3A.02 RETIREMENT ALLOWANCE.

Subdivision 1. **Qualifications.** (a) A former legislator is entitled, upon written application to the director, to receive a retirement allowance monthly, if the person:

(1) has either served at least six full years, without regard to the application of section 3A.10, subdivision 2, or has served during all or part of four regular sessions as a member of the legislature, which service need not be continuous;

(2) has attained the normal retirement age;

(3) has retired as a member of the legislature; and

(4) has made all contributions provided for in section 3A.03, has made payments for past service under subdivision 2, or has made payments in lieu of contributions under Minnesota Statutes 1992, section 3A.031, before July 1, 1994.

(b) Unless the former legislator has legislative service before January 1, 1979, the retirement allowance is an amount equal to 2-1/2 percent per year of service of that member's average monthly salary and adjusted for that person on an actuarial equivalent basis to reflect the change in the postretirement interest rate actuarial assumption under section 356.215, subdivision 8, from five percent to six percent. The adjustment must be calculated by or, alternatively, the adjustment procedure must be specified by, the actuary retained under section 356.214. The purpose of this adjustment is to ensure that the total amount of benefits that the actuary predicts an individual member will receive over the member's lifetime under this paragraph will be the same as the total amount of benefits the actuary predicts the individual member would receive over the member's lifetime under the law in effect before enactment of this paragraph. If the former legislator has legislative service before January 1, 1979, the person's benefit must include the additional benefit amount in effect on January 1, 1979, and adjusted as otherwise provided in this paragraph.

(c) The retirement allowance accrues beginning with the first day of the month of receipt of the application, but not before age 60, and for the remainder of the former legislator's life, if the former legislator is not serving as a member of the legislature or as a constitutional officer as defined in section 3A.01, subdivision 1c. The annuity does not begin to accrue before the person's retirement as a legislator. No annuity payment may be made retroactive for more than 180 days before the date that the annuity application is filed with the director.

(d) Any member who has served during all or part of four regular sessions is considered to have served eight years as a member of the legislature.

(e) The retirement allowance ceases with the last payment that accrued to the retired legislator during the retired legislator's lifetime, except that the surviving spouse, if any, is entitled to receive the retirement allowance of the retired legislator for the calendar month in which the retired legislator died.

Subd. 1a. [Repealed, 1973 c 653 s 47]

Subd. 1b. **Reduced retirement allowance.** (a) Upon separation from service after the beginning of the 1981 legislative session, a former member of the legislature who has attained the age set by the board of directors of the Minnesota State Retirement System and who is otherwise qualified under subdivision 1 is entitled, upon making written application on a form prescribed by the director, to a reduced retirement allowance. The reduced retirement allowance is an amount equal to the retirement allowance specified in subdivision 1, paragraph (b), that is reduced so that the reduced allowance is the actuarial equivalent of the allowance that would be payable if the former member of the legislature deferred receipt of the allowance and the allowance amount was augmented at an annual rate of three percent compounded annually from the date the allowance begins to accrue until age 62.

(b) The age set by the board of directors under paragraph (a) cannot be an earlier age than the early retirement age under section 352.116, subdivision 1a.

(c) If there is an actuarial cost to the plan of resetting the early retirement age under paragraph (a), the retired legislator is required to pay an additional amount to cover the full actuarial value. The additional amount must be paid in a lump sum within 30 days of the certification of the amount by the executive director.

(d) The executive director of the Minnesota State Retirement System shall report to the Legislative Commission on Pensions and Retirement on the utilization of this provision annually on or before September 1.

Subd. 2. [Repealed, 2006 c 271 art 10 s 33]

Subd. 3. **Appropriation.** The amounts required for payment of retirement allowances provided by this section are appropriated annually to the director from the participation of the legislators retirement plan in the Minnesota postretirement investment fund. The retirement allowance must be paid monthly to the recipients entitled to those retirement allowances.

Subd. 4. **Deferred annuities augmentation.** (a) The deferred retirement allowance of any former legislator must be augmented as provided herein.

(b) The required reserves applicable to the deferred retirement allowance, determined as of the date the benefit begins to accrue using an appropriate mortality table and an interest assumption of six percent, must be augmented from the first of the month following the termination of active service, or July 1, 1973, whichever is later, to the first day of the month in which the allowance begins to accrue, at the following annually compounded rate or rates:

(1) five percent until January 1, 1981;

(2) three percent from January 1, 1981, or from the first day of the month following the termination of active service, whichever is later, until January 1 of the year in which the former legislator attains age 55; and

(3) five percent from the period end date under clause (2) to the effective date of retirement.

Subd. 5. **Optional annuities.** (a) The board of directors shall establish an optional retirement annuity in the form of a joint and survivor annuity and an optional retirement annuity in the form of a period certain and life thereafter. Except as provided in paragraph (b), these optional annuity forms must be actuarially equivalent to the normal allowance computed under this section, plus the actuarial value of any surviving spouse benefit otherwise potentially payable at the time of retirement under section 3A.04, subdivision 1. An individ-

ual selecting an optional annuity under this subdivision and the person's spouse waive any rights to surviving spouse benefits under section 3A.04, subdivision 1.

(b) If a retired legislator selects the joint and survivor annuity option, the retired legislator must receive a normal single-life allowance if the designated optional annuity beneficiary dies before the retired legislator and no reduction may be made in the annuity to provide for restoration of the normal single-life allowance in the event of the death of the designated optional annuity beneficiary.

(c) The surviving spouse of a legislator who has attained at least age 55 and who dies while a member of the legislature may elect an optional joint and survivor annuity under paragraph (a), in lieu of surviving spouse benefits under section 3A.04, subdivision 1.

(c) If the former member of the legislature again becomes a member of the legislature after having taken a refund as provided in paragraph (a), the member is a member of the unclassified employees retirement program of the Minnesota State Retirement System.

(b) The surviving spouse benefit is one-half of the retirement allowance of the member of the legislature computed as though the member were at least normal retirement age on the

date of death and based upon the member's allowable service or upon eight years, whichever is greater. The augmentation provided in section 3A.02, subdivision 4, if applicable, must be applied for the period up to, and including, the month of death.

(2) for each additional dependent child, a monthly benefit equal to 12-1/2 percent of the monthly retirement allowance of the member or the former legislator computed as provided in clause (1); and

(3) the total amount paid to the surviving spouse and to the dependent child or children may not exceed, in any one month, 100 percent of the monthly retirement allowance of the member or of the former legislator computed as provided in clause (1).
