Subd. 3. **Sale and purchase.** (a) "Sale" and "purchase" include, but are not limited to, each of the transactions listed in this subdivision.

(b) Sale and purchase include:

(1) any transfer of title or possession, or both, of tangible personal property, whether absolutely or conditionally, for a consideration in money or by exchange or barter; and

(c) Sale and purchase include the production, fabrication, printing, or processing of tangible personal property for a consideration for consumers who furnish either directly or indirectly the materials used in the production, fabrication, printing, or processing.

(d) Sale and purchase include the preparing for a consideration of food. Notwithstanding section 297A.67, subdivision 2, taxable food includes, but is not limited to, the following:

(1) prepared food sold by the retailer;

(2) soft drinks;

(3) candy; and

(4) all food sold through vending machines.

(e) A sale and a purchase includes the furnishing for a consideration of electricity, gas, water, or steam for use or consumption within this state.

(f) A sale and a purchase includes the transfer for a consideration of prewritten computer software whether delivered electronically, by load and leave, or otherwise.

(g) A sale and a purchase includes the furnishing for a consideration of the following services:

(1) the privilege of admission to places of amusement, recreational areas, or athletic events, and the making available of amusement devices, tanning facilities, reducing salons, steam baths, turkish baths, health clubs, and spas or athletic facilities;

(2) lodging and related services by a hotel, rooming house, resort, campground, motel, or trailer camp and the granting of any similar license to use real property other than the renting or leasing of it for a continuous period of 30 days or more;

(3) nonresidential parking services, whether on a contractual, hourly, or other periodic basis, except for parking at a meter;

(4) the granting of membership in a club, association, or other organization if:

(i) the club, association, or other organization makes available for the use of its members sports and athletic facilities, without regard to whether a separate charge is assessed for use of the facilities; and

(ii) use of the sports and athletic facility is not made available to the general public on the same basis as it is made available to members.

Granting of membership means both onetime initiation fees and periodic membership dues. Sports and athletic facilities include golf courses; tennis, racquetball, handball, and squash courts; basketball and volleyball facilities; running tracks; exercise equipment; swimming pools; and other similar athletic or sports facilities;

(5) delivery of aggregate materials and concrete block by a third party if the delivery would be subject to the sales tax if provided by the seller of the aggregate material or concrete block; and

(6) services as provided in this clause:

(i) laundry and dry cleaning services including cleaning, pressing, repairing, altering, and storing clothes, linen services and supply, cleaning and blocking hats, and carpet, drapery, upholstery, and industrial cleaning. Laundry and dry cleaning services do not include services provided by coin operated facilities operated by the customer;

(iii) building and residential cleaning, maintenance, and disinfecting and exterminating services;

(v) pet grooming services;

(vi) lawn care, fertilizing, mowing, spraying and sprigging services; garden planting and maintenance; tree, bush, and shrub pruning, bracing, spraying, and surgery; indoor plant care; tree, bush, shrub, and stump removal; and tree trimming for public utility lines. Services performed under a construction contract for the installation of shrubbery, plants, sod, trees, bushes, and similar items are not taxable;

(vii) massages, except when provided by a licensed health care facility or professional or upon written referral from a licensed health care facility or professional for treatment of illness, injury, or disease; and

(viii) the furnishing of lodging, board, and care services for animals in kennels and other similar arrangements, but excluding veterinary and horse boarding services.

In applying the provisions of this chapter, the terms "tangible personal property" and "sales at retail" include taxable services listed in clause (6), items (i) to (vi) and (viii), and the provision of these taxable services, unless specifically provided otherwise. Services performed by an employee for an employer are not taxable. Services performed by a partnership or association for another partnership or association are not taxable if one of the entities owns or controls more than 80 percent of the voting power of the equity interest in the other entity. Services performed between members of an affiliated group of corporations are not taxable. For purposes of the preceding sentence, "affiliated group of corporations" includes those entities that would be classified as members of an affiliated group under United States Code, title 26, section 1504, and that are eligible to file a consolidated tax return for federal income tax purposes.

(k) A sale and a purchase includes the rental of a vehicle by a motor vehicle dealer to a customer when (1) the vehicle is rented by the customer for a consideration, or (2) the motor vehicle dealer is reimbursed pursuant to a service contract as defined in section 65B.29, subdivision 1, clause (1).

*[For text of subs 4 to 6, see M.S.2002]*

Subd. 7. **Sales price.** (a) "Sales price" means the measure subject to sales tax, and means the total amount of consideration, including cash, credit, personal property, and services, for which personal property or services are sold, leased, or rented, valued in money, whether received in money or otherwise, without any deduction for the following:

- (1) the seller's cost of the property sold;
- (2) the cost of materials used, labor or service cost, interest, losses, all costs of transportation to the seller, all taxes imposed on the seller, and any other expenses of the seller;
- (3) charges by the seller for any services necessary to complete the sale, other than delivery and installation charges;
- (4) delivery charges;
- (5) installation charges; and
- (6) the value of exempt property given to the purchaser when taxable and exempt personal property have been bundled together and sold by the seller as a single product or piece of merchandise.

(b) Sales price does not include:

- (1) discounts, including cash, terms, or coupons, that are not reimbursed by a third party and that are allowed by the seller and taken by a purchaser on a sale;
- (2) interest, financing, and carrying charges from credit extended on the sale of personal property or services, if the amount is separately stated on the invoice, bill of sale, or similar document given to the purchaser; and
- (3) any taxes legally imposed directly on the consumer that are separately stated on the invoice, bill of sale, or similar document given to the purchaser.

*[For text of subs 8 and 9, see M.S.2002]*

Subd. 10. **Tangible personal property.** (a) "Tangible personal property" means personal property that can be seen, weighed, measured, felt, or touched, or that is in any other manner perceptible to the senses. "Tangible personal property" includes, but is not limited to, electricity, water, gas, steam, prewritten computer software, and prepaid calling cards.

(b) Tangible personal property does not include:

- (1) large ponderous machinery and equipment used in a business or production activity which at common law would be considered to be real property;
- (2) property which is subject to an ad valorem property tax;
- (3) property described in section 272.02, subdivision 9, clauses (a) to (d); and
- (4) property described in section 272.03, subdivision 2, clauses (3) and (5).

[For text of subd 11, see M.S.2002].

Subd. 12. **Farm machinery.** (a) "Farm machinery" means new or used machinery, equipment, implements, accessories, and contrivances used directly and principally in agricultural production including, but not limited to:

(1) machinery for the preparation, seeding, or cultivation of soil for growing agricultural crops;

(2) barn cleaners, milking systems, grain dryers, feeding systems including stationary feed bunks, and similar installations, whether or not the equipment is installed by the seller and becomes part of the real property; and

(3) irrigation equipment sold for exclusively agricultural use, including pumps, pipe fittings, valves, sprinklers, and other equipment necessary to the operation of an irrigation system when sold as part of an irrigation system, whether or not the equipment is installed by the seller and becomes part of the real property.

(b) Farm machinery does not include:

(1) repair or replacement parts;

(2) tools, shop equipment, grain bins, fencing material, communication equipment, and other farm supplies;

(3) motor vehicles taxed under chapter 297B;

(4) snowmobiles or snow blowers;

(5) lawn mowers except those used in the production of sod for sale, or garden-type tractors or garden tillers; or

(6) machinery, equipment, implements, accessories, and contrivances used directly in the production of horses not raised for slaughter, fur-bearing animals, or research animals.

[For text of subd 13, see M.S.2002].

Subd. 14. [Repealed, 2003 c 127 art 1 s 34]

Subd. 14a. **Lease or rental.** (a) "Lease or rental" means any transfer of possession or control of tangible personal property for a fixed or indeterminate term for consideration. A lease or rental may include future options to purchase or extend.

(b) Lease or rental does not include:

(1) a transfer of possession or control of property under a security agreement or deferred payment plan that requires the transfer of title upon completion of the required payments;

(2) a transfer of possession or control of property under an agreement that requires the transfer of title upon completion of required payments and payment of an option price does not exceed the greater of \$100 or one percent of the total required payments; or

(3) providing tangible personal property along with an operator for a fixed or indeterminate period of time. A condition of this exclusion is that the operator is necessary for the equipment to perform as designed. For the purpose of this subdivision, an operator must do more than maintain, inspect, or set up the tangible personal property.

(c) Lease or rental does include agreements covering motor vehicles and trailers where the amount of consideration may be increased or decreased by reference to the amount realized upon sale or disposition of the property as defined in United States Code, title 26, section 7701(h)(1).

(d) This definition must be used for sales and use tax purposes regardless if a transaction is characterized as a lease or rental under generally accepted accounting principles, the Internal Revenue Code, chapter 336, or other provisions of federal, state, or local law.

Subd. 15. [Repealed, 2003 c 127 art 1 s 34]

Subd. 17. **Prewritten computer software.** "Prewritten computer software" means computer software, including prewritten upgrades, that is not designed and developed by the author or other creator to the specifications of a specific purchaser. The combining of two or more "prewritten computer software" programs or prewritten portions of the programs does not cause the combination to be other than "prewritten computer software." "Prewritten computer software" includes software designed and developed by the author or other creator to the specifications of a specific purchaser when it is sold to a person other than the purchaser. If a person modifies or enhances computer software of which the person is not the author or creator, the person is deemed to be the author or creator only of such person's modifications or enhancements. "Prewritten computer software" or a prewritten portion of it that is modified or enhanced to any degree, if the modification or enhancement is designed and developed to the specifications of a specific purchaser, remains "prewritten computer software"; provided, however, that if there is a reasonable, separately stated charge or an invoice or other statement of the price given to the purchaser for such modification or enhancement, the modification or enhancement does not constitute "prewritten computer software." For purposes of this subdivision:

- (1) "computer" means an electronic device that accepts information in digital or similar form and manipulates it for a result based on a sequence of instructions;
- (2) "electronic" means relating to technology having electrical, digital, magnetic, wireless, optical, electromagnetic, or similar capabilities; and
- (3) "computer software" means a set of coded instructions designed to cause a "computer" or automatic data processing equipment to perform a task.

Subd. 17a. **Delivered electronically.** "Delivered electronically" means delivered to the purchaser by means other than tangible storage media.

Subd. 17b. **Load and leave.** "Load and leave" means delivered to the purchaser by use of a tangible storage media where the tangible storage media is not physically transferred to the purchaser.

*[For text of subds 18 to 29, see M.S.2002]*

Subd. 30. **Delivery charges.** "Delivery charges" means charges by the seller of personal property or services for preparation and delivery to a location designated by the purchaser of personal property or services including, but not limited to, transportation, shipping, postage, handling, crating, and packing.

*[For text of subds 31 to 33, see M.S.2002]*

Subd. 34. **Food sold through vending machines.** "Food sold through vending machines" means food dispensed from a machine or other device that accepts payment including honor payments.

Subd. 35. **Direct mail.** "Direct mail" means printed material delivered or distributed by United States Mail or other delivery service to a mass audience or to addressees on a mailing list provided by the purchaser or at the direction of the purchaser when the cost of the items is not billed directly to the recipients. "Direct mail" includes tangible personal property supplied directly or indirectly by the purchaser to the direct mail seller for inclusion in the package containing the printed material. "Direct mail" does not include multiple items of printed material delivered to a single address.

Subd. 36. **Agricultural production.** "Agricultural production" includes, but is not limited to, horticulture, silviculture, floriculture, maple syrup harvesting, and the raising of pets, livestock as defined in section 17A.03, subdivision 5, poultry, dairy and poultry products, bees and apiary products, the raising and harvesting of agricultural crops, sod, fur-bearing animals, research animals, and horses.

**297A.66 JURISDICTION TO REQUIRE COLLECTION AND REMITTANCE OF TAX BY RETAILER.**

[For text of subds 1 to 4, see M.S.2002]

Subd. 5. **Withdrawal from streamlined sales and use tax agreement.** If the state has withdrawn its membership or been expelled from the streamlined sales and use tax agreement, it shall not use a seller's registration with the central registration system and the collection of sales and use taxes in the state as a factor in determining whether the seller has nexus with that state for any tax at any time.

**History:** 2003 c 127 art 1 s 17

**297A.665 PRESUMPTION OF TAX; BURDEN OF PROOF.**

(a) For the purpose of the proper administration of this chapter and to prevent evasion of the tax, until the contrary is established, it is presumed that:

- (1) all gross receipts are subject to the tax; and
- (2) all retail sales for delivery in Minnesota are for storage, use, or other consumption in Minnesota.

(b) The burden of proving that a sale is not a taxable retail sale is on the seller. However, the seller may take from the purchaser at the time of the sale a fully completed exemption certificate which conclusively relieves the seller from collecting and remitting the tax. This relief from liability does not apply to a seller who fraudulently fails to collect the tax or solicits purchasers to participate in the unlawful claim of an exemption. If a seller claiming that certain sales are exempt is not in possession of the required exemption certificates within 60 days after receiving written notice from the commissioner that the certificates are required, deductions claimed by the seller that required delivery of the certificates must be disallowed. If the certificates are delivered to the commissioner within the 60-day period, the commissioner may verify the reason or basis for the exemption claimed in the certificates before allowing any deductions. A deduction must not be granted on the basis of certificates delivered to the commissioner after the 60-day period.

(c) A purchaser of tangible personal property or any items listed in section 297A.63 that are shipped or brought to Minnesota by the purchaser has the burden of proving that the property was not purchased from a retailer for storage, use, or consumption in Minnesota.

**History:** 2003 c 127 art 6 s 8

**297A.666 AMNESTY FOR REGISTRATION.**

Subdivision 1. **Amnesty provisions.** Subject to the limitations of subdivision 2:

(1) this state shall provide amnesty for uncollected or unpaid sales or use tax to a seller who registers to pay or to collect and remit applicable sales or use tax on sales made to purchasers in this state in accordance with the terms of the streamlined sales and use tax agreement, provided that the seller was not so registered in this state in the 12-month period preceding the effective date of the state's participation in the agreement; and

(2) the amnesty shall preclude assessment for uncollected or unpaid sales or use tax together with penalty or interest for sales made during the period the seller was not registered in this state, provided registration occurs within 12 months of the effective date of the state's participation in the agreement.

Subd. 2. **Limitations.** (a) The amnesty is not available to a seller with respect to any matter or matters for which the seller received notice of the commencement of an audit and the audit is not yet finally resolved, including any related administrative and judicial processes.

(b) The amnesty is not available for sales or use taxes already paid or remitted to this state or to taxes collected by the seller.

(c) The amnesty is fully effective, absent the seller's fraud or intentional misrepresentation of a material fact, as long as the seller continues registration and continues payment or collection and remittance of applicable sales or use taxes for a period of at least 36 months. The statute of limitations provisions of chapter 289A applicable to asserting a sales or use tax liability must be tolled during this 36-month period.

(d) The amnesty is applicable only to sales or use taxes due from a seller in its capacity as a seller and not to sales or use taxes due from a seller in its capacity as a buyer.

**History:** 2003 c 127 art 1 s 18.

## 297A.668 SOURCING OF SALE; SITUS IN THIS STATE.

**Subdivision 1. Applicability.** The provisions of this section apply regardless of the characterization of a product as tangible personal property, a digital good, or a service; but do not apply to telecommunications services, or the sales of motor vehicles, watercraft, aircraft, modular homes, manufactured homes, or mobile homes. These provisions only apply to determine a seller's obligation to pay or collect and remit a sales or use tax with respect to the seller's sale of a product. These provisions do not affect the obligation of a seller as purchaser to remit tax on the use of the product.

Subd. 2. [Renumbered subd. 6]

**Subd. 2. Sourcing rules.** (a) The retail sale, excluding lease or rental, of a product shall be sourced as required in paragraphs (b) through (f).

(b) When the product is received by the purchaser at a business location of the seller, the sale is sourced to that business location.

(c) When the product is not received by the purchaser at a business location of the seller, the sale is sourced to the location where receipt by the purchaser or the donee designated by the purchaser occurs, including the location indicated by instructions for delivery to the purchasers or the purchaser's donee, known to the seller.

(d) When paragraphs (b) and (c) do not apply, the sale is sourced to the location indicated by an address for the purchaser that is available from the business records of the seller that are maintained in the ordinary course of the seller's business, when use of this address does not constitute bad faith.

(e) When paragraphs (b), (c), and (d) do not apply, the sale is sourced to the location indicated by an address for the purchaser obtained during the consummation of the sale, including the address of a purchaser's payment instrument if no other address is available, when use of this address does not constitute bad faith.

(f) When paragraphs (b), (c), (d), and (e) do not apply, including the circumstance where the seller is without sufficient information to apply the previous paragraphs, then the location is determined by the address from which tangible personal property was shipped, from which the digital good or the computer software delivered electronically was first available for transmission by the seller, or from which the service was provided. For purposes of this paragraph, the seller must disregard any location that merely provided the digital transfer of the product sold.

(g) For purposes of this subdivision, the terms "receive" and "receipt" mean taking possession of tangible personal property, making first use of services, or taking possession or making first use of digital goods or the computer software delivered electronically, whichever occurs first. The terms receive and receipt do not include possession by a carrier for hire on behalf of the purchaser.

Subd. 3. [Repealed by amendment, 2003 c 127 art 1 s 19]

**Subd. 3. Lease or rental of tangible personal property.** The lease or rental of tangible personal property, other than property identified in subdivision 4 or 5, shall be sourced as required in paragraphs (a) to (c).

(a) For a lease or rental that requires recurring periodic payments, the first periodic payment is sourced the same as a retail sale in accordance with the provisions of subdivision 6. Periodic payments made subsequent to the first payment are sourced to the primary property location for each period covered by the payment. The primary

property location must be as indicated by an address for the property provided by the lessee that is available to the lessor from its records maintained in the ordinary course of business, when use of this address does not constitute bad faith. The property location must not be altered by intermittent use at different locations, such as use of business property that accompanies employees on business trips and service calls.

(b) For a lease or rental that does not require recurring periodic payments, the payment is sourced the same as a retail sale in accordance with the provisions of subdivision 2.

(c) This subdivision does not affect the imposition or computation of sales or use tax on leases or rentals based on a lump sum or accelerated basis, or on the acquisition of property for lease.

**Subd. 4. Lease or rental of motor vehicles, trailers, semitrailers, or aircraft that do not qualify as transportation equipment.** The lease or rental of motor vehicles, trailers, semitrailers, or aircraft that do not qualify as transportation equipment, as defined in subdivision 5, shall be sourced as required in paragraphs (a) to (c).

(a) For a lease or rental that requires recurring periodic payments, each periodic payment is sourced to the primary property location. The primary property location must be as indicated by an address for the property provided by the lessee that is available to the lessor from its records maintained in the ordinary course of business, when use of this address does not constitute bad faith. This location must not be altered by intermittent use at different locations.

(b) For a lease or rental that does not require recurring periodic payments, the payment is sourced the same as a retail sale in accordance with the provisions of subdivision 2.

(c) This subdivision does not affect the imposition or computation of sales or use tax on leases or rentals based on a lump sum or accelerated basis, or on the acquisition of property for lease.

**Subd. 5. Transportation equipment.** (a) The retail sale, including lease or rental, of transportation equipment shall be sourced the same as a retail sale in accordance with the provisions of subdivision 2, notwithstanding the exclusion of lease or rental in subdivision 2.

(b) "Transportation equipment" means any of the following:

(1) locomotives and railcars that are utilized for the carriage of persons or property in interstate commerce; and/or

(2) trucks and truck-tractors with a gross vehicle weight rating (GVWR) of 10,001 pounds or greater, trailers, semitrailers, or passenger buses that are:

(i) registered through the international registration plan; and

(ii) operated under authority of a carrier authorized and certified by the United States Department of Transportation or another federal authority to engage in the carriage of persons or property in interstate commerce.

**Subd. 6. Multiple points of use.** (a) Notwithstanding the provisions of subdivisions 2 to 5, a business purchaser that is not a holder of a direct pay permit that knows at the time of its purchase of a digital good, computer software delivered electronically, or a service that the digital good, computer software delivered electronically, or service will be concurrently available for use in more than one taxing jurisdiction shall deliver to the seller in conjunction with its purchase a multiple points of use exemption certificate disclosing this fact.

(b) Upon receipt of the multiple points of use exemption certificate, the seller is relieved of the obligation to collect, pay, or remit the applicable tax and the purchaser is obligated to collect, pay, or remit the applicable tax on a direct pay basis.

(c) A purchaser delivering the multiple points of use exemption certificate may use any reasonable, but consistent and uniform, method of apportionment that is supported by the purchaser's business records as they exist at the time of the consummation of the sale.

(d) The multiple points of use exemption certificate remains in effect for all future sales by the seller to the purchaser until it is revoked in writing, except as to the subsequent sale's specific apportionment that is governed by the principle of paragraph (c) and the facts existing at the time of the sale.

(e) A holder of a direct pay permit is not required to deliver a multiple points or use exemption certificate to the seller. A direct pay permit holder shall follow the provisions of paragraph (c) in apportioning the tax due on a digital good, computer software delivered electronically, or a service that will be concurrently available for use in more than one taxing jurisdiction.

**Subd. 7. Direct mail.** (a) Notwithstanding other subdivisions of this section, a purchaser of direct mail that is not a holder of a direct pay permit shall provide to the seller, in conjunction with the purchase, either a direct mail form or information to show the jurisdictions to which the direct mail is delivered to recipients.

(1) Upon receipt of the direct mail form, the seller is relieved of all obligations to collect, pay, or remit the applicable tax and the purchaser is obligated to pay or remit the applicable tax on a direct pay basis. A direct mail form remains in effect for all future sales of direct mail by the seller to the purchaser until it is revoked in writing.

(2) Upon receipt of information from the purchaser showing the jurisdictions to which the direct mail is delivered to recipients, the seller shall collect the tax according to the delivery information provided by the purchaser. In the absence of bad faith, the seller is relieved of any further obligation to collect tax on any transaction for which the seller has collected tax pursuant to the delivery information provided by the purchaser.

(b) If the purchaser of direct mail does not have a direct pay permit and does not provide the seller with either a direct mail form or delivery information, as required by paragraph (a), the seller shall collect the tax according to subdivision 2, paragraph (f). Nothing in this paragraph limits a purchaser's obligation for sales or use tax to any state to which the direct mail is delivered.

(c) If a purchaser of direct mail provides the seller with documentation of direct pay authority, the purchaser is not required to provide a direct mail form or delivery information to the seller.

**History:** 2003 c 127 art 1 s 19

## 297A.669 TELECOMMUNICATION SOURCING.

**Subdivision 1. Call-by-call basis sourcing.** Except for the defined telecommunication services in subdivision 3, the sale of telecommunication service sold on a call-by-call basis shall be sourced to (1) each level of taxing jurisdiction where the call originates and terminates in that jurisdiction; or (2) each level of taxing jurisdiction where the call either originates or terminates and in which the service address is also located.

**Subd. 2. Other than call-by-call basis sourcing.** Except for the defined telecommunication services in subdivision 3, a sale of telecommunications services sold on a basis other than a call-by-call basis is sourced to the customer's place of primary use.

**Subd. 3. Defined telecommunications services sourcing.** The sale of the following telecommunication services shall be sourced to each level of taxing jurisdiction in paragraphs (a) to (d).

(a) A sale of mobile telecommunications services, other than air-to-ground radio-telephone service and prepaid calling service, is sourced to the customer's place of primary use as required by the Mobile Telecommunications Sourcing Act.

(b) A sale of postpaid calling service is sourced to the origination point of the telecommunications signal as first identified by either:

(1) the seller's telecommunications system; or

(2) information received by the seller from its service provider, where the system used to transport such signals is not that of the seller.

(c) A sale of prepaid calling service is sourced in accordance with section 297A.668, subdivision 2. However, in the case of a sale of mobile telecommunications

service that is a prepaid telecommunications service, the rule provided in section 297A.668, subdivision 2, paragraph (f), shall include as an option the location associated with the mobile telephone number.

(d) A sale of a private communication service is sourced as follows:

(1) service for a separate charge related to a customer channel termination point is sourced to each level of jurisdiction in which the customer channel termination point is located;

(2) service where all customer termination points are located entirely within one jurisdiction or levels of jurisdiction is sourced in such jurisdiction in which the customer channel termination points are located;

(3) service for segments of a channel between two customer channel termination points located in different jurisdictions and which segment of channel are separately charged is sourced 50 percent in each level of jurisdiction in which the customer channel termination points are located; and

(4) service for segments of a channel located in more than one jurisdiction or levels of jurisdiction and which segments are not separately billed is sourced in each jurisdiction based on the percentage determined by dividing the number of customer channel termination points in the jurisdiction by the total number of customer channel termination points.

Subd. 4. **Air-to-ground radiotelephone service.** "Air-to-ground radiotelephone service," for purposes of this section, means a radio service, as that term is defined in Code of Federal Regulations, title 47, section 22.99, in which common carriers are authorized to offer and provide radio telecommunications service for hire to subscribers in aircraft.

Subd. 5. **Call-by-call basis.** "Call-by-call basis," for purposes of this section, means any method of charging for telecommunications services where the price is measured by individual calls.

Subd. 6. **Communications channel.** "Communications channel," for purposes of this section, means a physical or virtual path of communications over which signals are transmitted between or among customer channel termination points.

Subd. 7. **Customer.** "Customer," for purposes of this section, means the person or entity that contracts with the seller of telecommunications services. If the end user of telecommunications services is not the contracting party, the end user of the telecommunications service is the customer of the telecommunication service, but this sentence applies only for the purpose of sourcing sales of telecommunications services under this section. Customer does not include a reseller of telecommunications service or for mobile telecommunications service of a serving carrier under an agreement to serve the customer outside the home service provider's licensed service area.

Subd. 8. **Customer channel termination point.** "Customer channel termination point," for purposes of this section, means the location where the customer either inputs or receives the communications.

Subd. 9. **End user.** "End user," for purposes of this section, means the person who utilizes the telecommunication service. In the case of an entity, end user means the individual who utilizes the service on behalf of the entity.

**297A.81 UNCOLLECTIBLE DEBTS; OFFSET AGAINST OTHER TAXES.**

Subdivision 1. **General.** The taxpayer may offset against the taxes payable for any reporting period the amount of taxes imposed by this chapter previously paid as a result of any transaction the consideration for which became a debt owed to the taxpayer that became uncollectible during the reporting period, but only in proportion to the portion of the debt that became uncollectible. Section 289A.40, subdivision 2, applies to an offset under this section.

Subd. 2. **Manner of allowing deduction for uncollectible debt.** (a) Uncollectible debt is allowed as a deduction in the manner provided in this subdivision.

(b) If the uncollectible debt arose with respect to a sale required to be included in gross receipts, subject to a tax imposed under chapter 297A, the entire amount of the debt remaining uncollected is allowed as a deduction.

(c) If the uncollectible debt arose with respect to a sale partly subject to the tax imposed under chapter 297A and partly exempt, the amount of the uncollectible debt allowed as a deduction is the amount derived by multiplying the uncollectible debt by the percentage that the taxable sale bears to the total sales.

(d) If the uncollectible debt arose with respect to two or more sales made at successive intervals, payments made before the date the debt became uncollectible must be applied first to the earliest sale upon which there is an unpaid balance, and to following sales in successive order.

(e) If the books and records of the taxpayer claiming the bad debt allowance support an allocation of the bad debts among the member states of the streamlined sales and use tax agreement, such an allocation shall be allowed.

Subd. 3. **Certified service provider.** A certified service provider, as defined in section 297A.995, subdivision 2, on behalf of a taxpayer who is its client, may offset against taxes as provided by this section.

(2) the purchase was made on or after the date on which a conditional commitment was made for a loan guaranty for the project under section 41A.04, subdivision 3.

The commissioner of finance shall certify to the commissioner the date on which the project received the conditional commitment. The amount deposited in the loan guaranty account must be reduced by any refunds and by the costs incurred by the Department of Revenue to administer and enforce the assessment and collection of the taxes.

(c) The commissioner shall deposit the revenues, including interest and penalties, derived from the taxes imposed on sales and purchases included in section 297A.61, subdivision 3, paragraph (g), clauses (1) and (4), in the state treasury, and credit them as follows:

(1) first to the general obligation special tax bond debt service account in each fiscal year the amount required by section 16A.661, subdivision 3, paragraph (b); and

(2) after the requirements of clause (1) have been met, the balance to the general fund.

(d) The commissioner shall deposit the revenues, including interest and penalties, collected under section 297A.64, subdivision 5, in the state treasury and credit them to the general fund. By July 15 of each year the commissioner shall transfer to the highway user tax distribution fund an amount equal to the excess fees collected under section 297A.64, subdivision 5, for the previous calendar year.

(e) For fiscal year 2001, 97 percent; for fiscal years 2002 and 2003, 87 percent; and for fiscal year 2004 and thereafter, 72.43 percent of the revenues, including interest and penalties, transmitted to the commissioner under section 297A.65, must be deposited by the commissioner in the state treasury as follows:

(1) 50 percent of the receipts must be deposited in the heritage enhancement account in the game and fish fund, and may be spent only on activities that improve, enhance, or protect fish and wildlife resources, including conservation, restoration, and enhancement of land, water, and other natural resources of the state;

(2) 22.5 percent of the receipts must be deposited in the natural resources fund, and may be spent only for state parks and trails;

(3) 22.5 percent of the receipts must be deposited in the natural resources fund, and may be spent only on metropolitan park and trail grants;

(4) three percent of the receipts must be deposited in the natural resources fund, and may be spent only on local trail grants; and

(5) two percent of the receipts must be deposited in the natural resources fund, and may be spent only for the Minnesota Zoological Garden, the Como Park Zoo and Conservatory, and the Duluth Zoo.

(f) The revenue dedicated under paragraph (e) may not be used as a substitute for traditional sources of funding for the purposes specified, but the dedicated revenue shall supplement traditional sources of funding for those purposes. Land acquired with money deposited in the game and fish fund under paragraph (e) must be open to public hunting and fishing during the open season, except that in aquatic management

areas or on lands where angling easements have been acquired, fishing may be prohibited during certain times of the year and hunting may be prohibited. At least 87 percent of the money deposited in the game and fish fund for improvement, enhancement, or protection of fish and wildlife resources under paragraph (e) must be allocated for field operations.

**297A.99 LOCAL SALES TAXES.**

*[For text of subds 1 to 4, see M.S.2002]*

**Subd. 5. Tax rate.** (a) The tax rate is as specified in the special law authorization and as imposed by the political subdivision.

(b) The full political subdivision rate applies to any sales that are taxed at a state rate, and the political subdivision must not have more than one local sales tax rate or more than one local use tax rate. This paragraph does not apply to sales or use taxes imposed on electricity, piped natural or artificial gas, or other heating fuels delivered by the seller, or the retail sale or transfer of motor vehicles, aircraft, watercraft, modular homes, manufactured homes, or mobile homes.

*[For text of subds 6 to 9, see M.S.2002]*

**Subd. 10. Use of zip code in determining location of sale.** The lowest combined tax rate imposed in the zip code area applies if the area includes more than one tax rate in any level of taxing jurisdictions. If a nine-digit zip code designation is not available for a street address or if a seller is unable to determine the nine-digit zip code designation of a purchaser after exercising due diligence to determine the designation, the seller may apply the rate for the five-digit zip code area. For the purposes of this subdivision, there is a rebuttable presumption that a seller has exercised due diligence if the seller has attempted to determine the nine-digit zip code designation by utilizing software approved by the governing board that makes this designation from the street address and the five-digit zip code of the purchaser. Notwithstanding subdivision 13, this subdivision applies to all local sales taxes without regard to the date of authorization. This subdivision does not apply when the purchased product is received by the purchaser at the business location of the seller.

*[For text of subd 11, see M.S.2002]*

**Subd. 12. Effective dates; notification.** (a) A political subdivision may impose a tax under this section starting only on the first day of a calendar quarter. A political subdivision may repeal a tax under this section stopping only on the last day of a calendar quarter.

(b) The political subdivision shall notify the commissioner of revenue at least 90 days before imposing, changing the rate of, or repealing a tax under this section.

(c) The political subdivision shall change the rate of tax imposed under this section starting only on the first day of a calendar quarter, and only after the commissioner has notified sellers at least 60 days prior to the change.

(d) The political subdivision shall apply the rate change for sales tax imposed under this section to purchases from printed catalogs, wherein the purchaser computed the tax based upon local tax rates published in the catalog, starting only on the first day of a calendar quarter, and only after the commissioner has notified sellers at least 120 days prior to the change.

(e) The political subdivision shall apply local jurisdiction boundary changes to taxes imposed under this section starting only on the first day of a calendar quarter, and only after the commissioner has notified sellers at least 60 days prior to the change.
