306.01 CEMETERY ASSOCIATIONS AND PRIVATE CEMETERIES, HOW GOVERNED.

Public cemetery associations existing on March 1, 1906, shall continue under the forms of organization adopted by them and retain the rights and powers then possessed. Cemetery associations and private cemeteries established after that date shall be organized and governed by this chapter.

History: (7557) *RL s 2935; 1988 c 469 art 5 s 1*

306.02 CEMETERY CORPORATIONS OR ASSOCIATIONS.

Subdivision 1. **Purpose and method of formation.** A corporation or association may: (1) be formed to procure and hold or sell lands or lots exclusively for the purpose of a public cemetery; (2) acquire and manage all real and personal property necessary or proper to establish, embellish, care for, and manage a cemetery, and may construct and operate on that property a crematory and other proper means of disposing of the dead; and (3) sell and convey cemetery lots or sell and convey real or personal property acquired by it but not needed for cemetery purposes. The corporation or association may be formed by three or more persons, who shall execute and verify the certificate or articles of incorporation as required in the matter of the formation of other corporations. The certificate of incorporation shall be recorded in the office of the county recorder of the county where the cemetery is located and upon filing, the association is a corporation.

Subd. 2. **Transfer by local government unit.** Cemetery land and property or a public burial ground owned or controlled by a town, statutory or home rule charter city, or county may be transferred by deed or otherwise to an existing cemetery association or corporation or one formed under this chapter. The transfer may be with or without condition, as determined by the town, statutory or home rule charter city, or county. The town, statutory or home rule charter city, or county may, as a part of the transaction, enter into a contract or agreement with the cemetery association to provide for the management and maintenance of the cemetery, for the sale of lots or land in the cemetery, and for those other matters concerning the care and control of the cemetery as the town, statutory or home rule charter city, or county considers advisable.

Subd. 3. **Transfer by religious corporation.** Cemetery land or property owned by a religious corporation existing under state laws may be transferred to a cemetery association under state laws without any express consideration. In this case, the articles of incorporation of the cemetery association may provide, or may be amended to provide, for the appointment of its directors or trustees by the board of directors of the religious corporation or by some specified officer of the corporation. A cemetery association affiliated with a religious corporation by such a provision in its articles may provide for the acquisition of other cemetery properties within the state for the burial of persons of the same religious faith, exclusively.

Subd. 4. **Transfer to religious corporation.** A cemetery corporation or association governed by this chapter may transfer cemetery land or property to a religious corporation existing under state laws without any express consideration. Money held by the cemetery corporation or association for maintenance of transferred land containing cemetery burial plots must also be transferred to the religious corporation to which the land is transferred, and the religious corporation shall use the money for maintenance of the land and plots.

History: (7558) *RL s 2936; 1911 c 385 s 1; 1931 c 119 s 1; 1973 c 123 art 5 s 7; 1976 c 181 s 2; 1988 c 469 art 5 s 1; 1990 c 380 s 1; 1996 c 413 s 2; 2005 c 4 s 41*

306.023 UNUSED PUBLIC CEMETERY; TRANSFER TO OPERATING PUBLIC CEMETERY.

Subdivision 1. Transfer authorized. A public cemetery association that owns a cemetery in which no interments have been made for 40 years may transfer the cemetery and real estate owned by it, together with funds or property that it possesses, to another public cemetery association or corporation serving the same community in the burial of the dead.

Subd. 2. Method of transfer. To accomplish the transfer, the board of trustees of the transferring cemetery association shall adopt a resolution to that effect by an unanimous vote of the board of trustees. The chair or president of the board of trustees and the secretary may then execute the proper instruments and a deed in the name of the association to evidence the transfer. However, the transfer must first have been authorized by a majority vote of all members of the association, present and voting, at any regular meeting or at any special meeting called for that purpose, after written notice to the members specifying the time, place, and purpose of the meeting.

If the association is an unincorporated association, a deed executed in the name of the association by the chair or president and the secretary or treasurer of the board of trustees is a valid conveyance of the lands of the association.

Subd. 3. Acceptance of transfer. A public cemetery association or corporation serving the community in the burial of the dead may accept a transfer of a cemetery and its lands, property, and funds. Before a transfer is made, the public cemetery association to which the transfer is being made shall adopt a resolution agreeing to accept the cemetery and its real and personal property and funds and agreeing to operate, maintain, control, and manage the cemetery and administer its property and funds in the name of, and in accordance with the rules and laws governing the accepting public cemetery association.

Subd. 4. Effect of transfer. After transfer, lot owners of the former association continue their ownership. They are entitled to the same rights and privileges with respect to their lots accorded to lot owners by the public cemetery association to which the transfer was made and are thereafter subject to all the rules and laws governing the public cemetery association.

History: *1949 c 298 s 1; 1984 c 543 s 13; 1986 c 444; 1988 c 469 art 5 s 1*

306.025 TRANSFER OF CEMETERY TO LOCAL GOVERNMENT UNIT.

Subdivision 1. Acceptance. A public cemetery association owning a cemetery may transfer it to a statutory or home rule charter city, town, or county in which the cemetery is wholly or partly located, together with all the funds and property of the association, whether the funds are of a trust character or otherwise. The statutory or home rule charter city, town, or county in which the cemetery is wholly or partly located may accept a transfer of the cemetery and of its property and funds, and may continue to operate, maintain, manage, and conduct the cemetery, and to sell lots and provide for the burial of the dead in the cemetery. Funds received from the cemetery association upon transfer shall be administered by the statutory or home rule charter city, town, or county for the same purposes and upon the same trusts for which they were originally established.

Subd. 2. Transfer, how made. To accomplish a transfer, the board of trustees of the cemetery association shall first adopt a resolution to that effect by a unanimous vote of the members of the board of trustees, after which the chair or president of the board of trustees and the secretary are authorized to execute the proper instruments to evidence the transfer. However, the transfer must first have been authorized by a majority vote of all the members of the association at a regular or special meeting called for that express purpose.

Subd. 3. Local government unit to accept by resolution. Before the transfer is made, the governing body of the statutory or home rule charter city, town, or county in which the cemetery is wholly or partly located shall first adopt a resolution agreeing to accept the trans-

fer of the property and funds of the association, and agree to continue to operate, maintain, manage, conduct, and control the cemetery, to sell lots in it, and to administer its funds for the same purposes and upon the same trusts for which they were originally established.

Subd. 4. **Trust fund for perpetual care.** If a trust fund for the perpetual care of cemetery lots is transferred to a statutory or home rule charter city, town, or county under this section, then the fund must be preserved and kept and used and administered for the same purposes and upon the same trusts as if the transfer had not been made. Lots for which payment in full for perpetual care has been made to the cemetery association are entitled to receive perpetual care, and the statutory or home rule charter city, town, or county shall provide it.

Subd. 5. **Rights of lot owners.** After transfer, lot owners are entitled to the same rights and privileges concerning their lots as if the transfer had not been made.

Subd. 6. **Maintenance.** After the transfer has been made and accepted by the statutory or home rule charter city, town, or county, the governing body of the statutory or home rule charter city, town, or county shall operate, maintain, conduct, control, and manage the transferred cemetery. For that purpose it may appoint a committee of the governing body.

Subd. 7. **Rules.** The governing body of the statutory or home rule charter city, town, or county may adopt rules and regulations to conduct, manage, maintain, and operate the cemetery, but the rules may not infringe upon the rights of persons who were lot owners at the time the transfer was made.

History: 1945 c 188; 1973 c 123 art 5 s 7; 1986 c 444; 1988 c 469 art 5 s 1; 1996 c 413 s 3

306.027 MERGER OF CEMETERIES.

The ownership of a cemetery owned by a cemetery association or corporation, a municipality or town, a religious corporation, or any other body; or of a privately owned cemetery, may be merged with that of any other cemetery upon the terms set by its governing body, board of trustees, or owner. The surviving association, corporation, municipality, town, religious corporation, or other body or private person owning the cemeteries is subject to the laws appropriate for the particular type of cemetery ownership. No interests of third parties shall be impaired by the merger and after the merger lot owners of the former cemeteries shall continue their ownership and be entitled to the same rights and privileges concerning their lots that were accorded to them under the previous ownership.

306.03 ACTUARY; RECORDS; REPORTS.

Every such corporation, including any person, firm, partnership, association, or corporation owning or operating a mausoleum or columbarium, shall, in addition to its ordinary corporate officers, annually appoint an actuary or provide by its bylaws that its secretary shall perform the duties of an actuary. The actuary shall keep a register of burials, entering (1) the date of burial, entombment, or cremation and (2) the name, age, sex, nativity, and cause of death of every person interred or cremated in the cemetery. These facts must be registered so far as they can be ascertained from the friends, attending physician, or undertaker in charge, and in case of a pauper, stranger, or criminal, from the public official directing the burial. The record shall be open to public inspection, and the actuary shall give the state commissioner of health and to local agents of a board of health as authorized under section 145A.04, upon their request, an accurate summary of the record during any specified year.

History: (7559) RL s 2937; 1933 c 65 s 1; 1953 c 699 s 13; 1955 c 4 s 7; 1969 c 275 s 11; 1977 c 305 s 45; 1986 c 444; 1987 c 309 s 24; 1988 c 469 art 5 s 1; 1988 c 509 s 3

306.04 FAILURE TO KEEP REGISTER; FORFEITURE.

Every actuary, or secretary performing the duties of an actuary, failing to keep a register of burials and to record in it all interments and cremations, shall forfeit not less than \$2 nor

more than \$10 for every failure to keep a register or record the required information for the benefit of the school fund of the district in which the cemetery, mausoleum, or crematory is located.

306.05 LAND ACQUIRED FOR CEMETERY PURPOSES.

Every such corporation may own, by purchase or gift, in the county where it is located and in an adjoining county, a maximum of 300 acres of land to be used and occupied exclusively for the burial or cremation of the dead and for other purposes necessary or proper to those purposes. Land required for that purpose must be surveyed and divided into lots of a size determined by the trustees, with the avenues, alleys, and walks they consider proper. A map of the survey must be filed with the county recorder of the county where the cemetery is located. When the corporation desires to enlarge its cemetery and cannot agree with the owners of the land desired for the cemetery, the land may be acquired under the power of eminent domain. However, public necessity, propriety, and convenience requiring the proposed enlargement, together with the boundaries of the cemetery, shall be first established and determined as issues of fact.

306.06 CONVEYANCE OF CERTAIN LANDS TO CEMETERY ASSOCIATIONS.

When land located within a town or statutory city has before 1870 been devoted to and used by the public without restriction as a cemetery, the governing body of the town or city where the land is located may convey the land to a cemetery association organized to acquire the land for cemetery purposes. The governing body may decide the terms of the conveyance.

A fraternal corporation organized under state law that acquired land upon which it established a cemetery before 1885 and that operated a cemetery after that date may convey to a corporation incorporated under state law to operate a public cemetery, any part of the cemetery that the corporation has not conveyed to individuals to be used for the burial of the dead. The corporation may also convey all its interest in any part of the cemetery that has previously been conveyed by the public cemetery association, without ownership or control of it, to individuals to be used for the burial of the dead.

306.08 LANDS TO BE SUBJECT TO RULES OF CEMETERY ASSOCIATIONS.

A conveyance by a fraternal corporation may transfer all right, title, and control in the acquired land that is devoted to cemetery purposes. Upon transfer, the public cemetery association to which the conveyance is made acquires and may exercise all of the rights, privileges, and control that the fraternal corporation previously had, and the cemetery and all premises constituting it are subject to the rules of the cemetery association.

History: (7561-4) *1937 c 207 s 2; 1988 c 469 art 5 s 1*

306.09 SALE OF LOTS.

After the filing of a map under section 306.05 the trustees may sell and convey the lots designated on the map upon terms and conditions as they determine. Every conveyance of a lot must be expressly for burial purposes and no other and must be in the corporate name of the association and signed by its president or vice-president and by its treasurer or secretary.

History: (7562) *RL s 2940; 1988 c 469 art 5 s 1*

306.10 USE OF FUNDS; GRANTS IN TRUST.

Proceeds from the sales of lots and personal property not invested as hereinafter provided shall be applied solely to pay debts incurred in purchasing cemetery grounds and property, to fence, improve, and beautify the grounds and the avenues leading to the grounds, and to defray the necessary expenses of their management and care. Real or personal property given to an association to maintain a monument or to keep or improve grounds within the cemetery must always be applied to the uses for which the property was given.

History: (7563) *RL s 2941; 1988 c 469 art 5 s 1*

306.11 VACANCIES; ANNUAL MEETING; REPORT OF TRUSTEES.

The certificate of incorporation may provide that vacancies among the associates must be filled by the remaining associates and that at all elections after the first the trustees shall be chosen from the associates or it may provide that they shall be chosen by and from the lot owners. When there are two or more owners of a lot they shall select one to represent them and to vote at an election. The trustees may fill any vacancy occurring in their own number for the unexpired term. Public notice of every annual election must be given in the manner prescribed in the bylaws. If for any reason the annual election is not held on the day fixed in the certificate of incorporation, the trustees may set another time, not more than 60 days after the date provided in the certificate, and must give public notice of that date. However, the term of office shall be the same as if the person were elected at the regularly scheduled annual election.

At each annual meeting the trustees shall make a written report of their official acts and of the affairs of the association, with an account of all receipts and expenditures during the preceding year.

306.111 VACANCIES AMONG ASSOCIATES, PROCEDURE FOR FILLING.

Subdivision 1. **Authorization.** An incorporated public cemetery association without capital stock, organized under state law, which has acquired a burial site and sold lots in it and for which a majority of the associates of the corporation are deceased or have for three years or more not acted as associates, may by a meeting of the lot owners of the cemetery fill the vacancies among the associates.

Subd. 2. **Notice of meeting.** Three or more lot owners of the cemetery may mail notice to all the lot owners known to them or whose addresses appear in the cemetery records that a meeting of the lot owners will be held not less than 14 days after the mailing at a time and place to be fixed by them and designated in the notice, in the county where the cemetery is located, for the purpose of filling the vacancies among the associates.

Subd. 3. **Meeting.** The meeting must be held at the time and place provided in the notice. An owner of one or more lots in the cemetery may attend in person or by proxy and is entitled to one vote at that and all subsequent meetings of the lot owners. The meeting may be called to order by any lot owner and shall be organized by choosing in the usual manner a chair and a secretary. The meeting must then proceed to fill the vacancies among the associates. A voice vote must be used unless otherwise ordered by those present at the meeting. A majority of the lot owners voting at the meeting shall elect.

Subd. 4. **Certificate; contents.** The chair and the secretary of the meeting shall, within five days after the meeting is held, prepare a certificate that recites the facts required by subdivision 1. It must also state that the meeting was held, giving the names of the chair and the secretary and the names of the lot owners present and voting. However, if more than ten are present and voting, the names of ten of the voters are sufficient, but in that case the number of lot owners present and voting must be stated. The certificate must also give the names of the persons elected as associates. The certificate must be recorded at length in the office of the county recorder in the county where the cemetery is located. The certificate or the record of it is prima facie evidence of all the facts stated in it that are required to be stated.

Subd. 5. **Powers of associates.** The associates elected at the meeting of the lot owners shall exercise the powers of associates provided by law and the articles of incorporation of the association, and fill any vacancy in the board of directors or trustees of the association.

306.12 ACTION FOR DAMAGES.

306.14 TAXES; ROADS; SPECIAL ASSESSMENTS.

Subdivision 1. **Tax exemption.** The lands and property of any such cemetery association are exempt from all public taxes and assessments, and shall not be sold on execution against the association or any lot owner. The owners of cemetery lots, their heirs or legal representatives, may hold the lots exempt from taxation so long as the lots are used for a cemetery. No road or street shall be laid through the cemetery, or any part of the lands of the association without the consent of the trustees.

Subd. 2. **Special assessments.** Subdivision 1 does not exempt cemetery property owned or leased by a corporation, association, partnership, proprietorship, or other organization from any special assessment unless the corporation, association, partnership, proprietorship or other organization:

- (1) was formed for a purpose not involving pecuniary gain to its shareholders or members; and
- (2) pays no dividends or other pecuniary remuneration directly or indirectly to its shareholders or members as such.

306.141 RELOCATION.

A cemetery may not be relocated without the consent of the trustees.

History: 1993 c 100 s 1

306.15 LOTS, CONVEYANCE.

(a) When a lot in a cemetery, or an entombment or inurnment space in a mausoleum, has been sold or conveyed for burial purposes, the lot, entombment, or inurnment space is then inalienable, except as provided in this section.

(b) The original purchaser of the lot, entombment, or inurnment space may sell or convey any part of it to the cemetery that is not actually occupied by interments or by entombed or inurned human remains.

(c) A person who has inherited the lot, entombment, or inurnment space may sell or convey any part of it to the cemetery that is not actually occupied by interments or by entombed or inurned human remains.

(d) When, by the consent of the owner, the lot, entombment, or inurnment space will be solely used by some other person as a family burial place, the owner may convey it to the person so using it.

(e) There must be filed with the cemetery a copy of an agreement of sale signed and acknowledged by the owner (and spouse, if any) and the proposed purchaser, transferring title to the cemetery and requesting that the cemetery issue a new conveyance of the lot or space directly to the purchaser in consideration of the payment by the purchaser to the owner

of a specified price which must not be more than the price that would be charged by the cemetery in its sale of a similar lot or space.

Upon filing the agreement, a reasonable transfer and service charge of not more than \$15 must be paid to the cemetery and the cemetery shall then promptly issue a conveyance of the lot or space to the designated purchaser.

(f) The cemetery may use any of its funds to repurchase lots, entombments, or inurnment spaces, as provided herein, and may hold or again sell and convey them.

Subdivision 1. **Requirement.** If the operator of a cemetery is informed or becomes aware that it has interred or permitted the interment of a body or remains in the wrong burial space, unless the interested parties have agreed otherwise in writing, it shall disinter the burial container wrongfully interred, identify the burial container, and reinter it in the proper burial space. The cemetery must give reasonable notice, in advance of the disinterment, to the person or persons legally entitled to control the body or remains of the deceased person and, if requested, the owner of the burial space.

Subd. 2. **Witnesses.** At the time specified for the disinterment and reinterment, the cemetery must permit the person or persons legally entitled to control the body or remains and, if requested, the owner of the burial space to witness the disinterment and reinterment.

Subd. 3. **Costs.** The cemetery must bear all costs of the disinterment and reinterment.

306.16 TITLE TO BURIAL LOTS REGAINED BY ASSOCIATION; PROCEDURE.

Subdivision 1. **Authority.** If a cemetery association organized under state law or a public cemetery operated by a municipality or other entity has before March 1, 1906, conveyed to a person the right of burial in any platted lot or designated piece of ground within the cemetery, and the deed or conveyance from the cemetery provides that the lot is held subject to the rules, bylaws, and regulations of the cemetery and the deed or the rules, bylaws, or regulations further provide for the payment of an annual charge for the care, upkeep, and maintenance of the lot, and the owner of the lot named in the deed or conveyance does not pay the annual charge for a period of ten successive years, the cemetery association or municipally-owned cemetery may reinvest itself with the title to the part of the cemetery lot not used for burial purposes, in the manner hereinafter set forth.

Subd. 2. **Procedure.** The association or municipally owned cemetery may serve upon the owner of the lot, in the manner prescribed by law for the service of a summons in a civil action, a notice specifying the amount unpaid for care of the lot, and specifying a time within which the amount must be paid to the secretary of the association or the proper officer of the municipally-owned cemetery, which shall not be less than 30 days from the date of the service of the notice. The notice must also provide that if the owner of the lot fails to pay the amount within the specified time, the association or municipally-owned cemetery will take the necessary steps to reinvest itself with the title to the part of the cemetery lot not actually used for burial purposes. If the owner of the lot fails to pay the amount within the time specified in the notice, the board of trustees of the cemetery may, by resolution adopted at any regular meeting of the board of trustees, set forth the failure to pay the charges for lot care, the service of the notice, and declare the portion of the lot unused for burial purposes, describing it by metes and bounds in the resolution, to be the property of the association or the municipally owned cemetery.

Subd. 3. **Service by publication.** If the return of the sheriff of the county in which the cemetery is located shows that the owner of the lot is not a resident of the county and cannot be found in it, then the association or public cemetery may have the notice published in a legal newspaper within the county for the period of three weeks. The notice shall specify a

time for payment, at least 30 days after the completed service of the notice by publication. After the expiration of the time specified in the notice, the board of trustees may adopt the resolution provided in subdivision 2 and reinvest the association or municipality with the title to the part of the cemetery lot unused for burial purposes.

306.17 RECORDS OF ASSOCIATION.

All notices, with the proof of service or publication, and all resolutions adopted by the board of trustees of the association or public cemetery under section 306.16, subdivision 2, shall be made a part of the records of the association or public cemetery. When the deed or conveyance from the association or public cemetery to the lot owner appears in the record in the registry of deeds of the county, a copy of the resolution, certified to the secretary of the cemetery association or public cemetery, and a copy of the printed notice with the sheriff's return, shall be placed in the records of the registry of deeds.

306.18 DESCRIPTION OF LOTS IN NOTICE AND PROCEEDINGS.

The notice and proceedings under sections 306.16 to 306.20, concerning cemetery lots, shall distinctly describe by metes and bounds the part of a cemetery lot unused for burial purposes. The association or public cemetery shall leave sufficient passage to and from any grave upon the lot, either by dedicated streets or alleys in the cemetery or by leaving unused a part of the cemetery sufficient for that purpose.

306.19 LIMITATION.

Sections 306.16 to 306.20 do not apply to a lot in a cemetery for which a perpetual care contract has been entered into between the cemetery association and the lot owner.

History: (7574) 1921 c 167 s 5; 1949 c 163 s 4; 1988 c 469 art 5 s 1

306.20 REINVESTMENT; REDEMPTION.

Compliance with sections 306.16 to 306.20 reinvests the association or municipality with, and divests the record owner and dependents of, the title to the part of the cemetery lot unused for burial purposes as though the lot had never been conveyed to any person. The association or municipality then owns the reclaimed part of the lot for its own purposes, subject to state law and to the charter, bylaws, rules, and regulations of the association or municipality. The association or municipality may not transfer the title of the lot for one year after the adoption of the resolution provided for in section 306.16. If during the one-year period a person entitled by state law to the cemetery lot pays to the association or public cemetery all the unpaid lot care, the expenses of the service of the notice provided for in section 306.16, and any additional amount due for lot care after the date of the notice under the bylaws, rules, and regulations of the cemetery association or public cemetery, and contracts and pays for the perpetual care of the lot, the association or cemetery shall reconvey the lot to the person lawfully entitled to it.

306.21 UPKEEP OF LOTS; ABANDONMENT.

Subdivision 1. **Lots conveyed and abandoned.** (a) In the instances provided in paragraph (b), an incorporated cemetery association may, by a resolution of its governing board, require that grantees of lots or parcels, or parties claiming through grantees of lots or parcels, within the cemetery either:

(1) file with the corporation a written notice of claim of their interest in their lot or parcel, supported by satisfactory evidence of the interest, within 60 days after service of a copy of the resolution; or

(2) keep the lots clear of weeds and in a condition in harmony with other adjoining lots or parcels.

A copy of the resolution must be served upon all parties in the same manner as a complaint in a civil action.

(b) Paragraph (a) may be applied in all cases where an incorporated association has owned a site for a cemetery for more than 40 years and has sold lots and parcels for burial purposes, and has conveyed them by deed of conveyance with or without restrictions and the grantee, or parties claiming through the grantee, (1) for more than 75 years in counties having a population over 50,000 according to the 1960 federal decennial census, and 50 years in all other counties, have not used parts of the lots or parcels for the purposes of burial and during that time have not provided care for the lots beyond that provided uniformly to all lots within the cemetery, and during that time have not given to the corporation a written notice of claim or interest in the lots or parcels, or (2) have not used parts of the lots or parcels for the purposes of burial and have not kept the lots or plots free of weeds or brush but have allowed the lots to remain entirely unimproved for more than 20 years, and the lots or parcels are located in the cemetery adjacent to improved parts of the cemetery and by reason of their unimproved condition detract from the appearance of the cemetery and interfere with its harmonious improvement and furnish a place for the propagation of growth of weeds and brush.

Subd. 2. **Lots conveyed before 1925.** If an incorporated cemetery association has sold lots and parcels for burial purposes before 1925, with or without restriction, that have not been used for burial purposes and the owners have not maintained the lots or paid the fees required by the association of lot owners for care and upkeep for a period of at least 15 years, the association may by resolution of its governing body demand that the owners or holders of the lots pay the association the fees owed for care and upkeep in the period during which the fees were not paid. The resolution must state the amount of fees due for each lot, without interest, and declare that if that amount is not paid to the association by the persons claiming to be owners within 90 days that the described lots and all interest in them will be considered abandoned to the association. The resolution must name all of the persons shown by the records of the association to have a claim of ownership to the lots described and must be served in the manner required for service of a resolution by subdivision 1.

306.22 ACTION TO QUIET TITLE.

If, for 30 days after May 1 following service or publication, the party or parties fail to conform with the demands of the resolution authorized by section 306.21, the rights of the party or parties may be considered abandoned, and the corporation may, with the approval of its governing board, bring an action in the district court of the county against all parties in default, uniting as many parties in default as it may desire in one action, to have their rights in the lots or parcels terminated and the property restored to the corporation free of any right, title, or interest of the parties, their heirs or assigns. The action in all other respects must be brought and determined in the same manner as ordinary actions to determine title to real estate. However, that part of a tract in which a body lies buried must not be included in any of these proceedings. Sufficient ground must be left adjoining the grave or burial place to provide a proper approach. The excepted portions, if any, must be particularly and fully described.

History: (7577) 1921 c 358 s 2; 1988 c 469 art 5 s 1

306.23 EVIDENCE OF ABANDONMENT.

In all cases brought under section 306.22, the following facts are prima facie evidence that the grantee or holder has abandoned the lot:

(1) the fact that the grantee or holder has not used portions of the lots or parcels for burial purposes for more than 75 years in counties having a population over 50,000 according to the

1960 federal decennial census, and 50 years in all other counties, and during that time has not made any provision for the care of the lots beyond that provided uniformly to all lots within the cemetery, and during that time has not given to the corporation a written notice of claim or interest in the lots or parcels; or

(2) the fact that the party has, for a term of 20 years or more, not used the plot or definite parts of it and has failed to keep the lot or parts of it clear of weeds or brush.

306.241 DEPOSIT OF NET PROCEEDS FROM LOT RESALES.

The proceeds from the subsequent resale of lots or parcels the title to which has reverted in the corporation under sections 306.21 to 306.24, or 306.242, less the costs and expenses incurred in proceedings approved by the district court, become a part of the permanent care and improvement fund of the corporation.

306.242 TITLE TO LOTS REGAINED BY ASSOCIATION AFTER 60 YEARS.

Subdivision 1. **Scope.** As an alternative to the procedure in sections 306.21 to 306.241, a cemetery association incorporated in Minnesota may use the procedures in this section to revert itself with the title to part of a cemetery that was conveyed by deed to a person but that has not been used for the purposes of burial for more than 60 years.

Subd. 2. **Required statement of owner's interest.** The governing board of a cemetery association may pass a resolution demanding that the owner of part of a cemetery that has been unused for more than 60 years express an interest in the cemetery plot. The board shall personally serve a copy of its resolution on the owner in the same manner as personal service of process in a civil action. The resolution must notify the owner that the owner shall, within 60 days of service of the resolution on the owner, express an interest in retaining the cemetery plot and submit satisfactory evidence of an intention to use the plot for a future burial.

Subd. 3. **Service by publication.** If the owner cannot be personally served with the resolution of the board, as required in subdivision 2, because the owner cannot be found in this state or for another valid reason, the board shall publish its resolution for three successive weeks in a legal newspaper published in the county and mail a copy of the resolution within 14 days after the third publication to the owner's last known address.

Subd. 4. **Reinvestment.** If for 60 days after the personal service or publication of the board's resolution the owner or person with a legal interest in the cemetery plot fails to state a valid interest in the use of the cemetery plot for burial purposes, the owner's rights are terminated and that part of the cemetery again belongs to the cemetery association.

306.243 MAINTAINING ABANDONED CEMETERIES.

Subdivision 1. **Appropriation for improvement.** A county board may appropriate the general revenue funds it determines necessary for the improvement and maintenance of the cemetery if there is in the county, whether or not within the corporate limits of a town or statutory city, either of the following:

(1) a cemetery that has been abandoned or neglected and the association having had charge of the cemetery has disbanded or fails to act; or

(2) an abandoned or neglected private cemetery containing the remains of pioneers or residents of this state, deceased before 1875 or civil war veterans or veterans of the armed services of the United States of any previous war.

Subd. 2. **Duties of county board.** If there is an isolated grave or graves located outside the boundaries of a cemetery or outside an abandoned or neglected private cemetery, as described in subdivision 1, the county board of the county where the grave is located may order the disinterment and the reinterment of the body in some cemetery controlled by an organized cemetery association. The county board may appropriate funds for paying perpetual care to that association for the care of the grave or graves.

Subd. 3. **Delegation of duties.** The management and supervision of the maintenance and care of the abandoned cemeteries, and abandoned or neglected private cemeteries, or the removal of bodies as provided in this section must be delegated by the county board to the county highway department or to some existing cemetery association, veterans organization or Boy Scouts of America Area Council, or other charitable institution. That organization is responsible to the county board for its acts.

Subd. 4. **Disbursement of funds.** If funds for the care and maintenance of an abandoned or neglected private cemetery described in subdivision 1 are raised by an organization or institution other than an existing cemetery association, the funds may be paid to the county treasurer to be held or disbursed by the county board for the purposes for which the funds are raised.

Subd. 5. **Transfer.** A county that has assumed maintenance of an abandoned cemetery under this section for a period of at least one year may transfer the cemetery land and property as provided in section 306.02.

306.25 CANCELLATION AND TERMINATION OF CONTRACTS FOR PURCHASE OF LOTS BY CERTAIN ASSOCIATIONS; REFUNDS.

When a cemetery association organized under state law agrees to convey to a person the right of burial upon any platted lot or designated piece of ground or in an entombment or inurnment space in a mausoleum within the cemetery, by which contract the association reserves the right to terminate the contract in case of default by the purchaser, and to forfeit the payments made as liquidated damages, it may do so by serving upon the purchaser, a personal representative, or assigns, the notice provided in section 559.21. The notice must specify the conditions defaulted upon, and state that the contract will terminate 30 days after the service of the notice, unless before the expiration of that time the purchaser complies with the conditions and pays the costs of service. If the contract allows it, the notice may be served upon the purchaser by certified mail with return receipt requested by depositing the notice in the post office, with the postage prepaid, and addressed to the purchaser at the address given in the contract or as later changed by written notice to the association. If the notice of default is served by mail, the 30-day period provided in this section begins to run on the date the notice is deposited in the post office.

If a burial has been made on the platted lot or designated piece of ground, or in an entombment or inurnment space in a mausoleum sold under the previously mentioned contract, the contract may be terminated only as to the part of the premises or entombment or inurnment space not actually occupied by the burial or by an entombment or inurnment.

Laws 1943, chapter 216, does not apply to contracts existing prior to its passage.

306.28 PROPERTY SALES BY PUBLIC CEMETERY ASSOCIATIONS.

A public cemetery association which owns land that is or may be no longer used for the burial of the dead may exercise any or all of the following powers:

(1) to institute and prosecute to final judgment an action to determine adverse claims to the land in accordance with the laws relating to actions to determine adverse claims;

(2) to sell and convey the land; or

(3) to transfer and assign any funds or other property it may possess to another public cemetery association serving the same community in the burial of the dead.

None of these powers shall be exercised as long as any dead remain buried in the cemetery.

History: (7580) 1921 c 234 s 1; 1988 c 469 art 5 s 1

306.29 DISPOSAL OF LOTS BY OWNERS.

An owner of a cemetery lot may dispose of the lot by will to a relative who may be a survivor, or to the cemetery association or private cemetery, as the case may be, in trust for the use and benefit of any person or persons designated in the will. However, no lot may be affected by a testamentary devise unless the lot is specifically mentioned in the will and limited by it to one particular person. An owner of a cemetery lot may, while living, convey the lot to the cemetery association or the private cemetery in trust for the use and benefit of a person named in the trust conveyance. The conveyance may contain conditions, provisions, and covenants as the parties agree upon. No interment shall be made in any lot, except by written consent of the cemetery association or private cemetery, as the case may be, of a person who was not at the time of death, the owner of the lot or a relative of the owner by blood or marriage. Every conveyance or alienation or attempt at conveyance or alienation of any right, title, or interest in or to the lot contrary to the conditions and reservations of this section is void. Every cemetery association, or private cemetery, as the case may be, shall keep a record of all deeds, conveyances, judgments, decrees, or other documents affecting the title to lots in the cemetery. Certified copies of any of these documents shall be received in evidence by the courts. The cemetery association or private cemetery may, instead of deeding the fee title to this lot, grant only the exclusive right of interment in the lot.

306.31 CEMETERY ASSOCIATIONS MAY ESTABLISH PERMANENT FUND.

A cemetery association formed under the law that has at least three members of a board of trustees or directors that has established and maintains a cemetery of at least one-half acre

306.32 TRUSTEES OF FUND.

The trustees shall choose by ballot and appoint by deed of the association a board of at least three and not more than five trustees of the fund. They shall be resident landowners of this state during all the time they exercise the powers of the trust. If any of those appointed fails to qualify within 30 days after appointment, the one or more who have qualified shall appoint by deed other persons to be trustees in their places. If any of those appointed fails to qualify within 30 days, another shall be appointed in the same manner. Every appointment to fill a vacancy must be by unanimous vote of those acting. However, instead of appointing a board, the trustees of the association may designate any trust company of the state to act as the trustee during a time determined by the board. All instruments of appointment of trustees must be recorded with the secretary.

The term of office of the trustees of the fund is for life. When a trust company has been appointed, a board of trustees of the fund or another similar trust corporation may be appointed in its place. On notice of appointment of the board or another corporation, the first corporation acting as trustee shall give its successor an account of its trusteeship and deliver to it all money, papers, and property in its possession or control belonging or pertaining to the fund.

306.34 BONDS.

Before entering upon duties, each person chosen as a trustee of the fund shall give a bond to the association equal to one-third the amount of the fund at that time, or \$500, whichever is more, conditioned upon the faithful discharge of the trust. On July 1 of each even-numbered year, every trustee shall give a new bond, in that amount and with those conditions. Every bond must be approved by a judge of the judicial district in which the cemetery or some part of it is located and filed with the treasurer of the association. A trustee who fails to renew a bond within 30 days after the time provided in this section may be removed on application of an interested person.

306.35 VACANCY IN BOARD OF TRUSTEES.

In case of the death, resignation, disability, or removal of one or more of the trustees of the fund, the trust at once vests in the remaining trustees, who shall promptly fill the vacancies by appointment. A newly appointed trustee, upon qualification, succeeds to an equal share in the rights and duties of the board.

306.36 NEW BOARD; ORGANIZATION.

In case of the death, removal, resignation, or disability of all the members of the board, the trust, until the organization of a new board, vests in the district court of the county in

which the cemetery is located. The board may be reconstituted by the court on application of any person interested and on notice as the court may direct. Upon qualifying, the appointed trustees have the rights and powers of the original board. A vacancy in the board continuing for one year may be filled by the court.

306.37 CARE AND IMPROVEMENT FUND.

Subdivision 1. Required payments. Twenty percent of the proceeds of all sales of cemetery lots and ten percent of the proceeds of all sales of burial space in a mausoleum or columbarium made after the vote of the board of trustees of the association to establish the care and improvement fund must be paid to the trustees of the fund, on January 1, April 1, July 1, and October 1, in each year. Until paid, these amounts must be held in trust by the cemetery association for payment to the trustees of the fund. "Proceeds" includes any installment payment made towards the purchase of a cemetery lot or burial space in a mausoleum or columbarium.

Subd. 2. Addition of other funds. Any other income or funds of the association, in excess of its liabilities, may be added to the fund by a two-thirds vote of the members of its board of trustees. The principal of the fund is not subject to any minimum or maximum amount.

Subd. 3. Clarification of terms. The words "cemetery lots" as used in this section do not include burial space in a mausoleum or columbarium. The term "burial space" as used in this section includes private rooms, crypts, niches, or other designated space in which the bodies or cremated remains of deceased persons are placed for permanent burial in a mausoleum or columbarium.

Subd. 4. Violation; penalty. Any person, firm, partnership, association, or corporation knowingly violating the provisions of this section shall be guilty of a misdemeanor and for a second offense shall be guilty of a gross misdemeanor.

306.38 EXPENDITURES AND INVESTMENTS.

Subdivision 1. Investment and income. Except as provided in subdivision 2, the principal of the care and improvement fund shall remain intact, and may be invested in the securities in which savings banks are by law permitted to invest, and not otherwise. The fund trustees, on January 1 and July 1, in each year, shall turn over to the association all income arising from the fund. The income must be used solely for the care, maintenance, and improvement of the cemetery and the avenues leading. If a part of the income remains unexpended and unappropriated for one year after being paid to the association, it must be returned to the trustees of the fund and become a part of the principal.

Subd. 2. Investments by certain associations. (a) A cemetery association governed by sections 306.31 to 306.40, organized under state law, including a private cemetery association that maintains a public cemetery of at least 20 acres in or adjacent to any city of the first class and that has provided for a permanent care and improvement fund administered, whether in one trust or more than one trust, by one or more trust companies acting as trustee or trustees of the fund under section 306.32, when the aggregate principal of the fund reaches \$100,000 or more may act as provided in paragraph (b).

(b) The cemetery association may, by a resolution adopted by a vote of at least two-thirds of the members of its board of trustees at an authorized meeting of its board, authorize the trust company or trust companies acting as trustee or trustees in investing, reinvesting, exchanging, and managing the fund, to acquire every kind of investment, including, but not by way of limitation, bonds, debentures, and other corporate obligations, and corporate stocks, that an ordinarily prudent person of discretion and intelligence, who is a trustee of the property of others, would acquire as a trustee.

A trustee of a care and improvement fund shall receive \$5 for each day actually employed in the duties of the trust, but not exceeding \$100 in any one year. The fees shall be paid out of the general funds of the association until the trust fund reaches \$100,000, or \$2,000 for each acre of the cemetery. After that time the fee shall be paid out of the income fund. A corporation acting as trustee may receive for its services any yearly compensation agreed upon not exceeding five percent of the income or \$100 of the income if the trust fund is less than \$20,000.

The designated persons shall give bond to the association, corporation, or municipality maintaining the cemetery in an amount at least equal to the total amount of the fund at the time of posting the bond, conditioned upon the faithful discharge of the trust. On July 1 of each even-numbered year after making the original bond, the person shall give a new bond in the amount and with the conditions provided above.

The money in the fund shall be managed and invested by the board of county commissioners of the county. As soon as the money in the fund is received by the county treasurer, it must be deposited in a bank designated as a depository of county funds by the board of county commissioners of the county. 306.46 DEPOSIT OF AND INTEREST ON COUNTY FUND.

For the purpose of the deposit required by section 306.45 and except as otherwise provided, the fund must be treated as other funds in the county treasury and draw at least the rate of interest paid on the funds of the county deposited in the depository. The county board may require all or part of the funds to be deposited on time certificates in the depository in the

name of the county treasurer, payable to the treasurer or the treasurer's successors in office. The county treasurer shall secure on the time deposit the highest rate of interest that the depository will pay on it and not less than the current rate paid on time certificates by the depository. 306.48 INVESTMENT OF COUNTY CEMETERY FUND.

If required by a petition of at least two-thirds of the boards of directors of the cemeteries in a county requesting action, the board of county commissioners shall, with the approval of the county attorney, invest all or a part of the county cemetery fund in the same kind of bonds and securities that the permanent school fund of the state may be invested in. The law as it exists at the time any money is received into this fund controls the investment of the fund and no subsequent amendment of the law authorizes the investment of any fund differently or in any other class of securities. The county board may require the treasurer of the county to withdraw all or part of the fund from the depository for investment. If the fund or part of it is invested, the bonds or other securities must remain with the county treasurer. The bond of the county treasurer is security for the proper care of the bonds or other securities and the payment of interest received on them to the directors of the cemeteries. On payment of the bonds or other securities, the treasurer of the county shall deposit them in the depository in which county funds are deposited and collect the interest upon the funds so loaned and pay it to the treasurers of the cemeteries, as provided in sections 306.41 to 306.54.

If the legal existence of a religious incorporation or an association formed under law to maintain a cemetery has ended, the interest due from the fund to the defunct cemetery association or incorporation must be paid to the treasurer of the city or town in which the cemetery is located, to be spent by the municipality for the care, maintenance, or improvement of the cemetery. Funds deposited according to section 306.44 just before the close of the year, on which no interest has been collected, must not be considered as a part of the permanent fund for that apportionment.

When assessments are levied by a cemetery association authorized to levy assessments by its articles of incorporation, bylaws, or otherwise for the care, upkeep, and maintenance of any lot or lots in the cemetery and remain unpaid for a period of five years, the unused portion of the lot or lots reverts to and becomes the property of the cemetery association in which the lot or lots are located. The reversion becomes effective upon entry of judgment in the district court of the county in which the cemetery is located, in proceedings instituted for that purpose after petition by the association to the court and after a hearing on the petition, upon notice to interested parties as prescribed by the court.

The board of trustees of an association mentioned in section 306.76 shall, by a resolution adopted by a vote of at least two-thirds of its members, appoint one or more trust companies organized under state law, or a board consisting of at least three individuals, to act as trustees of the permanent care and improvement fund. The appoint-

ment must be evidenced by a written instrument executed by the proper officers of the association under its corporate seal. All instruments of appointment, any revocation of appointment, and the written acceptances must be recorded at length by the secretary of the association in its corporate records. Subdivision 1. **Authorization.** Every cemetery association organized under state law that provides for a permanent care and improvement fund administered by one or more trust companies acting as trustees of the fund under section 306.77, may adopt a resolution as provided in this subdivision. When the principal of the fund remaining after lawful withdrawals equals more than \$350,000, the association may adopt a resolution by a vote of at least two-thirds of the members of its board of trustees at any authorized meeting of the board, authorizing the trust companies acting as trustees in investing, reinvesting, exchanging, and managing the fund, to acquire any kind of investment, including, but not by way of limitation, bonds, debentures, and other corporate obligations, and corporate stocks, that an ordinarily prudent person of discretion and intelligence who is a trustee of the property of others would acquire as the trustee.

306.78 PERCENTAGE OF SALE OF LOTS AND MAUSOLEUMS PAID INTO FUND; OTHER ADDITIONS TO FUND.

Each cemetery association creating a permanent care and improvement fund under section 306.77 shall take for its cemetery fund at least 20 percent of the proceeds of all sales of cemetery lots and ten percent of the proceeds of all sales of all burial space in mausoleums sold on or after December 31, 1927. That percentage must be paid on January 1, April 1, July 1, and October 1 of each year to the trustees of the fund, and the payments then become a part of the permanent care and improvement fund. Any other income or funds not required by the association for other purposes may from time to time be added to the fund by a vote of at least two-thirds of the members of the board of trustees of the association. The term "burial space" as used in this section includes private rooms, crypts, niches, or other designated space in which the bodies or ashes of deceased persons are placed for permanent burial in a mausoleum.

The principal of a permanent care and improvement fund created under section 306.76 must forever remain intact and invested by the trustees only in the same class of securities in which savings banks are authorized by the laws of this state to invest their funds. However,

the association may, by resolution adopted by vote of at least two-thirds of the members of its board of trustees at any authorized meeting of the board, authorize the withdrawal and use of not more than 50 percent of the principal of the fund to acquire additional land for cemetery purposes for the erection of a chapel, greenhouse, or other buildings desirable or necessary for the operation of the cemetery, for the building or improvement of roads and avenues in the cemetery, or for both of those purposes. However, the fund must not be diminished to an amount less than \$1,000 per acre for each acre of land in the cemetery. Upon presentation to the trustees of a certified copy of the adopted resolution, the trustees shall at once comply with it and are then released from further liability for the part of the funds withdrawn and delivered to the association. The trustees of the funds shall, at least semiannually, turn over to the association the entire net income from the fund, which shall be used by the association solely for the care, maintenance, and improvement of the cemetery and the avenues leading to it. But if any part of the income is not spent or appropriated by the association for a period of one year after the income has been received by it, the income must be returned to the trustees and invested by them as a part of the principal of the fund. No trustee or board of trustees may receive as compensation for acting as trustee any amount in each year in excess of five percent of the income derived from the fund in its hands.

The resigning or removed trustee shall then immediately turn over to the successor all property belonging to or pertaining to the fund. When the board of trustees of the association gives written notice of the resignation or removal of any trustee, or of an application to the court for an accounting by or removal of any trustee, a bank, trust company, safety deposit company, or other corporation, institution, or individual possessing money, securities, papers, or other property belonging or pertaining to the fund, shall refuse payment or delivery of all or part of it to the trustee named in the notice.
