

148.284 CERTIFICATION OF ADVANCED PRACTICE REGISTERED NURSES.

(a) No person shall practice advanced practice registered nursing or use any title, abbreviation, or other designation tending to imply that the person is an advanced practice registered nurse, clinical nurse specialist, nurse anesthetist, nurse-midwife, or nurse practitioner unless the person is certified for such advanced practice registered nursing by a national nurse certification organization.

(b) Paragraphs (a) and (e) do not apply to an advanced practice registered nurse who is within six months after completion of an advanced practice registered nurse course of study and is awaiting certification, provided that the person has not previously failed the certification examination.

(c) An advanced practice registered nurse who has completed a formal course of study as an advanced practice registered nurse and has been certified by a national nurse certification organization prior to January 1, 1999, may continue to practice in the field of nursing in which the advanced practice registered nurse is practicing as of July 1, 1999, regardless of the type of certification held if the advanced practice registered nurse is not eligible for the proper certification.

(d) Prior to July 1, 2007, a clinical nurse specialist may petition the board for waiver from the certification requirement in paragraph (a) if the clinical nurse specialist is academically prepared as a clinical nurse specialist in a specialty area for which there is no certification within the clinical nurse specialist role and specialty or a related specialty. The board may determine that an available certification as a clinical nurse specialist in a related specialty must be obtained in lieu of the specific specialty or subspecialty. The petitioner must be academically prepared as a clinical nurse specialist in a specific field of clinical nurse specialist practice with a master's degree in nursing that included clinical experience in the clinical specialty and must have 1,000 hours of supervised clinical experience in the clinical specialty for which the individual was academically prepared with a minimum of 500 hours of supervised clinical practice after graduation. The board may grant a nonrenewable permit for no longer than 12 months for the supervised postgraduate clinical experience. The board may renew the waiver for three-year periods provided the clinical nurse specialist continues to be ineligible for certification as a clinical nurse specialist by an organization acceptable to the board.

(e) An advanced practice registered nurse who practices advanced practice registered nursing without current certification or current waiver of certification as a clinical nurse specialist, nurse midwife, nurse practitioner, or registered nurse anesthetist, or practices with current certification but fails to notify the board of current certification, shall pay a penalty fee of \$200 for the first

month or part of a month and an additional \$100 for each subsequent month or parts of months of practice. The amount of the penalty fee shall be calculated from the first day the advanced practice registered nurse practiced without current advanced practice registered nurse certification or current waiver of certification to the date of last practice or from the first day the advanced practice registered nurse practiced without the current status on file with the board until the day the current certification is filed with the board.
