Subd. 7. **Modifications to schedule.** (a) The commissioner of health may adopt modifications to the immunization requirements of this section. A proposed modification made under this subdivision must be part of the current immunization recommendations of each of the following organizations: the United States Public Health Service's Advisory Committee on Immunization Practices, the American Academy of

If the chairs of the relevant standing committees determine a public hearing regarding the proposed modifications is in order, the hearing must be scheduled within 60 days of receiving notice from the commissioner. If a hearing is scheduled, the commissioner may not adopt any proposed modifications until after the hearing is held.

(c) The commissioner shall comply with the requirements of chapter 14 regarding the adoption of any proposed modifications to the immunization schedule.

(d) In addition to the publication requirements of chapter 14, the commissioner of health must inform all immunization providers of any adopted modifications to the immunization schedule in a timely manner.
