48.055 ISSUANCE OF PREFERRED STOCK, CONDITIONS.

Subdivision 1. Any state bank may issue preferred stock of one or more classes, with or without voting rights, with the approval of the commissioner of commerce and without change of its certificate of incorporation, when its board of directors is so authorized by a majority vote of its stockholders, at a general or special meeting thereof called for such purpose. Provided, however, that in no event shall the amount of preferred stock exceed 50 percent of the total common stock and surplus of such issuing bank.

Subd. 2. Such preferred stock may be issued to any person, firm, or corporation, and the holders thereof shall have such rights as are set forth under the terms of issue of such preferred stock. No issue of preferred stock shall be valid until the capital stock shall have been fully paid in, and no dividend shall be paid on the common stock of a bank until all terms of the issue of such preferred stock shall have been satisfied.

Subd. 3. The terms of issue of such preferred stock shall set its rank or priority as between other stock issue, provided that such preferred stock shall be subordinated to all claims of depositors or other creditors in case of the insolvency of the issuing bank. Such preferred stock shall in no case be subject to any assessment, nor shall otherwise be liable for the obligations of the issuing bank. Before any such preferred stock is retired or paid by the issuing bank, it must first obtain the approval of the commissioner of commerce.

Subd. 4. At the end of each dividend period, after deducting all necessary expenses, losses, amounts receivable more than one year overdue and not well secured, interest, and taxes due or levied, all of the remaining net profits for the period shall be set aside as a surplus fund, if the surplus fund of such bank is not then equal to one-fifth of the capital stock. If the surplus fund is more than one-fifth of the capital stock, ten percent of the remaining net profits for the period shall be set aside as a surplus fund until it equals 50 percent of the total capital stock. After these provisions are complied with, the bank may, without prior approval of the commissioner, pay dividends as provided under the terms of issue of such preferred stock. Dividends on preferred stock may be paid out of the undivided profit account without regard to earnings in the last concluded year, if the surplus equals 50 percent of the total capital stock and the undivided profit account would not be thereby reduced to less than 25 percent of the total capital stock.

Subd. 5. Any preferred stock issued by a state bank shall be part of its capital stock structure, and the terms "capital stock" or "capital" in any laws of this state pertaining to state banks shall be deemed to also include and apply to preferred stock.

Subd. 6. The commissioner is authorized to issue such rules and orders as may be necessary to administer and carry out the provisions and purposes of this section.

History: 1957 c 634 s 1; 1983 c 289 s 114 subd 1; 1984 c 655 art 1 s 92; 1985 c 248 s 70; 1987 c 349 art 1 s 12

48.056 REVERSE STOCK SPLIT.

Subdivision 1. **Power to effect.** (a) A banking institution may effect a reverse stock split by reducing its outstanding shares of stock if the commissioner finds that the transaction:

(1) has a legitimate business purpose including, but not limited to, reducing corporate expenses, simplifying corporate procedures, or becoming a qualified S corporation under the Internal Revenue Code of 1986, as amended through December 31, 1998; and

(2) complies with safe and sound banking practices.

(b) The stock reduction is effective upon approval by the shareholders and the commissioner and filing with the commissioner and with the secretary of state, of the articles of amendment to the certificate of incorporation of the banking institution.

Subd. 2. **Fractional shares.** A banking institution may issue fractions of a share as a result of a reverse stock split by reducing its outstanding shares of stock according to

this subdivision. If a banking institution inserts into its certificate of incorporation a provision prohibiting the issue of fractions of a share, it shall pay in cash the value of fractions of a share as of the time when persons entitled to receive the fractions are determined.

Subd. 3. **Par value.** Notwithstanding section 300.30, a banking institution proceeding under this subdivision may divide its capital into shares greater than \$100 each.

Subd. 4. **Rights of dissenting stockholders.** A stockholder of the banking institution not voting in favor of the amendment of the certificate of incorporation of the banking institution to effect a reverse stock split that will impact upon the stockholder's voting rights in the banking institution may, at the meeting of the stockholders held on the amendment, or within 20 days after the meeting, object to the stock reduction and demand payment for that person's stock. If the stock reduction takes effect at any time after this demand, the stockholder may, at any time within 60 days after the demand, apply to the district court in the county of the banking institution's principal place of business for the appointment of three persons to appraise the value of that person's stock. The court shall appoint the appraisers and designate the time and place of their first meeting, give directions with regard to their proceedings the court considers proper, and direct the time and manner in which payment must be made of the value of that person's stock to the stockholder. The appraisers shall meet at the time and place designated, after being duly sworn to discharge their duties honestly and faithfully, make and certify a written estimate of the value of the stock at the time of the appraisal, and deliver one copy to the banking institution and another to the stockholder. The stockholder and the banking institution shall each pay one-half of the charges and expenses of the appraisers.

48.06 DIRECTORS; QUALIFICATIONS.

If the number of directors exceeds nine, they may designate, semiannually, by resolution, nine of their number, a majority of whom constitutes a quorum for the transaction of business. Every director of a bank shall take and subscribe an oath to faithfully perform the official duties of a director, and not knowingly violate, or permit to be violated, any provision of law. The taking of this oath must be duly certified in the minutes of the records of the bank.

48.08 DIRECTORS AND OFFICERS, RESTRICTED USE OF BANK FUNDS; DEALINGS WITH BANK.

No director, officer or employee shall, directly or indirectly, in any manner, use the funds of the bank, or any part thereof, except in its regular business transactions, and every loan made to any of its directors, officers, employees, or agents shall be upon the same security required of others and in strict conformity to its rules and regulations. Every such loan, or line of credit for a stated amount and not to run for more than one year, shall be authorized in advance by the board and acted upon in the absence of the applicant, except that a loan to a director, officer, or employee for an amount which will not increase such a liability to exceed the greater of (a) \$25,000 or (b) five percent of the bank's capital and unimpaired surplus or \$500,000, whichever is less, may be made without previous approval but shall be acted upon by the board at the next succeeding regular meeting. No cashier or other officer or employee of a bank shall sell to the bank, directly or indirectly, any mortgage, bond, note, stock, or other security

without the written approval of the board of directors, filed in the office of the bank or embodied in a resolution adopted by the board. A copy of this written approval or resolution shall immediately be sent to the commissioner of commerce.

48.09 DIVIDENDS; SURPLUS.

Subdivision 1. **Creation of surplus fund.** At the end of each dividend period, after deducting all necessary expenses, losses, amounts receivable more than one year overdue and not well secured, interest, and taxes due or levied, all of the remaining net profits for the period shall be set aside as a surplus fund, if the surplus fund of the banking institution is not then equal to one-fifth of the capital stock. If the surplus fund is more than one-fifth of the capital stock, ten percent of the remaining net profits for the period shall be set aside as a surplus fund until it equals 50 percent of the capital stock. The directors may then declare a dividend of so much of the remainder as they may think expedient, subject to the commissioner's approval. When in any way impaired the surplus fund shall be raised to this percentage in like manner.

Subd. 2. **Undeclared net profits, prior dividend periods.** Any amount of remaining net profits qualifying for dividend declaration in subdivision 1 and not declared at the end of each annual dividend period may be subject to dividend declaration under the requirements of subdivision 1 during any of the three subsequent annual dividend periods.

Subd. 3. **Qualified subchapter S subsidiary.** A bank that has met the eligibility requirements under title I, subtitle C of the Small Business Job Protection Act of 1996 or related state of Minnesota tax law may apply to the commissioner for approval of a plan and agreement for a distribution of earnings to the shareholder(s) of the bank on a basis other than a dividend under subdivisions 1 and 2. Approval of a plan of distribution under this subdivision may be rescinded by the commissioner upon 90-day prior notice to the bank. Failure to comply with this notice or qualification of a distribution under subdivisions 1 and 2 is considered a violation subject to the commissioner's action under section 45.027 or 46.24.

A report shall be made to the directors as to the scope of the examination or audit, and also to show those assets, excluding marketable securities and fixed assets, which are carried on the books for more than actual value. This report shall be retained as a permanent record or incorporated in the minutes of the meeting, and a copy of the report shall be sent to the commissioner of commerce.

48.12 BONDS OF OFFICERS AND EMPLOYEES.

Every state bank shall be protected against loss by reason of the unlawful act of any of its officers or employees by a surety bond in an amount approved by the board of directors, issued by a solvent corporate surety in good standing authorized to do business in this state, or by a fidelity insurance policy written by a solvent insurance corporation in good standing authorized to do business in this state. The commissioner of commerce or the board of directors of such bank may require an increase of the amount of such bond whenever either deems it necessary. This shall not require the bonding or insuring of officers or directors of a bank not having active management or control thereof, or employees of a bank not holding positions of trust. Any bond given or contract of insurance secured shall be in favor of the bank.

History: (7699-1) 1925 c 351 s 1; 1945 c 72 s 1; 1983 c 289 s 114 subd 1; 1984 c 655 art 1 s 92

48.13 CONDITIONS OF BONDS.

Subdivision 1. **Securities.** If a bond is given, it shall be in favor of the bank and shall have one corporate surety, which shall be a solvent insurance corporation in good standing authorized to do business in Minnesota, or at least five individual sureties, not one of whom shall be an officer, director, or stockholder of the bank, and each of whom shall justify in a sum equal to the penalty of the bond and, in addition thereto, each individual surety shall furnish to the bank, in connection with the bond, a verified financial statement showing solvency and responsibility, which statement shall be renewed and revised annually by each surety. If a contract of insurance is secured, it shall be in favor of the bank and shall be executed by some insurance company possessing the qualifications heretofore specified. No cancellation or termination at the request of the underwriter of a bond or contract of insurance required by section 48.12 shall be effective unless the underwriter gives in advance at least 60 days' written notice by registered mail to the commissioner of commerce.

Subd. 2. **Securities in lieu of bond.** With the prior written approval of the commissioner and in lieu of the corporate surety or five individual sureties, there may be posted a deposit in securities of a form and amount acceptable to the commissioner. These funds are under the control of the commissioner for the purposes of section 48.12. All deposits must remain in the custody of the commissioner of finance and pursuant to section 7.19 may be released only upon order from the commissioner. These control and custody requirements must not prevent any interest or dividend earnings accruing on the funds posted to be paid over to pledgor.

History: (7699-2) 1925 c 351 s 2; 1984 c 576 s 10; 1Sp1985 c 13 s 182; 1986 c 444; 1987 c 384 art 2 s 10

48.14 EXAMINATIONS, REPORTS TO SHOW NAMES OF BONDED OFFICERS AND EMPLOYEES.

When an examination is made of a bank by the commissioner, or an examiner, the report of the examination made to the commissioner shall state the names of all the officers and employees of the bank so bonded or insured, and the penalty of the bonds or the amount of the insurance covering them. When blanket coverage is provided, the names of all the officers and employees need not be stated. When the commissioner, after an investigation, or upon receipt of a notice of cancellation or other termination required by section 48.13, finds as a fact that any bank is not adequately protected against loss by reason of the unlawful act of any officer or employee thereof, whether through the omission to secure any bond or contract of insurance, or through the insufficiency of the sureties or the insurer on the bond or policy given, or otherwise, the commissioner may require, by written order, that such bonds or contracts of insurance in favor of the bank be obtained as in the commissioner's opinion would adequately protect the bank against loss by reason of the unlawful act of any of its officers or employees, and shall thereupon notify the bank, by certified mail, of the order; and, if the same is not complied with within 30 days after the date of the mailing of the order,

the bank may be closed and, if closed, shall not be permitted to resume business until the order has been fully complied with. All such bonds or contracts of insurance shall remain in the custody of the bank protected thereby and shall be available for examination and inspection by the commissioner.

Affiliated discount brokers may be utilized by the bank acting as trustee or custodian for self-directed IRAs, if specifically authorized and directed in appropriate documents. The relationship between the affiliated broker and the bank must be fully disclosed. Brokerage commissions to be charged to the IRA by the affiliated broker

should be accurately disclosed. Provisions should be made for disclosure of any changes in commission rates prior to their becoming effective. The affiliated broker may not provide investment advice to the customer. All funds held in the fiduciary capacity may be commingled by the financial institution in the conduct of its business, but individual records shall be maintained by the fiduciary for each participant and shall show in detail all transactions engaged under authority of this subdivision. 48.152 STATE BANK ACQUISITION AND LEASING OF PERSONAL PROPERTY.

Subdivision 1. A state bank may acquire and lease or participate in the acquisition and leasing of personal property to customers, and may incur such additional obligations as may be incidental to becoming an owner and lessor of such property, subject to the rules of the commissioner and the conditions specified in this section.

Subd. 2. The property must be acquired upon the specific request of and for the use of a customer.

Subd. 3. The lease may not be an operating lease, but must be a "net" lease wherein the bank retains no obligation for maintenance or operation of the property.

Subd. 4. The lease must be a full-payout, noncancelable obligation of the lessee serving the same purpose as other forms of bank financing. For the purposes of this subdivision a full-payout lease is one in which the lessor will realize from the transaction a return of its full investment in the leased property plus the estimated cost to it of financing the property over the term of the lease in rentals, estimated tax benefits, and the estimated residual value of the property at the expiration of the initial term of the lease. In all instances where the bank estimates and uses the residual value of leased property to satisfy the requirements of a full-payout lease, the estimated value must be reasonable so that the bank's primary risk in the overall transaction depends on the credit worthiness of the lessee and not market value of the leased item; provided, that in no event shall the estimated residual value exceed 25 percent of the original cost of the property to the lessor. As an alternative to this test, residual values may be set at any level where the bank receives a guarantee of the residual value from the manufacturer, the lessee, or any third party which is not an affiliate of the bank, and where it has determined that the guarantor has the resources to meet the guarantee. Selection of residual values at unreasonable levels shall be considered an

unsafe and unsound banking practice if it cannot be shown that, at the time of such selection, the bank made a good faith effort to be accurate and reasonable.

For purposes of leasing to government entities "full-payout" calculations may be based on reasonably anticipated future renewals.

If, in good faith, the bank believes that there has been a significant unanticipated change in conditions which threatens its financial position by increasing its exposure to loss, and, if its interest in the property is sufficient to justify action, the limitation contained in subdivision 3 shall not prevent the bank from taking any reasonable and appropriate action to salvage or protect the value of the property to prevent loss.

Subd. 5. The terms of the lease shall require periodic rental payments to be made at least annually.

Subd. 6. The terms of the lease shall establish a rental payment schedule by which no individual rental payment shall exceed the average rental payment by more than 50 percent, the average rental payment to be computed by dividing the total dollar amount of rental payments to be made over the term of the lease by the number of payments to be made.

Subd. 7. Except upon the written approval of the commissioner, the term of the lease shall not exceed 12 years, 32 days.

Subd. 8. The total amount of unpaid rental obligations of a customer to a bank on personal property, shall constitute a liability of the customer within the meaning of section 48.24, subdivisions 1 and 4.

Subd. 9. [Repealed, 1983 c 80 s 2]

Subd. 10. The acquisition of personal property for leasing to customers under this section not in conformity with subdivision 4 is authorized if the total investment in this personal property does not exceed 200 percent of the sum of the bank's capital actually paid in cash and its actual surplus fund.

48.153 INSTALLMENT LOANS; FINANCE CHARGES; MINIMUM CHARGES.

Subdivision 1. [Repealed, 1982 c 494 s 5]

Subd. 1a. A bank organized under the laws of this state; or a national banking association doing business in this state, making a loan of money not exceeding \$35,000 repayable in installments, may charge, at the time the loan is made, a rate of interest upon the unpaid principal balance of the amount financed of 12 percent a year, or the rate of interest authorized by section 48.195, whichever is greater. If the rate of interest charged is permitted by section 48.195 at the time the loan is made, the rate does not later become usurious because of a fluctuation in the federal discount rate.

Subd. 2. Installment payments on loans made pursuant to this section by a bank or national banking association shall not extend beyond a period of 12 years and 32 days from the date of the loan. The loan may be secured by a mortgage, pledge, or other collateral.

Subd. 3. [Repealed, 1982 c 494 s 5]

Subd. 3a. A savings bank organized under chapter 50, a savings association subject to the provisions of sections 51A.01 to 51A.57, or a savings association chartered under the laws of the United States, that has its principal place of business in this state, may make a loan for consumer purposes to a natural person in an amount not exceeding \$25,000 repayable in installments, and may charge a rate of interest upon the unpaid principal balance of the amount financed of 12 percent a year, or the rate of interest authorized by section 48.195, whichever is greater. If the rate of interest charged is permitted by section 48.195 at the time the loan is made, the rate does not later become usurious because of a fluctuation in the federal discount rate.

Subd. 4. Installment payments on loans made pursuant to this section by a savings bank, a savings association subject to the provisions of sections 51A.01 to 51A.57, or a savings association chartered under the laws of the United States shall not extend

beyond a period of 12 years and 32 days from the date of the loan. The loan may be secured by a mortgage, pledge, or other collateral.

Subd. 5. Charges in reference to installment loans under this section shall be computed and collected only on the unpaid principal balance of the amount financed actually outstanding. One day's finance charge means an amount equal to 1/365 of the per annum rate provided for in an installment loan. If the total finance charge determined on an installment loan, single payment or demand loan shall be less than \$10 the amount charged may nevertheless be \$10. No loan shall be made pursuant to this section if over 50 percent of the proceeds of the loan are used to finance the purchase of a borrower's primary residence other than a manufactured home.

48.154 PREPAYMENT, EXTENSION OF TERMS.

The borrower may repay the entire balance or any portion of the balance of an installment loan in advance without penalty. An installment loan contract may provide that the parties, before or after default, may agree in writing to an extension of all or part of the unpaid installments and collect as an extension fee a finance charge not exceeding that rate agreed to in the original loan contract. No such extension shall be permitted to cause repayment of a loan to exceed those maturities set down in section 48.153. One day's finance charge shall mean an amount equal to 1/365 of the per annum rate provided for in an installment loan.

48.155 ALLOWABLE ADDITIONAL CHARGES.

No charge other than those provided for in sections 48.153 and 48.154 shall be made directly or indirectly for any such installment loan except that there may be charged to the borrower or included in the amount financed:

(a) Any lawful fees paid or to be paid by the lender to any public officer for filing, recording, or releasing in any public office any instrument securing the loan;

(b) Any lawful premium or charge for insurance protecting the lender against the risk of loss from not filing or recording a security agreement or financing statement and in lieu of filing thereof. Such premium or charge shall not exceed the actual premium or charge made by the insurance company to the lender and in no event in excess of the costs if the document were actually filed, recorded, or released in any public office;

(c) The premium on any life, property or other insurance taken as security for the loan; provided, that the borrower has acknowledged by signature that the borrower has been notified in writing that the borrower may, at the borrower's own cost, procure and deposit with the lender such insurance if written by a responsible company. Such premium may be included as part of the loan.

48.156 LOAN DUE ON DEFAULT.

Nothing in sections 48.153 to 48.157 shall prohibit the lender from declaring the whole of such loan immediately due and payable upon default if the loan agreement shall so provide.

48.157 COPY OF NOTE TO BORROWER.

At the time of making an installment loan under the provisions of sections 48.153 to 48.157, the borrower shall be furnished a signed copy of the note and also a copy or statement of all charges made by the bank on such loan.

48.185 OPEN END LOAN ACCOUNT ARRANGEMENTS.

Subdivision 1. Any bank organized under the laws of this state, any national banking association doing business in this state, any savings bank organized and operated pursuant to chapter 50, any savings association organized under chapter 51A, and any federally chartered savings association, may extend credit through an open end

loan account arrangement with a debtor, pursuant to which the debtor may obtain loans from time to time by cash advances, purchase or satisfaction of the obligations of the debtor incurred pursuant to a credit card plan, or otherwise under a credit card or overdraft checking plan.

Subd. 2. [Repealed, 1980 c 599 s 9]

Subd. 3. A financial institution referred to in subdivision 1, may collect a periodic rate of finance charge in connection with extensions of credit under this section, which finance charge does not exceed the equivalent of an annual percentage rate of 18 percent computed on a 365-day year and in accordance with the Truth in Lending Act, United States Code, title 15, section 1601 et seq., and the Code of Federal Regulations, title 12, part 226 (1985).

If credit is extended pursuant to an overdraft checking plan on the day on which an increase in the periodic rate of finance charge is made effective pursuant to this section, the rate in effect prior to the increase shall be the maximum lawful rate chargeable on the amount of credit so extended until that credit is fully repaid according to the terms of the plan.

Subd. 3a. Any periodic statement evidencing an overdraft checking plan loan balance shall clearly state that all or any part of said balance may be prepaid at any time.

Subd. 4. No charges other than those provided for in subdivision 3 shall be made directly or indirectly for any credit extended under the authority of this section, except that there may be charged to the debtor:

(a) annual charges, not to exceed \$50 per annum, payable in advance, for the privilege of using a bank credit card;

(b) charges for premiums on credit life, credit accident and health, and credit involuntary unemployment insurance if:

(1) the insurance is not required by the financial institution and this fact is clearly disclosed in writing to the debtor; and

(2) the debtor is notified in writing of the cost of the insurance and affirmatively elects, in writing, to purchase the insurance;

(c) charges for the use of an automated teller machine when cash advances are obtained pursuant to this section through the use of an automated teller machine;

(d) in the case of a financial institution referred to in subdivision 1 that does not charge an annual fee, delinquency and collection charges as follows:

(1) on each payment in arrears for a period not less than ten days, in an amount not in excess of the delinquency and collection charge permitted in section 168.71;

(2) for any monthly or other periodic payment period where the debtor has exceeded or thereby exceeds the maximum approved credit limit under the open-end loan account arrangement, in an amount not in excess of the service charge limitations in section 604.113; and

(3) for any returned check or returned automatic payment withdrawal request, in an amount not in excess of the service charge limitation in section 604.113; and

(e) to the extent not otherwise prohibited by law, charges for other goods or services offered by or through a financial institution referred to in subdivision 1 which the debtor elects to purchase; including, but not limited to, charges for check and draft copies and for the replacement of lost or stolen cards.

Subd. 4a. [Repealed, 1986 c 376 s 4]

Subd. 5. If the balance in a revolving loan account under a credit card plan is attributable solely to purchases of goods or services charged to the account during one billing cycle, and the account is paid in full before the due date of the first statement issued after the end of that billing cycle, no finance charge shall be charged on that balance.

Subd. 6. This section shall apply to all open end credit transactions of a bank or savings bank in extending credit under an open end loan account or other open end

credit arrangement to persons who are residents of this state, if the bank or savings bank induces such persons to enter into such arrangements by a continuous and systematic solicitation either personally or by an agent or by mail, and retail merchants and banks or savings banks within this state are contractually bound to honor credit cards issued by the bank or savings bank, and the goods, services and loans are delivered or furnished in this state and payment is made from this state. A term of a writing or credit card device executed or signed by a person to evidence an open end credit arrangement specifying:

- (a) that the law of another state shall apply;
- (b) that the person consents to the jurisdiction of another state; and
- (c) which fixes venue,

is invalid with respect to open end credit transactions to which this section applies. An open end credit arrangement made in another state with a person who was a resident of that state when the open end credit arrangement was made is valid and enforceable in this state according to its terms to the extent that it is valid and enforceable under the laws of the state applicable to the transaction.

Subd. 7. Any bank or savings bank extending credit in compliance with the provisions of this section, which is injured competitively by violations of this section by another bank or savings bank, may institute a civil action in the district court of this state against that bank or savings bank for an injunction prohibiting any violation of this section. The court, upon proper proof that the defendant has engaged in any practice in violation of this section, may enjoin the future commission of that practice. Proof of monetary damage or loss of profits shall not be required. Costs and attorneys' fees may be allowed to the plaintiff, unless the court directs otherwise. The relief provided in this subdivision is in addition to remedies otherwise available against the same conduct under the common law or statutes of this state.

Service of process shall be as in any other civil suit, except that if a defendant in the action is a foreign corporation or a national banking association with its principal place of business in another state, service of process may also be made by personal service outside the state, or in the manner provided by section 5.25, or in such manner as the court may direct, or in accordance with section 45.028, subdivision 2. Process is valid if it satisfies the requirements of due process of law, whether or not defendant is doing business in Minnesota regularly or habitually.

Notwithstanding any law to the contrary, a bank, savings bank, savings association, or credit union organized under the laws of this state, or a national bank or federally chartered savings bank, savings association, or credit union, doing business in this state, may charge on any loan or discount made or upon any note, bill or other evidence of debt, except an extension of credit made pursuant to section 48.185, interest at a rate of not more than 4-1/2 percent in excess of the discount rate, including any surcharge

thereon, on 90 day commercial paper in effect at the federal reserve bank located in the Ninth Federal Reserve District.

48.196 PENALTY FOR USURIOUS INTEREST.

The taking, receiving, reserving or charging by a lender of a rate of interest greater than is allowed by state law shall be deemed a forfeiture of the entire interest which the note, bill, or other evidence of debt carries with it, or which has been agreed to be paid thereon. In case the greater rate of interest has been paid, the person paying it, or the person's legal representatives, may recover, in an action in the nature of an action of debt, twice the amount of the interest thus paid from the lender taking or receiving the interest, if the action is commenced within two years from the time the usurious transaction occurred. For purposes of this section, the term "lender" means a bank or savings bank organized under the laws of this state, a federally chartered savings association, a savings association organized under chapter 51A, a federally chartered credit union, a credit union organized under chapter 52, an industrial loan and thrift company organized under chapter 53, a regulated lender licensed under chapter 56, or a mortgagee or lender approved or certified by the secretary of housing and urban development or approved or certified by the administrator of veterans affairs.

48.21 REAL ESTATE; RESTRICTIONS ON HOLDING.

Subdivision 1. A bank may purchase, carry as an asset, and convey real estate only:

- (1) as provided for in section 47.10;
- (2) if acquired through foreclosure of a mortgage given to it in good faith as security for loans made by or money due to it;

Subd. 2. Real estate owned by a bank as a result of actions authorized in clauses (2) to (5) of subdivision 1 and subsequently sold to any buyer on a contract for deed may not be considered creating a liability to a bank for purposes of section 48.24.

Subd. 3. Notwithstanding any rules of the commissioner to the contrary, if real estate owned by a bank pursuant to clauses (2) to (5) of subdivision 1 is not sold or otherwise disposed of within the maximum period established by rule by the commissioner, the bank may write off any remaining balance at a rate not less than one-fifth of that balance each subsequent calendar year.

48.24 RESTRICTIONS UPON TOTAL LIABILITIES TO A BANK.

Subdivision 1. The total liabilities to any such bank, as principal, guarantor or endorser of any individual, including the liabilities of any corporation or limited liability company which the individual owns or controls a majority interest, any partnership, unincorporated association, limited liability company, or corporation, including the liabilities of the several members of an unincorporated association and including the liabilities of the general partners but not the limited partners of a partnership, and in case of a corporation or limited liability company of all subsidiaries thereof in which such corporation or limited liability company owns or controls a majority interest, shall never exceed 20 percent of its capital actually paid in cash and of its actual surplus fund, except that obligations not to exceed 25 percent of said capital and surplus to any one borrower shall not be included as liabilities for the purposes of this section, but shall be liabilities of the borrowers, provided they are secured by not less than a like amount of any one of the various types of obligations of the United States or which are fully guaranteed as to principal and interest by the United States, and providing that such bonds or obligations have a market value of at least ten percent in excess of the amount loaned thereon at the time each loan is made.

For the purpose of this section the members of a family living together in one household, if borrowed funds are to be used in the conduct of a common enterprise, shall be regarded as one person and the total liabilities of the members of the family shall be limited as herein provided. The endorser or guarantor of any obligation which is exempt from loaning limits according to the provisions of this section shall also be exempt from such loaning limits to the extent of the amount of liability on such obligations for the purposes of this section but shall be liable thereon. Individual extensions of credit which result in liabilities of individuals, corporations, or limited liability companies exceeding the limitations set forth in this section shall be construed to conform to the provisions of this subdivision upon reduction in an amount sufficient to reduce the total liability to not more than the legal amount, but until paid in full shall not exempt the officer or employee of the bank from being personally liable to the bank for the amount of the original excess portion of the loan as set forth in subdivision 8.

Subd. 2. Loans not exceeding 25 percent of such capital and surplus made upon first mortgage security on improved real estate in any state in which the bank or a branch established under section 49.411 is located, or in any state adjoining a state in which the bank or a branch established under section 49.411 is located, shall not constitute a liability of the maker of the notes secured by such mortgages within the meaning of the foregoing provision limiting liability; but shall be an actual liability of

the maker. These mortgage loans shall be limited to, and in no case exceed, 50 percent of the cash value of the security covered by the mortgage, except mortgage loans guaranteed as provided by the Servicemen's Readjustment Act of 1944, as now or hereafter amended, or for which there is a commitment to so guarantee or for which a conditional guarantee has been issued, which loans shall in no case exceed 60 percent of the cash value of the security covered by such mortgage. For the purposes of this subdivision, real estate is improved when substantial and permanent development or construction has contributed substantially to its value, and agricultural land is improved when farm crops are regularly raised on such land without further substantial improvements.

Subd. 3. Conditional sales contracts or other paper evidencing an agreement to purchase or lease personal property owned and guaranteed by the person discounting same, not to exceed 30 percent of the capital stock and surplus, taken from any one person, shall not constitute a liability within the meaning of this section, but the actual liabilities on such agreements are not to be construed as affected by the provisions of this subdivision: Provided, however, if information as to the financial condition of each purchaser or lessee is reasonably adequate by reason of the bank's own records or actual knowledge of an officer of the bank and, upon written certification by an officer appointed by the bank's board of directors for that purpose, that the responsibility of each purchaser or lessee has been evaluated and the bank is relying primarily upon the purchaser or lessee for the payment of the obligation, the limitations of subdivision 1 as to each purchaser or lessee shall be the sole applicable loan limitation.

Subd. 4. [Repealed, 1993 c 257 s 49]

Subd. 5. Loans or obligations shall not be subject under this section to any limitation based upon such capital and surplus to the extent that they are secured or covered by guarantees, or by commitments or agreements to take over or to purchase the same, made by:

- (1) the commissioner of agriculture on the purchase of agricultural land;
- (2) any Federal Reserve bank;
- (3) the United States or any department, bureau, board, commission, or establishment of the United States, including any corporation wholly owned directly or indirectly by the United States;
- (4) the Minnesota trade and economic development department; or
- (5) a municipality or political subdivision within Minnesota to the extent that the guarantee or collateral is a valid and enforceable general obligation of that political body.

Subd. 6. The discount of the following classes of paper shall not be regarded as creating liability within the meaning of this section:

48.512 PROCEDURES FOR OPENING CHECKING ACCOUNTS.

Subdivision 1. Definitions. For the purpose of this section the following terms have the meanings given:

(a) "Financial intermediary" means any person doing business in this state who offers transaction accounts to the public.

(b) "Transaction account" means a deposit or account established and maintained by a natural person or persons under an individual or business name for personal, household, or business purposes, on which the depositor or account holder is permitted to make withdrawals by negotiable or transferable instruments, payment orders of withdrawal, or other similar device for the purpose of making payments or transfers to

third persons or others, including demand deposits or accounts subject to check, draft, negotiable order of withdrawal, share draft, or other similar item. A transaction account does not include the deposit or account of a partnership having more than three partners, the personal representative of an estate, the trustee of a trust or a limited partnership.

Subd. 2. Required information. Before opening or authorizing signatory power over a transaction account, a financial intermediary shall require one applicant to provide the following information on an application document signed by the applicant:

- (a) full name;
- (b) birth date;
- (c) address of residence;
- (d) address of current employment, if employed;
- (e) telephone numbers of residence and place of employment, if any;
- (f) social security number;
- (g) driver's license or identification card number issued pursuant to section 171.07.

If the applicant does not have a driver's license or identification card, the applicant may provide an identification document number issued for identification purposes by any state, federal, or foreign government if the document includes the applicant's photograph, full name, birth date, and signature. A valid Wisconsin driver's license without a photograph may be accepted in satisfaction of the requirement of this paragraph until January 1, 1985;

(h) whether the applicant has had a transaction account at the same or another financial intermediary within 12 months immediately preceding the application, and if so, the name of the financial intermediary;

(i) whether the applicant has had a transaction account closed by a financial intermediary without the applicant's consent within 12 months immediately preceding the application, and if so, the reason the account was closed; and

(j) whether the applicant has been convicted of a criminal offense because of the use of a check or other similar item within 24 months immediately preceding the application.

A financial intermediary may require an applicant to disclose additional information.

An applicant who makes a false material statement that the applicant does not believe to be true in an application document with respect to information required to be provided by this subdivision is guilty of perjury. The financial intermediary shall notify the applicant of the provisions of this paragraph.

Subd. 3. Confirm no involuntary closing. Before opening or authorizing signatory power over a transaction account, the financial intermediary shall attempt to verify the information disclosed for subdivision 2, clause (i). Inquiries made to verify this information through persons in the business of providing such information must include an inquiry based on the applicant's identification number provided under subdivision 2, clause (g). The financial intermediary may not open or authorize signatory power over a transaction account if (i) the applicant had a transaction account closed by a financial intermediary without consent because of issuance by the applicant of dishonored checks within 12 months immediately preceding the application, or (ii) the applicant has been convicted of a criminal offense because of the use of a check or other similar item within 24 months immediately preceding the application.

If the transaction account is refused pursuant to this subdivision, the reasons for the refusal shall be given to the applicant in writing and the applicant shall be allowed to provide additional information.

Subd. 4. Identification is required. A financial intermediary shall not open or authorize signatory power over a transaction account if none of the applicants provides a driver's license, identification card, or identification document as required by subdivision 2. If the applicant provides a driver's license or identification card issued under section 171.07, the financial intermediary must confirm the identification number

and name on that card through the records of the department of public safety. The financial intermediary need not confirm this information if the checking account applicant presents a driver's license impervious to alteration as is reasonably practicable in the design and quality of material and technology. The financial intermediary need not confirm this information if an employee of the financial intermediary has known the identity of the applicant for at least one year prior to the time of the application, and the employee provides a signed statement confirming that fact. When a minor is the applicant and the minor does not have a driver's license or identification card issued pursuant to section 171.07, the identification requirements of subdivision 2, clause (g), and this subdivision are satisfied if the minor's parent or guardian provides identification of that person's own that meets the identification requirement. The financial intermediary may waive the identification requirement if the applicant has had another type of account with the financial intermediary for at least one year immediately preceding the time of application.

Subd. 4a. Identification not required for debit card transactions. The identification requirements of subdivision 4 do not apply to a transaction account that is accessible exclusively by debit card. A debit card activates a transaction account at a financial intermediary by means of an electronic information processing device and contemporaneously completes the debt to the account only on the condition that funds are available and confirmed.

Subd. 5. No liability. The requirements of this section do not impose any liability on financial intermediaries offering transaction accounts or, except as provided in subdivisions 3 and 4, limit a financial intermediary's discretion as to whether to grant or deny an application subject to this section. This subdivision does not exempt a financial intermediary from civil penalties imposed under section 45.027.

Subd. 6. [Repealed, 1995 c 202 art 4 s 25]

Subd. 7. Transaction account service charges and charges relating to dishonored checks. (a) The establishment of transaction account service charges and the amounts of the charges not otherwise limited or prescribed by law or rule is a business decision to be made by each financial intermediary according to sound business judgment and safe, sound financial institution operational standards. In establishing transaction account service charges, the financial intermediary may consider, but is not limited to considering:

- (1) costs incurred by the institution, plus a profit margin, in providing the service;
- (2) the deterrence of misuse by customers of financial institution services;
- (3) the establishment of the competitive position of the financial institution in accordance with the institution's marketing strategy; and
- (4) maintenance of the safety and soundness of the institution.

(b) Transaction account service charges must be reasonable in relation to these considerations and should be arrived at by each financial intermediary on a competitive basis and not on the basis of any agreement, arrangement, undertaking, or discussion with other financial intermediaries or their officers.

(c) A financial intermediary may not impose a service charge in excess of \$4 for a dishonored check on any person other than the issuer of the check.

Subd. 8. Check labeling. A person providing printed checks for a transaction account shall print the month and year that the original order was received or the month and year that appears on the facsimile of the check from which the new checks are produced, unless the applicant has an existing account in good standing or a previous account in good standing within the past five years that was voluntarily closed. This subdivision no longer applies after the account has been open and in good standing for one year.

Subd. 9. Powers affecting checking accounts; other financial information. The commissioner of commerce may exercise the powers authorized under section 45.027 if the commissioner has reason to believe that a financial intermediary or drawer has failed to:

(1) comply with the verification requirements of subdivision 2, 3, or 4; or

(2) release information as required under section 609.535, subdivision 7.

Subdivision 1. The commissioner may accept, in lieu of any examination authorized by the laws of this state to be conducted by the department of a banking institution, the examination that may have been made of same within a reasonable period by the federal deposit insurance corporation, or the federal reserve bank, provided a copy of this examination is furnished to the commissioner. The commissioner also has the discretionary authority to accept any report relative to the condition of a banking institution which may have been obtained by the corporation within a reasonable period, in lieu of a report authorized by the laws of this state to be required of the institution by the department, provided a copy of this report is furnished to the commissioner.

Subd. 2. The commissioner may furnish to the corporation, or to any official or examiner thereof, a copy or copies of any or all examinations made of any such banking institutions any deposits of which are insured by the corporation and of any or all reports made by same, and shall give access to and disclose to the corporation, or any official or examiner thereof, any and all information possessed by the office of the commissioner with reference to the conditions or affairs of any such insured institution.

Notwithstanding any law to the contrary the bank may hold such authorized but unissued new capital stock but only for the purpose of disposing of the same by the issuing of shares to its employees as authorized by this section. All proceeds from the issuance and sale of such shares shall be paid into the capital and surplus of the bank. Stock and options issued pursuant to this section shall not increase the capital or

surplus of the bank until the stock is paid for in full in cash and certified to the commissioner.

Subdivision 1. Any bank or trust company organized under the laws of this state is authorized to invest not to exceed 20 percent of its capital and surplus in the capital stock of any agricultural credit corporation organized under the laws of this state, and entitled to discount privileges with any federal intermediate bank organized under the laws of the United States.

Subd. 4. Any such bank or trust company may make equity or debt investments in limited partnerships, limited liability companies, corporations, or projects designed primarily to promote community welfare, such as the rehabilitation or development of economically depressed residential, commercial, or industrial areas. A bank or trust company investment in any one limited partnership, limited liability company, corporation, or project shall not exceed five percent of its capital and surplus and its aggregate investment in all such limited partnerships, limited liability companies, corporations, or projects shall not exceed ten percent of its capital and surplus.

Subd. 5. In the absence of an express provision to the contrary, whenever any statute, rule, charter, trust indenture, authorizing resolution, or other instrument governing the investment of funds of a banking institution, as defined in section 48.01, subdivision 2, directs, requires, authorizes, or permits direct investment in certain obligations, investment in these obligations may be made either directly or in the form of securities of, or other interests in, an investment company registered under the Federal Investment Company Act of 1940, whose shares are registered under the Federal Securities Act of 1933.

Shares of investment companies whose portfolios contain investments which are subject to limits under other state law or rule as direct investments may only be held in an amount not in excess of 20 percent of the banks' capital stock and paid-in surplus in each such investment company. These obligations shall be carried at the lower of cost or market on the banks' books and adjusted to market on a quarterly basis.

Subd. 6. Any bank may invest in the voting stock of the Federal Agricultural Mortgage Corporation created pursuant to the Agricultural Credit Act of 1987, Public Law Number 100-233, in an amount not to exceed the greater of ten percent of the bank's capital and surplus or the amount required by the Federal Agricultural Mortgage Corporation for the bank to qualify for its participation in the corporation's programs.

Subd. 7. **Subsidiaries.** (a) A state bank or trust company may organize, acquire, or invest in a subsidiary located in this state for the purposes of engaging in one or more of the following activities, subject to the prior written approval of the commissioner:

(1) any activity, not including receiving deposits or paying checks, that a state bank is authorized to engage in under state law or rule or under federal law or regulation unless the activity is prohibited by the laws of this state;

(2) any activity that a bank clerical service corporation is authorized to engage in under section 48.89; and

(3) any other activity authorized for a national bank, a bank holding company, or a subsidiary of a national bank or bank holding company under federal law or regulation of general applicability, and approved by the commissioner.

(b) A bank or trust company subsidiary may engage in an activity under this section only upon application together with a filing fee of \$250 and with the prior written approval of the commissioner. In approving or denying a proposed activity, the commissioner shall consider the financial and management strength of the bank or trust company, the current written operating plan and policies of the proposed subsidiary corporation, the bank or trust company's community reinvestment record, and whether the proposed activity should be conducted through a subsidiary of the bank or trust company.

(c) The aggregate amount of funds invested in either an equity or loan capacity in all of the subsidiaries of the bank or trust company authorized under this subdivision shall not exceed 50 percent of the capital stock and paid in surplus of the bank or trust company.

(d) A subsidiary organized or acquired under this subdivision is subject to the examination and enforcement authority of the commissioner under chapters 45 and 46 to the same extent as a state bank or trust company.

(e) For the purposes of this section, "subsidiary" means a corporation of which at least 20 percent of the voting shares are owned or controlled by the bank or trust company.

Subd. 8. Parity with national banks. A state bank or trust company may invest in any securities that are authorized investments for national banks on May 27, 1989, subject to the same restrictions as apply to national banks. The commissioner may authorize a state bank or trust company to invest in any securities that become authorized investments for national banks after May 27, 1989, subject to the same restrictions as apply to national banks. This authority is in addition to the investment authority granted to state banks under other provisions of state law.

Subd. 9. Merger with subsidiaries; authority. (a) Notwithstanding any other law to the contrary, a bank may merge a subsidiary authorized and established according to this section into itself if it owns 100 percent of the outstanding voting stock.

(b) A merger of a subsidiary authorized by subdivision 1 must conform to the procedures in section 302A.621.

(c) Before filing the articles of merger with the secretary of state, the merger plan must be filed with and approved in writing by the commissioner who shall determine that:

(2) the merger will not have an undue adverse effect on the safety and soundness of the bank.

Subd. 10. Subsidiaries organized for purposes of corporate reorganization. A subsidiary may be organized solely for purposes of liquidating assets in a reorganization subject to the following conditions:

48.62 BANKS MAY ISSUE NOTES OR DEBENTURES.

With the approval of the commissioner any banking institution may, at any time, through action of its board of directors and without requiring any action of its stockholders, issue and sell its capital notes or debentures. These capital notes or debentures shall be subordinate and subject to the claims of depositors and may be subordinated and subjected to the claims of other creditors.

In determining whether the capital of any banking institution is impaired, outstanding capital notes or debentures, legally issued by the institution and sold by it to the reconstruction finance corporation, shall not be considered as liabilities of the institutions, but for all other purposes they shall be, and shall be considered as, liabilities of the institution.

No capital notes, or debentures, shall be retired or paid by any such institutions if this retirement or payment would impair the capital of the institution.

These capital notes or debentures shall in no case be subject to any assessment. The holders of the capital notes or debentures shall not be held individually responsible, as holders, for any debts, contracts, or engagements of the institutions, and shall not be held liable for assessments to restore impairments in the capital of the institution.

Any required reserve established for the retirement of capital notes or debentures may be considered as surplus, and the term "surplus" in any laws of this state pertaining to state banks shall be deemed to include such reserve, if an agreement is filed with the commissioner to transfer such reserve to surplus upon the request of the commissioner after the capital notes or debentures have matured.

Besides its general books of account, it shall keep separate books for all fiduciary accounts. All funds and property held by it in a fiduciary capacity shall at all times be kept separate from its own funds and property, and all fiduciary funds deposited or held as fiduciary by the bank awaiting investment shall be carried in a separate account; and shall not be used by the bank in the conduct of its business, unless the bank, under authorization by its board of directors, first delivers to the commissioner of commerce, as collateral security: (1) Bonds, notes, bills, certificates of indebtedness, or other direct obligations of the United States or its instrumentalities, or obligations fully guaranteed by the United States as to principal and interest; or (2) other readily marketable securities of the classes in which said trust companies or state banks exercising trust powers are authorized or permitted to invest trust funds under the laws of this state. CLERICAL SERVICES

48.89 CLERICAL SERVICE CORPORATION.

Subdivision 1. For the purposes of this section the following terms defined in this subdivision have the meanings given them:

(a) The term "commissioner" means the commissioner of commerce.

(b) The term "clerical services" means services such as check and deposit, sorting and posting, computation and posting of interest and other credits and charges, preparation and mailing of checks, statements, notices, and similar items, or any other clerical, bookkeeping, accounting, statistical, or similar functions performed for a bank.

(c) The term "clerical service corporation" means a corporation organized as a business corporation to perform clerical services for two or more banks, each of which owns part of the capital stock of such corporation.

(d) The term "invest" includes any advance of funds to a clerical service corporation, whether by the purchase of stock, the making of a loan, or otherwise, except a payment for rent earned, goods sold and delivered, or services rendered prior to the making of such payment.

(e) The term "banks" is defined as prescribed in section 46.046.

Subd. 2. (a) No limitation or prohibition otherwise imposed by any provision of state law exclusively relating to banks shall prevent any two or more banks from investing not more than ten percent of the paid-in and unimpaired capital and unimpaired surplus of each of them in a clerical service corporation if in stock of such a corporation and 15 percent of unimpaired capital and unimpaired surplus if in the making of a loan or extending credit to such a corporation. In no event shall the aggregate of the investments in stock and loans exceed 15 percent of the unimpaired capital and unimpaired surplus of the investing bank.

(b) If stock in a clerical service corporation has been held by two banks, and one of such banks ceases to utilize the services of the corporation and ceases to hold stock in it, and leaves the other as the sole stockholding bank, the corporation may nevertheless continue to function as such and the other bank may continue to hold stock in it.

Subd. 3. Whenever a bank, referred to in this section as an "applying bank," applies for a type of clerical services for itself from a clerical service corporation which supplies the same type of clerical services to another bank, and the applying bank is competitive with any bank, referred to in this section as a "stockholding bank," which holds stock in such corporation, the corporation must offer to supply such services by either:

(1) issuing stock to the applying bank and furnishing clerical services to it on the same basis as to the other banks holding stock in the corporation; or

(2) furnishing clerical services to the applying bank at rates no higher than necessary to fairly reflect the cost of such services, including the reasonable cost of the capital provided to the corporation by its stockholders,

at the corporation's option, unless comparable services at competitive overall cost are available to the applying bank from another source, or unless the furnishing of the services sought by the applying bank would be beyond the practical capacity of the corporation. In any action or proceeding to enforce the duty imposed by this section, or for damages for the breach thereof, the burden shall be upon the clerical service corporation to show such availability.

Subd. 4. No clerical service corporation may engage in any activity other than the performance of clerical services for banks.

Subd. 5. No bank may cause to be performed, by contract or otherwise, any clerical services for itself from a clerical service corporation or any other person, whether on or off its premises, unless assurances satisfactory to the commissioner are furnished to the commissioner by both the bank and the party performing such services that the performance thereof will be subject to regulation and examination by the commissioner to the same extent as if such services were being performed by the bank itself on its own premises.

Subd. 6. A clerical service corporation shall not be considered a branch of any bank owning shares in such corporation.

48.93 ACQUISITION PROCEDURE.

Subdivision 1. **Application.** An out-of-state bank holding company may, through a purchase of stock or assets of a bank, or through a purchase of stock or assets of or merger with a bank holding company, acquire control in an existing bank or banks whose home state is Minnesota if it meets the conditions in this section, sections 46.047 and 46.048 and it files an application in writing with the commissioner on forms provided by the department. The commissioner, upon receipt of the application, shall act upon it in the manner provided for in sections 46.047 and 46.048, except that the commissioner may extend the 60-day period an additional 30 days if in the commission-

er's judgment any material information submitted is substantially inaccurate or the acquiring party has not furnished all the information required by statute, rule, or the commissioner. Within three days after making the decision to disapprove any proposed acquisition, the commissioner shall notify the acquiring party in writing of the disapproval. The notice must provide a statement of the basis for the disapproval.

Subd. 2. **Hearings.** Within ten days of receipt of notice of disapproval pursuant to subdivision 1, the acquiring party may request an agency hearing on the proposed acquisition. At the hearing, all issues must be determined on the record pursuant to chapter 14 and the rules issued by the department. At the conclusion of the hearing, the commissioner shall by order approve or disapprove the proposed acquisition on the basis of the record made at the hearing.

Subd. 3. **Criteria for approval.** Except as otherwise provided by rule of the department, an application filed pursuant to subdivision 1 must contain the information required by sections 46.047 and 46.048.

Subd. 4. **Disapproval.** The commissioner shall disapprove any proposed acquisition if:

(1) the financial condition of any acquiring person is such as might jeopardize the financial stability of the bank or prejudice the interests of the depositors of the bank;

(2) the competence, experience, integrity of any acquiring person or of any of the proposed management personnel indicates that it would not be in the interest of the depositors of the bank, or in the interest of the public to permit the person to control the bank;

(3) the acquisition will result in undue concentration of resources or substantial lessening of competition in this state;

(4) the application is incomplete or any acquiring party neglects, fails, or refuses to furnish all the information required by the commissioner;

(5) a subsidiary of the acquiring bank holding company has failed to meet the requirements set forth in the federal Community Reinvestment Act; or

(6) the bank to be acquired has not been in existence for at least five years. For purposes of this paragraph, a bank that has been chartered solely for the purpose of, and does not open for business before, acquiring control of, or acquiring all or substantially all of the assets of, an existing bank is considered to have been in existence for the same period of time as the bank to be acquired. Subdivision 1. **Application criteria for approval.** Pursuant to the present requirement of the United States Code, title 12, section 1842(d) and notwithstanding any other provision of state law, an out-of-state bank holding company, or any subsidiary of a bank holding company, may acquire a bank located in this state where the commissioner has determined that a merger, consolidation, or purchase of assets and assumption of liabilities is necessary and in the public interest to prevent the probable failure of a bank or is made for the incorporation of a new bank in the same locality coincidental with the closing of an existing bank by the commissioner or federal authorities and does not increase the number of banks in the community affected. The acquisition is subject to the prior written approval of the commissioner of an application submitted under this section and after the following considerations:

(1) the financial and managerial resources of the applicant;

(2) the future prospects of the applicant and the state bank or its subsidiary whose assets, interest in, or shares it will acquire;

(3) the financial history of the applicant;

(4) whether the acquisition or holding may result in undue concentration of resources or substantial lessening of competition in this state, but any deposit concentration limitations imposed on the acquisition by Public Law Number 103-328, title 1, section 101, (a)(2), may be waived by order of the commissioner;

(5) the convenience and needs of the public of this state; and

(6) whether the acquisition or holding will strengthen the financial condition of the state bank.

Subd. 2. **Intrastate priority.** In determining the priority of applications submitted to seek approval to acquire a bank located in this state which meets the criteria in subdivision 1, the commissioner shall give first consideration to the approval of applications from applicants located in this state, then to reciprocating state bank holding companies.

Subd. 3. **Supervision.** The department may enter into cooperative and reciprocal agreements with federal or bank regulatory authorities of other states for exchange or acceptance of reports of examination and other records from the authorities in lieu of conducting its own examinations of acquiring reciprocating state bank holding companies. The department may enter into joint actions with federal or bank regulatory authorities of other states to carry out its responsibilities under Laws 1986, chapter 339 and assure compliance with the laws of this state.

Subd. 4. **Reports.** A reciprocating state bank holding company that directly or indirectly, through any subsidiary, acquires a bank pursuant to Laws 1986, chapter 339 shall file with the commissioner copies of all regular and periodic reports which the bank holding company is required to file under section 13 or 15(d) of the Securities and Exchange Act of 1934, as amended, but excluding any portions not available to the public, and such other reports as the commissioner may require by rule.
