Subdivision 1. State parks established and confirmed as state parks together with the counties in which they are situated are listed in this section and shall be named as indicated in this section.

The lands described in the session laws establishing or changing the boundaries of each state park are included in the state parks so established or changed. The commissioner of natural resources is authorized to acquire by gift or purchase the lands as described. Any land which now is or hereafter becomes tax-forfeited land and is located within the described park boundaries is hereby withdrawn from sale and is transferred from the custody, control, and supervision of the county board of the county to the commissioner of natural resources, free from any trust in favor of the interested taxing districts. The commissioner shall execute a certificate of acceptance of the lands on behalf of the state for such purposes and transmit the same to the county auditor of the county for record as provided by law in the case of tax-forfeited land transferred to the commissioner by resolution of the county board for conservation purposes. Any lands within the described boundaries which may be owned by the United States and managed by any of its agents may be acquired by land exchange, direct transfer, or purchase as federal laws may prescribe. The lands acquired pursuant to any session laws establishing or changing the boundaries of a state park shall be administered in the manner provided for state parks and shall be perpetually dedicated for such use.

State park permits must be available and placed on sale by January 1 of the calendar year that the permit is valid. A separate motorcycle permit may be prepared and provided by the commissioner.

(b) An annual state park permit may be used from the time it is purchased for a 12-month period. State park permits in each category must be numbered consecutively for each year of issue.

(c) State park permits shall be issued by employees of the Division of Parks and Recreation as designated by the commissioner. State park permits also may be consigned to and issued by agents designated by the commissioner who are not employees of the Division of Parks and Recreation. All proceeds from the sale of permits and all unsold permits consigned to agents shall be returned to the commissioner at such times as the commissioner may direct, but no later than the end of the calendar year for which the permits are effective. No part of the permit fee may be retained by an agent. An additional charge or fee in an amount to be determined by the commissioner, but not to exceed four percent of the price of the permit, may be collected and retained by an agent for handling or selling the permits.

Subd. 2. **Requirement.** Except as provided in section 85.054, a motor vehicle may not enter a state park, state recreation area, or state wayside over 50 acres in area, without a state park permit issued under this section. Except for vehicles permitted under subdivisions 7, paragraph (a), clause (2), and 8, the state park permit must be affixed to the lower right corner

windshield of the motor vehicle and must be completely affixed by its own adhesive to the windshield, or the commissioner may, by written order, provide an alternative means to display and validate annual permits.

The commissioner may issue an applicant only one second vehicle permit.

Subd. 4. **One-day permits.** The commissioner shall prescribe a special state park permit for use of state parks, state recreation areas, or state waysides for one day under conditions prescribed by the commissioner. Subd. 8. **Military personnel on leave; exemption.** (a) The provisions of this section requiring a state park permit and regulating its display do not apply to a motor vehicle being used by a person who is serving in active military service in any branch or unit of the United States armed forces and who is stationed outside Minnesota, during the period of active service and for 90 days immediately thereafter, if the person notifies the park attendant on duty or other designee of the commissioner of the person's military status at the time of usage. It is sufficient notice for the eligible person to temporarily affix to the inside of the windshield of the vehicle in a visible manner the person's current military orders and to carry in the person's possession current military identification attesting to the person's active or recent military status.

(b) For purposes of this section, "active service" has the meaning given under section 190.05, subdivision 5c, when performed outside Minnesota.

Subd. 9. **Towed vehicles.** The commissioner shall prescribe and issue a temporary permit for a vehicle that enters a park towed by a vehicle used for camping.
