# CHAPTER 256B

# MEDICAL ASSISTANCE FOR NEEDY PERSONS

## 256B.0185 REQUIRED REPORT.

Subdivision 1. **Pending application.** By December 15 of both 2005 and 2006, the commissioner must deliver to the legislature a report that identifies:

(1) each county in which an application for medical assistance from a person identified as residing in a long-term care facility is or was pending, at any time between January 1 and December 1 of the calendar year to which the report relates, for more than 60 days in the case of a person who is disabled, or for more than 45 days in the case of a person who is age 65 or older; and

(2) for each of the identified counties: the number of applications described in clause (1), the average number of days the applications were pending, the distribution of days for applications that were pending, and what percentage of the applications, respectively, the county approved and denied.

Subd. 2. **Time to process application.** The report must include specific recommendations for how counties, as a group, could shorten the time it takes to act on the applications described in subdivision 1, clause (1).

**History:** *1Sp2005 c 4 art 7 s 3*

## 256B.02 DEFINITIONS.

*[For text of subds 4 to 11, see M.S.2004]*

Subd. 12. **Third-party payer.** "Third-party payer" means a person, entity, or agency or government program that has a probable obligation to pay all or part of the costs of

a medical assistance recipient's health services. Third-party payer includes an entity under contract with the recipient to cover all or part of the recipient's medical costs.

*[For text of subds 13 to 15, see M.S.2004]*

**History:** *1Sp2005 c 4 art 8 s 17*

**256B.04 DUTIES OF STATE AGENCY.**

*[For text of subds 1 to 4, see M.S.2004]*

Subd. 4a. **Medicare prescription drug subsidy.** The commissioner shall perform all duties necessary to administer eligibility determinations for the Medicare Part D prescription drug subsidy and facilitate the enrollment of eligible medical assistance recipients into Medicare prescription drug plans as required by the Medicare Prescription Drug, Improvement, and Modernization Act of 2003 (MMA), Public Law 108-173, and Code of Federal Regulations, title 42, sections 423.30 to 423.56 and 423.771 to 423.800.

*[For text of subds 5 to 13, see M.S.2004]*

Subd. 14. **Competitive bidding.** (a) When determined to be effective, economical, and feasible, the commissioner may utilize volume purchase through competitive bidding and negotiation under the provisions of chapter 16C, to provide items under the medical assistance program including but not limited to the following:

(1) eyeglasses;

(2) oxygen. The commissioner shall provide for oxygen needed in an emergency situation on a short-term basis, until the vendor can obtain the necessary supply from the contract dealer;

(3) hearing aids and supplies; and

(4) durable medical equipment, including but not limited to:

(i) hospital beds;

(ii) commodes;

(iii) glide-about chairs;

(iv) patient lift apparatus;

(v) wheelchairs and accessories;

(vi) oxygen administration equipment;

(vii) respiratory therapy equipment;

(viii) electronic diagnostic, therapeutic and life support systems;

(5) special transportation services; and

(6) drugs.

(b) Rate changes under this chapter and chapters 256D and 256L do not affect contract payments under this subdivision unless specifically identified.

*[For text of subd 15, see M.S.2004]*

Subd. 16. **Personal care services.** (a) Notwithstanding any contrary language in this paragraph, the commissioner of human services and the commissioner of health shall jointly promulgate rules to be applied to the licensure of personal care services provided under the medical assistance program. The rules shall consider standards for personal care services that are based on the World Institute on Disability's recommendations regarding personal care services. These rules shall at a minimum consider the standards and requirements adopted by the commissioner of health under section 144A.45, which the commissioner of human services determines are applicable to the provision of personal care services, in addition to other standards or modifications which the commissioner of human services determines are appropriate.

The commissioner of human services shall establish an advisory group including personal care consumers and providers to provide advice regarding which standards or

modifications should be adopted. The advisory group membership must include not less than 15 members, of which at least 60 percent must be consumers of personal care services and representatives of recipients with various disabilities and diagnoses and ages. At least 51 percent of the members of the advisory group must be recipients of personal care.

The commissioner of human services may contract with the commissioner of health to enforce the jointly promulgated licensure rules for personal care service providers.

Prior to final promulgation of the joint rule the commissioner of human services shall report preliminary findings along with any comments of the advisory group and a plan for monitoring and enforcement by the Department of Health to the legislature by February 15, 1992.

Limits on the extent of personal care services that may be provided to an individual must be based on the cost-effectiveness of the services in relation to the costs of inpatient hospital care, nursing home care, and other available types of care. The rules must provide, at a minimum:

(1) that agencies be selected to contract with or employ and train staff to provide and supervise the provision of personal care services;

(2) that agencies employ or contract with a qualified applicant that a qualified recipient proposes to the agency as the recipient's choice of assistant;

(3) that agencies bill the medical assistance program for a personal care service by a personal care assistant and supervision by a qualified professional supervising the personal care assistant unless the recipient selects the fiscal agent option under section 256B.0627, subdivision 10;

(4) that agencies establish a grievance mechanism; and

(5) that agencies have a quality assurance program.

(b) The commissioner may waive the requirement for the provision of personal care services through an agency in a particular county, when there are less than two agencies providing services in that county and shall waive the requirement for personal care assistants required to join an agency for the first time during 1993 when personal care services are provided under a relative hardship waiver under Minnesota Statutes 1992, section 256B.0627, subdivision 4, paragraph (b), clause (7), and at least two agencies providing personal care services have refused to employ or contract with the independent personal care assistant.

*[For text of subds 17 to 19, see M.S.2004]*

**History:** *2005 c 98 art 2 s 1; 1Sp2005 c 4 art 8 s 18*

**256B.055 ELIGIBILITY CATEGORIES.**

*[For text of subds 1 to 11, see M.S.2004]*

Subd. 12. **Disabled children.** (a) A person is eligible for medical assistance if the person is under age 19 and qualifies as a disabled individual under United States Code, title 42, section 1382c(a), and would be eligible for medical assistance under the state plan if residing in a medical institution, and the child requires a level of care provided in a hospital, nursing facility, or intermediate care facility for persons with mental retardation or related conditions, for whom home care is appropriate, provided that the cost to medical assistance under this section is not more than the amount that medical assistance would pay for if the child resides in an institution. After the child is determined to be eligible under this section, the commissioner shall review the child's disability under United States Code, title 42, section 1382c(a) and level of care defined under this section no more often than annually and may elect, based on the recommendation of health care professionals under contract with the state medical review team, to extend the review of disability and level of care up to a maximum of four years. The commissioner's decision on the frequency of continuing review of disability and level of care is not subject to administrative appeal under section 256.045. Nothing in this

subdivision shall be construed as affecting other redeterminations of medical assistance eligibility under this chapter and annual cost-effective reviews under this section.

(b) For purposes of this subdivision, "hospital" means an institution as defined in section 144.696, subdivision 3, 144.55, subdivision 3, or Minnesota Rules, part 4640.3600, and licensed pursuant to sections 144.50 to 144.58. For purposes of this subdivision, a child requires a level of care provided in a hospital if the child is determined by the commissioner to need an extensive array of health services, including mental health services, for an undetermined period of time, whose health condition requires frequent monitoring and treatment by a health care professional or by a person supervised by a health care professional, who would reside in a hospital or require frequent hospitalization if these services were not provided, and the daily care needs are more complex than a nursing facility level of care.

A child with serious emotional disturbance requires a level of care provided in a hospital if the commissioner determines that the individual requires 24-hour supervision because the person exhibits recurrent or frequent suicidal or homicidal ideation or behavior, recurrent or frequent psychosomatic disorders or somatopsychic disorders that may become life threatening, recurrent or frequent severe socially unacceptable behavior associated with psychiatric disorder, ongoing and chronic psychosis or severe, ongoing and chronic developmental problems requiring continuous skilled observation, or severe disabling symptoms for which office-centered outpatient treatment is not adequate, and which overall severely impact the individual's ability to function.

(c) For purposes of this subdivision, "nursing facility" means a facility which provides nursing care as defined in section 144A.01, subdivision 5, licensed pursuant to sections 144A.02 to 144A.10, which is appropriate if a person is in active restorative treatment; is in need of special treatments provided or supervised by a licensed nurse; or has unpredictable episodes of active disease processes requiring immediate judgment by a licensed nurse. For purposes of this subdivision, a child requires the level of care provided in a nursing facility if the child is determined by the commissioner to meet the requirements of the preadmission screening assessment document under section 256B.0911 and the home care independent rating document under section 256B.0655, subdivision 4, clause (3), adjusted to address age-appropriate standards for children age 18 and under, pursuant to section 256B.0655, subdivision 3.

(d) For purposes of this subdivision, "intermediate care facility for persons with mental retardation or related conditions" or "ICF/MR" means a program licensed to provide services to persons with mental retardation under section 252.28, and chapter 245A, and a physical plant licensed as a supervised living facility under chapter 144, which together are certified by the Minnesota Department of Health as meeting the standards in Code of Federal Regulations, title 42, part 483, for an intermediate care facility which provides services for persons with mental retardation or persons with related conditions who require 24-hour supervision and active treatment for medical, behavioral, or habilitation needs. For purposes of this subdivision, a child requires a level of care provided in an ICF/MR if the commissioner finds that the child has mental retardation or a related condition in accordance with section 256B.092, is in need of a 24-hour plan of care and active treatment similar to persons with mental retardation, and there is a reasonable indication that the child will need ICF/MR services.

(e) For purposes of this subdivision, a person requires the level of care provided in a nursing facility if the person requires 24-hour monitoring or supervision and a plan of mental health treatment because of specific symptoms or functional impairments associated with a serious mental illness or disorder diagnosis, which meet severity criteria for mental health established by the commissioner and published in March 1997 as the Minnesota Mental Health Level of Care for Children and Adolescents with Severe Emotional Disorders.

(f) The determination of the level of care needed by the child shall be made by the commissioner based on information supplied to the commissioner by the parent or guardian, the child's physician or physicians, and other professionals as requested by

the commissioner. The commissioner shall establish a screening team to conduct the level of care determinations according to this subdivision.

(g) If a child meets the conditions in paragraph (b), (c), (d), or (e), the commissioner must assess the case to determine whether:

(1) the child qualifies as a disabled individual under United States Code, title 42, section 1382c(a), and would be eligible for medical assistance if residing in a medical institution; and

(2) the cost of medical assistance services for the child, if eligible under this subdivision, would not be more than the cost to medical assistance if the child resides in a medical institution to be determined as follows:

(i) for a child who requires a level of care provided in an ICF/MR, the cost of care for the child in an institution shall be determined using the average payment rate established for the regional treatment centers that are certified as ICFs/MR;

(ii) for a child who requires a level of care provided in an inpatient hospital setting according to paragraph (b), cost-effectiveness shall be determined according to Minnesota Rules, part 9505.3520, items F and G; and

(iii) for a child who requires a level of care provided in a nursing facility according to paragraph (c) or (e), cost-effectiveness shall be determined according to Minnesota Rules, part 9505.3040, except that the nursing facility average rate shall be adjusted to reflect rates which would be paid for children under age 16. The commissioner may authorize an amount up to the amount medical assistance would pay for a child referred to the commissioner by the preadmission screening team under section 256B.0911.

(h) Children eligible for medical assistance services under section 256B.055, subdivision 12, as of June 30, 1995, must be screened according to the criteria in this subdivision prior to January 1, 1996. Children found to be ineligible may not be removed from the program until January 1, 1996.

*[For text of subd 13, see M.S.2004]*

Subd. 14. **Persons detained by law.** (a) Medical assistance may be paid for an inmate of a correctional facility who is conditionally released as authorized under section 241.26, 244.065, or 631.425, if the individual does not require the security of a public detention facility and is housed in a halfway house or community correction center, or under house arrest and monitored by electronic surveillance in a residence approved by the commissioner of corrections, and if the individual meets the other eligibility requirements of this chapter.

(b) An individual, regardless of age, who is considered an inmate of a public institution as defined in Code of Federal Regulations, title 42, section 435.1009, is not eligible for medical assistance.

**History:** *2005 c 10 art 1 s 47; 1Sp2005 c 4 art 8 s 19*

## 256B.056 ELIGIBILITY REQUIREMENTS FOR MEDICAL ASSISTANCE.

*[For text of subds 1 to 1b, see M.S.2004]*

Subd. 1c. **Families with children income methodology.** (a)(1) (Expired, 1Sp2003 c 14 art 12 s 17)

(2) For applications processed within one calendar month prior to July 1, 2003, eligibility shall be determined by applying the income standards and methodologies in effect prior to July 1, 2003, for any months in the six-month budget period before July 1, 2003, and the income standards and methodologies in effect on July 1, 2003, for any months in the six-month budget period on or after that date. The income standards for each month shall be added together and compared to the applicant's total countable income for the six-month budget period to determine eligibility.

(3) For children ages one through 18 whose eligibility is determined under section 256B.057, subdivision 2, the following deductions shall be applied to income counted

toward the child's eligibility as allowed under the state's AFDC plan in effect as of July 16, 1996: $90 work expense, dependent care, and child support paid under court order. This clause is effective October 1, 2003.

(b) For families with children whose eligibility is determined using the standard specified in section 256B.056, subdivision 4, paragraph (c), 17 percent of countable earned income shall be disregarded for up to four months and the following deductions shall be applied to each individual's income counted toward eligibility as allowed under the state's AFDC plan in effect as of July 16, 1996: dependent care and child support paid under court order.

(c) If the four-month disregard in paragraph (b) has been applied to the wage earner's income for four months, the disregard shall not be applied again until the wage earner's income has not been considered in determining medical assistance eligibility for 12 consecutive months.

(d) The commissioner shall adjust the income standards under this section each July 1 by the annual update of the federal poverty guidelines following publication by the United States Department of Health and Human Services.

*[For text of subds 2 to 3c, see M.S.2004]*

Subd. 3d. **Reduction of excess assets.** Assets in excess of the limits in subdivisions 3 to 3c may be reduced to allowable limits as follows:

(a) Assets may be reduced in any of the three calendar months before the month of application in which the applicant seeks coverage by:

(1) designating burial funds up to $1,500 for each applicant, spouse, and MA-eligible dependent child; and

(2) paying health service bills incurred in the retroactive period for which the applicant seeks eligibility, starting with the oldest bill. After assets are reduced to allowable limits, eligibility begins with the next dollar of MA-covered health services incurred in the retroactive period. Applicants reducing assets under this subdivision who also have excess income shall first spend excess assets to pay health service bills and may meet the income spenddown on remaining bills.

(b) Assets may be reduced beginning the month of application by:

(1) paying bills for health services that would otherwise be paid by medical assistance; and

(2) using any means other than a transfer of assets for less than fair market value as defined in section 256B.0595, subdivision 1, paragraph (b).

*[For text of subds 4 to 4b, see M.S.2004]*

Subd. 5. **Excess income.** A person who has excess income is eligible for medical assistance if the person has expenses for medical care that are more than the amount of the person's excess income, computed by deducting incurred medical expenses from the excess income to reduce the excess to the income standard specified in subdivision 5c. The person shall elect to have the medical expenses deducted at the beginning of a one-month budget period or at the beginning of a six-month budget period. The commissioner shall allow persons eligible for assistance on a one-month spenddown basis under this subdivision to elect to pay the monthly spenddown amount in advance of the month of eligibility to the state agency in order to maintain eligibility on a continuous basis. If the recipient does not pay the spenddown amount on or before the last business day of the month, the recipient is ineligible for this option for the following month. The local agency shall code the Medicaid Management Information System (MMIS) to indicate that the recipient has elected this option. The state agency shall convey recipient eligibility information relative to the collection of the spenddown to providers through the Electronic Verification System (EVS). A recipient electing advance payment must pay the state agency the monthly spenddown amount on or before noon on the last business day of the month in order to be eligible for this option in the following month.

Subd. 5a. **Individuals on fixed or excluded income.** Recipients of medical assistance who receive only fixed unearned or excluded income, when that income is excluded from consideration as income or unvarying in amount and timing of receipt throughout the year, shall report and verify their income every 12 months. The 12-month period begins with the month of application.

Subd. 5b. **Individuals with low income.** Recipients of medical assistance not residing in a long-term care facility who have slightly fluctuating income which is below the medical assistance income limit shall report and verify their income every six months. The six-month period begins the month of application.

*[For text of subds 5c and 6, see M.S.2004]*

Subd. 7. **Period of eligibility.** Eligibility is available for the month of application and for three months prior to application if the person was eligible in those prior months. Eligibility for months prior to application is determined independently from eligibility for the month of application and future months. A redetermination of eligibility must occur every 12 months. The 12-month period begins with the month of application.

*[For text of subd 8, see M.S.2004]*

Subd. 9. **Notice.** The state agency must be given notice of monetary claims against a person, entity, or corporation that may be liable to pay all or part of the cost of medical care when the state agency has paid or becomes liable for the cost of that care. Notice must be given according to paragraphs (a) to (d).

(a) An applicant for medical assistance shall notify the state or local agency of any possible claims when the applicant submits the application. A recipient of medical assistance shall notify the state or local agency of any possible claims when those claims arise.

(b) A person providing medical care services to a recipient of medical assistance shall notify the state agency when the person has reason to believe that a third party may be liable for payment of the cost of medical care.

(c) A party to a claim that may be assigned to the state agency under this section shall notify the state agency of its potential assignment claim in writing at each of the following stages of a claim:

(1) when a claim is filed;

(2) when an action is commenced; and

(3) when a claim is concluded by payment, award, judgment, settlement, or otherwise.

(d) Every party involved in any stage of a claim under this subdivision is required to provide notice to the state agency at that stage of the claim. However, when one of the parties to the claim provides notice at that stage, every other party to the claim is deemed to have provided the required notice for that stage of the claim. If the required notice under this paragraph is not provided to the state agency, all parties to the claim are deemed to have failed to provide the required notice. A party to the claim includes the injured person or the person's legal representative, the plaintiff, the defendants, or persons alleged to be responsible for compensating the injured person or plaintiff, and any other party to the cause of action or claim, regardless of whether the party knows the state agency has a potential or actual assignment claim.

Subd. 10. **Eligibility verification.** (a) The commissioner shall require women who are applying for the continuation of medical assistance coverage following the end of the 60-day postpartum period to update their income and asset information and to submit any required income or asset verification.

(b) The commissioner shall determine the eligibility of private-sector health care coverage for infants less than one year of age eligible under section 256B.055, subdivision 10, or 256B.057, subdivision 1, paragraph (d), and shall pay for private-sector coverage if this is determined to be cost-effective.

(c) The commissioner shall modify the application for Minnesota health care programs to require more detailed information related to verification of assets and income, and shall verify assets and income for all applicants, and for all recipients upon renewal.

(d) The commissioner shall require Minnesota health care program recipients to report new or an increase in earned income within ten days of the change, and to verify new or an increase in earned income that affects eligibility within ten days of notification by the agency that the new or increased earned income affects eligibility. Recipients who fail to verify new or an increase in earned income that affects eligibility shall be disenrolled.

**History:** *2005 c 98 art 2 s 2; 1Sp2005 c 4 art 8 s 20-26*

**NOTE:** The amendments to subdivisions 5, 5a, 5b, and 7, by Laws 2005, First Special Session chapter 4, article 8, sections 21 to 24, are effective August 1, 2007, or upon HealthMatch implementation, whichever is later. Laws 2005, First Special Session chapter 4, article 8, sections 21 to 24, the effective dates.

**NOTE:** Subdivision 10, paragraph (a), as added by Laws 2005, First Special Session chapter 4, article 8, section 26, is effective September 1, 2005, or upon federal approval, whichever is later. Laws 2005, First Special Session chapter 4, article 8, section 26, the effective date.

## 256B.057 ELIGIBILITY REQUIREMENTS FOR SPECIAL CATEGORIES.

*[For text of subds 1 to 8, see M.S.2004]*

Subd. 9. **Employed persons with disabilities.** (a) Medical assistance may be paid for a person who is employed and who:

(1) meets the definition of disabled under the supplemental security income program;

(2) is at least 16 but less than 65 years of age;

(3) meets the asset limits in paragraph (b); and

(4) effective November 1, 2003, pays a premium and other obligations under paragraph (d).

Any spousal income or assets shall be disregarded for purposes of eligibility and premium determinations.

After the month of enrollment, a person enrolled in medical assistance under this subdivision who:

(1) is temporarily unable to work and without receipt of earned income due to a medical condition, as verified by a physician, may retain eligibility for up to four calendar months; or

(2) effective January 1, 2004, loses employment for reasons not attributable to the enrollee, may retain eligibility for up to four consecutive months after the month of job loss. To receive a four-month extension, enrollees must verify the medical condition or provide notification of job loss. All other eligibility requirements must be met and the enrollee must pay all calculated premium costs for continued eligibility.

(b) For purposes of determining eligibility under this subdivision, a person's assets must not exceed $20,000, excluding:

(1) all assets excluded under section 256B.056;

(2) retirement accounts, including individual accounts, 401(k) plans, 403(b) plans, Keogh plans, and pension plans; and

(3) medical expense accounts set up through the person's employer.

(c)(1) Effective January 1, 2004, for purposes of eligibility, there will be a $65 earned income disregard. To be eligible, a person applying for medical assistance under this subdivision must have earned income above the disregard level.

(2) Effective January 1, 2004, to be considered earned income, Medicare, Social Security, and applicable state and federal income taxes must be withheld. To be eligible, a person must document earned income tax withholding.

(d)(1) A person whose earned and unearned income is equal to or greater than 100 percent of federal poverty guidelines for the applicable family size must pay a

premium to be eligible for medical assistance under this subdivision. The premium shall be based on the person's gross earned and unearned income and the applicable family size using a sliding fee scale established by the commissioner, which begins at one percent of income at 100 percent of the federal poverty guidelines and increases to 7.5 percent of income for those with incomes at or above 300 percent of the federal poverty guidelines. Annual adjustments in the premium schedule based upon changes in the federal poverty guidelines shall be effective for premiums due in July of each year.

(2) Effective January 1, 2004, all enrollees must pay a premium to be eligible for medical assistance under this subdivision. An enrollee shall pay the greater of a $35 premium or the premium calculated in clause (1).

(3) Effective November 1, 2003, all enrollees who receive unearned income must pay one-half of one percent of unearned income in addition to the premium amount.

(4) Effective November 1, 2003, for enrollees whose income does not exceed 200 percent of the federal poverty guidelines and who are also enrolled in Medicare, the commissioner must reimburse the enrollee for Medicare Part B premiums under section 256B.0625, subdivision 15, paragraph (a).

(5) Increases in benefits under title II of the Social Security Act shall not be counted as income for purposes of this subdivision until July 1 of each year.

(e) A person's eligibility and premium shall be determined by the local county agency. Premiums must be paid to the commissioner. All premiums are dedicated to the commissioner.

(f) Any required premium shall be determined at application and redetermined at the enrollee's six-month income review or when a change in income or household size is reported. Enrollees must report any change in income or household size within ten days of when the change occurs. A decreased premium resulting from a reported change in income or household size shall be effective the first day of the next available billing month after the change is reported. Except for changes occurring from annual cost-of-living increases, a change resulting in an increased premium shall not affect the premium amount until the next six-month review.

(g) Premium payment is due upon notification from the commissioner of the premium amount required. Premiums may be paid in installments at the discretion of the commissioner.

(h) Nonpayment of the premium shall result in denial or termination of medical assistance unless the person demonstrates good cause for nonpayment. Good cause exists if the requirements specified in Minnesota Rules, part 9506.0040, subpart 7, items B to D, are met. Except when an installment agreement is accepted by the commissioner, all persons disenrolled for nonpayment of a premium must pay any past due premiums as well as current premiums due prior to being reenrolled. Nonpayment shall include payment with a returned, refused, or dishonored instrument. The commissioner may require a guaranteed form of payment as the only means to replace a returned, refused, or dishonored instrument.

*[For text of subd 10, see M.S.2004]*

**History:** *1Sp2005 c 4 art 7 s 4*

**256B.0571 LONG-TERM CARE PARTNERSHIP.**

Subdivision 1. **Definitions.** For purposes of this section, the following terms have the meanings given them.

Subd. 2. **Home care service.** "Home care service" means care described in section 144A.43.

Subd. 3. **Long-term care insurance.** "Long-term care insurance" means a policy described in section 62S.01.

Subd. 4. **Medical assistance.** "Medical assistance" means the program of medical assistance established under section 256B.01.

Subd. 5. **Nursing home.** "Nursing home" means a nursing home as described in section 144A.01.

Subd. 6. **Partnership policy.** "Partnership policy" means a long-term care insurance policy that meets the requirements under subdivision 10 or 11, regardless of when the policy was first issued.

Subd. 7. **Partnership program.** "Partnership program" means the Minnesota partnership for long-term care program established under this section.

Subd. 8. **Program established.** (a) The commissioner, in cooperation with the commissioner of commerce, shall establish the Minnesota partnership for long-term care program to provide for the financing of long-term care through a combination of private insurance and medical assistance.

(b) An individual who meets the requirements in this paragraph is eligible to participate in the partnership program. The individual must:

(1) be a Minnesota resident;

(2) purchase a partnership policy that is delivered, issued for delivery, or renewed on or after the effective date of Laws 2005, First Special Session chapter 4, article 7, section 5, and maintain the partnership policy in effect throughout the period of participation in the partnership program; and

(3) exhaust the minimum benefits under the partnership policy as described in this section. Benefits received under a long-term care insurance policy before the effective date of Laws 2005, First Special Session chapter 4, article 7, section 5, do not count toward the exhaustion of benefits required in this subdivision.

Subd. 9. **Medical assistance eligibility.** (a) Upon application of an individual who meets the requirements described in subdivision 8, the commissioner shall determine the individual's eligibility for medical assistance according to paragraphs (b) and (c).

(b) After disregarding financial assets exempted under medical assistance eligibility requirements, the commissioner shall disregard an additional amount of financial assets equal to the dollar amount of coverage utilized under the partnership policy.

(c) The commissioner shall consider the individual's income according to medical assistance eligibility requirements.

Subd. 10. **Dollar-for-dollar asset protection policies.** (a) A dollar-for-dollar asset protection policy must meet all of the requirements in paragraphs (b) to (e).

(b) The policy must satisfy the requirements of chapter 62S.

(c) The policy must offer an elimination period of not more than 180 days for an adjusted premium.

(d) The policy must satisfy the requirements established by the commissioner of human services under subdivision 14.

(e) Minimum daily benefits shall be $130 for nursing home care or $65 for home care, with inflation protection provided in the policy as described in section 62S.23, subdivision 1, clause (1). These minimum daily benefit amounts shall be adjusted by the commissioner on October 1 of each year by a percentage equal to the inflation protection feature described in section 62S.23, subdivision 1, clause (1), for purposes of setting minimum requirements that a policy must meet in future years in order to initially qualify as an approved policy under this subdivision. Adjusted minimum daily benefit amounts shall be rounded to the nearest whole dollar.

Subd. 11. **Total asset protection policies.** (a) A total asset protection policy must meet all of the requirements in subdivision 10, paragraphs (b) to (d), and this subdivision.

(b) Minimum coverage shall be for a period of not less than three years and for a dollar amount equal to 36 months of nursing home care at the minimum daily benefit rate determined and adjusted under paragraph (c).

(c) Minimum daily benefits shall be $150 for nursing home care or $75 for home care, with inflation protection provided in the policy as described in section 62S.23, subdivision 1, clause (1). These minimum daily benefit amounts shall also be adjusted

by the commissioner on October 1 of each year by a percentage equal to the inflation protection feature described in section 62S.23, subdivision 1, clause (1), for purposes of setting minimum requirements that a policy must meet in future years in order to initially qualify as an approved policy under this subdivision. Adjusted minimum daily benefit amounts shall be rounded to the nearest whole dollar.

(d) The policy must cover all of the following services:

(1) nursing home stay;

(2) home care service; and

(3) care management.

Subd. 12. **Compliance with federal law.** An issuer of a partnership policy must comply with any federal law authorizing partnership policies in Minnesota, including any federal regulations, as amended, adopted under that law. This subdivision does not require compliance with any provision of this federal law until the date upon which the law requires compliance with the provision. The commissioner has authority to enforce this subdivision.

Subd. 13. **Limitations on estate recovery.** (a) For an individual who exhausts the minimum benefits of a dollar-for-dollar asset protection policy under subdivision 10, and is determined eligible for medical assistance under subdivision 9, the state shall limit recovery under the provisions of section 256B.15 against the estate of the individual or individual's spouse for medical assistance benefits received by that individual to an amount that exceeds the dollar amount of coverage utilized under the partnership policy.

(b) For an individual who exhausts the minimum benefits of a total asset protection policy under subdivision 11, and is determined eligible for medical assistance under subdivision 9, the state shall not seek recovery under the provisions of section 256B.15 against the estate of the individual or individual's spouse for medical assistance benefits received by that individual.

Subd. 14. **Implementation.** (a) If federal law is amended or a federal waiver is granted to permit implementation of this section, the commissioner, in consultation with the commissioner of commerce, may alter the requirements of subdivisions 10 and 11, and may establish additional requirements for approved policies in order to conform with federal law or waiver authority. In establishing these requirements, the commissioner shall seek to maximize purchase of qualifying policies by Minnesota residents while controlling medical assistance costs.

(b) The commissioner is authorized to suspend implementation of this section until the next session of the legislature if the commissioner, in consultation with the commissioner of commerce, determines that the federal legislation or federal waiver authorizing a partnership program in Minnesota is likely to impose substantial unforeseen costs on the state budget.

(c) The commissioner must take action under paragraph (a) or (b) within 45 days of final federal action authorizing a partnership policy in Minnesota.

(d) The commissioner must notify the appropriate legislative committees of action taken under this subdivision within 50 days of final federal action authorizing a partnership policy in Minnesota.

(e) The commissioner must publish a notice in the State Register of implementation decisions made under this subdivision as soon as practicable.

**History:** *1Sp2005 c 4 art 7 s 5*

NOTE: This section, as added by Laws 2005, First Special Session chapter 4, article 7, section 5, is effective contingent on federal law. For conditions relating to the effect of this section, see Laws 2005, First Special Session chapter 4, article 7, section 5, the effective date.

## 256B.0575 AVAILABILITY OF INCOME FOR INSTITUTIONALIZED PERSONS.

When an institutionalized person is determined eligible for medical assistance, the income that exceeds the deductions in paragraphs (a) and (b) must be applied to the cost of institutional care.

(a) The following amounts must be deducted from the institutionalized person's income in the following order:

(1) the personal needs allowance under section 256B.35 or, for a veteran who does not have a spouse or child, or a surviving spouse of a veteran having no child, the amount of an improved pension received from the veteran's administration not exceeding $90 per month;

(2) the personal allowance for disabled individuals under section 256B.36;

(3) if the institutionalized person has a legally appointed guardian or conservator, five percent of the recipient's gross monthly income up to $100 as reimbursement for guardianship or conservatorship services;

(4) a monthly income allowance determined under section 256B.058, subdivision 2, but only to the extent income of the institutionalized spouse is made available to the community spouse;

(5) a monthly allowance for children under age 18 which, together with the net income of the children, would provide income equal to the medical assistance standard for families and children according to section 256B.056, subdivision 4, for a family size that includes only the minor children. This deduction applies only if the children do not live with the community spouse and only to the extent that the deduction is not included in the personal needs allowance under section 256B.35, subdivision 1, as child support garnished under a court order;

(6) a monthly family allowance for other family members, equal to one-third of the difference between 122 percent of the federal poverty guidelines and the monthly income for that family member;

(7) reparations payments made by the Federal Republic of Germany and reparations payments made by the Netherlands for victims of Nazi persecution between 1940 and 1945;

(8) all other exclusions from income for institutionalized persons as mandated by federal law; and

(9) amounts for reasonable expenses incurred for necessary medical or remedial care for the institutionalized person that are not medical assistance covered expenses and that are not subject to payment by a third party.

Reasonable expenses are limited to expenses that have not been previously used as a deduction from income and are incurred during the enrollee's current period of eligibility, including retroactive months associated with the current period of eligibility, for medical assistance payment of long-term care services.

For purposes of clause (6), "other family member" means a person who resides with the community spouse and who is a minor or dependent child, dependent parent, or dependent sibling of either spouse. "Dependent" means a person who could be claimed as a dependent for federal income tax purposes under the Internal Revenue Code.

(b) Income shall be allocated to an institutionalized person for a period of up to three calendar months, in an amount equal to the medical assistance standard for a family size of one if:

(1) a physician certifies that the person is expected to reside in the long-term care facility for three calendar months or less;

(2) if the person has expenses of maintaining a residence in the community; and

(3) if one of the following circumstances apply:

(i) the person was not living together with a spouse or a family member as defined in paragraph (a) when the person entered a long-term care facility; or

(ii) the person and the person's spouse become institutionalized on the same date, in which case the allocation shall be applied to the income of one of the spouses.

For purposes of this paragraph, a person is determined to be residing in a licensed nursing home, regional treatment center, or medical institution if the person is expected to remain for a period of one full calendar month or more.

**History:** *1Sp2005 c 4 art 8 s 27*

**256B.0595 PROHIBITIONS ON TRANSFER; EXCEPTIONS.**

*[For text of subds 1 and 1b, see M.S.2004]*

Subd. 2. **Period of ineligibility.** (a) For any uncompensated transfer occurring on or before August 10, 1993, the number of months of ineligibility for long-term care services shall be the lesser of 30 months, or the uncompensated transfer amount divided by the average medical assistance rate for nursing facility services in the state in effect on the date of application. The amount used to calculate the average medical assistance payment rate shall be adjusted each July 1 to reflect payment rates for the previous calendar year. The period of ineligibility begins with the month in which the assets were transferred. If the transfer was not reported to the local agency at the time of application, and the applicant received long-term care services during what would have been the period of ineligibility if the transfer had been reported, a cause of action exists against the transferee for the cost of long-term care services provided during the period of ineligibility, or for the uncompensated amount of the transfer, whichever is less. The action may be brought by the state or the local agency responsible for providing medical assistance under chapter 256G. The uncompensated transfer amount is the fair market value of the asset at the time it was given away, sold, or disposed of, less the amount of compensation received.

(b) For uncompensated transfers made after August 10, 1993, the number of months of ineligibility for long-term care services shall be the total uncompensated value of the resources transferred divided by the average medical assistance rate for nursing facility services in the state in effect on the date of application. The amount used to calculate the average medical assistance payment rate shall be adjusted each July 1 to reflect payment rates for the previous calendar year. The period of ineligibility begins with the first day of the month after the month in which the assets were transferred except that if one or more uncompensated transfers are made during a period of ineligibility, the total assets transferred during the ineligibility period shall be combined and a penalty period calculated to begin on the first day of the month after the month in which the first uncompensated transfer was made. If the transfer was reported to the local agency after the date that advance notice of a period of ineligibility that affects the next month could be provided to the recipient and the recipient received medical assistance services or the transfer was not reported to the local agency, and the applicant or recipient received medical assistance services during what would have been the period of ineligibility if the transfer had been reported, a cause of action exists against the transferee for the cost of medical assistance services provided during the period of ineligibility, or for the uncompensated amount of the transfer, whichever is less. The action may be brought by the state or the local agency responsible for providing medical assistance under chapter 256G. The uncompensated transfer amount is the fair market value of the asset at the time it was given away, sold, or disposed of, less the amount of compensation received. Effective for transfers made on or after March 1, 1996, involving persons who apply for medical assistance on or after April 13, 1996, no cause of action exists for a transfer unless:

(1) the transferee knew or should have known that the transfer was being made by a person who was a resident of a long-term care facility or was receiving that level of care in the community at the time of the transfer;

(2) the transferee knew or should have known that the transfer was being made to assist the person to qualify for or retain medical assistance eligibility; or

(3) the transferee actively solicited the transfer with intent to assist the person to qualify for or retain eligibility for medical assistance.

(c) If a calculation of a penalty period results in a partial month, payments for long-term care services shall be reduced in an amount equal to the fraction, except that in calculating the value of uncompensated transfers, if the total value of all uncompensated transfers made in a month not included in an existing penalty period does not exceed $200, then such transfers shall be disregarded for each month prior to the month of application for or during receipt of medical assistance.

*[For text of subds 2b to 7, see M.S.2004]*

**History:** *2005 c 155 art 3 s 1*

**256B.06 ELIGIBILITY; MIGRANT WORKERS; CITIZENSHIP.**

*[For text of subd 3, see M.S.2004]*

Subd. 4. **Citizenship requirements.** (a) Eligibility for medical assistance is limited to citizens of the United States, qualified noncitizens as defined in this subdivision, and other persons residing lawfully in the United States.

(b) "Qualified noncitizen" means a person who meets one of the following immigration criteria:

(1) admitted for lawful permanent residence according to United States Code, title 8;

(2) admitted to the United States as a refugee according to United States Code, title 8, section 1157;

(3) granted asylum according to United States Code, title 8, section 1158;

(4) granted withholding of deportation according to United States Code, title 8, section 1253(h);

(5) paroled for a period of at least one year according to United States Code, title 8, section 1182(d)(5);

(6) granted conditional entrant status according to United States Code, title 8, section 1153(a)(7);

(7) determined to be a battered noncitizen by the United States Attorney General according to the Illegal Immigration Reform and Immigrant Responsibility Act of 1996, title V of the Omnibus Consolidated Appropriations Bill, Public Law 104-200;

(8) is a child of a noncitizen determined to be a battered noncitizen by the United States Attorney General according to the Illegal Immigration Reform and Immigrant Responsibility Act of 1996, title V, of the Omnibus Consolidated Appropriations Bill, Public Law 104-200; or

(9) determined to be a Cuban or Haitian entrant as defined in section 501(e) of Public Law 96-422, the Refugee Education Assistance Act of 1980.

(c) All qualified noncitizens who were residing in the United States before August 22, 1996, who otherwise meet the eligibility requirements of this chapter, are eligible for medical assistance with federal financial participation.

(d) All qualified noncitizens who entered the United States on or after August 22, 1996, and who otherwise meet the eligibility requirements of this chapter, are eligible for medical assistance with federal financial participation through November 30, 1996.

Beginning December 1, 1996, qualified noncitizens who entered the United States on or after August 22, 1996, and who otherwise meet the eligibility requirements of this chapter are eligible for medical assistance with federal participation for five years if they meet one of the following criteria:

(i) refugees admitted to the United States according to United States Code, title 8, section 1157;

(ii) persons granted asylum according to United States Code, title 8, section 1158;

(iii) persons granted withholding of deportation according to United States Code, title 8, section 1253(h);

(iv) veterans of the United States armed forces with an honorable discharge for a reason other than noncitizen status, their spouses and unmarried minor dependent children; or

(v) persons on active duty in the United States armed forces, other than for training, their spouses and unmarried minor dependent children.

Beginning December 1, 1996, qualified noncitizens who do not meet one of the criteria in items (i) to (v) are eligible for medical assistance without federal financial participation as described in paragraph (j).

(e) Noncitizens who are not qualified noncitizens as defined in paragraph (b), who are lawfully residing in the United States and who otherwise meet the eligibility requirements of this chapter, are eligible for medical assistance under clauses (1) to (3). These individuals must cooperate with the Immigration and Naturalization Service to pursue any applicable immigration status, including citizenship, that would qualify them for medical assistance with federal financial participation.

(1) Persons who were medical assistance recipients on August 22, 1996, are eligible for medical assistance with federal financial participation through December 31, 1996.

(2) Beginning January 1, 1997, persons described in clause (1) are eligible for medical assistance without federal financial participation as described in paragraph (j).

(3) Beginning December 1, 1996, persons residing in the United States prior to August 22, 1996, who were not receiving medical assistance and persons who arrived on or after August 22, 1996, are eligible for medical assistance without federal financial participation as described in paragraph (j).

(f) Nonimmigrants who otherwise meet the eligibility requirements of this chapter are eligible for the benefits as provided in paragraphs (g) to (i). For purposes of this subdivision, a "nonimmigrant" is a person in one of the classes listed in United States Code, title 8, section 1101(a)(15).

(g) Payment shall also be made for care and services that are furnished to noncitizens, regardless of immigration status, who otherwise meet the eligibility requirements of this chapter, if such care and services are necessary for the treatment of an emergency medical condition, except for organ transplants and related care and services and routine prenatal care.

(h) For purposes of this subdivision, the term "emergency medical condition" means a medical condition that meets the requirements of United States Code, title 42, section 1396b(v).

(i) Pregnant noncitizens who are undocumented, nonimmigrants, or eligible for medical assistance as described in paragraph (j), and who are not covered by a group health plan or health insurance coverage according to Code of Federal Regulations, title 42, section 457.310, and who otherwise meet the eligibility requirements of this chapter, are eligible for medical assistance through the period of pregnancy, including labor and delivery, to the extent federal funds are available under title XXI of the Social Security Act, and the state children's health insurance program, followed by 60 days postpartum without federal financial participation.

(j) Qualified noncitizens as described in paragraph (d), and all other noncitizens lawfully residing in the United States as described in paragraph (e), who are ineligible for medical assistance with federal financial participation and who otherwise meet the eligibility requirements of chapter 256B and of this paragraph, are eligible for medical assistance without federal financial participation. Qualified noncitizens as described in paragraph (d) are only eligible for medical assistance without federal financial participation for five years from their date of entry into the United States.

(k) Beginning October 1, 2003, persons who are receiving care and rehabilitation services from a nonprofit center established to serve victims of torture and are otherwise ineligible for medical assistance under this chapter are eligible for medical assistance without federal financial participation. These individuals are eligible only for the period during which they are receiving services from the center. Individuals eligible under this paragraph shall not be required to participate in prepaid medical assistance.

*[For text of subd 5, see M.S.2004]*

**History:** *1Sp2005 c 4 art 8 s 28*

**256B.0621 COVERED SERVICES: TARGETED CASE MANAGEMENT SERVICES.**

Subd. 2. **Targeted case management; definitions.** For purposes of subdivisions 3 to 10, the following terms have the meanings given them:

(1) "home care service recipients" means those individuals receiving the following services under sections 256B.0651 to 256B.0656: skilled nursing visits, home health aide visits, private duty nursing, personal care assistants, or therapies provided through a home health agency;

(2) "home care targeted case management" means the provision of targeted case management services for the purpose of assisting home care service recipients to gain access to needed services and supports so that they may remain in the community;

(3) "institutions" means hospitals, consistent with Code of Federal Regulations, title 42, section 440.10; regional treatment center inpatient services, consistent with section 245.474; nursing facilities; and intermediate care facilities for persons with mental retardation;

(4) "relocation targeted case management" includes the provision of both county targeted case management and public or private vendor service coordination services for the purpose of assisting recipients to gain access to needed services and supports if they choose to move from an institution to the community. Relocation targeted case management may be provided during the last 180 consecutive days of an eligible recipient's institutional stay; and

(5) "targeted case management" means case management services provided to help recipients gain access to needed medical, social, educational, and other services and supports.

Subd. 3. **Eligibility.** The following persons are eligible for relocation targeted case management or home care targeted case management:

(1) medical assistance eligible persons residing in institutions who choose to move into the community are eligible for relocation targeted case management services; and

(2) medical assistance eligible persons receiving home care services, who are not eligible for any other medical assistance reimbursable case management service, are eligible for home care targeted case management services beginning July 1, 2005.

Subd. 4. **Relocation targeted county case management provider qualifications.** (a) A relocation targeted county case management provider is an enrolled medical assistance provider who is determined by the commissioner to have all of the following characteristics:

(1) the legal authority to provide public welfare under sections 393.01, subdivision 7; and 393.07; or a federally recognized Indian tribe;

(2) the demonstrated capacity and experience to provide the components of case management to coordinate and link community resources needed by the eligible population;

(3) the administrative capacity and experience to serve the target population for whom it will provide services and ensure quality of services under state and federal requirements;

(4) the legal authority to provide complete investigative and protective services under section 626.556, subdivision 10; and child welfare and foster care services under section 393.07, subdivisions 1 and 2; or a federally recognized Indian tribe;

(5) a financial management system that provides accurate documentation of services and costs under state and federal requirements; and

(6) the capacity to document and maintain individual case records under state and federal requirements.

(b) A provider of targeted case management under section 256B.0625, subdivision 20, may be deemed a certified provider of relocation targeted case management.

(c) A relocation targeted county case management provider may subcontract with another provider to deliver relocation targeted case management services. Subcontracted providers must demonstrate the ability to provide the services outlined in subdivision 6, and have a procedure in place that notifies the recipient and the recipient's legal representative of any conflict of interest if the contracted targeted case management provider also provides, or will provide, the recipient's services and supports. Counties must require that contracted providers must provide information on all conflicts of interest and obtain the recipient's informed consent or provide the recipient with alternatives.

Subd. 5. **Specific provider qualifications.** Providers of home care targeted case management and relocation service coordination must meet the qualifications under subdivision 4 for county vendors or the qualifications and certification standards under paragraphs (a) and (b) for private vendors.

(a) The commissioner must certify each provider of home care targeted case management and relocation service coordination before enrollment. The certification process shall examine the provider's ability to meet the requirements in this subdivision and other state and federal requirements of this service.

(b) Both home care targeted case management providers and relocation service coordination providers are enrolled medical assistance providers who have a minimum of a bachelor's degree or a license in a health or human services field, comparable training and two years of experience in human services, or who have been credentialed by an American Indian tribe under section 256B.02, subdivision 7, and have been determined by the commissioner to have all of the following characteristics:

(1) the demonstrated capacity and experience to provide the components of case management to coordinate and link community resources needed by the eligible population;

(2) the administrative capacity and experience to serve the target population for whom it will provide services and ensure quality of services under state and federal requirements;

(3) a financial management system that provides accurate documentation of services and costs under state and federal requirements;

(4) the capacity to document and maintain individual case records under state and federal requirements;

(5) the capacity to coordinate with county administrative functions;

(6) have no financial interest in the provision of out-of-home residential services to persons for whom home care targeted case management or relocation service coordination is provided; and

(7) if a provider has a financial interest in services other than out-of-home residential services provided to persons for whom home care targeted case management or relocation service coordination is also provided, the county must determine each year that:

(i) any possible conflict of interest is explained annually at a face-to-face meeting and in writing and the person provides written informed consent consistent with section 256B.77, subdivision 2, paragraph (p); and

(ii) information on a range of other feasible service provider options has been provided.

(c) The state of Minnesota, a county board, or agency acting on behalf of a county board shall not be liable for damages, injuries, or liabilities sustained because of services provided to a client by a private service coordination vendor.

Subd. 6. **Eligible services.** (a) Services eligible for medical assistance reimbursement as targeted case management include:

(1) assessment of the recipient's need for targeted case management services and for persons choosing to relocate, the county must provide service coordination provider options at the first contact and upon request;

(2) development, completion, and regular review of a written individual service plan, which is based upon the assessment of the recipient's needs and choices, and which will ensure access to medical, social, educational, and other related services and supports;

(3) routine contact or communication with the recipient, recipient's family, primary caregiver, legal representative, substitute care provider, service providers, or other relevant persons identified as necessary to the development or implementation of the goals of the individual service plan;

(4) coordinating referrals for, and the provision of, case management services for the recipient with appropriate service providers, consistent with section 1902(a)(23) of the Social Security Act;

(5) coordinating and monitoring the overall service delivery and engaging in advocacy as needed to ensure quality of services, appropriateness, and continued need;

(6) completing and maintaining necessary documentation that supports and verifies the activities in this subdivision;

(7) assisting individuals in order to access needed services, including travel to conduct a visit with the recipient or other relevant person necessary to develop or implement the goals of the individual service plan; and

(8) coordinating with the institution discharge planner in the 180-day period before the recipient's discharge.

(b) Relocation targeted county case management includes services under paragraph (a), clauses (1), (2), and (4). Relocation service coordination includes services under paragraph (a), clauses (3) and (5) to (8). Home care targeted case management includes services under paragraph (a), clauses (1) to (8).

Subd. 7. **Time lines.** The following time lines must be met for assigning a case manager:

(a) For relocation targeted case management, an eligible recipient must be assigned a county case manager who visits the person within 20 working days of requesting a case manager from their county of financial responsibility as determined under chapter 256G.

(1) If a county agency, its contractor, or federally recognized tribe does not provide case management services as required, the recipient may obtain relocation service coordination from a provider qualified under subdivision 5.

(2) The commissioner may waive the provider requirements in subdivision 4, paragraph (a), clauses (1) and (4), to ensure recipient access to the assistance necessary to move from an institution to the community. The recipient or the recipient's legal guardian shall provide written notice to the county or tribe of the decision to obtain services from an alternative provider.

(3) Providers of relocation targeted case management enrolled under this subdivision shall:

(i) meet the provider requirements under subdivision 4 that are not waived by the commissioner;

(ii) be qualified to provide the services specified in subdivision 6;

(iii) coordinate efforts with local social service agencies and tribes; and

(iv) comply with the conflict of interest provisions established under subdivision 4, paragraph (c).

(4) Local social service agencies and federally recognized tribes shall cooperate with providers certified by the commissioner under this subdivision to facilitate the recipient's successful relocation from an institution to the community.

(b) For home care targeted case management, an eligible recipient must be assigned a case manager within 20 working days of requesting a case manager from a home care targeted case management provider, as defined in subdivision 5.

*[For text of subds 8 to 10, see M.S.2004]*

Subd. 11. **Data use agreement; notice of relocation assistance.** The commissioner shall execute a data use agreement with the Centers for Medicare and Medicaid Services to obtain the long-term care minimum data set data to assist residents of nursing facilities who have indicated a desire to live in the community. The commissioner shall in turn enter into agreements with the Centers for Independent Living to provide information about assistance for persons who want to move to the community. The commissioner shall work with the Centers for Independent Living on both the content of the information to be provided and privacy protections for the individual residents.

**History:** *1Sp2005 c 4 art 7 s 6-12*

## 256B.0622 INTENSIVE REHABILITATIVE MENTAL HEALTH SERVICES.

*[For text of subd 1, see M.S.2004]*

Subd. 2. **Definitions.** For purposes of this section, the following terms have the meanings given them.

(a) "Intensive nonresidential rehabilitative mental health services" means adult rehabilitative mental health services as defined in section 256B.0623, subdivision 2, paragraph (a), except that these services are provided by a multidisciplinary staff using a total team approach consistent with assertive community treatment, the Fairweather Lodge treatment model, as defined by the standards established by the National Coalition for Community Living, and other evidence-based practices, and directed to recipients with a serious mental illness who require intensive services.

(b) "Intensive residential rehabilitative mental health services" means short-term, time-limited services provided in a residential setting to recipients who are in need of more restrictive settings and are at risk of significant functional deterioration if they do not receive these services. Services are designed to develop and enhance psychiatric stability, personal and emotional adjustment, self-sufficiency, and skills to live in a more independent setting. Services must be directed toward a targeted discharge date with specified client outcomes and must be consistent with the Fairweather Lodge treatment model as defined in paragraph (a), and other evidence-based practices.

(c) "Evidence-based practices" are nationally recognized mental health services that are proven by substantial research to be effective in helping individuals with serious mental illness obtain specific treatment goals.

(d) "Overnight staff" means a member of the intensive residential rehabilitative mental health treatment team who is responsible during hours when recipients are typically asleep.

(e) "Treatment team" means all staff who provide services under this section to recipients. At a minimum, this includes the clinical supervisor, mental health professionals, mental health practitioners, and mental health rehabilitation workers.

*[For text of subds 3 to 10, see M.S.2004]*

**History:** *1Sp2005 c 4 art 2 s 7*

## 256B.0624 COVERED SERVICE: ADULT CRISIS RESPONSE SERVICES.

*[For text of subds 1 to 4, see M.S.2004]*

Subd. 4a. **Alternative provider standards.** If a county demonstrates that, due to geographic or other barriers, it is not feasible to provide mobile crisis intervention services according to the standards in subdivision 4, paragraph (b), clause (9), the commissioner may approve a crisis response provider based on an alternative plan proposed by a county or group of counties. The alternative plan must:

(1) result in increased access and a reduction in disparities in the availability of crisis services;

(2) provide mobile services outside of the usual nine-to-five office hours and on weekends and holidays; and

(3) comply with standards for emergency mental health services in section 245.469.

*[For text of subds 5 to 12, see M.S.2004]*

**History:** *2005 c 165 art 1 s 3*

**256B.0625 COVERED SERVICES.**

*[For text of subd 1, see M.S.2004]*

Subd. 1a. **Services provided in a hospital emergency room.** Medical assistance does not cover visits to a hospital emergency room that are not for emergency and emergency poststabilization care or urgent care, and does not pay for any services provided in a hospital emergency room that are not for emergency and emergency poststabilization care or urgent care.

Subd. 2. **Skilled and intermediate nursing care.** Medical assistance covers skilled nursing home services and services of intermediate care facilities, including training and habilitation services, as defined in section 252.41, subdivision 3, for persons with mental retardation or related conditions who are residing in intermediate care facilities for persons with mental retardation or related conditions. Medical assistance must not be used to pay the costs of nursing care provided to a patient in a swing bed as defined in section 144.562, unless (a) the facility in which the swing bed is located is eligible as a sole community provider, as defined in Code of Federal Regulations, title 42, section 412.92, or the facility is a public hospital owned by a governmental entity with 15 or fewer licensed acute care beds; (b) the Centers for Medicare and Medicaid Services approves the necessary state plan amendments; (c) the patient was screened as provided by law; (d) the patient no longer requires acute care services; and (e) no nursing home beds are available within 25 miles of the facility. The commissioner shall exempt a facility from compliance with the sole community provider requirement in clause (a) if, as of January 1, 2004, the facility had an agreement with the commissioner to provide medical assistance swing bed services. Medical assistance also covers up to ten days of nursing care provided to a patient in a swing bed if: (1) the patient's physician certifies that the patient has a terminal illness or condition that is likely to result in death within 30 days and that moving the patient would not be in the best interests of the patient and patient's family; (2) no open nursing home beds are available within 25 miles of the facility; and (3) no open beds are available in any Medicare hospice program within 50 miles of the facility. The daily medical assistance payment for nursing care for the patient in the swing bed is the statewide average medical assistance skilled nursing care per diem as computed annually by the commissioner on July 1 of each year.

*[For text of subds 2a and 3, see M.S.2004]*

Subd. 3a. **Sex reassignment surgery.** Sex reassignment surgery is not covered.

*[For text of subd 3b, see M.S.2004]*

Subd. 3c. **Health Services Policy Committee.** The commissioner, after receiving recommendations from professional physician associations, professional associations representing licensed nonphysician health care professionals, and consumer groups, shall establish a 13-member Health Services Policy Committee, which consists of 12 voting members and one nonvoting member. The Health Services Policy Committee shall advise the commissioner regarding health services pertaining to the administration of health care benefits covered under the medical assistance, general assistance medical care, and MinnesotaCare programs. The Health Services Policy Committee shall meet at least quarterly. The Health Services Policy Committee shall annually elect a physician chair from among its members, who shall work directly with the commissioner's medical director, to establish the agenda for each meeting.

Subd. 3d. **Health Services Policy Committee members.** The Health Services Policy Committee consists of:

(1) seven voting members who are licensed physicians actively engaged in the practice of medicine in Minnesota, one of whom must be actively engaged in the treatment of persons with mental illness, and three of whom must represent health plans currently under contract to serve medical assistance recipients;

(2) two voting members who are physician specialists actively practicing their specialty in Minnesota;

(3) two voting members who are nonphysician health care professionals licensed or registered in their profession and actively engaged in their practice of their profession in Minnesota;

(4) one consumer who shall serve as a voting member; and

(5) the commissioner's medical director who shall serve as a nonvoting member.

Members of the Health Services Policy Committee shall not be employed by the Department of Human Services, except for the medical director.

Subd. 3e. **Health Services Policy Committee terms and compensation.** Committee members shall serve staggered three-year terms, with one-third of the voting members' terms expiring annually. Members may be reappointed by the commissioner. The commissioner may require more frequent Health Services Policy Committee meetings as needed. An honorarium of $200 per meeting and reimbursement for mileage and parking shall be paid to each committee member in attendance except the medical director. The Health Services Policy Committee does not expire as provided in section 15.059, subdivision 6.

Subd. 3f. **Circumcision for newborns.** Newborn circumcision is not covered, unless the procedure is medically necessary or required because of a well-established religious practice.

*[For text of subds 4 and 4a, see M.S.2004]*

Subd. 5. **Community mental health center services.** Medical assistance covers community mental health center services provided by a community mental health center that meets the requirements in paragraphs (a) to (j).

(a) The provider is licensed under Minnesota Rules, parts 9520.0750 to 9520.0870.

(b) The provider provides mental health services under the clinical supervision of a mental health professional who is licensed for independent practice at the doctoral level or by a board-certified psychiatrist or a psychiatrist who is eligible for board certification. Clinical supervision has the meaning given in Minnesota Rules, part 9505.0323, subpart 1, item F.

(c) The provider must be a private nonprofit corporation or a governmental agency and have a community board of directors as specified by section 245.66.

(d) The provider must have a sliding fee scale that meets the requirements in section 245.481, and agree to serve within the limits of its capacity all individuals residing in its service delivery area.

(e) At a minimum, the provider must provide the following outpatient mental health services: diagnostic assessment; explanation of findings; family, group, and individual psychotherapy, including crisis intervention psychotherapy services, multiple family group psychotherapy, psychological testing, and medication management. In addition, the provider must provide or be capable of providing upon request of the local mental health authority day treatment services and professional home-based mental health services. The provider must have the capacity to provide such services to specialized populations such as the elderly, families with children, persons who are seriously and persistently mentally ill, and children who are seriously emotionally disturbed.

(f) The provider must be capable of providing the services specified in paragraph (e) to individuals who are diagnosed with both mental illness or emotional disturbance,

and chemical dependency, and to individuals dually diagnosed with a mental illness or emotional disturbance and mental retardation or a related condition.

(g) The provider must provide 24-hour emergency care services or demonstrate the capacity to assist recipients in need of such services to access such services on a 24-hour basis.

(h) The provider must have a contract with the local mental health authority to provide one or more of the services specified in paragraph (e).

(i) The provider must agree, upon request of the local mental health authority, to enter into a contract with the county to provide mental health services not reimbursable under the medical assistance program.

(j) The provider may not be enrolled with the medical assistance program as both a hospital and a community mental health center. The community mental health center's administrative, organizational, and financial structure must be separate and distinct from that of the hospital.

*[For text of subds 5a to 5k, see M.S.2004]*

Subd. 6a. **Home health services.** Home health services are those services specified in Minnesota Rules, part 9505.0295. Medical assistance covers home health services at a recipient's home residence. Medical assistance does not cover home health services for residents of a hospital, nursing facility, or intermediate care facility, unless the commissioner of human services has prior authorized skilled nurse visits for less than 90 days for a resident at an intermediate care facility for persons with mental retardation, to prevent an admission to a hospital or nursing facility or unless a resident who is otherwise eligible is on leave from the facility and the facility either pays for the home health services or forgoes the facility per diem for the leave days that home health services are used. Home health services must be provided by a Medicare certified home health agency. All nursing and home health aide services must be provided according to sections 256B.0651 to 256B.0656.

Subd. 7. **Private duty nursing.** Medical assistance covers private duty nursing services in a recipient's home. Recipients who are authorized to receive private duty nursing services in their home may use approved hours outside of the home during hours when normal life activities take them outside of their home. To use private duty nursing services at school, the recipient or responsible party must provide written authorization in the care plan identifying the chosen provider and the daily amount of services to be used at school. Medical assistance does not cover private duty nursing services for residents of a hospital, nursing facility, intermediate care facility, or a health care facility licensed by the commissioner of health, except as authorized in section 256B.64 for ventilator-dependent recipients in hospitals or unless a resident who is otherwise eligible is on leave from the facility and the facility either pays for the private duty nursing services or forgoes the facility per diem for the leave days that private duty nursing services are used. Total hours of service and payment allowed for services outside the home cannot exceed that which is otherwise allowed in an in-home setting according to sections 256B.0651 and 256B.0653 to 256B.0656. All private duty nursing services must be provided according to the limits established under sections 256B.0651 and 256B.0653 to 256B.0656. Private duty nursing services may not be reimbursed if the nurse is the foster care provider of a recipient who is under age 18.

*[For text of subds 8 to 8c, see M.S.2004]*

Subd. 9. **Dental services.** Medical assistance covers dental services. Dental services include, with prior authorization, fixed bridges that are cost-effective for persons who cannot use removable dentures because of their medical condition.

*[For text of subds 10 to 12, see M.S.2004]*

Subd. 13. **Drugs.** (a) Medical assistance covers drugs, except for fertility drugs when specifically used to enhance fertility, if prescribed by a licensed practitioner and dispensed by a licensed pharmacist, by a physician enrolled in the medical assistance

program as a dispensing physician, or by a physician or a nurse practitioner employed by or under contract with a community health board as defined in section 145A.02, subdivision 5, for the purposes of communicable disease control.

(b) The dispensed quantity of a prescription drug must not exceed a 34-day supply, unless authorized by the commissioner.

(c) Medical assistance covers the following over-the-counter drugs when prescribed by a licensed practitioner or by a licensed pharmacist who meets standards established by the commissioner, in consultation with the board of pharmacy: antacids, acetaminophen, family planning products, aspirin, insulin, products for the treatment of lice, vitamins for adults with documented vitamin deficiencies, vitamins for children under the age of seven and pregnant or nursing women, and any other over-the-counter drug identified by the commissioner, in consultation with the formulary committee, as necessary, appropriate, and cost-effective for the treatment of certain specified chronic diseases, conditions, or disorders, and this determination shall not be subject to the requirements of chapter 14. A pharmacist may prescribe over-the-counter medications as provided under this paragraph for purposes of receiving reimbursement under Medicaid. When prescribing over-the-counter drugs under this paragraph, licensed pharmacists must consult with the recipient to determine necessity, provide drug counseling, review drug therapy for potential adverse interactions, and make referrals as needed to other health care professionals.

(d) Effective January 1, 2006, medical assistance shall not cover drugs that are coverable under Medicare Part D as defined in the Medicare Prescription Drug, Improvement, and Modernization Act of 2003, Public Law 108-173, section 1860D-2(e), for individuals eligible for drug coverage as defined in the Medicare Prescription Drug, Improvement, and Modernization Act of 2003, Public Law 108-173, section 1860D-1(a)(3)(A). For these individuals, medical assistance may cover drugs from the drug classes listed in United States Code, title 42, section 1396r-8(d)(2), subject to this subdivision and subdivisions 13a to 13g, except that drugs listed in United States Code, title 42, section 1396r-8(d)(2)(E), shall not be covered.

Subd. 13a. **Drug Utilization Review Board.** The commissioner, after receiving recommendations from professional medical associations, professional pharmacy associations, and consumer groups shall designate a nine-member Drug Utilization Review Board. The board shall be comprised of at least three but no more than four licensed physicians actively engaged in the practice of medicine in Minnesota; at least three licensed pharmacists actively engaged in the practice of pharmacy in Minnesota; and one consumer representative; the remainder to be made up of health care professionals who are licensed in their field and have recognized knowledge in the clinically appropriate prescribing, dispensing, and monitoring of covered outpatient drugs. The board shall be staffed by an employee of the department who shall serve as an ex officio nonvoting member of the board. The department's medical director shall also serve as an ex officio, nonvoting member of the board. The members of the board shall be appointed by the commissioner and shall serve three-year terms. The commissioner shall appoint the initial members of the board for terms expiring as follows: three members for terms expiring June 30, 1996; three members for terms expiring June 30, 1997; and three members for terms expiring June 30, 1998. Members may be reappointed by the commissioner. The board shall annually elect a chair from among the members.

The commissioner shall, with the advice of the board:

(1) implement a medical assistance retrospective and prospective drug utilization review program as required by United States Code, title 42, section 1396r-8(g)(3);

(2) develop and implement the predetermined criteria and practice parameters for appropriate prescribing to be used in retrospective and prospective drug utilization review;

(3) develop, select, implement, and assess interventions for physicians, pharmacists, and patients that are educational and not punitive in nature;

(4) establish a grievance and appeals process for physicians and pharmacists under this section;

(5) publish and disseminate educational information to physicians and pharmacists regarding the board and the review program;

(6) adopt and implement procedures designed to ensure the confidentiality of any information collected, stored, retrieved, assessed, or analyzed by the board, staff to the board, or contractors to the review program that identifies individual physicians, pharmacists, or recipients;

(7) establish and implement an ongoing process to (i) receive public comment regarding drug utilization review criteria and standards, and (ii) consider the comments along with other scientific and clinical information in order to revise criteria and standards on a timely basis; and

(8) adopt any rules necessary to carry out this section.

The board may establish advisory committees. The commissioner may contract with appropriate organizations to assist the board in carrying out the board's duties. The commissioner may enter into contracts for services to develop and implement a retrospective and prospective review program.

The board shall report to the commissioner annually on the date the Drug Utilization Review Annual Report is due to the Centers for Medicare and Medicaid Services. This report is to cover the preceding federal fiscal year. The commissioner shall make the report available to the public upon request. The report must include information on the activities of the board and the program; the effectiveness of implemented interventions; administrative costs; and any fiscal impact resulting from the program. An honorarium of $100 per meeting and reimbursement for mileage shall be paid to each board member in attendance.

Subd. 13c. **Formulary committee.** The commissioner, after receiving recommendations from professional medical associations and professional pharmacy associations, and consumer groups shall designate a Formulary Committee to carry out duties as described in subdivisions 13 to 13g. The Formulary Committee shall be comprised of four licensed physicians actively engaged in the practice of medicine in Minnesota one of whom must be actively engaged in the treatment of persons with mental illness; at least three licensed pharmacists actively engaged in the practice of pharmacy in Minnesota; and one consumer representative; the remainder to be made up of health care professionals who are licensed in their field and have recognized knowledge in the clinically appropriate prescribing, dispensing, and monitoring of covered outpatient drugs. Members of the Formulary Committee shall not be employed by the Department of Human Services, but the committee shall be staffed by an employee of the department who shall serve as an ex officio, nonvoting member of the board. The department's medical director shall also serve as an ex officio, nonvoting member for the committee. Committee members shall serve three-year terms and may be reappointed by the commissioner. The Formulary Committee shall meet at least quarterly. The commissioner may require more frequent Formulary Committee meetings as needed. An honorarium of $100 per meeting and reimbursement for mileage shall be paid to each committee member in attendance.

Subd. 13d. **Drug formulary.** The commissioner shall establish a drug formulary. Its establishment and publication shall not be subject to the requirements of the Administrative Procedure Act, but the Formulary Committee shall review and comment on the formulary contents.

The formulary shall not include:

(1) drugs or products for which there is no federal funding;

(2) over-the-counter drugs, except as provided in subdivision 13;

(3) drugs used for weight loss, except that medically necessary lipase inhibitors may be covered for a recipient with type II diabetes;

(4) drugs when used for the treatment of impotence or erectile dysfunction;

(5) drugs for which medical value has not been established; and

(6) drugs from manufacturers who have not signed a rebate agreement with the Department of Health and Human Services pursuant to section 1927 of title XIX of the Social Security Act.

Subd. 13e. **Payment rates.** (a) The basis for determining the amount of payment shall be the lower of the actual acquisition costs of the drugs plus a fixed dispensing fee; the maximum allowable cost set by the federal government or by the commissioner plus the fixed dispensing fee; or the usual and customary price charged to the public. The amount of payment basis must be reduced to reflect all discount amounts applied to the charge by any provider/insurer agreement or contract for submitted charges to medical assistance programs. The net submitted charge may not be greater than the patient liability for the service. The pharmacy dispensing fee shall be $3.65, except that the dispensing fee for intravenous solutions which must be compounded by the pharmacist shall be $8 per bag, $14 per bag for cancer chemotherapy products, and $30 per bag for total parenteral nutritional products dispensed in one liter quantities, or $44 per bag for total parenteral nutritional products dispensed in quantities greater than one liter. Actual acquisition cost includes quantity and other special discounts except time and cash discounts. The actual acquisition cost of a drug shall be estimated by the commissioner, at average wholesale price minus 12 percent. The actual acquisition cost of antihemophilic factor drugs shall be estimated at the average wholesale price minus 30 percent. The maximum allowable cost of a multisource drug may be set by the commissioner and it shall be comparable to, but no higher than, the maximum amount paid by other third-party payors in this state who have maximum allowable cost programs. Establishment of the amount of payment for drugs shall not be subject to the requirements of the Administrative Procedure Act.

(b) An additional dispensing fee of $.30 may be added to the dispensing fee paid to pharmacists for legend drug prescriptions dispensed to residents of long-term care facilities when a unit dose blister card system, approved by the department, is used. Under this type of dispensing system, the pharmacist must dispense a 30-day supply of drug. The National Drug Code (NDC) from the drug container used to fill the blister card must be identified on the claim to the department. The unit dose blister card containing the drug must meet the packaging standards set forth in Minnesota Rules, part 6800.2700, that govern the return of unused drugs to the pharmacy for reuse. The pharmacy provider will be required to credit the department for the actual acquisition cost of all unused drugs that are eligible for reuse. Over-the-counter medications must be dispensed in the manufacturer's unopened package. The commissioner may permit the drug clozapine to be dispensed in a quantity that is less than a 30-day supply.

(c) Whenever a generically equivalent product is available, payment shall be on the basis of the actual acquisition cost of the generic drug, or on the maximum allowable cost established by the commissioner.

(d) The basis for determining the amount of payment for drugs administered in an outpatient setting shall be the lower of the usual and customary cost submitted by the provider or the amount established for Medicare by the United States Department of Health and Human Services pursuant to title XVIII, section 1847a of the federal Social Security Act.

(e) The commissioner may negotiate lower reimbursement rates for specialty pharmacy products than the rates specified in paragraph (a). The commissioner may require individuals enrolled in the health care programs administered by the department to obtain specialty pharmacy products from providers with whom the commissioner has negotiated lower reimbursement rates. Specialty pharmacy products are defined as those used by a small number of recipients or recipients with complex and chronic diseases that require expensive and challenging drug regimens. Examples of these conditions include, but are not limited to: multiple sclerosis, HIV/AIDS, transplantation, hepatitis C, growth hormone deficiency, Crohn's Disease, rheumatoid arthritis, and certain forms of cancer. Specialty pharmaceutical products include injectable and infusion therapies, biotechnology drugs, high-cost therapies, and therapies that require complex care. The commissioner shall consult with the formulary committee to develop a list of specialty pharmacy products subject to this paragraph. In consulting with the

formulary committee in developing this list, the commissioner shall take into consideration the population served by specialty pharmacy products, the current delivery system and standard of care in the state, and access to care issues. The commissioner shall have the discretion to adjust the reimbursement rate to prevent access to care issues.

Subd. 13f. **Prior authorization.** (a) The Formulary Committee shall review and recommend drugs which require prior authorization. The Formulary Committee shall establish general criteria to be used for the prior authorization of brand-name drugs for which generically equivalent drugs are available, but the committee is not required to review each brand-name drug for which a generically equivalent drug is available.

(b) Prior authorization may be required by the commissioner before certain formulary drugs are eligible for payment. The Formulary Committee may recommend drugs for prior authorization directly to the commissioner. The commissioner may also request that the Formulary Committee review a drug for prior authorization. Before the commissioner may require prior authorization for a drug:

(1) the commissioner must provide information to the Formulary Committee on the impact that placing the drug on prior authorization may have on the quality of patient care and on program costs, information regarding whether the drug is subject to clinical abuse or misuse, and relevant data from the state Medicaid program if such data is available;

(2) the Formulary Committee must review the drug, taking into account medical and clinical data and the information provided by the commissioner; and

(3) the Formulary Committee must hold a public forum and receive public comment for an additional 15 days.

The commissioner must provide a 15-day notice period before implementing the prior authorization.

(c) Prior authorization shall not be required or utilized for any atypical antipsychotic drug prescribed for the treatment of mental illness if:

(1) there is no generically equivalent drug available; and

(2) the drug was initially prescribed for the recipient prior to July 1, 2003; or

(3) the drug is part of the recipient's current course of treatment.

This paragraph applies to any multistate preferred drug list or supplemental drug rebate program established or administered by the commissioner. Prior authorization shall automatically be granted for 60 days for brand name drugs prescribed for treatment of mental illness within 60 days of when a generically equivalent drug becomes available, provided that the brand name drug was part of the recipient's course of treatment at the time the generically equivalent drug became available.

(d) Prior authorization shall not be required or utilized for any antihemophilic factor drug prescribed for the treatment of hemophilia and blood disorders where there is no generically equivalent drug available if the prior authorization is used in conjunction with any supplemental drug rebate program or multistate preferred drug list established or administered by the commissioner.

(e) The commissioner may require prior authorization for brand name drugs whenever a generically equivalent product is available, even if the prescriber specifically indicates "dispense as written-brand necessary" on the prescription as required by section 151.21, subdivision 2.

(f) Notwithstanding this subdivision, the commissioner may automatically require prior authorization, for a period not to exceed 180 days, for any drug that is approved by the United States Food and Drug Administration on or after July 1, 2005. The 180-day period begins no later than the first day that a drug is available for shipment to pharmacies within the state. The Formulary Committee shall recommend to the commissioner general criteria to be used for the prior authorization of the drugs, but the committee is not required to review each individual drug. In order to continue prior authorizations for a drug after the 180-day period has expired, the commissioner must follow the provisions of this subdivision.

*[For text of subd 13g, see M.S.2004]*

Subd. 13h. **Medication therapy management services.** (a) Medical assistance and general assistance medical care cover medication therapy management services for a recipient taking four or more prescriptions to treat or prevent two or more chronic medical conditions, or a recipient with a drug therapy problem that is identified or prior authorized by the commissioner that has resulted or is likely to result in significant nondrug program costs. The commissioner may cover medical therapy management services under MinnesotaCare if the commissioner determines this is cost-effective. For purposes of this subdivision, "medication therapy management" means the provision of the following pharmaceutical care services by a licensed pharmacist to optimize the therapeutic outcomes of the patient's medications:

(1) performing or obtaining necessary assessments of the patient's health status;

(2) formulating a medication treatment plan;

(3) monitoring and evaluating the patient's response to therapy, including safety and effectiveness;

(4) performing a comprehensive medication review to identify, resolve, and prevent medication-related problems, including adverse drug events;

(5) documenting the care delivered and communicating essential information to the patient's other primary care providers;

(6) providing verbal education and training designed to enhance patient understanding and appropriate use of the patient's medications;

(7) providing information, support services, and resources designed to enhance patient adherence with the patient's therapeutic regimens; and

(8) coordinating and integrating medication therapy management services within the broader health care management services being provided to the patient.

Nothing in this subdivision shall be construed to expand or modify the scope of practice of the pharmacist as defined in section 151.01, subdivision 27.

(b) To be eligible for reimbursement for services under this subdivision, a pharmacist must meet the following requirements:

(1) have a valid license issued under chapter 151;

(2) have graduated from an accredited college of pharmacy on or after May 1996, or completed a structured and comprehensive education program approved by the Board of Pharmacy and the American Council of Pharmaceutical Education for the provision and documentation of pharmaceutical care management services that has both clinical and didactic elements;

(3) be practicing in an ambulatory care setting as part of a multidisciplinary team or have developed a structured patient care process that is offered in a private or semiprivate patient care area that is separate from the commercial business that also occurs in the setting; and

(4) make use of an electronic patient record system that meets state standards.

(c) For purposes of reimbursement for medication therapy management services, the commissioner may enroll individual pharmacists as medical assistance and general assistance medical care providers. The commissioner may also establish contact requirements between the pharmacist and recipient, including limiting the number of reimbursable consultations per recipient.

(d) The commissioner, after receiving recommendations from professional medical associations, professional pharmacy associations, and consumer groups, shall convene an 11-member Medication Therapy Management Advisory Committee to advise the commissioner on the implementation and administration of medication therapy management services. The committee shall be comprised of: two licensed physicians; two licensed pharmacists; two consumer representatives; two health plan company representatives; and three members with expertise in the area of medication therapy management, who may be licensed physicians or licensed pharmacists. The committee

is governed by section 15.059, except that committee members do not receive compensation or reimbursement for expenses. The advisory committee expires on June 30, 2007.

(e) The commissioner shall evaluate the effect of medication therapy management on quality of care, patient outcomes, and program costs, and shall include a description of any savings generated in the medical assistance and general assistance medical care programs that can be attributable to this coverage. The evaluation shall be submitted to the legislature by December 15, 2007. The commissioner may contract with a vendor or an academic institution that has expertise in evaluating health care outcomes for the purpose of completing the evaluation.

*[For text of subds 14 to 16, see M.S.2004]*

Subd. 17. **Transportation costs.** (a) Medical assistance covers transportation costs incurred solely for obtaining emergency medical care or transportation costs incurred by eligible persons in obtaining emergency or nonemergency medical care when paid directly to an ambulance company, common carrier, or other recognized providers of transportation services.

(b) Medical assistance covers special transportation, as defined in Minnesota Rules, part 9505.0315, subpart 1, item F, if the recipient has a physical or mental impairment that would prohibit the recipient from safely accessing and using a bus, taxi, other commercial transportation, or private automobile.

The commissioner may use an order by the recipient's attending physician to certify that the recipient requires special transportation services. Special transportation includes driver-assisted service to eligible individuals. Driver-assisted service includes passenger pickup at and return to the individual's residence or place of business, assistance with admittance of the individual to the medical facility, and assistance in passenger securement or in securing of wheelchairs or stretchers in the vehicle. Special transportation providers must obtain written documentation from the health care service provider who is serving the recipient being transported, identifying the time that the recipient arrived. Special transportation providers may not bill for separate base rates for the continuation of a trip beyond the original destination. Special transportation providers must take recipients to the nearest appropriate health care provider, using the most direct route available. The maximum medical assistance reimbursement rates for special transportation services are:

(1) $17 for the base rate and $1.35 per mile for services to eligible persons who need a wheelchair-accessible van;

(2) $11.50 for the base rate and $1.30 per mile for services to eligible persons who do not need a wheelchair-accessible van; and

(3) $60 for the base rate and $2.40 per mile, and an attendant rate of $9 per trip, for services to eligible persons who need a stretcher-accessible vehicle.

*[For text of subds 17a to 18a, see M.S.2004]*

Subd. 19a. **Personal care assistant services.** Medical assistance covers personal care assistant services in a recipient's home. To qualify for personal care assistant services, recipients or responsible parties must be able to identify the recipient's needs, direct and evaluate task accomplishment, and provide for health and safety. Approved hours may be used outside the home when normal life activities take them outside the home. To use personal care assistant services at school, the recipient or responsible party must provide written authorization in the care plan identifying the chosen provider and the daily amount of services to be used at school. Total hours for services, whether actually performed inside or outside the recipient's home, cannot exceed that which is otherwise allowed for personal care assistant services in an in-home setting according to sections 256B.0651 and 256B.0653 to 256B.0656. Medical assistance does not cover personal care assistant services for residents of a hospital, nursing facility, intermediate care facility, health care facility licensed by the commissioner of health, or unless a resident who is otherwise eligible is on leave from the facility and the facility

either pays for the personal care assistant services or forgoes the facility per diem for the leave days that personal care assistant services are used. All personal care assistant services must be provided according to sections 256B.0651 and 256B.0653 to 256B.0656. Personal care assistant services may not be reimbursed if the personal care assistant is the spouse or legal guardian of the recipient or the parent of a recipient under age 18, or the responsible party or the foster care provider of a recipient who cannot direct the recipient's own care unless, in the case of a foster care provider, a county or state case manager visits the recipient as needed, but not less than every six months, to monitor the health and safety of the recipient and to ensure the goals of the care plan are met. Parents of adult recipients, adult children of the recipient or adult siblings of the recipient may be reimbursed for personal care assistant services, if they are granted a waiver under sections 256B.0651 and 256B.0653 to 256B.0656. Notwithstanding the provisions of section 256B.0655, subdivision 2, paragraph (b), clause (4), the noncorporate legal guardian or conservator of an adult, who is not the responsible party and not the personal care provider organization, may be granted a hardship waiver under sections 256B.0651 and 256B.0653 to 256B.0656, to be reimbursed to provide personal care assistant services to the recipient, and shall not be considered to have a service provider interest for purposes of participation on the screening team under section 256B.092, subdivision 7.

*[For text of subd 19b, see M.S.2004]*

Subd. 19c. **Personal care.** Medical assistance covers personal care assistant services provided by an individual who is qualified to provide the services according to subdivision 19a and sections 256B.0651 and 256B.0653 to 256B.0656, where the services have a statement of need by a physician, provided in accordance with a plan, and are supervised by the recipient or a qualified professional. The physician's statement of need for personal care assistant services shall be documented on a form approved by the commissioner and include the diagnosis or condition of the person that results in a need for personal care assistant services and be updated when the person's medical condition requires a change, but at least annually if the need for personal care assistant services is ongoing.

"Qualified professional" means a mental health professional as defined in section 245.462, subdivision 18, or 245.4871, subdivision 27; or a registered nurse as defined in sections 148.171 to 148.285, or a licensed social worker as defined in section 148B.21. As part of the assessment, the county public health nurse will assist the recipient or responsible party to identify the most appropriate person to provide supervision of the personal care assistant. The qualified professional shall perform the duties described in Minnesota Rules, part 9505.0335, subpart 4.

*[For text of subds 20 to 26, see M.S.2004]*

Subd. 27. **Organ and tissue transplants.** All organ transplants must be performed at transplant centers meeting united network for organ sharing criteria or at Medicare-approved organ transplant centers. Stem cell or bone marrow transplant centers must meet the standards established by the Foundation for the Accreditation of Hematopoietic Cell Therapy.

*[For text of subds 28 to 37, see M.S.2004]*

Subd. 38. **Payments for mental health services.** Payments for mental health services covered under the medical assistance program that are provided by masters-prepared mental health professionals shall be 80 percent of the rate paid to doctoral-prepared professionals. Payments for mental health services covered under the medical assistance program that are provided by masters-prepared mental health professionals employed by community mental health centers shall be 100 percent of the rate paid to doctoral-prepared professionals. For purposes of reimbursement of mental health professionals under the medical assistance program, all social workers who:

(1) have received a master's degree in social work from a program accredited by the Council on Social Work Education;

(2) are licensed at the level of graduate social worker or independent social worker; and

(3) are practicing clinical social work under appropriate supervision, as defined by chapter 148D; meet all requirements under Minnesota Rules, part 9505.0323, subpart 24, and shall be paid accordingly.

*[For text of subds 39 to 45, see M.S.2004]*

Subd. 46. **Mental health telemedicine.** Effective January 1, 2006, and subject to federal approval, mental health services that are otherwise covered by medical assistance as direct face-to-face services may be provided via two-way interactive video. Use of two-way interactive video must be medically appropriate to the condition and needs of the person being served. Reimbursement is at the same rates and under the same conditions that would otherwise apply to the service. The interactive video equipment and connection must comply with Medicare standards in effect at the time the service is provided.

Subd. 47. **Treatment foster care services.** Effective July 1, 2006, and subject to federal approval, medical assistance covers treatment foster care services according to section 256B.0946.

Subd. 48. **Psychiatric consultation to primary care practitioners.** Effective January 1, 2006, medical assistance covers consultation provided by a psychiatrist via telephone, e-mail, facsimile, or other means of communication to primary care practitioners, including pediatricians. The need for consultation and the receipt of the consultation must be documented in the patient record maintained by the primary care practitioner. If the patient consents, and subject to federal limitations and data privacy provisions, the consultation may be provided without the patient present.

**256B.0631 MEDICAL ASSISTANCE CO-PAYMENTS.**

Subdivision 1. **Co-payments.** (a) Except as provided in subdivision 2, the medical assistance benefit plan shall include the following co-payments for all recipients, effective for services provided on or after October 1, 2003:

(1) $3 per nonpreventive visit. For purposes of this subdivision, a visit means an episode of service which is required because of a recipient's symptoms, diagnosis, or established illness, and which is delivered in an ambulatory setting by a physician or physician ancillary, chiropractor, podiatrist, nurse midwife, advanced practice nurse, audiologist, optician, or optometrist;

(2) $3 for eyeglasses;

(3) $6 for nonemergency visits to a hospital-based emergency room; and

(4) $3 per brand-name drug prescription and $1 per generic drug prescription, subject to a $12 per month maximum for prescription drug co-payments. No co-payments shall apply to antipsychotic drugs when used for the treatment of mental illness.

(b) Recipients of medical assistance are responsible for all co-payments in this subdivision.

*[For text of subd 2, see M.S.2004]*

Subd. 3. **Collection.** The medical assistance reimbursement to the provider shall be reduced by the amount of the co-payment, except that reimbursement for prescription drugs shall not be reduced once a recipient has reached the $12 per month maximum for prescription drug co-payments. The provider collects the co-payment from the

recipient. Providers may not deny services to recipients who are unable to pay the co-payment, except as provided in subdivision 4.

**256B.064 SANCTIONS; MONETARY RECOVERY.**

*[For text of subds 1 to 1b, see M.S.2004]*

Subd. 1c. **Grounds for and methods of monetary recovery.** (a) The commissioner may obtain monetary recovery from a vendor who has been improperly paid either as a result of conduct described in subdivision 1a or as a result of a vendor or department error, regardless of whether the error was intentional. Patterns need not be proven as a precondition to monetary recovery of erroneous or false claims, duplicate claims, claims for services not medically necessary, or claims based on false statements.

(b) The commissioner may obtain monetary recovery using methods including but not limited to the following: assessing and recovering money improperly paid and debiting from future payments any money improperly paid. The commissioner shall charge interest on money to be recovered if the recovery is to be made by installment payments or debits, except when the monetary recovery is of an overpayment that resulted from a department error. The interest charged shall be the rate established by the commissioner of revenue under section 270C.40.

**History:** *2005 c 151 art 2 s 17*

**256B.0651 HOME CARE SERVICES.**

Subdivision 1. **Definitions.** (a) "Activities of daily living" includes eating, toileting, grooming, dressing, bathing, transferring, mobility, and positioning.

(b) "Assessment" means a review and evaluation of a recipient's need for home care services conducted in person. Assessments for home health agency services shall be conducted by a home health agency nurse. Assessments for medical assistance home care services for mental retardation or related conditions and alternative care services for developmentally disabled home and community-based waivered recipients may be conducted by the county public health nurse to ensure coordination and avoid duplication. Assessments must be completed on forms provided by the commissioner within 30 days of a request for home care services by a recipient or responsible party.

(c) "Home care services" means a health service, determined by the commissioner as medically necessary, that is ordered by a physician and documented in a service plan that is reviewed by the physician at least once every 60 days for the provision of home health services, or private duty nursing, or at least once every 365 days for personal care. Home care services are provided to the recipient at the recipient's residence that is a place other than a hospital or long-term care facility or as specified in section 256B.0625.

(d) "Medically necessary" has the meaning given in Minnesota Rules, parts 9505.0170 to 9505.0475.

(e) "Telehomecare" means the use of telecommunications technology by a home health care professional to deliver home health care services, within the professional's scope of practice, to a patient located at a site other than the site where the practitioner is located.

Subd. 2. **Services covered.** Home care services covered under this section and sections 256B.0653 to 256B.0656 include:

(1) nursing services under section 256B.0625, subdivision 6a;

(2) private duty nursing services under section 256B.0625, subdivision 7;

(3) home health services under section 256B.0625, subdivision 6a;

(4) personal care assistant services under section 256B.0625, subdivision 19a;

(5) supervision of personal care assistant services provided by a qualified professional under section 256B.0625, subdivision 19a;

(6) qualified professional of personal care assistant services under the fiscal intermediary option as specified in section 256B.0655, subdivision 7;

(7) face-to-face assessments by county public health nurses for services under section 256B.0625, subdivision 19a; and

(8) service updates and review of temporary increases for personal care assistant services by the county public health nurse for services under section 256B.0625, subdivision 19a.

Subd. 3. **Noncovered home care services.** The following home care services are not eligible for payment under medical assistance:

(1) skilled nurse visits for the sole purpose of supervision of the home health aide;

(2) a skilled nursing visit:

(i) only for the purpose of monitoring medication compliance with an established medication program for a recipient; or

(ii) to administer or assist with medication administration, including injections, prefilling syringes for injections, or oral medication set-up of an adult recipient, when as determined and documented by the registered nurse, the need can be met by an available pharmacy or the recipient is physically and mentally able to self-administer or prefill a medication;

(3) home care services to a recipient who is eligible for covered services under the Medicare program or any other insurance held by the recipient;

(4) services to other members of the recipient's household;

(5) a visit made by a skilled nurse solely to train other home health agency workers;

(6) any home care service included in the daily rate of the community-based residential facility where the recipient is residing;

(7) nursing and rehabilitation therapy services that are reasonably accessible to a recipient outside the recipient's place of residence, excluding the assessment, counseling and education, and personal assistant care;

(8) any home health agency service, excluding personal care assistant services and private duty nursing services, which are performed in a place other than the recipient's residence; and

(9) Medicare evaluation or administrative nursing visits on dual-eligible recipients that do not qualify for Medicare visit billing.

Subd. 4. **Prior authorization; exceptions.** All home care services above the limits in subdivision 11 must receive the commissioner's prior authorization, except when:

(1) the home care services were required to treat an emergency medical condition that if not immediately treated could cause a recipient serious physical or mental disability, continuation of severe pain, or death. The provider must request retroactive authorization no later than five working days after giving the initial service. The provider must be able to substantiate the emergency by documentation such as reports, notes, and admission or discharge histories;

(2) the home care services were provided on or after the date on which the recipient's eligibility began, but before the date on which the recipient was notified that the case was opened. Authorization will be considered if the request is submitted by the provider within 20 working days of the date the recipient was notified that the case was opened;

(3) a third-party payor for home care services has denied or adjusted a payment. Authorization requests must be submitted by the provider within 20 working days of the notice of denial or adjustment. A copy of the notice must be included with the request;

(4) the commissioner has determined that a county or state human services agency has made an error; or

(5) the professional nurse determines an immediate need for up to 40 skilled nursing or home health aide visits per calendar year and submits a request for authorization within 20 working days of the initial service date, and medical assistance is determined to be the appropriate payer.

Subd. 5. **Retroactive authorization.** A request for retroactive authorization will be evaluated according to the same criteria applied to prior authorization requests.

Subd. 6. **Prior authorization.** The commissioner, or the commissioner's designee, shall review the assessment, service update, request for temporary services, request for flexible use option, service plan, and any additional information that is submitted. The commissioner shall, within 30 days after receiving a complete request, assessment, and service plan, authorize home care services as follows:

(a) **Home health services.** All home health services provided by a home health aide must be prior authorized by the commissioner or the commissioner's designee. Prior authorization must be based on medical necessity and cost-effectiveness when compared with other care options. When home health services are used in combination with personal care and private duty nursing, the cost of all home care services shall be considered for cost-effectiveness. The commissioner shall limit home health aide visits to no more than one visit each per day. The commissioner, or the commissioner's designee, may authorize up to two skilled nurse visits per day.

(b) **Ventilator-dependent recipients.** If the recipient is ventilator-dependent, the monthly medical assistance authorization for home care services shall not exceed what the commissioner would pay for care at the highest cost hospital designated as a long-term hospital under the Medicare program. For purposes of this paragraph, home care services means all services provided in the home that would be included in the payment for care at the long-term hospital. "Ventilator-dependent" means an individual who receives mechanical ventilation for life support at least six hours per day and is expected to be or has been dependent for at least 30 consecutive days.

Subd. 7. **Prior authorization; time limits.** The commissioner or the commissioner's designee shall determine the time period for which a prior authorization shall be effective and, if flexible use has been requested, whether to allow the flexible use option. If the recipient continues to require home care services beyond the duration of the prior authorization, the home care provider must request a new prior authorization. Under no circumstances, other than the exceptions in subdivision 4, shall a prior authorization be valid prior to the date the commissioner receives the request or for more than 12 months. A recipient who appeals a reduction in previously authorized home care services may continue previously authorized services, other than temporary services under subdivision 8, pending an appeal under section 256.045. The commissioner must provide a detailed explanation of why the authorized services are reduced in amount from those requested by the home care provider.

Subd. 8. **Prior authorization requests; temporary services.** The agency nurse, the independently enrolled private duty nurse, or county public health nurse may request a temporary authorization for home care services by telephone. The commissioner may approve a temporary level of home care services based on the assessment, and service or care plan information, and primary payer coverage determination information as required. Authorization for a temporary level of home care services including nurse supervision is limited to the time specified by the commissioner, but shall not exceed 45 days, unless extended because the county public health nurse has not completed the required assessment and service plan, or the commissioner's determination has not been made. The level of services authorized under this provision shall have no bearing on a future prior authorization.

Subd. 9. **Prior authorization for foster care setting.** Home care services provided in an adult or child foster care setting must receive prior authorization by the department according to the limits established in subdivision 11.

The commissioner may not authorize:

(1) home care services that are the responsibility of the foster care provider under the terms of the foster care placement agreement and administrative rules;

(2) personal care assistant services when the foster care license holder is also the personal care provider or personal care assistant unless the recipient can direct the recipient's own care, or case management is provided as required in section 256B.0625, subdivision 19a;

(3) personal care assistant services when the responsible party is an employee of, or under contract with, or has any direct or indirect financial relationship with the personal care provider or personal care assistant, unless case management is provided as required in section 256B.0625, subdivision 19a; or

(4) personal care assistant and private duty nursing services when the number of foster care residents is greater than four unless the county responsible for the recipient's foster placement made the placement prior to April 1, 1992, requests that personal care assistant and private duty nursing services be provided, and case management is provided as required in section 256B.0625, subdivision 19a.

Subd. 10. **Limitation on payments.** Medical assistance payments for home care services shall be limited according to subdivisions 4 to 12 and sections 256B.0654, subdivision 2, and 256B.0655, subdivisions 3 and 4.

Subd. 11. **Limits on services without prior authorization.** A recipient may receive the following home care services during a calendar year:

(1) up to two face-to-face assessments to determine a recipient's need for personal care assistant services;

(2) one service update done to determine a recipient's need for personal care assistant services; and

(3) up to nine skilled nurse visits.

Subd. 12. **Approval of home care services.** The commissioner or the commissioner's designee shall determine the medical necessity of home care services, the level of caregiver according to subdivision 2, and the institutional comparison according to subdivisions 4 to 12 and sections 256B.0654, subdivision 2, and 256B.0655, subdivisions 3 and 4, the cost-effectiveness of services, and the amount, scope, and duration of home care services reimbursable by medical assistance, based on the assessment, primary payer coverage determination information as required, the service plan, the recipient's age, the cost of services, the recipient's medical condition, and diagnosis or disability. The commissioner may publish additional criteria for determining medical necessity according to section 256B.04.

Subd. 13. **Recovery of excessive payments.** The commissioner shall seek monetary recovery from providers of payments made for services which exceed the limits established in this section and sections 256B.0653 to 256B.0656. This subdivision does not apply to services provided to a recipient at the previously authorized level pending an appeal under section 256.045, subdivision 10.

**History:** *1986 c 444; 1990 c 568 art 3 s 51; 1991 c 292 art 7 s 12,25; 1992 c 391 s 3-6; 1992 c 464 art 2 s 1; 1992 c 513 art 7 s 50; 1Sp1993 c 1 art 5 s 51-53; 1995 c 207 art 6 s 52-55; 1996 c 451 art 5 s 17-20; 1997 c 203 art 4 s 28,29; 3Sp1997 c 3 s 9; 1998 c 407 art 4 s 29-31; 1999 c 245 art 4 s 50-58; 2000 c 474 s 8-11; 1Sp2001 c 9 art 3 s 29-41; 2002 c 375 art 2 s 17; 2002 c 379 art 1 s 113; 2003 c 15 art 1 s 33; 1Sp2003 c 14 art 3 s 26-28; 2005 c 10 art 1 s 49,50; 1Sp2005 c 4 art 7 s 15-19*

## 256B.0652 PRIOR AUTHORIZATION AND REVIEW OF HOME CARE SERVICES.

Subdivision 1. **State coordination.** The commissioner shall supervise the coordination of the prior authorization and review of home care services that are reimbursed by medical assistance.

Subd. 2. **Duties.** (a) The commissioner may contract with or employ qualified registered nurses and necessary support staff, or contract with qualified agencies, to provide home care prior authorization and review services for medical assistance recipients who are receiving home care services.

(b) Reimbursement for the prior authorization function shall be made through the medical assistance administrative authority. The state shall pay the nonfederal share. The functions will be to:

(1) assess the recipient's individual need for services required to be cared for safely in the community;

(2) ensure that a service plan that meets the recipient's needs is developed by the appropriate agency or individual;

(3) ensure cost-effectiveness of medical assistance home care services;

(4) recommend the approval or denial of the use of medical assistance funds to pay for home care services;

(5) reassess the recipient's need for and level of home care services at a frequency determined by the commissioner; and

(6) conduct on-site assessments when determined necessary by the commissioner and recommend changes to care plans that will provide more efficient and appropriate home care.

(c) In addition, the commissioner or the commissioner's designee may:

(1) review service plans and reimbursement data for utilization of services that exceed community-based standards for home care, inappropriate home care services, medical necessity, home care services that do not meet quality of care standards, or unauthorized services and make appropriate referrals within the department or to other appropriate entities based on the findings;

(2) assist the recipient in obtaining services necessary to allow the recipient to remain safely in or return to the community;

(3) coordinate home care services with other medical assistance services under section 256B.0625;

(4) assist the recipient with problems related to the provision of home care services;

(5) assure the quality of home care services; and

(6) assure that all liable third-party payers including Medicare have been used prior to medical assistance for home care services, including but not limited to, home health agency, elected hospice benefit, waivered services, alternative care program services, and personal care services.

(d) For the purposes of this section, "home care services" means medical assistance services defined under section 256B.0625, subdivisions 6a, 7, and 19a.

Subd. 3. **Assessment and prior authorization process.** Effective January 1, 1996, for purposes of providing informed choice, coordinating of local planning decisions, and streamlining administrative requirements, the assessment and prior authorization process for persons receiving both home care and home and community-based waivered services for persons with mental retardation or related conditions shall meet the requirements of sections 256B.0651 and 256B.0653 to 256B.0656 with the following exceptions:

(a) Upon request for home care services and subsequent assessment by the public health nurse under sections 256B.0651 and 256B.0653 to 256B.0656, the public health nurse shall participate in the screening process, as appropriate, and, if home care services are determined to be necessary, participate in the development of a service plan coordinating the need for home care and home and community-based waivered services with the assigned county case manager, the recipient of services, and the recipient's legal representative, if any.

(b) The public health nurse shall give prior authorization for home care services to the extent that home care services are:

(1) medically necessary;

(2) chosen by the recipient and their legal representative, if any, from the array of home care and home and community-based waivered services available;

(3) coordinated with other services to be received by the recipient as described in the service plan; and

(4) provided within the county's reimbursement limits for home care and home and community-based waivered services for persons with mental retardation or related conditions.

(c) If the public health agency is or may be the provider of home care services to the recipient, the public health agency shall provide the commissioner of human services with a written plan that specifies how the assessment and prior authorization process will be held separate and distinct from the provision of services.

**History:** *1991 c 292 art 7 s 13; 1Sp1993 c 1 art 5 s 54; 1995 c 207 art 3 s 18; art 6 s 56; 1996 c 451 art 2 s 21*

## 256B.0653 HOME HEALTH AGENCY SERVICES.

Subdivision 1. **Covered services.** (a) **Homecare; skilled nurse visits.** "Skilled nurse visits" are provided in a recipient's residence under a plan of care or service plan that specifies a level of care which the nurse is qualified to provide. These services are:

(1) nursing services according to the written plan of care or service plan and accepted standards of medical and nursing practice in accordance with chapter 148;

(2) services which due to the recipient's medical condition may only be safely and effectively provided by a registered nurse or a licensed practical nurse;

(3) assessments performed only by a registered nurse; and

(4) teaching and training the recipient, the recipient's family, or other caregivers requiring the skills of a registered nurse or licensed practical nurse.

(b) **Telehomecare; skilled nurse visits.** Medical assistance covers skilled nurse visits according to section 256B.0625, subdivision 6a, provided via telehomecare, for services which do not require hands-on care between the home care nurse and recipient. The provision of telehomecare must be made via live, two-way interactive audiovisual technology and may be augmented by utilizing store-and-forward technologies. Store-and-forward technology includes telehomecare services that do not occur in real time via synchronous transmissions, and that do not require a face-to-face encounter with the recipient for all or any part of any such telehomecare visit. Individually identifiable patient data obtained through real-time or store-and-forward technology must be maintained as health records according to section 144.335. If the video is used for research, training, or other purposes unrelated to the care of the patient, the identity of the patient must be concealed. A communication between the home care nurse and recipient that consists solely of a telephone conversation, facsimile, electronic mail, or a consultation between two health care practitioners, is not to be considered a telehomecare visit. Multiple daily skilled nurse visits provided via telehomecare are allowed. Coverage of telehomecare is limited to two visits per day. All skilled nurse visits provided via telehomecare must be prior authorized by the commissioner or the commissioner's designee and will be covered at the same allowable rate as skilled nurse visits provided in-person.

(c) **Therapies through home health agencies.** (1) **Physical therapy.** Medical assistance covers physical therapy and related services, including specialized maintenance therapy. Services provided by a physical therapy assistant shall be reimbursed at the same rate as services performed by a physical therapist when the services of the physical therapy assistant are provided under the direction of a physical therapist who is on the premises. Services provided by a physical therapy assistant that are provided under the direction of a physical therapist who is not on the premises shall be reimbursed at 65 percent of the physical therapist rate. Direction of the physical therapy assistant must be provided by the physical therapist as described in Minnesota Rules, part 9505.0390, subpart 1, item B. The physical therapist and physical therapist assistant may not both bill for services provided to a recipient on the same day.

(2) **Occupational therapy.** Medical assistance covers occupational therapy and related services, including specialized maintenance therapy. Services provided by an

occupational therapy assistant shall be reimbursed at the same rate as services performed by an occupational therapist when the services of the occupational therapy assistant are provided under the direction of the occupational therapist who is on the premises. Services provided by an occupational therapy assistant under the direction of an occupational therapist who is not on the premises shall be reimbursed at 65 percent of the occupational therapist rate. Direction of the occupational therapy assistant must be provided by the occupational therapist as described in Minnesota Rules, part 9505.0390, subpart 1, item B. The occupational therapist and occupational therapist assistant may not both bill for services provided to a recipient on the same day.

**History:** *1986 c 444; 1990 c 568 art 3 s 51; 1991 c 292 art 7 s 12,25; 1992 c 391 s 3-6; 1992 c 464 art 2 s 1; 1992 c 513 art 7 s 50; 1Sp1993 c 1 art 5 s 51-53; 1995 c 207 art 6 s 52-55; 1996 c 451 art 5 s 17-20; 1997 c 203 art 4 s 28,29; 3Sp1997 c 3 s 9; 1998 c 407 art 4 s 29-31; 1999 c 245 art 4 s 50-58; 2000 c 474 s 8-11; 1Sp2001 c 9 art 3 s 29-41; 2002 c 375 art 2 s 17; 2002 c 379 art 1 s 113; 2003 c 15 art 1 s 33; 1Sp2003 c 14 art 3 s 26-28; 2005 c 10 art 1 s 49,50; 1Sp2005 c 4 art 7 s 15-19*

**256B.0654 PRIVATE DUTY NURSING.**

Subdivision 1. **Definitions.** (a) "Assessment" means a review and evaluation of a recipient's need for home care services conducted in person. Assessments for private duty nursing shall be conducted by a registered private duty nurse. Assessments for medical assistance home care services for mental retardation or related conditions and alternative care services for developmentally disabled home and community-based waivered recipients may be conducted by the county public health nurse to ensure coordination and avoid duplication.

(b) "Complex and regular private duty nursing care" means:

(1) complex care is private duty nursing provided to recipients who are ventilator dependent or for whom a physician has certified that were it not for private duty nursing the recipient would meet the criteria for inpatient hospital intensive care unit (ICU) level of care; and

(2) regular care is private duty nursing provided to all other recipients.

Subd. 2. **Private duty nursing services.** All private duty nursing services shall be prior authorized by the commissioner or the commissioner's designee. Prior authorization for private duty nursing services shall be based on medical necessity and cost-effectiveness when compared with alternative care options. The commissioner may authorize medically necessary private duty nursing services in quarter-hour units when:

(i) the recipient requires more individual and continuous care than can be provided during a nurse visit; or

(ii) the cares are outside of the scope of services that can be provided by a home health aide or personal care assistant.

The commissioner may authorize:

(A) up to two times the average amount of direct care hours provided in nursing facilities statewide for case mix classification "K" as established by the annual cost report submitted to the department by nursing facilities in May 1992;

(B) private duty nursing in combination with other home care services up to the total cost allowed under section 256B.0655, subdivision 4;

(C) up to 16 hours per day if the recipient requires more nursing than the maximum number of direct care hours as established in item (A) and the recipient meets the hospital admission criteria established under Minnesota Rules, parts 9505.0501 to 9505.0540.

The commissioner may authorize up to 16 hours per day of medically necessary private duty nursing services or up to 24 hours per day of medically necessary private duty nursing services until such time as the commissioner is able to make a determination of eligibility for recipients who are cooperatively applying for home care services under the community alternative care program developed under section 256B.49, or until it is determined by the appropriate regulatory agency that a health benefit plan is

or is not required to pay for appropriate medically necessary health care services. Recipients or their representatives must cooperatively assist the commissioner in obtaining this determination. Recipients who are eligible for the community alternative care program may not receive more hours of nursing under this section and sections 256B.0651, 256B.0653, 256B.0655, and 256B.0656 than would otherwise be authorized under section 256B.49.

Subd. 3. **Shared private duty nursing care option.** (a) Medical assistance payments for shared private duty nursing services by a private duty nurse shall be limited according to this subdivision. For the purposes of this section and sections 256B.0651, 256B.0653, 256B.0655, and 256B.0656, "private duty nursing agency" means an agency licensed under chapter 144A to provide private duty nursing services.

(b) Recipients of private duty nursing services may share nursing staff and the commissioner shall provide a rate methodology for shared private duty nursing. For two persons sharing nursing care, the rate paid to a provider shall not exceed 1.5 times the regular private duty nursing rates paid for serving a single individual by a registered nurse or licensed practical nurse. These rates apply only to situations in which both recipients are present and receive shared private duty nursing care on the date for which the service is billed. No more than two persons may receive shared private duty nursing services from a private duty nurse in a single setting.

(c) Shared private duty nursing care is the provision of nursing services by a private duty nurse to two recipients at the same time and in the same setting. For the purposes of this subdivision, "setting" means:

(1) the home or foster care home of one of the individual recipients; or

(2) a child care program licensed under chapter 245A or operated by a local school district or private school; or

(3) an adult day care service licensed under chapter 245A; or

(4) outside the home or foster care home of one of the recipients when normal life activities take the recipients outside the home.

This subdivision does not apply when a private duty nurse is caring for multiple recipients in more than one setting.

(d) The recipient or the recipient's legal representative, and the recipient's physician, in conjunction with the home health care agency, shall determine:

(1) whether shared private duty nursing care is an appropriate option based on the individual needs and preferences of the recipient; and

(2) the amount of shared private duty nursing services authorized as part of the overall authorization of nursing services.

(e) The recipient or the recipient's legal representative, in conjunction with the private duty nursing agency, shall approve the setting, grouping, and arrangement of shared private duty nursing care based on the individual needs and preferences of the recipients. Decisions on the selection of recipients to share services must be based on the ages of the recipients, compatibility, and coordination of their care needs.

(f) The following items must be considered by the recipient or the recipient's legal representative and the private duty nursing agency, and documented in the recipient's health service record:

(1) the additional training needed by the private duty nurse to provide care to two recipients in the same setting and to ensure that the needs of the recipients are met appropriately and safely;

(2) the setting in which the shared private duty nursing care will be provided;

(3) the ongoing monitoring and evaluation of the effectiveness and appropriateness of the service and process used to make changes in service or setting;

(4) a contingency plan which accounts for absence of the recipient in a shared private duty nursing setting due to illness or other circumstances;

(5) staffing backup contingencies in the event of employee illness or absence; and

(6) arrangements for additional assistance to respond to urgent or emergency care needs of the recipients.

(g) The provider must offer the recipient or responsible party the option of shared or one-on-one private duty nursing services. The recipient or responsible party can withdraw from participating in a shared service arrangement at any time.

(h) The private duty nursing agency must document the following in the health service record for each individual recipient sharing private duty nursing care:

(1) permission by the recipient or the recipient's legal representative for the maximum number of shared nursing care hours per week chosen by the recipient;

(2) permission by the recipient or the recipient's legal representative for shared private duty nursing services provided outside the recipient's residence;

(3) permission by the recipient or the recipient's legal representative for others to receive shared private duty nursing services in the recipient's residence;

(4) revocation by the recipient or the recipient's legal representative of the shared private duty nursing care authorization, or the shared care to be provided to others in the recipient's residence, or the shared private duty nursing services to be provided outside the recipient's residence; and

(5) daily documentation of the shared private duty nursing services provided by each identified private duty nurse, including:

(i) the names of each recipient receiving shared private duty nursing services together;

(ii) the setting for the shared services, including the starting and ending times that the recipient received shared private duty nursing care; and

(iii) notes by the private duty nurse regarding changes in the recipient's condition, problems that may arise from the sharing of private duty nursing services, and scheduling and care issues.

(i) Unless otherwise provided in this subdivision, all other statutory and regulatory provisions relating to private duty nursing services apply to shared private duty nursing services.

Nothing in this subdivision shall be construed to reduce the total number of private duty nursing hours authorized for an individual recipient under subdivision 2.

Subd. 4. **Hardship criteria; private duty nursing.** (a) Payment is allowed for extraordinary services that require specialized nursing skills and are provided by parents of minor children, spouses, and legal guardians who are providing private duty nursing care under the following conditions:

(1) the provision of these services is not legally required of the parents, spouses, or legal guardians;

(2) the services are necessary to prevent hospitalization of the recipient; and

(3) the recipient is eligible for state plan home care or a home and community-based waiver and one of the following hardship criteria are met:

(i) the parent, spouse, or legal guardian resigns from a part-time or full-time job to provide nursing care for the recipient; or

(ii) the parent, spouse, or legal guardian goes from a full-time to a part-time job with less compensation to provide nursing care for the recipient; or

(iii) the parent, spouse, or legal guardian takes a leave of absence without pay to provide nursing care for the recipient; or

(iv) because of labor conditions, special language needs, or intermittent hours of care needed, the parent, spouse, or legal guardian is needed in order to provide adequate private duty nursing services to meet the medical needs of the recipient.

(b) Private duty nursing may be provided by a parent, spouse, or legal guardian who is a nurse licensed in Minnesota. Private duty nursing services provided by a parent, spouse, or legal guardian cannot be used in lieu of nursing services covered and available under liable third-party payors, including Medicare. The private duty nursing provided by a parent, spouse, or legal guardian must be included in the service plan.

Authorized skilled nursing services provided by the parent, spouse, or legal guardian may not exceed 50 percent of the total approved nursing hours, or eight hours per day, whichever is less, up to a maximum of 40 hours per week. Nothing in this subdivision precludes the parent's, spouse's, or legal guardian's obligation of assuming the non-reimbursed family responsibilities of emergency backup caregiver and primary caregiver.

(c) A parent or a spouse may not be paid to provide private duty nursing care if the parent or spouse fails to pass a criminal background check according to chapter 245C, or if it has been determined by the home health agency, the case manager, or the physician that the private duty nursing care provided by the parent, spouse, or legal guardian is unsafe.

**History:** *1986 c 444; 1990 c 568 art 3 s 51; 1991 c 292 art 7 s 12,25; 1992 c 391 s 3-6; 1992 c 464 art 2 s 1; 1992 c 513 art 7 s 50; 1Sp1993 c 1 art 5 s 51-53; 1995 c 207 art 6 s 52-55; 1996 c 451 art 5 s 17-20; 1997 c 203 art 4 s 28,29; 3Sp1997 c 3 s 9; 1998 c 407 art 4 s 29-31; 1999 c 245 art 4 s 50-58; 2000 c 474 s 8-11; 1Sp2001 c 9 art 3 s 29-41; 2002 c 375 art 2 s 17; 2002 c 379 art 1 s 113; 2003 c 15 art 1 s 33; 1Sp2003 c 14 art 3 s 26-28; 2005 c 10 art 1 s 49,50; 1Sp2005 c 4 art 7 s 15-19*

## 256B.0655 PERSONAL CARE ASSISTANT SERVICES.

Subdivision 1. **Definitions.** For purposes of this section and sections 256B.0651, 256B.0653, 256B.0654, and 256B.0656, the terms defined in subdivisions 1a to 1i have the meanings given them unless otherwise provided or indicated by the context.

Subd. 1a. **Activities of daily living.** "Activities of daily living" includes eating, toileting, grooming, dressing, bathing, transferring, mobility, and positioning.

Subd. 1b. **Assessment.** "Assessment" means a review and evaluation of a recipient's need for home care services conducted in person. Assessments for personal care assistant services shall be conducted by the county public health nurse or a certified public health nurse under contract with the county. A face-to-face assessment must include: documentation of health status, determination of need, evaluation of service effectiveness, identification of appropriate services, service plan development or modification, coordination of services, referrals and follow-up to appropriate payers and community resources, completion of required reports, recommendation of service authorization, and consumer education. Once the need for personal care assistant services is determined under this section or sections 256B.0651, 256B.0653, 256B.0654, and 256B.0656, the county public health nurse or certified public health nurse under contract with the county is responsible for communicating this recommendation to the commissioner and the recipient. A face-to-face assessment for personal care assistant services is conducted on those recipients who have never had a county public health nurse assessment. A face-to-face assessment must occur at least annually or when there is a significant change in the recipient's condition or when there is a change in the need for personal care assistant services. A service update may substitute for the annual face-to-face assessment when there is not a significant change in recipient condition or a change in the need for personal care assistant service. A service update or review for temporary increase includes a review of initial baseline data, evaluation of service effectiveness, redetermination of service need, modification of service plan and appropriate referrals, update of initial forms, obtaining service authorization, and on going consumer education. Assessments must be completed on forms provided by the commissioner within 30 days of a request for home care services by a recipient or responsible party.

Subd. 1c. **Care plan.** "Care plan" means a written description of personal care assistant services developed by the qualified professional or the recipient's physician with the recipient or responsible party to be used by the personal care assistant with a copy provided to the recipient or responsible party.

Subd. 1d. **Health-related functions.** "Health-related functions" means functions that can be delegated or assigned by a licensed health care professional under state law to be performed by a personal care assistant.

Subd. 1e. **Instrumental activities of daily living.** "Instrumental activities of daily living" includes meal planning and preparation, managing finances, shopping for food, clothing, and other essential items, performing essential household chores, communication by telephone and other media, and getting around and participating in the community.

Subd. 1f. **Personal care assistant.** "Personal care assistant" means a person who:

(1) is at least 18 years old, except for persons 16 to 18 years of age who participated in a related school-based job training program or have completed a certified home health aide competency evaluation;

(2) is able to effectively communicate with the recipient and personal care provider organization;

(3) effective July 1, 1996, has completed one of the training requirements as specified in Minnesota Rules, part 9505.0335, subpart 3, items A to E;

(4) has the ability to, and provides covered personal care assistant services according to the recipient's care plan, responds appropriately to recipient needs, and reports changes in the recipient's condition to the supervising qualified professional or physician;

(5) is not a consumer of personal care assistant services;

(6) maintains daily written records detailing:

(i) the actual services provided to the recipient; and

(ii) the amount of time spent providing the services; and

(7) is subject to criminal background checks and procedures specified in chapter 245C.

Subd. 1g. **Personal care provider organization.** "Personal care provider organization" means an organization enrolled to provide personal care assistant services under the medical assistance program that complies with the following:

(1) owners who have a five percent interest or more, and managerial officials are subject to a background study as provided in chapter 245C. This applies to currently enrolled personal care provider organizations and those agencies seeking enrollment as a personal care provider organization. An organization will be barred from enrollment if an owner or managerial official of the organization has been convicted of a crime specified in chapter 245C, or a comparable crime in another jurisdiction, unless the owner or managerial official meets the reconsideration criteria specified in chapter 245C;

(2) the organization must maintain a surety bond and liability insurance throughout the duration of enrollment and provides proof thereof. The insurer must notify the Department of Human Services of the cancellation or lapse of policy and the organization must maintain documentation of services as specified in Minnesota Rules, part 9505.2175, subpart 7, as well as evidence of compliance with personal care assistant training requirements;

(3) the organization must maintain documentation and a recipient file and satisfy communication requirements in section 256B.0655, subdivision 2, paragraph (f); and

(4) the organization must comply with all laws and rules governing the provision of personal care assistant services.

Subd. 1h. **Responsible party.** "Responsible party" means an individual who is capable of providing the support necessary to assist the recipient to live in the community, is at least 18 years old, actively participates in planning and directing of personal care assistant services, and is not the personal care assistant. The responsible party must be accessible to the recipient and the personal care assistant when personal care services are being provided and monitor the services at least weekly according to the plan of care. The responsible party must be identified at the time of assessment and listed on the recipient's service agreement and care plan. Responsible parties who are parents of minors or guardians of minors or incapacitated persons may delegate the responsibility to another adult who is not the personal care assistant during a temporary absence of at least 24 hours but not more than six months. The person

delegated as a responsible party must be able to meet the definition of responsible party, except that the delegated responsible party is required to reside with the recipient only while serving as the responsible party. The delegated responsible party is not required to reside with the recipient while serving as the responsible party if competent supervision to ensure the health and safety of the recipient and monitoring of services provided are stated as part of the person's individual service plan under a home care service or home and community-based waiver program or in conjunction with a home care targeted case management service provider or other case manager. The responsible party must assure that the delegate performs the functions of the responsible party, is identified at the time of the assessment, and is listed on the service agreement and the care plan. Foster care license holders may be designated the responsible party for residents of the foster care home if case management is provided as required in section 256B.0625, subdivision 19a. For persons who, as of April 1, 1992, are sharing personal care assistant services in order to obtain the availability of 24-hour coverage, an employee of the personal care provider organization may be designated as the responsible party if case management is provided as required in section 256B.0625, subdivision 19a.

Subd. 1i. **Service plan.** "Service plan" means a written description of the services needed based on the assessment developed by the nurse who conducts the assessment together with the recipient or responsible party. The service plan shall include a description of the covered home care services, frequency and duration of services, and expected outcomes and goals. The recipient and the provider chosen by the recipient or responsible party must be given a copy of the completed service plan within 30 calendar days of the request for home care services by the recipient or responsible party.

Subd. 2. **Personal care assistant services.** (a) The personal care assistant services that are eligible for payment are services and supports furnished to an individual, as needed, to assist in accomplishing activities of daily living; instrumental activities of daily living; health-related functions through hands-on assistance, supervision, and cuing; and redirection and intervention for behavior including observation and monitoring.

(b) Payment for services will be made within the limits approved using the prior authorized process established in subdivisions 3 and 4, and sections 256B.0651, subdivisions 4 to 12, and 256B.0654, subdivision 2.

(c) The amount and type of services authorized shall be based on an assessment of the recipient's needs in these areas:

(1) bowel and bladder care;

(2) skin care to maintain the health of the skin;

(3) repetitive maintenance range of motion, muscle strengthening exercises, and other tasks specific to maintaining a recipient's optimal level of function;

(4) respiratory assistance;

(5) transfers and ambulation;

(6) bathing, grooming, and hairwashing necessary for personal hygiene;

(7) turning and positioning;

(8) assistance with furnishing medication that is self-administered;

(9) application and maintenance of prosthetics and orthotics;

(10) cleaning medical equipment;

(11) dressing or undressing;

(12) assistance with eating and meal preparation and necessary grocery shopping;

(13) accompanying a recipient to obtain medical diagnosis or treatment;

(14) assisting, monitoring, or prompting the recipient to complete the services in clauses (1) to (13);

(15) redirection, monitoring, and observation that are medically necessary and an integral part of completing the personal care assistant services described in clauses (1) to (14);

(16) redirection and intervention for behavior, including observation and monitoring;

(17) interventions for seizure disorders, including monitoring and observation if the recipient has had a seizure that requires intervention within the past three months;

(18) tracheostomy suctioning using a clean procedure if the procedure is properly delegated by a registered nurse. Before this procedure can be delegated to a personal care assistant, a registered nurse must determine that the tracheostomy suctioning can be accomplished utilizing a clean rather than a sterile procedure and must ensure that the personal care assistant has been taught the proper procedure; and

(19) incidental household services that are an integral part of a personal care service described in clauses (1) to (18).

For purposes of this subdivision, monitoring and observation means watching for outward visible signs that are likely to occur and for which there is a covered personal care service or an appropriate personal care intervention. For purposes of this subdivision, a clean procedure refers to a procedure that reduces the numbers of microorganisms or prevents or reduces the transmission of microorganisms from one person or place to another. A clean procedure may be used beginning 14 days after insertion.

(d) The personal care assistant services that are not eligible for payment are the following:

(1) services provided without a physician's statement of need as required by section 256B.0625, subdivision 19c, and included in the personal care provider agency's file for the recipient;

(2) assessments by personal care assistant provider organizations or by independently enrolled registered nurses;

(3) services that are not in the service plan;

(4) services provided by the recipient's spouse, legal guardian for an adult or child recipient, or parent of a recipient under age 18;

(5) services provided by a foster care provider of a recipient who cannot direct the recipient's own care, unless monitored by a county or state case manager under section 256B.0625, subdivision 19a;

(6) services provided by the residential or program license holder in a residence for more than four persons;

(7) services that are the responsibility of a residential or program license holder under the terms of a service agreement and administrative rules;

(8) sterile procedures;

(9) injections of fluids into veins, muscles, or skin;

(10) homemaker services that are not an integral part of a personal care assistant services;

(11) home maintenance or chore services;

(12) services not specified under paragraph (a); and

(13) services not authorized by the commissioner or the commissioner's designee.

(e) The recipient or responsible party may choose to supervise the personal care assistant or to have a qualified professional, as defined in section 256B.0625, subdivision 19c, provide the supervision. As required under section 256B.0625, subdivision 19c, the county public health nurse, as a part of the assessment, will assist the recipient or responsible party to identify the most appropriate person to provide supervision of the personal care assistant. Health-related delegated tasks performed by the personal care assistant will be under the supervision of a qualified professional or the direction of the recipient's physician. If the recipient has a qualified professional, Minnesota Rules, part 9505.0335, subpart 4, applies.

(f) In order to be paid for personal care assistant services, personal care provider organizations, and personal care assistant choice providers are required:

(1) to maintain a recipient file for each recipient for whom services are being billed that contains:

(i) the current physician's statement of need as required by section 256B.0625, subdivision 19c;

(ii) the service plan, including the monthly authorized hours, or flexible use plan;

(iii) the care plan, signed by the recipient and the qualified professional, if required or designated, detailing the personal care assistant services to be provided;

(iv) documentation, on a form approved by the commissioner and signed by the personal care assistant, specifying the day, month, year, arrival, and departure times, with AM and PM notation, for all services provided to the recipient. The form must include a notice that it is a federal crime to provide false information on personal care service billings for medical assistance payment; and

(v) all notices to the recipient regarding personal care service use exceeding authorized hours; and

(2) to communicate, by telephone if available, and in writing, with the recipient or the responsible party about the schedule for use of authorized hours and to notify the recipient and the county public health nurse in advance and as soon as possible, on a form approved by the commissioner, if the monthly number of hours authorized is likely to be exceeded for the month.

(g) The commissioner shall establish an ongoing audit process for potential fraud and abuse for personal care assistant services. The audit process must include, at a minimum, a requirement that the documentation of hours of care provided be on a form approved by the commissioner and include the personal care assistant's signature attesting that the hours shown on each bill were provided by the personal care assistant on the dates and the times specified.

Subd. 3. **Assessment and service plan.** Assessments under subdivision 1b and sections 256B.0651, subdivision 1, paragraph (b), and 256B.0654, subdivision 1, paragraph (a), shall be conducted initially, and at least annually thereafter, in person with the recipient and result in a completed service plan using forms specified by the commissioner. Within 30 days of recipient or responsible party request for home care services, the assessment, the service plan, and other information necessary to determine medical necessity such as diagnostic or testing information, social or medical histories, and hospital or facility discharge summaries shall be submitted to the commissioner. Notwithstanding the provisions of subdivision 8, the commissioner shall maximize federal financial participation to pay for public health nurse assessments for personal care services. For personal care assistant services:

(1) The amount and type of service authorized based upon the assessment and service plan will follow the recipient if the recipient chooses to change providers.

(2) If the recipient's need changes, the recipient's provider may assess the need for a change in service authorization and request the change from the county public health nurse. Within 30 days of the request, the public health nurse will determine whether to request the change in services based upon the provider assessment, or conduct a home visit to assess the need and determine whether the change is appropriate. If the change in service need is due to a change in medical condition, a new physician's statement of need required by section 256B.0625, subdivision 19c, must be obtained.

(3) To continue to receive personal care assistant services after the first year, the recipient or the responsible party, in conjunction with the public health nurse, may complete a service update on forms developed by the commissioner according to criteria and procedures in subdivisions 1a to 1i and sections 256B.0651, subdivision 1; 256B.0653, subdivision 1; and 256B.0654, subdivision 1.

Subd. 4. **Prior authorization.** The commissioner, or the commissioner's designee, shall review the assessment, service update, request for temporary services, request for flexible use option, service plan, and any additional information that is submitted. The commissioner shall, within 30 days after receiving a complete request, assessment, and service plan, authorize home care services as follows:

(1) All personal care assistant services and supervision by a qualified professional, if requested by the recipient, must be prior authorized by the commissioner or the commissioner's designee except for the assessments established in section 256B.0651, subdivision 11. The amount of personal care assistant services authorized must be based on the recipient's home care rating. A child may not be found to be dependent in an activity of daily living if because of the child's age an adult would either perform the activity for the child or assist the child with the activity and the amount of assistance needed is similar to the assistance appropriate for a typical child of the same age. Based on medical necessity, the commissioner may authorize:

(A) up to two times the average number of direct care hours provided in nursing facilities for the recipient's comparable case mix level; or

(B) up to three times the average number of direct care hours provided in nursing facilities for recipients who have complex medical needs or are dependent in at least seven activities of daily living and need physical assistance with eating or have a neurological diagnosis; or

(C) up to 60 percent of the average reimbursement rate, as of July 1, 1991, for care provided in a regional treatment center for recipients who have Level I behavior, plus any inflation adjustment as provided by the legislature for personal care service; or

(D) up to the amount the commissioner would pay, as of July 1, 1991, plus any inflation adjustment provided for home care services, for care provided in a regional treatment center for recipients referred to the commissioner by a regional treatment center preadmission evaluation team. For purposes of this clause, home care services means all services provided in the home or community that would be included in the payment to a regional treatment center; or

(E) up to the amount medical assistance would reimburse for facility care for recipients referred to the commissioner by a preadmission screening team established under section 256B.0911 or 256B.092; and

(F) a reasonable amount of time for the provision of supervision by a qualified professional of personal care assistant services, if a qualified professional is requested by the recipient or responsible party.

(2) The number of direct care hours shall be determined according to the annual cost report submitted to the department by nursing facilities. The average number of direct care hours, as established by May 1, 1992, shall be calculated and incorporated into the home care limits on July 1, 1992. These limits shall be calculated to the nearest quarter hour.

(3) The home care rating shall be determined by the commissioner or the commissioner's designee based on information submitted to the commissioner by the county public health nurse on forms specified by the commissioner. The home care rating shall be a combination of current assessment tools developed under sections 256B.0911 and 256B.501 with an addition for seizure activity that will assess the frequency and severity of seizure activity and with adjustments, additions, and clarifications that are necessary to reflect the needs and conditions of recipients who need home care including children and adults under 65 years of age. The commissioner shall establish these forms and protocols under this section and sections 256B.0651, 256B.0653, 256B.0654, and 256B.0656 and shall use an advisory group, including representatives of recipients, providers, and counties, for consultation in establishing and revising the forms and protocols.

(4) A recipient shall qualify as having complex medical needs if the care required is difficult to perform and because of recipient's medical condition requires more time than community-based standards allow or requires more skill than would ordinarily be required and the recipient needs or has one or more of the following:

(A) daily tube feedings;

(B) daily parenteral therapy;

(C) wound or decubiti care;

(D) postural drainage, percussion, nebulizer treatments, suctioning, tracheotomy care, oxygen, mechanical ventilation;

(E) catheterization;

(F) ostomy care;

(G) quadriplegia; or

(H) other comparable medical conditions or treatments the commissioner determines would otherwise require institutional care.

(5) A recipient shall qualify as having Level I behavior if there is reasonable supporting evidence that the recipient exhibits, or that without supervision, observation, or redirection would exhibit, one or more of the following behaviors that cause, or have the potential to cause:

(A) injury to the recipient's own body;

(B) physical injury to other people; or

(C) destruction of property.

(6) Time authorized for personal care relating to Level I behavior in paragraph (5), clauses (A) to (C), shall be based on the predictability, frequency, and amount of intervention required.

(7) A recipient shall qualify as having Level II behavior if the recipient exhibits on a daily basis one or more of the following behaviors that interfere with the completion of personal care assistant services under subdivision 2, paragraph (a):

(A) unusual or repetitive habits;

(B) withdrawn behavior; or

(C) offensive behavior.

(8) A recipient with a home care rating of Level II behavior in paragraph (7), clauses (A) to (C), shall be rated as comparable to a recipient with complex medical needs under paragraph (4). If a recipient has both complex medical needs and Level II behavior, the home care rating shall be the next complex category up to the maximum rating under paragraph (1), clause (B).

Subd. 5. **Shared personal care assistant services.** (a) Medical assistance payments for shared personal care assistance services shall be limited according to this subdivision.

(b) Recipients of personal care assistant services may share staff and the commissioner shall provide a rate system for shared personal care assistant services. For two persons sharing services, the rate paid to a provider shall not exceed 1-1/2 times the rate paid for serving a single individual, and for three persons sharing services, the rate paid to a provider shall not exceed twice the rate paid for serving a single individual. These rates apply only to situations in which all recipients were present and received shared services on the date for which the service is billed. No more than three persons may receive shared services from a personal care assistant in a single setting.

(c) Shared service is the provision of personal care assistant services by a personal care assistant to two or three recipients at the same time and in the same setting. For the purposes of this subdivision, "setting" means:

(1) the home or foster care home of one of the individual recipients; or

(2) a child care program in which all recipients served by one personal care assistant are participating, which is licensed under chapter 245A or operated by a local school district or private school; or

(3) outside the home or foster care home of one of the recipients when normal life activities take the recipients outside the home.

The provisions of this subdivision do not apply when a personal care assistant is caring for multiple recipients in more than one setting.

(d) The recipient or the recipient's responsible party, in conjunction with the county public health nurse, shall determine:

(1) whether shared personal care assistant services is an appropriate option based on the individual needs and preferences of the recipient; and

(2) the amount of shared services allocated as part of the overall authorization of personal care assistant services.

The recipient or the responsible party, in conjunction with the supervising qualified professional, if a qualified professional is requested by any one of the recipients or responsible parties, shall arrange the setting and grouping of shared services based on the individual needs and preferences of the recipients. Decisions on the selection of recipients to share services must be based on the ages of the recipients, compatibility, and coordination of their care needs.

(e) The following items must be considered by the recipient or the responsible party and the supervising qualified professional, if a qualified professional has been requested by any one of the recipients or responsible parties, and documented in the recipient's health service record:

(1) the additional qualifications needed by the personal care assistant to provide care to several recipients in the same setting;

(2) the additional training and supervision needed by the personal care assistant to ensure that the needs of the recipient are met appropriately and safely. The provider must provide on-site supervision by a qualified professional within the first 14 days of shared services, and monthly thereafter, if supervision by a qualified provider has been requested by any one of the recipients or responsible parties;

(3) the setting in which the shared services will be provided;

(4) the ongoing monitoring and evaluation of the effectiveness and appropriateness of the service and process used to make changes in service or setting; and

(5) a contingency plan which accounts for absence of the recipient in a shared services setting due to illness or other circumstances and staffing contingencies.

(f) The provider must offer the recipient or the responsible party the option of shared or one-on-one personal care assistant services. The recipient or the responsible party can withdraw from participating in a shared services arrangement at any time.

(g) In addition to documentation requirements under Minnesota Rules, part 9505.2175, a personal care provider must meet documentation requirements for shared personal care assistant services and must document the following in the health service record for each individual recipient sharing services:

(1) permission by the recipient or the recipient's responsible party, if any, for the maximum number of shared services hours per week chosen by the recipient;

(2) permission by the recipient or the recipient's responsible party, if any, for personal care assistant services provided outside the recipient's residence;

(3) permission by the recipient or the recipient's responsible party, if any, for others to receive shared services in the recipient's residence;

(4) revocation by the recipient or the recipient's responsible party, if any, of the shared service authorization, or the shared service to be provided to others in the recipient's residence, or the shared service to be provided outside the recipient's residence;

(5) supervision of the shared personal care assistant services by the qualified professional, if a qualified professional is requested by one of the recipients or responsible parties, including the date, time of day, number of hours spent supervising the provision of shared services, whether the supervision was face-to-face or another method of supervision, changes in the recipient's condition, shared services scheduling issues and recommendations;

(6) documentation by the qualified professional, if a qualified professional is requested by one of the recipients or responsible parties, of telephone calls or other discussions with the personal care assistant regarding services being provided to the recipient who has requested the supervision; and

(7) daily documentation of the shared services provided by each identified personal care assistant including:

(i) the names of each recipient receiving shared services together;

(ii) the setting for the shared services, including the starting and ending times that the recipient received shared services; and

(iii) notes by the personal care assistant regarding changes in the recipient's condition, problems that may arise from the sharing of services, scheduling issues, care issues, and other notes as required by the qualified professional, if a qualified professional is requested by one of the recipients or responsible parties.

(h) Unless otherwise provided in this subdivision, all other statutory and regulatory provisions relating to personal care assistant services apply to shared services.

(i) In the event that supervision by a qualified professional has been requested by one or more recipients, but not by all of the recipients, the supervision duties of the qualified professional shall be limited to only those recipients who have requested the supervision.

Nothing in this subdivision shall be construed to reduce the total number of hours authorized for an individual recipient.

Subd. 6. **Flexible use option.** (a) "Flexible use option" means the scheduled use of authorized hours of personal care assistant services, which vary within a service authorization period covering no more than six months, in order to more effectively meet the needs and schedule of the recipient. Authorized hours not used within the six-month period may not be carried over to another time period. The flexible use of personal care assistant hours for a six-month period must be prior authorized by the commissioner, based on a request submitted on a form approved by the commissioner. The request must include the assessment and the annual service plan prepared by the county public health nurse.

(b) The recipient or responsible party, together with the case manager, if the recipient has case management services, and the county public health nurse, shall determine whether flexible use is an appropriate option based on the needs, abilities, preferences, and history of service use of the recipient or responsible party, and if appropriate, must ensure that the allocation of hours covers the ongoing needs of the recipient over an entire year divided into two six-month periods of flexible use. A recipient who has terminated personal care assistant services before the end of the 12-month authorization period shall not receive additional hours upon reapplying during the same 12-month authorization period, except if a change in condition is documented. Services shall be prorated for the remainder of the 12-month authorization period based on earlier assessment.

(c) If prior authorized, recipients may use their approved hours flexibly within the service authorization period for medically necessary covered services specified in the assessment required in subdivision 1b and section 256B.0651, subdivision 1, paragraph (b). The flexible use of authorized hours does not increase the total amount of authorized hours available to a recipient as determined under subdivision 4. The commissioner shall not authorize additional personal care assistant services to supplement a service authorization that is exhausted before the end date under a flexible service use plan, unless the county public health nurse determines a change in condition and a need for increased services is established.

(d) The personal care provider organization and the recipient or responsible party or the personal care assistance choice provider must develop a written month-to-month plan of the projected use of personal care assistant services that is part of the care plan and ensures:

(1) that the health and safety needs of the recipient will be met;

(2) that the total annual authorization will not be used before the end of the authorization period; and

(3) monthly monitoring will be conducted of hours used as a percentage of the authorized amount.

(e) The provider shall notify the recipient or responsible party, any case manager for the recipient, and the county public health nurse in advance and as soon as possible, on a form approved by the commissioner, if the monthly amount of hours authorized is likely to be exceeded for the month.

(f) The commissioner shall provide written notice to the provider, the recipient or responsible party, any case manager for the recipient, and the county public health nurse, when a flexible use recipient exceeds the personal care assistant service authorization for the month by an amount determined by the commissioner. If the use of hours exceeds the monthly service authorization by the amount determined by the commissioner for two months during any three-month period, the commissioner shall notify the recipient and the county public health nurse that the flexible use authorization will be revoked beginning the following month. The revocation will not become effective if, within ten working days of the commissioner's notice of flexible use revocation, the county public health nurse requests prior authorization for an increase in the service authorization or continuation of the flexible use option, or the recipient appeals and assistance pending appeal is ordered. The commissioner shall determine whether to approve the increase and continued flexible use.

(g) The recipient or responsible party may stop the flexible use of hours by notifying the personal care provider organization or the personal care assistance choice provider and county public health nurse in writing.

(h) The recipient or responsible party may appeal the commissioner's action according to section 256.045. The denial or revocation of the flexible use option shall not affect the recipient's authorized level of personal care assistant services as determined under subdivision 4.

Subd. 7. **Fiscal intermediary option.** (a) The commissioner may allow a recipient of personal care assistant services to use a fiscal intermediary to assist the recipient in paying and accounting for medically necessary covered personal care assistant services authorized in subdivision 2 and within the payment parameters of subdivision 4. Unless otherwise provided in this subdivision, all other statutory and regulatory provisions relating to personal care assistant services apply to a recipient using the fiscal intermediary option.

(b) The recipient or responsible party shall:

(1) recruit, hire, and terminate a qualified professional, if a qualified professional is requested by the recipient or responsible party;

(2) verify and document the credentials of the qualified professional, if a qualified professional is requested by the recipient or responsible party;

(3) develop a service plan based on physician orders and public health nurse assessment with the assistance of a qualified professional, if a qualified professional is requested by the recipient or responsible party, that addresses the health and safety of the recipient;

(4) recruit, hire, and terminate the personal care assistant;

(5) orient and train the personal care assistant with assistance as needed from the qualified professional;

(6) supervise and evaluate the personal care assistant with assistance as needed from the recipient's physician or the qualified professional;

(7) monitor and verify in writing and report to the fiscal intermediary the number of hours worked by the personal care assistant and the qualified professional; and

(8) enter into a written agreement, as specified in paragraph (f).

(c) The duties of the fiscal intermediary shall be to:

(1) bill the medical assistance program for personal care assistant and qualified professional services;

(2) request and secure background checks on personal care assistants and qualified professionals according to chapter 245C;

(3) pay the personal care assistant and qualified professional based on actual hours of services provided;

(4) withhold and pay all applicable federal and state taxes;

(5) verify and keep records of hours worked by the personal care assistant and qualified professional;

(6) make the arrangements and pay unemployment insurance, taxes, workers' compensation, liability insurance, and other benefits, if any;

(7) enroll in the medical assistance program as a fiscal intermediary; and

(8) enter into a written agreement as specified in paragraph (f) before services are provided.

(d) The fiscal intermediary:

(1) may not be related to the recipient, qualified professional, or the personal care assistant;

(2) must ensure arm's-length transactions with the recipient and personal care assistant; and

(3) shall be considered a joint employer of the personal care assistant and qualified professional to the extent specified in this section and sections 256B.0651, 256B.0653, 256B.0654, and 256B.0656.

The fiscal intermediary or owners of the entity that provides fiscal intermediary services under this subdivision must pass a criminal background check.

(e) If the recipient or responsible party requests a qualified professional, the qualified professional providing assistance to the recipient shall meet the qualifications specified in section 256B.0625, subdivision 19c. The qualified professional shall assist the recipient in developing and revising a plan to meet the recipient's needs, as assessed by the public health nurse. In performing this function, the qualified professional must visit the recipient in the recipient's home at least once annually. The qualified professional must report any suspected abuse, neglect, or financial exploitation of the recipient to the appropriate authorities.

(f) The fiscal intermediary, recipient or responsible party, personal care assistant, and qualified professional shall enter into a written agreement before services are started. The agreement shall include:

(1) the duties of the recipient, qualified professional, personal care assistant, and fiscal agent based on paragraphs (a) to (e);

(2) the salary and benefits for the personal care assistant and the qualified professional;

(3) the administrative fee of the fiscal intermediary and services paid for with that fee, including background check fees;

(4) procedures to respond to billing or payment complaints; and

(5) procedures for hiring and terminating the personal care assistant and the qualified professional.

(g) The rates paid for personal care assistant services, shared care services, qualified professional services, and fiscal intermediary services under this subdivision shall be the same rates paid for personal care assistant services and qualified professional services under section 256B.0651, subdivision 2, respectively. Except for the administrative fee of the fiscal intermediary specified in paragraph (f), the remainder of the rates paid to the fiscal intermediary must be used to pay for the salary and benefits for the personal care assistant or the qualified professional.

(h) As part of the assessment defined in subdivision 1b, the following conditions must be met to use or continue use of a fiscal intermediary:

(1) the recipient must be able to direct the recipient's own care, or the responsible party for the recipient must be readily available to direct the care of the personal care assistant;

(2) the recipient or responsible party must be knowledgeable of the health care needs of the recipient and be able to effectively communicate those needs;

(3) a face-to-face assessment must be conducted by the local county public health nurse at least annually, or when there is a significant change in the recipient's condition or change in the need for personal care assistant services;

(4) recipients who choose to use the shared care option as specified in subdivision 5 must utilize the same fiscal intermediary; and

(5) parties must be in compliance with the written agreement specified in paragraph (f).

(i) The commissioner shall deny, revoke, or suspend the authorization to use the fiscal intermediary option if:

(1) it has been determined by the qualified professional or local county public health nurse that the use of this option jeopardizes the recipient's health and safety;

(2) the parties have failed to comply with the written agreement specified in paragraph (f); or

(3) the use of the option has led to abusive or fraudulent billing for personal care assistant services.

The recipient or responsible party may appeal the commissioner's action according to section 256.045. The denial, revocation, or suspension to use the fiscal intermediary option shall not affect the recipient's authorized level of personal care assistant services as determined in subdivision 4.

Subd. 8. **Public health nurse assessment rate.** (a) The reimbursement rates for public health nurse visits that relate to the provision of personal care services under this section and section 256B.0625, subdivision 19a, are:

(i) $210.50 for a face-to-face assessment visit;

(ii) $105.25 for each service update; and

(iii) $105.25 for each request for a temporary service increase.

(b) The rates specified in paragraph (a) must be adjusted to reflect provider rate increases for personal care assistant services that are approved by the legislature for the fiscal year ending June 30, 2000, and subsequent fiscal years. Any requirements applied by the legislature to provider rate increases for personal care assistant services also apply to adjustments under this paragraph.

Subd. 9. **Quality assurance plan.** The commissioner shall establish a quality assurance plan for personal care assistant services that includes:

(1) performance-based provider agreements;

(2) meaningful consumer input, which may include consumer surveys, that measure the extent to which participants receive the services and supports described in the individual plan and participant satisfaction with such services and supports;

(3) ongoing monitoring of the health and well-being of consumers; and

(4) an ongoing public process for development, implementation, and review of the quality assurance plan.

Subd. 10. **Oversight of enrolled providers.** The commissioner may request from providers documentation of compliance with laws, rules, and policies governing the provision of personal care assistant services. A personal care assistant service provider must provide the requested documentation to the commissioner within ten business days of the request. Failure to provide information to demonstrate substantial compliance with laws, rules, or policies may result in suspension, denial, or termination of the provider agreement.

**History:** *1986 c 444; 1990 c 568 art 3 s 51; 1991 c 292 art 7 s 12,25; 1992 c 391 s 3-6; 1992 c 464 art 2 s 1; 1992 c 513 art 7 s 50; 1Sp1993 c 1 art 5 s 51-53; 1995 c 207 art 6 s 52-55; 1996 c 451 art 5 s 17-20; 1997 c 203 art 4 s 28,29; 3Sp1997 c 3 s 9; 1998 c 407 art 4 s 29-31; 1999 c 245 art 4 s 50-58; 2000 c 474 s 8-11; 1Sp2001 c 9 art 3 s 29-41; 2002 c 375 art 2 s 17; 2002 c 379 art 1 s 113; 2003 c 15 art 1 s 33; 1Sp2003 c 14 art 3 s 26-28; 2005 c 10 art 1 s 49,50; 1Sp2005 c 4 art 7 s 15-19*

**256B.0656 CONSUMER DIRECTED HOME CARE PROJECT.**

(a) Upon the receipt of federal waiver authority, the commissioner shall implement a consumer-directed home care demonstration project. The consumer-directed home care demonstration project must demonstrate and evaluate the outcomes of a consumer-directed service delivery alternative to improve access, increase consumer control and accountability over available resources, and enable the use of supports that are more individualized and cost-effective for eligible medical assistance recipients receiving certain medical assistance home care services. The consumer-directed home care demonstration project will be administered locally by county agencies, tribal governments, or administrative entities under contract with the state in regions where counties choose not to provide this service.

(b) Grant awards for persons who have been receiving medical assistance covered personal care, home health aide, or private duty nursing services for a period of 12 consecutive months or more prior to enrollment in the consumer-directed home care demonstration project will be established on a case-by-case basis using historical service expenditure data. An average monthly expenditure for each continuing enrollee will be calculated based on historical expenditures made on behalf of the enrollee for personal care, home health aide, or private duty nursing services during the 12 month period directly prior to enrollment in the project. The grant award will equal 90 percent of the average monthly expenditure.

(c) Grant awards for project enrollees who have been receiving medical assistance covered personal care, home health aide, or private duty nursing services for a period of less than 12 consecutive months prior to project enrollment will be calculated on a case-by-case basis using the service authorization in place at the time of enrollment. The total number of units of personal care, home health aide, or private duty nursing services the enrollee has been authorized to receive will be converted to the total cost of the authorized services in a given month using the statewide average service payment rates. To determine an estimated monthly expenditure, the total authorized monthly personal care, home health aide or private duty nursing service costs will be reduced by a percentage rate equivalent to the difference between the statewide average service authorization and the statewide average utilization rate for each of the services by medical assistance eligibles during the most recent fiscal year for which 12 months of data is available. The grant award will equal 90 percent of the estimated monthly expenditure.

(d) The state of Minnesota, county agencies, tribal governments, or administrative entities under contract with the state that participate in the implementation and administration of the consumer-directed home care demonstration project, shall not be liable for damages, injuries, or liabilities sustained through the purchase of support by the individual, the individual's family, legal representative, or the authorized representative under this section with funds received through the consumer-directed home care demonstration project. Liabilities include but are not limited to: workers' compensation liability, the Federal Insurance Contributions Act (FICA), or the Federal Unemployment Tax Act (FUTA).

(e) With federal approval, the commissioner may adjust methodologies in paragraphs (b) and (c) to simplify program administration, improve consistency between state and federal programs, and maximize federal financial participation.

**History:** *1986 c 444; 1990 c 568 art 3 s 51; 1991 c 292 art 7 s 12,25; 1992 c 391 s 3-6; 1992 c 464 art 2 s 1; 1992 c 513 art 7 s 50; 1Sp1993 c 1 art 5 s 51-53; 1995 c 207 art 6 s 52-55; 1996 c 451 art 5 s 17-20; 1997 c 203 art 4 s 28,29; 3Sp1997 c 3 s 9; 1998 c 407 art 4 s 29-31; 1999 c 245 art 4 s 50-58; 2000 c 474 s 8-11; 1Sp2001 c 9 art 3 s 29-41; 2002 c 375 art 2 s 17; 2002 c 379 art 1 s 113; 2003 c 15 art 1 s 33; 1Sp2003 c 14 art 3 s 26-28; 2005 c 10 art 1 s 49,50; 1Sp2005 c 4 art 7 s 15-19*

**256B.072 PERFORMANCE REPORTING AND QUALITY IMPROVEMENT SYSTEM.**

(a) The commissioner of human services shall establish a performance reporting system for health care providers who provide health care services to public program

recipients covered under chapters 256B, 256D, and 256L, reporting separately for managed care and fee-for-service recipients.

(b) The measures used for the performance reporting system for medical groups shall include measures of care for asthma, diabetes, hypertension, and coronary artery disease and measures of preventive care services. The measures used for the performance reporting system for inpatient hospitals shall include measures of care for acute myocardial infarction, heart failure, and pneumonia, and measures of care and prevention of surgical infections. In the case of a medical group, the measures used shall be consistent with measures published by nonprofit Minnesota or national organizations that produce and disseminate health care quality measures or evidence-based health care guidelines. In the case of inpatient hospital measures, the commissioner shall appoint the Minnesota Hospital Association and Stratis Health to advise on the development of the performance measures to be used for hospital reporting. To enable a consistent measurement process across the community, the commissioner may use measures of care provided for patients in addition to those identified in paragraph (a). The commissioner shall ensure collaboration with other health care reporting organizations so that the measures described in this section are consistent with those reported by those organizations and used by other purchasers in Minnesota.

(c) The commissioner may require providers to submit information in a required format to a health care reporting organization or to cooperate with the information collection procedures of that organization. The commissioner may collaborate with a reporting organization to collect information reported and to prevent duplication of reporting.

(d) By October 1, 2007, and annually thereafter, the commissioner shall report through a public Web site the results by medical groups and hospitals, where possible, of the measures under this section, and shall compare the results by medical groups and hospitals for patients enrolled in public programs to patients enrolled in private health plans. To achieve this reporting, the commissioner may collaborate with a health care reporting organization that operates a Web site suitable for this purpose.

**History:** *1Sp2005 c 4 art 8 s 43*

## 256B.075 DISEASE MANAGEMENT PROGRAMS.

*[For text of subd 1, see M.S.2004]*

Subd. 2. **Fee-for-service.** (a) The commissioner shall develop and implement a disease management program for medical assistance and general assistance medical care recipients who are not enrolled in the prepaid medical assistance or prepaid general assistance medical care programs and who are receiving services on a fee-for-service basis. The commissioner may contract with an outside organization to provide these services.

(b) The commissioner shall seek any federal approval necessary to implement this section and to obtain federal matching funds.

(c) The commissioner shall develop and implement a pilot intensive care management program for medical assistance children with complex and chronic medical issues who are not able to participate in the metro-based U Special Kids program due to geographic distance.

*[For text of subds 3 and 4, see M.S.2004]*

Subd. 5. [Repealed, 1Sp2005 c 4 art 8 s 88]

**History:** *1Sp2005 c 4 art 8 s 44*

## 256B.0911 LONG-TERM CARE CONSULTATION SERVICES.

*[For text of subd 1, see M.S.2004]*

Subd. 1a. **Definitions.** For purposes of this section, the following definitions apply:

(a) "Long-term care consultation services" means:

(1) providing information and education to the general public regarding availability of the services authorized under this section;

(2) an intake process that provides access to the services described in this section;

(3) assessment of the health, psychological, and social needs of referred individuals;

(4) assistance in identifying services needed to maintain an individual in the least restrictive environment;

(5) providing recommendations on cost-effective community services that are available to the individual;

(6) development of an individual's community support plan;

(7) providing information regarding eligibility for Minnesota health care programs;

(8) preadmission screening to determine the need for a nursing facility level of care;

(9) preliminary determination of Minnesota health care programs eligibility for individuals who need a nursing facility level of care, with appropriate referrals for final determination;

(10) providing recommendations for nursing facility placement when there are no cost-effective community services available; and

(11) assistance to transition people back to community settings after facility admission.

(b) "Minnesota health care programs" means the medical assistance program under chapter 256B and the alternative care program under section 256B.0913.

*[For text of subds 3 to 5, see M.S.2004]*

Subd. 6. **Payment for long-term care consultation services.** (a) The total payment for each county must be paid monthly by certified nursing facilities in the county. The monthly amount to be paid by each nursing facility for each fiscal year must be determined by dividing the county's annual allocation for long-term care consultation services by 12 to determine the monthly payment and allocating the monthly payment to each nursing facility based on the number of licensed beds in the nursing facility. Payments to counties in which there is no certified nursing facility must be made by increasing the payment rate of the two facilities located nearest to the county seat.

(b) The commissioner shall include the total annual payment determined under paragraph (a) for each nursing facility reimbursed under section 256B.431 or 256B.434 according to section 256B.431, subdivision 2b, paragraph (g), or 256B.435.

(c) In the event of the layaway, delicensure and decertification, or removal from layaway of 25 percent or more of the beds in a facility, the commissioner may adjust the per diem payment amount in paragraph (b) and may adjust the monthly payment amount in paragraph (a). The effective date of an adjustment made under this paragraph shall be on or after the first day of the month following the effective date of the layaway, delicensure and decertification, or removal from layaway.

(d) Payments for long-term care consultation services are available to the county or counties to cover staff salaries and expenses to provide the services described in subdivision 1a. The county shall employ, or contract with other agencies to employ, within the limits of available funding, sufficient personnel to provide long-term care consultation services while meeting the state's long-term care outcomes and objectives as defined in section 256B.0917, subdivision 1. The county shall be accountable for meeting local objectives as approved by the commissioner in the biennial home and community-based services quality assurance plan on a form provided by the commissioner.

(e) Notwithstanding section 256B.0641, overpayments attributable to payment of the screening costs under the medical assistance program may not be recovered from a facility.

(f) The commissioner of human services shall amend the Minnesota medical assistance plan to include reimbursement for the local consultation teams.

(g) The county may bill, as case management services, assessments, support planning, and follow-along provided to persons determined to be eligible for case management under Minnesota health care programs. No individual or family member shall be charged for an initial assessment or initial support plan development provided under subdivision 3a or 3b.

*[For text of subd 7, see M.S.2004]*

**History:** *2005 c 98 art 2 s 5; 1Sp2005 c 4 art 8 s 45*

**256B.0913 ALTERNATIVE CARE PROGRAM.**

*[For text of subd 1, see M.S.2004]*

Subd. 2. **Eligibility for services.** Alternative care services are available to Minnesotans age 65 or older who would be eligible for medical assistance within 135 days of admission to a nursing facility and subject to subdivisions 4 to 13.

Subd. 4. **Eligibility for funding for services for nonmedical assistance recipients.** (a) Funding for services under the alternative care program is available to persons who meet the following criteria:

(1) the person has been determined by a community assessment under section 256B.0911 to be a person who would require the level of care provided in a nursing facility, but for the provision of services under the alternative care program;

(2) the person is age 65 or older;

(3) the person would be eligible for medical assistance within 135 days of admission to a nursing facility;

(4) the person is not ineligible for the medical assistance program due to an asset transfer penalty;

(5) the person needs services that are not funded through other state or federal funding;

(6) the monthly cost of the alternative care services funded by the program for this person does not exceed 75 percent of the monthly limit described under section 256B.0915, subdivision 3a. This monthly limit does not prohibit the alternative care client from payment for additional services, but in no case may the cost of additional services purchased under this section exceed the difference between the client's monthly service limit defined under section 256B.0915, subdivision 3, and the alternative care program monthly service limit defined in this paragraph. If medical supplies and equipment or environmental modifications are or will be purchased for an alternative care services recipient, the costs may be prorated on a monthly basis for up to 12 consecutive months beginning with the month of purchase. If the monthly cost of a recipient's other alternative care services exceeds the monthly limit established in this paragraph, the annual cost of the alternative care services shall be determined. In this event, the annual cost of alternative care services shall not exceed 12 times the monthly limit described in this paragraph; and

(7) the person is making timely payments of the assessed monthly fee.

A person is ineligible if payment of the fee is over 60 days past due, unless the person agrees to:

(i) the appointment of a representative payee;

(ii) automatic payment from a financial account;

(iii) the establishment of greater family involvement in the financial management of payments; or

(iv) another method acceptable to the county to ensure prompt fee payments.

The county shall extend the client's eligibility as necessary while making arrangements to facilitate payment of past-due amounts and future premium payments.

Following disenrollment due to nonpayment of a monthly fee, eligibility shall not be reinstated for a period of 30 days.

(b) Alternative care funding under this subdivision is not available for a person who is a medical assistance recipient or who would be eligible for medical assistance without a spenddown or waiver obligation. A person whose initial application for medical assistance and the elderly waiver program is being processed may be served under the alternative care program for a period up to 60 days. If the individual is found to be eligible for medical assistance, medical assistance must be billed for services payable under the federally approved elderly waiver plan and delivered from the date the individual was found eligible for the federally approved elderly waiver plan. Notwithstanding this provision, alternative care funds may not be used to pay for any service the cost of which: (i) is payable by medical assistance; (ii) is used by a recipient to meet a waiver obligation; or (iii) is used to pay a medical assistance income spenddown for a person who is eligible to participate in the federally approved elderly waiver program under the special income standard provision.

(c) Alternative care funding is not available for a person who resides in a licensed nursing home, certified boarding care home, hospital, or intermediate care facility, except for case management services which are provided in support of the discharge planning process for a nursing home resident or certified boarding care home resident to assist with a relocation process to a community-based setting.

(d) Alternative care funding is not available for a person whose income is greater than the maintenance needs allowance under section 256B.0915, subdivision 1d, but equal to or less than 120 percent of the federal poverty guideline effective July 1 in the year for which alternative care eligibility is determined, who would be eligible for the elderly waiver with a waiver obligation.

Subd. 5. **Services covered under alternative care.** Alternative care funding may be used for payment of costs of:

(1) adult day care;

(2) home health aide;

(3) homemaker services;

(4) personal care;

(5) case management;

(6) respite care;

(7) care-related supplies and equipment;

(8) meals delivered to the home;

(9) transportation;

(10) nursing services;

(11) chore services;

(12) companion services;

(13) nutrition services;

(14) training for direct informal caregivers;

(15) telehome care to provide services in their own homes in conjunction with in-home visits;

(16) discretionary services, for which counties may make payment from their alternative care program allocation or services not otherwise defined in this section or section 256B.0625, following approval by the commissioner;

(17) environmental modifications; and

(18) direct cash payments for which counties may make payment from their alternative care program allocation to clients for the purpose of purchasing services, following approval by the commissioner, and subject to the provisions of subdivision 5h, until approval and implementation of consumer-directed services through the federally approved elderly waiver plan. Upon implementation, consumer-directed services under the alternative care program are available statewide and limited to the average monthly

expenditures representative of all alternative care program participants for the same case mix resident class assigned in the most recent fiscal year for which complete expenditure data is available.

Total annual payments for discretionary services and direct cash payments, until the federally approved consumer-directed service option is implemented statewide, for all clients within a county may not exceed 25 percent of that county's annual alternative care program base allocation. Thereafter, discretionary services are limited to 25 percent of the county's annual alternative care program base allocation.

Subd. 5a. **Services; service definitions; service standards.** (a) Unless specified in statute, the services, service definitions, and standards for alternative care services shall be the same as the services, service definitions, and standards specified in the federally approved elderly waiver plan, except for transitional support services, assisted living services, adult foster care services, and residential care services.

(b) The county agency must ensure that the funds are not used to supplant services available through other public assistance or services programs. For a provider of supplies and equipment when the monthly cost of the supplies and equipment is less than $250, persons or agencies must be employed by or under a contract with the county agency or the public health nursing agency of the local board of health in order to receive funding under the alternative care program. Supplies and equipment may be purchased from a vendor not certified to participate in the Medicaid program if the cost for the item is less than that of a Medicaid vendor.

(c) Personal care services must meet the service standards defined in the federally approved elderly waiver plan, except that a county agency may contract with a client's relative who meets the relative hardship waiver requirements or a relative who meets the criteria and is also the responsible party under an individual service plan that ensures the client's health and safety and supervision of the personal care services by a qualified professional as defined in section 256B.0625, subdivision 19c. Relative hardship is established by the county when the client's care causes a relative caregiver to do any of the following: resign from a paying job, reduce work hours resulting in lost wages, obtain a leave of absence resulting in lost wages, incur substantial client-related expenses, provide services to address authorized, unstaffed direct care time, or meet special needs of the client unmet in the formal service plan.

*[For text of subds 5b to 7, see M.S.2004]*

Subd. 8. **Requirements for individual care plan.** (a) The case manager shall implement the plan of care for each alternative care client and ensure that a client's service needs and eligibility are reassessed at least every 12 months. The plan shall include any services prescribed by the individual's attending physician as necessary to allow the individual to remain in a community setting. In developing the individual's care plan, the case manager should include the use of volunteers from families and neighbors, religious organizations, social clubs, and civic and service organizations to support the formal home care services. The county shall be held harmless for damages or injuries sustained through the use of volunteers under this subdivision including workers' compensation liability. The county of service shall provide documentation in each individual's plan of care and, if requested, to the commissioner that the most cost-effective alternatives available have been offered to the individual and that the individual was free to choose among available qualified providers, both public and private, including qualified case management or service coordination providers other than those employed by any county; however, the county or tribe maintains responsibility for prior authorizing services in accordance with statutory and administrative requirements. The case manager must give the individual a ten-day written notice of any denial, termination, or reduction of alternative care services.

(b) The county of service must provide access to and arrange for case management services, including assuring implementation of the plan. The county of service must notify the county of financial responsibility of the approved care plan and the amount of encumbered funds.

*[For text of subds 9 to 12, see M.S.2004]*

Subd. 13. **County biennial plan.** The county biennial plan for long-term care consultation services under section 256B.0911, the alternative care program under this section, and waivers for the elderly under section 256B.0915, shall be submitted by the lead agency as the home and community-based services quality assurance plan on a form provided by the commissioner.

*[For text of subd 14, see M.S.2004]*

**History:** *2005 c 68 art 2 s 1; 2005 c 98 art 2 s 6; 1Sp2005 c 4 art 7 s 20-23*

## 256B.0915 MEDICAID WAIVER FOR ELDERLY SERVICES.

*[For text of subd 1, see M.S.2004]*

Subd. 1a. **Elderly waiver case management services.** (a) Elderly case management services under the home and community-based services waiver for elderly individuals are available from providers meeting qualification requirements and the standards specified in subdivision 1b. Eligible recipients may choose any qualified provider of elderly case management services.

(b) The county of service or tribe must provide access to and arrange for case management services.

*[For text of subds 1b to 5, see M.S.2004]*

Subd. 6. **Implementation of care plan.** Each elderly waiver client shall be provided a copy of a written care plan that meets the requirements outlined in section 256B.0913, subdivision 8. The care plan must be implemented by the county administering waivered services when it is different than the county of financial responsibility. The county administering waivered services must notify the county of financial responsibility of the approved care plan.

*[For text of subds 7 and 8, see M.S.2004]*

Subd. 9. **Tribal management of elderly waiver.** Notwithstanding contrary provisions of this section, or those in other state laws or rules, the commissioner may develop a model for tribal management of the elderly waiver program and implement this model through a contract between the state and any of the state's federally recognized tribal governments. The model shall include the provision of tribal waiver case management, assessment for personal care assistance, and administrative requirements otherwise carried out by counties but shall not include tribal financial eligibility determination for medical assistance.

**History:** *2005 c 68 art 2 s 2-4*

## 256B.0916 EXPANSION OF HOME AND COMMUNITY-BASED SERVICES.

*[For text of subds 2 to 9, see M.S.2004]*

Subd. 10. **Transitional supports allowance.** A transitional supports allowance shall be available to all persons under a home and community-based waiver who are moving from a licensed setting to a community setting. "Transitional supports allowance" means a onetime payment of up to $3,000, to cover the costs, not covered by other sources, associated with moving from a licensed setting to a community setting. Covered costs include:

(1) lease or rent deposits;

(2) security deposits;

(3) utilities set-up costs, including telephone;

(4) essential furnishings and supplies; and

(5) personal supports and transports needed to locate and transition to community settings.

**History:** *1Sp2005 c 4 art 8 s 46*

NOTE: Subdivision 10, as added by Laws 2005, First Special Session chapter 4, article 8, section 46, is effective upon federal approval and to the extent approved as a federal waiver amendment. Laws 2005, First Special Session chapter 4, article 8, section 46, the effective date.

## 256B.0917 SENIORS' AGENDA FOR INDEPENDENT LIVING (SAIL) PROJECTS.

*[For text of subd 1, see M.S.2004]*

Subd. 2. **Design of SAIL projects; local long-term care coordinating team.** (a) The commissioner of human services shall contract with SAIL projects in four to six counties or groups of counties to demonstrate the feasibility and cost-effectiveness of a local long-term care strategy that is consistent with the state's long-term care goals identified in subdivision 1. The commissioner shall publish a notice in the State Register announcing the availability of project funding and giving instructions for making an application. The instructions for the application shall identify the amount of funding available for project components.

(b) To be selected for the project, a county board or boards must establish a long-term care coordinating team consisting of county social service agencies, public health nursing service agencies, local boards of health, a representative of local nursing home providers, a representative of local home care providers, and the area agencies on aging in a geographic area which is responsible for:

(1) developing a local long-term care strategy consistent with state goals and objectives;

(2) submitting an application to be selected as a project;

(3) coordinating planning for funds to provide services to elderly persons, including funds received under Title III of the Older Americans Act, Title XX of the Social Security Act and the Local Public Health Act; and

(4) ensuring efficient services provision and nonduplication of funding.

(c) The board or boards shall designate a public agency to serve as the lead agency. The lead agency receives and manages the project funds from the state and is responsible for the implementation of the local strategy. If selected as a project, the local long-term care coordinating team must semiannually evaluate the progress of the local long-term care strategy in meeting state measures of performance and results as established in the contract.

(d) Each member of the local coordinating team must indicate its endorsement of the local strategy. The local long-term care coordinating team may include in its membership other units of government which provide funding for services to the frail elderly. The team must cooperate with consumers and other public and private agencies, including nursing homes, in the geographic area in order to develop and offer a variety of cost-effective services to the elderly and their caregivers.

(e) The board or boards shall apply to be selected as a project. If the project is selected, the commissioner of human services shall contract with the lead agency for the project and shall provide additional administrative funds for implementing the provisions of the contract, within the appropriation available for this purpose.

(f) Projects shall be selected according to the following conditions.

No project may be selected unless it demonstrates that:

(i) the objectives of the local project will help to achieve the state's long-term care goals as defined in subdivision 1;

(ii) in the case of a project submitted jointly by several counties, all of the participating counties are contiguous;

(iii) there is a designated local lead agency that is empowered to make contracts with the state and local vendors on behalf of all participants;

(iv) the project proposal demonstrates that the local cooperating agencies have the ability to perform the project as described and that the implementation of the project has a reasonable chance of achieving its objectives;

(v) the project will serve an area that covers at least four counties or contains at least 2,500 persons who are 85 years of age or older, according to the projections of the state demographer or the census if the data is more recent; and

(vi) the local coordinating team documents efforts of cooperation with consumers and other agencies and organizations, both public and private, in planning for service delivery.

*[For text of subd 3, see M.S.2004]*

Subd. 4. **Information, screening, and assessment function.** (a) The projects selected by and under contract with the commissioner shall establish an accessible information, screening, and assessment function for persons who need assistance and information regarding long-term care. This accessible information, screening, and assessment activity shall include information and referral, early intervention, follow-up contacts, telephone screening, home visits, assessments, preadmission screening, and relocation case management for the frail elderly and their caregivers in the area served by the county or counties. The purpose is to ensure that information and help is provided to elderly persons and their families in a timely fashion, when they are making decisions about long-term care. These functions may be split among various agencies, but must be coordinated by the local long-term care coordinating team.

(b) Accessible information, screening, and assessment functions shall be reimbursed as follows:

(1) The screenings of all persons entering nursing homes shall be reimbursed as defined in section 256B.0911, subdivision 6; and

(2) Additional state administrative funds shall be available for the access, screening, and assessment activities that are not reimbursed under clause (1). This amount shall not exceed the amount authorized in the guidelines and in instructions for the application and must be within the amount appropriated for this activity.

(c) Any information and referral functions funded by other sources, such as Title III of the Older Americans Act and Title XX of the Social Security Act, shall be considered by the local long-term care coordinating team in establishing this function to avoid duplication and to ensure access to information for persons needing help and information regarding long-term care.

(d) The lead agency or the agencies under contract with the lead agency which are responsible for the accessible information, screening, and assessment function must complete the forms and reports required by the commissioner as specified in the contract.

Subd. 5. **Service development and delivery.** (a) In addition to the access, screening, and assessment activity, each local strategy may include provisions for the following:

(1) the addition of a full-time staff person who is responsible to develop the following services and recruit providers as established in the contract:

(i) additional adult family foster care homes;

(ii) family adult day care providers as defined in section 256B.0919, subdivision 2;

(iii) an assisted living program in an apartment;

(iv) a congregate housing service project in a subsidized housing project; and

(v) the expansion of evening and weekend coverage of home care services as deemed necessary by the local strategic plan;

(2) small incentive grants to new adult family care providers for renovations needed to meet licensure requirements;

(3) a plan to divert new applicants to nursing homes and to relocate a targeted population from nursing homes, using the individual's own resources or the funding available for services;

(4) one or more caregiver support and respite care projects, as described in subdivision 6; and

(5) one or more living-at-home/block nurse projects, as described in subdivisions 7 to 10.

(b) The expansion of alternative care clients under paragraph (a) shall be accomplished with the funds provided under section 256B.0913, and includes the allocation of targeted funds. The funding for all participating counties must be coordinated by the local long-term care coordinating team and must be part of the local long-term care strategy. Alternative care funds may be transferred from one SAIL county to another within a designated SAIL project area during a fiscal year as authorized by the local long-term care coordinating team and approved by the commissioner. The base allocation used for a future year shall reflect the final transfer. Each county retains responsibility for reimbursement as defined in section 256B.0913, subdivision 12. All other requirements for the alternative care program must be met unless an exception is provided in this section. The commissioner may establish by contract a reimbursement mechanism for alternative care that does not require invoice processing through the Medical Assistance Management Information System (MMIS). The commissioner and local agencies must assure that the same client and reimbursement data is obtained as is available under MMIS.

(c) The administration of these components is the responsibility of the agencies selected by the local coordinating team and under contract with the local lead agency. However, administrative funds for paragraph (a), clauses (2) to (4), and grant funds for paragraph (a), clause (5), shall be granted to the local lead agency. The funding available for each component is based on the plan submitted and the amount negotiated in the contract.

*[For text of subds 6 to 13, see M.S.2004]*

**History:** *2005 c 10 art 1 s 51,52; 2005 c 98 art 3 s 24*

## 256B.0918 EMPLOYEE SCHOLARSHIP COSTS.

Subdivision 1. **Program criteria.** Beginning on or after October 1, 2005, within the limits of appropriations specifically available for this purpose, the commissioner shall provide funding to qualified provider applicants for employee scholarships for education in nursing and other health care fields. Employee scholarships must be for a course of study that is expected to lead to career advancement with the provider or in the field of long-term care, including home care or care of persons with disabilities, or nursing. Providers that secure this funding must use it to award scholarships to employees who work an average of at least 20 hours per week for the provider. Management staff, registered nurses, and therapists are not eligible to receive scholarships under this section.

Subd. 2. **Participating providers.** The commissioner shall publish a request for proposals in the State Register by August 15, 2005, specifying provider eligibility requirements, provider selection criteria, program specifics, funding mechanism, and methods of evaluation. The commissioner may publish additional requests for proposals in subsequent years. Providers who provide services funded through the following programs are eligible to apply to participate in the scholarship program: home and community-based waivered services for persons with mental retardation or related conditions under section 256B.501; home and community-based waivered services for the elderly under section 256B.0915; waivered services under community alternatives for disabled individuals under section 256B.49; community alternative care waivered services under section 256B.49; traumatic brain injury waivered services under section 256B.49; nursing services and home health services under section 256B.0625, subdivision 6a; personal care services and nursing supervision of personal care services under section 256B.0625, subdivision 19a; private duty nursing services under section 256B.0625, subdivision 7; day training and habilitation services for adults with mental retardation or related conditions under sections 252.40 to 252.46; and intermediate care facilities for persons with mental retardation under section 256B.5012.

Subd. 3. **Provider selection criteria.** To be considered for scholarship funding, the provider shall submit a completed application within the time frame specified by the commissioner. In awarding funding, the commissioner shall consider the following:

(1) the size of the provider as measured in annual billing to the medical assistance program. To be eligible, a provider must receive at least $500,000 annually in medical assistance payments;

(2) the percentage of employees meeting the scholarship program recipient requirements;

(3) staff retention rates for paraprofessionals; and

(4) other criteria determined by the commissioner.

Subd. 4. **Funding specifics.** Within the limits of appropriations specifically available for this purpose, for the rate period beginning on or after October 1, 2005, to September 30, 2007, the commissioner shall provide to each provider listed in subdivision 2 and awarded funds under subdivision 3 a medical assistance rate increase to fund scholarships up to two-tenths percent of the medical assistance reimbursement rate. The commissioner shall require providers to repay any portion of funds awarded under subdivision 3 that is not used to fund scholarships. If applications exceed available funding, funding shall be targeted to providers that employ a higher percentage of paraprofessional staff or have lower rates of turnover of paraprofessional staff. During the subsequent years of the program, the rate adjustment may be recalculated, at the discretion of the commissioner. In making a recalculation the commissioner may consider the provider's success at granting scholarships based on the amount spent during the previous year and the availability of appropriations to continue the program.

Subd. 5. **Reporting requirements.** Participating providers shall report to the commissioner on a schedule determined by the commissioner and on a form supplied by the commissioner for a scholarship rate for rate periods beginning October 1, 2007. The report shall include the amount spent during the reporting period on eligible scholarships, and, for each scholarship recipient, the name of the recipient, the amount awarded, the educational institution attended, the nature of the educational program, the expected or actual program completion date, and a determination of the amount spent as a percentage of the provider's reimbursement. The commissioner shall require providers to repay all of the funds awarded under subdivision 3 if the report required in this subdivision is not filled according to the schedule determined by the commissioner.

Subd. 6. **Evaluation.** The commissioner shall report to the legislature annually, beginning March 15, 2007, on the use of these funds.

**History:** *1Sp2005 c 4 art 8 s 47*

## 256B.092 SERVICES FOR PERSONS WITH DEVELOPMENTAL DISABILITIES.

*[For text of subds 1 to 1e, see M.S.2004]*

Subd. 1f. **County waiting list.** The county agency shall maintain a waiting list of persons with developmental disabilities specifying the services needed but not provided. This waiting list shall be used by county agencies to assist them in developing needed services or amending their children and community service agreements.

*[For text of subds 1g to 10, see M.S.2004]*

**History:** *2005 c 98 art 2 s 7*

## 256B.0924 TARGETED CASE MANAGEMENT SERVICES.

*[For text of subds 1 and 2, see M.S.2004]*

Subd. 3. **Eligibility.** Persons are eligible to receive targeted case management services under this section if the requirements in paragraphs (a) and (b) are met.

(a) The person must be assessed and determined by the local county agency to:

(1) be age 18 or older;

(2) be receiving medical assistance;

(3) have significant functional limitations; and

(4) be in need of service coordination to attain or maintain living in an integrated community setting.

(b) The person must be a vulnerable adult in need of adult protection as defined in section 626.5572, or is an adult with mental retardation as defined in section 252A.02, subdivision 2, or a related condition as defined in section 252.27, subdivision 1a, and is not receiving home and community-based waiver services, or is an adult who lacks a permanent residence and who has been without a permanent residence for at least one year or on at least four occasions in the last three years.

*[For text of subds 4 to 7, see M.S.2004]*

**History:** *1Sp2005 c 4 art 3 s 9*

**256B.093 SERVICES FOR PERSONS WITH TRAUMATIC BRAIN INJURIES.**

Subdivision 1. **State traumatic brain injury program.** The commissioner of human services shall:

(1) maintain a statewide traumatic brain injury program;

(2) supervise and coordinate services and policies for persons with traumatic brain injuries;

(3) contract with qualified agencies or employ staff to provide statewide administrative case management and consultation;

(4) maintain an advisory committee to provide recommendations in reports to the commissioner regarding program and service needs of persons with traumatic brain injuries;

(5) investigate the need for the development of rules or statutes for the traumatic brain injury home and community-based services waiver;

(6) investigate present and potential models of service coordination which can be delivered at the local level; and

(7) the advisory committee required by clause (4) must consist of no fewer than ten members and no more than 30 members. The commissioner shall appoint all advisory committee members to one- or two-year terms and appoint one member as chair. Notwithstanding section 15.059, subdivision 5, the advisory committee does not terminate until June 30, 2008.

*[For text of subds 2 to 4, see M.S.2004]*

**History:** *1Sp2005 c 4 art 3 s 10*

**256B.094 CHILD WELFARE TARGETED CASE MANAGEMENT SERVICES.**

*[For text of subds 1 to 7, see M.S.2004]*

Subd. 8. **Payment limitation.** Services that are not eligible for payment as a child welfare targeted case management service include, but are not limited to:

(1) assessments prior to opening a case;

(2) therapy and treatment services;

(3) legal services, including legal advocacy, for the client;

(4) information and referral services that are not provided to an eligible recipient;

(5) outreach services including outreach services provided through the community support services program;

(6) services that are not documented as required under subdivision 7 and Minnesota Rules, parts 9505.2165 and 9505.2175;

(7) services that are otherwise eligible for payment on a separate schedule under rules of the Department of Human Services;

(8) services to a client that duplicate the same case management service from another case manager;

(9) case management services provided to patients or residents in a medical assistance facility except as described under subdivision 2, clause (9); and

(10) for children in foster care, group homes, or residential care, payment for case management services is limited to case management services that focus on permanency planning or return to the family home and that do not duplicate the facility's discharge planning services.

**History:** *2005 c 98 art 2 s 8*

## 256B.0943 CHILDREN'S THERAPEUTIC SERVICES AND SUPPORTS.

*[For text of subds 1 and 2, see M.S.2004]*

Subd. 3. **Determination of client eligibility.** A client's eligibility to receive children's therapeutic services and supports under this section shall be determined based on a diagnostic assessment by a mental health professional that is performed within 180 days of the initial start of service. The diagnostic assessment must:

(1) include current diagnoses on all five axes of the client's current mental health status;

(2) determine whether a child under age 18 has a diagnosis of emotional disturbance or, if the person is between the ages of 18 and 21, whether the person has a mental illness;

(3) document children's therapeutic services and supports as medically necessary to address an identified disability, functional impairment, and the individual client's needs and goals;

(4) be used in the development of the individualized treatment plan; and

(5) be completed annually until age 18. A client with autism spectrum disorder or pervasive developmental disorder may receive a diagnostic assessment once every three years, at the request of the parent or guardian, if a mental health professional agrees there has been little change in the condition and that an annual assessment is not needed. For individuals between age 18 and 21, unless a client's mental health condition has changed markedly since the client's most recent diagnostic assessment, annual updating is necessary. For the purpose of this section, "updating" means a written summary, including current diagnoses on all five axes, by a mental health professional of the client's current mental health status and service needs.

*[For text of subds 4 and 5, see M.S.2004]*

Subd. 6. **Provider entity clinical infrastructure requirements.** (a) To be an eligible provider entity under this section, a provider entity must have a clinical infrastructure that utilizes diagnostic assessment, an individualized treatment plan, service delivery, and individual treatment plan review that are culturally competent, child-centered, and family-driven to achieve maximum benefit for the client. The provider entity must review and update the clinical policies and procedures every three years and must distribute the policies and procedures to staff initially and upon each subsequent update.

(b) The clinical infrastructure written policies and procedures must include policies and procedures for:

(1) providing or obtaining a client's diagnostic assessment that identifies acute and chronic clinical disorders, co-occurring medical conditions, sources of psychological and environmental problems, and a functional assessment. The functional assessment must clearly summarize the client's individual strengths and needs;

(2) developing an individual treatment plan that is:

(i) based on the information in the client's diagnostic assessment;

(ii) developed no later than the end of the first psychotherapy session after the completion of the client's diagnostic assessment by the mental health professional who provides the client's psychotherapy;

(iii) developed through a child-centered, family-driven planning process that identifies service needs and individualized, planned, and culturally appropriate interventions that contain specific treatment goals and objectives for the client and the client's family or foster family;

(iv) reviewed at least once every 90 days and revised, if necessary; and

(v) signed by the client or, if appropriate, by the client's parent or other person authorized by statute to consent to mental health services for the client;

(3) developing an individual behavior plan that documents services to be provided by the mental health behavioral aide. The individual behavior plan must include:

(i) detailed instructions on the service to be provided;

(ii) time allocated to each service;

(iii) methods of documenting the child's behavior;

(iv) methods of monitoring the child's progress in reaching objectives; and

(v) goals to increase or decrease targeted behavior as identified in the individual treatment plan;

(4) clinical supervision of the mental health practitioner and mental health behavioral aide. A mental health professional must document the clinical supervision the professional provides by cosigning individual treatment plans and making entries in the client's record on supervisory activities. Clinical supervision does not include the authority to make or terminate court-ordered placements of the child. A clinical supervisor must be available for urgent consultation as required by the individual client's needs or the situation. Clinical supervision may occur individually or in a small group to discuss treatment and review progress toward goals. The focus of clinical supervision must be the client's treatment needs and progress and the mental health practitioner's or behavioral aide's ability to provide services;

(4a) CTSS certified provider entities providing day treatment programs must meet the conditions in items (i) to (iii):

(i) the provider must be present and available on the premises more than 50 percent of the time in a five-working-day period during which the supervisee is providing a mental health service;

(ii) the diagnosis and the client's individual treatment plan or a change in the diagnosis or individual treatment plan must be made by or reviewed, approved, and signed by the provider; and

(iii) every 30 days, the supervisor must review and sign the record of the client's care for all activities in the preceding 30-day period;

(4b) for all other services provided under CTSS, clinical supervision standards provided in items (i) to (iii) must be used:

(i) medical assistance shall reimburse a mental health practitioner who maintains a consulting relationship with a mental health professional who accepts full professional responsibility and is present on site for at least one observation during the first 12 hours in which the mental health practitioner provides the individual, family, or group skills training to the child or the child's family;

(ii) thereafter, the mental health professional is required to be present on site for observation as clinically appropriate when the mental health practitioner is providing individual, family, or group skills training to the child or the child's family; and

(iii) the observation must be a minimum of one clinical unit. The on-site presence of the mental health professional must be documented in the child's record and signed by the mental health professional who accepts full professional responsibility;

(5) providing direction to a mental health behavioral aide. For entities that employ mental health behavioral aides, the clinical supervisor must be employed by the provider entity or other certified children's therapeutic supports and services provider

entity to ensure necessary and appropriate oversight for the client's treatment and continuity of care. The mental health professional or mental health practitioner giving direction must begin with the goals on the individualized treatment plan, and instruct the mental health behavioral aide on how to construct therapeutic activities and interventions that will lead to goal attainment. The professional or practitioner giving direction must also instruct the mental health behavioral aide about the client's diagnosis, functional status, and other characteristics that are likely to affect service delivery. Direction must also include determining that the mental health behavioral aide has the skills to interact with the client and the client's family in ways that convey personal and cultural respect and that the aide actively solicits information relevant to treatment from the family. The aide must be able to clearly explain the activities the aide is doing with the client and the activities' relationship to treatment goals. Direction is more didactic than is supervision and requires the professional or practitioner providing it to continuously evaluate the mental health behavioral aide's ability to carry out the activities of the individualized treatment plan and the individualized behavior plan. When providing direction, the professional or practitioner must:

(i) review progress notes prepared by the mental health behavioral aide for accuracy and consistency with diagnostic assessment, treatment plan, and behavior goals and the professional or practitioner must approve and sign the progress notes;

(ii) identify changes in treatment strategies, revise the individual behavior plan, and communicate treatment instructions and methodologies as appropriate to ensure that treatment is implemented correctly;

(iii) demonstrate family-friendly behaviors that support healthy collaboration among the child, the child's family, and providers as treatment is planned and implemented;

(iv) ensure that the mental health behavioral aide is able to effectively communicate with the child, the child's family, and the provider; and

(v) record the results of any evaluation and corrective actions taken to modify the work of the mental health behavioral aide;

(6) providing service delivery that implements the individual treatment plan and meets the requirements under subdivision 9; and

(7) individual treatment plan review. The review must determine the extent to which the services have met the goals and objectives in the previous treatment plan. The review must assess the client's progress and ensure that services and treatment goals continue to be necessary and appropriate to the client and the client's family or foster family. Revision of the individual treatment plan does not require a new diagnostic assessment unless the client's mental health status has changed markedly. The updated treatment plan must be signed by the client, if appropriate, and by the client's parent or other person authorized by statute to give consent to the mental health services for the child.

*[For text of subds 7 to 11, see M.S.2004]*

Subd. 12. **Excluded services.** The following services are not eligible for medical assistance payment as children's therapeutic services and supports:

(1) service components of children's therapeutic services and supports simultaneously provided by more than one provider entity unless prior authorization is obtained;

(2) children's therapeutic services and supports provided in violation of medical assistance policy in Minnesota Rules, part 9505.0220;

(3) mental health behavioral aide services provided by a personal care assistant who is not qualified as a mental health behavioral aide and employed by a certified children's therapeutic services and supports provider entity;

(4) service components of CTSS that are the responsibility of a residential or program license holder, including foster care providers under the terms of a service agreement or administrative rules governing licensure; and

(5) adjunctive activities that may be offered by a provider entity but are not otherwise covered by medical assistance, including:

(i) a service that is primarily recreation oriented or that is provided in a setting that is not medically supervised. This includes sports activities, exercise groups, activities such as craft hours, leisure time, social hours, meal or snack time, trips to community activities, and tours;

(ii) a social or educational service that does not have or cannot reasonably be expected to have a therapeutic outcome related to the client's emotional disturbance;

(iii) consultation with other providers or service agency staff about the care or progress of a client;

(iv) prevention or education programs provided to the community; and

(v) treatment for clients with primary diagnoses of alcohol or other drug abuse.

Subd. 13. **Exception to excluded services.** Notwithstanding subdivision 12, up to 15 hours of children's therapeutic services and supports provided within a six-month period to a child with severe emotional disturbance who is residing in a hospital; a group home as defined in Minnesota Rules, parts 2960.0130 to 2960.0220; a residential treatment facility licensed under Minnesota Rules, parts 2960.0580 to 2960.0690; a regional treatment center; or other institutional group setting or who is participating in a program of partial hospitalization are eligible for medical assistance payment if part of the discharge plan.

**History:** *2005 c 98 art 2 s 9-11; 1Sp2005 c 4 art 2 s 11*

## 256B.0946 TREATMENT FOSTER CARE.

Subdivision 1. **Covered service.** (a) Effective July 1, 2006, and subject to federal approval, medical assistance covers medically necessary services described under paragraph (b) that are provided by a provider entity eligible under subdivision 3 to a client eligible under subdivision 2 who is placed in a treatment foster home licensed under Minnesota Rules, parts 2960.3000 to 2960.3340.

(b) Services to children with severe emotional disturbance residing in treatment foster care settings must meet the relevant standards for mental health services under sections 245.487 to 245.4887. In addition, specific service components reimbursed by medical assistance must meet the following standards:

(1) case management service component must meet the standards in Minnesota Rules, parts 9520.0900 to 9520.0926 and 9505.0322, excluding subparts 6 and 10;

(2) psychotherapy and skills training components must meet the standards for children's therapeutic services and supports in section 256B.0943; and

(3) family psychoeducation services under supervision of a mental health professional.

Subd. 2. **Determination of client eligibility.** A client's eligibility to receive treatment foster care under this section shall be determined by a diagnostic assessment, an evaluation of level of care needed, and development of an individual treatment plan, as defined in paragraphs (a) to (c).

(a) The diagnostic assessment must:

(1) be conducted by a psychiatrist, licensed psychologist, or licensed independent clinical social worker that is performed within 180 days prior to the start of service;

(2) include current diagnoses on all five axes of the client's current mental health status;

(3) determine whether or not a child meets the criteria for severe emotional disturbance in section 245.4871, subdivision 6, or for serious and persistent mental illness in section 245.462, subdivision 20; and

(4) be completed annually until age 18. For individuals between age 18 and 21, unless a client's mental health condition has changed markedly since the client's most recent diagnostic assessment, annual updating is necessary. For the purpose of this section, "updating" means a written summary, including current diagnoses on all five

axes, by a mental health professional of the client's current mental status and service needs.

(b) The evaluation of level of care must be conducted by the placing county with an instrument approved by the commissioner of human services. The commissioner shall update the list of approved level of care instruments annually.

(c) The individual treatment plan must be:

(1) based on the information in the client's diagnostic assessment;

(2) developed through a child-centered, family driven planning process that identifies service needs and individualized, planned, and culturally appropriate interventions that contain specific measurable treatment goals and objectives for the client and treatment strategies for the client's family and foster family;

(3) reviewed at least once every 90 days and revised; and

(4) signed by the client or, if appropriate, by the client's parent or other person authorized by statute to consent to mental health services for the client.

Subd. 3. **Eligible providers.** For purposes of this section, a provider agency must have an individual placement agreement for each recipient and must be a licensed child placing agency, under Minnesota Rules, parts 9543.0010 to 9543.0150, and either:

(1) a county;

(2) an Indian Health Services facility operated by a tribe or tribal organization under funding authorized by United States Code, title 25, sections 450f to 450n, or title 3 of the Indian Self-Determination Act, Public Law 93-638, section 638 (facilities or providers); or

(3) a noncounty entity under contract with a county board.

Subd. 4. **Eligible provider responsibilities.** (a) To be an eligible provider under this section, a provider must develop written policies and procedures for treatment foster care services consistent with subdivision 1, paragraph (b), clauses (1), (2), and (3).

(b) In delivering services under this section, a treatment foster care provider must ensure that staff caseload size reasonably enables the provider to play an active role in service planning, monitoring, delivering, and reviewing for discharge planning to meet the needs of the client, the client's foster family, and the birth family, as specified in each client's individual treatment plan.

Subd. 5. **Service authorization.** The commissioner will administer authorizations for services under this section in compliance with section 256B.0625, subdivision 25.

Subd. 6. **Excluded services.** (a) Services in clauses (1) to (4) are not eligible as components of treatment foster care services:

(1) treatment foster care services provided in violation of medical assistance policy in Minnesota Rules, part 9505.0220;

(2) service components of children's therapeutic services and supports simultaneously provided by more than one treatment foster care provider;

(3) home and community-based waiver services; and

(4) treatment foster care services provided to a child without a level of care determination according to section 245.4885, subdivision 1.

(b) Children receiving treatment foster care services are not eligible for medical assistance reimbursement for the following services while receiving treatment foster care:

(1) mental health case management services under section 256B.0625, subdivision 20; and

(2) psychotherapy and skill training components of children's therapeutic services and supports under section 256B.0625, subdivision 35b.

**History:** *1Sp2005 c 4 art 2 s 12*

## 256B.0947 INTENSIVE REHABILITATIVE MENTAL HEALTH SERVICES.

Subdivision 1. **Scope.** Subject to federal approval, medical assistance covers medically necessary, intensive nonresidential rehabilitative mental health services as defined in subdivision 2, for recipients as defined in subdivision 3, when the services are provided by an entity meeting the standards in this section.

Subd. 2. **Definitions.** For purposes of this section, the following terms have the meanings given them.

(a) "Intensive nonresidential rehabilitative mental health services" means child rehabilitative mental health services as defined in section 256B.0943, except that these services are provided by a multidisciplinary staff using a total team approach consistent with assertive community treatment, or other evidence-based practices, and directed to recipients with a serious mental illness who require intensive services.

(b) "Evidence-based practices" are nationally recognized mental health services that are proven by substantial research to be effective in helping individuals with serious mental illness obtain specific treatment goals.

(c) "Treatment team" means all staff who provide services to recipients under this section. At a minimum, this includes the clinical supervisor, mental health professionals, mental health practitioners, mental health behavioral aides, and a school representative familiar with the recipient's individual education plan (IEP) if applicable.

Subd. 3. **Eligibility.** An eligible recipient under the age of 18 is an individual who:

(1) is age 16 or 17;

(2) is diagnosed with a medical condition, such as an emotional disturbance or traumatic brain injury, for which intensive nonresidential rehabilitative mental health services are needed;

(3) has substantial disability and functional impairment in three or more of the areas listed in section 245.462, subdivision 11a, so that self-sufficiency upon adulthood or emancipation is unlikely; and

(4) has had a recent diagnostic assessment by a qualified professional that documents that intensive nonresidential rehabilitative mental health services are medically necessary to address identified disability and functional impairments and individual recipient goals.

Subd. 4. **Provider certification and contract requirements.** (a) The intensive nonresidential rehabilitative mental health services provider must:

(1) have a contract with the host county to provide intensive transition youth rehabilitative mental health services; and

(2) be certified by the commissioner as being in compliance with this section and section 256B.0943.

(b) The commissioner shall develop procedures for counties and providers to submit contracts and other documentation as needed to allow the commissioner to determine whether the standards in this section are met.

Subd. 5. **Standards for nonresidential providers.** (a) Services must be provided by a certified provider entity as defined in section 256B.0943, subdivision 4 that meets the requirements in section 245B.0943, subdivisions 5 and 6.

(b) The clinical supervisor must be an active member of the treatment team. The treatment team must meet with the clinical supervisor at least weekly to discuss recipients' progress and make rapid adjustments to meet recipients' needs. The team meeting shall include recipient-specific case reviews and general treatment discussions among team members. Recipient-specific case reviews and planning must be documented in the individual recipient's treatment record.

(c) Treatment staff must have prompt access in person or by telephone to a mental health practitioner or mental health professional. The provider must have the capacity to promptly and appropriately respond to emergent needs and make any necessary staffing adjustments to assure the health and safety of recipients.

(d) The initial functional assessment must be completed within ten days of intake and updated at least every three months or prior to discharge from the service, whichever comes first.

(e) The initial individual treatment plan must be completed within ten days of intake and reviewed and updated at least monthly with the recipient.

Subd. 6. **Additional standards.** The standards in this subdivision apply to intensive nonresidential rehabilitative mental health services.

(1) The treatment team must use team treatment, not an individual treatment model.

(2) The clinical supervisor must function as a practicing clinician at least on a part-time basis.

(3) The staffing ratio must not exceed ten recipients to one full-time equivalent treatment team position.

(4) Services must be available at times that meet client needs.

(5) The treatment team must actively and assertively engage and reach out to the recipient's family members and significant others, after obtaining the recipient's permission.

(6) The treatment team must establish ongoing communication and collaboration between the team, family, and significant others and educate the family and significant others about mental illness, symptom management, and the family's role in treatment.

(7) The treatment team must provide interventions to promote positive interpersonal relationships.

Subd. 7. **Medical assistance payment.** (a) Payment for nonresidential services in this section shall be based on one daily rate per provider inclusive of the following services received by an eligible recipient in a given calendar day: all rehabilitative services under this section, staff travel time to provide rehabilitative services under this section, and nonresidential crisis stabilization services under section 256B.0944.

(b) Except as indicated in paragraph (c), payment will not be made to more than one entity for each recipient for services provided under this section on a given day. If services under this section are provided by a team that includes staff from more than one entity, the team must determine how to distribute the payment among the members.

(c) The host county shall recommend to the commissioner one rate for each entity that will bill medical assistance for nonresidential intensive rehabilitative mental health services. In developing these rates, the host county shall consider and document:

(1) the cost for similar services in the local trade area;

(2) actual costs incurred by entities providing the services;

(3) the intensity and frequency of services to be provided to each recipient;

(4) the degree to which recipients will receive services other than services under this section; and

(5) the costs of other services that will be separately reimbursed.

(d) The rate for intensive rehabilitative mental health services must exclude medical assistance room and board rate, as defined in section 256I.03, subdivision 6, and services not covered under this section, such as partial hospitalization and inpatient services. Physician services are not a component of the treatment team and may be billed separately. The county's recommendation shall specify the period for which the rate will be applicable, not to exceed two years.

(e) When services under this section are provided by an assertive community team, case management functions must be an integral part of the team.

(f) The rate for a provider must not exceed the rate charged by that provider for the same service to other payors.

(g) The commissioner shall approve or reject the county's rate recommendation, based on the commissioner's own analysis of the criteria in paragraph (c).

Subd. 8. **Enrollment and rate setting.** Counties that employ their own staff to provide services under this section shall apply directly to the commissioner for enrollment and rate setting. In this case, a county contract is not required and the commissioner shall perform the program review and rate setting duties which would otherwise be required of counties under this section.

**History:** *1Sp2005 c 4 art 2 s 13*

NOTE: This section, as added by Laws 2005, First Special Session chapter 4, article 2, section 13, is effective July 1, 2006. Laws 2005, First Special Session chapter 4, article 2, section 13, the effective date.

## 256B.095 QUALITY ASSURANCE SYSTEM ESTABLISHED.

(a) Effective July 1, 1998, a quality assurance system for persons with developmental disabilities, which includes an alternative quality assurance licensing system for programs, is established in Dodge, Fillmore, Freeborn, Goodhue, Houston, Mower, Olmsted, Rice, Steele, Wabasha, and Winona Counties for the purpose of improving the quality of services provided to persons with developmental disabilities. A county, at its option, may choose to have all programs for persons with developmental disabilities located within the county licensed under chapter 245A using standards determined under the alternative quality assurance licensing system or may continue regulation of these programs under the licensing system operated by the commissioner. The project expires on June 30, 2009.

(b) Effective July 1, 2003, a county not listed in paragraph (a) may apply to participate in the quality assurance system established under paragraph (a). The commission established under section 256B.0951 may, at its option, allow additional counties to participate in the system.

(c) Effective July 1, 2003, any county or group of counties not listed in paragraph (a) may establish a quality assurance system under this section. A new system established under this section shall have the same rights and duties as the system established under paragraph (a). A new system shall be governed by a commission under section 256B.0951. The commissioner shall appoint the initial commission members based on recommendations from advocates, families, service providers, and counties in the geographic area included in the new system. Counties that choose to participate in a new system shall have the duties assigned under section 256B.0952. The new system shall establish a quality assurance process under section 256B.0953. The provisions of section 256B.0954 shall apply to a new system established under this paragraph. The commissioner shall delegate authority to a new system established under this paragraph according to section 256B.0955.

**History:** *1Sp2005 c 4 art 7 s 24*

## 256B.0951 QUALITY ASSURANCE COMMISSION.

Subdivision 1. **Membership.** The Quality Assurance Commission is established. The commission consists of at least 14 but not more than 21 members as follows: at least three but not more than five members representing advocacy organizations; at least three but not more than five members representing consumers, families, and their legal representatives; at least three but not more than five members representing service providers; at least three but not more than five members representing counties; and the commissioner of human services or the commissioner's designee. The first commission shall establish membership guidelines for the transition and recruitment of membership for the commission's ongoing existence. Members of the commission who do not receive a salary or wages from an employer for time spent on commission duties may receive a per diem payment when performing commission duties and functions. All members may be reimbursed for expenses related to commission activities. Notwithstanding the provisions of section 15.059, subdivision 5, the commission expires on June 30, 2009.

*[For text of subds 2 to 7, see M.S.2004]*

Subd. 8. **Federal waiver.** The commissioner of human services shall seek a federal waiver to allow intermediate care facilities for persons with mental retardation (ICFs/MR) in region 10 of Minnesota to participate in the alternative licensing system. If it is necessary for purposes of participation in this alternative licensing system for a facility to be decertified as an ICF/MR facility according to the terms of the federal waiver, when the facility seeks recertification under the provisions of ICF/MR regulations at the end of the demonstration project, it will not be considered a new ICF/MR as defined under section 252.291 provided the licensed capacity of the facility did not increase during its participation in the alternative licensing system. The provisions of sections 252.28, 252.292, and 256B.5011 to 256B.5015 will remain applicable for counties in region 10 of Minnesota and the ICFs/MR located within those counties notwithstanding a county's participation in the alternative licensing system.

*[For text of subd 9, see M.S.2004]*

**History:** *2005 c 10 art 1 s 53; 1Sp2005 c 4 art 7 s 25*

## 256B.0952 COUNTY DUTIES; QUALITY ASSURANCE TEAMS.

*[For text of subds 1 to 4, see M.S.2004]*

Subd. 5. **Quality assurance teams.** Quality assurance teams shall be comprised of county staff; providers; consumers, families, and their legal representatives; members of advocacy organizations; and other involved community members. Team members must satisfactorily complete the training program approved by the commission and must demonstrate performance-based competency. Team members are not considered to be county employees for purposes of workers' compensation, unemployment insurance, or state retirement laws solely on the basis of participation on a quality assurance team. The county may pay a per diem to team members for time spent on alternative quality assurance process matters. All team members may be reimbursed for expenses related to their participation in the alternative process.

*[For text of subd 6, see M.S.2004]*

**History:** *1Sp2005 c 4 art 7 s 26*

## 256B.0953 QUALITY ASSURANCE PROCESS.

Subdivision 1. **Process components.** (a) The quality assurance licensing process consists of an evaluation by a quality assurance team of the facility, program, or service according to outcome-based measurements. The process must include an evaluation of a random sample of program consumers. The sample must be representative of each service provided. The sample size must be at least five percent of consumers but not less than two consumers.

(b) All consumers must be given the opportunity to be included in the quality assurance process in addition to those chosen for the random sample.

*[For text of subds 2 and 3, see M.S.2004]*

**History:** *1Sp2005 c 4 art 7 s 27*

## 256B.15 CLAIMS AGAINST ESTATES.

Subdivision 1. **Policy and applicability.** (a) It is the policy of this state that individuals or couples, either or both of whom participate in the medical assistance program, use their own assets to pay their share of the total cost of their care during or after their enrollment in the program according to applicable federal law and the laws of this state. The following provisions apply:

(1) subdivisions 1c to 1k shall not apply to claims arising under this section which are presented under section 525.313;

(2) the provisions of subdivisions 1c to 1k expanding the interests included in an estate for purposes of recovery under this section give effect to the provisions of United States Code, title 42, section 1396p, governing recoveries, but do not give rise to any express or implied liens in favor of any other parties not named in these provisions;

(3) the continuation of a recipient's life estate or joint tenancy interest in real property after the recipient's death for the purpose of recovering medical assistance under this section modifies common law principles holding that these interests terminate on the death of the holder;

(4) all laws, rules, and regulations governing or involved with a recovery of medical assistance shall be liberally construed to accomplish their intended purposes;

(5) a deceased recipient's life estate and joint tenancy interests continued under this section shall be owned by the remaindermen or surviving joint tenants as their interests may appear on the date of the recipient's death. They shall not be merged into the remainder interest or the interests of the surviving joint tenants by reason of ownership. They shall be subject to the provisions of this section. Any conveyance, transfer, sale, assignment, or encumbrance by a remainderman, a surviving joint tenant, or their heirs, successors, and assigns shall be deemed to include all of their interest in the deceased recipient's life estate or joint tenancy interest continued under this section; and

(6) the provisions of subdivisions 1c to 1k continuing a recipient's joint tenancy interests in real property after the recipient's death do not apply to a homestead owned of record, on the date the recipient dies, by the recipient and the recipient's spouse as joint tenants with a right of survivorship. Homestead means the real property occupied by the surviving joint tenant spouse as their sole residence on the date the recipient dies and classified and taxed to the recipient and surviving joint tenant spouse as homestead property for property tax purposes in the calendar year in which the recipient dies. For purposes of this exemption, real property the recipient and their surviving joint tenant spouse purchase solely with the proceeds from the sale of their prior homestead, own of record as joint tenants, and qualify as homestead property under section 273.124 in the calendar year in which the recipient dies and prior to the recipient's death shall be deemed to be real property classified and taxed to the recipient and their surviving joint tenant spouse as homestead property in the calendar year in which the recipient dies. The surviving spouse, or any person with personal knowledge of the facts, may provide an affidavit describing the homestead property affected by this clause and stating facts showing compliance with this clause. The affidavit shall be prima facie evidence of the facts it states.

(b) For purposes of this section, "medical assistance" includes the medical assistance program under this chapter and the general assistance medical care program under chapter 256D and alternative care for nonmedical assistance recipients under section 256B.0913.

(c) All provisions in this subdivision, and subdivisions 1d, 1f, 1g, 1h, 1i, and 1j, related to the continuation of a recipient's life estate or joint tenancy interests in real property after the recipient's death for the purpose of recovering medical assistance, are effective only for life estates and joint tenancy interests established on or after August 1, 2003. For purposes of this paragraph, medical assistance does not include alternative care.

*[For text of subds 1a to 3, see M.S.2004]*

Subd. 4. **Other survivors.** If the decedent who was single or the surviving spouse of a married couple is survived by one of the following persons, a claim exists against the estate payable first from the value of the nonhomestead property included in the estate and the personal representative shall make, execute, and deliver to the county agency a lien against the homestead property in the estate for any unpaid balance of the claim to the claimant as provided under this section:

(a) a sibling who resided in the decedent medical assistance recipient's home at least one year before the decedent's institutionalization and continuously since the date of institutionalization; or

(b) a son or daughter or a grandchild who resided in the decedent medical assistance recipient's home for at least two years immediately before the parent's or grandparent's institutionalization and continuously since the date of institutionalization, and who establishes by a preponderance of the evidence having provided care to the parent or grandparent who received medical assistance, that the care was provided before institutionalization, and that the care permitted the parent or grandparent to reside at home rather than in an institution.

*[For text of subd 5, see M.S.2004]*

Subd. 6. **Life estate or joint tenancy interest.** For purposes of subdivision 1 and section 514.981, subdivision 6, a life estate or joint tenancy interest is established upon the earlier of:

(1) the date the instrument creating the interest is recorded or filed in the office of the county recorder or registrar of titles where the real estate interest it describes is located;

(2) the date of delivery by the grantor to the grantee of the signed instrument as stated in an affidavit made by a person with knowledge of the facts;

(3) the date on which the judicial order creating the interest was issued by the court; or

(4) the date upon which the interest devolves under section 524.3-101.

Subd. 7. **Lien notices.** Medical assistance liens and liens under notices of potential claims that are of record against life estate or joint tenancy interests established prior to August 1, 2003, shall end, become unenforceable, and cease to be liens on those interests upon the death of the person named in the lien or notice of potential claim, shall be disregarded by examiners of title after the death of the life tenant or joint tenant, and shall not be carried forward to a subsequent certificate of title. This subdivision shall not apply to life estates that continue to exist after the death of the person named in the lien or notice of potential claim under the terms of the instrument creating or reserving the life estate until the life estate ends as provided for in the instrument.

Subd. 8. **Immunity.** The commissioner of human services, county agencies, and elected officials and their employees are immune from all liability for any action taken implementing Laws 2003, First Special Session chapter 14, article 12, sections 40 to 52 and 90, as those laws existed at the time the action was taken, and section 514.981, subdivision 6.

**History:** *1Sp2005 c 4 art 7 s 28-32*

## 256B.19 DIVISION OF COST.

Subdivision 1. **Division of cost.** The state and county share of medical assistance costs not paid by federal funds shall be as follows:

(1) beginning January 1, 1992, 50 percent state funds and 50 percent county funds for the cost of placement of severely emotionally disturbed children in regional treatment centers;

(2) beginning January 1, 2003, 80 percent state funds and 20 percent county funds for the costs of nursing facility placements of persons with disabilities under the age of 65 that have exceeded 90 days. This clause shall be subject to chapter 256G and shall not apply to placements in facilities not certified to participate in medical assistance;

(3) beginning July 1, 2004, 90 percent state funds and ten percent county funds for the costs of placements that have exceeded 90 days in intermediate care facilities for persons with mental retardation or a related condition that have seven or more beds. This provision includes pass-through payments made under section 256B.5015; and

(4) beginning July 1, 2004, when state funds are used to pay for a nursing facility placement due to the facility's status as an institution for mental diseases (IMD), the county shall pay 20 percent of the nonfederal share of costs that have exceeded 90 days. This clause is subject to chapter 256G.

For counties that participate in a Medicaid demonstration project under sections 256B.69 and 256B.71, the division of the nonfederal share of medical assistance expenses for payments made to prepaid health plans or for payments made to health maintenance organizations in the form of prepaid capitation payments, this division of medical assistance expenses shall be 95 percent by the state and five percent by the county of financial responsibility.

In counties where prepaid health plans are under contract to the commissioner to provide services to medical assistance recipients, the cost of court ordered treatment ordered without consulting the prepaid health plan that does not include diagnostic evaluation, recommendation, and referral for treatment by the prepaid health plan is the responsibility of the county of financial responsibility.

Subd. 1c. **Additional portion of nonfederal share.** (a) Hennepin County shall be responsible for a monthly transfer payment of $1,500,000, due before noon on the 15th of each month and the University of Minnesota shall be responsible for a monthly transfer payment of $500,000 due before noon on the 15th of each month, beginning July 15, 1995. These sums shall be part of the designated governmental unit's portion of the nonfederal share of medical assistance costs.

(b) Beginning July 1, 2001, Hennepin County's payment under paragraph (a) shall be $2,066,000 each month.

(c) Beginning July 1, 2001, the commissioner shall increase annual capitation payments to the metropolitan health plan under section 256B.69 for the prepaid medical assistance program by approximately $3,400,000, plus any available federal matching funds, to recognize higher than average medical education costs.

(d) Effective August 1, 2005, Hennepin County's payment under paragraphs (a) and (b) shall be reduced to $566,000, and the University of Minnesota's payment under paragraph (a) shall be reduced to zero.

*[For text of subds 1d to 3, see M.S.2004]*

**History:** *1Sp2005 c 4 art 2 s 14; art 8 s 48*

**256B.195 INTERGOVERNMENTAL TRANSFERS; HOSPITAL PAYMENTS.**

*[For text of subds 1 and 2, see M.S.2004]*

Subd. 3. **Payments to certain safety net providers.** (a) Effective July 15, 2001, the commissioner shall make the following payments to the hospitals indicated after noon on the 15th of each month:

(1) to Hennepin County Medical Center, any federal matching funds available to match the payments received by the medical center under subdivision 2, to increase payments for medical assistance admissions and to recognize higher medical assistance costs in institutions that provide high levels of charity care; and

(2) to Regions Hospital, any federal matching funds available to match the payments received by the hospital under subdivision 2, to increase payments for medical assistance admissions and to recognize higher medical assistance costs in institutions that provide high levels of charity care.

(b) Effective July 15, 2001, the following percentages of the transfers under subdivision 2 shall be retained by the commissioner for deposit each month into the general fund:

(1) 18 percent, plus any federal matching funds, shall be allocated for the following purposes:

(i) during the fiscal year beginning July 1, 2001, of the amount available under this clause, 39.7 percent shall be allocated to make increased hospital payments under

section 256.969, subdivision 26; 34.2 percent shall be allocated to fund the amounts due from small rural hospitals, as defined in section 144.148, for overpayments under section 256.969, subdivision 5a, resulting from a determination that medical assistance and general assistance payments exceeded the charge limit during the period from 1994 to 1997; and 26.1 percent shall be allocated to the commissioner of health for rural hospital capital improvement grants under section 144.148; and

(ii) during fiscal years beginning on or after July 1, 2002, of the amount available under this clause, 55 percent shall be allocated to make increased hospital payments under section 256.969, subdivision 26, and 45 percent shall be allocated to the commissioner of health for rural hospital capital improvement grants under section 144.148; and

(2) 11 percent shall be allocated to the commissioner of health to fund community clinic grants under section 145.9268.

(c) This subdivision shall apply to fee-for-service payments only and shall not increase capitation payments or payments made based on average rates. The allocation in paragraph (b), clause (1), item (ii), to increase hospital payments under section 256.969, subdivision 26, shall not limit payments under that section.

(d) Medical assistance rate or payment changes, including those required to obtain federal financial participation under section 62J.692, subdivision 8, shall precede the determination of intergovernmental transfer amounts determined in this subdivision. Participation in the intergovernmental transfer program shall not result in the offset of any health care provider's receipt of medical assistance payment increases other than limits resulting from hospital-specific charge limits and limits on disproportionate share hospital payments.

(e) Effective July 1, 2003, if the amount available for allocation under paragraph (b) is greater than the amounts available during March 2003, after any increase in intergovernmental transfers and payments that result from section 256.969, subdivision 3a, paragraph (c), are paid to the general fund, any additional amounts available under this subdivision after reimbursement of the transfers under subdivision 2 shall be allocated to increase medical assistance payments, subject to hospital-specific charge limits and limits on disproportionate share hospital payments, as follows:

(1) if the payments under subdivision 5 are approved, the amount shall be paid to the largest ten percent of hospitals as measured by 2001 payments for medical assistance, general assistance medical care, and MinnesotaCare in the nonstate government hospital category. Payments shall be allocated according to each hospital's proportionate share of the 2001 payments; or

(2) if the payments under subdivision 5 are not approved, the amount shall be paid to the largest ten percent of hospitals as measured by 2001 payments for medical assistance, general assistance medical care, and MinnesotaCare in the nonstate government category and to the largest ten percent of hospitals as measured by payments for medical assistance, general assistance medical care, and MinnesotaCare in the nongovernment hospital category. Payments shall be allocated according to each hospital's proportionate share of the 2001 payments in their respective category of nonstate government and nongovernment. The commissioner shall determine which hospitals are in the nonstate government and nongovernment hospital categories.

*[For text of subds 4 and 5, see M.S.2004]*

**History:** *1Sp2005 c 4 art 8 s 49*

**256B.199 PAYMENTS REPORTED BY GOVERNMENTAL ENTITIES.**

(a) Hennepin County, Hennepin County Medical Center, Ramsey County, Regions Hospital, the University of Minnesota, and Fairview-University Medical Center shall report quarterly to the commissioner beginning June 1, 2007, payments made during the second previous quarter that may qualify for reimbursement under federal law.

(b) Based on these reports, the commissioner shall apply for federal matching funds. These funds are appropriated to the commissioner for the payments under section 256.969, subdivision 27.

(c) By May 1 of each year, beginning May 1, 2007, the commissioner shall inform the nonstate entities listed in paragraph (a) of the amount of federal disproportionate share hospital payment money expected to be available in the current federal fiscal year.

(d) This section sunsets on June 30, 2009. The commissioner shall report to the legislature by December 15, 2008, with recommendations for maximizing federal disproportionate share hospital payments after June 30, 2009.

**History:** *1Sp2005 c 4 art 8 s 50*

**256B.431 RATE DETERMINATION.**

*[For text of subds 1 to 2c, see M.S.2004]*

Subd. 2d. **Cost report or audit.** If an annual cost report or field audit indicates that expenditures for direct resident care have been reduced in amounts large enough to indicate a possible detrimental effect on the quality of care, the commissioner shall notify the commissioner of health and the interagency long-term care planning committee. If a field audit reveals that unallowable expenditures have been included in the nursing facility's historical operating costs, the commissioner shall disallow the expenditures and recover the entire overpayment. The commissioner shall establish, by rule, procedures for assessing an interest charge at the rate determined for unpaid taxes or penalties under section 270C.40 on any outstanding balance resulting from an overpayment or underpayment.

*[For text of subds 2e to 13, see M.S.2004]*

Subd. 14. **Limitations on sales of nursing facilities.** (a) For rate periods beginning on October 1, 1992, and for rate years beginning after June 30, 1993, a nursing facility's property-related payment rate as established under subdivision 13 shall be adjusted by either paragraph (b) or (c) for the sale of the nursing facility, including sales occurring after June 30, 1992, as provided in this subdivision.

(b) If the nursing facility's property-related payment rate under subdivision 13 prior to sale is greater than the nursing facility's rental rate under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section prior to sale, the nursing facility's property-related payment rate after sale shall be the greater of its property-related payment rate under subdivision 13 prior to sale or its rental rate under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section calculated after sale.

(c) If the nursing facility's property-related payment rate under subdivision 13 prior to sale is equal to or less than the nursing facility's rental rate under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section prior to sale, the nursing facility's property-related payment rate after sale shall be the nursing facility's property-related payment rate under subdivision 13 plus the difference between its rental rate calculated under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section prior to sale and its rental rate calculated under Minnesota Rules, parts 9549.0010 to 9549.0080, and this section calculated after sale.

(d) For purposes of this subdivision, "sale" means the purchase of a nursing facility's capital assets with cash or debt. The term sale does not include a stock purchase of a nursing facility or any of the following transactions:

(1) a sale and leaseback to the same licensee that does not constitute a change in facility license;

(2) a transfer of an interest to a trust;

(3) gifts or other transfers for no consideration;

(4) a merger of two or more related organizations;

(5) a change in the legal form of doing business, other than a publicly held organization that becomes privately held or vice versa;

(6) the addition of a new partner, owner, or shareholder who owns less than 20 percent of the nursing facility or the issuance of stock; and

(7) a sale, merger, reorganization, or any other transfer of interest between related organizations other than those permitted in this section.

(e) For purposes of this subdivision, "sale" includes the sale or transfer of a nursing facility to a close relative as defined in Minnesota Rules, part 9549.0020, subpart 38, item C, upon the death of an owner, due to serious illness or disability, as defined under the Social Security Act, under United States Code, title 42, section 423(d)(1)(A), or upon retirement of an owner from the business of owning or operating a nursing home at 62 years of age or older. For sales to a close relative allowed under this paragraph, otherwise nonallowable debt resulting from seller financing of all or a portion of the debt resulting from the sale shall be allowed and shall not be subject to Minnesota Rules, part 9549.0060, subpart 5, item E, provided that in addition to existing requirements for allowance of debt and interest, the debt is subject to repayment through annual principal payments and the interest rate on the related organization debt does not exceed three percentage points above the posted yield for standard conventional fixed rate mortgages of the Federal Home Loan Mortgage Corporation for delivery in 60 days in effect on the day of sale. If at any time, the seller forgives the related organization debt allowed under this paragraph for other than equal amount of payment on that debt, then the buyer shall pay to the state the total revenue received by the nursing facility after the sale attributable to the amount of allowable debt which has been forgiven. Any assignment, sale, or transfer of the debt instrument entered into by the close relatives, either directly or indirectly, which grants to the close relative buyer the right to receive all or a portion of the payments under the debt instrument shall, effective on the date of the transfer, result in the prospective reduction in the corresponding portion of the allowable debt and interest expense. Upon the death of the close relative seller, any remaining balance of the close relative debt must be refinanced and such refinancing shall be subject to the provisions of Minnesota Rules, part 9549.0060, subpart 7, item G. This paragraph shall not apply to sales occurring on or after June 30, 1997.

(f) For purposes of this subdivision, "effective date of sale" means the later of either the date on which legal title to the capital assets is transferred or the date on which closing for the sale occurred.

(g) The effective day for the property-related payment rate determined under this subdivision shall be the first day of the month following the month in which the effective date of sale occurs or October 1, 1992, whichever is later, provided that the notice requirements under section 256B.47, subdivision 2, have been met.

(h) Notwithstanding Minnesota Rules, part 9549.0060, subparts 5, item A, subitems (3) and (4), and 7, items E and F, the commissioner shall limit the total allowable debt and related interest for sales occurring after June 30, 1992, to the sum of clauses (1) to (3):

(1) the historical cost of capital assets, as of the nursing facility's most recent previous effective date of sale or, if there has been no previous sale, the nursing facility's initial historical cost of constructing capital assets;

(2) the average annual capital asset additions after deduction for capital asset deletions, not including depreciations; and

(3) one-half of the allowed inflation on the nursing facility's capital assets. The commissioner shall compute the allowed inflation as described in paragraph (i).

(i) For purposes of computing the amount of allowed inflation, the commissioner must apply the following principles:

(1) the lesser of the Consumer Price Index for all urban consumers or the Dodge Construction Systems Costs for Nursing Homes for any time periods during which both are available must be used. If the Dodge Construction Systems Costs for Nursing Homes becomes unavailable, the commissioner shall substitute the index in subdivision

3f, or such other index as the secretary of the Centers for Medicare and Medicaid Services may designate;

(2) the amount of allowed inflation to be applied to the capital assets in paragraph (h), clauses (1) and (2), must be computed separately;

(3) the amount of allowed inflation must be determined on an annual basis, prorated on a monthly basis for partial years and if the initial month of use is not determinable for a capital asset, then one-half of that calendar year shall be used for purposes of prorating;

(4) the amount of allowed inflation to be applied to the capital assets in paragraph (h), clauses (1) and (2), must not exceed 300 percent of the total capital assets in any one of those clauses; and

(5) the allowed inflation must be computed starting with the month following the nursing facility's most recent previous effective date of sale or, if there has been no previous sale, the month following the date of the nursing facility's initial occupancy, and ending with the month preceding the effective date of sale.

(j) If the historical cost of a capital asset is not readily available for the date of the nursing facility's most recent previous sale or if there has been no previous sale for the date of the nursing facility's initial occupancy, then the commissioner shall limit the total allowable debt and related interest after sale to the extent recognized by the Medicare intermediary after the sale. For a nursing facility that has no historical capital asset cost data available and does not have allowable debt and interest calculated by the Medicare intermediary, the commissioner shall use the historical cost of capital asset data from the point in time for which capital asset data is recorded in the nursing facility's audited financial statements.

(k) The limitations in this subdivision apply only to debt resulting from a sale of a nursing facility occurring after June 30, 1992, including debt assumed by the purchaser of the nursing facility.

*[For text of subds 15 to 40, see M.S.2004]*

Subd. 41. **Rate increases for October 1, 2005, and October 1, 2006.** (a) For the rate period beginning October 1, 2005, the commissioner shall make available to each nursing facility reimbursed under this section or section 256B.434 an adjustment equal to 2.2553 percent of the total operating payment rate, and for the rate year beginning October 1, 2006, the commissioner shall make available to each nursing facility reimbursed under this section or section 256B.434 an adjustment equal to 1.2553 percent of the total operating payment rate.

(b) 75 percent of the money resulting from the rate adjustment under paragraph (a) must be used to increase wages and benefits and pay associated costs for all employees, except management fees, the administrator, and central office staff. Except as provided in paragraph (c), 75 percent of the money received by a facility as a result of the rate adjustment provided in paragraph (a) must be used only for wage, benefit, and staff increases implemented on or after the effective date of the rate increase each year, and must not be used for increases implemented prior to that date.

(c) With respect only to the October 1, 2005, rate increase, a nursing facility that incurred costs for salary and employee benefit increases first provided after July 1, 2003, may count those costs towards the amount required to be spent on salaries and benefits under paragraph (b). These costs must be reported to the commissioner in the form and manner specified by the commissioner.

(d) Nursing facilities may apply for the portion of the rate adjustment under paragraph (a) for employee wages and benefits and associated costs. The application must be made to the commissioner and contain a plan by which the nursing facility will distribute the funds according to paragraph (b). For nursing facilities in which the employees are represented by an exclusive bargaining representative, an agreement negotiated and agreed to by the employer and the exclusive bargaining representative constitutes the plan. A negotiated agreement may constitute the plan only if the agreement is finalized after the date of enactment of all increases for the rate year and

signed by both parties prior to submission to the commissioner. The commissioner shall review the plan to ensure that the rate adjustments are used as provided in paragraph (b). To be eligible, a facility must submit its distribution plan by March 31, 2006, and March 31, 2007, respectively. The commissioner may approve distribution plans on or before June 30, 2006, and June 30, 2007, respectively. If a facility's distribution plan is effective after the first day of the applicable rate period that the funds are available, the rate adjustments are effective the same date as the facility's plan.

(e) A copy of the approved distribution plan must be made available to all employees by giving each employee a copy or by posting a copy in an area of the nursing facility to which all employees have access. If an employee does not receive the wage and benefit adjustment described in the facility's approved plan and is unable to resolve the problem with the facility's management or through the employee's union representative, the employee may contact the commissioner at an address or telephone number provided by the commissioner and included in the approved plan.

Subd. 42. **Incentive to establish single-bed rooms.** (a) Beginning July 1, 2005, the operating payment rate for nursing facilities reimbursed under this section, section 256B.434, or 256B.441 shall be increased by 20 percent multiplied by the ratio of the number of new single-bed rooms created divided by the number of active beds on July 1, 2005, for each bed closure that results in the creation of a single-bed room after July 1, 2005. The commissioner may implement rate adjustments for up to 3,000 new single-bed rooms each year. For eligible bed closures for which the commissioner receives a notice from a facility during a calendar quarter that a bed has been delicensed and a new single-bed room has been established, the rate adjustment in this paragraph shall be effective on the first day of the second month following that calendar quarter.

(b) A nursing facility is prohibited from discharging residents for purposes of establishing single-bed rooms. A nursing facility must submit documentation to the commissioner in a form prescribed by the commissioner, certifying the occupancy status of beds closed to create single-bed rooms. In the event that the commissioner determines that a facility has discharged a resident for purposes of establishing a single-bed room, the commissioner shall not provide a rate adjustment under paragraph (a).

(c) If after August 1, 2005, and before December 31, 2007, more than 4,000 nursing home beds are removed from service, a portion of the appropriation for nursing homes shall be transferred to the alternative care program. The amount of this transfer shall equal the number of beds removed from service less 4,000, multiplied by the average monthly per-person cost for alternative care, multiplied by 12, and further multiplied by 0.3.

**History:** *2005 c 10 art 1 s 54; 2005 c 151 art 2 s 17; 1Sp2005 c 4 art 7 s 33,34*

## 256B.432 LONG-TERM CARE FACILITIES; OFFICE COSTS.

Subdivision 1. **Definitions.** For purposes of this section, the following terms have the meanings given them.

(a) "Management agreement" means an agreement in which one or more of the following criteria exist:

(1) the central, affiliated, or corporate office has or is authorized to assume day-to-day operational control of the nursing facility for any six-month period within a 24-month period. "Day-to-day operational control" means that the central, affiliated, or corporate office has the authority to require, mandate, direct, or compel the employees of the nursing facility to perform or refrain from performing certain acts, or to supplant or take the place of the top management of the nursing facility. "Day-to-day operational control" includes the authority to hire or terminate employees or to provide an employee of the central, affiliated, or corporate office to serve as administrator of the nursing facility;

(2) the central, affiliated, or corporate office performs or is authorized to perform two or more of the following: the execution of contracts; authorization of purchase orders; signature authority for checks, notes, or other financial instruments; requiring the nursing facility to use the group or volume purchasing services of the central,

affiliated, or corporate office; or the authority to make annual capital expenditures for the nursing facility exceeding $50,000, or $500 per licensed bed, whichever is less, without first securing the approval of the nursing facility board of directors;

(3) the central, affiliated, or corporate office becomes or is required to become the licensee under applicable state law;

(4) the agreement provides that the compensation for services provided under the agreement is directly related to any profits made by the nursing facility; or

(5) the nursing facility entering into the agreement is governed by a governing body that meets fewer than four times a year, that does not publish notice of its meetings, or that does not keep formal records of its proceedings.

(b) "Consulting agreement" means any agreement the purpose of which is for a central, affiliated, or corporate office to advise, counsel, recommend, or suggest to the owner or operator of the nonrelated nursing facility measures and methods for improving the operations of the nursing facility.

(c) "Nursing facility" means a facility with a medical assistance provider agreement that is licensed as a nursing home under chapter 144A or as a boarding care home under sections 144.50 to 144.56.

Subd. 2. **Effective date.** For rate years beginning on or after July 1, 1990, the central, affiliated, or corporate office cost allocations in subdivisions 3 to 6 must be used when determining medical assistance rates under section 256B.431, 256B.434, or 256B.441.

*[For text of subds 3 and 4, see M.S.2004]*

Subd. 4a. **Cost allocation on a functional basis.** (a) Costs that have not been directly identified must be allocated to nursing facilities on a basis designed to equitably allocate the costs to the nursing facilities or activities receiving the benefits of the costs. This allocation must be made in a manner reasonably related to the services received by the nursing facilities. Where practical and the amounts are material, these costs must be allocated on a functional basis. The functions, or cost centers used to allocate central office costs, and the unit bases used to allocate the costs, including those central office costs allocated according to subdivision 5, must be used consistently from one central office accounting period to another.

(b) If the central office wishes to change its allocation bases and believes the change will result in more appropriate and more accurate allocations, the central office must make a written request, with its justification, to the commissioner for approval of the change no later than 120 days after the beginning of the central office accounting period to which the change is to apply. The commissioner's approval of a central office request will be furnished to the central office in writing. Where the commissioner approves the central office request, the change must be applied to the accounting period for which the request was made, and to all subsequent central office accounting periods unless the commissioner approves a subsequent request for change by the central office. The effective date of the change will be the beginning of the accounting period for which the request was made.

Subd. 5. **Allocation of remaining costs; allocation ratio.** (a) After the costs that can be directly identified according to subdivisions 3 and 4 have been allocated, the remaining central, affiliated, or corporate office costs must be allocated between the nursing facility operations and the other activities or facilities unrelated to the nursing facility operations based on the ratio of total operating costs. However, in the event that these remaining costs are partially attributable to the start-up of home and community-based services intended to fill a gap identified by the local agency, the facility may assign these remaining costs to the appropriate cost category of the facility for a period not to exceed two years.

(b) For purposes of allocating these remaining central, affiliated, or corporate office costs, the numerator for the allocation ratio shall be determined as follows:

(1) for nursing facilities that are related organizations or are controlled by a central, affiliated, or corporate office under a management agreement, the numerator

of the allocation ratio shall be equal to the sum of the total operating costs incurred by each related organization or controlled nursing facility;

(2) for a central, affiliated, or corporate office providing goods or services to related organizations that are not nursing facilities, the numerator of the allocation ratio shall be equal to the sum of the total operating costs incurred by the nonnursing facility related organizations;

(3) for a central, affiliated, or corporate office providing goods or services to unrelated nursing facilities under a consulting agreement, the numerator of the allocation ratio shall be equal to the greater of directly identified central, affiliated, or corporate costs or the contracted amount; or

(4) for business activities that involve the providing of goods or services to unrelated parties which are not nursing facilities, the numerator of the allocation ratio shall be equal to the greater of directly identified costs or revenues generated by the activity or function.

(c) The denominator for the allocation ratio is the sum of the numerators in paragraph (b), clauses (1) to (4).

*[For text of subd 6, see M.S.2004]*

Subd. 6a. **Related organization costs.** (a) Costs applicable to services, capital assets, and supplies directly or indirectly furnished to the nursing facility by any related organization are includable in the allowable cost of the nursing facility at the purchase price paid by the related organization for capital assets or supplies and at the cost incurred by the related organization for the provision of services to the nursing facility if these prices or costs do not exceed the price of comparable services, capital assets, or supplies that could be purchased elsewhere. For this purpose, the related organization's costs must not include an amount for markup or profit.

(b) If the related organization in the normal course of business sells services, capital assets, or supplies to nonrelated organizations, the cost to the nursing facility shall be the nonrelated organization's price provided that sales to nonrelated organizations constitute at least 50 percent of total annual sales of similar services, capital assets, or supplies.

*[For text of subds 7 and 8, see M.S.2004]*

**History:** *1Sp2005 c 4 art 7 s 35-39*

**256B.434 ALTERNATIVE PAYMENT DEMONSTRATION PROJECT.**

*[For text of subds 1 and 2, see M.S.2004]*

Subd. 3. **Duration and termination of contracts.** (a) Subject to available resources, the commissioner may begin to execute contracts with nursing facilities November 1, 1995.

(b) All contracts entered into under this section are for a term not to exceed four years. Either party may terminate a contract at any time without cause by providing 90 calendar days advance written notice to the other party. The decision to terminate a contract is not appealable. Notwithstanding section 16C.05, subdivision 2, paragraph (a), clause (5), the contract shall be renegotiated for additional terms of up to four years, unless either party provides written notice of termination. The provisions of the contract shall be renegotiated at a minimum of every four years by the parties prior to the expiration date of the contract. The parties may voluntarily renegotiate the terms of the contract at any time by mutual agreement.

(c) If a nursing facility fails to comply with the terms of a contract, the commissioner shall provide reasonable notice regarding the breach of contract and a reasonable opportunity for the facility to come into compliance. If the facility fails to come into compliance or to remain in compliance, the commissioner may terminate the contract. If a contract is terminated, the contract payment remains in effect for the remainder of the rate year in which the contract was terminated, but in all other

respects the provisions of this section do not apply to that facility effective the date the contract is terminated. The contract shall contain a provision governing the transition back to the cost-based reimbursement system established under section 256B.431 and Minnesota Rules, parts 9549.0010 to 9549.0080. A contract entered into under this section may be amended by mutual agreement of the parties.

Subd. 4. **Alternate rates for nursing facilities.** (a) For nursing facilities which have their payment rates determined under this section rather than section 256B.431, the commissioner shall establish a rate under this subdivision. The nursing facility must enter into a written contract with the commissioner.

(b) A nursing facility's case mix payment rate for the first rate year of a facility's contract under this section is the payment rate the facility would have received under section 256B.431.

(c) A nursing facility's case mix payment rates for the second and subsequent years of a facility's contract under this section are the previous rate year's contract payment rates plus an inflation adjustment and, for facilities reimbursed under this section or section 256B.431, an adjustment to include the cost of any increase in Health Department licensing fees for the facility taking effect on or after July 1, 2001. The index for the inflation adjustment must be based on the change in the Consumer Price Index-All Items (United States City average) (CPI-U) forecasted by the commissioner of finance's national economic consultant, as forecasted in the fourth quarter of the calendar year preceding the rate year. The inflation adjustment must be based on the 12-month period from the midpoint of the previous rate year to the midpoint of the rate year for which the rate is being determined. For the rate years beginning on July 1, 1999, July 1, 2000, July 1, 2001, July 1, 2002, July 1, 2003, July 1, 2004, July 1, 2005, July 1, 2006, July 1, 2007, and July 1, 2008, this paragraph shall apply only to the property-related payment rate, except that adjustments to include the cost of any increase in Health Department licensing fees taking effect on or after July 1, 2001, shall be provided. Beginning in 2005, adjustment to the property payment rate under this section and section 256B.431 shall be effective on October 1. In determining the amount of the property-related payment rate adjustment under this paragraph, the commissioner shall determine the proportion of the facility's rates that are property-related based on the facility's most recent cost report. Beginning October 1, 2006, facilities reimbursed under this section shall be allowed to receive a property rate adjustment for building projects under section 144A.071, subdivision 2.

*[For text of subds 4a to 16, see M.S.2004]*

Subd. 18. **Facilities without APS contracts as of October 1, 2006.** Effective October 1, 2006, payment rates for property shall no longer be determined under section 256B.431. A facility that does not have a contract with the commissioner under this section shall not be eligible for a rate increase.

**History:** *1Sp2005 c 4 art 7 s 40-42*

## 256B.441 VALUE-BASED NURSING FACILITY REIMBURSEMENT SYSTEM.

Subdivision 1. **Rate determination.** (a) The commissioner shall establish a value-based nursing facility reimbursement system which will provide facility-specific, prospective rates for nursing facilities participating in the medical assistance program. The rates shall be determined using an annual statistical and cost report filed by each nursing facility. The total payment rate shall be composed of four rate components: direct care services, support services, external fixed, and property-related rate components. The payment rate shall be derived from statistical measures of actual costs incurred in facility operation of nursing facilities. From this cost basis, the components of the total payment rate shall be adjusted for quality of services provided, recognition of staffing levels, geographic variation in labor costs, and resident acuity.

(b) Rates shall be rebased annually. Each cost reporting year shall begin on October 1 and end on the following September 30. Beginning in 2006, a statistical and

cost report shall be filed by each nursing facility by January 15. Notice of rates shall be distributed by August 15 and the rates shall go into effect on October 1 for one year.

(c) The commissioner shall begin to phase in the new reimbursement system beginning October 1, 2007. Full phase-in shall be completed by October 1, 2011.

Subd. 2. **Definitions.** For purposes of this section, the terms in subdivisions 3 to 42 have the meanings given unless otherwise provided for in this section.

Subd. 3. **Active beds.** "Active beds" means licensed beds that are not currently in layaway status.

Subd. 4. **Activities costs.** "Activities costs" means the costs for the salaries and wages of the supervisor and other activities workers, associated fringe benefits and payroll taxes, supplies, services, and consultants.

Subd. 5. **Administrative costs.** "Administrative costs" means the direct costs for administering the overall activities of the nursing home. These costs include salaries and wages of the administrator, assistant administrator, business office employees, security guards, and associated fringe benefits and payroll taxes, fees, contracts, or purchases related to business office functions, licenses, and permits except as provided in the external fixed costs category, employee recognition, travel including meals and lodging, training, voice and data communication or transmission, office supplies, liability insurance and other forms of insurance not designated to other areas, personnel recruitment, legal services, accounting services, management or business consultants, data processing, central or home office costs, business meetings and seminars, postage, fees for professional organizations, subscriptions, security services, advertising, board of director's fees, working capital interest expense, and bad debts and bad debt collection fees.

Subd. 6. **Allowed costs.** "Allowed costs" means the amounts reported by the facility which are necessary for the operation of the facility and the care of residents and which are reviewed by the department for accuracy, reasonableness, and compliance with this section and generally accepted accounting principles.

Subd. 7. **Center for Medicare and Medicaid services.** "Center for Medicare and Medicaid services" means the federal agency, in the United States Department of Health and Human Services that administers Medicaid, also referred to as "CMS."

Subd. 8. **Commissioner.** "Commissioner" means the commissioner of human services unless specified otherwise.

Subd. 9. **Desk audit.** "Desk audit" means the establishment of the payment rate based on the commissioner's review and analysis of required reports, supporting documentation, and work sheets submitted by the nursing facility.

Subd. 10. **Dietary costs.** "Dietary costs" means the costs for the salaries and wages of the dietary supervisor, dietitians, chefs, cooks, dishwashers, and other employees assigned to the kitchen and dining room, and associated fringe benefits and payroll taxes. Dietary costs also includes the salaries or fees of dietary consultants, direct costs of raw food (both normal and special diet food), dietary supplies, and food preparation and serving. Also included are special dietary supplements used for tube feeding or oral feeding, such as elemental high nitrogen diet, even if written as a prescription item by a physician.

Subd. 11. **Direct care costs category.** "Direct care costs category" means costs for nursing services, activities, and social services.

Subd. 12. **Economic development regions.** "Economic development regions" are as defined in section 462.385, subdivision 1.

Subd. 13. **External fixed costs category.** "External fixed costs category" means costs related to the nursing home surcharge under section 256.9657, subdivision 1; licensure fees under section 144.122; long-term care consultation fees under section 256B.0911, subdivision 6; family advisory council fee under section 144A.35; scholarships under section 256B.431, subdivision 36; planned closure rate adjustments under section 256B.437; property taxes and property insurance; and PERA.

Subd. 14. **Facility average case mix index.** "Facility average case mix index" or "CMI" means a numerical value score that describes the relative resource use for all residents within the groups under the resource utilization group (RUG-III) classification system prescribed by the commissioner based on an assessment of each resident. The facility average CMI shall be computed as the standardized days divided by total days for all residents in the facility.

Subd. 15. **Field audit.** "Field audit" means the examination, verification, and review of the financial records, statistical records, and related supporting documentation on the nursing home and any related organization.

Subd. 16. **Final rate.** "Final rate" means the rate established after any adjustment by the commissioner, including, but not limited to, adjustments resulting from audits.

Subd. 17. **Fringe benefit costs.** "Fringe benefit costs" means the costs for group life, health, dental, workers' compensation, and other employee insurances and pension, profit-sharing, and retirement plans for which the employer pays all or a portion of the costs and that are available to at least all employees who work at least 20 hours per week.

Subd. 18. **Generally accepted accounting principles.** "Generally Accepted Accounting Principles" means the body of pronouncements adopted by the American Institute of Certified Public Accountants regarding proper accounting procedures, guidelines, and rules.

Subd. 19. **Hospital-attached nursing facility status.** (a) For the purpose of setting rates under this section, for rate years beginning after September 30, 2006, "hospital-attached nursing facility" means a nursing facility which meets the requirements of clauses (1) and (2); or (3); or (4), or had hospital-attached status prior to January 1, 1995, and has been recognized as having hospital-attached status by CMS continuously since that date:

(1) the nursing facility is recognized by the federal Medicare program to be a hospital-based nursing facility;

(2) the hospital and nursing facility are physically attached or connected by a corridor;

(3) a nursing facility and hospital, which have applied for hospital-based nursing facility status under the federal Medicare program during the reporting year, shall be considered a hospital-attached nursing facility for purposes of setting payment rates under this section. The nursing facility must file its cost report for that reporting year using Medicare principles and Medicare's recommended cost allocation methods had the Medicare program's hospital-based nursing facility status been granted to the nursing facility. For each subsequent rate year, the nursing facility must meet the definition requirements in clauses (1) and (2). If the nursing facility is denied hospital-based nursing facility status under the Medicare program, the nursing facility's payment rates for the rate years the nursing facility was considered to be a hospital-attached nursing facility according to this paragraph shall be recalculated treating the nursing facility as a non-hospital-attached nursing facility;

(4) if a nonprofit or community-operated hospital and attached nursing facility suspend operation of the hospital, the remaining nursing facility must be allowed to continue its status as hospital-attached for rate calculations in the three rate years subsequent to the one in which the hospital ceased operations.

(b) The nursing facility's cost report filed as hospital-attached facility shall use the same cost allocation principles and methods used in the reports filed for the Medicare program. Direct identification of costs to the nursing facility cost center will be permitted only when the comparable hospital costs have also been directly identified to a cost center which is not allocated to the nursing facility.

Subd. 20. **Housekeeping costs.** "Housekeeping costs" means the costs for the salaries and wages of the housekeeping supervisor, housekeepers, and other cleaning employees and associated fringe benefits and payroll taxes. It also includes the cost of housekeeping supplies, including cleaning and lavatory supplies and contract services.

Subd. 21. **Labor-related portion.** The "labor-related portion" of direct care costs and of support service costs shall be that portion of costs that is attributable to wages for all compensated hours, payroll taxes, and fringe benefits.

Subd. 22. **Laundry costs.** "Laundry costs" means the costs for the salaries and wages of the laundry supervisor and other laundry employees, associated fringe benefits, and payroll taxes. It also includes the costs of linen and bedding, the laundering of resident clothing, laundry supplies, and contract services.

Subd. 23. **Licensee.** "Licensee" means the individual or organization listed on the form issued by the Minnesota Department of Health under chapter 144A or sections 144.50 to 144.56.

Subd. 24. **Maintenance and plant operations costs.** "Maintenance and plant operations costs" means the costs for the salaries and wages of the maintenance supervisor, engineers, heating-plant employees, and other maintenance employees and associated fringe benefits and payroll taxes. It also includes direct costs for maintenance and operation of the building and grounds, including fuel, electricity, medical waste and garbage removal, water, sewer, supplies, tools, and repairs.

Subd. 25. **Normalized direct care costs per day.** "Normalized direct care costs per day" means direct care costs divided by standardized days. It is the costs per day for direct care services associated with a RUG's index of 1.00.

Subd. 26. **Nursing costs.** "Nursing costs" means the costs for the wages of nursing administration, staff education, and direct care registered nurses, licensed practical nurses, certified nursing assistants, and trained medication aides; mental health workers and other direct care employees, and associated fringe benefits and payroll taxes; services from a supplemental nursing services agency and supplies that are stocked at nursing stations or on the floor and distributed or used individually, including: alcohol, applicators, cotton balls, incontinence pads, disposable ice bags, dressings, bandages, water pitchers, tongue depressors, disposable gloves, enemas, enema equipment, soap, medication cups, diapers, plastic waste bags, sanitary products, thermometers, hypodermic needles and syringes, and clinical reagents or similar diagnostic agents, and drugs which are not paid on a separate fee schedule by the medical assistance program or any other payer.

Subd. 27. **Nursing facility.** "Nursing facility" means a facility with a medical assistance provider agreement that is licensed as a nursing home under chapter 144A or as a boarding care home under sections 144.50 to 144.56.

Subd. 28. **Operating costs.** "Operating costs" means costs associated with the direct care costs category and the support services costs category.

Subd. 29. **Payroll taxes.** "Payroll taxes" means the costs for the employer's share of the FICA and Medicare withholding tax, and state and federal unemployment compensation taxes.

Subd. 30. **Peer groups.** Facilities shall be classified into three groups, called "peer groups," which shall consist of:

(1) C&NC/Short Stay/R80 - facilities that have three or more admissions per bed per year, are hospital-attached, or are licensed under Minnesota Rules, parts 9570.2000 to 9570.3600;

(2) boarding care homes - facilities that have more than 50 percent of their beds licensed as boarding care homes; and

(3) standard - all other facilities.

Subd. 31. **Prior rate-setting method.** "Prior rate-setting method" means the rate determination process in effect prior to October 1, 2006, under Minnesota Rules and Minnesota Statutes.

Subd. 32. **Private paying resident.** "Private paying resident" means a nursing facility resident who is not a medical assistance recipient and whose payment rate is not established by another third party, including the veterans administration or Medicare.

Subd. 33. **Rate year.** "Rate year" means the 12-month period beginning on October 1 following the second most recent reporting year.

Subd. 34. **Related organization.** "Related organization" means a person that furnishes goods or services to a nursing facility and that is a close relative of a nursing facility, an affiliate of a nursing facility, a close relative of an affiliate of a nursing facility, or an affiliate of a close relative of an affiliate of a nursing facility. As used in this subdivision, paragraphs (a) to (d) apply:

(a) "Affiliate" means a person that directly, or indirectly through one or more intermediaries, controls or is controlled by, or is under common control with another person.

(b) "Person" means an individual, a corporation, a partnership, an association, a trust, an unincorporated organization, or a government or political subdivision.

(c) "Close relative of an affiliate of a nursing facility" means an individual whose relationship by blood, marriage, or adoption to an individual who is an affiliate of a nursing facility is no more remote than first cousin.

(d) "Control" including the terms "controlling," "controlled by," and "under common control with" means the possession, direct or indirect, of the power to direct or cause the direction of the management, operations, or policies of a person, whether through the ownership of voting securities, by contract, or otherwise, or to influence in any manner other than through an arms length, legal transaction.

Subd. 35. **Reporting period.** "Reporting period" means the one-year period beginning on October 1 and ending on the following September 30 during which incurred costs are accumulated and then reported on the statistical and cost report.

Subd. 36. **Resident day or actual resident day.** "Resident day" or "actual resident day" means a day for which nursing services are rendered and billable, or a day for which a bed is held and billed. The day of admission is considered a resident day, regardless of the time of admission. The day of discharge is not considered a resident day, regardless of the time of discharge.

Subd. 37. **Salaries and wages.** "Salaries and wages" means amounts earned by and paid to employees or on behalf of employees to compensate for necessary services provided. Salaries and wages include accrued vested vacation and accrued vested sick leave pay. Salaries and wages must be paid within 30 days of the end of the reporting period in order to be allowable costs of the reporting period.

Subd. 38. **Social services costs.** "Social services costs" means the costs for the salaries and wages of the supervisor and other social work employees, associated fringe benefits and payroll taxes, supplies, services, and consultants.

Subd. 39. **Stakeholders.** "Stakeholders" means individuals and representatives of organizations interested in long-term care, including nursing homes, consumers, and labor unions.

Subd. 40. **Standardized days.** "Standardized days" means the sum of resident days by case mix category multiplied by the RUG index for each category.

Subd. 41. **Statistical and cost report.** "Statistical and cost report" means the forms supplied by the commissioner for annual reporting of nursing facility expenses and statistics, including instructions and definitions of items in the report.

Subd. 42. **Support services costs category.** "Support services costs category" means the costs for dietary, housekeeping, laundry, maintenance, and administration.

Subd. 43. **Reporting of statistical and cost information.** (a) Beginning in 2006, all nursing facilities shall provide information annually to the commissioner on a form and in a manner determined by the commissioner. The commissioner may also require nursing facilities to provide statistical and cost information for a subset of the items in the annual report on a semiannual basis. Nursing facilities shall report only costs directly related to the operation of the nursing facility. The facility shall not include costs which are separately reimbursed by residents, medical assistance, or other payors. Allocations of costs from central, affiliated, or corporate office and related organization transactions shall be reported according to section 256B.432. The commissioner may grant to facilities one extension of up to 15 days for the filing of this report if the extension is requested by December 15 and the commissioner determines that the

extension will not prevent the commissioner from establishing rates in a timely manner required by law. The commissioner may separately require facilities to submit in a manner specified by the commissioner documentation of statistical and cost information included in the report to ensure accuracy in establishing payment rates and to perform audit and appeal review functions under this section. Facilities shall retain all records necessary to document statistical and cost information on the report for a period of no less than seven years. The commissioner may amend information in the report according to subdivision 47. The commissioner may reject a report filed by a nursing facility under this section if the commissioner determines that the report has been filed in a form that is incomplete or inaccurate and the information is insufficient to establish accurate payment rates. In the event that a complete report is not submitted in a timely manner, the commissioner shall reduce the reimbursement payments to a nursing facility to 85 percent of amounts due until the information is filed. The release of withheld payments shall be retroactive for no more than 90 days. A nursing facility that does not submit a report or whose report is filed in a timely manner but determined to be incomplete shall be given written notice that a payment reduction is to be implemented and allowed ten days to complete the report prior to any payment reduction. The commissioner may delay the payment withhold under exceptional circumstances to be determined at the sole discretion of the commissioner.

(b) Nursing facilities may, within 12 months of the due date of a statistical and cost report, file an amendment when errors or omissions in the annual statistical and cost report are discovered and an amendment would result in a rate increase of at least 0.15 percent of the statewide weighted average operating payment rate and shall, at any time, file an amendment which would result in a rate reduction of at least 0.15 percent of the statewide weighted average operating payment rate. The commissioner shall make retroactive adjustments to the total payment rate of a nursing facility if an amendment is accepted. Where a retroactive adjustment is to be made as a result of an amended report, audit findings, or other determination of an incorrect payment rate, the commissioner may settle the payment error through a negotiated agreement with the facility and a gross adjustment of the payments to the facility. Retroactive adjustments shall not be applied to private pay residents. An error or omission for purposes of this item does not include a nursing facility's determination that an election between permissible alternatives was not advantageous and should be changed.

(c) If the commissioner determines that a nursing facility knowingly supplied inaccurate or false information or failed to file an amendment to a statistical and cost report that resulted in or would result in an overpayment, the commissioner shall immediately adjust the nursing facility's payment rate and recover the entire overpayment. The commissioner may also terminate the commissioner's agreement with the nursing facility and prosecute under applicable state or federal law.

Subd. 44. **Calculation of a quality score.** (a) The commissioner shall determine a quality score for each nursing facility using quality measures established in section 256B.439, according to methods determined by the commissioner in consultation with stakeholders and experts. These methods shall be exempt from the rulemaking requirements under chapter 14.

(b) For each quality measure, a score shall be determined with a maximum number of points available and number of points assigned as determined by the commissioner using the methodology established according to this subdivision. The scores determined for all quality measures shall be totaled. The determination of the quality measures to be used and the methods of calculating scores may be revised annually by the commissioner.

(c) For the initial rate year under the new payment system, the quality measures shall include:

(1) staff turnover;

(2) staff retention;

(3) use of pool staff;

(4) quality indicators from the minimum data set; and

(5) survey deficiencies.

(d) For rate years beginning after October 1, 2006, when making revisions to the quality measures or method for calculating scores, the commissioner shall publish the methodology in the State Register at least 15 months prior to the start of the rate year for which the revised methodology is to be used for rate-setting purposes. The quality score used to determine payment rates shall be established for a rate year using data submitted in the statistical and cost report from the associated reporting year, and using data from other sources related to a period beginning no more than six months prior to the associated reporting year.

Subd. 45. **Operating payment rate for direct care and support services.** The commissioner shall provide recommendations to the legislature by February 15, 2006, on specific methodology for the establishment of the operating payment rate for direct care and support services under the new system. The recommendations must not increase expenditures for the new payment system beyond the limits of the appropriation. The commissioner shall include recommendations on options for recognizing changes in staffing and services that may require a supplemental appropriation in the future.

Subd. 46. **Calculation of quality add-on.** The payment rate for the quality add-on shall be a variable amount based on each facility's quality score.

(a) For the rate year beginning October 1, 2006, the maximum quality add-on percent shall be 2.4 percent and this add-on shall not be subject to a phase-in. The determination of the quality score to be used in calculating the quality add-on for October 1, 2006, shall be based on a report which must be filed with the commissioner, according to the requirements in subdivision 43, for a six-month period ending January 31, 2006. This report shall be filed with the commissioner by February 28, 2006. The commissioner shall prorate the six months of data to a full year. When new quality measures are incorporated into the quality score methodology and when existing quality measures are updated or improved, the commissioner may increase the maximum quality add-on percent.

(b) For each facility, determine the operating payment rate.

(c) For each facility determine a ratio of the quality score of the facility determined in subdivision 44, less 40 and then divided by 60. If this value is less than zero, use the value zero.

(d) For each facility, the quality add-on shall be the value determined in paragraph (b) times the value determined in paragraph (c) times the maximum quality add-on percent.

Subd. 47. **Audit authority.** (a) The commissioner may subject reports and supporting documentation to desk and field audits to determine compliance with this section. Retroactive adjustments shall be made as a result of desk or field audit findings if the cumulative impact of the finding would result in a rate adjustment of at least 0.15 percent of the statewide weighted average operating payment rate. If a field audit reveals inadequacies in a nursing facility's record keeping or accounting practices, the commissioner may require the nursing facility to engage competent professional assistance to correct those inadequacies within 90 days so that the field audit may proceed.

(b) Field audits may cover the four most recent annual statistical and cost reports for which desk audits have been completed and payment rates have been established. The field audit must be an independent review of the nursing facility's statistical and cost report. All transactions, invoices, or other documentation that support or relate to the statistics and costs claimed on the annual statistical and cost reports are subject to review by the field auditor. If the provider fails to provide the field auditor access to supporting documentation related to the information reported on the statistical and cost report within the time period specified by the commissioner, the commissioner shall calculate the total payment rate by disallowing the cost of the items for which access to the supporting documentation is not provided.

(c) Changes in the total payment rate which result from desk or field audit adjustments to statistical and cost reports for reporting years earlier than the four most recent annual cost reports must be made to the four most recent annual statistical and cost reports, the current statistical and cost report, and future statistical and cost reports to the extent that those adjustments affect the total payment rate established by those reporting years.

(d) The commissioner shall extend the period for retention of records under subdivision 43 for purposes of performing field audits as necessary to enforce section 256B.48 with written notice to the facility postmarked no later than 90 days prior to the expiration of the record retention requirement.

## 256B.49 HOME AND COMMUNITY-BASED SERVICE WAIVERS FOR PERSONS WITH DISABILITIES.

*[For text of subds 11 to 15, see M.S.2004]*

Subd. 16. **Services and supports.** (a) Services and supports included in the home and community-based waivers for persons with disabilities shall meet the requirements set out in United States Code, title 42, section 1396n. The services and supports, which are offered as alternatives to institutional care, shall promote consumer choice, community inclusion, self-sufficiency, and self-determination.

(b) Beginning January 1, 2003, the commissioner shall simplify and improve access to home and community-based waivered services, to the extent possible, through the establishment of a common service menu that is available to eligible recipients regardless of age, disability type, or waiver program.

(c) Consumer directed community support services shall be offered as an option to all persons eligible for services under subdivision 11, by January 1, 2002.

(d) Services and supports shall be arranged and provided consistent with individualized written plans of care for eligible waiver recipients.

(e) A transitional supports allowance shall be available to all persons under a home and community-based waiver who are moving from a licensed setting to a community setting. "Transitional supports allowance" means a onetime payment of up to $3,000, to cover the costs, not covered by other sources, associated with moving from a licensed setting to a community setting. Covered costs include:

(1) lease or rent deposits;

(2) security deposits;

(3) utilities set-up costs, including telephone;

(4) essential furnishings and supplies; and

(5) personal supports and transports needed to locate and transition to community settings.

(f) The state of Minnesota and county agencies that administer home and community-based waivered services for persons with disabilities, shall not be liable for damages, injuries, or liabilities sustained through the purchase of supports by the individual, the individual's family, legal representative, or the authorized representative with funds received through the consumer-directed community support service under this section. Liabilities include but are not limited to: workers' compensation liability, the Federal Insurance Contributions Act (FICA), or the Federal Unemployment Tax Act (FUTA).

Subd. 17. **Cost of services and supports.** (a) The commissioner shall ensure that the average per capita expenditures estimated in any fiscal year for home and community-based waiver recipients does not exceed the average per capita expenditures that would have been made to provide institutional services for recipients in the absence of the waiver.

(b) The commissioner shall implement on January 1, 2002, one or more aggregate, need-based methods for allocating to local agencies the home and community-based

waivered service resources available to support recipients with disabilities in need of the level of care provided in a nursing facility or a hospital. The commissioner shall allocate resources to single counties and county partnerships in a manner that reflects consideration of:

(1) an incentive-based payment process for achieving outcomes;

(2) the need for a state-level risk pool;

(3) the need for retention of management responsibility at the state agency level; and

(4) a phase-in strategy as appropriate.

(c) Until the allocation methods described in paragraph (b) are implemented, the annual allowable reimbursement level of home and community-based waiver services shall be the greater of:

(1) the statewide average payment amount which the recipient is assigned under the waiver reimbursement system in place on June 30, 2001, modified by the percentage of any provider rate increase appropriated for home and community-based services; or

(2) an amount approved by the commissioner based on the recipient's extraordinary needs that cannot be met within the current allowable reimbursement level. The increased reimbursement level must be necessary to allow the recipient to be discharged from an institution or to prevent imminent placement in an institution. The additional reimbursement may be used to secure environmental modifications; assistive technology and equipment; and increased costs for supervision, training, and support services necessary to address the recipient's extraordinary needs. The commissioner may approve an increased reimbursement level for up to one year of the recipient's relocation from an institution or up to six months of a determination that a current waiver recipient is at imminent risk of being placed in an institution.

(d) Beginning July 1, 2001, medically necessary private duty nursing services will be authorized under this section as complex and regular care according to sections 256B.0651 and 256B.0653 to 256B.0656. The rate established by the commissioner for registered nurse or licensed practical nurse services under any home and community-based waiver as of January 1, 2001, shall not be reduced.

*[For text of subds 18 to 21, see M.S.2004]*

**History:** *1Sp2005 c 4 art 7 s 44*

NOTE: The amendment to subdivision 16 by Laws 2005, First Special Session chapter 4, article 7, section 44, is effective upon federal approval and to the extent approved as a federal waiver amendment. Laws 2005, First Special Session chapter 4, article 7, section 44, the effective date.

## 256B.501 RATES FOR COMMUNITY-BASED SERVICES FOR PERSONS WITH MENTAL RETARDATION OR RELATED CONDITIONS.

*[For text of subds 1 to 4, see M.S.2004]*

Subd. 4a. **Inclusion of home care costs in waiver rates.** The commissioner shall adjust the limits of the established average daily reimbursement rates for waivered services to include the cost of home care services that may be provided to waivered services recipients. This adjustment must be used to maintain or increase services and shall not be used by county agencies for inflation increases for waivered services vendors. Home care services referenced in this section are those listed in section 256B.0651, subdivision 2. The average daily reimbursement rates established in accordance with the provisions of this subdivision apply only to the combined average, daily costs of waivered and home care services and do not change home care limitations under sections 256B.0651 and 256B.0653 to 256B.0656. Waivered services recipients receiving home care as of June 30, 1992, shall not have the amount of their services reduced as a result of this section.

*[For text of subds 4b to 13, see M.S.2004]*

## 256B.5012 ICF/MR PAYMENT SYSTEM IMPLEMENTATION.

*[For text of subds 1 to 5, see M.S.2004]*

Subd. 6. **ICF/MR rate increases October 1, 2005, and October 1, 2006.** (a) For the rate periods beginning October 1, 2005, and October 1, 2006, the commissioner shall make available to each facility reimbursed under this section an adjustment to the total operating payment rate of 2.2553 percent.

(b) 75 percent of the money resulting from the rate adjustment under paragraph (a) must be used to increase wages and benefits and pay associated costs for all employees, except for administrative and central office employees. 75 percent of the money received by a facility as a result of the rate adjustment provided in paragraph (a) must be used only for wage, benefit, and staff increases implemented on or after the effective date of the rate increase each year, and must not be used for increases implemented prior to that date.

(c) For each facility, the commissioner shall make available an adjustment using the percentage specified in paragraph (a) multiplied by the total payment rate, excluding the property-related payment rate, in effect on the preceding day. The total payment rate shall include the adjustment provided in section 256B.501, subdivision 12.

(d) A facility whose payment rates are governed by closure agreements, receivership agreements, or Minnesota Rules, part 9553.0075, is not eligible for an adjustment otherwise granted under this subdivision.

(e) A facility may apply for the portion of the payment rate adjustment provided under paragraph (a) for employee wages and benefits and associated costs. The application must be made to the commissioner and contain a plan by which the facility will distribute the funds according to paragraph (b). For facilities in which the employees are represented by an exclusive bargaining representative, an agreement negotiated and agreed to by the employer and the exclusive bargaining representative constitutes the plan. A negotiated agreement may constitute the plan only if the agreement is finalized after the date of enactment of all rate increases for the rate year. The commissioner shall review the plan to ensure that the payment rate adjustment per diem is used as provided in this subdivision. To be eligible, a facility must submit its plan by March 31, 2006, and December 31, 2006, respectively. If a facility's plan is effective for its employees after the first day of the applicable rate period that the funds are available, the payment rate adjustment per diem is effective the same date as its plan.

(f) A copy of the approved distribution plan must be made available to all employees by giving each employee a copy or by posting it in an area of the facility to which all employees have access. If an employee does not receive the wage and benefit adjustment described in the facility's approved plan and is unable to resolve the problem with the facility's management or through the employee's union representative, the employee may contact the commissioner at an address or telephone number provided by the commissioner and included in the approved plan.

**History:** *1Sp2005 c 4 art 7 s 45*

## 256B.503 RULES.

To implement Laws 1983, chapter 312, article 9, sections 1 to 7, the commissioner shall promulgate rules. Rules adopted to implement Laws 1983, chapter 312, article 9, section 5, must (a) set standards for case management which include, encourage, and enable flexible administration, (b) require the county boards to develop individualized procedures governing case management activities, (c) consider criteria promulgated under section 256B.092, subdivision 3, and the federal waiver plan, (d) identify cost implications to the state and to county boards, and (e) require the screening teams to make recommendations to the county case manager for development of the individual service plan.

The commissioner shall adopt rules to implement this section by July 1, 1986.

**History:** *2005 c 98 art 2 s 12*

**256B.69 PREPAYMENT DEMONSTRATION PROJECT.**

*[For text of subds 1 to 3b, see M.S.2004]*

Subd. 4. **Limitation of choice.** (a) The commissioner shall develop criteria to determine when limitation of choice may be implemented in the experimental counties. The criteria shall ensure that all eligible individuals in the county have continuing access to the full range of medical assistance services as specified in subdivision 6.

(b) The commissioner shall exempt the following persons from participation in the project, in addition to those who do not meet the criteria for limitation of choice:

(1) persons eligible for medical assistance according to section 256B.055, subdivision 1;

(2) persons eligible for medical assistance due to blindness or disability as determined by the Social Security Administration or the state medical review team, unless:

(i) they are 65 years of age or older; or

(ii) they reside in Itasca County or they reside in a county in which the commissioner conducts a pilot project under a waiver granted pursuant to section 1115 of the Social Security Act;

(3) recipients who currently have private coverage through a health maintenance organization;

(4) recipients who are eligible for medical assistance by spending down excess income for medical expenses other than the nursing facility per diem expense;

(5) recipients who receive benefits under the Refugee Assistance Program, established under United States Code, title 8, section 1522(e);

(6) children who are both determined to be severely emotionally disturbed and receiving case management services according to section 256B.0625, subdivision 20;

(7) adults who are both determined to be seriously and persistently mentally ill and received case management services according to section 256B.0625, subdivision 20;

(8) persons eligible for medical assistance according to section 256B.057, subdivision 10; and

(9) persons with access to cost-effective employer-sponsored private health insurance or persons enrolled in a non-Medicare individual health plan determined to be cost-effective according to section 256B.0625, subdivision 15.

Children under age 21 who are in foster placement may enroll in the project on an elective basis. Individuals excluded under clauses (1), (6), and (7) may choose to enroll on an elective basis. The commissioner may enroll recipients in the prepaid medical assistance program for seniors who are (1) age 65 and over, and (2) eligible for medical assistance by spending down excess income.

(c) The commissioner may allow persons with a one-month spenddown who are otherwise eligible to enroll to voluntarily enroll or remain enrolled, if they elect to prepay their monthly spenddown to the state.

(d) The commissioner may require those individuals to enroll in the prepaid medical assistance program who otherwise would have been excluded under paragraph (b), clauses (1), (3), and (8), and under Minnesota Rules, part 9500.1452, subpart 2, items H, K, and L.

(e) Before limitation of choice is implemented, eligible individuals shall be notified and after notification, shall be allowed to choose only among demonstration providers. The commissioner may assign an individual with private coverage through a health maintenance organization, to the same health maintenance organization for medical assistance coverage, if the health maintenance organization is under contract for medical assistance in the individual's county of residence. After initially choosing a

provider, the recipient is allowed to change that choice only at specified times as allowed by the commissioner. If a demonstration provider ends participation in the project for any reason, a recipient enrolled with that provider must select a new provider but may change providers without cause once more within the first 60 days after enrollment with the second provider.

(f) An infant born to a woman who is eligible for and receiving medical assistance and who is enrolled in the prepaid medical assistance program shall be retroactively enrolled to the month of birth in the same managed care plan as the mother once the child is enrolled in medical assistance unless the child is determined to be excluded from enrollment in a prepaid plan under this section.

*[For text of subds 4b to 22, see M.S.2004]*

Subd. 23. **Alternative services; elderly and disabled persons.** (a) The commissioner may implement demonstration projects to create alternative integrated delivery systems for acute and long-term care services to elderly persons and persons with disabilities as defined in section 256B.77, subdivision 7a, that provide increased coordination, improve access to quality services, and mitigate future cost increases. The commissioner may seek federal authority to combine Medicare and Medicaid capitation payments for the purpose of such demonstrations. Medicare funds and services shall be administered according to the terms and conditions of the federal waiver and demonstration provisions. For the purpose of administering medical assistance funds, demonstrations under this subdivision are subject to subdivisions 1 to 22. The provisions of Minnesota Rules, parts 9500.1450 to 9500.1464, apply to these demonstrations, with the exceptions of parts 9500.1452, subpart 2, item B; and 9500.1457, subpart 1, items B and C, which do not apply to persons enrolling in demonstrations under this section. An initial open enrollment period may be provided. Persons who disenroll from demonstrations under this subdivision remain subject to Minnesota Rules, parts 9500.1450 to 9500.1464. When a person is enrolled in a health plan under these demonstrations and the health plan's participation is subsequently terminated for any reason, the person shall be provided an opportunity to select a new health plan and shall have the right to change health plans within the first 60 days of enrollment in the second health plan. Persons required to participate in health plans under this section who fail to make a choice of health plan shall not be randomly assigned to health plans under these demonstrations. Notwithstanding section 256L.12, subdivision 5, and Minnesota Rules, part 9505.5220, subpart 1, item A, if adopted, for the purpose of demonstrations under this subdivision, the commissioner may contract with managed care organizations, including counties, to serve only elderly persons eligible for medical assistance, elderly and disabled persons, or disabled persons only. For persons with primary diagnoses of mental retardation or a related condition, serious and persistent mental illness, or serious emotional disturbance, the commissioner must ensure that the county authority has approved the demonstration and contracting design. Enrollment in these projects for persons with disabilities shall be voluntary. The commissioner shall not implement any demonstration project under this subdivision for persons with primary diagnoses of mental retardation or a related condition, serious and persistent mental illness, or serious emotional disturbance, without approval of the county board of the county in which the demonstration is being implemented.

(b) Notwithstanding chapter 245B, sections 252.40 to 252.46, 256B.092, 256B.501 to 256B.5015, and Minnesota Rules, parts 9525.0004 to 9525.0036, 9525.1200 to 9525.1330, 9525.1580, and 9525.1800 to 9525.1930, the commissioner may implement under this section projects for persons with developmental disabilities. The commissioner may capitate payments for ICF/MR services, waivered services for mental retardation or related conditions, including case management services, day training and habilitation and alternative active treatment services, and other services as approved by the state and by the federal government. Case management and active treatment must be individualized and developed in accordance with a person-centered plan. Costs under these projects may not exceed costs that would have been incurred under fee-for-service. Beginning July 1, 2003, and until two years after the pilot project implementa-

tion date, subcontractor participation in the long-term care developmental disability pilot is limited to a nonprofit long-term care system providing ICF/MR services, home and community-based waiver services, and in-home services to no more than 120 consumers with developmental disabilities in Carver, Hennepin, and Scott Counties. The commissioner shall report to the legislature prior to expansion of the developmental disability pilot project. This paragraph expires two years after the implementation date of the pilot project.

(c) Before implementation of a demonstration project for disabled persons, the commissioner must provide information to appropriate committees of the house of representatives and senate and must involve representatives of affected disability groups in the design of the demonstration projects.

(d) A nursing facility reimbursed under the alternative reimbursement methodology in section 256B.434 may, in collaboration with a hospital, clinic, or other health care entity provide services under paragraph (a). The commissioner shall amend the state plan and seek any federal waivers necessary to implement this paragraph.

(e) The commissioner, in consultation with the commissioners of commerce and health, may approve and implement programs for all-inclusive care for the elderly (PACE) according to federal laws and regulations governing that program and state laws or rules applicable to participating providers. The process for approval of these programs shall begin only after the commissioner receives grant money in an amount sufficient to cover the state share of the administrative and actuarial costs to implement the programs during state fiscal years 2006 and 2007. Grant amounts for this purpose shall be deposited in an account in the special revenue fund and are appropriated to the commissioner to be used solely for the purpose of PACE administrative and actuarial costs. A PACE provider is not required to be licensed or certified as a health plan company as defined in section 62Q.01, subdivision 4. Persons age 55 and older who have been screened by the county and found to be eligible for services under the elderly waiver or community alternatives for disabled individuals or who are already eligible for Medicaid but meet level of care criteria for receipt of waiver services may choose to enroll in the PACE program. Medicare and Medicaid services will be provided according to this subdivision and federal Medicare and Medicaid requirements governing PACE providers and programs. PACE enrollees will receive Medicaid home and community-based services through the PACE provider as an alternative to services for which they would otherwise be eligible through home and community-based waiver programs and Medicaid State Plan Services. The commissioner shall establish Medicaid rates for PACE providers that do not exceed costs that would have been incurred under fee-for-service or other relevant managed care programs operated by the state.

(f) The commissioner shall seek federal approval to expand the Minnesota disability health options (MnDHO) program established under this subdivision in stages, first to regional population centers outside the seven-county metro area and then to all areas of the state.

(g) Notwithstanding section 256B.0261, health plans providing services under this section are responsible for home care targeted case management and relocation targeted case management. Services must be provided according to the terms of the waivers and contracts approved by the federal government.

**256B.692 COUNTY-BASED PURCHASING.**

*[For text of subd 1, see M.S.2004]*

Subd. 2. **Duties of commissioner of health.** (a) Notwithstanding chapters 62D and 62N, a county that elects to purchase medical assistance and general assistance medical care in return for a fixed sum without regard to the frequency or extent of services furnished to any particular enrollee is not required to obtain a certificate of authority

under chapter 62D or 62N. The county board of commissioners is the governing body of a county-based purchasing program. In a multicounty arrangement, the governing body is a joint powers board established under section 471.59.

(b) A county that elects to purchase medical assistance and general assistance medical care services under this section must satisfy the commissioner of health that the requirements for assurance of consumer protection, provider protection, and fiscal solvency of chapter 62D, applicable to health maintenance organizations, or chapter 62N, applicable to community integrated service networks, will be met.

(c) A county must also assure the commissioner of health that the requirements of sections 62J.041; 62J.48; 62J.71 to 62J.73; 62M.01 to 62M.16; all applicable provisions of chapter 62Q, including sections 62Q.075; 62Q.1055; 62Q.106; 62Q.12; 62Q.135; 62Q.14; 62Q.145; 62Q.19; 62Q.23, paragraph (c); 62Q.43; 62Q.47; 62Q.50; 62Q.52 to 62Q.56; 62Q.58; 62Q.68 to 62Q.72; and 72A.201 will be met.

(d) All enforcement and rulemaking powers available under chapters 62D, 62J, 62M, 62N, and 62Q are hereby granted to the commissioner of health with respect to counties that purchase medical assistance and general assistance medical care services under this section.

(e) The commissioner, in consultation with county government, shall develop administrative and financial reporting requirements for county-based purchasing programs relating to sections 62D.041, 62D.042, 62D.045, 62D.08, 62N.28, 62N.29, and 62N.31, and other sections as necessary, that are specific to county administrative, accounting, and reporting systems and consistent with other statutory requirements of counties.

**History:** *2005 c 77 s 6*

## 256B.75 HOSPITAL OUTPATIENT REIMBURSEMENT.

(a) For outpatient hospital facility fee payments for services rendered on or after October 1, 1992, the commissioner of human services shall pay the lower of (1) submitted charge, or (2) 32 percent above the rate in effect on June 30, 1992, except for those services for which there is a federal maximum allowable payment. Effective for services rendered on or after January 1, 2000, payment rates for nonsurgical outpatient hospital facility fees and emergency room facility fees shall be increased by eight percent over the rates in effect on December 31, 1999, except for those services for which there is a federal maximum allowable payment. Services for which there is a federal maximum allowable payment shall be paid at the lower of (1) submitted charge, or (2) the federal maximum allowable payment. Total aggregate payment for outpatient hospital facility fee services shall not exceed the Medicare upper limit. If it is determined that a provision of this section conflicts with existing or future requirements of the United States government with respect to federal financial participation in medical assistance, the federal requirements prevail. The commissioner may, in the aggregate, prospectively reduce payment rates to avoid reduced federal financial participation resulting from rates that are in excess of the Medicare upper limitations.

(b) Notwithstanding paragraph (a), payment for outpatient, emergency, and ambulatory surgery hospital facility fee services for critical access hospitals designated under section 144.1483, clause (10), shall be paid on a cost-based payment system that is based on the cost-finding methods and allowable costs of the Medicare program.

(c) Effective for services provided on or after July 1, 2003, rates that are based on the Medicare outpatient prospective payment system shall be replaced by a budget neutral prospective payment system that is derived using medical assistance data. The commissioner shall provide a proposal to the 2003 legislature to define and implement this provision.

(d) For fee-for-service services provided on or after July 1, 2002, the total payment, before third-party liability and spenddown, made to hospitals for outpatient hospital facility services is reduced by .5 percent from the current statutory rate.

(e) In addition to the reduction in paragraph (d), the total payment for fee-for-service services provided on or after July 1, 2003, made to hospitals for outpatient hospital facility services before third-party liability and spenddown, is reduced five percent from the current statutory rates. Facilities defined under section 256.969, subdivision 16, are excluded from this paragraph.

**History:** *2005 c 98 art 2 s 13*

## 256B.762 REIMBURSEMENT FOR HEALTH CARE SERVICES.

Effective for services provided on or after October 1, 2005, payment rates for the following services shall be increased by five percent over the rates in effect on September 30, 2005, when these services are provided as home health services under section 256B.0625, subdivision 6a:

(1) skilled nursing visit;

(2) physical therapy visit;

(3) occupational therapy visit;

(4) speech therapy visit; and

(5) home health aide visit.
