Subd. 2. Cover page disclosures. The cover page of the disclosure statement shall state, in a prominent location and in boldface type, the date of the disclosure statement, the last date through which that disclosure statement may be delivered if not earlier revised, and that delivery of the disclosure statement to a contracting party before the execution of a contract for the provision of continuing care is required by sections 80D.01 to 80D.16 but that the disclosure statement has not been reviewed or approved by any government agency or representative to insure accuracy or completeness of the information set out.

Subd. 3. Contract forms. A copy of the standard form or forms of contract for continuing care used by the provider shall be attached as an exhibit to each disclosure statement. Each contract shall provide that:

(a) the party contracting with the provider may for any reason rescind the contract within ten days following the later of the execution of the contract or the receipt of the disclosure

Subd. 6. **Waivers of liability prohibited.** (a) A contract between a facility and resident or resident's representative must not include a waiver of facility liability for the health and safety or personal property of a resident while the resident is under the facility's supervision. A contract must not contain a provision that the facility knows or should know to be deceptive, unlawful, or unenforceable under state or federal law, nor any provision that requires or implies a lesser standard of care or responsibility than is required by law.

(b) This subdivision applies to new admissions to facilities on and after October 1, 1989. This subdivision does not require the execution of a new admission contract for a resident who was residing in a facility before August 1, 1989. However, provisions of the admission contract that are inconsistent with or in conflict with this subdivision are voidable at the sole option of the resident. Residents must be given notice of the changes in admission contracts according to this subdivision and must be given the opportunity to execute a new contract that conforms to this subdivision.

80D.05 ENTRANCE FEE ESCROW.

Subdivision 1. **Escrow account; release of fees.** Prior to soliciting or entering into any contract for the provision of continuing care, the provider shall establish with a bank or trust company having its principal place of business in this state, as an escrow agent, an entrance fee escrow pursuant to which the provider shall deposit with the escrow agent, within 72 hours of receipt by the provider, each entrance fee or portion of an entrance fee received by the provider from or on behalf of a resident prior to the date the resident is permitted to occupy a living unit in the facility, subject to release as follows:

(a) if the entrance fee applies to a living unit that has been previously occupied in the facility, the entrance fee shall be released to the provider at the time the living unit becomes available for occupancy by the new resident, or shall be returned to the resident or the resident's personal representative under the conditions described in section 80D.04, subdivision 3, if the escrow agent has received written demand for return of the entrance fee prior to the release thereof to the provider;

(b) if the entrance fee applies to a living unit which has not previously been occupied by any resident, the entrance fee shall be returned to the resident or the resident's legal representative under the conditions described in section 80D.04, subdivision 3, if the escrow agent receives written demand for return of the entrance fee prior to release thereof to the provider, or the entrance fee shall be released to the provider at the time all of the following conditions have been met:

(1) the facility has 65 percent of its units reserved as determined by signed written agreements and minimum deposits received; or if the written agreement requires a minimum deposit of more than one-third of the entrance fee, then the facility may have 50 percent of the units reserved and 50 percent of the facility must be completely constructed; and

(2) the sum of entrance fees received or receivable by the provider pursuant to binding contracts for continuing care, plus the anticipated proceeds of any first mortgage loan or other long-term financing commitment, plus funds from other sources in the actual possession of the provider, equals or exceeds the sum of 90 percent of the aggregate cost of constructing or purchasing, equipping and furnishing the facility plus 90 percent of the funds estimated in the statement of anticipated source and application of funds submitted by the provider as part of its permit application, to be necessary to fund start-up losses of the facility plus 90 percent of the amount of the reserve fund escrow, if any, required to be maintained by the provider pursuant to section 80D.06; and

(3) a commitment has been received by the provider for any permanent mortgage loan or other long term financing described in the statement of anticipated source and application of funds included in the current disclosure statement on file pursuant to section 80D.04, and any conditions of the commitment prior to disbursement of funds thereunder, other than completion of the construction or closing of the purchase of the facility, have been substantially satisfied; and

(4) if construction of the facility has not been substantially completed, all governmental permits or approvals necessary prior to the commencement of construction have been obtained; and a maximum price contract has been entered into between the provider and a general contractor responsible for construction of the facility; a bond covering the faithful performance of the construction contract by the general contractor and the payment of all obligations arising thereunder has been issued by an insurer authorized to do business in this state with the provider as obligee; a loan agreement has been entered into by the provider for an interim construction loan in an amount which, when combined with the amount of entrance fees then held in escrow under the provisions of this section plus the amount of funds from other sources then in the actual possession of the provider, will equal or exceed the estimated cost of constructing, equipping and furnishing the facility; not less than ten percent of the amount of the construction loan has been disbursed by the lender for physical construction or site preparation work completed; and orders at firm prices have been placed by the provider for not less than 50 percent in value, including installation charges if applicable, of items necessary for equipping and furnishing the facility in accordance with the description set forth in the disclosure statement required by section 80D.04; or

if construction or purchase of the facility has been substantially completed, an occupancy permit covering the living unit has been issued by the local government having authority to issue these permits.

Subd. 2. Limitation. The aggregate amount of entrance fees which may be released to the provider pursuant to subdivision 1, clause (b) prior to the date on which any reserve fund escrow under section 80D.06 is established shall not exceed the aggregate amount of entrance fees then received or receivable by the provider pursuant to binding contracts for continuing care less the amount of the entrance fees received or receivable which will be required to be initially maintained in the reserve fund escrow.

Subd. 3. Fee returned after 36 months. If an entrance fee to which subdivision 1, clause (b) applies is not released pursuant thereto within a period of 36 months from receipt of the entrance fee by the provider or within a greater time that has been specified by the provider in the disclosure statement delivered, pursuant to section 80D.04, to the person with whom the contract for continuing care to which the entrance fee pertains was made, then the fee shall be returned by the escrow agent to the persons who had paid them to the provider.

Subd. 4. Nonrefundable application fees. Nothing in this section requires the escrow of any nonrefundable application fee that does not exceed two percent of the entrance fee and is clearly designated as such in the contract for continuing care.

Subd. 5. **Accrued interest.** Interest accrued on entrance fees or deposits held in escrow is the property of the provider only if the funds are ultimately released to the provider.

Subd. 6. **Resident copy of escrow agreement.** The provider shall provide each prospective resident who has signed a contract for continuing care with a copy of the escrow agreement referred to in subdivision 1, which agreement shall set forth the name, address, and telephone number of the escrow agent.

History: 1980 c 516 s 7; 1981 c 135 s 6

80D.06 RESERVE FUND ESCROW.

Subdivision 1. **Escrow account; release of funds.** At the time a facility is first occupied by any resident and thereafter, the provider shall establish and maintain on a current basis, in escrow with a bank or trust company having its principal place of business in this state, as an escrow agent, a portion of all entrance fees received by the provider in an aggregate amount of up to the total of all principal and interest payments due during the next 12 months on account of any first mortgage loan or other long term financing of the facility. The funds in the escrow account may be invested with the earnings thereon payable to the provider. If the provider requests and sets forth its reasons in writing, the escrow agent shall release up to 1/12 of the original principal balance of the escrow account. A release of funds shall not be made more than once during any calendar month, and then only after the escrow agent has given written notice of the release and the reasons therefor to any resident or association of residents, or the legal representative of a resident or association of residents, that has requested it at least ten days prior to the release.

Any person or affiliate of any person that controls any part of the reserve escrow fund comprised in part or totally of funds removed from the provider's resources, is liable for the debts of the provider up to the amount of the provider's contribution to the fund plus any prorated interest the fund may earn.

Subd. 2. **Facilities established prior to 1975.** In those instances where a provider has been offering continuing care in a facility since prior to January 1, 1975, the following shall apply. The provider shall establish a reserve escrow fund and shall contribute to it 15 percent of each new entrance fee received by the provider after December 31, 1981. The funds thereby received shall be permitted to accumulate until there is in the reserve fund an amount equal to the total of all principal and interest payments due during the next 12 months on account of any first mortgage loan or other long term financing obligation of the facility.

History: 1980 c 516 s 8; 1981 c 135 s 7.

80D.07 ENTRANCE FEE REIMBURSEMENT AFTER OCCUPANCY.

Any resident may terminate the residency agreement at any time after assuming residency. A residency agreement may not require more than 120 days' written notice by any resident desiring to terminate; nor require any additional fees for termination of residency.

The termination terms and provisions for reimbursement shall be stated in the residency agreement.

History: 1980 c 516 s 9; 1986 c 444.

80D.08 LIEN ON BEHALF OF RESIDENTS.

Effective at the time a facility is first occupied by any resident, there shall exist a lien on the real and personal property of the provider or facility to secure the obligations of the provider pursuant to existing and future contracts for continuing care. A lien under this section is effective for a period of ten years. The lien may be foreclosed upon the liquidation of the facility or the insolvency or bankruptcy of the provider, and in that event the proceeds shall be used in full or partial satisfaction of obligations of the provider pursuant to contracts for continuing care then in effect.

History: 1980 c 516 s 10; 1981 c 135 s 8

80D.09 REVISED DISCLOSURE.

Annually within 120 days following the end of the provider's fiscal year, the provider shall file with the county recorder of the county in which the facility is or will be located a revised disclosure statement setting forth, as of the end of the fiscal year, information meeting the requirements of section 80D.04, and pay a \$100 filing fee. The revised disclosure statement shall include a narrative describing any material differences between (a) the pro forma income statements filed in response to section 80D.04, subdivision 1, clause (l) as a part of the disclosure statement filed most immediately subsequent to the start of the provider's most recently completed fiscal year and (b) the actual results of operations during the fiscal year together with the revised pro forma income statements being filed as a part of the revised disclosure statement. A provider may, upon payment of a \$100 filing fee, revise its disclosure statement on file with the county recorder at any other time if, in the opinion of the provider, revision is necessary to prevent the disclosure statement from containing a material misstatement of fact or omitting to state a material fact required to be stated therein. Only the most recently filed disclosure statement with respect to a facility, and in any event only a disclosure statement dated within 120 days prior to the date as of which the determination is made, shall be deemed current for purposes of sections 80D.01 to 80D.16 or be delivered pursuant to section 80D.04. In addition, the provider shall make the revised disclosure statement available for inspection by residents during regular business hours.

History: 1980 c 516 s 11; 1981 c 135 s 9

80D.10 [Repealed, 1981 c 135 s 14]

80D.11 REHABILITATION OR LIQUIDATION.

Subdivision 1. **Appointment of trustees.** If (a) a portion of a reserve fund escrow required under section 80D.06 has been or is proposed to be released, or (b) a provider has been or will be unable, in a manner as may endanger the ability of the provider to fully perform its obligations pursuant to contracts for continuing care or to meet the pro forma income or cash flow projections previously filed by the provider, or (c) a provider is bankrupt or insolvent or has filed for protection from creditors under any federal or state bankruptcy or insolvency law, then any resident or association of residents, or the legal representative of a resident or association of residents, may apply to a district court of this state, or to the federal bankruptcy court which may have previously taken jurisdiction over the provider or facility for an order directing the appointment of a trustee to rehabilitate or liquidate a facility.

Subd. 2. **Rehabilitation.** An order to rehabilitate a facility shall direct the trustee to take possession of the property of the provider and to conduct the business thereof, including the employment of such managers or agents as the trustee may deem necessary, and to take steps as the court may direct toward removal of the causes and conditions which have made rehabilitation necessary.

Subd. 3. **Termination of rehabilitation; return of facility to provider.** If the court finds, upon petition of the trustee or the provider, or on its own motion, that the objectives of an order to rehabilitate a provider have been accomplished and that the facility can be returned to the provider's management without further jeopardy to the residents of the facility, creditors, owners of the facility, or to the public, the court may, upon a full report and accounting of the conduct of the facility's affairs during the rehabilitation and of the facility's current financial condition, terminate the rehabilitation and by order return the facility and its assets and affairs to the provider's management.

Subd. 4. **Liquidation.** If, at any time, the trustee determines that further efforts to rehabilitate the provider would be useless, it may apply to the court for an order of liquidation.

Subd. 5. **Rehabilitation attempt not necessary prior to liquidation.** An order to liquidate a facility may be issued whether or not there has been issued a prior order to rehabilitate the facility. The order shall appoint a trustee to marshal and liquidate all of the provider's assets located within this state. Effective upon the entry of an order to liquidate a facility, no additional contracts for the provision of continuing care at that facility shall be made by any person.

Subd. 6. **Consideration of welfare of residents.** In connection with an application for an order to rehabilitate or liquidate a facility, a court shall give due consideration to the manner in which the welfare of persons who have previously contracted with the provider for continuing care may be best served. In furtherance of this objective, the proceeds of any lien pursuant to section 80D.08 may be used in full or partial payment of entrance fees, on behalf of residents of a facility being liquidated, to other facilities then in compliance with the provisions of sections 80D.01 to 80D.16.

Subd. 2. **Knowledge of act required.** Liability under this section for any violation, misstatement or omission exists only if the provider or person liable knew or should have known of the violation, the misstatement or omission.

Subd. 3. **Other remedies.** Nothing contained in sections 80D.01 to 80D.16 shall be construed to limit the remedies a person has under any other law.

A provider shall prepare and distribute an annual financial statement to the residents of a facility. The statement shall be prepared in accordance with generally accepted accounting principles and shall be distributed within four months of the end of the provider's fiscal year. The statement must reflect all of the income and expense attributable to the facility for the fiscal year covered.
