

Health

CHAPTER 144

DEPARTMENT OF HEALTH

STATE COMMISSIONER OF HEALTH		144.145	Fluoridation of municipal water supplies.
144.011	Department of health.	144.146	Treatment of cystic fibrosis.
144.05	General duties of commissioner; reports.	SUMMER HEALTH CARE INTERNS	
144.0505	Cooperation with commissioner of human services.	144.1464	Summer health care interns.
144.051	Data relating to licensed and registered persons.	RURAL HOSPITAL GRANTS	
144.052	Use of data.	144.1465	Finding and purpose.
144.0525	Data from labor and industry and economic security departments; epidemiologic studies.	144.147	Rural hospital planning and transition grant program.
144.053	Research studies confidential.	RURAL HOSPITAL DEMONSTRATION PROJECT	
144.0535	Entry for inspection.	144.1475	Rural hospital demonstration project.
144.054	Subpoena power.	RURAL HOSPITAL GRANT PROGRAM	
144.055	Home safety programs.	144.148	Rural hospital capital improvement grant program.
144.056	Plain language in written materials.	RURAL HEALTH	
144.057	Background studies on licensees and supplemental nursing services agency personnel.	144.1481	Rural health advisory committee.
144.06	State commissioner of health to provide instruction.	144.1482	Office of rural health.
144.062	Vaccine cost reduction program.	144.1483	Rural health initiatives.
144.065	Prevention and treatment of sexually transmitted infections.	144.1484	Rural hospital financial assistance grants.
144.07	Powers of commissioner.	144.1485	Database on health personnel.
144.071	Merit system for local employees.	144.1486	Rural community health centers.
144.072	Implementation of Social Security Amendments of 1972.	NATIONAL HEALTH SERVICES CORPS STATE LOAN REPAYMENT PROGRAM	
144.0721	Assessments of care and services to nursing home residents.	144.1487	Loan repayment program for health professionals.
144.0722	Resident reimbursement classifications; procedures for reconsideration.	144.1488	Program administration and eligibility.
144.0724	Resident reimbursement classification.	144.1489	Obligations of participants.
144.074	Funds received from other sources.	144.1490	Responsibilities of loan repayment program.
144.0742	Contracts for provision of public health services.	144.1491	Failure to complete obligated service.
144.0751	Health standards.	144.1492	State rural health network reform initiative.
144.076	Mobile health clinic.	144.1493	Nursing grant program.
144.077	Mobile health care providers.	144.1494	Rural physicians.
144.09	Cooperation with federal authorities.	144.1495	Midlevel practitioners.
144.092	Coordinated nutrition data collection.	144.1496	Nurses in nursing homes or ICFMRs.
144.10	Federal aid for maternal and child welfare services; custodian of fund; plan of operation; local appropriations.	144.1497	Rural clinical sites for nurse practitioner education.
144.11	Rules.	144.1499	Promotion of health care and long-term care careers.
144.12	Regulation, enforcement, licenses, fees.	144.1502	Dentists loan forgiveness.
RADIATION HAZARDS PROGRAM		VITAL STATISTICS	
144.1201	Definitions.	144.211	Citation.
144.1202	United States Nuclear Regulatory Commission agreement.	144.212	Definitions.
144.1203	Training; rulemaking.	144.213	Office of the state registrar.
144.1204	Surety requirements.	144.214	Local registrars of vital statistics.
144.1205	Radioactive material; source and special nuclear material; fees; inspection.	144.215	Birth registration.
144.121	X-ray machines and facilities using other sources of ionizing radiation.	144.216	Foundling registration.
144.122	License, permit, and survey fees.	144.217	Delayed records of birth.
144.1222	Public pools; enclosed sports arenas.	144.218	Replacement birth records.
144.123	Fees for diagnostic laboratory services; exceptions.	144.221	Death registration.
144.125	Tests of infants for inborn metabolic errors.	144.2215	Birth defects registry system.
144.126	Inborn metabolism error testing programs.	144.222	Reports of fetal or infant death.
144.128	Treatment for positive diagnosis, registry of cases.	144.223	Report of marriage.
144.13	Rules, notice published.	144.225	Disclosure of information from vital records.
144.14	Quarantine of interstate carriers.	144.2252	Access to original birth record after adoption.
		144.226	Fees.
		144.227	Penalties.
		HEALTH RECORDS AND REPORTS	
		144.29	Health records; children of school age.
		144.30	Copies of records evidence in juvenile court.
		144.32	False statements to be cause for discharge.

- 144.334 Right to request patient information.
- 144.335 Access to health records.
- 144.3351 Immunization data.
- 144.3352 Hepatitis B maternal carrier data; infant immunization.
- 144.336 Registry of persons typed for human leukocyte antigens.
- 144.34 Investigation and control of occupational diseases.

CONSENT OF MINORS FOR HEALTH SERVICES

- 144.341 Living apart from parents and managing financial affairs, consent for self.
- 144.342 Marriage or giving birth, consent for health service for self or child.
- 144.343 Pregnancy, venereal disease, alcohol or drug abuse, abortion.
- 144.344 Emergency treatment.
- 144.3441 Hepatitis B vaccination.
- 144.345 Representations to persons rendering service.
- 144.346 Information to parents.
- 144.347 Financial responsibility.

WATER POLLUTION

- 144.35 Pollution of water.
- 144.36 Appeal to district court.
- 144.37 Other remedies preserved.

SAFE DRINKING WATER ACT

- 144.381 Citation.
- 144.382 Definitions.
- 144.383 Authority of commissioner.
- 144.3831 Fees.
- 144.384 Notice of violation.
- 144.385 Public notice.
- 144.386 Penalties.
- 144.387 Costs.

FEMALE GENITAL MUTILATION; EDUCATION AND OUTREACH

- 144.3872 Female genital mutilation; education and outreach.

PROMOTION OF NONSMOKING

- 144.391 Public policy.
- 144.392 Duties of the commissioner.
- 144.393 Public communications program.
- 144.394 Health promotion and education.

TOBACCO USE PREVENTION AND LOCAL PUBLIC HEALTH ENDOWMENT FUND

- 144.395 Tobacco use prevention and local public health endowment fund.
- 144.396 Tobacco use prevention.

COMMUNITY PREVENTION GRANTS

- 144.401 Community prevention grants.
- CLEAN INDOOR AIR ACT
- 144.411 Citation.
 - 144.412 Public policy.
 - 144.413 Definitions.
 - 144.414 Prohibitions.
 - 144.415 Designation of smoking areas.
 - 144.416 Responsibilities of proprietors.
 - 144.4165 Tobacco products prohibited in public schools.
 - 144.417 Commissioner of health, enforcement, penalties.

HEALTH THREAT PROCEDURES

- 144.4171 Scope.
- 144.4172 Definitions.
- 144.4173 Cause of action.
- 144.4174 Standing.
- 144.4175 Reporting.
- 144.4176 Petition; notice.
- 144.4177 Time of hearing and duties of counsel.
- 144.4178 Criminal immunity.
- 144.4179 Standard of proof; evidence.
- 144.4180 Remedies.
- 144.4181 Appeal.
- 144.4182 Temporary emergency hold.

- 144.4183 Emergency hold hearing.
- 144.4184 Contact data.
- 144.4185 Costs.
- 144.4186 Data privacy.

ISOLATION AND QUARANTINE

- 144.419 Isolation and quarantine of persons.
- 144.4195 Due process for isolation or quarantine of persons.

TUBERCULOSIS

- 144.441 Tuberculosis screening in schools.
- 144.442 Testing in school clinics.
- 144.443 Tuberculosis health threat to others.
- 144.444 Tuberculosis emergency hold.
- 144.445 Tuberculosis screening in correctional institutions and facilities.
- 144.45 Tuberculosis in schools; certificate.

TUBERCULOSIS HEALTH THREAT

- 144.4801 Title.
- 144.4802 Authority.
- 144.4803 Definitions.
- 144.4804 Reporting relating to tuberculosis.
- 144.4805 Issuance of health order; rights of carrier and respondent.
- 144.4806 Preventive measures under health order.
- 144.4807 Notice of obligation to isolate or examine.
- 144.4808 Apprehend and hold order.
- 144.4809 Preliminary hearing.
- 144.4810 Final hearing.
- 144.4811 Periodic review and release from detention.
- 144.4812 Costs of care.
- 144.4813 Data privacy.
- 144.49 Violations; penalties.

FORMALDEHYDE GASES IN BUILDING MATERIALS

- 144.495 Formaldehyde rules.

HOSPITALS

- 144.50 Hospitals, licenses; definitions.
- 144.51 License applications.
- 144.52 Application.
- 144.53 Fees.
- 144.54 Inspections.
- 144.55 Licenses; issuance, suspension and revocation by commissioner.
- 144.551 Hospital construction moratorium.
- 144.555 Hospital closings; patient relocations.
- 144.56 Standards.
- 144.561 Restriction of name and description of certain medical facilities.
- 144.562 Swing bed approval; issuance of license conditions; violations.
- 144.563 Nursing services provided in a hospital; prohibited practices.
- 144.564 Monitoring of subacute or transitional care services.
- 144.572 Institutions excepted.
- 144.573 Pets in certain institutions.
- 144.58 Information, confidential.
- 144.581 Hospital authorities.

NURSING HOME ADMISSION CONTRACTS

- 144.6501 Nursing home admission contracts.

SUBACUTE CARE WAIVERS

- 144.6505 Subacute care waivers.

PATIENTS BILL OF RIGHTS

- 144.651 Patients and residents of health care facilities; bill of rights.
- 144.652 Bill of rights notice to patient or resident; violation.
- 144.653 Rules; periodic inspections; enforcement.
- 144.6535 Variance or waiver.
- 144.654 Experts may be employed.
- 144.655 Program for voluntary medical aid.
- 144.656 Employees to be compensated.
- 144.657 Volunteer efforts encouraged.
- 144.658 Epidemiologic data discovery.

- 144.6581 Determination of whether data identifies individuals.
- 144.6585 Identification of health care providers.
- TRAUMATIC BRAIN AND SPINAL CORD INJURIES**
- 144.661 Definitions.
- 144.662 Traumatic brain injury and spinal cord injury registry; purpose.
- 144.663 Duty to report.
- 144.664 Duties of commissioner.
- 144.665 Traumatic brain injury and spinal cord injury data.
- CANCER SURVEILLANCE SYSTEM**
- 144.671 Cancer surveillance system; purpose.
- 144.672 Duties of commissioner; rules.
- 144.68 Records and reports required.
- 144.69 Classification of data on individuals.
- 144.691 Grievance procedures.
- 144.693 Medical malpractice claims; reports.
- HEALTH CARE COST INFORMATION**
- 144.695 Citation.
- 144.696 Definitions.
- 144.697 General powers and duties of state commissioner of health.
- 144.698 Reporting requirements.
- 144.699 Continuing analysis.
- 144.70 Biennial report.
- 144.701 Rate disclosure.
- 144.702 Voluntary reporting of hospital and outpatient surgical center costs.
- 144.7022 Administrative penalty orders for reporting organizations.
- 144.703 Additional powers.
- CHILDREN'S CAMPS**
- 144.71 Purpose; definitions.
- 144.72 Operation.
- 144.73 State commissioner of health; duties.
- 144.74 Rules, standards.
- BLOODBORNE PATHOGENS; EMERGENCY MEDICAL SERVICES PERSON**
- 144.7401 Definitions.
- 144.7402 Conditions for applicability of procedures.
- 144.7403 Information required to be given to individuals.
- 144.7404 Disclosure of positive bloodborne pathogen test results.
- 144.7405 Consent procedures generally.
- 144.7406 Testing of available blood.
- 144.7407 Blood sample collection for testing.
- 144.7408 No discrimination.
- 144.7409 Use of test results.
- 144.7411 Test information confidentiality.
- 144.7412 Penalty for unauthorized release of information.
- 144.7413 Responsibility for testing and treatment; costs.
- 144.7414 Protocols for exposure to bloodborne pathogens.
- 144.7415 Penalties and immunity.
- ALCOHOLISM COUNSELOR**
- 144.84 Civil service classification.
- HUMAN GENETICS**
- 144.91 Powers and duties.
- 144.92 Grants or gifts.
- MOSQUITO RESEARCH PROGRAM**
- 144.95 Mosquito research program.
- LEAD POISONING PREVENTION ACT**
- 144.9501 Definitions.
- 144.9502 Lead surveillance and the occurrence of lead in the environment.
- 144.9503 Primary prevention.
- 144.9504 Secondary prevention.
- 144.9505 Licensing of lead firms and professionals.
- 144.9507 Lead-related funding.
- 144.9508 Rules.
- 144.9509 Enforcement.
- CERTIFICATION OF ENVIRONMENTAL LABORATORIES**
- 144.97 Definitions.
- 144.98 Certification of environmental laboratories.
- HEALTH ENFORCEMENT CONSOLIDATION ACT OF 1993**
- 144.989 Title; citation.
- 144.99 Enforcement.
- 144.991 Administrative penalty order procedure.
- 144.992 False information.
- 144.993 Recovery of litigation costs and expenses.

STATE COMMISSIONER OF HEALTH

144.01 [Repealed, 1977 c 305 s 46]

144.011 DEPARTMENT OF HEALTH.

Subdivision 1. **Commissioner.** The department of health shall be under the control and supervision of the commissioner of health who shall be appointed by the governor under the provisions of section 15.06. The state board of health is abolished and all powers and duties of the board are transferred to the commissioner of health. The commissioner shall be selected without regard to political affiliation but with regard to ability and experience in matters of public health.

Subd. 2. **State health advisory task force.** The commissioner of health may appoint a state health advisory task force. If appointed, members of the task force shall be broadly representative of the licensed health professions and shall also include public members as defined by section 214.02. The task force shall expire, and the terms, compensation, and removal of members shall be as provided in section 15.059.

History: 1977 c 305 s 39; 1983 c 260 s 30

144.02 [Repealed, 1977 c 305 s 46]

144.03 [Repealed, 1977 c 305 s 46]

144.04 [Repealed, 1977 c 305 s 46]

144.05 GENERAL DUTIES OF COMMISSIONER; REPORTS.

Subdivision 1. **General duties.** The state commissioner of health shall have general authority as the state's official health agency and shall be responsible for the development and maintenance of an organized system of programs and services for protecting, maintaining, and improving the health of the citizens. This authority shall include but not be limited to the following:

- (a) Conduct studies and investigations, collect and analyze health and vital data, and identify and describe health problems;
- (b) Plan, facilitate, coordinate, provide, and support the organization of services for the prevention and control of illness and disease and the limitation of disabilities resulting therefrom;
- (c) Establish and enforce health standards for the protection and the promotion of the public's health such as quality of health services, reporting of disease, regulation of health facilities; environmental health hazards and personnel;
- (d) Affect the quality of public health and general health care services by providing consultation and technical training for health professionals and paraprofessionals;
- (e) Promote personal health by conducting general health education programs and disseminating health information;
- (f) Coordinate and integrate local, state and federal programs and services affecting the public's health;
- (g) Continually assess and evaluate the effectiveness and efficiency of health service systems and public health programming efforts in the state; and
- (h) Advise the governor and legislature on matters relating to the public's health.

Subd. 2. **Mission; efficiency.** It is part of the department's mission that within the department's resources the commissioner shall endeavor to:

- (1) prevent the waste or unnecessary spending of public money;
- (2) use innovative fiscal and human resource practices to manage the state's resources and operate the department as efficiently as possible;
- (3) coordinate the department's activities wherever appropriate with the activities of other governmental agencies;
- (4) use technology where appropriate to increase agency productivity, improve customer service, increase public access to information about government, and increase public participation in the business of government;
- (5) utilize constructive and cooperative labor-management practices to the extent otherwise required by chapters 43A and 179A;
- (6) report to the legislature on the performance of agency operations and the accomplishment of agency goals in the agency's biennial budget according to section 16A.10, subdivision 1; and
- (7) recommend to the legislature appropriate changes in law necessary to carry out the mission and improve the performance of the department.

Subd. 3. **Appropriation transfers to be reported.** When the commissioner transfers operational money between programs under section 16A.285, in addition to the requirements of that section the commissioner must provide the chairs of the legislative committees that have jurisdiction over the agency's budget with sufficient detail to identify the account to which the money was originally appropriated, and the account to which the money is being transferred.

Subd. 4. **Identification of deceased individuals.** Upon receiving notice under section 149A.90, subdivision 1, of the death of an individual who cannot be identified, the commissioner must post on the department's Web site information regarding the individual for purposes of obtaining information that may aid in identifying the individual and for purposes of notifying relatives who may be seeking the individual.

The information must remain on the Web site continuously until the person's identity is determined.

History: (5339) *RL s 2130; 1973 c 356, s 2; 1977 c 305 s 45; 1986 c 444; 1995 c 248 art 11 s 11; 1998 c 366 s 57; 1999 c 245 art 1 s 14; 2002 c 375 art 3 s 4*

144.0505 COOPERATION WITH COMMISSIONER OF HUMAN SERVICES.

The commissioner shall promptly provide to the commissioner of human services upon request information on hospital revenues, nursing home licensure, and health maintenance organization revenues specifically required by the commissioner of human services to operate the provider surcharge program.

History: *1992 c 513 art 7 s 1*

144.051 DATA RELATING TO LICENSED AND REGISTERED PERSONS.

Subdivision 1. **Purpose.** The legislature finds that accurate information pertaining to the numbers, distribution and characteristics of health-related personnel is required in order that there exist an adequate information resource at the state level for purposes of making decisions pertaining to health personnel.

Subd. 2. **Information system.** The commissioner of health shall establish a system for the collection, analysis and reporting of data on individuals licensed or registered by the commissioner or the health-related licensing boards as defined in section 214.01, subdivision 2. Individuals licensed or registered by the commissioner or the health-related licensing boards shall provide information to the commissioner of health that the commissioner may, pursuant to section 144.052, require. The commissioner shall publish at least biennially, a report which indicates the type of information available and methods for requesting the information.

History: *1978 c 759 s 1; 1986 c 444*

144.052 USE OF DATA.

Subdivision 1. **Rules.** The commissioner, after consultation with the health-related licensing boards as defined in section 214.01, subdivision 2, shall promulgate rules in accordance with chapter 14 regarding the types of information collected and the forms used for collection. The types of information collected shall include licensure or registration status, name, address, birth date, sex, professional activity status, and educational background or similar information needed in order to make decisions pertaining to health personnel.

Subd. 2. **Coordination with licensure renewal.** In order that the collection of the information specified in this section not impose an unnecessary burden on the licensed or registered individual or require additional administrative cost to the state, the commissioner of health shall, whenever possible, collect the information at the time of the individual's licensure or registration renewal. The health-related licensing boards shall include the request for the information that the commissioner may require pursuant to subdivision 1 with the licensure renewal application materials, provided, however, that the collection of health personnel data by the commissioner shall not cause the licensing boards to incur additional costs or delays with regard to the license renewal process.

History: *1978 c 759 s 2; 1982 c 424 s 130; 1986 c 444*

144.0525 DATA FROM LABOR AND INDUSTRY AND ECONOMIC SECURITY DEPARTMENTS; EPIDEMIOLOGIC STUDIES.

All data collected by the commissioner of health under sections 176.234, 268.19, and 270B.14, subdivision 11, shall be used only for the purposes of epidemiologic investigations, notification of persons exposed to health hazards as a result of employment, and surveillance of occupational health and safety.

History: *1991 c 202 s 5; 1992 c 569 s 7; 1994 c 483 s 1; 1997 c 66 s 79*

144.053 RESEARCH STUDIES CONFIDENTIAL.

Subdivision 1. **Status of data collected by commissioner.** All information, records of interviews, written reports, statements, notes, memoranda, or other data procured by the state commissioner of health, in connection with studies conducted by the state commissioner of health, or carried on by the said commissioner jointly with other persons, agencies or organizations, or procured by such other persons, agencies or organizations, for the purpose of reducing the morbidity or mortality from any cause or condition of health shall be confidential and shall be used solely for the purposes of medical or scientific research.

Subd. 2. **Limits on use and disclosure.** Such information, records, reports, statements, notes, memoranda, or other data shall not be admissible as evidence in any action of any kind in any court or before any other tribunal, board, agency or person. Such information, records, reports, statements, notes, memoranda, or other data shall not be exhibited nor their contents disclosed in any way, in whole or in part, by any representative of the state commissioner of health, nor by any other person, except as may be necessary for the purpose of furthering the research project to which they relate. No person participating in such research project shall disclose, in any manner, the information so obtained except in strict conformity with such research project. No employee of said commissioner shall interview any patient named in any such report, nor a relative of any such patient, unless the consent of the attending physician and surgeon is first obtained.

Subd. 3. **No liability for giving information.** The furnishing of such information to the state commissioner of health or an authorized representative, or to any other cooperating agency in such research project, shall not subject any person, hospital, sanitarium, nursing home or other person or agency furnishing such information, to any action for damages or other relief.

Subd. 4. **Violation a misdemeanor.** Any disclosure other than is provided for in this section, is hereby declared to be a misdemeanor and punishable as such.

Subd. 5. **Personally identifying information.** The commissioner of health or the commissioner's agent is not required to solicit information that personally identifies persons selected to participate in an epidemiologic study if the commissioner determines that:

(1) the study monitors incidence or prevalence of a serious disease to detect potential health problems and predict risks, provides specific information to develop public health strategies to prevent serious disease, enables the targeting of intervention resources for communities, patients, or groups at risk of the disease, and informs health professionals about risks, early detection, or treatment of the disease;

(2) the personally identifying information is not necessary to validate the quality, accuracy, or completeness of the study; or

(3) the collection of personally identifying information may seriously jeopardize the validity of study results, as demonstrated by an epidemiologic study.

History: 1955 c 769 s 1-4; 1976 c 173 s 31; 1977 c 305 s 45; 1986 c 444; 1988 c 689 art 2 s 29

144.0535 ENTRY FOR INSPECTION.

For the purposes of performing their official duties, all officers and employees of the state department of health shall have the right to enter any building, conveyance, or place where contagion, infection, filth, or other source or cause of preventable disease exists or is reasonably suspected.

History: 1989 c 282 art 2 s 7

144.054 SUBPOENA POWER.

Subdivision 1. **Generally.** The commissioner may, as part of an investigation to determine whether a serious health threat exists or to locate persons who may have been exposed to an agent which can seriously affect their health, issue subpoenas to

require the attendance and testimony of witnesses and production of books, records, correspondence, and other information relevant to any matter involved in the investigation. The commissioner or the commissioner's designee may administer oaths to witnesses or take their affirmation. The subpoenas may be served upon any person named therein anywhere in the state by any person authorized to serve subpoenas or other processes in civil actions of the district courts. If a person to whom a subpoena is issued does not comply with the subpoena, the commissioner may apply to the district court in any district and the court shall order the person to comply with the subpoena. Failure to obey the order of the court may be punished by the court as contempt of court. Except as provided in subdivision 2, no person may be compelled to disclose privileged information as described in section 595.02, subdivision 1. All information pertaining to individual medical records obtained under this section shall be considered health data under section 13.3805, subdivision 1. The fees for the service of a subpoena must be paid in the same manner as prescribed by law for a service of process issued out of a district court. Witnesses must receive the same fees and mileage as in civil actions.

Subd. 2. **HIV; HBV.** The commissioner may subpoena privileged medical information of patients who may have been exposed by a licensed dental hygienist, dentist, physician, nurse, podiatrist, a registered dental assistant, or a physician's assistant who is infected with the human immunodeficiency virus (HIV) or hepatitis B virus (HBV) when the commissioner has determined that it may be necessary to notify those patients that they may have been exposed to HIV or HBV.

History: 1988 c 579 s 1; 1992 c 559 art 1 s 1; 1999 c 227 s 22

144.055 HOME SAFETY PROGRAMS.

Subdivision 1. **Preventing home accidents; working with local boards.** The state commissioner of health is authorized to develop and conduct by exhibit, demonstration and by health education or public health engineering activity, or by any other means or methods which the commissioner may determine to be suitable and practicable for the purpose, a program in home safety designed to prevent accidents and fatalities resulting therefrom. The commissioner shall cooperate with boards of health as defined in section 145A.02, subdivision 2, the Minnesota safety council, and other interested voluntary groups in its conduct of such programs.

Subd. 2. **Sharing equipment and staff.** For the purpose of assisting boards of health to develop community home safety programs and to conduct such surveys of safety hazards in municipalities and counties, the commissioner may loan or furnish exhibit, demonstration, and educational materials, and may assign personnel for a limited period to such boards of health.

History: 1957 c 290 s 1; 1977 c 305 s 45; 1987 c 309 s 24

144.056 PLAIN LANGUAGE IN WRITTEN MATERIALS.

(a) To the extent reasonable and consistent with the goals of providing easily understandable and readable materials and complying with federal and state laws governing the program, all written materials relating to determinations of eligibility for or amounts of benefits that will be given to applicants for or recipients of assistance under a program administered or supervised by the commissioner of health must be understandable to a person who reads at the seventh-grade level, using the Flesch scale analysis readability score as determined under section 72C.09.

(b) All written materials relating to services and determinations of eligibility for or amounts of benefits that will be given to applicants for or recipients of assistance under programs administered or supervised by the commissioner of health must be developed to satisfy the plain language requirements of the Plain Language Contract Act under sections 325G.29 to 325G.36. Materials may be submitted to the attorney general for review and certification. Notwithstanding section 325G.35, subdivision 1, the attorney general shall review submitted materials to determine whether they comply with the requirements of section 325G.31. The remedies available pursuant to sections 8.31 and

325G.33 to 325G.36 do not apply to these materials. Failure to comply with this section does not provide a basis for suspending the implementation or operation of other laws governing programs administered by the commissioner.

(c) The requirements of this section apply to all materials modified or developed by the commissioner on or after July 1, 1988. The requirements of this section do not apply to materials that must be submitted to a federal agency for approval to the extent that application of the requirements prevents federal approval.

(d) Nothing in this section may be construed to prohibit a lawsuit brought to require the commissioner to comply with this section or to affect individual appeal rights under the special supplemental food program for women, infants, and children granted pursuant to federal regulations under the Code of Federal Regulations, chapter 7, section 246.

History: 1988 c 689 art 2 s 30; 1997 c 7 art 2 s 13

144.057 BACKGROUND STUDIES ON LICENSEES AND SUPPLEMENTAL NURSING SERVICES AGENCY PERSONNEL.

Subdivision 1. **Background studies required.** The commissioner of health shall contract with the commissioner of human services to conduct background studies of:

(1) individuals providing services which have direct contact, as defined under section 245A.04, subdivision 3, with patients and residents in hospitals, boarding care homes, outpatient surgical centers licensed under sections 144.50 to 144.58; nursing homes and home care agencies licensed under chapter 144A; residential care homes licensed under chapter 144B, and board and lodging establishments that are registered to provide supportive or health supervision services under section 157.17;

(2) individuals specified in section 245A.04, subdivision 3, paragraph (c), who perform direct contact services in a nursing home or a home care agency licensed under chapter 144A or a boarding care home licensed under sections 144.50 to 144.58; and if the individual under study resides outside Minnesota, the study must be at least as comprehensive as that of a Minnesota resident and include a search of information from the criminal justice data communications network in the state where the subject of the study resides;

(3) beginning July 1, 1999, all other employees in nursing homes licensed under chapter 144A, and boarding care homes licensed under sections 144.50 to 144.58. A disqualification of an individual in this section shall disqualify the individual from positions allowing direct contact or access to patients or residents receiving services. "Access" means physical access to a client or the client's personal property without continuous, direct supervision as defined in section 245A.04, subdivision 3, paragraph (b), clause (2), when the employee's employment responsibilities do not include providing direct contact services;

(4) individuals employed by a supplemental nursing services agency, as defined under section 144A.70, who are providing services in health care facilities; and

(5) controlling persons of a supplemental nursing services agency, as defined under section 144A.70.

If a facility or program is licensed by the department of human services and subject to the background study provisions of chapter 245A and is also licensed by the department of health, the department of human services is solely responsible for the background studies of individuals in the jointly licensed programs.

Subd. 2. **Responsibilities of department of human services.** The department of human services shall conduct the background studies required by subdivision 1 in compliance with the provisions of chapter 245A. For the purpose of this section, the term "residential program" shall include all facilities described in subdivision 1. The department of human services shall provide necessary forms and instructions, shall conduct the necessary background studies of individuals, and shall provide notification of the results of the studies to the facilities, supplemental nursing services agencies, individuals, and the commissioner of health. Individuals shall be disqualified under the

provisions of chapter 245A. If an individual is disqualified, the department of human services shall notify the facility, the supplemental nursing services agency, and the individual and shall inform the individual of the right to request a reconsideration of the disqualification by submitting the request to the department of health.

Subd. 3. Reconsiderations. The commissioner of health shall review and decide reconsideration requests, including the granting of variances, in accordance with the procedures and criteria contained in chapter 245A. The commissioner's decision shall be provided to the individual and to the department of human services. The commissioner's decision to grant or deny a reconsideration of disqualification is the final administrative agency action, except for the provisions under section 245A.04, subdivisions 3b, paragraphs (e) and (f); and 3c, paragraph (a).

Subd. 4. Responsibilities of facilities and agencies. Facilities and agencies described in subdivision 1 shall be responsible for cooperating with the departments in implementing the provisions of this section. The responsibilities imposed on applicants and licensees under chapter 245A shall apply to these facilities and supplemental nursing services agencies. The provision of section 245A.04, subdivision 3, paragraph (n), shall apply to applicants, licensees, registrants, or an individual's refusal to cooperate with the completion of the background studies. Supplemental nursing services agencies subject to the registration requirements in section 144A.71 must maintain records verifying compliance with the background study requirements under this section.

History: 1995 c 229 art 3 s 4; 1996 c 305 art 1 s 35; 1996 c 408 art 10 s 1-3; 1997 c 248 s 1; 1Sp2001 c 9 art 7 s 1; art 14 s 2; 2002 c 379 art 1 s 49,113

144.06 STATE COMMISSIONER OF HEALTH TO PROVIDE INSTRUCTION.

The state commissioner of health, hereinafter referred to as the commissioner, is hereby authorized to provide instruction and advice to expectant mothers and fathers during pregnancy and to mothers, fathers, and their infants after childbirth; and to employ such persons as may be necessary to carry out the requirements of sections 144.06 and 144.07. The instruction, advice, and care shall be given only to applicants residing within the state. No person receiving aid under this section and sections 144.07 and 144.09 shall for this reason be affected thereby in any civil or political rights, nor shall the person's identity be disclosed except upon written order of the commissioner.

History: (5340, 5341, 5342) 1921 c 392 s 1-3; 1977 c 305 s 45; 1981 c 31 s 2.

144.062 VACCINE COST REDUCTION PROGRAM.

The commissioner of administration, after consulting with the commissioner of health, shall negotiate discounts or rebates on vaccine or may purchase vaccine at reduced prices. Vaccines may be offered for sale to medical care providers at the department's cost plus a fee for administrative costs. As a condition of receiving the vaccine at reduced cost, a medical care provider must agree to pass on the savings to patients. The commissioner of health may transfer money appropriated for other department of health programs to the commissioner of administration for the initial cost of purchasing vaccine, provided the money is repaid by the end of each state fiscal year and the commissioner of finance approves the transfer. Proceeds from the sale of vaccines to medical care providers, including fees collected for administrative costs, are appropriated to the commissioner of administration. If the commissioner of administration, in consultation with the commissioner of health, determines that a vaccine cost reduction program is not economically feasible or cost-effective, the commissioner may elect not to implement the program.

History: 1990 c 568 art 2 s 5; 1997 c 7 art 2 s 14

144.065 PREVENTION AND TREATMENT OF SEXUALLY TRANSMITTED INFECTIONS.

The state commissioner of health shall assist local health agencies and organizations throughout the state with the development and maintenance of services for the

detection and treatment of sexually transmitted infections. These services shall provide for research, screening and diagnosis, treatment, case finding, investigation, and the dissemination of appropriate educational information. The state commissioner of health shall determine the composition of such services and shall establish a method of providing funds to boards of health as defined in section 145A.02, subdivision 2, state agencies, state councils, and nonprofit corporations, which offer such services. The state commissioner of health shall provide technical assistance to such agencies and organizations in accordance with the needs of the local area. Planning and implementation of services and technical assistance may be conducted in collaboration with boards of health; state agencies, including the University of Minnesota and the department of children, families, and learning; state councils; nonprofit organizations; and representatives of affected populations.

History: 1974 c 575 s 6; 1977 c 305 s 45; 1985 c 248 s 70; 1999 c 245 art 2 s 15

144.07 POWERS OF COMMISSIONER.

The commissioner may:

- (1) make all reasonable rules necessary to carry into effect the provisions of this section and sections 144.06 and 144.09, and may amend, alter, or repeal such rules;
- (2) accept private gifts for the purpose of carrying out the provisions of those sections;
- (3) cooperate with agencies, whether city, state, federal, or private, which carry on work for maternal and infant hygiene;
- (4) make investigations and recommendations for the purpose of improving maternity care;
- (5) promote programs and services available in Minnesota for parents and families of victims of sudden infant death syndrome; and
- (6) collect and report to the legislature the most current information regarding the frequency and causes of sudden infant death syndrome.

The commissioner shall include in the report to the legislature a statement of the operation of those sections.

History: (5343) 1921 c 392 s 4; 1977 c 305 s 45; 1984 c 637 s 1; 1985 c 248 s 70; 1986 c 444

144.071 MERIT SYSTEM FOR LOCAL EMPLOYEES.

The commissioner may establish a merit system for employees of county or municipal health departments or public health nursing services or health districts, and may promulgate rules governing the administration and operation thereof. In the establishment and administration of the merit system authorized by this section, the commissioner may utilize facilities and personnel of any state department or agency with the consent of such department or agency. The commissioner may also, by rule, cooperate with the federal government in any manner necessary to qualify for federal aid.

History: 1969 c 1073 s 1; 1977 c 305 s 45; 1985 c 248 s 70

144.072 IMPLEMENTATION OF SOCIAL SECURITY AMENDMENTS OF 1972.

Subdivision 1. **Rules.** The state commissioner of health shall implement by rule, pursuant to the Administrative Procedure Act, those provisions of the Social Security Amendments of 1972 (Public Law Number 92-603) required of state health agencies, including rules which:

- (a) establish a plan, consistent with regulations prescribed by the secretary of health, education, and welfare, for the review by appropriate professional health personnel, of the appropriateness and quality of care and services furnished to recipients of medical assistance; and

(b) provide for the determination as to whether institutions and agencies meet the requirements for participation in the medical assistance program, and the certification that those requirements, including utilization review, are being met.

Subd. 2. **Existing procedures.** The policies and procedures, including survey forms, reporting forms, and other documents developed by the commissioner of health for the purpose of conducting the inspections of care required under Code of Federal Regulations, title 42, sections 456.600 to 456.614, in effect on March 1, 1984, have the force and effect of law and shall remain in effect and govern inspections of care until June 30, 1987, unless otherwise superseded by rules adopted by the commissioner of health.

History: 1973 c 717 s 1; 1977 c 305 s 45; 1984 c 641 s 10; 1986 c 316 s 1

144.0721 ASSESSMENTS OF CARE AND SERVICES TO NURSING HOME RESIDENTS.

Subdivision 1. **Appropriateness and quality.** Until the date of implementation of the revised case mix system based on the minimum data set, the commissioner of health shall assess the appropriateness and quality of care and services furnished to private paying residents in nursing homes and boarding care homes that are certified for participation in the medical assistance program under United States Code, title 42, sections 1396-1396p. These assessments shall be conducted until the date of implementation of the revised case mix system based on the minimum data set, in accordance with section 144.072, with the exception of provisions requiring recommendations for changes in the level of care provided to the private paying residents.

Subd. 2. **Access to data.** With the exception of summary data, data on individuals that is collected, maintained, used, or disseminated by the commissioner of health under subdivision 1 is private data on individuals and shall not be disclosed to others except:

- (1) under section 13.05;
- (2) under a valid court order;
- (3) to the nursing home or boarding care home in which the individual resided at the time the assessment was completed;
- (4) to the commissioner of human services; or
- (5) to county home care staff for the purpose of assisting the individual to be discharged from a nursing home or boarding care home and returned to the community.

Subd. 3. [Repealed, 1998 c 407 art 4 s 69]

Subd. 3a. [Repealed, 1998 c 407 art 4 s 69]

History: 1984 c 641 s 11; 1984 c 654 art 5 s 58; 1995 c 207 art 6 s 1,2; 1995 c 259 art 1 s 31; 1997 c 203 art 4 s 3; 1Sp2001 c 9 art 5 s 1; 2002 c 379 art 1 s 113

144.0722 RESIDENT REIMBURSEMENT CLASSIFICATIONS; PROCEDURES FOR RECONSIDERATION.

Subdivision 1. **Resident reimbursement classifications.** The commissioner of health shall establish resident reimbursement classifications based upon the assessments of residents of nursing homes and boarding care homes conducted under sections 144.072 and 144.0721, or under rules established by the commissioner of human services under sections 256B.41 to 256B.48. The reimbursement classifications established by the commissioner must conform to the rules established by the commissioner of human services.

Subd. 2. **Notice of resident reimbursement classification.** The commissioner of health shall notify each resident, and the nursing home or boarding care home in which the resident resides, of the reimbursement classification established under subdivision 1. The notice must inform the resident of the classification that was assigned, the opportunity to review the documentation supporting the classification, the opportunity to obtain clarification from the commissioner, and the opportunity to request a

reconsideration of the classification. The notice of resident classification must be sent by first-class mail. The individual resident notices may be sent to the resident's nursing home or boarding care home for distribution to the resident. The nursing home or boarding care home is responsible for the distribution of the notice to each resident, to the person responsible for the payment of the resident's nursing home expenses, or to another person designated by the resident. This notice must be distributed within three working days after the facility's receipt of the notices from the department.

Subd. 2a. Semiannual assessment by nursing facilities. Notwithstanding Minnesota Rules, part 9549.0059, subpart 2, item B, the individual dependencies items 21 to 24 and 28 are required to be completed in accordance with the Facility Manual for Completing Case Mix Requests for Classification, July 1987, issued by the Minnesota department of health.

Subd. 3. Request for reconsideration. The resident or the nursing home or boarding care home may request that the commissioner reconsider the assigned reimbursement classification. The request for reconsideration must be submitted in writing to the commissioner within 30 days of the receipt of the notice of resident classification. For reconsideration requests submitted by or on behalf of the resident, the time period for submission of the request begins as of the date the resident or the resident's representative receives the classification notice. The request for reconsideration must include the name of the resident, the name and address of the facility in which the resident resides, the reasons for the reconsideration, the requested classification changes, and documentation supporting the requested classification. The documentation accompanying the reconsideration request is limited to documentation establishing that the needs of the resident at the time of the assessment resulting in the disputed classification justify a change of classification.

Subd. 3a. Access to information. Upon written request, the nursing home or boarding care home must give the resident or the resident's representative a copy of the assessment form and the other documentation that was given to the department to support the assessment findings. The nursing home or boarding care home shall also provide access to and a copy of other information from the resident's record that has been requested by or on behalf of the resident to support a resident's reconsideration request. A copy of any requested material must be provided within three working days of receipt of a written request for the information. If a facility fails to provide the material within this time, it is subject to the issuance of a correction order and penalty assessment under sections 144.653 and 144A.10. Notwithstanding those sections, any correction order issued under this subdivision must require that the facility immediately comply with the request for information and that as of the date of the issuance of the correction order, the facility shall forfeit to the state a \$100 fine the first day of noncompliance, and an increase in the \$100 fine by \$50 increments for each day the noncompliance continues. For the purposes of this section, "representative" includes the resident's guardian or conservator, the person authorized to pay the nursing home expenses of the resident, a representative of the nursing home ombudsman's office whose assistance has been requested, or any other individual designated by the resident.

Subd. 3b. Facility's request for reconsideration. In addition to the information required in subdivision 3, a reconsideration request from a nursing home or boarding care home must contain the following information: the date the resident reimbursement classification notices were received by the facility; the date the classification notices were distributed to the resident or the resident's representative; and a copy of a notice sent to the resident or to the resident's representative. This notice must tell the resident or the resident's representative that a reconsideration of the resident's classification is being requested, the reason for the request, that the resident's rate will change if the request is approved by the department and the extent of the change, that copies of the facility's request and supporting documentation are available for review, and that the resident also has the right to request a reconsideration. If the facility fails to provide this information with the reconsideration request, the request must be

denied, and the facility may not make further reconsideration requests on that specific reimbursement classification.

Subd. 4. **Reconsideration.** The commissioner's reconsideration must be made by individuals not involved in reviewing the assessment that established the disputed classification. The reconsideration must be based upon the initial assessment and upon the information provided to the commissioner under subdivision 3. If necessary for evaluating the reconsideration request, the commissioner may conduct on-site reviews. In its discretion, the commissioner may review the reimbursement classifications assigned to all residents in the facility. Within 15 working days of receiving the request for reconsideration, the commissioner shall affirm or modify the original resident classification. The original classification must be modified if the commissioner determines that the assessment resulting in the classification did not accurately reflect the needs of the resident at the time of the assessment. The resident and the nursing home or boarding care home shall be notified within five working days after the decision is made. The commissioner's decision under this subdivision is the final administrative decision of the agency.

Subd. 5. **Audit authority.** The department of health may audit assessments of nursing home and boarding care home residents. These audits may be in addition to the assessments completed by the department under section 144.0721. The audits may be conducted at the facility, and the department may conduct the audits on an unannounced basis.

History: *1Sp1985 c 3 s 1; 1987 c 209 s 2; 1996 c 451 art 5 s 3*

144.0723 [Repealed, 1999 c 245 art 3 s 51]

144.0724 RESIDENT REIMBURSEMENT CLASSIFICATION.

Subdivision 1. **Resident reimbursement classifications.** The commissioner of health shall establish resident reimbursement classifications based upon the assessments of residents of nursing homes and boarding care homes conducted under this section and according to section 256B.438. The reimbursement classifications established under this section shall be implemented after June 30, 2002; but no later than January 1, 2003.

Subd. 2. **Definitions.** For purposes of this section, the following terms have the meanings given.

(a) **Assessment reference date.** "Assessment reference date" means the last day of the minimum data set observation period. The date sets the designated endpoint of the common observation period, and all minimum data set items refer back in time from that point.

(b) **Case mix index.** "Case mix index" means the weighting factors assigned to the RUG-III classifications.

(c) **Index maximization.** "Index maximization" means classifying a resident who could be assigned to more than one category, to the category with the highest case mix index.

(d) **Minimum data set.** "Minimum data set" means the assessment instrument specified by the Centers for Medicare and Medicaid Services and designated by the Minnesota department of health.

(e) **Representative.** "Representative" means a person who is the resident's guardian or conservator, the person authorized to pay the nursing home expenses of the resident, a representative of the nursing home ombudsman's office whose assistance has been requested, or any other individual designated by the resident.

(f) **Resource utilization groups or RUG.** "Resource utilization groups" or "RUG" means the system for grouping a nursing facility's residents according to their clinical and functional status identified in data supplied by the facility's minimum data set.

Subd. 3. **Resident reimbursement classifications.** (a) Resident reimbursement classifications shall be based on the minimum data set, version 2.0 assessment instrument, or its successor version mandated by the Centers for Medicare and Medicaid

Services that nursing facilities are required to complete for all residents. The commissioner of health shall establish resident classes according to the 34 group, resource utilization groups, version III or RUG-III model. Resident classes must be established based on the individual items on the minimum data set and must be completed according to the facility manual for case mix classification issued by the Minnesota department of health. The facility manual for case mix classification shall be drafted by the Minnesota department of health and presented to the chairs of health and human services legislative committees by December 31, 2001.

(b) Each resident must be classified based on the information from the minimum data set according to general domains in clauses (1) to (7):

(1) extensive services where a resident requires intravenous feeding or medications, suctioning, or tracheostomy care, or is on a ventilator or respirator;

(2) rehabilitation where a resident requires physical, occupational, or speech therapy;

(3) special care where a resident has cerebral palsy; quadriplegia; multiple sclerosis; pressure ulcers; ulcers; fever with vomiting; weight loss, pneumonia, or dehydration; surgical wounds with treatment; or tube feeding and aphasia; or is receiving radiation therapy;

(4) clinically complex status where a resident has tube feeding, burns, coma, septicemia, pneumonia, internal bleeding, chemotherapy, dialysis, oxygen, transfusions, foot infections or lesions with treatment; heiplegia/hemiparesis, physician visits or order changes, or diabetes with injections and order changes;

(5) impaired cognition where a resident has poor cognitive performance;

(6) behavior problems where a resident exhibits wandering or socially inappropriate or disruptive behavior; has hallucinations or delusions, is physically or verbally abusive toward others, or resists care, unless the resident's other condition would place the resident in other categories; and

(7) reduced physical functioning where a resident has no special clinical conditions.

(c) The commissioner of health shall establish resident classification according to a 34 group model based on the information on the minimum data set and within the general domains listed in paragraph (b), clauses (1) to (7). Detailed descriptions of each resource utilization group shall be defined in the facility manual for case mix classification issued by the Minnesota department of health. The 34 groups are described as follows:

(1) SE3: requires four or five extensive services;

(2) SE2: requires two or three extensive services;

(3) SE1: requires one extensive service;

(4) RAD: requires rehabilitation services and is dependent in activity of daily living (ADL) at a count of 17 or 18;

(5) RAC: requires rehabilitation services and ADL count is 14 to 16;

(6) RAB: requires rehabilitation services and ADL count is ten to 13;

(7) RAA: requires rehabilitation services and ADL count is four to nine;

(8) SSC: requires special care and ADL count is 17 or 18;

(9) SSB: requires special care and ADL count is 15 or 16;

(10) SSA: requires special care and ADL count is seven to 14;

(11) CC2: clinically complex with depression and ADL count is 17 or 18;

(12) CC1: clinically complex with no depression and ADL count is 17 or 18;

(13) CB2: clinically complex with depression and ADL count is 12 to 16;

(14) CB1: clinically complex with no depression and ADL count is 12 to 16;

(15) CA2: clinically complex with depression and ADL count is four to 11;

(16) CA1: clinically complex with no depression and ADL count is four to 11;

(17) IB2: impaired cognition with nursing rehabilitation and ADL count is six to ten;

- (18) IB1: impaired cognition with no nursing rehabilitation and ADL count is six to ten;
- (19) IA2: impaired cognition with nursing rehabilitation and ADL count is four or five;
- (20) IA1: impaired cognition with no nursing rehabilitation and ADL count is four or five;
- (21) BB2: behavior problems with nursing rehabilitation and ADL count is six to ten;
- (22) BB1: behavior problems with no nursing rehabilitation and ADL count is six to ten;
- (23) BA2: behavior problems with nursing rehabilitation and ADL count is four to five;
- (24) BA1: behavior problems with no nursing rehabilitation and ADL count is four to five;
- (25) PE2: reduced physical functioning with nursing rehabilitation and ADL count is 16 to 18;
- (26) PE1: reduced physical functioning with no nursing rehabilitation and ADL count is 16 to 18;
- (27) PD2: reduced physical functioning with nursing rehabilitation and ADL count is 11 to 15;
- (28) PD1: reduced physical functioning with no nursing rehabilitation and ADL count is 11 to 15;
- (29) PC2: reduced physical functioning with nursing rehabilitation and ADL count is nine or ten;
- (30) PC1: reduced physical functioning with no nursing rehabilitation and ADL count is nine or ten;
- (31) PB2: reduced physical functioning with nursing rehabilitation and ADL count is six to eight;
- (32) PB1: reduced physical functioning with no nursing rehabilitation and ADL count is six to eight;
- (33) PA2: reduced physical functioning with nursing rehabilitation and ADL count is four or five; and
- (34) PA1: reduced physical functioning with no nursing rehabilitation and ADL count is four or five.

Subd. 4. **Resident assessment schedule.** (a) A facility must conduct and electronically submit to the commissioner of health case mix assessments that conform with the assessment schedule defined by Code of Federal Regulations, title 42, section 483.20, and published by the United States Department of Health and Human Services, Centers for Medicare and Medicaid Services, in the Long Term Care Assessment Instrument User's Manual, version 2.0, October 1995, and subsequent clarifications made in the Long-Term Care Assessment Instrument Questions and Answers, version 2.0, August 1996. The commissioner of health may substitute successor manuals or question and answer documents published by the United States Department of Health and Human Services, Centers for Medicare and Medicaid Services, to replace or supplement the current version of the manual or document.

(b) The assessments used to determine a case mix classification for reimbursement include the following:

- (1) a new admission assessment must be completed by day 14 following admission;
- (2) an annual assessment must be completed within 366 days of the last comprehensive assessment;
- (3) a significant change assessment must be completed within 14 days of the identification of a significant change; and

(4) the second quarterly assessment following either a new admission assessment, an annual assessment, or a significant change assessment. Each quarterly assessment must be completed within 92 days of the previous assessment.

Subd. 5. **Short stays.** (a) A facility must submit to the commissioner of health an initial admission assessment for all residents who stay in the facility less than 14 days.

(b) Notwithstanding the admission assessment requirements of paragraph (a), a facility may elect to accept a default rate with a case mix index of 1.0 for all facility residents who stay less than 14 days in lieu of submitting an initial assessment. Facilities may make this election to be effective on the day of implementation of the revised case mix system.

(c) After implementation of the revised case mix system, nursing facilities must elect one of the options described in paragraphs (a) and (b) by reporting to the commissioner of health, as prescribed by the commissioner. The election is effective on July 1.

(d) For residents who are admitted or readmitted and leave the facility on a frequent basis and for whom readmission is expected, the resident may be discharged on an extended leave status. This status does not require reassessment each time the resident returns to the facility unless a significant change in the resident's status has occurred since the last assessment. The case mix classification for these residents is determined by the facility election made in paragraphs (a) and (b).

Subd. 6. **Penalties for late or nonsubmission.** A facility that fails to complete or submit an assessment for a RUG-III classification within seven days of the time requirements in subdivisions 4 and 5 is subject to a reduced rate for that resident. The reduced rate shall be the lowest rate for that facility. The reduced rate is effective on the day of admission for new admission assessments or on the day that the assessment was due for all other assessments and continues in effect until the first day of the month following the date of submission of the resident's assessment.

Subd. 7. **Notice of resident reimbursement classification.** (a) A facility must elect between the options in clauses (1) and (2) to provide notice to a resident of the resident's case mix classification.

(1) The commissioner of health shall provide to a nursing facility a notice for each resident of the reimbursement classification established under subdivision 1. The notice must inform the resident of the classification that was assigned, the opportunity to review the documentation supporting the classification, the opportunity to obtain clarification from the commissioner, and the opportunity to request a reconsideration of the classification. The commissioner must send notice of resident classification by first class mail. A nursing facility is responsible for the distribution of the notice to each resident, to the person responsible for the payment of the resident's nursing home expenses, or to another person designated by the resident. This notice must be distributed within three working days after the facility's receipt of the notice from the commissioner of health.

(2) A facility may choose to provide a classification notice, as prescribed by the commissioner of health, to a resident upon receipt of the confirmation of the case mix classification calculated by a facility or a corrected case mix classification as indicated on the final validation report from the commissioner. A nursing facility is responsible for the distribution of the notice to each resident, to the person responsible for the payment of the resident's nursing home expenses, or to another person designated by the resident. This notice must be distributed within three working days after the facility's receipt of the validation report from the commissioner. If a facility elects this option, the commissioner of health shall provide the facility with a list of residents and their case mix classifications as determined by the commissioner. A nursing facility may make this election to be effective on the day of implementation of the revised case mix system.

(3) After implementation of the revised case mix system, a nursing facility shall elect a notice of resident reimbursement classification procedure as described in clause

(1) or (2) by reporting to the commissioner of health, as prescribed by the commissioner. The election is effective July 1.

(b) If a facility submits a correction to the most recent assessment used to establish a case mix classification conducted under subdivision 3 that results in a change in case mix classification, the facility shall give written notice to the resident or the resident's representative about the item that was corrected and the reason for the correction. The notice of corrected assessment may be provided at the same time that the resident or resident's representative is provided the resident's corrected notice of classification.

Subd. 8. Request for reconsideration of resident classifications. (a) The resident, or resident's representative, or the nursing facility or boarding care home may request that the commissioner of health reconsider the assigned reimbursement classification. The request for reconsideration must be submitted in writing to the commissioner within 30 days of the day the resident or the resident's representative receives the resident classification notice. The request for reconsideration must include the name of the resident, the name and address of the facility in which the resident resides, the reasons for the reconsideration, the requested classification changes, and documentation supporting the requested classification. The documentation accompanying the reconsideration request is limited to documentation which establishes that the needs of the resident at the time of the assessment justify a classification which is different than the classification established by the commissioner of health.

(b) Upon request, the nursing facility must give the resident or the resident's representative a copy of the assessment form and the other documentation that was given to the commissioner of health to support the assessment findings. The nursing facility shall also provide access to and a copy of other information from the resident's record that has been requested by or on behalf of the resident to support a resident's reconsideration request. A copy of any requested material must be provided within three working days of receipt of a written request for the information. If a facility fails to provide the material within this time, it is subject to the issuance of a correction order and penalty assessment under sections 144.653 and 144A.10. Notwithstanding those sections, any correction order issued under this subdivision must require that the nursing facility immediately comply with the request for information and that as of the date of the issuance of the correction order, the facility shall forfeit to the state a \$100 fine for the first day of noncompliance, and an increase in the \$100 fine by \$50 increments for each day the noncompliance continues.

(c) In addition to the information required under paragraphs (a) and (b), a reconsideration request from a nursing facility must contain the following information: (i) the date the reimbursement classification notices were received by the facility; (ii) the date the classification notices were distributed to the resident or the resident's representative; and (iii) a copy of a notice sent to the resident or to the resident's representative. This notice must inform the resident or the resident's representative that a reconsideration of the resident's classification is being requested, the reason for the request, that the resident's rate will change if the request is approved by the commissioner, the extent of the change, that copies of the facility's request and supporting documentation are available for review, and that the resident also has the right to request a reconsideration. If the facility fails to provide the required information with the reconsideration request, the request must be denied, and the facility may not make further reconsideration requests on that specific reimbursement classification.

(d) Reconsideration by the commissioner must be made by individuals not involved in reviewing the assessment, audit, or reconsideration that established the disputed classification. The reconsideration must be based upon the initial assessment and upon the information provided to the commissioner under paragraphs (a) and (b). If necessary for evaluating the reconsideration request, the commissioner may conduct on-site reviews. Within 15 working days of receiving the request for reconsideration, the commissioner shall affirm or modify the original resident classification. The original classification must be modified if the commissioner determines that the assessment resulting in the classification did not accurately reflect the needs or assessment characteristics of the resident at the time of the assessment. The resident and the

nursing facility or boarding care home shall be notified within five working days after the decision is made. A decision by the commissioner under this subdivision is the final administrative decision of the agency for the party requesting reconsideration.

(e) The resident classification established by the commissioner shall be the classification that applies to the resident while the request for reconsideration is pending.

(f) The commissioner may request additional documentation regarding a reconsideration necessary to make an accurate reconsideration determination.

Subd. 9. **Audit authority.** (a) The commissioner shall audit the accuracy of resident assessments performed under section 256B.438 through desk audits, on-site review of residents and their records, and interviews with staff and families. The commissioner shall reclassify a resident if the commissioner determines that the resident was incorrectly classified.

(b) The commissioner is authorized to conduct on-site audits on an unannounced basis.

(c) A facility must grant the commissioner access to examine the medical records relating to the resident assessments selected for audit under this subdivision. The commissioner may also observe and speak to facility staff and residents.

(d) The commissioner shall consider documentation under the time frames for coding items on the minimum data set as set out in the Resident Assessment Instrument Manual published by the Centers for Medicare and Medicaid Services.

(e) The commissioner shall develop an audit selection procedure that includes the following factors:

(1) The commissioner may target facilities that demonstrate an atypical pattern of scoring minimum data set items, nonsubmission of assessments, late submission of assessments, or a previous history of audit changes of greater than 35 percent. The commissioner shall select at least 20 percent, with a minimum of ten assessments, of the most current assessments submitted to the state for audit. Audits of assessments selected in the targeted facilities must focus on the factors leading to the audit. If the number of targeted assessments selected does not meet the threshold of 20 percent of the facility residents, then a stratified sample of the remainder of assessments shall be drawn to meet the quota. If the total change exceeds 35 percent, the commissioner may conduct an expanded audit up to 100 percent of the remaining current assessments.

(2) Facilities that are not a part of the targeted group shall be placed in a general pool from which facilities will be selected on a random basis for audit. Every facility shall be audited annually. If a facility has two successive audits in which the percentage of change is five percent or less and the facility has not been the subject of a targeted audit in the past 36 months, the facility may be audited biannually. A stratified sample of 15 percent, with a minimum of ten assessments, of the most current assessments shall be selected for audit. If more than 20 percent of the RUGS-III classifications after the audit are changed, the audit shall be expanded to a second 15 percent sample, with a minimum of ten assessments. If the total change between the first and second samples exceed 35 percent, the commissioner may expand the audit to all of the remaining assessments.

(3) If a facility qualifies for an expanded audit, the commissioner may audit the facility again within six months. If a facility has two expanded audits within a 24-month period, that facility will be audited at least every six months for the next 18 months.

(4) The commissioner may conduct special audits if the commissioner determines that circumstances exist that could alter or affect the validity of case mix classifications of residents. These circumstances include, but are not limited to, the following:

- (i) frequent changes in the administration or management of the facility;
- (ii) an unusually high percentage of residents in a specific case mix classification;
- (iii) a high frequency in the number of reconsideration requests received from a facility;

- (iv) frequent adjustments of case mix classifications as the result of reconsiderations or audits;
- (v) a criminal indictment alleging provider fraud; or
- (vi) other similar factors that relate to a facility's ability to conduct accurate assessments.

(f) Within 15 working days of completing the audit process, the commissioner shall mail the written results of the audit to the facility, along with a written notice for each resident affected to be forwarded by the facility. The notice must contain the resident's classification and a statement informing the resident, the resident's authorized representative, and the facility of their right to review the commissioner's documents supporting the classification and to request a reconsideration of the classification. This notice must also include the address and telephone number of the area nursing home ombudsman.

Subd. 10. **Transition.** After implementation of this section, reconsiderations requested for classifications made under section 144.0722, subdivision 1, shall be determined under section 144.0722, subdivision 3.

144.073 [Repealed, 2001 c 205 art 2 s 3]

144.074 FUNDS RECEIVED FROM OTHER SOURCES.

The state commissioner of health may receive and accept money, property, or services from any person, agency, or other source for any public health purpose within the scope of statutory authority. All money so received is annually appropriated for those purposes in the manner and subject to the provisions of law applicable to appropriations of state funds.

144.0741 MS 1980 [Expired]

144.0742 CONTRACTS FOR PROVISION OF PUBLIC HEALTH SERVICES.

The commissioner of health is authorized to enter into contractual agreements with any public or private entity for the provision of statutorily prescribed public health services by the department. The contracts shall specify the services to be provided and the amount and method of reimbursement therefor. Funds generated in a contractual agreement made pursuant to this section are appropriated to the department for purposes of providing the services specified in the contracts. All such contractual agreements shall be processed in accordance with the provisions of chapter 16C.

144.075 [Repealed, 1984 c 503 s 6]

144.0751 HEALTH STANDARDS.

(a) Safe drinking water or air quality standards established or revised by the commissioner of health must:

- (1) be based on scientifically acceptable, peer-reviewed information; and
- (2) include a reasonable margin of safety to adequately protect the health of infants, children, and adults by taking into consideration risks to each of the following health outcomes: reproductive development and function, respiratory function, immunologic suppression or hypersensitization, development of the brain and nervous system, endocrine (hormonal) function, cancer, general infant and child development, and any other important health outcomes identified by the commissioner.

(b) For purposes of this section, "peer-reviewed" means a scientifically based review conducted by individuals with substantial knowledge and experience in toxicology, health risk assessment, or other related fields as determined by the commissioner.

144.076 MOBILE HEALTH CLINIC.

The state commissioner of health may establish, equip, and staff with the commissioner's own members or volunteers from the healing arts, or may contract with a public or private nonprofit agency or organization to establish, equip, and staff a mobile unit, or units to travel in and around poverty stricken areas and Indian reservations of the state on a prescribed course and schedule for diagnostic and general health counseling, including counseling on and distribution of dietary information, to persons residing in such areas. For this purpose the state commissioner of health may purchase and equip suitable motor vehicles, and furnish a driver and such other personnel as the department deems necessary to effectively carry out the purposes for which these mobile units were established or may contract with a public or private nonprofit agency or organization to provide the service.

History: *1971 c 940 s 1; 1975 c 310 s 3; 1977 c 305 s 45; 1986 c 444*

144.077 MOBILE HEALTH CARE PROVIDERS.

Subdivision 1. **Definition.** "Mobile health evaluation and screening provider" means any provider who is transported in a vehicle mounted unit, either motorized or trailered, and readily movable without disassembling, and who regularly provides evaluation and screening services in more than one geographic location. "Mobile health evaluation and screening provider" does not include any ambulance medical transportation type services or any mobile health service provider affiliated, owned and operated, or under contract with a licensed health care facility or provider, managed care entity licensed under chapter 62D or 62N or Minnesota licensed physician or dentist, nor does it include fixed location providers who transfer or move during the calendar year. All mobile health evaluation and screening providers must be directly supervised by a physician licensed under chapter 147.

Subd. 2. **Licensure requirements.** A mobile health evaluation and screening provider shall be required to comply with all licensing reporting and certification, sanitation, and other requirements and regulations that apply to a health care provider supplying similar services as a fixed location provider. A mobile health evaluation and screening provider shall be subject to regulation and order of the department of health.

Subd. 3. **Registration requirements.** A mobile health evaluation and screening provider shall register with the commissioner and file the anticipated locations of practice, schedules, and routes annually no later than January 15. The mobile health evaluation and screening provider shall also include the name and address of the supervising physician. A mobile health evaluation and screening provider shall provide at least 30 days' written notice to the populations they intend to serve.

144.08 [Repealed, 2001 c 205 art 2 s 3]

144.09 COOPERATION WITH FEDERAL AUTHORITIES.

The state of Minnesota, through its legislative authority:

- (1) Accepts the provisions of any act of Congress providing for cooperation between the government of the United States and the several states in public protection of maternity and infancy;
- (2) Empowers and directs the commissioner to cooperate with the federal children's bureau to carry out the purposes of such acts; and

(3) Appoints the state treasurer as custodian of all moneys given to the state by the United States under the authority of such acts and such money shall be paid out in the manner provided by such acts for the purposes therein specified.

History: (5344) 1921 c 392 s 5; 1977 c 305 s 45

144.092 COORDINATED NUTRITION DATA COLLECTION.

The commissioner of health may develop and coordinate a reporting system to improve the state's ability to document inadequate nutrient and food intake of Minnesota's children and adults and to identify problems and determine the most appropriate strategies for improving inadequate nutritional status. The board on aging may develop a method to evaluate the nutritional status and requirements of the elderly in Minnesota.

History: 1986 c 404 s 6; 1987 c 209 s 3; 1997 c 7 art 2 s 15

144.10 FEDERAL AID FOR MATERNAL AND CHILD WELFARE SERVICES; CUSTODIAN OF FUND; PLAN OF OPERATION; LOCAL APPROPRIATIONS.

The state treasurer is hereby appointed as the custodian of all moneys received, or which may hereafter be received, by the state by reason of any federal aid granted for maternal and child welfare service and for public health services, including the purposes as declared in Public Law Number 725 enacted by the 79th Congress of the United States, Chapter 958-2d Session and all amendments thereto, which moneys shall be expended in accordance with the purposes expressed in the acts of Congress granting such aid and solely in accordance with plans to be prepared by the state commissioner. The plans so to be prepared by the commissioner for maternal and child health service shall be approved by the United States Children's Bureau; and the plans of the commissioner for public health service shall be approved by the United States Public Health Service. Such plans shall include the training of personnel for both state and local health work and conform with all the requirements governing federal aid for these purposes. Such plans shall be designed to secure for the state the maximum amount of federal aid which is possible to be secured on the basis of the available state, county, and local appropriations for such purposes. The commissioner shall make reports, which shall be in such form and contain such information as may be required by the United States Children's Bureau or the United States Public Health Service, as the case may be; and comply with all the provisions, rules, and regulations which may be prescribed by these federal authorities in order to secure the correction and verification of such reports.

History: (5391-1) Ex1936 c 70 s 1; 1947 c 485 s 1; 1977 c 305 s 45

144.11 RULES.

The commissioner may make such reasonable rules as may be necessary to carry into effect the provisions of section 144.10 and alter, amend, suspend, or repeal any of such rules.

History: (5391-2) Ex1936 c 70 s 2; 1977 c 305 s 45; 1985 c 248 s 70

144.12 REGULATION, ENFORCEMENT, LICENSES, FEES.

Subdivision 1. **Rules.** The commissioner may adopt reasonable rules pursuant to chapter 14 for the preservation of the public health. The rules shall not conflict with the charter or ordinance of a city of the first class upon the same subject. The commissioner may control, by rule, by requiring the taking out of licenses or permits, or by other appropriate means, any of the following matters:

- (1) The manufacture into articles of commerce, other than food, of diseased, tainted, or decayed animal or vegetable matter;
- (2) The business of scavenging and the disposal of sewage;
- (3) The location of mortuaries and cemeteries and the removal and burial of the dead;

(4) The management of boarding places for infants and the treatment of infants in them;

(5) The pollution of streams and other waters and the distribution of water by persons for drinking or domestic use;

(6) The construction and equipment, in respect to sanitary conditions, of schools, hospitals, almshouses, prisons, and other public institutions, and of lodging houses and other public sleeping places kept for gain;

(7) The treatment, in hospitals and elsewhere, of persons suffering from communicable diseases, including all manner of venereal disease and infection, the disinfection and quarantine of persons and places in case of those diseases, and the reporting of sicknesses and deaths from them;

Neither the commissioner nor any board of health as defined in section 145A.02, subdivision 2, nor director of public health may adopt any rule or regulation for the treatment in any penal or correctional institution of any person suffering from any communicable disease or venereal disease or infection, which requires the involuntary detention of any person after the expiration of the period of sentence to the penal or correctional institution, or after the expiration of the period to which the sentence may be reduced by good time allowance or by the lawful order of any judge or the department of corrections;

(8) The prevention of infant blindness and infection of the eyes of the newly born by the designation, from time to time, of one or more prophylactics to be used in those cases and in the manner that the commissioner directs, unless specifically objected to by a parent of the infant;

(9) The furnishing of vaccine matter; the assembling, during epidemics of smallpox, with other persons not vaccinated, but no rule of the board or of any public board or officer shall at any time compel the vaccination of a child, or exclude, except during epidemics of smallpox and when approved by the local board of education, a child from the public schools for the reason that the child has not been vaccinated; any person required to be vaccinated may select for that purpose any licensed physician and no rule shall require the vaccination of any child whose physician certifies that by reason of the child's physical condition vaccination would be dangerous;

(10) The accumulation of filthy and unwholesome matter to the injury of the public health and its removal;

(11) The collection, recording, and reporting of vital statistics by public officers and the furnishing of information to them by physicians, undertakers, and others of births, deaths, causes of death, and other pertinent facts;

(12) The construction, equipment, and maintenance, in respect to sanitary conditions, of lumber camps, migratory or migrant labor camps, and other industrial camps;

(13) The general sanitation of tourist camps, summer hotels, and resorts in respect to water supplies, disposal of sewage, garbage, and other wastes and the prevention and control of communicable diseases; and, to that end, may prescribe the respective duties of agents of a board of health as authorized under section 145A.04; and all boards of health shall make such investigations and reports and obey such directions as the commissioner may require or give and, under the supervision of the commissioner, enforce the rules;

(14) Atmospheric pollution which may be injurious or detrimental to public health;

(15) Sources of radiation, and the handling, storage, transportation, use and disposal of radioactive isotopes and fissionable materials; and

(16) The establishment, operation and maintenance of all clinical laboratories not owned, or functioning as a component of a licensed hospital. These laboratories shall not include laboratories owned or operated by five or less licensed practitioners of the healing arts, unless otherwise provided by federal law or regulation, and in which these practitioners perform tests or procedures solely in connection with the treatment of their patients. Rules promulgated under the authority of this clause, which shall not take effect until federal legislation relating to the regulation and improvement of

clinical laboratories has been enacted, may relate at least to minimum requirements for external and internal quality control, equipment, facility environment, personnel, administration and records. These rules may include the establishment of a fee schedule for clinical laboratory inspections. The provisions of this clause shall expire 30 days after the conclusion of any fiscal year in which the federal government pays for less than 45 percent of the cost of regulating clinical laboratories.

Subd. 2. **Mass gatherings.** The commissioner may regulate the general sanitation of mass gatherings by promulgation of rules in respect to, but not limited to, the following areas: water supply, disposal of sewage, garbage and other wastes, the prevention and control of communicable diseases, the furnishing of suitable and adequate sanitary accommodations, and all other reasonable and necessary precautions to protect and insure the health, comfort and safety of those in attendance. No permit, license, or other prior approval shall be required of the commissioner for a mass gathering. A "mass gathering" shall mean an actual or reasonably anticipated assembly of more than 1,500 persons which will continue, or may reasonably be expected to continue, for a period of more than ten consecutive hours and which is held in an open space or temporary structure especially constructed, erected or assembled for the gathering. For purposes of this subdivision, "mass gatherings" shall not include public gatherings sponsored by a political subdivision or a nonprofit organization.

Subd. 3. **Licenses; permits.** Applications for licenses or permits issued pursuant to this section shall be submitted with a fee prescribed by the commissioner pursuant to section 144.122. Licenses or permits shall expire and be renewed as prescribed by the commissioner pursuant to section 144.122.

History: (5345) RL s 2131; 1917 c 345 s 1; 1923 c 227 s 1; 1951 c 537 s 1; 1953 c 134 s 1; 1957 c 361 s 1; 1975 c 310 s 4; 1975 c 351 s 1; 1977 c 66 s 10; 1977 c 305 s 45; 1977 c 406 s 1; 1983 c 359 s 9; 1985 c 248 s 70; 1986 c 444; 1987 c 309 s 24

RADIATION HAZARDS PROGRAM

144.1201 DEFINITIONS.

Subdivision 1. **Applicability.** For purposes of sections 144.1201 to 144.1204, the terms defined in this section have the meanings given to them.

Subd. 2. **By-product nuclear material.** "By-product nuclear material" means a radioactive material, other than special nuclear material, yielded in or made radioactive by exposure to radiation created incident to the process of producing or utilizing special nuclear material.

Subd. 3. **Radiation.** "Radiation" means ionizing radiation and includes alpha rays; beta rays; gamma rays; x-rays; high energy neutrons, protons, or electrons; and other atomic particles.

Subd. 4. **Radioactive material.** "Radioactive material" means a matter that emits radiation. Radioactive material includes special nuclear material, source nuclear material, and by-product nuclear material.

Subd. 5. **Source nuclear material.** "Source nuclear material" means uranium or thorium, or a combination thereof, in any physical or chemical form; or ores that contain by weight 1/20 of one percent (0.05 percent) or more of uranium, thorium, or a combination thereof. Source nuclear material does not include special nuclear material.

Subd. 6. **Special nuclear material.** "Special nuclear material" means:

(1) plutonium, uranium enriched in the isotope 233 or in the isotope 235, and any other material that the Nuclear Regulatory Commission determines to be special nuclear material according to United States Code, title 42, section 2071, except that source nuclear material is not included; and

(2) a material artificially enriched by any of the materials listed in clause (1), except that source nuclear material is not included.

History: 1999 c 245 art 2 s 16

144.1202 UNITED STATES NUCLEAR REGULATORY COMMISSION AGREEMENT.

Subdivision 1. **Agreement authorized.** In order to have a comprehensive program to protect the public from radiation hazards, the governor, on behalf of the state, is authorized to enter into agreements with the United States Nuclear Regulatory Commission under the Atomic Energy Act of 1954, section 274b, as amended. The agreement shall provide for the discontinuance of portions of the Nuclear Regulatory Commission's licensing and related regulatory authority over by-product, source, and special nuclear materials, and the assumption of regulatory authority over these materials by the state.

Subd. 2. **Health department designated lead.** The department of health is designated as the lead agency to pursue an agreement on behalf of the governor and for any assumption of specified licensing and regulatory authority from the Nuclear Regulatory Commission under an agreement with the commission. The commissioner of health shall establish an advisory group to assist in preparing the state to meet the requirements for reaching an agreement. The commissioner may adopt rules to allow the state to assume regulatory authority under an agreement under this section, including the licensing and regulation of radioactive materials. Any regulatory authority assumed by the state includes the ability to set and collect fees.

Subd. 3. **Transition.** A person who, on the effective date of an agreement under this section, possesses a Nuclear Regulatory Commission license that is subject to the agreement is deemed to possess a similar license issued by the department of health. A department of health license obtained under this subdivision expires on the expiration date specified in the federal license.

Subd. 4. **Agreement; conditions of implementation.** (a) An agreement entered into before August 2, 2003, must remain in effect until terminated under the Atomic Energy Act of 1954, United States Code, title 42, section 2021, paragraph (j). The governor may not enter into an initial agreement with the Nuclear Regulatory Commission after August 1, 2003. If an agreement is not entered into by August 1, 2003, any rules adopted under this section are repealed effective August 1, 2003.

(b) An agreement authorized under subdivision 1 must be approved by law before it may be implemented.

History: 1999 c 245 art 2 s 17; 1Sp2001 c 9 art 1 s 28; 2002 c 379 art 1 s 113

144.1203 TRAINING; RULEMAKING.

The commissioner shall adopt rules to ensure that individuals handling or utilizing radioactive materials under the terms of a license issued by the commissioner under section 144.1202 have proper training and qualifications to do so. The rules adopted must be at least as stringent as federal regulations on proper training and qualifications adopted by the Nuclear Regulatory Commission. Rules adopted under this section may incorporate federal regulations by reference.

History: 1999 c 245 art 2 s 18

144.1204 SURETY REQUIREMENTS.

Subdivision 1. **Financial assurance required.** The commissioner may require an applicant for a license under section 144.1202, or a person who was formerly licensed by the Nuclear Regulatory Commission and is now subject to sections 144.1201 to 144.1204, to post financial assurances to ensure the completion of all requirements established by the commissioner for the decontamination, closure, decommissioning, and reclamation of sites, structures, and equipment used in conjunction with activities related to licensure. The financial assurances posted must be sufficient to restore the site to unrestricted future use and must be sufficient to provide for surveillance and care when radioactive materials remain at the site after the licensed activities cease. The commissioner may establish financial assurance criteria by rule. In establishing such criteria, the commissioner may consider:

MINNESOTA STATUTES 2002

- (1) the chemical and physical form of the licensed radioactive material;
- (2) the quantity of radioactive material authorized;
- (3) the particular radioisotopes authorized and their subsequent radiotoxicity;
- (4) the method in which the radioactive material is held, used, stored, processed, transferred, or disposed of; and
- (5) the potential costs of decontamination, treatment, or disposal of a licensee's equipment and facilities.

Subd. 2. **Acceptable financial assurances.** The commissioner may, by rule, establish types of financial assurances that meet the requirements of this section. Such financial assurances may include bank letters of credit, deposits of cash, or deposits of government securities.

Subd. 3. **Trust agreements.** Financial assurances must be established together with trust agreements. Both the financial assurances and the trust agreements must be in a form and substance that meet requirements established by the commissioner.

Subd. 4. **Exemptions.** The commissioner is authorized to exempt from the requirements of this section, by rule, any category of licensee upon a determination by the commissioner that an exemption does not result in a significant risk to the public health or safety or to the environment and does not pose a financial risk to the state.

Subd. 5. **Other remedies unaffected.** Nothing in this section relieves a licensee of a civil liability incurred, nor may this section be construed to relieve the licensee of obligations to prevent or mitigate the consequences of improper handling or abandonment of radioactive materials.

History: 1999 c 245 art 2 s 19

144.1205 RADIOACTIVE MATERIAL; SOURCE AND SPECIAL NUCLEAR MATERIAL; FEES; INSPECTION.

Subdivision 1. **Application and license renewal fee.** When a license is required for radioactive material or source or special nuclear material by a rule adopted under section 144.1202, subdivision 2, an application fee according to subdivision 4 must be paid upon initial application for a license. The licensee must renew the license 60 days before the expiration date of the license by paying a license renewal fee equal to the application fee under subdivision 4. The expiration date of a license is the date set by the United States Nuclear Regulatory Commission before transfer of the licensing program under section 144.1202 and thereafter as specified by rule of the commissioner of health.

Subd. 2. **Annual fee.** A licensee must pay an annual fee at least 60 days before the anniversary date of the issuance of the license. The annual fee is an amount equal to 80 percent of the application fee under subdivision 4, rounded to the nearest whole dollar.

Subd. 3. **Fee categories; incorporation of federal licensing categories.** (a) Fee categories under this section are equivalent to the licensing categories used by the United States Nuclear Regulatory Commission under Code of Federal Regulations, title 10, parts 30 to 36, 39, 40, 70, 71, and 150, except as provided in paragraph (b).

(b) The category of "Academic, small" is the type of license required for the use of radioactive materials in a teaching institution. Radioactive materials are limited to ten radionuclides not to exceed a total activity amount of one curie.

Subd. 4. **Application fee.** A licensee must pay an application fee as follows:

Radioactive material, source and special material	Application fee	U.S. Nuclear Regulatory Commission licensing category as reference
Type A broadscope	\$20,000	Medical institution type A
Type B broadscope	\$15,000	Research and development type B
Type C broadscope	\$10,000	Academic type C

Waste disposal	\$9,400	Waste disposal service prepackage Waste disposal service processing/repackage
Waste storage only	\$7,000	To receive and store radioactive material waste
Industrial radiography	\$8,400	Industrial radiography fixed location Industrial radiography portable/temporary sites
Irradiator - self-shielded	\$4,100	Irradiators self-shielded less than 10,000 curies
Irradiator - less than 10,000 Ci	\$7,500	Irradiators less than 10,000 curies
Irradiator - more than 10,000 Ci	\$11,500	Irradiators greater than 10,000 curies
Research and development, no distribution	\$4,100	Research and development
Radioactive material possession only	\$1,000	Byproduct possession only
Source material	\$1,000	Source material shielding
Special nuclear material, less than 200 grams	\$1,000	Special nuclear material plutonium-neutron sources

MINNESOTA STATUTES 2002

Pacemaker manufacturing	\$1,000	less than 200 grams Pacemaker byproduct and/or special nuclear material - medical institution
General license distribution	\$2,100	General license distribution
General license distribution, exempt	\$1,500	General license distribution - certain exempt items
Academic, small	\$1,000	Possession limit of ten radionuclides, not to exceed a total of one curie of activity
Veterinary	\$2,000	Veterinary use
Well logging	\$5,000	Well logging

Subd. 5. **Penalty for late payment.** An annual fee or a license renewal fee submitted to the commissioner after the due date specified by rule must be accompanied by an additional amount equal to 25 percent of the fee due.

Subd. 6. **Inspections.** The commissioner of health shall make periodic safety inspections of the radioactive material and source and special nuclear material of a licensee. The commissioner shall prescribe the frequency of safety inspections by rule.

Subd. 7. **Recovery of reinspection cost.** If the commissioner finds serious violations of public health standards during an inspection under subdivision 6, the licensee must pay all costs associated with subsequent reinspection of the source. The costs shall be the actual costs incurred by the commissioner and include, but are not limited to, labor, transportation; per diem, materials, legal fees, testing, and monitoring costs.

Subd. 8. **Reciprocity fee.** A licensee submitting an application for reciprocal recognition of a materials license issued by another agreement state or the United States Nuclear Regulatory Commission for a period of 180 days or less during a calendar year must pay one-half of the application fee specified under subdivision 4. For a period of 181 days or more, the licensee must pay the entire application fee under subdivision 4.

Subd. 9. **Fees for license amendments.** A licensee must pay a fee to amend a license as follows:

- (1) to amend a license requiring no license review including, but not limited to, facility name change or removal of a previously authorized user, no fee;
- (2) to amend a license requiring review including, but not limited to, addition of isotopes, procedure changes, new authorized users, or a new radiation safety officer, \$200; and
- (3) to amend a license requiring review and a site visit including, but not limited to, facility move or addition of processes, \$400.

History: 1Sp2001 c 9 art 1 s 29; 2002 c 379 art 1 s 113

144.121 X-RAY MACHINES AND FACILITIES USING OTHER SOURCES OF IONIZING RADIATION.

Subdivision 1. **Registration; fees.** The fee for the registration for x-ray machines and other sources of ionizing radiation required to be registered under rules adopted by the state commissioner of health pursuant to section 144.12, shall be in an amount as described in subdivision 1a pursuant to section 144.122. The registration shall expire and be renewed as prescribed by the commissioner pursuant to section 144.122.

Subd. 1a. **Fees for x-ray machines and other sources of ionizing radiation.** A facility with x-ray machines or other sources of ionizing radiation must biennially pay an initial or biennial renewal registration fee consisting of a base facility fee of \$132 and an additional fee for each x-ray machine or other source of ionizing radiation as follows:

(1) medical or veterinary equipment	\$106
(2) dental x-ray equipment	\$ 66
(3) accelerator	\$132
(4) radiation therapy equipment	\$132
(5) x-ray equipment not used on humans or animals	\$106
(6) devices with sources of ionizing radiation not used on humans or animals	\$106
(7) sources of radium	\$198

Subd. 1b. **Penalty fee for late registration.** Applications for initial or renewal registrations submitted to the commissioner after the time specified by the commissioner shall be accompanied by a penalty fee of \$20 in addition to the fees prescribed in subdivision 1a.

Subd. 1c. **Fee for x-ray machines and other sources of ionizing radiation registered during last 12 months of a biennial registration period.** The initial registration fee of x-ray machines or other sources of radiation required to be registered during the last 12 months of a biennial registration period will be 50 percent of the applicable registration fee prescribed in subdivision 1a.

Subd. 2. **Inspections.** Periodic radiation safety inspections of the sources of ionizing radiation shall be made by the state commissioner of health. The frequency of safety inspections shall be prescribed by the commissioner on the basis of the frequency of use of the source of ionizing radiation; provided that each source shall be inspected at least once every four years.

Subd. 3. **Exemption.** Notwithstanding rules adopted by the commissioner under section 144.12, subdivision 1, clause (15), practitioners of veterinary medicine are not required to conduct densitometry and sensitometry tests as part of any ionizing radiation quality assurance program.

Subd. 4. **Radiation monitoring.** Whenever involved in radiation procedures, practitioners of veterinary medicine and staff shall wear film-based radiation monitoring badges to monitor individual exposure. The badges must be submitted periodically to a dosimetry service for individual exposure determination.

Subd. 5. **Examination for individual operating x-ray equipment.** After January 1, 1997, an individual in a facility with x-ray equipment for use on humans that is registered under subdivision 1 may not operate, nor may the facility allow the individual to operate, x-ray equipment unless the individual has passed an examination approved by the commissioner of health, or an examination determined to the satisfaction of the commissioner of health to be an equivalent national, state, or regional examination, that demonstrates the individual's knowledge of basic radiation safety, proper use of x-ray equipment, darkroom and film processing, and quality assurance procedures. The commissioner shall establish by rule criteria for the approval of examinations required for an individual operating an x-ray machine in Minnesota.

Subd. 6. **Inspection.** At the time a facility with x-ray equipment is inspected by the commissioner of health in accordance with subdivision 2, an individual operating x-ray equipment in the facility must be able to show compliance with the requirements of subdivision 5.

Subd. 7. [Repealed, 1999 c 86 art 2 s 6]

Subd. 8. **Exemption from examination requirements; operators of certain bone densitometers.** (a) This subdivision applies to a bone densitometer that is used on humans to estimate bone mineral content and bone mineral density in a region of a finger on a person's nondominant hand; gives an x-ray dose equivalent of less than

0.001 microsieverts per scan, and has an x-ray leakage exposure rate of less than two milliroentgens per hour at a distance of one meter, provided that the bone densitometer is operating in accordance with manufacturer specifications.

(b) An individual who operates a bone densitometer that satisfies the definition in paragraph (a) and the facility in which an individual operates such a bone densitometer are exempt from the requirements of subdivisions 5 and 6.

History: 1974 c 81 s 1; 1975 c 310 s 35; 1977 c 305 s 45; 1985 c 248 s 70; 1993 c 188 s 1,2; 1995 c 146 s 1-3; 1997 c 203 art 2 s 7-10; 1999 c 245 art 2 s 20

144.1211 [Repealed, 1993 c 206 s 25]

144.122 LICENSE, PERMIT, AND SURVEY FEES.

(a) The state commissioner of health, by rule, may prescribe reasonable procedures and fees for filing with the commissioner as prescribed by statute and for the issuance of original and renewal permits, licenses, registrations, and certifications issued under authority of the commissioner. The expiration dates of the various licenses, permits, registrations, and certifications as prescribed by the rules shall be plainly marked thereon. Fees may include application and examination fees and a penalty fee for renewal applications submitted after the expiration date of the previously issued permit, license, registration, and certification. The commissioner may also prescribe, by rule, reduced fees for permits, licenses, registrations, and certifications when the application therefor is submitted during the last three months of the permit, license, registration, or certification period. Fees proposed to be prescribed in the rules shall be first approved by the department of finance. All fees proposed to be prescribed in rules shall be reasonable. The fees shall be in an amount so that the total fees collected by the commissioner will, where practical, approximate the cost to the commissioner in administering the program. All fees collected shall be deposited in the state treasury and credited to the state government special revenue fund unless otherwise specifically appropriated by law for specific purposes.

(b) The commissioner may charge a fee for voluntary certification of medical laboratories and environmental laboratories, and for environmental and medical laboratory services provided by the department, without complying with paragraph (a) or chapter 14. Fees charged for environment and medical laboratory services provided by the department must be approximately equal to the costs of providing the services.

(c) The commissioner may develop a schedule of fees for diagnostic evaluations conducted at clinics held by the services for children with handicaps program. All receipts generated by the program are annually appropriated to the commissioner for use in the maternal and child health program.

(d) The commissioner shall set license fees for hospitals and nursing homes that are not boarding care homes at the following levels:

Joint Commission on Accreditation of Healthcare Organizations (JCAHO hospitals)	\$7,055
Non-JCAHO hospitals	\$4,680 plus \$234 per bed
Nursing home	\$183 plus \$91 per bed

The commissioner shall set license fees for outpatient surgical centers, boarding care homes, and supervised living facilities at the following levels:

Outpatient surgical centers	\$1,512
Boarding care homes	\$183 plus \$91 per bed
Supervised living facilities	\$183 plus \$91 per bed.

(e) Unless prohibited by federal law, the commissioner of health shall charge applicants the following fees to cover the cost of any initial certification surveys required to determine a provider's eligibility to participate in the Medicare or Medicaid program:

MINNESOTA STATUTES 2002

883

DEPARTMENT OF HEALTH 144.1222

Prospective payment surveys for hospitals	\$ 900
Swing bed surveys for nursing homes	\$1,200
Psychiatric hospitals	\$1,400
Rural health facilities	\$1,100
Portable x-ray providers	\$ 500
Home health agencies	\$1,800
Outpatient therapy agencies	\$ 800
End stage renal dialysis providers	\$2,100
Independent therapists	\$ 800
Comprehensive rehabilitation outpatient facilities	\$1,200
Hospice providers	\$1,700
Ambulatory surgical providers	\$1,800
Hospitals	\$4,200
Other provider categories or additional resurveys required to complete initial certification	Actual surveyor costs: average surveyor cost x number of hours for the survey process.

These fees shall be submitted at the time of the application for federal certification and shall not be refunded. All fees collected after the date that the imposition of fees is not prohibited by federal law shall be deposited in the state treasury and credited to the state government special revenue fund.

History: 1974 c 471 s 1; 1975 c 310 s 36; 1977 c 305 s 45; 1985 c 248 s 70; 1986 c 444; 1987 c 403 art 2 s 7; 1989 c 209 art 1 s 14; 1989 c 282 art 1 s 16; 1992 c 513 art 6 s 1; 1Sp1993 c 1 art 9 s 18; 1995 c 207 art 9 s 4; 1996 c 451 art 4 s 5; 1Sp2001 c 9 art 1 s 30; 2002 c 379 art 1 s 113

144.1222 PUBLIC POOLS; ENCLOSED SPORTS ARENAS.

Subdivision 1. **Public pools.** The commissioner of health shall be responsible for the adoption of rules and enforcement of applicable laws and rules relating to the operation, maintenance, design, installation, and construction of public pools and facilities related to them. The commissioner shall adopt rules governing the collection of fees under section 144.122 to cover the cost of pool construction plan review, monitoring, and inspections.

Subd. 2. **Pools used for treatment or therapy.** A pool used by a medical or rehabilitation facility to facilitate treatment or therapy, to which only authorized access is allowed and which is not open for any other public use, is exempt from the requirements of Minnesota Rules, part 4717.1050, regarding warning signs, and Minnesota Rules, part 4717.1650, subpart 1, regarding placards.

Subd. 2a. **Portable wading pools at family day care or group family day care homes.** A portable wading pool that is located at a family day care or group family day care home licensed under Minnesota Rules, chapter 9502, or at a home at which child care services are provided under section 245A.03, subdivision 2, clause (2), shall be defined as a private residential pool and not as a public pool for purposes of public swimming pool regulations under Minnesota Rules, chapter 4717, provided that the

portable wading pool has a maximum depth of 24 inches and is capable of being manually emptied and moved.

Subd. 2b. **Swimming pools at family day care or group family day care homes.** Notwithstanding Minnesota Rules, part 4717.0250, subpart 8, a swimming pool that is located at a family day care or group family day care home licensed under Minnesota Rules, chapter 9502, shall not be considered a public pool, and is exempt from the requirements for public pools in Minnesota Rules, parts 4717.0150 to 4717.3975. If the provider chooses to allow children cared for at the family day care or group family day care home to use the swimming pool located at the home, the provider must satisfy the requirements in section 245A.14, subdivision 11.

Subd. 3. **Enclosed sports arenas.** The commissioner of health shall be responsible for the adoption of rules and enforcement of applicable laws and rules relating to indoor air quality in the operation and maintenance of enclosed sports arenas.

History: 1995 c 165 s 1; 2002 c 279 s 5; 2002 c 333 s 1

144.123 FEES FOR DIAGNOSTIC LABORATORY SERVICES; EXCEPTIONS.

Subdivision 1. **Who must pay.** Except for the limitation contained in this section, the commissioner of health shall charge a handling fee for each specimen submitted to the department of health for analysis for diagnostic purposes by any hospital, private laboratory, private clinic, or physician. No fee shall be charged to any entity which receives direct or indirect financial assistance from state or federal funds administered by the department of health, including any public health department, nonprofit community clinic, venereal disease clinic, family planning clinic, or similar entity. The commissioner of health may establish by rule other exceptions to the handling fee as may be necessary to gather information for epidemiologic purposes. All fees collected pursuant to this section shall be deposited in the state treasury and credited to the state government special revenue fund.

Subd. 2. **Rules for fee amounts.** The commissioner of health shall promulgate rules, in accordance with chapter 14, which shall specify the amount of the handling fee prescribed in subdivision 1. The fee shall approximate the costs to the department of handling specimens including reporting, postage, specimen kit preparation, and overhead costs. The fee prescribed in subdivision 1 shall be \$15 per specimen until the commissioner promulgates rules pursuant to this subdivision.

History: 1979 c 49 s 1; 1982 c 424 s 130; 1987 c 403 art 2 s 8; 1992 c 513 art 6 s 2; 1Sp1993 c 1 art 9 s 19

144.125 TESTS OF INFANTS FOR INBORN METABOLIC ERRORS.

It is the duty of (1) the administrative officer or other person in charge of each institution caring for infants 28 days or less of age, (2) the person required in pursuance of the provisions of section 144.215, to register the birth of a child, or (3) the nurse midwife or midwife in attendance at the birth, to arrange to have administered to every infant or child in its care tests for inborn errors of metabolism in accordance with rules prescribed by the state commissioner of health. In determining which tests must be administered, the commissioner shall take into consideration the adequacy of laboratory methods to detect the inborn metabolic error, the ability to treat or prevent medical conditions caused by the inborn metabolic error, and the severity of the medical conditions caused by the inborn metabolic error. Testing and the recording and reporting of test results shall be performed at the times and in the manner prescribed by the commissioner of health. The commissioner shall charge laboratory service fees so that the total of fees collected will approximate the costs of conducting the tests and implementing and maintaining a system to follow-up infants with inborn metabolic errors. Costs associated with capital expenditures and the development of new procedures may be prorated over a three-year period when calculating the amount of the fees.

History: 1965 c 205 s 1; 1977 c 305 s 45; 1Sp1981 c 4 art 1 s 75; 1985 c 248 s 70; 1986 c 444; 1988 c 689 art 2 s 31; 1994 c 636 art 2 s 2; 1997 c 203 art 2 s 11; 1997 c 205 s 19

144.126 INBORN METABOLISM ERROR TESTING PROGRAMS.

The commissioner shall provide on a statewide basis without charge to the recipient, treatment control tests for which approved laboratory procedures are available for hemoglobinopathy, phenylketonuria, and other inborn errors of metabolism.

History: *1Sp1985 c 9 art 2 s 9; 1991 c 36 s 1*

144.128 TREATMENT FOR POSITIVE DIAGNOSIS, REGISTRY OF CASES.

The commissioner shall:

(1) make arrangements for the necessary treatment of diagnosed cases of hemoglobinopathy, phenylketonuria, and other inborn errors of metabolism when treatment is indicated and the family is uninsured and, because of a lack of available income, is unable to pay the cost of the treatment;

(2) maintain a registry of cases of hemoglobinopathy, phenylketonuria, and other inborn errors of metabolism for the purpose of follow-up services; and

(3) adopt rules to carry out section 144.126 and this section.

History: *1Sp1985 c 9 art 2 s 10; 1991 c 36 s 2*

144.13 RULES, NOTICE PUBLISHED.

Three weeks' published notice of such rules, if of general application throughout the state, shall be given at the seat of government; if of local application only, as near such locality as practicable. Special rules applicable to particular cases shall be sufficiently noticed when posted in a conspicuous place upon or near the premises affected. Fines collected for violations of rules adopted by the commissioner shall be paid into the state treasury; and of local boards and officers, into the county treasury.

History: *(5346) RL s 2132; 1977 c 305 s 45; 1985 c 248 s 70*

144.14 QUARANTINE OF INTERSTATE CARRIERS.

When necessary the commissioner may establish and enforce a system of quarantine against the introduction into the state of any plague or other communicable disease by common carriers doing business across its borders. Its members, officers, and agents may board any conveyance used by such carriers to inspect the same and, if such conveyance be found infected, may detain the same and isolate and quarantine any or all persons found thereon, with their luggage, until all danger of communication of disease therefrom is removed.

History: *(5347) RL s 2133; 1977 c 305 s 45*

144.145 FLUORIDATION OF MUNICIPAL WATER SUPPLIES.

For the purpose of promoting public health through prevention of tooth decay, the person, firm, corporation, or municipality having jurisdiction over a municipal water supply, whether publicly or privately owned or operated, shall control the quantities of fluoride in the water so as to maintain a fluoride content prescribed by the state commissioner of health. In the manner provided by law, the state commissioner of health shall promulgate rules relating to the fluoridation of public water supplies which shall include, but not be limited to the following: (1) The means by which fluoride is controlled; (2) the methods of testing the fluoride content; and (3) the records to be kept relating to fluoridation. The state commissioner of health shall enforce the provisions of this section. In so doing the commissioner shall require the fluoridation of water in all municipal water supplies on or before January 1, 1970. The state commissioner of health shall not require the fluoridation of water in any municipal water supply where such water supply in the state of nature contains sufficient fluorides to conform with the rules of such commissioner.

History: *1967 c 603 s 1; 1977 c 305 s 45; 1985 c 248 s 70; 1986 c 444*

144.146 TREATMENT OF CYSTIC FIBROSIS.

Subdivision 1. **Program.** The commissioner of health shall develop and conduct a program including medical care and hospital treatment for persons aged 21 or over who are suffering from cystic fibrosis.

Subd. 2. [Repealed, 1978 c 762 s 9]

History: 1975 c 409 s 1,2; 1977 c 305 s 45

SUMMER HEALTH CARE INTERNS

144.1464 SUMMER HEALTH CARE INTERNS.

Subdivision 1. **Summer internships.** The commissioner of health, through a contract with a nonprofit organization as required by subdivision 4, shall award grants to hospitals, clinics, nursing facilities, and home care providers to establish a secondary and post-secondary summer health care intern program. The purpose of the program is to expose interested secondary and post-secondary pupils to various careers within the health care profession.

Subd. 2. **Criteria.** (a) The commissioner, through the organization under contract, shall award grants to hospitals, clinics, nursing facilities, and home care providers that agree to:

(1) provide secondary and post-secondary summer health care interns with formal exposure to the health care profession;

(2) provide an orientation for the secondary and post-secondary summer health care interns;

(3) pay one-half the costs of employing the secondary and post-secondary summer health care intern;

(4) interview and hire secondary and post-secondary pupils for a minimum of six weeks and a maximum of 12 weeks; and

(5) employ at least one secondary student for each post-secondary student employed, to the extent that there are sufficient qualifying secondary student applicants.

(b) In order to be eligible to be hired as a secondary summer health intern by a hospital, clinic, nursing facility, or home care provider, a pupil must:

(1) intend to complete high school graduation requirements and be between the junior and senior year of high school; and

(2) be from a school district in proximity to the facility.

(c) In order to be eligible to be hired as a post-secondary summer health care intern by a hospital or clinic, a pupil must:

(1) intend to complete a health care training program or a two-year or four-year degree program and be planning on enrolling in or be enrolled in that training program or degree program; and

(2) be enrolled in a Minnesota educational institution or be a resident of the state of Minnesota; priority must be given to applicants from a school district or an educational institution in proximity to the facility.

(d) Hospitals, clinics, nursing facilities, and home care providers awarded grants may employ pupils as secondary and post-secondary summer health care interns beginning on or after June 15, 1993, if they agree to pay the intern, during the period before disbursement of state grant money, with money designated as the facility's 50 percent contribution towards internship costs.

Subd. 3. **Grants.** The commissioner, through the organization under contract, shall award separate grants to hospitals, clinics, nursing facilities, and home care providers meeting the requirements of subdivision 2. The grants must be used to pay one-half of the costs of employing secondary and post-secondary pupils in a hospital, clinic, nursing facility, or home care setting during the course of the program. No more than 50 percent of the participants may be post-secondary students, unless the program does not receive enough qualified secondary applicants per fiscal year. No more than five pupils may be selected from any secondary or post-secondary institution to participate in the program and no more than one-half of the number of pupils selected may be from the seven-county metropolitan area.

Subd. 4. **Contract.** The commissioner shall contract with a statewide, nonprofit organization representing facilities at which secondary and post-secondary summer

health care interns will serve, to administer the grant program established by this section. Grant funds that are not used in one fiscal year may be carried over to the next fiscal year. The organization awarded the grant shall provide the commissioner with any information needed by the commissioner to evaluate the program, in the form and at the times specified by the commissioner.

History: 1992 c 499 art 7 s 9; 1993 c 345 art 11 s 1; 1993 c 366 s. 28,29; 1994 c 625 art 12 s 2; 1995 c 234 art 8 s 29-31; 1Sp2001 c 9 art 1 s 31; 2002 c 370 art 1 s 113

RURAL HOSPITAL GRANTS

144.1465 FINDING AND PURPOSE.

The legislature finds that rural hospitals are an integral part of the health care delivery system and are fundamental to the development of a sound rural economy. The legislature further finds that access to rural health care must be assured to all Minnesota residents. The rural health care system is undergoing a restructuring that threatens to jeopardize access in rural areas to quality health services. To assure continued rural health care access the legislature proposes to establish a grant program to assist rural hospitals and their communities with the development of strategic plans and transition projects, provide subsidies for geographically isolated hospitals facing closure, and examine the problem of recruitment and retention of rural physicians, nurses, and other allied health care professionals.

History: 1990 c 568 art 2 s 6

144.147 RURAL HOSPITAL PLANNING AND TRANSITION GRANT PROGRAM.

Subdivision 1. **Definition.** "Eligible rural hospital" means any nonfederal, general acute care hospital that:

(1) is either located in a rural area, as defined in the federal Medicare regulations, Code of Federal Regulations, title 42, section 405.1041, or located in a community with a population of less than 10,000, according to United States Census Bureau statistics, outside the seven-county metropolitan area;

(2) has 50 or fewer beds; and

(3) is not for profit.

Subd. 2. **Grants authorized.** The commissioner shall establish a program of grants to assist eligible rural hospitals. The commissioner shall award grants to hospitals and communities for the purposes set forth in paragraphs (a) and (b).

(a) Grants may be used by hospitals and their communities to develop strategic plans for preserving or enhancing access to health services. At a minimum, a strategic plan must consist of:

(1) a needs assessment to determine what health services are needed and desired by the community. The assessment must include interviews with or surveys of area health professionals, local community leaders, and public hearings;

(2) an assessment of the feasibility of providing needed health services that identifies priorities and timeliness for potential changes; and

(3) an implementation plan.

The strategic plan must be developed by a committee that includes representatives from the hospital, local public health agencies, other health providers, and consumers from the community.

(b) The grants may also be used by eligible rural hospitals that have developed strategic plans to implement transition projects to modify the type and extent of services provided, in order to reflect the needs of that plan. Grants may be used by hospitals under this paragraph to develop hospital-based physician practices that integrate hospital and existing medical practice facilities that agree to transfer their practices, equipment, staffing, and administration to the hospital. The grants may also be used by the hospital to establish a health provider cooperative, a telemedicine system, or a rural health care system or to cover expenses associated with being designated as a critical access hospital for the Medicare rural hospital flexibility

program. Not more than one-third of any grant shall be used to offset losses incurred by physicians agreeing to transfer their practices to hospitals.

Subd. 3. **Consideration of grants.** In determining which hospitals will receive grants under this section, the commissioner shall take into account:

- (1) improving community access to hospital or health services;
- (2) changes in service populations;
- (3) availability and upgrading of ambulatory and emergency services;
- (4) the extent that the health needs of the community are not currently being met by other providers in the service area;
- (5) the need to recruit and retain health professionals;
- (6) the extent of community support;
- (7) the integration of health care services and the coordination with local community organizations, such as community development and public health agencies; and
- (8) the financial condition of the hospital.

Subd. 4. **Allocation of grants.** (a) Eligible hospitals must apply to the commissioner no later than September 1 of each fiscal year for grants awarded for that fiscal year. A grant may be awarded upon signing of a grant contract.

(b) The commissioner must make a final decision on the funding of each application within 60 days of the deadline for receiving applications.

(c) Each relevant community health board has 30 days in which to review and comment to the commissioner on grant applications from hospitals in their community health service area.

(d) In determining which hospitals will receive grants under this section, the commissioner shall consider the following factors:

(1) Description of the problem, description of the project, and the likelihood of successful outcome of the project. The applicant must explain clearly the nature of the health services problems in their service area, how the grant funds will be used, what will be accomplished, and the results expected. The applicant should describe achievable objectives, a timetable, and roles and capabilities of responsible individuals and organizations.

(2) The extent of community support for the hospital and this proposed project. The applicant should demonstrate support for the hospital and for the proposed project from other local health service providers and from local community and government leaders. Evidence of such support may include past commitments of financial support from local individuals, organizations, or government entities; and commitment of financial support, in-kind services or cash, for this project.

(3) The comments, if any, resulting from a review of the application by the community health board in whose community health service area the hospital is located.

(e) In evaluating applications, the commissioner shall score each application on a 100 point scale, assigning the maximum of 70 points for an applicant's understanding of the problem, description of the project, and likelihood of successful outcome of the project; and a maximum of 30 points for the extent of community support for the hospital and this project. The commissioner may also take into account other relevant factors.

(f) Any single grant to a hospital, including hospitals that submit applications as consortia, may not exceed \$50,000 a year and may not exceed a term of two years. Prior to the receipt of any grant, the hospital must certify to the commissioner that at least one-half of the amount of the total cost of the planning or transition project, which may include in-kind services, is available for the same purposes from nonstate sources. A hospital receiving a grant under this section may use the grant for any expenses incurred in the development of strategic plans or the implementation of transition projects with respect to which the grant is made. Project grants may not be used to

retire debt incurred with respect to any capital expenditure made prior to the date on which the project is initiated. Hospitals may apply to the program each year they are eligible.

(g) The commissioner may adopt rules to implement this section.

Subd. 5. **Evaluation.** The commissioner shall evaluate the overall effectiveness of the grant program. The commissioner may collect, from the hospital, and communities receiving grants, quarterly progress reports to evaluate the grant program. Information related to the financial condition of individual hospitals shall be classified as nonpublic data.

History: 1990 c 568 art 2 s 7; 1992 c 549 art 5 s 4-6; 1993 c 247 art 5 s 11; 1993 c 345 art 10 s 1; 1995 c 234 art 8 s 32; 1997 c 225 art 2 s 48-51; 1999 c 247 s 2-5; 2001 c 171 s 2

RURAL HOSPITAL DEMONSTRATION PROJECT

144.1475 RURAL HOSPITAL DEMONSTRATION PROJECT.

Subdivision 1. **Establishment.** The commissioner of health, for the biennium ending June 30, 1999, shall establish at least three demonstration projects per fiscal year to assist rural hospitals in the planning and implementation process to either consolidate or cooperate with another existing hospital in its service area to provide better quality health care to its community. A demonstration project must include at least two eligible hospitals. For purposes of this section, an "eligible hospital" means a hospital that:

- (1) is located outside the seven-county metropolitan area;
- (2) has 50 or fewer licensed beds; and
- (3) is located within a 25-mile radius of another hospital.

At least one of the eligible hospitals in a demonstration project must have had a negative operating margin during one of the two years prior to application.

Subd. 2. **Application.** (a) An eligible hospital seeking to be a participant in a demonstration project must submit an application to the commissioner of health detailing the hospital's efforts to consolidate health care delivery in its service area; cooperate with another hospital in the delivery of health care, or both consolidate and cooperate. Applications must be submitted by October 15 of each fiscal year for grants awarded for that fiscal year.

(b) Applications must:

- (1) describe the problem that the proposed consolidation or cooperation will address, the consolidation or cooperation project, how the grant funds will be used, what will be accomplished, and the results expected;
- (2) describe achievable objectives, a timetable, and the roles and capabilities of responsible individuals and organizations;
- (3) include written commitments from the applicant hospital and at least one other hospital that will participate in the consolidation or cooperation demonstration project, that specify the activities the organization will undertake during the project, the resources the organization will contribute to the demonstration project, and the expected role and nature of the organization's involvement in proposed consolidation or cooperation activities; and
- (4) provide evidence of support for the proposed project from other local health service providers and from local community and government leaders.

Subd. 3. **Grants.** The commissioner of health shall allocate a grant of up to \$100,000 to the highest scoring applicants each year until available funding is expended. Grants may be used by eligible hospitals to:

- (1) conduct consolidation or cooperation negotiations;
- (2) develop consolidation or cooperation plans, including financial plans and architectural designs;

(3) seek community input and conduct community education on proposed or planned consolidations or cooperative activities; and

(4) implement consolidation or cooperation plans.

Subd. 4. **Consideration of grants.** In evaluating applications, the commissioner shall score each application on a 100 point scale, assigning: a maximum of 40 points for an applicant's understanding of the problem, description of the project, and likelihood of successful outcome of the project; a maximum of 30 points for explicit and unequivocal written commitments from organizations participating in the project; a maximum of 20 points for matching funds or in-kind services committed by the applicant or others to the project; and a maximum of ten points for the extent of community support for the project. The commissioner shall consider the comments, if any, resulting from a review of the application by the community health board in whose community health service area the applicant is located. The commissioner may also take into account other relevant factors.

Subd. 5. **Evaluation.** The commissioner of health shall evaluate the overall effectiveness of the demonstration projects and report to the legislature by September 1, 2000. The commissioner may collect, from the hospitals receiving grants, any information necessary to evaluate the demonstration project.

History: 1997 c 225 art 2 s 52

RURAL HOSPITAL GRANT PROGRAM

144.148 RURAL HOSPITAL CAPITAL IMPROVEMENT GRANT PROGRAM.

Subdivision 1. **Definition.** (a) For purposes of this section, the following definitions apply.

(b) "Eligible rural hospital" means any nonfederal, general acute care hospital that:

(1) is either located in a rural area, as defined in the federal Medicare regulations, Code of Federal Regulations, title 42, section 405.1041, or located in a community with a population of less than 10,000, according to United States Census Bureau Statistics, outside the seven-county metropolitan area;

(2) has 50 or fewer beds; and

(3) is not for profit.

(c) "Eligible project" means a modernization project to update, remodel, or replace aging hospital facilities and equipment necessary to maintain the operations of a hospital.

Subd. 2. **Program.** (a) The commissioner of health shall award rural hospital capital improvement grants to eligible rural hospitals. Except as provided in paragraph (b), a grant shall not exceed \$500,000 per hospital. Prior to the receipt of any grant, the hospital must certify to the commissioner that at least one-quarter of the grant amount, which may include in-kind services, is available for the same purposes from nonstate resources. Notwithstanding any law to the contrary, funds awarded to grantees in a grant agreement do not lapse until expended by the grantee.

(b) A grant shall not exceed \$1,500,000 per eligible rural hospital that also satisfies the following criteria:

(1) is the only hospital in a county;

(2) has 25 or fewer licensed hospital beds with a net hospital operating margin not greater than an average of two percent over the three fiscal years prior to application;

(3) is located in a medically underserved community (MUC) or a health professional shortage area (HPSA);

(4) is located near a migrant worker employment site and regularly treats significant numbers of migrant workers and their families; and

(5) has not previously received a grant under this section prior to July 1, 1999.

Subd. 3. **Applications.** Eligible hospitals seeking a grant shall apply to the commissioner. Applications must include a description of the problem that the proposed project will address, a description of the project including construction and remodeling drawings or specifications, sources of funds for the project, uses of funds for the project, the results expected, and a plan to maintain or operate any facility or equipment included in the project. The applicant must describe achievable objectives, a timetable, and roles and capabilities of responsible individuals and organization. Applicants must submit to the commissioner evidence that competitive bidding was used to select contractors for the project.

Subd. 4. **Consideration of applications.** The commissioner shall review each application to determine whether or not the hospital's application is complete and whether the hospital and the project are eligible for a grant. In evaluating applications, the commissioner shall score each application on a 100 point scale, assigning: a maximum of 40 points for an applicant's clarity and thoroughness in describing the problem and the project; a maximum of 40 points for the extent to which the applicant has demonstrated that it has made adequate provisions to assure proper and efficient operation of the facility once the project is completed; and a maximum of 20 points for the extent to which the proposed project is consistent with the hospital's capital improvement plan or strategic plan. The commissioner may also take into account other relevant factors. During application review, the commissioner may request additional information about a proposed project, including information on project cost. Failure to provide the information requested disqualifies an applicant.

Subd. 5. **Program oversight.** The commissioner shall determine the amount of a grant to be given to an eligible rural hospital based on the relative score of each eligible hospital's application and the funds available to the commissioner. The grant shall be used to update, remodel, or replace aging facilities and equipment necessary to maintain the operations of the hospital. The commissioner may collect, from the hospitals receiving grants, any information necessary to evaluate the program.

Subd. 6. [Repealed by amendment, 1999 c 245 art 2 s 21]

Subd. 7. [Repealed by amendment, 1999 c 245 art 2 s 21]

Subd. 8. [Repealed, 1Sp2001 c 9 art 1 s 62]

History: 1997 c 225 art 2 s 53; 1999 c 245 art 2 s 21; 2001 c 171 s 3; 1Sp2001 c 9 art 1 s 32; 2002 c 375 art 3 s 5; 2002 c 370 art 1 s 113

RURAL HEALTH

144.1481 RURAL HEALTH ADVISORY COMMITTEE.

Subdivision 1. **Establishment; membership.** The commissioner of health shall establish a 15-member rural health advisory committee. The committee shall consist of the following members, all of whom must reside outside the seven-county metropolitan area, as defined in section 473.121, subdivision 2:

(1) two members from the house of representatives of the state of Minnesota, one from the majority party and one from the minority party;

(2) two members from the senate of the state of Minnesota, one from the majority party and one from the minority party;

(3) a volunteer member of an ambulance service based outside the seven-county metropolitan area;

(4) a representative of a hospital located outside the seven-county metropolitan area;

(5) a representative of a nursing home located outside the seven-county metropolitan area;

(6) a medical doctor or doctor of osteopathy licensed under chapter 147;

(7) a midlevel practitioner;

(8) a registered nurse or licensed practical nurse;

MINNESOTA STATUTES 2002

(9) a licensed health care professional from an occupation not otherwise represented on the committee;

(10) a representative of an institution of higher education located outside the seven-county metropolitan area that provides training for rural health care providers; and

(11) three consumers, at least one of whom must be an advocate for persons who are mentally ill or developmentally disabled.

The commissioner will make recommendations for committee membership. Committee members will be appointed by the governor. In making appointments, the governor shall ensure that appointments provide geographic balance among those areas of the state outside the seven-county metropolitan area. The chair of the committee shall be elected by the members. The advisory committee is governed by section 15.059, except that the members do not receive per diem compensation.

Subd. 2. Duties. The advisory committee shall:

(1) advise the commissioner and other state agencies on rural health issues;

(2) provide a systematic and cohesive approach toward rural health issues and rural health care planning, at both a local and statewide level;

(3) develop and evaluate mechanisms to encourage greater cooperation among rural communities and among providers;

(4) recommend and evaluate approaches to rural health issues that are sensitive to the needs of local communities; and

(5) develop methods for identifying individuals who are underserved by the rural health care system.

Subd. 3. Staffing; office space; equipment. The commissioner shall provide the advisory committee with staff support, office space, and access to office equipment and services.

History: 1992 c 549 art 5 s 7; 1993 c 247 art 5 s 12; 2001 c 161 s 20

144.1482 OFFICE OF RURAL HEALTH.

Subdivision 1. Duties. The office of rural health in conjunction with the University of Minnesota medical schools and other organizations in the state which are addressing rural health care problems shall:

(1) establish and maintain a clearinghouse for collecting and disseminating information on rural health care issues, research findings, and innovative approaches to the delivery of rural health care;

(2) coordinate the activities relating to rural health care that are carried out by the state to avoid duplication of effort;

(3) identify federal and state rural health programs and provide technical assistance to public and nonprofit entities, including community and migrant health centers, to assist them in participating in these programs;

(4) assist rural communities in improving the delivery and quality of health care in rural areas and in recruiting and retaining health professionals; and

(5) carry out the duties assigned in section 144.1483.

Subd. 2. Contracts. To carry out these duties, the office may contract with or provide grants to public and private, nonprofit entities.

History: 1992 c 549 art 5 s 8

144.1483 RURAL HEALTH INITIATIVES.

The commissioner of health, through the office of rural health, and consulting as necessary with the commissioner of human services, the commissioner of commerce, the higher education services office, and other state agencies, shall:

(1) develop a detailed plan regarding the feasibility of coordinating rural health care services by organizing individual medical providers and smaller hospitals and

clinics into referral networks with larger rural hospitals and clinics that provide a broader array of services;

(2) develop and implement a program to assist rural communities in establishing community health centers, as required by section 144.1486;

(3) administer the program of financial assistance established under section 144.1484 for rural hospitals in isolated areas of the state that are in danger of closing without financial assistance, and that have exhausted local sources of support;

(4) develop recommendations regarding health education and training programs in rural areas, including but not limited to a physician assistants' training program, continuing education programs for rural health care providers, and rural outreach programs for nurse practitioners within existing training programs;

(5) develop a statewide, coordinated recruitment strategy for health care personnel and maintain a database on health care personnel as required under section 144.1485;

(6) develop and administer technical assistance programs to assist rural communities in: (i) planning and coordinating the delivery of local health care services; and (ii) hiring physicians, nurse practitioners, public health nurses, physician assistants, and other health personnel;

(7) study and recommend changes in the regulation of health care personnel, such as nurse practitioners and physician assistants, related to scope of practice, the amount of on-site physician supervision, and dispensing of medication, to address rural health personnel shortages;

(8) support efforts to ensure continued funding for medical and nursing education programs that will increase the number of health professionals serving in rural areas;

(9) support efforts to secure higher reimbursement for rural health care providers from the Medicare and medical assistance programs;

(10) coordinate the development of a statewide plan for emergency medical services, in cooperation with the emergency medical services advisory council;

(11) establish a Medicare rural hospital flexibility program pursuant to section 1820 of the federal Social Security Act, United States Code, title 42, section 1395i-4, by developing a state rural health plan and designating, consistent with the rural health plan, rural nonprofit or public hospitals in the state as critical access hospitals. Critical access hospitals shall include facilities that are certified by the state as necessary providers of health care services to residents in the area. Necessary providers of health care services are designated as critical access hospitals on the basis of being more than 20 miles, defined as official mileage as reported by the Minnesota department of transportation, from the next nearest hospital, being the sole hospital in the county, being a hospital located in a county with a designated medically underserved area or health professional shortage area, or being a hospital located in a county contiguous to a county with a medically underserved area or health professional shortage area. A critical access hospital located in a county with a designated medically underserved area or a health professional shortage area or in a county contiguous to a county with a medically underserved area or health professional shortage area shall continue to be recognized as a critical access hospital in the event the medically underserved area or health professional shortage area designation is subsequently withdrawn; and

(12) carry out other activities necessary to address rural health problems.

History: 1992 c 549 art 5 s 9; 1995 c 212 art 3 s 59; 1998 c 257 s 1; 1999 c 245 art 2 s 22; 2001 c 171 s 4

144.1484 RURAL HOSPITAL FINANCIAL ASSISTANCE GRANTS.

Subdivision 1. Sole community hospital financial assistance grants. (a) The commissioner of health shall award financial assistance grants to rural hospitals in isolated areas of the state. To qualify for a grant, a hospital must: (1) be eligible to be classified as a sole community hospital according to the criteria in Code of Federal Regulations, title 42, section 412.92 or be located in a community with a population of less than 5,000 and located more than 25 miles from a like hospital currently providing

acute short-term services; (2) have experienced net operating income losses in two of the previous three most recent consecutive hospital fiscal years for which audited financial information is available; (3) consist of 40 or fewer licensed beds; and (4) demonstrate to the commissioner that it has obtained local support for the hospital and that any state support awarded under this program will not be used to supplant local support for the hospital.

(b) The commissioner shall review audited financial statements of the hospital to assess the extent of local support. Evidence of local support may include bonds issued by a local government entity such as a city, county, or hospital district for the purpose of financing hospital projects; and loans, grants, or donations to the hospital from local government entities, private organizations, or individuals.

(c) The commissioner shall determine the amount of the award to be given to each eligible hospital based on the hospital's operating loss margin (total operating losses as a percentage of total operating revenue) for two of the previous three most recent consecutive fiscal years for which audited financial information is available and the total amount of funding available. For purposes of calculating a hospital's operating loss margin, total operating revenue does not include grant funding provided under this subdivision. One hundred percent of the available funds will be disbursed proportionately based on the operating loss margins of the eligible hospitals.

(d) Before awarding a grant contract to an eligible hospital, the commissioner shall require the eligible hospital to submit a budget for the use of grant funds. For grants above \$30,000, the commissioner shall also require the eligible hospital to submit a brief annual work plan that includes objectives and activities intended to improve the hospital's financial viability and maintain the quality of the hospital's services.

(e) Hospitals receiving a grant under this section shall submit brief semiannual reports to the commissioner reporting progress toward meeting annual plan objectives.

Subd. 2. Grants to at-risk rural hospitals to offset the impact of the hospital tax.

(a) The commissioner of health shall award financial assistance grants to rural hospitals that would otherwise close as a direct result of the hospital tax in section 295.52. To be eligible for a grant, a hospital must have 50 or fewer beds and must not be located in a city of the first class. To receive a grant, the hospital must demonstrate to the satisfaction of the commissioner of health that the hospital will close in the absence of state assistance under this subdivision and that the hospital tax is the principal reason for the closure.

(b) At a minimum the hospital must demonstrate that:

(1) it has had a net margin of minus ten percent or below in at least one of the last two years or a net margin of less than zero percent in at least three of the last four years. For purposes of this subdivision, "net margin" means the ratio of net income from all hospital sources to total revenues generated by the hospital;

(2) it has had a negative cash flow in at least three of the last four years. For purposes of this subdivision, "cash flow" means the total of net income plus depreciation; and

(3) its fund balance has declined by at least 25 percent over the last two years, and its fund balance at the end of its last fiscal year was equal to or less than its accumulated net loss during the last two years. For purposes of this subdivision, "fund balance" means the excess of assets of the hospital's fund over its liabilities and reserves.

(c) A hospital seeking a grant shall submit the following with its application:

(1) a statement of the projected dollar amount of tax liability for the current fiscal year, projected monthly disbursements, and projected net patient revenue base for the current fiscal year, broken down by payer categories including Medicare, medical assistance, MinnesotaCare, general assistance medical care, and others. The figures must be certified by the hospital administrator;

(2) a statement of all rate increases, listing the date and percentage of each increase during the last three years and the date and percentage of any increases for

the current fiscal year. The statement must be certified by the hospital administrator and must include a narrative explaining whether or not the rate increase incorporates a pass-through of the hospital tax;

(3) a statement certified by the chair or equivalent of the hospital board, and by an independent auditor, that the hospital will close within the next 12 months as a result of the hospital tax unless it receives a grant; and

(4) a statement certified by the chair or equivalent of the hospital board that the hospital will not close for financial reasons within the next 12 months if it receives a grant.

The amount of the grant must not exceed the amount of the tax the hospital would pay under section 295.52, based on the previous year's hospital revenues. A hospital that closes within 12 months after receiving a grant under this subdivision must refund the amount of the grant to the commissioner of health.

History: 1992 c 549 art 5 s 10; 1993 c 345 art 10 s 2,3; 1995 c 234 art 8 s 33; 1997 c 225 art 2 s 54; 1999 c 247 s 6

144.1485 DATABASE ON HEALTH PERSONNEL.

(a) The commissioner of health shall develop and maintain a database on health services personnel. The commissioner shall use this information to assist local communities and units of state government to develop plans for the recruitment and retention of health personnel. Information collected in the database must include, but is not limited to, data on levels of educational preparation, specialty, and place of employment. The commissioner may collect information through the registration and licensure systems of the state health licensing boards.

(b) Health professionals who report their practice or place of employment address to the commissioner of health under section 144.052 may request in writing that their practice or place of employment address be classified as private data on individuals, as defined in section 13.02, subdivision 12. The commissioner shall grant the classification upon receipt of a signed statement by the health professional that the classification is required for the safety of the health professional, if the statement also provides a valid, existing address where the health professional consents to receive service of process. The commissioner shall use the mailing address in place of the practice or place of employment address in all documents available to the general public. The practice or place of employment address and any information provided in the classification request, other than the mailing address, are private data on individuals and may be provided to other state agencies. The practice or place of employment address may be used to develop summary reports that show in aggregate the distribution of health care providers in Minnesota.

History: 1992 c 549 art 5 s 11; 1994 c 625 art 8 s 39

144.1486 RURAL COMMUNITY HEALTH CENTERS.

Subdivision 1. **Community health center.** "Community health center" means a community owned and operated primary and preventive health care practice that meets the unique, essential health care needs of a specified population.

Subd. 2. **Program goals.** The Minnesota community health center program shall increase health care access for residents of rural Minnesota by creating new community health centers in areas where they are needed and maintaining essential rural health care services. The program is not intended to duplicate the work of current health care providers.

Subd. 3. **Grants.** The commissioner shall provide grants to communities for planning, establishing, and operating community health centers through the Minnesota community health center program. Grant recipients shall develop and implement a strategy that allows them to become self-sufficient and qualify for other supplemental funding and enhanced reimbursement. The commissioner shall coordinate the grant program with the federal rural health clinic, federally qualified health center, and migrant and community health center programs to encourage federal certification.

Subd. 4. **Eligibility requirements.** In order to qualify for community health center program funding, a project must:

(1) be located in a rural shortage area that is a medically underserved, federal health professional shortage, or governor designated shortage area. "Rural" means an area of the state outside the seven-county Twin Cities metropolitan area and outside of the Duluth, St. Cloud, East Grand Forks, Moorhead, Rochester, and LaCrosse census defined urbanized areas;

(2) represent or propose the formation of a nonprofit corporation with local resident governance, or be a governmental or tribal entity. Applicants in the process of forming a nonprofit corporation may have a nonprofit coapplicant serve as financial agent through the remainder of the formation period. With the exception of governmental or tribal entities, all applicants must submit application for nonprofit incorporation and 501(c)(3) tax-exempt status within six months of accepting community health center grant funds; and

(3) for an application for an operating expense grant, demonstrate that expenses exceed revenues or demonstrate other extreme need that cannot be met from other sources.

Subd. 5. **Review process, rating criteria, and point allocation.** (a) The commissioner shall establish grant application guidelines and procedures that allow the commissioner to assess relative need and the applicant's ability to plan and manage a health care project. Program documentation must communicate program objectives, philosophy, expectations, and other conditions of funding to potential applicants.

The commissioner shall establish an impartial review process to objectively evaluate grant applications. Proposals must be categorized, ranked, and funded using a 100-point rating scale. Fifty-two points shall be assigned to relative need and 48 points to project merit.

(b) The scoring of relative need must be based on proposed service area factors, including but not limited to:

- (1) population below 200 percent of poverty;
- (2) geographic barriers based on average travel time and distance to the next nearest source of primary care that is accessible to Medicaid and Medicare recipients and uninsured low-income individuals;
- (3) a shortage of primary care health professionals, based on the ratio of the population in the service area to the number of full-time equivalent primary care physicians in the service area; and
- (4) other community health issues including a high unemployment rate, high percentage of uninsured population, high growth rate of minority and special populations, high teenage pregnancy rate, high morbidity rates due to specific diseases, late entry into prenatal care, high percentage geriatric population, high infant mortality rate, high percentage of low birth weight, cultural and language barriers, high percentage minority population, excessive average travel time and distance to next nearest source of subsidized primary care.

(c) Project merit shall be determined based on expected benefit from the project, organizational capability to develop and manage the project, and probability of success, including but not limited to the following factors:

- (1) proposed scope of health services;
- (2) clinical management plan;
- (3) governance;
- (4) financial and administrative management; and
- (5) community support, integration, collaboration, resources, and innovation.

The commissioner may elect not to award any of the community health center grants if applications fail to meet criteria or lack merit. The commissioner's decision on an application is final.

Subd. 6. **Eligible expenditures.** Grant recipients may use grant funds for the following types of expenditures:

- (1) salaries and benefits for employees, to the extent they are involved in project planning and implementation;
- (2) purchase, repair, and maintenance of necessary medical and dental equipment and furnishings;
- (3) purchase of office, medical, and dental supplies;
- (4) in-state travel to obtain training or improve coordination;
- (5) initial operating expenses of community health centers;
- (6) programs or plans to improve the coordination, effectiveness, or efficiency of the primary health care delivery system;
- (7) facilities;
- (8) necessary consultant fees; and
- (9) reimbursement to rural-based primary care practitioners for equipment, supplies, and furnishings that are transferred to community health centers. Up to 65 percent of the grant funds may be used to reimburse owners of rural practices for the reasonable market value of usable facilities, equipment, furnishings, supplies, and other resources that the community health center chooses to purchase.

Grant funds shall not be used to reimburse applicants for preexisting debt amortization, entertainment, and lobbying expenses.

Subd. 7. **Special consideration.** The commissioner, through the office of rural health, shall make special efforts to identify areas of the state where need is the greatest, notify representatives of those areas about grant opportunities, and encourage them to submit applications.

Subd. 8. **Requirements.** The commissioner shall develop a list of requirements for community health centers and a tracking and reporting system to assess benefits realized from the program to ensure that projects are on schedule and effectively utilizing state funds.

The commissioner shall require community health centers established or supported through the grant program to:

- (1) provide ongoing active local governance to the community health center and pursue community support, integration, collaboration, and resources;
- (2) offer primary care services responsive to community needs and maintain compliance with requirements of all cognizant regulatory authorities, health center funders, or health care payers;
- (3) maintain policies and procedures that ensure that no person will be denied services because of inability to pay; and
- (4) submit brief quarterly activity reports and utilization data to the commissioner.

Subd. 9. **Precautions.** The commissioner may withhold, delay, or cancel grant funding if a grant recipient does not comply with program requirements and objectives.

Subd. 10. **Technical assistance.** The commissioner may provide, contract for, or provide supplemental funding for technical assistance to community health centers in the areas of clinical operations, medical practice management, community development, and program management.

History: 1992 c 549 art 5 s 12; 1993 c 247 art 5 s 13; 1994 c 625 art 8 s 40; 1995 c 234 art 8 s 34; 1999 c 247 s 7-9.

NATIONAL HEALTH SERVICES CORPS STATE LOAN REPAYMENT PROGRAM

144.1487 LOAN REPAYMENT PROGRAM FOR HEALTH PROFESSIONALS.

Subdivision 1. **Definition.** (a) For purposes of sections 144.1487 to 144.1492, the following definition applies.

(b) "Health professional shortage area" means an area designated as such by the federal Secretary of Health and Human Services, as provided under Code of Federal Regulations, title 42, part 5, and United States Code, title 42, section 254E.

Subd. 2. Establishment and purpose. The commissioner shall establish a National Health Services Corps state loan repayment program authorized by section 388I of the Public Health Service Act, United States Code, title 42, section 254q-1, as amended by Public Law Number 101-597. The purpose of the program is to assist communities with the recruitment and retention of health professionals in federally designated health professional shortage areas.

History: 1993 c 345 art 11 s 16; 1995 c 212 art 3 s 44; 1995 c 234 art 8 s 35

144.1488 PROGRAM ADMINISTRATION AND ELIGIBILITY.

Subdivision 1. Duties of commissioner of health. The commissioner shall administer the state loan repayment program. The commissioner shall:

- (1) ensure that federal funds are used in accordance with program requirements established by the federal National Health Services Corps;
- (2) notify potentially eligible loan repayment sites about the program;
- (3) develop and disseminate application materials to sites;
- (4) review and rank applications using the scoring criteria approved by the federal Department of Health and Human Services as part of the Minnesota department of health's National Health Services Corps state loan repayment program application;
- (5) select sites that qualify for loan repayment based upon the availability of federal and state funding;
- (6) carry out other activities necessary to implement and administer sections 144.1487 to 144.1492;
- (7) verify the eligibility of program participants;
- (8) sign a contract with each participant that specifies the obligations of the participant and the state;
- (9) arrange for loan repayment of qualifying educational loans for program participants;
- (10) monitor the obligated service of program participants;
- (11) waive or suspend service or payment obligations of participants in appropriate situations;
- (12) place participants who fail to meet their obligations in default; and
- (13) enforce penalties for default.

Subd. 2. [Repealed; 1995 c 212 art 3 s 60; 1995 c 234 art 8 s 57]

Subd. 3. Eligible loan repayment sites. Nonprofit private and public entities located in and providing health care services in federally designated primary care health professional shortage areas are eligible to apply for the program. The commissioner shall develop a list of Minnesota health professional shortage areas in greatest need of health care professionals and shall select loan repayment sites from that list. The commissioner shall ensure, to the greatest extent possible, that the geographic distribution of sites within the state reflects the percentage of the population living in rural and urban health professional shortage areas.

Subd. 4. Eligible health professionals. (a) To be eligible to apply to the commissioner for the loan repayment program, health professionals must be citizens or nationals of the United States, must not have any unserved obligations for service to a federal, state, or local government, or other entity, must have a current and unrestricted Minnesota license to practice, and must be ready to begin full-time clinical practice upon signing a contract for obligated service.

(b) Eligible providers are those specified by the federal Bureau of Primary Health Care in the policy information notice for the state's current federal grant application. A health professional selected for participation is not eligible for loan repayment until the

health professional has an employment agreement or contract with an eligible loan repayment site and has signed a contract for obligated service with the commissioner.

History: 1993 c 345 art 11 s 17; 1995 c 212 art 3 s 45,46; 1995 c 234 art 8 s 36,37; 1999 c 247 s 10-12

144.1489 OBLIGATIONS OF PARTICIPANTS.

Subdivision 1. **Contract required.** Before starting the period of obligated service, a participant must sign a contract with the commissioner that specifies the obligations of the participant and the commissioner.

Subd. 2. **Obligated service.** A participant shall agree in the contract to fulfill the period of obligated service by providing primary health care services in full-time clinical practice. The service must be provided in a nonprofit private or public entity that is located in and providing services to a federally designated health professional shortage area and that has been designated as an eligible site by the commissioner under the state loan repayment program.

Subd. 3. **Length of service.** Participants must agree to provide obligated service for a minimum of two years. A participant may extend a contract to provide obligated service for a third and fourth year, subject to approval by the commissioner and the availability of federal and state funding.

Subd. 4. **Affidavit of service required.** Before receiving loan repayment, annually thereafter, and as requested by the commissioner, a participant shall submit an affidavit to the commissioner stating that the participant is providing the obligated service and which is signed by a representative of the organizational entity in which the service is provided. Participants must provide written notice to the commissioner within 30 days of: a change in name or address, a decision not to fulfill a service obligation, or cessation of clinical practice.

Subd. 5. **Tax responsibility.** The participant is responsible for reporting on federal income tax returns any amount paid by the state on designated loans, if required to do so under federal law.

Subd. 6. **Nondiscrimination requirements.** Participants are prohibited from charging a higher rate for professional services than the usual and customary rate prevailing in the area where the services are provided. If a patient is unable to pay this charge, a participant shall charge the patient a reduced rate or not charge the patient. Participants must agree not to discriminate on the basis of ability to pay or status as a Medicare or medical assistance enrollee. Participants must agree to accept assignment under the Medicare program and to serve as an enrolled provider under medical assistance.

History: 1993 c 345 art 11 s 18; 1995 c 212 art 3 s 47-49; 1995 c 234 art 8 s 38-40; 1999 c 247 s 13,14

144.1490 RESPONSIBILITIES OF LOAN REPAYMENT PROGRAM.

Subdivision 1. **Loan repayment.** Subject to the availability of federal and state funds for the loan repayment program, the commissioner shall pay all or part of the qualifying education loans up to \$20,000 annually for each primary care physician participant that fulfills the required service obligation. For purposes of this provision, "qualifying educational loans" are government and commercial loans for actual costs paid for tuition, reasonable education expenses, and reasonable living expenses related to the graduate or undergraduate education of a health care professional.

Subd. 2. **Procedure for loan repayment.** Program participants, at the time of signing a contract, shall designate the qualifying loan or loans for which the commissioner is to make payments. The participant shall submit to the commissioner proof that all payments made by the commissioner have been applied toward the designated qualifying loans. The commissioner shall make payments in accordance with the terms and conditions of the state loan repayment grant agreement or contract, in an amount not to exceed \$20,000 when annualized. If the amount paid by the commissioner is less than \$20,000 during a 12-month period, the commissioner shall pay during the 12th

month an additional amount towards a loan or loans designated by the participant, to bring the total paid to \$20,000. The total amount paid by the commissioner must not exceed the amount of principal and accrued interest of the designated loans.

History: 1993 c 345 art 11 s 19; 1995 c 212 art 3 s 50; 1995 c 234 art 8 s 41; 1999 c 247 s 15

144.1491 FAILURE TO COMPLETE OBLIGATED SERVICE.

Subdivision 1. Penalties for breach of contract. A program participant who fails to complete two years of obligated service shall repay the amount paid, as well as a financial penalty based upon the length of the service obligation not fulfilled. If the participant has served at least one year, the financial penalty is the number of unserved months multiplied by \$1,000. If the participant has served less than one year, the financial penalty is the total number of obligated months multiplied by \$1,000. The commissioner shall report to the appropriate health-related licensing board a participant who fails to complete the service obligation and fails to repay the amount paid or fails to pay any financial penalty owed under this subdivision.

Subd. 2. Suspension or waiver of obligation. Payment or service obligations cancel in the event of a participant's death. The commissioner may waive or suspend payment or service obligations in case of total and permanent disability or long-term temporary disability lasting for more than two years. The commissioner shall evaluate all other requests for suspension or waivers on a case-by-case basis.

History: 1993 c 345 art 11 s 20; 1995 c 212 art 3 s 51; 1995 c 234 art 8 s 42; 1Sp2001 c 9 art 13 s 1; 2002 c 379 art 1 s 113

144.1492 STATE RURAL HEALTH NETWORK REFORM INITIATIVE.

Subdivision 1. Purpose and matching funds. The commissioner of health shall apply for federal grant funding under the state rural health network reform initiative, a health care financing administration program to provide grant funds to states to encourage innovations in rural health financing and delivery systems. The commissioner may use state funds appropriated to the department of health for the provision of technical assistance for community integrated service network development as matching funds for the federal grant.

Subd. 2. Use of federal funds. If the department of health receives federal funding under the state rural health network reform initiative, the department shall use these funds to implement a program to provide technical assistance and grants to rural communities to establish health care networks and to develop and test a rural health network reform model.

Subd. 3. Eligible applicants and criteria for awarding of grants to rural communities. (a) Funding which the department receives to award grants to rural communities to establish health care networks shall be awarded through a request for proposals process. Planning grant funds may be used for community facilitation and initial network development activities including incorporation as a nonprofit organization or cooperative, assessment of network models, and determination of the best fit for the community. Implementation grant funds can be used to enable incorporated nonprofit organizations and cooperatives to purchase technical services needed for further network development such as legal, actuarial, financial, marketing, and administrative services.

(b) In order to be eligible to apply for a planning or implementation grant under the federally funded health care network reform program, an organization must be located in a rural area of Minnesota excluding the seven-county Twin Cities metropolitan area and the census-defined urbanized areas of Duluth, Rochester, St. Cloud, and Moorhead. The proposed network organization must also meet or plan to meet the criteria for a community integrated service network.

(c) In determining which organizations will receive grants, the commissioner may consider the following factors:

(1) the applicant's description of their plans for health care network development, their need for technical assistance, and other technical assistance resources available to the applicant. The applicant must clearly describe the service area to be served by the network, how the grant funds will be used, what will be accomplished, and the expected results. The applicant should describe achievable objectives, a timetable, and roles and capabilities of responsible individuals and organizations;

(2) the extent of community support for the applicant and the health care network. The applicant should demonstrate support from private and public health care providers in the service area and local community and government leaders. Evidence of such support may include a commitment of financial support, in-kind services, or cash, for development of the network;

(3) the size and demographic characteristics of the population in the service area for the proposed network and the distance of the service area from the nearest metropolitan area; and

(4) the technical assistance resources available to the applicant from nonstate sources and the financial ability of the applicant to purchase technical assistance services with nonstate funds.

History: 1994 c 625 art 8 s 41; 1999 c 245 art 2 s 23

144.1493 NURSING GRANT PROGRAM.

Subdivision 1. **Establishment.** A nursing grant program is established under the supervision of the commissioner of health and the administration of the metropolitan healthcare foundation's project LINC to provide grants to Minnesota health care facility employees seeking to complete a baccalaureate or master's degree in nursing.

Subd. 2. **Responsibility of metropolitan healthcare foundation's project LINC.** The metropolitan healthcare foundation's project LINC shall administer the grant program and award grants to eligible health care facility employees. To be eligible to receive a grant, a person must be:

(1) an employee of a health care facility located in Minnesota, whom the facility has recommended to the metropolitan healthcare foundation's project LINC for consideration;

(2) working part time, up to 32 hours per pay period, for the health care facility, while maintaining full salary and benefits;

(3) enrolled full time in a Minnesota school or college of nursing to complete a baccalaureate or master's degree in nursing; and

(4) a resident of the state of Minnesota.

The grant must be awarded for one academic year but is renewable for a maximum of six semesters or nine quarters of full-time study, or their equivalent. The grant must be used for tuition, fees, and books. Priority in awarding grants shall be given to persons with the greatest financial need. The health care facility may require its employee to commit to a reasonable postprogram completion of employment at the health care facility as a condition for the financial support the facility provides.

Subd. 3. **Responsibility of commissioner.** The commissioner shall distribute money each year to the metropolitan healthcare foundation's project LINC to be used to award grants under this section, provided that the commissioner shall not distribute the money unless the metropolitan healthcare foundation's project LINC matches the money with an equal amount from nonstate sources. The metropolitan healthcare foundation's project LINC shall expend nonstate money prior to expending state money and shall return to the commissioner all state money not used each year for nursing program grants to be redistributed under this section. The metropolitan healthcare foundation's project LINC shall report to the commissioner on its program activity as requested by the commissioner.

History: 1995 c 234 art 8 s 43

144.1494 RURAL PHYSICIANS.

Subdivision 1. **Creation of account.** A rural physician education account is established in the health care access fund. The commissioner shall use money from the account to establish a loan forgiveness program for medical residents agreeing to practice in designated rural areas, as defined by the commissioner. Appropriations made to this account do not cancel and are available until expended, except that at the end of each biennium the commissioner shall cancel to the health care access fund any remaining unobligated balance in this account.

Subd. 2. **Eligibility.** To be eligible to participate in the program, a medical resident must submit an application to the commissioner. A resident who is accepted must sign a contract to agree to serve a minimum three-year service obligation within a designated rural area, which shall begin no later than March following completion of residency.

Subd. 3. **Loan forgiveness.** For each fiscal year after 1995, the commissioner may accept up to 12 applicants who are medical residents for participation in the loan forgiveness program. The 12 resident applicants may be in any year of residency training; however, priority must be given to the following categories of residents in descending order: third year residents, second year residents, and first year residents. Applicants are responsible for securing their own loans. Applicants chosen to participate in the loan forgiveness program may designate for each year of medical school, up to a maximum of four years, an agreed amount, not to exceed \$10,000, as a qualified loan. For each year that a participant serves as a physician in a designated rural area, up to a maximum of four years, the commissioner shall annually pay an amount equal to one year of qualified loans. Participants who move their practice from one designated rural area to another remain eligible for loan repayment. In addition, in any year that a resident participating in the loan forgiveness program serves at least four weeks during a year of residency substituting for a rural physician to temporarily relieve the rural physician of rural practice commitments to enable the rural physician to take a vacation, engage in activities outside the practice area, or otherwise be relieved of rural practice commitments, the participating resident may designate up to an additional \$2,000, above the \$10,000 yearly maximum.

Subd. 4. **Penalty for nonfulfillment.** If a participant does not fulfill the required three-year minimum commitment of service in a designated rural area, the commissioner shall collect from the participant the amount paid under the loan forgiveness program. The commissioner shall deposit the money collected in the rural physician education account established in subdivision 1. The commissioner shall allow waivers of all or part of the money owed the commissioner if emergency circumstances prevented fulfillment of the three-year service commitment.

Subd. 5. **Loan forgiveness; underserved urban communities.** For each fiscal year beginning on and after 1995, the commissioner may accept up to four applicants who are medical residents for participation in the urban primary care physician loan forgiveness program. The resident applicants may be in any year of residency training; however, priority will be given to the following categories of residents in descending order: third year residents, second year residents, and first year residents. If the commissioner does not receive enough qualified applicants per fiscal year to fill the number of slots for urban underserved communities, the slots may be allocated to residents who have applied for the rural physician loan forgiveness program in subdivision 1. Applicants are responsible for securing their own loans. Applicants chosen to participate in the loan forgiveness program may designate for each year of medical school, up to a maximum of four years, an agreed amount, not to exceed \$10,000, as a qualified loan. For each year that a participant serves as a physician in a designated underserved urban area, up to a maximum of four years, the commissioner shall annually pay an amount equal to one year of qualified loans. Participants who move their practice from one designated underserved urban community to another remain eligible for loan repayment.

History: 1990 c 591 art 4 s 5,9; 1991 c 356 art 8 s 20; 1992 c 549 art 6 s 1,2; 1993 c 345 art 11 s 2-5; 1995 c 212 art 3 s 57,59; 1995 c 234 art 8 s 23,24,48; 1997 c 183 art 2 s 7,20; 1997 c 225 art 2 s 47; 1998 c 407 art 2 s 25; 1999 c 247 s 16-18

144.1495 MIDDLELEVEL PRACTITIONERS.

Subdivision 1. **Definitions.** For purposes of this section, the following definitions apply:

(a) "Designated rural area" has the definition developed in rule by the commissioner.

(b) "Midlevel practitioner" means a nurse practitioner, nurse-midwife, nurse anesthetist, advanced clinical nurse specialist, or physician assistant.

(c) "Nurse-midwife" means a registered nurse who has graduated from a program of study designed to prepare registered nurses for advance practice as nurse-midwives.

(d) "Nurse practitioner" means a registered nurse who has graduated from a program of study designed to prepare registered nurses for advance practice as nurse practitioners.

(e) "Physician assistant" means a person registered under chapter 147A.

Subd. 2. **Creation of account.** A midlevel practitioner education account is established in the health care access fund. The commissioner shall use money from the account to establish a loan forgiveness program for midlevel practitioners agreeing to practice in designated rural areas.

Subd. 3. **Eligibility.** To be eligible to participate in the program, a midlevel practitioner student must submit an application to the commissioner while attending a program of study designed to prepare the individual for service as a midlevel practitioner. A midlevel practitioner student who is accepted into this program must sign a contract to agree to serve a minimum two-year service obligation within a designated rural area, which shall begin no later than March following completion of training.

Subd. 4. **Loan forgiveness.** The commissioner may accept up to eight applicants per year for participation in the loan forgiveness program. Applicants are responsible for securing their own loans. Applicants chosen to participate in the loan forgiveness program may designate for each year of midlevel practitioner study, up to a maximum of two years, an agreed amount, not to exceed \$7,000, as a qualified loan. For each year that a participant serves as a midlevel practitioner in a designated rural area, up to a maximum of four years, the commissioner shall annually repay an amount equal to one-half a qualified loan. Participants who move their practice from one designated rural area to another remain eligible for loan repayment.

Subd. 5. **Penalty for nonfulfillment.** If a participant does not fulfill the service commitment required under subdivision 4 for full repayment of all qualified loans, the commissioner shall collect from the participant 100 percent of any payments made for qualified loans and interest at a rate established according to section 270.75. The commissioner shall deposit the money collected in the midlevel practitioner education account established in subdivision 2. The commissioner shall allow waivers of all or part of the money owed the commissioner if emergency circumstances prevented fulfillment of the required service commitment.

History: 1992 c 549 art 6 s 3; 1993 c 345 art 11 s 6,7; 1995 c 205 art 2 s 2; 1995 c 212 art 3 s 57,59; 1995 c 234 art 8 s 25,26; 1999 c 247 s 19,20

144.1496 NURSES IN NURSING HOMES OR ICFMRS.

Subdivision 1. **Creation of the account.** An education account in the health care access fund is established for a loan forgiveness program for nurses who agree to practice nursing in a nursing home or intermediate care facility for persons with mental retardation or related conditions. The account consists of money appropriated by the legislature and repayments and penalties collected under subdivision 4. Money from the account must be used for a loan forgiveness program.

Subd. 2. **Eligibility.** To be eligible to participate in the loan forgiveness program, a person enrolled in a program of study designed to prepare the person to become a registered nurse or licensed practical nurse must submit an application to the commissioner before completion of a nursing education program. A nurse who is selected to

participate must sign a contract to agree to serve a minimum one-year service obligation providing nursing services in a licensed nursing home or intermediate care facility for persons with mental retardation or related conditions, which shall begin no later than March following completion of a nursing program or loan forgiveness program selection.

Subd. 3. **Loan forgiveness.** The commissioner may accept up to ten applicants a year. Applicants are responsible for securing their own loans. For each year of nursing education, for up to two years, applicants accepted into the loan forgiveness program may designate an agreed amount, not to exceed \$3,000, as a qualified loan. For each year that a participant practices nursing in a nursing home or intermediate care facility for persons with mental retardation or related conditions, up to a maximum of two years, the commissioner shall annually repay an amount equal to one year of qualified loans. Participants who move from one nursing home or intermediate care facility for persons with mental retardation or related conditions to another remain eligible for loan repayment.

Subd. 4. **Penalty for nonfulfillment.** If a participant does not fulfill the service commitment required under subdivision 3 for full repayment of all qualified loans, the commissioner shall collect from the participant 100 percent of any payments made for qualified loans and interest at a rate established according to section 270.75. The commissioner shall deposit the collections in the health care access fund to be credited to the account established in subdivision 1. The commissioner may grant a waiver of all or part of the money owed as a result of a nonfulfillment penalty if emergency circumstances prevented fulfillment of the required service commitment.

Subd. 5. **Rules.** The commissioner may adopt rules to implement this section.

History: 1992 c 549 art 6 s 7; 1993 c 345 art 11 s 8; 1995 c 212 art 3 s 57,59; 1999 c 247 s.21,22

144.1497 RURAL CLINICAL SITES FOR NURSE PRACTITIONER EDUCATION.

Subdivision 1. **Definition.** For purposes of this section, "rural" means any area of the state outside of the counties of Anoka, Carver, Dakota, Hennepin, Ramsey, Scott, and Washington, and outside the cities of Duluth, Mankato, Moorhead, Rochester, and St. Cloud.

Subd. 2. **Establishment.** A grant program is established under the authority of the commissioner to provide grants to colleges or schools of nursing located in Minnesota that operate programs of study designed to prepare registered nurses for advanced practice as nurse practitioners.

Subd. 3. **Program goals.** Colleges and schools of nursing shall use grants received to provide rural students with increased access to programs of study for nurse practitioners, by:

- (1) developing rural clinical sites;
 - (2) allowing students to remain in their rural communities for clinical rotations;
- and
- (3) providing faculty to supervise students at rural clinical sites.

The overall goal of the grant program is to increase the number of graduates of nurse practitioner programs who work in rural areas of the state.

Subd. 4. **Responsibility of nursing programs.** (a) Colleges or schools of nursing interested in participating in the grant program must apply to the commissioner, according to the policies established by the commissioner. Applications submitted by colleges or schools of nursing must include a detailed proposal for achieving the goals listed in subdivision 3, a plan for encouraging sufficient applications from rural applicants to meet the requirements of paragraph (b), and any additional information required by the commissioner.

(b) Each college or school of nursing, as a condition of accepting a grant, shall make at least 25 percent of the openings in each nurse practitioner entering class available to applicants who live in rural areas and desire to practice as a nurse

practitioner in rural areas. This requirement is effective beginning with the fall 1994 entering class and remains in effect for each biennium thereafter for which a college or school of nursing is awarded a grant renewal. The commissioner may exempt colleges or schools of nursing from this requirement if the college or school can demonstrate, to the satisfaction of the commissioner, that the nurse practitioner program did not receive enough applications or acceptance letters from qualified rural applicants to meet the requirement.

(c) Colleges or schools of nursing participating in the grant program shall report to the commissioner on their program activity as requested by the commissioner.

Subd. 5. Responsibilities of commissioner. (a) The commissioner shall establish an application process for interested colleges and schools of nursing, and shall require colleges and schools of nursing to submit grant applications to the commissioner by November 1, 1993. The commissioner may award up to two grants for the biennium ending June 30, 1995.

(b) In selecting grant recipients, the commissioner shall consider:

(1) the likelihood that an applicant's grant proposal will be successful in achieving the program goals listed in subdivision 3;

(2) the potential effectiveness of the college's or school's plan to encourage applications from rural applicants; and

(3) the academic quality of the college's or school's program of education for nurse practitioners.

(c) The commissioner shall notify grant recipients of an award by December 1, 1993, and shall disburse the grants by January 1, 1994. The commissioner may renew grants if a college or school of nursing demonstrates that satisfactory progress has been made during the past biennium toward achieving the goals listed in subdivision 3.

History: 1993 c 345 art 11 s 9; 1995 c 212 art 3 s 57,59

144.1499 PROMOTION OF HEALTH CARE AND LONG-TERM CARE CAREERS.

The commissioner of health, in consultation with an organization representing health care employers, long-term care employers, and educational institutions, may make grants to qualifying consortia as defined in section 116L.11, subdivision 4, for intergenerational programs to encourage middle and high school students to work and volunteer in health care and long-term care settings. To qualify for a grant under this section, a consortium shall:

(1) develop a health and long-term care careers curriculum that provides career exploration and training in national skill standards for health care and long-term care and that is consistent with Minnesota graduation standards and other related requirements;

(2) offer programs for high school students that provide training in health and long-term care careers with credits that articulate into post-secondary programs; and

(3) provide technical support to the participating health care and long-term care employer to enable the use of the employer's facilities and programs for kindergarten to grade 12 health and long-term care careers education.

History: 1Sp2001 c 9 art 1 s 33; 2002 c 379 art 1 s 113

144.15 [Repealed, 1945 c 512 s 37]

144.1502 DENTISTS LOAN FORGIVENESS.

Subdivision 1. Definition. For purposes of this section, "qualifying educational loans" means government, commercial, and foundation loans for actual costs paid for tuition, reasonable education expenses, and reasonable living expenses related to the graduate or undergraduate education of a dentist.

Subd. 2. Creation of account; loan forgiveness program. A dentist education account is established in the general fund. The commissioner of health shall use money from the account to establish a loan forgiveness program for dentists who agree to care

for substantial numbers of state public program participants and other low- to moderate-income uninsured patients.

Subd. 3. Eligibility. To be eligible to participate in the loan forgiveness program, a dental student must submit an application to the commissioner of health while attending a program of study designed to prepare the individual to become a licensed dentist. For fiscal year 2002, applicants may have graduated from a dentistry program in calendar year 2001. A dental student who is accepted into the loan forgiveness program must sign a contract to agree to serve a minimum three-year service obligation during which at least 25 percent of the dentist's yearly patient encounters are delivered to state public program enrollees or patients receiving sliding fee schedule discounts through a formal sliding fee schedule meeting the standards established by the United States Department of Health and Human Services under Code of Federal Regulations, title 42, section 51, chapter 303. The service obligation shall begin no later than March 31 of the first year following completion of training. If fewer applications are submitted by dental students than there are participant slots available, the commissioner may consider applications submitted by dental program graduates who are licensed dentists. Dentists selected for loan forgiveness must comply with all terms and conditions of this section.

Subd. 4. Loan forgiveness. The commissioner of health may accept up to 14 applicants per year for participation in the loan forgiveness program. Applicants are responsible for securing their own loans. The commissioner shall select participants based on their suitability for practice serving public program patients, as indicated by experience or training. The commissioner shall give preference to applicants who have attended a Minnesota dentistry educational institution and to applicants closest to completing their training. For each year that a participant meets the service obligation required under subdivision 3, up to a maximum of four years, the commissioner shall make annual disbursements directly to the participant equivalent to \$10,000 per year of service, not to exceed \$40,000 or the balance of the qualifying educational loans, whichever is less. Before receiving loan repayment disbursements and as requested, the participant must complete and return to the commissioner an affidavit of practice form provided by the commissioner verifying that the participant is practicing as required under subdivision 3. The participant must provide the commissioner with verification that the full amount of loan repayment disbursement received by the participant has been applied toward the designated loans. After each disbursement, verification must be received by the commissioner and approved before the next loan repayment disbursement is made. Participants who move their practice remain eligible for loan repayment as long as they practice as required under subdivision 3.

Subd. 5. Penalty for nonfulfillment. If a participant does not fulfill the service commitment under subdivision 3, the commissioner of health shall collect from the participant 100 percent of any payments made for qualified educational loans and interest at a rate established according to section 270.75. The commissioner shall deposit the money collected in the dentist education account established under subdivision 2.

Subd. 6. Suspension or waiver of obligation. Payment or service obligations cancel in the event of a participant's death. The commissioner of health may waive or suspend payment or service obligations in cases of total and permanent disability or long-term temporary disability lasting for more than two years. The commissioner shall evaluate all other requests for suspension or waivers on a case-by-case basis and may grant a waiver of all or part of the money owed as a result of a nonfulfillment penalty if emergency circumstances prevented fulfillment of the required service commitment.

VITAL STATISTICS

144.211 CITATION.

Sections 144.211 to 144.227 may be cited as the "Vital Statistics Act."

History: 1978 c 699 s 1

144.212 DEFINITIONS.

Subdivision 1. **Scope.** As used in sections 144.211 to 144.227, the following terms have the meanings given:

Subd. 1a. **Amendment.** "Amendment" means completion or correction of a vital record.

Subd. 2. **Commissioner.** "Commissioner" means the commissioner of health.

Subd. 2a. **Delayed registration.** "Delayed registration" means registration of a record of birth or death filed one or more years after the date of birth or death.

Subd. 3. **File.** "File" means to present a vital record or report for registration to the office of the state registrar and to have the vital record or report accepted for registration by the office of the state registrar.

Subd. 4. **Final disposition.** "Final disposition" means the burial, interment, cremation, removal from the state, or other authorized disposition of a dead body or dead fetus.

Subd. 4a. **Institution.** "Institution" means a public or private establishment that:

(1) provides inpatient or outpatient medical, surgical, or diagnostic care or treatment; or

(2) provides nursing, custodial, or domiciliary care, or to which persons are committed by law.

Subd. 5. **Registration.** "Registration" means the process by which vital records are completed, filed, and incorporated into the official records of the office of the state registrar.

Subd. 6. **State registrar.** "State registrar" means the commissioner of health or a designee.

Subd. 7. **System of vital statistics.** "System of vital statistics" includes the registration, collection, preservation, amendment, and certification of vital records, the collection of other reports required by sections 144.211 to 144.227, and related activities including the tabulation, analysis, publication, and dissemination of vital statistics.

Subd. 8. **Vital record.** "Vital record" means a record or report of birth, death, marriage, dissolution and annulment, and data related thereto. The birth record is not a medical record of the mother or the child.

Subd. 9. **Vital statistics.** "Vital statistics" means the data derived from records and reports of birth, death, fetal death, induced abortion, marriage, dissolution and annulment, and related reports.

Subd. 10. **Local registrar.** "Local registrar" means an individual designated under section 144.214, subdivision 1, to perform the duties of a local registrar.

Subd. 11. **Consent to disclosure.** "Consent to disclosure" means an affidavit filed with the state registrar which sets forth the following information:

- (1) the current name and address of the affiant;
- (2) any previous name by which the affiant was known;
- (3) the original and adopted names, if known, of the adopted child whose original birth record is to be disclosed;
- (4) the place and date of birth of the adopted child;
- (5) the biological relationship of the affiant to the adopted child; and
- (6) the affiant's consent to disclosure of information from the original birth record of the adopted child.

History: 1978 c 699 s 2; 1986 c 444; 1997 c 228 s 3-5; 1Sp2001 c 9 art 15 s 1-7; 2002 c 379 art 1 s 113

144.213 OFFICE OF THE STATE REGISTRAR.

Subdivision 1. **Creation; state registrar.** The commissioner shall establish an office of the state registrar under the supervision of the state registrar. The commissioner shall furnish to local registrars the forms necessary for correct reporting of vital statistics, and shall instruct the local registrars in the collection and compilation of the data. The commissioner shall promulgate rules for the collection, filing, and registering of vital statistics information by state and local registrars, physicians, morticians, and others. Except as otherwise provided in sections 144.211 to 144.227, rules previously promulgated by the commissioner relating to the collection, filing and registering of vital statistics shall remain in effect until repealed, modified or superseded by a rule promulgated by the commissioner.

Subd. 2. **General duties.** The state registrar shall coordinate the work of local registrars to maintain a statewide system of vital statistics. The state registrar is responsible for the administration and enforcement of sections 144.211 to 144.227, and shall supervise local registrars in the enforcement of sections 144.211 to 144.227 and the rules promulgated thereunder.

Subd. 3. **Record keeping.** To preserve vital records the state registrar is authorized to prepare typewritten, photographic, electronic or other reproductions of original records and files in the office of the state registrar. The reproductions when certified by the state or local registrar shall be accepted as the original records.

History: 1978 c 699 s 3; 1Sp2001 c 9 art 15 s 32

144.214 LOCAL REGISTRARS OF VITAL STATISTICS.

Subdivision 1. **Districts.** The counties of the state shall constitute the 87 registration districts of the state. A local registrar in each county shall be designated by the county board of commissioners. The local registrar in any city which maintains local registration of vital statistics shall be the agent of a board of health as authorized under section 145A.04. In addition, the state registrar may establish registration districts on

United States government reservations and may appoint a local registrar for each registration district so established.

Subd. 2. **Failure of duty.** A local registrar who neglects or fails to discharge duties as provided by sections 144.211 to 144.227 may be relieved of the duties as local registrar by the state registrar after notice and hearing. The state registrar may appoint a successor to serve as local registrar. If a local registrar fails to file or transmit birth or death records, the state registrar shall obtain them by other means.

Subd. 3. **Duties.** The local registrar shall enforce the provisions of sections 144.211 to 144.227 and the rules promulgated thereunder within the registration district and shall promptly report violations of the laws or rules to the state registrar.

Subd. 4. **Designated morticians.** The state registrar may designate licensed morticians to receive records of death for filing, to issue burial permits, and to issue permits for the transportation of dead bodies or dead fetuses within a designated territory. The designated morticians shall perform duties as prescribed by rule of the commissioner.

History: 1978 c 699 s 4; 1986 c 444; 1986 c 473 s 1; 1Sp1986 c 3 art 1 s 82; 1987 c 309 s 24; 1Sp2001 c 9 art 15 s 8-10, 32; 2002 c 379 art 1 s 113

144.215 BIRTH REGISTRATION.

Subdivision 1. **When and where to file.** A record of birth for each live birth which occurs in this state shall be filed with the state registrar within five days after the birth.

Subd. 2. **Rules governing birth registration.** The commissioner shall establish by rule an orderly mechanism for the registration of births including at least a designation for who must file the birth record, a procedure for registering births which occur in moving conveyances, and a provision governing the names of the parent or parents to be entered on the birth record.

Subd. 3. **Father's name; child's name.** In any case in which paternity of a child is determined by a court of competent jurisdiction, a declaration of parentage is executed under section 257.34, or a recognition of parentage is executed under section 257.75, the name of the father shall be entered on the birth record. If the order of the court declares the name of the child, it shall also be entered on the birth record. If the order of the court does not declare the name of the child, or there is no court order, then upon the request of both parents in writing, the surname of the child shall be defined by both parents.

Subd. 4. **Social security number registration.** (a) Parents of a child born within this state shall give the parents' social security numbers to the office of the state registrar at the time of filing the birth record, but the numbers shall not appear on the record.

(b) The social security numbers are classified as private data, as defined in section 13.02, subdivision 12, on individuals, but the office of the state registrar shall provide a social security number to the public authority responsible for child support services upon request by the public authority for use in the establishment of parentage and the enforcement of child support obligations.

Subd. 5. **Births occurring in an institution.** When a birth occurs in an institution or en route to an institution, the person in charge of the institution or that person's authorized designee shall obtain the personal data required under this section and shall prepare the record of birth. For purposes of this section, "institution" means a hospital or other facility that provides childbirth services.

Subd. 6. **Births occurring outside an institution.** When a birth occurs outside of an institution as defined in subdivision 5, the record of birth shall be filed by one of the following persons, in the indicated order of preference:

- (1) the physician present at the time of the birth or immediately thereafter;
- (2) in the absence of a physician, a person, other than the mother, present at the time of the birth or immediately thereafter;
- (3) the father of the child;
- (4) the mother of the child; or

(5) in the absence of the father and if the mother is unable, the person with primary responsibility for the premises where the child was born.

Subd. 7. Evidence required to register a noninstitution birth within the first year of birth: When a birth occurs in this state outside of an institution, as defined in subdivision 5, and the birth record is filed before the first birthday, evidence in support of the facts of birth shall be required. Evidence shall be presented by the individual responsible for filing the vital record under subdivision 6. Evidence shall consist of proof that the child was born alive, proof of pregnancy, and evidence of the mother's presence in this state on the date of the birth. If the evidence is not acceptable, the state registrar shall advise the applicant of the reason for not filing a birth record and shall further advise the applicant of the right of appeal to a court of competent jurisdiction.

History: 1978 c 699 s 5; 1980 c 589 s 28; 1Sp1993 c 1 art 6 s 1,2; 1997 c 205 s 20; 1997 c 228 s 6-8; 1Sp2001 c 9 art 15 s 11-15,32; 2002 c 379 art 1 s 113

144.216 FOUNDLING REGISTRATION.

Subdivision 1. Reporting a foundling. Whoever finds a live born infant of unknown parentage shall report within five days to the office of the state registrar such information as the commissioner may by rule require to identify the foundling.

Subd. 2. Status of foundling reports. A report registered under subdivision 1 shall constitute the record of birth for the child. If the child is identified and a record of birth is found or obtained, the report registered under subdivision 1 shall be confidential pursuant to section 13.02, subdivision 3, and shall not be disclosed except pursuant to court order.

History: 1978 c 699 s 6; 1981 c 311 s 39; 1982 c 545 s 24; 1Sp2001 c 9 art 15 s 32

144.217 DELAYED RECORDS OF BIRTH.

Subdivision 1. Evidence required for filing. Before a delayed record of birth is registered, the person presenting the delayed vital record for registration shall offer evidence of the facts contained in the vital record, as required by the rules of the commissioner. In the absence of the evidence required, the delayed vital record shall not be registered. No delayed record of birth shall be registered for a deceased person.

Subd. 2. Court petition. If a delayed record of birth is rejected under subdivision 1, a person may petition the appropriate court for an order establishing a record of the date and place of the birth and the parentage of the person whose birth is to be registered. The petition shall state:

- (1) that the person for whom a delayed record of birth is sought was born in this state;
- (2) that no record of birth can be found in the office of the state registrar;
- (3) that diligent efforts by the petitioner have failed to obtain the evidence required in subdivision 1;
- (4) that the state registrar has refused to register a delayed record of birth; and
- (5) other information as may be required by the court.

Subd. 3. Court order. The court shall fix a time and place for a hearing on the petition and shall give the state registrar ten days' notice of the hearing. The state registrar may appear and testify in the proceeding. If the court is satisfied from the evidence received at the hearing of the truth of the statements in the petition, the court shall order the registration of the delayed vital record.

Subd. 4. [Repealed, 1Sp2001 c 9 art 15 s 16,33]

History: 1978 c 699 s 7; 1Sp2001 c 9 art 15 s 16; 2002 c 379 art 1 s 113

144.218 REPLACEMENT BIRTH RECORDS.

Subdivision 1. Adoption. Upon receipt of a certified copy of an order, decree, or certificate of adoption, the state registrar shall register a replacement vital record in the

new name of the adopted person. The original record of birth is confidential pursuant to section 13.02, subdivision 3, and shall not be disclosed except pursuant to court order or section 144.2252. The information contained on the original birth record, except for the registration number, shall be provided on request to a parent who is named on the original birth record. Upon the receipt of a certified copy of a court order of annulment of adoption the state registrar shall restore the original vital record to its original place in the file.

Subd. 2. Adoption of foreign persons. In proceedings for the adoption of a person who was born in a foreign country, the court, upon evidence presented by the commissioner of human services from information secured at the port of entry or upon evidence from other reliable sources, may make findings of fact as to the date and place of birth and parentage. Upon receipt of certified copies of the court findings and the order or decree of adoption, a certificate of adoption, or a certified copy of a decree issued under section 259.60, the state registrar shall register a birth record in the new name of the adopted person. The certified copies of the court findings and the order or decree of adoption, certificate of adoption, or decree issued under section 259.60 are confidential, pursuant to section 13.02, subdivision 3, and shall not be disclosed except pursuant to court order or section 144.2252. The birth record shall state the place of birth as specifically as possible and that the vital record is not evidence of United States citizenship.

Subd. 3. Subsequent marriage of birth parents. If, in cases in which a record of birth has been registered pursuant to section 144.215 and the birth parents of the child marry after the birth of the child, a replacement record of birth shall be registered upon presentation of a certified copy of the marriage certificate of the birth parents, and either a recognition of parentage or court adjudication of paternity. The original record of birth is confidential, pursuant to section 13.02, subdivision 3, and shall not be disclosed except pursuant to court order.

Subd. 4. Incomplete, incorrect, and modified vital records. If a court finds that a birth record is incomplete, inaccurate, or false or if it is being issued pursuant to section 259.10, subdivision 2, the court may order the registration of a replacement vital record, and, if necessary, set forth the correct information in the order. Upon receipt of the order, the registrar shall register a replacement vital record containing the findings of the court. The prior vital record shall be confidential pursuant to section 13.02, subdivision 3, and shall not be disclosed except pursuant to court order.

Subd. 5. Replacement of vital records. Upon the order of a court of this state, upon the request of a court of another state, upon the filing of a declaration of parentage under section 257.34, or upon the filing of a recognition of parentage with a registrar, a replacement birth record must be registered consistent with the findings of the court, the declaration of parentage, or the recognition of parentage.

History: 1978 c 699 s 8; 1980 c 561 s 1; 1981 c 311 s 24; 1982 c 545 s 24; 1984 c 654 art 5 s 58; 1994 c 465 art 1 s 62; 1994 c 631 s 31; 1995 c 259 art 1 s 32; 1997 c 205 s 21; 1998 c 406 art 1 s 1,37; 1998 c 407 art 9 s 1; 1Sp2001 c 9 art 15 s 17; 2002 c 379 art 1 s 113

144.219 [Repealed, 1Sp2001 c 9 art 15 s 33]

144.22 [Repealed, 1945 c 512 s 37]

144.221 DEATH REGISTRATION.

Subdivision 1. When and where to file. A death record for each death which occurs in the state shall be filed with the state registrar or local registrar or with a mortician designated pursuant to section 144.214; subdivision 4, within five days after death and prior to final disposition.

Subd. 2. Rules governing death registration. The commissioner of health shall establish in rule an orderly mechanism for the registration of deaths including at least a designation for who must file the death record, a procedure for the registration of

deaths in moving conveyances, and provision to include cause and certification of death and assurance of registration prior to final disposition.

Subd. 3. **When no body is found.** When circumstances suggest that a death has occurred although a dead body cannot be produced to confirm the fact of death, a death record shall not be registered until a court has adjudicated the fact of death.

History: 1978 c 699 s 10; 1Sp2001 c 9 art 15 s 18,19,32; 2002 c 379 art 1 s 113

144.2215 BIRTH DEFECTS REGISTRY SYSTEM.

The commissioner of health shall develop a statewide birth defects registry system to provide for the collection, analysis, and dissemination of birth defects information. The commissioner shall consult with representatives and experts in epidemiology, medicine, insurance, health maintenance organizations, genetics, consumers, and voluntary organizations in developing the system and may phase in the implementation of the system.

History: 1996 c 451 art 4 s 6

144.222 REPORTS OF FETAL OR INFANT DEATH.

Subdivision 1. **Fetal death.** Each fetal death which occurs in this state shall be reported within five days to the state registrar as prescribed by rule by the commissioner.

Subd. 2. **Sudden infant death.** Each infant death which is diagnosed as sudden infant death syndrome shall be reported within five days to the state registrar.

History: 1978 c 699 s 11; 1984 c 637 s 2; 1Sp2001 c 9 art 15 s 20; 2002 c 379 art 1 s 113

144.223 REPORT OF MARRIAGE.

Data relating to certificates of marriage registered shall be reported to the state registrar by the local registrar or designee of the county board in each of the 87 registration districts pursuant to the rules of the commissioner. The information in clause (1) necessary to compile the report shall be furnished by the applicant prior to the issuance of the marriage license. The report shall contain the following:

(1) personal information on bride and groom:

(i) name;

(ii) residence;

(iii) date and place of birth;

(iv) race;

(v) if previously married, how terminated; and

(vi) signature of applicant, date signed, and social security number; and

(2) information concerning the marriage:

(i) date of marriage;

(ii) place of marriage; and

(iii) civil or religious ceremony.

History: 1977 c 305 s 45; 1978 c 699 s 12; 1997 c 203 art 6 s 4; 1Sp2001 c 9 art 15 s 21; 2002 c 379 art 1 s 113

144.224 [Repealed, 2000 c 372 s 3]

144.225 DISCLOSURE OF INFORMATION FROM VITAL RECORDS.

Subdivision 1. **Public information; access to vital records.** Except as otherwise provided for in this section and section 144.2252, information contained in vital records shall be public information. Physical access to vital records shall be subject to the supervision and regulation of state and local registrars and their employees pursuant to rules promulgated by the commissioner in order to protect vital records from loss, mutilation or destruction and to prevent improper disclosure of vital records which are

confidential or private data on individuals, as defined in section 13.02, subdivisions 3 and 12.

Subd. 2. Data about births. (a) Except as otherwise provided in this subdivision, data pertaining to the birth of a child to a woman who was not married to the child's father when the child was conceived nor when the child was born, including the original record of birth and the certified vital record, are confidential data. At the time of the birth of a child to a woman who was not married to the child's father when the child was conceived nor when the child was born, the mother may designate demographic data pertaining to the birth as public. Notwithstanding the designation of the data as confidential, it may be disclosed:

- (1) to a parent or guardian of the child;
- (2) to the child when the child is 16 years of age or older;
- (3) under paragraph (b) or (e); or
- (4) pursuant to a court order. For purposes of this section, a subpoena does not constitute a court order.

(b) Unless the child is adopted, data pertaining to the birth of a child that are not accessible to the public become public data if 100 years have elapsed since the birth of the child who is the subject of the data, or as provided under section 13.10, whichever occurs first.

(c) If a child is adopted, data pertaining to the child's birth are governed by the provisions relating to adoption records, including sections 13.10, subdivision 5; 144.218, subdivision 1; 144.2252; and 259.89.

(d) The name and address of a mother under paragraph (a) and the child's date of birth may be disclosed to the county social services or public health member of a family services collaborative for purposes of providing services under section 124D.23.

(e) The commissioner of human services shall have access to birth records for:

- (1) the purposes of administering medical assistance, general assistance medical care, and the MinnesotaCare program;
- (2) child support enforcement purposes; and
- (3) other public health purposes as determined by the commissioner of health.

Subd. 2a. Health data associated with birth registration. Information from which an identification of risk for disease, disability, or developmental delay in a mother or child can be made, that is collected in conjunction with birth registration or fetal death reporting, is private data as defined in section 13.02, subdivision 12. The commissioner may disclose to a local board of health, as defined in section 145A.02, subdivision 2, health data associated with birth registration which identifies a mother or child at high risk for serious disease, disability, or developmental delay in order to assure access to appropriate health, social, or educational services. Notwithstanding the designation of the private data, the commissioner of human services shall have access to health data associated with birth registration for:

- (1) purposes of administering medical assistance, general assistance medical care, and the MinnesotaCare program; and
- (2) for other public health purposes as determined by the commissioner of health.

Subd. 2b. Commissioner of health; duties. Notwithstanding the designation of certain of this data as confidential under subdivision 2 or private under subdivision 2a, the commissioner shall give the commissioner of human services access to birth record data and data contained in recognitions of parentage prepared according to section 257.75 necessary to enable the commissioner of human services to identify a child who is subject to threatened injury, as defined in section 626.556, subdivision 2, paragraph (1), by a person responsible for the child's care, as defined in section 626.556, subdivision 2, paragraph (b), clause (1). The commissioner shall be given access to all data included on official birth records.

Subd. 3. Laws and rules for preparing vital records. No person shall prepare or issue any vital record which purports to be an original, certified copy, or copy of a vital

record except as authorized in sections 144.211 to 144.227 or the rules of the commissioner.

Subd. 4. Access to records for research purposes. The state registrar may permit persons performing medical research access to the information restricted in subdivision 2 if those persons agree in writing not to disclose private or confidential data on individuals.

Subd. 5. Residents of other states. When a resident of another state is born or dies in this state, the state registrar shall send a report of the birth or death to the state of residence.

Subd. 6. Group purchaser identity; nonpublic data; disclosure. (a) Except as otherwise provided in this subdivision, the named identity of a group purchaser as defined in section 62J.03, subdivision 6, collected in association with birth registration is nonpublic data as defined in section 13.02.

(b) The commissioner may publish, or by other means release to the public, the named identity of a group purchaser as part of an analysis of information collected from the birth registration process. Analysis means the identification of trends in prenatal care and birth outcomes associated with group purchasers. The commissioner may not reveal the named identity of the group purchaser until the group purchaser has had 21 days after receipt of the analysis to review the analysis and comment on it. In releasing data under this subdivision, the commissioner shall include comments received from the group purchaser related to the scientific soundness and statistical validity of the methods used in the analysis. This subdivision does not authorize the commissioner to make public any individual identifying data except as permitted by law.

(c) A group purchaser may contest whether an analysis made public under paragraph (b) is based on scientifically sound and statistically valid methods in a contested case proceeding under sections 14.57 to 14.62, subject to appeal under sections 14.63 to 14.68. To obtain a contested case hearing, the group purchaser must present a written request to the commissioner before the end of the time period for review and comment. Within ten days of the assignment of an administrative law judge, the group purchaser must demonstrate by clear and convincing evidence the group purchaser's likelihood of succeeding on the merits. If the judge determines that the group purchaser has made this demonstration, the data may not be released during the contested case proceeding and through appeal. If the judge finds that the group purchaser has not made this demonstration, the commissioner may immediately publish, or otherwise make public, the nonpublic group purchaser data, with comments received as set forth in paragraph (b).

(d) The contested case proceeding and subsequent appeal is not an exclusive remedy and any person may seek a remedy pursuant to section 13.08, subdivisions 1 to 4, or as otherwise authorized by law.

Subd. 7. Certified birth or death record. (a) The state or local registrar shall issue a certified birth or death record or a statement of no vital record found to an individual upon the individual's proper completion of an attestation provided by the commissioner:

(1) to a person who has a tangible interest in the requested vital record. A person who has a tangible interest is:

- (i) the subject of the vital record;
- (ii) a child of the subject;
- (iii) the spouse of the subject;
- (iv) a parent of the subject;
- (v) the grandparent or grandchild of the subject;
- (vi) the party responsible for filing the vital record;
- (vii) the legal custodian or guardian or conservator of the subject;
- (viii) a personal representative, by sworn affidavit of the fact that the certified copy is required for administration of the estate;

(ix) a successor of the subject, as defined in section 524.1-201, if the subject is deceased, by sworn affidavit of the fact that the certified copy is required for administration of the estate;

(x) if the requested record is a death record, a trustee of a trust by sworn affidavit of the fact that the certified copy is needed for the proper administration of the trust;

(xi) a person or entity who demonstrates that a certified vital record is necessary for the determination or protection of a personal or property right, pursuant to rules adopted by the commissioner; or

(xii) adoption agencies in order to complete confidential postadoption searches as required by section 259.83;

(2) to any local, state, or federal governmental agency upon request if the certified vital record is necessary for the governmental agency to perform its authorized duties. An authorized governmental agency includes the department of human services, the department of revenue, and the United States Immigration and Naturalization Service;

(3) to an attorney upon evidence of the attorney's license;

(4) pursuant to a court order issued by a court of competent jurisdiction. For purposes of this section, a subpoena does not constitute a court order; or

(5) to a representative authorized by a person under clauses (1) to (4).

(b) The state or local registrar shall also issue a certified death record to an individual described in paragraph (a), clause (1), items (ii) to (vii), if, on behalf of the individual, a mortician designated to receive death records under section 144.214, subdivision 4, furnishes the registrar with a properly completed attestation in the form provided by the commissioner within 180 days of the time of death of the subject of the death record. This paragraph is not subject to the requirements specified in Minnesota Rules, part 4601.2600, subpart 5, item B.

Subd. 8. **Standardized format for certified birth and death records.** No later than July 1, 2000, the commissioner shall develop a standardized format for certified birth records and death records issued by state and local registrars. The format shall incorporate security features in accordance with this section. The standardized format must be implemented on a statewide basis by July 1, 2001.

History: 1978 c 699 s 14; 1980 c 509 s 42; 1980 c 561 s 2; 1981 c 311 s 39; 1982 c 545 s 24; 1983 c 7 s 2; 1983 c 243 s 5 subd 2; 1984 c 654 art 5 s 58; 1986 c 444; 1991 c 203 s 1,2; 1994 c 631 s 31; 1995 c 259 art 1 s 33; 1996 c 440 art 1 s 34,35; 1997 c 228 s 9-11; 1998 c 397 art 11 s 3; 2000 c 267 s 1; 2001 c 15 s 1; 2001 c 178 art 1 s 1; 1Sp2001 c 9 art 15 s 22-26,32; 2002 c 379 art 1 s 113

144.2252 ACCESS TO ORIGINAL BIRTH RECORD AFTER ADOPTION.

(a) Whenever an adopted person requests the state registrar to disclose the information on the adopted person's original birth record, the state registrar shall act according to section 259.89.

(b) The state registrar shall provide a transcript of an adopted person's original birth record to an authorized representative of a federally recognized American Indian tribe for the sole purpose of determining the adopted person's eligibility for enrollment or membership. Information contained in the birth record may not be used to provide the adopted person information about the person's birth parents, except as provided in this section or section 259.83.

History: 1Sp2001 c 9 art 15 s 27; 2002 c 379 art 1 s 113

144.226 FEES.

Subdivision 1. **Which services are for fee.** The fees for the following services shall be the following or an amount prescribed by rule of the commissioner:

(a) The fee for the issuance of a certified vital record or a certification that the vital record cannot be found is \$8. No fee shall be charged for a certified birth or death record that is reissued within one year of the original issue, if an amendment is made to the vital record and if the previously issued vital record is surrendered.

(b) The fee for the replacement of a birth record for all events, except when filing a recognition of parentage pursuant to section 257.73, subdivision 1, is \$20.

(c) The fee for the filing of a delayed registration of birth or death is \$20.

(d) The fee for the amendment of any vital record when requested more than 45 days after the filing of the vital record is \$20. No fee shall be charged for an amendment requested within 45 days after the filing of the vital record.

(e) The fee for the verification of information from vital records is \$8 when the applicant furnishes the specific information to locate the vital record. When the applicant does not furnish specific information, the fee is \$20 per hour for staff time expended. Specific information includes the correct date of the event and the correct name of the registrant. Fees charged shall approximate the costs incurred in searching and copying the vital records. The fee shall be payable at the time of application.

(f) The fee for issuance of a copy of any document on file pertaining to a vital record or statement that a related document cannot be found is \$8.

Subd. 2. Fees to state government special revenue fund. Fees collected under this section by the state registrar shall be deposited to the state government special revenue fund.

Subd. 3. Birth record surcharge. In addition to any fee prescribed under subdivision 1, there shall be a nonrefundable surcharge of \$3 for each certified birth record and for a certification that the vital record cannot be found. The local or state registrar shall forward this amount to the commissioner of finance for deposit into the account for the children's trust fund for the prevention of child abuse established under section 119A.12. This surcharge shall not be charged under those circumstances in which no fee for a certified birth record is permitted under subdivision 1, paragraph (a). Upon certification by the commissioner of finance that the assets in that fund exceed \$20,000,000, this surcharge shall be discontinued.

Subd. 4. Vital records surcharge. In addition to any fee prescribed under subdivision 1, there is a nonrefundable surcharge of \$2 for each certified and noncertified birth or death record, and for a certification that the record cannot be found. The local or state registrar shall forward this amount to the state treasurer to be deposited into the state government special revenue fund. This surcharge shall not be charged under those circumstances in which no fee for a birth or death record is permitted under subdivision 1, paragraph (a).

History: 1977 c 305 s 45; 1978 c 699 s 15; 1984 c 654 art 5 s 58; 1986 c 423 s 8; 1986 c 444; 1987 c 358 s 108; 1991 c 292 art 8 s 25; 1Sp1993 c 1 art 9 s 20; 1995 c 207 art 9 s 5; 1997 c 203 art 2 s 12,13; 1998 c 406 art 1 s 2,3,37; 1998 c 407 art 9 s 2,3; 1Sp2001 c 9 art 1 s 35; art 15 s 28,29; 2002 c 379 art 1 s 113

144.227 PENALTIES.

Subdivision 1. False statements. A person who intentionally makes a false statement in a certificate, vital record, or report required to be filed under sections 144.211 to 144.214 or 144.216 to 144.227, or in an application for an amendment thereof, or in an application for a certified vital record or who supplies false information intending that the information be used in the preparation of a report, vital record, certificate, or amendment thereof, is guilty of a misdemeanor.

Subd. 2. Fraud. A person who, without lawful authority and with the intent to deceive, willfully and knowingly makes, counterfeits, alters, obtains, possesses, uses, or sells a certificate, vital record, or report required to be filed under sections 144.211 to 144.227 or a certified certificate, vital record, or report, is guilty of a gross misdemeanor.

Subd. 3. Birth registration. A person who intentionally makes a false statement in a registration required under section 144.215 or in an application for an amendment to such a registration or who intentionally supplies false information intending that the

information be used in the preparation of a registration under section 144.215 is guilty of a gross misdemeanor. This offense shall be prosecuted by the county attorney.

History: 1978 c 699 s 16; 1994 c 631 s 1,2; 1Sp2001 c 9 art 15 s 30; 2002 c 379 art 1 s 113

144.23-144.28 [Repealed, 1945 c 512 s 37]

HEALTH RECORDS AND REPORTS

144.29 HEALTH RECORDS; CHILDREN OF SCHOOL AGE.

It shall be the duty of every school nurse, school physician, school attendance officer, superintendent of schools, principal, teacher, and of the persons charged with the duty of compiling and keeping the school census records, to cause a health record to be kept for each child of school age. Such record shall be kept in such form that it may be transferred with the child to any school which the child shall attend within the state. It shall contain a record of such student health data as defined in section 13.32, subdivision 2, paragraph (a), and shall be classified as private data as defined in section 13.32, subdivision 3. Nothing in sections 144.29 to 144.32 shall be construed to require any child whose parent or guardian objects in writing thereto to undergo a physical or medical examination or treatment. A copy shall be forwarded to the proper department of any state to which the child shall remove. Each district shall assign a teacher, school nurse, or other professional person to review, at the beginning of each school year, the health record of all pupils under the assignee's direction. Growth, results of vision and hearing screening, and findings obtained from health assessments must be entered periodically on the pupil's health record.

History: (5356-1) 1929 c 277 s 1; 1977 c 305 s 45; 1993 c 224 art 12 s 30; 1Sp1997 c 3 s 23; 1Sp1997 c 4 art 6 s 16

144.30 COPIES OF RECORDS EVIDENCE IN JUVENILE COURT.

When any child shall be brought into juvenile court the court shall request, and the custodian of the record shall furnish, a complete certified copy of such record to the court, which copy shall be received as evidence in the case; and no decision or disposition of the pending matter shall be finally made until such record, if existing, shall be considered.

History: (5356-2) 1929 c 277 s 2

144.31 [Repealed, 1969 c 1082 s 2]

144.32 FALSE STATEMENTS TO BE CAUSE FOR DISCHARGE.

Any intentionally false statement in such certificate and any act or omission of a superintendent or superior officer to connive at or permit the same shall be deemed good cause for summary discharge of the person at fault regardless of any contract.

History: (5356-4) 1929 c 277 s 4

144.33 [Repealed, 1961 c 27 s 1]

144.334 RIGHT TO REQUEST PATIENT INFORMATION.

Upon an oral or written request by a spouse, parent, child, or sibling for information about a patient who is being evaluated for or diagnosed with mental illness, a provider must notify the requesting individual of the right under section 144.335, subdivision 3a, paragraph (f), to have the provider request the patient's authorization to release information about the patient to a designated individual.

History: 2000 c 316 s 1

144.335 ACCESS TO HEALTH RECORDS.

Subdivision 1. **Definitions.** For the purposes of this section, the following terms have the meanings given them:

(a) "Patient" means a natural person who has received health care services from a provider for treatment or examination of a medical, psychiatric, or mental condition, the surviving spouse and parents of a deceased patient, or a person the patient appoints in writing as a representative, including a health care agent acting pursuant to chapter 145C, unless the authority of the agent has been limited by the principal in the principal's health care directive. Except for minors who have received health care services pursuant to sections 144.341 to 144.347, in the case of a minor, patient includes a parent or guardian, or a person acting as a parent or guardian in the absence of a parent or guardian.

(b) "Provider" means (1) any person who furnishes health care services and is regulated to furnish the services pursuant to chapter 147, 147A, 147B, 147C, 147D, 148, 148B, 148C, 150A, 151, 153, or 153A, or Minnesota Rules, chapter 4666; (2) a home care provider licensed under section 144A.46; (3) a health care facility licensed pursuant to this chapter or chapter 144A; (4) a physician assistant registered under chapter 147A; and (5) an unlicensed mental health practitioner regulated pursuant to sections 148B.60 to 148B.71.

(c) "Individually identifiable form" means a form in which the patient is or can be identified as the subject of the health records.

Subd. 2. **Patient access.** (a) Upon request, a provider shall supply to a patient complete and current information possessed by that provider concerning any diagnosis, treatment and prognosis of the patient in terms and language the patient can reasonably be expected to understand.

(b) Except as provided in paragraph (e), upon a patient's written request, a provider, at a reasonable cost to the patient, shall promptly furnish to the patient (1) copies of the patient's health record, including but not limited to laboratory reports, x-rays, prescriptions, and other technical information used in assessing the patient's health condition, or (2) the pertinent portion of the record relating to a condition specified by the patient. With the consent of the patient, the provider may instead furnish only a summary of the record. The provider may exclude from the health record written speculations about the patient's health condition, except that all information necessary for the patient's informed consent must be provided.

(c) If a provider, as defined in subdivision 1, clause (b)(1), reasonably determines that the information is detrimental to the physical or mental health of the patient, or is likely to cause the patient to inflict self harm, or to harm another, the provider may withhold the information from the patient and may supply the information to an appropriate third party or to another provider, as defined in subdivision 1, clause (b)(1). The other provider or third party may release the information to the patient.

(d) A provider as defined in subdivision 1, clause (b)(3), shall release information upon written request unless, prior to the request, a provider as defined in subdivision 1, clause (b)(1), has designated and described a specific basis for withholding the information as authorized by paragraph (c).

(e) A provider may not release a copy of a videotape of a child victim or alleged victim of physical or sexual abuse without a court order under section 13.03, subdivision 6, or as provided in section 611A.90. This paragraph does not limit the right of a patient to view the videotape.

Subd. 3. **Provider transfers and loans.** A patient's health record, including but not limited to, laboratory reports, x-rays, prescriptions, and other technical information used in assessing the patient's condition, or the pertinent portion of the record relating to a specific condition, or a summary of the record, shall promptly be furnished to another provider upon the written request of the patient. The written request shall specify the name of the provider to whom the health record is to be furnished. The provider who furnishes the health record or summary may retain a copy of the

materials furnished. The patient shall be responsible for the reasonable costs of furnishing the information.

Subd. 3a. **Patient consent to release of records; liability.** (a) A provider, or a person who receives health records from a provider, may not release a patient's health records to a person without a signed and dated consent from the patient or the patient's legally authorized representative authorizing the release, unless the release is specifically authorized by law. Except as provided in paragraph (c) or (d), a consent is valid for one year or for a lesser period specified in the consent or for a different period provided by law.

(b) This subdivision does not prohibit the release of health records:

(1) for a medical emergency when the provider is unable to obtain the patient's consent due to the patient's condition or the nature of the medical emergency; or

(2) to other providers within related health care entities when necessary for the current treatment of the patient.

(c) Notwithstanding paragraph (a), if a patient explicitly gives informed consent to the release of health records for the purposes and pursuant to the restrictions in clauses (1) and (2), the consent does not expire after one year for:

(1) the release of health records to a provider who is being advised or consulted with in connection with the current treatment of the patient;

(2) the release of health records to an accident and health insurer, health service plan corporation, health maintenance organization, or third-party administrator for purposes of payment of claims, fraud investigation, or quality of care review and studies, provided that:

(i) the use or release of the records complies with sections 72A.49 to 72A.505;

(ii) further use or release of the records in individually identifiable form to a person other than the patient without the patient's consent is prohibited; and

(iii) the recipient establishes adequate safeguards to protect the records from unauthorized disclosure, including a procedure for removal or destruction of information that identifies the patient.

(d) Notwithstanding paragraph (a), health records may be released to an external researcher solely for purposes of medical or scientific research only as follows:

(1) health records generated before January 1, 1997, may be released if the patient has not objected or does not elect to object after that date;

(2) for health records generated on or after January 1, 1997, the provider must:

(i) disclose in writing to patients currently being treated by the provider that health records, regardless of when generated, may be released and that the patient may object, in which case the records will not be released; and

(ii) use reasonable efforts to obtain the patient's written general authorization that describes the release of records in item (i), which does not expire but may be revoked or limited in writing at any time by the patient or the patient's authorized representative;

(3) authorization may be established if an authorization is mailed at least two times to the patient's last known address with a postage prepaid return envelope and a conspicuous notice that the patient's medical records may be released if the patient does not object, and at least 60 days have expired since the second notice was sent; and the provider must advise the patient of the rights specified in clause (4); and

(4) the provider must, at the request of the patient, provide information on how the patient may contact an external researcher to whom the health record was released and the date it was released.

In making a release for research purposes the provider shall make a reasonable effort to determine that:

(i) the use or disclosure does not violate any limitations under which the record was collected;

(ii) the use or disclosure in individually identifiable form is necessary to accomplish the research or statistical purpose for which the use or disclosure is to be made;

(iii) the recipient has established and maintains adequate safeguards to protect the records from unauthorized disclosure, including a procedure for removal or destruction of information that identifies the patient; and

(iv) further use or release of the records in individually identifiable form to a person other than the patient without the patient's consent is prohibited.

(e) A person who negligently or intentionally releases a health record in violation of this subdivision, or who forges a signature on a consent form, or who obtains under false pretenses the consent form or health records of another person, or who, without the person's consent, alters a consent form, is liable to the patient for compensatory damages caused by an unauthorized release, plus costs and reasonable attorney's fees.

(f) Upon the written request of a spouse, parent, child, or sibling of a patient being evaluated for or diagnosed with mental illness, a provider shall inquire of a patient whether the patient wishes to authorize a specific individual to receive information regarding the patient's current and proposed course of treatment. If the patient so authorizes, the provider shall communicate to the designated individual the patient's current and proposed course of treatment. Paragraph (a) applies to consents given under this paragraph.

(g) In cases where a provider releases health records without patient consent as authorized by law, the release must be documented in the patient's health record.

Subd. 3b. Release of records to commissioner of health or health data institute. Subdivision 3a does not apply to the release of health records to the commissioner of health or the health data institute under chapter 62J, provided that the commissioner encrypts the patient identifier upon receipt of the data.

Subd. 3c. Independent medical examination. This section applies to the subject and provider of an independent medical examination requested by or paid for by a third party. Notwithstanding subdivision 3a, a provider may release health records created as part of an independent medical examination to the third party who requested or paid for the examination.

Subd. 4. Additional patient rights. The rights set forth in this section are in addition to the rights set forth in sections 144.651 and 144.652 and any other provision of law relating to the access of a patient to the patient's health records.

Subd. 5. Costs. (a) When a patient requests a copy of the patient's record for purposes of reviewing current medical care, the provider must not charge a fee.

(b) When a provider or its representative makes copies of patient records upon a patient's request under this section, the provider or its representative may charge the patient or the patient's representative no more than 75 cents per page, plus \$10 for time spent retrieving and copying the records, unless other law or a rule or contract provide for a lower maximum charge. This limitation does not apply to x-rays. The provider may charge a patient no more than the actual cost of reproducing X-rays, plus no more than \$10 for the time spent retrieving and copying the x-rays.

(c) The respective maximum charges of 75 cents per page and \$10 for time provided in this subdivision are in effect for calendar year 1992 and may be adjusted annually each calendar year as provided in this subdivision. The permissible maximum charges shall change each year by an amount that reflects the change, as compared to the previous year, in the consumer price index for all urban consumers, Minneapolis-St. Paul (CPI-U), published by the department of labor.

(d) A provider or its representative must not charge a fee to provide copies of records requested by a patient or the patient's authorized representative if the request for copies of records is for purposes of appealing a denial of social security disability income or social security disability benefits under title II or title XVI of the Social Security Act. For the purpose of further appeals, a patient may receive no more than two medical record updates without charge, but only for medical record information previously not provided. For purposes of this paragraph, a patient's authorized

representative does not include units of state government engaged in the adjudication of social security disability claims.

Subd. 5a. **Notice of rights; information on release.** A provider shall provide to patients, in a clear and conspicuous manner, a written notice concerning practices and rights with respect to access to health records. The notice must include an explanation of:

(1) disclosures of health records that may be made without the written consent of the patient, including the type of records and to whom the records may be disclosed; and

(2) the right of the patient to have access to and obtain copies of the patient's health records and other information about the patient that is maintained by the provider.

The notice requirements of this paragraph are satisfied if the notice is included with the notice and copy of the patient and resident bill of rights under section 144.652 or if it is displayed prominently in the provider's place of business. The commissioner of health shall develop the notice required in this subdivision and publish it in the State Register.

Subd. 6. **Violation.** A violation of this section may be grounds for disciplinary action against a provider by the appropriate licensing board or agency.

History: 1977 c 380 s 1; 1985 c 298 s 40; 1986 c 444; 1987 c 347 art 1 s 18; 1987 c 378 s 1; 1988 c 670 s 8; 1989 c 64 s 1,2; 1989 c 175 s 3; 1989 c 209 art 1 s 15; 1990 c 573 s 20; 1991 c 292 art 2 s 3; 1991 c 319 s 15; 1992 c 569 s 8-11; 1993 c 345 art 12 s 7; 1993 c 351 s 24,25; 1994 c 618 art 1 s 19; 1994 c 625 art 8 s 42,43; 1995 c 205 art 2 s 3; 1995 c 234 art 5 s 23; 1995 c 259 art 1 s 34; art 4 s 5; 1996 c 440 art 1 s 36; 1Sp1997 c 3 s 24; 1998 c 317 s 1; 1998 c 399 s 1; 2001 c 211 s 2; 2002 c 375 art 3 s 6

144.3351 IMMUNIZATION DATA.

Providers as defined in section 144.335, subdivision 1, group purchasers as defined in section 62J.03, subdivision 6, elementary or secondary schools or child care facilities as defined in section 121A.15, subdivision 9, public or private post-secondary educational institutions as defined in section 135A.14, subdivision 1, paragraph (b), a board of health as defined in section 145A.02, subdivision 2, community action agencies as defined in section 119A.375, subdivision 1, and the commissioner of health may exchange immunization data with one another, without the patient's consent, if the person requesting access provides services on behalf of the patient. For purposes of this section immunization data includes:

- (1) patient's name, address, date of birth, gender, parent or guardian's name; and
- (2) date vaccine was received, vaccine type, lot number, and manufacturer of all immunizations received by the patient, and whether there is a contraindication or an adverse reaction indication.

This section applies to all immunization data, regardless of when the immunization occurred.

History: 1992 c 569 s 12; 1995 c 259 art 1 s 35; 1Sp1995 c 3 art 16 s 13; 1998 c 397 art 11 s 3

144.3352 HEPATITIS B MATERNAL CARRIER DATA; INFANT IMMUNIZATION.

The commissioner of health or a local board of health may inform the physician attending a newborn of the hepatitis B infection status of the biological mother.

History: 1994 c 618 art 1 s 20

144.336 REGISTRY OF PERSONS TYPED FOR HUMAN LEUKOCYTE ANTIGENS.

Subdivision 1. **Release restricted.** No person, including the state, a state agency, or a political subdivision, that maintains or operates a registry of the names of persons, their human leukocyte antigen types, and their willingness to be a tissue donor shall reveal the identity of the person or the person's human leukocyte antigen type without

the person's consent. If the data are maintained by a governmental entity, the data are classified as private data on individuals as defined in section 13.02, subdivision 12.

Subd. 2. **Duties.** Persons that maintain or operate a registry described in subdivision 1 have no responsibility for any search beyond their own records to identify potential donors for the benefit of any person seeking a tissue transplant and have no duty to encourage potential donors to assist persons seeking a tissue transplant, and are not liable for their failure to do so.

History: 1984 c 436 s 33; 1986 c 444

144.34 INVESTIGATION AND CONTROL OF OCCUPATIONAL DISEASES.

Any physician having under professional care any person whom the physician believes to be suffering from poisoning from lead, phosphorus, arsenic, brass, silica dust, carbon monoxide gas, wood alcohol, or mercury, or their compounds, or from anthrax or from compressed-air illness or any other disease contracted as a result of the nature of the employment of such person shall within five days mail to the department of health a report stating the name, address, and occupation of such patient, the name, address, and business of the patient's employer, the nature of the disease, and such other information as may reasonably be required by the department. The department shall prepare and furnish the physicians of this state suitable blanks for the reports herein required. No report made pursuant to the provisions of this section shall be admissible as evidence of the facts therein stated in any action at law or in any action under the Workers' Compensation Act against any employer of such diseased person. The department of health is authorized to investigate and to make recommendations for the elimination or prevention of occupational diseases which have been reported to it, or which shall be reported to it, in accordance with the provisions of this section. The department is also authorized to study and provide advice in regard to conditions that may be suspected of causing occupational diseases. Information obtained upon investigations made in accordance with the provisions of this section shall not be admissible as evidence in any action at law to recover damages for personal injury or in any action under the Workers' Compensation Act. Nothing herein contained shall be construed to interfere with or limit the powers of the department of labor and industry to make inspections of places of employment or issue orders for the protection of the health of the persons therein employed. When upon investigation the commissioner of health reaches a conclusion that a condition exists which is dangerous to the life and health of the workers in any industry or factory or other industrial institutions the commissioner shall file a report thereon with the department of labor and industry.

History: (4327-1) 1939 c 322; 1975 c 359 s 23; 1977 c 305 s 45; 1986 c 444

CONSENT OF MINORS FOR HEALTH SERVICES

144.341 LIVING APART FROM PARENTS AND MANAGING FINANCIAL AFFAIRS, CONSENT FOR SELF.

Notwithstanding any other provision of law, any minor who is living separate and apart from parents or legal guardian, whether with or without the consent of a parent or guardian and regardless of the duration of such separate residence, and who is managing personal financial affairs, regardless of the source or extent of the minor's income, may give effective consent to personal medical, dental, mental and other health services, and the consent of no other person is required.

History: 1971 c 544 s 1; 1986 c 444

144.342 MARRIAGE OR GIVING BIRTH, CONSENT FOR HEALTH SERVICE FOR SELF OR CHILD.

Any minor who has been married or has borne a child may give effective consent to personal medical, mental, dental and other health services, or to services for the minor's child, and the consent of no other person is required.

History: 1971 c 544 s 2; 1986 c 444

144.343 PREGNANCY, VENEREAL DISEASE, ALCOHOL OR DRUG ABUSE, ABORTION.

Subdivision 1. **Minor's consent valid.** Any minor may give effective consent for medical, mental and other health services to determine the presence of or to treat pregnancy and conditions associated therewith, venereal disease, alcohol and other drug abuse, and the consent of no other person is required.

Subd. 2. **Notification concerning abortion.** Notwithstanding the provisions of section 13.02, subdivision 8, no abortion operation shall be performed upon an unemancipated minor or upon a woman for whom a guardian or conservator has been appointed pursuant to sections 525.54 to 525.551 because of a finding of incompetency, until at least 48 hours after written notice of the pending operation has been delivered in the manner specified in subdivisions 2 to 4.

(a) The notice shall be addressed to the parent at the usual place of abode of the parent and delivered personally to the parent by the physician or an agent.

(b) In lieu of the delivery required by clause (a), notice shall be made by certified mail addressed to the parent at the usual place of abode of the parent with return receipt requested and restricted delivery to the addressee which means postal employee can only deliver the mail to the authorized addressee. Time of delivery shall be deemed to occur at 12 o'clock noon on the next day on which regular mail delivery takes place, subsequent to mailing.

Subd. 3. **Parent, abortion; definitions.** For purposes of this section, "parent" means both parents of the pregnant woman if they are both living, one parent of the pregnant woman if only one is living or if the second one cannot be located through reasonably diligent effort, or the guardian or conservator if the pregnant woman has one.

For purposes of this section, "abortion" means the use of any means to terminate the pregnancy of a woman known to be pregnant with knowledge that the termination with those means will, with reasonable likelihood, cause the death of the fetus and "fetus" means any individual human organism from fertilization until birth.

Subd. 4. **Limitations.** No notice shall be required under this section if:

(a) The attending physician certifies in the pregnant woman's medical record that the abortion is necessary to prevent the woman's death and there is insufficient time to provide the required notice; or

(b) The abortion is authorized in writing by the person or persons who are entitled to notice; or

(c) The pregnant minor woman declares that she is a victim of sexual abuse, neglect, or physical abuse as defined in section 626.556. Notice of that declaration shall be made to the proper authorities as provided in section 626.556, subdivision 3.

Subd. 5. **Penalty.** Performance of an abortion in violation of this section shall be a misdemeanor and shall be grounds for a civil action by a person wrongfully denied notification. A person shall not be held liable under this section if the person establishes by written evidence that the person relied upon evidence sufficient to convince a careful and prudent person that the representations of the pregnant woman regarding information necessary to comply with this section are bona fide and true, or if the person has attempted with reasonable diligence to deliver notice, but has been unable to do so.

Subd. 6. **Substitute notification provisions.** If subdivision 2 of this law is ever temporarily or permanently restrained or enjoined by judicial order, subdivision 2 shall be enforced as though the following paragraph were incorporated as paragraph (c) of that subdivision; provided, however, that if such temporary or permanent restraining order or injunction is ever stayed or dissolved, or otherwise ceases to have effect, subdivision 2 shall have full force and effect, without being modified by the addition of the following substitute paragraph which shall have no force or effect until or unless an injunction or restraining order is again in effect.

(c)(i) If such a pregnant woman elects not to allow the notification of one or both of her parents or guardian or conservator, any judge of a court of competent jurisdiction shall, upon petition, or motion, and after an appropriate hearing, authorize a physician to perform the abortion if said judge determines that the pregnant woman is mature and capable of giving informed consent to the proposed abortion. If said judge determines that the pregnant woman is not mature, or if the pregnant woman does not claim to be mature, the judge shall determine whether the performance of an abortion upon her without notification of her parents, guardian, or conservator would be in her best interests and shall authorize a physician to perform the abortion without such notification if said judge concludes that the pregnant woman's best interests would be served thereby.

(ii) Such a pregnant woman may participate in proceedings in the court on her own behalf, and the court may appoint a guardian ad litem for her. The court shall, however, advise her that she has a right to court appointed counsel, and shall, upon her request, provide her with such counsel.

(iii) Proceedings in the court under this section shall be confidential and shall be given such precedence over other pending matters so that the court may reach a decision promptly and without delay so as to serve the best interests of the pregnant woman. A judge of the court who conducts proceedings under this section shall make in writing specific factual findings and legal conclusions supporting the decision and shall order a record of the evidence to be maintained including the judge's own findings and conclusions.

(iv) An expedited confidential appeal shall be available to any such pregnant woman for whom the court denies an order authorizing an abortion without notification. An order authorizing an abortion without notification shall not be subject to appeal. No filing fees shall be required of any such pregnant woman at either the trial or the appellate level. Access to the trial court for the purposes of such a petition or motion, and access to the appellate courts for purposes of making an appeal from denial of the same, shall be afforded such a pregnant woman 24 hours a day, seven days a week.

Subd. 7. **Severability.** If any provision, word, phrase or clause of this section or the application thereof to any person or circumstance shall be held invalid, such invalidity shall not affect the provisions, words, phrases, clauses or application of this section which can be given effect without the invalid provision, word, phrase, clause, or application, and to this end the provisions, words, phrases, and clauses of this section are declared to be severable.

History: 1971 c 544 s 3; 1981 c 228 s 1; 1981 c 311 s 39; 1982 c 545 s 24; 1986 c 444

144.344 EMERGENCY TREATMENT.

Medical, dental, mental and other health services may be rendered to minors of any age without the consent of a parent or legal guardian when, in the professional's judgment, the risk to the minor's life or health is of such a nature that treatment should be given without delay and the requirement of consent would result in delay or denial of treatment.

History: 1971 c 544 s 4

144.3441 HEPATITIS B VACCINATION.

A minor may give effective consent for a hepatitis B vaccination. The consent of no other person is required.

History: 1993 c 167 s 1

144.345 REPRESENTATIONS TO PERSONS RENDERING SERVICE.

The consent of a minor who claims to be able to give effective consent for the purpose of receiving medical, dental, mental or other health services but who may not in fact do so, shall be deemed effective without the consent of the minor's parent or

legal guardian, if the person rendering the service relied in good faith upon the representations of the minor.

History: 1971 c 544 s 5; 1986 c 444

144.346 INFORMATION TO PARENTS.

The professional may inform the parent or legal guardian of the minor patient of any treatment given or needed where, in the judgment of the professional, failure to inform the parent or guardian would seriously jeopardize the health of the minor patient.

History: 1971 c 544 s 6

144.347 FINANCIAL RESPONSIBILITY.

A minor so consenting for such health services shall thereby assume financial responsibility for the cost of said services.

History: 1971 c 544 s 7

WATER POLLUTION

144.35 POLLUTION OF WATER.

No sewage or other matter that will impair the healthfulness of water shall be deposited where it will fall or drain into any pond or stream used as a source of water supply for domestic use. The commissioner shall have general charge of all springs, wells, ponds, and streams so used and take all necessary and proper steps to preserve the same from such pollution as may endanger the public health. In case of violation of any of the provisions of this section, the commissioner may, with or without a hearing, order any person to desist from causing such pollution and to comply with such direction as the commissioner may deem proper and expedient in the premises. Such order shall be served forthwith upon the person found to have violated such provisions.

History: (5375) RL s 2147; 1977 c 305 s 45; 1986 c 444

144.36 APPEAL TO DISTRICT COURT.

Within five days after service of the order, any person aggrieved thereby may appeal to the district court of the county in which such polluted source of water supply is situated. During the pendency of the appeal the pollution against which the order has been issued shall not be continued and, upon violation of such order, the appeal shall forthwith be dismissed.

History: (5376) RL s 2148; 1987 c 309 s 16

144.37 OTHER REMEDIES PRESERVED.

Nothing in section 144.36 shall curtail the power of the courts to administer the usual legal and equitable remedies in cases of nuisances or of improper interference with private rights.

SAFE DRINKING WATER ACT

144.381 CITATION.

Sections 144.381 to 144.387 may be cited as the "Safe Drinking Water Act of 1977."

History: 1977 c 66 s 1

144.382 DEFINITIONS.

Subdivision 1. **Scope.** For the purposes of sections 144.381 to 144.387, the following terms have the meanings given.

Subd. 2. **Commissioner.** "Commissioner" means the state commissioner of health.

Subd. 3. **Federal regulations.** "Federal regulations" means rules promulgated by the federal environmental protection agency, or its successor agencies.

Subd. 4. **Public water supply.** "Public water supply" has the meaning given to "public water system" in the federal Safe Drinking Water Act, United States Code, title 42, section 300f, clause (4).

Subd. 5. **Supplier.** "Supplier" means a person who owns, manages or operates a public water supply.

History: 1977 c 66 s 2; 1977 c 305 s 45; 1999 c 18 s 1

144.383 AUTHORITY OF COMMISSIONER.

In order to insure safe drinking water in all public water supplies, the commissioner has the following powers:

(a) To approve the site, design, and construction and alteration of all public water supplies and, for community and nontransient noncommunity water systems as defined in Code of Federal Regulations, title 40, section 141.2; to approve documentation that demonstrates the technical, managerial, and financial capacity of those systems to comply with rules adopted under this section;

(b) To enter the premises of a public water supply, or part thereof, to inspect the facilities and records kept pursuant to rules promulgated by the commissioner, to conduct sanitary surveys and investigate the standard of operation and service delivered by public water supplies;

(c) To contract with boards of health as defined in section 145A.02, subdivision 2, created pursuant to section 145A.09, for routine surveys, inspections, and testing of public water supply quality;

(d) To develop an emergency plan to protect the public when a decline in water quality or quantity creates a serious health risk, and to issue emergency orders if a health risk is imminent;

(e) To promulgate rules, pursuant to chapter 14 but no less stringent than federal regulation, which may include the granting of variances and exemptions.

History: 1977 c 66 s 3; 1977 c 305 s 45; 1982 c 424 s 130; 1987 c 309 s 24; 1989 c 209 art 2 s 1; 1998 c 261 s 1

144.3831 FEES.

Subdivision 1. **Fee setting.** The commissioner of health may assess an annual fee of \$5.21 for every service connection to a public water supply that is owned or operated by a home rule charter city, a statutory city, a city of the first class, or a town. The commissioner of health may also assess an annual fee for every service connection served by a water user district defined in section 110A.02.

Subd. 2. **Collection and payment of fee.** The public water supply described in subdivision 1 shall:

- (1) collect the fees assessed on its service connections;
- (2) pay the department of health an amount equivalent to the fees based on the total number of service connections. The service connections for each public water supply described in subdivision 1 shall be verified every four years by the department of health; and
- (3) pay one-fourth of the total yearly fee to the department of health each calendar quarter. In lieu of quarterly payments, a public water supply described in subdivision 1 with fewer than 50 service connections may make a single annual payment by June 30 each year. The fees payable to the department of health shall be deposited in the state treasury as nondedicated state government special revenue fund revenues.

Subd. 3. **Late fee.** The public water supply described in subdivision 1 shall pay a late fee in the amount of five percent of the amount of the fees due from the public water supply if the fees due from the public water supply are not paid within 30 days of the payment dates in subdivision 2, clause (3). The late fee that the public water supply shall pay shall be assessed only on the actual amount collected by the public water supply through fees on service connections.

History: 1992 c 513 art 6 s 3; 1Sp1993 c 1 art 9 s 21; 1995 c 186 s 42; 1Sp2001 c 5 art 7 s 3

144.384 NOTICE OF VIOLATION.

Upon discovery of a violation of a maximum contaminant level or treatment technique, the commissioner shall promptly notify the supplier of the violation, state the rule violated, and state a date by which the violation must be corrected or by which a request for variance or exemption must be submitted.

History: 1977 c 66 s 4; 1977 c 305 s 45

144.385 PUBLIC NOTICE.

If a public water system has violated a rule of the commissioner, has a variance or exemption granted, or fails to comply with the terms of the variance or exemption, the supplier shall provide public notice of the fact pursuant to the rules of the commissioner.

History: 1977 c 66 s 5; 1977 c 305 s 45

144.386 PENALTIES.

Subdivision 1. **Basic fine.** A person who violates a rule of the commissioner, fails to comply with the terms of a variance or exemption, or fails to request a variance or exemption by the date specified in the notice from the commissioner, may be fined up to \$1,000 for each day the offense continues, in a civil action brought by the commissioner in district court. All fines shall be deposited in the general fund of the state treasury.

Subd. 2. **Gross misdemeanor fine.** A person who intentionally or repeatedly violates a rule of the commissioner, or fails to comply with an emergency order of the commissioner, is guilty of a gross misdemeanor, and may be fined not more than \$10,000, imprisoned not more than one year, or both.

Subd. 3. **Drinking water notice; fine.** A supplier who fails to comply with the provisions of section 144.385, or disseminates false or misleading information relating to the notice required in section 144.385, is subject to the penalties described in subdivision 2.

Subd. 4. [Repealed, 1993 c 206 s 25]

History: 1977 c 66 s 6; 1977 c 305 s 45; 1984 c 628 art 3 s 11

144.387 COSTS.

If the state prevails in any civil action under section 144.386, the court may award reasonable costs and expenses to the state.

History: 1977 c 66 s 7

144.3871 [Repealed, 1996 c 418 s 18]

**FEMALE GENITAL MUTILATION;
EDUCATION AND OUTREACH**

144.3872 FEMALE GENITAL MUTILATION; EDUCATION AND OUTREACH.

The commissioner of health shall carry out appropriate education, prevention, and outreach activities in communities that traditionally practice female circumcision, excision, or infibulation to inform people in those communities about the health risks and emotional trauma inflicted by those practices and to inform them and the medical community of the criminal penalties contained in section 609.2245. The commissioner shall work with culturally appropriate groups to obtain private funds to help finance these prevention and outreach activities.

History: 1994 c 636 art 9 s 9

144.388 [Repealed, 1988 c 689 art 2 s 269]

144.39 [Repealed, 1967 c 882 s 11]

PROMOTION OF NONSMOKING

144.391 PUBLIC POLICY.

The legislature finds that:

- (1) smoking causes premature death, disability, and chronic disease, including cancer and heart disease, and lung disease;
- (2) smoking related diseases result in excess medical care costs; and
- (3) smoking initiation occurs primarily in adolescence.

The legislature desires to prevent young people from starting to smoke, to encourage and assist smokers to quit, and to promote clean indoor air.

History: 1Sp1985 c 14 art 19 s 13

144.392 DUTIES OF THE COMMISSIONER.

The commissioner of health shall:

- (1) provide assistance to workplaces to develop policies that promote nonsmoking and are consistent with the Minnesota Clean Indoor Air Act;
- (2) provide technical assistance, including design and evaluation methods, materials, and training to local health departments, communities, and other organizations that undertake community programs for the promotion of nonsmoking;
- (3) collect and disseminate information and materials for smoking prevention;
- (4) evaluate new and existing nonsmoking programs on a statewide and regional basis using scientific evaluation methods;
- (5) conduct surveys in school-based populations regarding the epidemiology of smoking behavior, knowledge, and attitudes related to smoking, and the penetration of statewide smoking control programs; and
- (6) report to the legislature each biennium on activities undertaken, smoking rates in the population and subgroups of the total population, evaluation activities and results of those activities, and recommendations for further action.

History: 1Sp1985 c 14 art 19 s 14.

144.393 PUBLIC COMMUNICATIONS PROGRAM.

The commissioner may conduct a long-term coordinated public information program that includes public service announcements; public education forums, mass media, and written materials. The program must promote nonsmoking and include background survey research and evaluation. The program must be designed to run over at least five years, subject to the availability of money.

History: *1Sp1985 c 14 art 19 s 15*

144.394 HEALTH PROMOTION AND EDUCATION.

The commissioner may sell at market value all health promotion and health education materials. Proceeds from the sale of the materials are appropriated to the department of health for the program that developed the material.

History: *1995 c 207 art 9 s 6; 1997 c 203 art 2 s 14*

**TOBACCO USE PREVENTION AND LOCAL
PUBLIC HEALTH ENDOWMENT FUND**

144.395 TOBACCO USE PREVENTION AND LOCAL PUBLIC HEALTH ENDOWMENT FUND.

Subdivision 1. **Creation.** (a) The tobacco use prevention and local public health endowment fund is created in the state treasury. The state board of investment shall invest the fund under section 11A.24. All earnings of the fund must be credited to the fund. The principal of the fund must be maintained inviolate, except that the principal may be used to make expenditures from the fund for the purposes specified in this section when the market value of the fund falls below 105 percent of the cumulative total of the tobacco settlement payments received by the state and credited to the tobacco settlement fund under section 16A.87, subdivision 2. For purposes of this section, "principal" means an amount equal to the cumulative total of the tobacco settlement payments received by the state and credited to the tobacco settlement fund under section 16A.87, subdivision 2.

(b) If the commissioner of finance determines that probable receipts to the general fund will be sufficient to meet the need for expenditures from the general fund for a fiscal biennium, the commissioner may use cash reserves of the tobacco use prevention and local public health endowment fund, excluding an amount sufficient to meet the annual appropriations in subdivision 2, to pay expenses of the general fund. If cash reserves are transferred to the general fund to meet cash flow needs, the amount transferred, plus interest at a rate comparable to the rate earned by the state on invested treasurer's cash, as determined monthly by the commissioner, must be returned to the endowment fund as soon as sufficient cash balances are available in the general fund, but in any event before the end of the fiscal biennium. An amount necessary to pay the interest is appropriated from the general fund. If cash reserves of the endowment fund are used to pay expenses for the general fund, the recipients of the grants shall be held harmless to the extent possible in the following order: (1) local public health; (2) local tobacco prevention; and (3) statewide tobacco prevention. When determining the fair market value of the fund, for the purposes described in subdivision 2, the value of the cash reserves transferred to the general fund must be included in the determination.

Subd. 2. **Expenditures.** (a) Up to five percent of the fair market value of the fund on the preceding July 1, must be spent to reduce the human and economic consequences of tobacco use among the youth of this state through state and local tobacco prevention measures and efforts, and for other public health initiatives.

(b) Notwithstanding paragraph (a), on January 1, 2000, up to five percent of the fair market value of the fund is appropriated to the commissioner of health to distribute as grants under section 144.396, subdivisions 5 and 6, in accordance with allocations in paragraph (c), clauses (1) and (2). Up to \$200,000 of this appropriation is

available to the commissioner to conduct the statewide assessments described in section 144.396, subdivision 3.

(c) Beginning July 1, 2000, and on July 1 of each year thereafter, the money in paragraph (a) is appropriated as follows, except as provided in paragraphs (d) and (e):

(1) 67 percent to the commissioner of health to distribute as grants under section 144.396, subdivision 5, to fund statewide tobacco use prevention initiatives aimed at youth;

(2) 16.5 percent to the commissioner of health to distribute as grants under section 144.396, subdivision 6, to fund local public health initiatives aimed at tobacco use prevention in coordination with other local health-related efforts to achieve measurable improvements in health among youth; and

(3) 16.5 percent to the commissioner of health to distribute in accordance with section 144.396, subdivision 7.

(d) A maximum of \$150,000 of each annual appropriation to the commissioner of health in paragraphs (b) and (c) may be used by the commissioner for administrative expenses associated with implementing this section.

(e) Beginning July 1, 2001, \$1,250,000 of each annual appropriation to the commissioner under paragraph (c), clause (1), may be used to provide base level funding for the commissioner's tobacco prevention and control programs and activities. This appropriation must occur before any other appropriation under this subdivision.

Subd. 3. **Sunset.** The tobacco use prevention and local public health endowment fund expires June 30, 2015. Upon expiration, the commissioner of finance shall transfer the principal and any remaining interest to the general fund.

History: 1999 c 245 art 11 s 4; 2000 c 392 s 6,7; 2000 c 488 art 11 s 4; 1Sp2001 c 9 art 1 s 36; 2002 c 220 art 13 s 6; 2002 c 374 art 8 s 3; 2002 c 379 art 1 s 113

NOTE: The amendment to subdivision 1 by Laws 2002, chapter 220, article 13, section 6, as amended by Laws 2002, chapter 374, article 8, section 3, is effective July 1, 2003. Laws 2002, chapter 220, article 13, section 12, and Laws 2002, chapter 374, article 8, section 8.

144.396 TOBACCO USE PREVENTION.

Subdivision 1. **Purpose.** The legislature finds that it is important to reduce the prevalence of tobacco use among the youth of this state. It is a goal of the state to reduce tobacco use among youth by 30 percent by the year 2005, and to promote statewide and local tobacco use prevention activities to achieve this goal.

Subd. 2. **Measurable outcomes.** The commissioner, in consultation with other public, private, or nonprofit organizations involved in tobacco use prevention efforts, shall establish measurable outcomes to determine the effectiveness of the grants receiving funds under this section in reducing the use of tobacco among youth.

Subd. 3. **Statewide assessment.** The commissioner of health shall conduct a statewide assessment of tobacco-related behaviors and attitudes among youth to establish a baseline to measure the statewide effect of tobacco use prevention activities. The commissioner of children, families, and learning must provide any information requested by the commissioner of health as part of conducting the assessment. To the extent feasible, the commissioner of health should conduct the assessment so that the results may be compared to nationwide data.

Subd. 4. **Process.** (a) The commissioner shall develop the criteria and procedures to allocate the grants under this section. In developing the criteria, the commissioner shall establish an administrative cost limit for grant recipients. The outcomes established under subdivision 2 must be specified to the grant recipients receiving grants under this section at the time the grant is awarded.

(b) A recipient of a grant under this section must coordinate its tobacco use prevention activities with other entities performing tobacco use prevention activities within the recipient's service area.

Subd. 5. **Statewide tobacco prevention grants.** (a) The commissioner of health shall award competitive grants to eligible applicants for projects and initiatives directed at the prevention of tobacco use. The project areas for grants include:

(1) statewide public education and information campaigns which include implementation at the local level; and

(2) coordinated special projects, including training and technical assistance, a resource clearinghouse, and contracts with ethnic and minority communities.

(b) Eligible applicants may include, but are not limited to, nonprofit organizations, colleges and universities, professional health associations, community health boards, and other health care organizations. Applicants must submit proposals to the commissioner. The proposals must specify the strategies to be implemented to target tobacco use among youth, and must take into account the need for a coordinated statewide tobacco prevention effort.

(c) The commissioner must give priority to applicants who demonstrate that the proposed project:

(1) is research based or based on proven effective strategies;

(2) is designed to coordinate with other activities and education messages related to other health initiatives;

(3) utilizes and enhances existing prevention activities and resources; or

(4) involves innovative approaches preventing tobacco use among youth.

Subd. 6. **Local tobacco prevention grants.** (a) The commissioner shall award grants to eligible applicants for local and regional projects and initiatives directed at tobacco prevention in coordination with other health areas aimed at reducing high-risk behaviors in youth that lead to adverse health-related problems. The project areas for grants include:

(1) school-based tobacco prevention programs aimed at youth and parents;

(2) local public awareness and education projects aimed at tobacco prevention in coordination with locally assessed community public health needs pursuant to chapter 145A; or

(3) local initiatives aimed at reducing high-risk behavior in youth associated with tobacco use and the health consequences of these behaviors.

(b) Eligible applicants may include, but are not limited to, community health boards, school districts, community clinics, Indian tribes, nonprofit organizations, and other health care organizations. Applicants must submit proposals to the commissioner. The proposals must specify the strategies to be implemented to target tobacco use among youth, and must be targeted to achieve the outcomes established in subdivision 2.

(c) The commissioner must give priority to applicants who demonstrate that the proposed project or initiative is:

(1) supported by the community in which the applicant serves;

(2) is based on research or on proven effective strategies;

(3) is designed to coordinate with other community activities related to other health initiatives;

(4) incorporates an understanding of the role of community in influencing behavioral changes among youth regarding tobacco use and other high-risk health-related behaviors; or

(5) addresses disparities among populations of color related to tobacco use and other high-risk health-related behaviors.

(d) The commissioner shall divide the state into specific geographic regions and allocate a percentage of the money available for distribution to projects or initiatives aimed at that geographic region. If the commissioner does not receive a sufficient number of grant proposals from applicants that serve a particular region or the proposals submitted do not meet the criteria developed by the commissioner, the commissioner shall provide technical assistance and expertise to ensure the develop-

ment of adequate proposals aimed at addressing the public health needs of that region. In awarding the grants, the commissioner shall consider locally assessed community public health needs pursuant to chapter 145A.

Subd. 7. Local public health promotion and protection. The commissioner shall distribute the funds available under section 144.395, subdivision 2, paragraph (c), clause (3) to community health boards for local health promotion and protection activities for local health initiatives other than tobacco prevention aimed at high risk health behaviors among youth. The commissioner shall distribute these funds to the community health boards based on demographics and other need-based factors relating to health.

Subd. 8. Coordination. The commissioner shall coordinate the projects and initiatives funded under this section with the tobacco use prevention efforts of the Minnesota partnership for action against tobacco, community health boards, and other public, private, and nonprofit organizations and the tobacco prevention efforts that are being conducted on the national level.

Subd. 9. Evaluation. (a) Using the outcome measures established in subdivision 2, the commissioner of health shall conduct a biennial evaluation of the statewide and local tobacco use prevention projects and community health board activities funded under this section. The evaluation must include:

(1) the effect of these activities on the amount of tobacco use by youth and rates at which youth start to use tobacco products; and

(2) a longitudinal tracking of outcomes for youth.

Grant recipients and community health boards shall cooperate with the commissioner in the evaluation and provide the commissioner with the information necessary to conduct the evaluation. Beginning January 15, 2003, the results of each evaluation must be submitted to the chairs and members of the house health and human services finance committee and the senate health and family security budget division.

(b) A maximum of \$150,000 of the annual appropriation described in section 144.395, subdivision 2, paragraph (c), that is appropriated on July 1, 2000, and in every odd-numbered year thereafter, may be used by the commissioner to establish and maintain tobacco use monitoring systems and to conduct the evaluations. This appropriation is in addition to the appropriation in section 144.395, subdivision 2, paragraph (d).

Subd. 10. Report. The commissioner of health shall submit an annual report to the chairs and members of the house health and human services finance committee and the senate health and family security budget division on the statewide and local projects and community health board prevention activities funded under this section. These reports must include information on grant recipients, activities that were conducted using grant funds, and evaluation data and outcome measures, if available. These reports are due by January 15 of each year, beginning in 2001.

Subd. 11. Audits required. The legislative auditor shall audit tobacco use prevention and local public health endowment fund expenditures to ensure that the money is spent for tobacco use prevention measures and public health initiatives.

Subd. 12. Endowment fund not to supplant existing funding. Appropriations from the tobacco use prevention and local public health endowment fund must not be used as a substitute for traditional sources of funding tobacco use prevention activities or public health initiatives. Any local unit of government receiving money under this section must ensure that existing local financial efforts remain in place.

Subd. 13. [Repealed, 2000 c 488 art 11 s 12]

History: 1999 c 245 art 11 s 5; 2000 c 488 art 11 s 5,6

144.40 [Repealed, 1967 c 882 s.11]

COMMUNITY PREVENTION GRANTS

144.401 COMMUNITY PREVENTION GRANTS.

Subdivision 1. Grants may be awarded to community health boards and Indian reservations. Within the limits of funding provided by the legislature, the federal government, or public or private grants, the commissioner shall award grants to community health boards and the federally recognized Indian reservations to plan, develop, and implement community alcohol and drug use and abuse prevention programs. To be considered for a grant, a health board or Indian reservation must submit an application to the commissioner of health that includes a description of the planning process used, a description of community needs and existing resources, a description of the program activities to be implemented with grant money, and a list of the agencies and organizations with whom the board or Indian reservation intends to contract.

Subd. 2. Local planning requirements. To be eligible for a prevention grant, a community health board or Indian reservation must conduct a communitywide planning process that allows full participation of all agencies, organizations, and individuals interested in alcohol and drug use and abuse issues. This process must include at least an assessment of community needs, an inventory of existing resources, identification of prevention program activities that will be implemented, and a description of how the program will work collaboratively with programs in existence. A health board may comply with the planning requirements of this subdivision by expanding the community needs assessment process used to develop its community health plan under section 145A.10, subdivision 5.

Subd. 3. Use of grant money. Grant money may be used to plan, develop, and implement communitywide primary prevention programs relating to alcohol and other drug use and abuse. Programs may include specific components to address related health risk behaviors involving use of tobacco, poor nutrition, limited exercise or physical activity, and behaviors that create a risk of serious injury. Grantees may contract with other agencies and organizations to implement the program activities identified in the grant application. Special consideration for contracts must be given to local agencies and organizations with previous successful experience conducting alcohol and other drug prevention programs. Grant money must not be used for alcohol and other drug testing, treatment, or law enforcement activities. Grant money must not be used to supplant or replace funding provided from other sources.

Subd. 4. Local match. Prevention grant money provided by the commissioner must not exceed 75 percent of the estimated cost of the eligible prevention program activities for the fiscal year for which the grant is awarded. Local funding of the remainder of the costs may be provided from the sources specified in section 145A.13, subdivision 2, paragraph (a).

Subd. 5. Transfer of funds. Federal money provided to the commissioner of children, families, and learning for community prevention grants through the federal Drug Free Schools and Communities Act is transferred to the commissioner of health for prevention grants under this section.

History: 1991 c 292 art 2 s 4; 1Sp1995 c 3 art 16 s 13

144.41 [Repealed, 1967 c 882 s 11]

CLEAN INDOOR AIR ACT

144.411 CITATION.

Sections 144.411 to 144.417 may be cited as the Minnesota Clean Indoor Air Act.

History: 1975 c 211 s 1

144.412 PUBLIC POLICY.

The purpose of sections 144.411 to 144.417 is to protect the public health, comfort and environment by prohibiting smoking in areas where children or ill or injured

persons are present, and by limiting smoking in public places and at public meetings to designated smoking areas.

History: 1975 c 211 s 2; 1987 c 399 s 1

144.413 DEFINITIONS.

Subdivision 1. **Scope.** As used in sections 144.411 to 144.416, the terms defined in this section have the meanings given them.

Subd. 2. **Public place.** "Public place" means any enclosed, indoor area used by the general public or serving as a place of work; including, but not limited to, restaurants, retail stores, offices and other commercial establishments, public conveyances, educational facilities other than public schools, as defined in section 120A.05, subdivisions 9, 11, and 13, hospitals, nursing homes, auditoriums, arenas, meeting rooms, and common areas of rental apartment buildings, but excluding private, enclosed offices occupied exclusively by smokers even though such offices may be visited by nonsmokers.

Subd. 3. **Public meeting.** "Public meeting" includes all meetings open to the public pursuant to section 13D.01.

Subd. 4. **Smoking.** "Smoking" includes carrying a lighted cigar, cigarette, pipe, or any other lighted smoking equipment.

History: 1975 c 211 s 3; 1992 c 576 s 1; 1994 c 520 s 1; 1998 c 397 art 11 s 3; 1999 c 245 art 2 s 24

144.414 PROHIBITIONS.

Subdivision 1. **Public places.** No person shall smoke in a public place or at a public meeting except in designated smoking areas. This prohibition does not apply in cases in which an entire room or hall is used for a private social function and seating arrangements are under the control of the sponsor of the function and not of the proprietor or person in charge of the place. Furthermore, this prohibition shall not apply to places of work not usually frequented by the general public, except that the state commissioner of health shall establish rules to restrict or prohibit smoking in factories, warehouses, and those places of work where the close proximity of workers or the inadequacy of ventilation causes smoke pollution detrimental to the health and comfort of nonsmoking employees.

Subd. 2. **Day care premises.** Smoking is prohibited in a day care center licensed under Minnesota Rules, parts 9503.0005 to 9503.0175, or in a family home or in a group family day care provider home licensed under Minnesota Rules, parts 9502.0300 to 9502.0445, during its hours of operation.

Subd. 3. **Health care facilities and clinics.** (a) Smoking is prohibited in any area of a hospital, health care clinic, doctor's office, or other health care-related facility, other than a nursing home, boarding care facility, or licensed residential facility, except as allowed in this subdivision.

(b) Smoking by patients in a chemical dependency treatment program or mental health program may be allowed in a separated well-ventilated area pursuant to a policy established by the administrator of the program that identifies circumstances in which prohibiting smoking would interfere with the treatment of persons recovering from chemical dependency or mental illness.

(c) Smoking by participants in peer reviewed scientific studies related to the health effects of smoking may be allowed in a separated room ventilated at a rate of 60 cubic feet per minute per person pursuant to a policy that is approved by the commissioner and is established by the administrator of the program to minimize exposure of nonsmokers to smoke.

History: 1975 c 211 s 4; 1977 c 305 s 45; 1984 c 654 art 2 s 113; 1987 c 399 s 2; 1992 c 576 s 2; 1993 c 14 s 1; 1995 c 165 s 2; 1999 c 245 art 2 s 25

144.415 DESIGNATION OF SMOKING AREAS.

Smoking areas may be designated by proprietors or other persons in charge of public places, except in places in which smoking is prohibited by the fire marshal or by other law, ordinance or rule.

Where smoking areas are designated, existing physical barriers and ventilation systems shall be used to minimize the toxic effect of smoke in adjacent nonsmoking areas. In the case of public places consisting of a single room, the provisions of this law shall be considered met if one side of the room is reserved and posted as a no smoking area. No public place other than a bar shall be designated as a smoking area in its entirety. If a bar is designated as a smoking area in its entirety, this designation shall be posted conspicuously on all entrances normally used by the public.

History: 1975 c 211 s 5; 1985 c 248 s 70

144.416 RESPONSIBILITIES OF PROPRIETORS.

The proprietor or other person in charge of a public place shall make reasonable efforts to prevent smoking in the public place by

- (a) posting appropriate signs;
- (b) arranging seating to provide a smoke-free area;
- (c) asking smokers to refrain from smoking upon request of a client or employee suffering discomfort from the smoke; or
- (d) any other means which may be appropriate.

History: 1975 c 211 s 6

144.4165 TOBACCO PRODUCTS PROHIBITED IN PUBLIC SCHOOLS.

No person shall at any time smoke, chew, or otherwise ingest tobacco or a tobacco product in a public school, as defined in section 120A.05, subdivisions 9, 11, and 13. This prohibition extends to all facilities, whether owned, rented, or leased, and all vehicles that a school district owns, leases, rents, contracts for, or controls. Nothing in this section shall prohibit the lighting of tobacco by an adult as a part of a traditional Indian spiritual or cultural ceremony. For purposes of this section, an Indian is a person who is a member of an Indian tribe as defined in section 260.755 subdivision 12.

History: 1992 c 576 s 3; 1993 c 224 art 9 s 42; 1996 c 412 art 13 s 30; 1998 c 397 art 11 s 3; 1999 c 139 art 4 s 2; 1999 c 245 art 2 s 26

144.417 COMMISSIONER OF HEALTH, ENFORCEMENT, PENALTIES.

Subdivision 1. **Rules.** (a) The state commissioner of health shall adopt rules necessary and reasonable to implement the provisions of sections 144.411 to 144.417, except as provided for in section 144.414.

(b) Rules implementing sections 144.411 to 144.417 adopted after January 1, 2002, may not take effect until approved by a law enacted after January 1, 2002. This paragraph does not apply to a rule or severable portion of a rule governing smoking in office buildings, factories, warehouses, or similar places of work, or in health care facilities. This paragraph does not apply to a rule changing the definition of "restaurant" to make it the same as the definition in section 157.15, subdivision 12.

Subd. 2. **Penalties.** Any person who violates section 144.414 or 144.4165 is guilty of a petty misdemeanor.

Subd. 3. **Injunction.** The state commissioner of health, a board of health as defined in section 145A.02, subdivision 2, or any affected party may institute an action in any court with jurisdiction to enjoin repeated violations of section 144.416 or 144.4165.

History: 1975 c 211 s 7; 1977 c 305 s 45; 1985 c 248 s 70; 1986 c 444; 1987 c 309 s 24; 1992 c 576 s 4,5; 1995 c 165 s 3; 2002 c 375 art 3 s 7

HEALTH THREAT PROCEDURES

144.4171 SCOPE.

Subdivision 1. **Authority.** Under the powers and duties assigned to the commissioner in sections 144.05 and 144.12, the commissioner shall proceed according to sections 144.4171 to 144.4186 with respect to persons who pose a health threat to others or who engage in noncompliant behavior.

Subd. 2. **Preemption.** Sections 144.4171 to 144.4186 preempt and supersede any local ordinance or rule concerning persons who pose a health threat to others or who engage in noncompliant behavior.

History: 1987 c 209 s 4

144.4172 DEFINITIONS.

Subdivision 1. **Carrier.** "Carrier" means a person who serves as a potential source of infection and who harbors or who the commissioner reasonably believes to be harboring a specific infectious agent whether or not there is present discernible clinical disease. In the absence of a medically accepted test, the commissioner may reasonably believe an individual to be a carrier only when a determination based upon specific facts justifies an inference that the individual harbors a specific infectious agent.

Subd. 2. **Communicable disease.** "Communicable disease" means a disease or condition that causes serious illness, serious disability, or death, the infectious agent of which may pass or be carried, directly or indirectly, from the body of one person to the body of another.

Subd. 3. **Commissioner.** "Commissioner" means the commissioner of health.

Subd. 4. **Contact notification program.** "Contact notification program" means an ongoing program established by the commissioner to encourage carriers of a communicable disease whose primary route of transmission is through an exchange of blood, semen, or vaginal secretions, such as *treponema pallidum*, *neisseria gonorrhoea*, *chlamydia trachomatis*, and human immunodeficiency virus, to identify others who may be at risk by virtue of contact with the carrier.

Subd. 5. **Directly transmitted.** "Directly transmitted" means predominately:

- (1) sexually transmitted;
- (2) bloodborne; or
- (3) transmitted through direct or intimate skin contact.

Subd. 6. **Health directive.** "Health directive" means a written statement, or, in urgent circumstances, an oral statement followed by a written statement within three days, from the commissioner, or board of health as defined in section 145A.02, subdivision 2, with delegated authority from the commissioner, issued to a carrier who constitutes a health threat to others. A health directive must be individual, specific, and cannot be issued to a class of persons. The directive may require a carrier to cooperate with health authorities in efforts to prevent or control transmission of communicable disease, including participation in education, counseling, or treatment programs, and undergoing medical tests necessary to verify the person's carrier status. The written directive shall be served in the same manner as a summons and complaint under the Minnesota Rules of Civil Procedure.

Subd. 7. **Licensed health professional.** "Licensed health professional" means a person licensed in Minnesota to practice those professions described in section 214.01, subdivision 2.

Subd. 8. **Health threat to others.** "Health threat to others" means that a carrier demonstrates an inability or unwillingness to act in such a manner as to not place others at risk of exposure to infection that causes serious illness, serious disability, or death. It includes one or more of the following:

- (1) with respect to an indirectly transmitted communicable disease:

(a) behavior by a carrier which has been demonstrated epidemiologically to transmit or which evidences a careless disregard for the transmission of the disease to others; or

(b) a substantial likelihood that a carrier will transmit a communicable disease to others as is evidenced by a carrier's past behavior, or by statements of a carrier that are credible indicators of a carrier's intention.

(2) With respect to a directly transmitted communicable disease:

(a) repeated behavior by a carrier which has been demonstrated epidemiologically to transmit or which evidences a careless disregard for the transmission of the disease to others;

(b) a substantial likelihood that a carrier will repeatedly transmit a communicable disease to others as is evidenced by a carrier's past behavior, or by statements of a carrier that are credible indicators of a carrier's intention;

(c) affirmative misrepresentation by a carrier of the carrier's status prior to engaging in any behavior which has been demonstrated epidemiologically to transmit the disease; or

(d) the activities referenced in clause (1) if the person whom the carrier places at risk is: (i) a minor, (ii) of diminished capacity by reason of mood altering chemicals, including alcohol, (iii) has been diagnosed as having significantly subaverage intellectual functioning, (iv) has an organic disorder of the brain or a psychiatric disorder of thought, mood, perception, orientation, or memory which substantially impairs judgment, behavior, reasoning, or understanding; (v) adjudicated as an incompetent; or (vi) a vulnerable adult as defined in section 626.5572.

(3) Violation by a carrier of any part of a court order issued pursuant to this chapter.

Subd. 9. **Indirectly transmitted.** "Indirectly transmitted" means any transmission not defined by subdivision 5.

Subd. 10. **Noncompliant behavior.** "Noncompliant behavior" means a failure or refusal by a carrier to comply with a health directive.

Subd. 11. **Respondent.** "Respondent" means any person against whom an action is commenced under sections 144.4171 to 144.4186.

History: 1986 c 444; 1987 c 209 s 5; 1987 c 309 s 24; 1995 c 229 art 4 s 4

144.4173 CAUSE OF ACTION.

Subdivision 1. **Compliance with directive.** Failure or refusal of a carrier to comply with a health directive is grounds for proceeding under subdivision 2.

Subd. 2. **Commencement of action.** The commissioner, or a board of health as defined in section 145A.02, subdivision 2, with express delegated authority from the commissioner, may commence legal action against a carrier who is a health threat to others and, unless a court order is sought under section 144.4182, who engages in noncompliant behavior, by filing with the district court in the county in which respondent resides, and serving upon respondent, a petition for relief and notice of hearing.

History: 1987 c 209 s 6; 1987 c 309 s 24

144.4174 STANDING.

Only the commissioner, or a board of health as defined in section 145A.02, subdivision 2, with express delegated authority from the commissioner, may commence an action under sections 144.4171 to 144.4186.

History: 1987 c 209 s 7; 1987 c 309 s 24

144.4175 REPORTING.

Subdivision 1. **Voluntary reporting.** Any licensed health professional or other human services professional regulated by the state who has knowledge or reasonable

cause to believe that a person is a health threat to others or has engaged in noncompliant behavior, as defined in section 144.4172, may report that information to the commissioner.

Subd. 2. Liability for reporting. A licensed health professional or other human services professional regulated by the state who has knowledge or reasonable cause to believe that a person is a health threat to others or has engaged in noncompliant behavior, and who makes a report in good faith under subdivision 1, is not subject to liability for reporting in any civil, administrative, disciplinary, or criminal action.

Subd. 3. Falsified reports. Any person who knowingly or recklessly makes a false report under the provisions of this section shall be liable in a civil suit for any actual damages suffered by the person or persons so reported and for any punitive damages set by the court or jury.

Subd. 4. Waiver of privilege. Any privilege otherwise created in section 595.02, clauses (d), (e), (g), and (j), with respect to persons who make a report under subdivision 1, is waived regarding any information about a carrier as a health threat to others or about a carrier's noncompliant behavior in any investigation or action under sections 144.4171 to 144.4186.

History: 1987 c 209 s 8

144.4176 PETITION; NOTICE.

Subdivision 1. **Petition.** The petition must set forth the following:

(1) the grounds and underlying facts that demonstrate that the respondent is a health threat to others and, unless an emergency court order is sought under section 144.4182, has engaged in noncompliant behavior;

(2) the petitioner's efforts to alleviate the health threat to others prior to the issuance of a health directive, unless an emergency court order is sought under section 144.4182;

(3) the petitioner's efforts to issue the health directive to the respondent in person, unless an emergency court order is sought under section 144.4182;

(4) the type of relief sought; and

(5) a request for a court hearing on the allegations contained in the petition.

Subd. 2. Hearing notice. The notice must contain the following information:

(1) the time, date, and place of the hearing;

(2) respondent's right to appear at the hearing;

(3) respondent's right to present and cross-examine witnesses; and

(4) respondent's right to counsel, including the right, if indigent, to representation by counsel designated by the court or county of venue.

History: 1987 c 209 s 9

144.4177 TIME OF HEARING AND DUTIES OF COUNSEL.

Subdivision 1. **Time of hearing.** A hearing on the petition must be held before the district court in the county in which respondent resides as soon as possible, but no later than 14 days from service of the petition and hearing notice.

Subd. 2. Duties of counsel. In all proceedings under this section, counsel for the respondent shall (1) consult with the person prior to any hearing; (2) be given adequate time to prepare for all hearings; (3) continue to represent the person throughout any proceedings under this charge unless released as counsel by the court; and (4) be a vigorous advocate on behalf of the client.

History: 1987 c 209 s 10

144.4178 CRIMINAL IMMUNITY.

In accordance with section 609.09, subdivision 2, no person shall be excused in an action under sections 144.4171 to 144.4186 from giving testimony or producing any documents, books, records, or correspondence, tending to be self-incriminating; but the

testimony or evidence, or other testimony or evidence derived from it, must not be used against the person in any criminal case, except for perjury committed in the testimony.

History: 1987 c 209 s 11

144.4179 STANDARD OF PROOF; EVIDENCE.

Subdivision 1. **Clear and convincing.** The commissioner must prove the allegations in the petition by clear and convincing evidence.

Subd. 2. **All relevant evidence.** The court shall admit all reliable relevant evidence. Medical and epidemiologic data must be admitted if it otherwise comports with section 145.30, chapter 600, Minnesota Rules of Evidence 803(6), or other statutes or rules that permit reliable evidence to be admitted in civil cases.

Subd. 3. **Carrier status.** Upon a finding by the court that the commissioner's suspicion of carrier status is reasonable as established by presentation of facts justifying an inference that the respondent harbors a specific infectious agent, there shall exist a rebuttable presumption that the respondent is a carrier. This presumption may be rebutted if the respondent demonstrates noncarrier status after undergoing medically accepted tests.

Subd. 4. **Failure to appear.** If a party fails to appear at the hearing without prior court approval, the hearing may proceed without the absent party and the court may make its determination on the basis of all reliable evidence submitted at the hearing.

Subd. 5. **Records.** The court shall take and preserve an accurate stenographic record of the proceedings.

History: 1987 c 209 s 12

144.4180 REMEDIES.

Subdivision 1. **Remedies available.** Upon a finding by the court that the commissioner has proven the allegations set forth in the petition, the court may order that the respondent must:

- (1) participate in a designated education program;
- (2) participate in a designated counseling program;
- (3) participate in a designated treatment program;
- (4) undergo medically accepted tests to verify carrier status or for diagnosis, or undergo treatment that is consistent with standard medical practice as necessary to make respondent noninfectious;
- (5) notify or appear before designated health officials for verification of status, testing, or other purposes consistent with monitoring;
- (6) cease and desist the conduct which constitutes a health threat to others;
- (7) live part time or full time in a supervised setting for the period and under the conditions set by the court;
- (8) subject to the provisions of subdivision 2, be committed to an appropriate institutional facility for the period and under the conditions set by the court, but not longer than six months, until the respondent is made noninfectious, or until the respondent completes a course of treatment prescribed by the court, whichever occurs first, unless the commissioner shows good cause for continued commitment; and
- (9) comply with any combination of the remedies in clauses (1) to (8), or other remedies considered just by the court. In no case may a respondent be committed to a correctional facility.

Subd. 2. **Commitment review panel.** The court may not order the remedy specified in subdivision 1, clause (8), unless it first considers the recommendation of a commitment review panel appointed by the commissioner to review the need for commitment of the respondent to an institutional facility.

The duties of the commitment review panel shall be to:

- (1) review the record of the proceeding;

(2) interview the respondent. If the respondent is not interviewed, the reasons must be documented; and

(3) identify, explore, and list the reasons for rejecting or recommending alternatives to commitment.

Subd. 3. **Construction.** This section shall be construed so that the least restrictive alternative is used to achieve the desired purpose of preventing or controlling communicable disease.

Subd. 4. **Additional requirements.** If commitment or supervised living is ordered, the court shall require the head of the institutional facility or the person in charge of supervision to submit: (a) a plan of treatment within ten days of initiation of commitment or supervised living; and (b) a written report, with a copy to both the commissioner and the respondent, at least 60 days, but not more than 90 days, from the start of respondent's commitment or supervised living arrangement, setting forth the following:

(1) the types of support or therapy groups, if any, respondent is attending and how often respondent attends;

(2) the type of care or treatment respondent is receiving, and what future care or treatment is necessary;

(3) whether respondent has been cured or made noninfectious, or otherwise no longer poses a threat to public health;

(4) whether continued commitment or supervised living is necessary; and

(5) other information the court considers necessary.

History: 1987 c 209 s 13

144.4181 APPEAL.

The petitioner or respondent may appeal the decision of the district court. The court of appeals shall hear the appeal within 30 days after service of the notice of appeal. However, respondent's status as determined by the district court remains unchanged, and any remedy ordered by the district court remains in effect while the appeal is pending.

History: 1987 c 209 s 14

144.4182 TEMPORARY EMERGENCY HOLD.

Subdivision 1. **Apprehend and hold.** To protect the public health in an emergency, the court may order an agent of a board of health as authorized under section 145A.04 or peace officer to take a person into custody and transport the person to an appropriate emergency care or treatment facility for observation, examination, testing, diagnosis, care, treatment, and, if necessary, temporary detention. If the person is already institutionalized, the court may order the institutional facility to hold the person. These orders may be issued in an ex parte proceeding upon an affidavit of the commissioner or a designee of the commissioner. An order shall issue upon a determination by the court that reasonable cause exists to believe that the person is: (a) for indirectly transmitted diseases, an imminent health threat to others; or (b) for directly transmitted diseases, a substantial likelihood of an imminent health threat to others.

The affidavit must set forth the specific facts upon which the order is sought and must be served on the person immediately upon apprehension or detention. An order under this section may be executed on any day and at any time.

Subd. 2. **Duration of hold.** No person may be held under subdivision 1 longer than 72 hours, exclusive of Saturdays, Sundays, and legal holidays, without a court hearing to determine if the emergency hold should continue.

History: 1987 c 209 s 15; 1987 c 309 s 24

144.4183 EMERGENCY HOLD HEARING.

Subdivision 1. **Time of notice.** Notice of the emergency hold hearing must be served upon the person held under section 144.4182, subdivision 1, at least 24 hours before the hearing.

Subd. 2. **Contents of notice.** The notice must contain the following information:

- (1) the time, date, and place of the hearing;
- (2) the grounds and underlying facts upon which continued detention is sought;
- (3) the person's right to appear at the hearing;
- (4) the person's right to present and cross-examine witnesses; and
- (5) the person's right to counsel, including the right, if indigent, to representation by counsel designated by the court or county of venue.

Subd. 3. **Order for continued emergency hold.** The court may order the continued holding of the person if it finds, by a preponderance of the evidence, that the person would pose an imminent health threat to others if released. However, in no case may the emergency hold continue longer than five days, unless a petition is filed under section 144.4173. If a petition is filed, the emergency hold must continue until a hearing on the petition is held under section 144.4177. That hearing must occur within five days of the filing of the petition, exclusive of Saturdays, Sundays, and legal holidays.

History: 1987 c 209 s 16

144.4184 CONTACT DATA.

Identifying information voluntarily given to the commissioner, or an agent of the commissioner, by a carrier through a contact notification program must not be used as evidence in a court proceeding to determine noncompliant behavior.

History: 1987 c 209 s 17

144.4185 COSTS.

Subdivision 1. **Costs of care.** The court shall determine what part of the cost of care or treatment ordered by the court, if any, the respondent can pay. The respondent shall provide the court documents and other information necessary to determine financial ability. If the respondent cannot pay the full cost of care, the rest must be paid by the county in which respondent resides. If the respondent provides inaccurate or misleading information, or later becomes able to pay the full cost of care, the respondent becomes liable to the county for costs paid by the county.

Subd. 2. **Court-appointed counsel.** If the court appoints counsel to represent respondent free of charge, counsel must be compensated by the county in which respondent resides, except to the extent that the court finds that the respondent is financially able to pay for counsel's services. In these situations, the rate of compensation for counsel shall be determined by the court.

Subd. 3. **Report.** The commissioner shall report any recommendations for appropriate changes in the modes of financing of services provided under subdivision 1 by January 15, 1988.

History: 1987 c 209 s 18

144.4186 DATA PRIVACY.

Subdivision 1. **Nonpublic data.** Data contained in a health directive are classified as protected nonpublic data under section 13.02, subdivision 13, in the case of data not on individuals, and private under section 13.02, subdivision 12, in the case of data on individuals. Investigative data shall have the classification accorded it under section 13.39.

Subd. 2. **Protective order.** Once an action is commenced, any party may seek a protective order to protect the disclosure of portions of the court record identifying individuals or entities.

Subd. 3. **Records retention.** A records retention schedule for records developed under sections 144.4171 to 144.4186 shall be established pursuant to section 138.17, subdivision 7.

History: 1987 c 209 s 19

ISOLATION AND QUARANTINE

144.419 ISOLATION AND QUARANTINE OF PERSONS.

Subdivision 1. **Definitions.** For purposes of this section and section 144.4195, the following definitions apply:

(1) "bioterrorism" means the intentional use of any microorganism, virus, infectious substance, or biological product that may be engineered as a result of biotechnology, or any naturally occurring or bioengineered component of any such microorganism, virus, infectious substance, or biological product, to cause death, disease, or other biological malfunction in a human, an animal, a plant, or another living organism in order to influence the conduct of government or to intimidate or coerce a civilian population;

(2) "communicable disease" means a disease caused by a living organism or virus and believed to be caused by bioterrorism or a new or novel or previously controlled or eradicated infectious agent or biological toxin that can be transmitted person to person and for which isolation or quarantine is an effective control strategy, excluding a disease that is directly transmitted as defined under section 144.4172, subdivision 5;

(3) "isolation" means separation, during the period of communicability, of a person infected with a communicable disease, in a place and under conditions so as to prevent direct or indirect transmission of an infectious agent to others; and

(4) "quarantine" means restriction, during a period of communicability, of activities or travel of an otherwise healthy person who likely has been exposed to a communicable disease to prevent disease transmission during the period of communicability in the event the person is infected.

Subd. 2. **General requirements.** (a) The commissioner of health or any person acting under the commissioner's authority shall comply with paragraphs (b) to (h) when isolating or quarantining individuals or groups of individuals.

(b) Isolation and quarantine must be by the least restrictive means necessary to prevent the spread of a communicable or potentially communicable disease to others and may include, but are not limited to, confinement to private homes or other private or public premises.

(c) Isolated individuals must be confined separately from quarantined individuals.

(d) The health status of isolated and quarantined individuals must be monitored regularly to determine if they require continued isolation or quarantine. To adequately address emergency health situations, isolated and quarantined individuals shall be given a reliable means to communicate 24 hours a day with health officials and to summon emergency health services.

(e) If a quarantined individual subsequently becomes infectious or is reasonably believed to have become infectious with a communicable or potentially communicable disease, the individual must be isolated according to section 144.4195.

(f) Isolated and quarantined individuals must be immediately released when they pose no known risk of transmitting a communicable or potentially communicable disease to others.

(g) The needs of persons isolated and quarantined shall be addressed in a systematic and competent fashion, including, but not limited to, providing adequate food, clothing, shelter, means of communication between those in isolation or quarantine and those outside these settings, medication, and competent medical care.

(h) Premises used for isolation and quarantine shall be maintained in a safe and hygienic manner and be designed to minimize the likelihood of further transmission of infection or other harms to persons isolated and quarantined.

Subd. 3. **Termination.** The isolation or quarantine of a person must terminate automatically on the expiration date of a court order authorizing isolation or quarantine that is issued according to section 144.4195, or before the expiration date if the commissioner of health determines that isolation or quarantine of the person is no longer necessary to protect the public.

Subd. 4. **Right to refuse treatment.** Any person who is isolated or quarantined according to this section and section 144.4195 has a fundamental right to refuse medical treatment, testing, physical or mental examination, vaccination, participation in experimental procedures and protocols, collection of specimens, and preventive treatment programs. A person who has been directed by the commissioner of health or any person acting under the commissioner's authority to submit to medical procedures and protocols because the person is infected with or reasonably believed by the commissioner or by the person acting under the commissioner's authority to be infected with or exposed to a communicable disease and who refuses to submit to them may be subject to continued isolation or quarantine according to the parameters set forth in section 144.4195.

Subd. 5. **Restricted entry.** (a) No person, other than a person authorized by the commissioner of health or authorized by any person acting under the commissioner's authority, shall enter an isolation or quarantine area. If, by reason of an unauthorized entry into an isolation or quarantine area, a person poses a danger to public health, the person may be subject to isolation or quarantine according to this section and section 144.4195.

(b) A family member of a person isolated or quarantined has a right to choose to enter into an isolation or quarantine area. The commissioner of health must permit the family member entry into the isolation or quarantine area if the family member signs a consent form stating that the family member has been informed of the potential health risks, isolation and quarantine guidelines, and the consequences of entering the area. The family member may not hold the department of health, the commissioner of health, or the state responsible for any consequences of entering the isolation or quarantine area. If, by reason of entry into an isolation or quarantine area under this paragraph, a person poses a danger to public health, the person may be subject to isolation or quarantine according to this section and section 144.4195.

History: 2002 c 402 s 18

NOTE: This section, as added by Laws 2002, chapter 402, section 18, expires August 1, 2004. Laws 2002, chapter 402, section 21.

144.4195 DUE PROCESS FOR ISOLATION OR QUARANTINE OF PERSONS.

Subdivision 1. **Ex parte order for isolation or quarantine.** (a) Before isolating or quarantining a person or group of persons, the commissioner of health shall obtain a written, ex parte order authorizing the isolation or quarantine from the district court of Ramsey county, the county where the person or group of persons is located, or a county adjoining the county where the person or group of persons is located. The evidence or testimony in support of an application may be made or taken by telephone, facsimile transmission, video equipment, or other electronic communication. The court shall grant the order upon a finding that probable cause exists to believe isolation or quarantine is warranted to protect the public health.

(b) The order must state the specific facts justifying isolation or quarantine, must state that the person being isolated or quarantined has a right to a court hearing under this section and a right to be represented by counsel during any proceeding under this section, and must be provided immediately to each person isolated or quarantined. The commissioner of health shall provide a copy of the authorizing order to the commissioner of public safety and other peace officers known to the commissioner to have jurisdiction over the site of the isolation or quarantine. If feasible, the commissioner of health shall give each person being isolated or quarantined an estimate of the expected period of the person's isolation or quarantine.

(c) If it is impracticable to provide individual orders to a group of persons isolated or quarantined, one order shall suffice to isolate or quarantine a group of persons believed to have been commonly infected with or exposed to a communicable disease. A copy of the order and notice shall be posted in a conspicuous place:

(1) in the isolation or quarantine premises, but only if the persons to be isolated or quarantined are already at the isolation or quarantine premises and have adequate access to the order posted there; or

(2) in another location where the group of persons to be isolated or quarantined is located, such that the persons have adequate access to the order posted there.

If the court determines that posting the order according to clause (1) or (2) is impractical due to the number of persons to be isolated or quarantined or the geographical area affected, the court must use the best means available to ensure that the affected persons are fully informed of the order and notice.

(d) No person may be isolated or quarantined pursuant to an order issued under this subdivision for longer than 21 days without a court hearing under subdivision 3 to determine whether isolation or quarantine should continue. A person who is isolated or quarantined may request a court hearing under subdivision 3 at any time before the expiration of the order.

Subd. 2. Temporary hold upon commissioner's directive. Notwithstanding subdivision 1, the commissioner of health may by directive isolate or quarantine a person or group of persons without first obtaining a written, ex parte order from the court if a delay in isolating or quarantining the person or group of persons would significantly jeopardize the commissioner of health's ability to prevent or limit the transmission of a communicable or potentially communicable disease to others. The commissioner must provide the person or group of persons subject to the temporary hold with notice that the person has a right to request a court hearing under this section and a right to be represented by counsel during a proceeding under this section. If it is impracticable to provide individual notice to each person subject to the temporary hold, notice of these rights may be posted in the same manner as the posting of orders under subdivision 1, paragraph (c). Following the imposition of isolation or quarantine under this subdivision, the commissioner of health shall within 24 hours apply for a written, ex parte order pursuant to subdivision 1 authorizing the isolation or quarantine. The court must rule within 24 hours of receipt of the application. If the person is under a temporary hold, the person may not be held in isolation or quarantine after the temporary hold expires unless the court issues an ex parte order under subdivision 1.

Subd. 3. Court hearing. (a) A person isolated or quarantined under an order issued pursuant to subdivision 1 or a temporary hold under subdivision 2 or the person's representative may petition the court to contest the court order or temporary hold at any time prior to the expiration of the order or temporary hold. If a petition is filed, the court must hold a hearing within 72 hours from the date of the filing. A petition for a hearing does not stay the order of isolation or quarantine. At the hearing, the commissioner of health must show by clear and convincing evidence that the isolation or quarantine is warranted to protect the public health.

(b) If the commissioner of health wishes to extend the order for isolation or quarantine past the period of time stated in subdivision 1, paragraph (d), the commissioner must petition the court to do so. Notice of the hearing must be served upon the person or persons who are being isolated or quarantined at least three days before the hearing. If it is impracticable to provide individual notice to large groups who are isolated or quarantined, a copy of the notice may be posted in the same manner as described under subdivision 1, paragraph (c).

(c) The notice must contain the following information:

- (1) the time, date, and place of the hearing;
- (2) the grounds and underlying facts upon which continued isolation or quarantine is sought;
- (3) the person's right to appear at the hearing; and

(4) the person's right to counsel, including the right, if indigent, to be represented by counsel designated by the court or county of venue.

(d) The court may order the continued isolation or quarantine of the person or group of persons if it finds by clear and convincing evidence that the person or persons would pose an imminent health threat to others if isolation or quarantine was lifted. In no case may the isolation or quarantine continue longer than 30 days from the date of the court order issued under this subdivision unless the commissioner petitions the court for an extension. Any hearing to extend an order is governed by this subdivision.

Subd. 4. Hearing on conditions of isolation or quarantine. A person isolated or quarantined may request a hearing in district court for remedies regarding the treatment during and the terms and conditions of isolation or quarantine. Upon receiving a request for a hearing under this subdivision, the court shall fix a date for a hearing that is within seven days of the receipt of the request by the court. The request for a hearing does not alter the order for isolation or quarantine. If the court finds that the isolation or quarantine of the individual is not in compliance with section 144.419, the court may fashion remedies appropriate to the circumstances of the emergency and in keeping with this chapter.

Subd. 5. Judicial decisions. Court orders issued pursuant to subdivision 3 or 4 shall be based upon clear and convincing evidence and a written record of the disposition of the case shall be made and retained. Any person subject to isolation or quarantine has the right to be represented by counsel or other lawful representative. The manner in which the request for a hearing is filed and acted upon shall be in accordance with the existing laws and rules of the courts of this state or, if the isolation or quarantine occurs during a national security or peacetime emergency, any rules that are developed by the courts for use during a national security or peacetime emergency.

Subd. 6. Data privacy. Data on individuals contained in the commissioner's directive under subdivision 2 are health data under section 13.3805, subdivision 1.

Subd. 7. Delegation. The commissioner may delegate any authority prescribed in subdivision 1 or 3 to the local public health board, according to chapter 145A.

History: 2002 c 402 s 19

NOTE: This section, as added by Laws 2002, chapter 402, section 19, expires August 1, 2004. Laws 2002, chapter 402, section 21.

144.44 [Renumbered 144.423]

144.441 TUBERCULOSIS SCREENING IN SCHOOLS.

Subdivision 1. **Definitions.** As used in sections 144.441 to 144.444, the following terms have the meanings given them:

(a) "Person employed by a school or school district" means a person employed by a school, school district, or by a service cooperative as a member of the instructional, supervisory, or support staff including, but not limited to, superintendents, principals, supervisors, teachers, librarians, counselors, school psychologists, school nurses, school social workers, audiovisual directors or coordinators, recreation personnel, media generalists or supervisors, speech therapists, athletic coaches, teachers' aids, clerical workers, custodians, school bus drivers, and food service workers.

(b) "Person enrolled in a school" means a person enrolled in grades kindergarten through 12 and a handicapped child receiving special instruction and services in a school.

(c) "School" includes any public elementary, middle, secondary, or vocational center school as defined in section 120A.05, subdivisions 9, 11, 13, and 17, or nonpublic school, church, or religious organization in which a child is provided instruction in compliance with sections 120A.22 and 120A.24.

Subd. 2. **Designation of schools.** Based on the occurrence of active tuberculosis or evidence of a higher than expected prevalence of tuberculosis infection in the population attending or employed by one or more schools in a school district, the commissioner of health may designate schools or a school district in which screening of some or all persons enrolled in or employed by the school or school district for tuberculosis is a necessary public health measure. In making the designation, the commissioner shall also determine the frequency with which proof of screening must be submitted. In determining whether the population attending or employed by a school or school district has a higher than expected prevalence of tuberculosis infection, the commissioner shall consider factors such as race or ethnicity, age, and the geographic location of residence of the student population; the expected background prevalence of tuberculosis infection in the community; and currently accepted public health standards pertaining to the control of tuberculosis.

Subd. 3. **Screening of students.** As determined by the commissioner under subdivision 2, no person may enroll or remain enrolled in any school which the commissioner has designated under subdivision 2 until the person has submitted to the administrator or other person having general control and supervision of the school, one of the following statements:

(1) a statement from a physician or public clinic stating that the person has had a negative Mantoux test reaction within the past year, provided that the person has no symptoms suggestive of tuberculosis or evidence of a new exposure to active tuberculosis;

(2) a statement from a physician or public clinic stating that a person who has a positive Mantoux test reaction has had a negative chest roentgenogram (X-ray) for tuberculosis within the past year, provided that the person has no symptoms suggestive of tuberculosis or evidence of a new exposure to active tuberculosis;

(3) a statement from a physician or public health clinic stating that the person (i) has a history of adequately treated active tuberculosis; (ii) is currently receiving tuberculosis preventive therapy; (iii) is currently undergoing therapy for active tuberculosis and the person's presence in a school building will not endanger the health of other people; or (iv) has completed a course of tuberculosis preventive therapy or was intolerant to preventive therapy, provided the person has no symptoms suggestive of tuberculosis or evidence of a new exposure to active tuberculosis; or

(4) a notarized statement signed by the minor child's parent or guardian or by the emancipated person stating that the person has not submitted the proof of tuberculosis screening as required by this subdivision because of the conscientiously held beliefs of the parent or guardian of the minor child or of the emancipated person. This statement must be forwarded to the commissioner.

Subd. 4. **Screening of employees.** As determined by the commissioner under subdivision 2, a person employed by the designated school or school district shall submit to the administrator or other person having general control and supervision of the school one of the following:

(1) a statement from a physician or public clinic stating that the person has had a negative Mantoux test reaction within the past year, provided that the person has no symptoms suggestive of tuberculosis or evidence of a new exposure to active tuberculosis;

(2) a statement from a physician or public clinic stating that a person who has a positive Mantoux test reaction has had a negative chest roentgenogram (X-ray) for tuberculosis within the past year, provided that the person has no symptoms suggestive of tuberculosis or evidence of a new exposure to active tuberculosis;

(3) a statement from a physician or public health clinic stating that the person (i) has a history of adequately treated active tuberculosis; (ii) is currently receiving tuberculosis preventive therapy; (iii) is currently undergoing therapy for active tuberculosis and the person's presence in a school building will not endanger the health of other people; or (iv) has completed a course of preventive therapy or was intolerant to preventive therapy, provided the person has no symptoms suggestive of tuberculosis or evidence of a new exposure to active tuberculosis; or

(4) a notarized statement signed by the person stating that the person has not submitted the proof of tuberculosis screening as required by this subdivision because of conscientiously held beliefs. This statement must be forwarded to the commissioner of health.

Subd. 5. **Exceptions.** Subdivisions 3 and 4 do not apply to:

(1) a person with a history of either a past positive Mantoux test reaction or active tuberculosis who has a documented history of completing a course of tuberculosis therapy or preventive therapy when the school or school district holds a statement from a physician or public health clinic indicating that such therapy was provided to the person and that the person has no symptoms suggestive of tuberculosis or evidence of a new exposure to active tuberculosis; and

(2) a person with a history of a past positive Mantoux test reaction who has not completed a course of preventive therapy. This determination shall be made by the commissioner based on currently accepted public health standards and the person's health status.

Subd. 6. **Programs using school facilities.** The commissioner may require the statements described in subdivisions 3 and 4 to be submitted by participants or staff of a program or activity that uses the facilities of a school or school district on a regular and ongoing basis, if the commissioner has determined that tuberculosis screening is necessary.

Subd. 7. **Implementation.** The administrator or other person having general control and supervision of the school or school district designated by the commissioner under subdivision 2 shall take the measures that are necessary, including the exclusion of persons from the premises of a school, to obtain the proof of screening required by subdivisions 3 and 4.

Subd. 8. **Access to records.** The commissioner shall have access to any school or school district records, including health records of persons enrolled in or employed by a school or school district, that are needed to determine whether a tuberculosis screening program is necessary, or to administer a screening program.

Subd. 9. **Reports.** The administrator or other person having general control and supervision of a school or school district that the commissioner has designated under subdivision 2 shall provide the commissioner with any reports determined by the commissioner to be necessary to implement a screening or control program or to evaluate the need for further tuberculosis screening or control efforts in a school.

Subd. 10. **Waiver.** The commissioner may waive any portion of the requirements of subdivisions 3 to 9 if the commissioner determines that it is not necessary in order to protect the public health.

History: 1993 c 167 s. 2; 1996 c 305 a 1 s 138; 1998 c 397 art 11 s 3

144.442 TESTING IN SCHOOL CLINICS.

Subdivision 1. **Administration; notification.** In the event that the commissioner designates a school or school district under section 144.441, subdivision 2, the school or school district or board of health may administer Mantoux screening tests to some or all persons enrolled in or employed by the designated school or school district. Any Mantoux screening provided under this section shall be under the direction of a licensed physician.

Prior to administering the Mantoux test to such persons, the school or school district or board of health shall inform in writing such persons and parents or guardians of minor children to whom the test may be administered, of the following:

- (1) that there has been an occurrence of active tuberculosis or evidence of a higher than expected prevalence of tuberculosis infection in that school or school district;
- (2) that screening is necessary to avoid the spread of tuberculosis;
- (3) the manner by which tuberculosis is transmitted;
- (4) the risks and possible side effects of the Mantoux test;
- (5) the risks from untreated tuberculosis to the infected person and others;
- (6) the ordinary course of further diagnosis and treatment if the Mantoux test is positive;
- (7) that screening has been scheduled; and
- (8) that no person will be required to submit to the screening if the person submits a statement of objection due to the conscientiously held beliefs of the person employed or of the parent or guardian of a minor child.

Subd. 2. **Consent of minors.** Minors may give consent for testing as set forth in sections 144.341 to 144.347.

Subd. 3. **Screening of minors.** Prior to administering a Mantoux test to a minor, the school or school district or board of health shall prepare a form for signature in which the parent or guardian shall consent or submit a statement of objection to the test. The parent or guardian of a minor child shall return a signed form to the school or school district or board of health which is conducting the screening indicating receipt of the notice and consent or objection to the administration of the test. In the event that the form with a signed consent or objection is not returned, the school or school district or board of health may undertake such steps as are reasonable to secure such consent or objection. If after such steps the school or school district or board of health chooses to screen the minor without consent, it shall send a notice of intent to test by certified mail, restricted delivery with return receipt, to the address given to the school or school district by the parent or guardian for emergency contact of the parent or guardian. The accuracy of the address shall be checked with the person enrolled, if possible. Placing notice as specified in this subdivision shall constitute service. Reasonable efforts shall be made to provide this notice in a language understood by the parent or guardian. If this notice cannot be delivered or a form with a signed consent or objection is not returned, the school or school district or board of health shall check the permanent medical record required by section 144.29 to determine if the parent or guardian previously withheld consent to immunizations or other medical treatment because of conscientiously held beliefs. If there is such a statement on file or if the school district otherwise has notice of such a statement, the school or school district or board of health shall not administer the Mantoux test unless the consent of the parent or guardian is obtained. If there is no such statement in the permanent medical record or known to exist otherwise, the school or school district or board of health may administer the Mantoux test at the time and place specified in the notice unless medically contraindicated. The school or school district or board of health shall

document in the permanent medical record its efforts to notify the parent or guardian of the minor child, and its efforts to check the permanent medical records.

Subd. 4. **Consent for subsequent testing or treatment.** In the event the Mantoux test is positive, no further diagnosis of or treatment for tuberculosis in a minor child shall be undertaken without the signed consent of the parent or guardian of the minor child.

History: 1986 c 444; 1993 c 167 s 3

144.443 TUBERCULOSIS HEALTH THREAT TO OTHERS.

A "health threat to others" as defined in section 144.4172, subdivision 8, includes a person who, although not currently infectious, has failed to complete a previously prescribed course of tuberculosis therapy, demonstrates an inability or unwillingness to initiate or complete, or shows an intent to fail to complete, a prescribed course of tuberculosis drug therapy, if that failure could lead to future infectiousness.

History: 1993 c 167 s 4

144.444 TUBERCULOSIS EMERGENCY HOLD.

A temporary emergency hold under section 144.4182 may be placed on a person who is a health threat to others when there is reasonable cause to believe that the person may be unlocatable for the purposes of applying the procedures described in sections 144.4171 to 144.4186, or when medical or epidemiologic evidence suggests that the person is or may become infectious before the conclusion of court proceedings and appeals.

History: 1993 c 167 s 5

144.445 TUBERCULOSIS SCREENING IN CORRECTIONAL INSTITUTIONS AND FACILITIES.

Subdivision 1. **Screening of inmates.** All persons detained or confined for 14 consecutive days or more in facilities operated, licensed, or inspected by the department of corrections shall be screened for tuberculosis with either a Mantoux test or a chest roentgenogram (x-ray) as consistent with screening and follow-up practices recommended by the United States Public Health Service or the department of health, as determined by the commissioner of health. Administration of the Mantoux test or chest roentgenogram (x-ray) must take place on or before the 14th day of detention or confinement.

Subd. 2. **Screening of employees.** All employees of facilities operated, licensed, or inspected by the department of corrections shall be screened for tuberculosis before employment in the facility and annually thereafter, with either a Mantoux test or a chest roentgenogram (X-ray) as consistent with screening and follow-up practices recommended by the United States Public Health Service or the department of health, as determined by the commissioner of health.

Subd. 3. **Exceptions.** Subdivisions 1 and 2 do not apply to:

(1) a person who is detained or confined in a juvenile temporary holdover facility, provided that the person has no symptoms suggestive of tuberculosis, evidence of a new exposure to active tuberculosis, or other health condition that may require a chest roentgenogram (x-ray) be performed to rule out active tuberculosis;

(2) a person who is detained or confined in a facility operated, licensed, or inspected by the department of corrections where the facility holds a written record of a negative Mantoux test performed on the person (i) within three months prior to intake into the facility; or (ii) within 12 months prior to intake into the facility if the person has remained under the continuing jurisdiction of a correctional facility since the negative Mantoux test, provided that the person has no symptoms suggestive of tuberculosis, evidence of a new exposure to active tuberculosis, or other health condition that may require a chest roentgenogram (x-ray) be performed to rule out active tuberculosis;

(3) a person who is detained or confined in a facility operated, licensed, or inspected by the department of corrections where the facility has a written record of (i) a history of adequately treated active tuberculosis; (ii) compliance with currently prescribed tuberculosis therapy or preventive therapy; or (iii) completion of a course of preventive therapy, provided the person has no symptoms suggestive of tuberculosis, evidence of a new exposure to active tuberculosis, or other health condition that may require a chest roentgenogram (x-ray) to rule out active tuberculosis;

(4) a person who is detained or confined in a facility operated, licensed, or inspected by the department of corrections where the facility holds a written record of a negative chest roentgenogram (x-ray) (i) within six months; or (ii) within 12 months prior to intake in the facility, if the person has remained under the continuing jurisdiction of a correctional facility since the negative chest roentgenogram (x-ray), provided that the person has no symptoms suggestive of tuberculosis, evidence of a new exposure to active tuberculosis, or other health condition that may require a new chest roentgenogram (x-ray) to rule out active tuberculosis;

(5) an employee with a record of either a past positive Mantoux test reaction or active tuberculosis who is currently completing or has a documented history of completing a course of tuberculosis therapy or preventive therapy, provided the employee has no symptoms suggestive of tuberculosis, evidence of a new exposure to active tuberculosis, or other health condition that may require a chest roentgenogram (x-ray) be performed to rule out active tuberculosis;

(6) an employee with either a record of a past positive Mantoux test reaction or a positive or significant Mantoux test reaction in preemployment screening who does not complete a course of preventive therapy may be exempt from annual Mantoux testing or other screening if the employee has a documented negative chest roentgenogram (x-ray) performed at any time since the initial positive Mantoux test, provided the employee has no symptoms suggestive of tuberculosis, evidence of a new exposure to active tuberculosis, or other health condition that may require a chest roentgenogram (x-ray) be performed to rule out active tuberculosis; and

(7) the commissioner may exempt additional employees or persons detained or confined in facilities operated, licensed, or inspected by the department of corrections based on currently accepted public health standards or the person's health status.

Subd. 4. Reports. The administrator or other person having general control and supervision of a facility operated, licensed, or inspected by the department of corrections shall provide the commissioner with any reports determined by the commissioner of health to be necessary to evaluate the need for further tuberculosis screening or control efforts in a facility or facilities.

Subd. 5. Waiver. The commissioner may waive any portion of the requirements of subdivisions 1 to 4 if the commissioner of health determines that it is not necessary to protect the public health or if the screening may have a detrimental effect on a person's health status.

History: 1993 c 167 s 6; 1997 c 164 s 1,2

144.45 TUBERCULOSIS IN SCHOOLS; CERTIFICATE.

No person with active tuberculosis shall remain in or near a school building unless the person has a certificate issued by a physician stating that the person's presence in a school building will not endanger the health of other people.

144.48 [Renumbered 144.427]

TUBERCULOSIS HEALTH THREAT

144.4801 TITLE.

Sections 144.4801 to 144.4813 may be cited as the "Tuberculosis Health Threat Act."

History: 1997 c 164 s 3

144.4802 AUTHORITY.

Subdivision 1. **Authority to commit.** Under the powers and duties assigned to the commissioner in this chapter and chapter 145, the commissioner may proceed under sections 144.4801 to 144.4813 whenever the commissioner has probable cause to believe that a person who has active tuberculosis or is clinically suspected of having active tuberculosis is an endangerment to the public health.

Subd. 2. **Preemption.** Sections 144.4801 to 144.4813 preempt and supersede sections 144.4171 to 144.4186, 144.443, and 144.444 with regard to a tuberculosis health threat. Nothing in sections 144.4801 to 144.4813 restricts the commissioner's authority to seek injunctive relief pursuant to section 145.075, or any other relief under other statutes or at common law.

Subd. 3. **Reliance on spiritual means in lieu of medical treatment.** Nothing in sections 144.4801 to 144.4813 shall be construed to abridge the right of a carrier to refuse medical treatment for tuberculosis if the carrier opposes medical treatment on the basis of sincere religious beliefs and complies with a monitoring plan developed by the commissioner for the isolation of the carrier as defined in section 144.4803, subdivision 14. A carrier who meets the requirements of this subdivision is not considered an endangerment under section 144.4803, subdivision 10, clauses (2) to (6) and (8). Nothing in this subdivision shall be construed to limit the authority of the commissioner to take necessary actions to protect the public health according to sections 144.4801 to 144.4813.

History: 1997 c 164 s 4

144.4803 DEFINITIONS.

Subdivision 1. **Active tuberculosis.** "Active tuberculosis" includes infectious and noninfectious tuberculosis and means:

(1) a condition evidenced by a positive culture for mycobacterium tuberculosis taken from a pulmonary or laryngeal source;

(2) a condition evidenced by a positive culture for mycobacterium tuberculosis taken from an extrapulmonary source when there is clinical evidence such as a positive skin test for tuberculosis infection, coughing, sputum production, fever, or other symptoms compatible with pulmonary tuberculosis; or

(3) a condition in which clinical specimens are not available for culture, but there is radiographic evidence of tuberculosis such as an abnormal chest x-ray, and clinical evidence such as a positive skin test for tuberculosis infection, coughing, sputum production, fever, or other symptoms compatible with pulmonary tuberculosis, that lead a physician to reasonably diagnose active tuberculosis according to currently accepted standards of medical practice and to initiate treatment for tuberculosis.

Subd. 2. **Board of health.** "Board of health" means an administrative authority established under section 145A.03.

Subd. 3. **Carrier.** "Carrier" means a person who has active tuberculosis or is clinically suspected of having active tuberculosis.

Subd. 4. **Clinically suspected of having active tuberculosis.** "Clinically suspected of having active tuberculosis" means presenting a reasonable possibility of having active tuberculosis based upon epidemiologic, clinical, or radiographic evidence, laboratory test results, or other reliable evidence as determined by a physician using currently accepted standards of medical practice.

Subd. 5. **Commissioner.** "Commissioner" means the commissioner of health.

Subd. 6. **Contagion precautions for tuberculosis.** "Contagion precautions for tuberculosis" means those measures under currently accepted standards of medical practice that prevent a carrier from exposing others to tuberculosis.

Subd. 7. **Department.** "Department" means the department of health.

Subd. 8. **Directly observed therapy.** "Directly observed therapy" means a method for ensuring compliance with medication directions in which a licensed health professional or designee observes a person ingesting prescribed medications or administers the prescribed medication to the person.

Subd. 9. **Disease prevention officer.** "Disease prevention officer" means a designated agent of the commissioner, or a designated agent of a board of health that has express delegated authority from the commissioner to proceed under sections 144.4801 to 144.4813.

Subd. 10. **Endangerment to the public health.** "Endangerment to the public health" means a carrier who may transmit tuberculosis to another person or persons because the carrier has engaged or is engaging in any of the following conduct:

(1) refuses or fails to submit to a diagnostic tuberculosis examination that is ordered by a physician and is reasonable according to currently accepted standards of medical practice;

(2) refuses or fails to initiate or complete treatment for tuberculosis that is prescribed by a physician and is reasonable according to currently accepted standards of medical practice;

(3) refuses or fails to keep appointments for treatment of tuberculosis;

(4) refuses or fails to provide the commissioner, upon request, with evidence showing the completion of a course of treatment for tuberculosis that is prescribed by a physician and is reasonable according to currently accepted standards of medical practice;

(5) refuses or fails to initiate or complete a course of directly observed therapy that is prescribed by a physician and is reasonable according to currently accepted standards of medical practice;

(6) misses at least 20 percent of scheduled appointments for directly observed therapy, or misses at least two consecutive appointments for directly observed therapy;

(7) refuses or fails to follow contagion precautions for tuberculosis after being instructed on the precautions by a licensed health professional or by the commissioner;

(8) based on evidence of the carrier's past or present behavior, may not complete a course of treatment for tuberculosis that is reasonable according to currently accepted standards of medical practice; or

(9) may expose other persons to tuberculosis based on epidemiological, medical, or other reliable evidence.

Subd. 11. **Epidemiological data or epidemiological evidence.** "Epidemiological data" or "epidemiological evidence" means data or evidence relating to the occurrence, distribution, clinical characteristics, and control of disease within a group of people or within a specified population.

Subd. 12. **Health order.** "Health order" means an order issued by the commissioner or a board of health with express delegated authority from the commissioner.

Subd. 13. **Infectious tuberculosis.** "Infectious tuberculosis" means the stage of tuberculosis where mycobacterial organisms are capable of being expelled into the air by a person, as determined by laboratory, epidemiological, or clinical findings.

Subd. 14. **Isolation.** "Isolation" means placing a carrier who has infectious tuberculosis in:

(1) a hospital or other treatment facility;

(2) the carrier's residence or current location; or

(3) any other place approved by the commissioner, provided that the place of isolation prevents or limits the transmission of the infectious tuberculosis agent to others during the period of infectiousness.

Subd. 15. **Licensed health professional.** "Licensed health professional" means a person licensed by one of the health-related licensing boards listed in section 214.01, subdivision 2.

Subd. 16. **Peace officer.** "Peace officer" means an employee or an elected or appointed official of a political subdivision or law enforcement agency who is licensed by the board of peace officer standards and training, is charged with the prevention and detection of crime and the enforcement of the general criminal laws of the state, and has the full power of arrest. "Peace officer" includes an officer of the Minnesota state patrol.

Subd. 17. **Physician.** "Physician" means a person who is licensed by the board of medical practice under chapter 147 to practice medicine.

Subd. 18. **Respondent.** "Respondent" means a person or group of persons to whom the commissioner has issued a health order, excluding the carrier.

Subd. 19. **Treatment facility.** "Treatment facility" means a hospital or other treatment provider that is qualified to provide care, treatment, and appropriate contagion precautions for tuberculosis.

History: 1997 c 164 s 5

144.4804 REPORTING RELATING TO TUBERCULOSIS.

Subdivision 1. **Mandatory reporting.** A licensed health professional must report to the commissioner or a disease prevention officer within 24 hours of obtaining knowledge of a reportable person as specified in subdivision 3, unless the licensed health professional is aware that the facts causing the person to be a reportable person have previously been reported. Within 72 hours of making a report, excluding Saturdays, Sundays, and legal holidays, the licensed health professional shall submit to the commissioner or to the disease prevention officer a certified copy of the reportable person's medical records relating to the carrier's tuberculosis and status as an endangerment to the public health if the person is reportable under subdivision 3, clause (3), (4), or (5). A reporting facility may designate an infection control practitioner to make reports and to send certified medical records relating to the carrier's tuberculosis and status as an endangerment to the public health under this subdivision.

Subd. 2. **Voluntary reporting.** A person other than a licensed health professional may report to the commissioner or a disease prevention officer if the person has knowledge of a reportable person as specified in subdivision 3, or has probable cause to believe that a person should be reported under subdivision 3.

Subd. 3. **Reportable persons.** A licensed health professional must report to the commissioner or a disease prevention officer if the licensed health professional has knowledge of:

- (1) a person who has been diagnosed with active tuberculosis;
- (2) a person who is clinically suspected of having active tuberculosis;
- (3) a person who refuses or fails to submit to a diagnostic tuberculosis examination when the person is clinically suspected of having tuberculosis;
- (4) a carrier who has refused or failed to initiate or complete treatment for tuberculosis, including refusal or failure to take medication for tuberculosis or keep appointments for directly observed therapy or other treatment of tuberculosis; or
- (5) a person who refuses or fails to follow contagion precautions for tuberculosis after being instructed on the precautions by a licensed health professional or by the commissioner.

Subd. 4. **Reporting information.** The report by a licensed health professional under subdivision 1 or by a person under subdivision 2 must contain the following information, to the extent known:

- (1) the reportable person's name, birth date, address or last known location, and telephone number;
- (2) the date and specific circumstances that cause the person to be a reportable person;

(3) the reporting person's name, title, address, and telephone number; and

(4) any other information relevant to the reportable person's case of tuberculosis.

Subd. 5. **Immunity for reporting.** A licensed health professional who is required to report under subdivision 1 or a person who voluntarily reports in good faith under subdivision 2 is immune from liability in a civil, administrative, disciplinary, or criminal action for reporting under this section.

Subd. 6. **Falsified reports.** A person who knowingly or recklessly makes a false report under this section is liable in a civil suit for actual damages suffered by the person or persons reported and for punitive damages.

Subd. 7. **Waiver of privilege.** A person who is the subject of a report under subdivision 1 is deemed to have waived any privilege created in section 595.02, subdivision 1, paragraphs (d), (e), (g), (i), (j), and (k), with respect to any information provided under this section.

Subd. 8. **Tuberculosis notification.** If an emergency medical services person, as defined in section 144.7401, subdivision 4, is exposed to a person with active tuberculosis during the performance of duties, the treatment facility's designated infection control coordinator shall notify the emergency medical services agency's exposure control officer by telephone and by written correspondence. The facility's designated infection control coordinator shall provide the emergency medical services person with information about screening and, if indicated, follow-up.

History: 1997 c 164 s 6; 2000 c 422 s 4

144.4805 ISSUANCE OF HEALTH ORDER; RIGHTS OF CARRIER AND RESPONDENT.

Subdivision 1. **Authority.** Only the commissioner, or a board of health with express delegated authority from the commissioner, may issue a health order under this section.

Subd. 2. **Grounds for health order.** Whenever the commissioner has probable cause to believe that a carrier is an endangerment to the public health, the commissioner may issue a health order that the commissioner deems necessary to protect the public health. The commissioner may petition the court for enforcement of the health order. In a court proceeding for enforcement of the health order, the commissioner shall demonstrate the particularized circumstances constituting the necessity for the health order. The health order may be issued to any person, including a carrier, physician, licensed health professional, or treatment facility. The health order may be in the form of a subpoena by the commissioner for certified medical records relating to the carrier's tuberculosis and status as an endangerment to the public health.

Subd. 3. **Contents of health order.** A health order must include:

- (1) a citation to this section as the legal authority under which the order is issued;
- (2) a summary of evidence upon which the person is alleged to be a carrier;
- (3) a description of the alleged conduct of the carrier that makes the carrier an endangerment to the public health;
- (4) a description of less restrictive alternatives that the commissioner considered and rejected, together with the reasons for the rejection, or a description of less restrictive alternatives that the commissioner used and that were unsuccessful;
- (5) the preventive measure ordered; and
- (6) a notice advising the carrier or respondent that:
 - (i) a hearing will be held if the carrier or respondent petitions the court for a hearing or if the commissioner determines that the carrier has not complied with the health order;
 - (ii) the carrier or respondent has the right to appear at the hearing;
 - (iii) the carrier or respondent has the right to present and cross-examine witnesses at the hearing;
 - (iv) the carrier has the right to court-appointed counsel in a proceeding under sections 144.4801 to 144.4813; and

(v) the carrier or respondent has the right to the assistance of an interpreter in a proceeding under sections 144.4801 to 144.4813.

Subd. 4. **Right to counsel.** (a) The carrier or respondent has the right to counsel in any proceeding under sections 144.4801 to 144.4813. The court shall promptly appoint counsel for a carrier if the carrier does not have counsel:

(1) at the time the court issues an order under section 144.4807, subdivision 7, authorizing the continued detention of the carrier;

(2) at the time the court issues an order under section 144.4808, subdivision 2, authorizing the carrier to be apprehended and held; or

(3) in all other cases, at the time either party files a notice for a preliminary hearing under section 144.4810, subdivision 2.

The court shall appoint counsel for the carrier. The cost of court-appointed counsel shall be paid by the court.

(b) Upon being notified of the name and address of counsel for the carrier, the commissioner shall promptly forward to the carrier and the carrier's counsel the following:

(1) a copy of the health order;

(2) a certified copy of relevant portions of the carrier's medical records; and

(3) the name and address of the licensed health professional, including the carrier's attending physician or nurse, or the public health physician or nurse whom the commissioner intends to have testify at the preliminary hearing, and a summary of the witness' testimony, including a copy of the witness' affidavit, if any.

Subd. 5. **Duty to communicate.** The commissioner's counsel and the carrier's counsel shall make every effort to communicate prior to any hearing and to stipulate as to undisputed facts, witnesses, and exhibits.

Subd. 6. **Right to interpreter.** The carrier or respondent has the right to the assistance of an interpreter in a proceeding under sections 144.4801 to 144.4813.

Subd. 7. **Service of order.** A health order may be served by a disease prevention officer or peace officer.

History: 1997 c 164 s 7

144.4806 PREVENTIVE MEASURES UNDER HEALTH ORDER.

A health order may include, but need not be limited to, an order:

(1) requiring the carrier's attending physician or treatment facility to isolate and detain the carrier for treatment or for a diagnostic examination for tuberculosis, pursuant to section 144.4807, subdivision 1, if the carrier is an endangerment to the public health and is in a treatment facility;

(2) requiring a carrier who is an endangerment to the public health to submit to diagnostic examination for tuberculosis and to remain in the treatment facility until the commissioner receives the results of the examination;

(3) requiring a carrier who is an endangerment to the public health to remain in or present at a treatment facility until the carrier has completed a course of treatment for tuberculosis that is prescribed by a physician and is reasonable according to currently accepted standards of medical practice;

(4) requiring a carrier who is an endangerment to the public health to complete a course of treatment for tuberculosis that is prescribed by a physician and is reasonable according to currently accepted standards of medical practice and, if necessary, to follow contagion precautions for tuberculosis;

(5) requiring a carrier who is an endangerment to the public health to follow a course of directly observed therapy that is prescribed by a physician and is reasonable according to currently accepted standards of medical practice;

(6) excluding a carrier who is an endangerment to the public health from the carrier's place of work or school, or from other premises if the commissioner determines that exclusion is necessary because contagion precautions for tuberculosis

cannot be maintained in a manner adequate to protect others from being exposed to tuberculosis;

(7) requiring a licensed health professional or treatment facility to provide to the commissioner certified copies of all medical and epidemiological data relevant to the carrier's tuberculosis and status as an endangerment to the public health;

(8) requiring the diagnostic examination for tuberculosis of other persons in the carrier's household, workplace, or school, or other persons in close contact with the carrier if the commissioner has probable cause to believe that the persons may have active tuberculosis or may have been exposed to tuberculosis based on epidemiological, medical, or other reliable evidence; or

(9) requiring a carrier or other persons to follow contagion precautions for tuberculosis.

History: 1997 c 164 s 8

144.4807 NOTICE OF OBLIGATION TO ISOLATE OR EXAMINE.

Subdivision 1. **Obligation to isolate.** If the carrier is in a treatment facility, the commissioner or a carrier's attending physician, after obtaining approval from the commissioner, may issue a notice of obligation to isolate to a treatment facility if the commissioner or attending physician has probable cause to believe that a carrier is an endangerment to the public health.

Subd. 2. **Obligation to examine.** If the carrier is clinically suspected of having active tuberculosis, the commissioner may issue a notice of obligation to examine to the carrier's attending physician to conduct a diagnostic examination for tuberculosis on the carrier.

Subd. 3. **Precautions to avoid exposure.** Upon receiving a notice of obligation to isolate or notice of obligation to examine, a treatment facility shall immediately take all reasonable precautions to prevent the carrier from exposing other persons to tuberculosis, including the use of guards or locks, if appropriate.

Subd. 4. **Service of health order on carrier.** When issuing a notice of obligation to isolate or examine to the carrier's physician or a treatment facility, the commissioner shall simultaneously serve a health order on the carrier ordering the carrier to remain in the treatment facility for treatment or examination.

Subd. 5. **Duration of detention.** No carrier may be detained under subdivision 1 or 2 longer than 72 hours, excluding Saturdays, Sundays, and legal holidays, unless the court issues an order authorizing continued detention of the carrier pursuant to subdivision 7. A carrier may not be released prior to the expiration of the 72-hour hold without the express consent of the commissioner.

Subd. 6. **Application for extension of 72-hour hold.** The commissioner may seek an order extending the hold under subdivision 5 by filing an ex parte application with the probate division of the district court of the county in which the carrier resides. The application may be filed orally by telephone or by facsimile, provided that a written application is filed within 72 hours, excluding Saturdays, Sundays, and legal holidays.

Subd. 7. **Court order extending 72-hour hold.** The court may extend the hold under subdivision 5 by up to six days, excluding Saturdays, Sundays, and legal holidays, if the court finds that there is probable cause to believe that the carrier is an endangerment to the public health. The court may find probable cause to detain, examine, and isolate the carrier based upon a written statement by facsimile or upon an oral statement by telephone from the carrier's attending physician or nurse, a public health physician or nurse, other licensed health professional, or disease prevention officer, stating the grounds and facts that demonstrate that the carrier is an endangerment to the public health; provided that an affidavit from such witness is filed with the court within 72 hours, excluding Saturdays, Sundays, and legal holidays. The order may be issued orally by telephone, or by facsimile, provided that a written order is issued within 72 hours, excluding Saturdays, Sundays, and legal holidays. The oral and written order shall contain a notice of the carrier's rights contained in section 144.4805,

subdivision 3, clause (6). A carrier may not be released prior to the hold extended under this subdivision without the express consent of the commissioner.

Subd. 8. Appointment of counsel. If the carrier does not have counsel at the time the court issues an order to extend the hold under subdivision 7, the court shall promptly appoint counsel for the carrier.

Subd. 9. Immunity. A disease prevention officer, peace officer, physician, licensed health professional, or treatment facility that acts in good faith under this section is immune from liability in any civil, administrative, disciplinary, or criminal action for acting under this section.

History: 1997 c 164 s 9

144.4808 APPREHEND AND HOLD ORDER.

Subdivision 1. Application for apprehend and hold order. The commissioner may make an ex parte application for an order to apprehend and hold a carrier who is not in a treatment facility if the commissioner has probable cause to believe that a carrier is:

- (1) an endangerment to the public health; and
- (2) either in imminent danger of exposing another person or persons to tuberculosis, or may flee or become unlocatable.

The commissioner shall file the application in the probate division of the district court of the county in which the carrier resides. The application may be filed orally by telephone or by facsimile, provided that a written application is filed within 72 hours, excluding Saturdays, Sundays, and legal holidays.

Subd. 2. Court order to apprehend and hold. The court may find probable cause to apprehend and hold the carrier based upon a written statement by facsimile or oral statement by telephone from the carrier's attending physician or nurse, a public health physician or nurse, other licensed health professional, or disease prevention officer, stating the grounds and facts that demonstrate that the carrier is an endangerment to the public health, provided that an affidavit from such witness is filed with the court within 72 hours, excluding Saturdays, Sundays, and legal holidays. The court may issue an order to a peace officer or to a disease prevention officer, or both to:

- (1) apprehend and transport the carrier to a designated treatment facility, and detain the carrier until the carrier is admitted to the treatment facility; or
- (2) apprehend and isolate the carrier.

The order may be issued orally by telephone, or by facsimile, provided that a written order is issued within 72 hours, excluding Saturdays, Sundays, and legal holidays. The oral and written order shall contain a notice of the carrier's rights contained in section 144.4805, subdivision 3, clause (6).

Subd. 3. Duration of detention. A carrier may be detained under this subdivision up to six days, excluding Saturdays, Sundays, and legal holidays. A carrier may not be released prior to the expiration of the hold authorized under this section without the express consent of the commissioner.

Subd. 4. Apprehension of carrier. If the carrier flees or forcibly resists the peace officer or disease prevention officer, the officer may use all necessary and lawful means to apprehend, hold, transport, or isolate the carrier. This subdivision is authority for the officer to carry out the duties specified in this section. The commissioner shall provide any information and equipment necessary to protect the officer from becoming exposed to tuberculosis.

Subd. 5. Appointment of counsel. If the carrier does not have counsel at the time the court issues an apprehend and hold order under subdivision 2, the court shall promptly appoint counsel for the carrier.

Subd. 6. Immunity. A disease prevention officer, peace officer, physician, licensed health professional, or treatment facility that acts in good faith under this section is

immune from liability in any civil, administrative, disciplinary, or criminal action for acting under this section.

History: 1997 c 164 s 10.

144.4809 PRELIMINARY HEARING.

Subdivision 1. Grounds for hearing. A party may petition the court for an order for enforcement of or relief from a health order or judicial order.

Subd. 2. Petition for preliminary hearing. The petitioning party shall serve on the commissioner and file in the probate division of the district court of the county in which the carrier or respondent resides a petition and notice of preliminary hearing. The court shall hold a preliminary hearing no later than 15 days from the date of the filing and service of the petition for a preliminary hearing. If a carrier detained under section 144.4807 or 144.4808 files a petition for a preliminary hearing, the hearing must be held no later than five days from the date of the filing and service of the petition, excluding Saturdays, Sundays, and legal holidays.

Subd. 3. Commissioner's notice of hearing. If the commissioner petitions the court to enforce the health order, the notice of the preliminary hearing must contain the following information:

- (1) the date, time, and place of the hearing;
- (2) the right of the carrier to be represented by court-appointed counsel during any proceeding under sections 144.4801 to 144.4813;
- (3) the right of the carrier or respondent to the assistance of an interpreter in any proceeding under sections 144.4801 to 144.4813;
- (4) the right of the carrier or respondent to appear at the hearing;
- (5) the right of the carrier or respondent to present and cross-examine witnesses;
- (6) a statement of any disputed facts, or a statement of the nature of any other disputed matter; and
- (7) the name and address of any witness that the petitioning party intends to call to testify at the hearing, and a brief summary of the witness' testimony.

Subd. 4. Carrier's or respondent's notice of hearing. If the carrier or respondent petitions the court for relief from the health order or court order, the notice of preliminary hearing must contain the information in subdivision 3, clauses (1), (6), and (7).

Subd. 5. Duty to communicate. (a) At least five days before the date of the preliminary hearing, excluding Saturdays, Sundays, and legal holidays, the nonpetitioning party shall respond to the petition for hearing by filing and serving on the petitioning party:

- (1) a statement of any disputed facts, or a statement of the nature of any other disputed matter; and
- (2) the name and address of any witness that the nonpetitioning party intends to call to testify at the hearing, and a brief summary of the witness' testimony.

If the carrier seeks release from an emergency hold ordered under section 144.4807, subdivision 7, or under section 144.4808, subdivision 2, the commissioner shall file and serve on the carrier's counsel the items in clauses (1) and (2) at least 48 hours prior to the preliminary hearing, excluding Saturdays, Sundays, and legal holidays.

(b) At the hearing, the parties shall identify the efforts they made to resolve the matter prior to the preliminary hearing.

Subd. 6. Hearing room in treatment facility. If the carrier is infectious, the treatment facility in which the carrier is sought to be detained or to which the carrier is sought to be removed shall make reasonable accommodations to provide a room where the hearing may be held that minimizes the risk of exposing persons attending the hearing to tuberculosis. If a room is not available at the treatment facility, the court may designate another location for the hearing.

Subd. 7. **Standard of proof.** The commissioner must prove by a preponderance of the evidence that the carrier is an endangerment to the public health.

Subd. 8. **Rules of evidence.** The court shall admit all reliable relevant evidence. Medical and epidemiological data must be admitted if it conforms with section 145.31, chapter 600, Minnesota Rules of Evidence, rule 803(6), or other statutes or rules that permit reliable evidence to be admitted in civil cases. The court may rely on medical and epidemiological data, including hearsay, if it finds that physicians and other licensed health professionals rely on the data in the regular course of providing health care and treatment.

Subd. 9. **Sufficiency of evidence.** It is a sufficient basis for the court to order continued confinement of the carrier or other preventive measures requested by the commissioner if reliable testimony is provided solely by the carrier's attending physician or nurse, a public health physician or nurse, other licensed health professional, or disease prevention officer.

Subd. 10. **Failure to appear at hearing.** If the carrier or respondent fails to appear at the hearing without prior court approval, the hearing may proceed without the carrier or respondent and the court may make its determination on the basis of all reliable evidence submitted at the hearing.

History: 1997 c 164 s 11

144.4810 FINAL HEARING.

Subdivision 1. **Grounds for hearing.** After the preliminary hearing, the commissioner, carrier, or respondent may petition the court for relief from or enforcement of the court order issued pursuant to the preliminary hearing. The commissioner may petition the court for additional preventive measures if the carrier or respondent has not complied with the court order issued pursuant to the preliminary hearing. The petitioning party shall serve and file a petition and notice of hearing with the probate division of the district court. The court shall hold the final hearing no later than 15 days from the date of the filing and service of the petition for a final hearing.

Subd. 2. **Notice of hearing.** The notice of the final hearing must contain the same information as for the preliminary hearing in section 144.4809, subdivision 3 or 4.

Subd. 3. **Duty to communicate.** The parties have a duty to communicate and exchange information as provided in section 144.4809, subdivision 5.

Subd. 4. **Hearing room in treatment facility.** The hearing room for the final hearing is governed by section 144.4809, subdivision 6.

Subd. 5. **Standard of proof.** The commissioner must prove by clear and convincing evidence that the carrier is an endangerment to the public health.

Subd. 6. **Rules of evidence.** The rules of evidence are governed by section 144.4809, subdivision 8.

Subd. 7. **Sufficiency of evidence.** The sufficiency of evidence is governed by section 144.4809, subdivision 9.

Subd. 8. **Failure to appear at hearing.** The failure of the carrier or respondent to appear at the hearing is governed by section 144.4809, subdivision 10.

Subd. 9. **Right of appeal.** The commissioner, carrier, or respondent may appeal the decision of the district court. The court of appeals shall hear the appeal within 60 days after filing and service of the notice of appeal.

Subd. 10. **Right of commissioner to issue subsequent order.** Notwithstanding any ruling by the district court, the commissioner may issue a subsequent health order if the commissioner has probable cause to believe that a health order is necessary based on additional facts not known or present at the time of the district court hearing.

History: 1997 c 164 s 12

144.4811 PERIODIC REVIEW AND RELEASE FROM DETENTION.

Subdivision 1. **Periodic review.** If the carrier has been detained in a treatment facility or has been isolated pursuant to a court order, the commissioner shall submit a report to the court, the carrier, and the carrier's counsel within 90 days of the date of the court-ordered detention and every 90 days thereafter, until the carrier is released. The report must state the treatment the carrier receives, whether the carrier is cured or noninfectious, and whether the carrier will continue to be detained. If the carrier contests the commissioner's determination for continued detention, the carrier may request a hearing. The hearing on continued detention is governed by the provisions for a final hearing under section 144.4810, excluding subdivision 5 of that section. The court shall order continued detention of the carrier if it finds that such detention is reasonable. This subdivision does not apply to consent orders or other confinement that has been voluntarily agreed upon by the parties.

Subd. 2. **Carrier's petition for release.** If the carrier is detained in a treatment facility or isolated pursuant to a court order, the carrier may make a good faith request for release from confinement prior to the 90-day review under subdivision 1 by filing a petition and notice of hearing with the court that ordered the confinement and by serving the petition and notice on the commissioner. The hearing on continued confinement is governed by the provisions for a final hearing under section 144.4810, excluding subdivision 5 of that section. The court shall order continued detention of the carrier if it finds that such detention is reasonable.

Subd. 3. **Release from detention based on order to compel examination.** A carrier who has been detained in a treatment facility under a court order to compel the carrier to submit to a diagnostic tuberculosis examination shall be released only after:

- (1) the commissioner determines that the carrier does not have active tuberculosis;
- or
- (2) the commissioner determines that the carrier is not an endangerment to the public health.

Subd. 4. **Release from detention based on endangerment.** A carrier who is detained in a treatment facility or isolated under a court order because the carrier is an endangerment to the public health shall be released only after:

- (1) the commissioner determines that the carrier is cured; or
- (2) the commissioner determines that the carrier is no longer an endangerment to the public health.

History: 1997 c 164 s 13

144.4812 COSTS OF CARE.

The costs incurred by the treatment facility and other providers of services to diagnose or treat the carrier for tuberculosis must be borne by the carrier, the carrier's health plan, or public programs. During the period of insurance coverage, a health plan may direct the implementation of the care required by the health order or court order and shall pay at the contracted rate of payment, which shall be considered payment in full. Inpatient hospital services required by the health order or court order and covered by medical assistance or general assistance medical care are not billable to any other governmental entity. If the carrier cannot pay for treatment, and the carrier does not have public or private health insurance coverage, the carrier shall apply for financial assistance with the aid of the county. For persons not otherwise eligible for public assistance, the commissioner of human services shall determine what, if any, costs the carrier shall pay. The commissioner of human services shall make payments at the general assistance medical care rate, which will be considered payment in full.

History: 1997 c 164 s 14

144.4813 DATA PRIVACY.

Subdivision 1. **Nonpublic data.** Data on individuals contained in the health order are health data under section 13.3805, subdivision 1. Other data on individuals

collected by the commissioner as part of an investigation of a carrier under sections 144.4801 to 144.4813 are investigative data under section 13.39.

Subd. 2. **Protective order.** After a judicial action is commenced, a party may seek a protective order to protect the disclosure of portions of the court record identifying individuals or entities.

Subd. 3. **Records retention.** A records retention schedule for records developed under sections 144.4801 to 144.4813 must be established pursuant to section 138.17, subdivision 7.

History: 1997 c 164 s 15; 1999 c 227 s 22

144.49 VIOLATIONS; PENALTIES.

Subdivision 1. **Violating rules or board directions.** Any person violating any rule of the commissioner or any lawful direction of a board of health as defined in section 145A.02, subdivision 2, or an agent of a board of health as authorized under section 145A.04 is guilty of a misdemeanor.

Subd. 2. [Repealed, 1979 c 50 s 14]

Subd. 3. [Repealed, 1979 c 50 s 14]

Subd. 4. [Repealed, 1979 c 50 s 14]

Subd. 5. [Repealed, 1987 c 209 s 40]

Subd. 6. **Operating without license.** Any person, partnership, association, or corporation establishing, conducting, managing, or operating any hospital, sanitarium, or other institution in accordance with the provisions of sections 144.50 to 144.56, without first obtaining a license therefor is guilty of a misdemeanor.

Subd. 7. **Operating outside law or rules.** Any person, partnership, association, or corporation which establishes, conducts, manages or operates any hospital, sanitarium or other institution required to be licensed under sections 144.50 to 144.56, in violation of any provision of sections 144.50 to 144.56 or any rule established thereunder, is guilty of a misdemeanor.

Subd. 8. **False statements in reports.** Any person lawfully engaged in the practice of healing who willfully makes any false statement in any report required to be made pursuant to section 144.45 is guilty of a misdemeanor.

History: (5346, 5356, 5367, 5388) RL s 2132; 1913 c 434 s 8; 1913 c 579; 1917 c 220 s 6; 1939 c 89 s 1; 1941 c 549 s 10; 1943 c 649 s 1; 1945 c 512 s 35,37; 1949 c 471 s 14; 1976 c 173 s 32,33; 1977 c 305 s 45; 1980 c 357 s 11,12; 1985 c 248 s 70; 1986 c 444; 1987 c 309 s 24; 1987 c 384 art 2 s.1; 1991 c 199 art 2 s 15

144.491 [Repealed, 1998 c 407 art 2 s 109]

FORMALDEHYDE GASES IN BUILDING MATERIALS

144.495 FORMALDEHYDE RULES.

The legislature finds that building materials containing urea formaldehyde may emit unsafe levels of formaldehyde in newly constructed housing units. The product standards prescribed in section 325F.181 are intended to provide indoor air levels of formaldehyde that do not exceed 0.4 parts per million. If the commissioner of health determines that the standards prescribed in section 325F.181 result in indoor air levels of formaldehyde that exceed 0.4 parts per million, the commissioner may adopt different building materials product standards to ensure that the 0.4 parts per million level is not exceeded. The commissioner may adopt rules under chapter 14 to establish product standards as provided in this section. The rules of the commissioner governing ambient air levels of formaldehyde, Minnesota Rules, parts 4620.1600 to 4620.2100, are repealed, except that the rule of the commissioner relating to new installations of urea formaldehyde foam insulation in residential housing units remains in effect.

History: 1980 c 594 s 1; 1982 c 424 s 130; 1985 c 216 s 1

HOSPITALS

144.50 HOSPITALS, LICENSES; DEFINITIONS.

Subdivision 1: **License required.** (a) No person, partnership, association, or corporation, nor any state, county, or local governmental units, nor any division, department, board, or agency thereof, shall establish, operate, conduct, or maintain in the state any hospital, sanitarium or other institution for the hospitalization or care of human beings without first obtaining a license therefor in the manner provided in sections 144.50 to 144.56. No person or entity shall advertise a facility providing services required to be licensed under sections 144.50 to 144.56 without first obtaining a license.

(b) A violation of this subdivision is a misdemeanor punishable by a fine of not more than \$300. The commissioner may seek an injunction in the district court against the continuing operation of the unlicensed institution. Proceedings for securing an injunction may be brought by the attorney general or by the appropriate county attorney.

(c) The sanctions in this subdivision do not restrict other available sanctions.

Subd. 2. **Hospital, sanitarium, other institution; definition.** Hospital, sanitarium or other institution for the hospitalization or care of human beings, within the meaning of sections 144.50 to 144.56 shall mean any institution, place, building, or agency, in which any accommodation is maintained, furnished, or offered for five or more persons for: the hospitalization of the sick or injured; the provision of care in a swing bed authorized under section 144.562; elective outpatient surgery for preexamined, prediagnosed low risk patients; emergency medical services offered 24 hours a day, seven days a week, in an ambulatory or outpatient setting in a facility not a part of a licensed hospital; or the institutional care of human beings. Nothing in sections 144.50 to 144.56 shall apply to a clinic, a physician's office or to hotels or other similar places that furnish only board and room, or either, to their guests.

Subd. 3. **Hospitalization.** "Hospitalization" means the reception and care of persons for a continuous period longer than 24 hours, for the purpose of diagnosis or treatment bearing on the physical or mental health of such persons.

Subd. 4. [Repealed, 1980 c 357 s 22]

Subd. 5. **Separate licensing for healing; medicine.** Nothing in sections 144.50 to 144.56 shall authorize any person, partnership, association, or corporation, nor any state, county, or local governmental units, nor any division, department, board, or agency thereof, to engage, in any manner, in the practice of healing, or the practice of medicine, as defined by law.

Subd. 6. **Supervised living facility licenses.** (a) The commissioner may license as a supervised living facility a facility seeking medical assistance certification as an intermediate care facility for persons with mental retardation or related conditions for four or more persons as authorized under section 252.291.

(b) Class B supervised living facilities shall be classified as follows for purposes of the State Building Code:

(1) Class B supervised living facilities for six or less persons must meet Group R, Division 3, occupancy requirements; and

(2) Class B supervised living facilities for seven to 16 persons must meet Group R, Division 1, occupancy requirements.

(c) Class B facilities classified under paragraph (b), clauses (1) and (2), must meet the fire protection provisions of chapter 21 of the 1985 Life Safety Code, NFPA 101, for facilities housing persons with impractical evacuation capabilities, except that Class B facilities licensed prior to July 1, 1990, need only continue to meet institutional fire safety provisions. Class B supervised living facilities shall provide the necessary physical plant accommodations to meet the needs and functional disabilities of the residents. For Class B supervised living facilities licensed after July 1, 1990, and housing nonambulatory or nonmobile persons, the corridor access to bedrooms, common

spaces, and other resident use spaces must be at least five feet in clear width, except that a waiver may be requested in accordance with Minnesota Rules, part 4665.0600.

(d) The commissioner may license as a Class A supervised living facility a residential program for chemically dependent individuals that allows children to reside with the parent receiving treatment in the facility. The licensee of the program shall be responsible for the health, safety, and welfare of the children residing in the facility. The facility in which the program is located must be provided with a sprinkler system approved by the state fire marshal. The licensee shall also provide additional space and physical plant accommodations appropriate for the number and age of children residing in the facility. For purposes of license capacity, each child residing in the facility shall be considered to be a resident.

Subd. 7. **Residents with aids or hepatitis.** Boarding care homes and supervised living facilities licensed by the commissioner of health must accept as a resident a person who is infected with the human immunodeficiency virus or the hepatitis B virus unless the facility cannot meet the needs of the person under Minnesota Rules, part 4665.0200, subpart 5, or 4655.1500, subpart 2, or the person is otherwise not eligible for admission to the facility under state laws or rules.

History: 1941 c 549 s 1; 1943 c 649 s 1; 1951 c 304 s 1; 1969 c 358 s 1; 1976 c 173 s 34; 1977 c 218 s 1; 1981 c 95 s 1; 1Sp1985 c 3 s 2; 1987 c 209 s 20,21; 1988 c 689 art. 2 s 32; 1989 c 282 art 2 s 8; art 3 s 4; 1990 c 568 art 3 s 3; 1991 c 286 s 3; 1992 c 513 art 6 s 4

144.51 LICENSE APPLICATIONS.

Before a license shall be issued under sections 144.50 to 144.56, the person applying shall submit evidence satisfactory to the state commissioner of health that the person is not less than 18 years of age and of reputable and responsible character; in the event the applicant is an association or corporation or governmental unit like evidence shall be submitted as to the members thereof and the persons in charge. All applicants shall, in addition, submit satisfactory evidence of their ability to comply with the provisions of sections 144.50 to 144.56 and all rules and minimum standards adopted thereunder.

History: 1941 c 549 s 2; 1943 c 649 s 2; 1951 c 304 s 2; 1973 c 725 s 7; 1976 c 173 s 35; 1977 c 305 s 45; 1985 c 248 s 70; 1986 c 444

144.52 APPLICATION.

Any person, partnership, association, or corporation, including state, county, or local governmental units, or any division, department, board, or agency thereof, desiring a license under sections 144.50 to 144.56 shall file with the state commissioner of health a verified application containing the name of the applicant desiring said license; whether such persons so applying are 18 years of age; the type of institution to be operated; the location thereof; the name of the person in charge thereof, and such other information pertinent thereto as the state commissioner of health by rule may require. Application on behalf of a corporation or association or other governmental unit shall be made by any two officers thereof or by its managing agents.

History: 1941 c 549 s 3; 1943 c 649 s 3; 1951 c 304 s 3; 1973 c 725 s 8; 1977 c 305 s 45; 1985 c 248 s 70

144.53 FEES.

Each application for a license, or renewal thereof, to operate a hospital, sanitarium or other institution for the hospitalization or care of human beings, within the meaning of sections 144.50 to 144.56, except applications by the Minnesota veterans home, the commissioner of human services for the licensing of state institutions or by the administrator for the licensing of the university of Minnesota hospitals, shall be accompanied by a fee to be prescribed by the state commissioner of health pursuant to section 144.122. No fee shall be refunded. Licenses shall expire and shall be renewed as prescribed by the commissioner of health pursuant to section 144.122.

No license granted hereunder shall be assignable or transferable.

History: 1941 c 549 s 4; 1945 c 192 s 1; 1951 c 304 s 4; 1959 c 466 s 1; 1974 c 471 s 3; 1975 c 63 s 1; 1975 c 310 s 5; 1976 c 173 s 36; 1976 c 239 s 69; 1977 c 305 s 45; 1984 c 654 art 5 s 58

144.54 INSPECTIONS.

Every building, institution, or establishment for which a license has been issued shall be periodically inspected by a duly appointed representative of the state commissioner of health under the rules to be established by the state commissioner of health. No institution of any kind licensed pursuant to the provisions of sections 144.50 to 144.56 shall be required to be licensed or inspected under the laws of this state relating to hotels, restaurants, lodging houses, boarding houses, and places of refreshment.

History: 1941 c 549 s 5; 1951 c 304 s 5; 1977 c 305 s 45; 1985 c 248 s 70

144.55 LICENSES; ISSUANCE, SUSPENSION AND REVOCATION BY COMMISSIONER.

Subdivision 1. **Issuance.** The state commissioner of health is hereby authorized to issue licenses to operate hospitals, sanitariums or other institutions for the hospitalization or care of human beings, which are found to comply with the provisions of sections 144.50 to 144.56 and any reasonable rules promulgated by the commissioner. All decisions of the commissioner thereunder may be reviewed in the district court in the county in which the institution is located or contemplated.

Subd. 2. **Definition.** For the purposes of this section, "joint commission" means the joint commission on accreditation of hospitals.

Subd. 3. **Standards for licensure.** (a) Notwithstanding the provisions of section 144.56, for the purpose of hospital licensure, the commissioner of health shall use as minimum standards the hospital certification regulations promulgated pursuant to Title XVIII of the Social Security Act, United States Code, title 42, section 1395, et seq. The commissioner may use as minimum standards changes in the federal hospital certification regulations promulgated after May 7, 1981, if the commissioner finds that such changes are reasonably necessary to protect public health and safety. The commissioner shall also promulgate in rules additional minimum standards for new construction.

(b) Each hospital shall establish policies and procedures to prevent the transmission of human immunodeficiency virus and hepatitis B virus to patients and within the health care setting. The policies and procedures shall be developed in conformance with the most recent recommendations issued by the United States Department of Health and Human Services, Public Health Service, Centers for Disease Control. The commissioner of health shall evaluate a hospital's compliance with the policies and procedures according to subdivision 4.

Subd. 4. **Routine inspections; presumption.** Any hospital surveyed and accredited under the standards of the hospital accreditation program of the joint commission that submits to the commissioner within a reasonable time copies of (a) its currently valid accreditation certificate and accreditation letter, together with accompanying recommendations and comments and (b) any further recommendations, progress reports and correspondence directly related to the accreditation is presumed to comply with application requirements of subdivision 1 and the standards requirements of subdivision 3 and no further routine inspections or accreditation information shall be required by the commissioner to determine compliance. Notwithstanding the provisions of sections 144.54 and 144.653, subdivisions 2 and 4, hospitals shall be inspected only as provided in this section. The provisions of section 144.653 relating to the assessment and collection of fines shall not apply to any hospital. The commissioner of health shall annually conduct, with notice, validation inspections of a selected sample of the number of hospitals accredited by the joint commission, not to exceed ten percent of accredited hospitals, for the purpose of determining compliance with the provisions of subdivision 3. If a validation survey discloses a failure to comply with subdivision 3, the provisions of section 144.653 relating to correction orders, reinspections, and notices of

noncompliance shall apply. The commissioner shall also conduct any inspection necessary to determine whether hospital construction, addition, or remodeling projects comply with standards for construction promulgated in rules pursuant to subdivision 3. Pursuant to section 144.653, the commissioner shall inspect any hospital that does not have a currently valid hospital accreditation certificate from the joint commission. Nothing in this subdivision shall be construed to limit the investigative powers of the office of health facility complaints as established in sections 144A.51 to 144A.54.

Subd. 5. Coordination of inspections. Prior to conducting routine inspections of hospitals, a state agency shall notify the commissioner of its intention to inspect. The commissioner shall then determine whether the inspection is necessary in light of any previous inspections conducted by the commissioner, any other state agency, or the joint commission. The commissioner shall notify the agency of the determination and may authorize the agency to conduct the inspection. No state agency may routinely inspect any hospital without the authorization of the commissioner. The commissioner shall coordinate, insofar as is possible, routine inspections conducted by state agencies, so as to minimize the number of inspections to which hospitals are subject.

Subd. 6. Suspension, revocation, and refusal to renew. (a) The commissioner may refuse to grant or renew, or may suspend or revoke, a license on any of the following grounds:

(1) Violation of any of the provisions of sections 144.50 to 144.56 or the rules or standards issued pursuant thereto;

(2) Permitting, aiding, or abetting the commission of any illegal act in the institution;

(3) Conduct or practices detrimental to the welfare of the patient; or

(4) Obtaining or attempting to obtain a license by fraud or misrepresentation.

(b) The commissioner shall not renew a license for a boarding care bed in a resident room with more than four beds.

Subd. 7. Hearing. Prior to any suspension, revocation or refusal to renew a license, the licensee shall be entitled to notice and a hearing as provided by sections 14.57 to 14.69. At each hearing, the commissioner shall have the burden of establishing that a violation described in subdivision 6 has occurred.

If a license is revoked, suspended, or not renewed, a new application for license may be considered by the commissioner if the conditions upon which revocation, suspension, or refusal to renew was based have been corrected and evidence of this fact has been satisfactorily furnished. A new license may then be granted after proper inspection has been made and all provisions of sections 144.50 to 144.56 and any rules promulgated thereunder have been complied with and recommendation has been made by the inspector as an agent of the commissioner.

Subd. 8. Rules. The commissioner may promulgate rules necessary to implement the provisions of this section, except that the standards described in subdivision 3 shall constitute the sole minimum quality standards for licensure of hospitals.

Subd. 9. Expiration of presently valid licenses. All licenses presently in effect shall remain valid following May 7, 1981 and shall expire on the dates specified on the licenses unless suspended or revoked.

Subd. 10. Evaluation report. On November 15, 1983, the commissioner shall provide the legislature and the governor with a written report evaluating the utilization of the accreditation program, paying particular attention to its effect upon the public health and safety.

Subd. 11. State hospitals not affected. Subdivisions 3, 4 and 5 do not apply to state hospitals and other facilities operated under the direction of the commissioner of human services.

History: 1941 c 549 s 6; 1951 c 304 s 6; 1976 c 173 s 37; 1977 c 305 s 45; 1978 c 674 s 60; 1981 c 95 s 2; 1982 c 424 s 130; 1984 c 654 art 5 s 58; 1985 c 248 s 70; 1986 c 444; 1987 c 384 art 2 s 1; 1987 c 403 art 4 s 1; 1992 c 559 art 1 s 2

144.551 HOSPITAL CONSTRUCTION MORATORIUM.

Subdivision 1. **Restricted construction or modification.** (a) The following construction or modification may not be commenced:

(1) any erection, building, alteration, reconstruction, modernization, improvement, extension, lease, or other acquisition by or on behalf of a hospital that increases the bed capacity of a hospital, relocates hospital beds from one physical facility, complex, or site to another, or otherwise results in an increase or redistribution of hospital beds within the state; and

(2) the establishment of a new hospital.

(b) This section does not apply to:

(1) construction or relocation within a county by a hospital, clinic, or other health care facility that is a national referral center engaged in substantial programs of patient care, medical research, and medical education meeting state and national needs that receives more than 40 percent of its patients from outside the state of Minnesota;

(2) a project for construction or modification for which a health care facility held an approved certificate of need on May 1, 1984, regardless of the date of expiration of the certificate;

(3) a project for which a certificate of need was denied before July 1, 1990, if a timely appeal results in an order reversing the denial;

(4) a project exempted from certificate of need requirements by Laws 1981, chapter 200, section 2;

(5) a project involving consolidation of pediatric specialty hospital services within the Minneapolis-St. Paul metropolitan area that would not result in a net increase in the number of pediatric specialty hospital beds among the hospitals being consolidated;

(6) a project involving the temporary relocation of pediatric-orthopedic hospital beds to an existing licensed hospital that will allow for the reconstruction of a new philanthropic, pediatric-orthopedic hospital on an existing site and that will not result in a net increase in the number of hospital beds. Upon completion of the reconstruction, the licenses of both hospitals must be reinstated at the capacity that existed on each site before the relocation;

(7) the relocation or redistribution of hospital beds within a hospital building or identifiable complex of buildings provided the relocation or redistribution does not result in: (i) an increase in the overall bed capacity at that site; (ii) relocation of hospital beds from one physical site or complex to another; or (iii) redistribution of hospital beds within the state or a region of the state;

(8) relocation or redistribution of hospital beds within a hospital corporate system that involves the transfer of beds from a closed facility site or complex to an existing site or complex provided that: (i) no more than 50 percent of the capacity of the closed facility is transferred; (ii) the capacity of the site or complex to which the beds are transferred does not increase by more than 50 percent; (iii) the beds are not transferred outside of a federal health systems agency boundary in place on July 1, 1983; and (iv) the relocation or redistribution does not involve the construction of a new hospital building;

(9) a construction project involving up to 35 new beds in a psychiatric hospital in Rice county that primarily serves adolescents and that receives more than 70 percent of its patients from outside the state of Minnesota;

(10) a project to replace a hospital or hospitals with a combined licensed capacity of 130 beds or less if: (i) the new hospital site is located within five miles of the current site; and (ii) the total licensed capacity of the replacement hospital, either at the time of construction of the initial building or as the result of future expansion, will not exceed 70 licensed hospital beds, or the combined licensed capacity of the hospitals, whichever is less;

(11) the relocation of licensed hospital beds from an existing state facility operated by the commissioner of human services to a new or existing facility, building, or complex operated by the commissioner of human services; from one regional treatment

center site to another; or from one building or site to a new or existing building or site on the same campus;

(12) the construction or relocation of hospital beds operated by a hospital having a statutory obligation to provide hospital and medical services for the indigent that does not result in a net increase in the number of hospital beds;

(13) a construction project involving the addition of up to 31 new beds in an existing nonfederal hospital in Beltrami county; or

(14) a construction project involving the addition of up to eight new beds in an existing nonfederal hospital in Otter Tail county with 100 licensed acute care beds.

Subd. 2. **Emergency waiver.** The commissioner shall grant an emergency waiver from the provisions of this section if the need for the project is a result of fire, tornado, flood, storm damage, or other similar disaster, if adequate health care facilities are not available for the people who previously used the applicant facility, and if the request for an emergency waiver is limited in nature and scope only to those repairs necessitated by the natural disaster.

Subd. 3. **Enforcement.** The district court in Ramsey county has jurisdiction to enjoin an alleged violation of subdivision 1. At the request of the commissioner of health, the attorney general may bring an action to enjoin an alleged violation. The commissioner of health shall not issue a license for any portion of a hospital in violation of subdivision 1. No hospital in violation of subdivision 1 may apply for or receive public funds under chapters 245 to 256B, or from any other source.

Subd. 4. **Definitions.** Except as indicated in this subdivision, the terms used in this section have the meanings given them under Minnesota Statutes 1982, sections 145.832 to 145.845, and the rules adopted under those sections.

The term "hospital" has the meaning given it in section 144.50.

History: 1990 c 500 s 1; 1990 c 568 art 2 s 8; 1993 c 243 s 1; 2000 c 488 art 9 s 1; 1Sp2001 c 9 art 1 s 37; 2002 c 379 art 1 s 113

144.555 HOSPITAL CLOSINGS; PATIENT RELOCATIONS.

Subdivision 1. **Notice of closing or curtailing service.** If a facility licensed under sections 144.50 to 144.56 voluntarily plans to cease operations or to curtail operations to the extent that patients or residents must be relocated, the controlling persons of the facility must notify the commissioner of health at least 90 days before the scheduled cessation or curtailment. The commissioner shall cooperate with the controlling persons and advise them about relocating the patients or residents.

Subd. 2. **Penalty.** Failure to notify the commissioner under subdivision 1 may result in issuance of a correction order under section 144.653, subdivision 5.

History: 1987 c 209 s 22

144.56 STANDARDS.

Subdivision 1. **Commissioner's powers.** The state commissioner of health shall, in the manner prescribed by law, adopt and enforce reasonable rules and standards under sections 144.50 to 144.56 which the commissioner finds to be necessary and in the public interests and may rescind or modify them from time to time as may be in the public interest, insofar as such action is not in conflict with any provision thereof.

Subd. 2. **Content of rules and standards.** In the public interest the commissioner of health, by such rules and standards, may regulate and establish minimum standards as to the construction, equipment, maintenance, and operation of the institutions insofar as they relate to sanitation and safety of the buildings and to the health, treatment, comfort, safety, and well-being of the persons accommodated for care. Construction as used in this subdivision means the erection of new buildings or the alterations of or additions to existing buildings commenced after the passage of this act.

Subd. 2a. **Double beds in boarding care homes.** The commissioner shall not adopt any rule which unconditionally prohibits double beds in a boarding care home. The commissioner may adopt rules setting criteria for when double beds will be allowed.

Subd. 2b. **Boarding care homes.** The commissioner shall not adopt or enforce any rule that limits:

(1) a certified boarding care home from providing nursing services in accordance with the home's Medicaid certification; or

(2) a noncertified boarding care home registered under chapter 144D from providing home care services in accordance with the home's registration.

Subd. 3. **Maternity patients.** The commissioner of health shall, with the advice of the commissioner of human services, prescribe such general rules for the conduct of all institutions receiving maternity patients as shall be necessary to effect the purposes of all laws of the state relating to maternity patients and newborn infants so far as the same are applicable.

Subd. 4. **Classes of institutions.** The commissioner of health may classify the institutions licensed under sections 144.50 to 144.56 on the basis of the type of care provided and may prescribe separate rules and minimum standards for each class.

History: 1941 c 549 s 7; 1943 c 649 s 7; 1951 c 304 s 7; 1977 c 305 s 45; 1981 c 23 s 2; 1984 c 654 art 5 s 58; 1985 c 248 s 70; 1986 c 444; 1995 c 207 art 7 s 6; 1999 c 245 art 2 s 27

144.561 RESTRICTION OF NAME AND DESCRIPTION OF CERTAIN MEDICAL FACILITIES.

Subdivision 1. **Definitions.** For purposes of this section, the following words have the meanings given to them:

(a) "Person" means an individual, partnership, association, corporation, state, county or local governmental unit or a division, department, board or agency of a governmental unit.

(b) "Medical facility" means an institution, office, clinic, or building, not attached to a licensed hospital, where medical services for the diagnosis or treatment of illness or injury or the maintenance of health are offered in an outpatient or ambulatory setting.

Subd. 2. **Prohibition.** No person shall use the words "emergency," "emergent," "trauma," "critical," or any form of these words which suggest, offer, or imply the availability of immediate care for any medical condition likely to cause death, disability or serious illness in the name of any medical facilities, or in advertising, publications or signs identifying the medical facility unless the facility is licensed under the provisions of section 144.50.

History: 1984 c 534 s 2

144.562 SWING BED APPROVAL; ISSUANCE OF LICENSE CONDITIONS; VIOLATIONS.

Subdivision 1. **Definition.** For the purposes of this section, "swing bed" means a hospital bed licensed under sections 144.50 to 144.56 that has been granted a license condition under this section and which has been certified to participate in the federal Medicare program under United States Code, title 42, section 1395 (tt).

Subd. 2. **Eligibility for license condition.** A hospital is not eligible to receive a license condition for swing beds unless (1) it either has a licensed bed capacity of less than 50 beds defined in the federal Medicare regulations, Code of Federal Regulations, title 42, section 482.66, or it has a licensed bed capacity of 50 beds or more and has swing beds that were approved for Medicare reimbursement before May 1, 1985, or it has a licensed bed capacity of less than 65 beds and the available nursing homes within 50 miles have had, in the aggregate, an average occupancy rate of 96 percent or higher in the most recent two years as documented on the statistical reports to the department of health; and (2) it is located in a rural area as defined in the federal Medicare regulations, Code of Federal Regulations, title 42, section 482.66. Eligible hospitals are allowed a total of 1,460 days of swing bed use per year, provided that no more than ten hospital beds are used as swing beds at any one time. The commissioner of health must

approve swing bed use beyond 1,460 days as long as there are no Medicare certified skilled nursing facility beds available within 25 miles of that hospital.

Subd. 3. Approval of license condition. The commissioner of health shall approve a license condition for swing beds if the hospital meets all of the criteria of this subdivision:

(a) The hospital must meet the eligibility criteria in subdivision 2.

(b) The hospital must be in compliance with the Medicare conditions of participation for swing beds under Code of Federal Regulations, title 42, section 482.66.

(c) The hospital must agree, in writing, to limit the length of stay of a patient receiving services in a swing bed to not more than 40 days, or the duration of Medicare eligibility, unless the commissioner of health approves a greater length of stay in an emergency situation. To determine whether an emergency situation exists, the commissioner shall require the hospital to provide documentation that continued services in the swing bed are required by the patient; that no skilled nursing facility beds are available within 25 miles from the patient's home, or in some more remote facility of the resident's choice, that can provide the appropriate level of services required by the patient; and that other alternative services are not available to meet the needs of the patient. If the commissioner approves a greater length of stay, the hospital shall develop a plan providing for the discharge of the patient upon the availability of a nursing home bed or other services that meet the needs of the patient. Permission to extend a patient's length of stay must be requested by the hospital at least ten days prior to the end of the maximum length of stay.

(d) The hospital must agree, in writing, to limit admission to a swing bed only to (1) patients who have been hospitalized and not yet discharged from the facility, or (2) patients who are transferred directly from an acute care hospital.

(e) The hospital must agree, in writing, to report to the commissioner of health by December 1, 1985, and annually thereafter, in a manner required by the commissioner (1) the number of patients readmitted to a swing bed within 60 days of a patient's discharge from the facility, (2) the hospital's charges for care in a swing bed during the reporting period with a description of the care provided for the rate charged, and (3) the number of beds used by the hospital for transitional care and similar subacute inpatient care.

(f) The hospital must agree, in writing, to report statistical data on the utilization of the swing beds on forms supplied by the commissioner. The data must include the number of swing beds, the number of admissions to and discharges from swing beds, Medicare reimbursed patient days, total patient days, and other information required by the commissioner to assess the utilization of swing beds.

Subd. 4. Issuance of license condition; renewals. The commissioner of health shall issue a license condition to a hospital that complies with subdivisions 2 and 3. The license condition must be granted when the license is first issued, when it is renewed, or during the hospital's licensure year. The condition is valid for the hospital's licensure year. The license condition can be renewed at the time of the hospital's license renewal if the hospital complies with subdivisions 2 and 3.

Subd. 5. Inspections. Notwithstanding section 144.55, subdivision 4, the commissioner of health may conduct inspections of a hospital granted a condition under this section to assess compliance with this section.

Subd. 6. Violations. Notwithstanding section 144.55, subdivision 4, if the hospital fails to comply with subdivision 2 or 3, the commissioner of health shall issue a correction order and penalty assessment under section 144.653 or may suspend, revoke, or refuse to renew the license condition under section 144.55, subdivision 6. The penalty assessment for a violation of subdivision 2 or 3 is \$500.

Subd. 7. [Obsolete]

History: 1Sp1985 c 3 s 3; 1986 c 420 s 1; 1989 c 282 art 2 s 9,10; 1995 c 207 art 7 s 7

144.563 NURSING SERVICES PROVIDED IN A HOSPITAL; PROHIBITED PRACTICES.

A hospital that has been granted a license condition under section 144.562 must not provide to patients not reimbursed by medicare or medical assistance the types of services that would be usually and customarily provided and reimbursed under medical assistance or medicare as services of a skilled nursing facility or intermediate care facility for more than 42 days and only for patients who have been hospitalized and no longer require an acute level of care. Permission to extend a patient's length of stay may be granted by the commissioner if requested by the physician at least ten days prior to the end of the maximum length of stay.

History: 1Sp1985 c 3 s 4

144.564 MONITORING OF SUBACUTE OR TRANSITIONAL CARE SERVICES.

Subdivision 1. **Hospital data.** The commissioner of health shall monitor the provision of subacute or transitional care services provided in hospitals. All hospitals providing these services must report statistical data on the extent and utilization of these services on forms supplied by the commissioner. The data must include the following information: the number of admissions to and discharges from subacute or transitional care beds, charges for services in these beds, the length of stay and total patient days, admission origin and discharge destination, and other information required by the commissioner to assess the utilization of these services. For purposes of this subdivision, subacute or transitional care services is care provided in a hospital bed to patients who have been hospitalized and no longer meet established acute care criteria, and care provided to patients who are admitted for respite care.

Subd. 2. **Nursing home data.** Nursing homes which provide services to individuals whose length of stay in the facility is less than 42 days shall report the data required by subdivision 1 on forms supplied by the commissioner of health.

Subd. 3. **Annual report.** The commissioner shall monitor the provision of services described in this section and shall report annually to the legislature concerning these services, including recommendations on the need for legislation.

144.572 INSTITUTIONS EXCEPTED.

No rule nor requirement shall be made, nor standard established under sections 144.50 to 144.56 for any sanitarium conducted by and for the adherents of any recognized church or religious denomination for the purpose of providing care and treatment for those who select and depend upon spiritual means through prayer alone, in lieu of medical care, for healing, except as to the sanitary and safe condition of the premises, cleanliness of operation, and its physical equipment.

History: 1951 c 304 s 10; 1976 c 173 s 39; 1985 c 248 s 70; 1996 c 451 art 4 s 7

144.573 PETS IN CERTAIN INSTITUTIONS.

Facilities for the institutional care of human beings licensed under section 144.50, may keep pet animals on the premises subject to reasonable rules as to the care, type and maintenance of the pet.

History: 1979 c 38 s 2

144.58 INFORMATION, CONFIDENTIAL.

Information of a confidential nature received by the state commissioner of health through inspections and authorized under sections 144.50 to 144.56 shall not be disclosed except in a proceeding involving the question of licensure.

History: 1941 c 549 s 9; 1951 c 304 s 11; 1977 c 305 s 45

144.581 HOSPITAL AUTHORITIES.

Subdivision 1. **Nonprofit corporation powers.** A municipality, political subdivision, state agency, or other governmental entity that owns or operates a hospital authorized, organized, or operated under chapters 158, 250, 376, and 397, or under sections 246A.01 to 246A.27, 412.221, 447.05 to 447.13, 447.31, or 471.59; or under any special law authorizing or establishing a hospital or hospital district shall, relative to the delivery of health care services, have, in addition to any authority vested by law, the authority and legal capacity of a nonprofit corporation under chapter 317A, including authority to

- (a) enter shared service and other cooperative ventures,
- (b) join or sponsor membership in organizations intended to benefit the hospital or hospitals in general,
- (c) enter partnerships,
- (d) incorporate other corporations,
- (e) have members of its governing authority or its officers or administrators serve as directors, officers, or employees of the ventures, associations, or corporations,
- (f) own shares of stock in business corporations,
- (g) offer, directly or indirectly, products and services of the hospital, organization, association, partnership, or corporation to the general public, and
- (h) expend funds, including public funds in any form, or devote the resources of the hospital or hospital district to recruit or retain physicians whose services are necessary or desirable for meeting the health care needs of the population, and for successful performance of the hospital or hospital district's public purpose of the promotion of health. Allowable uses of funds and resources include the retirement of medical education debt, payment of one-time amounts in consideration of services rendered or to be rendered, payment of recruitment expenses, payment of moving expenses, and the provision of other financial assistance necessary for the recruitment and retention of physicians, provided that the expenditures in whatever form are reasonable under the facts and circumstances of the situation.

Subd. 2. **Use of hospital funds for corporate projects.** In the event that the municipality, political subdivision, state agency, or other governmental entity provides direct financial subsidy to the hospital from tax revenue at the time an undertaking authorized under subdivision 1, clauses (a) to (g), is established or funded, the hospital may not contribute funds to the undertaking for more than three years and thereafter all funds must be repaid, with interest in no more than ten years.

Subd. 3. **Converting public funds for individual benefit.** The conversion of public funds for the benefit of any individual shall constitute grounds for review and action by the attorney general or the county attorney under section 609.54.

Subd. 4. **Other laws governing hospital board.** The execution of the functions of the board of directors of a hospital by an organization established under this section shall be subject to the public purchasing requirements of section 471.345, the Open Meeting Law, chapter 13D, and the Data Practices Act, chapter 13.

Subd. 5. **Closed meetings; recording.** (a) Notwithstanding subdivision 4 or chapter 13D, a public hospital or an organization established under this section may hold a closed meeting to discuss specific marketing activity and contracts that might be entered into pursuant to the marketing activity in cases where the hospital or organization is in competition with health care providers that offer similar goods or services, and where disclosure of information pertaining to those matters would cause harm to the competitive position of the hospital or organization, provided that the goods or services do not require a tax levy. No contracts referred to in this paragraph may be entered into earlier than 15 days after the proposed contract has been described at a public meeting and the description entered in the minutes, except for contracts for consulting services or with individuals for personal services.

(b) A meeting may not be closed under paragraph (a) except by a majority vote of the board of directors in a public meeting. The time and place of the closed meeting

must be announced at the public meeting. A written roll of members present at the closed meeting must be available to the public after the closed meeting. The proceedings of a closed meeting must be tape-recorded and preserved by the board of directors for two years. The data on the tape are nonpublic data under section 13.02, subdivision 9. However, the data become public data under section 13.02, subdivision 14, two years after the meeting, or when the hospital or organization takes action on matters referred to in paragraph (a), except for contracts for consulting services. In the case of personal service contracts, the data become public when the contract is signed. For entities subject to section 471.345, a contract entered into by the board is subject to the requirements of section 471.345.

(c) The board of directors may not discuss a tax levy, bond issuance, or other expenditure of money unless the expenditure is directly related to specific marketing activities and contracts described in paragraph (a) at a closed meeting.

NURSING HOME ADMISSION CONTRACTS

144.6501 NURSING HOME ADMISSION CONTRACTS.

Subdivision 1. **Definitions.** For purposes of this section, the following terms have the meanings given them.

(a) "Facility" means a nursing home licensed under chapter 144A or a boarding care facility licensed under sections 144.50 to 144.58.

(b) "Contract of admission," "admission contract," or "admission agreement," includes, but is not limited to, all documents that a resident or resident's representative must sign at the time of, or as a condition of, admission to the facility. Oral representations and statements between the facility and the resident or resident's representative are not part of the contract of admission unless expressly contained in writing in those documents. The contract of admission must specify the obligations of the resident or the responsible party.

(c) "Legal representative" means an attorney-in-fact under a valid power of attorney executed by the prospective resident, or a conservator or guardian of the person or of the estate, or a representative payee appointed for the prospective resident, or other agent of limited powers.

(d) "Responsible party" means a person who has access to the resident's income and assets and who agrees to apply the resident's income and assets to pay for the resident's care or who agrees to make and complete an application for medical assistance on behalf of the resident.

Subd. 2: **Waivers of liability prohibited.** An admission contract must not include a waiver of facility liability for the health and safety or personal property of a resident while the resident is under the facility's supervision. An admission contract must not include a provision that the facility knows or should know to be deceptive, unlawful, or unenforceable under state or federal law, nor any provision that requires or implies a lesser standard of care or responsibility than is required by law.

Subd. 3. **Contracts of admission.** (a) A facility shall make complete unsigned copies of its admission contract available to potential applicants and to the state or local long-term care ombudsman immediately upon request.

(b) A facility shall post conspicuously within the facility, in a location accessible to public view, either a complete copy of its admission contract or notice of its availability from the facility.

(c) An admission contract must be printed in black type of at least ten-point type size. The facility shall give a complete copy of the admission contract to the resident or the resident's legal representative promptly after it has been signed by the resident or legal representative.

(d) An admission contract is a consumer contract under sections 325G.29 to 325G.37.

(e) All admission contracts must state in bold capital letters the following notice to applicants for admission: "NOTICE TO APPLICANTS FOR ADMISSION. READ YOUR ADMISSION CONTRACT. ORAL STATEMENTS OR COMMENTS MADE BY THE FACILITY OR YOU OR YOUR REPRESENTATIVE ARE NOT PART OF YOUR ADMISSION CONTRACT UNLESS THEY ARE ALSO IN WRITING. DO NOT RELY ON ORAL STATEMENTS OR COMMENTS THAT ARE NOT INCLUDED IN THE WRITTEN ADMISSION CONTRACT."

Subd. 4. **Resident and facility obligations.** (a) Before or at the time of admission, the facility shall make reasonable efforts to communicate the content of the admission contract to, and obtain on the admission contract the signature of, the person who is to be admitted to the facility and the responsible party. The admission contract must be signed by the prospective resident unless the resident is legally incompetent or cannot understand or sign the admission contract because of the resident's medical condition.

(b) If the resident cannot sign the admission contract, the reason must be documented in the resident's medical record by the admitting physician.

(c) If the determination under paragraph (b) has been made, the facility may request the signature of another person on behalf of the applicant, subject to the provisions of paragraph (d). The facility must not require the person to disclose any information regarding the person's personal financial assets, liabilities, or income, unless the person voluntarily chooses to become financially responsible for the resident's care. The facility must issue timely billing, respond to questions, and monitor timely payment.

(d) A person who desires to assume financial responsibility for the resident's care may contract with the facility to do so. A person other than the resident or a financially responsible spouse who signs an admission contract must not be required by the facility to assume personal financial liability for the resident's care. However, if the responsible party has signed the admission contract and fails to make timely payment of the facility obligation, or knowingly fails to spenddown the resident's assets appropriately for the purpose of obtaining medical assistance, then the responsible party shall be liable to the facility for the resident's costs of care which are not paid for by medical assistance. A responsible party shall be personally liable only to the extent the resident's income or assets were misapplied.

(e) The admission contract must include written notice in the signature block, in bold capital letters, that a person other than the resident or financially responsible spouse may not be required by the facility to assume personal financial liability for the resident's care.

(f) This subdivision does not preclude the facility from obtaining the signature of a legal representative, if applicable.

Subd. 5. **Public benefits eligibility.** An admission contract must clearly and explicitly state whether the facility participates in the Medicare, medical assistance, or Veterans Administration programs. If the facility's participation in any of those programs is limited for any reason, the admission contract must clearly state the limitation and whether the facility is eligible to receive payment from the program for the person who is considering admission or who has been admitted to the facility.

Subd. 6. **Medical assistance payment.** (a) An admission contract for a facility that is certified for participation in the medical assistance program must state that neither the prospective resident, nor anyone on the resident's behalf, is required to pay privately any amount for which the resident's care at the facility has been approved for payment by medical assistance or to make any kind of donation, voluntary or otherwise. An admission contract must state that the facility does not require as a condition of admission, either in its admission contract or by oral promise before signing the admission contract, that residents remain in private pay status for any period of time.

(b) The admission contract must state that upon presentation of proof of eligibility, the facility will submit a medical assistance claim for reimbursement and will return any and all payments made by the resident, or by any person on the resident's behalf, for services covered by medical assistance, upon receipt of medical assistance payment.

(c) A facility that participates in the medical assistance program shall not charge for the day of the resident's discharge from the facility or subsequent days.

(d) If a facility's charges incurred by the resident are delinquent for 30 days, and no person has agreed to apply for medical assistance for the resident, the facility may petition the court under chapter 525 to appoint a representative for the resident in order to apply for medical assistance for the resident.

(e) The remedy provided in this subdivision does not preclude a facility from seeking any other remedy available under other laws of this state.

Subd. 7. **Consent to treatment.** An admission contract must not include a clause requiring a resident to sign a consent to all treatment ordered by any physician. An admission contract may require consent only for routine nursing care or emergency care. An admission contract must contain a clause that informs the resident of the right to refuse treatment.

Subd. 8. **Written acknowledgment.** An admission contract must contain a written acknowledgment that the resident has been informed of the patient's bill of rights, as required in section 144.652.

Subd. 9. **Violations; penalties.** (a) Violation of this section is grounds for issuance of a correction order, and if uncorrected, a penalty assessment issued by the commissioner of health, under section 144A.10. The civil fine for noncompliance with a correction order issued under this section is \$250 per day.

(b) Unless otherwise expressly provided, the remedies or penalties provided by this subdivision do not preclude a resident from seeking any other remedy and penalty available under other laws of this state.

Subd. 10. **Applicability.** This section applies to new admissions to facilities on and after October 1, 1989. This section does not require the execution of a new admission contract for a resident who was residing in a facility before June 1, 1989. However, provisions of the admission contract that are inconsistent with or in conflict with this section are voidable at the sole option of the resident. Residents must be given notice of the changes in admission contracts according to this section and must be given the opportunity to execute a new admission contract that conforms to this section.

History: 1989 c 285 s 2; 1990 c 426 art 1 s 19; 1995 c 136 s 1,2

SUBACUTE CARE WAIVERS

144.6505 SUBACUTE CARE WAIVERS.

Subdivision 1. **Subacute care; waiver from state and federal rules and regulations.** The commissioners of health and human services shall work with providers to examine

state and federal rules and regulations governing the provision of care in nursing facilities and apply for federal waivers and pursue state law changes to any impediments to the provision of subacute care in skilled nursing facilities.

Subd. 2. **Definition of subacute care.** (a) For the purpose of this section, "subacute care" means comprehensive inpatient care, as further defined in this subdivision, designed for persons who:

(1) have or have had an acute illness or accident, or an acute exacerbation of a chronic illness, and who require a moderate level of service intensity;

(2) do not require, or no longer require, technologically intensive diagnosis or management;

(3) have concurrent medical, nursing, and discharge and/or nondischarge oriented rehabilitation objectives that are expected to be achieved within a specified time; and

(4) require interdisciplinary management.

(b) Subacute care includes goal-oriented treatment rendered immediately after, or as an appropriate alternative to, acute hospitalization with the goal of transitioning patients towards increased independence or lower acuity level in a cost-effective environment; to treat one or more specific active complex medical conditions or to administer one or more technically complex treatments, in the context of a patient's underlying long-term conditions and overall situation.

(c) Subacute care does not generally depend heavily on high technology monitoring or complex diagnostic procedures.

(d) Subacute care requires the coordinated services of an interdisciplinary team including physicians, nurses, and other relevant professional disciplines, who are trained and knowledgeable to assess and manage these specific conditions and perform the necessary procedures.

(e) Subacute care is provided as part of a specifically defined program.

(f) Subacute care includes more intensive care than traditional nursing facility care and less intensive care than acute care and may be provided at a variety of sites, including hospitals and skilled nursing facilities.

(g) Subacute care requires recurrent patient assessment on a daily to weekly basis and review of the clinical course and treatment plan for a limited time period ranging from several days to several months, until the condition is stabilized or a predetermined treatment course is completed.

History: 1995 c 207 art 7 s 8; 1995 c 263 s 14

PATIENTS BILL OF RIGHTS

144.651 PATIENTS AND RESIDENTS OF HEALTH CARE FACILITIES; BILL OF RIGHTS.

Subdivision 1. **Legislative intent.** It is the intent of the legislature and the purpose of this section to promote the interests and well being of the patients and residents of health care facilities. No health care facility may require a patient or resident to waive these rights as a condition of admission to the facility. Any guardian or conservator of a patient or resident or, in the absence of a guardian or conservator, an interested person, may seek enforcement of these rights on behalf of a patient or resident. An interested person may also seek enforcement of these rights on behalf of a patient or resident who has a guardian or conservator through administrative agencies or in district court having jurisdiction over guardianships and conservatorships. Pending the outcome of an enforcement proceeding the health care facility may, in good faith, comply with the instructions of a guardian or conservator. It is the intent of this section that every patient's civil and religious liberties, including the right to independent personal decisions and knowledge of available choices, shall not be infringed and that the facility shall encourage and assist in the fullest possible exercise of these rights.

Subd. 2. **Definitions.** For the purposes of this section, "patient" means a person who is admitted to an acute care inpatient facility for a continuous period longer than

24 hours, for the purpose of diagnosis or treatment bearing on the physical or mental health of that person. "Patient" also means a minor who is admitted to a residential program as defined in section 253C.01. For purposes of subdivisions 1, 3 to 16, 18, 20 and 30, "patient" also means any person who is receiving mental health treatment on an outpatient basis or in a community support program or other community-based program. "Resident" means a person who is admitted to a nonacute care facility including extended care facilities, nursing homes, and boarding care homes for care required because of prolonged mental or physical illness or disability, recovery from injury or disease, or advancing age. For purposes of all subdivisions except subdivisions 28 and 29, "resident" also means a person who is admitted to a facility licensed as a board and lodging facility under Minnesota Rules, parts 4625.0100 to 4625.2355, or a supervised living facility under Minnesota Rules, parts 4665.0100 to 4665.9900, and which operates a rehabilitation program licensed under Minnesota Rules, parts 9530.4100 to 9530.4450.

Subd. 3. Public policy declaration. It is declared to be the public policy of this state that the interests of each patient and resident be protected by a declaration of a patients' bill of rights which shall include but not be limited to the rights specified in this section.

Subd. 4. Information about rights. Patients and residents shall, at admission, be told that there are legal rights for their protection during their stay at the facility or throughout their course of treatment and maintenance in the community and that these are described in an accompanying written statement of the applicable rights and responsibilities set forth in this section. In the case of patients admitted to residential programs as defined in section 253C.01, the written statement shall also describe the right of a person 16 years old or older to request release as provided in section 253B.04, subdivision 2, and shall list the names and telephone numbers of individuals and organizations that provide advocacy and legal services for patients in residential programs. Reasonable accommodations shall be made for those with communication impairments and those who speak a language other than English. Current facility policies, inspection findings of state and local health authorities, and further explanation of the written statement of rights shall be available to patients, residents, their guardians or their chosen representatives upon reasonable request to the administrator or other designated staff person, consistent with chapter 13, the Data Practices Act, and section 626.557, relating to vulnerable adults.

Subd. 5. Courteous treatment. Patients and residents have the right to be treated with courtesy and respect for their individuality by employees of or persons providing service in a health care facility.

Subd. 6. Appropriate health care. Patients and residents shall have the right to appropriate medical and personal care based on individual needs. Appropriate care for residents means care designed to enable residents to achieve their highest level of physical and mental functioning. This right is limited where the service is not reimbursable by public or private resources.

Subd. 7. Physician's identity. Patients and residents shall have or be given, in writing, the name, business address, telephone number, and specialty, if any, of the physician responsible for coordination of their care. In cases where it is medically inadvisable, as documented by the attending physician in a patient's or resident's care record, the information shall be given to the patient's or resident's guardian or other person designated by the patient or resident as a representative.

Subd. 8. Relationship with other health services. Patients and residents who receive services from an outside provider are entitled, upon request, to be told the identity of the provider. Residents shall be informed, in writing, of any health care services which are provided to those residents by individuals, corporations, or organizations other than their facility. Information shall include the name of the outside provider, the address, and a description of the service which may be rendered. In cases where it is medically inadvisable, as documented by the attending physician in a patient's or resident's care record, the information shall be given to the patient's or

resident's guardian or other person designated by the patient or resident as a representative.

Subd. 9. Information about treatment. Patients and residents shall be given by their physicians complete and current information concerning their diagnosis, treatment, alternatives, risks, and prognosis as required by the physician's legal duty to disclose. This information shall be in terms and language the patients or residents can reasonably be expected to understand. Patients and residents may be accompanied by a family member or other chosen representative. This information shall include the likely medical or major psychological results of the treatment and its alternatives. In cases where it is medically inadvisable, as documented by the attending physician in a patient's or resident's medical record, the information shall be given to the patient's or resident's guardian or other person designated by the patient or resident as a representative. Individuals have the right to refuse this information.

Every patient or resident suffering from any form of breast cancer shall be fully informed, prior to or at the time of admission and during her stay, of all alternative effective methods of treatment of which the treating physician is knowledgeable, including surgical, radiological, or chemotherapeutic treatments or combinations of treatments and the risks associated with each of those methods.

Subd. 10. Participation in planning treatment; notification of family members. (a) Patients and residents shall have the right to participate in the planning of their health care. This right includes the opportunity to discuss treatment and alternatives with individual caregivers, the opportunity to request and participate in formal care conferences, and the right to include a family member or other chosen representative. In the event that the patient or resident cannot be present, a family member or other representative chosen by the patient or resident may be included in such conferences.

(b) If a patient or resident who enters a facility is unconscious or comatose or is unable to communicate, the facility shall make reasonable efforts as required under paragraph (c) to notify either a family member or a person designated in writing by the patient as the person to contact in an emergency that the patient or resident has been admitted to the facility. The facility shall allow the family member to participate in treatment planning, unless the facility knows or has reason to believe the patient or resident has an effective advance directive to the contrary or knows the patient or resident has specified in writing that they do not want a family member included in treatment planning. After notifying a family member but prior to allowing a family member to participate in treatment planning, the facility must make reasonable efforts, consistent with reasonable medical practice, to determine if the patient or resident has executed an advance directive relative to the patient or resident's health care decisions. For purposes of this paragraph, "reasonable efforts" include:

(1) examining the personal effects of the patient or resident;

(2) examining the medical records of the patient or resident in the possession of the facility;

(3) inquiring of any emergency contact or family member contacted under this section whether the patient or resident has executed an advance directive and whether the patient or resident has a physician to whom the patient or resident normally goes for care; and

(4) inquiring of the physician to whom the patient or resident normally goes for care, if known, whether the patient or resident has executed an advance directive. If a facility notifies a family member or designated emergency contact or allows a family member to participate in treatment planning in accordance with this paragraph, the facility is not liable to the patient or resident for damages on the grounds that the notification of the family member or emergency contact or the participation of the family member was improper or violated the patient's privacy rights.

(c) In making reasonable efforts to notify a family member or designated emergency contact, the facility shall attempt to identify family members or a designated emergency contact by examining the personal effects of the patient or resident and the medical records of the patient or resident in the possession of the facility. If the facility

is unable to notify a family member or designated emergency contact within 24 hours after the admission, the facility shall notify the county social service agency or local law enforcement agency that the patient or resident has been admitted and the facility has been unable to notify a family member or designated emergency contact. The county social service agency and local law enforcement agency shall assist the facility in identifying and notifying a family member or designated emergency contact. A county social service agency or local law enforcement agency that assists a facility in implementing this subdivision is not liable to the patient or resident for damages on the grounds that the notification of the family member or emergency contact or the participation of the family member was improper or violated the patient's privacy rights.

Subd. 11. Continuity of care. Patients and residents shall have the right to be cared for with reasonable regularity and continuity of staff assignment as far as facility policy allows.

Subd. 12. Right to refuse care. Competent patients and residents shall have the right to refuse treatment based on the information required in subdivision 9. Residents who refuse treatment, medication, or dietary restrictions shall be informed of the likely medical or major psychological results of the refusal, with documentation in the individual medical record. In cases where a patient or resident is incapable of understanding the circumstances but has not been adjudicated incompetent, or when legal requirements limit the right to refuse treatment, the conditions and circumstances shall be fully documented by the attending physician in the patient's or resident's medical record.

Subd. 13. Experimental research. Written, informed consent must be obtained prior to a patient's or resident's participation in experimental research. Patients and residents have the right to refuse participation. Both consent and refusal shall be documented in the individual care record.

Subd. 14. Freedom from maltreatment. Patients and residents shall be free from maltreatment as defined in the Vulnerable Adults Protection Act. "Maltreatment" means conduct described in section 626.5572, subdivision 15, or the intentional and nontherapeutic infliction of physical pain or injury, or any persistent course of conduct intended to produce mental or emotional distress. Every patient and resident shall also be free from nontherapeutic chemical and physical restraints, except in fully documented emergencies, or as authorized in writing after examination by a patient's or resident's physician for a specified and limited period of time, and only when necessary to protect the resident from self-injury or injury to others.

Subd. 15. Treatment privacy. Patients and residents shall have the right to respectfulness and privacy as it relates to their medical and personal care program. Case discussion, consultation, examination, and treatment are confidential and shall be conducted discreetly. Privacy shall be respected during toileting, bathing, and other activities of personal hygiene, except as needed for patient or resident safety or assistance.

Subd. 16. Confidentiality of records. Patients and residents shall be assured confidential treatment of their personal and medical records, and may approve or refuse their release to any individual outside the facility. Residents shall be notified when personal records are requested by any individual outside the facility and may select someone to accompany them when the records or information are the subject of a personal interview. Copies of records and written information from the records shall be made available in accordance with this subdivision and section 144.335. This right does not apply to complaint investigations and inspections by the department of health, where required by third party payment contracts, or where otherwise provided by law.

Subd. 17. Disclosure of services available. Patients and residents shall be informed, prior to or at the time of admission and during their stay, of services which are included in the facility's basic per diem or daily room rate and that other services are available at additional charges. Facilities shall make every effort to assist patients and

MINNESOTA STATUTES 2002

residents in obtaining information regarding whether the medicare or medical assistance program will pay for any or all of the aforementioned services.

Subd. 18. **Responsive service.** Patients and residents shall have the right to a prompt and reasonable response to their questions and requests.

Subd. 19. **Personal privacy.** Patients and residents shall have the right to every consideration of their privacy, individuality, and cultural identity as related to their social, religious, and psychological well-being. Facility staff shall respect the privacy of a resident's room by knocking on the door and seeking consent before entering, except in an emergency or where clearly inadvisable.

Subd. 20. **Grievances.** Patients and residents shall be encouraged and assisted, throughout their stay in a facility or their course of treatment, to understand and exercise their rights as patients, residents, and citizens. Patients and residents may voice grievances and recommend changes in policies and services to facility staff and others of their choice, free from restraint, interference, coercion, discrimination, or reprisal, including threat of discharge. Notice of the grievance procedure of the facility or program, as well as addresses and telephone numbers for the office of health facility complaints and the area nursing home ombudsman pursuant to the Older Americans Act, section 307(a)(12) shall be posted in a conspicuous place.

Every acute care inpatient facility, every residential program as defined in section 253C.01, every nonacute care facility, and every facility employing more than two people that provides outpatient mental health services shall have a written internal grievance procedure that, at a minimum, sets forth the process to be followed; specifies time limits, including time limits for facility response; provides for the patient or resident to have the assistance of an advocate; requires a written response to written grievances; and provides for a timely decision by an impartial decision maker if the grievance is not otherwise resolved. Compliance by hospitals, residential programs as defined in section 253C.01 which are hospital-based primary treatment programs, and outpatient surgery centers with section 144.691 and compliance by health maintenance organizations with section 62D.11 is deemed to be compliance with the requirement for a written internal grievance procedure.

Subd. 21. **Communication privacy.** Patients and residents may associate and communicate privately with persons of their choice and enter and, except as provided by the Minnesota Commitment Act, leave the facility as they choose. Patients and residents shall have access, at their expense, to writing instruments, stationery, and postage. Personal mail shall be sent without interference and received unopened unless medically or programmatically contraindicated and documented by the physician in the medical record. There shall be access to a telephone where patients and residents can make and receive calls as well as speak privately. Facilities which are unable to provide a private area shall make reasonable arrangements to accommodate the privacy of patients' or residents' calls. Upon admission to a facility where federal law prohibits unauthorized disclosure of patient or resident identifying information to callers and visitors, the patient or resident, or the legal guardian or conservator of the patient or resident, shall be given the opportunity to authorize disclosure of the patient's or resident's presence in the facility to callers and visitors who may seek to communicate with the patient or resident. To the extent possible, the legal guardian or conservator of a patient or resident shall consider the opinions of the patient or resident regarding the disclosure of the patient's or resident's presence in the facility. This right is limited where medically inadvisable, as documented by the attending physician in a patient's or resident's care record. Where programmatically limited by a facility abuse prevention plan pursuant to section 626.557, subdivision 14, paragraph (b), this right shall also be limited accordingly.

Subd. 22. **Personal property.** Patients and residents may retain and use their personal clothing and possessions as space permits, unless to do so would infringe upon rights of other patients or residents, and unless medically or programmatically contraindicated for documented medical, safety, or programmatic reasons. The facility must either maintain a central locked depository or provide individual locked storage areas

in which residents may store their valuables for safekeeping. The facility may, but is not required to, provide compensation for or replacement of lost or stolen items.

Subd. 23. **Services for the facility.** Patients and residents shall not perform labor or services for the facility unless those activities are included for therapeutic purposes and appropriately goal-related in their individual medical record.

Subd. 24. **Choice of supplier.** Residents may purchase or rent goods or services not included in the per diem rate from a supplier of their choice unless otherwise provided by law. The supplier shall ensure that these purchases are sufficient to meet the medical or treatment needs of the residents.

Subd. 25. **Financial affairs.** Competent residents may manage their personal financial affairs, or shall be given at least a quarterly accounting of financial transactions on their behalf if they delegate this responsibility in accordance with the laws of Minnesota to the facility for any period of time.

Subd. 26. **Right to associate.** Residents may meet with visitors and participate in activities of commercial, religious, political, as defined in section 203B.11 and community groups without interference at their discretion if the activities do not infringe on the right to privacy of other residents or are not programmatically contraindicated. This includes the right to join with other individuals within and outside the facility to work for improvements in long-term care. Upon admission to a facility where federal law prohibits unauthorized disclosure of patient or resident identifying information to callers and visitors, the patient or resident, or the legal guardian or conservator of the patient or resident, shall be given the opportunity to authorize disclosure of the patient's or resident's presence in the facility to callers and visitors who may seek to communicate with the patient or resident. To the extent possible, the legal guardian or conservator of a patient or resident shall consider the opinions of the patient or resident regarding the disclosure of the patient's or resident's presence in the facility.

Subd. 27. **Advisory councils.** Residents and their families shall have the right to organize, maintain, and participate in resident advisory and family councils. Each facility shall provide assistance and space for meetings. Council meetings shall be afforded privacy, with staff or visitors attending only upon the council's invitation. A staff person shall be designated the responsibility of providing this assistance and responding to written requests which result from council meetings. Resident and family councils shall be encouraged to make recommendations regarding facility policies.

Subd. 28. **Married residents.** Residents, if married, shall be assured privacy for visits by their spouses and, if both spouses are residents of the facility, they shall be permitted to share a room, unless medically contraindicated and documented by their physicians in the medical records.

Subd. 29. **Transfers and discharges.** Residents shall not be arbitrarily transferred or discharged. Residents must be notified, in writing, of the proposed discharge or transfer and its justification no later than 30 days before discharge from the facility and seven days before transfer to another room within the facility. This notice shall include the resident's right to contest the proposed action, with the address and telephone number of the area nursing home ombudsman pursuant to the Older Americans Act, section 307(a)(12). The resident, informed of this right, may choose to relocate before the notice period ends. The notice period may be shortened in situations outside the facility's control, such as a determination by utilization review, the accommodation of newly-admitted residents, a change in the resident's medical or treatment program, the resident's own or another resident's welfare, or nonpayment for stay unless prohibited by the public program or programs paying for the resident's care, as documented in the medical record. Facilities shall make a reasonable effort to accommodate new residents without disrupting room assignments.

Subd. 30. **Protection and advocacy services.** Patients and residents shall have the right of reasonable access at reasonable times to any available rights protection services and advocacy services so that the patient may receive assistance in understanding, exercising, and protecting the rights described in this section and in other law. This

right shall include the opportunity for private communication between the patient and a representative of the rights protection service or advocacy service.

Subd. 31. Isolation and restraints. A minor patient who has been admitted to a residential program as defined in section 253C.01 has the right to be free from physical restraint and isolation except in emergency situations involving a likelihood that the patient will physically harm the patient's self or others. These procedures may not be used for disciplinary purposes, to enforce program rules, or for the convenience of staff. Isolation or restraint may be used only upon the prior authorization of a physician, psychiatrist, or licensed psychologist, only when less restrictive measures are ineffective or not feasible and only for the shortest time necessary.

Subd. 32. Treatment plan. A minor patient who has been admitted to a residential program as defined in section 253C.01 has the right to a written treatment plan that describes in behavioral terms the case problems, the precise goals of the plan, and the procedures that will be utilized to minimize the length of time that the minor requires inpatient treatment. The plan shall also state goals for release to a less restrictive facility and follow-up treatment measures and services, if appropriate. To the degree possible, the minor patient and the minor patient's parents or guardian shall be involved in the development of the treatment and discharge plan.

Subd. 33. Restraints. (a) Competent nursing home residents, family members of residents who are not competent, and legally appointed conservators, guardians, and health care agents as defined under section 145C.01, have the right to request and consent to the use of a physical restraint in order to treat the medical symptoms of the resident.

(b) Upon receiving a request for a physical restraint, a nursing home shall inform the resident, family member, or legal representative of alternatives to and the risks involved with physical restraint use. The nursing home shall provide a physical restraint to a resident only upon receipt of a signed consent form authorizing restraint use and a written order from the attending physician that contains statements and determinations regarding medical symptoms and specifies the circumstances under which restraints are to be used.

(c) A nursing home providing a restraint under paragraph (b) must:

- (1) document that the procedures outlined in that paragraph have been followed;
- (2) monitor the use of the restraint by the resident; and
- (3) periodically, in consultation with the resident, the family, and the attending physician, reevaluate the resident's need for the restraint.

(d) A nursing home shall not be subject to fines, civil money penalties, or other state or federal survey enforcement remedies solely as the result of allowing the use of a physical restraint as authorized in this subdivision. Nothing in this subdivision shall preclude the commissioner from taking action to protect the health and safety of a resident if:

(1) the use of the restraint has jeopardized the health and safety of the resident; and

(2) the nursing home failed to take reasonable measures to protect the health and safety of the resident.

(e) For purposes of this subdivision, "medical symptoms" include:

- (1) a concern for the physical safety of the resident; and
- (2) physical or psychological needs expressed by a resident. A resident's fear of falling may be the basis of a medical symptom.

A written order from the attending physician that contains statements and determinations regarding medical symptoms is sufficient evidence of the medical necessity of the physical restraint.

(f) When determining nursing facility compliance with state and federal standards for the use of physical restraints, the commissioner of health is bound by the statements and determinations contained in the attending physician's order regarding medical

symptoms. For purposes of this order, "medical symptoms" include the request by a competent resident, family member of a resident who is not competent, or legally appointed conservator, guardian, or health care agent as defined under section 145C.01; that the facility provide a physical restraint in order to enhance the physical safety of the resident.

History: 1973 c 688 s 1; 1976 c 274 s 1; 1982 c 504 s 1; 1983 c 248 s 1; 1984 c 654 art 5 s 8; 1984 c 657 s 1; 1986 c 326 s 1-6; 1986 c 444; 1989 c 186 s 1; 1989 c 282 art 3 s 5; 1991 c 255 s 19; 1993 c 54 s 1-3; 1995 c 136 s 3,4; 1995 c 189 s 8; 1995 c 229 art 4 s 5,6; 1996 c 277 s 1; 1998 c 254 art 2 s 10; 1999 c 83 s 1

144.652 BILL OF RIGHTS NOTICE TO PATIENT OR RESIDENT; VIOLATION.

Subdivision 1. **Distribution; posting.** Except as provided below, section 144.651 shall be posted conspicuously in a public place in all facilities licensed under the provisions of sections 144.50 to 144.58, or 144A.02. Copies of the law shall be furnished the patient or resident and the patient or resident's guardian or conservator upon admittance to the facility. Facilities providing services to patients may delete section 144.651, subdivisions 24 to 29, and those portions of other subdivisions that apply only to residents, from copies posted or distributed to patients with appropriate notation that residents have additional rights under law. The policy statement shall include the address and telephone number of the board of medical practice and/or the name and phone number of the person within the facility to whom inquiries about the medical care received may be directed. The notice shall include a brief statement describing how to file a complaint with the office of health facility complaints established pursuant to section 144A.52 concerning a violation of section 144.651 or any other state statute or rule. This notice shall include the address and phone number of the office of health facility complaints.

Subd. 2. **Correction order; emergencies.** A substantial violation of the rights of any patient or resident as defined in section 144.651, shall be grounds for issuance of a correction order pursuant to section 144.653 or 144A.10. The issuance or nonissuance of a correction order shall not preclude, diminish, enlarge, or otherwise alter private action by or on behalf of a patient or resident to enforce any unreasonable violation of the patient's or resident's rights. Compliance with the provisions of section 144.651 shall not be required whenever emergency conditions, as documented by the attending physician in a patient's medical record or a resident's care record, indicate immediate medical treatment, including but not limited to surgical procedures, is necessary and it is impossible or impractical to comply with the provisions of section 144.651 because delay would endanger the patient's or resident's life, health, or safety.

History: 1973 c 688 s 2; 1976 c 173 s 41; 1976 c 222 s 28; 1976 c 274 s 2; 1977 c 326 s 1; 1983 c 248 s 2; 1986 c 444; 1991 c 106 s 6

144.653 RULES; PERIODIC INSPECTIONS; ENFORCEMENT.

Subdivision 1. **Rules.** The state commissioner of health is the exclusive state agency charged with the responsibility and duty of inspecting all facilities required to be licensed under the provisions of sections 144.50 to 144.58. The state commissioner of health shall enforce its rules subject only to the authority of the department of public safety respecting the enforcement of fire and safety standards in licensed health care facilities and the responsibility of the commissioner of human services pursuant to sections 245A.01 to 245A.16 and 252.28.

Subd. 2. **Periodic inspection.** All facilities required to be licensed under the provisions of sections 144.50 to 144.58 shall be periodically inspected by the state commissioner of health to ensure compliance with rules and standards. Inspections shall occur at different times throughout the calendar year. The commissioner of health may enter into agreements with political subdivisions providing for the inspection of such facilities by locally employed inspectors.

The commissioner of health shall conduct inspections and reinspections of facilities licensed under the provisions of sections 144.50 to 144.56 with a frequency and in a

manner calculated to produce the greatest benefit to residents within the limits of the resources available to the commissioner. In performing this function, the commissioner may devote proportionately more resources to the inspection of those facilities in which conditions present the most serious concerns with respect to resident health, treatment, comfort, safety, and well-being.

These conditions include but are not limited to: change in ownership; frequent change in administration in excess of normal turnover rates; complaints about care, safety, or rights; where previous inspections or reinspections have resulted in correction orders related to care, safety, or rights; and, where persons involved in ownership or administration of the facility have been indicted for alleged criminal activity. Any health care facility that has none of the above conditions or any other condition established by the commissioner that poses a risk to resident care, safety, or rights shall be inspected once every two years.

Subd. 3. Enforcement. With the exception of the department of public safety which has the exclusive jurisdiction to enforce state fire and safety standards, the state commissioner of health is the exclusive state agency charged with the responsibility and duty of inspecting facilities required to be licensed under the provisions of sections 144.50 to 144.58 and enforcing the rules and standards prescribed by it.

The commissioner may request and must be given access to relevant information, records, incident reports, or other documents in the possession of a licensed facility if the commissioner considers them necessary for the discharge of responsibilities. For the purposes of inspections and securing information to determine compliance with the licensure laws and rules, the commissioner need not present a release, waiver, or consent of the individual. The identities of patients or residents must be kept private as defined by section 13.02, subdivision 12.

Subd. 4. Without notice. One or more unannounced inspections of each facility required to be licensed under the provisions of sections 144.50 to 144.58 shall be made annually.

Subd. 5. Correction orders. Whenever a duly authorized representative of the state commissioner of health finds upon inspection of a facility required to be licensed under the provisions of sections 144.50 to 144.58 that the licensee of such facility is not in compliance with sections 144.411 to 144.417, 144.50 to 144.58, 144.651, or 626.557, or the applicable rules promulgated under those sections, a correction order shall be issued to the licensee. The correction order shall state the deficiency, cite the specific rule violated, and specify the time allowed for correction.

Subd. 6. Reinspections; fines. If upon reinspection it is found that the licensee of a facility required to be licensed under the provisions of sections 144.50 to 144.58 has not corrected deficiencies specified in the correction order, a notice of noncompliance with a correction order shall be issued stating all deficiencies not corrected. Unless a hearing is requested under subdivision 8, the licensee shall forfeit to the state within 15 days after receipt by the licensee of such notice of noncompliance with a correction order up to \$1,000 for each deficiency not corrected. For each subsequent reinspection, the licensee may be fined an additional amount for each deficiency which has not been corrected. All forfeitures shall be paid into the general fund. The commissioner of health shall promulgate by rule a schedule of fines applicable for each type of uncorrected deficiency.

Subd. 7. Recovery. Any unpaid forfeitures may be recovered by the attorney general.

Subd. 8. Hearings. A licensee of a facility required to be licensed under the provisions of sections 144.50 to 144.58 is entitled to a hearing on any notice of noncompliance with a correction order issued to the licensee as a result of a reinspection, provided that the licensee makes a written request therefor within 15 days of receipt by the licensee of the notice of noncompliance with a correction order. Failure to request a hearing shall result in the forfeiture of a penalty as determined by the commissioner of health in accordance with subdivision 6. A request for a hearing shall operate as a stay during the hearing and review process of the payment of any

forfeiture provided for in this section. Upon receipt of the request for a hearing, a hearing officer, who shall not be an employee of the state commissioner of health, shall be appointed by the state commissioner of health, and the hearing officer shall promptly schedule a hearing on the matter, giving at least ten days' notice of the date, time, and place of the hearing to the licensee. Upon determining that the licensee of a facility required to be licensed under sections 144.50 to 144.58 has not corrected the deficiency specified in the correction order, the hearing officer shall impose a penalty as determined by the commissioner of health in accordance with subdivision 6. The hearing and review thereof shall be in accordance with the relevant provisions of the Administrative Procedure Act.

Subd. 9. **Nonlimiting.** Nothing in this section shall be construed to limit the powers granted to the state commissioner of health in section 144.55.

History: 1973 c 688 s 3; 1975 c 310 s 6,7,37; 1976 c 173 s 42; 1977 c 305 s 45; 1Sp1981 c 4 art 1 s 76; 1983 c 312 art 1 s 16; 1984 c 654 art 5 s 58; 1985 c 248 s 70; 1986 c 444; 1987 c 209 s 23; 1989 c 209 art 2 s 1; 1991 c 286 s 4

144.6535 VARIANCE OR WAIVER.

Subdivision 1. **Request for variance or waiver.** A hospital may request that the commissioner grant a variance or waiver from the provisions of Minnesota Rules, chapter 4640 or 4645. A request for a variance or waiver must be submitted to the commissioner in writing. Each request must contain:

- (1) the specific rule or rules for which the variance or waiver is requested;
- (2) the reasons for the request;
- (3) the alternative measures that will be taken if a variance or waiver is granted;
- (4) the length of time for which the variance or waiver is requested; and
- (5) other relevant information deemed necessary by the commissioner to properly evaluate the request for the variance or waiver.

Subd. 2. **Criteria for evaluation.** The decision to grant or deny a variance or waiver must be based on the commissioner's evaluation of the following criteria:

- (1) whether the variance or waiver will adversely affect the health, treatment, comfort, safety, or well-being of a patient;
- (2) whether the alternative measures to be taken, if any, are equivalent to or superior to those prescribed in Minnesota Rules, chapter 4640 or 4645; and
- (3) whether compliance with the rule or rules would impose an undue burden upon the applicant.

Subd. 3. **Notification of variance.** The commissioner must notify the applicant in writing of the decision. If a variance or waiver is granted, the notification must specify the period of time for which the variance or waiver is effective and the alternative measures or conditions, if any, to be met by the applicant.

Subd. 4. **Effect of alternative measures or conditions.** (a) Alternative measures or conditions attached to a variance or waiver have the same force and effect as the rules under Minnesota Rules, chapter 4640 or 4645, and are subject to the issuance of correction orders and penalty assessments in accordance with section 144.55.

(b) Fines for a violation of this section shall be in the same amount as that specified for the particular rule for which the variance or waiver was requested.

Subd. 5. **Renewal.** A request for renewal of a variance or waiver must be submitted in writing at least 45 days before its expiration date. Renewal requests must contain the information specified in subdivision 1. A variance or waiver must be renewed by the commissioner if the applicant continues to satisfy the criteria in subdivision 2 and the alternative measures or conditions, if any, specified under subdivision 3 and demonstrates compliance with the alternative measures or conditions imposed at the time the original variance or waiver was granted.

Subd. 6. **Denial, revocation, or refusal to renew.** The commissioner must deny, revoke, or refuse to renew a variance or waiver if it is determined that the criteria in

subdivision 2 or the alternative measures or conditions, if any, specified under subdivision 3 are not met. The applicant must be notified in writing of the reasons for the decision and informed of the right to appeal the decision.

Subd. 7. **Appeal procedure.** An applicant may contest the denial, revocation, or refusal to renew a variance or waiver by requesting a contested case hearing under chapter 14. The applicant must submit, within 15 days of the receipt of the commissioner's decision, a written request for a hearing. The request for hearing must set forth in detail the reasons why the applicant contends the decision of the commissioner should be reversed or modified. At the hearing, the applicant has the burden of proving that it satisfied the criteria specified in subdivision 2 or the alternative measures or conditions, if any, specified under subdivision 3, except in a proceeding challenging the revocation of a variance or waiver.

History: 2001 c 29 s 1

144.654 EXPERTS MAY BE EMPLOYED.

The state commissioner of health may employ experts in the field of health care to assist the staffs of facilities required to be licensed under the provisions of sections 144.50 to 144.58, or 144A.02, in programming and providing adequate care of the patients and residents of the facility. Alternate methods of care for patients and residents of the facilities shall be researched by the state commissioner of health using the knowledge and experience of experts employed therefor.

History: 1973 c 688 s 4; 1976 c 173 s 43; 1977 c 305 s 45

144.655 PROGRAM FOR VOLUNTARY MEDICAL AID.

Licensed physicians may visit a facility required to be licensed under the provisions of sections 144.50 to 144.58, or 144A.02, and examine patients and residents thereof under a program which shall be established by the state commissioner of health and regulated and governed by rules promulgated by the state commissioner of health pursuant to the Administrative Procedure Act. The rules shall protect the privacy of patients and residents of facilities. No patient or resident of any facility shall be required to submit to an examination under the program. The state commissioner of health shall consult with medical schools and other experts for the purpose of establishing the program. The state commissioner of health shall encourage the active participation of all licensed physicians on a voluntary basis in the program.

History: 1973 c 688 s 5; 1976 c 173 s 44; 1977 c 305 s 45

144.656 EMPLOYEES TO BE COMPENSATED.

All employees of facilities required to be licensed under the provisions of sections 144.50 to 144.58, or 144A.02, participating in orientation programs or in in-service training provided by the facility shall be compensated therefor at their regular rate of pay, provided, however, that this section will be effective only to the extent that facilities are reimbursed for the compensation by the commissioner of human services in the proportion of welfare to total residents and patients in the facility.

History: 1973 c 688 s 6; 1976 c 173 s 45; 1984 c 654 art 5 s 58

144.657 VOLUNTEER EFFORTS ENCOURAGED.

The state commissioner of health, through the dissemination of information to appropriate organizations, shall encourage citizens to promote improved care in facilities required to be licensed under the provisions of sections 144.50 to 144.58, or 144A.02, throughout the state.

History: 1973 c 688 s 7; 1976 c 173 s 46; 1977 c 305 s 45

144.658 EPIDEMIOLOGIC DATA DISCOVERY.

Notwithstanding any law to the contrary, health data on an individual collected by public health officials conducting an epidemiologic investigation to reduce morbidity or mortality is not subject to discovery in a legal action.

History: 1985 c 298 s 41

144.6581 DETERMINATION OF WHETHER DATA IDENTIFIES INDIVIDUALS.

The commissioner of health may: (1) withhold access to health or epidemiologic data if the commissioner determines the data are data on an individual, as defined in section 13.02, subdivision 5; or (2) grant access to health or epidemiologic data, if the commissioner determines the data are summary data as defined in section 13.02, subdivision 19. In the exercise of this discretion, the commissioner shall consider whether the data requested, alone or in combination, may constitute information from which an individual subject of data may be identified using epidemiologic methods. In making this determination, the commissioner shall consider disease incidence, associated risk factors for illness, and similar factors unique to the data by which it could be linked to a specific subject of the data. This discretion is limited to health or epidemiologic data maintained by the commissioner of health or a board of health, as defined in section 145A.02.

History: 1993 c 351 s 26

144.6585 IDENTIFICATION OF HEALTH CARE PROVIDERS.

Any health care provider who is licensed, credentialed, or registered by a health-related licensing board as defined under section 214.01, subdivision 2, must wear a name tag that indicates by words, letters, abbreviations, or insignia the profession or occupation of the individual. The name tag must be worn whenever the health care provider is rendering health services to a patient, unless wearing the name tag would create a safety or health risk to the patient. The failure to wear a name tag is not reportable under chapter 214.

History: 1997 c 237 s 15

144.659 [Repealed, 1982 c 419 s 2]

144.66 [Repealed, 1987 c 403 art 2 s 164]

TRAUMATIC BRAIN AND SPINAL CORD INJURIES**144.661 DEFINITIONS.**

Subdivision 1. **Scope.** For purposes of sections 144.661 to 144.665, the following terms have the meanings given them.

Subd. 2. **Traumatic brain injury.** "Traumatic brain injury" means a sudden insult or damage to the brain or its coverings caused by an external physical force which may produce a diminished or altered state of consciousness and which results in the following disabilities:

- (1) impairment of cognitive or mental abilities;
- (2) impairment of physical functioning; or
- (3) disturbance of behavioral or emotional functioning.

These disabilities may be temporary or permanent and may result in partial or total loss of function. "Traumatic brain injury" does not include injuries of a degenerative or congenital nature.

Subd. 3. **Spinal cord injury.** "Spinal cord injury" means an injury that occurs as a result of trauma which may involve spinal vertebral fracture and where the injured person suffers an acute, traumatic lesion of neural elements in the spinal canal, resulting in any degree of temporary or permanent sensory deficit, motor deficit, or bladder or bowel dysfunction. "Spinal cord injury" does not include intervertebral disc disease.

History: 1991 c 292 art 2 s 5

144.662 TRAUMATIC BRAIN INJURY AND SPINAL CORD INJURY REGISTRY; PURPOSE.

The commissioner of health shall establish and maintain a central registry of persons who sustain traumatic brain injury or spinal cord injury. The purpose of the registry is to:

(1) collect information to facilitate the development of injury prevention, treatment, and rehabilitation programs; and

(2) ensure the provision to persons with traumatic brain injury or spinal cord injury of information regarding appropriate public or private agencies that provide rehabilitative services so that injured persons may obtain needed services to alleviate injuries and avoid secondary problems, such as mental illness and chemical dependency.

History: 1991 c 292 art 2 s 6

144.663 DUTY TO REPORT.

Subdivision 1. **Establishment of reporting system.** The commissioner shall design and establish a reporting system which designates either the treating hospital, medical facility, or physician to report to the department within a reasonable period of time after the identification of a person with traumatic brain injury or spinal cord injury. The consent of the injured person is not required.

Subd. 2. **Information.** The report must be submitted on forms provided by the department and must include the following information:

- (1) the name, age, and residence of the injured person;
- (2) the date and cause of the injury;
- (3) the initial diagnosis; and
- (4) other information required by the commissioner.

Subd. 3. **Reporting without liability.** The furnishing of information required by the commissioner shall not subject any person or facility required to report to any action for damages or other relief, provided that the person or facility is acting in good faith.

History: 1991 c 292 art 2 s 7

144.664 DUTIES OF COMMISSIONER.

Subdivision 1. **Studies.** The commissioner shall collect injury incidence information, analyze the information, and conduct special studies regarding traumatic brain injury and spinal cord injury.

Subd. 2. **Provision of data.** The commissioner shall provide summary registry data to public and private entities to conduct studies using data collected by the registry. The commissioner may charge a fee under section 13.03, subdivision 3, for all out-of-pocket expenses associated with the provision of data or data analysis.

Subd. 3. **Notification.** Within five days of receiving a report of traumatic brain injury or spinal cord injury, the commissioner shall notify the injured person or the injured person's family of resources and services available in Minnesota, pursuant to section 144.662, clause (2).

Subd. 4. [Repealed, 1999 c 86 art 2 s 6]

Subd. 5. **Rules.** The commissioner shall adopt rules to administer the registry, collect information, and distribute data. The rules must include, but are not limited to, the following:

- (1) the specific ICD-9 procedure codes included in the definitions of "traumatic brain injury" and "spinal cord injury";
- (2) the type of data to be reported;
- (3) standards for reporting specific types of data;
- (4) the persons and facilities required to report and the time period in which reports must be submitted;
- (5) criteria relating to the use of registry data by public and private entities engaged in research; and
- (6) specification of fees to be charged under section 13.03, subdivision 3, for out-of-pocket expenses.

History: 1991 c 292 art 2 s 8; 1994 c 483 s 1; 1997 c 205 s 22

144.665 TRAUMATIC BRAIN INJURY AND SPINAL CORD INJURY DATA.

Data on individuals collected by the commissioner of health under sections 144.662 to 144.664 are private data on individuals as defined in section 13.02, subdivision 12, and may be used only for the purposes set forth in sections 144.662 to 144.664 in accordance with the rules adopted by the commissioner.

History: 1991 c 292 art 2 s 9; 1994 c 483 s 1; 1997 c 205 s 23

144.67 [Repealed, 1987 c 403 art 2 s 164]

CANCER SURVEILLANCE SYSTEM**144.671 CANCER SURVEILLANCE SYSTEM; PURPOSE.**

The commissioner of health shall establish a statewide population-based cancer surveillance system. The purpose of this system is to:

- (1) monitor incidence trends of cancer to detect potential public health problems, predict risks, and assist in investigating cancer clusters;
- (2) more accurately target intervention resources for communities and patients and their families;
- (3) inform health professionals and citizens about risks, early detection, and treatment of cancers known to be elevated in their communities; and
- (4) promote high quality research to provide better information for cancer control and to address public concerns and questions about cancer.

History: 1987 c 403 art 2 s 9

144.672 DUTIES OF COMMISSIONER; RULES.

Subdivision 1. **Rule authority.** The commissioner of health shall collect cancer incidence information, analyze the information, and conduct special studies designed to determine the potential public health significance of an increase in cancer incidence.

The commissioner shall adopt rules to administer the system, collect information, and distribute data. The rules must include, but not be limited to, the following:

- (1) the type of data to be reported;
- (2) standards for reporting specific types of data;
- (3) payments allowed to hospitals, pathologists, and registry systems to defray their costs in providing information to the system;
- (4) criteria relating to contracts made with outside entities to conduct studies using data collected by the system. The criteria may include requirements for a written protocol outlining the purpose and public benefit of the study, the description, methods, and projected results of the study, peer review by other scientists, the methods and facilities to protect the privacy of the data, and the qualifications of the researcher proposing to undertake the study; and
- (5) specification of fees to be charged under section 13.03, subdivision 3, for all out-of-pocket expenses for data summaries or specific analyses of data requested by public and private agencies, organizations, and individuals, and which are not otherwise included in the commissioner's annual summary reports. Fees collected are appropriated to the commissioner to offset the cost of providing the data.

Subd. 2. **Biennial report required.** The commissioner of health shall prepare and transmit to the governor and to members of the legislature under section 3.195, a biennial report on the incidence of cancer in Minnesota and a compilation of summaries and reports from special studies and investigations performed to determine the potential public health significance of an increase in cancer incidence, together with any findings and recommendations. The first report shall be delivered by February

1989, with subsequent reports due in February of each of the following odd-numbered years.

History: 1987 c 403 art 2 s 10; 1988 c 629 s 37; 1994 c 411 s 1; 1997 c 192 s 24; 2001 c 161 s 21

144.68 RECORDS AND REPORTS REQUIRED.

Subdivision 1. **Person practicing healing arts.** Every person licensed to practice the healing arts in any form, upon request of the commissioner of health, shall prepare and forward to the commissioner, in the manner and at such times as the commissioner designates, a detailed record of each case of cancer treated or seen by the person professionally.

Subd. 2. **Hospitals and similar institutions.** Every hospital, medical clinic, medical laboratory, or other institution for the hospitalization, clinical or laboratory diagnosis, or care of human beings, upon request of the commissioner of health, shall prepare and forward to the commissioner, in the manner and at the times designated by the commissioner, a detailed record of each case of cancer.

Subd. 3. **Reporting without liability.** The furnishing of the information required under subdivisions 1 and 2 shall not subject the person, hospital, medical clinic, medical laboratory, or other institution furnishing the information, to any action for damages or other relief.

History: 1949 c 350 s 3; 1976 c 173 s 47,48; 1977 c 305 s 45; 1986 c 444; 1987 c 403 art 2 s 11

144.69 CLASSIFICATION OF DATA ON INDIVIDUALS.

Notwithstanding any law to the contrary, including section 13.05, subdivision 9, data collected on individuals by the cancer surveillance system, including the names and personal identifiers of persons required in section 144.68 to report, shall be private and may only be used for the purposes set forth in this section and sections 144.671, 144.672, and 144.68. Any disclosure other than is provided for in this section and sections 144.671, 144.672, and 144.68, is declared to be a misdemeanor and punishable as such. Except as provided by rule, and as part of an epidemiologic investigation, an officer or employee of the commissioner of health may interview patients named in any such report, or relatives of any such patient, only after the consent of the attending physician or surgeon is obtained.

History: 1949 c 350 s 4; 1987 c 403 art 2 s 12

144.6905 [Repealed, 2002 c 220 art 16 s 3]

144.691 GRIEVANCE PROCEDURES.

Subdivision 1. **Facilities.** Every hospital licensed as such pursuant to sections 144.50 to 144.56, and every outpatient surgery center shall establish a grievance or complaint mechanism designed to process and resolve promptly and effectively grievances by patients or their representatives related to billing, inadequacies of treatment, and other factors which may have an impact on the incidence of malpractice claims and suits.

For the purposes of sections 144.691 to 144.693, "outpatient surgery center" shall mean a free standing facility organized for the specific purpose of providing elective outpatient surgery for preexamined prediagnosed low risk patients. Services provided at an outpatient surgery center shall be limited to surgical procedures which utilize local or general anesthesia and which do not require overnight inpatient care. "Outpatient surgery center" does not mean emergency medical services, or physician or dentist offices.

Subd. 2. **Patient notice.** Each patient receiving treatment at a hospital or an outpatient surgery center shall be notified of the grievance or complaint mechanism which is available to the patient.

Subd. 3. **Rules.** The state commissioner of health shall, by January 1, 1977, establish by rule promulgated pursuant to chapter 15:

(a) Minimum standards and procedural requirements for grievance and complaint mechanism;

(b) A list of patient complaints which may be processed through a complaint or grievance mechanism;

(c) The form and manner in which patient notices shall be made; and

(d) A schedule of fines, not to exceed \$200 per offense, for the failure of a hospital or outpatient surgery center to comply with the provisions of this section.

Subd. 4. [Repealed, 1996 c 451 art 4 s 71]

History: 1976 c 325 s 8; 1977 c 305 s 45; 1981 c 311 s 39; 1982 c 545 s 24; 1986 c 444

144.692 [Repealed, 1987 c 209 s 40]

144.693 MEDICAL MALPRACTICE CLAIMS; REPORTS.

Subdivision 1. **Insurers' reports to commissioner.** On or before September 1, 1976, and on or before March 1 and September 1 of each year thereafter, each insurer providing professional liability insurance to one or more hospitals, outpatient surgery centers, or health maintenance organizations, shall submit to the state commissioner of health a report listing by facility or organization all claims which have been closed by or filed with the insurer during the period ending December 31 of the previous year or June 30 of the current year. The report shall contain, but not be limited to, the following information:

(a) The total number of claims made against each facility or organization which were filed or closed during the reporting period;

(b) The date each new claim was filed with the insurer;

(c) The allegations contained in each claim filed during the reporting period;

(d) The disposition and closing date of each claim closed during the reporting period;

(e) The dollar amount of the award or settlement for each claim closed during the reporting period; and

(f) Any other information the commissioner of health may, by rule, require.

Any hospital, outpatient surgery center, or health maintenance organization which is self insured shall be considered to be an insurer for the purposes of this section and shall comply with the reporting provisions of this section.

A report from an insurer submitted pursuant to this section is private data, as defined in section 13.02, subdivision 12, accessible to the facility or organization which is the subject of the data, and to its authorized agents. Any data relating to patient records which is reported to the state commissioner of health pursuant to this section shall be reported in the form of summary data, as defined in section 13.02, subdivision 19.

Subd. 2. **Report to legislature.** The state commissioner of health shall collect and review the data reported pursuant to subdivision 1. On December 1, 1976, and on January 2 of each year thereafter, the state commissioner of health shall report to the legislature the findings related to the incidence and size of malpractice claims against hospitals, outpatient surgery centers, and health maintenance organizations, and shall make any appropriate recommendations to reduce the incidence and size of the claims. Data published by the state commissioner of health pursuant to this subdivision with respect to malpractice claims information shall be summary data within the meaning of section 13.02, subdivision 19.

Subd. 3. **Access to insurers' records.** The state commissioner of health shall have access to the records of any insurer relating to malpractice claims made against hospitals, outpatient surgery centers, and health maintenance organizations in years

prior to 1976 if the commissioner determines the records are necessary to fulfill the duties of the commissioner under Laws 1976, chapter 325.

History: 1976 c 325 s 10; 1977 c 305 s 45; 1981 c 311 s 39; 1982 c 545 s 24; 1986 c 444

HEALTH CARE COST INFORMATION

144.695 CITATION.

Sections 144.695 to 144.703 may be cited as the Minnesota Health Care Cost Information Act of 1984.

History: 1976 c 296 art 2 s 1; 1984 c 534 s 3

144.696 DEFINITIONS.

Subdivision 1. **Scope.** Unless the context clearly indicates otherwise, for the purposes of sections 144.695 to 144.703, the terms defined in this section have the meanings given them.

Subd. 2. **Commissioner of health.** "Commissioner of health" means the state commissioner of health.

Subd. 3. **Hospital.** "Hospital" means any acute care institution licensed pursuant to sections 144.50 to 144.58, but does not include any health care institution conducted for those who rely primarily upon treatment by prayer or spiritual means in accordance with the creed or tenets of any church or denomination.

Subd. 4. **Outpatient surgical center.** "Outpatient surgical center" means a facility other than a hospital offering elective outpatient surgery under a license issued under sections 144.50 to 144.58.

History: 1976 c 296 art 2 s 2; 1977 c 305 s 45; 1984 c 534 s 4

144.697 GENERAL POWERS AND DUTIES OF STATE COMMISSIONER OF HEALTH.

Subdivision 1. **Contracts.** The commissioner of health may contract with third parties for services necessary to carry out the commissioner's activities where this will promote economy, avoid duplication of effort, and make best use of available expertise.

Subd. 2. **Grants; gifts.** The commissioner of health may apply for and receive grants and gifts from any governmental agency, private entity or other person.

Subd. 3. **Committees.** To further the purposes of sections 144.695 to 144.703, the commissioner of health may create committees from the membership and may appoint ad hoc advisory committees.

Subd. 4. **Coordinating rules and inspections.** The commissioner of health shall coordinate regulation and inspection of hospitals to avoid, to the extent possible, conflicting rules and duplicative inspections.

History: 1976 c 296 art 2 s 3; 1977 c 305 s 45; 1986 c 444

144.698 REPORTING REQUIREMENTS.

Subdivision 1. **Yearly reports.** Each hospital and each outpatient surgical center, which has not filed the financial information required by this section with a voluntary, nonprofit reporting organization pursuant to section 144.702, shall file annually with the commissioner of health after the close of the fiscal year:

- (1) a balance sheet detailing the assets, liabilities, and net worth of the hospital;
- (2) a detailed statement of income and expenses;
- (3) a copy of its most recent cost report, if any, filed pursuant to requirements of Title XVIII of the United States Social Security Act;
- (4) a copy of all changes to articles of incorporation or bylaws;

(5) information on services provided to benefit the community, including services provided at no cost or for a reduced fee to patients unable to pay, teaching and research activities, or other community or charitable activities;

(6) information required on the revenue and expense report form set in effect on July 1, 1989, or as amended by the commissioner in rule; and

(7) other information required by the commissioner in rule.

Subd. 2. Separate reports for facilities. If more than one licensed hospital or outpatient surgical center is operated by the reporting organization, the commissioner of health may require that the information be reported separately for each hospital and each outpatient surgical center.

Subd. 3. Attestation. The commissioner of health may require attestation by responsible officials of the hospital or outpatient surgical center that the contents of the reports are true.

Subd. 4. Reports open to public inspection. All reports, except privileged medical information, filed pursuant to this section, section 144.701 or section 144.702, subdivision 3 or 4 shall be open to public inspection.

Subd. 5. Commissioner's right to inspect records. The commissioner of health shall have the right to inspect hospital and outpatient surgical center books, audits, and records as reasonably necessary to verify hospital and outpatient surgical center reports.

History: 1976 c 296 art 2 s 4; 1977 c 305 s 45; 1984 c 534 s 5; 1989 c 282 art 2 s 11; 1991 c 202 s 7

144.699 CONTINUING ANALYSIS.

Subdivision 1. **Acute care costs.** The commissioner of health may:

(a) Undertake analyses and studies relating to acute care costs and to the financial status of any hospital or outpatient surgical center subject to the provisions of sections 144.695 to 144.703; and

(b) Publish and disseminate the information relating to acute care costs.

Subd. 2. **Fostering price competition.** The commissioner of health shall:

(a) Encourage hospitals, outpatient surgical centers, home care providers, and professionals regulated by the health related licensing boards as defined in section 214.01, subdivision 2, and by the commissioner of health under section 214.13, to publish prices for procedures and services that are representative of the diagnoses and conditions for which citizens of this state seek treatment.

(b) Analyze and disseminate available price information and analyses so as to foster the development of price competition among hospitals, outpatient surgical centers, home care providers, and health professionals.

Subd. 3. Cooperation with attorney general. Upon request of the attorney general, the commissioner of health shall make available to the attorney general all requested information provided under sections 144.695 to 144.703 in order to assist the attorney general in discharging the responsibilities of section 8.31.

Subd. 4. Other reports or costs. The commissioner of health shall prepare and file summaries and compilations or other supplementary reports based on the information filed with or made available to the commissioner of health, which reports will advance the purposes of sections 144.695 to 144.703.

History: 1976 c 296 art 2 s 5; 1977 c 305 s 45; 1984 c 534 s 6; 1987 c 378 s 2

144.70 BIENNIAL REPORT.

Subdivision 1. **Content.** The commissioner of health shall prepare a report every two years concerning the status and operations of the health care markets in Minnesota. The commissioner of health shall transmit the reports to the governor, and to the members of the legislature under section 3.195. The first report must be submitted on January 15, 1987, and succeeding reports on January 15 every two years. Each report

must contain information, analysis, and appropriate recommendations concerning the following issues associated with Minnesota health care markets:

(1) the overall status of the health care cost problem, including the costs faced by employers and individuals, and prospects for the problem's improving or getting worse;

(2) the status of competitive forces in the market for health services and the market for health plans, and the effect of the forces on the health care cost problem;

(3) the feasibility and cost-effectiveness of facilitating development of strengthened competitive forces through state initiatives;

(4) the feasibility of limiting health care costs by means other than competitive forces, including direct forms of government intervention such as price regulation; the commissioner of health may exclude this issue from the report if the report concludes that the overall status of the health care cost problem is improving, or that competitive forces are contributing significantly to health care cost containment;

(5) the overall status of access to adequate health services by citizens of Minnesota, the scope of financial and geographic barriers to access, the effect of competitive forces on access, and prospects for access improving or getting worse;

(6) the feasibility and cost-effectiveness of enhancing access to adequate health services by citizens of Minnesota through state initiatives; and

(7) the commissioner of health's operations and activities for the preceding two years as they relate to the duties imposed on the commissioner of health by sections 144.695 to 144.703.

Subd. 2. Interagency cooperation. In completing the report required by subdivision 1, in fulfilling the requirements of sections 144.695 to 144.703, and in undertaking other initiatives concerning health care costs, access, or quality, the commissioner of health shall cooperate with and consider potential benefits to other state agencies that have a role in the market for health services or the market for health plans. Other agencies include the department of employee relations, as administrator of the state employee health benefits program; the department of human services, as administrator of health services entitlement programs; the department of commerce, in its regulation of health plans; the department of labor and industry, in its regulation of health service costs under workers' compensation.

History: 1976 c 296 art 2 s 6; 1977 c 305 s 45; 1Sp1985 c 9 art 2 s 11; 1991 c 345 art 2 s 37; 1994 c 411 s 2

144.701 RATE DISCLOSURE.

Subdivision 1. Consumer information. The commissioner of health shall ensure that the total costs, total revenues, overall utilization, and total services of each hospital and each outpatient surgical center are reported to the public in a form understandable to consumers.

Subd. 2. Data for policy making. The commissioner of health shall compile relevant financial and accounting, utilization, and services data concerning hospitals and outpatient surgical centers in order to have statistical information available for legislative policy making.

Subd. 3. Rate schedule. The commissioner of health shall obtain from each hospital and outpatient surgical center a current rate schedule. Any subsequent amendments or modifications of that schedule shall be filed with the commissioner of health on or before their effective date.

Subd. 4. Filing fees. Each report which is required to be submitted to the commissioner of health under sections 144.695 to 144.703 and which is not submitted to a voluntary, nonprofit reporting organization in accordance with section 144.702 shall be accompanied by a filing fee in an amount prescribed by rule of the commissioner of health. Upon the withdrawal of approval of a reporting organization, or the decision of the commissioner to not renew a reporting organization, fees collected under section 144.702 shall be submitted to the commissioner. Fees received under this subdivision shall be deposited in a revolving fund and are appropriated to the commissioner of

health for the purposes of sections 144.695 to 144.703. The commissioner shall report the termination or nonrenewal of the voluntary reporting organization to the chair of the health and human services subdivision of the appropriations committee of the house of representatives; to the chair of the health and human services division of the finance committee of the senate, and the commissioner of finance.

History: 1976 c 296 art 2 s 7; 1977 c 305 s 45; 1982 c 424 s 130; 1984 c 534 s 7; 1989 c 282 art 2 s 12; 1998 c 407 art 2 s 27-29

144.702 VOLUNTARY REPORTING OF HOSPITAL AND OUTPATIENT SURGICAL CENTER COSTS.

Subdivision 1. Reporting through a reporting organization. A hospital or outpatient surgical center may agree to submit its financial, utilization, and services reports to a voluntary, nonprofit reporting organization whose reporting procedures have been approved by the commissioner of health in accordance with this section. Each report submitted to the voluntary, nonprofit reporting organization under this section shall be accompanied by a filing fee.

Subd. 2. Approval of organization's reporting procedures. The commissioner of health may approve voluntary reporting procedures consistent with written operating requirements for the voluntary, nonprofit reporting organization which shall be established annually by the commissioner. These written operating requirements shall specify reports, analyses, and other deliverables to be produced by the voluntary, nonprofit reporting organization, and the dates on which those deliverables must be submitted to the commissioner. These written operating requirements shall specify deliverable dates sufficient to enable the commissioner of health to process and report health care cost information system data to the commissioner of human services by August 15 of each year. The commissioner of health shall, by rule, prescribe standards for submission of data by hospitals and outpatient surgical centers to the voluntary, nonprofit reporting organization or to the commissioner. These standards shall provide for:

- (a) the filing of appropriate financial, utilization, and services information with the reporting organization;
- (b) adequate analysis and verification of that financial, utilization, and services information; and
- (c) timely publication of the costs, revenues, and rates of individual hospitals and outpatient surgical centers prior to the effective date of any proposed rate increase. The commissioner of health shall annually review the procedures approved pursuant to this subdivision.

Subd. 3. Cost and rate information; time limits on filing. Any voluntary, nonprofit reporting organization which collects information on costs, revenues, and rates of a hospital or outpatient surgical center located in this state shall file a copy of the information received for each hospital and outpatient surgical center with the commissioner of health within 30 days of completion of the information collection process, together with a summary of the financial information acquired by the organization during the course of its review.

Subd. 4. Making information available to commissioner. Any voluntary, nonprofit reporting organization which receives the financial information required by sections 144.695 to 144.703 shall make the information and all summaries and analyses of the information available to the commissioner of health in accordance with procedures prescribed by the commissioner of health.

Subd. 5. Laws governing restraint of trade. If the reporting and procedures of a voluntary, nonprofit reporting organization have been approved by the commissioner of health those reporting activities of the organization shall be exempt from the provisions of sections 325D.49 to 325D.66.

Subd. 6. Reporting organization; definition. For the purposes of this section "reporting organization" means an association or other organization which has as one of its primary functions the collection and dissemination of acute care cost information.

Subd. 7. **Staff support.** The commissioner may require as part of the written operating requirements for the voluntary, nonprofit reporting organization that the organization provide sufficient funds to cover the costs of one professional staff position who will directly administer the health care cost information system.

Subd. 8. **Termination or nonrenewal of reporting organization.** The commissioner may withdraw approval of any voluntary, nonprofit reporting organization for failure on the part of the voluntary, nonprofit reporting organization to comply with the written operating requirements under subdivision 2. Upon the effective date of the withdrawal, all funds collected by the voluntary, nonprofit reporting organization under subdivision 1, but not expended shall be deposited in a revolving fund and are appropriated to the commissioner of health for the purposes of sections 144.695 to 144.703.

The commissioner may choose not to renew approval of a voluntary, nonprofit reporting organization if the organization has failed to perform its obligations satisfactorily under the written operating requirements under subdivision 2.

History: 1976 c 296 art 2 s 8; 1977 c 305 s 45; 1984 c 534 s 8; 1989 c 282 art 2 s 13-15; 1995 c 207 art 6 s 3; 1998 c 407 art 2 s 30-32

144.7021 [Repealed, 1984 c 534 s 33].

144.7022 ADMINISTRATIVE PENALTY ORDERS FOR REPORTING ORGANIZATIONS.

Subdivision 1. **Authorization.** The commissioner may issue an order to the voluntary, nonprofit reporting organization requiring violations to be corrected and administratively assess monetary penalties for violations of sections 144.695 to 144.703 or rules, written operating requirements, orders, stipulation agreements, settlements, or compliance agreements adopted, enforced, or issued by the commissioner.

Subd. 2. **Contents of order.** An order assessing an administrative penalty under this section must include:

- (1) a concise statement of the facts alleged to constitute a violation;
- (2) a reference to the section of law, rule, written operating requirement, order, stipulation agreement, settlement, or compliance agreement that has been violated;
- (3) a statement of the amount of the administrative penalty to be imposed and the factors upon which the penalty is based;
- (4) a statement of the corrective actions necessary to correct the violation; and
- (5) a statement of the right to request a hearing according to sections 14.57 to 14.62.

Subd. 3. **Concurrent corrective order.** The commissioner may issue an order assessing an administrative penalty and requiring the violations cited in the order be corrected within 30 calendar days from the date the order is received. Before the 31st day after the order was received, the voluntary, nonprofit reporting organization that is subject to the order shall provide the commissioner with information demonstrating that the violation has been corrected or that a corrective plan acceptable to the commissioner has been developed. The commissioner shall determine whether the violation has been corrected and notify the voluntary, nonprofit reporting organization of the commissioner's determination.

Subd. 4. **Penalty.** If the commissioner determines that the violation has been corrected or an acceptable corrective plan has been developed, the penalty may be forgiven, except where there are repeated or serious violations. The commissioner may issue an order with a penalty that will not be forgiven after corrective action is taken. Unless there is a request for review of the order under subdivision 6 before the penalty is due, the penalty is due and payable:

- (1) on the 31st calendar day after the order was received, if the voluntary, nonprofit reporting organization fails to provide information to the commissioner showing that the violation has been corrected or that appropriate steps have been taken toward correcting the violation;

(2) on the 20th day after the voluntary, nonprofit reporting organization receives the commissioner's determination that the information provided is not sufficient to show that either the violation has been corrected or that appropriate steps have been taken toward correcting the violation; or

(3) on the 31st day after the order was received where the penalty is for repeated or serious violations and according to the order issued, the penalty will not be forgiven after corrective action is taken.

All penalties due under this section are payable to the treasurer, state of Minnesota, and shall be deposited in the general fund.

Subd. 5. Amount of penalty; considerations. (a) The maximum amount of an administrative penalty order is \$5,000 for each specific violation identified in an inspection, investigation, or compliance review, up to an annual maximum total for all violations of ten percent of the fees collected by the voluntary, nonprofit reporting organization under section 144.702, subdivision 1. The annual maximum is based on a reporting year.

(b) In determining the amount of the administrative penalty, the commissioner shall consider the following:

(1) the willfulness of the violation;

(2) the gravity of the violation;

(3) the history of past violations;

(4) the number of violations;

(5) the economic benefit gained by the person allowing or committing the violation; and

(6) other factors as justice may require, if the commissioner specifically identifies the additional factors in the commissioner's order.

(c) In determining the amount of a penalty for a violation subsequent to an initial violation under paragraph (a), the commissioner shall also consider:

(1) the similarity of the most recent previous violation and the violation to be penalized;

(2) the time elapsed since the last violation; and

(3) the response of the voluntary, nonprofit reporting organization to the most recent previous violation.

Subd. 6. Request for hearing; hearing; and final order. A request for hearing must be in writing, delivered to the commissioner by certified mail within 20 calendar days after the receipt of the order, and specifically state the reasons for seeking review of the order. The commissioner must initiate a hearing within 30 calendar days from the date of receipt of the written request for hearing. The hearing shall be conducted pursuant to the contested case procedures in sections 14.57 to 14.62. No earlier than ten calendar days after and within 30 calendar days of receipt of the presiding administrative law judge's report, the commissioner shall, based on all relevant facts, issue a final order modifying, vacating, or making the original order permanent. If, within 20 calendar days of receipt of the original order, the voluntary, nonprofit reporting organization fails to request a hearing in writing, the order becomes the final order of the commissioner.

Subd. 7. Review of final order and payment of penalty. Once the commissioner issues a final order, any penalty due under that order shall be paid within 30 calendar days after the date of the final order, unless review of the final order is requested. The final order of the commissioner may be appealed in the manner prescribed in sections 14.63 to 14.69. If the final order is reviewed and upheld, the penalty shall be paid 30 calendar days after the date of the decision of the reviewing court. Failure to request an administrative hearing pursuant to subdivision 6 shall constitute a waiver of the right to further agency or judicial review of the final order.

Subd. 8. Reinspections and effect of noncompliance. If, upon reinspection, or in the determination of the commissioner, it is found that any deficiency specified in the

order has not been corrected or an acceptable corrective plan has not been developed, the voluntary, nonprofit reporting organization is in noncompliance. The commissioner shall issue a notice of noncompliance and may impose any additional remedy available under this chapter.

Subd. 9. **Enforcement.** The attorney general may proceed on behalf of the commissioner to enforce penalties that are due and payable under this section in any manner provided by law for the collection of debts.

Subd. 10. **Termination or nonrenewal of reporting organization.** The commissioner may withdraw or not renew approval of any voluntary, nonprofit reporting organization for failure on the part of the voluntary, nonprofit reporting organization to pay penalties owed under this section.

Subd. 11. **Cumulative remedy.** The authority of the commissioner to issue an administrative penalty order is in addition to other lawfully available remedies.

Subd. 12. **Mediation.** In addition to review under subdivision 6, the commissioner is authorized to enter into mediation concerning an order issued under this section if the commissioner and the voluntary, nonprofit reporting organization agree to mediation.

History: 1998 c 407 art 2 s 33

144.703 ADDITIONAL POWERS.

Subdivision 1. **Rulemaking.** In addition to the other powers granted to the commissioner of health by law, the commissioner of health may:

- (a) Adopt, amend, and repeal rules in accordance with chapter 14;
- (b) Adopt in rule a schedule of fines, ranging from \$100 to \$1,000, for failure of a hospital or an outpatient surgical center to submit, or to make a timely submission of, information called for by sections 144.695 to 144.703.

Subd. 2. **Contested cases.** Any person aggrieved by a final determination of the commissioner of health as to any rule or determination under sections 144.695 to 144.703 shall be entitled to an administrative hearing and judicial review in accordance with the contested case provisions of chapter 14.

144.705 [Repealed, 1984 c 534 s 33]

CHILDREN'S CAMPS

144.71 PURPOSE; DEFINITIONS.

Subdivision 1. **Health and safety.** The purpose of sections 144.71 to 144.74 is to protect the health and safety of persons in attendance at youth camps.

Subd. 2. **Definition.** For the purpose of such sections, a youth camp is defined as a parcel or parcels of land with permanent buildings, tents or other structures together with appurtenances thereon, established or maintained as living quarters where both food and beverage service and lodging or the facilities therefor are provided for ten or more people, operated continuously for a period of five days or more each year for educational, recreational or vacation purposes, and the use of the camp is offered to minors free of charge or for payment of a fee.

Subd. 3. **What not included in definition.** This definition does not include cabin and trailer camps, fishing and hunting camps, resorts, penal and correctional camps, industrial and construction camps, nor does it include homes operated for care or treatment of children and for the operation of which a license is required under the provisions of chapter 257.

History: 1951 c 285 s 1; 1974 c 406 s 21; 1993 c 206 s 6; 1996 c 451 art 4 s 8,9

144.72 OPERATION.

Subdivision 1. **Permits.** The state commissioner of health is authorized to issue permits for the operation of youth camps which are required to obtain the permits.

Subd. 2. **Application.** On or before June first annually, every person, partnership, limited liability company or corporation, operating or seeking to operate a youth camp, shall make application in writing to the commissioner for a permit to conduct a youth camp. Such application shall be in such form and shall contain such information as the commissioner may find necessary to determine that the youth camp will be operated and maintained in such a manner as to protect and preserve the health and safety of the persons using the camp. Where a person, partnership, limited liability company or corporation operates or is seeking to operate more than one youth camp, a separate application shall be made for each camp.

Subd. 3. **Issuance of permits.** If the commissioner should determine from the application that the health and safety of the persons using the camp will be properly safeguarded, the commissioner may, prior to actual inspection of the camp, issue the permit in writing. No fee shall be charged for the permit. The permit shall be posted in a conspicuous place on the premises occupied by the camp.

History: 1951 c 285 s 2; 1977 c 305 s 45; 1986 c 444; 1996 c 451 art 4 s 10, 11

144.73 STATE COMMISSIONER OF HEALTH, DUTIES.

Subdivision 1. **Inspection of camps.** It shall be the duty of the state commissioner of health to make an annual inspection of each youth camp, and where, upon inspection it is found that there is a failure to protect the health and safety of the persons using the camp, or a failure to comply with the camp rules prescribed by the commissioner, the commissioner shall give notice to the camp operator of such failure, which notice shall set forth the reason or reasons for such failure.

Subd. 2. [Repealed, 1993 c 206 s 25]

Subd. 3. [Repealed, 1993 c 206 s 25]

Subd. 4. [Repealed, 1993 c 206 s 25]

History: 1951 c 285 s 3; 1977 c 305 s 45; 1978 c 674 s 60; 1985 c 248 s 70; 1986 c 444; 1993 c 286 s 2; 1994 c 465 art 3 s 68; 1996 c 451 art 4 s 12

144.74 RULES, STANDARDS.

The state commissioner of health is authorized to adopt and enforce such reasonable rules and standards as the commissioner determines necessary to protect the health and safety of persons in attendance at youth camps. Such rules and standards may include reasonable restrictions and limitations on the following:

(1) Camp sites and buildings, including location; layout, lighting, ventilation, heating, plumbing, drainage and sleeping quarters;

(2) Sanitary facilities, including water supply, toilet and shower facilities, sewage and excreta disposal, waste and garbage disposal, and the control of insects and rodents, and

(3) Food service, including storage, refrigeration, sanitary preparation and handling of food, the cleanliness of kitchens and the proper functioning of equipment.

History: 1951 c 285 s 4; 1977 c 305 s 45; 1985 c 248 s 70; 1986 c 444; 1996 c 451 art 4 s 13

BLOODBORNE PATHOGENS; EMERGENCY MEDICAL SERVICES PERSON**144.7401 DEFINITIONS.**

Subdivision 1. **Scope of definitions.** For purposes of sections 144.7401 to 144.7415, the following terms have the meanings given them.

Subd. 2. **Bloodborne pathogens.** "Bloodborne pathogens" means pathogenic microorganisms that are present in human blood and can cause disease in humans. These

MINNESOTA STATUTES 2002

144.7401 DEPARTMENT OF HEALTH

1000

pathogens include, but are not limited to, hepatitis B virus (HBV), hepatitis C virus (HCV), and human immunodeficiency virus (HIV).

Subd. 3. **Emergency medical services agency.** "Emergency medical services agency" means an agency, entity, or organization that employs or uses emergency medical services persons as employees or volunteers.

Subd. 4. **Emergency medical services person.** "Emergency medical services person" means:

(1) an individual employed or receiving compensation to provide out-of-hospital emergency medical services such as a firefighter, paramedic, emergency medical technician, licensed nurse, rescue squad person, or other individual who serves as an employee or volunteer of an ambulance service as defined under chapter 144E or a member of an organized first responder squad that is formally recognized by a political subdivision in the state, who provides out-of-hospital emergency medical services during the performance of the individual's duties;

(2) an individual employed as a licensed peace officer under section 626.84, subdivision 1;

(3) an individual employed as a crime laboratory worker while working outside the laboratory and involved in a criminal investigation;

(4) any individual who renders emergency care or assistance at the scene of an emergency or while an injured person is being transported to receive medical care and who is acting as a Good Samaritan under section 604A.01; and

(5) any individual who, in the process of executing a citizen's arrest under section 629.30, may have experienced a significant exposure to a source individual.

Subd. 5. **Source individual.** "Source individual" means an individual, living or dead, whose blood, tissue, or potentially infectious body fluids may be a source of bloodborne pathogen exposure to an emergency medical services person. Examples include, but are not limited to, a victim of an accident, injury, or illness or a deceased person.

Subd. 6. **Significant exposure.** "Significant exposure" means contact likely to transmit a bloodborne pathogen, in a manner supported by the most current guidelines and recommendations of the United States Public Health Service at the time an evaluation takes place, that includes:

(1) percutaneous injury, contact of mucous membrane or nonintact skin, or prolonged contact of intact skin; and

(2) contact, in a manner that may transmit a bloodborne pathogen, with blood, tissue, or potentially infectious body fluids.

Subd. 7. **Facility.** "Facility" means a hospital licensed under sections 144.50 to 144.56 or a freestanding emergency medical care facility licensed under Laws 1988, chapter 467, that receives an emergency medical services person for evaluation for significant exposure or a source individual cared for by an emergency medical services person.

History: 2000 c 422 s 5

144.7402 CONDITIONS FOR APPLICABILITY OF PROCEDURES.

Subdivision 1. **Request for procedures.** An emergency medical services person or emergency medical services agency may request that a facility follow the procedures of sections 144.7401 to 144.7415 when an emergency medical services person may have experienced a significant exposure to a source individual.

Subd. 2. **Conditions.** A facility shall follow the procedures outlined in sections 144.7401 to 144.7415 when all of the following conditions are met:

(1) the facility determines that significant exposure has occurred, following the protocol under section 144.7414;

(2) the licensed physician for the emergency medical services person needs the source individual's bloodborne pathogen test results to begin, continue, modify, or

discontinue treatment, in accordance with the most current guidelines of the United States Public Health Service, because of possible exposure to a bloodborne pathogen; and

(3) the emergency medical services person consents to provide a blood sample for testing for a bloodborne pathogen. If the emergency medical services person consents to blood collection, but does not consent at that time to bloodborne pathogen testing, the facility shall preserve the sample for at least 90 days. If the emergency medical services person elects to have the sample tested within 90 days, the testing shall be done as soon as feasible.

Subd. 3. Locating source individual. If the source individual is not received by a facility but the facility is providing treatment to the emergency medical services person, the emergency medical services agency shall make reasonable efforts to locate the source individual and inform the facility of the source individual's identity and location. The facility shall make a reasonable effort to contact the source individual in order to follow the procedures in sections 144.7401 to 144.7415. The emergency medical services agency and facilities may exchange private data about the source individual as necessary to fulfill their responsibilities under this subdivision, notwithstanding any provision of law to the contrary.

History: 2000 c 422 s 6

144.7403 INFORMATION REQUIRED TO BE GIVEN TO INDIVIDUALS.

Subdivision 1. Information to source individual. (a) Before seeking any consent required by the procedures under sections 144.7401 to 144.7415, a facility shall inform the source individual that the source individual's bloodborne pathogen test results, without the individual's name, address, or other uniquely identifying information, shall be reported to the emergency medical services person if requested, and that test results collected under sections 144.7401 to 144.7415 are for medical purposes as set forth in section 144.7409 and may not be used as evidence in any criminal proceedings or civil proceedings, except for procedures under sections 144.4171 to 144.4186.

(b) The facility shall inform the source individual of the insurance protections in section 72A.20, subdivision 29.

(c) The facility shall inform the source individual that the individual may refuse to provide a blood sample and that the source individual's refusal may result in a request for a court order to require the source individual to provide a blood sample.

(d) The facility shall inform the source individual that the facility will advise the emergency medical services person of the confidentiality requirements and penalties before disclosing any test information.

Subd. 2. Information to EMS person. (a) Before disclosing any information about the source individual, the facility shall inform the emergency medical services person of the confidentiality requirements of section 144.7411 and that the person may be subject to penalties for unauthorized release of information about the source individual under section 144.7412.

(b) The facility shall inform the emergency medical services person of the insurance protections in section 72A.20, subdivision 29.

History: 2000 c 422 s 7

144.7404 DISCLOSURE OF POSITIVE BLOODBORNE PATHOGEN TEST RESULTS.

If the conditions of sections 144.7402 and 144.7403 are met, the facility shall ask the source individual and the emergency medical services person if they have ever had a positive test for a bloodborne pathogen. The facility must attempt to get existing test results under this section before taking any steps to obtain a blood sample or to test for bloodborne pathogens. The facility shall disclose the source individual's bloodborne

pathogen test results to the emergency medical services person without the source individual's name, address, or other uniquely identifying information.

History: 2000 c 422 s 8

144.7405 CONSENT PROCEDURES GENERALLY.

(a) For purposes of sections 144.7401 to 144.7415, whenever the facility is required to seek consent, the facility shall follow its usual procedure for obtaining consent from an individual or an individual's representative consistent with other law applicable to consent.

(b) Consent from a source individual's representative for bloodborne pathogen testing of an existing blood sample obtained from the source individual is not required if the facility has made reasonable efforts to obtain the representative's consent and consent cannot be obtained within 24 hours of a significant exposure.

(c) If testing of the source individual's blood occurs without consent because the source individual is unable to provide consent or has left the facility and cannot be located, and the source individual's representative cannot be located, the facility shall provide the information required in section 144.7403 to the source individual or representative whenever it is possible to do so.

(d) If a source individual dies before an opportunity to consent to blood collection or testing under sections 144.7401 to 144.7415, the facility does not need consent of the deceased person's representative for purposes of sections 144.7401 to 144.7415.

History: 2000 c 422 s 9

144.7406 TESTING OF AVAILABLE BLOOD.

Subdivision 1. Procedures with consent. If the source individual is or was under the care or custody of the facility and a sample of the source individual's blood is available with the consent of the source individual, the facility shall test that blood for bloodborne pathogens with the consent of the source individual, provided the conditions in sections 144.7402 and 144.7403 are met.

Subd. 2. Procedures without consent. If the source individual has provided a blood sample with consent but does not consent to bloodborne pathogen testing, the facility shall test for bloodborne pathogens if the emergency medical services person or emergency medical services agency requests the test, provided all of the following criteria are met:

(1) the emergency medical services person or emergency medical services agency has documented exposure to blood or body fluids during performance of that person's occupation or while acting as a Good Samaritan under section 604A.01 or executing a citizen's arrest under section 629.30;

(2) the facility has determined that a significant exposure has occurred and a licensed physician for the emergency medical services person has documented in the emergency medical services person's medical record that bloodborne pathogen test results are needed for beginning, modifying, continuing, or discontinuing medical treatment for the emergency medical services person under section 144.7414, subdivision 2;

(3) the emergency medical services person provides a blood sample for testing for bloodborne pathogens as soon as feasible;

(4) the facility asks the source individual to consent to a test for bloodborne pathogens and the source individual does not consent;

(5) the facility has provided the source individual with all of the information required by section 144.7403; and

(6) the facility has informed the emergency medical services person of the confidentiality requirements of section 144.7411 and the penalties for unauthorized release of source information under section 144.7412.

Subd. 3. Follow-up. The facility shall inform the source individual and the emergency medical services person of their own test results. The facility shall inform

the emergency medical services person of the source individual's test results without the source individual's name, address, or other uniquely identifying information.

History: 2000 c 422 s 10

144.7407 BLOOD SAMPLE COLLECTION FOR TESTING.

Subdivision 1. **Procedures with consent.** (a) If a blood sample is not otherwise available, the facility shall obtain consent from the source individual before collecting a blood sample for testing for bloodborne pathogens. The consent process shall include informing the source individual that the individual may refuse to provide a blood sample and that the source individual's refusal may result in a request for a court order under subdivision 2 to require the source individual to provide a blood sample.

(b) If the source individual consents to provide a blood sample, the facility shall collect a blood sample and test the sample for bloodborne pathogens.

(c) The facility shall inform the emergency medical services person about the source individual's test results without the individual's name, address, or other uniquely identifying information. The facility shall inform the source individual of the test results.

(d) If the source individual refuses to provide a blood sample for testing, the facility shall inform the emergency medical services person of the source individual's refusal.

Subd. 2. **Procedures without consent.** (a) An emergency medical services agency, or, if there is no agency, an emergency medical services person, may bring a petition for a court order to require a source individual to provide a blood sample for testing for bloodborne pathogens. The petition shall be filed in the district court in the county where the source individual resides or is hospitalized. The petitioner shall serve the petition on the source individual at least three days before a hearing on the petition. The petition shall include one or more affidavits attesting that:

(1) the facility followed the procedures in sections 144.7401 to 144.7415 and attempted to obtain bloodborne pathogen test results according to those sections;

(2) it has been determined under section 144.7414, subdivision 2, that a significant exposure has occurred to the emergency medical services person; and

(3) a physician with specialty training in infectious diseases, including HIV, has documented that the emergency medical services person has provided a blood sample and consented to testing for bloodborne pathogens and bloodborne pathogen test results are needed for beginning, continuing, modifying, or discontinuing medical treatment for the emergency medical services person.

(b) Facilities shall cooperate with petitioners in providing any necessary affidavits to the extent that facility staff can attest under oath to the facts in the affidavits.

(c) The court may order the source individual to provide a blood sample for bloodborne pathogen testing if:

(1) there is probable cause to believe the emergency medical services person has experienced a significant exposure to the source individual;

(2) the court imposes appropriate safeguards against unauthorized disclosure that must specify the persons who have access to the test results and the purposes for which the test results may be used;

(3) a licensed physician for the emergency medical services person needs the test results for beginning, continuing, modifying, or discontinuing medical treatment for the emergency medical services person; and

(4) the court finds a compelling need for the test results. In assessing compelling need, the court shall weigh the need for the court-ordered blood collection and test results against the interests of the source individual, including, but not limited to, privacy, health, safety, or economic interests. The court shall also consider whether the involuntary blood collection and testing would serve the public interest.

(d) The court shall conduct the proceeding in camera unless the petitioner or the source individual requests a hearing in open court and the court determines that a

public hearing is necessary to the public interest and the proper administration of justice.

(e) The source individual has the right to counsel in any proceeding brought under this subdivision.

History: 2000 c 422 s 11

144.7408 NO DISCRIMINATION.

A facility shall not base decisions about admission to a facility or the provision of care or treatment on any requirement that the source individual consent to bloodborne pathogen testing under sections 144.7401 to 144.7415.

History: 2000 c 422 s 12

144.7409 USE OF TEST RESULTS.

Bloodborne pathogen test results of a source individual obtained under sections 144.7401 to 144.7415 are for diagnostic purposes and to determine the need for treatment or medical care specific to a bloodborne pathogen-related illness of an emergency medical services person. The test results may not be used as evidence in any criminal proceedings or civil proceedings, except for procedures under sections 144.4171 to 144.4186.

History: 2000 c 422 s 13

144.7411 TEST INFORMATION CONFIDENTIALITY.

Subdivision 1. **Private data.** Information concerning test results obtained under sections 144.7401 to 144.7415 is information protected from disclosure without consent under section 144.335 with respect to private facilities and private data as defined in section 13.02, subdivision 12, with respect to public facilities.

Subd. 2. **Consent to release information.** No facility, individual, or employer shall disclose to an emergency medical services person the name, address, or other uniquely identifying information about a source individual without a written release signed by the source individual or the source individual's legally authorized representative. The facility shall not record the name, address, or other uniquely identifying information about the source individual's test results in the emergency medical services person's medical records.

History: 2000 c 422 s 14

144.7412 PENALTY FOR UNAUTHORIZED RELEASE OF INFORMATION.

Unauthorized release by an individual, facility, or agency of a source individual's name, address, or other uniquely identifying information under sections 144.7401 to 144.7415 is subject to the remedies and penalties under sections 13.08 and 13.09. This section does not preclude private causes of action against an individual, state agency, statewide system, political subdivision, or person responsible for releasing private data or information protected from disclosure.

History: 2000 c 422 s 15

144.7413 RESPONSIBILITY FOR TESTING AND TREATMENT; COSTS.

(a) The facility shall ensure that tests under sections 144.7401 to 144.7415 are performed if requested by the emergency medical services person or emergency medical services agency, provided the conditions set forth in sections 144.7401 to 144.7415 are met.

(b) The emergency medical services agency that employs the emergency medical services person who requests testing under sections 144.7401 to 144.7415 must pay or arrange payment for the cost of counseling, testing, and treatment of the emergency medical services person and costs associated with the testing of the source individual.

(c) A facility shall have a protocol that states whether the facility will pay for the cost of counseling, testing, or treatment of a person executing a citizen's arrest under section 629.30 or acting as a Good Samaritan under section 604A.01.

History: 2000 c 422 s 16

144.7414 PROTOCOLS FOR EXPOSURE TO BLOODBORNE PATHOGENS.

Subdivision 1. **EMS agency requirements.** The emergency medical services agency shall have procedures for an emergency medical services person to notify a facility that the person may have experienced a significant exposure from a source individual. The emergency medical services agency shall also have a protocol to locate the source individual if the facility has not received the source individual and the emergency medical services agency knows the source individual's identity.

Subd. 2. **Facility protocol requirements.** Every facility shall adopt and follow a postexposure protocol for emergency medical services persons who have experienced a significant exposure. The postexposure protocol must adhere to the most current recommendations of the United States Public Health Service and include, at a minimum, the following:

(1) a process for emergency medical services persons to report an exposure in a timely fashion;

(2) a process for an infectious disease specialist, or a licensed physician who is knowledgeable about the most current recommendations of the United States Public Health Service in consultation with an infectious disease specialist, (i) to determine whether a significant exposure to one or more bloodborne pathogens has occurred and (ii) to provide, under the direction of a licensed physician, a recommendation or recommendations for follow-up treatment appropriate to the particular bloodborne pathogen or pathogens for which a significant exposure has been determined;

(3) if there has been a significant exposure, a process to determine whether the source individual has a bloodborne pathogen through disclosure of test results, or through blood collection and testing as required by sections 144.7401 to 144.7415;

(4) a process for providing appropriate counseling prior to and following testing for a bloodborne pathogen regarding the likelihood of bloodborne pathogen transmission and follow-up recommendations according to the most current recommendations of the United States Public Health Service, recommendations for testing, and treatment to the emergency medical services person;

(5) a process for providing appropriate counseling under clause (4) to the emergency medical services person and the source individual; and

(6) compliance with applicable state and federal laws relating to data practices, confidentiality, informed consent, and the patient bill of rights.

History: 2000 c 422 s 17

144.7415 PENALTIES AND IMMUNITY.

Subdivision 1. **Penalties.** Any facility or person who willfully violates the provisions of sections 144.7401 to 144.7415 is guilty of a misdemeanor.

Subd. 2. **Immunity.** A facility, licensed physician, and designated health care personnel are immune from liability in any civil, administrative, or criminal action relating to the disclosure of test results to an emergency medical services person or emergency medical services agency and the testing of a blood sample from the source individual for bloodborne pathogens if a good faith effort has been made to comply with sections 144.7401 to 144.7415.

HUMAN GENETICS

144.91 POWERS AND DUTIES.

The state commissioner of health is authorized to develop and carry on a program in the field of human genetics which shall include the collection and interpretation of data relating to human hereditary diseases and pathologic conditions; the assembly, preparation and dissemination of informational material on the subject for professional counselors and the lay public; the conduct of such research studies as may stimulate reduction in the frequency of manifestation of various deleterious genes, and the provision of counseling services to the public on problems of human genetics. It shall consult and cooperate with the University of Minnesota, the public health service and the children's bureau of the department of health, education and welfare, and with nationally recognized scientific and professional organizations engaged in studying the problems of human genetics.

History: 1959 c 572 s 1; 1977 c 305 s 45

144.92 GRANTS OR GIFTS.

The board is authorized to receive and expend in accordance with approved plans such funds as may be granted by the public health service or any other federal agency which may appropriate funds for this purpose, or such funds as may be received as gifts from private organizations and individuals to the state for carrying out the purposes of section 144.91.

144.94 [Repealed, 1987 c 209 s 40]

MOSQUITO RESEARCH PROGRAM

144.95 MOSQUITO RESEARCH PROGRAM.

Subdivision 1. **Research program.** The commissioner of health shall establish and maintain a long-range program of research to study:

- (1) the basic biology, distribution, population ecology, and biosystematics of Minnesota mosquitoes;
- (2) the impact of mosquitoes on human and animal health and the economy, including such areas as recreation, tourism, and livestock production;
- (3) the baseline population and environmental status of organisms other than mosquitoes that may be affected by mosquito management;
- (4) the effects of mosquito management strategies on animals and plants that may result in changes in ecology of specific areas;
- (5) the development of mosquito management strategies that are effective, practical, and environmentally safe;
- (6) the costs and benefits of development of local and regional management and educational programs.

Subd. 2. **Research facility and field stations.** (a) The commissioner of health shall establish and maintain mosquito management research and development facilities, including but not limited to field research stations in the major mosquito ecologic regions and a center for basic mosquito management research and development. The

commissioner shall, to the extent possible, contract with the University of Minnesota in establishing, maintaining, and staffing the research facilities.

(b) The commissioner of health shall establish and implement a program of contractual research grants with public and private agencies and individuals in order to:

(1) undertake supplemental research studies on basic mosquito biology, physiology, and life cycle history beyond those described in subdivision 1;

(2) undertake research into the effects of mosquitoes on human health, including vector-borne diseases, and on animal health, including agricultural and wildlife effects;

(3) undertake studies of other economic factors including tourism and recreation;

(4) collect and analyze baseline data on the ecology and distribution of organisms other than mosquitoes that may be affected as a result of mosquito management strategies;

(5) develop new, effective, practical, and biologically compatible control methods and materials;

(6) conduct additional monitoring of the environmental effects of mosquito control methods and materials;

(7) undertake demonstration, training, and education programs for development of local and regional mosquito management programs.

Subd. 3. Conduct research trials. The commissioner of health may develop and conduct research trials of mosquito management methods and materials. Trials may be conducted, with the agreement of the public or private landholder, wherever and whenever the commissioner considers necessary to provide accurate data for determining the efficacy of a method or material in controlling mosquitoes.

Subd. 4. Research trials. Research trials of mosquito management methods and materials are subject to the following laws and rules unless a specific written exemption, license, or waiver is granted; sections 84.0895, 103G.615, 97A.045, subdivision 1, 103A.201, 103G.255, and 103G.275 to 103G.285; and Minnesota Rules, chapters 1505, 6115, 6120, 6134, and 6140.

Subd. 5. General authority. (a) To carry out subdivisions 1 to 4, the commissioner of health may:

(1) accept money, property, or services from any source;

(2) receive and hold lands;

(3) accept gifts;

(4) cooperate with city, state, federal, or private agencies whose research on mosquito control or on other environmental matters may be affected by the commissioner's mosquito management and research activities; and

(5) enter into contracts with any public or private entity.

(b) The contracts must specify the duties performed, services provided, and the amount and method of reimbursement for them. Money collected by the commissioner under contracts made under this subdivision is appropriated to the commissioner for the purposes specified in the contracts. Contractual agreements must be processed under section 16C.08.

Subd. 6. Authority to enter property. The commissioner of health, officers, employees, or agents may, with express permission of the owner, enter upon any property at reasonable times to:

(1) determine whether mosquito breeding exists;

(2) examine, count, study, or collect laboratory samples to determine the property's geographic, geologic, and biologic characteristics; or

(3) study and collect laboratory samples to determine the effect on animals and vegetation of an insecticide, herbicide, or other method used to control mosquitoes.

Subd. 7. Research plots. The commissioner of health may lease and maintain experimental plots of land for mosquito research. The commissioner of health shall determine the locations of the experimental plots and may enter into agreements with

any public or private agency or individual to lease the land. The commissioners of agriculture, natural resources, transportation, and iron range resources and rehabilitation shall cooperate with the commissioner of health.

Subd. 8. **Emergencies.** The commissioner may suspend or revoke a contract, agreement, or delegated authority granted in this section at any time and without prior notice if an emergency, accident, or hazard threatens the public health.

Subd. 9. [Repealed, 1997 c 7 art 2 s 67]

Subd. 10. **Contingency.** This section is effective only if the tax on cigarettes imposed by United States Code, title 26, section 5701, as amended, is reduced after June 1, 1985, or if other public or private funds sufficient to fund the program are made available to the commissioner for the purposes of this program.

History: *1Sp1985 c 14 art 19 s 17; 1987 c 149 art 2 s 10; 1987 c 312 art 1 s 26 subd 2; 1990 c 391 art 8 s 29; art 10 s 3; 1993 c 163 art 1 s 25; 1998 c 386 art 2 s 57*

LEAD POISONING PREVENTION ACT

144.9501 DEFINITIONS.

Subdivision 1. **Citation.** Sections 144.9501 to 144.9509 may be cited as the "Lead Poisoning Prevention Act."

Subd. 2. **Applicability.** The definitions in this section apply to sections 144.9501 to 144.9509.

Subd. 3. **Abatement.** "Abatement" means any set of measures intended to eliminate known or presumed lead hazards. Abatement includes:

(1) the removal of lead-based paint and lead-contaminated dust, the permanent enclosure or encapsulation of lead-based paint, the replacement of lead-painted surfaces or fixtures, and the removal or enclosure of lead-contaminated soil; and

(2) all preparation, cleanup, disposal, and postabatement clearance testing activities associated with these measures.

Subd. 4. **Areas at high risk for toxic lead exposure.** "Areas at high risk for toxic lead exposure" means a census tract in a city of the first class or a county or area within a county outside a city of the first class that has been determined to be at high risk for toxic lead exposure under section 144.9503.

Subd. 4a. **Assessing agency.** "Assessing agency" means the commissioner or a board of health with authority and responsibility to conduct lead risk assessments in response to reports of children or pregnant women with elevated blood lead levels.

Subd. 5. **Bare soil.** "Bare soil" means any visible soil that is at least an area of 36 contiguous square inches.

Subd. 6. **Board of health.** "Board of health" means an administrative authority established under section 145A.03.

Subd. 6a. **Child.** "Child" means an individual up to 72 months of age.

Subd. 6b. **Clearance inspection.** "Clearance inspection" means a visual identification of deteriorated paint and bare soil and a resampling and analysis of interior dust lead concentrations in a residence to ensure that the lead standards established in rules adopted under section 144.9508 are not exceeded.

Subd. 6c. **Capillary blood sample.** "Capillary blood sample" means a quantity of blood drawn from a capillary. The sample generally is collected by fingerstick.

Subd. 6d. **Certified lead firm.** "Certified lead firm" means a person that employs individuals to perform regulated lead work and that is certified by the commissioner under section 144.9505.

Subd. 7. **Commissioner.** "Commissioner" means the commissioner of the Minnesota department of health.

Subd. 7a. **Contracting entity.** "Contracting entity" means a public or private body, board, individual, corporation, partnership, proprietorship, joint venture, fund, authority, or similar entity that contracts with a person to do regulated lead work.

Subd. 8. **Deteriorated paint.** "Deteriorated paint" means paint that is chipped, peeled, or otherwise separated from its substrate or that is attached to damaged substrate.

Subd. 9. **Elevated blood lead level.** "Elevated blood lead level" means a diagnostic blood lead test with a result that is equal to or greater than ten micrograms of lead per deciliter of whole blood in any person, unless the commissioner finds that a lower concentration is necessary to protect public health.

Subd. 10. **Encapsulation.** "Encapsulation" means covering a surface coated with paint that exceeds the standards under section 144.9508 with a liquid or solid material that adheres to the surface, rather than mechanically attaches to it; or covering bare soil that exceeds the standards under section 144.9508 with a permeable material such as vegetation, mulch, or soil that meets the standards under section 144.9508.

Subd. 11. **Enclosure.** "Enclosure" means covering a surface coated with paint that exceeds the standards under section 144.9508 by mechanically fastening to the surface a durable, solid material; or covering bare soil that exceeds the standards under section 144.9508 with an impermeable material, such as asphalt or concrete.

Subd. 12. [Repealed, 1998 c 407 art 2 s 109]

Subd. 13. **Intact paint.** "Intact paint" means paint that is not chipped, peeled, or otherwise separated from its substrate or attached to damaged substrate. Painted surfaces which may generate dust but are not chipped, peeled, or otherwise separated from their substrate or attached to damaged substrate are considered to be intact paint.

Subd. 13a. **Interim controls.** "Interim controls" means a set of measures intended to temporarily reduce human exposure or likely exposure to known or presumed lead hazards, including specialized cleaning, repairs, maintenance, painting, temporary encapsulation, or enclosure.

Subd. 14. [Repealed, 1998 c 407 art 2 s 109]

Subd. 15. **Lead hazard.** "Lead hazard" means a condition that causes exposure to lead from dust, bare soil, drinking water, or deteriorated paint that exceeds the standards adopted under section 144.9508.

Subd. 16. [Repealed, 1998 c 407 art 2 s 109]

Subd. 17. **Lead hazard reduction.** "Lead hazard reduction" means abatement or interim controls undertaken to make a residence, child care facility, school, or playground lead-safe by complying with the lead standards and methods adopted under section 144.9508.

Subd. 17a. **Lead hazard screen.** "Lead hazard screen" means a limited risk assessment activity that involves the visual identification of dust, paint, or bare soil and sampling and analysis of dust.

Subd. 17b. **Lead interim control worker.** "Lead interim control worker" means an individual who is trained as specified by the commissioner to conduct interim control activities.

Subd. 18. **Lead inspection.** "Lead inspection" means a surface by surface investigation to determine the presence of lead content of paint and a visual identification of the existence and location of bare soil.

Subd. 19. **Lead inspector.** "Lead inspector" means a person who is licensed by the commissioner to perform a lead inspection under section 144.9505.

Subd. 19a. **Lead project design.** "Lead project design" means site-specific written project specifications for a regulated lead work project. Lead project design includes written technical project specifications incorporated into bidding documents.

Subd. 20. **Lead order.** "Lead order" means a legal instrument to compel a property owner to engage in lead hazard reduction according to the specifications given by the assessing agency.

Subd. 20a. **Lead project designer.** "Lead project designer" means an individual who is responsible for planning the site-specific performance of regulated lead work and who has been licensed by the commissioner under section 144.9505.

Subd. 20b. **Lead risk assessment.** "Lead risk assessment" means an investigation to determine the existence, nature, severity, and location of lead hazards.

Subd. 20c. **Lead risk assessor.** "Lead risk assessor" means an individual who performs lead risk assessments or lead inspections and who has been licensed by the commissioner under section 144.9505.

Subd. 21. **Lead-safe.** "Lead-safe" means a condition in which:

- (1) lead is not present;
- (2) lead may be present at the residence, child care facility, school, or playground, if the lead concentration in the dust, paint, soil, and water of a residence does not exceed the standards adopted under section 144.9508; or
- (3) if the lead concentrations in the paint or soil do exceed the standards, the paint is intact and the soil is not bare soil.

Subd. 22. **Lead-safe practices.** "Lead-safe practices" means methods for construction, renovation, remodeling, or maintenance activities that are not regulated lead work and that are performed so that they do not:

- (1) violate the standards under section 144.9508;
- (2) create lead dust through the use of prohibited practices;
- (3) leave debris or a lead residue that can form a dust;
- (4) provide a readily accessible source of lead dust, lead paint, lead paint chips, or lead contaminated soil, after the use of containment methods; and
- (5) result in improper disposal of lead contaminated debris, dust, or soil.

Subd. 22a. **Lead supervisor.** "Lead supervisor" means an individual who is responsible for the on-site performance of abatement or interim controls and who has been licensed by the commissioner under section 144.9505.

Subd. 22b. **Lead sampling technician.** "Lead sampling technician" means an individual who performs clearance inspections for nonabatement or nonorder lead hazard reduction sites, lead dust sampling in other settings, or visual assessment for deteriorated paint, and who is registered with the commissioner under section 144.9505.

Subd. 23. **Lead worker.** "Lead worker" means an individual who performs abatement or interim control work and who has been licensed by the commissioner under section 144.9505.

Subd. 24. **Person.** "Person" has the meaning given in section 326.71, subdivision 8.

Subd. 25. **Persons at high risk for elevated blood lead level.** "Persons at high risk for elevated blood lead level" means:

- (1) a child between six and 72 months of age:
 - (a) who lives in or visits, at least weekly, a residence, child care facility, or school built before 1978 which has peeling or chipping paint, ongoing remodeling or renovation, or bare soil; or
 - (b) who has a sibling, housemate, or playmate who has been diagnosed with an elevated blood lead level in the last 12 months; and
- (2) a pregnant female or a child between six and 72 months of age:
 - (a) who lives in a census tract found to have a median foundation soil lead value exceeding 100 parts per million of lead;
 - (b) who lives near an industrial point source that emits lead;
 - (c) who lives near a road with an average daily traffic which exceeded 5,000 vehicles per day in 1986 or earlier; or
 - (d) who lives with a person whose occupation or hobby involves exposure to lead.

Subd. 25a. **Play area.** "Play area" means any established area where children play, or on residential property, any established area where children play or bare soil is accessible to children.

Subd. 26. **Primary prevention.** "Primary prevention" means preventing toxic lead exposure before blood levels become elevated.

Subd. 26a. **Regulated lead work.** (a) "Regulated lead work" means:

- (1) abatement;
- (2) interim controls;
- (3) a clearance inspection;
- (4) a lead hazard screen;
- (5) a lead inspection;
- (6) a lead risk assessment;
- (7) lead project designer services;
- (8) lead sampling technician services; or
- (9) swab team services.

(b) Regulated lead work does not include:

- (1) activities such as remodeling, renovation, installation, rehabilitation, or landscaping activities, the primary intent of which is to remodel, repair, or restore a structure or dwelling, rather than to permanently eliminate lead hazards, even though these activities may incidentally result in a reduction in lead hazards; or
- (2) interim control activities that are not performed as a result of a lead order and that do not disturb painted surfaces that total more than:
 - (i) 20 square feet (two square meters) on exterior surfaces;
 - (ii) two square feet (0.2 square meters) in an interior room; or
 - (iii) ten percent of the total surface area on an interior or exterior type of component with a small surface area.

Subd. 27. **Safe housing.** "Safe housing" means a residence that is lead-safe.

Subd. 28. **Secondary prevention.** "Secondary prevention" means intervention to mitigate health effects on people with elevated blood lead levels.

Subd. 28a. **Standard.** "Standard" means a quantitative assessment of lead in any environmental media or consumer product.

Subd. 29. **Swab team services.** "Swab team services" means activities that provide protection from lead hazards primarily through the use of interim controls, such as:

- (1) removing lead dust by washing, vacuuming with high efficiency particle accumulator (HEPA) or wet vacuum cleaners, and cleaning the interior of residential property;
- (2) removing loose paint and paint chips and repainting or installing guards to protect intact paint;
- (3) covering or replacing bare soil that has a lead concentration of 100 parts per million or more;
- (4) health education;
- (5) advice and assistance to help residents locate and move to a temporary residence while lead hazard reduction is being completed; or
- (6) any other assistance necessary to meet the resident's immediate needs as a result of the relocation.

Subd. 30. **Swab team worker.** "Swab team worker" means an individual who performs swab team services and who has been licensed by the commissioner as a lead worker under section 144.9505.

Subd. 31. **Venous blood sample.** "Venous blood sample" means a quantity of blood drawn from a vein.

Subd. 32. [Repealed, 2001 c 205 art 1 s 43]

History: 1995 c 213 art 1 s 3; 1997 c 205 s 24,25; 1998 c 407 art 2 s 34-49; 2001 c 205 art 1 s 1-25

144.9502 LEAD SURVEILLANCE AND THE OCCURRENCE OF LEAD IN THE ENVIRONMENT.

Subdivision 1. **Surveillance.** The commissioner of health shall establish a statewide lead surveillance system. The purpose of this system is to:

(a) monitor blood lead levels in children and adults to identify trends and populations at high risk for elevated blood lead levels;

(b) ensure that screening services are provided to populations at high risk for elevated blood lead levels;

(c) ensure that medical and environmental follow-up services for children with elevated blood lead levels are provided; and

(d) provide accurate and complete data for planning and implementing primary prevention programs that focus on the populations at high risk for elevated blood lead levels.

Subd. 2. **Studies and surveys.** The commissioner of health shall collect blood lead level and exposure information, analyze the information, and conduct studies designed to determine the potential for high risk for elevated blood lead levels among children and adults.

Subd. 3. **Reports of blood lead analysis required.** (a) Every hospital, medical clinic, medical laboratory, other facility, or individual performing blood lead analysis shall report the results after the analysis of each specimen analyzed, for both capillary and venous specimens, and epidemiologic information required in this section to the commissioner of health, within the time frames set forth in clauses (1) and (2):

(1) within two working days by telephone, fax, or electronic transmission, with written or electronic confirmation within one month, for a venous blood lead level equal to or greater than 15 micrograms of lead per deciliter of whole blood; or

(2) within one month in writing or by electronic transmission, for any capillary result or for a venous blood lead level less than 15 micrograms of lead per deciliter of whole blood.

(b) If a blood lead analysis is performed outside of Minnesota and the facility performing the analysis does not report the blood lead analysis results and epidemiological information required in this section to the commissioner, the provider who collected the blood specimen must satisfy the reporting requirements of this section. For purposes of this section, "provider" has the meaning given in section 62D.02, subdivision 9.

(c) The commissioner shall coordinate with hospitals, medical clinics, medical laboratories, and other facilities performing blood lead analysis to develop a universal reporting form and mechanism.

Subd. 4. **Blood lead analyses and epidemiologic information.** The blood lead analysis reports required in this section must specify:

(1) whether the specimen was collected as a capillary or venous sample;

(2) the date the sample was collected;

(3) the results of the blood lead analysis;

(4) the date the sample was analyzed;

(5) the method of analysis used;

(6) the full name, address, and phone number of the laboratory performing the analysis;

(7) the full name, address, and phone number of the physician or facility requesting the analysis;

(8) the full name, address, and phone number of the person with the blood lead level, and the person's birthdate, gender, and race.

Subd. 5. **Follow-up epidemiologic information.** The follow-up epidemiologic information required in this section must specify:

(1) the name, address, and phone number of the agency or individual contacted to investigate the environment of the person with the elevated blood lead level to determine the sources of lead exposure; and

(2) the name, address, and phone number of all agencies or individuals to whom the person or the person's guardian was referred for education about the sources, effects, and prevention of lead exposure.

Subd. 6. [Repealed, 2001 c 205 art 1 s 43]

Subd. 7. **Reporting without liability.** The furnishing of the information required under this section shall not subject the person, laboratory, or other facility furnishing the information to any action for damages or relief.

Subd. 8. **Laboratory standards.** (a) A laboratory performing blood lead analysis shall use methods that:

(1) meet or exceed the proficiency standards established in the federal Clinical Laboratory Improvement Regulations, Code of Federal Regulations, title 42, section 493, promulgated in accordance with the Clinical Laboratory Improvement Act amendments of 1988, Public Law Number 100-578; or

(2) meet or exceed the Occupational Safety and Health Standards for Lead in General Industries, Code of Federal Regulations, section 1910.1025, and Occupational Safety and Health Standards for Lead in Construction, Code of Federal Regulations, section 1926.62.

(b) A laboratory performing lead analysis of paint, soil, or dust must be a laboratory recognized by the United States Environmental Protection Agency under the Toxic Substances Control Act, United States Code, title 15, section 2685, paragraph (b). Analysis of samples of drinking water must be performed by a laboratory certified by the commissioner to analyze lead in water.

Subd. 9. **Classification of data.** Notwithstanding any law to the contrary, including section 13.05, subdivision 9, data collected by the commissioner of health about persons with blood lead levels, including analytic results from samples of paint, soil, dust, and drinking water taken from the individual's home and immediate property, shall be private and may only be used by the commissioner of health, the commissioner of labor and industry, authorized agents of Indian tribes, and authorized employees of local boards of health for the purposes set forth in this section.

History: 1995 c 213 art 1 s 4; 1998 c 407 art 2 s 50-52; 2001 c 205 art 1 s 26

144.9503 PRIMARY PREVENTION.

Subdivision 1. **Primary prevention program.** The commissioner shall develop and maintain a primary prevention program to reduce lead exposure in young children and pregnant women. A board of health serving a city of the first class shall determine areas at high risk for toxic lead exposure before doing primary prevention lead hazard reduction activities. The program shall provide primary prevention lead education materials, promote primary prevention swab team services in cooperation with the commissioner of economic security or housing finance, provide lead cleanup equipment and material grants as funding allows, monitor regulated lead work, and develop and maintain lead-safe practices in cooperation with the commissioner of administration.

Subd. 2. **Priorities for primary prevention.** (a) The commissioner of health and boards of health serving cities of the first class shall determine areas at high risk for toxic lead exposure.

(b) A board of health serving a city of the first class shall rank order census tracts by awarding points as specified in this paragraph. The priority for primary prevention in census tracts at high risk for toxic lead exposure shall be based on the cumulative points awarded to each census tract. A greater number of points means a higher priority.

(1) One point may be awarded to a census tract for each ten percent of children who were under six years old at the time they were screened for lead in blood and whose blood lead level exceeds ten micrograms of lead per deciliter of whole blood,

provided the commissioner has determined that the data used to award the points are comprehensive and representative.

(2) One point may be awarded for every five percent of housing that is defined as dilapidated or deteriorated by the planning department or similar agency of the city in which the housing is located. Where data is available by neighborhood or section within a city, the percent of dilapidated or deteriorated housing shall apply equally to each census tract within the neighborhood or section.

(3) One point may be awarded for every 100 parts per million of lead in soil, based on the median soil lead values of foundation soil samples, calculated on 100 parts per million intervals, or fraction thereof. A board of health shall use data from its own soil survey conducted according to rules adopted under section 144.9508, except that a board of health serving Minneapolis or St. Paul that has not conducted its own soil survey shall use the June 1988 census tract version of the houseside map titled "Distribution of Houseside Lead Content of Soil-Dust in the Twin Cities," prepared by the Center for Urban and Regional Affairs, Humphrey Institute, University of Minnesota, Publication 1989, Center for Urban and Regional Affairs 89-4. Where the map displays a census tract that is crossed by two or more intervals, the board of health shall make a reasoned determination of the median foundation soil lead value for that census tract.

(4) A board of health may award one point to each census tract for each of the following factors based on cutoff criteria to be determined by the board of health:

- (i) percent of minority population;
- (ii) number of children less than six years of age;
- (iii) percent of housing built before 1950; and
- (iv) percent of population living in poverty.

(c) The commissioner may determine areas at high risk for toxic lead exposure at the county level or within a county outside a city of the first class using one or more of the following criteria:

- (1) blood lead levels greater than ten micrograms per deciliter of whole blood in children under six years of age;
- (2) percent of dilapidated or deteriorated housing;
- (3) soil lead levels in excess of 100 parts per million;
- (4) percent of minority population;
- (5) percent of housing built before 1950;
- (6) percent of children living in poverty; or
- (7) other factors appropriate in preventing lead exposure, as determined by a federal agency including the United States Centers for Disease Control and Prevention, the United States Environmental Protection Agency, or the United States Department of Housing and Urban Development.

Subd. 3. Primary prevention lead education strategy. The commissioner of health shall develop and maintain a primary prevention lead education strategy to prevent lead exposure. The strategy includes:

- (1) lead education materials that describe the health effects of lead exposure, safety measures, and methods to be used in the lead hazard reduction process;
- (2) providing lead education materials to the general public;
- (3) providing lead education materials to property owners, landlords, and tenants by swab team workers and public health professionals, such as nurses, sanitarians, health educators, nonprofit organizations working on lead issues, and other public health professionals in areas at high risk for toxic lead exposure; and
- (4) promoting awareness of community, legal, and housing resources.

Subd. 4. Swab team services. Primary prevention may include the use of swab team services. The swab team services may be provided based on lead hazard screens whenever possible and must at least include lead hazard reduction for deteriorated interior lead-based paint, bare soil, and dust.

Subd. 5. [Repealed, 1998 c 407 art 2 s 109]

Subd. 6. [Repealed, 2001 c 205 art 1 s 27,43]

Subd. 7. **Lead-safe practices information.** The commissioner shall develop and maintain in cooperation with the commissioner of administration provisions and procedures to define lead-safe practices information for residential remodeling, renovation, installation, and rehabilitation activities that are not lead hazard reduction, but may disrupt lead-based paint surfaces and guidance documents for the regulated industry.

Subd. 8. [Repealed, 1998 c 407 art 2 s 109]

Subd. 9. [Repealed, 1998 c 407 art 2 s 109]

History: 1995 c 213 art 1 s 5; 1996 c 451 art 4 s 14-16; 1998 c 407 art 2 s 53-55; 2001 c 205 art 1 s 27

144.9504 SECONDARY PREVENTION.

Subdivision 1. **Jurisdiction.** (a) A board of health serving cities of the first class must conduct lead risk assessments for purposes of secondary prevention, according to the provisions of this section. A board of health not serving cities of the first class must conduct lead risk assessments for the purposes of secondary prevention, unless they certified in writing to the commissioner by January 1, 1996, that they desired to relinquish these duties back to the commissioner. At the discretion of the commissioner, a board of health may, upon written request to the commissioner, resume these duties.

(b) Lead risk assessments must be conducted by a board of health serving a city of the first class. The commissioner must conduct lead risk assessments in any area not including cities of the first class where a board of health has relinquished to the commissioner the responsibility for lead risk assessments. The commissioner shall coordinate with the board of health to ensure that the requirements of this section are met.

(c) The commissioner may assist boards of health by providing technical expertise, equipment, and personnel to boards of health. The commissioner may provide laboratory or field lead-testing equipment to a board of health or may reimburse a board of health for direct costs associated with lead risk assessments.

Subd. 2. **Lead risk assessment.** (a) An assessing agency shall conduct a lead risk assessment of a residence according to the venous blood lead level and time frame set forth in clauses (1) to (5) for purposes of secondary prevention:

(1) within 48 hours of a child or pregnant female in the residence being identified to the agency as having a venous blood lead level equal to or greater than 70 micrograms of lead per deciliter of whole blood;

(2) within five working days of a child or pregnant female in the residence being identified to the agency as having a venous blood lead level equal to or greater than 45 micrograms of lead per deciliter of whole blood;

(3) within ten working days of a child in the residence being identified to the agency as having a venous blood lead level equal to or greater than 20 micrograms of lead per deciliter of whole blood;

(4) within ten working days of a child in the residence being identified to the agency as having a venous blood lead level that persists in the range of 15 to 19 micrograms of lead per deciliter of whole blood for 90 days after initial identification; or

(5) within ten working days of a pregnant female in the residence being identified to the agency as having a venous blood lead level equal to or greater than ten micrograms of lead per deciliter of whole blood.

(b) Within the limits of available local, state, and federal appropriations, an assessing agency may also conduct a lead risk assessment for children with any elevated blood lead level.

(c) In a building with two or more dwelling units, an assessing agency shall assess the individual unit in which the conditions of this section are met and shall inspect all common areas accessible to a child. If a child visits one or more other sites such as another residence, or a residential or commercial child care facility, playground, or school, the assessing agency shall also inspect the other sites. The assessing agency shall have one additional day added to the time frame set forth in this subdivision to complete the lead risk assessment for each additional site.

(d) Within the limits of appropriations, the assessing agency shall identify the known addresses for the previous 12 months of the child or pregnant female with venous blood lead levels of at least 20 micrograms per deciliter for the child or at least ten micrograms per deciliter for the pregnant female; notify the property owners, landlords, and tenants at those addresses that an elevated blood lead level was found in a person who resided at the property; and give them primary prevention information. Within the limits of appropriations, the assessing agency may perform a risk assessment and issue corrective orders in the properties, if it is likely that the previous address contributed to the child's or pregnant female's blood lead level. The assessing agency shall provide the notice required by this subdivision without identifying the child or pregnant female with the elevated blood lead level. The assessing agency is not required to obtain the consent of the child's parent or guardian or the consent of the pregnant female for purposes of this subdivision. This information shall be classified as private data on individuals as defined under section 13.02, subdivision 12.

(e) The assessing agency shall conduct the lead risk assessment according to rules adopted by the commissioner under section 144.9508. An assessing agency shall have lead risk assessments performed by lead risk assessors licensed by the commissioner according to rules adopted under section 144.9508. If a property owner refuses to allow a lead risk assessment, the assessing agency shall begin legal proceedings to gain entry to the property and the time frame for conducting a lead risk assessment set forth in this subdivision no longer applies. A lead risk assessor or assessing agency may observe the performance of lead hazard reduction in progress and shall enforce the provisions of this section under section 144.9509. Deteriorated painted surfaces, bare soil, and dust must be tested with appropriate analytical equipment to determine the lead content, except that deteriorated painted surfaces or bare soil need not be tested if the property owner agrees to engage in lead hazard reduction on those surfaces. The lead content of drinking water must be measured if another probable source of lead exposure is not identified. Within a standard metropolitan statistical area, an assessing agency may order lead hazard reduction of bare soil without measuring the lead content of the bare soil if the property is in a census tract in which soil sampling has been performed according to rules established by the commissioner and at least 25 percent of the soil samples contain lead concentrations above the standard in section 144.9508.

(f) Each assessing agency shall establish an administrative appeal procedure which allows a property owner to contest the nature and conditions of any lead order issued by the assessing agency. Assessing agencies must consider appeals that propose lower cost methods that make the residence lead safe. The commissioner shall use the authority and appeal procedure granted under sections 144.989 to 144.993.

(g) Sections 144.9501 to 144.9509 neither authorize nor prohibit an assessing agency from charging a property owner for the cost of a lead risk assessment.

Subd. 3. Lead education strategy. At the time of a lead risk assessment or following a lead order, the assessing agency shall ensure that a family will receive a visit at their residence by a swab team worker or public health professional, such as a nurse, sanitarian, public health educator, or other public health professional. The swab team worker or public health professional shall inform the property owner, landlord, and the tenant of the health-related aspects of lead exposure; nutrition; safety measures to minimize exposure; methods to be followed before, during, and after the lead hazard reduction process; and community, legal, and housing resources. If a family moves to a temporary residence during the lead hazard reduction process, lead education services should be provided at the temporary residence whenever feasible.

Subd. 4. [Repealed; 2001 c 205 art 1 s 43]

Subd. 5. **Lead orders.** (a) An assessing agency, after conducting a lead risk assessment, shall order a property owner to perform lead hazard reduction on all lead sources that exceed a standard adopted according to section 144.9508. If lead risk assessments and lead orders are conducted at times when weather or soil conditions do not permit the lead risk assessment or lead hazard reduction, external surfaces and soil lead shall be assessed, and lead orders complied with, if necessary, at the first opportunity that weather and soil conditions allow.

(b) If the paint standard under section 144.9508 is violated, but the paint is intact, the assessing agency shall not order the paint to be removed unless the intact paint is a known source of actual lead exposure to a specific person. Before the assessing agency may order the intact paint to be removed, a reasonable effort must be made to protect the child and preserve the intact paint by the use of guards or other protective devices and methods.

(c) Whenever windows and doors or other components covered with deteriorated lead-based paint have sound substrate or are not rotting, those components should be repaired, sent out for stripping or planed down to remove deteriorated lead-based paint, or covered with protective guards instead of being replaced, provided that such an activity is the least cost method. However, a property owner who has been ordered to perform lead hazard reduction may choose any method to address deteriorated lead-based paint on windows, doors, or other components, provided that the method is approved in rules adopted under section 144.9508 and that it is appropriate to the specific property.

(d) Lead orders must require that any source of damage, such as leaking roofs, plumbing, and windows, be repaired or replaced, as needed, to prevent damage to lead-containing interior surfaces.

(e) The assessing agency is not required to pay for lead hazard reduction. The assessing agency shall enforce the lead orders issued to a property owner under this section.

Subd. 6. **Swab team services.** After a lead risk assessment or after issuing lead orders, the assessing agency, within the limits of appropriations and availability, shall offer the property owner the services of a swab team free of charge and, if accepted, shall send a swab team within ten working days to the residence to perform swab team services as defined in section 144.9501. If the assessing agency provides swab team services after a lead risk assessment, but before the issuance of a lead order, swab team services do not need to be repeated after the issuance of the lead order if the swab team services fulfilled the lead order. Swab team services are not considered completed until the clearance inspection required under this section shows that the property is lead safe.

Subd. 7. **Relocation of residents.** (a) Within the limits of appropriations, the assessing agency shall ensure that residents are relocated from rooms or dwellings during a lead hazard reduction process that generates leaded dust, such as removal or disruption of lead-based paint or plaster that contains lead. Residents shall not remain in rooms or dwellings where the lead hazard reduction process is occurring. An assessing agency is not required to pay for relocation unless state or federal funding is available for this purpose. The assessing agency shall make an effort to assist the resident in locating resources that will provide assistance with relocation costs. Residents shall be allowed to return to the room or dwelling after completion of the lead hazard reduction process. An assessing agency shall use grant funds under section 144.9507 if available, in cooperation with local housing agencies, to pay for moving costs and rent for a temporary residence for any low-income resident temporarily relocated during lead hazard reduction. For purposes of this section, "low-income resident" means any resident whose gross household income is at or below 185 percent of federal poverty level.

(b) A resident of rental property who is notified by an assessing agency to vacate the premises during lead hazard reduction, notwithstanding any rental agreement or lease provisions:

(1) shall not be required to pay rent due the landlord for the period of time the tenant vacates the premises due to lead hazard reduction;

(2) may elect to immediately terminate the tenancy effective on the date the tenant vacates the premises due to lead hazard reduction; and

(3) shall not, if the tenancy is terminated, be liable for any further rent or other charges due under the terms of the tenancy.

(c) A landlord of rental property whose tenants vacate the premises during lead hazard reduction shall:

(1) allow a tenant to return to the dwelling unit after lead hazard reduction and clearance inspection, required under this section, is completed, unless the tenant has elected to terminate the tenancy as provided for in paragraph (b); and

(2) return any security deposit due under section 504B.178 within five days of the date the tenant vacates the unit, to any tenant who terminates tenancy as provided for in paragraph (b).

Subd. 8. Property owner notification responsibility. If the property owner does not hire a person licensed by the commissioner under section 144.9505 for compliance with the lead orders, the property owner shall submit a notice as to when regulated lead work will begin, according to section 144.9505, subdivision 4, to the assessing agency within 30 days after receiving the orders.

Subd. 9. Clearance inspection. After completion of swab team services and compliance with the lead orders by the property owner, including any repairs ordered by a local housing or building inspector, the assessing agency shall conduct a clearance inspection by visual identification of deteriorated paint and bare soil and retest the dust lead concentration in the residence to assure that violations of the lead standards under section 144.9508 no longer exist. The assessing agency is not required to test a dwelling unit after lead hazard reduction that was not ordered by the assessing agency.

Subd. 10. Case closure. A lead risk assessment is completed and the responsibility of the assessing agency ends when all of the following conditions are met:

(1) lead orders are written on all known sources of violations of lead standards under section 144.9508;

(2) compliance with all lead orders has been completed; and

(3) clearance inspections demonstrate that no deteriorated lead paint, bare soil, or lead dust levels exist that exceed the standards adopted under section 144.9508.

Subd. 11. [Repealed, 2001 c 205 art 1 s 43]

History: 1995 c 213 art 1 s 6; 1996 c 451 art 4 s 17-19; 1997 c 205 s 26; 1997 c 228 s 12; 1998 c 407 art 2 s 56-65; 1999 c 199 art 2 s 3; 2001 c 205 art 1 s 28-32

144.9505 LICENSING OF LEAD FIRMS AND PROFESSIONALS.

Subdivision 1. Licensing and certification; generally. (a) All fees received shall be paid into the state treasury and credited to the lead abatement licensing and certification account and are appropriated to the commissioner to cover costs incurred under this section and section 144.9508.

(b) Persons shall not advertise or otherwise present themselves as lead supervisors, lead workers, lead inspectors, lead risk assessors, lead sampling technicians, lead project designers, or lead firms unless they have licenses or certificates issued by or are registered with the commissioner under this section.

(c) The fees required in this section for inspectors, risk assessors, and certified lead firms are waived for state or local government employees performing services for or as an assessing agency.

(d) An individual who is the owner of property on which regulated lead work is to be performed or an adult individual who is related to the property owner, as defined

under section 245A.02, subdivision 13, is exempt from the requirements to obtain a license and pay a fee according to this section.

(e) A person that employs individuals to perform regulated lead work outside of the person's property must obtain certification as a certified lead firm. An individual who performs regulated lead work must be employed by a certified lead firm, unless the individual is a sole proprietor and does not employ any other individual who performs regulated lead work, the individual is employed by a person that does not perform regulated lead work outside of the person's property, or the individual is employed by an assessing agency.

Subd. 1a. **Lead worker license.** Before an individual performs regulated lead work as a worker, the individual shall first obtain a license from the commissioner. No license shall be issued unless the individual shows evidence of successfully completing a training course in lead hazard control. The commissioner shall specify the course of training and testing requirements and shall charge a \$50 fee for the license. License fees are nonrefundable and must be submitted with each application. The license must be carried by the individual and be readily available for review by the commissioner and other public health officials charged with the health, safety, and welfare of the state's citizens.

Subd. 1b. **Lead supervisor license.** Before an individual performs regulated lead work as a supervisor, the individual shall first obtain a license from the commissioner. No license shall be issued unless the individual shows evidence of experience and successful completion of a training course in lead hazard control. The commissioner shall specify the course of training, experience, and testing requirements and shall charge a \$50 fee for the license. License fees are nonrefundable and must be submitted with each application. The license must be carried by the individual and be readily available for review by the commissioner and other public health officials charged with the health, safety, and welfare of the state's citizens.

Subd. 1c. **Lead inspector license.** Before an individual performs lead inspection services, the individual shall first obtain a license from the commissioner. No license shall be issued unless the individual shows evidence of successfully completing a training course in lead inspection. The commissioner shall specify the course of training and testing requirements and shall charge a \$50 fee for the license. License fees are nonrefundable and must be submitted with each application. The license must be carried by the individual and be readily available for review by the commissioner and other public health officials charged with the health, safety, and welfare of the state's citizens.

Subd. 1d. **Lead risk assessor license.** Before an individual performs lead risk assessor services, the individual shall first obtain a license from the commissioner. No license shall be issued unless the individual shows evidence of experience and successful completion of a training course in lead risk assessment. The commissioner shall specify the course of training, experience, and testing requirements and shall charge a \$100 fee for the license. License fees are nonrefundable and must be submitted with each application. The license must be carried by the individual and be readily available for review by the commissioner and other public health officials charged with the health, safety, and welfare of the state's citizens.

Subd. 1e. **Lead project designer license.** Before an individual performs lead project designer services, the individual shall first obtain a license from the commissioner. No license shall be issued unless the individual shows evidence of experience and successful completion of a training course in lead project design. The commissioner shall specify the course of training, experience, and testing requirements and shall charge a \$100 fee for the license. License fees are nonrefundable and must be submitted with each application. The license must be carried by the individual and be readily available for review by the commissioner and other public health officials charged with the health, safety, and welfare of the state's citizens.

Subd. 1f. **Lead sampling technician.** An individual performing lead sampling technician services shall first register with the commissioner. The commissioner shall

not register an individual unless the individual shows evidence of successfully completing a training course in lead sampling. The commissioner shall specify the course of training and testing requirements. Proof of registration must be carried by the individual and be readily available for review by the commissioner and other public health officials charged with the health, safety, and welfare of the state's citizens.

Subd. 1g. **Certified lead firm.** A person within the state intending to directly perform or cause to be performed through subcontracting or similar delegation any regulated lead work shall first obtain certification from the commissioner. The certificate must be in writing, contain an expiration date, be signed by the commissioner, and give the name and address of the person to whom it is issued. The certification fee is \$100, is nonrefundable, and must be submitted with each application. The certificate or a copy of the certificate must be readily available at the worksite for review by the contracting entity, the commissioner, and other public health officials charged with the health, safety, and welfare of the state's citizens.

Subd. 2. [Repealed, 2001 c 205 art 1 s 33,43]

Subd. 3. **Licensed building contractor; information.** The commissioner shall provide health and safety information on lead abatement and lead hazard reduction to all residential building contractors licensed under section 326.84. The information must include the lead-safe practices and any other materials describing ways to protect the health and safety of both employees and residents.

Subd. 4. **Notice of regulated lead work.** (a) At least five working days before starting work at each regulated lead worksite, the person performing the regulated lead work shall give written notice to the commissioner and the appropriate board of health.

(b) This provision does not apply to lead hazard screen, lead inspection, lead risk assessment, lead sampling technician, or lead project design activities.

Subd. 5. [Repealed, 2001 c 205 art 1 s 33,43]

Subd. 6. **Duties of contracting entity.** A contracting entity intending to have regulated lead work performed for its benefit shall include in the specifications and contracts for the work a requirement that the work be performed by contractors and subcontractors licensed by the commissioner under sections 144.9501 to 144.9509 and according to rules adopted by the commissioner related to regulated lead work. No contracting entity shall allow regulated lead work to be performed for its benefit unless the contracting entity has seen that the person has a valid license or certificate. A contracting entity's failure to comply with this subdivision does not relieve a person from any responsibility under sections 144.9501 to 144.9509.

History: 1995 c 213 art 1 s 7; 1996 c 451 art 4 s 20; 1998 c 407 art 2 s 66-68; 2001 c 205 art 1 s 33

144.9506 [Repealed, 2001 c 205 art 1 s 43]

144.9507 LEAD-RELATED FUNDING.

Subdivision 1. **Lead education strategy contracts.** The commissioner shall, within available federal or state appropriations, contract with:

(1) boards of health to provide funds for lead education as provided for in sections 144.9503 and 144.9504; and

(2) swab team workers and community-based advocacy groups to provide funds for lead education for primary prevention of toxic lead exposure in areas at high risk for toxic lead exposure.

Subd. 2. **Lead risk assessment contracts.** The commissioner shall, within available federal or state appropriations, contract with boards of health to conduct lead risk assessments to determine sources of lead contamination and to issue and enforce lead orders according to section 144.9504.

Subd. 3. **Temporary lead-safe housing contracts.** The commissioner shall, within the limits of available appropriations, contract with boards of health for temporary housing, to be used in meeting relocation requirements in section 144.9504, and award

grants to boards of health for the purposes of paying housing and relocation costs under section 144.9504. The commissioner may use up to 15 percent of the available appropriations to provide temporary lead-safe housing in areas of the state in which the commissioner has the duty under section 144.9504 to perform secondary prevention.

Subd. 4. [Repealed, 1999 c 245 art 2 s 45]

Subd. 5. **Federal lead-related funds.** To the extent practicable under federal guidelines, the commissioner of health may use federal funding to contract with boards of health for purposes specified in this section, but only to the extent that the federal funds do not replace existing funding for these lead services.

History: 1995 c 213 art 1 s 9; 1998 c 407 art 2 s 71-73; 2001 c 205 art 1 s 34

144.9508 RULES.

Subdivision 1. **Sampling and analysis.** The commissioner shall adopt, by rule, methods for:

- (1) lead inspections, lead hazard screens, lead risk assessments, and clearance inspections;
- (2) environmental surveys of lead in paint, soil, dust, and drinking water to determine areas at high risk for toxic lead exposure;
- (3) soil sampling for soil used as replacement soil;
- (4) drinking water sampling, which shall be done in accordance with lab certification requirements and analytical techniques specified by Code of Federal Regulations, title 40, section 141.89; and
- (5) sampling to determine whether at least 25 percent of the soil samples collected from a census tract within a standard metropolitan statistical area contain lead in concentrations that exceed 100 parts per million.

Subd. 2. **Regulated lead work standards and methods.** (a) The commissioner shall adopt rules establishing regulated lead work standards and methods in accordance with the provisions of this section, for lead in paint, dust, drinking water, and soil in a manner that protects public health and the environment for all residences, including residences also used for a commercial purpose, child care facilities, playgrounds, and schools.

(b) In the rules required by this section, the commissioner shall require lead hazard reduction of intact paint only if the commissioner finds that the intact paint is on a chewable or lead-dust producing surface that is a known source of actual lead exposure to a specific individual. The commissioner shall prohibit methods that disperse lead dust into the air that could accumulate to a level that would exceed the lead dust standard specified under this section. The commissioner shall work cooperatively with the commissioner of administration to determine which lead hazard reduction methods adopted under this section may be used for lead-safe practices including prohibited practices, preparation, disposal, and cleanup. The commissioner shall work cooperatively with the commissioner of the pollution control agency to develop disposal procedures. In adopting rules under this section, the commissioner shall require the best available technology for regulated lead work methods, paint stabilization, and repainting.

(c) The commissioner of health shall adopt regulated lead work standards and methods for lead in bare soil in a manner to protect public health and the environment. The commissioner shall adopt a maximum standard of 100 parts of lead per million in bare soil. The commissioner shall set a soil replacement standard not to exceed 25 parts of lead per million. Soil lead hazard reduction methods shall focus on erosion control and covering of bare soil.

(d) The commissioner shall adopt regulated lead work standards and methods for lead in dust in a manner to protect the public health and environment. Dust standards shall use a weight of lead per area measure and include dust on the floor, on the window sills, and on window wells. Lead hazard reduction methods for dust shall focus

on dust removal and other practices which minimize the formation of lead dust from paint, soil, or other sources.

(e) The commissioner shall adopt lead hazard reduction standards and methods for lead in drinking water both at the tap and public water supply system or private well in a manner to protect the public health and the environment. The commissioner may adopt the rules for controlling lead in drinking water as contained in Code of Federal Regulations, title 40, part 141. Drinking water lead hazard reduction methods may include an educational approach of minimizing lead exposure from lead in drinking water.

(f) The commissioner of the pollution control agency shall adopt rules to ensure that removal of exterior lead-based coatings from residences and steel structures by abrasive blasting methods is conducted in a manner that protects health and the environment.

(g) All regulated lead work standards shall provide reasonable margins of safety that are consistent with more than a summary review of scientific evidence and an emphasis on overprotection rather than underprotection when the scientific evidence is ambiguous.

(h) No unit of local government shall have an ordinance or regulation governing regulated lead work standards or methods for lead in paint, dust, drinking water, or soil that require a different regulated lead work standard or method than the standards or methods established under this section.

(i) Notwithstanding paragraph (h); the commissioner may approve the use by a unit of local government of an innovative lead hazard reduction method which is consistent in approach with methods established under this section.

(j) The commissioner shall adopt rules for issuing lead orders required under section 144.9504, rules for notification of abatement or interim control activities requirements, and other rules necessary to implement sections 144.9501 to 144.9509.

Subd. 2a. Lead standards for exterior surfaces and street dust. The commissioner may, by rule, establish lead standards for exterior horizontal surfaces, concrete or other impervious surfaces, and street dust on residential property to protect the public health and the environment.

Subd. 3. Licensure and certification. The commissioner shall adopt rules to license lead supervisors, lead workers, lead project designers, lead inspectors, and lead risk assessors. The commissioner shall also adopt rules requiring certification of firms that perform regulated lead work and rules requiring registration of lead sampling technicians. The commissioner shall require periodic renewal of licenses, certificates, and registrations and shall establish the renewal periods.

Subd. 4. Lead training course. The commissioner shall establish by rule requirements for training course providers and the renewal period for each lead-related training course required for certification or licensure. The commissioner shall establish criteria in rules for the content and presentation of training courses intended to qualify trainees for licensure under subdivision 3. The commissioner shall establish criteria in rules for the content and presentation of training courses for lead interim control workers. Training course permit fees shall be nonrefundable and must be submitted with each application in the amount of \$500 for an initial training course, \$250 for renewal of a permit for an initial training course, \$250 for a refresher training course, and \$125 for renewal of a permit of a refresher training course.

Subd. 5. Variances. In adopting the rules required under this section, the commissioner shall provide variance procedures for any provision in rules adopted under this section, except for the numerical standards for the concentrations of lead in paint, dust, bare soil, and drinking water. A variance shall be considered only according to the procedures and criteria in Minnesota Rules, parts 4717.7000 to 4717.7050.

Subd. 6. [Repealed, 2001 c 205 art 1 s 43]

History: 1995 c 213 art 1 s 10; 1998 c 407 art 2 s 74-77; 2001 c 205 art 1 s 35-39

144.9509 ENFORCEMENT.

Subdivision 1. **Enforcement.** When the commissioner exercises authority for enforcement, the provisions of sections 144.9501 to 144.9509 shall be enforced under the provisions of sections 144.989 to 144.993. Boards of health shall enforce a lead order issued under section 144.9504 under a local ordinance or as a public health nuisance under chapter 145A.

Subd. 2. **Discrimination.** A person who discriminates against or otherwise sanctions an employee who complains to or cooperates with the assessing agency in administering sections 144.9501 to 144.9509 is guilty of a petty misdemeanor.

Subd. 3. **Enforcement and status report.** The commissioner shall examine compliance with Minnesota's existing lead standards and rules and report to the legislature biennially, beginning February 15, 1997, including an evaluation of current lead program activities by the state and boards of health, the need for any additional enforcement procedures, recommendations on developing a method to enforce compliance with lead standards, and cost estimates for any proposed enforcement procedure. The report shall also include a summary of lead surveillance data collected by the commissioner.

CERTIFICATION OF ENVIRONMENTAL LABORATORIES**144.97 DEFINITIONS.**

Subdivision 1. **Application.** The definitions in this section apply to section 144.98.

Subd. 2. **Certification.** "Certification" means written acknowledgment of a laboratory's demonstrated capability to perform tests for a specific purpose.

MINNESOTA STATUTES 2002

Subd. 3. **Commissioner.** "Commissioner" means the commissioner of health.

Subd. 4. **Contract laboratory.** "Contract laboratory" means a laboratory that performs tests on samples on a contract or fee-for-service basis.

Subd. 5. **Environmental sample.** "Environmental sample" means a substance derived from a nonhuman source and collected for the purpose of analysis.

Subd. 6. **Laboratory.** "Laboratory" means the state, a person, corporation, or other entity, including governmental, that examines, analyzes, or tests samples.

Subd. 7. **Sample.** "Sample" means a substance derived from a nonhuman source and collected for the purpose of analysis, or a tissue, blood, excretion, or other bodily fluid specimen obtained from a human for the detection of a chemical, etiologic agent, or histologic abnormality.

History: 1988 c 689 art 2 s 33

144.98 CERTIFICATION OF ENVIRONMENTAL LABORATORIES.

Subdivision 1. **Authorization.** The commissioner of health may certify laboratories that test environmental samples.

Subd. 2. **Rules.** The commissioner may adopt rules to implement this section, including:

- (1) procedures, requirements, and fee adjustments for laboratory certification, including provisional status and recertification;
- (2) standards and fees for certificate approval, suspension, and revocation;
- (3) standards for environmental samples;
- (4) analysis methods that assure reliable test results;
- (5) laboratory quality assurance, including internal quality control, proficiency testing, and personnel training; and
- (6) criteria for recognition of certification programs of other states and the federal government.

Subd. 3. **Fees.** (a) An application for certification under subdivision 1 must be accompanied by the biennial fee specified in this subdivision. The fees are for:

- (1) nonrefundable base certification fee, \$1,200; and
- (2) test category certification fees:

Test Category	Certification Fee
Clean water program bacteriology	\$600
Safe drinking water program bacteriology	\$600
Clean water program inorganic chemistry	\$600
Safe drinking water program inorganic chemistry	\$600
Clean water program chemistry metals	\$800
Safe drinking water program chemistry metals	\$800
Resource conservation and recovery program chemistry metals	\$800
Clean water program volatile organic compounds	\$1,200
Safe drinking water program volatile organic compounds	\$1,200
Resource conservation and recovery program volatile organic compounds	\$1,200
Underground storage tank program volatile organic compounds	\$1,200
Clean water program other organic compounds	\$1,200
Safe drinking water program other organic compounds	\$1,200
Resource conservation and recovery program other organic compounds	\$1,200

(b) The total biennial certification fee is the base fee plus the applicable test category fees.

(c) Laboratories located outside of this state that require an on-site survey will be assessed an additional \$2,500 fee.

(d) Fees must be set so that the total fees support the laboratory certification program. Direct costs of the certification service include program administration, inspections, the agency's general support costs, and attorney general costs attributable to the fee function.

(e) A change fee shall be assessed if a laboratory requests additional analytes or methods at any time other than when applying for or renewing its certification. The change fee is equal to the test category certification fee for the analyte.

(f) A variance fee shall be assessed if a laboratory requests and is granted a variance from a rule adopted under this section. The variance fee is \$500 per variance.

(g) Refunds or credits shall not be made for analytes or methods requested but not approved.

(h) Certification of a laboratory shall not be awarded until all fees are paid.

Subd. 4. **Fees for laboratory proficiency testing and technical training.** The commissioner of health may set fees for proficiency testing and technical training services under section 16A.1285. Fees must be set so that the total fees cover the direct costs of the proficiency testing and technical training services, including salaries, supplies and equipment, travel expenses, and attorney general costs attributable to the fee function.

Subd. 5. **State government special revenue fund.** Fees collected under this section must be deposited in the state government special revenue fund.

History: 1988 c 689 art 2 s 34; 1Sp1993 c 1 art 9 s 52; 1995 c 165 s 4; 1995 c 233 art 2 s 50; 1996 c 305 art 3 s 21; 1999 c 250 art 3 s 21; 1Sp2001 c 9 art 1 s 38; 2002 c 379 art 1 s 113

HEALTH ENFORCEMENT CONSOLIDATION ACT OF 1993

144.989 TITLE; CITATION.

Sections 144.989 to 144.993 may be cited as the "Health Enforcement Consolidation Act of 1993."

History: 1993 c 206 s 7

144.99 ENFORCEMENT.

Subdivision 1. **Remedies available.** The provisions of chapters 103I and 157 and sections 115.71 to 115.77; 144.12, subdivision 1, paragraphs (1), (2), (5), (6), (10), (12), (13), (14), and (15); 144.1201 to 144.1204; 144.121; 144.1222; 144.35; 144.381 to 144.385; 144.411 to 144.417; 144.495; 144.71 to 144.74; 144.9501 to 144.9509; 144.992; 326.37 to 326.45; 326.57 to 326.785; 327.10 to 327.131; and 327.14 to 327.28 and all rules, orders, stipulation agreements, settlements, compliance agreements, licenses, registrations, certificates, and permits adopted or issued by the department or under any other law now in force or later enacted for the preservation of public health may, in addition to provisions in other statutes, be enforced under this section.

Subd. 2. **Access to information and property.** The commissioner or an employee or agent authorized by the commissioner, upon presentation of credentials, may:

(1) examine and copy any books, papers, records, memoranda, or data of any person subject to regulation under the statutes listed in subdivision 1; and

(2) enter upon any property, public or private, for the purpose of taking any action authorized under statutes, rules, or other actions listed in subdivision 1 including obtaining information from a person who has a duty to provide information under the statutes listed in subdivision 1, taking steps to remedy violations, or conducting surveys or investigations.

Subd. 3. **Correction orders.** (a) The commissioner may issue correction orders that require a person to correct a violation of the statutes, rules, and other actions listed in

subdivision 1. The correction order must state the deficiencies that constitute the violation; the specific statute, rule, or other action; and the time by which the violation must be corrected.

(b) If the person believes that the information contained in the commissioner's correction order is in error, the person may ask the commissioner to reconsider the parts of the order that are alleged to be in error. The request must be in writing, delivered to the commissioner by certified mail within seven calendar days after receipt of the order, and:

- (1) specify which parts of the order for corrective action are alleged to be in error;
- (2) explain why they are in error; and
- (3) provide documentation to support the allegation of error.

The commissioner must respond to requests made under this paragraph within 15 calendar days after receiving a request. A request for reconsideration does not stay the correction order; however, after reviewing the request for reconsideration, the commissioner may provide additional time to comply with the order if necessary. The commissioner's disposition of a request for reconsideration is final.

Subd. 4. Administrative penalty orders. (a) The commissioner may issue an order requiring violations to be corrected and administratively assessing monetary penalties for violations of the statutes, rules, and other actions listed in subdivision 1. The procedures in section 144.991 must be followed when issuing administrative penalty orders. Except in the case of repeated or serious violations, the penalty assessed in the order must be forgiven if the person who is subject to the order demonstrates in writing to the commissioner before the 31st day after receiving the order that the person has corrected the violation or has developed a corrective plan acceptable to the commissioner. The maximum amount of an administrative penalty order is \$10,000 for each violator for all violations by that violator identified in an inspection or review of compliance.

(b) Notwithstanding paragraph (a), the commissioner may issue to a large public water supply, serving a population of more than 10,000 persons, an administrative penalty order imposing a penalty of at least \$1,000 per day per violation, not to exceed \$10,000 for each violation of sections 144.381 to 144.385 and rules adopted thereunder.

Subd. 5. Injunctive relief. In addition to any other remedy provided by law, the commissioner may bring an action for injunctive relief in the district court in Ramsey county or, at the commissioner's discretion, in the district court in the county in which a violation of the statutes, rules, or other actions listed in subdivision 1 has occurred to enjoin the violation.

Subd. 6. Cease and desist. The commissioner, or an employee of the department designated by the commissioner, may issue an order to cease an activity covered by subdivision 1 if continuation of the activity would result in an immediate risk to public health. An order issued under this paragraph is effective for a maximum of 72 hours. In conjunction with the issuance of the cease and desist order, the commissioner may post a sign to cease an activity until the cease and desist order is lifted and the sign is removed by the commissioner. The commissioner must seek an injunction or take other administrative action authorized by law to restrain activities for a period beyond 72 hours. The issuance of a cease and desist order does not preclude the commissioner from pursuing any other enforcement action available to the commissioner.

Subd. 7. Plan for use of administrative penalties and cease and desist authority. The commissioner of health shall prepare a plan for using the administrative penalty and cease and desist authority in this section. The commissioner shall provide a 30-day period for public comment on the plan. The plan must be finalized by December 1, 1993.

Subd. 8. Denial or refusal to reissue permits, licenses, registrations, or certificates. (a) The commissioner may deny or refuse to renew an application for a permit, license, registration, or certificate required under the statutes or rules cited in subdivision 1, if the applicant does not meet or fails to maintain the minimum qualifications for holding a permit, license, registration, or certificate or has any

unresolved violations related to the activity for which the permit, license, registration, or certificate was issued.

(b) The commissioner may also deny or refuse to renew a permit, license, registration, or certificate required under the statutes or rules cited in subdivision 1 if the applicant has a persistent pattern of violations related to the permit, license, registration, or certificate, or if the applicant submitted false material information to the department in connection with the application.

(c) The commissioner may condition the grant or renewal of a permit, license, registration, or certificate on a demonstration by the applicant that actions needed to ensure compliance with the requirements of the statutes listed in subdivision 1 have been taken, or may place conditions on or issue a limited permit, license, registration, or certificate as a result of previous violations by the applicant.

Subd. 9. Suspension or revocation of permits, licenses, registrations, or certificates. The commissioner may suspend, place conditions on, or revoke a permit, license, registration, or certificate issued under the statutes or rules cited in subdivision 1 for:

(1) serious or repeated violations of the requirements in the statutes, rules, or other actions listed in subdivision 1 that apply to the permit, license, registration, or certificate;

(2) submitting false material information to the department in connection with activities for which the permit, license, registration, or certificate is issued;

(3) allowing the alteration or use of one's own permit, license, registration, or certificate by another; or

(4) within the previous five years, conviction of a crime in connection with activities for which the permit, license, registration, or certificate was issued.

Subd. 10. Hearings related to denial, refusal to renew, suspension, or revocation of a permit, license, registration, or certificate. If the commissioner proposes to deny, refuses to renew, suspends, or revokes a permit, license, registration, or certificate under subdivision 8 or 9, the commissioner must first notify, in writing, the person against whom the action is proposed to be taken and provide the person an opportunity to request a hearing under the contested case provisions of chapter 14. If the person does not request a hearing by notifying the commissioner within 20 days after receipt of the notice of proposed action, the commissioner may proceed with the action without a hearing. This subdivision does not apply to:

(1) the denial of or refusal to renew a permit, license, registration, or certificate based on the applicant's failure to meet or maintain the minimum qualifications for holding the permit, license, registration, or certificate; or

(2) the denial of, refusal to renew, suspension of, or revocation of a permit, license, registration, or certificate if the person against whom the action is proposed to be taken has been granted a hearing under this subdivision within the previous 12 months.

Subd. 11. Misdemeanor penalties. A person convicted of violating a statute or rule listed in subdivision 1 is guilty of a misdemeanor.

Subd. 12. Securing radioactive materials. (a) In the event of an emergency that poses a danger to the public health, the commissioner shall have the authority to impound radioactive materials and the associated shielding in the possession of a person who fails to abide by the provisions of the statutes, rules, and any other item listed in subdivision 1. If impounding the source of these materials is impractical, the commissioner shall have the authority to lock or otherwise secure a facility that contains the source of such materials, but only the portions of the facility as is necessary to protect the public health. An action taken under this paragraph is effective for up to 72 hours. The commissioner must seek an injunction or take other administrative action to secure radioactive materials beyond the initial 72-hour period.

(b) The commissioner may release impounded radioactive materials and the associated shielding to the owner of the radioactive materials and associated shielding, upon terms and conditions that are in accordance with the provisions of statutes, rules,

and other items listed in subdivision 1. In the alternative, the commissioner may bring an action in a court of competent jurisdiction for an order directing the disposal of impounded radioactive materials and associated shielding or directing other disposition as necessary to protect the public health and safety and the environment. The costs of decontamination, transportation, burial, disposal, or other disposition shall be borne by the owner or licensee of the radioactive materials and shielding or by any other person who has used the radioactive materials and shielding for business purposes.

History: 1993 c 206 s 8; 1Sp1993 c 6 s 33; 1994 c 465 art 2 s 1; 1995 c 165 s 5-9; 1995 c 180 s 13; 1995 c 213 art 1 s 12; 1997 c 205 s 29,30; 1998 c 261 s 2; 1998 c 407 art 2 s 80; 1999 c 245 art 2 s 28,29

144.991 ADMINISTRATIVE PENALTY ORDER PROCEDURE.

Subdivision 1. **Amount of penalty; considerations.** (a) In determining the amount of a penalty under section 144.99, subdivision 4, the commissioner may consider:

- (1) the willfulness of the violation;
- (2) the gravity of the violation, including damage to humans, animals, air, water, land, or other natural resources of the state;
- (3) the history of past violations;
- (4) the number of violations;
- (5) the economic benefit gained by the person by allowing or committing the violation; and

(6) other factors as justice may require, if the commissioner specifically identifies the additional factors in the commissioner's order.

(b) For a violation after an initial violation, the commissioner shall, in determining the amount of a penalty, consider the factors in paragraph (a) and the:

- (1) similarity of the most recent previous violation and the violation to be penalized;
- (2) time elapsed since the last violation;
- (3) number of previous violations; and
- (4) response of the person to the most recent previous violation identified.

Subd. 2. **Contents of order.** An order assessing an administrative penalty under section 144.99, subdivision 4, must include:

- (1) a concise statement of the facts alleged to constitute a violation;
- (2) a reference to the section of the statute, rule, variance, order, stipulation agreement, or term or condition of a permit that has been violated;
- (3) a statement of the amount of the administrative penalty to be imposed and the factors upon which the penalty is based; and
- (4) a statement of the person's right to review of the order.

Subd. 3. **Corrective order.** (a) The commissioner may issue an order assessing a penalty and requiring the violations cited in the order to be corrected within 30 calendar days from the date the order is received.

(b) The person to whom the order was issued shall provide information to the commissioner before the 31st day after the order was received demonstrating that the violation has been corrected or that the person has developed a corrective plan acceptable to the commissioner. The commissioner shall determine whether the violation has been corrected and notify the person subject to the order of the commissioner's determination.

Subd. 4. **Penalty.** (a) Except as provided in paragraph (b), if the commissioner determines that the violation has been corrected or the person to whom the order was issued has developed a corrective plan acceptable to the commissioner, the penalty must be forgiven. Unless the person requests review of the order under subdivision 5 before the penalty is due, the penalty in the order is due and payable:

(1) on the 31st day after the order was received, if the person subject to the order fails to provide information to the commissioner showing that the violation has been corrected or that appropriate steps have been taken toward correcting the violation; or

(2) on the 20th day after the person receives the commissioner's determination under paragraph (b), if the person subject to the order has provided information to the commissioner that the commissioner determines is not sufficient to show the violation has been corrected or that appropriate steps have been taken toward correcting the violation.

(b) For repeated or serious violations, the commissioner may issue an order with a penalty that will not be forgiven after the corrective action is taken. The penalty is due by 31 days after the order was received unless review of the order under subdivision 5 has been sought.

(c) Interest at the rate established in section 549.09 begins to accrue on penalties under this subdivision on the 31st day after the order with the penalty was received.

Subd. 5. Expedited administrative hearing. (a) Within 30 days after receiving an order or within 20 days after receiving notice that the commissioner has determined that a violation has not been corrected or appropriate steps have not been taken, the person subject to an order under this section may request an expedited hearing, using the procedures of Minnesota Rules, parts 1400.8510 to 1400.8612, to review the commissioner's action. The hearing request must specifically state the reasons for seeking review of the order. The person to whom the order is directed and the commissioner are the parties to the expedited hearing. The commissioner must notify the person to whom the order is directed of the time and place of the hearing at least 15 days before the hearing. The expedited hearing must be held within 30 days after a request for hearing has been filed with the commissioner unless the parties agree to a later date.

(b) All written arguments must be submitted within ten days following the close of the hearing. The hearing shall be conducted under Minnesota Rules, parts 1400.8510 to 1400.8612, as modified by this subdivision. The office of administrative hearings may, in consultation with the agency, adopt rules specifically applicable to cases under this section.

(c) The administrative law judge shall issue a report making recommendations about the commissioner's action to the commissioner within 30 days following the close of the record. The administrative law judge may not recommend a change in the amount of the proposed penalty unless the administrative law judge determines that, based on the factors in subdivision 1, the amount of the penalty is unreasonable.

(d) If the administrative law judge makes a finding that the hearing was requested solely for purposes of delay or that the hearing request was frivolous, the commissioner may add to the amount of the penalty the costs charged to the agency by the office of administrative hearings for the hearing.

(e) If a hearing has been held, the commissioner may not issue a final order until at least five days after receipt of the report of the administrative law judge. The person to whom an order is issued may, within those five days, comment to the commissioner on the recommendations and the commissioner will consider the comments. The final order may be appealed in the manner provided in sections 14.63 to 14.69.

(f) If a hearing has been held and a final order issued by the commissioner, the penalty shall be paid by 30 days after the date the final order is received unless review of the final order is requested under sections 14.63 to 14.69. If review is not requested or the order is reviewed and upheld, the amount due is the penalty, together with interest accruing from 31 days after the original order was received at the rate established in section 549.09.

Subd. 6. Mediation. In addition to review under subdivision 5, the commissioner is authorized to enter into mediation concerning an order issued under this section if the commissioner and the person to whom the order is issued both agree to mediation.

Subd. 7. **Enforcement.** (a) The attorney general may proceed on behalf of the state to enforce penalties that are due and payable under this section in any manner provided by law for the collection of debts.

(b) The attorney general may petition the district court to file the administrative order as an order of the court. At any court hearing, the only issues parties may contest are procedural and notice issues. Once entered, the administrative order may be enforced in the same manner as a final judgment of the district court.

(c) If a person fails to pay the penalty, the attorney general may bring a civil action in district court seeking payment of the penalties, injunctive, or other appropriate relief including monetary damages, attorney fees, costs, and interest.

Subd. 8. **Revocation and suspension of permit, license, registration, or certificate.** If a person fails to pay a penalty owed under this section, the agency has grounds to revoke or refuse to reissue or renew a permit, license, registration, or certificate issued by the department.

Subd. 9. **Cumulative remedy.** The authority of the agency to issue a corrective order assessing penalties is in addition to other remedies available under statutory or common law, except that the state may not seek civil penalties under any other provision of law for the violations covered by the administrative penalty order. The payment of a penalty does not preclude the use of other enforcement provisions, under which penalties are not assessed, in connection with the violation for which the penalty was assessed.

History: 1993 c 206 s 9; 1994 c 465 art 1 s 18,19; 1995 c 165 s 10

144.992 FALSE INFORMATION.

A person subject to any of the requirements listed in section 144.99, subdivision 1, may not make a false material statement, representation, or certification in; omit material information from; or alter, conceal, or fail to file or maintain a notice, application, record, report, plan, or other document required under the statutes, rules, or other actions listed in section 144.99, subdivision 1.

History: 1993 c 206 s 10

144.993 RECOVERY OF LITIGATION COSTS AND EXPENSES.

In any judicial action brought by the attorney general for civil penalties, injunctive relief, or an action to compel performance pursuant to the authority cited in section 144.99, subdivision 1, if the state finally prevails, and if the proven violation was willful, the state, in addition to other penalties provided by law, may be allowed an amount determined by the court to be the reasonable value of all or part of the litigation expenses incurred by the state. In determining the amount of the litigation expenses to be allowed, the court shall give consideration to the economic circumstances of the defendant.

History: 1993 c 206 s 11
