicant on any matter upon which it is required to pass under the airport zoning regulations, or to effect any variation in such regulations.

Subd. 4. Rules and procedures. The board shall adopt rules in accordance with the provisions of the ordinance or resolution by which it was created. Meetings of the board shall be held at the call of the chair and at such other times as the board may determine. The chair, or if absent, the acting chair, may administer oaths and compel the attendance of witnesses. All hearings of the board shall be public. The board shall keep minutes of its proceedings, showing the vote of each member upon each question, or, if absent or failing to vote, indicating such fact, and shall keep records of its examinations and other official actions, all of which shall immediately be filed in the office of the board and shall be a public record. Upon their appointment the members of any board of adjustment shall select a chair to act at the pleasure of the board.

Any person aggrieved, or taxpayer affected, by any decision of a board of adjustment, or of any action of the commissioner taken under section 360.063, subdivisions 6 or 6a, or any governing body of a municipality or county, or any joint airport zoning board, which believes that a decision of a board of adjustment or action of the commissioner is illegal may appeal in accordance with chapter 14.

Subd. 5. [Repealed, 1983 c 247 s 219]

Subd. 6. Allowance of costs. Costs shall not be allowed against the board of adjustment or the commissioner unless it appears to the court that the board or the commissioner acted with gross negligence, in bad faith, or with malice, in making the decision appealed from.

Subd. 7. Unconstitutional taking; application to other real property. In any case in which airport zoning regulations adopted under sections 360.011 to 360.076, although generally reasonable, are held by a court to interfere with the use or enjoyment of a particular structure or parcel of land to such an extent, or to be so onerous in their application to such a structure or parcel of land, as to constitute a taking or deprivation of that property in violation of the constitution of this state or the constitution of the United States, such holding shall not affect the application of such regulations as to other structures and parcels of land.

360.073 VIOLATIONS, PENALTIES, AND REMEDIES.

Every person who shall construct, establish, substantially change, or substantially alter or repair any existing structure or use, or permit the growth of any tree, without

having complied with the provisions of section 360.067 or who, having been granted a permit or variance under the provisions of section 360.067, shall construct, establish, substantially change, or substantially alter or repair any existing growth or structure, or permit the growth of any tree, except as permitted by such permit or variance, or who shall violate any of the ordinances, regulations, orders, or rulings promulgated or made pursuant to section 360.063 shall be guilty of a misdemeanor, and each day a violation continues to exist shall constitute a separate offense. In addition, the municipality, county, or commissioner adopting zoning regulations under sections 360.011 to 360.076, may institute in any court of competent jurisdiction an action to prevent, restrain, correct, or abate any violation of sections 360.011 to 360.076, or of airport zoning regulations adopted under sections 360.011 to 360.076, or of any order or ruling made in connection with their administration or enforcement, and the court shall adjudge to the plaintiff such relief, by way of injunction (which may be mandatory) or otherwise, as may be proper under all the facts and circumstances of the case, in order fully to effectuate the purposes of sections 360.011 to 360.076, and of the regulations adopted and orders and rulings made pursuant thereto.

360.074 ACQUISITION OF AIR RIGHTS.

In any case in which: (1) It is desired to remove, lower, or otherwise terminate a nonconforming structure or use, or (2) the approach protection necessary cannot, because of constitutional limitations, be provided by airport zoning regulations under sections 360.011 to 360.076, or (3) it appears advisable that the necessary approach protection be provided by acquisition of property rights rather than by airport zoning regulations, the municipality within which the property or nonconforming use is located or the municipality owning the airport or served by it may proceed under section 360.032, subdivision 3, to acquire such easements through or other interest in air spaces over land or water, interests in airport hazards outside the boundaries of the airport, and such other airport protection privileges as are necessary to effectuate the purposes of sections 360.011 to 360.076.

discretion may prohibit the violator from operating an aircraft within the state for such period as it may determine, but not to exceed one year. Violation of the duly imposed prohibition of the court may be punished as a contempt of court. Upon a plea of guilty or conviction under said sections, in any case involving an airman, the court shall issue an order prohibiting the airman from exercising, in the state of Minnesota, the privileges granted to the airman by federal certificate for a period, in the discretion of the court, not to exceed one year, and shall notify the commissioner of any action involving a violation under this section or section 360.0752 by mailing a report to the commissioner showing the name and address of the violator, the offense charged, the time and place of violation, the plea, the finding of the court or jury, and the penalty imposed.

360.0751 [Repealed, 1990 c 602 art 6 s 6]

360.0752 AIRCRAFT OPERATOR UNDER INFLUENCE OF ALCOHOL OR CONTROLLED SUBSTANCE.

Subdivision 1. **Definitions.** As used in this section and section 360.0753:

(1) "operate" includes the acts of all crew members with responsibility to operate the aircraft;

(2) "controlled substance" has the meaning given in section 152.01, subdivision 4; and

(3) "hazardous substance" means any chemical or chemical compound that is listed as a hazardous substance in rules adopted under chapter 182.

Subd. 2. **Crime; acts prohibited.** (a) It is a crime for any person to operate or attempt to operate an aircraft on or over land or water within this state or over any boundary water of this state under any of the following conditions:

(1) when the person is under the influence of alcohol;

(2) when the person is under the influence of a controlled substance;

(3) when the person is under the influence of a combination of any two or more of the elements named in clauses (1), (2), and (6);

(4) when the person's alcohol concentration is 0.04 or more;

(5) when the person's alcohol concentration as measured within two hours of the time of operation or attempted operation is 0.04 or more;

(6) when the person is knowingly under the influence of a hazardous substance that affects the nervous system, brain, or muscles of the person so as to substantially impair the person's ability to operate the aircraft;

(7) when the person's body contains any amount of a controlled substance listed in schedule I or II, other than marijuana or tetrahydrocannabinols; or

(8) within eight hours of having consumed any alcoholic beverage or used any controlled substance.

(b) If proven by a preponderance of the evidence, it shall be an affirmative defense to a violation of paragraph (a), clause (7), that the defendant used the controlled substance according to the terms of a prescription issued for the defendant in accordance with sections 152.11 and 152.12.

Subd. 2a. **Refusal to submit to testing; crime.** It is a crime for any person to refuse to submit to a chemical test of the person's blood, breath, or urine under section 360.0753.

Subd. 3. **Allowing operation by violator.** It is a crime for any person to knowingly permit any individual who is in violation of subdivision 2 to operate any aircraft owned by or in the custody or control of the person.

Subd. 4. **Arrest.** A peace officer may lawfully arrest a person for violation of subdivision 2 without a warrant upon probable cause, without regard to whether the violation was committed in the officer's presence. The express grant of arrest powers in this subdivision does not limit the arrest powers of peace officers pursuant to sections 626.65 to 626.70 or section 629.40 in cases of arrests for violation of subdivision 2 or any other provision of law.

Subd. 5. **Evidence.** Upon the trial of any prosecution arising out of acts alleged to have been committed by any person arrested for operating or attempting to operate an aircraft in violation of subdivision 2, the court may admit evidence of the presence or amount of alcohol, controlled substances, or hazardous substances in the person's blood, breath, or urine as shown by an analysis of those items.

Evidence of the refusal to take a test is admissible into evidence in a prosecution under this section.

If proven by a preponderance of the evidence, it shall be an affirmative defense to a violation of subdivision 2, clause (5), that the defendant consumed a sufficient quantity of alcohol after the time of the violation and before the administration of the evidentiary test to cause the defendant's alcohol concentration to exceed 0.04; provided, that this evidence may not be admitted unless notice is given to the prosecution prior to the omnibus or pretrial hearing in the matter.

The foregoing provisions do not limit the introduction of any other competent evidence bearing upon the question whether or not the person violated this section, including tests obtained more than two hours after the alleged violation and results obtained from partial tests on an infrared breath-testing instrument. A result from a partial test is the measurement obtained by analyzing one adequate breath sample, as defined in section 360.0753, subdivision 4, paragraph (b).

Subd. 6. **Criminal penalties.** (a) A person who violates subdivision 2, paragraph (a), clause (8), or subdivision 3, is guilty of a misdemeanor.

(b) A person who violates subdivision 2, paragraph (a), clauses (1) to (7), or subdivision 2a, is guilty of a gross misdemeanor.

(c) The attorney in the jurisdiction in which the violation occurred who is responsible for prosecution of misdemeanor violations shall also be responsible for prosecution of gross misdemeanor violations of this section.

Subd. 7. **Preliminary screening test.** When a peace officer has reason to believe that a person may be violating or has violated subdivision 2, the officer may require the person to provide a sample of the person's breath for a preliminary screening test using a device approved by the commissioner of public safety or the commissioner of transportation for this purpose. The results of this preliminary screening test shall be used for the purpose of deciding whether to require the tests authorized in section 360.0753, but shall not be used in any court action except to prove that a test was properly required of a person pursuant to section 360.0753. Following the screening test, additional tests may be required of the person pursuant to the provisions of section 360.0753.

A person who refuses to furnish a sample of the person's breath is subject to the provisions of section 360.0753 unless, in compliance with section 360.0753, the person submits to a blood, breath, or urine test to determine the presence or amount of alcohol, controlled substances, or hazardous substances.

360.0753 TESTING PROCEDURES.

Subdivision 1. **Peace officer defined.** For purposes of this section, the term "peace officer" means an employee of a political subdivision or state law enforcement agency

who is licensed by the Minnesota board of peace officers standards and training, who is charged with the prevention and detection of crime and the enforcement of the general criminal laws of the state, and who has full power of arrest, and shall also include the Minnesota state patrol and metropolitan airports commission peace officers, but does not include employees of the department of natural resources.

Subd. 2. Implied consent; conditions; election of test. (a) Any person who operates or attempts to operate an aircraft in or over this state or over any boundary water of this state consents, subject to the provisions of this section and section 360.0752, to a chemical test of that person's blood, breath, or urine for the purpose of determining the presence or amount of alcohol, controlled substances, or hazardous substances. The test shall be administered at the direction of a peace officer. The test may be required of a person when an officer has probable cause to believe the person was operating or attempting to operate an aircraft in violation of section 360.0752 and one of the following conditions exists:

(1) the person has been lawfully placed under arrest for violation of section 360.0752;

(2) the person has been involved in an aircraft accident or collision resulting in property damage, personal injury, or death;

(3) the person has refused to take the screening test provided for by section 360.0752;

(4) the screening test was administered and recorded an alcohol concentration of 0.04 or more or the presence of a controlled substance listed in schedule I or II other than marijuana or tetrahydrocannabinols; or

(5) the officer had probable cause to believe that the person was operating or attempting to operate an aircraft with any amount of alcohol present in the person's body.

(b) At the time a test is requested, the person shall be informed:

(1) that Minnesota law requires the person to take a test to determine the presence or amount of alcohol or a controlled substance listed in schedule I or II other than marijuana or tetrahydrocannabinols, or to determine if the person is under the influence of alcohol, controlled substances, or hazardous substances;

(2) that whether a test is taken or refused, the person may be subject to criminal prosecution for an alcohol, controlled substance, or hazardous substance-related offense relating to the operation of an aircraft;

(3) that if testing is refused, the person may be subject to criminal prosecution because the person refused testing and the person will be disqualified from operating an aircraft for a minimum period of one year;

(4) if the peace officer has probable cause to believe the person has violated the criminal vehicular homicide and injury laws, that a test will be taken with or without the person's consent; and

(5) that the person has the right to consult with an attorney, but that this right is limited to the extent that it cannot unreasonably delay administration of the test.

(c) The peace officer who requires a test pursuant to this subdivision may direct whether the test shall be of blood, breath, or urine. Action may be taken against a person who refuses to take a blood test only if an alternative test was offered, and action may be taken against a person who refuses to take a urine test only if an alternative test was offered.

Subd. 3. Requirement of urine or blood test. Notwithstanding subdivision 2, a blood or urine test may be required even after a breath test has been administered if there is probable cause to believe that: (1) there is impairment by a controlled substance or hazardous substance that is not subject to testing by a breath test; or (2) a controlled substance listed in schedule I or II, other than marijuana or tetrahydrocannabinols, is present in the person's body. Action may be taken against a person who refuses to take a blood test under this subdivision only if a urine test was offered, and

action may be taken against a person who refuses to take a urine test only if a blood test was offered.

Subd. 4. **Breath test using infrared breath-testing instrument.** (a) In the case of a breath test administered using an infrared breath-testing instrument, the test shall consist of analyses in the following sequence: one adequate breath sample analysis, one calibration standard analysis, and a second, adequate breath sample analysis.

(b) In the case of a test administered using an infrared breath-testing instrument, a sample is adequate if the instrument analyzes the sample and does not indicate the sample is deficient.

(c) For purposes of this section, when a test is administered using an infrared breath-testing instrument, failure of a person to provide two separate, adequate breath samples in the proper sequence constitutes a refusal.

Subd. 5. **Consent of person incapable of refusal not withdrawn.** A person who is unconscious or who is otherwise in a condition rendering the person incapable of refusal is deemed not to have withdrawn the consent provided by subdivision 2 and the test may be given.

Subd. 6. **Manner of making test; additional test.** (a) Only a physician, medical technician, physician's trained mobile intensive care paramedic, registered nurse, medical technologist, or laboratory assistant acting at the request of a peace officer may withdraw blood for the purpose of determining the presence or amount of alcohol, controlled substances, or hazardous substances. This limitation does not apply to the taking of a breath or urine sample. The person tested has the right to have someone of the person's own choosing administer a chemical test or tests in addition to any administered at the direction of a peace officer; provided, that the additional test sample on behalf of the person is obtained at the place where the person is in custody, after the test administered at the direction of a peace officer, and at no expense to the state.

(b) The failure or inability to obtain an additional test or tests by a person shall not preclude the admission in evidence of the test taken at the direction of a peace officer unless the additional test was prevented or denied by the peace officer.

(c) The physician, medical technician, physician's trained mobile intensive care paramedic, medical technologist, laboratory assistant, or registered nurse drawing blood at the request of a peace officer for the purpose of determining the presence or concentration of alcohol, controlled substances, or hazardous substances shall in no manner be liable in any civil or criminal action except for negligence in drawing the blood. The person administering a breath test shall be fully trained in the administration of breath tests pursuant to training given by the commissioner of public safety or the commissioner of transportation.

Subd. 7. **Refusal to permit test; cease and desist order.** If a person under arrest refuses to permit chemical testing, none shall be given, but the commissioner of transportation, upon the receipt of a certificate of the peace officer that the officer had reasonable and probable grounds to believe the arrested person had been operating or attempting to operate an aircraft in violation of section 360.0752 and that the person had refused to permit the test, shall issue a cease and desist order prohibiting the operation of an aircraft for a period of one year. However, if a peace officer has probable cause to believe that the person has violated section 609.21, a test may be required and obtained despite the person's refusal. When a test is obtained pursuant to this section after the person refused to submit to testing, the commissioner of transportation shall issue a cease and desist order under this section based on the person's refusal.

Subd. 8. **Notice of cease and desist order; request for hearing.** No cease and desist order under subdivision 7 shall be made until the commissioner notifies the person by certified mail of intention to issue a cease and desist order and allows the person a 20-day period after the date of receiving the notice to request of the commissioner, in writing, a hearing as herein provided. If no request is filed within the 20-day period, the

commissioner may then issue a cease and desist order. However, if a request for hearing is filed, no cease and desist order shall be made until final judicial determination resulting in an adverse decision to the person.

Subd. 9. **Hearing.** The hearing shall be before a district court in the county where the arrest occurred, unless there is agreement that the hearing may be held in some other county. The hearing shall be recorded and proceed as in a criminal matter, without the right of trial by jury, and its scope shall cover the issues of whether the peace officer had reasonable and probable grounds to believe the person was operating or attempting to operate an aircraft in violation of section 360.0752; whether the person was lawfully placed under arrest; whether the person refused to permit the test, and if the person refused whether the person had reasonable grounds for refusing to permit the test; and whether at the time of request for the test the peace officer informed the person that the right to fly will be denied if the person refused to permit the test and of the right to have additional tests made by someone of the person's own choosing. The court shall order either that the denial be rescinded or sustained and refer the order to the commissioner of transportation for further action.

Subd. 10. **Notice of action to other governments.** When it has been finally determined that a nonresident's privilege to operate an aircraft in this state has been denied, the commissioner shall give information in writing of the action taken to the appropriate federal authorities and any state in which the nonresident operates an aircraft or has a license to operate an aircraft.

(b) The commissioner may use state airports fund money to provide the state's matching portion required to participate in the federal essential air service program under United States Code, title 49 App., sections 1301 to 1551, as amended by the Airport and Airway Safety and Capacity Expansion Act of 1987, Public Law Number 100-223, section 202.

Subd. 3. **Types of airport systems.** (a) Key system airports are those used or intended to be used by aircraft of all sizes up to and including large multiengine and jet aircraft, not exceeding 40.

(b) Intermediate system airports shall be those used or intended for use by single engine or light to medium multiengine aircraft and shall include vertical takeoff and landing areas and short takeoff and landing areas not exceeding 90.

(c) The landing strip system shall consist of those small airports which may be unattended, sod or hard surfaced and which are used or intended for use by single or multiengine light aircraft, and not exceeding 65.

(1) for 20 years after the date that any state funds for project costs are received by the municipality; and

(2) for 99 years after the date that any state funds for acquisition costs are received by the municipality.

The agreement may contain other conditions as the commissioner deems reasonable.

(h) The commissioner shall establish a hangar construction revolving account which shall be used for the purpose of financing the construction of hangar buildings to be constructed by municipalities owning airports. The commissioner shall not expend money for land acquisition, or for the construction, improvement, or maintenance of airports, or for air navigation facilities for an airport, unless the governmental unit involved has or is establishing a zoning authority for that airport, and the authority has made a good faith showing that it is in the process of and will complete with due diligence, an airport zoning ordinance in accordance with sections 360.061 to 360.074. The commissioner shall make maximum use of zoning and easements to eliminate runway and other potential airport hazards rather than land acquisition in fee.

Subd. 7. Reimbursements to state airports fund. Reimbursements from municipalities for striping runways shall be deposited in the state airports fund.

(a) None of the provisions of sections 360.531 to 360.67 apply to aircraft or airline companies used in air commerce which have a certificate of convenience and necessity issued by the United States civil aeronautics board.

(b) All aircraft of an airline company operating without a certificate of convenience and necessity issued by the United States civil aeronautics board and with at least three regularly scheduled interstate flights per week shall be registered annually in the manner prescribed in sections 360.511 to 360.67 or if the airline company so elects, thereafter, or until an election otherwise, all of its air flight property shall be assessed annually by the commissioner of revenue in a manner prescribed by sections 270.071 to 270.079 unless prior to July 1 in the year of election the airline company has registered and paid a tax under sections 360.511 to 360.67.

360.531 TAXATION.

Subdivision 1. **In lieu tax.** All aircraft using the air space overlying the state of Minnesota or the airports thereof, except as set forth in section 360.55, shall be taxed in lieu of all other taxes thereon, on the basis and at the rate for the period January 1, 1966, to June 30, 1967, and for each fiscal year as follows.

Subd. 2. **Rate.** The tax shall be at the rate of one percent of value; provided that the minimum tax on an aircraft subject to the provisions of sections 360.511 to 360.67 shall not be less than 25 percent of the tax on said aircraft computed on its base price or \$50 whichever is the higher.

Subd. 3. **First year of life.** "First year of life" means the year the aircraft was manufactured.

Subd. 4. **Base price for taxation.** For the purpose of fixing a base price for taxation from which depreciation in value at a fixed percent per annum can be counted, such price is defined as follows:

(a) The base price for taxation of an aircraft shall be the manufacturer's list price.

(b) The commissioner shall have authority to fix the base value for taxation purposes of any aircraft of which no such similar or corresponding model has been manufactured, and of any rebuilt or foreign aircraft, any aircraft on which a record of the list price is not available, or any military aircraft converted for civilian use, using as a basis for such valuation the list price of aircraft with comparable performance characteristics, and taking into consideration the age and condition of the aircraft.

Subd. 5. **Similarity of corresponding model.** Models shall be deemed similar if substantially alike and of the same make. Models shall be deemed to be corresponding models for the purpose of taxation under sections 360.54 to 360.67 if of the same make and having approximately the same weight and type of frame and the same style and size of motor.

Subd. 6. **Depreciation.** After the first year of aircraft life the base value for taxation purposes shall be reduced as follows: ten percent the second year, and 15 percent the third and each succeeding year thereafter, but in no event shall such tax be reduced below the minimum.

Subd. 7. **Prorating tax.** When an aircraft first becomes subject to taxation during the period for which the tax is to be paid, the tax on it shall be for the remainder of that period, prorated on a monthly basis of 1/12 of the annual tax for each calendar month counting the month during which it becomes subject to the tax as the first month of such period.

Subd. 8. **Tax, fiscal year.** Every aircraft subject to the provisions of sections 360.511 to 360.67 which has at any time since April 19, 1945, used the air space overlying the state of Minnesota or the airports thereof shall be taxed for the period from January 1, 1966, through June 30, 1967, and for each fiscal year thereafter in which it is so used. Any aircraft which does not use the air space overlying the state of Minnesota or the airports thereof at any time during the period of January 1, 1966, to and including June 30, 1967, or at any time during any fiscal year thereafter shall not be subject to the tax provided by sections 360.511 to 360.67 for such period. Rebuilt aircraft shall be subject to the tax provided by sections 360.511 to 360.67 for that portion of the aforesaid periods remaining after the aircraft has been rebuilt, prorated on a monthly basis.

Subd. 9. **Assessed as personal property in certain cases.** Aircraft subject to taxation under the provisions of sections 360.54 to 360.67 shall not be assessed as personal property and shall be subject to no tax except as provided for by these sections. Aircraft not subject to taxation as provided in these sections, but subject to

MINNESOTA STATUTES 2000

taxation as personal property within the state of Minnesota shall be assessed and valued at 33-1/3 percent of the market value thereof and taxed at the rate and in the manner provided by law for the taxation of ordinary personal property. If the person against whom any tax has been levied on the ad valorem basis because of any aircraft shall, during the calendar year for which such ad valorem tax is levied, be also taxed under provisions of these sections, then and in that event, upon proper showing, the commissioner of revenue shall grant to the person against whom said ad valorem tax was levied, such reduction or abatement of net tax capacity or taxes as was occasioned by the so-called ad valorem tax imposed. If the ad valorem tax upon any aircraft has been assessed against a dealer in new and used aircraft, and the tax imposed by these sections for the required period is thereafter paid by the owner, then and in that event, upon proper showing, the commissioner of revenue, upon the application of said dealer, shall grant to such dealer against whom said ad valorem tax was levied such reduction or abatement of net tax capacity or taxes as was occasioned by the so-called ad valorem tax imposed.

360.532 NONRESIDENT COMMERCIAL OPERATION SUBJECT TO TAX.

Any aircraft of which a nonresident has the right to possession and which is used for commercial operations in this state shall be registered in this state before said aircraft is used for such commercial operations, except that aircraft used for charter which a nonresident has the right to possession need not be so registered if while in the state the nonresident does not advertise, represent, or hold out as giving or offering to provide such service with such aircraft. Aircraft registered under this section shall not be entitled to a refund under 360.62 except if destroyed or for errors in computing the tax or fees and for the error on the part of an owner who may have registered an aircraft that was not before or at the time of such registration, or at any time thereafter during the current past year, subject to such tax in this state, or the aircraft is sold to a nonresident who is not engaged in a commercial operation in this state.

360.54 PRESUMPTION THAT AIRCRAFT SUBJECT TO TAX.

Every aircraft shall be presumed to be one using the air space overlying the state of Minnesota or the airports thereof, and thence subject to taxation under sections 360.511 to 360.67, if such aircraft has prior to the effective date of Laws 1945, Chapter 411, used such air space or airports, or shall actually use them or if it shall come into the possession of an owner in this state, other than a manufacturer, dealer, warehouse operator, mortgagee, or pledgee and it shall be the burden of the owner thereof to prove that said aircraft has not in fact used the air space overlying the state of Minnesota or the airports thereof in order to avoid the payment of the tax as required herein.

360.55 EXEMPTIONS.

Subdivision 1. **Nonresident, noncommercial operator.** Subject to the exceptions set forth in section 360.532, any aircraft owned by a nonresident of this state and transiently or temporarily using the air space overlying this state or the airports thereof shall be exempt from taxation under the provisions of sections 360.511 to 360.67 unless it uses the air space overlying this state or the airports thereof for more than 60 days in the tax period of January 1, 1966, to and including June 30, 1967, or any fiscal year thereafter. The operation of an aircraft in the air space overlying this state or the use of airports within this state for any purpose at any time during one day shall be considered as use for one complete day. Aircraft owned by nonresidents, on the ground at an airport in this state for major repairs, shall not be considered as using the airports

of this state while being repaired and while awaiting return to the nonresident owner provided however, such waiting period shall not exceed 60 days from completion of the repairs.

Subd. 2. Transacting official business. Aircraft owned and used solely in the transaction of official business by representatives of foreign powers, by the federal government, or by the state or any municipality thereof shall be exempt from the provisions of sections 360.54 to 360.67 requiring the payment of a tax, but all such aircraft, except those owned by representatives of foreign powers or by the federal government, shall be registered as required by sections 360.54 to 360.67 and shall display tax exempt number plates, labels, or stamps furnished by the commissioner at cost. The exemption herein provided shall not apply to any aircraft except those owned by representatives of foreign powers or by the federal government and except such aircraft as may be used in general police work, unless the name of the state department or the municipality owning such aircraft shall be plainly printed on both sides thereof in letters of a size and character to be prescribed by the commissioner.

Subd. 3. Civil air patrol. Any aircraft owned and used solely in the transaction of official business by any unit of the civil air patrol created by Public Law Number 476, 79th Congress, Public Law Number 557, 80th Congress or acts amendatory thereto, whether or not the title to such aircraft is retained by the federal government or vested in such unit unconditionally, shall be exempt from the provisions of sections 360.54 to 360.57 requiring the payment of tax, but all such aircraft shall be registered as required by sections 360.54 to 360.57 and shall display tax exempt number plates, labels or stamps furnished by the commissioner at cost.

Subd. 4. Collector's aircraft; special plates. (a) For purposes of this subdivision:

(1) "antique aircraft" means an aircraft constructed by the original manufacturer, or its licensee, on or before December 31, 1945, with the exception of certain pre-World War II aircraft models that had only a small post-war production, such as Beechcraft Staggerwing, Fairchild 24, and Monocoupe; and

(2) "classic aircraft" means an aircraft constructed by the original manufacturer, or its licensee, on or after January 1, 1946, and has a first year of life that precedes the date of registration by at least 50 years.

(b) If an antique or classic aircraft is owned and operated solely as a collector's item, its owner may list it for taxation and registration as follows: A sworn affidavit shall be executed stating the name and address of the owner, the name and address of the person from whom purchased, the make of the aircraft, year and model number of the aircraft, the federal aircraft registration number, the manufacturer's identification number and that the aircraft is owned and operated solely as a collector's item and not for general transportation or commercial operations purposes. The affidavit shall be filed with the commissioner along with a fee of \$25.

(c) Upon satisfaction that the affidavit is true and correct, the commissioner shall issue to the applicant special number plates, decalcomania labels or stamps bearing the inscription "Classic" or "Antique," "Minnesota" and the registration number but no date. The special number plates, decalcomania labels or stamps are valid without renewal as long as the owner operates the aircraft solely as a collector's item.

(d) Should an antique or classic aircraft be operated other than as a collector's item, the special number plates, decalcomania labels or stamps shall be void and removed, and the owner shall list the aircraft for taxation and registration in accordance with the other provisions of sections 360.511 to 360.67.

(e) Upon the sale of an antique or classic aircraft, the new owner must list the aircraft for taxation and registration in accordance with the provisions of this subdivision, including the payment of a \$25 fee to obtain new special plates or payment of a \$5 fee to retain and transfer the existing special plates to the name of the new owner, or the other provisions of sections 360.511 to 360.67, whichever is applicable.

(f) In the event of defacement, loss or destruction of the special number plates, decalcomania labels or stamps, and upon receiving and filing a sworn affidavit of the

MINNESOTA STATUTES 2000

aircraft owner setting forth the circumstances, together with any defaced plates, labels or stamps and a fee of \$5, the commissioner shall issue replacement plates, labels or stamps. The commissioner shall note on the records the issue of replacement number and shall proceed to cancel the original plates, labels or stamps.

Subd. 4a. **Recreational aircraft; classic license.** An aircraft that has a base price for tax purposes under section 360.531 of \$10,000 or less, and that is owned and operated solely for recreational purposes, may be listed for taxation and registration by executing a sworn affidavit stating (1) the name and address of the owner, (2) the name and address of the person from whom purchased, (3) the aircraft's make, year, model number, federal aircraft registration number, and manufacturer's identification number, and (4) that the aircraft is owned and operated solely as a recreational aircraft and not for commercial operational purposes. The affidavit must be filed with the commissioner along with an annual \$25 fee. On being satisfied that the affidavit is true and correct, the commissioner shall issue to the applicant a decal. Should the aircraft be operated other than as a recreational aircraft, the owner shall list the aircraft for taxation and registration and pay the appropriate registration fee under sections 360.511 to 360.67. If the aircraft is sold, the new owner shall list the aircraft for taxation and registration under this subdivision, including the payment of the annual \$25 fee, or under sections 360.511 to 360.67, whichever is applicable.

Subd. 5. **Substitute aircraft.** If an aircraft registered with the state of Minnesota is temporarily removed from service for a period not to exceed 30 days for maintenance and repair, and a like or similar aircraft is substituted for it, the substituted aircraft is exempt from the Minnesota aircraft registration tax during the period of substitution. The exemption is only permitted if the principal aircraft is removed from the state for maintenance and repair. The exemption is not permitted if the principal aircraft is removed from service in the state for scheduling or other purposes.

The owner of the principal aircraft shall notify the commissioner of transportation of the identity of the principal aircraft being removed from the state, the date of removal, and the date that the principal aircraft being removed is returned to service in the state of Minnesota. Similar information shall be reported to the commissioner regarding the substituted aircraft. The information shall be delivered to the commissioner within five days after removal of the principal aircraft and within five days after the substitution of the substitute aircraft, as the case may be. No refunds of aircraft registration taxes shall be made for principal aircraft removed from the state in accordance with this subdivision.

Subd. 6. **Hot air balloon.** Any hot air balloon shall be registered for an annual registration fee of \$25. The registration fee is in lieu of the taxes provided for in sections 360.511 to 360.67. For the purpose of this subdivision, hot air balloon means any lighter-than-air aircraft that is not engine driven.

Subd. 7. **Nonresident aircraft used in air show or exposition.** A nonresident owner of an aircraft operated for compensation or hire and used solely for an air show or exposition shall secure a temporary permit to operate the aircraft from the commissioner or the commissioner's designee prior to its use in this state. The fee for the temporary permit is \$25 and the permit is valid for not more than three days. The permit fee is in lieu of all other taxes provided for in sections 360.511 to 360.67. An aircraft owned by a nonresident of this state and operated or used in this state solely for display or exhibition is exempt from the provisions of sections 360.511 to 360.67.

Subd. 8. **Agricultural aircraft.** Aircraft registered with the Federal Aviation Administration as restricted category aircraft used for agricultural purposes must be listed for taxation and registration upon filing by the owner a sworn affidavit with the commissioner. The affidavit must state:

- (1) the name and address of the owner;
- (2) the name and address of the person from whom purchased;
- (3) the aircraft's make, year, model number, federal registration number, and manufacturer's identification number; and

(4) that the aircraft is owned and operated solely for agricultural operations and purposes.

The owner shall file the affidavit and pay an annual fee established under sections 360.511 to 360.67, which must not exceed \$500. Should the aircraft be operated other than for agricultural purposes, the owner shall list the aircraft for taxation and registration under sections 360.511 to 360.67. If the aircraft is sold, the new owner shall list the aircraft for taxation and registration under this subdivision or under sections 360.511 to 360.67, as applicable.

360.59 AIRCRAFT REGISTRATION AND LISTING FOR TAXATION.

Subdivision 1. Date of listing and application; form. Every owner of aircraft in this state, except as exempted by sections 360.54 and 360.55, shall, before July 1, in each fiscal year thereafter, or as soon after such date of becoming the owner thereof, file with the commissioner, on a blank provided by the commissioner, a listing for taxation and application for the registration of such aircraft, in such form and stating such information as the commissioner may require. The said owner shall certify that the statements made are correct and true, and any false statement willfully and knowingly made in regard thereto shall be deemed a perjury and punished accordingly. The listing and application for registration by dealers or manufacturers' agents within the state of aircraft received for sale or use within the state shall be accepted as compliance with the requirements of sections 360.54 to 360.67 imposed upon the manufacturer.

Subd. 2. Agent or lienor may list. Any act required herein of an owner may be performed in the owner's behalf by a duly authorized agent. Any person having a lien upon, or claim to, any aircraft may pay any tax due thereon to prevent the penalty for

MINNESOTA STATUTES 2000

delayed registration from accruing, but the registration certificate and number plates shall not be issued until legal ownership is definitely determined.

Subd. 3. **Issuance of certificate.** The commissioner shall file such application and upon approval thereof and upon payment of the aircraft tax as provided in sections 360.54 to 360.67, together with all arrears and penalties, if any, and upon the delivery to the commissioner of the duly endorsed registration certificate of the former owner, if any, or proof of loss provided in lieu thereof, shall assign to it a distinctive number and issue to the owner a registration certificate which shall contain the name, place of residence, with street and number, if in a city, and post office address of the owner, a specific description of the aircraft, and the number assigned, together with a place on the face of the certificate in which the owner shall immediately upon receipt thereof place the owner's signature and on the reverse side thereof, an assignment and notice of sale or termination of ownership with places for the signature of both seller and purchaser, and a place for assignment of the tax that has been paid. The registration certificate shall be retained by the owner until surrender as herein provided. In the case of listing and registration by manufacturers' agents or dealers of aircraft not using the air space overlying the state of Minnesota and the airports thereof no registration certificate shall be issued, but a duplicate of such list may be retained by the dealer or manufacturer as the registration certificate.

Subd. 4. **Number plates.** The commissioner, upon such approval and payment, shall also issue to the applicant number plates, decalcomania labels, or stamps bearing an abbreviation of the state name and the number assigned to the aircraft. After being issued for use upon an aircraft no number plate, label, or stamp shall be transferred to another aircraft. Such number plates, labels, or stamps, shall be securely attached in a conspicuous place on the aircraft for which they are issued.

Subd. 5. **Commissioner to approve.** The commissioner shall approve applications and issue number plates for any aircraft. When an applicant is listing the same aircraft for taxation and registration for the second and succeeding time the registration certificate issued for the prior year need not be delivered to the commissioner; but in case of a transfer or sale the registration certificate therefor issued or proof of loss thereof by sworn statement shall be delivered to the commissioner. The commissioner shall be satisfied from the records that all taxes and fees due hereunder shall have been paid, and endorsements upon said certificate or sworn proof of loss in writing signed by the seller and purchaser, shall furnish proof that the applicant for registration is paying or receiving credit for the tax upon the aircraft of which the applicant is the rightful possessor.

Subd. 6. **Expiration of registration certificate.** The registered owner's right to the registration certificate provided for herein and the right to use the number plates issued therewith shall expire upon the termination of ownership of any person in the aircraft for which the same was issued, and in any event at midnight on June 30 of the fiscal year for which the registration certificate was issued.

Subd. 7. **Transfer of ownership.** Upon the transfer of ownership, destruction, theft, dismantling as such, or the permanent removal by the owner thereof from this state of any aircraft registered in accordance with the provisions of sections 360.511 to 360.67, the right of the owner of such aircraft to use the registration certificate and number plates assigned such aircraft shall expire, and such certificate and any existing plates shall be, by such owner, forthwith returned with transportation prepaid to the commissioner with a signed notice of the date and manner of termination of ownership, giving the name and post office address, with street and number, if in a city, of the person to whom transferred; provided, however, that whenever the ownership of an aircraft shall be transferred to another who shall forthwith register the same in that person's name, the commissioner may permit the manual delivery of such plates to the new owner of such aircraft. On becoming the owner by gift, trade or purchase of any aircraft for which a registration certificate has been theretofore issued under the provisions of sections 360.511 to 360.67, a person, including a dealer or manufacturer, shall, within seven days after acquiring ownership, join with the registered owner in transmitting

with an application the said registration certificate with the assignment and notice of sale duly executed upon the reverse side thereof, or in case of loss of such certificate, with such proof of loss by sworn statements in writing as shall be satisfactory to the commissioner. Upon the transfer of any aircraft by a manufacturer or dealer, for use within the state, whether by sale, lease or otherwise, such manufacturer or dealer shall, within seven days after such transfer, transmit the transferee's application for registration thereof and such manufacturer or dealer shall each month file with the commissioner a notice or report containing the date of such transfer, a description of such aircraft, and the name, street and number of residence, if in a city, and post office address of the transferee.

Subd. 8. Amendment, suspension, modification, revocation. All registrations and issue of number plates shall be subject to amendment, suspension, modification or revocation by the commissioner summarily for any violation of or neglect to comply with the provisions of sections 360.511 to 360.67. In any case where the proper registration of an aircraft is dependent upon procuring information entailing such delay as to unreasonably deprive the owner of the use of the aircraft, the commissioner may issue a tax receipt and plates conditionally. In any case when revoking a registration for cause, the commissioner shall have authority to demand the return of the number plates and registration certificate, and, if necessary, to seize the number plates issued for such registration.

Subd. 9. Defacement or destruction of number plates. In the event of the defacement, loss or destruction of any number plates the commissioner upon receiving and filing a sworn statement of the aircraft owner, setting forth the circumstances of the defacement, loss, destruction or theft of the number plates, together with any defaced plates and the payment of the fee of \$1 shall issue a new set of plates especially designed for that purpose. The commissioner shall then note on the records the issue of such new number plates and shall proceed in such manner as the commissioner may deem advisable to cancel and call in the original plates so as to insure against their use on another aircraft. Duplicate registration certificates plainly marked as duplicates may be issued in like cases upon the payment of a 25 cent fee.

Subd. 10. Certificate of insurance. Every owner of aircraft in this state when applying for registration, reregistration, or transfer of ownership shall supply any information the commissioner reasonably requires to determine that the aircraft during the period of its contemplated operation is covered by an insurance policy with limits of not less than \$25,000 per passenger seat liability both for passenger bodily injury or death and for property damage; not less than \$25,000 for bodily injury or death to each nonpassenger in any one accident; and not less than \$50,000 per occurrence for bodily injury or death to nonpassengers in any one accident. The information shall include but is not limited to the name and address of the owner, the period of contemplated use or operation, if any, and, if insurance coverage is then presently required, the name of the insurer, the insurance policy number, the term of the coverage, policy limits and any other data the commissioner requires. No certificate of registration shall be issued pursuant to subdivision 3 in the absence of the information required by this subdivision. In the event of cancellation of aircraft insurance by the insurer, the insurer shall notify the department of transportation at least ten days prior to the date on which the insurance coverage is to be terminated. Unless proof of a new policy of insurance is filed with the department meeting the requirements of this subdivision during the period of the aircraft's contemplated use or operation, the registration certificate for the aircraft shall be revoked forthwith. Provided, however, that nothing in this subdivision shall be construed to require an owner of aircraft to maintain passenger seat liability coverage on aircraft for which an experimental certificate has been issued by the Administrator of the Federal Aviation Administration pursuant to Code of Federal Regulations, title 14, sections 21.191 to 21.195 and 91.42, whereunder persons operating the aircraft are prohibited from carrying passengers in the aircraft. Whenever the aircraft becomes certificated to carry passengers, passenger seat liability coverage shall be required as provided in this subdivision. The requirements of this subdivision shall not apply to any aircraft built by the original manufacturer prior to December 31,

1939 and owned and operated solely as a collector's item, if the owner files an affidavit with the commissioner. The affidavit shall state the owner's name and address, the name and address of the person from whom the aircraft was purchased, the make, year and model number of the aircraft, the federal aircraft registration number, the manufacturer's identification number, and that the aircraft is owned and operated solely as a collector's item and not for general transportation purposes.

360.60 REGISTRATION REQUIRED; EXEMPTION; MISDEMEANOR.

Subdivision 1. **Registration required; exemption; perjury.** Every aircraft not exempted by sections 360.54 and 360.55 shall be registered as required by this act whether or not said aircraft is being used in the air space overlying the state of Minnesota or on the airports thereof. Aircraft which have become damaged, are unairworthy and not in flying condition and which have not in fact used the air space overlying the state of Minnesota or the airports thereof during the period January 1, 1966, to and including June 30, 1967, or during any fiscal year thereafter, shall not be subject to the tax provided by this act for such tax periods provided the owner of such aircraft shall with the application for registration file with the commissioner a signed statement describing the aircraft, its condition, and the reason for such aircraft not being in operating condition, and furnish such other information as may be necessary for the commissioner to determine that the aircraft is not in fact using the air space overlying the state of Minnesota or the airports thereof. Any false statement willfully and knowingly made in regard thereto shall be deemed a perjury and punished accordingly. Upon receipt of such application together with the statement required herein, the commissioner shall issue to such owner a certificate which shall state thereon that the tax has not been paid and that the aircraft shall not use the air space overlying the state of Minnesota or the airports thereof until the tax required by this act has been paid.

Subd. 2. **Misdemeanor.** Every aircraft owner who fails or neglects to register the aircraft as required by this act shall be guilty of a misdemeanor.

360.61 DUE DATE OF TAX; PENALTIES AND FEES.

Subdivision 1. **First registration.** The tax required under sections 360.54 to 360.67 to be paid upon an aircraft is due as soon as the aircraft first uses the air space overlying the state of Minnesota or the airports within the state, in accordance with section 360.54, and a penalty shall be assessed upon the expiration of 20 days after the aircraft first uses the air space or the airports, unless paid.

Subd. 2. **Renewal registration.** The tax for that period January 1, 1966, to and including June 30, 1967, and for each fiscal year, shall be due and payable July 1, and a penalty shall be assessed upon the expiration of ten days after July 1 of that fiscal year, unless paid.

Subd. 3. **Penalty fees.** An owner or person charged with the duty to register an aircraft or pay a tax payable under the provisions of sections 360.511 to 360.67 who fails or delays to register the aircraft and pay the tax as required by the provisions of sections 360.511 to 360.67 shall pay to the commissioner as an added fee for failure or delay after the due date in registering and paying the tax a penalty fee of \$2.50 for the calendar month in which the due date falls plus a monthly penalty of five percent of the tax due and payable for the tax period for which the penalty is charged, the monthly penalty to be paid for the first calendar month or a part of that calendar month, after the month in which the due date falls and for each additional month or a part of that additional month in which the failure or delay continues; but in no event shall the total added fees and penalties for the failure or the delay exceed the sum of \$200 for the tax period for which the added fee or penalty is charged. 360.62 TAX REFUND.

Except as provided herein the tax upon any aircraft which has been paid for any year, shall be refunded only for errors made in computing the tax or fees or for the error on the part of an owner who may in error have registered an aircraft that was not before, nor at the time of such registration, nor at any time thereafter during the tax period, subject to such tax in this state, provided that after more than 24 months after such tax was paid no refund shall be made for any tax paid on any aircraft. Refunds as provided by sections 360.511 to 360.67 shall be made in the manner provided by Laws 1947, chapter 416. The former owner of a transferred aircraft by an assignment in writing endorsed upon the former owner's registration certificate and delivered to the commissioner within the time provided herein may sell and assign to the new owner thereof the right to have the tax paid by the former owner accredited to such new owner who duly registers such aircraft. Any owner whose aircraft shall be destroyed or permanently removed from the state shall be entitled to a refund for the unused portion of the tax paid upon the aircraft so destroyed or removed from the state, such refund to be computed pro rata by the month, and to be equal to the monthly tax rate multiplied by the number of full calendar months remaining in the fiscal year, or multiplied by the number of full calendar months remaining in that period between January 1, 1966, to and including June 30, 1967, whichever period is applicable.

In order to secure such refund, the aircraft owner shall submit a signed statement that such aircraft has either been sold out-of-state or destroyed, the date of such sale or destruction and such other information as the commissioner may require. Any false statement willfully and knowingly made in regard thereto shall be deemed a perjury and punished accordingly. REGULATION OF STRUCTURE HEIGHTS

360.81 PURPOSE: SAFE FLIGHT.

The safety, welfare, and protection of persons and property in the air and on the ground and of the maintenance of electronic communications within this state require that the navigable air space overlying the state and the approaches to and the air traffic pattern area of any public airport in this state be maintained in a reasonably unobstructed condition for the safe flight of aircraft. To that end, the location, height, and identification of structures and the use of land thereto related, are regulated.

History: 1959 c 387 s 1

360.82 DEFINITIONS.

As used in sections 360.81 to 360.91, unless the context otherwise requires:

“Permit” means a permit issued by the commissioner of transportation under the provisions of sections 360.81 to 360.91.

“Airport reference point” is a point selected and marked at the approximate geometric center of the airport landing area.

“Public airport” means any area of land which is either licensed as a public use airport by the commissioner of transportation or is operated by a metropolitan airports commission as a public use airport.

History: 1959 c 387 s 2; 1976 c 166 s 7

360.83 PERMIT, NECESSITY.

Subdivision 1. **Building height.** Until a permit therefor has been issued by the commissioner, no person shall erect, or add to the height of any structure at any place in this state which will result in a structure extending more than 500 feet above the highest point of land within a one mile radius from the structure, except when allowed under subdivision 2 or 3.

Subd. 2. **Permit required in unzoned areas.** In territory surrounding public airports for which zoning regulations have not been adopted pursuant to sections 360.061 to 360.074, no person may erect, or add to the height of any structure which will result in an obstruction to air navigation as defined by rules of the commissioner of transportation, until a permit therefor has been issued by the commissioner. In accordance with section 360.015, subdivision 4, these rules of the commissioner must be kept in conformity with federal legislation and federal rules and standards. The commissioner may designate the airport reference point for all airports affected by this subdivision.

Subd. 3. **Zoning regulations controlling.** In territory for which zoning regulations have been adopted pursuant to sections 360.061 to 360.074, no permit from the commissioner is required. Regulations effective on the effective date of Laws 1959, chapter 387, or which become effective subsequent to that date shall control the erection, addition to the height of, or replacement of a structure. No person may erect, add to the height of, or replace any structure except as allowed by those zoning regulations.

Subd. 4. **Exception for unnecessary hardship.** Under subdivisions 1 and 2, the commissioner may issue a permit for a structure which will be located with respect to natural formations or other objects of a permanent character so that no material increase in the aeronautical hazard results therefrom. The commissioner shall issue permits where a literal application or enforcement of the regulations would result in practical difficulty or unnecessary hardship and the relief granted would not be contrary to the public interest but do substantial justice and be in accordance with the spirit of the rules and sections 360.011 to 360.074.

Subd. 5. **Exception for structure already in place or federally authorized.** No permit is required for structures existing or authorized by an agency of the federal government prior to the effective date of Laws 1959, chapter 387. No change in the rules of the commissioner and no relocation or alteration of an airport imposes a new restriction on any structure existing or authorized by an agency of the federal government at the time of the change, relocation or alteration.

History: 1959 c 387 s 3; 1976 c 166 s 7; 1986 c 444

The commissioner may issue a permit to erect or add to a structure which will extend to a height of more than 1000 feet above the highest point of land within a one mile radius from the location of the structure proposed to be erected or added to if such proposed structure will not be higher than 50 feet above the height of the highest structure in existence on the effective date of Laws 1959, chapter 387 which is within a distance of one mile from the location of the structure proposed to be erected or added to.

History: 1959 c 387 s 4

History: 1959 c 387 s 5

360.86 VISUAL OR AURAL IDENTIFICATION.

Every permit granted shall also specify what, if any, obstruction markers, markings, lighting, or other visual or aural identification shall be installed on or in the vicinity of the structure. Such identification characteristics required shall conform to federal laws and regulations where applicable; however, a higher standard of identification may be required under sections 360.81 to 360.91.

History: 1959 c 387 s 6

360.87 INVESTIGATION; DETERMINATION; NOTICE; HEARING.

Upon receiving an application for a permit the commissioner shall make such investigation as may be necessary to process the application properly under sections 360.81 to 360.91.

If, upon such investigation, the commissioner determines that a permit should not be issued or that the height or location should be other than as applied for, the commissioner shall thereupon notify the applicant in writing of that determination. Such notification may be served by delivering it personally to the applicant or by sending it first class mail to the applicant at the address specified in the application. Such determination shall become final 20 days after notification thereof is served unless the applicant, within such 20-day period, requests in writing that a hearing be held before the commissioner with reference to the application. All such hearings shall be open to the public. Any person interested may appear and be heard either in person or by counsel and may present such evidence and testimony as may be pertinent.

History: 1959 c 387 s 7; 1986 c 444

A date for a hearing thereon shall be set out in such order.

History: 1959 c 387 s 8; 1986 c 444

360.89 ENFORCEMENT.
