CREATION OF DEPARTMENT

241.01 CREATION OF DEPARTMENT.

Subdivision 1. **Commissioner.** The Department of Corrections is created under the control and supervision of the commissioner of corrections which office is established. The commissioner of corrections shall be selected without regard to political affiliation and shall have wide and successful administrative experience in correctional programs embodying rehabilitative concepts. The commissioner shall be appointed by the governor under the provisions of section 15.06.

Subd. 2. **Divisions; deputies.** The commissioner of corrections may appoint and employ no more than two deputy commissioners. The commissioner may also appoint a personal secretary, who shall serve at the commissioner's pleasure in the unclassified civil service.

Subd. 3. [Repealed, 1975 c 304 s 15]

Subd. 3a. **Commissioner, powers and duties.** The commissioner of corrections has the following powers and duties:

(a) To accept persons committed to the commissioner by the courts of this state for care, custody, and rehabilitation.

(b) To determine the place of confinement of committed persons in a correctional facility or other facility of the Department of Corrections and to prescribe reasonable conditions and rules for their employment, conduct, instruction, and discipline within or outside the facility. Inmates shall not exercise custodial functions or have authority over other inmates. Inmates may serve on the board of directors or hold an executive position subordinate to correctional staff in any corporation, private industry or educational program located on the grounds of, or conducted within, a state correctional facility with written permission from the chief executive officer of the facility.

(c) To administer the money and property of the department.

(d) To administer, maintain, and inspect all state correctional facilities.

(e) To transfer authorized positions and personnel between state correctional facilities as necessary to properly staff facilities and programs.

(f) To utilize state correctional facilities in the manner deemed to be most efficient and beneficial to accomplish the purposes of this section, but not to close the Minnesota Correctional Facility—Stillwater or the Minnesota Correctional Facility—St. Cloud without legislative approval. The commissioner may place juveniles and adults at the same state minimum security correctional facilities, if there is total separation of and no regular contact between juveniles and adults, except contact incidental to admission, classification, and mental and physical health care.

(g) To organize the department and employ personnel the commissioner deems necessary to discharge the functions of the department, including a chief executive officer for each

facility under the commissioner's control who shall serve in the unclassified civil service and may, under the provisions of section 43A.33, be removed only for cause.

(h) To define the duties of these employees and to delegate to them any of the commissioner's powers, duties and responsibilities, subject to the commissioner's control and the conditions the commissioner prescribes.

(i) To annually develop a comprehensive set of goals and objectives designed to clearly establish the priorities of the Department of Corrections. This report shall be submitted to the governor commencing January 1, 1976. The commissioner may establish ad hoc advisory committees.

Subd. 3b. Mission; efficiency; legislative report, recommendations. It is part of the department's mission that within the department's resources the commissioner shall endeavor to:

- (1) prevent the waste or unnecessary spending of public money;
- (2) use innovative fiscal and human resource practices to manage the state's resources and operate the department as efficiently as possible;
- (3) coordinate the department's activities wherever appropriate with the activities of other governmental agencies;
- (4) use technology where appropriate to increase agency productivity, improve service to the public, increase public access to information about government, and increase public participation in the business of government;
- (5) utilize constructive and cooperative labor-management practices to the extent otherwise required by chapters 43A and 179A;
- (6) report to the legislature on the performance of agency operations and the accomplishment of agency goals in the agency's biennial budget according to section 16A.10, subdivision 1; and
- (7) recommend to the legislature appropriate changes in law necessary to carry out the mission and improve the performance of the department.

Subd. 4. Bond and oath of commissioner. Before entering upon the duties of office, the commissioner of corrections shall take and subscribe an oath and give a bond to the state of Minnesota, to be approved by the governor and filed with the secretary of state, in the sum of \$25,000, conditioned for the faithful performance of the commissioner's duties.

Subd. 5. Training program. For the maintenance of adequate standards of operation in discharging the functions of the department, obtaining suitable candidates for positions for which there is a scarcity of qualified applicants, and the development of more effective treatment programs directed toward the correction and rehabilitation of persons found delinquent or guilty of crimes, and of more effective delinquency prevention the commissioner of corrections shall establish a training program including but not limited to in-service, preservice, internship and scholarship programs, and an operational research program. Within the limits of appropriations available, the commissioner may provide educational stipends or tuition reimbursement in such amounts and upon such terms and conditions as may be determined jointly by the commissioner of employee relations. Within the limits of appropriations therefor the commissioner shall establish and provide personnel, facilities and equipment for research and study to evaluate the effectiveness of correctional treatment in camps, facilities, probation and parole investigation and supervision and delinquency prevention.

The commissioner may provide training to public or private agencies or organizations and may require the participating agencies or organizations to pay all or part of the costs of the training. All sums of money received pursuant to the agreements shall not cancel until the end of the fiscal year immediately following the fiscal year in which the funds were received. The funds are available for use by the commissioner during that period and are appropriated annually to the commissioner of corrections for the purposes of this subdivision.

Subd. 5a. Acceptance of gifts, grants and subsidies; purposes. For the purposes of subdivision 5 and to discharge the functions of the department through the establishment of additional facilities and services to persons committed to the commissioner's care the com-

missioner may, subject to the provisions of section 15.43, accept and expend on behalf of the state, gifts, grants and subsidies from any lawful source; all moneys and securities so received shall be deposited in the state treasury subject to the order of the commissioner. From the fund to which such receipts are credited there is hereby appropriated annually to the commissioner of corrections such gifts, grants and subsidies as are received under the provisions of this subdivision.

Subd. 6. Corrections; uncompensated and voluntary services; expenses. To assist in the discharge of the functions of the Corrections Department the commissioner of corrections shall have authority to accept uncompensated and voluntary services and to enter into contracts or agreements with private or public agencies or persons for such uncompensated and voluntary services as the commissioner may deem practicable. Persons rendering voluntary uncompensated services as herein authorized may be reimbursed for travel expenses paid or incurred in the performance of such official duties as may be assigned them at the same rate per mile as state employees. It is the purpose of this subdivision to provide travel expenses only to those volunteers who would otherwise be unable to afford to perform volunteer services.

Subd. 7. Use of facilities by outside agencies. The commissioner of corrections may authorize and permit public or private social service, educational, or rehabilitation agencies or organizations, and their clients; or lawyers, insurance companies, or others; to use the facilities, staff, and other resources of correctional facilities under the commissioner's control and may require the participating agencies or organizations to pay all or part of the costs thereof. All sums of money received pursuant to the agreements herein authorized shall not cancel until the end of the fiscal year immediately following the fiscal year in which the funds were received. The funds are available for use by the commissioner during that period, and are hereby appropriated annually to the commissioner of corrections for the purposes of this subdivision.

The commissioner may provide meals for staff and visitors for efficiency of operation and may require the participants to pay all or part of the costs of the meals. All sums of money received under this provision are appropriated to the commissioner and shall not cancel until the end of the fiscal year immediately following the fiscal year in which the funds were received.

Subd. 8. [Repealed, 1981 c 192 s 21]

Subd. 9. Leases for correctional facility property. Money collected as rent under section 16B.24, subdivision 5, for state property at any of the correctional facilities administered by the commissioner of corrections is appropriated to the commissioner and is dedicated to the correctional facility from which it is generated. Any balance remaining at the end of the fiscal year shall not cancel and is available until expended.

Subd. 10. Purchasing for prescription drugs. In accordance with section 241.021, subdivision 4, the commissioner may contract with a separate entity to purchase prescription drugs for persons confined in institutions under the control of the commissioner. Local governments may participate in this purchasing pool in order to purchase prescription drugs for those persons confined in local correctional facilities in which the local government has responsibility for providing health care. If any county participates, the commissioner shall appoint a county representative to any committee convened by the commissioner for the purpose of establishing a drug formulary to be used for state and local correctional facilities.

241.016 ANNUAL PERFORMANCE REPORT REQUIRED.

Subdivision 1. **Biennial report.** (a) The Department of Corrections shall submit a performance report to the chairs and ranking minority members of the senate and house committees and divisions having jurisdiction over criminal justice funding by January 15, 2005, and every other year thereafter. The issuance and content of the report must include the following:

- (1) department strategic mission, goals, and objectives;
- (2) the department-wide per diem, adult facility-specific per diems, and an average per diem, reported in a standard calculated method as outlined in the departmental policies and procedures;
- (3) department annual statistics as outlined in the departmental policies and procedures; and
- (4) information about prison-based mental health programs, including, but not limited to, the availability of these programs, participation rates, and completion rates.

(b) The department shall maintain recidivism rates for adult facilities on an annual basis. In addition, each year the department shall, on an alternating basis, complete a recidivism analysis of adult facilities, juvenile services, and the community services divisions and include a three-year recidivism analysis in the report described in paragraph (a). When appropriate, the recidivism analysis must include education programs, vocational programs, treatment programs, including mental health programs, industry, and employment. In addition, when reporting recidivism for the department's adult and juvenile facilities, the department shall report on the extent to which offenders it has assessed as chemically dependent commit new offenses, with separate recidivism rates reported for persons completing and not completing the department's treatment programs.

241.018 PER DIEM CALCULATION.

(a) The commissioner of corrections shall develop a uniform method to calculate the average department-wide per diem cost of incarcerating offenders at state adult correctional facilities. In addition to other costs currently factored into the per diem, it must include an appropriate percentage of capitol costs for all adult correctional facilities and 65 percent of the department's management services budget.

(b) The commissioner also shall use this method of calculating per diem costs for offenders in each state adult correctional facility. When calculating the per diem cost of incarcerating offenders at a particular facility, the commissioner shall include an appropriate percentage of capital costs for the facility and an appropriate prorated amount, given the facility's population, of 65 percent of the department's management services budget.

(c) The commissioner shall ensure that these new per diem methods are used in all future annual performance reports to the legislature and are also reflected in the department's biennial budget document.

LICENSING OF INSTITUTIONS

241.021 LICENSING AND SUPERVISION OF INSTITUTIONS AND FACILITIES.

Subdivision 1. **Supervision over correctional institutions.** (a) Except as provided in paragraph (b), the commissioner of corrections shall inspect and license all correctional facilities throughout the state, whether public or private, established and operated for the detention and confinement of persons detained or confined therein according to law except to the extent that they are inspected or licensed by other state regulating agencies. The commissioner shall promulgate pursuant to chapter 14, rules establishing minimum standards for these facilities with respect to their management, operation, physical condition, and the security, safety, health, treatment, and discipline of persons detained or confined therein. Commencing September 1, 1980, no individual, corporation, partnership, voluntary association, or other private organization legally responsible for the operation of a correctional facility may operate the facility unless licensed by the commissioner of corrections. Private adult correctional facilities shall have the authority of section 624.714, subdivision 13, if the Department of Corrections licenses the facility with such authority and the facility meets requirements of section 243.52. The commissioner shall review the correctional facilities described in this subdivision at least once every biennium, except as otherwise provided herein, to determine compliance with the minimum standards established pursuant to this subdivision. The commissioner shall grant a license to any facility found to conform to minimum standards or to any facility which, in the commissioner's judgment, is making satisfactory progress toward substantial conformity and the interests and well-being of the persons detained or confined therein are protected. The commissioner may grant licensure up to two years. The commissioner shall have access to the buildings, grounds, books, records, staff, and to persons detained or confined in these facilities. The commissioner may require the officers in charge of these facilities to furnish all information and statistics the commissioner deems necessary, at a time and place designated by the commissioner. The commissioner may require that any or all such information be provided through the Department of Corrections detention information system. The education program offered in a correctional facility for the detention or confinement of juvenile offenders must be approved by the commissioner of education before the commissioner of corrections may grant a license to the facility.

(b) For juvenile facilities licensed by the commissioner of human services, the commissioner may inspect and certify programs based on certification standards set forth in Minnesota Rules. For the purpose of this paragraph, "certification" has the meaning given it in section 245A.02.

(c) Any state agency which regulates, inspects, or licenses certain aspects of correctional facilities shall, insofar as is possible, ensure that the minimum standards it requires are substantially the same as those required by other state agencies which regulate, inspect, or license the same aspects of similar types of correctional facilities, although at different correctional facilities.

(d) Nothing in this section shall be construed to limit the commissioner of corrections' authority to promulgate rules establishing standards of eligibility for counties to receive funds under sections 401.01 to 401.16, or to require counties to comply with operating standards the commissioner establishes as a condition precedent for counties to receive that funding.

(e) When the commissioner finds that any facility described in paragraph (a), except foster care facilities for delinquent children and youth as provided in subdivision 2, does not substantially conform to the minimum standards established by the commissioner and is not

making satisfactory progress toward substantial conformance, the commissioner shall promptly notify the chief executive officer and the governing board of the facility of the deficiencies and order that they be remedied within a reasonable period of time. The commissioner may by written order restrict the use of any facility which does not substantially conform to minimum standards to prohibit the detention of any person therein for more than 72 hours at one time. When, after due notice and hearing, the commissioner finds that any facility described in this subdivision, except county jails and lockups as provided in sections 641.26, 642.10, and 642.11, does not conform to minimum standards, or is not making satisfactory progress toward substantial compliance therewith, the commissioner may issue an order revoking the license of that facility. After revocation of its license, that facility shall not be used until its license is renewed. When the commissioner is satisfied that satisfactory progress towards substantial compliance with minimum standard is being made, the commissioner may, at the request of the appropriate officials of the affected facility supported by a written schedule for compliance, grant an extension of time for a period not to exceed one year.

(f) As used in this subdivision, "correctional facility" means any facility, including a group home, having a residential component, the primary purpose of which is to serve persons placed therein by a court, court services department, parole authority, or other correctional agency having dispositional power over persons charged with, convicted, or adjudicated to be guilty or delinquent.

Subd. 2. Foster care facilities for delinquent children and youth; licenses; supervision. Notwithstanding any provisions in sections 256.01, subdivision 2, clause (2), 245A.03, and 245A.04, and chapter 245C, to the contrary, but subject to the municipality notification requirements of subdivision 2a, the commissioner of corrections shall review all county, municipal or other publicly established and operated facilities for the detention, care and training of delinquent children and youth at least once every biennium, and if such facility conforms to reasonable standards established by the commissioner or in the commissioner's judgment is making satisfactory progress toward substantial conformity therewith, and the commissioner is satisfied that the interests and well-being of children and youth received therein are protected, the commissioner shall grant a license to the county, municipality or agency thereof operating such facility. The commissioner may grant licensure up to two years. Each such facility shall cooperate with the commissioner to make available all facts regarding its operation and services as the commissioner requires to determine its conformance to standards and its competence to give the services needed and which it purports to give. Every such facility as herein described is subject to visitation and supervision by the commissioner and shall receive from the commissioner consultation as needed to strengthen services to the children and youth received therein.

Subd. 2a. Notification of affected municipality. The commissioner must not issue a license without giving 30 calendar days' written notice to any affected municipality or other political subdivision unless the facility has a licensed capacity of six or fewer persons and is occupied by either the licensee or the group foster home parents. The notification must be given before the first issuance of a license and annually after that time if annual notification is requested in writing by any affected municipality or other political subdivision. State funds must not be made available to or be spent by an agency or department of state, county, or municipal government for payment to a foster care facility licensed under subdivision 2 until the provisions of this subdivision have been complied with in full.

Subd. 2b. Licensing prohibition for certain juvenile facilities. The commissioner may not:

(1) issue a license under this section to operate a correctional facility for the detention or confinement of juvenile offenders if the facility accepts juveniles who reside outside of Minnesota without an agreement with the entity placing the juvenile at the facility that obligates the entity to pay the educational expenses of the juvenile; or

(2) renew a license under this section to operate a correctional facility for the detention or confinement of juvenile offenders if the facility accepts juveniles who reside outside of

Minnesota without an agreement with the entity placing the juvenile at the facility that obligates the entity to pay the educational expenses of the juvenile.

Subd. 3. Revocation of license. When after due notice and hearing the commissioner of corrections determines that any facility described in subdivision 2 does not substantially conform to the reasonable standards therein provided or is not making satisfactory progress toward substantial compliance therewith, the commissioner may, with the consent of the judge of the district court, issue an order revoking the license of that facility. After revocation of its license, that facility shall not be used for the care and training of delinquent children, or for their detention until its license is renewed.

Subd. 4. Health care. The commissioner of corrections shall provide professional health care to persons confined in institutions under the control of the commissioner of corrections and pay the costs of their care in hospitals and other medical facilities not under the control of the commissioner of corrections. All reimbursements for these health care services shall be deposited in the general fund. The commissioner of corrections is authorized to contract with or reimburse entities, including health care management companies, to provide health care to inmates, at reimbursement rates equal to medical assistance unless otherwise negotiated. With respect to these contracts, these entities shall not be regulated as, or otherwise considered to be, health plan companies as defined in section 62Q.01, subdivision 4.

Subd. 4a. Chemical dependency treatment programs. All residential chemical dependency treatment programs operated by the commissioner of corrections to treat adults committed to the commissioner's custody shall comply with the standards mandated in Minnesota Rules, parts 9530.4100 to 9530.6500, or successor rule parts, for treatment programs operated by community-based treatment facilities. When the commissioners of corrections and human services agree that these established standards for community-based programs cannot reasonably apply to correctional facilities, alternative equivalent standards shall be developed by the commissioners and established through an interagency agreement.

Subd. 4b. Peer review committee. The commissioner of corrections shall establish a health care peer review committee. Sections 145.61 to 145.67 apply to the committee. The committee shall gather, review, and evaluate information relating to the on-site and off-site quality of care and treatment of offenders. The committee shall consist of:

- (1) the director of health services;
- (2) the department medical director;
- (3) the regional medical director of the contracted health care vendor;
- (4) the department director of nursing;
- (5) a physician from the contracting hospital provider; and
- (6) another physician who provides health care to offenders on site at a correctional facility.

Subd. 5. Sales to Department of Administration. July 1 of each year and quarterly thereafter, the commissioner of corrections shall notify the commissioner of administration of the articles, supplies, and services available from industrial activities conducted at state correctional institutions, and the commissioner of administration shall purchase from the state correctional institutions those articles, supplies, and services needed by state departments and agencies, unless the commissioner of corrections certifies that the correctional institutions cannot provide them at a price within five percent of the fair market price for comparable level of quality and within a reasonable delivery time. In determining the fair market price the commissioner of administration shall use competitive bidding or consider open market bid prices in previous years for similar products and services, plus inflationary increases.

Subd. 6. Background studies. (a) The commissioner of corrections is authorized to do background studies on personnel employed by any facility serving children or youth that is licensed under this section. The commissioner of corrections shall contract with the commissioner of human services to conduct background studies of individuals providing services in secure and nonsecure residential facilities and detention facilities who have direct contact, as

defined under section 245C.02, subdivision 11, with persons served in the facilities. A disqualification of an individual in this section shall disqualify the individual as provided in chapter 245C.

(b) A clerk or administrator of any court, the Bureau of Criminal Apprehension, a prosecuting attorney, a county sheriff, or a chief of a local police department, shall assist in these studies by providing to the commissioner of human services, or the commissioner's representative, all criminal conviction data available from local, state, and national criminal history record repositories, including the criminal justice data communications network, pertaining to the following individuals: applicants, operators, all persons living in the household, and all staff of any facility subject to background studies under this subdivision.

(c) The Department of Human Services shall conduct the background studies required by paragraph (a) in compliance with the provisions of chapter 245C. For the purpose of this subdivision, the term "secure and nonsecure residential facility and detention facility" shall include programs licensed or certified under subdivision 2. The Department of Human Services shall provide necessary forms and instructions, shall conduct the necessary background studies of individuals, and shall provide notification of the results of the studies to the facilities, individuals, and the commissioner of corrections. Individuals shall be disqualified under the provisions of chapter 245C.

If an individual is disqualified, the Department of Human Services shall notify the facility and the individual and shall inform the individual of the right to request a reconsideration of the disqualification by submitting the request to the Department of Corrections.

A reasonable allowance for travel time and meals shall be permitted.

Subd. 2. Use of local detention facilities. The commissioner of corrections shall designate state correctional institutions for participation in the program authorized in subdivision 1 and shall adapt facilities of such institutions to provide housing and supervision of inmates participating in such program. When the commissioner determines that the circumstances of a participant in the program authorized by subdivision 1 do not require the security of a public detention facility, the commissioner may contract with public and private agencies for the custody and separate care of such participant or house the participant in a community correction center or under house arrest and monitored by electronic surveillance in an approved residence.

Subd. 3. Rules. The commissioner of corrections shall establish rules for placement and supervision of such inmates and for administration of programs authorized by this section. Where a work placement inmate is housed in a jail or workhouse, such board and room revenue shall be paid over to such city or county official as provided for in subdivision 2, provided however, that when payment of board and room has been waived, the commissioner shall make such payments from funds appropriated for that purpose.

The correctional fees on the schedule must be reasonably related to offenders' abilities to pay and the actual cost of correctional services.

Subd. 3. **Fee collection.** (a) The commissioner of corrections may impose and collect fees from individuals on probation and supervised release at any time while the offender is under sentence or after the sentence has been discharged.

(b) The commissioner may use any available civil means of debt collection in collecting a correctional fee.

Subd. 4. **Exemption from fee.** The commissioner of corrections may waive payment of the fee if the commissioner determines that the offender does not have the ability to pay the fee, the prospects for payment are poor, or there are extenuating circumstances justifying waiver of the fee. Instead of waiving the fee, the commissioner may require the offender to perform community work service as a means of paying the fee.

Subd. 5. **Restitution payment priority.** If an offender has been ordered by a court to pay restitution, the offender shall be obligated to pay the restitution ordered before paying the correctional fee. However, if the offender is making reasonable payments to satisfy the restitution obligation, the commissioner may also collect a correctional fee.

Subd. 6. **Use of fees.** Excluding correctional fees collected from offenders supervised by department agents under the authority of section 244.19, subdivision 1, paragraph (a), clause (3), all correctional fees collected under this section go to the general fund. Fees collected by agents under the authority of section 244.19, subdivision 1, paragraph (a), clause (3), shall go to the county treasurer in the county where supervision is provided. These fees may only be used in accordance with section 244.18, subdivision 6.

Subd. 7. **Annual report.** Beginning January 15, 2001, the commissioner shall submit an annual report on the implementation of this section to the chairs and ranking minority members of the senate and house committees and divisions with jurisdiction over criminal justice funding and policy. At a minimum, the report shall include information on the types of correctional services for which fees were imposed, the aggregate amount of fees imposed, and the amount of fees collected.

Subd. 8. **Sex offender treatment fee.** The commissioner of corrections may authorize sex offender treatment providers to charge and collect treatment co-pays from all offenders in their treatment program. The amount of treatment co-pay assessed to each offender is based upon a fee schedule approved by the commissioner. Fees collected under this authority are used by the treatment provider to fund the cost of treatment.

PRODUCTIVE DAY INITIATIVE PROGRAMS

241.275 PRODUCTIVE DAY INITIATIVE PROGRAMS; CORRECTIONAL FACILITIES; HENNEPIN, RAMSEY, AND ST. LOUIS COUNTIES.

Subdivision 1. **Program establishment.** (a) As used in this section, "correctional facility" includes a community-based day program in which an adult or juvenile offender is placed as part of a sentence or disposition order, if the program provides close supervision of offenders through such means as electronic monitoring and drug and alcohol testing.

(b) All counties are encouraged to establish a productive day initiative program for adult and juvenile offenders under their jurisdiction. The productive day program shall be designed to motivate offenders to develop basic life and work skills through training and education, thereby creating opportunities for offenders to achieve more successful integration into the community upon their release.

Subd. 2. **Program components.** The productive day initiative programs may include, but are not limited to, components described in paragraphs (a) to (c).

(a) The initiative programs may contain programs designed to promote the offender's self-esteem, self-discipline, and economic self-sufficiency by providing structured training and education with respect to basic life skills, including hygiene, personal financial budgeting, literacy, and conflict management.

(b) The programs may contain individualized educational, vocational, and work programs designed to productively occupy an offender for at least eight hours a day.

(c) The program administrators may develop correctional industry programs, including marketing efforts to attract work opportunities both inside correctional facilities and outside in the community. Program options may include expanding and reorganizing on-site industry programs, locating off-site industry work areas, community service work programs, and employment programs. To develop innovative work programs, program administrators may enlist members of the business and labor community to help target possible productive enterprises for offender work programs.

(d) Whenever offenders are assigned to work within the correctional facility or with any state department or agency, local unit of government, or other government subdivision, the program administrator must certify to the appropriate bargaining agent that work performed by offenders will not result in the displacement of current employed workers or workers on seasonal layoff or layoff from a substantially equivalent position, including partial displacement such as reduction in hours of work other than overtime work, wages, or other employment benefits.

Subd. 3. **Eligibility.** The administrators of each productive day program shall develop criteria for offender eligibility for the program.

Subd. 4. **Evaluation.** The administrators of each of the productive day initiative programs shall develop program evaluation tools to monitor the success of the programs.

241.29 COMPACT.

The Interstate Corrections Compact is hereby enacted into law and entered into by this state with any other states legally joining therein in the form substantially as follows:

INTERSTATE CORRECTIONS COMPACT

ARTICLE I

Purpose and Policy

The party states, desiring by common action to fully utilize and improve their institutional facilities and provide adequate programs for the confinement, treatment and rehabilitation of various types of offenders, declare that it is the policy of each of the party states to provide such facilities and programs on a basis of cooperation with one another, thereby serv-

ing the best interests of such offenders and of society and effecting economies in capital expenditures and operational costs. The purpose of this compact is to provide for the mutual development and execution of such programs of cooperation for the confinement, treatment and rehabilitation of offenders with the most economical use of human and material resources.

ARTICLE II

Definitions

As used in this compact, unless the context clearly requires otherwise:

(a) "State" means a state of the United States; the United States of America; a territory or possession of the United States; the District of Columbia; the Commonwealth of Puerto Rico.

(b) "Sending state" means a state party to this compact in which conviction or court commitment was had.

(c) "Receiving state" means a state party to this compact to which an inmate is sent for confinement other than a state in which conviction or court commitment was had.

(d) "Inmate" means a male or female offender who is committed, under sentence to or confined in a penal or correctional institution.

(e) "Institution" means any penal or correctional facility, including but not limited to a facility for the mentally ill or mentally defective, in which inmates as defined in (d) above may lawfully be confined.

ARTICLE III

Contracts

(a) Each party state may make one or more contracts with any one or more of the other party states for the confinement of inmates on behalf of a sending state in institutions situated within receiving states. Any such contract shall provide for:

1. Its duration.

2. Payments to be made to the receiving state by the sending state for inmate maintenance, extraordinary medical and dental expenses, and any participation in or receipt by inmates of rehabilitative or correctional services, facilities, programs, or treatment not reasonably included as part of normal maintenance.

3. Participation in programs of inmate employment, if any; the disposition or crediting of any payments received by inmates on account thereof; and the crediting of proceeds from or disposal of any products resulting therefrom.

4. Delivery and retaking of inmates.

5. Such other matters as may be necessary and appropriate to fix the obligations, responsibilities and rights of the sending and receiving states.

(b) The terms and provisions of this compact shall be a part of any contract entered into by the authority of or pursuant thereto, and nothing in any such contract shall be inconsistent therewith.

ARTICLE IV

Procedures and Rights

(a) Whenever the duly constituted authorities in a state party to this compact, and which has entered into a contract pursuant to article III, shall decide that confinement in, or transfer of an inmate to, an institution within the territory of another party state is necessary or desirable in order to provide adequate quarters and care or an appropriate program of rehabilitation or treatment, said officials may direct that the confinement be within an institution within the territory of said other party state, the receiving state to act in that regard solely as agent for the sending state.

(b) The appropriate officials of any state party to this compact shall have access, at all reasonable times, to any institution in which it has a contractual right to confine inmates for

the purpose of inspecting the facilities thereof and visiting such of its inmates as may be confined in the institution.

(c) Inmates confined in an institution pursuant to the terms of this compact shall at all times be subject to the jurisdiction of the sending state and may at any time be removed therefrom for transfer to a prison or other institution within the sending state, for transfer to another institution in which the sending state may have a contractual or other right to confine inmates, for release on probation or parole, for discharge, or for any other purpose permitted by the laws of the sending state; provided that the sending state shall continue to be obligated to such payments as may be required pursuant to the terms of any contract entered into under the terms of article III.

(d) Each receiving state shall provide regular reports to each sending state on the inmates of that sending state in institutions pursuant to this compact including a conduct record of each inmate and certify said record to the official designated by the sending state, in order that each inmate may have official review of his or her record in determining and altering the disposition of said inmate in accordance with the law which may obtain in the sending state and in order that the same may be a source of information for the sending state.

(e) All inmates who may be confined in an institution pursuant to the provisions of this compact shall be treated in a reasonable and humane manner and shall be treated equally with such similar inmates of the receiving state as may be confined in the same institution. The fact of confinement in a receiving state shall not deprive any inmate so confined of any legal rights which said inmate would have had if confined in an appropriate institution of the sending state.

(f) Any hearing or hearings to which an inmate confined pursuant to this compact may be entitled by the laws of the sending state may be had before the appropriate authorities of the sending state, or of the receiving state if authorized by the sending state. The receiving state shall provide adequate facilities for such hearings as may be conducted by the appropriate officials of a sending state. In the event such hearing or hearings are had before officials of the receiving state, the governing law shall be that of the sending state and a record of the hearing or hearings as prescribed by the sending state shall be made. Said record together with any recommendations of the hearing officials shall be transmitted forthwith to the official or officials before whom the hearing would have been had if it had taken place in the sending state. In any and all proceedings had pursuant to the provisions of this subdivision, the officials of the receiving state shall act solely as agents of the sending state and no final determination shall be made in any matter except by the appropriate officials of the sending state.

(g) Any inmate confined pursuant to this compact shall be released within the territory of the sending state unless the inmate, and the sending and receiving states, shall agree upon release in some other place. The sending state shall bear the cost of such return to its territory.

(h) Any inmate confined pursuant to the terms of this compact shall have any and all rights to participate in and derive any benefits or incur or be relieved of any obligations or have such obligations modified or his status changed on account of any action or proceeding in which he could have participated if confined in any appropriate institution of the sending state located within such state.

(i) The parent, guardian, trustee, or other person or persons entitled under the laws of the sending state to act for, advise, or otherwise function with respect to any inmate shall not be deprived of or restricted in his exercise of any power in respect of any inmate confined pursuant to the terms of this compact.

ARTICLE V

Acts Not Reviewable in Receiving State: Extradition

(a) Any decision of the sending state in respect of any matter over which it retains jurisdiction pursuant to this compact shall be conclusive upon and not reviewable within the receiving state, but if at the time the sending state seeks to remove an inmate from an institution in the receiving state there is pending against the inmate within such state any criminal

charge or if the inmate is formally accused of having committed within such state a criminal offense, the inmate shall not be returned without the consent of the receiving state until discharged from prosecution or other form of proceeding, imprisonment or detention for such offense. The duly accredited officers of the sending state shall be permitted to transport inmates pursuant to this compact through any and all states party to this compact without interference.

(b) An inmate who escapes from an institution in which he is confined pursuant to this compact shall be deemed a fugitive from the sending state and from the state in which the institution is situated. In the case of an escape to a jurisdiction other than the sending or receiving state, the responsibility for institution of extradition or rendition proceedings shall be that of the sending state, but nothing contained herein shall be construed to prevent or affect the activities of officers and agencies of any jurisdiction directed toward the apprehension and return of an escapee.

ARTICLE VI

Federal Aid

Any state party to this compact may accept federal aid for use in connection with any institution or program, the use of which is or may be affected by this compact or any contract pursuant hereto and any inmate in a receiving state pursuant to this compact may participate in any such federally aided program or activity for which the sending and receiving states have made contractual provision, provided that if such program or activity is not part of the customary correctional regimen the express consent of the appropriate official of the sending state shall be required therefor.

ARTICLE VII

Entry into Force

This compact shall enter into force and become effective and binding upon the state so acting when it has been enacted into law by any two states. Thereafter, this compact shall enter into force and become effective and binding as to any other of said states upon similar action by such state.

ARTICLE VIII

Withdrawal and Termination

This compact shall continue in force and remain binding upon a party state until it shall have enacted a statute repealing the same and providing for the sending of formal written notice of withdrawal from the compact to the appropriate officials of all other party states. An actual withdrawal shall not take effect until one year after the notices provided in said statute have been sent. Such withdrawal shall not relieve the withdrawing state from its obligations assumed hereunder prior to the effective date of withdrawal. Before the effective date of withdrawal, a withdrawing state shall remove to its territory, at its own expense, such inmates as it may have confined pursuant to the provisions of this compact.

ARTICLE IX

Other Arrangements Unaffected

Nothing contained in this compact shall be construed to abrogate or impair any agreement or other arrangement which a party state may have with a nonparty state for the confinement, rehabilitation or treatment of inmates nor to repeal any other laws of a party state authorizing the making of cooperative institutional arrangements.

ARTICLE X

Construction and Severability

The provisions of this compact shall be liberally construed and shall be severable. If any phrase, clause, sentence or provision of this compact is declared to be contrary to the Constitution of any participating state or of the United States or the applicability thereof to any government, agency, person or circumstance is held invalid, the validity of the remainder of this

compact and the applicability thereof to any government, agency, person or circumstance shall not be affected thereby. If this compact shall be held contrary to the constitution of any state participating therein, the compact shall remain in full force and effect as to the remaining states and in full force and effect as to the state affected as to all severable matters.

History: 2000 c 422 s 32

241.336 BLOOD SAMPLE COLLECTION FOR TESTING.

Subdivision 1. Procedures with consent. (a) If a blood sample is not otherwise available, the correctional facility shall obtain consent from the inmate before collecting a blood sample for testing for bloodborne pathogens. The consent process shall include informing the inmate that the inmate may refuse to provide a blood sample and that the inmate's refusal may result in a request for a court order under subdivision 2 to require the inmate to provide a blood sample.

(b) If the inmate consents to provide a blood sample, the correctional facility shall collect a blood sample and ensure that the sample is tested for bloodborne pathogens.

(c) The correctional facility shall inform the corrections employee's health care provider about the inmate's test results without the inmate's name or other uniquely identifying information. The correctional facility shall inform the inmate of the test results.

(a) A correctional facility or a corrections employee may bring a petition for a court order to require an inmate to provide a blood sample for testing for bloodborne pathogens. The petition shall be filed in the district court in the county where the inmate is confined. The correctional facility shall serve the petition on the inmate three days before a hearing on the petition. The petition shall include one or more affidavits attesting that:

(1) the correctional facility followed the procedures in sections 241.33 to 241.342 and attempted to obtain bloodborne pathogen test results according to those sections;

(2) a licensed physician knowledgeable about the most current recommendations of the United States Public Health Service has determined that a significant exposure has occurred to the corrections employee under section 241.341; and

(3) a physician has documented that the corrections employee has provided a blood sample and consented to testing for bloodborne pathogens and bloodborne pathogen test results are needed for beginning, continuing, modifying, or discontinuing medical treatment for the corrections employee under section 241.341.

(b) Facilities shall cooperate with petitioners in providing any necessary affidavits to the extent that facility staff can attest under oath to the facts in the affidavits.

(c) The court may order the inmate to provide a blood sample for bloodborne pathogen testing if:

(1) there is probable cause to believe the corrections employee has experienced a significant exposure to the inmate;

(2) the court imposes appropriate safeguards against unauthorized disclosure that must specify the persons who have access to the test results and the purposes for which the test results may be used;

(3) a licensed physician for the corrections employee needs the test results for beginning, continuing, modifying, or discontinuing medical treatment for the corrections employee; and

(4) the court finds a compelling need for the test results. In assessing compelling need, the court shall weigh the need for the court-ordered blood collection and test results against

the interests of the inmate, including, but not limited to, privacy, health, safety, or economic interests. The court shall also consider whether involuntary blood collection and testing would serve the public interests.

(d) The court shall conduct the proceeding in camera unless the petitioner or the inmate requests a hearing in open court and the court determines that a public hearing is necessary to the public interest and the proper administration of justice.

(e) The inmate may arrange for counsel in any proceeding brought under this subdivision.

Subd. 3. Procedures without consent; expedited process. (a) As used in this subdivision, "qualified physician" means a person who:

(1) is a licensed physician employed by or under contract with the correctional facility to provide services to employees and inmates; and

(2) is an infectious disease specialist or consults with an infectious disease specialist or a hospital infectious disease officer.

(b) An inmate in a correctional facility is subject to the release of medical information related to bloodborne pathogen infections or the collection and testing of a blood sample if a significant exposure occurs as determined by procedures in section 241.331, subdivision 2, clause (1). In the absence of affirmative consent and cooperation in the release of medical information or collection of a blood sample, the head of a correctional facility, having reported to and consulted with the state epidemiologist, may order an inmate to provide release of medical information related to bloodborne pathogen infections or a blood sample for testing for bloodborne pathogens if:

(1) the correctional facility followed the procedures in sections 241.33 to 241.336, subdivision 1, and 241.337 to 241.342 and attempted to obtain bloodborne pathogen test results according to those sections;

(3) a qualified physician has documented that the corrections employee has received vaccinations for preventing bloodborne pathogens, provided a blood sample, and consented to testing for bloodborne pathogens, and that bloodborne pathogen test results are needed for beginning, continuing, modifying, or discontinuing medical treatment for the corrections employee under section 241.341;

(4) the head of the correctional facility has received affidavits from qualified physicians, treating the corrections worker and the inmate, attesting that a significant exposure has occurred to the corrections employee under section 241.341;

(6) a qualified physician for the corrections employee needs the test results for beginning, continuing, modifying, or discontinuing medical treatment for the corrections employee; and

(7) the head of the correctional facility finds a compelling need for the medical information or test results.

In assessing whether a compelling need exists under clause (7), the head of the correctional facility shall weigh the officer's need for the exchange of medical information or blood collection and test results against the interests of the inmate, including, but not limited to, privacy, health, safety, or economic interests. The head of the correctional facility shall also consider whether release of medical information or involuntary blood collection and testing would serve or harm public health interests.

(c) Each state and local correctional facility shall adopt a plan for implementing by July 1, 2006, policies and procedures for:

(1) the education and treatment of corrections employees and inmates that are consistent with those established by the Department of Corrections;

SEX OFFENDER TREATMENT PROGRAMS

241.67 SEX OFFENDER TREATMENT; PROGRAMS; STANDARDS; DATA.

Subdivision 1. **Sex offender treatment.** A sex offender treatment system is established under the administration of the commissioner of corrections to provide and finance a range of sex offender treatment programs for eligible adults and juveniles. Offenders who are eligible to receive treatment, within the limits of available funding, are:

- (1) adults and juveniles committed to the custody of the commissioner;
- (2) adult offenders for whom treatment is required by the court as a condition of probation; and
- (3) juvenile offenders who have been found delinquent or received a stay of adjudication, for whom the juvenile court has ordered treatment.

Subd. 2. **Treatment program standards.** (a) The commissioner shall adopt rules under chapter 14 for the certification of adult and juvenile sex offender treatment programs in state and local correctional facilities and state-operated adult and juvenile sex offender treatment programs not operated in state or local correctional facilities. The rules shall require that sex offender treatment programs be at least four months in duration. A correctional facility may not operate a sex offender treatment program unless the program has met the standards adopted by and been certified by the commissioner of corrections. As used in this subdivision, "correctional facility" has the meaning given it in section 241.021, subdivision 1, paragraph (f).

(b) In addition to other certification requirements established under paragraph (a), the commissioner must require all programs certified under this subdivision to participate in the

sex offender program evaluation project established by the commissioner under section 241.67, subdivision 8.

Subd. 3. Programs for adult offenders committed to the commissioner. (a) The commissioner shall provide for a range of sex offender programs, including intensive sex offender programs, within the state adult correctional facility system. Participation in any program is subject to the rules and regulations of the Department of Corrections. Nothing in this section requires the commissioner to accept or retain an offender in a program if the offender is determined by prison professionals as unamenable to programming within the prison system or if the offender refuses or fails to comply with the program's requirements. Nothing in this section creates a right of an offender to treatment.

(b) The commissioner shall develop a plan to provide for residential and outpatient sex offender programming and aftercare when required for conditional release under section 609.3455, subdivision 3a, or as a condition of supervised release. The plan may include co-payments from the offender, third-party payers, local agencies, or other funding sources as they are identified.

Subd. 4. Programs for juvenile offenders committed to the commissioner. The commissioner shall provide for sex offender treatment programs for juveniles committed to the commissioner by the courts under section 260B.198, as provided under section 242.195.

Subd. 5. [Repealed, 1993 c 326 art 8 s 17]

Subd. 6. Specialized corrections agents and probation officers; sex offender supervision. The commissioner of corrections shall develop in-service training for state and local corrections agents and probation officers who supervise adult and juvenile sex offenders on probation or supervised release. The commissioner shall make the training available to all current and future corrections agents and probation officers who supervise or will supervise sex offenders on probation or supervised release.

A state or local corrections agent or probation officer may not supervise adult or juvenile sex offenders on probation or supervised release unless the agent or officer has completed the in-service sex offender supervision training. The commissioner may waive this requirement if the corrections agent or probation officer has completed equivalent training as part of a postsecondary educational curriculum.

When an adult sex offender is placed on supervised release or is sentenced to probationary supervision, and when a juvenile offender is found delinquent by the juvenile court for a sex offense and placed on probation or is paroled from a juvenile correctional facility, a corrections agent or probation officer may not be assigned to the offender unless the agent or officer has completed the in-service sex offender supervision training.

Subd. 7. Funding priority; program effectiveness. (a) Unless otherwise directed by the terms of a particular appropriations provision, the commissioner shall give priority to the funding of juvenile sex offender programs over the funding of adult sex offender programs.

(b) Every county or private sex offender program shall provide the commissioner with any information relating to the program's effectiveness that the commissioner considers necessary. The commissioner shall deny state funding or reimbursement to any county or private program that fails to provide this information or that appears to be an ineffective program.

Subd. 8. Community-based sex offender program evaluation. (a) For the purposes of this subdivision, a sex offender is an adult who has been convicted, or a juvenile who has been adjudicated, for a sex offense or a sex-related offense which would require registration under section 243.166.

(b) The commissioner shall:

(1) collect follow-up information on each sex offender for a period of three years following the offender's completion of or termination from treatment for the purpose of providing periodic reports to the legislature;

(2) provide treatment programs in several geographical areas in the state;

(3) provide the necessary data to form the basis to recommend a fiscally sound plan to provide a coordinated statewide system of effective sex offender treatment programming; and

(4) provide an opportunity to local and regional governments, agencies, and programs to establish models of sex offender programs that are suited to the needs of that region.

(c) The commissioner shall establish an advisory task force consisting of county probation officers from Community Corrections Act counties and other counties, court services providers, and other interested officials. The commissioner shall consult with the task force on how best to implement the requirements of this subdivision.

Subd. 9. Information on sex offender treatment. (a) All sex offender treatment facilities that provide treatment to sex offenders who begin treatment as a condition of probation shall provide the commissioner relevant information on the treatment of those offenders as the commissioner requests for the purpose of this evaluation. The information disclosed to the commissioner shall only be reported in aggregate and that information must not be used to designate additional sanctions for any individual offender.

(b) All county corrections agencies or court services officers shall provide the commissioner information as requested regarding juveniles and adults as defined in subdivision 8, paragraph (a), for the purpose of completing the requirements of subdivision 8.

241.69 MENTAL HEALTH UNIT; ESTABLISHMENT.

Subdivision 1. **Authority; rules.** The commissioner of corrections shall, in accordance with applicable rules and standards prescribed by the Department of Human Services, establish, staff, equip, maintain, and operate at one of the adult correctional institutions under the commissioner's control a mental health unit for the care and treatment of those inmates of state correctional institutions who become mentally ill.

Subd. 2. **Examination.** When any person confined in an adult correctional institution under the control of the commissioner of corrections is alleged to be a person who is mentally ill, the director of psychological services, or warden or other person in charge of the institution shall cause the person to be examined by a licensed physician especially qualified in the diagnosis of mental illness, or, if none is available, by any licensed physician or licensed mental health professional available to the institution.

Subd. 3. **Transfer.** If the licensed mental health professional finds the person to be a person who is mentally ill and in need of short-term care, the examining health care professional may recommend transfer by the commissioner of corrections to the mental health unit established pursuant to subdivision 1.

Subd. 4. **Commitment.** If the examining health care professional or licensed mental health professional finds the person to be a person who is mentally ill and in need of long-term care in a hospital, or if an inmate transferred pursuant to subdivision 3 refuses to voluntarily participate in the treatment program at the mental health unit, the director of psychological services of the institution or the mental health professional shall initiate proceedings for judicial commitment as provided in section 253B.07. Upon the recommendation of the licensed mental health professional and upon completion of the hearing and consideration of the record, the court may commit the person to the mental health unit established in subdivision 1 or to another hospital. A person confined in a state correctional institution for adults who has been adjudicated to be a person who is mentally ill and in need of treatment may be committed to the commissioner of corrections and placed in the mental health unit established in subdivision 1.

Subd. 5. **Discharge.** The director of psychological services of the mental health unit established under this section may, subject to the provisions of chapter 253B, provisionally discharge any inmate patient admitted as a person who is mentally ill without discharging the commitment and order the inmate patient's release into the general population of the institution from which admitted, subject to return to the facility for further treatment.

When the director of psychological services of the facility certifies that a patient is no longer in need of institutional care for mental illness the director of psychological services shall discharge the patient to the institution from which committed, and the discharge shall also discharge the mental illness commitment.

A copy of the certification that the inmate is no longer in need of care for mental illness shall be transmitted to the commissioner of corrections. The commissioner of corrections shall give serious consideration to the aforementioned certification for purposes of their supervision over the inmate upon the inmate's release.

Subd. 6. **Transfer upon expiration of sentence.** If the sentence of a person who has been adjudicated to be mentally ill and committed to the mental health unit established under this section should expire before the person recovers and is discharged therefrom, and, in the judgment of the director of psychological services of the unit, the person requires further hospitalization for mental illness, the person shall be transferred by the commissioner of corrections to a state hospital designated by the commissioner of human services, there to be detained as in the case of other mentally ill persons under judicial commitment.

Subd. 7. **Costs.** The costs of the commitment proceedings under this section shall be borne by the state.

Subd. 8. **Definitions.** For the purposes of this section, the words defined in section 253B.02 have the meanings given them in that section.
